AT SAN MARCIAL

Fergusson and Others Spoke Last Night.

BRYAN QUILTS STATE OF COLORADO

A Wisconsin Saloon Keeper Held Up and Robbed.

CHILDREN BURNED TO DEATH.

Special to The Citizen.
San Marcial, N. M., Oct. 29.—Fergusson, Chaves and Dougherty addressed a meeting here last night. There was astonishment, disgust and surprise when Fergusson stated that a great many conservative people don't want statehood, and he himself had doubts about the territory being ready for the change.
Beyond a doubt he is a traitor to statehood and the platform of his party, and hopes to beat Rodney by courting the anti-statehood vote.

BRYAN'S CAMPAIGN.

He Concluded His Work in Colorado with Two Speeches at Denver.

Denver, Oct. 29.—William J. Bryan concluded his canvass in Colorado today with two speeches in this city, the first being delivered at noon in the Coliseum hall to an audience composed mainly of men, and the second being addressed to women in Broadway theater this afternoon. Both auditoriums were densely packed and the audiences gave the orator most enthusiastic greeting. During the past two days Bryan visited the most important towns in southwestern Colorado and delivered more than twenty speeches. He was the guest of United States Senator Patterson during the forenoon today and will leave for Nebraska this afternoon.

SALOON KEEPER ROBBED.

Held Up and Robbed of \$8,000 Last Night by Two Men.

Appleton, Wis., Oct. 29.—Martin Cornelius, a saloon keeper, was held up and robbed of \$8,000 last night by two men with revolvers who ordered him to throw up his hands. After securing the money, the robbers warned Cornelius against making an outcry and escaped. Cornelius had drawn the money from a bank to make a real estate purchase.

BURNED TO DEATH.

Looked in House, Children Start Fire and Are Roasted Alive.

Oklahoma City, Oct. 29.—Mrs. Samuel Crowder, wife of a negro railroad laborer, looked her three children, two girls and a boy, aged 5, 7 and 10 years, in a house and went out for the day. The children set fire to the house and were burned to death.

POLITICAL POINTERS.

Word comes from the Rio Puerco precincts to the effect that very few tickets, if any, will be cast up there in opposition to the republican ticket, and that Hon. E. A. Miera, the popular chairman of the board of county commissioners, is working hard to send in a solid vote in each and every one of the Rio Puerco precincts.

In company with Senator W. H. Andrews, the republican candidate for the territorial council for the counties of Socorro and Sierra, Col. J. Franco Chaves and Hon. Solomon Luna called at republican headquarters in the N. T. Armijo building last night. They gave it out, in cold and solid words, that valencia county would roll up a big majority next Tuesday for all the candidates.

The principal candidates on the republican county ticket—Thos. S. Hubbell, Thos. Hughes, G. F. Albright, Nestor Montoya and others—were passengers for Bernalillo this morning, where they held a big meeting. The republicans will carry this precinct next Tuesday.

The republican headquarters are encouraged over the reports from outside counties as to Rodney's candidacy. The chairman and secretary are now figuring on Rodney getting between 4,000 and 5,000 majority, if not more.

Badger State Club Women.
Ashland, Wis., Oct. 29.—Representative club women from Milwaukee, Madison, Janesville, Fond du Lac, Oshkosh, La Crosse and other cities of the state were present this morning at the opening of the sixth annual convention

of the Wisconsin State Federation of Women's Clubs. The gathering was called to order shortly after 10 o'clock in the Presbyterian church, the interior of which was prettily decorated for the occasion. The roll call showed the attendance to be of record breaking proportions. Besides the regular delegates those present included literary and club women of prominence from outside the state. Among the number were Mrs. Robert J. Burdette, of California, vice president of the general federation; Mrs. Herman J. Hall, of Chicago, a leader of the American Outdoor Art association, and Mrs. Linda Hull Larned.

Routine business occupied the forenoon. An invocation by Mrs. H. E. Fuller opened the program, following which there was an address of greeting by Mrs. S. S. Fifield and a response by Mrs. Edgar P. Sawyer. Then came the annual address of the president, Mrs. H. M. Youmans, and the reports of the other officers, all of which tended to show the flourishing condition and gratifying progress of the state federation. The feature of the afternoon was an address on "Reciprocity" delivered by Mrs. Lydia P. Williams, of Minneapolis. This evening the delegates and other visitors will be guests at a reception to be given in their honor at the residence of Mrs. Thomas Bardon.

Pastor Herman J. Powell, of the Baptist church, has spent three days at Camp Birney, Milagros, and reports everything ready for winter resorters. Host Birney looks after the interests of his guests and keeps the place in comfort, cleanliness and homelikeness.

THE BENEVOLENT LADIES.

They Held an Interesting Musicales at Odd Fellows' Hall Yesterday.

WAS WELL ATTENDED.

The ladies of the Non-Sectarian Benevolent society gave a most enjoyable reception and musicale in Odd Fellows hall yesterday afternoon from 2:30 to 5 o'clock.

A large number of prominent ladies of the city were present who spoke in high terms of the work and future of the society.

F. W. Clancy read the report for the past year, which was in part as follows:

Expenditures \$653.29
Receipts 393.46
Nearly 100 people had been assisted. At the beginning of the year there was on hand a large part of the money received from the soldiers' fund, originally \$300, and \$50 from the driving association.

The society has had to care for nine or ten persons continually for several years, has had numerous cases of indigent sick persons, prostrated with severe disease, the care of whom has been expensive. The society has also furnished transportation to many striving to get to their homes. The funds now on hand amount to less than \$100.

The purpose of bringing together the ladies of the city was to inspire new vigor into the worthy cause which has been standing still of late, instead of advancing. The society has never sought publicity in publishing the names of those aided and helped over difficulties, but has done all its charitable work in silence. For this reason the public have not been acquainted with the noble and self-sacrificing work in this city.

