French Capture 18,800 Huns; Enemy Begins Retreat to North

Franco-American Troops Pound Lines Without A Stop and Kaiser's Reserves Are Not Able To Check Advance

By Associated Press.

LONDON, July 20.—FRANCE ANNOUNCES THAT HER TROOPS HAVE TAKEN 18,800 GERMAN PRISONERS SINCE THE COUNTER ATTACK STARTED.

LONDON, July 20.—GERMANS SOUTH OF THE MARNE HAVE SUFFERED A REPELLENT BY THE FRENCH AND ARE RETIRING TO THE NORTH, ANNOUNCES A REGENTS CORRESPONDENT.

By Associated Press.

WITH FRENCH ARMY IN FRANCE, July 20.—ENTENTE ALLIANCE'S FRONT TODAY ARE DRIVING BACK THE GERMANS ON THE 500 M. BANK OF THE MARNE AND ARE NOW APPROACHING THE RIVER EM-BANKMENT.

French Capture Eighteen Thousand Germans.

London, July 20.—The French Sommes front has been extended and the advanced line runs to Mont and southwest of Belfort. The number of prisoners has reached eighteen thousand and eight hundred.

French have advanced a thousand yards between Souain and Ach-des on the Rhineus front, and report progress near Forscy. The French advance averages one mile on a twenty-mile front which was made between yesterday and last night.

French Advance Not Yet Checked, London, July 20.—Further advances of French on the north and south of the Marne are reported, south of the Marne the French took Bois de Stoy and reached Front Binsen on the river. North of the Marne the French have captured Murfou and moved forward west of Persoy.

Official Figures on Distance of Franco-American Advance. By Associated Press.

Washington, July 20.—Official figures of the War Department, General March told the newspaper men, showed the maximum penetration by the French and American attack was ten miles and the on a 22-mile front. The attack is average penetration seven miles, still being pressed against heavy German reserves. American troops engaged are the First, Second, Third and Fourth regular divisions and the Twenty-sixth New England, Twenty Eighth Pennsylvania National Guards, and the "Rainbow" division stationed at Chaumont.

The embarkation of troops has now passed one million two hundred thousand.

Huns Crossing to Northward. On the French front, July 20. The Germans have been repelled and are crossing the Marne to the northward.

With American Army on the and Alise, July 20, 9:00 A.M., along the front of Allied counter, between the Alise and Marne, is being extended south toward Chateau-Thierry. Franco-Americans continue a steady pounding on the northern part of the line, near Vierzy, in the First Army, the movement is lacking the dash and advance of the first day. An attempt of the Germans to rally their forces has resulted in this strengthening of the opposition so as to indicate that the battle is approaching the point where the two armies will soon be locked in a giant struggle.

With Americans between the Marne and line, July 19, 9: Associated Press. Americans participating in the Franco-American advance late today of about a mile and a quarter on the Souassu-Chateau-Thierry front went forward against a strong machine gun fire over ground covered with German dead.

Paris, July 20.—Official statement yesterday and last night Franco-Americans continued to advance on the greater part of the front between the Alise and Marne. Vierzy was captured and American troops have zone beyond Huyerl Wood, east of Villers-Havier, which was conquered, as was Lertiguet. In the south Marne our troops drove back the Germans between Peron and Crayba and gained ground toward the Marne.

**We're with the boys, the soldier boys**

Across the briny sea—

We're with the boys, the soldier boys

As they fight for Liberty—

We're with the boys when they depart—

We're for the boys with throbbing heart,

With all the help we can impart—

With the boys across the sea.

We're with the boys, the soldier boys

As they wave Old Glory dear—

We're with the boys, the soldier boys

As they charge without a fear.

We're with the boys when bullets pour,

We're for the boys when cannon roar—

If battles rage from shore to shore—

With the boys across the sea.

We're with the boys, the soldier boys

In the hardships they endure—

We're with the boys, the soldier boys

Endless freedom to secure—

We're with the boys to answer the wrong—

We're for the boys to help the throng—

To save the world's redemption son—

With the boys across the sea.

**HE GOT THE RING FIRST**

Young Man Prepared for Wedding and Did Not Worry About the Girl.

Cleveland, O.—Here's a young man who believes in the efficacy of preparation.

With his young wife he appeared recently before Frank M. Kenney, chief clerk of local board No. 7 at Central armory.

"When did you buy the ring?" Mr. Kenney asked.

There was some discrepancy between the answers of the bride and the bridesmaid and the clerk pressed for an explanation.

---

"Well, Ya tell me the truth," the man replied. "Some years ago I bought a watch on the installment plan and when it was paid for I thought the idea was a pretty good one. I figured to myself that some day I might want to get married, and thought it wouldn't be a bad idea to get the ring on the same plan."

