BURNING OIL

Beaumont Spouters Again in Flames.

BLOCK BURNED IN BIRMINGHAM.

Second Day's Session of National Farmers' Congress.

A STRIKE RIOT IN NEW ORLEANS.

Beaumont, Texas, Oct. 8.—Reports received today regarding the loss sustained by last night's fire in the oil fields vary, although experts place it from \$100,000 to \$250,000, while the number of tanks destroyed will not be known for several days, the number being estimated at between thirty-five and eighty. Rumors of the loss of life have been proven untrue. Thomas Cowley, an employee of Brice & Co., was probably fatally burned while working at the top of a derrick. He is the only one who was injured, according to the latest report.

Block Burned.
Birmingham, Ala., Oct. 8.—The building of the Moore & Handley hardware company, on Powell avenue, the largest wholesale hardware house in the south, is burning. The fire seems to be beyond control of the department and looks as if the loss would be very heavy, probably half a million.

Farming Topics Discussed.
Macon, Ga., Oct. 8.—At today's session of the Farmers' National congress the following addresses were the principal features: "Reciprocity, How May It Affect Agricultural Interests," Hon. John K. Campbell, of Michigan; "Preservation of Forests and Reforestation," Hon. George W. Whitaker, of Boston; "Postal Reforms, Particularly Affecting the Farmer," Hon. L. H. Welles, of Iowa.

This evening Rev. John Hyde, statistician of the United States agricultural department will address the congress on the subject, "A Birdseye View of the Cereal Fields."

Labor Riot.
New Orleans, Oct. 8.—The first attempt to run cars out of barns resulted in a serious riot at 10 o'clock, in which Policemen Hattler and Schlessinger were shot, it is believed fatally, and a number of men were wounded.

Episcopal Bishop of Alabama.
Montgomery, Ala., Oct. 8.—A special council of the Episcopal diocese of Alabama convened in St. John's church today for the purpose of electing a successor to the late Bishop Barnwell. Three men are prominently mentioned for the place, they being the Rev. John Gardner Murray, of Birmingham; Rev. William Alexander Guerry, chaplain of the University of the South, at Seawane, Tenn., and Rev. William Thos. Manning, of Nashville, Tenn. Should the office not be bestowed upon one of these it may fall to Rev. Matthew Brewster, of Mobile; Rev. C. B. Wilmer, of Atlanta; Rev. A. W. Knight, of Atlanta, dean of the cathedral.

Russian Rail Conference.
London, Oct. 8.—A dispatch from Odessa says that an important conference of Russian and European railway and steamship officials was commenced in that city today in an endeavor to arrange a through continental tariff by the Siberian and Chinese Eastern railroads. One of the chief difficulties in arranging a satisfactory rate through Siberia and Manchuria is the high cost of keeping up the new road and its large initial cost. But the Russian officials hope to be able to overcome this and establish rates by which the far eastern road will become accessible to all.

American Christian Convention.
Norfolk, Va., Oct. 8.—The nineteenth quadrennial session of the American Christian convention, which began in Norfolk today, has attracted the most talented men of the denomination from all parts of the United States and Canada. The delegates number more than 600 and represent ninety conferences. The meeting is regarded with more than usual interest as it is the first held by the Christian denomination in the south, the selection of Norfolk as a meeting place being a consequence of the reconciliation of the northern and southern branches effected at the Marion conference in 1890 after a separation that had existed since the civil war. At the formal opening this afternoon there was an address of welcome by Rev. J. Presley Barrett, D. D., and a response by the president of the convention, Rev. O. W. Powers, D. D., of Columbus, Ohio. The session will continue a week, during

which time the financial, missionary, Sunday school, educational and publishing departments of the church work will be thoroughly discussed. The report of the secretary, Rev. J. F. Burnett, of Muncie, Ind., shows the affairs of the denomination in general to be in good condition.

Beckman-Thomas Wedding.
Ardley, N. Y., Oct. 8.—There was a large gathering of fashionable New York society today at the wedding of Miss Eleanor Thomas, daughter of General Samuel Thomas, and R. Livingston Beckman. The ceremony was performed at noon at "Ardley Towers," the summer home of the bride's parents. The ushers included Theodore Havemeyer, Edward C. Potter, Stuyvesant Le Roy, J. B. Harriman and Antonio de Navarro. After a brief wedding trip Mr. and Mrs. Beckman will take up their residence in New York city.

Wedded at Fort Hamilton.
New York, Oct. 8.—A military wedding of note today was that of Miss Louisa Rodgers, daughter of General John I. Rodgers, U. S. A., and Lieutenant Harrison Hall, of the Artillery corps. The ceremony was performed at the home of the bride's parents, Officers Row, Fort Hamilton, and was attended by a number of prominent military men.

Weds British Army Officer.
New York, Oct. 8.—Miss Mattie Strong, daughter of Mr. and Mrs. Wm. R. Strong, was married today to Capt. Mereton Gage, of the Seventh Dragoon guards, British army. The ceremony was performed at the home of the bride's parents in Madison avenue, Bishop Potter officiating.

TERRITORIAL FAIR NOTES.

Basket Ball—College Exhibits—Cowboys Arriving—Preparing Floats.

THE QUEEN'S CONTEST.

The children of the city public schools will have an opportunity to attend the fair on Wednesday and Friday of next week, the privilege having been granted by the board of education.

The Socorro Chieftain says: Prof. F. C. Lincoln, president of the local tennis club, has received an invitation for himself and other members of the club to attend the eighth annual tennis tournament in Albuquerque.

The Deming Headlight says: The next grand holiday for Demingites will be the week of the territorial fair at Albuquerque, and the prospects are that everyone who can possibly attend will be there.

On Thursday night, October 16, the athletic inclined people of the city will hold an interesting "smoker" at Colomby hall. Everybody invited.

One attraction, not anticipated for fair week will be a basket ball game Tuesday evening at Colomby hall, between a picked team from the university and high school teams and the Albuquerque Stars. Both teams are strong and have been doing hard practice. It will probably be the fastest game ever played in this city.

The Agricultural college exhibits, a full car load, are expected to arrive in the local yards Sunday evening and will be placed in exhibition hall on Monday. The mechanical department will especially be in evidence. Students engaged in various kinds of mechanical work will be on hand and demonstrate with lathe and saw the good work being accomplished at the college.

Clay McGonnagall, well known over the territory through his appearance here two years ago, and his recent appearance at Roswell, has entered the coming roping contests. McGonnagall is a top notcher when it comes to steering. At Roswell last week he caught, threw and tied his steer in 39.35 seconds, two seconds better than the world's record. Miss Pearl Ward, of Denver, and two more expert and fancy riders and ropers, will enter the coming contests.

A large force of men are at work in exhibition hall making the needed repairs and improvements, and arranging tables and booths for the different exhibits, some of which are already being placed in position. As the exhibits this year will be larger than they have ever been in previous years, the question which arises is, will the hall furnish ample room? The chances are that some of the departments will be crowded a little unless other room is secured.

Next to the Montezuma float, the Elks' Quilen Sabe Marching club's float will be one of the finest ever seen in New Mexico. A. H. Barkley, the decorator who is here from Kansas City

GRAND ARMY

Parade of the Veterans in Washington.

PRESIDENT REVIEWS PROCESSION.

British Steamer Wrecked and Sunk in a Dense Fog.

GENERAL BRAGG TRANSFERRED TO CHINA.

Washington, Oct. 8.—"Let's brave it, comrades; it may be the last march we will ever take part in."

This was what a gray-haired veteran of Iowa said this morning at the hour announced for the different state departments of the Grand Army of the Republic to move toward their formation places for the big parade. The belief that it might be their last chance to march again shoulder to shoulder is what led many of the age-worn veterans to brave the torture that followed for several long hours. Fortunately it was that no serious results followed and much of the credit of that is due to the physicians of Washington, who, almost to a man, volunteered their services for the occasion. Following each division there was the surgeons' corps of strong young men and the army ambulances.

But the old veterans stood the tire-some ordeal wonderfully well. The great majority of them marched with precision, even if they were not as quick at obeying commands as in the old days. And they demonstrated that forty-five years does not take a man out of service, whatever may be the civil service rules. They carried the old flag, and some of them carried their muskets and knapsacks and blankets. They were on their feet from early morning, before the parade began, and several hours on the march in the middle of the day, though the route was greatly shortened as compared with those of previous encampments.

The arrangements were all that could be desired, but a Grand Army parade is too big an affair to be without great fatigue. They may march again, but not many more years, and there are many who think that the time has come to abandon the most inspiring spectacle because its greatest fatigues fall upon those whom the people would shield rather than burden.