Dr. Jacob A. Kaplan, of Temple Albert, delivered an address on "True Charity" which was to the point and voiced the sentiments of the society. Gov. E. S. Stover also gave a brief address.

An excellent musical program consisted of a piano solo by Miss Taylor, a beautiful song by Miss Katherine Heimbeck, a recitation by Miss Chapin, and a song by John Douglas Walker, accompanied by his wife.

After the choice refreshments were served more than forty ladies signed the membership roll.

BIG CAVE-IN

Wreck of Mining Property in Missouri.

SUIT AGAINST STEEL COMPANY

Burglars Get in Their Work at a New York Bank.

MICHIGAN EQUAL SUFFRAGISTS.

Joplin, Mo., Oct. 29.—The Stew-Jart mill and other valuable mining properties, including seven shafts on the Eleventh Hour tract at Prosperity, near here, taking in over two acres of ground, caved in today to a depth of one hundred feet. The cave-in is perhaps the largest that ever occurred in the Missouri-Kansas district. Fifty miners escaped uninjured, having been warned of the approaching danger by the cracking of the ground.

STEEL CORPORATION SUIT

Vice Chancellor's Decision Anent Retiring Preferred Bonds.

Newark, N. J., Oct. 29.—Vice Chancellor Emery today filed his decision in the suit of J. Aspinwall Hodge and others to prevent the United States Steel corporation from retiring \$200,000,000 of preferred stock and issuing \$250,000,000 in bonds. In his decision the vice chancellor says:

"I will advise that preliminary injunction be granted restraining the issue of bonds under resolution upon the terms that if defendant desires to appeal, complainant shall consent that cause be set down for hearing at the next term of court of errors and appeals."

The resolution referred to by the vice chancellor was adopted by the directors of the United States Steel corporation and ordered the retirement of preferred stock.

BURGLARS USE DYNAMITE.

They Secure a Good Sum from a Small New York Bank.

Rochester, N. Y., Oct. 29.—The vault of the private bank of Charles K. Knapp, at Sodus, was broken into with dynamite by burglars early today and a sum believed to be \$5,000 was secured. Not only the vault but also the bank building was wrecked by the force of the explosion.

Equal Suffrage Convention.

Charlotte, Mich., Oct. 29.—There was a large attendance today at the opening of the eighteenth annual meeting of the Michigan Equal Suffrage association. The sessions of the convention will continue three days, during which time there will be addresses by a number of well known leaders of the movement, including Mrs. Carrie Chapman Catt, of New York; Rev. Caroline Bartlett-Crane, of Kalamazoo; Mrs. Winifred Harper Cooley, of Grand Rapids; Mrs. Clara B. Arthur and Mrs. Helen P. Jenkins, of Detroit; Mrs. Martha Snyder Root, of Bay City; Miss Nettie Southgate, of Saginaw, and Miss Martha Baldwin, of Birmingham.

Fair Opens at Valdosta.

Valdosta, Ga., Oct. 29.—The opening of the state fair today was a gala occasion, scores of visitors from various parts of Georgia uniting with the people of Valdosta to give the event an auspicious turn. The fair runs ten days and from all indications the past records of success will go by the board. The county displays are twice as numerous as heretofore, while the number of individual exhibits is also largely increased. Of particular note are the departments devoted to the exhibit of live stock and machinery.

Methodist Bishops Meet.

Wilmington, Del., Oct. 29.—The semi-annual meeting of the board of bishops of the Methodist Episcopal church began here today and will continue five days. The work of the meeting consists of a review of the church's affairs during the last six months, the outlining of plans for the future and the arrangement of the Methodist conferences to be held throughout the country early next year. The local churches have arranged a notable program of entertainment for the visiting bishops, the principal feature of which will be a big welcoming demonstration tomorrow evening.

Shipments of Texas Fruit.

Austin, Texas, Oct. 29.—The wonderful growth of the fruit and vegetable industry in Texas is shown by the records of the different railroads of the

state of the shipments handled during the last year. These shipments were consigned for the most part to St. Louis, Kansas City and Chicago, while scattering carloads went to New York and distant markets in the north and east. Five years ago there were fewer than fifty cars of fruits and vegetables shipped from Texas to outside markets. The shipments for the season just closed aggregated nearly 6,000 cars and included peaches, berries, tomatoes, watermelons, cantaloupes, potatoes, cabbage, onions, pears, cucumbers, beans, plums and apples.

Ready for Mothers' Congress.

Pittsburg, Pa., Oct. 29.—A large advance guard of delegates has arrived for the meeting of the National Congress of Mothers, to be held here during the two days beginning tomorrow. A number of noted women will take part and the papers and discussions will cover a wide range of subjects.

BATTLE NEAR AT HAND.

Forces Are Ready in Venezuela to Get at Each Other.

Willemstad, Island of Curacao, Oct. 29.—The position of President Castro, of Venezuela, today is the same as it was after the recent indecisive battle between his forces and those of the revolutionists. He still occupies La Victoria with 5,000 men and the revolutionists have returned to the vicinity of La Victoria in large numbers and have occupied positions near San Mateo, Villa de Cura, Cagua and Maracay. They say they are awaiting the arrival of all their forces to attack Castro. On Sunday last Castro twice tried to dislodge the revolutionists without result. The situation of the president is still critical. It is said on good authority, however, that discord exists in the revolutionary party. President Castro intends to attack the revolutionists today.

Siamese Prince in Boston.

