MINERS AT WORK

Anthracite Mines Nearly All in Operation.

MASKED ROBBERS AT A COLLIERY

Western Union Telegraph Company Wins Important Law Decision.

NOTED MEDICAL PHILANTHROPIST DEAD

Wilkesbarre, Pa., Oct. 28.—No additional collieries started up in the Wyoming region today but the number of miners at work is larger than on yesterday, consequently the output of coal today will be larger than Monday. Active preparations continue for the celebration of Mitchell day tomorrow. There will be demonstrations in nearly all the towns. President Mitchell will take part in the celebration to be held in this city.

Masked Robbers.

Irwin, Pa., Oct. 28.—After binding, gagging and badly maltreating the night watchman at the Westmoreland Coal company's office in West Irwin last night, four masked men blew open the safe. The robbery was evidently timed as it was just before pay day, when about \$40,000 is disbursed. The money is not kept there, however, and the robbers secured only \$200. They escaped.

IMPORTANT DECISION.

Western Union Company Wins an Important Legal Case.

Chicago, Oct. 28.—An important principle of law was established today when Judges Jenkins, Grosup, Baker and Bunn, of the United States court of appeals, handed down an opinion to the effect that the Western Union Telegraph company has a right to property in the news which it gathers and that such right does not cease when the news is published on the tickers rented to its patrons. In laying down this principle, the court of appeals affirms two decisions of the lower court and forever enjoins the National Telegraph News company, the Illinois Commission company and other defendants from using the quotations in question.

Death of a Philanthropist.

Philadelphia, Oct. 28.—Dr. Daniel E. Hughes, chief resident physician of the Philadelphia almshouse, died today of tubercular peritonitis, the germs of which disease he is believed to have contracted from a patient in the hospital. Dr. Hughes had an international reputation as an alienist. He devoted his life to a study of insanity and the amelioration of the condition of the criminal and pauper insane.

Miss Nellie Strong to Marry.

The wedding of Miss Nellie Strong and Frank Theodore Thompson will take place in Los Angeles this evening at the home of the bride's parents, Mr. and Mrs. O. W. Strong, on South Grand avenue, that city. Albuquerque's society will take considerable interest in this wedding, as Miss Strong is the daughter of one of the city's most prominent families. The young lady, who has made her home here from childhood, was very popular with her many friends here. She went with her parents some three years ago to make her home in Los Angeles.

The groom is a prominent young business man of Los Angeles, who has recently become interested in commercial circles at San Bernardino, where the young couple will reside.

The many friends of Miss Strong in this city wish them happiness, joy and prosperity.

Death of a Little Girl.

Mary Esie Conover, the 5-year-old daughter of Erwin Conover, the well known plasterer, died at her home in old town yesterday morning. The girl had been sick several weeks with rheumatism of the heart, which was the cause of her death. She was born in Winslow, Ariz., and had lived in Albuquerque about two years. The funeral will take place this afternoon at 2:30 o'clock. Interment at Fairview cemetery.

Death from Consumption.

Mary Edna Graft, aged 24 years, the young wife of Z. W. Graft, died this morning at 8:30 o'clock at her home on South Edith street, of consumption. Mrs. Graft came to this city from Middletown, Ill., about a year ago, but her health has been steadily on the de-

cline instead of improving. Her husband, Z. W. Graft, was a prominent business man in Middletown, Ill., but came to this city some time ago and was employed at L. B. Putney's wholesale grocery establishment until recently, when he resigned his position to take care of his wife, who was very feeble.

The remains were taken charge of by O. W. Strong & Sons and prepared for burial. The body will be shipped to Middletown tonight for interment.

Organized Labor.

The several classes of trades people in Albuquerque will meet on Sunday afternoon at 3:30 o'clock, immediately after the adjournment of the Typographical union, at Odd Fellows' hall, for the purpose of organizing a central labor body.

There are now several branches of trades already organized, among which are the Typographical union, the Cigarmakers' union, the Linemen's union, the Barbers union and the Carpenters' union, recently organized.

Representatives from each will be present, as well as from other branches not already organized.

Miss Wainwright Weds.

Annapolis, Md., Oct. 28.—A brilliant gathering of naval officers and their wives filled the chapel of the United States naval academy today on the occasion of the wedding of Miss Wainwright, only daughter of Commander Richard Wainwright, superintendent of the academy, and Lieutenant Walter A. Turpin, U. S. N.

South Carolina State Fair.

Columbia, S. C., Oct. 28.—The annual state fair opened auspiciously today and will continue through the remainder of the week. The exhibits in all departments are numerous and of a high class and an unusually large attendance is expected by the management.

DISTRICT COURT.

The Case Against Santa Fe Railroad Verdict in Favor of Defendant.

OTHER COURT MATTERS.

Yesterday, in district court, the case of Jacob Samora et al. against the Atchison, Topeka & Santa Fe Railroad company for \$5,000 damages for the death of an infant child which was killed by being run over by a train of cars of the company in the yards at Albuquerque, was concluded. The case of the plaintiff showed that the child Alfredo Samora, was about 3 1/2 years of age, and had escaped for a moment from his mother's care, and had strayed upon the tracks of the company adjoining the plaintiff's home, that while playing there, defendant "shot" a car from a train in the yards which ran over and killed the child.

The plaintiff offered testimony to show that the children of the neighborhood were accustomed to play and trespass upon the company's property in that locality, and that they have done so without objection by the company, and that the defendant might have by the use of due care avoided the accident. But the court ruled that under the federal authorities, which were binding upon the court, such evidence was inadmissible, and that it would be necessary for the plaintiff to bring home to the defendant, knowledge that the child was on the tracks and then show that the company failed to exercise due care to avoid the accident. The plaintiff not being able to establish these facts, the court directed the jury to return a verdict finding the issues for the defendant.

The court then tried the matter of fact whether service of process upon G. L. Brooks, as general superintendent of the Atchison Land & Cattle company, in the case of A. E. Abel against that company was served upon the defendant company, and upon the testimony of Mr. Brooks, that while he was general manager of the company, the company maintained no organization or office in New Mexico, the court directed the jury to find the issues for the defendant.

Anniversary of a Consecration.

Philadelphia, Oct. 28.—Today was the ninety-second anniversary of the consecration of the Right Rev. Michael Egan, first bishop of Philadelphia, and the event was observed at the cathedral with low mass celebrated by Archbishop Ryan.

After Philadelphia became the seat of a bishop in 1808, Dr. Egan was consecrated by Archbishop Carroll, of Baltimore, October 28, 1810. He died July 22, 1814.

The A. O. U. W. lodge have arranged to give a grand ball and supper at their hall on Thanksgiving eve, November 26.

THE FUSIONISTS

Name Candidates Up in San Miguel County.

THE ODD FELLOWS IN SESSION

Confederates of Georgia Hold Largely Attended Reunion.

IOWA BANK DYNAMITED AND ROBBED

Special to The Citizen.

East Las Vegas, N. M., Oct. 28.—The fusionists of San Miguel county, in convention yesterday, named the following candidates for the county offices:

F. E. Olney, of East Las Vegas, and Crescenciano Gallegos, of Guadalupe county, for councilmen.

Fidel Ortiz, Manuel F. Jimenez and Antonio Lucero, all of Las Vegas, for representatives.

