## NOTORIOUS CASE

### Indiana "Jack the Ripper" on Trial for Murder.

## NEW DEPARTURE IN EDUCATION

### Suspected Soldier, Not Geo. Taylor, the Missouri Murderer.

## BIG FOUR PASSENGER TRAIN WRECKED.

Evansville, Ind., Oct. 20.—After many delays the case of Wilbur S. Sherwell, who is accused of murders of the "Jack the Ripper" type, was called for trial today. Sherwell has been in jail here for nearly a year. He was arrested November 15 last, charged with choking to death Lena Renner and Georgia Bailey, whose dead bodies a few nights before had been found in ditches along roads leading into the city.

At the time of his arrest Sherwell was a member of the city police force. The accused was unable to give bail and has been in jail ever since. The grand jury that convened shortly after the bodies of the two women were found, indicted Sherwell for their murder and also the murder of Mrs. Mary Anne Storck. The body of Mrs. Storck was found in almost the identical spot where the body of Mrs. Bailey was found. Apparently she had been choked to death. In addition to these three crimes the name of Sherwell was connected with the murder of Fannie Butler, but the grand jury did not indict him for this crime. The body of Mrs. Butler was found in an alley a year ago last May. From all appearance she had been choked to death in the same manner as had the three other victims. It was ascertained that Sherwell had been talking to the Butler woman on the night she disappeared.

Since his arrest the prisoner has steadily refused to talk about his case beyond asserting his innocence. His wife has stood by him all through his trouble, working in a mill to support herself and her two children. Able counsel for the defense has been retained by the mother and sisters of Sherwell, who live at Monroeville, Ohio, and who are said to be wealthy. The trial promises to be one of the most notable in the criminal annals of the state.

## New Departure in Education.

Menomonee, Wis., Oct. 20.—A new school was opened here today for the teaching of agriculture, cooking, sewing, carpentry, blacksmithing and general school subjects, to boys and girls who have completed a common school course. The course of study for boys includes general agriculture, dairying, poultry raising, farm accounts, carpentry and rural building. For girls the course includes instruction in sewing, cooking, home economy, chemistry of foods, vegetable and flower gardening and other plant studies. The school is the first of its kind in America to be supported by a county.

## Not the Missouri Murderer.

Carrollton, Mo., Oct. 20.—Sheriff Cruzen is satisfied that the soldier under arrest at Atlanta, Ga., is not George Taylor, who escaped from jail while awaiting execution for his part in the murder of the Meeks family. An Atlanta paper containing a picture of George Burrus, who it is asserted was none other than Taylor, was received today and Sheriff Cruzen declared it bore no likeness whatever to the escaped murderer.

## Passenger Train Wrecked.

Columbus, Ohio, Oct. 20.—The Big Four passenger train, known as the Twentieth Century Flyer, ran into an open switch fourteen miles north of Columbus today and all cars except the two rear ones left the track. The injured so far as reported are: Engineer Ryder, of Cleveland, leg broken, head badly cut; Conductor Jerry LaHiff, Cleveland, slightly bruised; Baggage Master Jerry Hayes, Cleveland, head cut; Mrs. Mary Myers, Wellington, Ohio, slightly cut.

Engineer Ryder was injured so he is dying. Nine others were hurt, none fatally.

Yesterday afternoon, at 3 o'clock, the funeral services over the remains of little Leonard Dunning were held at the undertaking parlors of J. W. Edwards. ## THE SHRINERS.

### Initiated Big List at Saturday Night's Meeting.

The Shriners did things in grand style on Saturday night. The list of candidates published in Saturday's Citizen, were initiated and banqueted at the hall in the evening.

A neat and appreciated program was arranged and carried out fully, after which the new candidates and visiting members sat down to a swell supper with the following menu:

Raw oysters	Reisling
Oyster soup	Salted wafers
Roast turkey	Cold boiled ham
Cranberry sauce	Saratoga chips
Zinfandel	Catawba
Lobster salad	Olives
Pickles	Raisins
Fruits	Nuts

Some of the visiting members went to Santa Fe Saturday night to attend the Masonic grand lodge which meets there this week, and others went yesterday.

**The San Juan Caravan.**  
The Navajos broke camp yesterday and started on their long drive across the mountains.

George H. Browne and wife and many other people from the San Juan country were not able to leave the city yesterday, but expect to leave today or tomorrow.

The long caravan of freighters, which came in loaded with hides, pelts and blankets, went back loaded with merchandise from the stores of Albuquerque.

The exhibits of the San Juan county people at the fair was very creditable and shows that they are alive to the interests of their county.

## MINERS MEETING

### Convention of Strikers in Session at Pittsburg.

## ARBITRATION TO SETTLE STRIKE

### Miners in Good Humor and Contest Nearly at the End.

## GLASS FACTORY BURNED AT PITTSBURG

Wilkesbarre, Pa., Oct. 20.—About 700 delegates of the United Mine Workers of America from the hard coal mining district of Pennsylvania met in the Nesbit theater today to act on the proposal to settle the long strike by arbitration. The convention was called by President Mitchell under the rules of the union to vote on the plan which he laid before it and later explained fully in a lengthy address. Previous to assembling the convention there were busy scenes at strike headquarters in the Hart hotel, from where the miners have been directed since the strike was called—125 days ago. Before 8 o'clock the miner delegates, the majority of them having arrived on the early morning trains, began to gather there. President Mitchell was the center of interest and until he left for the convention hall was always surrounded by his lieutenants and others. The final details for the meeting were arranged in his office this morning. The delegates were in the best of humor as they loitered about the hotel lobby. The feeling of the men was evinced in a brief conversation overheard when the delegates from distant points met. Said one:

"Well, what do you think of the situation now?"

"Oh, we are here to finish it and I guess we will."

Every delegate whose opinion was sought felt that the convention would do whatever their national leader advised. There was general cheerfulness in the faces of the men which was reflected in the demeanor of the citizens of this prosperous city, and in which nearly 50,000 of the miners live and even the fine clear weather seemed to suggest peace and arbitration.