"You mean you got the ring and kept it in your pocket until the right girl happened along?" Mr. Kenney inquired.

"That's just it, mister," the youth replied, unabashed. "This is the right girl, and we've just got married."

COLLINS-LECK

Friday night, at the home of the bride's parents, on North快乐街, at 7:00 P. M., occurred the marriage of Miss Leona B. Collins youngest daughter of Mr. and Mrs. J. W. Collins.

Reverend Sallards pronounced the marriage, and the couple and the guests in the presence of only the family were present, at the con-

stituting ceremony, which was in the house.

These young people are both well known in Carlsbad and were raised in the bride being a graduate of Carlsbad High School with the class of 1910. A remarkable record of her school days is revealed at this time: an attendance of twelve years at school without a single mark for absence or tardiness is shown. Collins is one of the operators at the Central Tele-

phone company and is gaining experi-

ence.

Leona is a sober, industri-

ious man, clerking in the Lock

Greene store at the present time. She may safely predict success for the couple, as she was born with an unusual number of those qualities which guarantee happiness and a useful married life.

May their lives be full of loving service to others, to family and friends.

The insurance adjuster who was here from southwest last week made a trip of some 250 miles through the case of the Allison fire. The fire, which occurred on the Swigart ranch, was reduced by about sixty dollars and the insurance will be paid inside of thirty days.

A jolly crowd of Carlsbad folk turned up Thursday night and a good social time after-

coming, followed by Alex and daughter, Mr. and Mrs. W. M. Johnson, who were in the party. A small number present.

Attention is called to the pro-

per signatures of the boys who expect to leave Monday night for El Paso and the town tomorrow night and let the boys know what we think of their pa-

C. A. Crittles was an overnight visitor at the Crittles farm on his way to his home at Dallas, Texas, this morning.

Mrs. E. C. Williams and baby daughter left for El Paso yesterday afternoon, and left on another train this morning for Lov-

ligton.

Elsenberg and Matt Oheimus are here. They have some heavy kinds, copper, brass, iron, and anything which they believe will sell to any pur-

ations to ship away, but have not yet decided what to ship for the number of cars needed.

Off to take Naval Examination.

Charles H. Mattheus, Edmund Mahone, Elmore Jones, Everett Griswold, Fred Robinson, McKin-

ney and Hayes, the two last named being men of Carlsbad's fine young men, last night to take the preliminary examination for admission to the United States Naval Academy thisspring. The boys are likely to return this afternoon and those who pass will go to El Paso.

Carlsbad Entertainment is being plan-

ed for their benefit to be given by the Eddy County Free Press in Carlsbad tomorrow night. Comfort arrangements will be made and a short program will be held to present to Carlsbad so many of her young men away fighting for the country—not waiting to be drafted but who are volunteers. Not all can hope to be accepted. All credit is due to those who manifest themselves in a desire to do so.

Government Will Pay Insurance on Railroad Property.

Amtrak, Texas July 29.—The question has been raised regarding the payment of insurance against loss by fire during govern-

ment control. General Order No. 47, issued by the Director General of Railroads provides that the government will carry the risk. It is the present intention of the govern-

ment to insert in the proposed contracts with railroad companies appropriate provisions for the pur-

pose of placing the policy in the hands of the railroads in the event of fire during federal control, and it is believed these provisions will exclude all makes and models of equipment to be in force in insurance with railroad companies.

TANK CORPS GROWING

Recruits Arrive Daily at Gettysburg Camp.

Camp Call, Gettysburg, Pa.—The American tank corps school here is growing and developing. Recruits are still coming in and the men already here are being drilled to within an inch of their lives.

This is the primary discipline line and the physical drill which will fit the men for the strenuous life of a "tanker"-average. Twenty-mile hikes in heavy marching order are almost daily occurrences.

Although the work is hard, the men like it. They realize the need of this heavy drill kit and exercise. Negotiating the gray steel monsters over No Man's Land is distinctly not a job for a man whose muscles are not almost as hard as steel itself. And for an enervated civilian's muscles to become sufficiently hardened takes time and training.

The daily work, the fresh air, plenty of sleep and the excellent daily rations are doing wonders in producing a fine line of fighting men as can be found anywhere. The officers' school will be well filled indefinitely before August 7th. As fast as men complete the prescribed course they will take their place.

From now on all commissioned officers will be selected from the ranks. The tank corps is a progressive unit. Every man in it a bit of a bantam, but each a fighter and the work of training will move right along. New officers, trained simultaneously with the men, will command the disappearing battalion.

The foregoing statement was made by a representative of the Allies now in the United States.

Another representative of the Allies said recently:

"that the American packers have been of the greatest possible assistance to the Allies and have, by their efficient cooperation, contributed, in the utmost degree to the successful prosecution of the war."
