VOLUME 16 ALBUQUERQUE, NEW MEXICO, TUESDAY AFTERNOON, OCTOBER 7, 1902 NUMBER 267

IRRIGATIONISTS

National Convention Transacting Important Business.

NEW MEXICO WELL REPRESENTED.

Mountain and Plain Festival in Progress in Denver.

VEILED PROPHET AT SAINT LOUIS.

Colorado Springs, Oct. 7.—At the opening of the National Irrigation congress this morning, the committee on credentials made its report. The organization was perfected without contest or difficulty of any kind. The committee consisted of three delegates from each of sixteen states, included as termed the arid belt, this committee of forty-eight upon organization electing John Hall, of Kansas, as chairman, and H. R. Morrison, of Roswell, N. M., as secretary. Fred L. Alles, of California, was elected assistant secretary and C. J. Gavin, of New Mexico, reading clerk of the congress. Before taking up the program for the morning, two telegrams of general interest were read, one from Secretary James Wilson, of the department of agriculture, and the other from Abbott and Richardson, government commissioners for good roads in Oregon. The Wilson telegram said:

"Hon. Thomas F. Walsh, Colorado Springs: I cordially greet the delegates to the irrigation congress. Your meeting to consider irrigation proclaims the dawning of a new day for the great west. Let the forest be preserved to husband the rainfall; let the streams be led out over the valleys that homes may be multiplied for the American farmers and still greater prosperity come to all our people."

"Signed" "JAMES WILSON, Secretary of Agriculture."

Secretary Maxson of the association made his annual report which showed good growth and increase of interest in irrigation generally.

The only address of the congress delivered by a woman was given this morning by Mrs. Gilbert McClurg, of this city, who, responding for Mrs. Denison, president of the general federation of women's clubs, gave "Greeting."

A decided sensation was sprung in the action of the executive committee in voting to recommend that meetings of the irrigation congress be merged with the Transmississippi congress next year. The executive must, in order to be parliamentary, make this suggestion through the committee on permanent organization, which report to the congress during the day. When the first breath of news regarding the proposed consolidation reached the congress, delegates from the several states sought their respective committee rooms and held hurried caucuses. The Utah delegation, of forty members, the largest outside of Colorado, came to a speedy conclusion and decided emphatically against the merger. Chairman Kelsel stating the position of his state as follows:

"Utah was the first state to take up the matter of irrigation and is therefore better acquainted with the subject than any other state in the union. The irrigation congress was formed for a specific purpose and this purpose should be adhered to religiously. We say go it alone, and do not let the tail wag the dog."

Mountain and Plain Festival.

Denver, Oct. 7.—The annual festival of Mountain and Plain opened this morning with a novel parade of cowboys, in which more than 500 mounted men were in line to do honor to the great stock raising industry of the west. Later in the day there was inaugurated a broncho busting contest which promises to be a most interesting affair. The festivities will continue three days and on each day there will be novel features. The principal buildings are beautifully decorated with the carnival colors of yellow and black and the city is crowded with visitors from all parts of Colorado.

St. Louis Full of Visitors.

St. Louis, Oct. 7.—The Veiled Prophet makes his twenty-fifth annual visit to St. Louis this evening, and thousands of visitors are here to see the great show. The historic procession is scheduled to leave the den at 7 o'clock, and, after traversing the principal streets, winds up at the Chamber of Commerce building, where the Veiled Prophet's ball, the great society event of the year in St. Louis, follows.

Women Want Equal Rights.

Cleveland, Ohio, Oct. 7.—Enthusiasm seemed to be the dominant note today

at the opening of the seventeenth annual convention of the Ohio Woman's Suffrage association. The association has not made much progress toward its goal during the last year, it is true, but the members purpose to keep up the fight with increasing vigor. Mrs. Harriet Taylor Upton, of Warren, is the presiding officer of the convention and the star speakers include Mrs. Carrie Chapman Catt, of New York; Rev. Anna Howard Shaw, of Pennsylvania, and Rev. Olympia Brown, of Wisconsin. The sessions continue through tomorrow.

Municipal Electricians Meet.

Richmond, Va., Oct. 7.—The seventh annual convention of the International Association of Municipal Electricians began here today with Austen S. Hatch, of Detroit, presiding. Members are present from Newark, Erie, Pa.; Toronto, Cleveland, Pittsburg, Omaha, Boston and other cities throughout this country and Canada. The sessions continue three days and will be devoted entirely to technical discussions and papers.

New President Installed.

Topeka, Kas., Oct. 7.—The inauguration today of the Rev. Norman Plass as president of Washburn college was a great day for the institution. Trustees, faculty, alumni and students took part in the afternoon exercises and this evening they assemble to listen to an address by President Thwing of Western Reserve university.

John Stein, traveling superintendent of the Harvey News company, is in the city today.

TERRITORIAL FAIR NOTES.

Judge B. S. Baker Will Open Fair—New Candidates in Queen Race.

BASE BALL SITUATION.

At a meeting of the fair executive committee last night, it was ascertained that neither Gov. Brodie, of Arizona, or Gov. Ferguson, of Oklahoma, could attend the fair owing to previous engagements. However, Gov. Otero will be present, and will introduce Judge B. S. Baker, who was last night selected as the proper person to open the fair with a short address. A committee, consisting of President J. H. O'Reilly and O. N. Marron, was named by the executive committee to call on Judge Baker and get his acceptance.

President O'Reilly, of the fair, at last night's meeting of the executive committee, stated that the names of two more ladies had been proposed for votes in the Montezuma queen contest, and friends of the two ladies promised him that they would see to it that some lively voting in their behalf at once. The new candidates are Miss Clara Olson, of Santa Fe, and Mrs. J. J. Sheridan of this city.

C. C. Hall was officially informed that he had been chosen superintendent of the Indians, soldiers and base ball players while in the city, and that he must understand to be the "exclusive king" in his rulings. He announced that he would take the appointment under advisement.

Representatives of the bureau of information are making a canvas of the city to acquire rooms and lodgings for visitors during fair week. No charge for listing will be made. Superintendent C. E. Berg will not be in his office for purposes connected with the bureau, until Friday, as he will be engaged until that time with the house to house canvas that is being made.

The employees of the local office of the Mutual Life Insurance company, through permission of the "boss man at the fair," will challenge some one of the other insurance offices of the city for a game of base ball, to be played one forenoon during fair week. The Mutual Life people have a notion in their heads that they can play ball.

Kansas City ball players will represent El Paso in a series of base ball games with Albuquerque. Among the players that have been signed for the El Paso team are Dale Gear, Ralph Gibson, Billy Nance, John Rothfus and Ed Leewe. Jack Farrell of St. Louis, Wyatt Lee of Washington and Albrook of Boston will wear El Paso suits. The New Mexico city will have Jimmy Callahan, John Taylor, Dick Cooley, Frank Chance, Jimmy Williams and others. The teams will play for a purse of \$1,500 at the territorial fair at Albuquerque and the men will be salaried by the towns as well. Games at El Paso will follow and it is likely that sporting men of El Paso will send the two teams on a tour of Mexico.—Sporting News.

J. E. Carroll, a prominent stock raiser of Mangum, Okla., writes from

THE FARMERS

Large Attendance at National Convention.

PRESIDENT CONTINUES TO IMPROVE

Business Meeting in Philadelphia to Consider Foreign Trade.

A BRISK BOSTON WOOL MARKET.

Macon, Ga., Oct. 7.—Nearly every state and territory of the union is represented at the Farmers' National congress, which began its sessions today in the Academy of Music. George L. Flanders, of Albany, N. Y., is the presiding officer, and John M. Stahl, of Chicago, the secretary of the congress. Owing to the large attendance of regularly accredited delegates it was found necessary to exclude the general public from today's opening sessions, which were devoted to addresses of welcome and responses and the work of organizing the congress. The roll call by Secretary Stahl showed the attendance to be the largest in the history of the congress. Illinois, Pennsylvania, New York, Ohio, Nebraska, Wisconsin, the Dakotas, Minnesota, Kansas, Texas, Georgia and other commonwealths have delegations present numbering from ten to fifty representative citizens. The sessions of the congress are to continue three days, during which time there will be discussions on many topics of a national and international character. Some of the important matters to receive attention are the intercoastal canal, national irrigation, reciprocity and its effects on the agricultural interests, effect of present insular possessions on the agriculture of the United States, preservation of forest and fruit trees, injurious insect pests and fungi, postal reforms particularly affecting the farmer, mutual relations of northern and southern farmers, dairy interests of the United States as related to the markets of the world, farm products in the markets of the world, the labor problem from the farmers' standpoint.

President's Condition. Washington, Oct. 7.—The president's condition continues satisfactory to his physicians. He saw quite a number of visitors today, besides members of the cabinet.

To Consider Foreign Trade.

Philadelphia, Pa., Oct. 7.—The advisory board of the Philadelphia Commercial Museum, consisting of representatives from nearly all the boards of trade, chambers of commerce and other trade bodies in the country, began a three days' meeting here today. The purpose of the conference is to consider the foreign trade of the United States, the improved facilities now afforded for transacting foreign business and the disabilities still to be met. Owing to the importance of the subjects under discussion and the high standing of the conferees the deliberations of the conference will be followed with close interest in commercial circles.

BOSTON WOOL MARKET

Big Sales and Big Prices Paid Last Week.

Boston, Mass., Oct. 7.—Owing to a number of big manufacturing concerns being in the wool market last week, a number of large contracts estimated in the aggregate from 15,000,000 to 20,000,000 pounds, have been made. These transactions have tended to make the market stronger and prices on some grades have increased 1 cent per pound. A good portion of the trading has been in territories. Fleece wools have sold freely with better prices. Quotations are very firm. Fine staple territory, 55¢@60¢; strictly fine, 50¢@55¢; fine and fine medium, 50¢@55¢; medium, 45¢@47¢.

BOARD OF EDUCATION.

Fair Parade Discussed—New Teachers Employed.

The board of education at its regular meeting last night had much business up for consideration. The question of participation in the fair parade was settled, the complaint of an irate parent was investigated, bills were paid, reports from various committees were heard and a number of matters of minor interest was disposed of.

A resolution was passed leaving the matter of turning out in the parade upon the condition of receiving tickets good for some day before Saturday to the vote of the children themselves. Superintendent Stroup was authorized

to effect all necessary arrangements with the fair committee.

A communication from a parent said his child had been punished with undue severity by Miss Graves. After securing all the information available on the subject the board sustained the teacher.

The board decided to close the schools Wednesday, Thursday and Friday of fair week.

The teachers' committee reported having employed Miss Hunt and Miss Hartman as regular teachers and Miss Elizabeth Rowers as substitute teacher.

The building and course of study committees made a brief report. The superintendent's report showed a total enrollment of 1,124 up to October 1.

Big Charity Conference.

Springfield, Ohio, Oct. 7.—Many visitors are in Springfield for the twelfth annual Ohio state conference of officials of charitable and correctional institutions. At the opening session tonight the feature is the address of the president, Louis B. Gunkel, of Dayton. Other prominent authorities on organized charity to be heard during the three days of the conference are Jane Adams, of Chicago; Dr. C. E. Sawyer, of Marion; H. C. Wright, of Cincinnati, and C. O. Probst, of Columbus.

