## GRAND ARMY

**Veterans of Civil War Gather in Washington.**

**THOUSANDS PARADE THE STREETS.**

**Medical Students at Kansas City Indulge in a Riot.**

**A LABOR STRIKE IN CITY OF CHICAGO.**

Washington, D. C., Oct. 6.—The larch string is on the outside and the national capital has put the big pot in the little one. Old glory was unveiled to the breeze this morning and thousands of visitors are expressing their gratification at the warm, sincere and thoroughly hospitable reception tendered them by the people of Washington. During Sunday local railroad men estimated that fully 30,000 strangers arrived over the various lines with terminals in this city. Today there was twice the confusion and twice the crowds about the depots, and up to noon the morning trains had brought fully 50,000 additional people to the city. While the Grand Army veterans were in the majority it was a notable fact that hundreds of the arrivals were merely sightseers attracted by the low excursion rates and a desire to view the sights of the national capital. All Sunday the streets presented a crowded appearance. Sightseers were on every thoroughfare in the central portion of the city, viewing the other people, the crowds, the government buildings and the decorations and arrangements made for the reception and entertainment of the veterans.

Today the crowd was several times as large. Pennsylvania Avenue and others of the principal streets were crowded early in the morning, and the most of the people who were out were strangers. Every train arriving in the city brought large increases to the crowd, and at noon the crowds in the vicinity of the capitol and other centers of attraction could be compared only to the inauguration day throngs. Here and there in the crowds could be seen the neat blue uniforms and black gold-corded hats of men who wore those colors during the war, and everywhere these gallant men were noticed with great interest by the crowds of people. Today's arrivals included large delegations from New England, New York and Pennsylvania and from Minnesota, Illinois, Indiana, the Dakotas, Missouri, Iowa, Nebraska, Michigan and other states of the West.

During the early part of the day the national officers of the G. A. R. and affiliated organizations reached the city, together with other visitors of note, and the escorts conducting them from the depots to national encampment headquarters formed the first parades of the week. General Torrance, Commander-in-Chief of the Grand Army; Commodore John O. Shaw of the National Association of Naval Veterans, Commander-in-Chief Alexander of the Sons of Veterans and other persons who are to figure prominently in the events of the week were accorded enthusiastic receptions and during the day were greeted with cheers whenever they appeared on the streets.

The first official number on the week's programme took place this afternoon when Camp Roosevelt, the group of huge canvases erected on the White Lot for the various sessions of the reunion, was formally dedicated and turned over to the veterans. The dedicatory programme was an interesting one and included patriotic music by the Marine Band and addresses by Chairman Henry B. F. McFarland of the district board of commissioners, Secretary of State Hay and Commander-in-Chief Torrance. The exercises began with an invocation by Rev. W. C. Davenport and concluded with the unfurling of the flag and a national salute of twenty-one guns.

**Students Cause Riot.**  
Kansas City, Oct. 6.—Two riot calls were sent to police headquarters today to suppress incipient riots started by 200 medical students who smashed the windows in the Medico-Chirurgical college and the Kansas City medical college.

**For Lightweight Championship.**  
Buffalo, N. Y., Oct. 6.—Before the International Athletic club tonight Joe Gans will defend the lightweight championship title in a 20-round bout with "Kid" McParland. This will be the fourth meeting between the pair. Gans having received the decision at the end of the 20 rounds in their first contest, while the last two resulted

in draws. Both boys are in fine fettle and a lively go is promised. While Gans is the favorite in the betting, McParland is not without his admirers, many of whom are willing to stake their money that he will be on his feet at the end of the twenty rounds.

**Strike at Chicago.**  
Chicago, Oct. 6.—Union men to the number of 250, employed by W. C. Rietchie & Co., paper box manufacturers, went on a strike today for an increased wage scale. Officials of the union assert that the company's entire 500 employees quit work, but the officers of the company say that only the men and a few girls have struck.

**Farewell Sermon.**  
A large congregation greeted Rev. Bunker at the Lead Avenue Methodist Episcopal church yesterday at both the morning and evening services. Rev. Bunker was at his best and his sermons were interesting and appreciated as was shown by the close attention given by the congregation. His text at the morning service was "Kept as the Apple of the Eye," taken from seventeenth psalm, eighth verse. In the evening Rev. Bunker lectured from the short but strong text "Having Done All, Stand." Ephesians 6:13. A farewell will be tendered the retiring pastor by the members at the church Wednesday evening.

**BUFFALO BILL'S INDIANS.**  
**They Traded Their Beads for Blankets and Curios.**

**PROVED GREAT TRADERS.**

The rivalry which exists between the different Indian tribes for costly beaded garments, blankets and beautiful war bonnets is very noticeable at all times, but it was very plainly manifested Friday night when the Sioux and Cheyenne warriors and squaws with Buffalo Bill's Wild West sighted the beautiful Navajo blankets which decorated so prettily the interior of the curio department at the Alvarado.

Colonel Cody made a special visit to the Harvey curio department after the show, and was surprised to find such a costly and fine collection of blankets and curios. While he was enjoying the privilege of viewing the articles brought to his notice, his Indians entered to look around and instantly took possession of the curio department. The place was changed into a trading post immediately, much to the amusement and entertainment of the crowd of spectators which were around at the late hour.

If there is anything a Sioux Indian loves it is fine Navajo blankets. The Sioux warriors becoming overwhelmed by the beauty of the blankets began to trade the beaded garments which they wore for the blankets. One prominent Indian chief cut the beaded traps from his leggings and traded them on a blanket. The blanket room at the curio was filled to overflowing with Sioux and Cheyenne who were pulling down the great piles of blankets and turning the well arranged room in one of the greatest confusion.

An old Sioux Indian squaw seeing a blanket that appealed to her sense of beauty, ran behind a screen and took off her beaded skirt and traded it on a Navajo blanket.

Fine war bonnets, beaded leggings, costly wampum bags, beautiful beaded skirts, hair dressers, and many other beaded articles were stripped from the bodies of the warriors, which adorned them as they made their appearance in the great arena at the Wild West show and traded on the greatly desired blankets. A bystander who witnessed the activity in the trading post remarked that it was better than the big show. The collection of beaded work which was left in possession of Mr. Switzer at the curio is very beautiful and valuable. The Sioux are the finest bead makers in the world.

Buffalo Bill, his party and many others witnessed the trading with great interest.

The Indians were using every means to secure the blankets as cheap as they could. One big buck wore a fine pair of beaded leggings he wanted to trade them for a \$35 blanket. "I can't do that," said Mr. Switzer, "for your leggings are only worth about \$15, but I'll allow \$15 on the trade."

"All right," said the buck, "give me the \$15."

The Indians did not leave until they had made a trade, and they departed taking a great many fine blankets, leaving the curio in a state of confusion.

## SHOT AND KILLED

**An Annoying Little Boy Peppered With Shot.**

**JOHN COLLISTER IS THE VICTIM.**

**Alfred Vaw, Who Was Annoyed, Handled the Weapon.**

**THE SHOOTING WAS ACCIDENTAL.**

Saturday evening about 8:30 o'clock John Collister, the 10 year old son of Mr. and Mrs. W. M. Collister, living at 1001 South Second street, was shot to death by the accidental discharge of a shot gun in the hands of Alfred Vaw.

The accident occurred at P. Masetti's butcher shop, 911 South Second street, at which place Vaw has been employed as wagon driver and helper the last eleven months.

The circumstances which surround the sad and pitiful affair are peculiar and unfortunate, and should enlist public sympathy for those affected.

The victim, with two playmates, was playing at the corner of Atlantic avenue and Second street. In passing the butcher shop they made some joking remark to Jacob Padilla, a new boy employed in the shop and who was with young Vaw, and was cleaning up the shop after the day's business.

It came out at the inquest that Collister had stepped into the door of the shop and was saying "Look at the new butcher," Vaw, who was working over a block behind the counter, looked up and told the boys to go away as the shop was no play house. As the boy continued to stand in the door and make joking remarks about him he said "I'll get the whip."

He went behind the refrigerator, where the whip was usually kept. He appeared in a moment with a shot gun and raising it the gun exploded. The boy fell to his knees, raised up again, took a few steps into the shop and fell to the floor on his face. Vaw, hardly realizing what he had done, dropped the gun and taking the wounded boy in his arms carried him to the Collister home where he died a few moments later.

Vaw, in a dazed manner, returned to the shop, cleaned up the blood on the floor, put the gun back behind the refrigerator and went to his home on South Third street, where he was found by an officer, who conducted him to the county jail where he remained until this morning.

The dead body of John Collister was taken to A. Borders' undertaking parlors, where it was held awaiting the inquest.

**Inquest.**

The coroner's jury inquest was held in Justice Borchert's court this morning.