Boston, Mass., Oct. 29.—Elaborate plans have been made for the entertainment of the crown prince of Siam and his suite during their stay in Boston. The royal party is due to reach the city this evening and will remain until Sunday, when the tour of the country will be resumed. After the customary exchange of courtesies between the distinguished visitors and the heads of the state and city government, the crown prince and his party will be taken in charge of by local entertainment committee and shown the sights of the Hub. So far as arranged the program includes visits to Concord and Lexington, a day at Harvard university, a visit to the Boston navy yard and a brief tour of inspection of Boston's public buildings and several large manufacturing plants in which the crown prince is understood to be particularly interested. In accordance with the wish of the visitors they will participate in no functions of a public character.

A flooring is being laid in the approaches of the banded part of the Coal avenue viaduct.

HIS ROYAL HIGHNESS.

Crown Prince of Siam Will Reach Albuquerque on Nov. 13.

GOING THROUGH AT NIGHT.

His Royal Highness, Somdech Chonfa Maha Vajiravudh, the crown prince of Siam, will arrive in Albuquerque November 13, between 9 and 10 o'clock at night.

The prince is now taking in the sights of New York, receptions, theaters and meeting prominent people occupies his royal attention. The special train in which his royal highness will travel is fitted up like a palace, being as comfortable and convenient as the best equipped hotel and is illuminated by unusual arrangement of electric lights.

The prince will reach Williams about noon on the 14th, and the Grand Canyon early in the evening of the 15th. It is to be regretted that his royal highness cannot pass through the city during the day. Being an expert with a camera he would no doubt find many good views through this section.

Fraternal Choppers.

Boone, Iowa, Oct. 29.—About 125 local camps are represented at the first biennial meeting of the Fraternal Choppers of America, which will be in session here during the remainder of this week. Several proposed changes in the constitution and by laws of the order are to be considered and acted upon at the meeting and the question of the permanent location of the head camp is also up for decision. Several cities are bidding for the headquarters and the outlook is for a spirited contest before a decision is reached.

MITCHELL DAY

Celebrated in the Anthracite Region Today.

ELIZABETH CADY STANTON BURIED

President Roosevelt Has Issued His Thanksgiving Proclamation.

HE NAMES THURSDAY, NOVEMBER 27.

Wilkesbarre, Oct. 29.—Mitchell day was celebrated by all the union miners in the anthracite region today. There was a general suspension of work. A few washeries were working, but their output of coal was very small. President Mitchell arrived from New York today. He will go to Scranton to attend the first session of the arbitration commission. There were demonstrations in many of the nearby towns today and after the parade the people flocked to Wilkesbarre in large numbers to see the big parade.

At Shamokin.

Shamokin, Pa., Oct. 29.—Mitchell day was observed here today. Seven thousand United Mine Workers, headed by the Tenth regiment band and troops, paraded the streets, after which the mine workers were addressed by several labor leaders. No collisions were in operation and all business was generally suspended.

Mitchell Day Observed.

Hazleton, Pa., Oct. 29.—"John Mitchell day" was generally observed today throughout the anthracite mining region. The day marks the second anniversary of the ending of the big strike of 1900, when the men won a 10 per cent increase. Today's observance of the anniversary took the form of street parades and speech making. Business was generally suspended in Hazleton and the day was observed as a civic holiday.

ELIZABETH CADY STANTON

Her Funeral Today was a Very Quiet, Solemn Affair.

New York, Oct. 29.—The funeral of the late Elizabeth Cady Stanton was held today at her residence in this city. Besides the family there were present only a few close friends who had been invited, including Susan B. Anthony, the life-long friend and co-worker of the dead woman; Lillian Devereaux Blake and Mrs. Wilbur, who represented Sorosis. Addresses were given by Rev. Martin D. Conroy, of the South Place chapel, London, and by Mrs. Antoinette Brown Blackwell, of Elizabeth, N. J. The interment was at Woodlawn cemetery, where the ceremony included an address by Mrs. Phoebe Hanford.

DAY OF THANKS.

President Issues His Proclamation, Naming Thursday, November 27.

Washington, D. C., Oct. 29.—President Roosevelt today issued his proclamation designating Thursday, November 27, as a day of Thanksgiving.

The proclamation is as follows: "According to yearly custom of our people, it falls upon the president at this season to appoint a day of festival and thanksgiving to God."

"Over a century and a quarter has passed since this country took its place among the nations of the earth, and during that time we have had on the whole more to be thankful for than has fallen to the lot of any people. Generation after generation has grown to manhood and passed away. Each has had to bear its peculiar burdens, each to face its special crisis and each has known years of grim trial when the country was menaced by malice, domestic or foreign; when the hand of the Lord was heavy upon it in drought or flood or pestilence; when in bodily distress and anguish of soul it paid the penalty of folly and forward heart. Nevertheless, decade by decade, we have struggled onward and upward; we now abundantly enjoy material well being, and under favor of the most high we are striving earnestly to achieve moral and spiritual uplifting. The year that has just closed has been one of peace and of overflowing plenty. Rarely has any people enjoyed greater prosperity than we are now enjoying. For this we render heartfelt and solemn thanks to the Giver of Good; we seek to praise Him not by words only, but by deeds, by the way in which we do our duty to ourselves and to our fellow men."

"Now, therefore, I, Theodore Roosevelt,

do hereby designate as a day of general thanksgiving, Thursday, the twenty-seventh of the coming November, and recommend that throughout the land the people cease from their ordinary occupations, and in their homes and places of worship render thanks unto Almighty God for the manifold blessings of the past year.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington, this twenty-ninth day of October, in the year of our Lord, one thousand nine hundred and two, and of the independence of the United States the one hundred and twenty-seventh.

(Signed)

"THEODORE ROOSEVELT.

"President United States.

"By the president:

"JOHN HAY.

"Secretary of State."

DOWN IN VALENCIA

Where Democrats Are Scarce. Republicans Named Good Men.

BIG MAJORITIES FOR CANDIDATES.

