STRIKE IS ENDED

The Miners Vote to Arbitrate Differences.

ROOSEVELT'S PROPOSAL ACCEPTED

Work Will Resume in Pennsylvania Anthracite Mines on Thursday.

DECIDED VICTORY FOR UNION LABOR.

Wilkesbarre, Pa., Oct. 21.—With the prospect that President Roosevelt's proposal to arbitrate would be accepted by a good majority in the convention of United Mine Workers resumed its work today in the Nesbitt theater. While a final vote of the delegates on the motion before them at adjournment yesterday, the acceptance of the settlement proposition embodied in President Mitchell's speech, may possibly be reached early in the afternoon, it is believed that the delegates of steam men who are opposing the resumption of work unless they get their places back at once with the rest of the strikers, have not had their full say and may delay a final vote. The opposition of the steam men is neither belittled or exaggerated by President Mitchell. He simply maintains that this element of dissatisfaction will be settled satisfactorily.

The delegates were prompt in getting down to work. Soon as President Mitchell arrived in the hall at 10:05 he called for order. The committee on resolutions was called on, but it was not ready to report. The debate on reinstatement of all the men in their former positions was immediately resumed. The question before the convention was a motion to accept the recommendations of the officers to call off the strike and submit all questions at issue to the arbitration commission.

At 10:40 the committee on resolutions arrived, and made its report immediately. It recommended that a communication be sent to President Roosevelt informing him that the convention accepted the arbitration proposal. President Mitchell is authorized to act as the miners' representative before the commission. Work is to be resumed on Thursday next.

The debate on reinstatement was immediately resumed. One delegate strenuously objected to the adoption of the resolutions because no provision is made in them for the men who may fail to get work. The other side of the question was taken up by a delegate from the Panther Creek valley. He said:

"Let us go back; we will all get work in the end."

The delegates in brief speeches took up both sides of the question with great earnestness. Those opposed to the proposition wanted specific assurances that they would be taken care of. During the debate three speeches were made in foreign languages—Slavonic, Polish and Lithuanian. The three foreign speaking delegates favored the acceptance of the proposition.

The report of the resolutions committee is as follows:

"We, the committee on resolutions, beg to recommend that the following communication be adopted and forwarded to Theodore Roosevelt, president of the United States of America:

"Wilkesbarre, Pa., Oct. 21.—Hon. Theodore Roosevelt, Washington, D. C.—Dear Sir: We, the representatives of the employees of the various coal companies engaged in operating mines in the anthracite coal fields of Pennsylvania, in convention assembled, having under consideration your telegram of October 15, 1902, addressed to John Mitchell, president of the United Mine Workers of America, have decided to accept the proposition therein embodied and to submit all questions at issue between operators and mine workers in the anthracite coal region for adjustment to the commission which you have named.

In pursuance of that decision we shall report for work on Thursday morning, October 23, in positions and working places occupied by us prior to the inauguration of the strike. We have authorized John Mitchell, president of the United Mine Workers of America, with such assistants as he may select to represent us in all hearings before the commission. (Signed)

"JOHN MITCHELL,
"Chairman of Convention.

"W. B. WILSON, Secretary of Convention."

President Mitchell announced that he had received a telegram from President Roosevelt that he would call a meeting of the commission immediately after favorable action of the convention. President Mitchell said that

he had reason to believe that the findings of the convention would be announced within one month after the close of the strike.

By a unanimous viva voce vote the convention of United Mine Workers accepted President Roosevelt's arbitration plan shortly before noon today. Great cheers greeted the announcement of the result. The resolution as adopted carried with it a declaration that the strike is off and provides for immediate resumption of work in the coal mines throughout the anthracite region. The end of the convention and great strike, which has lasted five months, suddenly appeared close at hand. President Mitchell, after the convention had given itself over to a heated debate for an hour and a half, arose and calmly told the delegates that it must be apparent to all of them that there was no doubt whatever that the president's proposal would be adopted. There had been a renewal of serious opposition to the steam men and heated words had passed between the delegates. There seemed to be more opposition than ever to settlement when suddenly there was a break in the clouds when a motion was put by a delegate down in front, near the presiding officers. In a clear voice the strike leader called for a vote on the all important question and instantly there was a roar of ayes. The next instant messengers were flying in all directions from the convention hall to give the news to the world.

After the strike had been declared off, there was some routine business including the usual votes of thanks and then shortly before 1 o'clock the convention adjourned sine die.

The resolution to resume at once means that the pump men will go to work tomorrow and that the mining of coal will begin at 7 a. m. Thursday. A motion was then made to close the debate. After its adoption the strike was declared off officially by unanimous vote.

Bishop Will Serve.
Peoria, Ill., Oct. 21.—Bishop Spalding refused to discuss the miners' action on President Roosevelt's proposition further than to say that he had accepted the invitation of the president to be a commissioner and was ready to leave as soon as requested.

Commission to Meet.
Washington, D. C., Oct. 21.—President Roosevelt has summoned the strike arbitration commission to meet here on Friday at 10 a. m.

MAGDALENA KILLING.

Gambling, Drinking and Quarreling Responsible for a Death.

ROBERT McMAHON THE VICTIM.

A shooting occurred at Magdalena about 8 o'clock Sunday night, which resulted in the death of Robert McMahon, of Whiting.

McMahon and another ranchman, who did the shooting, and whose name could not be learned, spent the day at Allen's place gambling, drinking and occasionally breaking the monotony of their pastime by frequent quarrels. However, in the evening they returned to their wagon to spend the night, when the serious trouble began. McMahon pulled his trigger several times, but his gun wouldn't work. The other man, who was a cook for the outfit had a gun that worked fast and effective.

McMahon was shot through the back, the ball passing through the stomach. A doctor from Socorro was summoned and worked with the other doctor. Every effort was made to save his life, but the wounds inflicted were of a too serious a nature. He died at 2 o'clock Monday morning.

The man that did the shooting skipped out as soon as the shooting occurred.

An inquest was held by the coroner yesterday. Murder was the verdict returned.

SOMEBODY AT FAULT.

Frank G. Tyrrell, the Lecturer, Failed to Materialize.

There was nothing doing at Colombia hall last night. Frank G. Tyrrell, the lecturer, who was to furnish the first number of the El Paso Lyceum company's course, did not appear. Neither did he send an excuse why he was not here.

R. E. Cavette, the advance agent for the Lyceum company, who made the date and arrangements for the course to be given here, has not been heard from since his departure some ten days ago. He incurred a number of bills in the city. Somebody in connection with the company has blundered or else it is a fraud. Parties of this city interested will make an investigation.

New York City Rejoices Over End of Coal Strike.

A RAILWAY ACCIDENT IN CINCINNATI

Panama, Colombia, Oct. 21.—Gov. Salazar has received news from Barranquilla of another battle fought at La Cienega, on the Magdalena river, which was attacked by the forces of General Uribe and Castillo, who managed to get together their previously defeated forces, with which they attacked the town. The battle lasted fourteen hours and the revolutionists, according to official reports, were completely defeated and suffered great losses. The government thinks this battle means the pacification of the department of Magdalena, for Uribe is now said to be without any important following and must either become a guerrilla leader or escape to the island of Caracra.

