GOING TO WORK

Mines Being Cleaned Up for Operating.

GOOD FEELING AMONG WORKERS

Mines Will be Running Full Capacity on Thursday.

A RAILROAD ACCIDENT IN ILLINOIS

Wilkesbarre, Pa., Oct. 22.—Thousands of men began work today, repairing the mines and placing the collieries in condition for the general resumption of coal mining, which will take place throughout the anthracite region tomorrow. Those men who are directly engaged in cutting and handling coal will not under the decision of the convention return to the mines until tomorrow. While there are thousands of men who are able to again begin earning their daily bread today, there were hundreds who were disappointed when they applied to the superintendents of collieries where they were formerly employed. They were principally steam men, engineers, firemen and pump runners, who struck on July 2 for an eight hour day and also to help the miners win their battle. These men wanted their old positions back, but in many instances the company officials refused to discharge those who stood by them during the strike. The strikers feel that a majority of these workmen will gradually be dismissed and the more competent men engaged.

President Mitchell today began the work of preparing the miners side of the case for presentation to the arbitration committee. He will be the leading representative of the workmen before the tribunal and will gather around him such experts in anthracite mining as will be necessary to properly present his side to the commission.

Anxious to Work.

Pottsville, Pa., Oct. 22.—The striking miners are ready and eager to return to work now that the strike is declared off, but several of the collieries in the Schuylkill Hill region are not in condition to resume full handed and some workmen will be obliged to wait for several weeks before they can be reinstated. It will require some days too to clean up the gangways at the mines that are fit to be operated before any quantity of coal can be shipped.

Will Abide Decision.

Hazleton, Pa., Oct. 22.—John Markel, an independent coal operator, today made the following statement:

"There seems to have been a question as to our position regarding the arbitration commission. We will abide by the decision of that commission under conditions set forth by the presidents of the large coal corporations."

Railroad Accident.

Cairo, Ill., Oct. 22.—A big four passenger train, made up of a baggage car and two passenger coaches, plunged through a burned trestle between Tunnel hill and Parker last night. The engine and baggage car landed fifteen yards below in a ravine, while the coaches left the track and slid down the embankment and turned over. The forty passengers escaped with only slight injuries.

Denmark Refuses to Sell Islands.

Copenhagen, Oct. 22.—The land-thing today rejected the second reading of the bill providing for the ratification of the treaty between Denmark and the United States in the cession of the Danish West Indies to the latter country. The vote stood 32 to 32, a tie. The announcement caused great excitement in the house and demonstrations on the part of the spectators.

Dead.

Lawrence, Kas., Oct. 22.—Wm. C. Spangler, acting chancellor of the University of Kansas in 1899 and 1890 and again from 1900 to 1902, died this morning of consumption.

Dear Sir:—Please allow me on behalf of the fair association to express to you the entire satisfaction with the manner in which your organization carried out its part of the fair program. From every side came the highest compliments, not only as to the music rendered, but also the appearance and gentlemanly conduct of your members. I am sure your organization ought to feel highly flattered at the reception their efforts met with all through the week of carnival.

WINTER SPORTS.

University Boys and Girls Organize by Electing Officers.

FOOT BALL GAMES.

The board of control of the University of New Mexico met yesterday and elected officers for the various athletic organizations.

Morris Bowie was elected captain of the football team; Louis Becker, manager, and Professor Waiger, coach. Miss Kate Cunningham was elected captain of the basketball team and Louis Becker manager.

The organization of the football team will be commenced at once in order that the team will have advantage of many practice games before any games are made with some of the teams in the territory, who have already had considerable practice.

Cannon and Capt. Bowie, of last year's team, have signed for this year and the team has been strengthened by the signing of the great high school full back, Anderson, who promises to be one of the star players.

Grover Strong, one of the boys who did some strong work last year, will not be able to participate on account of having met with an accident in the early part of the season. It is with some regret that Strong will not be in the line up. However, his knowledge of coaching will be appreciated by the boys.

A challenge from the Santa Fe Indian school was received yesterday. No doubt the boys will accept the challenge and give the Indians a hot game.

Although the line up has not been formed there is plenty of good material to select from, leaving many good men on the bench. The boys are confident of an exceptionally good showing this year.

Bishop Consecrated.

New York, Oct. 22.—The twenty-first council of the New York and Philadelphia Synod of the Reformed Episcopal church met here today and consecrated the Rev. Dr. William T. Sabine, pastor of the First Reformed Episcopal church of this city, to the episcopate. Dr. Sabine was recently elected to the bishopric to succeed the late Bishop Latine. He was formerly a priest in the Protestant Episcopal church in this diocese, from which communion he withdrew, because he thought the Anglican Communion was leaning too much toward the church of Rome.

Philadelphia, Oct. 22.—The card provided by the Penn. Aca. club for its regular weekly boxing show tonight has scheduled for the wind up a six round go between Benny Yanger, the "Tip-top Slasher," and Tim Callahan, of this city. Both fighters are of the rough and ready, hard hitting type and local followers of the game are looking forward to a rattling contest.

No court festivities were held in observance of the anniversary but her majesty was the recipient of numerous presents and congratulatory messages from the various courts of Europe.

HONORS FOR CARNEGIE.

His Native Land Proud of His Remarkable Career.