Among the late arrivals at convention hall was the national secretary-treasurer, W. B. Wilson, elected to be secretary of the convention with the secretaries of the three districts. He was of the opinion that the convention would end tomorrow and that the men would return to work on Thursday. He said the outlook for acceptance was bright, but that there were intimations among the assembling delegates that there were objections on the part of some to calling off the strike until positive assurance is had that all the men will get back the positions they occupied before the strike began. Although the time set for the meeting of the convention was 10 o'clock the doors of the theater were not thrown open until the clock struck that hour. It did not take the assembled delegates long to fill the place. After a selection by the orchestra, District President Nicholls called the convention to order at 10:20 and ordered the call for the convention to be read. This was done. As is customary in conventions of the mine workers, the district secretaries acted as the committee on credentials. These secretaries had already completed their work, and when called upon by Chairman Nicholls after the convention call had been read, the reports were made. While these reports were being presented a report was received that President Mitchell would not come to the hall from strike headquarters until after the convention had permanently organized.

It was 11:15 o'clock when the reading of reports was concluded, and as the business of the convention cannot go on until the committee on credentials makes a full report, a motion was made to adjourn until 2 p. m., and before the motion was put it was suggested the delegates be entertained by songs. This was adopted and for a brief time the big convention was turned into a social meeting. At 11:42 the convention adjourned until 2 o'clock this afternoon.

During the recess an expression on the outlook was sought from Mitchell. He shook his head and said:

"I have nothing to say at this time. The outlook, in fact, the whole situation, is in the hands of the delegates. They ordered the strike and they must decide what course to pursue."

While President Mitchell is extremely non-committal in all he says there is not the slightest doubt in the minds of those at strike headquarters that he has any fear that the program he has in mind will go through. A leading

delegate said after the noon adjournment that voting on the arbitration proposition probably would not begin until tomorrow forenoon and the session this afternoon would be devoted to speeches. He saw no reason at all to think that the convention would not vote to accept the arbitration plan and declare the strike off.

Mitchell and Wilson were elected permanent president and secretary respectively. There are 662 delegates present. Mitchell reached the theater at 2:30, shortly after his election as president. He was greeted with great cheers.

## STRIKE SITUATION.

### Warm Debate on Resolution Declaring the Strike Off.

Wilkesbarre, Pa., Oct. 20.—The convention decided to admit newspaper correspondents to the executive session. It was moved immediately after President Mitchell ended his speech that resolutions declaring off the strike be adopted. This immediately met with expected opposition of the engineers, who said they did not oppose President Mitchell's recommendations, but wanted very careful consideration. President Mitchell's speech was concluded at 2:53. Mr. Mitchell's statements in his speech favoring the acceptance of arbitration did not elicit great applause.

## Caused Warm Debate.

Wilkesbarre, Pa., Oct. 20.—A warm debate followed the first note of objection to the immediate adoption of resolutions to declare off the strike. In the course of this debate a motion was made to adjourn because persons not delegates were present. A hot debate occurred on this. A motion that a resolution to adjourn was killed by almost unanimous vote. A motion was then carried to exclude from the hall all but newspaper men.

## Incendiary Fire.

Pittsburg, Pa., Oct. 20.—The plant of the American Glue company, located at Springdale, was destroyed by fire at a late hour last night, entailing a loss of \$120,000, which is covered by insurance. This fire was the fourth blaze within a month, and it is thought to have been the work of incendiaries.

## PUT IN YOUR BILLS.

### The Fair Executive Committee Wants Bills—Leave at Secretary's Office.

The executive committee of the New Mexico Territorial Fair association will hold a meeting in a few days, and it is essential that all bills against the association be placed in the hands of the secretary as early as possible. The office of the secretary, P. F. McCanna, is upstairs in the Grant building. Don't fail to leave your bill at his office.

## CROUCH-BECKER.

### A Carnival Night Romance Ends in Marriage.

Mrs. H. D. Becker was married to George Crouch about 3 o'clock Friday morning. A romantic story is connected with the marriage which makes it interesting. The bride and bridegroom have been friends for several years, and both are from Isleta. Friday night while the carnival was reigning supreme, the romantic couple met and joined in the merry making. They passed the Methodist church on Lead avenue. Going into the residence of Rev. Fisher, next door, he was compelled to rise and perform a quick ceremony. They were made man and wife in less than twenty minutes from the time they made up their minds to get married. Mr. Crouch had just arrived from Chicago, and although he knew the bride, they had not seen each other for some time. At Hotel Vendome a banquet was served, Saturday night, and a large number of their friends were present. Mrs. Crouch will sell out her business in Isleta and return to Chicago with her husband.

## David W. Hutzel Dead.

The remains of David W. Hutzel, whose death occurred in El Paso last Saturday morning at 9 o'clock, were brought here this morning, accompanied by a son, daughter and son-in-law. Funeral will occur tomorrow (Tuesday) in this city from the residence of his daughter, Mrs. A. R. Werning. The deceased was born in Wurttemberg, Germany, on September 30, 1839. At the age of 11 years, he came to America with his parents, settling in Ann Arbor, Mich. Three years ago he came to this city in the hopes of regaining lost health. The deceased leaves a widow and four grown children—Mrs. A. R. Werning, of this city; Mrs. W. C. D. Miller, of Juarez, Mexico; Miss Florence Hutzel, of Chicago, and F. M. Hutzel, of El Paso.

Mrs. J. Moore, who was here the past week visiting her daughter, has returned to her home in Trinidad.

## IRISH LEAGUE

### Notable Gathering of Leaders in Boston.

## BRAVE GIRL ROUTES A BURGLAR

### Butter Makers of the United States Holding a Convention.

## COLORADO TAX CASE DECISION.

Boston, Mass., Oct. 20.—A notable gathering of leaders of international reputation made remarkable the opening of the first convention of the United Irish League in this city today. John E. Redmond, M. P., Michael Davitt and John Dillon, M. P., envoys from Ireland; Hon. Edward Blake, Irish member of parliament; United States Senator Smith, of New Jersey; Patrick Egan, former United States minister to Chili, and Patrick Ford, of the Irish world, were among the delegates. The convention was opened at 11:45 by National President John Finnerty, and following Mr. Finnerty's address Acting Mayor Doyle welcomed the convention to the city.

## Brave Girls Route a Burglar.

Mexico, Mo., Oct. 20.—A burglar who had entered the girls' dormitory at Hardin college last night by way of the fire escape and stole money and jewelry from the rooms of various students, was finally put to flight by Miss Bertha Pittingill, of Atlanta, Illinois, a Latin teacher. He escaped before the alarm could be given. Two girls whose rooms were entered were intimidated into keeping quiet by the burglar's threats.