ALLEGED WIT.

Senile Effort of a Once Brilliant American Humorist.

Washington, Oct. 21.—The following letter was received at the treasury department this morning:

"The Honorable, the Secretary of the Treasury, Washington, D. C.

"Sir:—Prices for the customary kinds of winter fuel having reached an altitude which puts them out of reach of literary persons in straightened circumstances, I desire to place with you the following order:

"Forty-five tons best old dry government bonds, suitable for furnace, gold 7 per cents 1864 preferred.

"Twelve tons early greenbacks, range size, suitable for cooking.

"Eight barrels seasoned 25 and 50 cent postal currency, vintage of 1866, eligible for kindling.

"Please deliver with all convenient dispatch at my house in Riverdale at lowest rates for spot cash and send bill to Your obliging servant.

"MARK TWAIN.

PEOPLE PLEASED.

New York City Glad the Strike Is Ended.

New York, Oct. 21.—The news that the coal strike had been officially declared at an end was received with delight in this city.

President Baer, of Reading, when informed of the news, said:

"Well, I am very glad to hear that. I heard of the resolution, but had not heard that it had been adopted."

President Tuesday said:

"I am delighted to hear the news and trust the men are satisfied. I believe there will be work for all. We'll get coal here in a jump, probably by the end of the week."

"Just as I expected," was President Fowler's only comment.

Mr. Markie, the independent operator, was asked what his attitude towards the striking miners formerly employed by his firm was.

"I have nothing to say," was his reply.

Railway Accident.

Cincinnati, Ohio, Oct. 21.—A local train on the Cincinnati, Hamilton & Dayton railway today ran into an open switch near Elmwood and seven persons were injured, but none fatally.

REPUBLICAN PRIMARIES.

Delegates Chosen from City Precincts to County Convention.

The republicans of precinct 12 met last night at the city building and selected the following delegates: T. S. Hubbell, G. V. Crosby, A. J. Crawford, Louis H. R. W. Hopkins, H. P. Owen, J. A. Summers, Joaquin Sandoval, Alejandro Sandoval, G. W. Harrison, Sam Watson, J. M. Bramlett, C. F. Myers, H. F. Lee, F. E. Sturges, L. Grady, W. H. Burke, G. F. Albright, E. W. Dobson, D. J. Rankin.

A. J. Crawford was chairman and E. W. Dobson secretary of the meeting.

Precinct 26.

The republicans of this precinct convened at the office of Justice Borchert.

The following delegates were chosen:

N. M. Rice, Thos. Hughes, Frank A. Hubbell, N. E. Stevens, Geo. W. Metz-

gar, Juan Sandoval, T. G. Apodaca, Antonio Chavez, L. H. Chamberlin, C. W. Ward, T. N. Wilkerson, W. E. Dame, Harman H. Wynkoop, Michael O'Donnell, Frank Fracearoli, Al Montgomery, Gregory Duran, O. D. Buzzell, H. Stovell, J. H. Robinson, F. W. Fisher.

Justice Borchert was chairman and E. B. Harsch secretary of the meeting.

The Convention.

The county convention of the republicans will be held at the court house on the coming Saturday, October 25, at 10 o'clock a. m., to nominate a ticket for county offices.

Miss Elizabeth Naylor, M. B., will have the piano department in the studio in the Commercial club building. Miss Heimbeck will, as heretofore, represent the voice department and physical culture.

CITY COUNCIL.

Water and Milk Fully Discussed by the Aldermen.

INSPECTOR TO BE APPOINTED.

City council met in regular session last night.

Many important ordinances were brought up and acted upon.

An important step was taken in regard to the general health of the citizens in the way of pure milk.

The city attorney was instructed, on a motion by Alderman Beaven, to have an ordinance prepared for the appointment of a milk inspector, setting forth his duties, salary, etc.

This ordinance is to be presented at a special meeting to be held at the city clerk's office tomorrow afternoon at 3:30 o'clock.

There is no doubt as to the passage of the ordinance as the council are heartily in favor of it.

Following this action the council discussed the sanitary condition of the city.

City Physician Elder presented an able report on the general health of the citizens. He stated that the number of cases of typhoid fever were not alarming, but there were enough to cause a general inspection of the sanitary conditions of the city. The two recent cases of typhoid were in localities where the water supply was from shallow wells. He said that the City Water Supply company were taking active measures to guard the purity of the city water supply.

Reference was made by Dr. Elder in regard to the condition of the sewers in some parts of the city and that action should be taken to sink all wells to a depth so that there would be no danger from contamination by water surface. He also recommended that samples of the milk sold by the city dairies be sent to Prof. Weinzlri at the University for analysis. There is no evidence that impure milk has been or is being sold, but it is thought best to appoint a milk inspector as one of the precautionary measures to be adopted.

That the need of an inspector has long been present is evident for the fact that more than 20,000 gallons of milk are used in the city every month.

The attention of council was mainly taken up by the discussion of health conditions, the routine business being very light.

A number of approved bills were presented by the finance committee. The list of bills were quite long, covering the current expenses of the city, and warrants were ordered drawn to pay the same.

The bill of City Engineer Pitt Ross for \$5 for services in inspecting the Allison building on North First street was referred to the building committee. The building was recently declared unsafe on the recommendation of the engineer, and the building was repaired. The members are of opinion that the council should not stand for the expense of inspection.

Superintendent J. F. McNally, of the Santa Fe, sent in a communication recommending that the Coal avenue viaduct be insured by the city. The matter was referred to the building committee to report at the next meeting.

The property owners on North Walter street presented a petition asking that the council order sidewalks on the west side of the street from East Railroad to Tijeras avenues, with the provision that the city build a foot bridge across the arroyo near Copper avenue.

On motion of Alderman Harrison the petition was granted and the bridge ordered built at an expense not to exceed \$60.

Kansas City Star Will Erect a Paper Mill.

CONVENTION OF TEXTILE WORKERS.

London, Oct. 21.—A letter from an officer belonging to the Somaliland expedition, received here, shows that the British force is even in a more precarious position than has been indicated in the official dispatches. The writer says:

"No one will appreciate this because it is too late. We are in a regular trap and how are we going to get out, we do not know. We have had stiff fights and have lost many men. The worst is that our blacks are flunking and our camels have nearly all been killed or captured. We have next to no water and we are miles from any wells. We have no supplies and nearly no ammunition. They have captured two of our maxims. It is a brutal shame to send us blind into an ambush like this. I hear fresh troops are coming up and only hope they will come from India."

Revolution in Venezuela.

Willemstad, Curacao, Oct. 21.—The troops belonging to the revolution army reappeared in strong force Sunday at Los Teques, a few hours from Caracas, Venezuela. The government sent troops from La Victoria to impede the advance upon Caracas.

Will Build Paper Mill.

Kansas City, Oct. 21.—The Star today bought a block of ground 300 by 255 feet in size in the east bottoms and will build a mill which will manufacture all the white paper used in the publication of that newspaper. When this mill is completed the Star will be the first daily newspaper in America making its own paper. As far as can be learned here no daily newspaper in the world manufactures the paper it uses.