The following gentlemen served as the jury: Charles Grant, J. S. Beaven, G. L. Altheimer, Leon B. Stern, Mike Martinez and Jerry Driscoll.

Frank Fracarroli and Joe McCaffery, the boys who saw the accident, were the first witnesses called.

The first boy would not talk much and when he did his story of the affair contradicted that which he told City Marshal McMillin.

Saturday night, after the killing occurred the McCaffery boy told a pretty straight story. He said that he, with the other two boys, had been playing in the street and were on their way to the Santa Fe reading rooms. He said that he could not hear what young Collister was saying to the boys in the shop, but was sure that Vaw was only joking when he got the gun. He testified as to having seen the shot fired and the boy fall.

Jacob Padilla, the boy working in the shop, was the next witness called. He testified that he and Vaw were in the shop cleaning up and that he was learning the business so as to work for Masetti, while Vaw took a vacation. He said that young Collister, accompanied by the other two boys, came to the shop and was joking him about being a butcher. Collister stood in the door and cried "Look at the new butcher." Vaw told them to go away and said that he would get the whip. Padilla said this morning that he did not see the gun fired and he does not know how Vaw got hold of it.

Alfred Vaw was put on the stand in his own behalf. He stated that he does not know how he got hold of the gun and did not mean any harm to John Collister, as he and John were the best of friends. He spoke of not feeling well on Saturday evening and remarked the fact to the barber, who shaved him a few minutes before the killing occurred.

P. Masetti, for whom Vaw has been working the past year, testified to the

boy's honesty and morality. He said that he had the utmost confidence in Alfred Vaw and said that he was sure the killing was purely accidental. His testimony had considerable weight with the jury.

Attorney O. N. Marron represented the defendant at the inquest. The jury after deliberating about ten minutes, through their foreman, Mr. Altheimer, brought forth a verdict that John Collister came to death by the accidental discharge of a gun held in the hands of Alfred Vaw.

The body of John Collister, deceased, was viewed this morning at A. Borders' undertaking parlors. The face, neck and shoulders were covered with shot wounds. It is thought that a shot which entered the left eye was the cause of death. The deceased came to Albuquerque about six weeks ago from Bluewater with his parents and was a pupil of the Third ward public school.

It has not been decided when the funeral will occur.

Alfred Vaw is the son of A. Vaw, a carpenter who lived in Old Albuquerque in the early days and is said to have done the finishing work on the Hunning castle. When the boy was a year old the father died and since that time Alfred has made his home with his sister, now Mrs. Robert Miller, 1520 South Third street. Several years ago he was kicked in the head by a horse and has not been considered bright since, but is considered honest and a boy to be depended on.

Robert Miller, brother in law and guardian for Alfred Vaw, has generously and voluntarily agreed to pay the funeral expenses of John Collister, the boy killed.

**DISTRICT COURT.**

**Engineer Elder on Trial for Obtaining Watches Under False Pretenses.**

The case of the territory vs. James Elder, charged with obtaining a watch from Samuel Vann under false pretenses is now on trial. At the adjournment of court this noon the prosecution had not completed its case, but from the evidence already presented it was shown that Elder, an engineer, had procured a watch from Jeweler Whitely, of Raton, on April 16, and on April 30. His first purchase at Raton appeared to be regular enough, but that at Albuquerque was very much on the confidence order. It appears that he was endeavoring to buy from Vann, Maynard and Everett on the same day, telling to each a slightly different story. Vann and Maynard both let him have watches, but on learning by telegraphic advice from Superintendent McNally, of the Rio Grande division, that Engineer Ellis was buying watches as fast as people would let him have them the suspicions of Mr. Vann were aroused and the defendant was apprehended. A number of witnesses from out of town are present.

Attorneys Stingle and Hickey represent the defendant.

In the district court Saturday afternoon E. V. Chaves entered a plea of guilty of murder in the second degree for his client Juan Armijo y Ortega, who was charged with the willful murder of Constable Placido Salazar in Barcelona last spring. Upon recommendation of the district attorney the plea was accepted by the court. Evidence was introduced by the defendant to induce the court to make the sentence the minimum.

Witnesses who testified in the case were: Clifton Hill, of Isleta; Sheriff C. F. Blackington, of Socorro county; Ramon Armijo and Gavino Abeytia, all of whom gave the highest testimony as to the high character of the young man. The judge gave Mr. Chaves an opportunity to consult with his client before placing him on the stand. The further consideration of the case was accordingly postponed.

The case of the territory against Federico Serna, charged with murder is set for trial Tuesday. Attorneys Rodey and Owen defend. Wednesday has two murder cases, the trial of Estanislado Sals, charged with murder, and Francisco Gonzales y Molino, accessory before the fact. W. C. Heacock defends both.

**Legs Cut Off.**

About 4:30 o'clock this afternoon an unknown man about 25 years of age fell between the train near the stock yards and both legs were cut off. He was stealing a ride and in some manner fell under the wheels. One leg was cut off above the knee and the other just below the knee. He was taken to the St. Joseph hospital. While laying aside the track the unfortunate man said "I hope this will be a lesson to others who attempt to steal rides."

Deputy United States Marshal Fred McKeen went to El Paso Saturday night for a few days.

Clifford H. Strang, a health seeker from New York City, is stopping at the Alvarado.

## BIG CONVENTION

**Irrigation Congress Convened at Colorado Springs.**

**DEATH OF NOTED WISCONSIN MAN.**

**Gulf Road Trains Collide In Indian Territory With Fatal Result.**

**PRESIDENT'S CONDITION IS FAVORABLE.**

Colorado Springs, Oct. 6.—The tenth national irrigation congress opened at 2 o'clock this afternoon, under circumstances especially auspicious. Great significance is lent to what will be done this year through the fact that the irrigation movement has been taken out of the sphere of merely a propaganda and given a national importance, through the action of the last congress in passing a bill authorizing the proceeds from the sale of state lands to be used for irrigation purposes in the several states. President Thomas F. Walsh, of the congress, arrived in the city yesterday and found everything in readiness for the three days' convention. Delegates poured in by every train and indications early in the morning were that this year's congress would be the most largely attended ever held. President Roosevelt sent a message of congratulation and cordial sympathy yesterday, to be read before the convention.

Thomas F. Walsh, president of the national irrigation congress, in his address, took the "Humanitarian Aspect of National Irrigation" as his subject. He praised President Roosevelt for his message to congress on irrigation, saying that it marked a new epoch in the history of western America. Referring to the importance to the country as a whole of national irrigation, Mr. Walsh said that it would some time provide a territory for 100,000,000 people. There is no field where benevolence can accomplish so much as in reclamation of the great arid region. In closing he said the labors of the congress were not completed by the government taking up the subject. On the contrary, the people must dedicate themselves anew to the advancement, must continue to use influence in keeping the national plan, in locating the first reservoirs to build where the conditions are perfect; in seeing that the farms created go to actual settlers, and in supervising the work in other ways.

The message read:  
"Washington, D. C., Oct. 6, 1902.—Accept my hearty good wishes. Nothing has been done in which I have taken greater interest during my administration than the inauguration of nationally aided irrigation."

**"THEODORE ROOSEVELT."**  
Morning trains have brought large delegations from Minnesota, Nebraska, Utah, Oregon, California and Arizona. The New Mexico delegation reached the city yesterday, ex-Gov. L. Bradford Prince, vice president of the congress, being among those here. The personnel of this congress regarded by all those in attendance as decidedly higher in character than that of any previous irrigation gathering. Thomas F. Walsh, president of the congress, said this morning:

"I look for the most successful gathering in the history of the irrigation movement."

The congress opened with invocation by Dr. Edward Brailsford, pastor of the First Baptist church, of Colorado Springs. Addresses of welcome by Governor Orman, President D. F. Fairley, of the Colorado Springs chamber of commerce; Mayor John Robinson, of Colorado Springs, and I. N. Stevens, editor of the Colorado Springs Gazette, for the press, were responded to by President Walsh, on behalf of the irrigation congress and the American Forestry association, which joins in this convention.

Addresses were made by Senator Patterson, Representatives Bell and Shafroth, of Colorado, and C. B. Bootie, of Los Angeles, Cal., former president of the congress. The appointment of committees closed the afternoon program.

**TRAINS COLLIDE.**

**Gulf Road Has Disastrous Wreck in Indian Territory.**

Ardmore, I. T., Oct. 6.—Two freight trains on the Gulf, Colorado & Santa Fe collided near here today. Two members of the crew were killed and five injured, two perhaps fatally. The dead are: John Conway, engineer, of Gainesville, Texas; J. M. Loftis, fireman, of Gainesville, Texas. The injured are: Thomas Vaughan, conductor, of Gainesville, Texas, probably

fatally; A. E. Harvey, bridge foreman, of Paul's Valley, I. T., probably fatally.