## Prize Butter Exhibits.

Milwaukee, Wis., Oct. 20.—Between four and five thousand butter makers, dealers and commission men are in Milwaukee for the annual gathering of the National Creamery Butter Makers' association, which will be in session here during the next five days. The final tests in the competition for the prize for the champion butter made in the United States, conducted under government auspices, will take place at the present gathering and keen interest is manifested in the result. The exhibits in competition amount to over eight tons and fill a large part of the exposition building.

## Colorado Tax Law Sustained.

Denver, Oct. 20.—Judge B. B. Lindsey, of the county court, gave his decision in the Sam Strong case, sustaining the validity of the inheritance tax feature of the revenue tax law passed last winter.

## Bought Albuquerque Property.

Hon. L. M. Gales, a well known mine operator and one of the prominent politicians in Sierra county, will make Albuquerque his future home. A handsome brick residence at 516 Iron avenue was purchased of A. B. McGaffey Thursday. Mr. Gales and his family took possession at once. Mr. Gales expects to engage in business in this city in the near future. He has been one of the pioneers of the Hillsboro mining district and has taken an active part in the development of Sierra county.

## House Thieves at Work.

The residence of A. P. Klint, 602 South Edith street, was entered by thieves between 11 and 12 o'clock Sunday morning while the family were at church. Two gold watches, a lady's cloak, a lot of jewelry and many articles used for decorations were stolen. When the family returned from church they found the doors open, drawers pulled out and everything scattered over the floor. Entrance was gained through a rear window. The matter was placed in the hands of police, who are hot after the thieves who have looted many houses in the past week.

## PACER SHECAM.

### The Fast Colorado Animal Purchased by Frank E. Sturges.

Shecam, the fast pacer, winner of the 2:13 pace in the fair meeting and one of the fastest horses ever entered in a local racing event, will remain in Albuquerque. F. E. Sturges bought Shecam after he was on the train to return to his former owner, J. I. Frank, of Denver.

After Mr. Sturges saw the horse win the pacing race Tuesday in three straight heats, he was interested and watched Shecam work during the remainder of the week. The result was his interest reached the purchasing point.

The price paid for Shecam has not been made public, but there is no doubt the figures were high. The horse has

a mark of 2:11½ and is considered one of the best animals in Colorado's long list of fast ones.

That Primrose came near going away with the Estabrook string Saturday night was a story among the horsemen last night. The little mare was sold to Maguire Saturday morning and bought back by Joe Barnett after she was loaded on the car with Minnetonka and Stratton.

The race meet closed with considerable satisfaction among the local horsemen.

## Typhoid Appendicitis.

Abelina M. De Caves, aged 56 years, died at 1115 South Third street, of typhoid appendicitis yesterday evening at 5:30. Mrs. De Caves had been in Albuquerque about ten days previous to her death.

She was born in Algodones and had lived there all her life. She leaves two sons and a daughter in this city. The funeral will take place from Old Town cathedral tomorrow morning at 9:30. Father Gentile will officiate. The body was prepared for interment by O. W. Strong & Sons.

## LAST DAY EVENTS.

### Base Ball Game—Bronco Busting—Horse Racing—Indian Dances.

## CLOSE OF GOOD WEEK.

The twenty-second annual territorial fair closed Saturday afternoon with a large number of visitors still in the city. Large crowds attended the sports at the fair grounds in the afternoon and witnessed the Indian dances on the streets in the evening. The last day proved to be one of the biggest days of the week. Floral hall was crowded with admiring visitors the larger part of the day.

## Base Ball Game.

Nichols in the box for Albuquerque defeated El Paso with Lee in the box by the score of 7 to 4. It was the one occasion when the American National stars outplayed Dale Gear's sluggers at every stage of the game.

Bert Vorhes' batting and a running catch made at a critical moment by Harry Bay were the most notable features.

## Horse Racing.

The horse races of the week proved to be the best ever held on the local track.

The half mile event on Saturday between Lady Margaret, owned by Joe Barnett, and Bonnie Treasure was probably the most interesting harness event of the week to the people of the territory, as both horses are owned here. The stakes for the two best out of three heats was a wine supper. The Treasure won the first and second heats handily.

Trainer Maguire, who was here from George H. Estabrook's stables of Denver, with Stratton, drove Bonnie Treasure and the half mile track record was lowered to 1:05 4-5. The running event of the afternoon, a half mile dash, was won by Crolius in :54, with Lady O'Fallen second.

## Broncho Busting.

The broncho busting contest came off Saturday and was won by Mert Wagner, of Jemez, with Frank Lake second. Both men had good buckers and it was hard to tell which sat the saddle the best. Wagner probably had the hardest buck and after some discussion he was awarded first money.

The roping of wild horses by the Indians on foot proved to be an interesting feature of the afternoon. The spectacle of an Indian clinging to the end of a rope attached to a fleeing bronco, sliding over the ground while sitting down, at a great rate of speed, created considerable amusement.

The five mile relay race and gallinas race by Indians, were also amusing features of the afternoon program.

## Indian Dances.

The Navajos repeated their Yelpechi dance Saturday evening to the pleasure of the people who thronged Railroad avenue. The fires were lighted early and had no more than got to blazing gold when some seventy highly painted warriors appeared. They yelled, chanted and danced to please the bad Yelpechi, who was supposed to be lurking near in the darkness, for more than an hour.

The orderly manner in which the crowds conducted themselves must be commented on. Although a few pockets were picked and some houses were robbed, City Marshal McMillin and his staff of officers are to be complimented.

All trains leaving the city for the north, south and west Saturday night and yesterday, were loaded with homeward bound visitors.

The fair was a grand success and everybody seemed to have a good time.

## RACE RIOT

### Alabama Town Scene of Serious Trouble.

## TRIAL OF NEW YORK MURDERER

### Large Attendance at Kansas City Live Stock Show.

## NEW MEXICO MASONIC GRAND LODGE.

Birmingham, Ala., Oct. 20.—News from Littleton, Ala., the scene of the riot last night between negroes and white men, develop the fact that everything is quiet there now, the negroes having gone to their homes, and no further trouble is apprehended.

Ira Creel, the white man who was reported to have been killed, appeared in Littleton safe and sound this morning, having spent the night in the woods, but Joe Thompson, white, who was seriously wounded, died this morning while being brought to this city by deputy sheriffs, who were sent to Littleton last night from Birmingham as soon as the trouble was reported.

## Arraigned for Trial.

New York, Oct. 20.—Wm. Hooper Young, who is charged with the murder of Mrs. Anna Pulitzer several weeks ago, was arraigned before Judge Cowing today to plead. At the request of his counsel adjournment was taken until Wednesday.