Yesterday, the republicans of Valencia county—a kingdom where democrats, populists and socialists are very scarce—held a rousing county convention, and proceeded to nominate a ticket for the various county offices.

As chairman of the county central committee, Hon. Solomon Luna called the convention to order, after which Col. J. Franco Chaves was elected permanent chairman and Modesto Romero permanent secretary.

The following ticket was then nominated:

For the Council—Col. J. Francisco Chaves.
For the House of Representatives—C. A. Dailies and Martin Sanchez.
Probate Judge—Higinio Chavez.
Treasurer—Demetrio Vallejos.
Collector—Solomon Luna.

Sheriff—Carlos Baca.
County Commissioners—Second district, Ruperto Jaramillo; third district, Ross Garcia.
Superintendent of Schools—Jesus C. Sanchez.

Assessor—Ben W. Bibb.
Surveyor—Robert G. Marmon.

The convention adopted ringing resolutions endorsing the administration of President Roosevelt, the territorial administration of Governor Otero and heartily seconding the nomination of B. S. Rodey by the Raton convention.

Colonel Chaves and Mr. Luna came in from Los Lunas last night, and for a short time visited The Citizen. They say that the whole republican ticket from top to bottom and that includes Delegate Rodey, will have majorities ranging from 1,500 to 1,800 votes. Mr. Luna returned to Los Lunas today on a freight train, while Colonel Chaves remains over in the metropolis today to talk politics with the local politicians.

New Inquiry in Talbot Case.

Harrisburg, Pa., Oct. 29.—A new chapter in the Bishop Talbot case was begun today when, in response to the summons of the presiding bishop, Rev. Thomas M. Clark, D. D. of Rhode Island, a board of inquiry met in Harrisburg today to consider the appeal of the presenters in the matter of the charges against Bishop Talbot, growing out of the unfrocking of the Rev. I. N. W. Irvine, D. D. The appeal has been taken by the presenters on the ground of newly discovered evidence, from the decision of the board in agreeing that the charges filed by them against Bishop Talbot were insufficient grounds for bringing Bishop Talbot to trial. Many influential churchmen and lay members have rallied to the support of Rev. Dr. Irvine and their prosecution of the case promises to make it a cause celebre in Episcopal church history.

MUSICIANS OF PARIS WILL STRIKE.

MORGAN AND YERKES

They are Fighting Each Other for Interests in England.

London, Oct. 29.—The fight between the Morgan and Yerkes interests for the control of London "tubes" will be aired in the house of commons tonight when the Morgans will endeavor to get the whole house to rescind its committee's decision that their project now has no legal status. Clifton E. Dawkins, a partner in the firm of J. P. Morgan & Co., said to a representative of the Associated Press:

"We have small hope of accomplishing anything during the present session. In my opinion public sentiment is with us in this matter, because the action of the opposition was a clear breach of faith, both to us and to parliament and the public; but owing to legal and technical difficulties, I doubt the possibility of reinstating our bill this session."

STRIKE COMMISSION.

Arranging Details for Trip Through the Coal Fields.

Washington, Oct. 29.—The majority of the members of the anthracite strike commission left here this afternoon for Scranton, Pa., where they will meet tomorrow to begin their investigation of conditions of the mining region. The commission will spend tomorrow at Scranton arranging details of the trip through the coal fields. The hearings will not begin until the formal claims of the miners and the answer of the operators have been filed.

PARIS MUSICIANS.

They Will Inaugurate a General Strike Commencing Tomorrow.

Paris, Oct. 29.—The musicians of the Paris theaters at a meeting today voted unanimously in favor of a general strike beginning tomorrow at noon. Twelve hundred musicians were represented at the meeting. The decision to strike is the result of a protracted conflict with the managers over wages and extras for rehearsals and matinees.

Strike in London.

London, Oct. 29.—About 2,000 shipyard joiners on the northeast coast have struck work as a protest against 5 per cent reduction in wages.

Amalgamation of Interests.

London, Oct. 29.—It is said that Stewart and Menzies, of Glasgow, and Lloyd & Lloyd, of Birmingham, two of the largest steel tube firms in the United Kingdom, have amalgamated with a capital of \$7,500,000.

Handler to Box Belfield Walcott.

Boston, Mass., Oct. 29.—Joe Handler, the Newark lightweight, and Belfield Walcott, of this city, are in readiness for their fifteen-round bout, which is slated as the wind-up of the boxing show to be given tonight at the Criterion Athletic club. Walcott has defeated nearly all the good men in Boston and his admirers expressed confidence in his ability to give Handler a hard run for the big end of the money.

Sieloff vs. Erne.

Detroit, Mich., Oct. 29.—Patrons of the Century Athletic club are looking forward to a pugilistic treat tonight when Otto Sieloff, the Chicago lightweight, and Frank Erne, come together in the club arena for a fifteen-round bout. The men will meet at 135 pounds for a purse of \$1,000. Erne is the favorite in what betting has been done on the result. While Sieloff has been fighting well during the last eight months, and besides has improved in his fighting, the close followers of the game are unanimous in the opinion that he is not fast enough for the shifty Buffalo fighter.

is completely knocked out, and it will
take several years for that organiza-
tion to recover.Every free trade experiment the
country has tried has resulted in dis-
aster and distress. What sane man
wants to renew it?The most important result of the
coal strike settlement has been the
firm establishment of the principle of
arbitration. As a matter of fact, that
was the actual point at issue in the
great struggle.The protective policy has brought
wealth to the nation, given work and
comfort to the wage earner and his
family, built up the country's great in-
dustries and opened the road to per-
manent prosperity. The republican
party is the exponent of that policy.It is, therefore, entitled to every

What difference can there be between

EDUCATIONAL ARMY.