Teodoro Pena, Las Dispensas, for probate judge.

Apollonio Sena, of Chaperita, probate clerk.

Charles Rudolph, of Rociada, for sheriff.

Porfirio Gallegos, of La Cuesta, superintendent of public schools.

Samuel Pate, of Rowe, for commissioner of second district.

C. C. Glise, of East Las Vegas, for commissioner, third district.

Francisco Chavez, of El Cueva, for assessor.

Benigno Romero, of Las Vegas, for treasurer and collector.

R. B. Rice, of East Las Vegas, for surveyor.

Arkansas Odd Fellows.

Eureka Springs, Ark., Oct. 28.—The Arkansas grand lodge of Odd Fellows began its annual session here today with representatives present from local lodges throughout the state. The meeting will continue three days, during which time the Rebecca lodge assembly will also be in annual session. Today was devoted largely to the reception of the visitors, who were met by representatives of the local lodge and escorted to the convention headquarters at the Wadsworth hotel.

Georgia Veterans in Reunion.

Columbus, Ga., Oct. 28.—This city is gay with flags and bunting in honor of the Confederate veterans of Georgia, whose fourth annual state reunion is in progress. The gathering was formally opened at 10 o'clock this morning with a large attendance of veterans and their friends. The visitors were welcomed by L. C. Levy, speaking for the local societies, and by Capt. Peter Preer, on behalf of the Sons of Veterans. To these addresses response for the visitors was made by Gen. C. A. Evans, division commander. The remainder of the opening session was taken up with reports, committee appointments and other routine business, interspersed with selections of music. This afternoon was given over to brigade meetings and reunions of various companies and regiments. Tomorrow will take place the annual parade, which promises to be of more than ordinary interest owing to the large number of participants.

Bank Dynamited.

Des Moines, Iowa, Oct. 28.—At Prairie City early this morning robbers dynamited the safe of the Iowa State bank and secured an amount approximating \$4,000. They exchanged a fusillade of shots with local officers and escaped.

New Bishop of Cheyenne.

St. Paul, Minn., Oct. 28.—The Roman Catholic cathedral in this city was the scene of notable ceremonies today on the occasion of the consecration of Rev. Father Keane as bishop of Cheyenne, Wyo. Long before the hour set for the beginning of the service, 9:30 o'clock this morning, the edifice was crowded to the doors and many persons desirous of witnessing the ceremonies were unable to obtain admission. The procession which preceded the opening of the services included priests and prelates from all parts of the northwest. Archbishop Ireland acted as consecrator, assisted by Bishop McGolrick, of Duluth, and Bishop Shanley, of Fargo. The sermon was delivered by Bishop O'Gorman, of Sioux Falls. An elaborate musical service was rendered by the cathedral choir.

Passenger Agents Meet.

St. Louis, Mo., Oct. 28.—The troublesome question of passes is again agitating the minds of railroad passenger officials. The trunk line agreement entered into a year ago has not worked as satisfactorily as the promoters of

the plan expected. Several of the signatory roads have openly violated the agreement, while the western roads complain that it has been interpreted in favor of the eastern lines and consequently has worked an injustice to the western lines. On the whole, however, the agreement seems to be regarded as a good thing by the railroads, judging from opinions expressed by the representatives gathered here today to discuss the future policy concerning passes. It is probable that the obvious defects in the old agreement will be remedied and steps taken to strengthen it and insure its enforcement throughout the country.

Venezuela's Independence Day.

Caracas, Oct. 28.—Today was Venezuela's independence day, the anniversary of the birth of Simon Bolivar. Owing to the disturbed political condition the celebration was less general than has been the custom, about the only observance in the capital being the decoration of the famous liberator's tomb.

CITY COUNCIL.

Certain Action Taken on Matter of Milk Inspection.

GUARDING CITY'S HEALTH.

City council met at an adjourned session last night at the city building. The question of creating the office of milk inspector was under consideration, but as the ordinance was not complete no action as to its adoption was taken.

City Attorney Stingle, City Physician Elder and Dr. Harrison, the committee ordered by the council to prepare an ordinance, presented an outline of the provisions the ordinance would cover.

There are many difficulties to be considered in an ordinance governing the creation of the office of milk inspector, consequently the councilmen are deliberating the question carefully. City Attorney Stingle suggested an outline covering the ordinance which was discussed. He suggested that a fee of 1/2 cent per gallon be levied to defray the expenses of the proposed office, and that the inspector would have many duties to perform in addition to the mere inspection of milk, such as testing butter, visiting dairies, looking after the condition of housing the cows and the most important duty, that of taking the tubercular test. The question arose as to whether or not the cows owned by private families, who in many instances dispose of small quantities of milk, should come under the tax levy. It was argued that it was as necessary for the inspection of a single cow, for the protection of the public health as for the inspection of fifty cows.

Suggestions were also offered by the attorney that the inspection of weights and measures, food stuffs and vegetables could be combined with the office of milk inspector.

Attorney Summers Burkhart appeared before the council, representing the milkmen. He argued that a tax levied on the number of gallons was unjust and unfair; that the testing of milk from a dairy of fifty cows would require no more time than the testing of the milk from one cow. This manner of taxation was unreasonable to the man who had a large number of cows, which were the means of his sustenance. He stated that the milkmen were perfectly willing to pay a reasonable fee for the tubercular test if it was made by a competent and skilled inspector, but that they objected to an unjust tax on the number of gallons of their output and especially to an unskilled inspector.

He suggested that the inspection fees be based on the number of cows which was the only reasonable and just method of taxation, and that if at any time the milk in the vats was found to be diseased, each man was willing to submit to an individual test, and pay according to such a test.

A tax of this nature would cause the milkmen to be careful and if a cow was diseased they would not put this cow's milk in with the other milk, which would disease the entire lot and cause them an enormous expense.

Dr. Elder discussed the different phases of diseased milk, and explained that germs could be discovered in a large quantity of milk as well as in a small lot.

A motion was made by Councilman J. A. Hubbs to the effect that the committee on the ordinance be ordered to prepare an ordinance creating the office of milk inspector alone, his salary to be paid by a tax to be levied on each cow. After a short discussion the motion was passed.

The ordinance will be presented in a complete form at the regular council meeting next Monday night.

CUBAN TREATY

It Will be Ready When Congress Meets.

STRATTON WILL CONTEST IN COURT

Rights of Foreigners in Japan to be Settled by Arbitration.

DIRECTORS OF RIO GRANDE WESTERN

Washington, Oct. 28.—The fact is recorded in the news dispatches from Havana that President Palma has returned to Washington the draft of the reciprocity treaty without his approval has not shaken the belief of officials here that they will have a treaty ready to submit to congress by the date of its next meeting. As soon as Quesada, the Cuban minister here, receives the document, he will submit it to Secretary Hay. Negotiations will be then construed on the basis of the original draft.

STRATTON WILL.

Another Attempt to Affect a Compromise With the Heirs.

Colorado Spring, Oct. 28.—When all the parties interested in the Stratton will contest appeared in court today to receive the decision of District Judge Seeds, as to whether or not the county court proceedings were legal or void, they were doomed to another disappointment as the judge announced that he would not render his decision until 2 o'clock this afternoon. The attorneys for the administrators, executors and the son, Harry Stratton, immediately left the room and proceeded to the office of McAllister & Gandy, chief attorneys in this city for the executors, where a conference lasting several hours was held. It was freely reported in court circles that a compromise is being attempted.