Attempt to Hold Up Train.

Guthrie, Okla., Oct. 7.—An attempt was made late last night, between Chickasha, I. T., and "Sliding No. 1," to hold up the fast Rock Island passenger train west bound. A number of shots were fired into the coaches but no one was hurt. The engineer increased the speed of the train. No clue to the identity of the road men.

OFFICIAL MATTERS.

Township Survey—Political Assessments—Land Office Business.

NEW INCORPORATION.

Applications have been received at the office of the surveyor general for the survey of township 22 south, range 21 west, in Grant county.

Political Assessments.

Yesterday circulars were received in the government offices, at Santa Fe, setting forth the rules in regard to political assessments. The circular reminds employes that such assessments do not have to be paid and that solicitation around government property is forbidden.

Land Office Business.

Homestead Entries—Antonio Aranda of Coyote, 160 acres, in Rio Arriba county; Julio Roybal, of Willis, 160 acres, in San Miguel county; B. H. Nelson, of Monero, 160 acres in Rio Arriba county; Warren Reynolds, of Santa Fe, 160 acres in Santa Fe county; B. H. Nelson also purchased 1.8 acres in San Miguel.

Incorporations.

The Otto Mining & Milling company was incorporated to do a general mining business. The capital stock is \$100,000, divided into 4,000 shares of the par value of \$25 each. The term of existence is thirty years and the principal office is at Tres Piedras, Taos county. The directors are Frank Bolton, of Taos county; Otto Rosenfeld and John W. Sibben, of Manatee county, Michigan.

General Whiteman Returned.

Adjutant General Whiteman has returned from Fort Riley, where he has attended the maneuvers of the United States troops and many of the national guard organizations from states of the middle west. "The maneuvers were very interesting," said he, "and very profitable as well. There were between 6,000 and 10,000 men in camp and the program was arranged by a board which met at Fort Leavenworth. There was a perfect cloud of umpires who were very critical and every evening the maneuvers of the day were discussed and a lecture was delivered on some pertinent topic. They were of as much benefit to the regulars as to the national guard, for many officers who are over 40 years old and have been in the army all their lives, had never seen more than one battalion of troops maneuvered at a time. Many of these had served in the Philippines. It was raw and rainy nearly all the time, but the program was almost entirely completed."

Engine 382 was turned out of the back shops yesterday and she and her old master, Jack Fenner, are together again.

Conductor Jesse Miller and wife have returned from their visit to the east.

LABOR BATTLE

Troops Marching to the Strike Region.

ALL QUIET IN WYOMING VALLEY.

President Mitchell Declines to Discuss Plans of Strikers.

THE STRIKERS VOTE TO HOLD OUT.

Philadelphia, Pa., Oct. 7.—Gen. John W. Schall, commander of the First brigade, with headquarters in this city, received orders from Governor Stone to make preparations to send the entire First brigade to the coal regions as quickly as possible. General Schall said this morning that his command would leave Philadelphia tomorrow morning for the anthracite fields in order that tents could be pitched and ready for occupancy before nightfall.

Wyoming Valley Quiet.

Wilkesbarre, Pa., Oct. 7.—The Wyoming valley is extremely quiet today. There is not the least sign of disturbance anywhere. No violence of consequence has been reported for several days.

Plans of Labor Leaders.

Buffalo, Oct. 7.—President John Mitchell and party and the committee appointed by the National Manufacturers' association arrived here today. No member of either party would discuss the probable propositions to be submitted for a plan whereby the manufacturers might secure a supply of anthracite coal and thus keep the plants in operation during a continuance of the strike. The conference between President Mitchell and the members of the manufacturers' association began at 9:45 behind closed doors.

At 12:40 p. m., the coal conference was adjourned until 2 o'clock. Nothing is given out.

Vote to Continue Strike.

Wilkesbarre, Pa., Oct. 7.—In accordance with the address issued by President Mitchell last night calling upon all local unions to meet and take a vote on the question of remaining on strike, the mine workers of Prospect, Oakdale and Midvale coal collieries of the Lehigh Coal company held a meeting in this city today and at its conclusion it was announced that the men had unanimously decided to stay out in a body until they had won the strike. This is the first meeting held in this anthracite field under instructions of President Mitchell.

State Guard Called Out.

Harrisburg, Pa., Oct. 7.—Major General Miller has ordered Colonel Elliott, assistant adjutant general of the division on duty at the adjutant general's office in this city, to direct movements of the national guard. The entire state military force was ordered out last night by Governor Stone, and Colonel Elliott expects to have every regiment in the strike territory before midnight. Governor Stone declines to make any statement giving his reasons for ordering troops on duty.

Statement from President.

Washington, Oct. 7.—The following statement was made public at the white house this afternoon: "On Monday, October 6, Hon. Carroll D. Wright, commissioner of labor, went to Philadelphia and gave to John Mitchell the following from the president:

"If Mr. Mitchell will secure the immediate return to work of the miners in the anthracite regions the president will at once appoint a commission to investigate thoroughly into all matters at issue between the operators and miners and will do all in his power to obtain a settlement of those questions in accordance with the report of the commission. Mr. Mitchell has taken this matter under consideration but the president has not yet been advised of any decision."

Nothing to Say.

Buffalo, Oct. 7.—President Mitchell was shown the Associated Press dispatch from Washington, saying that President Roosevelt had requested Mr. Mitchell to use his influence to induce the men to return to work, but to all questions would only say: "I have nothing to say on the subject at present."

Gompers Says Strike Will Continue

Washington, Oct. 7.—President Gompers, of the American Federation of Labor today declared that there was no outlook for the early resumption of work by the striking anthracite miners and said that he was unable to say

whether the strike would continue until spring.

Hearing a Delegation. Harrisburg, Pa., Oct. 7.—Governor Stone gave a hearing this afternoon to a delegation of Chicago citizens, who submitted a proposition to end the coal strike.

Conference Adjourns.

The coal conference adjourned at 3:50. The manufacturers' committee will go to Philadelphia tonight to meet a committee of operators to hear their side of the case. They will carry no proposition from the miners.

Proposition of President Rejected.

Buffalo, Oct. 7.—It is learned from a reliable source that the proposition made by President Roosevelt was discussed at the afternoon session of the coal conference and President Mitchell has taken an unfavorable attitude toward it.

Will Demand Nine Hour Day.

Detroit, Mich., Oct. 7.—The nine hour working day is the subject of a conference of the foundrymen and iron molders of the middle west in session here today. The cities represented at the conference are Cleveland, Milwaukee, Detroit, Indianapolis, St. Louis, Chicago and Cincinnati. According to the leaders of the movement there is no doubt the result will be a nine hour demand. No trouble is anticipated in inducing the employers to sign an agreement to that effect.

Norris & Rowe's dog show will be here on October 16.

DISTRICT COURT.

The Placido Salazar Murder Case Before Judge Baker.

OTHER COURT PROCEEDINGS.

This morning the court continued to take testimony upon the question of the character of the affray which resulted in the death of Placido Salazar. The evidence of Dr. Pearce showed that deceased had received more than thirty serious knife wounds, many of which appeared to be slashes; many on the head, one clear across the throat and several deep into the abdomen. The doctor said further that it was his opinion that the immediate cause of the death of Salazar was the bruises about the stomach, apparently caused by stamping upon him, although he believed Salazar would ultimately have died of the knife wounds. He testified that he was engaged for more than four hours in sewing upon the deceased's wounds.

The defendant, by advice of his counsel, then made a statement to the court, in which he detailed the events of the evening up till the departure from the house of Celso Romero, where more or less of a tumult began, and said he had no recollection whatever from that time until he found himself arousing from a sort of dementia, when he discovered his clothing much torn and his shoulders badly sprained. He said his younger brother notified him of the fact that a man had been killed, and fearing he had done violence to some person while in his disordered condition, and that the relatives of deceased would wreak vengeance upon him, he made haste to flee from the community, and at once boarded a freight train and started for western Socorro county, where he was soon apprehended.

The court listened patiently to his story, and then addressed the defendant in such a manner as has seldom been heard by a defendant from a court. He told the defendant that his tale was fiction pure and simple and that he did not believe a word of it; that the evidence of the physician as to the methodical and vicious manner of the cutting made it clear that it was done by someone in his senses and that it would be impossible for anyone while in a trance or while his mind was away on a vacation to have inflicted such wounds. The court then advised the defendant to go back to his cell and think the matter over; that it would prove a comfort to him in the future to know that he had revealed the truth, and for the present the court said he would not pass sentence.

The next case called for trial was that of the territory of New Mexico against Federico Serna, charged with murder. The jury was called into the box, preparatory to going to trial, when, it being shown that the indictment alleged an impossible date as to the time of commission of the offense, the defense compelled the prosecuting attorney to dismiss the case, holding the defendant under bond to appear before the next grand jury. B. S. Ro

THE G. A. R.

Veterans by the Thousands Throng the Capital.

BIG PARADES AND REUNIONS.

Violence Attends the Street Car Strike in New Orleans.

A NEW AMBASSADOR TO ROME.

Washington, Oct. 7.—The thirty-sixth national encampment of the Grand Army of the Republic is on in earnest and the constant succession of events leaves little rest for the veterans and other visitors. The day has witnessed the customary parade of the various army corps, meetings of the Woman's Relief Corps and other auxiliary bodies and a monster reception for the veterans at the pension office. Commissioner Ware received the visitors and to each veteran presented a souvenir card. Business sessions of the encampment begin tomorrow. The pre-election contest for commander-in-chief is hourly growing warmer. The supporters of General Stewart, of Pennsylvania, declare that his selection for the honor is assured, but the friends of General Black, of Chicago; General McElroy, of this city, and the others whose names have been mentioned, have not abandoned hope and give evidence of an intention to fight to the last ditch.

VIOLENCE IN NEW ORLEANS

Street Car Strikers Resist Attempt to Move Cars.

New Orleans, Oct. 7.—Violence started with the first attempt of the railway company to carry out the order of the mayor to run its cars today. Just before 7 o'clock the company started out three cars from the barns on Canal street. On each car, manned by a non-union motorman, there was a large police force. Crowds of strikers and sympathizers were on the streets. When the cars reached Miro street the tracks were blocked and when they came to a stop the crowd made an attack. Wire and ropes were cut and the cars were boarded. A pistol shot was fired and the non-union motorman attacked. One of them was badly cut. The police seemed unable to cope with the situation.

AMBASSADOR TO ROME.

Henry White Appointed to the Eternal City.

Washington, Oct. 7.—Henry White, secretary of the United States embassy at London, is to be made ambassador to Rome. The late President McKinley intended to thus reward Mr. White, but found no opportunity during his incumbency. President Roosevelt, who has formed the estimate of Mr. White's abilities that President McKinley had, has decided to make him ambassador to Rome. The appointment, however, is not to be made immediately. Meyer, the present ambassador to Rome, has just returned to that post from a visit to his home in Massachusetts and it is expected that he will remain in Rome during the coming winter.

Shaw and Gage the Speakers.