**Death of Noted Citizen.**  
Milwaukee, Wis., Oct. 6.—Newton S. Murphy, aged 69, a well known lawyer and former partner of United States Senator Matthew S. Carpenter, is dead at his home in this city after a three weeks' illness. Murphy was also at one time proprietor of the Milwaukee Sentinel. Death was caused from stomach trouble.

**President's Condition Satisfactory.**  
Washington, Oct. 6.—Surgeon General Rixey and O'Reilly, when they left the white house this forenoon, stated that the president was improving and his condition was satisfactory. In answer to the question as to whether another operation would be necessary, Surgeon Rixey said he did not consider that it would.

**Valencia County Delegates.**  
The republicans of Valencia county held a harmonious convention at Los Lunas today and elected the following delegates to attend the territorial convention at Raton: Sol. Luna, Jacobo Torres, N. Pino, J. C. Jaramillo, R. Garcia, Carlos Baca, J. Frank Chaves, Sol Bibbo, Carl A. Dalles, R. Mirabal, Victor Sals, Ceasar Sanchez.

The delegation is for B. S. Rodey for delegate to congress.

**TERRITORIAL FAIR NOTES.**

**There Will be Some Extra Fine Floats in the Parade.**

**INTERESTING SHORT PARAGRAPHS.**

The floats of Montezuma and the queen will be beautifully decorated exclusively with paper flowers, and more than 3,000 flowers will be used in decorating the two floats. In decorating the queen's float 4,500 chrysanthemums will be used. The colors will be pink and white. Work on the queen's float was commenced today. The float on which Montezuma will ride in triumph will be built in secret. The colors of flowers used will be pink and white chrysanthemums with a touch of green here and there.

It is the purpose of the fair association to make the trades display and flower parade the chief feature in the celebration of the return of the Aztec emperor. To this end a prize of \$50 is offered for the most unique float in the trades display and a prize of \$50 for the most attractively decorated vehicle in the flower parade. A. H. Barklay, master decorator, arrived from Kansas City last week. He had charge of the fine floral parade at the mid-winter carnival in El Paso last winter. He desires that at least thirty vehicles be in line on Albuquerque day to pass in review before the judges' stand.

**Short Paragraphs.**  
The entry of L. Haskins, of Belen, in the bronco busting and roping contests was telephoned to the secretary's office yesterday morning by Col. John Becker. Mr. Becker believes that Belen has a candidate for national honors in rough riding contest.

It has been stated by the officers of the fair association that the exclusive privilege for the sale of confetti has been granted to the Elks' lodge. This is in return for the work which the lodge will do toward making the fair, and particularly Elks' day, a success.

The famous twirler, Cy Young, has been secured to pitch for El Paso, so states a card received from Dr. Albers. Also that Kid Nichols, who is almost as great in his handling of the sphere.

The racing board has changed the classes of several races that have not been filled, to accommodate foreign horsemen. The following classes, which have not yet filled, will be open to entry until the night of October 9: 13, 25, 30 and free-for-all pace 13, 22, 29 and free-for-all trot.

At a special meeting of the Elks Saturday night, the committee appointed a week ago were endowed with the power to act in the matter of making all arrangements for the celebration of Albuquerque day at the fair, and to carry out the plans for participation in the grand parade. The Elks will have charge of the street carnival Friday night, of the mask ball at the Alvarado Thursday evening. The reception, floor and other necessary committees will be appointed by Mr. McKee during the week.

The Elks have always made a success of all their various great events and this will be no exception to the rule.

Col. John Borradaile, grand marshal of the parade, has appointed his assistants and aides as follows: Assistant

## GAUM SHAKEN

**Severe Earthquake Damages the Pacific Island.**

**AMERICAN OFFICERS ARRESTED.**

**Mysterious Movements of Mitchell, the Coal Strike Leader.**

**DEATH OF FAMOUS CHINESE VICEROY.**

Washington, Oct. 6.—Acting Secretary Darling, of the navy department, received a cable message today from Rear Admiral Wildes at Cavite, P. I., transmitting the following message from Captain Schroeder, naval governor of the island of Guam:

"Reported destructive earthquake at Guam September 22. No Americans injured. Damage to naval station estimated at \$23,000. Damage to insular public buildings and bridges, \$22,000. Authority is required to purchase necessary material for the island to make necessary repairs."

**MITCHELL'S MOVEMENTS.**

**The Labor Leader Keeps His Movements from the Public.**

Wilkesbarre, Pa., Oct. 6.—President Mitchell, of the Miners' union, left here at 4:30 this morning, presumably for Philadelphia.

**Mitchell at Philadelphia.**  
Philadelphia, Pa., Oct. 6.—The belief prevails in railroad and coal circles that the mysterious disappearance of President Mitchell from Wilkesbarre foreshadows an important development in the coal strike situation. It was rumored that the man with whom Mitchell conferred in this city last Monday was Martin Maloney, a close friend and business associate of P. A. B. Widener, and he came here today for the purpose of again seeking Maloney. Nobody was able to locate Mitchell, however. Another rumor was to the effect that he went direct to Washington. Governor Stone was closely watched at Harrisburg by those interested in the settlement of the strike, but he gave no outward sign of any unusual movement in this direction.

**Another Rumor.**

Wilkesbarre, Pa., Oct. 6.—It is rumored here that President Mitchell went to Philadelphia to meet Senators Quay and Penrose, who are representing the president in an effort to end the strike. It is stated that Mitchell will return here tonight.

**Will Visit Washington.**

Washington, Oct. 6.—At headquarters of the Federation of Labor, it was stated that President Mitchell would not be in Washington today but probably would be tomorrow.

**Declines to Discuss.**

Harrisburg, Pa., Oct. 6.—Governor Stone will neither affirm nor deny the report that he has been asked by President Roosevelt to call an extra session of the general assembly to settle the coal strike. He declines to discuss the situation.

**Efforts to Compromise.**

Washington, Oct. 6.—In an earnest effort to expedite the adjustment of the coal strike problem another conference over the situation was held at the White house. No statement was given out regarding the conclusions reached. Every participant had absolutely refused to discuss what had taken place. Besides the president there were present at the conference Secretary of War Root, Secretary of Navy Moody, Attorney General Knox, Postmaster General Payne and Carroll D. Wright, United States commissioner of labor. The known facts are that the president reached the conclusion that he has nothing to expect save the refusal from further appeal to coal operators and therefore decided to look for relief from the situation to the miners' side.

**Americans Arrested.**

London, Oct. 6.—General Corbin, General Young and John W. Gates had an unpleasant experience with the English laws. Both on Saturday and Sunday they were driving a car which was stopped by the police who summoned the Americans for exceeding twelve miles an hour.

**Dead.**

Shanghai, Oct. 6.—Liu Kun Yi, the famous viceroy of Nanking, died today.

Some one swiped D. J. Abel's chainless Columbia bicycle from in front of Meyers-Able company's store on West Railroad avenue this morning, and the owner is red hot.

New Mexico has enough coal to supply the United States.

Over 51,000 patents were issued in the United States last year.

Every lodge in this city will keep open house during fair week.

All the territorial educational institutions report excellent attendance.

Roswell is becoming the garden spot of New Mexico. Artesian wells is the cause.

This city is making ample provision to entertain thousands of visitors during the territorial fair.

Every merchant in the city should be represented in the trades' parade during the territorial fair.

The republican party does things and it will dispose of the trusts to the satisfaction of the people.

There will be music in the air at the territorial fair, four or five bands being engaged for the occasion.

Dr. H. K. Carroll reports the total church membership in the United States in 1901 to be 28,990,637.

General Funston and staff will be the guests of the city of Albuquerque during the territorial fair next week.

Official statistics show that during the year 1901 no less than 8,681 murders were committed in European Russia.

The National Irrigation congress is in session at Colorado Springs. There is a large delegation present from this territory.

The republicans of Sierra county have nominated a strong ticket and hope to redeem that county from democratic rule.

Last month the government receipts exceeded expenditures by \$11,000,000 and the reduction of the public debt was over \$10,000,000.

Portales has one of the neatest newspapers printed in the territory. The Herald is a credit to that young and growing town. Long may it prosper.

The operation of the national irrigation law will eventually add some 60,000,000 acres to the agriculturally productive lands of the United States.

The Citizen during the fair will consist of twenty pages each day, and it will contain full proceedings of the great fair, and will be handsomely illustrated.

Coal, coal everywhere, but not a ton to burn at reasonable prices. The people of the United States propose to find a remedy for these vamped up coal famines.

The El Paso Herald has secured the Associated Press telegraph report, and made many other improvements. The Herald is a good friend of New Mexico and has a large circulation in this territory.