Matter to Be Arbitrated.

Paris, Oct. 27.—Foreign Minister Del Casse announced today that Germany, Great Britain and France had agreed with Japan to submit to The Hague arbitration court the exact interpretation of existing treaties dealing with the holding of perpetual leases of property by foreigners in Japan.

Rio Grande Western Directors.

Salt Lake, Utah, Oct. 28.—At the annual meeting of the stockholders of the Rio Grande Western railway, which has been held in this city, all the old board of directors, with the exception of Mortimer Schiff, who was elected in place of his father, Joseph Schiff, were reelected. The directors will meet in New York and reelect officers of the company.

LOCAL PARAGRAPHS.

Mrs. McSpadden, wife of F. McSpadden, the transfer man, is confined to her bed with illness.

Mrs. Mary Hoffman, from Chadwick, Ill., is in the city, and expects to remain during the winter.

The Winslow Mail says: Miss Ethel Fee left this week for Albuquerque, where she will attend the New Mexico University this winter.

The Ladies' Guild of the St. John's Episcopal church will hold a meeting at the rectory tomorrow (Wednesday) afternoon at 3 o'clock.

Mrs. J. S. McFavish, wife of the popular manager of the big Becker-Blackwell general store at Magdalena, arrived from that place this morning and is visiting with friends in the city.

Misses Jennie and Alma Rosenwald left this morning for Trinidad. They will be bridesmaids at the wedding of Miss Moses, of that city, and Joseph Brockman, of New York, which is to take place next week.

This afternoon, between 2:30 and 5 o'clock, the ladies of the Non-Sectarian Benevolent association gave a musicale at the Odd Fellows hall and it was largely attended. These good ladies are always doing some charitable act, such as taking care of the needy and seeing that they have a place to sleep and plenty to eat, and it is a pleasure to say that the musicale netted the association a few dollars, which it is sadly in need of.

A Fireman's Luck.

While the city fire department was making the run to the fire yesterday afternoon a few of the firemen gave an exhibition of some fancy athletic tumbling at the corner of Copper avenue and Sixth street. Fireman Hale, who

is accustomed to making a grand stand play when he strings the hose, made his usual dismount, planting his feet into the earth, but the hose refused to work and Hale covered the ground beautifully to the great delight and amusement of the spectators.

A couple of volunteers, who do not belong to the regulars, attempted to dislodge the hose, with the same effect. But the sprightliness and staying qualities of a fireman, they were on their feet in an instant playing the stream on the fire, which was soon extinguished.

Must Remove Collections.

London, Oct. 28.—The American and other art collectors who have loaned collections to the South Kensington museum have been suddenly notified that they must remove their paintings and other treasures within six months. The ostensible reason is that the museum needs the space for its own art objects, but it is publicly said that the authorities have come to the conclusion that the museum is only being used to save storage fees.

Drowned.

La Crosse, Wis., Oct. 28.—C. F. Seigel, president of a large sash and door manufacturing concern, and his nephew, Arthur Buest, aged 21, who went on a fishing excursion last Sunday, are believed to have been drowned. Their empty skiff has been found swamped eight miles below here. A reward has been offered for the recovery of the bodies.

Boston Wool Market.

Boston, Oct. 28.—The wool market here continues strong with an upward tendency. Manufacturers have purchased considerable wool at full prices and dealers say they will get still better figures. Territory wool is very fine. Fine staples are quoted at 56¢; strictly fine, 50¢@55¢; fine and fine medium, 50¢@53¢, and medium, 45¢@47¢.

THE BIG ONES.

The Base Ball Stars Here the Coming Saturday Afternoon.

CHESBRO WILL PITCH.

Manager Tim O'Neill, of the all-star American and National base ball teams, made his debut into the Albuquerque fan society last night.

There was more base ball talk changing hands last night than had exchanged here for some time. Manager O'Neill's knowledge of the great fascinating base ball world is as complete as experience and association can make it.

As advance agent he saw to all necessary arrangements for the appearance of the great stars. Local Manager Myers, of the Santa Fe, and P. F. McCanna went over the details with the advance agent and leaving the arrangements satisfactory he departed for El Paso on a late train.

Our prospects for retaining the players here over Sunday are very small. They have made all arrangements to appear at El Paso and only a failure of the trains to run will hold them.

All the great ball players in both leagues will be here on our diamond Saturday, and if everyone is wise they will turn fan for that occasion, and are permitted to remain so if they wish.

Napoleon La Joie, the great hitter, and the star second baseman, who made the Cleveland team famous the latter part of the season, is not with the party as at first reported. Larry, besides being a star in the base ball world, has a business in Cleveland, which requires his attention. But then there are others that handle the ball and bat as well as Larry, who we are to have the pleasure of seeing.

The greatest hitter on earth, "Wee Willie" Keeler, and George Davis, the great first baseman who has no equal, will be here. Davis has made some of the most brilliant plays, which no other player would think of, and he always wins out. A story, which the newspapers used at the time with a double scare head, is told of Davis. The play was made while running bases in a game with Philadelphia this season. Davis had lined one out and made first; Fultz went to third on the hit. Davis saw an opportunity and stole second. He saw that Fultz's chances for scoring were slim if he remained at second, so he made a brilliant steal back to first, causing the ball to be put into play between the first and second baseman, which gave Fultz a chance to score. Other plays as complicated have been made by Davis, who is ever on the alert.

John D. Chesbro, the premier pitcher of the National league, for the season of 1902, was born at North Adams, Mass., on June 3, 1877. His first pro-

Bryan Stirring Democratic Enthusiasm in Southern Colorado.

AN ITALIAN STEAMER SUNK AT SEA

Boston, Oct. 28.—Joseph C. Taylor, whose extradition for alleged embezzlement in South Africa, was sought by the British government, was freed today. Habeas corpus directing the marshal to liberate the prisoner was issued by Judge Lowell, of the United States court, who has had the case under consideration for some time. The British government has for three months been pressing the case. The alleged embezzlement was committed in 1900. The British government claimed jurisdiction and contended that under a treaty between the United States and Great Britain the man could be extradited. After consultation with the state department Judge Lowell ruled that it was a question of extradition between the United States and South Africa, and not between the United States and England, and no extradition treaty existed.

Making Investigation.

Bloomington, Ill., Oct. 28.—The trustees of the soldiers' orphans' home today commenced an investigation of charges of cruelty to inmates.

Bryan in Colorado.

Alamosa, Colo., Oct. 28.—Bryan arrived here from his session in southern Colorado at 7 o'clock this morning. His speech here was along similar lines as all that he made in this state. He speaks today at Salida, Leadville, Buena Vista, Canon City and Florence and tonight at Cripple Creek and Victor.

Steamer Sunk at Sea.

Marselles, Oct. 28.—News has been received that the Italian steamer Elena has foundered at sea. The report adds that part of the crew was saved.

Ground Black Smokeless.

