The Difference

The government builds the Honda reservoir on land worth $750 an acre and makes 10,000 acres worth a million dollars—that’s Federalism. These oil fellows invest a few hundreds and if they get enough oil will make more millions—that’s Capitalism. Governor Hayesman has asked us to vote on Statehood this fall and it will carry 9 to 1—that’s a Clock. A man looking for a home leaves here and goes to east Texas—that’s Foolishness. Nelson’s mechanism has sunk and cement worth $200 and build a $2,000 house out of it—that’s skill. The priver who sets this ad can write a check for $10,000 and it wouldn’t be worth $10 cent—that’s Tomp, step on a man’s corns and hell-hoctor—that Hum.

A smart man buys Roswell real estate and it doubles in value in a few years—that’s Business. People go to Col-