St. Andrews, Scotland, Oct. 22.—Andrew Carnegie was today formally re-installed as rector of St. Andrews university in the presence of a large and brilliant assemblage, over which Principal Donaldson presided.

Mr. Carnegie's rectorial address consisted of a lengthy study of the comparative growth of the nations in the paths of industrial ascendancy with a striking commentary of their future. His speech was replete with notable statistics and important economic prophecies. Perhaps the most remarkable feature was an appeal to Emperor William to use his influence toward the eventual creation of the United States of Europe under the form of a political and industrial union. In this way alone, Mr. Carnegie declared, can Europe conquer the foreign markets or repel the American invasion.

MYSTERIOUS CASE.

Death of a Washington Woman from a Mysterious Assault.

Washington, Oct. 22.—After hovering between life and death since last December, Mrs. Ada Gilbert Dennis, the victim of one of the most mysterious assaults in the history of the District of Columbia, died at the Garfield hospital today. With her death the last hope of the solution of the mystery has disappeared. Mrs. Dennis came here from Gettysburg, Pa., and married Walter Dennis, a Washington actor. She was found December 10 insensible on her bed with her skull crushed. Various theories are advanced as to the motive of the crime, but no definite clue was ever obtained. She never recovered sufficiently to talk rationally.

DISTRICT COURT.

Frederick F. Fisher Gets \$5,000 Damages in Suit Against Cochiti Gold Mining Company.

OTHER COURT MATTERS.

The district court was engaged all day yesterday in trying the case of Frederick F. Fisher against Cochiti Gold Mining company. The plaintiff was suing for \$25,000 damages for injuries sustained by reason of plaintiff becoming entangled in the machinery of the defendant's mill. The machinery in the mill is alleged to have been imperfect. The evidence given by the plaintiff showed that he was employed in the capacity of carpenter, and was ordered to repair a chute in the mill, which necessitated his standing close to a shaft revolving at a rate of 150 revolutions per second. In performing this duty the plaintiff's trousers became entangled in a protruding clamp, above the shaft, which wound the plaintiff about the shaft, tearing the skin from his right leg from the ankle to the hip, breaking the leg and bruising his back, and from which injuries he claimed to have been crippled for life, and to have been prevented from following his vocation as carpenter. The plaintiff showed that the clamp used on the shaft was an unusual and crude one, and that by reason of the poor light in that part of the mill and the rapidity of the revolving clamps, the plaintiff was prevented from acquainting himself with the dangers of the place, to which he was sent to work.

The defendant endeavored to show contributory negligence of the plaintiff but all such evidence was ruled out under the state of the pleadings and the defendant's case was limited to an effort to show that the clamp used was the ordinary clamp used about such machinery, and that the place in which the plaintiff was sent to work was reasonably safe and was an ordinary hazard assumed by such an employee.

The jury took the view of the case as presented by the plaintiff and this morning returned a verdict for \$5,000. Mr. Field represented the plaintiff, and Mr. Childers the defendant.

The case of Meliton Garcia against A. Chaostony was on trial this morning. The case involved the right to the possession of an unclaimed tract of land at Corrales. After progressing some time the plaintiff discovered that his theory of the case was not sound. And by leave of the court he suffered a non-suit. Gillett for plaintiff, and Field for defendant.

The case of Anna M. Aldrich against City of Albuquerque, in a suit of \$10,000 for damages sustained to property during erection of viaduct, is being tried today.

Henry Kempenich is in the city, after a visit to his parents, Abraham Kempenich and wife, at Peralta. Henry will go to Holbrook tonight, where he is employed at Schuster's general merchandise store.

SAMOAN CLAIMS

Decision of Arbitrators Not Acceptable to America.

BODY OF JIM YOUNGER BURIED

Annual Session of Georgia Legislature Convenes at Atlanta Today.

GOAL STRIKE ARBITRATORS ACCEPT.

Washington, Oct. 22.—Intimation has been received here that King Oscar of Sweden, who is acting as arbitrator of the issues between the United States, Germany and Great Britain, growing out of the Samoan rebellion of 1899, will decide the facts presented to him in briefs of counsel, which have been pending for nearly a year, which warrant him in proceeding to assess the damages sustained by foreign residents of Samoa as a result of the landing of the combined force of American and British sailors and marines and destruction of property incident to the ensuing fight with the rebels. By the terms of the treaty under which the three powers agreed to submit these claims to arbitration the arbitrator was first to declare whether the Americans and British were at all liable for damages and if so he was to determine the amount of that liability. He has, it is understood, concluded to decide the first question in the affirmative, though it is stated here that no official notice to that effect has yet been conveyed to our government. It is not the amount of money involved in this approaching decision of the arbitration that concerns the government of the United States, but rather enunciation of the principle which if accepted as a precedent would be unacceptable and would seriously restrict the assertion of American rights in foreign countries in case of revolution or rioting, jeopardizing the lives and property of our citizens so that it would amount to total withdrawal of protection. This can never be admitted and so it may be positively stated that while the United States government will accept the arbitration loyally and pay any damage assessed against it, it will utterly refuse to be bound by such principle or to recognize it as establishing a precedent.

THE FORGER.

Known as James M. McDaniel Alias J. G. Stewart.

THE FORGER.

A FEW INTERESTING FACTS.