Cleveland, Ohio, Oct. 28.—A novel departure in fuel feeding, with a view of obtaining smokeless results, is being tried at a large manufacturing plant in the city. With two huge mill stones slack coal is ground to dust and this fed into the firebox by an automatic feeding gear and air blast. The dust, when blown into the fire, burns with the freedom of a spray of oil and produces a surprising heat. One ton of slack is said to do the work of two used in the old way.

Librarians at Indianapolis.

Indianapolis, Ind., Oct. 28.—The Indiana Library association opened its eleventh annual meeting at the state house today. The meeting will continue tomorrow. The speakers at the morning session were Jennie Elrod, of Indianapolis, president of the association; Merle Hoagland, library organizer of Indiana, who spoke of the library movement in Indiana for 1902; E. G. Browning, who submitted a report of the American Library association meeting at Magnolia, and Anna G. Hubbard, of the state library, who read an interesting paper on reference aids for a small library. Officers for the year will be chosen tomorrow.

Sentence of Murderer Postponed.

Cheyenne, Oct. 28.—The sentence of Horn was postponed today for several days as was the decision on the motion for a new trial.

Burglary.

Davenport, Iowa, Oct. 28.—Burglars last night entered the residence of M. J. Eagal, a business man, and secured diamonds and jewelry valued at \$2,600; no clue.

Found Guilty.

Fair Play, Oct. 28.—The jury in the case of Mrs. Uplide Sullie, charged with complicity in the murder of her husband, this morning brought in a verdict of guilty.

Card of Thanks.

I wish to thank the many friends, especially Messrs. Maynard and Nettleton, who closed their stores so as to sing at the funeral services, for the kindness shown during the sickness and subsequent death of my son, Edward G. Zeiger. The manifest interest shown by these friends while he was in life and the deep sorrow expressed when death came will always be remembered and cherished by me.

will follow the advice of a local citizen.
J. Johnston, machinist in the Santa
Fe R. R. shops, residence 705 South
First street, says: "When a man has
itching hemorrhoids commonly called
piles and he has to work every day the
annoyance becomes positively a plague
and he is more than anxious to get rid
of it. When Doan's Ointment first
came to my notice I wrote to the man-
ufacturers for a box and used it as di-
rected. It stopped the attacks. I
have not the slightest hesitation in ad-
vising all residents of Albuquerque if
annoyed in any way with hemorrhoids
or piles to go to the Alvarado Phar-
macy, buy Doan's Ointment, take a
course of the treatment and the annoy-
ance will cease."For sale by all dealers. Price 50

DYSPEPSIA OF WOMEN

Requires Treatment Which Acts in Harmony With the Female System.

Letter from Mrs. Wright, President of Brooklyn, N.Y., Round Table, Proves this Claim.

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary medical treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by derangement of the female organism, and which while it causes disturbances similar to ordinary indigestion cannot be relieved without a medicine which not only acts as a stomach tonic, but has peculiar utero-tonic effects as well; in other words, a derangement of the female organs may have such a disturbing effect upon a woman's whole system as to cause serious indigestion and dyspepsia, and it cannot be relieved without curing the original cause of the trouble, which seems to find its source in the pelvic organs.

As proof of this theory we beg to call attention to the letter from Mrs. Wright, of Brooklyn, N. Y., herewith published:

MRS. MAGGIE WRIGHT.

"DEAR MRS. PINKHAM:—For two years I suffered more or less with dyspepsia which so degenerated my entire system that I was unfit to properly attend to my daily duties. I felt weak and nervous and nothing I ate tasted good and felt like a stone in my stomach. I tried several dyspepsia cures, but nothing seemed to help me permanently. I decided to give Lydia E. Pinkham's Vegetable Compound a trial, and was happily surprised to find that it acted like a fine tonic, and in a few days I began to enjoy and properly digest my food. My recovery was rapid, and in five weeks I was a different woman. Seven bottles completely cured me, and a dozen or more of my friends have used it since."—Mrs. MAGGIE WRIGHT, 12 Van Voorhis St., Brooklyn, N. Y.

How a Serious Tumor Case Was Cured.

"DEAR MRS. PINKHAM:—Some time ago I wrote you that my regular physician had made an examination and told me I was afflicted with a tumor in my womb. I had backache, headache, bearing down pains and very profuse menstruation. My limbs would ache so I could not sleep and I was very weak and nervous. I was bloated from my feet. After receiving your letter I took Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and followed all the rest of your advice as near as I could, and the tumor was expelled in pieces, and I regained my natural size. I continued taking your Vegetable Compound for a while longer and felt like a new woman. I cannot thank you enough for your kind advice and what your medicine did for me. It certainly saved my life."—Mrs. PERLEY S. WILLIS, Vershire, Vt. (March 11, 1901.)

It would seem by these statements that women would save time and much sickness if they would write to Mrs. Pinkham for advice as soon as any incipient illness appears. Her advice is free, and has put thousands of women on the right road to recovery.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

SOCORRO.

From the Chieftain.

Candidates for public office in Socorro county are hustling as they never hustled before.

James Patterson arrived in town from his ranch and will remain several days.

Col. J. S. Hutchison was down from Magdalena shaking hands with Socorro friends.

C. Hazletine left for his home in Boston after a sojourn of six weeks in Socorro.

W. P. Sanders and wife passed through Socorro on their way home from a visit at the fair.

Frank Sickles has been hunting quail in the vicinity of Socorro recently and says that the birds are quite abundant in some localities.

Capt. M. Cooney was hors de combat the first of the week with an attack of fever but is again hustling for election to the office of assessor.

Mrs. R. C. Dougherty and daughter, Mrs. Bent, and family, are now at Redondo, Cal., and expect to spend the winter on the coast.

Miss S. M. Rowe, who passed a highly creditable examination at the last teacher's examination held in Socorro, is now teaching in Kelly and it is reported is giving good satisfaction.

J. A. Beal, of Albuquerque, has represented the interests of the Citizen in Socorro and has done a good business, despite the fact that everybody's attention is absorbed in politics.

New Cases Filed.

New cases have recently been filed in the office of District Clerk John E. Griffith as follows:

In the matter of the estate of Juan Jose Lopez, deceased; appeal from probate court.

Julia Patterson Guan vs. Patrick Guan; divorce.

Juana Gonzales de Burns vs. Roques Burns; divorce.

Samuel G. Hanna vs. S. N. Bance; injunction.

Jasper N. Broyles vs. School District No. 13 of the County of Socorro, New Mexico; to recover judgment on school warrants.

Letitia F. Jones vs. Fillmore Jones; divorce.

Danger in Fall Colds.

Fall colds are liable to hang on all winter leaving the seeds of pneumonia, bronchitis, or consumption. Foley's Honey and Tar cures quickly and prevents serious results, safe and sure, contains no opiates and will not constipate. Alvarado Pharmacy.

PORTALES.

From the Herald.

The house of ill fame which was recently built across the main railroad track was set on fire and burned to the ground early Monday morning. Kerosene was splashed on the outside and the match applied.

Marion Smith's horse fell with him while he was out from camp and alone. He was rendered unconscious and how long he was in that condition he does not know, but when he recovered consciousness his horse was near him. He is still in a critical condition.

On last Monday morning as Laverna Hopping and Della Barnes were coming to school on horseback their horses became frightened and threw them. Laverna's hip was badly bruised, and she is not yet able to walk. Della fell on her head but was slightly hurt. She was out of school only one day.