It was 10:30 o'clock when the signal guns to start were fired. The start was made from the Congressional Library building. The white banner of peace and the stars and stripes led the column. The flaming stripes and starry field of the flag were the more brilliant beside the white silken banner, above which perched the white dove of peace with a sprig of ivy in its beak. So the column approached the reviewing stand, and then between them rode the commander-in-chief of the Grand Army, General Eli Torrance, of Minnesota. Beside him rode Col. Noel Blakeman, grand marshal of the day and his aides, who escorted the commander to the stand, while the beauty and chivalry of the national capital gave him a welcome befitting a hero who conquers in peace. On the reviewing stand were seated the president and cabinet officers and numerous other dignitaries.

The flag of the G. A. R. was hung out, the stars and stripes and the banner of peace approached, and the column moved forward again and kept moving for several hours. The executive committee of the Grand Army and the Sons of Veterans escort led the way, and then came Illinois leading the veterans of the Grand Army. The bands played "Tramp, Tramp, Tramp, the Boys Are Marching," and Columbia post, of Chicago, 100 strong, marched down Pennsylvania avenue as bravely as they marched on that memorable day of the grand review of 1865. But the strains of music and the applause took the heart out of many of the old soldiers and the only wonder is that it did not make them all as sentimental as were many of those who looked on and let the tears course down their cheeks as they saw the Grand Army on probably its last grand review.

Numerically, Pennsylvania and New York carried off the palm in the parade, though Illinois, Indiana and Ohio did not fall far below in the number of veterans in line. Wisconsin followed Illinois, in line, with Walcott post, of Milwaukee, leading. Then came the Pennsylvania posts and their old battle flags, which attracted much attention. Ohio led the second division and was followed by New York, the Lafayette post, of New York city, and the Bidwell-Wilkinson post, of Buffalo, attracting special attention by their neat uniforms and excellent marching.

The third division was made up of posts from Connecticut, Massachusetts, New Jersey, Maine, California, Rhode Island, New Hampshire, Vermont, Virginia and North Carolina. In the fourth division were Maryland, Nebraska, Michigan, Iowa and Indiana. Minnesota, Missouri and Kansas made good showing in the sixth division. In the next division the department of the Potomac brought up the rear of the procession.

It was long after the noon hour when the last of the veterans had marched by the white house. The entire route was decorated lavishly, every building, public and private, being adorned with two stars and stripes, bunting of red, white and blue, and the insignia of the G. A. R. and the various army corps, until the eye of the spectator was sated with the varied display. It is estimated that 500,000 persons witnessed the pageant. The morning trains brought hundreds of visitors from all points within a radius of a hundred miles of Washington and seldom has the capital entertained a larger crowd.

The parade was the feature of the day. Everything else gave way to it, and when the march was over the veterans were in no mood to do anything but rest and endeavor to recuperate sufficiently to enjoy some of the public functions arranged for the evening.

MISS CLARA OLSON.

The Young Lady Declines to be Candidate for Queen's Contest.

Special to The Citizen.
Santa Fe, N. M., Oct. 8.—Miss Clara Olson positively declines to be a candidate for queen of the territorial fair.

DEMOCRATS AT WINSLOW.

Navajo County Ticket Nominated at Winslow Convention.

Special to The Citizen.
Winslow, A. T., Oct. 8.—The democratic convention for Navajo county was held here and every precinct in the county was represented. The nominees are strong men, politically, and will be elected. The ticket is as follows: Council—William Morgan; assemblyman—William A. Parr; district attorney—W. H. Bourbidge; treasurer—F. T. La Prade; recorder—A. F. McAllister; sheriff—F. F. Seelst; board of supervisors—James M. Flake and R. C. Cressell. The nominee for probate judge was left open.

Steamer Sunk.
London, Oct. 8.—The North German Lloyd steamer, Kron Prinz Wilhelm, which sailed from Southampton today for New York, ran into and sank the British steamer, Robert Ingham, during a dense fog off Beachy Head, this morning. The Robert Ingham went down about four minutes after the collision, but the Kron Prinz Wilhelm saved all the crew of thirteen men with the exception of the mate and the only passenger she had on board.

Bragg Transferred.
Washington, Oct. 8.—Edward S. Bragg, consul general at Havana, has been transferred to the post of consul general at Hong Kong, taking the place of William A. Rublee, who has been transferred to the consulate at Havana.

Railroad Wreck.
Metuchen, N. J., Oct. 8.—The Pennsylvania passenger train from New York was wrecked in front of the station at Menlo Park this morning, and it is reported that one person was killed outright and many injured. No details have yet been received. The general superintendent of the Pennsylvania road said the accident was a rear end collision of two passenger trains, both from Philadelphia.

It is now stated that one person was killed and twelve injured in the wreck. No further particulars have been received yet, owing to the remoteness of the scene of accident. A special train is taking the injured to Jersey City.

Rock Island Superintendent.
Topeka, Kan., Oct. 8.—Word has reached the Rock Island offices here that C. P. Adams, of the Central New Jersey railway system, has been appointed superintendent of telegraph, effective October 10, for the entire Rock Island system, vice A. R. Swift, of Chicago, resigned.

Mitchell's Answer.
Wilkesbarre, Pa., Oct. 8.—President Mitchell has written his answer to President Roosevelt, but he declines to state what its nature is. The letter was dictated before noon and is now in the mails on its way to Washington. In view of the statement published by President Mitchell today it is hardly likely that the proposition of the president will be accepted.

Disorderly Huns.
Buda Pesth, Oct. 8.—The lower house of the Hungarian parliament re-assembled today with a repetition of the tumultuous scenes which marked the last session.

LABOR WAR

Pennsylvania Disturbed by Riot and Misrule.

BLOODSHED IS NOW PREDICTED.

Coal Operators and Strikers Defiant of Public Interest.

A GENERAL STRIKE IN FRANCE.

Harrisburg, Pa., Oct. 8.—The first outbreak of disorder since the marches and arrests of two weeks ago occurred at Williamstown last night, when an attempt was made to move thirty-two cars of coal from the siding of the Lykens Valley Coal company, which had been mined last week and had been run through the breaker on Friday by men who refused to join the strike. When the Summit Branch Railroad company attempted to move the loaded cars, the coupling pins were drawn and the engine had to back to the cars again. This occurred five times and there were some stones thrown at the cars. Finally the trainmen got the cars coupled and started off with the train amid the hoots and jeers of men and boys.

Movements of Mitchell.

Wilkesbarre, Pa., Oct. 9.—National President Mitchell, of the Miners' union, and three anthracite district presidents returned to the city from Buffalo early this morning. The chief of the miners had nothing to say regarding yesterday's trip and also declined to discuss President Roosevelt's proposition for ending the strike. He will not even indicate when he will give answer to the president, but it is probable he will not do so until he has received the reports of all local unions, which will meet today in accordance with his instructions and take action on the question of whether their members desire to remain on strike.

Mitchell Makes Statement.
Wilkesbarre, Pa., Oct. 8.—At 11 a. m. today President Mitchell made the following statement to the Associated Press:

"Up to this hour at least thirty telegraphic reports have been received from local unions giving the action taken by them last night and this morning. These reports are substantially as follows: "The mine workers resolved not to return to work until the demands as formulated at the Shamokin convention are granted or until the strike is called off by a convention of the mine workers or President Mitchell, and if all the troops in the United States were brought here they could not force the men back to work."

Reports are still coming in rapidly and among them there is not one dissenting voice. The vote in all local so far heard from was unanimous. There are more than 300 local unions and all will have been heard from by tonight. Some of the unions were compelled to meet last night or early this morning so as not to interfere with school children, many school houses being the meeting places.

Want a Conference.

New York, Oct. 8.—The presidents of anthracite coal roads and John Markle have received the following telegram from the committee of the National Manufacturers association, which met yesterday with Mitchell and the district presidents of the United Mine Workers at Buffalo:

"Albany, N. Y., Oct. 8, 1902.—Our committee of conference here desire to meet you tomorrow at 10 a. m. at Manufacturers' club, Philadelphia. This is very urgent. D. M. Parry, Richard Young, Geo. H. Barbour, F. A. Leake."

Two of the operators named have announced their intention to decline the invitation. President Fowler, of the Ontario & Western, said there was nothing new in the situation so far as his road was concerned.

"This is not the time to talk," said President Fowler; "it is the time for action. We are trying our best to mine coal and will bend all our energies in that direction."