Textile Workers Confer.

Washington, D. C., Oct. 21.—The annual convention of the United Textile Workers of America opened here today. Delegates are in attendance representing the thousands of textile workers in New England and the south. The convention probably will continue several days. Wages and conditions of labor will occupy much attention. The annual report of Secretary Hibbert shows that fifty local unions were chartered during the last year.

AGAIN IN JAIL.

The First Street Second Hand Dealer in Crooked Business.

S. F. Knopf, who runs a small second hand store on North First street, was arrested on a warrant sworn out by a colored man named Carter, charging him with selling pawned goods without notice. Carter claims to have left some goods with Knopf the first of last week. He was to redeem them Saturday night. When he came after the goods they had been sold. He immediately had Knopf arrested and the case was tried this morning.

After hearing all the testimony the judge decided in favor of Carter, the evidence being strong against Knopf. He was fined \$10 and costs.

There was another gentleman present with a similar charge against Knopf for running a pawn shop. Then the judge made the whole fine \$50 and costs. Knopf gave bond and will carry the case to the higher court.

There have been many complaints against Knopf for running a pawn shop on a crooked basis, and all seemed to be filed against him at the same time.

DISTRICT COURT.

Verdict of Not Guilty in a \$10,000 Damage Suit.

Yesterday the court tried the case of Jose C. de Baca against Cornelio Sandoval for \$10,000 damages, alleged to have resulted from an assault on March 24, 1897. The plaintiff claimed to have been struck over the head with a spade, and also had his thumb dislocated, in the assault, and that the assault was entirely without provocation. The court ruled out all evidence of damages sustained after the 29th of March, five days after the assault, for the reason that the suit was filed on that date. Nearly all the damage alleged was damage sustained after the

29th and was not considered by the jury. The witnesses of the plaintiff testified at variance with the plaintiff himself, and the defendant under a special plea testified that the plaintiff had assaulted him and that he resisted the plaintiff only to such a degree as was necessary to his own protection. Defendant denied that he struck plaintiff with anything except his hands, and showed that the assault occurred on defendant's lands, where the plaintiff, together with an Indian, was engaged in removing a flume, which would have interrupted the defendant's water rights. The jury, after being out only ten minutes, returned a verdict in favor of defendant of not guilty. The plaintiff was represented by S. B. Gillett, and defendant by E. V. Chavez.

LOCAL PARAGRAPHS.

Regular meeting of Harmony lodge, No. 17, I. O. O. F., this evening, at 7:30 o'clock. A full attendance desired. H. O. Strong, N. G.

W. R. Utley, a gentleman of means of New York city, spent fair week in Albuquerque, and left yesterday morning for Algodones, where he is interested in the official dispatches. The writer says:

Wednesday evening, at 7:45 o'clock, services will be held at Temple Albert, it being the last day of the Feast of Booths. Rabbi Jacob H. Kaplan will speak on "The Optimism of Judaism." The public is welcome.

Mrs. Frank Chrls Roundy arrived last night from Chicago, joining here her husband and son, who have been in the city some time. Mr. Roundy expects to leave this evening for Chicago, where he is called by business interests. The lady and her son will spend the winter in Albuquerque.

A valuable horse belonging to Richard Wetherill, which came in with the San Juan outfit is as good as dead at the city yards. The horse is a brother to the large dun that Mr. Wetherill rode while in the city. It was taken sick just before the outfit left, and could not be taken home.

Some time ago the Hamilton-Brown Shoe company of St. Louis, Mo., offered a prize for the best drawing of a shoe, each state and territory to be represented. Master James S. Dye, the 10-year-old son of Thomas Dye, captured the prize for New Mexico, and he has sent off his measure for a fine pair of shoes to be made by the Hamilton-Brown company.

FORGER CAPTURED.

A Man, Giving His Name as Stewart, in the Toils.

PROLIFIC WITH CHECKS.

A handler of forged checks was arrested by Marshal McMillin today at noon.

He gave his name as J. G. Stewart, claiming to be from Tennessee.

When arrested he had a check for \$6.50 in his possession made payable to J. G. Stewart, signed S. H. Lewis.

At Charles Keppler's saloon on South First street, Stewart had two checks cashed. The first was for \$6.25 made payable to J. M. McDaniel signed J. L. Stewart. The latter check was for \$8. He only took \$4 at the time, saying he would return this afternoon and receive the balance. Suspicion was aroused by the way he had of handling such a variety of checks. The marshal was notified and landed his man.

Another man giving the name of Verne Dick was drinking with Stewart last night and was with him when the checks were cashed. He was arrested by Officer Cooper this morning. He claims to have had nothing to do with the forgery, nor did he know the man Stewart. He says he had no knowledge of the nature of the checks, but supposed Stewart was all right.

J. M. Wilson and Mark Thomas, two of the owners of the Jerome mines at San Acacio, Socorro county, will leave the city today to give their personal attention to the mines. They will be accompanied by R. H. Greenleaf and several other gentlemen, who will stake claims, and lay out plans for a town. The townsite is situated in a beautiful valley six miles from the railroad. The gentlemen predict a prosperous future for this mining district.

Rev. Henry Forrester, formerly pastor of the St. John's Episcopal church of this city, but now located as rector of an Episcopal church in the City of Mexico, is still in the city. His arrival here was incidental with the death and burial of Miss Nellie Hazledine. Rev. Forrester baptized Miss Hazledine when a girl. Miss Edith Haynes, who is very sick, was also baptized by Rev. Forrester about the same time.

CELEBRATION OF NELSON'S VICTORY.

Special to The Citizen.

Silver City, N. M., Oct. 21.—R. L. Stanford, who was convicted of stealing fifty head of cattle at the last term of the district court, and sentenced to a term of five years in the pen at Santa Fe, escaped from the Grant county jail yesterday morning about 9 o'clock. He had been granted an appeal by Judge Parker to the supreme court and was awaiting action on that in the jail in this city. The guards state that he escaped through a heavily barred window, which also had a heavy wire screen on the outside and the hole that he must have gotten through was about seven inches square. He had been confined in a cell known as the murderer's cell, which is a very strong affair. One of his relatives was seen in Silver City Saturday, and it is thought that he helped in the escape and undoubtedly had a horse in waiting outside for him to get out of the country on. The guards did not discover that he had escaped until late in the afternoon and consequently he had quite a start. It does not look possible for a man to have crawled through the little hole that the guards state he did and there seems to be considerable mystery attached to the way he must have gotten out of his cell and the jail without anyone knowing it for nearly eight hours afterwards.

Races at Memphis.

Memphis, Tenn., Oct. 21.—What promises to be one of the greatest trotting meetings of the fall opened here today under the auspices of the Memphis Trotting association. The feature of the nine days' program will be the Diamond handicap on Thursday.

Big Missionary Convention.

Cleveland, Ohio, Oct. 21.—A monster Methodist Episcopal missionary conference opened in the Grays' armory today, to continue through the remainder of the week. The object of the gathering is the bringing together of representative leaders of the church for consultation on the problems that are now confronting the missionary society, and to organize the forces of the church for more effective work.