## Murder Trial.

New York, Oct. 20.—The work of completing the jury that is to try Roland B. Mollenau for the murder of Mrs. Katherine J. Adams, in December of 1898, was ended today by the selection of the twelfth man. Contrary to general expectation Justice Lambert had no announcement to make concerning the Barnett letters.

## LIVE STOCK SHOW.

### Long List of Entries at Kansas City Stock Show.

Kansas City, Oct. 20.—The American Royal Cattle and Swine show, to be held in this city this week, has attracted thousands of breeders and lovers of pure bred cattle from all sections of the west and southwest. This year there is an added feature which makes the show of double interest to the rangemen and ranchmen—a competition of carload lots of fat and feeding cattle. The competition includes both pure bred and grade steers and heifers. Each of the four breeds participating in the show—the Herefords, Shorthorns, Galloways and Angus—has a contest of this kind, and then there is a contest of the prize winners of all the breeds. Upwards of \$20,000 in prizes has been hung up by the four breeds for breeding and feeding cattle. The exhibits already on the grounds include nearly 100 carload lots, besides 2,000 pure bred breeding animals and 15,000 registered Poland China, Berkshire and Duro-Jersey hogs.

## Masonic Grand Lodge Meets.

Santa Fe, Oct. 20.—The Masonic grand lodge of New Mexico began its annual meeting here today with a large attendance. Many of the visitors are accompanied by their wives and families and elaborate entertainment has been provided by the local Masonic bodies.

## Death of a Kansan.

Wichita, Kas., Oct. 20.—Clarence Fulton, one of the leading clothing merchants of Wichita, died last evening of Bright's disease. He had been ill for a week. He leaves a widow to whom he was married July 30 last. She was Miss Bertha Goodfellow, of Denver. Fulton was 45 years of age.

## Revolution Crushed.

New York, Oct. 20.—Senator Esteves, consul general of Venezuela here, has received the following cablegram from the Venezuelan minister of foreign affairs at Caracas:

"Great battle in state of Aragua. Complete triumph for the army commanded by General Castro. Revolution crushed. Peace of the republic assured."

Gov. M. A. Otero, wife and son, Miguel, who enjoyed the past week in the city visiting the fair, returned home Saturday. While here the governor had a birthday. It was last Friday and he was 43 years old.

J. H. Shuflebarger has returned to the city. He represented the Albuquerque lodge at the district convention of the A. O. U. W. lodge at Prescott, Arizona, and was chosen one of the lodge's highest officers.

For Delegate to Congress

B. S. RODEY,  
of Bernalillo County.

This is destined to be a city of fac-  
tories.

Delegate Rodey will speak at Silver  
City this evening.

Republican primaries will be held in  
this city this evening.

Tomorrow is the last day for registra-  
tion of voters in this country.

A vote for Rodey is an endorsement  
of Roosevelt and his splendid adminis-  
tration.

Next year the first annual state fair  
will be held in this city, and it will be  
a corker.

The Masonic grand lodge of New  
Mexico convened at Santa Fe this  
morning.

The expenses of the late fair were  
greater than former exhibitions, but  
the receipts are sufficient to pay all  
bills.

The Elks should hurry up the build-  
ing of their hall and opera house. It  
will be needed every day the coming  
year.

Organized labor has a firm friend in  
President Roosevelt. He has brought  
the coal operators of Pennsylvania to  
terms.

The San Marcial Bee says: "The Al-  
buquerque newspaper publishers gave  
the public splendid editions during the  
past week."

New Mexico wants favors from the  
republican government at Washington.  
A poor way to obtain such favors  
would be to send an enemy of the ad-  
ministration to ask for them. Vote for  
Rodey and statehood.

The Las Vegas Record is bitter  
against Albuquerque for some un-  
known cause. It had no mention of  
the territorial fair last week except  
the false statement that it cost \$4 a  
night to secure a bed in this city.

El Paso and Albuquerque are each  
greatly benefited by the league base  
ball tournaments and territorial fair.  
If the two cities continue to work to-  
gether, they can help to whole south-  
west in advertising the resources of  
the vast empire they represent.

No matter what Mr. Fergusson  
might tell the people of Las Vegas  
about the military post, he is under  
deep obligation to the people of Albu-  
querque in the matter. He has had  
charge of the post location for this  
city, and his expenses to Washington  
have been paid by our people. Mr.

Fergusson would be a base ingrate if  
he turned upon his own town in the  
military post matter. He will not do  
anything of the kind.

El Paso helped make the territorial  
fair a success, and Albuquerque will  
more than reciprocate at the midwin-  
ter carnival.

The way to have a good fair next  
year is to begin early. At Kansas City  
the carnival association are already at  
work on next year's parade.

Eat crow and own up when you are  
in the wrong—nothing is to be gained  
by being obstinate, says an exchange.  
This is excellent advice. They say a  
dish of crow isn't bad if properly pre-  
pared and delicately served.

Some people are never happy except  
when hunting trouble. Hon. W. S.  
Hopewell is chairman of the territorial  
democratic central committee. Last  
Saturday night he was made a Mystic  
Shriner, and in a few days he will be  
made an Elk.

Will some one tell us what Mr. Fer-  
gusson did while he was delegate in  
congress? It is true that he has  
made several trips to Washington  
since he was delegate looking after the  
location of the military post in this  
city, but each time it was at the ex-  
pense of the people of Albuquerque.

At Las Vegas Mr. Fergusson made  
the claim that he is entitled to the  
vote of the railroad men of New Mex-  
ico. This is fresh news to people.  
When and how and where did Mr. Fer-  
gusson ever do anything for railroad  
men? He was employed to prosecute  
the poor fellows who engaged in the  
big A. R. U. strike.

Photography has entered so largely  
into railroading that it now often takes  
the place of a manuscript report. It  
tells with the greatest fidelity the story  
of the condition of roadbeds, bridges,  
building operations, wrecks, etc., and  
it relieves headquarters of much of  
the drudgery of wading through  
lengthy written statements.

Whether New Mexico is admitted as  
a state, or is not, it will require some  
special legislation to promote its in-  
terests and develop its resources. Which  
is the most sensible thing to do, says  
the Las Vegas Record, to send a friend  
or an enemy of the republican adminis-  
tration at Washington to ask for  
favors? A vote for Rodey is a vote for  
New Mexico's progress.