James N. McDaniel, alias J. L. Stewart, who was arrested yesterday, charged with forgery, had his hearing this morning in justice court. He waived examination and was bound over to the grand jury under a bond of \$1,000.

Two more checks, the work of McDaniel, turned up this morning. One was for \$2.25, payable to J. N. McDaniel, signed J. L. Stewart, which was cashed by Owen Dinsdale. The other was for \$3.25, payable to J. L. Stewart, signed L. H. Sims, cashed by the Blanchard Meat & Supply company.

McDaniel is a very good penman, being able to write a signature that in no particular resemble each other. He evidently has been well educated and trained in his youth. From letters found on his person written to his mother, he tells of his wrong doings, and makes solemn promises to reform.

No doubt his people are well-to-do, as his father's card, F. P. McDaniel Packing company, La Jara, Colo., which appeared on some of the envelopes, has the appearance of a well established business house.

McDaniel's personal appearance is nothing extra, yet his clothes were at one time of a stylish pattern. But now they show the effects of a life of dissipation.

The checks forged by McDaniel are all for small amounts, \$8 being the largest, but forging for small amounts brings the same penalty as large sums.

S. Krifels, who is now running the old Sullivan place on First street, cashed two of the checks yesterday. He filed complaint this morning. McDaniel claims to have obtained possession of the checks in a poker game. The frequency and complicated manner in which the names McDaniel and Stewart are used is very confusing. Even McDaniel himself become perplexed and made a blunder in an endorsement which was very noticeable, and should have given warning that there was something wrong, yet the check was cashed just the same. The check in question was payable to James N. McDaniel, signed by Stewart. In indorsing he had the name Stewart almost written when a finger was drawn over the signature, blotting it out, but not effacing it so that it was not legible. Just below this in a different hand the name McDaniel was written. He apparently was an expert in imitating handwriting, but his knowledge of checks was lacking in many important details.

Mrs. Berry wishes to inform her pupils that tomorrow evening at 8 o'clock she will resume her dancing class at orchestra hall and after the lesson hours there will be a fine social dance, 35 cents a couple.

Did you ever notice how happy John Philip Sousa has always been in the choice of titles for his marches and the aptness with which those same

titles fit many current events? During his visit here, Prince Henry, of Prussia, was constantly greeted with the strains of Sousa's "Lands Across the Sea," certainly a fraternal salutation. This same march was especially requested by King Edward VII, when Sousa played his famous royal concert. "The Stars and Stripes Forever" is a feature of every patriotic celebration and is always greeted with prolonged applause, indicating that the stirring melody is rapidly assuming the dignity of a "national" march. Sousa's "The Invincible Eagle," is a paean of triumphant Americanism and never fails to arouse an audience to enthusiasm. The title of the latest march, "Imperial Edward," received not only the royal approval of King Edward VII, but was favorably commented upon by the London papers. The Sousa marches and the Sousa concerts have the same characteristic spontaneity and dash, and are alike refreshing to the hearer, so it is a pleasure to know that the "March King" is to bring his band here for a concert at Colombo hall on Thursday, October 30.

Mrs. W. N. Parkhurst and her bright little son arrived last night from New York City, and are the guests of Mr. and Mrs. A. J. Maloy.

Washington, Oct. 22.—Acceptances have been received by the president from all the members of the coal strike arbitration commission. Each one has indicated his intention of being present at the preliminary session of the commission to be held here on Friday morning.

Will be at Colombo Hall on Thursday, October 30.

A Quart Baby.

Now and again there is an item in the newspapers concerning the birth of a puny baby so small that a quart cup holds it comfortably. If the article told all the facts it would probably tell also of a mother who in weakness and misery had looked forward to the baby's advent with shrinking and fear.

To have fine, healthy children the mother must be healthy, and it is the common testimony of mothers that the use of Dr. Pierce's Favorite Prescription not only promotes the mother's health but also gives her strength to give her child.

"Favorite Prescription" accomplishes these results by tranquilizing the nerves, promoting a healthy appetite, and giving refreshing sleep. It increases physical vigor and gives great muscular elasticity, so that the baby's advent is practically painless. It is the best of tonics for nursing mothers.

I gladly recommend Dr. Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, of Mila, Northumberland county, Va. "Before my third little boy was born I took six bottles. He is the finest child and has been from birth, and I suffered very much less than I ever did before. I unhesitatingly advise expectant mothers to use the 'Favorite Prescription.'"

This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Feel cold shiverings, aching in the bones, lack of energy, headache, and great depression? These symptoms may be followed by violent headache, high fever, extreme nervousness, a condition known as malaria. Herbine cures it. Take it before the disease gets a fair hold, though it will work a cure in any stage. J. A. Hopkins, Manchester, Kansas, writes: "I have used your great medicine, Herbine, for several years. There is nothing better for malaria, chills and fever, headache, biliousness, and for a blood-purifying tonic, there is nothing as good." 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

Chamberlain's Cough Remedy Saved His Boy's Life.

"I believe I saved my (nine year old) boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hoppe, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by all druggists.

BOTH LEGS CUT OFF.

Jerry Sullivan, of Raton, Slipped as He Stepped on the Train at Starkville. Jerry Sullivan, a machinist's apprentice in the shops at Raton, had both legs cut off by falling under a train at Starkville. He slipped as he was stepping on the train and the wheels passed over both legs above the knees.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Texas, "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at all druggists.