It is a good thing for the American
who is inclined to listen to the doleful
lamentations of the pessimist to turn
away from the army in the Philippines
for a moment and look at the greater
army and mightier army described in
the annual report of the United States
commissioner of education, just sub-
mitted to the secretary of the interior.
The report of Commissioner Harris
shows that the total of pupils in the
schools, elementary, secondary and
higher, both public and private, in the
United States for the year ending June
30, 1901, was 17,299,230, an increase of
278,520 pupils over the previous year.
Of this number 15,710,394 were en-
rolled in schools supported by local
and general taxation.If we add to this enrollment those
who attended certain special institu-
tions like evening schools, commercial
schools and schools of cookery and of
special trades and vocations, we have
a grand total of over seventeen and
three-quarter millions of the popula-
tion that received education for a
longer or shorter period during the
year.An interesting feature of the report
is the increased per capita expenditure
for education. In 1870 the expenditure
for schools per capita of the population
was \$1.64; the last year it was \$2.93
per capita, the highest in the history
of the country.This army of seventeen million
youngsters is the hope of the republic.
It is the invincible defense of our in-
stitutions and of our democracy. No
other army on the globe is comparable
to it as a force for civilization and as
a bulwark for free and popular gov-
ernment.TO CURE A COLD IN ONE DAY

CYANIDE PLANT A SUCCESS.

Extensive Market for Low Grade Ores
at Silver City.The cyanide plant recently installed
by the Last Chance company at Mogol-
ion is a big success, and 1,200 tons of
ore are being treated monthly with
flattering results, says a writer from
Silver City in the Denver News.B. W. Berger, a cyanide man of ex-
perience in the Transvaal and other
foreign countries, is in charge of the
plant and highly elated over its suc-
cess. Several other companies are
now figuring on using a cyanide pro-
cess similar to that used by the Last
Chance.A large shipment of ore was made to
the El Paso smelter Monday by J. C.
Woodward, of the Casino mine, at
Bald mountain. The ore runs high in
gold and silver, and the mine is show-
ing up better with every shipment.

A Strong Man

Is strong all over. No man can be strong who is suffering from indigestion or some other disease of the stomach and its associated organs of digestion and nutrition. For when the stomach is diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man doesn't feel just right, when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous and irritable, he is losing the nutrition needed to make strength.

Such a man needs to use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, stimulates the liver, nourishes the nerves, and so gives health and strength to the whole body.

Mr. Thomas A. Swartz, of Sub Station C, Columbus, Ohio, Box 101, writes: "I was taken very sick with severe headache, then cramps in the stomach and my food would not digest, then kidney and liver trouble and my back got weak so I could scarcely get around. The more I doctored the worse I got until six years passed. I could only walk in the house by the aid of a chair, and I had given up all hope. Then one of my neighbors said, 'Take my advice and take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself.' The first bottle helped me and after I had taken eight bottles in about six weeks I was weighed and found I had gained twenty-seven (27) pounds, and I am as stout and healthy today. I think, as I ever was."

Wolves in Otero County.
Cattlemen in Otero county are experiencing heavy losses from the ravages of wolves. These animals usually kill calves, but will attack anything up to a 2-year-old. Scapels are worth \$20, and hunters have been active, but their efforts to exterminate the wolves have so far been unsuccessful.

"Watch the Kidneys."
"When they are affected, life is in danger," says Dr. Abernathy, the great English physician. Foley's Kidney Cure makes sound kidneys.

LOOK OUT FOR CATARRH

When the cold wave flag is up, freezing weather is on the way. Winter is here in earnest, and with it all the miserable symptoms of Catarrh return—blinding headaches and neuralgia, thick mucous discharges from the nose and throat, a hacking cough and pain in the chest, bad taste in the mouth, fetid breath, nausea and all that makes Catarrh the most sickening and disgusting of all complaints. It causes a feeling of personal defilement and mortification that keeps one nervous and anxious while in the company of others.

In spite of all efforts to prevent it, the filthy secretions and mucous matter find their way into the Stomach and are distributed by the blood to every nook and corner of the system; the Stomach and Kidneys, in fact every organ and part of the body, become infected with the catarrhal poison. This disease is rarely, if ever, even in its earliest stages, a purely local disease or simple inflammation of the nose and throat, and this is why sprays, washes, powders and the various inhaling mixtures fail to cure. Heredity is sometimes back of it—parents have it and so do their children.

In the treatment of Catarrh, anti-septic and soothing washes are good for cleansing purposes or clearing the head and throat, but this is the extent of their usefulness. To cure Catarrh permanently, the blood must be purified and the system relieved of its load of foul secretions, and the remedy to accomplish this is S. S. S. which has no equal as a blood purifier. It restores the blood to a natural, healthy state and the catarrhal poison and effete matter are carried out of the system through the proper channels. S. S. S. restores to the blood all its good qualities, and when rich, pure blood reaches the inflamed membrane and is carried through the circulation to all the Catarrh infected portions of the body, they soon heal, the mucous discharges cease and the patient is relieved of the most offensive and humiliating of all complaints. S. S. S. is a vegetable remedy and contains nothing that could injure the most delicate constitution. It cures Catarrh in its most aggravated forms, and cases apparently incurable and hopeless. Write us if you have Catarrh, and our physicians will advise you without charge.

OTHER LOCAL HAPPENINGS.

Special Correspondence.

Las Vegas, N. M., Oct. 28.—The night sessions of the various conventions convened at 7 o'clock last night, after little had been accomplished during the day except the permanent organizations and the appointment of the conference committees. When the unionists convened in the Buffalo hall, O. A. Larrazola was presented and read the resolution of invitation prepared by the first democratic convention assembled in fifteen years, asking fusion on the county ticket and that a committee of five be appointed from each convention to formulate a line up of candidates for presentation to the various conventions. He then made a statement which went direct to the hearts of the gang there, saying the democrats wanted no office (reserving the thought that they did want the endorsement of H. B. Ferguson for delegate). This declaration met with cheers, as the hungry were going to ask for some of the dearly beloved offices which were to be parcelled out. After the statement they did not want no offices, it was no trouble to adopt the sentiments in the resolution by the unionists, and Larrazola and E. C. de Baca shook hands in union, as they called it, which by-play made a great hit with the masses there.