A delegation of Las Vegas citizens  
interviewed Mr. Rodey in regard to the  
location of the military post. He was  
asked if he would favor Las Vegas  
against Albuquerque and he promptly  
replied that he would not. Mr. Rodey  
is an honest man and has the habit of  
telling the truth. What would the peo-  
ple of both the cities have thought of  
Mr. Rodey if he had agreed to betray  
his home town?

## THE GRAND CANYON.

Nature's grandest wonder, the Can-  
yon of the Colorado—that stupendous  
gash in the world which awes mankind  
—is about to be mapped from end to  
end by the government, as was an-  
nounced in recent dispatches.  
The figures printed regarding this  
wonderful chasm and succession of col-  
ossal piles of rock are stupendous,  
and the canyon itself is a scenic mar-  
vel worthy any man's journey across  
the world. Maps and figures will never  
give one an adequate idea of the great  
gorge—"it must be seen to be appre-  
ciated." Now that the iron horse is  
snorting near its rim, a view of the  
abysses and color effects is to be had  
in entire comfort, and the American,  
especially, who goes to Europe for  
views of scenery before he visits the  
Grand Canyon of the Colorado, is mak-  
ing a serious mistake. The old world  
has nothing in natural scenic effects  
that can compare with this vast and  
silent rift in a vast and silent land.

## CLEVELAND'S WAIL.

The one distinguished democrat,  
Grover Cleveland, is once more to the  
fore with his panacea for all ills—dis-  
turbance of the tariff. Mr. Cleveland's  
previous calamitous monkeying with  
prosperity, until there was no prosper-  
ity left to monkey with, says the  
Los Angeles Times, apparently taught  
him nothing. He is as "set in his  
ways" as the burro on a thousand hills.  
To him free trade, under another  
name, will cure warts on man and pig  
in chickens. To Grover, of whom we  
had "four more years" mixed with  
trouble of all sorts, there is nothing to  
equal the destruction of the country's  
industries through experiments with  
the nation's revenues. To the sage of  
Buzard's Bay, more recently of  
Princeton, there is nothing to a nation  
so dangerous as a surplus in the treas-  
ury. To this masterful fisherman, all  
actual prosperity is merely a seeming  
so, and even though the country be  
rolling in wealth it is really in a horri-  
ble fix, and doesn't know it. Truly, and  
indeed, there is but one of the great

Grover's kind. He is sui generis. He  
stands alone in his majesty as a de-  
stroyer of industry, a creator of  
tramps and a mobilizer of Coxey ar-  
mies. The American people, however,  
do not forget the gray days when the  
duck hunter was overflowing the presi-  
dential chair, and the policies he may  
choose to advocate will be fought as  
shy of as bubonic plague and other  
evils. The soup kitchen has gone to  
stay, let us fondly hope.

No danger of consumption if you use  
Foley's Honey and Tar to cure that  
stubborn cough. Alvarado Pharmacy.

## LOOKING AT MINES.

Illinois and Indiana Capitalists are in-  
specting Property in the White  
Oaks District.

A party of twelve Indiana and Illinois  
capitalists is making a tour of inspec-  
tion of White Oaks mining properties.  
Some of the members of the party are  
contemplating the purchase of stock in  
the Eagle and American Mining com-  
panies. It consists of Clem N. Stud-  
baker and S. I. C. Vanden Bosch, of  
South Bend, Ind.; H. J. Weber, C. E.  
Finley, G. E. Feagans, P. J. Rullen and  
J. L. Hobbs, of Joliet, Ill.; C. F. and B.  
Congdon, of Chicago; J. H. Lloyd,  
of Moline, Ill.; J. C. Fowler, of Hart-  
ford, Ohio; and W. Esterly, of Cleve-  
land, Ohio.

## Friend of Raton.

Hon. Tom Hughes, editor of The Al-  
buquerque Citizen, who was one of the  
delegates from Bernalillo, deserves a  
large share of the credit for the con-  
vention being given to Raton. When  
the Range proposed this city as the  
place for holding the convention, Mr.  
Hughes took the matter up, and not  
only through his newspaper but per-  
sonally championed Raton with tell-  
ing effect.—Raton Range.

## Two Fine Newspapers.

The Albuquerque Citizen and Jour-  
nal-Democrat have been vying with  
each other in producing big, live pa-  
pers during fair week. The Citizen  
started out Monday with a twenty-  
page illustrated edition with colored  
cover pages and containing a big show-  
ing of "pay matter" and voluminous  
matter of a descriptive nature. Both  
The Citizen and Journal-Democrat  
have been issuing twenty-page papers  
each day during the week, and are  
both magnificent specimens of news-  
paper enterprise.—Raton Range.

## Voluntary Increase.

The Colorado Fuel & Iron company  
on Wednesday posted notices in most  
of its New Mexico and Colorado mines  
announcing an increase in wages for  
the employees, effective that morning.  
The number of men affected by the ad-  
vance is 10,000 and in some cases the  
increase is 25 per cent. Only the coal  
mines of the company are affected and  
it is believed the new plan equalizes  
the schedules more satisfactorily and  
the men will receive a fairer return for  
their day's work. It has been con-  
templated for some time. There has been  
no demand from the men for an in-  
crease and the action taken is volun-  
tary on the part of the company.

## Rich Man Comes to Grief.

Judge Hamilton, counsel for Fitz-  
gerald Moore, has just returned to El  
Paso from Las Cruces, N. M., where  
his client, one of the rich men of the  
southern part of New Mexico, was  
given a sentence of sixty days in jail  
for contempt of court. Moore, who is  
widely known, has been defendant in  
two sensational suits lately which cost  
him the greater portion of his fortune.  
His second wife obtained a decree of  
divorce and was awarded half his es-  
tate by the courts of El Paso, and his  
son, Lee Moore, by his first wife, ob-  
tained judgment for \$60,000 at Las  
Cruces as his portion of the estate left  
by his mother. That court enjoined  
Moore from disposing of New Mexico  
property, but while the suit was pend-  
ing he attempted to sell some cattle  
on one of his ranches and was impris-  
oned for contempt.

## Notes from Correspondents

## FROM LAS VEGAS.

## Republican Primaries—Court Matters—Few Divorces.

## Special Correspondence.

Las Vegas, N. M., Oct. 19.—The republican primary in precinct 29 was held Friday night in the city hall and twenty delegates elected to attend the county convention on Tuesday. There was a large number present when Chairman Thomas Ross called the meeting to order at 8 o'clock. He was made permanent chairman; Verne E. Joy, secretary, and R. L. M. Ross, interpreter.