Celebrate Nelson's Birthday.

London, Oct. 21.—Trafalgar day was celebrated today in the usual fashion throughout England. Nelson's flagship, the Victory, was hung with wreaths and flags at Portsmouth, and Nelson's column, in Trafalgar square, London, was likewise adorned with wreaths. The usual municipal processions in observance of the day were held in Liverpool, Manchester and other provincial cities.

Rio Grande Directors.

Denver, Colo., Oct. 21.—Rio Grande stockholders met in this city today and re-elected the old board of directors. The directors meet in New York before the first of the year and will elect the same officers.

DONA ANA COUNTY POLITICS.

Republican County Convention will Be Held on Wednesday at Las Cruces.

E. E. Day, of Las Cruces, who was nominated by the democrats as a candidate for member of the house from the counties of Dona Ana and Luna, has accepted and will make the race.

The republican county convention of Dona Ana county will be held on Wednesday, at which time candidates for the legislative council from the two southern districts will be nominated. It is believed that W. A. Hawkins, of Otero, and A. B. Fall, of Dona Ana county, will receive these nominations. The republican county ticket for Dona Ana county will also be nominated then and there.

W. P. Cessna, of Pinos Altos, is the democratic nominee for member of the house or representatives from the counties of Grant and Luna.

A. H. Harlie, of Silver City, who was urged to accept the democratic nomination for the council from the counties of Grant, Otero, Dona Ana and Luna, declined the nomination on account of press of business and John L. Burnside, of Silver City, was nominated for the position and will make the race.

Multitudes are singing the praises of Kodak, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with digestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodak and after using four bottles I am entirely cured. I heartily recommend Kodak to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

At no time during fair week was there a scarcity of rooms. Superintendent Burg says he had 1,000 rooms listed, besides the rooms at hotels, and no one was allowed, if they so desired, to go without sleeping quarters. Rooms rented from 25 cents to \$1 per night.

When you wake up with a bad taste in your mouth, go at once to a druggist and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

Capt. John P. Casey, for years a ranchman in the Mesilla valley, now a big real estate owner of El Paso, was here a couple of days last week, after which he went up the road to Santa Fe.

Notice for Publication.
(Small Holding Claim No. 1763.)
Department of the Interior, United States Land Office, Santa Fe, N. M., Sept. 24, 1902.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim under sections 16 and 17 of the act of March 3, 1891 (26 Stats., 854), as amended by the act of February 21, 1893 (27 Stats., 470), and that said proof will be made before the clerk of the probate court at Albuquerque, N. M., on November 10, 1902, viz: Carmel Ruiz de Sandoval, in behalf of the heirs of Telesforo Lopez de Ruiz, for the tract in sections Nos. 7 and 8, Tp. 9 N., R. 3 E., New Mexico principal meridian.

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz:
Gregorio Barela, Francisco Apodaca y Molina, Justo Gutierrez, Amador Sanchez, all of Albuquerque, New Mexico.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the interior department why such proof should not be allowed will be given an opportunity at the above mentioned time and place to cross examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

LOCAL PARAGRAPHS.

Cipriano Salazar, a machinist helper in the local shops, was taken to the hospital this morning with a sprained hip.

Jerry Monahan, who is raising the road bed for the Santa Fe near Cubero, was here the past few days. He returned west last night.

Mrs. W. V. Wolvin, wife of the well known dentist, has returned to the city after a protracted visit to northern relatives and friends.

Mrs. W. H. Saunders, who was here visiting and attending the fair, will return to Winslow tonight. She had a splendid time among friends.

Steve Canavan and Thos. Patterson, two well known citizens of Gallup, returned west last night; Gus Johnson, of Madrid, also returned home.

E. H. Dunbar, the real estate agent, reports a number of good sales in the past few weeks. He says business is picking up in the real estate line.

C. G. Carr, of the firm of Carr & Trice, of Prescott, Arizona, is in the city, and will establish an office here for financing large mining propositions.

Frank Farnsworth, ex-passenger conductor on the Santa Fe, now a prosperous ranch and cattle owner of Silver City, is in the city. He goes up to Santa Fe tonight.

Grant Rivenberg, of Santa Fe, who attended the A. O. U. W. grand lodge meeting at Prescott, Arizona, last week, came in from the west last night and will go up to Santa Fe tonight.

Charles Thayer, employee of the Moe-texuma Copper company's store at Naco, Sonora county, Mexico, was here the past few days. He will go first to Santa Fe, where he will visit friends for a few days, and thence back to Mexico.

R. C. Rohrbacher, with his wife and daughter, left the other evening for southern California, where they will rest up for a few weeks. Mr. Rohrbacher is a fine descriptive writer, and assisted The Citizen in getting out the splendid illustrated fair memorial editions during fair week.

Mrs. B. Sleyster and her immediate family, a general reunion, had a handsome group picture made by Photographer Butman yesterday. Besides the mother, those present were as follows: B. A. Sleyster, wife and two children; E. F. Weed and wife; E. W. Davis and wife, and R. S. Platt and wife.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Ayer's Blood Elixer, which we sell under a positive guarantee. NEW BOOKS.

The Collection at the Public Library Constantly Growing.

The librarian of the public library left at The Citizen office last yesterday afternoon the following list of new books recently received at the library:

PUNISHMENT.

Social progress has come along with a great many forms of punishment once administered under the laws of enlightened people. But nature never changes or modifies her penalties. She still has the same punishment for the man who neglects or abuses his stomach as she had in the far off days "when Adam delved and Eve span."

The physical discomfort, dullness, sluggishness, irritability, nervousness and sleeplessness which are visited upon the man who eats carelessly or irregularly have been from the beginning the evidences of disease of the stomach and its associated organs of digestion and nutrition.

Dr. Pierce's Golden Medical Discovery cures the diseased stomach and enables the perfect digestion and assimilation of food, so that the sluggishness, irritability, nervousness and sleeplessness which result from inattention are cured also.

"I was taken sick nine years ago with fever," writes Mr. M. M. Wardwell, of Linwood, Leavenworth Co., Kansas. "Had the doctor and he broke up the fever all right, but I took diarrhea right away; he couldn't cure it and it became chronic, and then he gave up the case. I got so weak with it and had piles so badly I couldn't lie down, nor hardly sit up. Was that way two or three months; thought I would 'never be well again,' but picked up one of Dr. Pierce's Memorandum Books one day and saw your description of catarrh of the stomach. I thought it hit my case. I had a bottle of Dr. Pierce's Golden Medical Discovery in the house that was got for mother. You recommended it for catarrh of the stomach, so I went to taking it. The one bottle nearly cured me. I got two bottles next time and took one and one-half and was well. I haven't been bothered with diarrhea since."

Dr. Pierce's Pellets cure biliousness.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

HAIR SOFT AS SILK.