Last Saturday, while herding cattle cut near the stock pens, Jimmy Daugherty's horse stepped in a prairie dog hole and threw him. His collar bone was broken and he received many other painful injuries, which have caused him a great deal of suffering. His mother, Mrs. J. M. Daugherty, is expected from Abilene, Texas, to nurse him during his illness.

No danger of consumption if you use Foley's Honey and Tar to cure that stubborn cough. Alvarado Pharmacy.

TUCUMCARI.

From the Pathfinder.

The ring of the hammer is heard in the land and Tucumcari continues to grow right along. New houses going up everywhere. In fact, the surrounding country is growing faster than the town—all of which is a good sign for Tucumcari's future permanency.

About thirty of the young people were entertained at the home of Mrs. Berry last Tuesday night. Games were indulged in which were a pleasure to all. One of the most delightful features of the evening was the music rendered by Mr. Preston and other members of the Choctaw survivors corps. Delicious refreshments were served.

Mr. McLaughlin, the brickmaker, who came here to make brick for the new bank building, has made a thorough test of the clay found here and says he has found it excellent for making brick. He is clearing off the ground for a brick yard and will proceed at once to burn a kiln. The yard will be located on Mr. Buchanan's claim on the other side of the railroad track.

Foley's Honey and Tar cures coughs and colds and prevents pneumonia. Take no substitutes. Alvarado Pharmacy.

ALAMOGORDO.

From the News.

Special Officer Billy Smith has been looking up something to do in Alamogordo during the week.

Frank Rolland returned with his bride last Saturday, and went immediately to the hospital sick with typhoid fever. We are glad to note that he is

doing very well and the chances are favorable for his early recovery.

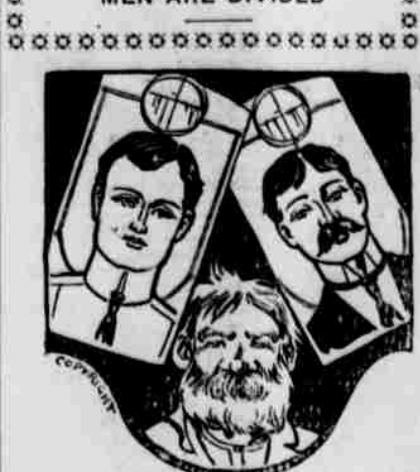

F. D. Mayo, the bass player for the Alamogordo band, is back from Nogal to remain, and the band boys are all smiles and ready for another rehearsal.

Charles K. Sisler came in Thursday morning from Denver. Mr. Sisler has been employed in the Baldwin Locomotive works, Philadelphia, for two years past as a machinist. He has accepted a position in the machine shops at this place.

J. W. Stewart, of Alamogordo, N. M., has filed suit for his wife, Fletcher Stewart, against the Postal Telegraph and Cable company for damages for alleged negligent failure on the part of the telegraph company to deliver a message calling her to see her dying mother at Granbury, Texas.

Last Saturday, the 18th, during the noon hour, John Olsen was working the knives of a planer at the saw mill and in some way the machinery started and his right hand was caught, taking it entirely off with a portion of the forearm. Dr. Bryan dressed the arm and it is reported that he is doing very well.

SAN MIGUEL POLITICS.

Several Political Conventions and Candidates Nominated.

Special Correspondence.

Las Vegas, N. M., Oct. 27.—The demo-pop-sorehead conventions started off this morning with a procession on the west side around the Plaza, headed by the band. In front was Angel Margarito, with his hat off, bowing to a cold crowd of silent observers. Following him was the emblem of the party, an "angel" flying to oblivion with an American flag in her hand on which were nine stars, the nine stars representing the number of precincts in the county out of sixty-five which sent a few stragglers to the convention as delegates. Two stars were larger than the rest, representing the two bolting brothers, Margarito and Benigno.

The union wing of the crowd stopped at Buffalo hall, where they assembled in the form of a convention and Margarito took his disgruntled to the court house with the band.

The Baca democrats held their convention at Monte Carlo hall, where a few of the faithful rallied and went through the form of a convention.

The meeting was called to order by O. A. Larrazola and Charles Rudolph was made interpreter. W. B. Bunker was made chairman and J. M. Hernandez secretary. Santiago Martinez, Isaac Flood, Manuel Martinez, Gerardo Vigil and Juan Jose Maestas were made vice presidents.

O. A. Larrazola then presented a resolution, which was adopted, inviting the independent republicans and unionists to fuse with them on a county ticket, and asked that a committee of five be chosen to formulate a line of conduct in the mass convention. While the committee was out making the selection, the secretary got out the big jug of whisky under the presiding elders' table and passed it around to warm up the crowd. Chairman Bunker announcing that democrats were as good bartenders as workers. The committee appointed upon a conference with the other conventions consisted of Tranquilino Labadie, G. P. Money, Charles Rudolph, Jose A. Baca, Jr., and O. A. Larrazola. The convention then went through the regular routine business, appointing the credential committee to find out the names of the few lonesome delegates and the various other committees, resolutions, rules, etc.

The Buffalo hall was fairly well filled with the refuse of all parties and disgruntled office seekers. E. C. de Baca was made temporary chairman and he made a speech scoring a couple of the members of the central committee who had deserted the waning cause. Demetrio Silva and S. Mares were made secretaries, and Newton Sparks, Placido Sandoval and Charles Tamme

vice presidents. E. V. Long was nominated for a vice presidency, but shied at the honor, and at being called a staunch unionist. The various committees were appointed and the routine business followed.

"The God of the east side," Margarito, called the disgruntled to order in the court house. It was as speckled a gathering as is possible to get together. Such men from the east side, who could not get office in the regular party as H. G. Coors, M. M. McSchooler, and A. H. Whitmore represented this side in the mob. Patrocinio Gonzales, who was defeated for school superintendent in the regular republican convention, acted as interpreter and tried to take a prominent part with the hope of getting the nomination for the same office by the soreheads, of which he is now a member. Romulo Uliharri and Henry Coors were made vice presidents, temporary, and Simon Mares and Manuel Jimenez, secretaries. Margarito made a speech, in which he said he proposed to get the records down in the offices and prove that the present office holders, even his own brother, should be in the penitentiary instead of the court house. He said he proposed to scrap, with cannon and swords, if necessary, but what he should get an office, and some for the howling hordes at his heels, hungry to again get at the treasury of the county.

The court house was well filled with the curious and the proceedings were quite humorous. The various committees were selected and the routine business transacted.

The conference committee appointed by the unionists to confer with the independent republicans and democrats are E. C. de Baca, E. V. Long, Charles Tamme, Fidel Ortiz, Juan D. Martinez, Cipriano Lujan, Adelaido Tafaya, Placido Sandoval and Apolonio Sena.

This committee, with the one from the democrats, will meet tonight, and then the fun will begin when the ticket is named. The convention will most probably hold over tomorrow, as it is not believed, unless a slate is fixed up, which is hardly probable, they can get through today.

Mrs. N. B. Studebaker, who has been visiting in Chicago, yesterday afternoon returned from her visit.

Mrs. Marcelino Lucero left this afternoon for Ribera to visit with her daughter.

Four cars of cattle were loaded last evening at Wagon Mound and six at Springer, to ship to Kansas City.