There was an informal conference of leading interests today but nothing of interest developed.

Street Railway Men.
Detroit, Mich., Oct. 8.—The annual meeting of the American Street Railway association and the Street Railway Accountants' association began in Detroit today. In conjunction with the gathering there is an elaborate exhibition in the Light Guard armory of street railway supplies and devices.

Today's session was devoted to the annual address of President H. H. Vreeland, of New York, and the reports of officers. At the succeeding sessions of the convention, which continues through the remainder of the week, benefit associations, the registration of transfers, the transportation of light express and parcel delivery, the adjustment of damage claims, steam turbine engines and the discipline of employees by the merit system will be discussed.

The Street Railway association is composed of officers of street railway companies in all cities of the United States and Canada where street cars are in use.

Strike in France.
Paris, Oct. 8.—The national committee of the French miners' federation has decided to declare a general strike to begin tomorrow. It is estimated that 42,000 men have already struck in the northern coal fields and that 5,000 men have struck around St. Etienne.

In Memory of Heroes.

Perryville, Ky., Oct. 8.—The fortieth anniversary of the battle of Perryville was observed today by the dedication of a handsome monument to the memory of the confederate soldiers who lost their lives in the historic and bloody conflict between Bragg's army and Belts. The dedication was attended with interesting addresses and other ceremonies conducted in the presence of a large throng. The monument was erected through an appropriation made by the Kentucky legislature. It is twenty-two feet high, being surmounted by an infantry soldier, bearing a musket, at rest. It stands on a slight elevation and can be seen for miles around.

DISTRICT COURT.

Jose Mora, Charged With Changing Brand, Found Not Guilty.

ERROR OF DISTRICT ATTORNEY.

In the district court yesterday afternoon the case of the territory vs. Jose Vidal Mora, who was charged with changing the brand on a horse, resulted in the exoneration of the defendant. The defendant is a prominent man in Guadalupe county; he has been in the legislature and is possessed of much wealth. After hearing the evidence in the case, the court instructed the jury to return a verdict of not guilty. A number of witnesses supported the prosecution in the case against Mora. The prosecution tried to prove that defendant had in his possession a mare from which he had removed the brand of Higinio Cordova, of Corrales, and substituted thereon his own brand. The mare in question could not be produced in the court room, but she was hatched in the court yard and various delegations were sent to view her. When the prosecution had rested, Attorney E. V. Chaves, for the defendant, made an argument urging that the jury be instructed at once to find in favor of the prisoner. He argues that the statute of limitation would apply, and these points being overruled, he urged that the fact of the mare in question bearing the brand and being in possession of defendant couldn't possibly, under the statute, be used as evidence to show that the defendant had altered the brand. He was charged with altering the brand, not with any other offense. Mr. Clancy, for the territory, argued that under the statute, which said that such an offense should be deemed larceny, evidence of possession of a horse from which one's brand had been effaced and possession substituted, should be admitted to prove that possessor had changed the brand. The court said that deeming something larceny wasn't the same as saying it was larceny, and he was not sure that the evidence concerning possession should be admitted. However, in the absence of any rule on the subject he would construe the statute liberally and admit the evidence, advising the jury of its weight. However, when the defense had concluded, the evidence so clearly pointed to the innocence of the defendant that the court instructed for him on matters of fact. It was shown that the mare was the defendant's own; that he had branded the colt and had perfect right to remove any other brand he saw fit.

When the Serna murder case was brought up yesterday the district attorney caused quite a surprise. The prisoner was brought in, the jury secured, counsel were all present and the district attorney proceeded to read the indictment. Suddenly he exclaimed: "There's no date in the indictment, and I am the man who forgot to

Shaw and Root are Speakers.
Boston, Mass., Oct. 8.—The annual dinner of the Republican club of Massachusetts, which takes place tonight in Symphony Hall, promises to be a notable affair. President Eben S. Draper will preside and the two principal speakers will be Secretary of War Root and Leslie M. Shaw, secretary of the treasury. Secretary Root is expected to handle the Philippine question, together with foreign affairs in general, and Secretary Shaw's address will be devoted exclusively to the trust issue.

Denmark Willing to Sell.

Copenhagen, Oct. 8.—In the land-sliding today Foreign Minister Deuntzer submitted a bill ratifying the cession of the Danish West Indies to the United States and urged a speedy settlement of the matter. The first reading of the bill is fixed for October 15 and the second reading October 22.

Sage is Sick.

New York, Oct. 8.—The condition of Russell Sage, who has been suffering from a bad cold and threatened with pneumonia, is reported this morning as favorable. The physician attending Mr. Sage said he was in no danger, but that it would be better for him to remain at home until next Monday.

Iowa League of Municipalities.
Iowa City, Iowa, Oct. 8.—About 150 mayors and other officials of the chief cities of the state faced Mayor W. H. Wray, of Oskaloosa, today when he called to order the annual convention of the Iowa League of Municipalities. After cordial greetings from Mayor Stebbins and President MacLean, of the University of Iowa the convention listened to the reports of the officers and committees. The papers presented at the opening session were as follows: "Street Paving in Iowa," Mayor F. M. Morris, of Mason City; "Some Recent Sewage Disposal Plants in Iowa," Prof. A. Marston, of Iowa State college; "Governing a Municipality," Mayor W. H. Schooley, of Indiana; "Source of Artesian Water Supply for Iowa Cities," Prof. S. Calvin, of the university of Iowa. The convention will continue and conclude its session tomorrow.

Patriotic Women Meet.
Belleville, Pa., Oct. 8.—Delegates from all parts of Pennsylvania are attending the state conference of the Daughters of the American Revolution which began a three days' session here today with Miss Susan Carpenter Fraser, of Lancaster, presiding. Prominent among the visitors is Mrs. Charles W. Fairbanks, of Indiana, president-general of the society. Besides the business sessions the program provides for numerous social features, including a reception tomorrow evening at the home of ex-Governor Hastings and Mrs. Hastings.

Col. R. E. Twitchell, of Las Vegas, is again in the territorial metropolis.

IRRIGATION IDEAS

Work of the National Irrigation Convention.

SPEECHES BY CONGRESSMEN.

Denmark Willing to Sell West India Islands to This Country.

RUSSELL SAGE IS SERIOUSLY SICK.

Colorado Springs, Oct. 8.—The all absorbing topic among the delegates to the national irrigation congress today is the question of the proposed merger with the trans-Mississippi commercial congress. The tendency on the part of the delegates to favor the merger is constantly growing and there is little doubt as to the movement proving successful. An effort was made at the opening of congress this morning by the opposition to the merger to force the question to a vote by shutting off further speech making until the reports of the committees on resolutions and permanent organization had been heard, neither of which has yet been submitted. The sense of the convention was to some extent determined by the voting down of this resolution.

At this morning's session addresses on the great benefits that will accrue to the people as a result of irrigation legislation were made by Congressmen Tawney, Stevens, Morris and Heatwole, of Minnesota. The afternoon will be taken up with the addresses of the numerous state engineers and Chief Hydrographer Newell, of Washington, on the practical phases of the problem.

For Delegate to Congress
B. S. RODEY.

Trade follows the irrigation ditch.

The irrigation congress has helped to solidify the west for national development of the arid region.

Ex-Governor Prince of this territory is the vice president of the national irrigation congress in session at Colorado Springs.

A big corporation is forming to fight the copper trust. It is quite evident that the days of competition have not yet vanished.

The Daily Citizen next week will be illustrated, and will consist of twenty pages each day descriptive of Albuquerque and the territorial fair.

The republican officials of Bernalillo county have faithfully discharged their duties and the people of the county appreciate their good work. There is no disaffection in this county.

The Las Vegas Record says that the republican convention at Raton will be a love feast and Delegate Rodey will be nominated by a unanimous vote. His election, too, will be almost unanimous.

The republican organization in Socorro county feel sore toward H. O. Bursum, superintendent of the territorial penitentiary. It is claimed that Mr. Bursum, by his interference, caused dissension in that county.

In nine years ending with the close of the fiscal year 1900-1901 the production of gold in Mexico increased from \$1,269,907 to \$9,327,542. In part this is a result of the increased activity in searching for gold due to the demoralization of silver in the greater part of the commercial world.

Never lose sight of the fact that the prosperity which protection has brought enables Americans to increase their consumption of all kinds of commodities. Don't forget that the adversity which followed the assaults on the McKinley bill resulted in diminishing the consumption of all sorts of American products, those of the field as well as of the factory.