BURNED TO DEATH.

Two Little Children Were "Playing House" and Built a Fire to "Cook Dinner."

The two children of James Scott, who lives about ten miles from Portales, were burned Saturday so badly that they died Sunday night. The chil-

Children were 2 and 6 years old, and were out in the yard playing "keeping house." An old dry goods box served as the house, and in it the children built a fire to "cook dinner." Their clothing caught fire, and before their parents could reach them both were enveloped in flames.

Theodore Roosevelt on "The Presidency."

Before his nomination for the vice presidency Theodore Roosevelt wrote expressly for The Youth's Companion an article on "The Presidency." It will be published in the number for November 6th, this being one of the remaining weekly issues of 1902 sent free from the time of subscription to every new subscriber who at once sends \$1.75 for The Companion's 1903 volume. When this article on "The Presidency" was written no one could have foreseen or dreamed even that its author would so soon be called upon to take up the duties of the great office. For this reason what Mr. Roosevelt has to say possesses extraordinary interest, and will be eagerly awaited by persons of all shades of political opinion.

A twenty-eight page prospectus of the 1903 volume of The Youth's Companion and sample copies of the paper will be sent free to any address.

RHEUMATISM

CANNOT BE RUBBED OUT

But a good liniment or plaster will often give temporary relief because it produces counter irritation or reduces the inflammation and soreness. But no sort of external treatment can have any effect whatever upon the disease itself, for **Rheumatism is not a skin disease**, but is due to an over acid condition of the blood, and the deposit of irritating matter or Uric Acid salts or sediment in the muscles and joints, and no amount of rubbing or blistering can dislodge these gritty particles or change the acid blood. Rheumatism often becomes chronic, and the muscles and joints permanently stiff and useless and the nervous system almost wrecked, because so much time is lost in trying to cure a blood disease with outside applications or doctoring the skin.

Rheumatism must be treated through the blood, and no remedy brings such prompt and lasting relief as S. S. S. It attacks the disease in the blood, neutralizes the acid, and removes all irritating or poisonous substances from the system.

S. S. S. strengthens and enriches the thin acid blood, and as it circulates through the body, the corroding, gnawing poisons are dislodged and the muscles and joints, and the sufferer is happily relieved from the discomforts and misery of Rheumatism.

External remedies are all right so far as they go, but they don't go far enough, and you can't depend upon them to do the work of a blood purifier, and those who pin their faith to liniments and plasters are bound to meet with disappointment, and will be nursing a case of Rheumatism the greater part of their lives.

S. S. S. is a purely vegetable remedy, does not contain any Potash or mineral of any kind, and can be taken with safety by old and young.

Rheumatic sufferers who write us about their case will receive valuable aid and helpful advice from our physicians, for which no charge is made. We will mail free our special book on Rheumatism, which is the result of years of practical experience in treating this disease. It contains in a condensed form much information about Rheumatism.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

SAN MIGUEL REPUBLICANS.

They Nominate a Strong Ticket--An Enthusiastic Convention.

OTHER LOCAL HAPPENINGS.

Special Correspondence.

Las Vegas, N. M., Oct. 22.—The republican county convention was called to order in the court house by Hon. Eugenio Romero at 10:20, and the following were made temporary officers: Eugenio Romero, chairman; A. T. Rogers, Jr., secretary, and E. H. Salazar, interpreter.

The hall was beautifully decorated with flags and the Las Vegas band furnished patriotic music, raising the enthusiasm to a fever heat.

F. B. Forsythe, Esteban Gutierrez, Pablo Ulibarri, Albino Gallegos and David Urrutia were next appointed a committee on credentials.

A communication from the territorial central committee was next read, giving Las Vegas October 31st as the date for a speech by Delegate Rodey.

The resolution, permanent organization and rules committee were next appointed and the convention adjourned at 12:30 until 2:30 in the afternoon.

The convention was called to order in the afternoon at 3 o'clock and Eugenio Romero was made permanent chairman; W. W. Wallace and Jose G. Alarcon, vice presidents; secretary, A. T. Rogers, Jr.; assistant secretary, Ignacio Lopez; interpreters, E. H. Salazar and Patricio Gonzales.

The various committees next reported and ringing resolutions were adopted.

The death of William McKinley was deplored; the Philadelphia national platform, President Roosevelt, Governor Otero, Delegate Rodey and the county administration were endorsed.

The nomination of officers was next proceeded with, and the following were nominated before the convention took a recess until 7 o'clock in the evening to complete the work.

Councilmen, Hon. Charles A. Spies and J. S. Duncan; sheriff, Cleofas Romero; probate clerk, Pablo Jaramillo; commissioner second district, Roman Gallegos; commissioner third district, A. T. Rogers; treasurer and collector, Eugenio Romero, Las Vegas; assessor, J. Santos Esquivel, Las Vegas; probate judge, Severo Baca, Los Alamos; superintendent of schools, Jesus Maria Quintana, of Cerito; representatives, William H. Coleman, East Las Vegas; Gregorio Gutierrez, Tecolote; Zacarias Valdez, Las Vegas; surveyor, Alejandro Frequez, San Ignacio. Emblem of flag.

The cavalry company will present shortly the play "The Girl I Left Behind Me."