New Scientific Treatment Kills Dandruff Germs, and Makes Hair Soft. It is an accepted fact, a proven fact, that dandruff is a germ disease; and it is also a demonstrated fact that Newbro's Herpicide kills the dandruff germ. Without dandruff falling hair will stop, and thin hair will thicken. Herpicide not only kills the dandruff germ, but it also makes hair as soft as silk. It is the most delightful hair dressing made. It cleanses the scalp from dandruff and keeps it clean and healthy. Itching and irritation are instantly relieved, and permanently cured. At all druggists. There's nothing "just as good." Take no substitute. Ask for "Herpicide." Send 10 cents in stamps for sample to The Herpicide Co., Dept. "F," Detroit, Mich.

Wright's Murderer.

James F. Dinwoodie, who was arrested at Creede and is believed to be the man who shot George Wright, is also known as N. E. McDonald. The police believe he killed Charles Boyvin in a saloon hold-up and also the night marshal of Goldfield. Dinwoodie escaped from the Colorado penitentiary on September 17, 1902, and was the partner of Harley McCoy, also an ex-convict, who was killed in a wreck on the railroad near Chama. Dinwoodie passed a worthless draft for \$400 and then abused the woman who endorsed it for him. For sending obscene matter through the mails he was sentenced to prison. He was caught at East St. Louis.

Chamberlain's Cough Remedy Saved His Boy's Life.

"I believe I saved my (nine year old) boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hoppe, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by all druggists.

NOTHING LIKE PAINE'S CELERY COMPOUND FOR CLEANSING AND PURIFYING THE BLOOD.

IT REMOVES THE GERMS OF DISEASE, INVIGORATES AND REJUVENATES.

Thousands of men and women who have neglected the work of physical recuperation in the summer months, are now carrying a burden of disease. In the majority of cases, impure and poisoned blood and a sluggish circulation are the direct causes of suffering and misery. Are you, dear reader, one of the unhappy victims? If so, the life stream must be made pure, the health wrecking laxity of the blood vessels must be corrected, the nerves and tissues must be nourished. Paine's Celery Compound is the medicine that physicians recommend for the increase of pure blood in the arteries, and for arousing the purifying organs to cast off the impurities that give rise to disease. Mr. Jas. F. Hudson, Spring Ridge, La., was a terrible sufferer from impure blood; he tells how he banished his troubles:

"From some cause my blood became impure and resulted in boils and pimples. At one time I suffered from 27 boils. No one can imagine what I suffered. I tried sulphur, sarsaparilla and other remedies, but no relief came. Mr. Sebastian, a merchant whom I used to clerk for, handed me one of your circulars and insisted that I should use Paine's Celery Compound. After using two or three bottles the boils were not so numerous nor so large. After using the fifth bottle, I was entirely cured, and have been myself ever since."

SAN MIGUEL POLITICS.

Unionist Pow Wow—Republican Primaries—Other Local Notes.
Special Correspondence.

Las Vegas, N. M., Oct. 21.—The unionists held another Sunday night pow wow last night in Gonzales hall on the west side. Carlo Rubio handled the "glass" gavel and a number relieved themselves of a little verbal fire. Of course Antonio Lucero and E. C. de Baca were present and made speeches. Among those "who also ran" were Remulo Ulbrich and Florentino Montoya. The Marangues were the same as have been spoken since Methusala's was a babe.

The republicans held another rouser in precinct 5 Saturday night, and elected delegates to the county convention. Hon. Eugenio Romero presided and Juan Cavanaugh acted as secretary. The usual amount of enthusiasm was on tap, and the little opposition which arose over the appointment of delegates made the meeting more lively. Eugenio Romero, Pablo Ulbrich, Benigno Martinez and Juan Maes were made delegates, and they are of the true blue type.

G. H. Ward, Charles Sporleder and Rev. George Selby left Sunday afternoon for Santa Fe to attend the meeting there this week of the various Masonic lodges.

Charles Ilfeld, Col. Marcus Brunswick and Arthur Ilfeld returned yesterday afternoon from their trip to Kansas City, where they attended the

Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

Ilfeld-Liebster wedding.

Charles Ilfeld had been back east for several weeks and Mrs. Charles Ilfeld left Kansas City for the east before returning to her home at Las Vegas.

Attorney O. E. Smith came over from Clayton yesterday evening to attend to some business in the city.

B. B. Conliffe, of Streator, Ill., who left here last Tuesday for Caney, Kas., died at Winfield, Kas., last week, when he was taken off the train for a rest. He lived at the springs here and was a consumptive.

Indelacio Sena and Jesus Ma. Critz are in today from Sena. They are delegates to the republican convention tomorrow.

Max Weil has secured a temporary injunction against F. N. Romero, constable in precinct 1, Union county, to restrain him from selling certain property to satisfy a judgment growing out of the case of Gallegos vs. Lachuga, which was heard before a justice of the peace court.

Margarito Romero, as administrator for the estate of Juan Leyba, has brought suit against the Santa Fe railroad to acquire judgment in the sum of \$5,000 damages for the injury of Leyba, from the effect of which he died. It will be remembered Mr. Leyba was unloading some machinery from a flat car in the yards, when the switch engine bumped into the cars, throwing Leyba under the wheels and mangle him in a most horrible way. The company offered a small sum for settlement, which was refused, it being too little.

The cavalry troopers report a splendid time yesterday on their camping experience out north of town. The boys had a regular camp laid off, twelve tents and camp street, flag pole and a complete commissary outfit. The day yesterday was spent at target practice and some fair scores were made at 200 yards. Trooper Dolman made the highest score, 17 out of a possible 25. The next highest were Sergeant Tate, 16; Sergeant Leivy, 15; Captain Reid, 14; and Lieutenant Gross, 14.

Some natives bounced a rock on another fellow's head Saturday night by the bridge. It was on account of the fellow trifling with the slender waist of the other fellow's senorita. The names of the parties were not learned. M. Anderson, who was formerly the chef at Forsythe's, left today with his family for Purcell, where they will remain.

The B. R. T. will give a grand ball Thanksgiving eve at the Montezuma Casino.

Eugene Fiske and Prof. J. G. Halapleus came over from Santa Fe this afternoon and will talk up that Pecos power plant here. They will also probably ask for the franchise from the city to furnish the town with electric power. When Las Vegas gets three electric companies the citizens will then get cheap light and power most certainly.

Hon. Harvey B. Ferguson left this afternoon for El Paso, from where he will go to Santa Rosa.

H. Stronther, who has been here visiting his daughter who is sick, returned today to his home at Fort Smith, Ark. He left Miss Stronther much improved.

Simon Bacharach and wife returned this afternoon from their trip to the Albuquerque fair.

Joe Holzman returned this afternoon from his visit to Albuquerque and expects to return to Fort Sumner Wednesday.

Dr. M. Lofkovits and Louis Judell returned this afternoon from their sojourn at the Duke city fair.

The union party had a number of grafters over on this side today trying to do a little missionary work.

Senator C. Barola and wife returned today to their home at Trinidad after a visit here with E. Chacon and family. Baby Chacon accompanied her grandpa home.

F. Wardenburg, of Trinidad, and D. T. White, of El Paso, are in the city today conferring on business matters.

Dr. J. R. Kaster, one of the Santa Fe surgeons, returned to Topeka today, after a short stay in the city.