The value of the mineral and metal products of the United States in 1901 is given in mineral industry at \$1,376,826,102. This sum, great as it is, represents only the raw material; that is, the metals and minerals as made ready for market, and not the varied forms into which they are manufactured. Moreover, it is the value at the mine or place of production, and does not include the cost of transportation or delivery to consumers.

There are in Havana 227 cigar and cigarette factories, employing between 25,000 and 30,000 operators; the hours of work are from 6 a. m. to 6 p. m., with an hour for rest at noon. Wages vary according to the competency of the operators, especially among cigar makers, where piece work is the usual rule. On high grade work men earn from \$1.50 to \$2.70 per day; on cheap work made in the smaller shops workers earn only about \$1.05 to \$1.40 per day.

CONTESTED DELEGATION.
The republican convention at Santa Fe to elect delegates to the congressional convention at Raton was not harmonious and two delegations is the result. The political row at Santa Fe is of long standing. It began in 1890, and will continue probably to the end of time. It is a fight of the "outs" against the "ins." When a new governor is appointed everybody in Santa Fe gives him the glad hand. After he

has made up his list of appointive territorial officials the disappointed aspirants get together and proceed to make life a burden to the territorial executive. The "ins" always try to "endorse" the governor, and the "outs" make the county conventions exceedingly interesting by their sturdy opposition to the administration. This condition of things is not confined to the republican party alone. Both Governor Ross and Governor Thornton, democratic executives, were opposed most bitterly by members of their own party.

This year the opposition to Governor Otero is headed by Thomas B. Catron, a man of extraordinary legal ability, but with remarkable absence of political good sense. Mr. Catron is chairman of the county republican committee, and he and his friends worked earnestly to control the party machinery. The friends of Governor Otero, headed by the powerful New Mexican, rallied in solid force. A great deal of money was spent on both sides. Each faction claim the victory, and the committee on credentials at Raton will have a most intricate and disagreeable duty to perform in deciding the merits of the controversy.

INDUSTRIAL CONDITIONS.

Attention is directed in a recently published report of the special commission from the British Iron Trade association, which recently investigated industrial conditions in the United States, to the great cheapening of industrial processes which has been brought about in the last quarter of a century. "In all countries," says the report, industrial processes have been greatly cheapened during that period, but in America the cheapening appears to have been carried farther than anywhere else." According to figures recently made public by William Garrett, a rail-roller in an up-to-date rail mill is paid less than 1 cent per ton for rolling, against 15 cent at a not very remote date. Within that time, again, a wire-rod roller has seen his earnings per ton reduced from \$4.12 to 12 cents per ton, and yet he earns larger wages at the lower figure, while 5 cents is paid today for heating billets to make wire rods, against 80 cents during the period referred to. "If rod-rollers," says Mr. Garrett, "were to receive the same wages per ton that they did twenty years ago, they would earn \$424 per day." It is noteworthy that the success attained in the United States in the field of industrial economy is attributed in the report largely to the almost absolute freedom of labor. The men, it says, have their futures so much in their own hands, and their wages are generally so good, that they have every encouragement to do the best they can for their employers and for themselves.

"Watch the Kidneys."
"When they are affected, life is in danger," says Dr. Abernathy, the great English physician. Foley's Kidney Cure makes sound kidneys.

Government Investigating.
Ralph Nutting, an agent of the census department at Washington, and Louis Mesmer, an expert from the department of soils, are at Carlsbad. Mr. Nutting is gathering data on irrigation development for the census bureau as the work done in that line in 1900 was very incomplete. Mr. Mesmer will examine the soils of the country and will make a complete report. S. M. Tracy, of the department of agriculture, is expected soon to examine the general farming situation of the valley.

His Life in Peril.
"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Texas, "billiousness and a lame back had made life a burden. I couldn't eat or sleep and I felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at all druggists.

Surveying for Canals.
George Butler, general superintendent of irrigation, of the Indian office, has arrived at Farmington and will at once make surveys for irrigating canals bordering along the San Juan river west of Farmington and Fruitland. He will cross section as he goes along as his time is limited and this will permit immediate construction work. Only \$10,000 is available now. The irrigation works will be for the Navajo Indians.

A Dozen Times a Night.
Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." Alvarado Pharmacy.

MRS. J. H. HASKINS.

for months after, and at the time I thought death was a welcome relief; but before my last child was born a good neighbor advised Lydia E. Pinkham's Vegetable Compound, and I used that, together with your Pills and Sanative Wash for four months before the child's birth;—it brought me wonderful relief. I hardly had an ache or pain, and when the child was ten days old I left my bed strong in health. Every spring and fall I now take a bottle of Lydia E. Pinkham's Vegetable Compound and find it keeps me in continual excellent health."—Mrs. J. H. HASKINS, 3248 Indiana Ave., Chicago, Ill. — \$5000 forfeit if above testimony is not genuine.

What the expectant and would-be mother needs, and this counsel she can secure without cost by writing to Mrs. Pinkham at Lynn, Mass.

LAS VEGAS.

Miss Raynolds' Marriage—San Miguel Democrat—Short Items.

Special Correspondence. Las Vegas, N. M., Oct. 8.—George P. Money left yesterday evening for Las Cruces to attend court. He has several Chinese cases on hand.

Gov. M. A. Otero returned yesterday evening to the territorial capital. Mrs. Otero and son, Miguel, remained over for a visit.

J. F. Sullivan left this evening for Mexico, where he will connect himself in some mines as superintendent.

H. E. Blake will leave tomorrow for the Pecos country, taking along a couple of miners. Mr. Blake will do the assessment work on his four claims there and cast his eye around for some more valuable claims. Mr. Blake says the Pecos country is a Paradise for prospectors and the outlook there is particularly alluring.

Mrs. Lizzie Brocklin returned yesterday afternoon from her trip to Chicago where she was several weeks.

Mrs. Paulita G. de Ulbarri was appointed administratrix of the estate of Atalio F. Ulbarri, deceased, yesterday, by the probate court. The appraisal of the estate was made and the bond of the administratrix approved. This was all the business before the court, and it adjourned then until November 24.

The county commissioners held a long session yesterday and transacted a lot of routine business. The quarterly report of the assessor was approved, and a couple of judges of election appointed to take the place of the two who were appointed who did not reside in the precinct where appointed.

The commissioners did not appoint any delegates to the irrigation congress, on account of it being too late. A petition signed by over a hundred citizens of Pecos asking for a bridge over the Pecos river was presented and held over for consideration.

Tomorrow at high noon will occur the marriage of Miss Ruth Reynolds, daughter of Hon. Joshua Reynolds, to Prof. James McNary, one of the most popular members of the Normal faculty. The marriage will take place at the Reynolds' home on National avenue, Rev. McNary, father of the groom, officiating, assisted by Rev. Norman Skinner. The wedding will be private for members of the family, excepting a few intimate friends, among whom will be Governor and Mrs. Otero. The bride and groom will take a honeymoon trip, though it is not yet known just which way they will go.

Rev. A. P. Morrison, of El Paso, arrived here yesterday from Raton and will be present at the Methodist conference this week.

The Spanish Methodist conference will begin tomorrow and last two days. It will be presided over by Rev. Harwood, of Albuquerque, and will be followed by the English conference, also lasting two days.

The nearer the time comes for the democratic county convention next Saturday, the more nervous the members of that faith have become. No delegates have as yet been chosen on the east side to the county convention, and at this writing no call has been made public. Interest seems to be lagging. Apropos of the territorial convention at Albuquerque a number of the democrats here are talking of various names for the nomination for delegate. It seems to be the opinion of the leaders in that party that the military post question will play a decidedly important part in the nomination for delegate. They accuse the Albuquerque democrats and republicans, too, of playing that game, and that they will try and have no one but an

Albuquerque nominee, so no matter who carries the territory, Albuquerque will have a firm supporter of that city at Washington. To counteract this tendency the local democrats will oppose with all their strength the nomination of an Albuquerque man and have all but decided upon the man they will support and throw their strength anywhere except to Ferguson and Marmon. They are mentioning the name of Col. John Morrow, of Raton, as their candidate, hoping to gain the support of all the northern counties at least. The name of Antonio Joseph, of Ojo Caliente, is also mentioned, and it is believed a good strong combination could be worked with him as leader. The endorsement at the county convention will be watched with interest, if they decide to instruct at all, and a hard fight may be looked for at Albuquerque if the leaders here hold to the opinions they now have, and it is believed they will.

Mrs. Secundino Polacco, wife of the employe at Belden's dairy, died last night at her home of Bright's disease with other complications.