New York, Oct. 7.—Secretary of the Treasury Shaw and former Secretary Gage were the principal speakers today at the laying of the corner stone of the new custom house building, at Bowling Green. The ceremonies began with prayer by Bishop Potter and besides the addresses included music by a regimental band and the firing of a salute by a detachment of regulars from Fort Hamilton.

Meeting of Druggists.

Monterey, Cal., Oct. 7.—The annual convention of the National Association of Wholesale Druggists was formally opened today with William J. Walding, of Toledo, presiding. The sessions continue several days and questions of vital interest to every druggist in the United States will be discussed. These include local organization, the cut-rate evil and legislation for pure food and puredrugs.

Basket Ball Games.

The girls of the basket ball team have chances of arranging a game in Albuquerque about the time the football team goes up. They hope to get a game on Monday or Tuesday night. The boys play Tuesday afternoon. Interest in basket ball is steadily on the increase and there is considerable competition for positions. Miss Coleman, manager, is doing good work in working up enthusiasm.—Las Cruces Progress.

For Delegate to Congress
B. S. RODEY.

The man who does not see good in others rarely has anything good in himself.

Most of men would be absolutely free but for the chains they themselves have riveted on.

It is said that 68 per cent of all the newspapers published in the world are in the English language.

Let's cultivate civic pride. Get into the trades' parade. Fit up your store front. Clean up the premises.

It is reported that there will be contesting delegations from Santa Fe county to the Raton convention.

The New York Journal of Commerce computes the October disbursements for dividends by industrial companies at \$18,274,767.

The American cotton mills in 1902 will consume a total of 3,988,745 bales. This is nearly 1,700,000 more bales than were consumed in this country in 1894.

The banks of the United States hold on deposit \$108 per capita; ten years ago they held half that and twenty years ago, about a quarter. The present total is \$8,525,953,126.

Dividends and interest disbursements during October and payable in Boston will aggregate \$16,000,000, including bank dividends, against \$12,541,866 in October last year.

The smallest people in the world are said to be the natives of the Andaman Island, in the bay of Bengal. They average three feet eleven inches in height and about seventy pounds in weight.

The republicans of Santa Fe county held a noisy convention yesterday. The fight for control of that county has developed into a bitter contest. The party is hopelessly divided and the chances are that the democrats will carry that county in November.

Less than 10 per cent of Manitoba's land has been taken up. The neighboring territory of Assinibola has nearly 60,000,000 acres, mostly suitable for wheat cultivation. Alberta, near the Rockies, is 500 by 300 miles in extent, and Saskatchewan is another empire in area.

An Indianapolis man recently arrested for the larceny of some dry goods, escaped conviction and punishment because the evidence submitted showed that he was the father of thirty-two children. As soon as the judge learned this fact he discharged the prisoner. Evidently he assumed that the burden of providing for such a family, justified a man for stealing anything in a dry goods establishment.

OLDEST COMMUNITY.
 The St. Louis Globe-Democrat says that the society which has just been started in Albuquerque to trace out the earliest facts in the life of New Mexico and Arizona has an excellent object. Recent research has shown that Santa Fe and other settlements in New Mexico are not quite so old as they were formerly supposed to be, but that place and one or two other settlements in New Mexico have had probably a longer continuous life than any other communities in the present United States, except St. Augustine, Fla. There is some uncertainty about the dates at which those places in New Mexico were established, and this is one of the things on which the studies of the new society in Albuquerque may be expected to soon throw light. That body has a very interesting field in which to work, and it is to be hoped

HIS NAME "ALBUQUERQUE."

The Bucking Bronco at Wild West Show Belonged to Pedro Sanchez.

Pedro Sanchez, of Terreon, N. M., who has been in the city since the Wild West show, left for his home today. Mr. Sanchez is the gentleman who sold that fine grey to Buffalo Bill, which the colonel named "Albuquerque" in honor of this city. When interviewed by a Citizen reporter, yesterday, in regard to the horse which he sold to the Wild West show, Mr. Sanchez said:

"I have owned the animal for several years, and when I saw the offer Buffalo Bill made in The Citizen I jumped at the chance to get rid of him, as he was of no earthly use to me. He is the most vicious and meanest animal I have ever seen, and I have seen an awful lot of 'hoggers,' 'raggers,' 'head fighters,' 'rollers,' and 'wheelers,' but this one beat any of them. I was at the show and saw him perform. It was all right, just what I expected of him. And I guess he pleased Buffalo Bill and the crowd from what I have heard since. Yes, real bad ones are hard to find, but they will fall into your hands once in a while."

Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. THE ODD PENNIES.

For the sake of saving odd pennies don't buy an inferior emulsion when you really need Scott's Emulsion.

The difference in price is pennies. The difference in results is pounds—pounds of new flesh—and days of strength and comfort.

Those who have lost flesh can regain it more quickly by means of Scott's Emulsion than in any other way.

Send for Free Sample.

SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

ESCAPED AND RECAPTURED.

A Convict Who Took French Leave From the Penitentiary Caught Wednesday Last.

Some weeks ago a penitentiary trustee, Gabriel Romero, whose time would have expired in April next, while doing some plowing outside of the penitentiary, took a notion to depart without informing the authorities. No watch had been kept of him, as he had but a short time to serve and it was believed that he had sufficient good sense to appreciate the situation. After he had escaped the penitentiary authorities thought it best to say nothing about it as it was thought he would, were such a course pursued, be all the easier captured. Secret inquiries were instituted and a few days ago it was discovered that he was hiding in the vicinity of Chaparrito, San Miguel county. Several of the citizens of that place were notified by the penitentiary authorities to keep a lookout for the escaped prisoner and capture him as soon as possible, and they were informed that a reward of \$25 for his capture and delivery to the penitentiary and actual expenses would be paid. On Wednesday of this week, Rafael Lucero, of Chaparrito, discovered his whereabouts and arrested him, not, however, until after he was compelled to shoot the convict in the leg, the latter having shown fight and resisted arrest. Rafael Lucero arrived with his prisoner at Las Vegas yesterday and delivered him to the penitentiary authorities today. The moral of this little episode is that penitentiary convicts should leave well enough alone and not escape when they are trustees. This man will lose fifteen months good time earned heretofore by good behavior; in addition he will not be restored to citizenship upon being released.

ANOTHER WONDER OF SCIENCE.

Biology Has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam delved, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair and finally baldness. Without dandruff hair must grow luxuriantly. Herpicide at all drugists. It is the only destroyer of dandruff. Send 10 cents in stamps for sample to The Herpicide Co., Dept. "F," Detroit, Mich.

Jail on Fire.

The jail at Alamogordo caught fire Tuesday from a defective flue and for a while there was much excitement in the town. A hole was cut in the roof and the fire extinguished before any serious damage was done. The prisoners were greatly frightened when they saw the dense smoke.

Danger in Fall Colds.

Fall colds are liable to hang on all winter leaving the seeds of pneumonia, bronchitis, or consumption. Foley's Honey and Tar cures quickly and prevents serious results, safe and sure, contains no opiates and will not constipate. Alvarado Pharmacy.

Growth of Raton.

That Raton is growing in indicated by the school census which was recently completed by J. T. Hill. The census shows the total number of children of school age in the city to be 1,081—579 males and 462 females. Last year the total census was 970. This shows an increase in the population of the city within the last year of fully 500 people, and also shows that Raton has a population of close to 5,000 people and in point of size is now the third city in New Mexico.—Range.

Bronchitis for Twenty Years. Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." Contains no opiates. Alvarado Pharmacy.

Penn Doran Dead.

Penn Doran, son of Chas. L. Doran, the postoffice inspector, who is a frequent visitor to Albuquerque, died last week at Trinidad, Colo., at the Sisters' hospital. The boy was 11 years and 5 months old, and was a particular favorite of Mrs. McKinley and the late president, he having stood by the first lady of the land at a public reception given at the White House shortly before the president's death. The remains were sent for interment to Cincinnati. Mr. Doran's former home.

FROM SAN JUAN.

Items of General Interest of Albuquerque and Vicinity.

From Farmington Hustler.

D. J. Rankin, government gauger, vice George C. Bowman, now deputy internal revenue inspector, visited this section last week accompanied by J. H. Offner, representing Meyers-Abel whiskey company, of Albuquerque. Mr. Rankin found the distillery in good order.

E. N. Buck leaves Monday for New York City, where he goes to engage a corps of competent assistants to aid in getting out his gazetteer. He will be accompanied as far as Albuquerque by Dr. O. C. McEwen, who proceeds from there to Socorro, to attend the grand lodge of Odd Fellows of New Mexico, as delegate from Farmington lodge No. 24.

Mrs. D. M. McNasser, saleslady in the Hyde store, has decided to return to Albuquerque, and will leave here with the fair caravan October 8. During the short residence of her mother, sister, little daughter and herself in Farmington, they have made many warm friends, who sincerely regret their departure. Mrs. McNasser is a saleslady of unusual ability and pleasant disposition, and will be much missed by the many patrons of the big store.

Many are already beginning to make preparations to attend the Albuquerque fair. M. McKenzie leaves tomorrow with trunks and other baggage belonging to several who contemplate driving over, light. The fair caravan will leave about Saturday, and citizens in carriages Wednesday and Thursday. Winslow Wetherell will reach Pueblo Bonito with the Indians about Wednesday, and leave there Thursday on slow march order. Richard Wetherell and Fred Hyde, Jr., are now at headquarters awaiting the coming of the industrial caravan, headed by George H. Browne.

The fair association at Albuquerque will spend more money for the coming territorial fair than was ever before spent for one week's entertainment in any part of the southwest.

The broncho busting and steer roping contests will exceed any wild west show ever given, from the fact they will be the real thing without any stage preparation or animals trained for the occasion.

The base ball tournament will consist of talent of the best professional talent in the United States, and of national reputation; the purse of \$1,500 making it worth their while to play their very best.

Also the races will be of the highest standard, for purses worthy of contest.

The Navajo Indian five mile relay race will probably be the most exciting and neck breaking performance ever seen off the reservation and be a whole show in itself.

The great pageant of the coming of Montezuma, upon his mammoth eagle, accompanied by his beautiful queen, will be the grandest of the kind ever attempted in the territory.

These festivities begin Tuesday, October 14, and run through the entire week.

Those going overland from San Juan county, should leave here either Wednesday (the 8th) or Thursday (the 9th), as the entire caravan is to be met at Corrales, ten miles from Albuquerque, Monday morning, October 13th, by a company of United States cavalry and escorted from there to Albuquerque, and thence through the principal streets to the fair grounds, where camping quarters will be arranged for Indians and all, and the industrial exhibit displayed in the big pavilion.

MOTHER'S FRIEND

makes childbirth easy by preparing the system for parturition and thus shortening labor. The painful ordeal is robbed of its terrors, and the danger lessened to both mother and child; the time of confinement is shortened, the mother rested, and child fully developed, strong and healthy.