Ben Lewis was able to be around today after being at home a few days on account of the bruises on his face.

VERY ANNOYING.

This Hardly Expresses What Albuquerque People Say of It. Any itchiness of the skin is annoying.

Little danger in itching skin diseases. But they make you miserable. Doan's Ointment is a never failing cure.

For piles, eczema, all itching troubles. Albuquerque citizens endorse it.

Mrs. R. E. Waite, rooming house, 202 North Second street, says: "There came to my notice some time ago a case of eczema or of some disease of the skin, which had resisted all the efforts of the party to stop. Doan's Ointment was procured at the Albuquerque Pharmacy and a course of the treatment commenced. It gave positive relief after an application or two and upon a continuation of it for some time the annoyance ceased. This information should be of untold value to residents of Albuquerque who are in quest of an article upon which they can depend to cure any itchiness of the skin or eruption thereof."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

RAYMER HEARD FROM.

Was on a Two Weeks Duck Hunt With His Wife.

Last week The Citizen reproduced an article from the Los Angeles Times wherein it said that Fred Raymer, the well known Los Angeles ball player, and formerly of this city, had suddenly disappeared, hinting that he had skipped with another of whom Mrs. Raymer had become jealous.

Yesterday Charles Quier, one of Fred's Albuquerque friends, received a letter from Hanford, Cal., from the young man himself in which he said that he and his wife were on a duck hunt and having a good time. He saw the article in the Los Angeles paper and knowing that it would be seen here immediately wrote to let his friends here know there was nothing to it.

Sad News.

This morning Ed Fluke received a message from Davenport, Iowa, giving him the sad news of the death of his oldest brother, Merton Fluke, which occurred there last night. The deceased was about 67 years old, and was prominent in business circles throughout Iowa. The Citizen extends sympathy to the bereaved Albuquerque brother.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery of Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and all druggists guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

UP FROM EL PASO.

Base Ball Players Pass Through the City East Bound.

The members of the El Paso and Albuquerque base ball teams, who furnished the stay attractions for the territorial fair, and who left here Saturday night for El Paso, where they were to play a series of exhibition games, passed through the city this morning en route to their eastern homes.

They were much disappointed with the reception they received at the Pass city. Only a small crowd turned out to see Sunday's game and a smaller crowd turned out yesterday. The third game, which was to have been played today, was given up. The boys do not complain of the treatment they received from the El Paso management, but the support the management received from the Pass city people.

Harry Bay, who won a warm place in the hearts of Albuquerque people because of his clever playing, said to a Citizen reporter this morning: "We did not have a very good time at El Paso, but the time we had while here more than made up. I enjoyed the trip out here very much, and hope to be able to come again. Most of the boys are feeling well and very few in our crowd are sorry they came."

The game at El Paso went to that city by a score of 3 to 1.

Roy McDonald, one of Albuquerque's favorite base ball players, accompanied the teams to El Paso and returned to the city this morning.

Never Ask Advice.

When you have a cough or cold don't ask what is good for it and get some medicine with little or no merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy, it cures coughs and colds quickly. Alvarado Pharmacy.

Dances at Orchestra Hall.

Manager Trimble, of the street railway and the Orchestra hall, has had a force of men at work putting the hall in shape and today all the stoves were put back into position. The first dance since the hall was cleared for the fair will be tomorrow (Wednesday), when Mrs. Berry will resume her dancing class. On Thursday night the guards will hold sway, and on Saturday night Charles Cervantes, a faithful employee of the street railway, will give a grand dance to his many friends.

Case in Trouble.

A. N. Case, the miniature railroad man has troubles of his own. Business was not very good on the little train during the week and the road is in the hands of Constable Smith. The amount is small but enough to warrant holding the road and its equipment. Think of a railroad being attached for a week's board bill. This is the price Mr. Case will have to pay in order to get away.

Mr. Case lays his trouble to his location during the week. It was not in line to get business.

Look out for Fever.

Biliousness and liver disorders at this season may be prevented by cleansing the system with De Witt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands. B. H. Briggs & Co.—J. H. O'Reilly & Co.

POLICE COURT.

Carlos Griego, in his most polite manner explained why he got drunk and was locked up, but his story brought him five days instead of liberty.

Demetrio Martinez, a man well along in years of life, was fined \$3 for being drunk and disorderly. He paid his fine and went his way.

A smooth appearing vagrant giving the name of Morrison was found selling fake jewelry on the streets. He told a disconnected story of breaking his collar bone and not being able to work. "Fifteen days" was his share of the law.

Three unclaimed wheels are being held at the police station awaiting for the owner to claim them.

The Consulate wheel which was found in the possession of Celso Padilla the police have every reason to believe was stolen, yet no one has claimed it. The other two wheels are both good wheels, and evidently have been stolen then left some where. One is a chainless Crescent and the other a San Jose Special.

CITY COUNCIL.

(Concluded from page one.)

and clerk for the month of September were reported favorably by the finance committee.

The extension of the city sewer to the Mountain road, asked by the New Mexico Woolen Mills company, whose building is now in course of construction, was referred by the sewer committee back to the council for action.

Alderman Grunsfeld called attention to the fact that the mills are an enterprise likely to help the business interests of the city and that no concessions have been asked by them.

A motion that the city build the desired sewer at its own expense was carried. According to estimate given by the city engineer the cost will be \$214.

The police committee made a favorable report on the petition of the members of the police force for an increase in salary and the document was ordered filed.

On motion of Alderman Harrison it was ordered that in the future all goods delivered to the several city departments be accompanied by an itemized bill.

An ordinance ordering cement sidewalk walks on the west side of Seventh street, between Gold and Copper avenue, was passed.

Council adjourned.

Moving Day Approaching.

The Jaffa Grocery company, occupying store quarters on Second street, have taken a lease on the Barracough store building, formerly occupied by E. J. Post & Co., on West Railroad avenue, and will take possession on November 1, but will not vacate their present quarters until November 9. The move gives the Jaffa Grocery company more room, which they have been sadly in need of, and they can display their goods to better advantage. The vacated store room, so it is understood, will be occupied by H. E. Fox, the jeweler, on and after January 1, 1903.

Masonic Grand Communication

Twenty-Fifth Annual Session at Santa Fe

From the New Mexican.

Organized Masonry took a foothold in New Mexico at the time of the American occupation. A military traveling lodge was organized at Santa Fe as early as 1847 in an Illinois regiment under a dispensation by the grand master of the grand lodge of Missouri. This traveling lodge was known as Hardin Military Traveling lodge. Col. John Ralls, the grand master of Missouri, was at that time at Santa Fe with a regiment of Missouri volunteers. According to the records still in existence and which are the property of Montezuma lodge, No. 1, this traveling lodge worked for two years in Santa Fe until the close of the war with Mexico, the withdrawal of the United States volunteers and the establishment of Fort Marcy as a regular army post.