Juan Jose Herrera is very sick at his home with typhoid fever. Felipe Delgado is convalescing nicely from his hard sickness.

The wedding of Frank E. Dearth to Miss Ollie W. Gatchel, daughter of Conductor Gatchel, will take place tomorrow evening at the home of the bride on Railroad avenue. The wedding will be private, only members of the family and immediate friends being present. The couple will reside here a short time and then leave for Ohio, where they will settle down and try life in the country, on one of the farms of the father of the groom.

J. K. Williamson and wife left today for Denver, where they will make their future home.

Mrs. A. P. Morrison arrived here today to join her husband during the conference.

Bond Bros. of Wagon Mound, will begin dipping 12,000 sheep at the Santa Fe dipping vats south of this city tomorrow. They drove the animals overland from their several ranches.

J. Council, one of the Santa Fe brakemen, returned today from his trip to Topeka.

Mrs. J. C. Armstrong arrived here today to attend the Methodist conference. Mrs. Armstrong is the wife of the proprietor of the El Paso steam laundry.

Mrs. H. H. Funk, who has been visiting Mrs. James Robbins, left today for her home at Beverly, Ohio, after a visit of three weeks here. She will also stop in Kansas City.

Miss Agnes McInerney left this afternoon for Ash Fork, where she has employment in the Harvey house.

Rev. J. S. Martinez, of El Paso, one of the Methodist ministers, arrived here today to attend the conference as did Rev. Santiago Chaves, of Socorro, of the stone quarries at Mitchell, Ind., arrived here this afternoon for a visit with his mother.

The Ladies' Aid society of the Presbyterian church met this afternoon with Mrs. F. E. Olney at their ranch, two miles north of the city.

E. C. Herlow left this afternoon for Santa Fe to combine a little business with a week's pleasure.

Ned Parker, the pen man, left today for greener fields in the Ancient capital. Santa Feans had better sew up their pocket books.

Edward Grunfeld went up the road this afternoon after a couple of days here.

Mrs. A. H. Comstock left today for her home in Los Angeles after a two months' visit with her daughter, Mrs. R. C. Rankin.

Ben Williams, special officer, or detective, for the Santa Fe, passed through today en route to La Junta.

Fred Woolford and wife returned to their home at Clayton this afternoon after a visit with Mr. and Mrs. Morris, the parents of Mrs. Woolford.

Miss Mildred Brown is on the list of indisposed today.

F. A. Manzares, Jr., will leave tomorrow.

WANDERERS

Travel Thousands of Miles and Find it at Home.

We go about from one place to another in search of something we desire, without success, and finally find it right at home awaiting us. A mining engineer out in Mansfield, Mo., tells of his experience with coffee.

He says: "Up to the year 1898 I had always been accustomed to drinking coffee with my breakfast each morning. In the summer of that year I developed a severe case of nervous prostration and I took several courses of treatment for it in Toronto, Buffalo, and New York city without obtaining any permanent benefit.

"One of the most trying manifestations of the malady was a condition of nervous excitement in which I found myself every day during the forenoon. It never occurred to me to attribute this to coffee until I read an advertisement of yours last fall describing a case similar to my own which had received benefit from the use of Postum Cereal Food Coffee. It at once changed my breakfast beverage from Java and Mocha to Postum and the effect was nothing short of marvelous. After using it less than a week I was free from morning attacks and in six months all my nervous symptoms had disappeared.

"I have demonstrated the fact that by following your directions in making Postum Food Coffee any one can obtain as rich a cup of coffee from Postum as from any of the imported brands, and may rest assured that they will escape the injurious effects of coffee and experience much benefit from the use of Postum." Name given by Postum Co., Battle Creek, Mich.

Unknown Persons Tried to Poison 1,500 Sheep Belonging to William Locke.

Some unknown persons tried to poison a flock of 1,500 sheep belonging to William Locke, who lives near Durango. He drove his sheep to Borea, a station about seven miles from Durango, for loading, and about half a mile from Durango the ground was found to have been covered with saltpetre. It was distributed in the direct path of the sheep and 332 of them died from the effects. Mr. Locke reported the matter to the authorities and an investigation the next day showed enough saltpetre had been scattered about to kill 1,000 sheep.

TERRITORIAL FAIR NOTES.

(Concluded from page one.)

and has charge of the tower parade, has charge of its building and decoration, and has been instructed to spare no expense in its construction.

The base ball situation is unchanged. Everything is encouraging and good ball is guaranteed. Tickets have been sent east to the different players.

More interest was displayed in the queen's contest last evening than any time since the polls were opened, and more votes were cast. Miss Mabel Hunt, the latest candidate, is leading with 164 votes. Miss Clara Olsen, of Santa Fe, is second with 100; Miss Jeanette Walton has 75, and Misses Laura and Anita Armijo have 29 each. Mrs. J. J. Sheridan, another new candidate, and who promises to make a strong race, has no votes. Voting boxes have been placed at B. Rupp's drug store, J. H. O'Reilly's drug store, and Matson's book store, and votes will be sold at the following business houses: Ziegler's Cafe, Neher's, Graham Bros., St. Elmo, Sturges', Mandell's clothing store, and Waiton's drug store.

Lawrence Dry, W. W. McClellan and Alfred McSpadden constituted a committee of the Hall & Larnard boys' brass band to confer with the fair officials as to the band taking part in the parade.

Yesterday afternoon the executive committee canvassed the business men and the following agreed to be represented in some manner in the big parade: E. J. Post & Co., Dr. Hope, C. Hudson, J. Korber & Co., Albuquerque Steam Laundry, Imperial Laundry, Santa Fe Pacific shops, M. W. Flournoy, C. Mansard, Crystal Ice company, H. Blueher, Ed Newcomer, Judge Trimble, Brockmeyer & Cox, Southwestern Brewery & Ice company, public schools, Melini & Eakin, Bachechi & Glom, McSpadden-Springer Transfer company, Whitney company, L. B. Putney, Gross, Kelly & Co., Anson & Holman, E. L. Washburn, Graham Bros., S. Benjamin & Co., A. J. Maloy, Golden Rule, A. Falter, Jaffa Grocery company, D. A. Bittner.

Denver and other parts of Colorado will be in attendance at the fair in large numbers. The Santa Fe are promoting the interest in the fair by the large display advertisements in all the Denver dailies, which gives the information that tickets from Colorado points to Albuquerque will be sold at one and a half cents a mile and that from Denver the round trip will be \$15.85.

Chamberlain's Cough Remedy Saved His Boy's Life.

"I believe I saved my (nine year old) boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hoppe, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by all druggists.

Basket Ball Match.

Two promising fast basket ball teams have been quietly organized in the city and will give an exhibition at Colombo hall Tuesday evening of fair week. They are designated the "Stars" and the "Minors." The first named team is a lively aggregation, being composed of some of the best old time basket ball players of the city. The latter team, the "Minors," is composed of a picked number of athletic young men of the university and high school teams. Both teams have been doing hard practice the past few weeks and the game next week promises to be a hot one. The lineup will be as follows:

Stars—Louis and Harry Benjamin, guards; Ralph Hunt and Sebo Allers, forwards; Roy Strong, center.

Minors—Bowie and Strumquist, forwards; C. Holman and F. Meyers, guards; Anderson, center.

A social dance will follow the game.

Never Ask Advice.

When you have a cough or cold don't ask what is good for it and get some medicine with little or no merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy, it cures coughs and colds quickly. Alvarado Pharmacy.

WORKED HIS FRIEND.

How an Indian Soldier was Worked by the Dice Game.

Taking advantage of his Indian friend's intoxication, a gay artilleryman, clad in kahki, by the means of a successful dice game, relieved the Indian boy of all his cash and watch.

The two soldiers were recently discharged from Fort Apache, Ariz., and have been enjoying high life in the city for several days, but last night was the last engagement of the troupe.

They were supplied with a little of the "needful," and last night strolled into a place on Third street to pass away their time and money. A dice game was engaged in. At first they played for the drinks and a dollar on the side, then luck coming his way the man in kahki suggested a roll for five, then ten and he claims for the watches which the Indian denies. Of course

ACKER'S DYSPEPSIA TABLETS

the man in kahki was winning all the time.

In a short time the Indian was all in financially and physically, and his companion, to keep him from getting pinched, put him to bed. When the Indian awoke this morning he found he was without his watch or money, and he made a quick run for the depot to watch for his friend's departure. He notified the police of his troubles and his kahki friend was detained. His smooth friend made preparations for his departure after seeing his Indian companion safely under the influence of slumber. He bought a ticket for Fort Worth, Texas, and was on the train ready for a trip south. But fortunately the train did not leave the city until this morning and he was given an opportunity to appear before Albuquerque's police court.