Morning sickness, or nausea arising from pregnancy, is prevented by its use. As pregnancy advances, the breasts enlarge, become swollen and hard. Long before the child is born, they are preparing for the secretion of milk. It is important that they receive early attention. Mother's Friend softens the skin and facilitates the secretion of Life Fluid. Undeveloped breasts, hard-acted shortly after delivery, are the result of non-treatment, and likely to culminate in Mammary Abscess, from which so many suffer excruciating pain and are left with these organs permanently impaired. Softness, pliability and expansion are given to the muscles and sinews, thus bringing comfort and causing an easy issue of the child. Try it. Of druggists please. Our book "Motherhood" free. THE GRADFIELD REGULATOR CO., ATLANTA, GA.

Fibroid Tumors Cured.

A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by Lydia E. Pinkham's Vegetable Compound.

Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help:

"DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time. "The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice."—(Signed) Mrs. E. F. HAYES, 252 Dudley St., (Roxbury) Boston, Mass.

Note the result of Mrs. Pinkham's advice—although she advised Mrs. Hayes, of Boston, to take her medicine—which she knew would help her—her letter contained a mass of additional instructions as to treatment, all of which helped to bring about the happy result.

"DEAR MRS. PINKHAM:—Sometime ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman.

"The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now.

"Lydia E. Pinkham's Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial."—(Signed) Mrs. E. F. HAYES, 252 Dudley St., (Roxbury) Boston, Mass.

Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's Vegetable Compound brought to Mrs. Hayes.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammations; ulceration, falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we are daily printing in the newspapers can leave no room for doubt.

Mrs. Hayes at the above address will gladly answer any letters which sick women write for fuller information about her illness. Her gratitude to M. S. Pinkham and Lydia E. Pinkham's Vegetable Compound is so genuine and heartfelt that she thinks no trouble is too great for her to take in return for her health and happiness.

Truly it is said that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women, and no other medicine; don't forget this when some druggist wants to sell you something else.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

SIERRA REPUBLICANS.

A Strong County Ticket Named—Andrews for Council.

The republicans of Sierra county held their convention at Hillsboro on last Saturday, and nominated the following ticket:

For Council—W. H. Andrews. Representatives—Manuel S. Pino and H. H. Howard. Sheriff—Max L. Kahler. Assessor—John E. Smith. Collector—William M. Rohlsda. Clerk—Q. S. Hall. Probate Judge—Urbano E. Aney. Superintendent of Schools—Dr. F. Q. Given. County Commissioners—A. J. Haver, A. Vaillo, J. Trujillo.

Spent More Than \$1000.

W. W. Baker, of Plainview, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and, thanks to this great remedy, it saved her life. She enjoys better health than she has known in ten years." Refuse substitutes. Alvarado Pharmacy.

Mysterious Murder.

The dead body of Jose R. Gallegos, a sheep herder who was in the employ of Jerome Troy, was found in his house September 29. Gallegos lived in a small house near the residence of Mr. Troy and bore an excellent reputation. He was about 30 years old and single. The body was brought to Raton and an investigation held before Justice of the Peace Chavez, the jury returning a verdict that deceased had been choked to death by parties unknown to the jury.—Raton Reporter.

"Watch the Kidneys."

"When they are affected, life is in danger," says Dr. Abernathy, the great English physician. Foley's Kidney Cure makes sound kidneys.

STOVE WORK.

Go to E. J. Post & Co. to have your stove work done and get a good job by competent mechanics.

"DIAMOND ICE."

COMING EVENTS.

October 10—Republican convention at Raton, N. M.

Cascarets
CANDY CATHARTIC
THEY WORK WHILE YOU SLEEP

ANNUAL SALE
10,000,000 BOXES
Greatest in the World

A MILLION AMERICAN BOUNCING BABIES are kept crowing with the delight of living, because their mamas have learned to use CASCARETS Candy Cathartic. You all know how neighborly neighbors tell each other of the really good things they have learned from experience. CASCARETS are one of those good things, and the kind words said for them has created a sale of nearly A MILLION BOXES A MONTH. It is easy to protect infants against children's complaints, because all these perils have their beginning in stomach and bowels, and we have in CASCARETS a perfect medicine that will always keep the delicate machinery in a child's body clean, regular and in working order. Children like the little candy tablet, and are kept safe from all stomach, bowel, blood and skin diseases. All druggists, 10c, 25c, 50c. Never sold in bulk. Guaranteed to cure or your money back. Genuine tablet stamped CCC. Sample and booklet free. Address Sterling Remedy Co., Chicago or New York.

CITY COUNCIL.

Street Railway Track—Caterpillars to be Burned—Want More Pay.

OTHER NOTES OF INTEREST.

The Albuquerque Street Railway company, with its track above the grade of the street, was the principal topic of discussion at city council meeting last night. Alderman McMillen, chairman of the grievance committee, called the attention of the body, in no uncertain terms, to the menace to life and limb and spoke and wheel from the high rails. W. P. Metcalf, having been granted permission to address the council, told of the great discomfort caused him and his friends on "honeymoon row" by the car track which is twenty-two inches above the grade, so as to make it impossible to build sidewalks or to drive to the doors with a vehicle.

The city attorney now has charge of the matter, and he expects to get the matter in shape at once, that something may be done. He was ordered to prepare a resolution, the passage of which will force the street car company to act.

The annoying bugs, which are in evidence everywhere on the streets, was next brought up for consideration. On motion of Alderman Harrison, of the street committee, the street commissioner was ordered to cover the city carefully and destroy and burn out all the nests and webs, so that there would be no chance of them returning again.

Those large headed nails which protrude above the surface of the board walks and cause the ruin of new shoes, also causing hard thoughts and their expression, will be driven back where they will cause no trouble. A very busy man will be the street commissioner during the rest of the week. The marshal and police force received orders to enforce the ordinance requiring horsemen and drivers to "turn to the right." The practice of turning short corners is declared to be a menace to the public safety.

The pay roll of city officers and employees called for a little more than \$2,600, which was ordered paid. A large number of bills were presented last night, being the first meeting of the new quarter.

A letter was read from John L. Bearup, asking that the sewer and water connections for the new woolen mills be in place by December 1. The matter was referred to the sewer committee.

A letter was read from President J. H. O'Reilly, of the fair association, asking that the city officials present themselves in a body for the great parade on Albuquerque day. On motion, the council decided to turn out on dress parade on that occasion.

A letter was read from Division Superintendent J. F. McNally, calling attention to the need of preventing the Coal avenue viaduct as a preventive against fire and asking that the city stand half the cost. Mr. McNally estimated the expense at \$700. The matter was referred, on motion, to a special committee, endowed with power to act, composed of Mayor Myers, Aldermen McMillen and Harrison.

A petition was read from the members of Congregation Albert, asking that cement sidewalks of standard width be ordered built on the east side of South Seventh street from Railroad avenue to Gold avenue. On motion a notice ordinance was ordered drawn.

A petition was presented signed by several members of the police force, asking for an increase in pay. The document was referred to the police committee.

ACKER'S

DYSPEPSIA TABLETS

cure dyspepsia and all disorders arising from indigestion. Endorsed by physicians every where. Sold by all druggists. No cure, no pay. 25 cents. Trial package free by writing to W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

The quarterly report was presented by the city treasurer, showing a balance in the treasury on October 1, of \$5,200.

The city clerk reported licenses collected during September to the amount of \$367.50.

The city marshal's report showed 96 arrests for the month and \$450 in fines collected.

Light and water was ordered furnished to the grounds to be occupied by the Fourteenth cavalry during the fair.

The city marshal will have direct supervision of the licensing of all shows and games, not under control of the fair association. It was ordered that booths and banners on the street during the fair be allowed at the discretion of the marshal.

An ordinance was passed changing the names of the several streets in the Perea addition, to the names of the streets of which they are extensions.

An ordinance ordering cement sidewalks on Copper avenue from First street to Fifth street, was passed.

An ordinance was introduced governing hackmen and hotel runners at the local station, by the terms of which they are required to remain within six feet of the entrance of the station, in soliciting business. It was referred to the grievance committee.

America's Famous Beauties.

Look with horror on Skin Eruptions, blotches, sores, pimples. They don't have them, nor will any one, who uses Bucklen's Arnica Salve. It glorifies the face. Edema or Salt Rheum vanish before it. It cures sore lips, chapped hands, chilblains. Infallible for piles. 25 cents at all druggists.

Compliments Our "Make-Up."

The "make-up" man on the Albuquerque Citizen has a keen eye for contrasts that attract. Under a cut of a gay dame, much given to lingerie, doing a high kick with ease and abandon, attached to which is the injunction to "Try a Komel High Ball, at all cafes," he places a sermon, "The Last Romp With the Tiger," by the Rev. Williams. With the gay lady and her lingerie as a flag at the mast head, it is safe to say that every reader of The Citizen read the sermon of the Rev. Williams.—Carlsbad Argus.

No danger of consumption if you use Foley's Honey and Tar to cure that stubborn cough. Alvarado Pharmacy.

POLICE COURT.

Osio Ariar, a Mexican, was before the police judge this morning, charged with being drunk on the street. He was given ten days of hard labor.

J. W. Francis, a one-legged city nuisance, was brought in on the charge of drunkenness and begging on the streets. Francis has been hanging around the streets for more than a week. The police have been keeping tabs on him, to see what he was doing, and discovered he did nothing that was of any use to himself or anyone else. There are several of this type around the streets that are a public nuisance. The police authorities intend to make quick work of this kind of street wanderers.

Francis got thirty days in the county jail, making one less of the uncleanly sights on the streets, which are so obnoxious to the busy public.

A Word to Travelers.

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

Death From Consumption.

Elisha A. Dingman, 23 years of age, died at the St. Joseph's sanitarium, this morning, of consumption.

Mr. Dingman had been a patient at the institution since July. He came here from Livingston, Ill. The body was taken charge of by J. W. Edwards, funeral director, and is being prepared for interment.

He has a brother at Friend, Neb., and an uncle, F. D. Rowlee, in New York. Both have been notified and Mr. Edwards is awaiting word from them.

TERRITORIAL POLITICS.

Republicans Hold Conventions in Several Counties.

DELEGATES SELECTED.

The republicans of Santa Fe county met at the court house in the Capital city yesterday afternoon, being called to order by Hon. T. B. Catron, chairman of the county central committee.

For temporary chairman, two names were placed in nomination, E. C. Abbott and R. L. Baco, but as Baco was not a regularly elected delegate to the convention, although a member of the contested delegation from precinct 18, his name was protested.

Motions made by D. M. White and J. D. Hughes, the former to the effect that none whose seats were contested be allowed to participate in the temporary organization and the latter that each contested delegate be allowed half a vote, were ruled out of order by the chair.

After the storm scene had disappeared, a vote was taken on temporary chairmanship and Abbott received 30 votes to Baco's 28.

Reports of committees were then read and accepted, the committee on organization recommending E. C. Abbott for permanent chairman and Victoriano Casados permanent secretary. Delegates were elected to the Raton convention as follows: D. M. White, M. A. Ortiz, J. V. Conway, J. D. Hughes, Gus R. Johnson, E. C. Abbott, Amado Chavez, J. D. Sena, M. R. Ortiz, A. M. Begerre.

Resolutions were introduced and passed, endorsing the national and territorial administrations, and approving of the course of Delegate Rodey in congress and declaring for his renomination.