The two conference committees then went to the court house, where Margarito was awaiting the lambs, and the three committees went in one of the side rooms and began to skirmish for the offices.

The independent republicans in their resolutions, which were merely bombast most of it, said they favored the Philadelphia platform, deplored the death of McKinley, pledged that none of the candidates, if elected, should again ask for office, condemned the county commissioners for trying to get the credit good of the county, and for issuing bonds (the only thing which could be done)—to pay for the \$80,000 accrued interest left by the blundering unionists before, and in connection took a shot at the district attorney for advising the payment of the judgment against the county, and various other nothings.

The conference committees last night did not report to their respective conventions until nearly midnight, and it came near not being a go, as one of Margarito's hungry ones was stubborn about withdrawing a candidate, and it came near disrupting the work. The session of the committees was a stormy one, as naturally it would be, when they were so few officers for so many willing public servants. The committee finally finished work by dividing the offices as follows: To the

unionists, one councilman, two representatives, probate clerk and judge, and one commissioner; the democrats got the sheriff and the soreheads the rest.

The nominations were made separately in each convention, the soreheads finishing at 2 o'clock, but waited for the unionists, who did not get through wrangling until about 7 o'clock this morning.

Short Paragraphs.

The complimentary recital given last night by the pupils in the convent of the Sisters of Loretto, was one of the best they have yet given, and that signifies much. There was a large crowd out to hear the fine music. The program started off with Faust, played by the Elite Mandolin and Guitar club. This club, which is composed of young ladies, plays some of the very best music, and handle their instruments in a real professional way. They gave several numbers. The Dance of the Demons, a piano solo, played by Miss Margaret Clifton, was a real treat, as was, in fact, the whole program, which was long, consisting of seventeen numbers. The young ladies will give another recital on the 21st of November.

Henry Schmidt, a brother of the late Amos C. Schmidt, will return tomorrow to his home in Iowa.

Mrs. I. H. Rapp left this afternoon for Chicago, where she will visit. She will be gone a month.

J. Linde left this afternoon for St. Louis, where he will go on the road for Rice, Stix & Co., one of the large dry goods houses.

H. L. Creswick and wife returned last evening from their visit to St. Louis.

Do Not Be Afraid

to look the facts squarely in the face. That cough, racking and persistent, accompanied by tightness in the chest, and spitting of sticky mucus, is a sign of consumption. Common sense dictates the use of Allen's Lung Balsam, an honest remedy, since it contains no opium; an efficient remedy, since it heals the irritated, inflamed throat and lungs, and so prevents a deep seated cold from running into incurable forms of consumption.

DEMING.

Special Correspondence.

Deming, Oct. 28.—Last Sunday the base ball game scheduled to take place in Deming between the Deming boys and the Fort Bayard team, failed to materialize because the Santa Fe refused to give any excursion rates to the visiting team and a number of their friends who wished to accompany them.

At about 2 a. m. Monday Mrs. Warren Bristol's frame property on Silver avenue, between Spruce and Hemlock streets, was burned to the ground—nothing being saved. Expressman Potter who was living in the house at the time lost pretty much everything he had there. By great good fortune there was no wind at all and the flames going straight up made it possible for the firemen to save the houses near by.

Monday morning George Shakespear, Mr. Pollard and P. R. Smith, Jr., went to Silver City on various business and political calls, returning the same evening.

Monday evening H. B. Ferguson, the democratic nominee for congress came down on the Santa Fe from Silver City, and made good use of the time while the Santa Fe train was waiting for the delayed Southern Pacific train, to speak fully and freely to the large crowd which had gathered to hear him.

Monday evening Mr. and Mrs. Thos. Campbell arrived on the delayed Southern Pacific train. Miss Campbell is on a visit to her old school friend, Miss Lillian Smith, whom she has not seen for several years, and Mr. Campbell accompanied her to see her well settled before returning to campaign work in Arizona.

New Street Car Line.

"Sandy" Wardwell, the well known hackman, is contemplating putting on a regular passenger conveyance line on Second street, to run from Glorietta hall on the south to Marble avenue on the north, and the fare will be the same as the street car line—five cents. He thinks the scheme would pay, and there are others in the city who believe likewise. The conveyances will start in accordance with a prepared time card, and passengers will be picked up and dropped off along the route as they desire. Push it along.

Mrs. Teats Here.

Mrs. Mary A. Teats, evangelist with the New York Purity association, is in the city to deliver a course of lectures under the auspices of the local Woman's Christian Temperance union. Her lectures will be on temperance and reform. The first lecture was given Wednesday afternoon at 3 o'clock at the Lead Avenue Methodist church. The subject was "The Ideal Home." A large number of ladies interested in the work attended.

Wednesday evening a public meeting will be held in the Lead Avenue church, upon "The New Home of the New Century," to which all are invited.

On Thursday afternoon Mrs. Teats will talk to the ladies with a purity chart lesson, followed by open parliament and question box.

A SAN FRANCISCO PHYSICIAN Uses Herpicide Successfully in Treating Syphilis of the Beard.

He says: "I recently treated a case of syphilis (similar to barber's itch) of the lower lip, with Newbro's Herpicide. There was an extensive loss of beard with inflammation extending well down on the chin. The result of the application of Herpicide was most gratifying. The loss of beard ceased and a new growth of hair is now taking place over the once inflamed area."

MISS ANTOINETTE HEIMBECK.

She is a Member of the Musical Heimbeck Family.