The republicans of Colfax county will make no mistake if they nominate Jerry Leahy for the territorial council. He would make a valuable member, and would do much good work for his district.

Vast numbers of cattle continue to arrive at the principal live stock markets. Ninety thousand head were received at the Kansas City stock yards last week, and the quotations on cat-

tle are lower than they have been at any time this season.

The republicans of this territory are going to march to victory this fall.

The appointed territorial officials should all be placed under the national civil service rules.

Senator Andrews can be counted upon as an important factor in the future politics of New Mexico.

President Roosevelt has apparently not been able to cause a settlement of the coal strike, but everyone must give him credit for a sincere, honest effort to do so; and perhaps he has not played his last card yet.

The Raton Range is now all printed at home, and it is one of the best weekly papers in the territory. The Range has done its full share in the building of Raton, and it deserves the united support of the people of that enterprising city.

The Cubans are looking out for their own by stipulating that no concessions shall be granted in the island unless at least 80 per cent of the labor employed by corporations shall be of native stock. All of which is eminently proper. Those who do not look out for their own are not likely to be looked out for.

At last the base ball season in the east is over, and no more games will be played this year. So far as attendance is concerned the game has been a great success. Probably more people have witnessed ball games this year than ever before in the history of the game, and the gate money taken in has reached very large amounts.

The epidemic of cholera which is ravaging the province of Iloilo, on the island of Panay, and the great number of deaths accompanying it, is the most distressing item of news lately received from the Philippines. The mortality is said to exceed the total of that of Manila, combined with that of all other provinces on the island of Luzon, in which the dreaded disease first made its appearance.

It is possible under irrigation to produce more on forty acres of the average arid lands than can be grown on eighty or a hundred acres in the humid region. Irrigation will give, or is expected to give, just enough moisture, while the humid locality has too much or not enough. Many millions more of inhabitants can be supported in the western half of the United States under national irrigation than would have been possible without it.

### MITCHELL'S STATEMENT.

President Mitchell has issued a statement in defense of his position as president of the United Mine Workers of America. It is the defense of Mr. Mitchell; it is not, except indirectly, the defense of the striking miners. By this statement the president of the united workers announces himself as the storm center around which the controversy rages. He does not in this statement set forth the condition of the workers in the anthracite coal region through figures, through data; he sets forth his own idea of what that condition should be as an ideal. Starting with the appeal that "the public has rights and interests which cannot be ignored with impunity," and that "the public must be the final arbiter of the coal strike," he closes with a protest against child labor and against the grinding conditions which will confront future generations. The "statement" is on a high plane, as have been all of Mr. Mitchell's public defenses, for the man is a high minded man and not a direct breeder of anarchy as his opponents frequently assert.

### TENTH IRRIGATION CONGRESS.

Many notable public gatherings have been held this year and the people have been greatly interested in the pronouncements of state and congressional conventions. But none of these is so important or promises so many benefits to the country at large as does the tenth annual irrigation congress, which convened at Colorado Springs this morning.

Started only ten years ago the movement for the irrigation of the arid land of the west already has accomplished much. Congress at its last session appropriated \$8,000,000 for beginning the work and it is for discussing where and how this money shall be expended that the convention has been called. The national government now being fully committed to the plan of reclaiming the arid wastes of the great west will not turn from its task until millions of acres have been brought under cultivation and made to afford permanent sustenance for a vast population. The Colorado Springs convention will endeavor to stimulate the already active sentiment in favor of national irrigation and suggest plans through which the best results may be obtained.

### IMPORTANT TRIAL.

Benefit Ledge Being Sued for Unpaid Insurance.

Susan Goagray, guardian ad litem of Lillie S. McCarty, plaintiff, vs. the grand lodge of the Ancient Order of Union Workmen and Eugene Frappell, Robert Jennings, Clark Hitt and W. H. Norman and all other members of the grand lodge, defendants, is the title of a case filed in the district court of this county yesterday, says the Flagstaff Sun. The case, one in which the plaintiff sues to recover the sum of \$2,000, the amount of insurance carried in the A. O. U. W. by John McCarty, who lost his life in Miller canyon in June, 1901, by the explosion of a gun. Mrs. McCarty is a minor and brings suit through a guardian. The attorneys for the plaintiff are Thomas Armstrong, Jr., of Phoenix, and E. E. Ellinwood, of Prescott.

The A. O. U. W. refuse to pay the death claim because of insufficient evidence of the death of John McCarty. The money to pay the claim has been collected from the members of the order, and the suit is brought to settle the dispute.

Mr. McCarty, at the time of his death, carried life insurance policies amounting to \$20,000, all payable to his wife.

The case will be an interesting one, as both sides will make a stubborn fight. The case was up for trial at the April term, 1902.

Suits against other insurance companies in which McCarty carried policies, and on which payment has been refused, will be brought.

## MRS. HULDA JAKEMAN

Wife of President Jakeman of Elders of the Mormon Church, Salt Lake City, Utah, Recommends Lydia E. Pinkham's Vegetable Compound for Women's Periodic Pains.

"DEAR MRS. PINKHAM:—Before I knew of Lydia E. Pinkham's Vegetable Compound I dreaded the approach of the time for my menstrual period, as it would mean a couple of

days in bed with intense pain and suffering. I was under the physicians care for over a year without any relief, when my attention was called to Lydia E. Pinkham's Vegetable Compound by several of our Mormon women who had been cured through its use. I began its systematic use and improved gradually in health, and after the use of six bottles my health was completely restored, and for over two years I have had neither ache or pain. You have a truly wonderful remedy for women. Very sincerely yours, Mrs. Hulda Jakeman, Salt Lake City, Utah.

Just as surely as Mrs. Jakeman was cured just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

## THE BOYS' BAND.

Named After Hall & Larnard, the Music and Piano Dealers.

"The Hall & Larnard band" will be the name of the Albuquerque boys' band in the future. The organization has received much encouragement from Hall & Larnard, the music dealers, and to show their appreciation of this support they have decided to name the band after the firm. The band was organized by the boys of Albuquerque some six or eight months ago and by hard work have progressed rapidly. Geo. Leo Patterson was the first leader of the band. After Mr. Patterson left the city Prof. Devine accepted the leadership and good, substantial work has been the result. The band has appeared on the streets of Albuquerque a couple of times and everyone speaks very favorably of their showing.

The question of uniforms is being considered by the organization. It is to be regretted that the new uniforms cannot be secured in time for the territorial fair. However, the boys will make their appearance during the fair in uniforms that will present a very pleasing display. The new uniforms, which are under consideration, will be something very fine, as Hall & Larnard have offered their support in securing uniforms that would be the pride of any band. President J. H. O'Reilly, of the fair association, has intimated to the boys that their services would be desirable during the fair. This news has been very gratifying to the boys. It is quite a boost to their ambition and has put much enthusiasm in the work.

There is promise of the band becoming a permanent organization in Albuquerque and the Hall & Larnard band deserves the support of every citizen.

## ANOTHER PIONEER.

Bright's Disease and Diabetes Are Positively Curable.

When the San Francisco business men were investigating the Fulton Compound they heard that Dr. C. D. Zeile had both Bright's Disease and Diabetes, and was given up as incurable, and they waited on him and got him to take it. Now for the sequel. This letter was written 6 months later:

"652 Pacific St., San Francisco, Sept. 7, 1901. 'Dear Sirs:—I have conducted my own pharmacy on my own property on Pacific St. for forty-eight years, hence my associates number some of the best old school physicians. I had chronic Bright's Disease and Diabetes of long standing, which got so serious that in October last the judgment of my medical friends was that three months would see the end. We all looked upon the new suggestion of a cure as empirical and visionary. But I yielded to the earnestness of the parties, and the insistence of one of my family, and went on the Fulton Compound for Bright's Disease as a test. The first week I improved, but thought it a coincidence. But every week thereafter the improvement continued. The time for the fatal end passed and I was still growing stronger. This continued till July when the last trace of both albumen and sugar disappeared. I suppose I have given the Compound to a dozen, and they all reported favorably. However unreasonable it may appear, the cure has been found. If those interested care to call at my drug store I will be glad to tell all I know concerning this important matter. The discovery is second only in importance to the discovery of a cure for consumption."

Medical works agree that Bright's Disease and Diabetes are incurable, but 80 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price: \$1 for the Bright's Disease and \$1.50 for the Diabetic Compound. John J. Fulton Co., 420 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

## POLITICS AT SOCORRO.

Republicans and Democrats Named County Candidates.

## REPUBLICAN RESOLUTIONS.

The republican convention of Socorro county, after two days' session, adjourned late Friday afternoon.