At the trial this morning several witnesses were heard who were present in the saloon while the dice game was in progress. The case was very complicated, as both men were under the influence of "lots o'oin' water," the Indian was losing and his partner in kahki, who was pretty sober, was doing all the winning. It was a case of taking advantage of a drunken friend. They each made the city a present of \$5 and the Indian's watch was restored to him and \$5 in money. The man in kahki went his way to fight his battles in other lands. The young Indian soldier, whose home is in Oklahoma, has telegraphed home for money that he may return to the land of plenty.

A soldier's bet is always good, but the Indian soldier said he had grounds to make a kick on, as he never put his watch up and that he had money when he quit the game.

A Word to Travelers.

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

POLICE COURT.

Business is flourishing in police court again. There were four young men up, three of which received promising futures of ten days each.

Frank Morgan, a man of all trades, traveling for his living, was to leave town immediately or get ten days. Edgar Wilson, a would be rider of Buffalo William's show, and George Brown, a has been cook for the same outfit, will engage in work for the city for several days. They missed their train out of El Paso several minutes and Buffalo Bill refused to wait for them.

Ernest Cahill, a crack rider of a race horse troop of Trinidad, so he says, was the third who will be in the city ten days. He is the traveling advance agent of the troupe, but for unknown reasons they failed to supply him with the necessary to keep his system in working order. Dick Hayward did a turn in court this morning. He is quite an actor, but his wife not being pleased with his acting, had him run in. As she failed to appear against him, he was discharged after he told a painful, pathetic story of a cruel life of a married man. It was a case of "Open dat dohr and let me in."

Do You Want to Wain?

Feel cold shiverings, aching in the bones, lack of energy, headache, and great depression? These symptoms may be followed by violent headache, high fever, extreme nervousness, a condition known as malaria. Herbine cures it. Take it before the disease gets a fair hold, though it will work a cure in any stage. J. A. Hopkins, Manchester, Kansas, writes: "I have used your great medicine, Herbine, for several years. There is nothing better for malaria, chills and fever, headache, biliousness, and for a blood-purifying tonic, there is nothing as good." 50 cents at Cosmopolitan Pharmacy—B. Rupp.

LEBO-HAWKS.

Col. T. C. Lebo and Miss Grace Hawks Married.

This afternoon a few minutes after 4 o'clock, at the home of the bride's parents, Mr. and Mrs. C. A. Hawks, 220 North Seventh street, occurred a quiet but pretty wedding in which Miss Grace Hawks, one of Albuquerque's most popular young ladies, and Col. T. C. Lebo of the Fourteenth United States cavalry stationed at Fort Grant, were the parties most interested.

It was a very pretty affair. The alcove to the parlor was perfumed and decorated with geraniums. In the parlor, where the regulation ring service was performed by Rev. Renison of the Episcopal church, the decorations were white and smilax. The bride and groom stood beneath a wreath of woven smilax, extending from the center, dropping opalescent electrolier to the folding door, and listened to the words which made them husband and wife. A large broad banner of the stars and stripes draped between the parlor and the dining room. In honor of the groom, the dining room was done in cavalry color. Orange streamers and flowers to match were much in evidence. Plates were laid for six, only the family and most intimate friends being present.

A magnificent silver punch bowl, a present from the ladies and officers of Fort Grant, was a present to be appreciated. The bride received a pearl necklace set with diamonds from Colonel Lebo and also a brilliant diamond crescent pin from her parents. Various other lovely and valuable presents, too numerous to mention, were received by the happy couple.

Colonel Lebo and his wife will leave

this evening on the 7:30 train for a two months' honeymoon spent in Washington, D. C., when they will return to their future home at Fort Grant.

America's Famous Beauties.

Look with horror on Skin Eruptions, blotches, sores, pimples. They don't have them, nor will any one, who uses Bucklen's Arnica Salve. It glorifies the face, Ecema or Salt Rheum vanish before it. It cures sore lips, chapped hands, chilblains. Infallible for piles. 25 cents at all druggists.

Honor St. Andrew.

Boston, Mass., Oct. 8.—The seventeenth annual convention of the Brotherhood of St. Andrew began with a preparatory "quiet day" service this afternoon at the church of the Messiah, conducted by the Rev. Floyd W. Tompkins, of Philadelphia. The regular sessions will commence tomorrow by which time it is expected 1,500 delegates will be in attendance. Bishop Potter, Rev. Dr. Rainsford, John R. Mott, Dr. Howard A. Kelly and James I. Houghteling will be among the distinguished speakers.

Mothers.

Who keep their children in good health, should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work so that their food does them good, and they grow up healthy and strong. 25 cents at Cosmopolitan Pharmacy—B. Rupp.

Celebration at Oxford.

London, Oct. 8.—Eminent educators and savants from many parts of the world are gathered at Oxford university for the celebration of the three hundredth anniversary of the establishment of the Bodleian Library. The celebration commenced today and will continue through the remainder of the week. Prominent among those in attendance are James H. Canfield, of Columbia university, and Andrew D. White, the United States ambassador to Germany, who is present as the representative of Yale university.

Beautiful Complexions.

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion; 50 cents at Cosmopolitan Pharmacy—B. Rupp.

DEMING.

From the Headlight.

About all of the pleasure seekers to California points have returned home, and the town looks normal again.

Miss Lillian Lawhon and sister, Miss Nora, returned from a ten days' visit with friends in El Paso.

George Monroe, ex-marshal of Santa Rosa, who several months ago was seriously wounded in the leg by the accidental discharging of a pistol at Tulare, was here this week renewing a few old time acquaintances.

Miss Barbara Rathel returned home from California points, where she had been spending about two months enjoying life and visiting a great many friends at the different coast watering places. She is not more glad to return home than her many friends are to have her among them again.

J. N. Onstott, of Cook's Peak, and a brother of County Commissioner John Onstott, was in town this week. He says the Peak district is the coming camp of the territory, and that while not a great deal is heard of it, a vast amount of work is being done. Mr. Onstott has been about fifteen years in the district, and his predictions will carry considerable weight with all the conservative people of the section.

It Goes Right to the Spot.

When pain or irritation exists on any part of the body, the application of Ballard's Snow Liniment will give prompt relief. "It goes right to the spot," said an old man who was rubbing it in, to cure rheumatism. C. R. Smith, Prop. Smith House, Tonahua, Texas, writes: "I have used Ballard's Snow Liniment in my family for several years, and have found it to be a fine remedy for all aches and pains and I recommend it for pains in the throat and chest." 25 cents, 50c and \$1.00 at Cosmopolitan Pharmacy—B. Rupp.

TERRITORIAL FAIR.

Arrangements for the Exhibition this Year are More Complete Than Ever Before.

The fair association at Albuquerque has spent more money on popular attractions for the coming territorial fair than ever was expended before on such an entertainment in any part of the southwest and as a result of this liberal investment will be able to give the public an exhibition that will be as good in every respect as any of the state fairs of the east, and in many regards much superior to most of them.

The bronco busting and steer roping contests, will be featured far more attractive and interesting than anything of the kind shown elsewhere, the animals used will not be gentle old things that have been trained for the occasion, but the most vicious and intractable broncos and the wildest steers to be found on any of the ranches of New Mexico or Arizona.

The base ball tournament will consist of games between cities that have spent large sums of money in hiring for their teams the best professional talent. The Albuquerque nine, for example, will be composed throughout of men of national reputations—Chance and Taylor of the Chicago Nationals, Callahan, Davis and Green of the Chicago White Sox, Williams of the Baltimore Americans, Hartzell and Waddell of the Philadelphia Athletics and La Jole of the Cleveland.

The work of the track will be equally as high as that of the diamond, as five cars of the best known horses in the west have been entered.

The street exhibition, all free to the public, will constitute a big show by themselves. The great pageant of the coming of Montezuma upon his mammoth eagle and received by his beautiful queen, will be the grandest of the kind ever attempted in the territory. It will be accompanied by a grand trades parade, in the preparations for which the merchants of Albuquerque are expending large sums of money and at the same time there will be a military display, headed by General Funston and his staff, which will be a feature full of interest to everyone.

The fair begins Tuesday, October 14, and the entire week will be given up to the carnival.—New Mexican.

When you wake up with a bad taste in your mouth, go at once to a drugist and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

Basket Ball at Colombo Hall.