The following were elected delegates: Thomas Ross, Eladio Herrera, W. W. Wallace, P. A. Linn, J. S. Duncan, J. A. Wiser, A. Lowe, J. S. Clark, James Purcell, S. B. Davis, Jr., J. M. Bustos, F. O. Blood, A. L. Murray, B. F. Forsythe, W. H. Coleman, O. L. Gregory, F. V. Hansen, M. J. Grace, W. E. Montgomery and A. T. Rogers, Jr. J. S. Clark, chairman; Thomas Ross, J. S. Duncan, B. F. Forsythe and T. M. Elwood were named the precinct central committee.

Hon. Charles A. Spiess made a splendid speech in which he set forth many salient facts. He reported that in precinct 26, where Marguerito Romero, the sorehead bolter, was supposed to have his great power, there were only twelve men who had not returned to the fold of true republicanism, and half of these were about ready to get into line. He argued for a support of the ticket from top to bottom in this precinct, as well as others, and that a large vote be polled to give this county increased power in the party in the territory. He said Mr. Rodey would poll every vote on the west side which was cast for the other republican nominees and the same should be done here. He suggested the name of W. H. Coleman from this side as representative to the territorial legislature, and spoke of the other representation Las Vegas was to have on the ticket, that of a member to the council and a county commissioner. The vote of the two towns he estimated at about 700 each. He thought the vote this year for the republican nominee would be as large as two years ago, and the majority would range around the thousand mark.

He gave the facts about the present county government, the best San Miguel has ever had, and drew a picture of the four years of democracy in the county when the county commissioners worked the rebate tax scheme and left unpaid \$30,000 of interest coupons, for which the creditors had since received judgment, adding that sum to the already bonded debt of the county, \$400,000, making that much more on which to pay interest. He set forth some startling facts regarding the mismanagement of county affairs during the innings of the democrats and compared them with the present state of affairs. He also spoke of the refunding of the county indebtedness, which reduces the interest on the bonded indebtedness about \$4,000 annually. His talk was short but teeming with facts and statements which will have a large bearing on the campaign in the county.

The primary adjourned at 8:35.

Misses Minnie and Lottie Will gave a most delightful party Friday afternoon to twenty of their lady friends, the amusement being six-handed euchre. Mrs. R. J. Van Petten made the highest score in games and Mrs. Chas. A. Spiess the best score for ten hands. Splendid refreshments were served and the Misses Will added more laurels to their record as most delightful entertainers.

Certainly marriage seems to be a failure in Colfax county. The latest applicant for divorce is Jose E. Madrid, who has become weary of Martina Madrid. Jose says that they had been married less than three years, when his wife abandoned him, leaving him to sleep alone on cold nights. He proposes to have the marriage annulled, so if some other young senorita or widow, comes along looking for a man he will be free to take her in out of the cold. Jose wants the custody of the only child, as he has had since his wife abandoned him.

Mrs. W. A. Glassford left Saturday evening for San Francisco, from whence she will sail on the army transport for the Philippines, to join Colonel Glassford, who is stationed there.

The Young Men's Republican club met Friday night after the primary adopted their constitution and elected permanent officers. A large increase in membership was reported. The list now being only a few short of 150, with prospects of it reaching 250. The officers elected were: President, A. T. Rogers, Jr.; vice presidents, P. A. Linn, S. B. Davis, Jr., R. C. Reid, R. J. Morrison, Clarence Ide, Hallett Reynolds, W. C. Reid, William B. Stapp, W. J. Thompson and George Fleming; treasurer, Ned Reynolds; secretary, Verne E. Joy, and corresponding secretary, Robert Gross.

There will come up at the November session of the United States district court for San Miguel county, the Fort Sumner postoffice robbery case. After the federal case is tried sentence will be suspended until the territory tries the charge of murder committed in Guadalupe county in January. The defendants in the case are Billy Hawkins, Frank Isbett, George Cook, Witt Nell, Samuel Bass and G. R. Massague, the last four being now in jail—Cook and Massague in jail here, and Nell and Bass at Albuquerque. The

other two are still at large, but it is thought they will soon be apprehended, as plans are now on foot to raise the reward offered to \$500, instead of the regular \$50 offered in such cases. There seems to be little question of the men's guilt, as confessions are now on file from two of them. United States Attorney Childers, of Albuquerque, and Assistant United States Attorney Reid will prosecute the cases here, and Hon. Charles A. Spiess will conduct the prosecution at Puerto de Luna. The cases will have the right of way over most of the other cases in court, and a conviction, it is thought, will be secured speedily. Bass and Nell will be brought here from Albuquerque and the evidence is now being prepared for presentation.

Hon. Harvey B. Fergusson arrived here today from a trip up in the northern part of the territory, where he made speeches at Wagon Mound, Raton and Blossburg. He will leave for Santa Rosa from here.

Dr. E. B. Shaw and wife returned Sunday afternoon from their trip of a couple of weeks back in Kansas. They visited in St. Johns, Kansas, and the doctor read a paper at the annual meeting of Santa Fe surgeons in Topeka.

Ralph Gould returned today to his home in El Paso after visiting his father, Dr. Gould, of the Optic. Ralph is a bright boy and a little hustler.

Miss Nora Evans returned Sunday to her home in Columbus, Kansas, after a visit here with Mrs. Arch Bell.

C. N. Blackwell and daughter, Miss Elizabeth, of Raton, passed through here en route to Santa Fe Sunday. They will stop off here for a visit on their return.

Hon. T. B. Catron, of Santa Fe, passed through here Sunday, returning from a trip to Denver, where he looked after some grant matters.

Roy Jackson, who has been day clerk at the Castaneda, left Sunday evening for Deming, where he has been promoted to cashier. A young man from the east will take the day clerkship here.

Marguerito Romero is a scrapper with his fists as well as in other ways. Saturday evening some native painter, who was partly full, came in to the Hon. Marguerito and tried to hold him up for a jug of whiskey, the payment to come out of his campaign fund. Marguerito did not see it that way, and when the fellow became very abusive he lit into him and knocked all the booze out of the painter's hide, which was already in there. The painter tried the same scheme at the regular republican headquarters but it did not work there either and he was put out.

Mrs. George Crocksford and daughters left yesterday afternoon for Rocky Ford, Colo., for a visit.