The fusion movement, as stated in a brief dispatch published in The Citizen Thursday afternoon, was defeated, but both the republican and democratic conventions endorsed the candidacy of Hon. W. H. Andrews, president of the Albuquerque Eastern & Santa Fe Central railways, for territorial council from Socorro and Sierra counties.

## The Resolutions.

The committee on resolutions in the republican convention submitted the following resolutions, which were adopted:

Your committee on resolutions beg leave to submit the following report and recommend for adoption the following:

We, the republicans of Socorro county, New Mexico, in delegate convention assembled at the city of Socorro, this 2d day of October, A. D. 1902, pledge ourselves anew to the great fundamental principles of the republican party, that, with wise administration, have brought to America unexampled prosperity and excited the admiration and wonder of the civilized world, the democratic party of the United States only excepted.

We endorse the eminently successful and statesmanlike administrations of William McKinley and Theodore Roosevelt, and point with pride to the wise things they have done and the wise things they have left undone.

As to the two comparatively new problems of trusts and labor versus capital, we stand with our two great leaders, Roosevelt and Hanna.

We commend the faithful, honest and persistent efforts in behalf of the people of New Mexico of our eloquent and suave delegate in congress, Hon. B. S. Rodey, and instruct the territorial delegate to be chosen by this convention to vote for his re-nomination.

We commend the good work of our last member of the territorial council from this district, Hon. C. G. Cruickshank, who, as chairman of the committee on finance, was a watch dog of the territorial treasury and was proof as well against improper blemishes as against threats of political annihilation.

We commend the faithful and efficient services of the republican officials of this county.

We pledge our nominees for members of the legislature, in the event of election, to work and vote for a territorial statute requiring all classes of property to be assessed for taxation in the county where the same is located, regardless of the owner's residence.

We further pledge said nominees to vote and work for a division of this judicial district into at least two districts attorney districts, to the end that the business of the territory and county may be more promptly and efficiently dispatched.

We again appeal to the congress of the United States for permission to change the name of the commonwealth in which we live to that of the "State of New Mexico," and pledge our earnest efforts in helping to bring about a consummation so devoutly to be wished.

Backed by a record that is known of all men and with the pledges here made, we confidently appeal to the intelligent voters of this county for their support. Respectfully submitted,

H. H. HOWARD,  
WILLIAM GARDINER  
ALJO GURULE,  
J. D. CARRILLO,  
CAMILO BACA,  
Committee.

## COUNTY OFFICERS.

A Winning Ticket Named, with Blackington for Sheriff.

The republicans, in convention, named the following county ticket: For the Legislative House—H. H. Howard, Manuel S. Pino, Sheriff—Dr. C. F. Blackington. Assessor—M. Cooney. Treasurer and Collector—Abran Aloyte.

Probate Clerk—F. M. Miera. Probate Judge—J. F. Santillanes. County School Superintendent—R. L. Babcock.

Commissioners—Alejandro Gurule, G. E. Baca.

DEMOCRATIC NOMINEES.

Candidates Named for the Socorro County Offices.

The democrats, after refusing to fuse, named the following county officers:

For the Territorial House—E. W. Eaton.

Sheriff—Leandro Baca.

Assessor—Benjamin Sanchez.

Treasurer and Collector—Hermene C. Baca.

Probate Clerk—Bolesio A. Pino.

Probate Judge—Mauricio Miera.

County School Superintendent—A. C. Torres.

Commissioners—Abran Contreras, Carpio Padilla.

Surveyor—W. W. Jones.

Delegates Chosen.

On motion delegates to represent Socorro county at the territorial convention which meets at Raton, October 10, to nominate a candidate for delegate in congress were elected as follows:

Camilo Baca, J. M. Allen, Abran

Abeysa, S. Alexander, C. G. Cruickshank, Ricardo Abeysa, D. R. Babcock, M. Cooney, John E. Griffith.

## INDEPENDENT CANDIDATES.

Estevan Baca Put a Ticket of Soreheads in the Field.

Seeing that his star as a republican party leader had suddenly disappeared, Estevan Baca held a "sorehead" convention, and nominated a straight county ticket, which will be known as "Independent Republican Ticket." It is understood that the Estevan Baca rump convention endorsed Rodey for re-nomination as delegate to congress, and Senator Andrews for the territorial council.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over my body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

## BEAR STORY.

Dr. Carns and W. Y. Walton are Tree Climbers.

A pretty good story comes over the mountains from Eastview about that recent bear hunt in which W. Y. Walton and Dr. Carns were principals. It seems the gentlemen named went to the mountains with understanding that two young men of the neighborhood were to join them at night. The young men were a little late arriving. Just before their arrival a big black bear, sympathizing with the gentlemen in their futile attempts to locate him, came boldly out of the bushes to the spring, near which they were camped, for a drink.

From this point stories differ but the best authenticated account is to the effect that the doctor went up one tree audibly writing a prescription absent-mindedly as he went and Mr. Walton went up another tree to fill it. Bruin, whose knowledge of Latin by reason of his acquaintance with the native tongue, rightly guessed their occupation by their jargon, wisely concluded to vamoose and when the expected young men arrived they heard bruin muttering as he went up the hill that the bullets of city nimrods possessed no terrors for him, but the result of a combination between a druggist and a doctor would paralyze even a bear's constitution with which piece of logic he disappeared over the mountain, leaving the bold hunters from the Duke City to wonderingly ask each other the question, "Why are we here?"

Neither of the gentlemen interested denies the story.

Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

## ANOTHER ATTRACTION.

Albuquerque to Have an Industrial Indian Village.

An industrial Indian village will be the next interesting addition to Albuquerque. A Citizen reporter was informed by Herman Switzer, manager of the curio department at the Alvarado, that he has just received a letter stating that the Indian blanket weavers and pottery makers, who are to come from north of Guam, are ready to start.

A small tract of land near the city will be purchased for the home of these skilled artists. They will be permitted to build their own homes after their own style. There will be several Navajos, who will build their hogans, and live as is their native custom. The Pueblo Indians, who will make the fancy pottery, will be permitted to build their adobes. The silversmiths and basket weavers will build homes in the village. The weavers, pottery and basket makers will be changed from time to time, each change will be made for more skilled workmen. Some of the Indians will be brought from San Domingo, Acoma, and Santa Clara. The Indians from Santa Clara are adept in black pottery making, and those from Acoma make the decorated jars. The new arrivals will have assistance in building their homes, and every effort will be put forth to make them as attractive and artistic as possible. It will be an industrial village of the highest type, only very valuable curios will be produced. It will greatly add to the fame Albuquerque is acquiring as one of the greatest curio stations in the country. Some of the Indians will arrive before the territorial fair, and the selecting of the site of the village and the erection of the hogans and adobes will be commenced at once.

The Navajos have their summer and winter hogans. The summer hogans are built by erecting poles and covered with branches and leaves, and the winter hogans are more in the nature of a mud dome, being a dugout covered with mud. Each representative will live after the custom of their native village, which will make the village as interesting as the curios, which will be produced.

Only one remedy in the world that will at once stop itching of the skin in any part of the body. Doan's Ointment. At any drug store, 50 cents.

## UNIVERSITY NOTES.

Mrs. Hadley, whose generosity made possible the Hadley climatological laboratory, has shown her interest in the research work of the university by donating \$100 to be used in publishing the bulletins of the laboratory. The observing and recording of trustworthy data on the superb climate of New Mexico is work of interest to every true citizen. The special experiments on animals, that have been in progress for the last two years, for determining the effects of sunlight and other factors on the blood, are of special importance to the healthseeker and to members of the medical profession. Still the importance of having this work done in our midst instead of some other city of the territory is patent to all loyal Albuquerqueans. It is, therefore, not only the working staff of the climatological laboratory, or the regents, faculty and students of the university, but all the citizens of Albuquerque, that are grateful to Mrs. Hadley for her gift.

The series of lectures on music given by Professor Walker at assembly on Wednesdays are of exceptional merit. The Choral club meets for practice every Tuesday evening in the rooms of the School of Music, library building. This is a splendid opportunity for music lovers to secure valuable instruction. Seven additional names were added to the roll of members last meeting. Come as a visitor next Tuesday evening.

## THE PRESBYTERIANS.

Interesting Meeting of the Synod of New Mexico in This City.

## THE PROCEEDINGS.

The devotional exercises of the synod of New Mexico Saturday afternoon was led by Rev. George Logie, Rev. Robert Craig, the synodical missionary, was introduced to make his annual report.

Statistics were presented and the condition of every church in the three presbyteries was given mention. There are now sixty-three congregations in the whole synod, of which twenty-seven are American, thirty Spanish-American and six Indian. The total membership is 3,753, a gain of 358 in the last year, and almost a three-fold gain in the five years of the superintendent's incumbency.