Another convention of republicans was held, headed by R. L. Baco, and this convention also selected delegates to the territorial convention at Raton.

Donna Ana Republicans.

Last Saturday the republicans of Donna Ana county met at Las Cruces, every precinct in the county being represented, save three. H. B. Holt was elected chairman and Isidoro Armijo secretary. The following delegates to the Raton convention were elected: M. Valdez, H. B. Holt, J. A. Russell, M. Lohman, Jose R. Lucero and W. H. H. Llewellyn. Strong resolutions were adopted endorsing the national administration, the territorial administration of Gov. M. A. Otero and Delegate B. S. Rodey.

Valencia County Republicans.

Yesterday, the republicans of Valencia county, where there are no sore heads or contested delegations, met at Los Lunas in convention, and organized by the election of J. Francisco Chavez as temporary chairman, with Boleto Romero temporary secretary. Committees were appointed and their reports read and adopted.

The temporary officers were made the permanent officers of the convention.

Resolutions were adopted heartily endorsing the national and territorial administrations and recommending to the Raton convention the renomination of B. S. Rodey for delegate to congress.

The following delegates were elected to go to the Raton convention:

Solomon Luna, Jacobo Chavez, Narciso Pino, Juan C. Jaramillo, R. Garcia, Carlos Baca, Simon Bibb, Carl A. Dales, J. Francisco Chavez, Nabo Mirabel, Victor Sais, Juan C. Sanchez.

San Juan Republicans.

The delegates to the republican convention of San Juan county assembled at Aztec Saturday, and after the election of chairman and secretary, adopted a platform endorsing President Roosevelt and the territorial administration of Governor Otero, after which Chas. V. Safford and Granville Pendleton were selected as delegates to the republican territorial convention to be held at Raton on the 10th. A strong ticket for county officers was then placed in the field, headed by Judge Granville Pendleton for member of the thirty-fifth legislative assembly.

Santa Fe Democrats.

The democratic primaries of Santa Fe county were held Saturday night to select delegates to the county convention which will be held in Santa on Thursday.

The primary in precinct 3 was held in the school house and was called to order by the precinct chairman, Francisco Delgado. He announced the object of the meeting and then asked to be excused on account of sickness in his family. A. M. Dettelbach was chosen permanent chairman, Bernardino B. Baca secretary and Joaquin Martinez interpreter.

The delegates chosen were John P. Victory, Francisco Delgado, Juan Delgado, A. M. Dettelbach, Rafael Trujillo, Camilo Padilla, Nestor Sena, Jose Martinez and Luis Lujan.

In precinct No. 4 the delegates are N. B. Laughlin, Marcelino Garcia, Matias Dominguez, Juan Pablo Delgado, Julian Baca and Charles F. Easley.

In precinct No. 7 the delegates are J. S. Candelario, Jose Segura, John L. Zimmerman and Genovevo Sandoval.

In precinct No. 18 the delegates are A. R. Gibson, D. C. Allard, Nicolas Baca, Juan Sisneros and Anastacio Gonzales.

When you wake up with a bad taste in your mouth, go at once to a druggist and get a Free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

FOUND DEAD.

J. M. Goodsell, of Otero County, is the Victim.

J. M. Goodsell, a well known citizen of Otero county, was found dead on a load of lumber at the site of a house he was preparing to build in the college addition east of Alamogordo. Mr. Goodsell came down from Cloudcroft Wednesday with a load of lumber. He left his wagon on his lot and brought his team into town and put it up in the livery stable and returned to unload the lumber. This was the last seen of him alive, and it is supposed that he died from heart disease soon after reaching his wagon, as the body was badly decomposed when found. He had resided near Cloudcroft for fifteen years and leaves a family.

Never Ask Advice.

When you have a cough or cold don't ask what is good for it and get some medicine with little or no merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy, it cures coughs and colds quickly. Alvarado Pharmacy.

MONUMENTS.

All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO.

Take a walk around the block and try to match our matchless shirts at 48c and 39c.—The Lion Store.

Patent Case oysters. San Jose Market.

Delaney's chocolate chips are a delicious confection. Don't fail to get some.

San Jose Market meats are the best.

Hot chocolate, ice cream and ice cream sodas. Delaney's.

TERRITORIAL FAIR NOTES.

(Concluded from page one.)

Roswell, where he has been in attendance at the fair held there, that he will be here fair week and enter the steer roping and bronco busting contests. He shipped his horse in a car of racers which arrived here Sunday night. Experts from Colorado, Oklahoma, Texas, Arizona and New Mexico will enter the coming "wild west" contests. The reputation of New Mexico's territorial fair is known far and wide. Harness horses are arriving in numbers unanticipated by the fair association. A good string of runners are already here and more are coming, so that the lovers of good running races will find real sport at the fair grounds next week.

Charles Lummis, the great western writer, says that Montezuma never was, but regardless of what Mr. Lummis thinks, the king of the Aztecs and his beautiful daughter will be here next week, and with crowns of glory. The queen's float will be done in pink and white chrysanthemums, and will be most beautiful.

Ballot Ahyad Temple, A. A. O. N. M. S., of Albuquerque, is doing things in fine style for the fair. Hot invitations have been printed and will be sent to all the lodges in the territory. They will entertain Saturday evening, October 18.

The base ball grounds will be in fine shape for the coming games. Street Commissioner Tierney has a force of men and a sprinkling wagon busily engaged doing the needed work. The diamond is being scraped off and filled in, soaked and tramped until the critical eye of Baseball Manager Roy McDonald considers the job well done. The outfield is receiving due attention. The grass and weeds are being cut and carted away.

The queen's contest today at noon showed the following candidates and the votes cast: Miss Clara Olson, of Santa Fe, 100 votes. Miss Olson is private secretary to Governor Otero and will make a good Miss Jeanette Walton has 65; Belle Yancey 62; Miss Laura Armijo 20, and Mrs. J. J. Sheridan 10.

Members of the fair executive committee are around this afternoon, pleading with the merchants to make some kind of representation in the trades' display and parade.

Chamberlain's Cough Remedy Saved His Boy's Life.

"I believe I saved my (nine year old) boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hoppe, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by all druggists.

Another Car of Furniture

to arrive this week for Futrelle Furniture company, consisting of 75 assorted iron beds, latest styles; 52 center tables from 90c and up; 24 dressers, plain quarter oak and bird's eye maple; 15 commodes; 30 cots and beds assorted; 50 dozen chairs to retail from 75c to \$5.00 each; 4 folding beds; 25 pieces upholstered goods; 5 day rockers; 6 extension tables; 6 chiffonieres and buffets, all bought direct from factory, and at prices which we can defy all competition.

J. Korber & Co., ALBUQUERQUE, NEW MEXICO.

DISTRICT COURT.

(Concluded from page one.)

dey and H. P. Owen defended.

Yesterday the court concluded the trial of James Elder, charged with having obtained a watch under false pretenses from Jeweler Vann. The evidence of the prosecution tended to prove that the defendant procured the watch from Vann by representing that he needed a watch in order to take out his engine as an employee of the Santa Fe; that he had lost his watch while on the running board of his engine; that he had sufficient funds earned in the company's hands to pay for it, all of which was false. It was shown that at the time he had a watch obtained from Maynard in his pocket and one obtained from Mr. Whitten, of Raton, in pawn with Whitten for \$13. The defendant admitted he had all the watches, and that he had pawned two, but as he needed money badly and that as he had only \$5 a month to pay on the watches he thought he could easily out of his earnings take care of the indebtedness, redeem the watches, have a temporary loan and receive his pay in time to square matters up. However, his superintendent, McNally, learning of the action of Elder, dismissed him from the service, and the defendant found himself in the meshes of the law, from which the jury refused to extricate him, finding him guilty as charged. The defendant was remanded to await sentence. The defendant has a number of friends who stood loyally by him throughout the trial and who seemed to think the verdict of the jury a very bad one.

Regular meeting of Harmony lodge No. 17, I. O. O. F., this evening at 7:30 o'clock. Last evening before the Grand Lodge session. A full attendance desired. H. O. Strong, noble grand.

Patent Case oysters—you're sure they are pure—can be obtained only from the San Jose Market.

PROBATE COURT.

Probate Judge Esquipulo Baca is down from Pena Blanca and held an all day's session of court yesterday.

Nicholas Ortega, J. M. Ortega, Candelaria Aragon, J. D. Gutierrez, and Seferina Gutierrez, heirs of Antonio Sandoval, presented their petition for an order on Amado C. de Baca and Charles F. Hunt, administrators of said estate, to make a report of their doings as such administrators and that Nicholas Ortega be appointed in their stead. W. D. Lee, one of the sureties, also presented his petition, asking to be relieved from further liabilities. It was ordered that said administrators be required to file full statements of their holdings and show cause before December 1 why they should not be removed.

County Commissioner E. A. Miera presented final report of the estate of Pablo Garcia de Mieres, deceased, and asked that same be approved, the estate be closed and administrator and his sureties be discharged. The court ordered the required notice to all persons to present objections to approval of report before the first Monday in December, 1902, be given.

A claim of \$221 against the estate of Emiliano L. Gutierrez was presented, but not allowed.

Lino B. Asmenta was appointed administrator of the estate of Lemando Armenta, deceased, and gave bond to the amount of \$100.

The last will and testament of Preciliano C. de Baca de Moses was produced and Monday, December 1, was set as the day of proving same.

P. McNara Killed.

P. McNara, a boiler maker of San Bernardino, was found dead along the railroad tracks near Grants Sunday morning. The manner in which Mr. McNara met his death is a mystery. He was on his way to Albuquerque on passenger train No. 2 with two companions, Hugh Carr and J. Kelly, and it is supposed that he had gone to the platform to get some fresh air, when in swinging a curve he was thrown from the train. His companions did not miss him until the next morning. They had no idea that any harm had befallen him, as they were accustomed to traveling life, and the disappearance of one of the party caused no alarm. The dead man's home is in Philadelphia, where he has a wife and several children.

The coroner of San Rafael held an inquest over the body yesterday, taking possession of all the papers, money and other articles the man had upon his person.

O. W. Strong & Sons were notified and went to Grants to take charge of the body last night. It was brought to the city this morning, embalmed and prepared for shipment.

There were no bones broken, his face bearing the only marks of the fall.

McNara was a man about 35 years of age and had been employed at San Bernardino for some time. He was on his way here to work in the Santa Fe shop. He has two cousins in this city. No arrangements have been made for the funeral yet.

COLLEGE EXHIBIT.

Ready for Fair—College Foot Ball Team—Interesting Topics. Special Correspondence.

Mesilla Park, Oct. 6.—Considerable attention is being paid to the getting together of the Agricultural College exhibit which is to be sent to the fair. The exhibit will be made ready and shipped in time to reach Albuquerque Sunday night or early Monday morning. The exhibit this year will be

CONSUMPTION

the most dreaded and deadly of all diseases, as well as pneumonia, and all lung troubles are relieved at once and cured by Ackers English Remedy "the king of all cough cures." Cures coughs and colds in a day. 25 cents. Your money back if dissatisfied. Write for free sample. W. H. Hooker & Co., Buffalo N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

more extensive and representative than ever before. A car has been provided by the railroad in which to ship the material and it will contain much that will give those unacquainted with the valley a much broader idea of its resources.