The following article, which appeared in last Sunday's Chicago Tribune, in regard to Miss Antoinette Heimbeck, sister of Miss Katherine Heimbeck, the talented soprano of this city, may be of considerable interest to the musical inclined people of Albuquerque:

"A clever girl is Miss Antoinette Heimbeck, of Chicago. Gifted with a promising degree of musical talent, she is so charming and attractive in the matter of personal appearance that a most unique and pleasant way of causing her pretty face to help out her education in music has been found for her. Five hours a day this handsome girl spends in valiantly working away at the violin practice that her soul delights in. Between times she poses for the art photographs and posters that are rapidly earning wide if anonymous fame for her attractive countenance. 'Gibson Girls,' 'Christy Girls,' 'Society Girls' and other beauties of similarly high and haughty character, all these Miss Heimbeck impersonates before the camera to perfection. Not for long does Miss Heimbeck expect to pose, however, even for the art photographs and the dainty, delicate posters so dear to many beauty loving hearts. This, her second year of violin study in Chicago, will terminate a long course of similar training, and next year the clever and charming musician will take to the concert stage. Already overtures of this kind have been made to her, but she is loath to leave her prescribed term of study unfinished, and will stick to violin practice and the art posing a little longer."

Miss Catherine Heimbeck, sister of the young lady referred to in the above, has established a reputation in this city as a talented soprano. Her sweet and charming voice has pleased many an audience. However, she is not appearing in public so much this year, but is devoting her time and musical education to teaching at her studio in the Commercial club building.

The entire Heimbeck family are musical inclined and all have occupied and are occupying prominent positions in the musical world.

Mr. Alfred Heimbeck, whose death occurred in this city some time ago, was an accomplished singer and he was well known and popular in the society circles of this city.

Death at City Hall.

Thomas G. Gallagher died at the city building this morning at 11:30 o'clock from consumption. From appearances the deceased was about 35 years old and in destitute circumstances. He came to Albuquerque last week from Las Vegas in a pitiful condition and has since been wandering around the streets most of the time under the influence of liquor, and it was for being drunk that he was taken to the city building night before last.

Letters were found on his person from Las Vegas, Rock Springs, Wyo., and Coal Hill, Ark. The first named letter was signed by Mrs. S. Patty, president of the Ladies' home of Las Vegas, and stated that the bearer had been an inmate of that institution for four months and depending on charity. It also stated that he was in poor health and wanted to go farther south. It shows that a subscription of some dollars was taken up around the Meadow City and that the deceased left that place with some money. The other letters are from friends. The one from Rock Springs shows the deceased to be in destitute circumstances.

Ballista Martola was brought before the judge this morning charged with disturbing the peace. He was arrested on a warrant sworn out by his wife last night. She failed to appear against him, but the evidence was strong enough to cost him \$10. For the next offense he will go to the county jail.

While court was in session another drunk was brought in by Officer Salazar. He will have his trial later.

The Worst Form.

Multitudes are singing the praises of Kodak, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with digestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodak and after using four bottles I am entirely cured. I heartily recommend Kodak to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

Slow Starvation

Is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of pills and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well. GEORGE S. MAHER, Attorney-at-Law, Nocona, Tex.

It can't help but do you good. The 11 bottle contains 24 times as much (actual measurement) as the trial size which sells for 50c.

SMUGGLING CHINESE.

Railroaders Charged With Extensive Smuggling of Coolies in Box Cars.

What appears to be a gigantic smuggling conspiracy for conveying contraband Chinamen from Mexico to California has just come to light at El Paso. For the past six months a half dozen United States marshals and secret service men have been working on the case, but the facts only became public yesterday. It seems that the Chinamen have been stowed away in box cars of outgoing freight trains and carried as far west as the California line.

For these services the Chinese agent is said to have paid \$100 for each man smuggled to Tucson, and \$150 for each one carried to Yuma. It was reported that certain trainmen had been discharged for participation in the conspiracy, but this report has not been verified.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Texas, "illness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at all druggists.

COURT AT ROSWELL.

Bond of Thomas Longacre, Accused of Murder, is Declared Forfeited.

District court convened at Roswell last week with Judge Daniel H. McMillan on the bench. The docket was cleared by dismissing many cases or striking them from the docket and setting those cases which are to be tried this term. The grand jury brought in ten indictments, two of them against Jacinto Reyes for carrying deadly weapons, one against John M. Rousch for larceny; one against Charles Tonn for larceny; four against Archibald Mitchell for larceny; one against Samuel Hall and Roy Davis for larceny, and one against John McGuire, for carrying instruments into the Roswell jail with which to help prisoners to escape.

The bond of Thomas Longacre, accused of murder, was declared forfeited. The bond is for \$5,000, and ten Portales citizens are bondsmen. The bond of Edgar Hemphill was also declared forfeited. It is for \$400, and Charles W. Walker and M. D. Minter are the bondsmen. In the case of George H. McDowell vs. D. H. Clark, the jury brought in a verdict of \$125 damages for a false survey made by Clark several years ago in locating a lot for McDowell. John Freeman pleaded guilty to petty larceny and was fined \$25. A final decree of divorce was granted in the case of Sadie Jones vs. Wesley J. Jones. In the case of Blakenship and Woodcock vs. Eli Schwalbe et al. judgment was entered for the plaintiff in the sum of \$144. In the case of Fred Roth vs. Matthew Nock, judgment was rendered for the plaintiff for \$200. Hans Olson, a former subject of Sweden, was admitted to citizenship.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

ONION CULTURE.

Bulletin Issued by Experimental Station of Agricultural College.

Onion culture can not be considered to be in an experimental stage. Long ago it was demonstrated by many of our Mexican farmers that onions of large size and excellent quality could be grown in this section. The cultivation of onions is practiced less now than formerly. The production is so small that a large part of the onions consumed, even in the best onion growing districts of the territory, are brought in from other states. This state of affairs should not exist when such good onions as the old "El Paso" variety can be grown here.