The county commissioners met at the court house today. The only business before the body today was the auditing of claims, which will not be finished today. It was stated that all claims will be paid in full. New business will be brought before the body tomorrow.

Edward F. Thomas, who needs no introduction to Albuquerque's musical people, will have charge of the musical program to be given during the fair at Hall & Learner's booth. This alone is a guarantee of the rare treat in store for all who visit exhibition and during the big fair.

Walter Weinman, son of J. A. Weinman, proprietor of the Golden Rule dry goods store, who has been attending school at the Territorial Agricultural college at Mesilla Park, is reported seriously ill from an attack of the appendicitis and is expected to return home this evening on delayed passenger train No. 2.

Miss Cora Johnson, of this city, who was employed at the millinery store of Mrs. McCreight the past few weeks, left for Pueblo, Colo., the other evening, and now the news reaches the city of her marriage there last night to Joseph Elcker, formerly of Albuquerque. The happy couple will reside in Pueblo, where Mr. Elcker at present holds a good position.

Mrs. L. H. Chamberlin, wife of the dentist, received a telegram this morning from Muncie, Ind., giving her the information that her aged father was not expected to live. The lady just had time to catch the delayed No. 2 passenger train and is now on her way to Muncie.

The Highland Tennis club met last night and effected an organization. A. B. McMillen was elected president; Miss Lizzie Hughes, vice president, and Miss Louise Hughes secretary and treasurer. The committee on grounds were authorized to put the grounds in perfect shape. Considerable interest is being taken in the organization and a good future is expected for the club.

Herman Bluecher, the well known gardener, is the possessor of a fine black eye. Coming over the Glorieta hill the other day, in a north bound freight train, and while sitting in the cupola of the caboose, the train parted in two and Mr. Bluecher fell forward, the left eye being damaged in the fall. Mr. Bluecher was bringing to Albuquerque the car load of fine horses he, Jacob Korber and W. H. Hahn had purchased back in Kansas.

FREIGHT WRECK.

Occurred Near San Antonio, Delaying Passenger Train from South.

South bound freight train No. 99 ran into a broken rail near San Antonio, on the Rio Grande division of the Santa Fe yesterday afternoon and some ten or a dozen cars were piled up and wrecked. Fortunately none of the trainmen were injured.

was held until 8 o'clock this morning. It will meet passenger train No. 22 from the south at the wreck and transfer passengers, returning to Albuquerque some time late this afternoon.

A Santa Fe wrecking train stationed at Las Vegas was dispatched for and passed through the city this afternoon, bound for the scene of the disaster.

It seems providential that a freight train should push open the break instead of a passenger train.

DISTRICT COURT.

(Concluded from page one.)

put it in. I'll ask to have this case continued until next term of court."

The case was continued. It was doubtless well for the territory that the error was discovered by the district attorney. Had the case gone to trial and the attorneys for the defendant knocked out the indictment, the prisoner could not have been placed in jeopardy again for the offense. So say the lawyers.

The court held a session last night. The case of the territory against Federico Garcia, charged with murder, was begun. The attorneys did not get beyond the empanelling of a jury.

The greater part of today in the district court was spent in hearing the case of the territory against Federico Baca, of Li Cienega, charged with murder. Heacock is attorney for the defendant.

A FINE WINDOW.

That Display at Newcomer's, Near the Postoffice, Is All Right.

There is nothing more pleasing to the eye or makes a more last impression on sightseers and shoppers as a well decorated window.

The window of Newcomer's book store is attracting a great deal of attention and receiving many comments. The window is decorated in a very artistic manner, in which a background of beautiful pictures are very prominent. The center of attraction are toys and other pretty things for children, which can only fill the heart of the child with great joy. Some very unique and timely toys are in the way of auto hansom, locomotives propelled by friction, ping pong sets, which afford amusements for the children by the hour, beautiful dolls engaged in games, and story books for the girls, toy soldiers and houses for the boys.

The window is decorated with festooning, offset by "Merletton," which are so popular among students on gala or field days, that they may attract attention in rooting for their victors. In the background is a very beautiful oil painting by Miss Grace Sulzer.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over my body. I am very grateful." Miss Julia Filbridge, West Cornwell, Conn.

SOCORRO.

From the Chieftain.

Prof. P. A. Marcellino, who was offered the principalship of the high school of this city, has declined the offer for private considerations.

Mr. Gormley, several years ago a student at the School of Mines, now holds a very desirable position in connection with the great Anaconda mine of Montana.

Mrs. M. G. Armijo and little son, Frank, of Albuquerque, who had been guests of Mr. and Mrs. Frank Abeytia, of this city for several days, left for their home. Mrs. Abeytia will follow them in a few days to visit for some time.

Several friends of Mr. and Mrs. Jos. E. Smith gave them a pleasant surprise by gathering at the family residence to help Mr. Smith celebrate his forty-fourth birthday anniversary. The evening was very pleasantly spent and all guests wished at taking their leave that they might help their host celebrate many more such occasions in the future.

Mr. and Mrs. Hoss McMillan arrived in Socorro from Santa Fe Thursday. These young people were married in the early summer at the home of the bride in Buffalo, N. Y. The groom is the well known son of Hon. Daniel H. McMillan, judge of the Fifth judicial district, and the bride is a young woman of excellent family and high social standing in Buffalo. They will make their home in this city, where they will of course meet with a cordial welcome.

Rheumatism

The liniment bottle and flannel strip are familiar objects in nearly every household. They are the weapons that have been used for generations to fight old Rheumatism, and are about as effective in the battle with this giant disease as the blunderbuss of our forefathers would be in modern warfare.

Rheumatism is caused by an acid, sour condition of the blood. It is filled with acid, irritating matter that settles in the joints, muscles and nerves, and liniments and oils nor nothing else applied externally can dislodge these gritty, corroding particles. They were deposited there by the blood and can be reached only through the blood. Rubbing with liniments sometimes relieve temporarily the aches and pains, but these are only symptoms which are liable to return with every change of the weather; the real disease lies deeper, the blood and system are infected. Rheumatism cannot be radically and permanently cured until the blood has been purified, and no remedy does this so thoroughly and promptly as S. S. S. It neutralizes the acids and sends a stream of rich, strong blood to the affected parts, which dissolves and washes out all foreign materials, and the sufferer obtains happy relief from the torturing pains. S. S. S. contains no potash or other mineral, but is a perfect vegetable blood purifier and most exhilarating tonic. Our physicians will advise, without charge, all who write about their case, and we will send free our special book on Rheumatism and its treatment.

LOOKED AT TERMINALS.

Houston Takes a Guess at Doings of Rock Island Officials.

Every newspaper has taken a guess at what the Rock Island officials are doing down there, and the following dispatch from Houston tries to cover the whole range of possibilities: The officials of the Chicago, Rock Island & Pacific road spent today in Houston and Galveston. They looked closely into the terminals of the Houston & Texas Central at Houston and of the Gulf, Colorado & Santa Fe at Galveston. Mr. Warren was very inquisitive to all matters pertaining to the properties and closely investigated the business of Houston. All of the gentlemen were seen and asked as to their intentions regarding the building of the Gulf line from Dallas to Houston. Mr. Warren said that they did not know themselves. He could not say what would be done, for the reason that the matter had not been decided. Opinion is greatly divided among those who believe themselves in a position to know. It is said that the Gulf road will be built by the most direct route. Another report is that the Rock Island will absorb the Houston & Texas Central. Another is that it will have a traffic agreement with the Central and the Santa Fe whereby it will operate its own trains over the tracks of those companies but will not build a new road.

The Central officials express the utmost ignorance as to what will be done about it. Everybody appears to be ignorant, though many are willing to hazard a guess. The Rock Island officials left for the north tonight. The party consists of Messrs. Warren, Leeds, Low, Godnow and Dauchey.

Acker's Blood Elixir positively cures chronic blood poisoning and all scrofulous affections. At all times a catchless system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

Shorter Hours at San Bernardino. Beginning Monday the employees of the Santa Fe car department and paint shop in San Bernardino quit work at 5 o'clock, or an hour earlier than has been the custom during the summer months. The change is made each year, as the days shorten, forcing the company to either shorten its hours or have its men working in the dark during the end of the afternoon shift. Since last year electric lights have been put into the iron working departments and it is probable that the employees of these shops will continue to work until 6 o'clock throughout the winter. The cut of an hour a day will affect about 150 men and will deduct something like \$500 monthly from the Santa Fe's regular pay roll at that place. With the concessions made the car shop men by the company recently at a conference held in Topeka, most of the employees have no great objections to a nine-hour day.