The grand lodge of Missouri, in response to a prayer of several of the members of Hardin Military Traveling lodge which had surrendered its charter, and a number of citizens of Santa Fe, on May 12, 1850, granted a charter to Montezuma lodge, No. 109, which afterwards became Montezuma lodge, No. 1, under the jurisdiction of the grand lodge of New Mexico.

It was ten years afterwards, in 1860, that Bent lodge, No. 294, was chartered at Taos by the grand lodge of Missouri. Five years later it surrendered its charter. Chapman lodge at Las Vegas received its charter in 1866 after several years of effort, which on account of irregularities in the work had been denied before and the name of the lodge ordered stricken from the records of the grand lodge. Aztec lodge at Las Cruces, Kilt Carson lodge at Elizabethtown, Cimarron lodge at Cimarron, Silver City lodge at Silver City, and Union lodge at Fort Union were the other New Mexico lodges granted charters under the jurisdiction of the grand lodge of Missouri.

On August 6, 1877, pursuant to call, a convention of delegates from several lodges of the territory met at the hall of Montezuma lodge in Santa Fe to organize a grand lodge of the territory of New Mexico, the following lodges being represented: Aztec, No. 108; Chapman, No. 95; Montezuma, No. 109; and Union, No. 489. On August 7, 1877, the convention elected officers of the grand lodge, William W. Griffin, of Montezuma, No. 1, being chosen grand master. He was installed and the grand lodge of New Mexico was opened in ample form and declared duly organized.

During the session a constitution and by laws were prepared and adopted and on the night of August 10, the first communication of the grand lodge of New Mexico adjourned.

The first annual communication of the grand lodge of Ancient, Free and Accepted Masons of New Mexico convened at Masonic hall, in Santa Fe, on Monday, January 6, 1879. Grand Master William W. Griffin presiding.

Since that date charters have been granted to twenty-four lodges, three of which have surrendered their charters, one on account of taking part in the organization of the grand lodge of Arizona, another, owing to consolidation with another lodge, and the third on account of the abandonment of a mining camp in which it was located. This leaves twenty-one working lodges in the jurisdiction of the grand lodge of New Mexico, with a membership of 1,100.

The following is a list of the grand masters of the grand lodge from its organization in August, 1877, to 1902: 1877 to 1879, William W. Griffin; 1880,

William L. Ryerson; 1881, S. B. Newcomb; 1881, Henry L. Waldo; 1882, John B. Wooten; 1883, W. B. Childers; 1884, Cornelius Bennett; 1885, Maximilian Frost; 1886, C. N. Blackwell; 1887 to 1888, W. S. Harroun; 1889, A. H. Moorehouse; 1890, F. H. Kent; 1891, C. H. Dane; 1891, Richard English; 1892, J. H. Kuhn; 1893, C. H. Spiereder; 1894, J. J. Kelly; 1895, James H. Wroth; 1896, Charles Bowmer; 1897, John W. Poe; 1898, R. C. Stewart; 1899, E. E. Day; 1900 to 1901, E. S. Stover; 1901 to 1902, A. H. Harlee.

During its existence the grand lodge had but two grand secretaries, one of these was David J. Miller, who served from the date of organization to 1884, and the other is A. A. Keen, the present grand secretary. Grand Secretary David J. Miller retired on account of ill health and died about thirteen years ago in a sanitarium at St. Louis, Mo.

Yesterday's Proceedings.

The grand lodge of Ancient, Free and Accepted Masons of the Territory of New Mexico assembled in twenty-fifth annual grand communication at the Masonic hall, Santa Fe, at 10 o'clock yesterday forenoon. Grand Master Arthur H. Harlee, presiding. Sixteen out of the twenty-one lodges of the territory were represented by delegates.

The officers of the grand lodge are: A. H. Harlee, of Silver City, grand master; E. A. Cahoon, of Roswell, deputy grand master; J. C. Slack, of Clayton, senior grand warden; G. W. Ward, of Las Vegas, junior grand warden; A. J. Maloy, of Albuquerque, grand treasurer; A. A. Keen, of Albuquerque, grand secretary; Rev. George Selby, of East Las Vegas, grand chaplain; W. H. Seamon, of El Paso, grand lecturer; J. G. Fitch, of Socorro, senior grand deacon; C. M. C. Houck, of Raton, junior grand deacon; J. P. McGroarty, of Deming, grand marshal; Robert White, of Alamogordo, grand senior steward; F. S. Davis, of Santa Fe, grand junior steward; J. P. McNulty,

READY, START!

An Athletic Event.

You want, everybody, wants, brain and muscle, wind and stamina, and can get them if fed properly. This is an athletic age. The man or woman who is weak or sickly, is not in the race; success socially or in business goes only to the strong and healthy. It is largely a matter of choice with anyone for proper living, and proper food will bring the prize.

An athlete in Chicago tells of the good results he obtained from proper food: he says: "Last spring I began to train hard to become an athlete in track events and to grow stronger; I now know that what strength and victories I have secured is due to the use of Grape-Nuts. When in training for an athletic meet, I would just live on Grape-Nuts alone for three days before the event was to come off. During this time I have won six championship races out of two athletic meets. In a 300-yard run my time was 35 seconds and in the 75-yard dash the time was 9 seconds, both being a good record."

"Grape-Nuts has given me a stronger mind and also bodily strength which no other food could have done in so short a time. I have gained strength in a most remarkable way since using Grape-Nuts."

"Members of our foot ball team have a training table on which may be found first of all the athlete's favorite food, Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

of Cerrillos, grand sword bearer; A. M. Whitcomb, of Albuquerque, grand tiler.

The following committee on credentials was appointed: A. A. Keen, of Albuquerque, grand secretary; C. N. Blackwell, of Raton, and J. J. Kelly, of Silver City. The grand lodge was then called from labor to refreshment until 2 o'clock in the afternoon.

At 2 o'clock the grand lodge returned to labor and executive business was transacted.

Last evening there was a special communication of Montezuma lodge, No. 1, under the direction of the grand lodge at which the degree of Master Mason was conferred on Surveyor General Morgan O. Llewellyn by the officers of the grand lodge and the grand lecturer.

CARLSBAD.

From the Argus.

Miss Edna Allen has accepted the position in the telephone office, vacated by Miss Breeding.

A water works system is offered Roswell by an El Paso firm, Hammett & Squires, and the people and newspapers are debating the terms.

Miss Mary Breeding has resigned her position in the telephone exchange, and will teach school, this term, in the mountain school, in Dark canyon. Miss Breeding stood examination last week, and left for her new residence Sunday morning.

The board of governors of Union club held their regular monthly meeting last Monday evening. Considerable business was transacted, among other things the following new members were elected: Dr. G. F. McGinnis, E. G. Hancher, W. R. Strickle, A. E. Gazley, Will Byrd and Harden Clark. The secretary reported a balance in the treasury of nearly \$200.

F. H. Newell, chief hydrographer of the United States geographical survey, arrived. Mr. Newell is here on a vacation, and will be the guest of Mr. Tansill for several days. He is the head of the government irrigation work, and he comes to investigate local irrigation work, as well as for a rest. His visit will undoubtedly result to the future good of this section, and his word is authority on all irrigation matters.