C. E. Mead has arrived here from San Marcial and has accepted a position with the Winters' Drug company. It is no trouble to get up a large republican meeting in Las Vegas. This was demonstrated last night, when in a short time a rousing meeting was arranged for the court house last night. Jose Felix Esquivel was made chairman and Ramon Gallegos and Dionisio Castillo vice presidents. Zacarias Valdez was made secretary and Ignacio Lopez assistant secretary. Some of the best speeches made yet this campaign were made by Hon. Eugenio Romero, Charles A. Spies, Felix Garcia, of Chaperito, Susano Montano, Benigno Romero, Manuel Gonzales and Felipe Maes. Others also spoke, and the time up to 10:30 was spent enthusiastically

candidates, and the program is for a united meeting later, which will be turned into a ratification.

Col. Marcus Brunswick went down to Albuquerque today for a visit and to attend to some business matters.

W. R. Roalfe and wife arrived here this afternoon from Mexico City for a visit with C. C. Glise and wife.

The meeting of the Young Men's Republican club has been changed to Saturday night, and there will be a program and a dancing meeting at the city hall.

VACCINATION AND DANDRUFF.

There is no sure proof of baldness as there is of smallpox.

It is now ascertained that vaccination renders the vaccinated person exempt from smallpox; or at worst, he never has anything but the lightest kind of a case. Now as sure a preventive and cure for dandruff, which causes falling hair and baldness, has been discovered—Newbro's Herpicide. It kills the dandruff germ. C. H. Reed, Victor, Idaho, says: "Myself and wife have been troubled with dandruff and hair falling for several years. We tried remedies without effect until we used Newbro's Herpicide, two bottles of which cured us." Hundreds of similar testimonials. Send 10 cents in stamps for sample to The Herpicide Co., Dept. "F," Detroit, Mich.

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000
pounds. We wish to double that in 1902, and in order to do so we are
offering the very best grades of coffee on the market at 40 cents per
pound. We are sole agents for CHASE & SANBORN'S celebrated Seal
Brand and Club House. We also have a full line of blended coffees
at prices to suit from 20 cents up. Our 35 cent blend we consider equal
to the most of the 40 and 45 cent grades offered by the trades.

As to teas. Everyone knows that we keep the very best to be had
in the territory.

INTERESTING LODGE NOTES.

The Grand Lodge of Ancient, Free
and Accepted Masons, in meeting at
Santa Fe, was called from refresh-

session at 10 o'clock yesterday fore-
noon, Grand Master A. H. Harlee pre-

subordinate lodges. Executive busi-
ness was transacted and at 11 o'clock
yesterday morning the following officers
for the ensuing Masonic year were
elected:

master; Dr. J. C. Slack, Clayton, de-

o'clock was again called to labor, at
which session, after disposing of exec-
utive business only of interest to the
order, the elected grand officers were
installed with the exception of Grand
Master E. A. Cahoon, who was un-
avoidably absent on account of the very
serious illness of his wife, and who
will be installed later by a special de-
puty grand master.

Subordinate officers were also ap-
pointed and installed. The following is
a complete list: Dr. J. C. Slack, deputy

Notes and Incidents.

of Masons of New Mexico consists of
1,166 Master Masons, an increase of
100 over 1901. This is a very gratify-
ing showing to the Masonic fraterni-
ty.

The present session of the grand
lodge of Masons is one of the most
largely attended and interesting in the
history of the grand lodge, so says the
representatives in attendance.

Natural Anxiety.

Mothers regard approaching winter
with uneasiness, children take cold so
easily. No disease costs more little
lives than croup. Its attack is so sud-
den that the sufferer is often beyond
human aid before the doctor arrives.
Such cases yield readily to One Min-
ute Cough Cure. Liquidifies the mucus,
allays inflammation, removes danger.
Absolutely safe. Acts immediately.
Cures coughs, colds, grip, bronchitis,
all throat and lung trouble. F. S. Mc

of Master Mason upon Surveyor Gen-
eral Morgan O. Llewellyn, and which
was presided over by members of the
grand lodge now in session in Santa
Fe, was largely attended, seventy-five
members of the fraternity being pres-
ent. It was a representative body of
Masons, and the excellent manner in
which Acting Worshipful Master W.
H. Seamon conferred the degree was
much complimented by those in at-
tendance. After the degree the lodge
was called from labor to refreshment,
and all present enjoyed a lunch con-
sisting of salads, sandwiches, coffee,
etc., waiters of the Palace hotel being
in attendance.

Hon. C. F. Easley, as chairman of
the committee on entertainment, in open
lodge Monday evening, extended a
pressing invitation to all members of
the Masonic fraternity now in the city,
not only the members of the grand
lodge, but all members of the local
lodge and visiting Masons, to be pres-
ent at the banquet at the Palace hotel
at 9 o'clock Tuesday evening.

The Masonic fraternity feels itself
under obligations to Brother T. J.
Alein for the use of his suite of front
rooms adjoining the Masonic hall
which he very kindly tendered the
body to be used for committee meet-
ings, etc.

Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of peppin and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well.

It can't help but do you good.

The 51 bottle contains 24 times as much (actual measurement) as the trial size which sells for 50c. Prepared by E. C. DeWitt & Co., Chicago. Sold by all dealers.