The college will take up several of the highly bred stock which belong to the college herd and which have been imported to the valley. The engineering department will have specimens of the work done in the department and will also have a practical demonstration. A motor, a lathe and carpenter's bench will be in charge of two or three of the engineering students and same will be run during the fair. The other departments of the college are preparing their exhibits, especially the agricultural and horticultural departments which will have a fine exhibit of fruits raised and preserved on the experimental farm.

The college football team will play on Tuesday afternoon against the Indian school and the known abilities of both teams gives promise of something well worth seeing.

President Foster left Friday for Atlanta, Georgia, to attend a convention of agricultural colleges.

The ladies of the Improvement association of Las Cruces will hold a bazaar soon. This is an annual affair and the proceeds are used by the ladies in the improvement of Las Cruces.

The detail of a regular United States military officer to the Agricultural College is now assured. The government has sent forth its list of available men from which to choose. As is usual the college will be furnished with three inch guns and cadet Springfield rifles and ammunition with which to carry on the work. The college is entitled to this detail under authority of a congressional act establishing agricultural colleges.

Considerable attention has been given lately by those addressing the students at general assembly to the undue haste young people are making to enter into some business occupation without becoming thoroughly prepared for it and in not being capable to assume higher and more responsible positions when offered. Sometimes the students are not so much at fault as the parents who almost drive their children out into the business world wholly unprepared for such work and its tasks. The day has passed when one can make his way successfully in the world without a broad and thorough knowledge of whatever line one may choose to follow.

Nebraska Club Women.

Columbus, Neb., Oct. 7.—This town has capitulated to the army of fair delegates who have come to attend the annual gathering of the Nebraska Federation of Women's Clubs. The convention was formally opened today and will continue until Friday. Governor Savage, E. Benjamin Andrews, of Nebraska university, and Mrs. Clyde Hamilton, president of the Civic League of St. Paul, are among the persons of prominence on the program for addresses. Reports of officers show the federation to be rapidly increasing in membership.

Only one remedy in the world that will at once stop itching of the skin in any part of the body. Doan's Ointment. At any drug store, 50 cents.

F. A. Jones, E. M. C. E. Consulting Mining Engineer. Field assistant U. S. Geological Survey. Albuquerque, N. M. Correspondence solicited.

Notice for Publication.

(Small Holding Claim No. 1763.) Department of the Interior, United States Land Office, Santa Fe, N. M., Sept. 24, 1902.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim under sections 16 and 17 of the act of March 3, 1891 (26 Stats., 854), as amended by the act of February 21, 1893 (27 Stats., 479), and that said proof will be made before the clerk of the probate court at Albuquerque, N. M., on November 10, 1902, viz: Carmel Ruiz de Sandoval, in behalf of the heirs of Telesfora Lopez de Ruiz, for the tract in sections Nos. 7 and 8, T. 9 N., R. 3 E., New Mexico principal meridian.

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz:

Gregorio Barela, Francisco Apodaca y Molina, Justo Gutierrez, Amador Sanchez, all of Albuquerque, New Mexico.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the interior department why such proof should not be allowed will be given an opportunity at the above mentioned time and place to cross examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

MANUEL R. OTERO, Register.

CERRILLOS.

From the Register.

J. D. Bridge made a business trip to Magdalena the first of the week.

Born to Mr. and Mrs. C. C. Green last Sunday, a girl. All doing well.

J. A. Jackson and E. B. Ames have moved their families into town for the winter, in order to be near a good school.

Thomas Barcia has nearly finished his new house just east of the residence of Tomas De Lillo, and expects to move into it before cold weather.

Married, at the home of Judge Neils, at 11 a. m., last Tuesday, Miss Gedda Matildi and Giorgio Davide, Judge Neils officiating. The young couple will make their home in Madrid.

These cool nights have started our people to gathering their fruit. Judge Neils began harvesting his lemons last Saturday and exhibited one at this office which weighed nine ounces.

Zenon Sandoval, of Waldo, returned from Pena Blanca, where he lived for many years. He informs us that he never saw the republican sentiment so strong in that part of Bernalillo county as it is this year.

The Pennsylvania Mining company, J. D. Bridge president, and W. A. Brown, secretary, have started the work of developing the Weaver and Owl claims, recently purchased by them. A contract has been let to G. W. Green for 300 feet of work, and to A. Young for the building of a shaft house. George Bailey is now unloading the fifteen horse power hoist which arrived a few days ago for use on his property, from the cars and is hauling it to the mine.

While coming in with a load of wool Teodoro Tenorio met with a serious accident. His team became frightened and ran away, throwing him off of the wagon and breaking his leg just above the ankle. A doctor was summoned from Santa Fe, but owing to the distance he did not arrive until the next evening, by which time the limb had swollen so as to make it very difficult to reduce the fracture properly, and it is feared that Mr. Tenorio will be laid up for some time.

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquefies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. F. S. McMahon, Hampton, Ga. "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." B. H. Briggs & Co.—J. H. O'Reilly & Co.

SANTA FE.

From the New Mexican.

A substantial vitrified brick sidewalk is being constructed along the Griffin property on Washington avenue.

The old corral on the Washington avenue side of the Ft. Marcy reservation is falling to pieces and almost daily a part of the wall falls outward. Yesterday a number of bricks fell from the roof and nearly injured a passer-by.

Vicente Romero, who lived on the south side, died last night at 6 o'clock, aged 25 years. The funeral services will be held at the cathedral tomorrow morning and the interment will be in Rosario cemetery.

Word was received yesterday that the mother of R. C. Garrett, superintendent of the yards at the penitentiary, is seriously ill. She had been visiting her son and left for her home in Alabama on Wednesday, accompanied by Dr. Knapp, and has been ill all the way.

The Capital City band last evening celebrated the first anniversary of its organization at Post hall. The guests of the evening were the members of the Grand Army of the Republic, the Women's Relief Corps and the families of members of the band. A delightful musical program was given, after which an oyster supper was served.

The trustees of the university (the Santa Fe corporation) met last evening and formally adopted the amendment to the by-laws by which the number of trustees is reduced from 13 to 9. The board now consists of L. B.

Prince, president; W. M. Berger, secretary; Charles L. Bishop, treasurer; E. L. Bartlett, S. S. Beatty, N. B. Laughlin, George W. Knobel, Judge McFie and A. Seligman.

The Worst Form.

Multitudes are singing the praises of Kodak, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with digestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodak and after using four bottles I am entirely cured. I heartily recommend Kodak to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

Subscribe for **The Daily Citizen**
LAS CRUCES.

From the Citizen.

A nice refreshing shower cooled off the atmosphere last Sunday.

Jesus S. Garcia was taken ill with chills last week, and was compelled to put off his trip to Albuquerque.

College will undoubtedly have a good base ball team this year, a thing which has not had for quite a number of years.

The number of children attending schools in Las Cruces at present is: Public and ward school, 210; Convent day school, 40; Mission school, 45, making a total of 295.

Prof. R. R. Larkin, formerly professor of the Agricultural college here, and now of Gallup, is a candidate for the office of school superintendent. If Professor Larkin is elected, the people of that county will have cause to be proud of an energetic and a competent man who will do everything to advance the cause of education.

A difficulty occurred at the Modoc mill Tuesday. The plumber and engineer, two brothers, were discharged by Superintendent Rogers for disobeying orders, when they asked who would take charge. Mr. Rogers said that he would, when they said: "We would like to see some one take charge of this engine." Mr. Rogers said: "I'll take charge of it," and on stepping into the engine room, one of the brothers drew a pistol and told him that if he made another step forward that he would kill him. Mr. Rogers picked up a piece of iron pipe near at hand and without striking a blow managed to get them out of the engine room. Both men were brought here and placed under \$1,000 bond in default of which they were sent to jail to await the action of the grand jury. The above statement is just as we received it.

PORTALES.

From the Herald.

The residences being built for J. R. Hoyer and Mrs. May are nearing completion.

Over half the people who criticize the press for its errors, cannot write ten lines correctly.

A Mr. Williamson, who lives about forty miles from Portales, let the con-

FOOD FOR SLEEP.

A Sure Way to Comfort.
The right kind of food will restore any weak stomach. It is better off without drugs and a little judgment in selecting light weight and easily digested food does the trick.

A man in Grand Rapids, Mich., upon recovering from a severe attack of nervous prostration, says:

"The principal trouble was an intensely irritated condition of the stomach, so severe that diluted milk would cause a sensation as if molten lead had been swallowed. At length, I began to study my own case, and abolished drugs and commenced experimenting with my diet."

"Grape-Nuts was brought to my notice, and I found it very palatable, and as a regular morning dish, it met all the requirements, and sustained me until midday. After using Grape-Nuts a week, physical discomfort grew less, my strength began to return and I gained steadily in weight."

"Along with all these improvements, came good, peaceful sleep, which had been so flighty a visitor, and with it came returning hope and ambition, and now, with perfect health, it gives me leisure to give Grape-Nuts the credit it deserves." Name given by Postum Co., Battle Creek, Mich.

tract this week to J. M. Maloy for a \$500 residence.
William Blackwood, of this county, bought of Martin Chaves, of Pichaco, Lincoln county, 1,000 lambs at \$1.25 per head.

J. W. George has six and a half acres of short cotton on new land, on his farm about nine miles from town, which will go a quarter of a bale to the acre.

Scarcely a day passes that at least a half dozen prospectors do not pass through looking for land. The valley for fifteen miles up and down is dotted with homesteads, and filed in a year. Without irrigation the valley has produced remarkably well.

Foley's Honey and Tar cures coughs and colds and prevents pneumonia. Take no substitutes. Alvarado Pharmacy.

GALLUP.

From the Republican.

Felipe Zamora has moved with his family to Albuquerque.

Morris Bowie returned to Albuquerque Wednesday to resume his studies in the New Mexico university.

Miss Kate Cunningham returned to Albuquerque last Thursday and will again take up her studies in the New Mexico university at that place.

Walter Johnson, son of Mr. and Mrs. Paul Johnson, has returned to work in the railroad shops in Albuquerque after being away for some weeks on account of a slight accident to one of his eyes.

Foreman Sweet, with his gang of forty men, has commenced replacing the old Western Union telegraph poles from Gallup to Flagstaff. The new poles are of Michigan cedar and are calculated to last fifty years.

H. Neumann, the hustling merchant of Guam, paid a business visit to Gallup yesterday. He reports everything going along nicely in his neighborhood and fine prospects for a large volume of business in the lumber industry in the Zuni mountains within the next few months.

Troop F, of the Fourteenth cavalry, started from Fort Wingate this morning to attend the Territorial fair which commences at Albuquerque on the 14th of this month. Troop G, under command of Capt. C. C. Smith, returned last Sunday from a long practice march in Arizona.

IT'S IMPOSSIBLE.

To Disprove Facts—it is Decidedly Easy to Verify Albuquerque Opinion.