Some of the more important points to be considered in onion growing are improved methods of culture, time of planting, cost of production, yield per acre, and merits of the different varieties. To obtain information on these points the experiment station has started a series of experiments with onions and as a result of last season's work a few timely hints can now be given.

It is better to start the seed in a seed bed or cold frame and transplant the onions to the field than to start the seed in the field where the onions are to grow. The results at the station show that it is just as cheap to grow an acre of onions by transplanting, as to sow and thin out, transplanting in the vacant spots. A more uniform stand and a more even growth can be obtained by transplanting the onions from a seed bed. The young seedlings should be transplanted when about the size of lead pencil and as early as possible; about the last of February is a good time. The onion is one of those plants that delights in a cool season. It should get most of its growth before the hot and dry months of June and July come. In order to have the plants large enough for transplanting early, they must be started in the fall—some time in September or October. Four ounces of good seed will plant a seed bed six feet wide and from fifteen to twenty-four feet long, making ninety to 114 square feet. The seed should be sown in drills three to four inches apart.

Of the thirty varieties tested last season the following are among the most promising, viz.: Red and white Victoria, red Bermuda, brown Australian, gigantic Gibraltar, and early white queen. For general attractiveness and uniformity of size the gigantic Gibraltar may be mentioned first. The brown Australia, while only of medium size, is keeping the best. This variety has a wide reputation as a good keeper. The early white queen is the earliest to ripen. It is very mild and an excellent variety for table use. Transplanting, distance apart to plant, cost of production, yield, etc., will be discussed later in another press bulletin.

FABIAN GARCIA.

Stricken With Paralysis.

Henderson Grinett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

Trinchera Oil Well.

At Trinchera, Colfax county, work on the oil well has been suspended for the past two weeks by the caving in of the well. Work of casing the portions where needed has been going on for some days and drilling is expected to be resumed shortly. Considerable flow of oil has been encountered and it is the intention of the operating company to sink about 200 feet deeper and then put in a "shot" if necessary.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery of Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and all druggists guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

Chamberlain's Cough Remedy Saved His Boy's Life.

SANTA FE STOCKHOLDERS.

Annual Meeting Dec. 11—Important Business Announced by President.

NEW DIRECTORS TO BE ELECTED.

Joining into one company, the various lines comprising the Atchison, Topeka & Santa Fe system will be a project the stockholders will be asked to approve at their annual meeting in Topeka on December 11.

President Ripley, in a circular to the stockholders, gives details of the proposed amalgamation, and says the meeting will be one of the greatest importance to the company. Four directors, whose terms have expired, are also to be elected at this meeting.

President Ripley in his circular says the main objects of the annual meeting will be:

"To approve of and confirm the purchase of the railroad and other property, rights, powers, privileges, grants, and franchises of the Santa Fe Pacific Railroad company, all the stock and bonds of which are owned by the Atchison, Topeka & Santa Fe Railway company. At the last session of congress an act was passed authorizing the sale or lease by the Santa Fe Pacific Railroad company of its railroad and other property to the Atchison, Topeka & Santa Fe Railway company, and it is proposed to execute a conveyance under this act. No new obligations will be created and the proposed action is in pursuance of the policy heretofore followed of consolidating and unifying the system and its bookkeeping by vesting in this company, so far as practicable, the legal title to the various lines embraced in its system.

"To approve of and confirm the purchase by this company of the stocks and bonds of the Eastern Oklahoma Railway company, the Kiowa, Chickasha & Fort Smith Railway company, the Guthrie & Western Railway company, and the Eastern Railway company of New Mexico and the construction of the railroads of these companies. The Eastern Oklahoma Railway company, the Kiowa, Chickasha & Fort Smith Railway company, and the Guthrie & Western Railway company were organized to construct the extensions in Oklahoma referred to in the annual reports of 1900 and 1901. They have constructed or in course of construction about 306 miles of railroad, of which a substantial part has been completed. The Eastern Railway company of New Mexico is to construct a line extending from a point on the present line between Albuquerque and El Paso, in an easterly direction to the Pecos Valley & Northeastern railway. This new line when constructed will provide a cut off, shortening the transcontinental line of your company and obviating the difficult grades of the Gorieta and Raton passes.

"To approve of and ratify the purchase of the several railroads and properties of other companies and the stocks and bonds issued by other companies that have been purchased by this company under authority of the board of directors. America's Famous Beauties.

Look with horror on Skin Eruptions, blotches, sores, pimples. They don't have them, nor will any one, who uses Huckle's Arnica Salve. It glorifies the face. Eczema or Salt Rheum vanish before it. It cures sore lips, chapped hands, chilblains, infallible or piles. 25 cents at all druggists.

H. H. Everett has been appointed private secretary to General Manager Nixon of the Gulf, Colorado & Santa Fe. He was previously identified with the legal and claim department of the Texas Midland.

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquefies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, croup, whooping cough, throat and lung trouble. J. S. McMahon, Hampton, Ga., "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." B. H. Briggs & Co.—J. H. O'Reilly & Co.

The average resort hotel proprietor can usually be depended upon to let tourists know what he has to offer. There is a limit, however, to individual efforts in that direction. Believing that after carrying a man and his family half way across the continent in comfort the duty still remains of pointing out the places where comfortable accommodations may be had at the journey's end, the Santa Fe is preparing to

issue a profusely illustrated booklet which will tell all about the better class hotels at the principal California resorts. It will be ready for distribution the latter part of October.

Never Ask Advice.

When you have a cough or cold don't ask what is good for it and get some medicine with little or no merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy. It cures coughs and colds quickly. Alvarado Pharmacy.