DeWitt's Witch Hazel Salve A soothing, healing application for piles, sores and skin diseases. Beware of counterfeits.

NEW MEXICO TOWNS

SANTA FE.

From the New Mexican.

Antonio Baca is reported as critically ill and but slight hopes exist for his recovery.

Mrs. Eusebio Encudero has been quite sick for several days at her home near the Presbyterian church.

Proofs of the governor's report to the secretary of the interior have been received at the executive office from the department at Washington.

John P. Victory received notice that he had been placed upon the United States pension rolls for \$6 per month because of partial deafness.

Set to revive judgment to recover \$19,783.17 and costs were filed in the district court for Santa Fe county by the First National bank of Santa Fe, New Mexico, vs. John H. Knaebel, of Denver.

Mrs. R. H. Bowler, who has been visiting in Albuquerque during the last week, has returned home. She was accompanied by her brother, Charles L. Thayer, Jr., who is from Nacozari, Sonora, Mexico, where for the past year he has been employed as book-keeper for the Mochizuma Copper Co. He will remain here for several weeks visiting his parents.

It Goes Right to the Spot.

When pain or irritation exists on any part of the body, the application of Ballard's Snow Liniment will give prompt relief. "It goes right to the spot," said an old man who was rubbing it in, to cure rheumatism. C. R. Smith, Proprietor, Smith House, Tenaha, Texas, writes: "I have used Ballard's Snow Liniment in my family for several years, and have found it to be a fine remedy for all aches and pains, and I recommend it for pains in the throat and chest." 25 cents, 50c and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe.

ALAMOGORDO.

From the News.

Prof. Skeats, of El Paso, was visiting Alamogordo investigating the probable cause of many of the cottonwood trees dying.

W. E. Warren arrived with his family from their Texas visit. While away Mr. Warren visited Cisco, Dallas and Gilmer.

Dr. Bryan and wife returned from Kansas City, where the doctor went to meet with the board of western physicians.

Arthur Thomas Chant and Miss Ethel Wallocks were married at the home of the groom's parents Wednesday evening, Rev. Mr. Conklin uniting the holy bonds.

The majority of the typhoid fever cases at our hospital have been sent up from El Paso. The cases originating here are generally from cheap and poorly kept boarding houses.

Major Llewellyn informs us that The White Mountain Irrigation company will soon commence operations at Temporal, above Tularosa, building their reservoirs. Plans have been prepared and filed as required by the United States and territorial laws.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

GALLUP.

From the Republican.

The telephone line between Gallup and Fort Wingate is now working in good shape.

Bear are becoming quite gentle in this neighborhood. Mr. Hight killed a fat one this week in the hills just east of the town limits.

Agent B. L. Holmes, of the Santa Fe, accompanied by his wife, went to the Fair City last Thursday morning. While there Mr. Holmes was made acquainted with the inner doings of the Shriners degree of Masonry.

D. D. Graham has been promoted to the position of bonded superintendent of the Zuni school. Superintendent Ralph Collins, of Albuquerque, was out there recently and turned over to Mr. Graham all the property and relinquished all his authority over the Zuni pueblo.

We have it on excellent authority that \$125,000 have been set aside to build new quarters and make other necessary repairs at Fort Wingate. The money being set aside, the work will probably begin at any time. Sixty thousand dollars have also been appropriated for the erection of new school buildings at Zuni pueblo.

The republican central committee of this county has made arrangements to have a good speaker here on the 25th inst. to address the people on the issues of the day. Hon. Bernard S. Rodey will be here the 2d or 3d of next month to speak to the people of Gallup and vicinity.

Friday morning, about 2 o'clock, Frank Ewing, son of W. F. and Ada Ewing, passed to that bourn from whence no traveler returneth. The young man was taken down about four weeks ago with an attack of typhoid fever, and everything that medical aid and loving hands could minister was done, but to no avail.

Gallup fared quite well at the session of the grand lodge of Odd Fellows at Socorro. Grand Secretary Alex. Bowie was elected grand warden, and Past Grand Master John C. Spears was elected representative to the sovereign grand lodge for the two-year term. Brother W. A. Kremer was appointed a member of the judiciary committee.

Beautiful Complexions.

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion; 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

SAN JUAN COUNTY.

Farmington.

From the Times.

Juan N. Jaquez, of Blanco, was in town and he says things are looking all right in his precinct.

O. C. Walker has been enclosing the working quarters of the office force of the Hyde Exploring Expedition, preparatory for winter.

Miss Letta Hays was confined to her home with an attack of tonsillitis for a few days the fore part of the week, but is now able to attend to school duties.

Work was commenced on the Presbyterian parsonage this week. E. K. Hill is doing the stone work for the foundation. Baughman will do the brick work and D. W. Tice the carpenter work, he having the contract for the entire work.

From the Hustler.

The first brick business building on Main street was built by R. G. Graf, in 1893. It is now being torn down and on the site Graf & Johnson will erect a new brick block, 41 by 70 feet, two stories high.

Mrs. Harry Allen returned on Saturday's stage from her visit to Dayton, Ohio. She left her husband very much improved in health, but he will probably remain in Dayton until spring. Mrs. Allen opened the primary grade of our schools Monday morning.