Engine 1082, one of the large ones, wreck last Thursday, got in last night shortly after 8 o'clock. The engine is badly bunged up, but it is not thought the frame is sprung to any great extent, and after a few repairs she will be all right again. She has not been out of the shops at Raton but a short time.

## HOSTETTER'S STOMACH BITTERS

Has been before the public for 50 years and has met with remarkable success as a family medicine because it is reliable, and will cure when other remedies fail. It is therefore recommended to those who suffer from Loss of Appetite, Indigestion, Dyspepsia or Malaria, Fever and Ague. One bottle will convince you that it is the best medicine in the world for the stomach. Be sure to try it.

story about Jackson retreating until he secured a history of that campaign, when he saw the map where it was marked "line of Jackson's retreat," then he gave it up. At the business meeting of the encampment, Judge McFie voted for General Stewart of Pennsylvania, the successful candidate for new commander-in-chief. Commander Edwards and Mr. Moore, of Albuquerque, voted for General Black, of Illinois, the unsuccessful candidate.

The W. R. C. accomplished a great amount of business during the week. It is quite a victory for the west to have the next encampment at San Francisco. The encampment for 1904 will be at St. Louis, at the time of the great fair. Judge McFie returns to hold a term of court, Commander Edwards visits Pennsylvania battle fields, Mr. Moore returns soon, as also the New Mexico ladies, while Captain Armstrong and Mr. Peffley will visit relatives for a couple of weeks.

## COMMANDER EDWARDS.

He Writes a Letter from Washington  
—Delayed in Publication.

Special Correspondence.

Washington, D. C., Oct. 12.—Perhaps  
a few lines from me representing the  
Albuquerque contingent in Washing-  
ton will interest a few of your readers.  
Encampment is over and the bulk of  
the visitors gone. McFie, Moore and  
wife, and Peffer have gone to other  
places to visit. Mrs. Butler went to  
Philadelphia and returns today. Yes-  
terday Armstrong, Mrs. Whitson, Mrs.  
Carver and myself went to Gettysburg.  
It poured down rain all day. However,  
we took a covered rig and drove all  
over the field to all the principal points  
of interest, especially that portion of  
the field where my regiment and corps  
participated. The Second, or Hancock's  
corps, the beautiful monument erected  
to General Hancock mounted on his  
magnificent horse, just as he appeared  
on the battlefield during that awful  
charge of Pickett on the third day.  
Then the monuments of the different  
regiments of our brigade surrounded  
Hancock's monument. That point is  
called the high water mark or turning  
point of the battle, and it is conceded,  
that point saved us the day and battle.

We arrived here again in Washing-  
ton last night. Could relate hundreds  
of both pathetic and interesting in-  
cidents, but will only relate one on one  
of our party, that of Captain Arm-  
strong, as follows, as he was strolling  
around in the hotel among Ohio peo-  
ple. He accented a fine looking old  
man who had an Ohio badge on, and  
said, I wanted to inquire if any Rich-  
land county boys were here. The party  
replied he used to live there several  
years ago, but lived here in Washing-  
ton now, and asked Armstrong who he  
wished to inquire about. Well, he said,  
he wanted to inquire about the Arm-  
strong boys. Well, the stranger said,  
my name is Armstrong. They both  
looked in each other's eyes. The  
stranger said, "Is this my brother,  
Captain Jack, whom I haven't seen for  
thirty-two years?" Neither could say  
no more, but grasped each other by the  
hand and wept tears of joy for several  
moments, then went off to themselves.  
He took him out of his quarters at the  
camp and put him in a fine hotel.  
There is much more to this story. I  
haven't time to relate. Must now close  
and start out. We are all well. Adios.  
J. W. EDWARDS.

## Never Ask Advice.

When you have a cough or cold  
don't ask what is good for it and get  
some medicine with little or no merit  
and perhaps dangerous. Ask for  
Foley's Honey and Tar, the greatest  
throat and lung remedy, it cures  
coughs and colds quickly. Alvarado  
Pharmacy.

## POLICE COURT.

The benches in police court this  
morning had the appearance of a mor-  
ning in a large municipal police court.  
All classes and conditions of the fall-  
en human beings, old, young and mid-  
dle aged men, with marks of dissipa-  
tion marring their features. Two wo-  
men gave the mixture a stronger col-  
or.

"Guilty your honor," said John Kel-  
ly, an old man whose locks were turn-  
ing grey. His appearance showed the  
life he lived without asking complicated  
questions. "Five days," returned  
the judge.

Willie McClure. Poor Willie, he  
looked as though his name was the  
cause of his downfall. Willie was a  
painted picture of bad living. Five  
days for Willie.

Harry Moorehouse was thrown in  
last night for being drunk. When he  
got ready to retire and found all the  
beds in use he borrowed trouble and  
paid back with sixty days. He tried  
to take the quilts off two natives and  
a scrap resulted. However, the rough  
house was stopped and Moorehouse  
pleaded guilty of attacking the na-  
tives.

Celso Padilla was found drunk last  
night with a wheel in his possession.  
He was locked up until the mystery  
surrounding the wheel can be cleared  
up. It is thought that the wheel was  
stolen.

Frank Murphy blew into town to  
celebrate. He satisfied his desire and  
celebrated and will celebrate for five  
more days, yet in a manner which he  
had not contracted for.

John Dougherty really looked bad  
this morning. His lovely jag was pass-  
ing slowly to the beyond, yet Frank  
was having the benefits of the after-  
effects. He will have five days to let  
it pass quietly away.

James Farrell did not make an at-  
tempt to tell his life's history as he  
did a week or so ago. The story which  
he related on the former occasion was  
well told, but he got his geography of  
New Mexico so mixed up that it cost  
him five days. James will be with us  
on the streets ten days.

Maria Chaves, who has been there  
many times before, said she made a  
mistake last night and got locked up.  
Ten days of retirement was here fin-  
ish.

Adelia Lopez, the native woman who  
figured in the Second street mix-up,  
was locked up for ten days.

## Woman Insulted.

A couple of ladies returning from  
church last evening were approached on  
North Second street by two rough  
looking hobs and insulted. The ladies  
were very much frightened and ran  
to Railroad avenue, where they  
notified the police and returned home  
in a cab.

As it was quite dark when they  
were approached, and so unexpected,  
they could not give a good description  
of the fellows. The police were on  
the alert and all drunks and suspi-  
cious looking characters were run in.  
No doubt the offenders appeared in  
the police role this morning.