Nothing by way of an introduction could be added to the experiences and opinions given below, which could increase their value. Albuquerque people can safely be left to draw their own conclusions based on such convincing proof as this citizen offers. What is there lacking in evidence like this to satisfy a dyed-in-the-wool doubting Thomas?

Mrs. M. J. Butler, (M. J. Butler, night watchman in the Santa Fe shops), residence, 717 East street, says: "When I went to the Albuquerque Pharmacy for Doan's Kidney Pills I had an attack of backache. It was only one of many which had annoyed me for two or three years. At first they were mild and I expected they would leave just as mysteriously as they came, but with the passing of time the attacks were more frequent and of longer duration. I used three boxes of Doan's Kidney Pills and was rewarded with an entire cessation of the aching. Up to date, and it is considerably over six months since I stopped the treatment, there has not been a sign of any recurrence." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

MINING NEWS.

Thomas A. Lister and Charles Myers, Mine Operators, Here This Morning.

Thomas A. Lister, president and treasurer of North American Mining company, came in on this morning's train from Lordsburg, N. M., at which point he has in active operation the Horn Silver mine, Gladiator mine and Cobra Negra mine. It is the intention of the company to sink to the depth of 1,000 feet on the Cobra Negra mine, running drifts and crosscuts on the vein at each 100 foot level, thereby blocking out the ore, to prove up the actual value of the mine and to determine necessary machinery for the extraction of values contained. From reports of prominent experts and the ores in sight it is conceded that the North American Mining company have a valuable group of mines. The ores taken out so far are a sulphide and a concentrating proposition, carrying good values in gold, silver and copper. The North American's property is in close proximity to the Aberdeen Copper company, who have their concentrator running in full blast and turning out fine concentrates.

The concentrator at Lordsburg is in full operation working on ore from the Lordsburg district and making very fine concentrates.

Mr. Lister is also president and manager of the Pennsylvania Copper company, operating two miles east of San Antonio, and twenty-eight miles from Albuquerque, and have a fine body of ore running 4 per cent copper, 20 gold and 7 ounces silver. The Albuquerque Eastern railroad when built, will touch within one mile of the mine. The property is well timbered and is a very promising proposition.

Charles W. Myers is the superintendent of the Pennsylvania Copper company's properties and he came in from the mountains yesterday, meeting Mr. Lister here this morning. The two gentlemen left the city this morning for the mines east of here.

STREET CAR ACCIDENT.

An Old Blind Man has His Right Arm Broken Below Elbow.

Nasario Jaramillo, a blind man living in Old Town, fell under a passing street car in Old Town yesterday morning, and the front wheel passed over his right arm breaking it below the elbow, he also receiving several bruises about the head. He is said to have been intoxicated at the time of the accident. A native driver, who had charge of the car, when interviewed by a Citizen reporter, said:

"I was on my return trip to the city, when I noticed the man on the track ahead of me. He stepped from the track about fifty paces ahead of the car and stood with his back to the car. I didn't pay much attention to him, but just as the front platform was opposite him he staggered backward and fell under the car. I stopped the car immediately before the rear wheels passed over him."

Mr. Trimble, superintendent of the line, was on the scene in a few minutes and had the injured man cared for. He said the driver had been with him for many years and was very careful and at all times reliable, and that he believed the accident would have been avoided if possible. Dr. Pearce attended the injured man and dressed his wounds.

Stricken With Paralysis.

Henderson Grinnett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

An Anarchist Painter.

Last Saturday an accident occurred in Yuma which demonstrated that the people have not forgotten the cowardly murder of President McKinley one year ago, and, further, that anarchistic acts or talks will not be tolerated. A painter who had been in town only a few weeks went into the Old Plantation saloon, and seeing a large portrait of the lamented president on the wall, went up close to the picture and plunged his knife through it, uttering a curse as he did so, and saying: "You got just what you deserved." In about a few minutes the fellow realized that he was in about the warmest predicament that he ever got into in his life. He was not injured, but he was hustled out of the place and in short order he was escorted to the outskirts of the town, given a bottle of water and some emphatic advice and told to "git."—Yuma Sun.

Look out for Fever.

Biliousness and liver disorders at this season may be prevented by cleansing the system with De Witt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands. B. H. Briggs & Co.—J. H. O'Reilly & Co.

SERIOUS RUNAWAY.

J. V. Conway and William Henschen Were Thrown Into a Barbed Wire Fence.

J. V. Conway, school superintendent of Santa Fe county and William Henschen were badly cut and bruised in a runaway Saturday afternoon near Santa Fe. They were returning from a hunting trip down the Agua Fria road when Mr. Conway's horse shied at a broken culvert and both Mr. Conway and Mr. Henschen were thrown from the buggy. They landed on top of a barbed wire fence and were dragged for about thirty feet, causing both to lose consciousness. On recovering consciousness they went to the office of Dr. Diaz where it was found that Mr. Conway had received one cut that extends from the mouth to the ear on the right cheek and his lower lip was badly split. At first it was thought he was internally injured, but a thorough examination showed that he was only bruised. Mr. Henschen received two deep and painful cuts on the fingers of his right hand and many bruises and scratches. The horse was stopped without further damage after it had run for two miles.

A Typical South African Store.

O. R. Larson, of Bay Vista, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

Will Advertise Midwinter Carnival. At Albuquerque, too, the carnival will be well advertised. On the shirt front of each ball player will be the legend, "El Paso 1903," put there purposely to cause a little comment; and when people begin to ask, "What does

You Can't Begin Too Early.

PAINE'S CELERY COMPOUND

AFFORDS HAPPY AND MARVELOUS RESULTS TO RHEUMATIC SUFFERERS.

The autumn season, with its changeable weather is a time of dread to all rheumatic sufferers. Chilling winds, cold rains and heavy, impure atmosphere, aggravate every condition of rheumatism, and bring many sufferers desperately near the grave.

Are you a victim of rheumatism in its acute or chronic forms? If so, you can't begin too early to get rid of this baneful disease, to purify the blood and strengthen the system. The marvelous virtues of Paine's Celery Compound wrought in the past for rheumatic sufferers, justifies you in giving this wonderful medicine an immediate trial. It has given to agonized, helpless, and crippled men and women a new and happy life—freedom from all pains and sufferings. It has produced amazing cures after the failures of able physicians. At this season, Paine's Celery Compound will do the same good work for you, dear reader. G. W. Webber, Janesville, Wis., says:

"I was advised by a friend to try Paine's Celery Compound for rheumatism and nervousness. I had previously tried other remedies for these complaints without getting relief. I am pleased to say that the very first bottle of the Compound relieved me. I have now taken six bottles of the Compound in all and am cured. I feel younger and better, and have a good appetite."

FOR THE HOUSEWIFE

DIAMOND DYES have been manufactured. They give fast, beautiful colors and are prepared for home use. Simply follow directions.

Direction Book and 45 dyed samples free.

DIAMOND DYES, Burlington, Vt. that 1903 mean, anyway?" some 10,000 attractive posters will be turned loose in the crowd, telling all about the carnival and its attractions, at "El Paso in 1903." Another advertising feature at Albuquerque, which the several hundred rooters from this city will help along, is in the shape of one of the brightest advertising novelty schemes of the year. Five thousand of these were ordered by wire from Chicago.—El Paso Herald.

Forty Years Torture.

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what De Witt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "De Witt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. B. H. Briggs & Co.—J. H. O'Reilly & Co.

MANDAMUS CASE.

An Order Overruled by Judge Mills—Remains of Kit Carson's Daughter—Electric Street Railway.

Special Correspondence. Las Vegas, N. M., Oct. 6.—In the mandamus case brought by several democrats against the board of county commissioners of Mora county to compel them to issue an order convening a special session of the board to vacate four orders made by them discontinuing certain precincts and ordering them restored to their original boundaries Judge Mills today gave his opinion. The order was, in short, overruled, the action of the board being upheld and an order issued saying that the board did not exceed their authority in making the changes. As to the minority representation on the board of registration the democrats wanted, the judge agreed; he went further, and said that all men appointed on the board should be able to read and write, and this he found four of them unable to do. In certain precincts it was found two men were appointed of the same politics as the board—republican—but in the rest, besides the four mentioned, the minority were represented.

Mrs. M. A. Otero and Miss Mary La Rue returned this afternoon from their trip to Chicago. Mrs. Otero stopped off at Mrs. La Rue's before returning to her home at Santa Fe.

The father of Prof. James C. McNary arrived here this afternoon from Pittsburgh for a visit with his son. No word has yet been received by the asylum authorities from the relatives of Mrs. Josie Carson Squires regarding the disposition of her remains. The local Masons have offered to donate a lot in their cemetery, and are consulting regarding the burial of the body themselves. W. M. Lewis, the undertaker, has also offered to give the remains a respectable burial, but as yet nothing has been done. The interest in the case by the Masons is caused by the fact that Kit Carson was himself a member of the lodge, belonging to the Montezuma lodge at Santa Fe.

Edward Grunsfeld and L. L. Gatewood are here from Albuquerque buzzing around to pick up a little insurance.

M. F. Murphy, H. M. Herschey and Mrs. John Hickey left today for Pecos. Mrs. Hickey will stop at Sparks' ranch and the gentlemen will go on to the

Hamilton mines.

The Santa Fe repair crew for the telegraph lines are working at Ribera and have been looking after the lines from Vegas to Glorieta.

George Langenberg, the forest inspector, left today for Las Cruces to act as a witness on a timber cutting case there on the forest reserve.

Mrs. Lillie Mackay will entertain the Young Ladies' Whist club Wednesday afternoon.

Hon. J. W. Reynolds, the secretary of the territory, returned today to his home at the capital.

There was a large crowd at the depot this morning to watch the beginning of the excavation for the laying of the street car rails. Thirty men and ten teams were put to work, and the force will be increased tomorrow. This is beside the force at the power house, laying the boilers and completing the building. The company will go up Lincoln and Sixth streets and over to the bridge on Douglas. They figure on about two weeks to lay the track to the bridge and will try and have cars running the first days of November.

J. D. W. Veeder, George Hunder and Jesus Hernandez, a committee of the unaffiliated, went out to Sapelo yesterday and held a democratic meeting there in the afternoon. They report a large curious crowd.

Father Ballard, who has been sick at the sanitarium here, left today for his home at Mora, accompanied by Father Kneubel.

Mrs. Jose Gonzales came in yesterday from El Cuervo to be with her husband, who will have an operation performed today on his eyes for blindness.

J. Linde is on today's indisposed list.

Mrs. Theodore Hockemeyer returned Saturday evening to her home at La Paso after a visit here with her parents, Mr. and Mrs. G. A. Rothgeb.

The unionists held another meeting last night in Gonzales hall, but there was not a very large crowd out, and no speeches were made worthy of mention.

Miss Telfer left this morning on the stage for Tucumcari, to visit her aunt, Mrs. Donald Stewart.

Benigno Romero, the sheriff of Guadalupe county, returned to his home at Puerto de Luna this morning.

The county commissioners and the probate court were in session today.

A. Minnet took his sample trunks and left for Mora county yesterday morning.

Eggs have taken a skyward movement and will be worth 30 to 35 cents a dozen. It is said they command 24 cents per dozen wholesale in New York.