Mrs. C. J. Boyd returned this afternoon to her home at Lamy after a visit with relatives in the city.

H. A. Brochvogel, of the Valley ranch in Valencia county, is in the city today looking after business.

Misses Marie Mernin and Mary Tipton will entertain a number of young folks with a hallowe'en party Friday night.

The vestry of the Episcopal church held a meeting Saturday night and selected Rev. Seaburn, of Gallup, to temporarily fill the pulpit at the Episcopal church until the vacancy caused by the resignation of Dr. Selby could be supplied.

Mr. and Mrs. E. L. Browne gave a most delightful dinner to Rev. and Mrs. George Selby Saturday night at their home. After dinner the cards were brought out and enjoyed. Rev. Selby and wife expect to leave Wednesday for their new home in Tucson.

A native suffered a broken leg Saturday evening on the work train up the road. A quick stop caused a rail to jump forward, striking the leg and snapping it.

Mrs. Thomas W. Hayward sends word she will return tomorrow from her extended visit in Ohio.

J. H. Brennan, who has been manager of the Western Union office here, will leave tomorrow night for Cleburne, Texas, where he will be one of the Santa Fe wire chiefs.

G. W. Todd, the Armour beef man, went over to Santa Fe today on his initial trip to sell a little meat.

The fire alarm on the west side last night brought a crowd to the house of

Hon. J. Santos Esquibel, about 10:30, the fire was found to be in one of the outside rooms, and was making considerable headway by the time the hose company got there. The blaze was soon extinguished, but not until the interior of one room was badly damaged. The fire was evidently of incendiary origin, for there was considerable evidence of coal oil. The fire had evidently been started by pouring coal oil on the window sill, from where it was communicated to the curtains on the inside of the room, burning up rapidly all the furnishings near and damaging the ceiling. There is no clue to the incendiaries, but it evidently was a piece of spite work by some of Mr. Esquibel's political enemies.

W. E. Atchinson, who has been one of the operators here at the Western Union office, will leave tomorrow night for Denver, where he has another position.

Juan Saiz, the infant son of Juan Saiz, Sr., died Saturday on the west side, of pneumonia, and was buried the same day.

Theodore Chacon is the proud father of a new boy at his house. The lusty young republican arrived this morning.

An operation was performed yesterday on Miss Ignacia Marquez, of Antonchico, her right eye being removed by two of the local physicians. The operation was very successful, and was made to allow the placing of a glass eye. Every since Miss Marquez was a victim of small pox, about twelve years ago, she has suffered with the eye.

Gregorio Gutierrez, the candidate for the assembly in this county from Teecolote on the republican ticket, returned last night from Santa Fe, where he attended the funeral of his father-in-law, Mr. Baca.

The unionists pulled off a political meeting last night at Gonzales' hall, and the sorehead republicans had a meeting at the Buffalo hall. The meetings were fairly well attended and after the meetings were over the crowd joined in a procession around the Plaza, the two crowds together not equalling the republican crowd of a few nights before.

The funeral yesterday of Amos C. Schmidt was one of the largest ever held in the city. The A. O. U. W. lodge had charge of the services, holding short services at the house, as well as at the grave in the Masonic cemetery. The church services were held at the Presbyterian church in the afternoon, the church not being large enough to hold the gathering of friends who assembled to pay their last sad respects to the departed. Rev. Skinner preached a splendid funeral sermon, in which he

SILVER CITY.

A Batch of Very Interesting Notes From Grant County.

Special Correspondence.

Silver City, N. M., Oct. 27.—Judge Frank Parker has not as yet rendered any decision in the habeas corpus proceeding brought before him by the attorneys of B. F. Gooch. He arrived in Silver City last Thursday and the testimony in the case was laid before him and he has taken it under advisement and will render his decision in a few days.

Hon. H. B. Fergusson arrived in the city on yesterday's train and today made a campaign speech from a float on the main corner of the city. Other speakers on the ticket made short addresses.

Up to the present time the officers have been unable to capture B. L. Stanford, who escaped from the county jail last week.

Hon. B. S. Rodey spent several days in this part of the territory last week making several speeches on statehood. He undoubtedly made many converts to statehood in Grant county.

Lieutenant Colonel Conmyes, who will relieve Major Appell at the United States sanatorium at Fort Bayard, will arrive to take up his new duties the latter part of this week. Major Appell will leave about the middle of November for his new assignment in the Philippines. A petition to the secretary of state was circulated in this city the other day asking for the retention of Major Appell at Bayard by his numerous friends in Silver City. The major, who has had the work of the sanatorium in charge since it was established by the government, has been in a position to do Silver City much good in the way of advertising it as a health resort and has influenced large numbers to come to this city on that account. Therefore, his departure will be sincerely regretted by everyone.

The sanatorium was inspected by a government official last week, who has recommended to the department at Washington some \$40,000 in improvements. The interest that is being taken in this institution for the treatment of the sick soldier boys by the government promises to make it in a few years one of the largest and best equipped government hospitals or sanatoriums in the world.

Adolf Witzel, collector and treasurer of Grant county, accompanied by his wife, arrived last Friday from Denver, where Mr. Witzel is now located in business. He stated that he found the treasurer and collector's office in excellent shape, owing to the efficient services of his popular office deputy, Clyde Smith.

The political outlook in Grant county, especially on the county ticket, is a difficult question to figure out. Owing to the county being divided since the last election it is figured by some that the democratic majorities in Grant county have been cut down considerably. It is conceded by conservative politicians on both sides the tickets will undoubtedly run close and that candidates for the county offices will on both tickets be rather anxious until all the returns are in. The candidates on both tickets are out stumping the county, and a hard fight is looked for on election day.

Governor Otero, A. B. Fall, and W. A. Hawkins arrived in Silver City on today's passenger train. They will do some campaign work in Grant county during the next few days.

When Scott's Emulsion makes the consumptive gain flesh it is curing his consumption.

Exactly what goes on inside to make the consumptive gain weight when taking Scott's Emulsion is still a mystery.

Scott's Emulsion does something to the lungs too that reduces the cough. More weight and less cough always mean that consumption is losing its influence over the system.

SOCORRO.

Special Correspondence.

Socorro, N. M., Oct. 27.—Indications lead to believe that there will be a little boom in Socorro in the near future. The large number of mining men that are seen dropping in and out of the Socorro county seat, shows that there is a revival in mining interests. Some improvements and building in business properties also show that some good times are in store for Socorro, and are expected to develop during the winter.

P. N. Yonker, proprietor of the Windsor hotel, has a stone foundation laid for a fine brick carriage and blacksmith shop. It is being built of Socorro brick and is located on the south side of Main street, west of T. C. Brown's mining office. The postoffice building is undergoing some repairs. Paint and paper is being used in a lavish and stylish manner.

The Colorado Bell long distance telephone system has put a number of 'phones in the city and will soon extend its line on to El Paso. The rent of 'phones has been made very cheap, and the benefit derived from the quick, reliable service given by the Colorado people, will be extensive. Capt. E. J. Mathews has been appointed local manager and is busily engaged these days looking after his company's interests.

E. H. Bryan and wife came up from San Marcel Saturday night. Mr. Bryan will succeed Night Ticket Agent Johnson, at the local station. Ross McMillan, the sheep man, spent Sunday in the city.