There are thirty-seven ministers in the synod, twenty-two evangelists, twenty-three schools with fifty-five teachers with 1,100 pupils. To home missions last year was given \$1,451, to foreign missions \$46,623, to other purposes \$48,841.

Two new churches have been established in the presbytery of Arizona, at Chloride and at Tucson. Nine churches of the synod are now self sustaining. All but three of these have become independent during Mr. Craig's term.

The work among the Pima Indians by Dr. Cook and his assistants was highly spoken of. The speaker regretted that the government had as yet taken no steps to relieve the hardships resulting from the scarcity of water, by building a reservoir. However, he hoped that action would be taken soon. The work among the Navajos of Arizona was reported as growing, but unless more water could be secured the superintendent recommended the removal of the station from Ganado to Concon. Buildings, especially a church, are needed very badly, the conditions have been such that the speaker was compelled to preach to the Indians in a cornfield.

The superintendent had visited the Moquis and found the field ripe for the gospel and active work. Work at many more stations was recommended. In New Mexico new work had been commenced among the Navajos at Jewett, twenty miles from Farmington. Buildings valued at \$5,000 had been secured by the board. Rev. M. C. Broadhead and his wife, a medical doctor, have taken charge of this station. Some idea of the importance of the work could be gained from the fact that during the past year medical attention had been given in more than 5,000 cases. The superintendent, during the year, had spent six weeks addressing congregations in the east in regard to home mission work, speaking altogether sixty-four times, and traveling 20,298 miles.

After Dr. Weaver had delivered an interesting address the synod adjourned for the day.

A reception given in the evening by Mr. and Mrs. Craig at their home on South Arno street, was a pleasant feature of the day. The house and grounds were brilliantly illuminated, and many leading men and women of Albuquerque were present. The guests were received by Mrs. Craig, assisted by Mrs. R. W. D. Bryan and Mrs. Elder. Mrs. J. A. Summers and Mrs. W. G. Hope, assisted by Misses Menaul, Ross and Fleming, served refreshments of salad, chocolate, ice cream and cake. The evening was a delightful occasion, everyone enjoying themselves.

Yesterday was given up to devotional exercises, and addresses given by the visiting ministers at the several services.

The program for today is as follows:

9:00 a. m.—Devotional exercises, led by Rev. C. N. Cook.  
9:30 a. m.—Business session.  
10:30 a. m.—Reports from standing committees on the work of the boards of the church, followed by a brief discussion.  
1:30 p. m.—Devotional exercises, led by Rev. J. M. Shields, M. D.  
2:00 p. m.—Business.  
2:30 p. m.—Visit to the Normal school.

7:30 p. m.—Address by Rev. Ralph J. Lamb on evangelistic work. Short addresses: Rev. G. Rendon, "Evangelical Work in Mexican Churches"; Rev. C. H. Cook, "In Indian Churches"; Rev. J. R. Gass, "In American Churches"; Rev. R. M. Craig, "As I Have Seen the Work in Our Own Synod."

Today closes the meetings of the New Mexico synod, which has been in session for the past three days at the Presbyterian church. The meeting has been thoroughly enjoyed by the visiting ministers. The different reports given show that the affairs of the churches in the two territories are in a good condition, and growing rapidly.

## LAS VEGAS.

F. H. Pierce left this afternoon for Colorado Springs, where he will attend the national irrigation congress as a delegate appointed by Governor Otero. Mrs. Pierce accompanied him on the road, going on to Owensboro, Ky., where she was called on account of the illness of a sister.

Mrs. C. C. McMahon arrived here this afternoon from Mishawauke, Ind., to visit her mother, Mrs. Emily Lippsett.

W. B. Twitnell went down to Rowe yesterday evening to look after his mining matters.

J. M. Shirley returned Sunday afternoon from his trip to Colorado to attend a sick brother-in-law, Mr. Liscomb. The gentleman had died before Mr. Shirley got to the bedside.

P. C. Crews left Sunday afternoon for Raton, where he has secured a position on the Gazette.

Serapio Romero arrived here Sunday afternoon from Tereon to see the home folks. He says they have been having very cold weather in Tereon.

Herman Hfeld left Sunday for Kansas City to prepare for his wedding there on the 15th. The family here, and Louie Hfeld, of New York, will leave Thursday for Kansas City to attend the wedding.

Edward Gehring left Sunday for Denver to attend the big carnival which comes off there next week.

Capt. W. C. Reid left this afternoon for Las Cruces to attend court, which opens there Monday. Most of the cases before the court are Chinese cases, there being crooked work in the issuing of their certificates.

W. M. Berger, the populist editor of the "Republican" sheet, the Capital, at Santa Fe, was over Saturday to the show, and returned today.

Dr. E. B. Shaw and wife left today for St. Johns, Kan., on a visit to Mr. Shaw's mother. Dr. Shaw will also attend the meeting of the Santa Fe railroad surgeons to be held the 9th and 10th at Topeka. He will read a paper on a "Plea for More Careful Diagnoses in Hospital Work" before the meeting and expects to be gone a couple of weeks.

A. C. Erb, the restaurateur, left today for Detroit to be gone thirty days on a vacation trip.

R. C. Garret, one of the penitentiary officials, arrived Sunday to take back Gabriel Romero, the escaped convict which was captured near here. He took the fellow back on No. 7. Romero is very ill, he suffering from a gunshot wound received by some unknown person as he stepped from the house where he was hiding to escape capture.

Mrs. Josie Carson Squires, daughter of Kit Carson, the noted scout and Indian fighter, died Friday night at 9 o'clock at the insane asylum. Her death was expected since last June, there being no hope for her. She was admitted from Taos on October 4, 1898. Mrs. Squires has had quite a checkered career. Her married life was not happy and she had not lived with her husband for several years prior to her incarceration in the asylum. The daughters of the Revolution, at Santa Fe, have been corresponding regarding the burial, but it is not yet known what will be done with the remains. She has some distant relatives in other parts of the country, but it is hardly believed that they will interest themselves in the disposition of the body.

Rafael Lucero came in Saturday from the country and brought with him Gabriel Romero, a convict who escaped from the penitentiary at Santa Fe the latter part of August. Romero was shot through the leg and had been suffering for some time. Mr. Lucero got wind of his location in a house at Escondido, and wrote asking the authorities if they wanted the man. They replied that they did, and Mr. Lucero went and made the capture, the fellow being wounded so he could not make any resistance. The penitentiary authorities will send a man after him, and Mr. Lucero will get a reward of \$25 and expenses for his work. Romero was sent up for five years by the Guadalupe county district court on July 7, 1899. He is a very tough customer, and several indictments are facing him yet.

W. W. Gibson left Saturday afternoon for Muncie and other points in the east. He will be gone about thirty days.

Herman Hfeld left today for Kansas City, where he will marry Miss Bina Liebster on October 15.

A. Almanzar has brought suit in ejectment against George W. Bond & Bros. in the Guadalupe county district court, to eject the defendants from a strip of land and secure judgment in the sum of \$1,000 as damages. It seems that there is a spring on the land, which makes it particularly valuable, and the plaintiff also asks for an injunction against the defendants to restrain them from using the water of said spring.

A committee of unionists, headed by Fidel Ortiz, waited on Margarito Romero the other night to try and fix up a combination on a county ticket. Mr. Romero is quoted as saying: "They wanted too much, and I would accept under no consideration," meaning that they wanted to hog the best places on the ticket, leaving too little for the hungry tax-dodgers, of which Margarito is chief.

Charles C. Clark is the complainant in a divorce suit against his wife, Mary May Clark, on the ground of abandonment. He says Mary May has left his bed and board, though the board and the bed were first class. As he has no wife in reality, he wants to be freed from the one he formerly had, and prays the court to divorce him from the woman who, despite the fact that she promised to love, obey and abide with him, has ruthlessly turned him down and decamped.

The social given by the Fraternal Brotherhood Friday night to those of their members who were recently married was a jolly affair. There was not a very large crowd out, but the novelty of the entertainment and the necessity of giving the young people good advice, made the time, as well as the refreshments, pass very quickly. This putting a premium on getting married will induce some of the backward to hurry up, so as to be ready for the next celebration.

G. M. Goodwin has brought suit in Clifox county district court against James McBride, to eject him from a certain parcel of land and real estate situated in said county. He asks \$500 damages, also.

L. J. Bauer, a ranchman at Fort Union, will ship six car loads of cattle to the market in a few days. Mr. Bauer is keeping only his finest Herefords, which he can care for through the winter.

The Normal foot ball team is practicing. The lineup is somewhat light, but the boys think they can make up in good playing what they lack in weight and still hold the championship of the territory.

Mayor K. D. Goodall has appointed J. M. Cunningham and J. K. Martin as city delegates to the national irrigation congress which will meet next week at Colorado Springs. The board of trade and board of county commissioners did not make appointments.