The residents of Elite school district No. 23, (heretofore known as Hood postoffice), are building a fine new brick school house which will shortly be ready for occupancy. Messdames Bluck and Hubbard are largely responsible for the enterprise, they having devoted much time to soliciting subscriptions from the surrounding neighborhood.

C. W. Campbell has been awarded the contract for the new town hall for \$2,690, the hall to be completed in 90 days. It will be a two-story brick.

ALLURING COFFEE.

Nearly Killed the Nurse.

When one of the family is sick, mother seems to be the only person who can tenderly nurse the patient back to health. But we forget sometimes that it is pretty hard on mother.

Mrs. Propst, of Albany, Ore., says: "About twenty-seven months ago, father suffered with a stroke of paralysis, confining him to his bed for months, and as he wished mother with him constantly, his care in a great measure fell to her lot. She was 74 years old, and through constant attendance upon my father, lost both sleep and rest, and began drinking coffee in quantities until finally she became very weak, nervous and ill herself."

"By her physician's order, she began giving father both Postum Food Coffee and Grape-Nuts, and in that way began using both herself. The effect was very noticeable. Father improved rapidly, and mother regained her strength and health, and now both are well and strong. Mother says it is all due to the continued use of both Postum and Grape-Nuts."

structure with iron columns, lintel and sill in front, capped with a galvanized iron cornice. The lower floor will be divided into a hose cart house, two office rooms and a large hall. The upper floor will contain a large room for clerk's office and council meetings, a large hall with ante rooms for lodge purposes.

Aztec.

Work has commenced on the new store building and hall to be erected by J. T. Green and others in Aztec. It will be two stories high and a good and substantial building.

The brick residence building being erected by J. D. Thomas on his lots in Aztec is a very neat one. C. T. Brown is doing the brick work, and the building is one which would be a credit to any residence community.

The committee appointed by the republican convention to attend to the filling of any vacancies on the ticket, met in Aztec Wednesday to name a candidate for sheriff in place of the late Percy Starr. The committee consists of F. V. Williams, H. H. Knowlton and C. M. Tonkinson. After discussing the situation, J. H. Elmer, of Farmington, who is now conducting a store at Largo for the Hyde company, was selected to make the race.

Do not Expect Miracles.

If a cold, long neglected, or improperly treated has clutched you by the throat, you cannot shake it loose in a day, but you can stop its progress and in a reasonable time get rid of it altogether, if you use Allen's Lung Balsam. There is nothing like this honest remedy for the bronchitis, asthma, and other affections of the air passage.

SOCORRO.

From the Chieftain.

Mrs. C. T. Brown has returned from an extended tour of Mexico.

Not less than 300 tickets to Albuquerque were sold at Socorro during the fair.

Joe Greenwald left for Kansas City where he expects to remain for several months.

An eleven pound boy arrived to gladden the hearts and home of Mr. and Mrs. H. Chambon on Wednesday evening.

Mrs. E. Dixie Quinlan and family are now in Albuquerque, where they expect to reside indefinitely.

Samuel Meek is attending to business in the collector and treasurer's office during the stirring times of the political campaign.

Prof. C. L. Herrick was in town from Magdalena. He is now interested in some mining properties in the Kelly camp that are said to be paying quite well.

C. B. Allaire, who was in town the first of the week, reported that Miss Wentworth and Miss Vigil are giving excellent satisfaction as teachers in the San Antonio schools.

Wm. P. Sanders and Miss Maggie Gardner were quietly married Wednesday afternoon at the home of the bride near Magdalena. The young people belong to well known and highly respected families and begin their wedded life with the best wishes of a large circle of friends and acquaintances. The groom is the son of Mr. and Mrs. Wm. Sanders and the bride is the daughter of Mr. and Mrs. Wm. Gardner, all living near Magdalena.

The happy pair were in Socorro on Thursday afternoon on their way to Albuquerque to enjoy the festivities of the fair, after which they will return to the ranch near Magdalena, where Mr. Sanders is extensively engaged in the stock business.

He rejoices when a good rubbing with Perry Davis' Painkiller drives the stiffness out and brings the freedom of motion back. No wonder our grandfathers believed heartily in this beneficial liniment. There is but one Painkiller, Perry Davis'.

SAN MARCIAL.

From the Bee.

Mr. and Mrs. Harry Crawford were further blessed by the arrival at their home of a little girl on October 10.

Mrs. H. H. Howard represented the Bee at Albuquerque on Wednesday in the company of Mr. and Mrs. J. R. Nibbet. They report a big crowd and splendid sport.

Mrs. John Moore is home from a pleasant visit to her mother, Mrs. D. A. Shope, at Winslow. Mr. and Mrs. Moore now occupy the handsome Shope residence at the foothills.

The W. H. Martin company of Rosedale put a force of men at work on their mine last Tuesday. Their mill will be started up and kept running right along in a short time. This is good news for the camp and San Marcial as well.

While at Socorro Mr. A. Schey appeared before the board of county commissioners and secured an appropriation of \$100 to be applied to cutting away the bluff and widening the wagon road leading to San Antonio, at a point about five miles from San Marcial. The money will be deposited with Banker J. Broyles for that purpose.