Word received from J. M. Allen in Denver says the mill to go in at Tecolote will be one of the finest and most complete in the country. Its capacity will be 150 tons of ore per day.

Mrs. Morris Lesency left today for Kansas and Missouri on a visit to friends.

Prof. Layton and party returned yesterday from their camping trip up in Taos county, where they witnessed the Indian dances. Their last night was spent amid a snow storm on the top of Taos hill. When they camped the snow was two inches deep, and on arising they found it a foot deep and everything covered up.

M. L. Crockett and wife left today via way of Santa Rosa for Roswell, where they will visit with Mrs. Crockett's sister, Mrs. James Garrard.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Texas, "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at all druggists.

W. L. Brackett & Co., the new blacksmiths on Copper avenue, between Second and Third streets, have received a new rubber tiring machine and guarantee their work. They do horseshoeing as a specialty.

Uncommon Colds.

"It is just a common cold," people say, "there's no danger in that." Admitting their statement, then there are uncommon colds, colds which are dangerous; for many a fatal sickness begins with a cold. If we could tell the common cold from the uncommon we could feel quite safe. But we can't. The uncommon variety is rarely recognized until it has fastened its hold on the lungs, and there are symptoms of consumption.

Dr. Pierce's Golden Medical Discovery cures coughs, bronchitis, "weak" lungs and other diseases of the organs of respiration. It increases the supply of pure, rich blood and builds up the emaciated body.

"I took a severe cold, which settled in the bronchial tubes," writes Rev. Frank Hay of Nortonville, Jefferson Co., Kansas. After trying medicines labeled "Sure Cure," almost without number, I was led to try Dr. Pierce's Golden Medical Discovery. I took two bottles and was cured, and have stayed cured. When I think of the great pain I had to endure, and the terrible cough I had, it seems almost a miracle that I was so soon relieved. That God may spare you many years and abundantly bless you is the prayer of your grateful friend."

If you ask your dealer for "Golden Medical Discovery" because you have confidence in its cures, do not allow yourself to be switched off to a medicine claimed to be "just as good," but which you did not ask for and of which you know nothing.

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

Embezzled Money.

W. C. Reid, assistant United States attorney, returned Friday from Roswell, N. M., where he had gone to prosecute Bert Rolland, on the charge of embezzling money order moneys belonging to the government. Mr. Reid succeeded in having him bound over in the sum of \$1,000 bail, in default of which he is confined in the Socorro jail. Rolland does not deny using the money, but says he spent it in Mexico assisting in capturing a postoffice offender whom the inspector was after. He intended to replace the money when Uncle Sam allowed his bill of expenses.—Las Vegas Optic.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery of Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and all druggists guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

Presents from Druggists.

The members of the National Wholesale Druggists' association, who passed through the city Thursday night in a special train on their way to Monterey, Cal., presented General Tourist Agent George Hagenbuck, of the Santa Fe, with a very expensive Navajo blanket. Mr. Hagenbuck accompanied the party from Kansas City to Seligman, Ariz., and they showed their appreciation of the special service rendered them by that gentleman, by presenting him with this valuable present.

Mr. Taxon, who had charge of the party, was also made a present of a very beautiful and valuable blanket. The party speak very highly of the manner in which they were entertained by the retail merchants of Albuquerque.

Mr. Hagenbuck passed through the city Saturday night on his return to Kansas City.

Out of Death's Jaws.

"When health seemed very near from a severe stomach and liver trouble, that I had suffered with for years," writes P. Muse, Durham, N. C., "Dr. King's New Life Pills saved my life and gave perfect health." Best pills on earth and only 25c at all druggists.

Jim Dumps and family went one day To camp in woodlands far away. In former camping days a pack Of food had burdened poor Jim's back. No heavy foods now weigh on him—'Tis "Force" that camps with "Sunny Jim!"

LOCAL PARAGRAPHS.

I. L. Hartzell is down from Las Vegas.

Hon. Solomon Luna of Las Lunas is in the city.

The son of Attorney Modesto C. Ortiz, Vidal, is laid up with typhoid fever.

Ben Williams, special agent for the Santa Fe, passed through the city this morning en route north.

Conductor and Mrs. Jessie Miller have returned from a pleasant visit with friends at Macomb, Ill.

Leo, Lewinstein, one of the big busy merchants of San Marcial, was an Albuquerque visitor yesterday.

The spacious front of Simon Stern's clothing store on Railroad Avenue is receiving a fair dress of red paint.

Col. E. W. Dobson went to Santa Fe this morning on land office business. He expects to return this evening.

The Non-Sectarian Benevolent society will meet at Frank W. Clancy's office tomorrow afternoon at 2:30.

Ralph Halloran, district manager for the New York Life Insurance company, was a passenger for Las Vegas this morning.

Major Ernest Meyers, senior member of the firm of Meyers-Abel company, wholesale liquor dealers, went to Santa Fe this morning.

General Passenger Agent Dobbins, of the southern division of the Santa Fe, accompanied by his wife, passed through the city this morning en route to Atlanta, Ga.

Deputy United States Marshal Fred McKeehan has returned from a short pleasure trip to El Paso. Fred says that he did a little fair booming while in the Pass City.

E. S. Garcia & Co. shipped 5,000 head of fine sheep to Nebraska over the Denver & Rio Grande railway last Saturday. Another shipment of 5,000 will be made next week over the same road.

Deputy United States Attorney E. L. Medler returned Saturday night from a short business trip to Kansas City. He reports having had a successful trip and that heavy rains were falling in Kansas.

Mrs. H. S. Knight and son returned home last night from their protracted visit to relatives and friends in Oswego, N. Y. Mr. Knight surprised his wife by meeting the train at Raton, and accompanying them home.

H. M. Leeds, of Enfield, N. H., is in the city. He is a brother of Hubbs Leeds, deceased, and is here to ascertain something regarding the estate of his dead brother. This afternoon, by request, the probate court appointed Ben Bothe administrator of the estate.

On the Mountain road, just east of the railroad track, is the stone foundation of what will soon be the Albuquerque woolen cloth mills. Mr. Bearup is in the east buying equipment for the new mills and the building will be pushed to completion so as to be ready for the new machinery when it arrives.

Contractor A. W. Anson was delighted Sunday evening by the unexpected return of his wife and family, who have been visiting friends in Chicago.

Mr. Anson and E. B. Quickel spent Sunday shooting ducks near Bernalillo. When they boarded the train in the evening to come home, who should be on the train but Mrs. Anson.

Bishop Joyce and Dr. Gamble came in this morning en route to the Methodist conferences about to be held at East Las Vegas. They will spend the day here entertained by Judge Lee. Dr. Gamble will preach tonight at the Lead Avenue Methodist church and it is expected that the bishop will be present and assist. They will go on north tomorrow morning.

The man who fell under a freight train, near the stock yards yesterday afternoon and had both legs cut off, was from Eastland, Texas. He gave his name as Lawrence Whittington.

He is a laborer and was beating his way to Williams, Ariz. He was taken to St. Joseph's hospital, where his injuries were attended to. The physicians say there is a chance of recovery.

J. G. Creager, the general merchant of Bland, who has been spending several days in the city shaking hands with old friends and transacting business, returned home this morning. Mr. Creager says that prospects for Bland's recovery are better today than they have been in years. There is a movement on foot now, which, if it consummates, will move the Woodbury mills up the canyon to Bland. In such case a revival of good times will follow.

Dr. S. W. Gamble, who is with Bishop Joyce on his round of Methodist conferences, will lecture this evening in the Lead Avenue Methodist church on the Sabbath questions. He will show conclusively that the first day of the week is the New Testament Sunday, and not Saturday, as the adventists want us to believe. Dr. Gamble is beyond question an acknowledged authority on this question. His arguments have never been refuted.

It is announced that Miss Grace Hawks, one of Albuquerque's popular young ladies, will be married to Col. F. C. Lebo, of the Fourteenth United States cavalry of Fort Grant. The wedding will be private, only the relatives and intimate friends of the happy couple will be present. Colonel and Mrs. Lebo will make their home at Fort Grant after a short honeymoon trip. They have the warm congratulations and good wishes of their many friends in Albuquerque.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.

Not least among the attractions for fair week will be the smoker given by the Albuquerque Athletic club at Colombo hall Thursday night, October 16.

Subscribe for The Daily Citizen.

Business Men

have confidence in the young man who has sufficient faith in himself to take out life insurance. It bespeaks a desire to succeed, and a belief in his own power to win success. His choice of a company reflects his judgment, and successful men take this into consideration.

The assets of The Mutual Life Insurance Company of New York exceed those of any other life insurance company in existence. They are over

\$352,000,000

It has paid Policy-holders over

\$569,000,000

which is more than any other life insurance company in the world has paid.

A young man, a business man, should consider these points:

What for "Whole Life" insurance?

Darby A. Day, Mgr., Albuquerque, N. M.

County Fair Association.

Steps were taken at Farmington Saturday evening toward perfecting a permanent fair association for Farmington. Dr. J. A. Duff was elected president and C. E. Starr secretary. A committee was appointed to select a tract of ground thirty acres in extent for the needs of the organization. It is the purpose of the incorporators to enclose the grounds with an eight foot board fence, erect stables and pavilions and make this place the home of the race horse men. The best half mile training track in the southwest will be constructed here, and everything that can add to the perfection of the grounds will be done.—Index.

Our store will be closed on Saturday, October 11, until 6 p. m. We will keep open Saturday night from 6 to 10 p. m. Simon Stern, the Railroad Avenue clothier.

Salesman Wanted.—To help out during fair week. Must have experience in the business. Apply at once at Simon Stern's, the Railroad Avenue clothier.

Notice.

Poll tax for 1902 is now due and payable at the office of Justice Borchert, or may be paid to Constable J. H. Smith, who is authorized to receipt for same.

RALPH HUNT, Clerk School Board.

FRESH lobsters, patent case oysters, Blue Points and Houma Selects, fresh fish, shrimps, dressed poultry, everything in fresh meats at the San Jose Market tomorrow.

Mrs. Berry regrets to announce that she will not be able to give dancing lessons until after the fair, as all halls in the city are engaged for other amusements.

The thrifty buyer knows that the "Lion Store" is the money saving spot. Where else on this green earth can you buy the finest \$1.50 men's shirts at 48c.—The Lion Store.

TIME TO PAUSE.

Don't Keep Your Children in School—You May Be Sorry.

Don't keep your children in school until you have their eyes tested, for it is a fact that children have been unable to keep up and graduate with their class for no other reason than faulty vision.

Not knowing—never having been taught—what normal vision is like, they suppose they see as well as any one and pass through school far below the average in scholarship. Their poor sight is the cause of their being judged of inferior intelligence and they know no better themselves. Give your child an equal chance to obtain an education. I will test their eyes and if glasses are not found to be necessary, no charge will be made. S. T. VANN, Doctor of Optics, with S. Vann & Son, Jewelers and Druggists.

AUCTION.

Thursday, October 8, 1:30 p. m., 418 North Fourth street, at the home of Mrs. W. E.