The police judge is administering  
the law in heavy doses to all offenders  
and the prospects are that the vag-  
rants and public nuisances will steer  
clear of Albuquerque police court.

The biography of Frank G. Tyrrell,  
the gentleman who will lecture at Co-  
lombo hall tonight:

Frank G. Tyrrell was born at Fern-  
dale, Cal., August 21, 1865. He com-  
pleted the grammar school at 16, en-  
tered the State Normal school at San  
Jose, graduated with honors in two  
years, and then taught for three years  
in his native state. He was admitted  
to the bar at Harrisonville, Mo., in De-  
cember, 1887. As with many others  
his law training afterwards proved to  
be a preparation for the ministry,  
which he entered in August, 1888,  
preaching with marked success at  
Cameron, Chicago, and St. Louis. He  
is a contributor to periodical literature,  
and editor-in-chief of The Optimist,  
a monthly magazine. His platform work  
has grown in strength and popularity,  
until he is now recognized as second  
to none in his chosen field. He is a  
rhetorician and an orator, and we con-  
fidently recommend him wherever first  
class work is wanted.

## PURE WATER FOR BOILERS.

### Work Commenced on Tanks at Santa Fe Shops.

A force of men has commenced excavating immediately west of the Santa Fe power house for the foundations for two treating tanks of 25,000 gallons capacity each, which will be similar to those used by Edison.

The water used for the boilers in the power house contains a large percentage of foreign matter which forms a scale in the boilers and these tanks are designed to separate this foreign matter from the water before it reaches the interior of the boilers and has the opportunity of forming incrustations. The tanks will be constructed of redwood staves and will each be eight feet in diameter and fifteen feet in height, resting on a framework of heavy timbers much after the fashion of the ordinary modern water tank, the bottom of the tanks being thirteen feet from the ground.

They will supply the feed water for the boilers in the power house and eventually for the boilers in the blacksmith shops.—Topeka State Journal.

### Out of Death's Jaws.

"When health seemed very near from a severe stomach and liver trouble, that I had suffered with for years," writes P. Muse, Durham, N. C., Dr. King's New Life Pills saved my life and gave perfect health." Best pills on earth and only 25c at all druggists.

J. R. Merryfield, auditor of the Santa Fe coast lines, Los Angeles, is in the city.

### Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquifies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. F. S. Mc Mahon, Hampton, Ga., "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." B. H. Briggs & Co.—J. H. O'Reilly & Co.

Switch engine 2313 has been repaired and is at work in the local yards again.

### His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Texas, "bills and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at all druggists.

Engine 772 has been transferred from the Santa Fe to the Santa Fe Pacific.

### Forty Years Torture.

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what Dr. Witt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "Dr. Witt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. B. H. Briggs & Co.—J. H. O'Reilly & Co.

A. C. Stowell has been promoted from fireman to switch engineer and is busy today bumping cars in the local yards.

### The Worst Form.

Multitudes are singing the praises of Kodai, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodai and after using four bottles I am entirely cured. I heartily recommend Kodai to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

W. J. Joy, the switchman who was hurt during the fair parade last Thursday, is reported getting along nicely, but still unable to go to work.

### "Watch the Kidneys."

"When they are affected, life is in danger," says Dr. Abernathy, the great English physician. Foley's Kidney Cure makes sound kidneys.

Survey for a New Railroad.—It is reliably reported that a surveying corps will start today from Naco, the headquarters of the W. C. Green Consolidated Mining company, on the Arizona-New Mexico boundary line for the purpose of surveying a railroad line from Naco via Bisbee and Clifton into New Mexico to reach the Gallup and Durango coal fields. Col. McFarland, a well known railroad engineer, will have charge of the survey. It is said that there is ample capital ready

for the construction of the road, which will be used principally to haul coal to the smelters and mills of the Green Consolidated Mining company.

### Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery of Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and all druggists guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

There seems to be little doubt that the Rock Island extension from Morris to St. Louis will be built. The company has a large corps of surveyors at work east of Mt. Pulaski, twenty-five miles north of Springfield, and will cross the Peoria branch of the Illinois Central southeast of Mt. Pulaski. It also seems probable that the road will run through Springfield.

Foley's Honey and Tar cures coughs and colds and prevents pneumonia. Take no substitutes. Alvarado Pharmacy.

J. W. Records, superintendent of motive power of the Albuquerque Eastern and Santa Fe Central railroads, spent Saturday and Sunday with his family here.

### A Word to Travelers.

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

George Roe, district passenger and freight agent for the Santa Fe at El Paso, with his son, Harold, was in the city last Saturday, taking in the last day of the big fair.

### Beautiful Complexions.

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion; 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

Dr. J. P. Kaster, chief surgeon of the Santa Fe main line, with home and headquarters at Topeka, has returned north, after a few days' sojourn in the territorial metropolis.

### Mothers.

Who keep their children in good health, should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work so that their food does them good, and they grow up healthy and strong. 25 cents at Cosmopolitan Pharmacy—B. Ruppe.

### Do You Want to Yawn?

Feel cold shiverings, aching in the bones, lack of energy, headache, and great depression? These symptoms may be followed by violent headache, high fever, extreme nervousness, a condition known as malaria. Herbine cures it. Take it before the disease gets a fair hold, though it will work a cure in any stage. J. A. Hopkins, Manchester, Kansas, writes: "I have used your great medicine, Herbine, for several years. There is nothing better for malaria, chills and fever, headache, biliousness, and for a blood-purifying tonic, there is nothing as good." 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

General Santa Fe Watch Inspector Montgomery, with headquarters at Topeka, was an Albuquerque visitor last week. S. T. Vann & Son were given the entire inspectorship of the Rio Grande division, and T. Y. Maynard has entire control of the inspection of watches on the Santa Fe Pacific.

### America's Famous Beauties.

Look with horror on Skin Eruptions, blotches, sores, pimples. They don't have them, nor will any one who uses Bucklen's Arnica Salve. It glorifies the face. Eczema or Salt Rheum vanishes before it. It cures sore lips, chapped hands, chilblains. Infallible for piles. 25 cents at all druggists.

## Look out for Fever.

Biliousness and liver disorders at this season may be prevented by cleansing the system with Dr. Witt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands. B. H. Briggs & Co.—J. H. O'Reilly & Co.

## Stricken With Paralysis.

Henderson Grinnett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Map, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.