Mrs. A. H. Lindsay, wife of Rev. Lindsay, pastor of the First Presbyterian church, passed away here Sunday morning, after an extended illness with consumption. The body was shipped to the family home at Flemingsburg, Ky., for interment. Three small children mourn the loss of a mother.

Little Mary Jacoby Writes Her Views of This City.

Little Mary Jacoby, the author of the subjoined article, a few years ago resided in this city with her parents, Mr. and Mrs. John Jacoby. Her home is now in El Paso, where her parents reside and where she attends the public schools of that city. In the October number of the Central School Magazine, a monthly publication devoted to the interests of the fifth, sixth and seventh grades of the Central school of that city, the following article is taken:

"Albuquerque, located in the central part of New Mexico, is quite a large city, but not as large as El Paso.

"The Rio Grande flows through Albuquerque and there is a long bridge going across. When there is no water in the river, people walk under the bridge.

"There are no electric street cars there. They have horses and mules to pull the cars. Some of the cars are made like the electric cars here. They do not run over the entire portion of the city, only between old and new Albuquerque.

"Old Albuquerque is something like Old Mexico. It is mostly inhabited by Mexicans. The old church is there. When anything is going on they have it there. When new Albuquerque was first founded it was inhabited by Indians.

"There are a great many Indians in Albuquerque. They go around selling fruit and pottery. They sit around the depot when a train comes in or is going out. They go to the windows of the cars and sell their fruit. It is very common to see an Indian there.

"The jail and court house are in Old Albuquerque.

"There are a great many large buildings in Albuquerque. The depot, which has just lately been erected, is 125 feet long. The hotel is in with it. People who are passing through do not have to go to town to the hotels; they can stay there.

"There are not very many places of amusement there. The city park is very large, with trees, flowers and grass all over it. It looks just as nice in winter as it does in summer. There is a large fountain in the center of the park with the statue of a woman, in honor of a hack driver who was burned to death while trying to save the lives of others. Then there is the fair, which is held every year. This year it was held from October 15 to 18, 1902. They have roping contests, shows in the midway, base ball, the flower parade and the queen's parade is the best of all."

CONSPICUOUS IN A BALLROOM.

Flakes of Dandruff on the Collar and Shoulders of a Gentleman in Full Dress.

This is the thing you quite frequently see in the ball room—a man's black dress coat literally covered with dandruff.

It must be annoying to the wearer, and certainly not a pleasant thing to observe. But dandruff can be eradicated. It is a germ disease that will some day cause baldness.

Newbro's Herpicide kills the hair-destroying germ, and stimulates the hair to a rich, abundant growth; it does more—keeps the hair soft and pliant.

Furthermore, Herpicide is a most pleasant toilet accessory; pleasing of odor, and cooling to the scalp. Send 10 cents in stamps for sample to The Herpicide Co., Dept. "F," Detroit, Mich.

As Old Age Creeps On

MEN AND WOMEN CAN KEEP THEMSELVES HEALTHY, VIGOROUS AND HAPPY BY USING

PAINE'S CELERY COMPOUND

The human system in old age must have a sufficient store of nervous energy, and rich, nourishing blood, so that the liver and kidneys may be kept in perfect action, and the body free from pain. Paine's Celery Compound is the true invigorator when old age creeps on and the vital powers commence to fail. Paine's Celery Compound gives the needed stimulus to digestion and assimilation that the system requires; it maintains a regular supply of pure blood, and removes such troubles as rheumatism, neuralgia, nervous weakness, heart palpitation, liver complaint and digestive disturbances, that make the lives of old people miserable. Rev. John Rice, Scotch Grove, Iowa, says:

"My wife and I have used two bottles of Paine's Celery Compound with great advantage to our general health. It cured her rheumatism and proved a good regulator of the system in general and a tonic for the nerves. In my own case I have found it a cure for kidney trouble arising from old age, as I am now in my 75th year. In this trouble it has given me almost instant relief."

Do not throw away old cloths. Make them look like new with DIAMOND DYES

Direction book and 45 dyed samples free. DIAMOND DYES Burlington, Vt.

South Texas Truckers.

Reeville, Texas, Oct. 28.—The South Texas Truck and Fruit Growers' association began an interesting two days' meeting here today. Celery culture, packing vegetables, co-operation in truck growing, and the fig as a money crop for south Texas were some of the subjects discussed today.

SAN MARCIAL.

From the Bee.

Mrs. J. W. Crawford is afflicted with a very serious attack of pneumonia. J. N. Broyles visited Socorro to close up his duties as administrator of the late Pat McMenemy's estate.

J. A. Beal was here in the interest of the Albuquerque Daily Citizen Wednesday. Mr. Beal represents a splendid newspaper and in no locality does he meet with discouragement.

Mrs. Sidney Hockett reached Albuquerque last Saturday, accompanied by Mrs. F. J. Easley. After taking in the last of the fair, the ladies came to San Marcial, where Mrs. Easley expects to remain for several weeks.

J. D. Chandler has taken E. Grandjean as a partner in the butcher business. Mr. Grandjean will attend to the buying and Mr. Chandler is giving the shop his personal attention. This arrangement enables the firm to give their patrons the very best of service.

An old landmark, so to speak, disappeared from San Marcial Thursday night, when "Old Pat," one of the most faithful and intelligent of dogs, died of old age. Sixteen to seventeen years ago he was brought here by W. B. Dawson, and of recent years he has been kindly cared for by the Armstrong brothers.

As a rule Dr. C. G. Cruickshank is a good natured man, but his patience has been severely tried of late in connection with the work of plastering his new house. A man named W. K. Lawrence, from down Rincon way, was recommended as a good plasterer and he was given the job. He spent a whole month trying to get plaster to stick on the laths, and after spilling a lot of material and drawing over a hundred dollars in wages, he was politely requested to vacate the premises and make room for a mechanic. A plasterer who worked on the Alvarado hotel now has the job, and the result is proving satisfactory to the doctor and a credit to the gentleman from Albuquerque.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery of Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and all druggists guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

LAS CRUCES.

From the Republican.

The two Albuquerque dailies gave the public splendid editions during fair. The papers published would be a credit to any of the large cities of the country.

Mr. and Mrs. D. A. Tyng, were arrivals here from Chicago. Mr. Tyng was the first superintendent of the Modoc mine under the present management.

"Let the GOLD DUST twins do your work."

Whether it is delicate lace curtains or heavy blankets and quilts that need washing,

GOLD DUST

will thoroughly clean them without injury. Use hard water if you must, but use nothing but GOLD DUST to soften it—there's nothing so good or so economical.

of Secretary Seward. The paper also contains an account of the confederate evacuation of Richmond, the surrender of Lee's army at Appomattox, and many other minor details of historic moment. To lovers of history it is intensely interesting reading, and Mr. Lucas, who received it from his father, treasures the paper as highly as it deserves. It is, indeed, a treasure.

Bronchitis for Twenty Years.

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." Contains no opiates. Alvarado Pharmacy.

GALLUP.

From the Republican.

The Mannelito Oil company will be ready to commence drilling in about two weeks.

Alexander Robinson and wife will leave shortly for Los Angeles, where Mr. Robinson is obliged to go for his health.