Out of Death's Jaws. "When health seemed very near from a severe stomach and liver trouble, that I had suffered with for years," writes P. Muse, Durham, N. C. "Dr. King's New Life Pills saved my life and gave perfect health." Best pills on earth and only 25c at all druggists.

The transportation passenger association has sent out a warning to ticket agents in regard to signatures on tickets for California business. The warning states that in all cases purchasers of tickets should be made to sign them in the office, with the pens and ink used by the ticket agent. Re-

cently purchasers in the east have been insisting on signing the tickets with fountain pens, and investigation has shown that the pens are filled with volatile ink. These inks fade and by the time the passenger has reached the place where he desires to market the ticket the signature has faded and the buyer may sign the ticket with his own name.

Look out for Fever. Biliousness and liver disorders at this season may be prevented by cleansing the system with De Witt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands. B. H. Briggs & Co.—J. H. O'Reilly & Co.

Frank Conboy, the newly appointed agent to insure railroad men against accident or death, who left Las Vegas last week for Raton did \$7,000 worth of business up there on that trip.

Forty Years Torture. To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what De Witt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "De Witt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. B. H. Briggs & Co.—J. H. O'Reilly & Co.

Mrs. S. D. Cheesbro, delegate to the L. A. of B. of R. T., left Raton for Cleveland to attend the fifth biennial convention of that worthy organization. Mrs. Cheesbro was met at that place by Delegate Mrs. Bell from Las Vegas and the delegate from Winslow, Ariz.

A Wretched Millionaire. The story is told of the owner of several railroads who was unable to buy relief from the nerve-twisting agony of neuralgia. It is an unlikely tale. The sick man must have known that Perry Davis' Painkiller would help him at once, as it has helped so many thousands of sufferers in the past sixty years. There is but one painkiller, Perry Davis'.

James Stevens returned to San Marcial from Williams, Ariz., where he has been some time in charge of a construction train on a new road.

Only one remedy in the world that will at once stop itching of the skin in any part of the body. Doan's Ointment. At any drug store, 50 cents.

J. P. Morgan's reported attempt to arrange a deal with the Great Western railway, which is the biggest, although not the wealthiest, line in England, is being keenly discussed. Many traders express the hope that there may be a substantial foundation for the rumor. They do not desire to see Mr. Morgan in control of the railways of that country, but they would welcome anything that would lead to breaking up the so-called railway ring of the United Kingdom.

When the Chimney is choked with soot, the fire languishes and goes out. When the bronchial tubes are clogged with phlegm, the flame of life flickers. Intelligent treatment with Allen's Lung Balm brings up the phlegm, allays inflammation, stops the cough and pain in the chest and, in a word, overcomes those terrible colds which if neglected soon become consumption.

"DIAMOND ICE."

Work on the Santa Fe Central railway is progressing rapidly. On Tuesday twenty-seven men were added to the force.

The Santa Fe repair crew for the telegraph lines is working at Rihra. The lines between Las Vegas and Glorieta are being repaired.

J. A. Courtney, day ticket agent at the local station, is on the sick list, and W. C. Carpenter, the accommodating night man, is doing double duty.

A fare of one and one-third has been made by the Santa Fe railway for delegates and others desiring to attend the republican territorial convention at Raton, October 10. This rate is made on the certificate plan, passengers purchasing one-way tickets to Raton, taking receipt for same, which will entitle a return rate of one-third fare.

No danger of consumption if you use Foley's Honey and Tar to cure that stubborn cough. Alvarado Pharmacy.

CAUGHT A BURGLAR.

Stranger Who Coveted Goods in Haspelmath's Store Arrested by Marshal Yesterday.

About 4 o'clock yesterday morning the night watchman at the Claire hotel, Santa Fe, telephoned City Marshal Cicero Weidner that someone was trying to burglarize the shoe store of Charles Haspelmath on the plaza. The city marshal proceeded to the store and found a man, who said his name was Joseph Wafford and who claimed to have come from the Cherokee nation in the store. The fellow was then and there engaged in packing up a quantity of goods to take with him. The city marshal immediately arrested and jailed him. The burglar gained admittance to the store by breaking a large pane of glass in the front door and crawling through it into the establishment. Wafford was given a hearing before Police Judge Charles M. Conklin and was bound over in the sum of \$500 to appear before the grand jury upon a charge of burglary. District Attorney E. C. Abbott represented the territory in the case.

A Typical South African Store. O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

NORRIS & ROWE.

With Their New Big Show at Albuquerque, October 16.

Norris & Rowe's new big shows will appear in Albuquerque Thursday, October 16, under their enormous tents which will be located at the corner of Railroad avenue and Sixth street. Two performances will be given daily at 2 and 8 p. m. Norris & Rowe's big shows are more than twice the size of last season, and many new features have been added. Among this season's

special features are the only riding lions, the performing llamas, educated buffaloes, which are new acts never before seen in this country. Fargo, Duke and Hero, the dwarf elephants, have been taught several new acts which are wonderful, and the educated seals are appearing in new and novel feats of skill. Two Siberian camels and two trained zebras, with their numerous tricks, are performers of high class merit. These combined with the animals that have been with the show in past years make more than an interesting entertainment. A funny clown band and a large hippodrome track, upon which all kinds of races and Olympian games and pastimes take place, are also new, special features. The animal fire department has been improved and elaborated upon. A grand free street carnival and children's fairland parade will be given

REAL ENJOYMENT.

The woman who reads this will understand to the full what Mrs. Tipton meant when she says: "I am enjoying good health."

It takes a person who has been made wretched by sickness to understand the joy of health.

There are very many women who suffer as did Mrs. Tipton, who might be cured as she was by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

"It is with pleasure I recommend Dr. Pierce's medicine," writes Mrs. Nora Tipton, of Cropper (Cropper station), Shelby Co., Kentucky. "You remember my case was one of female weakness and weak lungs. I had no appetite and would often spit blood; was confined to my bed almost half of the time and could hardly stand on my feet at times for the pains through my whole body and system. My husband had to pay large doctor bills for me, but since I have taken four bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription' and three vials of 'Pleasant Pellets' we haven't paid any more doctor bills. It had been seven months since I stopped using Dr. Pierce's medicines and I have been enjoying good health all the time. I can never raise these medicines too highly, for I have received so much benefit. I pray that many who suffer as I did will take Dr. Pierce's medicines. I am sure they will never fail to cure when given a fair trial. Everybody tells me I look better than they ever saw me. I am sure I feel better than I ever did before."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets are a ladies' laxative. No other medicine equals them for gentleness and thoroughness.

at 11 o'clock on the morning of the exhibition, at which time the entire company of over 500 animals will be seen.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery of Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and all druggists guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

Graphic Plant.

In the Graphic mines at Magdalena, a concentrating plant will be put up and work will be begun upon the sulphide ores. Mr. Bennett and Capt. A. B. Fitch, owners of the mine, have been making some radical changes, and there is prospects of renewed activity at the Graphic mines. C. L. Herrick is at the head of the company which is going right ahead with operations on a property at Cat mountain, several miles from Magdalena. Prof. Herrick is at present in Denver arranging the purchase a mill for the mine. The company has a good showing of low grade gold ore. The cyanide process is to be made use of and the company expect to make a good thing out of the mine.

Stricken With Paralysis.

Henderson Grinnett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

Nasal Catarrh greatly yields to treatment by Ely's Cream Ointment, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c size; send this by mail, 10 cents. Test it and you will care to continue the treatment.

Announcement.
To accommodate those who are partial to the use of ointments in applying liquids into the nasal passages for nasal catarrh, the proprietors prepare Cream Ointment in Liquid form, which will be known as Ely's Liquid Cream Ointment. Price including the spraying tube is 75 cents. Druggists or by mail. The Liquid form embodies the medicinal properties of the solid preparation.

TIME TO PAUSE.

Don't Keep Your Children in School—You May Be Sorry.

Don't keep your children in school until you have their eyes tested, for it is a fact that children have been unable to keep up and graduate with their class for no other reason than faulty vision.

Not knowing—never having been taught—what normal vision is like, they suppose they see as well as any one and pass through school far below the average in scholarship. Their poor sight is the cause of their being judged of inferior intelligence and they know no better themselves. Give your child an equal chance to obtain an education. I will test their eyes and if glasses are not found to be necessary, no charge will be made. S. T. VANN, Doctor of Optics, with S. Vann & Son, Jewelers and Druggists.