Albert L. Green, an assayer of experience, arrived from Colorado with a complete assaying outfit. He has located at Rosedale and is prepared to attend to all orders in his line. For sixteen years he was in Boston, Mass., in the offices of W. French Smith, Ph. D., state assayer, and Henry Carmichael, Ph. D., analytical and consulting chemist; two years in the mines of Clear Creek county, Colorado, and is experienced in the amalgamating, chlorinating and cyaniding of ores.

A Kick Well Taken.

For some reason or other the Topeka and Albuquerque exchanges, in mentioning Division Master Mechanic A. B. Todd, of this division, speak of him as having his headquarters in Albuquerque and being in that division, says the San Bernardino Sun. This is objected to on the ground that Mr. Todd is well liked by the men here, and the citizens who have met him, in consequence of which, if the eastern papers wouldn't mind, they might hereafter remember that all good men do not reside in the sacred limits of their respective cities, and just register Mr. Todd from San Bernardino, Cal.

WHOLE CREW WAS JAILED.

El Paso & Southwestern Men in Trouble at Agua Prieta, Mexico.

Further details of the recent killing of one Mexican and crippling of another in the yards of the Nacozari railroad at Agua Prieta have just reached this city, says the El Paso Herald.

A railroad man returning from there who was in Douglas at the time of the trouble, stated to a Herald reporter this morning that the El Paso & Southwestern switch crew at Douglas were taking a string of box cars over to the Mexican side, where they were to be placed on a side track, when, after crossing the international line and while going at a lively clip, they ran into two drunken Mexicans who were sitting on the ties, with the result that one of the men was killed outright and the other badly injured.

A singular feature of the accident was that the train men did not discover their accident until they had reached the Agua Prieta depot, which is about a mile distant from the Douglas depot. Before they could back to the American side of the line, the Mexican authorities had them in tow and the entire crew, consisting of Yardmaster George Majors, Switchman F. H. Kidd, Engineer Ed Patterson and Fred McDonough, the fireman, were taken to jail and placed "incommunicado" to await the arrival of the judge from Fronteras.

The railroad men of Douglas banded together and were on the point of going over into Mexico to take the jail by storm and release their comrades. However, before anything rash had been done, the superintendent arrived on the scene and soon induced the men to give up that idea.

All of the crew were released last Saturday morning. The Mexican judge came up from Arispe Friday and after investigating the affair, at once ordered their release.

Multitudes are singing the praises of Kodai, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with digestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodai and after using four bottles I am entirely cured. I heartily recommend Kodai to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

DANDRUFF IS A SIGN OF DANGER

It Means Falling Hair and Future Baldness, Unless You Use

Newbro's Herpicide

The continued hacking cough is no more surely a sign of lung disease, than is continued dandruff a sign of scalp disease. Let the man, with dandruff, or itching scalp, at this statement, today, have his picture taken for comparison ten years hence; and then he may admit his error, and begin treatment, for as long as some hair remains there is hope. The dandruff microbe works slowly, but, if undisturbed, very surely.

IT WAS PROF. UNNA

Of the great charity hospital at Hamburg, Germany, who first discovered that dandruff, itching scalp, falling hair, and consequent baldness are caused by a germ or microbe that enters the hair follicles, where it saps the life of the hair root, ultimately causing its destruction. His discovery has been verified by such men as Neuman, Brook, Lassar, Bishop, Merrill, and many others. Prof. Sabouraud, in a recent authoritative work (French text), says: "Baldness is a contagious disease caused by a microbe. So far from being a disease of old age, it is an affliction of youth. It begins in the young, and increases, whether rapidly or slowly, up to the fiftieth year." Newbro's Herpicide absolutely stops parasitic growth in the scalp, thus permitting the hair to grow luxuriantly and abundantly, as nature intended. Read what Geo. B. Fox, of Detroit, Mich., says: "I have been greatly troubled with dandruff and falling hair for the past three years, and for all that time I have used large number of so-called dandruff and falling hair cures, none benefited me until I commenced using Newbro's Herpicide, and if I had not obtained it, I certainly would have become bald within a very short time. I have been using it now about three weeks and my head is free from dandruff, my hair has stopped falling out, and new hair is coming in very rapidly. You certainly have a wonderful remedy."

LIKE THE TORTOISE

The action of the dandruff microbe is so tortoise-like that it seems ridiculous to take any alarm at the first appearance of dandruff, but here is where the trouble lies. A colony of microbes may be planted in the scalp of a young man by simply trying on the hat of someone with dandruff. The microbes will continue to increase and spread their field of action for years, without the victim knowing of their presence, or even suspecting it, until dandruff begins to appear. After the actual work of destruction commences, relatively rapid progress is made. The hairs of the head are held in place by the hair bulbs that fill the hair follicles. The hair follicles completely fill the scalp, there being one follicle for each hair. After the dandruff germs have injured a number of adjacent follicles so that the hair falls out, there is a shrinking in size of the empty follicles, which tightens the scalp in that region, thereby restricting the blood supply to the near-by follicles. As a hair cannot flourish upon a diminished blood supply, this scalp tightening process hastens the work of destruction, until, in incurable or shiny baldness, the scalp that was once loose is tightened, like a drumhead. Newbro's Herpicide is compounded in strict harmony with Prof. Unna's discovery, and its success in the treatment of dandruff, falling hair, and approaching baldness is little short of marvelous. Try it.

WARNING

Don't expect satisfactory results from something that the druggist told you was "just as good" as Newbro's Herpicide.