Alfred Goodrich left last Friday for San Francisco for a few days visit. He will return accompanied by his wife.

A fire at Fort Wingate destroyed three buildings. One was occupied by Mrs. Stearns, one by Mrs. Riefenider and the other by one of the packers.

The Albuquerque orchestra will furnish the music for the ball to be given here on Thanksgiving night. They will also play at Winslow for the ball Thanksgiving eve.

Jeff Lane, at one time a resident of Gallup, but for the past several years living at Kingman, Arizona, has sold out all his interests there and removed to San Diego, Cal. He is in poor health and has gone to the coast to take life easy.

At the regular meeting of the Gallup commercial club held at their rooms the following new officers were elected for the ensuing year: President, W. T. Henderson; vice president, Stephen Canavan; treasurer, Harry Coddington; secretary, W. A. Smith.

The 9 months' old daughter of Dr. and Mrs. Mayne, of Clarkville, died there last Tuesday night. The funeral took place Wednesday afternoon from Clarkville and the interment was made in Hillside cemetery, a large number of sympathizing friends from Clarkville and Gallup attending.

Clark M. Carr, of Guam, was in town on business and a visitor to the county convention. He reports everything going along nicely. He has just returned from Durango, Colo., where he secured a first class sawmill man and their mill will begin turning out lumber next week.

Commissionary Sargeant J. R. Callahan, of Fort Wingate, has been assigned to duty in the Philippines, and will leave for that country in a short time, his relief having already reached Fort Wingate. His many friends in both the post and Gallup will miss him very much. We wish him success and prosperity in his new station.

"Watch the Kidneys."

"When they are affected, life is in danger," says Dr. Abernathy, the great English physician. Foley's Kidney Cure makes sound kidneys.

LAS CRUCES.

From the Citizen.

Jose Navarro, who was accused of killing a man named Celso Lopez, of Colorado, this county, about six months ago, was tried last week and found not guilty.

A quiet wedding took place here last week, only relatives and intimate friends being present. The contracting parties were Robert Steeves and Miss Eliza Strain, both of El Paso, Texas.

The football boys are now training for a game which will soon take place at the college grounds between them and the Albuquerque Indians. Coach Miller is getting the team in fine trim and if the Indians expect to win they will have to play a good deal better than they did on their home grounds.

From the Progress.

A. M. Forrester, who has been confined to his room for the past week, is improving and will be around in a day or two.

Chas. Kircher, of St. Louis, a nephew of Numa Raymond, and well known in Las Cruces, is the president of a company which has just purchased the Fair in El Paso.

J. B. Larrasolo, Jr., who returned to his home at Las Vegas to have an operation performed for appendicitis, has returned to continue his studies at the college, it being not necessary to have the operation performed.

Robert Metcalfe and Walter Miller spent a week at the fair in Albuquerque telling the people what we have here and demonstrating to them by actual work some of the things we do at the college. The college exhibit is said to be the best of any kind there and received the only premium offered for out cattle which Mr. Bouts had in charge.

The spectacle of a small boy, probably 10 or 12 years old, being drunk was a sight seen by several people yesterday afternoon. Constable Smith saw the lad reeling under the influence of intoxicants, and will endeavor to find from whom or where the boy got the liquor.

Special United States attorney, Judge John Stansbury, passed through the city this morning en route from Socorro, where he has been hearing some Indian depredation claims, to Pueblo, Colo. He expects to go to Washington, D. C., before returning to New Mexico.

The services at the Baptist church which were omitted last Sunday on account of repairs being made will be resumed next Wednesday night. There will be a monthly covenant meeting, at which the building committee will present plans for the new parsonage for the approval of the church.

Toney Garcia, one of the hustlers of the wool and hide purchasing firm of E. G. Garcia & Co., returned last night from a tour to the wool camps of western New Mexico and Arizona. He purchased ten car loads of wool from various raisers, amounting all told to 150,000 pounds, and the wool is now en route to this city. It will be stored here, and in a short time shipped to eastern markets.

The Citizen has to apologize to the Mutual Automatic Telephone company and its subscribers for the delay experienced in getting out the new telephone list. During the fair, the office was swamped in keeping up its commercial work and getting out the big illustrated fair memorial editions, in colors, hence the delay; but the two tall sycamores, who preside over the departments of the job office, today gave it out as their solemn promise that the telephone job would be in the hands of all the subscribers by tomorrow. Some of the books are ready today, and they will be delivered to the telephone office at once. Messrs. Kase-man and Fish have been very patient, but the delay could not have been avoided.

Julius Kaller, the well known clerk at the Economist store, who has been confined to the St. Joseph hospital on account of illness, is reported as convalescing.

Last night, Miss Margaret Jenks, at her home on Fruit avenue, entertained a number of young people. Cards, music, dancing and refreshments were the interesting features of the evening's entertainment.

Temperance Advocate in City.

Mrs. Mary E. Teats, national evangelist of purity, is in the city and under the auspices of the local W. C. T. U. will hold a series of meetings along temperance and reform lines. At the Lead Avenue Methodist Episcopal church, Wednesday evening, at 7:45, she will deliver a lecture upon the subject, "Progressive Civilization," or the "New Home of the New Century." Everybody invited to come out and hear this talented speaker who has a national reputation as one of the foremost orators of the country.

Two meetings for ladies will be held Wednesday and Thursday afternoons in the Lead Avenue M. E. church. The Wednesday afternoon subject, "The Ideal Home;" Thursday afternoon, "A Normal Purity Chart Lesson," followed by open parliament and question box. Young women especially invited to attend these afternoon meetings.

MRS. ROSS, Secretary.

THE BIG ONES.

(Concluded from page one.)

Professional engagement was in 1895 with the Springfield club of the Eastern league. In 1896 he was a member of the Roanoke team, of the Virginia league, from which Manager Wells secured him for the Richmond club, which joined the Atlantic league in 1897. Chesbro remained with Richmond until the middle of the season of 1898, when he was purchased by Pittsburgh. He made steady progress as a pitcher and has developed into a star of the first magnitude. His record in 1902 was twenty-eight victories and six defeats. He pitched thirty-two successive shut out innings during 1902. He is said to have signed with the New York American league team for 1903.

"Topsy" Hartzel, who is a great favorite in Albuquerque, and who leads the batting list for the champion Philadelphia Athletics, is also with the team. He played with the Albuquerque team during the fair last year, and it was his great hitting and daring base running which won the series for the local team.

The party numbers thirty with managers, players and several wives of the players. They will arrive from Las Vegas Friday night.

The line up given by O'Neill is as follows:

All-American—Catcher, Sullivan; pitchers, Bernhard, Mercer and Joss; first base, Davis; second base, Jimmy Williams; third base, Coughlin; short stop, Cross; left field, Harley; center field, Jones; right field, Hartzell.

Nationals—Catcher, Kahoe; pitchers, Chesbro, Tannehill, Donovan; first base, Beckley; second base, Ritchie; third base, Irwin; shortstop, Dexter; left field, Crawford; center field, Cooley; right field, Keeler.

The police court assumed a slight appearance of activity this morning after a season of quietness. Two drunks, one a cripple and the other liable to be, were disposed of according to the dictates of the law. One was given an hour to hit the road, and the other will be a guest at the city bastille for ten days.