The divorce mill has been grinding in Clifox county. Ada Phillips complains that Harry Phillips, her husband, has abandoned her and will not contribute to her support. She says, also, that Harry is a drunkard and she feels life is unbearable with him and wants the court to officially sever their matrimonial connections.

Charles S. Peck, the father-in-law of W. B. Bunker, of this city, died at his home in San Francisco, Friday. Mrs. Bunker was with him when he passed away.

Peter H. Peterson, who went with the Las Vegas boys in company F to the Spanish war, was killed a few days ago by falling down a shaft in a mine in Mexico. He was formerly with the Singer sewing machine company here.

Miss Anna Ward gave a pleasant birthday party Friday night at her home, in honor of her sixteenth birthday anniversary. There were twenty couples of young people present, and they had a merry time. Delicious refreshments were served and a jolly evening enjoyed.

The republican party managers are receiving good news from the outlying precincts. There is little, or no disaffection in the ranks there. The seeds of sedition seem to have been all used in this city.

The Baca club democrats desecrated the Sabbath today by going out to Sapello to try and stiffen the backs of the weak and sinful.

Scott Knight, and two other knights of the bill board, arrived here yesterday to bill the territorial fair while the crowd was in town.

Buffalo Bill had a good crowd yesterday at the Wild West performance. They only showed in the afternoon, leaving about 7:30 in the evening for Hutchinson, Kan.

Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

## LOCAL PARAGRAPHS.

For Monday the streets and avenues were unusually lively this morning.

Dr. Gamble, who is traveling with Bishop Joyce as his evangelist and assistant, will preach in the Lead Avenue Methodist church Tuesday evening. The doctor is a very able speaker and we speak for him a large congregation.

Rev. F. V. Fisher, the new pastor of the Lead Avenue Methodist church, will arrive Wednesday evening. He is a young man in the best of health, an eloquent speaker, an excellent pastor and an able worker in every department of church work and particularly interested in young people. He is a graduate of Yale college and has served some of the leading churches of the southern California conference, where most of his ministerial work has been done. He will be accompanied by his mother, his wife and one child, a boy 5 years old.

Deputy United States Marshal Geo. Kaseman and Fred Fornoff went to Las Cruces last night to attend district court, which convened before Judge Parker this morning.

## TERRITORIAL FAIR NOTES.

(Concluded from page one.)

ant marshals, Dr. L. H. Chamberlin, L. Grande, Col. H. H. Tilton, F. P. Barna and Jesus Romero. Messrs. Chamberlin and Grande will have charge of the society divisions; Messrs. Tilton and Barna, of the merchants and mechanical divisions; Jesus Romero, of the Old Town division. Members of the staff, Capt. W. E. Dame, Major J. E. Elder, Major and Surgeon J. F. Pearce, Capt. J. H. Stingle, Capt. F. H. Strong, and honorable guest, Major Hardie. The grand marshal is working hard to make the parade a grand success, and he will succeed.

Bookmaker Mark Hanna was around the stables yesterday getting a line on local horses and getting acquainted with their owners. He was on the track at Roswell during the recent fair, and says the show was a credit to the town.

An artist at the carpenter shop of W. W. Strong is building the eagle to be used by Montezuma.

## HALL'S NEW JOB.

"Lum" Will Have Charge of Indians, Soldiers and Ball Players at the Fair.

The fair executive committee, in looking for a good man to handle certain attractions at the fair, has appointed C. C. Hall, familiarly known throughout the southwest as "Lum," to have exclusive charge of the Indians, soldiers and base ball players during their stay in the city. If it is the wish of the Indians to have tepees constructed, Mr. Hall is supposed to pull off his coat and start to work; if the soldiers desire stimulants in barrels or a few water troughs for their horses, the obliging "Lum" must get a hustle on himself and attend to the matters forthwith; if the base ball players desire jags of any proportions and wish to make of him their bank, from whom they can borrow money, Mr. Hall must not protest, but he should promptly acquiesce to all desires. The gentleman is thoroughly familiar with Indians, soldiers and base ball players, especially professional ones, and the executive committee made a wise move by giving the honor to "Lum" Hall. The gentleman goes north tonight, and for several days he will put himself in training with the blood hounds at the penitentiary.

## Carl Holman's Birthday.

Carl Holman's 15th birthday was the occasion for a pleasant affair Saturday evening. He was presented with a beautiful gold fob engraved with his initials by his young lady friends and a handsome case with military brushes and silver combs by his young gentlemen friends.

An evening of merry games, lively songs and refreshments was enjoyed by the gay and congenial crowd that had gathered. Superintendent and Mrs. Stroup, Prof. and Mrs. Lenker, Miss Mabel Fitch and Miss Sadie Levitt were present and added much to the pleasure of the evening.

## Will Remain in America.

Miss Claude Albright, the gifted contralto, who has a host of warm friends in this city, will return to Albuquerque in a few days. She will remain here with her parents and friends for a few weeks before taking up her work on this side. Miss Albright had expected to return to Paris, but her friends in this city have received letters informing them that she had decided not to return to Paris. She writes that she has just signed a contract with Henry Savage, the famous American manager of the grand opera, which places her under his management for three years. Her many friends wish her the best success in her new undertaking.

for B. Ifeld & Co., has gone south with  
his samples.

Mrs. Ed McCormick, of Paris, Texas,  
is expected to arrive in the city some  
time this week.

James D. Lucas and wife, who were  
here a few days of last week, have re-  
turned to Cerrillos.

Ed Riehl, who was confined to his  
bed the past week with rheumatism, is  
up and around again.

Edward Dodd, owner of the Socorro  
brick plant, has returned to the city  
after a business visit to Socorro.

Mrs. R. P. Hall, wife of the well  
known foundryman, has gone to Colo-  
rado Springs, Colo., to visit her moth-  
er.

George Hanlon and wife arrived  
from Denver, Colo., and left overland  
for Eastview, N. M., where they will  
locate.

John McIntyre and his sister, Miss  
Lizzie, of San Antonio, attended Buf-  
falo Bill's show here and have return-  
ed home.

The Jaffa Grocery company received  
the first car of California canned  
goods that has been shipped into Albu-  
querque.

Prof. F. A. Jones left Saturday night  
for the Oscura mountains, where he is  
interested in some valuable mining  
property.

Mrs. H. T. Laurie and family, of  
New Orleans, who for several days  
have been enjoying life in the city,  
have returned home.

Mrs. P. E. Howe, wife of the former  
local ticket agent, passed through the  
city Saturday morning en route from  
Phoenix, Arizona, east.

George H. Brewer, the fire insurance  
adjuster, left for Lumberton, in the  
northern section of the territory, to ad-  
just some recent losses.

Miss Ethel Craig, teacher of the In-  
dian mission school north of Bernal-  
illo, who was in the city last Saturday.  
She has returned to Bernalillo.

## CHAPTER OF ACCIDENTS.

Railroad Men Injured on the Winslow  
Division.

There has been quite a series of  
small accidents among the railroad  
men this week and Dr. Brown and his  
assistant have been kept busy at the  
hospital attending to the injured, says  
the Winslow Mail.

Last Sunday night a Mexican laborer  
had the misfortune to have his left  
hand run over by a car wheel at Wil-  
liams. He was brought to Winslow  
Monday morning and his hand was  
amputated by Dr. Brown. Tuesday he  
was sent to the Albuquerque hospital.  
A binder on No. 803 fell against Will  
Connors while he was at work in the

round house Monday. It knocked him  
into the drop pit, and the binder fall-  
ing on his right hand mashed the third  
finger so that it necessitated a visit  
to the hospital for repairs.

No. 803 figured in another accident  
on Tuesday. Albert Thomas was at  
work on top of the boiler when sud-  
denly, losing his balance, he fell to the  
ground, a distance of fifteen feet. He  
was taken to the hospital, where an  
examination showed that his left  
shoulder was dislocated and both  
bones of the left arm broken just above  
the wrist. His injuries were dressed  
and Thursday he went to the Albuquer-  
que hospital.

An Indian working on the grade  
west of here had his foot smashed  
Tuesday. He was taken to Albuquer-  
que on No. 2 that night. Dr. Brown  
temporarily bandaged the foot while  
the train stopped here.

Conductor Jack Low sprained the  
big toe of his left foot Thursday by  
running against a stationary pipe in  
the railroad yards. He has been nurs-  
ing his foot very tenderly since then.

Notice for Publication.  
(Small Holding Claim No. 1763.)  
Department of the Interior, United  
States Land Office, Santa Fe, N. M.,  
Sept. 24, 1902.