UNION PACIFIC BOILERMAKERS.

They are Still on a Strike—Some interesting figures.

According to the figures given out at the head office of the Grand International Union of Boilermakers and Iron Shipbuilders, which is in Kansas City, Kan., the lodge is paying over \$1,500 per week in benefits to the striking boilermakers on the Union Pacific system. Over \$20,000 has been paid out since the strike began and John McNeil, the president, says there is still plenty of money in the relief fund.

"There were originally about 240 striking boilermakers on the Union Pacific," said President McNeil yesterday. "Some of these have secured positions on other railroads. I would estimate that there are about forty of them working. By the provisions of our constitution all strikers who fail to secure other employment receive a weekly benefit. Married men are given \$7 per week, while single men get only \$5."

Besides the Union Pacific strike, we have other troubles, although all of the big railroad strikes, the Union Pacific alone excepted, have been decided in our favor. Our troubles lie mostly in the contract shops. In Minneapolis there are 25 men on strike; in Birmingham, Ala., 65; in Oil City, Pa., 24; in Buffalo, 40, and in Oswego, N. Y., 175. In Buffalo the men employed in the Lehigh Valley shops are striking,

but all the others are employed in contract shops. Summed up, there are less than 600 boilermakers striking in the United States, which is a pretty good record, as compared with past years."

The boilermakers have an excellent system for raising a relief fund for strikers. Every month each member of the union pays 25 cents into the general fund, which is reserved for the relief of striking boilermakers. There are nearly 23,000 boilermakers holding a membership in the international union, so that the regular assessment yields nearly \$6,000 per month for relief purposes.

The average increase in membership in the boilermakers' union is 1,000 per month. Since September 11 there have been 700 new names enrolled on the membership books in the headquarters of the grand lodge.

As far as is known, there are no new developments in the Union Pacific situation. McNeil said: "The Union Pacific is having an awful time with its engines. Trains are late and their rolling stock is in bad shape. It is only a matter of time when they will grant our demands and we are simply waiting."

The other day the Shawnee, Oklahoma & Missouri Coal & Railway company notified the Oklahoma territorial secretary of an increase in the capital stock from \$1,000,000 to \$3,000,000.

This company is backed chiefly by St. Louis parties, and has for its object the opening of territory coal fields.

Foley's Honey and Tar cures coughs and colds and prevents pneumonia. Take no substitutes. Alvarado Pharmacy.

SNOW PLOWS READY.

The Action of Santa Fe May Presage a Cold Wave.

The Santa Fe people have brought to Topeka two snow plows with which to equip a couple of engines for service on the division west of Topeka during the coming winter.

This would seem to be crowding the season, with temperatures in the '80s, brilliant sunshine and the balmy of southern breezes, but railroad men must anticipate; they do not take anything for granted. Upon the approach of cold weather each fall they get out their snow plows and the first storm generally finds them prepared to battle with the drifts, no matter how formidable the latter may be.

Snow plows of every variety are now being put in service everywhere on the main lines of the Santa Fe and other transcontinental roads, and in the mountain districts of Colorado, New Mexico and Arizona they have already been found useful upon at least one occasion.

A Word to Travelers.

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

60 PER CENT DIVIDENDS.

Remarkable Earning Capacity of Small Northern Road.

The Duluth, Mesaba & Northern railway, which has iron ore as the bulk of its tonnage, has just filed its annual report. The enormous prosperity of the road will be understood when it is noted that the company declared dividends of 60 per cent and distributed \$1,507,000 among its stockholders. The statement fixes the dividend on the common stock at 15 per cent, but makes that rate apply to the last four years.

Gross earnings from operation last year were \$3,755,416 and operating expenses were only \$1,576,525. The net income amounted to \$1,489,283. The surplus on June 30, 1892, was \$3,581,591. All the earnings, with the exception of \$100,815 from passenger business, came from the freight traffic.

SANTA FE HAS SUFFERED.

Freight Car Thieves Steal Thousands of Dollars Worth of Goods.

An organized gang of car thieves is operating in and around Trinidad and Special Agent Reno, of the Colorado & Southern is at Trinidad to round up the gang. The depredations of the gang have been most extensive. They have robbed the Denver & Rio Grande, Colorado & Southern and Santa Fe of

several thousands of dollars' worth of goods, the Colorado & Southern being the heaviest losers. It is said that scarcely a freight train gets through the Trinidad district without the gang succeeding in rifling some of the cars.

It is stated by agents of the road that the gang is undoubtedly thoroughly organized, with a recognized leader that plans out the raids on the trains.

Special Agent Reno has personally taken charge of the roundup of the gang. He is the man that broke up the famous gang of outlaws led by "Black Jack" and who finally succeeded in seeing every man dead or in prison and he saw the execution of "Black Jack" in New Mexico.

A Dozen Times a Night.

Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." Alvarado Pharmacy.

RAILROAD NOTES.

Train Dispatcher L. U. Morris, of San Marcial, has purchased the Montgomery town property.

General Auditor J. R. Merrifield, of the Santa Fe coast lines, was an Albuquerque visitor yesterday.

W. H. Barton, an old time engineer on the south division, is at San Marcial from Mexico on a visit to his family and will remain about two weeks.

J. Burling, of St. Joseph, Mo., was a through passenger last night from San Francisco. He is general superintendent of the St. Joe & Grand Island road.

Mrs. J. F. McNally, wife of the popular superintendent of the Rio Grande division, returned to her home at San Marcial last night after spending fair week in the city.

Locomotive 987, one of the two largest engines in the world, which the Santa Fe recently purchased, not long ago pulled 1,380 tons into Las Vegas. Its tonnage is about double that of the ordinary locomotive.

After nearly half a century of service as city ticket agent for the Lake Shore and Rock Island roads in Chicago, E. H. Whited has retired. Mr. Whited had been a ticket clerk for the Rock Island road since 1853 and joint ticket agent of the two companies since January 1, 1862.

Stricken With Paralysis.

Henderson Grimmett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

Excellent Dinners.

The Columbus hotel, 204 South Second street, upstairs, has an established reputation for first class dinners, family style. Mrs. G. E. Hopkins, proprietress.

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period—how to avoid pain and suffering and remove the cause by using Lydia E. Pinkham's Vegetable Compound.

"TO YOUNG WOMEN:—I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds."

"If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since I am in perfect health, my eyes are brighter, I have added 12 pounds to my weight, my color is good, and I feel light and happy."

—MISS AGNES MILLER, 25 Potomac Ave., Chicago, Ill.

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention. Fifty thousand letters from women prove that Lydia E. Pinkham's Vegetable Compound regulates menstruation and makes those periods painless.

READ WHAT MISS LINDBECK SAYS:

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound has greatly benefited me. I will tell you how I suffered. My trouble was painful menstruation. I felt as each month went by that I was getting worse. I had severe bearing-down pains in my back and abdomen."

"A friend advised me to try Mrs. Pinkham's medicine. I did so and am now free from all pain during my periods."—JESSIE C. LINDBECK, 1201 6th Street, Rockford, Ill.

FREE ADVICE TO WOMEN.