Notice is hereby given that the fol-  
lowing named claimant has filed notice  
of his intention to make final proof in  
support of his claim under sections 16  
and 17 of the act of March 3, 1891 (26  
Stats., 854), as amended by the act of  
February 21, 1893 (27 Stats., 476), and  
that said proof will be made before  
the clerk of the probate court at Albu-  
querque, N. M., on November 10,  
1902, viz: Carmel Ruiz de Sandoval,  
in behalf of the heirs of Telesforo Lo-  
pez de Ruiz, for the tract in sections  
Nos. 7 and 8, Tp. 9 N., R. 3 E., New  
Mexico principal meridian.

He names the following witnesses  
to prove his actual continuous adverse  
possession of said tract for twenty  
years next preceding the survey of the  
township, viz:

Gregorio Barela, Francisco Apodaca  
y Molina, Justo Gutierrez, Amador  
Sanchez, all of Albuquerque, New Mex-  
ico.

Any person who desires to protest  
against the allowance of said proof,  
or who knows of any substantial rea-  
son under the laws and regulations of  
the interior department why such  
proof should not be allowed will be  
given an opportunity at the above men-  
tioned time and place to cross examine  
the witnesses of said claimant, and to  
offer evidence in rebuttal of that sub-  
mitted by claimant.

# Save the Children

All stomach and bowel troubles in child or adult are due to a single cause—Indigestion. Flux, colic, cholera morbus, diarrhoea, dysentery and all complaints of like nature, are the result of undigested foods fermenting in the stomach. The only way to prevent fever and to cure such troubles without injury to the membranes lining the stomach is to restore perfect digestion.

## KODOL Digests What You Eat

Kodol is the new discovery which cures all stomach and bowel troubles by removing the cause. This famous remedy checks fermentation, cleanses, purifies and all complaints of like nature, are the result of undigested foods fermenting in the stomach. The only way to prevent fever and to cure such troubles without injury to the membranes lining the stomach is to restore perfect digestion.

## THE GREAT SOUTHWEST NOTES OF GENERAL INTEREST

W. H. Simpson, the advertising agent of the Santa Fe Railway company, sends to The Citizen advance sheet of some good railroad reading matter. The subjoined articles of special interest to Albuquerque and the southwest are reproduced:

### The Coming of Montezuma.

The managers of the New Mexico Territorial fair, which takes place at Albuquerque in October have arranged a most unique spectacular feature called "The Coming of Montezuma." This is to be a great street pageant, where of the principal feature is a representation of the mythical Aztec's return. According to the tradition of the Indians, the emperor who was driven out by Cortez in the Mexican conquest is to be reinstated among the descendants of his people. The white man are to be defeated in a great battle and Montezuma is to be again the sole ruler of the Tencottian. This legend is to be availed of in preparing great floats, and a large number of persons will be used in the production. It is expected that this feature will add greatly to the attendance of the fair. The usual attractions, Indian dances, cowboy tournaments, etc., will be given.

It will be well worth going as far as New Mexico to see.

### Beautiful Complexions.

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion; 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

### How Big the Biggest Ditch Is.

The United States geological survey is at work on a new map of the Grand Canyon of Arizona. Considerable progress has been made. Some of the lines of sight between triangulation stations are seventy miles long, and as observations can only be made to good advantage between sunrise and 9 a. m. or between 4 p. m. and sunset the work is necessarily slow. The signals flash an easily deciphered light only an inch square as far as from Kendrick Peak to Point Sublime, a distance of sixty-eight miles. Accurate elevations have been established on the Bright Angel trail, and it is no longer necessary to guess how high one is above sea level. It is now known that from the rim of the south wall to the river is a drop of 4,450 feet at Bright Angel and 4,913 feet at Grand View, while from the north rim the distance is several hundred feet greater, or more than a mile. Twenty buildings like the Masonic Temple, Chicago, could be superimposed in the deepest gorge of the Grand Canyon without reaching the top.

Monarch over pain. Burns, cuts, sprains, stings. Instant relief. Dr. Thomas' Electric Oil. At any drug store.

### Big Attraction at Albuquerque.

The magnificent collection of curios owned by Fred Harvey, who also controls the news and meal service on Santa Fe system lines, is being installed in new and commodious quarters in the Hotel Alvarado at Albuquerque.

## MALARIA An Invisible Enemy to Health

Means bad air, and whether it comes from the low lands and marshes of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same.

These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and biliousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various eruptions of an indolent character appear, depleting the system, and threatening life itself.

The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it thin and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects.

S. S. S. does this and quickly produces an entire change in the blood, reaching every organ and stimulating them to vigorous, healthy action. S. S. S. possesses not only purifying but tonic properties, and the general health improves, and the appetite increases almost from the first dose. There is no Mercury, Potash, Arsenic or other mineral in S. S. S. It is strictly and entirely a vegetable remedy.

Write us about your case, and our physicians will gladly help you by their advice to regain your health. Book on blood and skin diseases sent free.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

Itself has been twice enlarged and the management has just ordered a third addition built, to take care of this winter's business. The new edifice at Bright Angel, to cost \$75,000 and to be managed by Mr. Fred Harvey, will be started this fall and completed by next spring.

At Bass Camp, on the Mystic Spring trail, where the western limit of the granite gorge district is reached, Mr. George Wharton James has associated himself with Mr. Bass in the building of a new inn to be called Havasupai hotel. It will be ready for occupancy early in 1903. A daily stage line has been put on between Coconino and Bass Camp.

When you wake up with a bad taste in your mouth, go at once to a druggist and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

Pecos Valley Exhibit. Of all ways of advertising a country the best seems to be the bringing together of the man and the land, either by taking the man to the land or bringing the products of the land to the man. Home seekers' excursions make the first method possible for many. Those who are too busy or too poor to take a land seeking journey can surely find time to examine the products of a country, if brought to their door.

That is what Hon. Jerry Simpson and Mr. Page, of Roswell, N. M., are making possible with their Pecos valley advertising car, which is now working east over the Santa Fe. The car itself is full of big red apples, blushing peaches and luscious pears, as well as big stalks of Kafir corn, mammoth pumpkins and enormous sweet potatoes, all grown in the arid soil of the Pecos valley.

Mr. Simpson was once a populist statesman of Kansas, known of all men. He is now an enthusiastic booster of the fertile valley of the Pecos in New Mexico. He talks convincingly of the magic of irrigation, a perfect climate and cheap lands. He tells of five cuttings of alfalfa in one season off of the same ground, and other like evidences of agricultural prosperity. If this car doesn't start a few hundred settlers for the Pecos valley, then widely advertising a good thing is useless.

### NICE HAIR FOR ALL.

Once Destroy the Dandruff Germ, and Hair Grows Luxuriantly.

Any one can have nice hair if he or she has not dandruff, which causes brittle, dry hair, falling hair and baldness. To cure dandruff it is necessary to kill the germ that causes it, and that is just what Newbro's Herpicide does. Cornelius Grew, Colfax, Wash., says:

"One bottle of Herpicide completely cured me of dandruff, which was very thick; and it has stopped my hair from falling out." It makes hair soft and glossy, as silk; delightful odor and refreshing hair dressing. It will positively make hair grow abundantly, and kills the dandruff germ. Send 10 cents in stamps for sample to The Herpicide Co., Dept. "F," Detroit, Mich.

### Railway Accident.

Helena, Mont., Oct. 4.—A Burlington west bound train and the Northern Pacific east bound express met in a head-on collision between Columbia and Park City, Mont., on a curve, on the Northern Pacific track this morning. Two men were killed and the engines and mail cars were wrecked. The dead are: D. A. Campbell, west bound train; Andrews Lundwall, mail clerk, east bound train. Seven were injured.

### Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquidifies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. F. S. McMahon, Hampton, Ga., "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." B. ## Railroad Topics

The firemen have a new seniority list in which all are greatly interested. S. W. Winters, of the local machine shops, is visiting friends at San Bernardino.

The Rock Island announces that its Kansas City-St. Louis line will be completed by July 1 next.

F. C. Farquharson, formerly of Albuquerque, has been appointed general foreman of the Raton shops.

J. M. Reed, baggage master at the local station, has returned from a vacation spent at Newton, Kan.

Brakeman James Burrell will enjoy a thirty days' leave of absence spent at different familiar points in Kansas.

Passenger No. 2, which arrived from the west this morning, was unusually light and a few minutes ahead of time.

A. E. Powell, route agent for the Wells-Fargo Express company, returned last night from an important business trip north.

F. H. Mudge is down from Las Vegas for a few days. Mr. Mudge says that the Meadow City will be well represented at the coming fair.

Albert Thomas, who fell from the top of engine 803 at Winslow last Thursday and broke his arm and dislocated his shoulder, is mending at the local hospital.

It is reported that Fireman Snyder, who was injured near Lamay recently by the bursting of a water glass, is recovering rapidly and will soon be in the ring again.

E. T. Isherwood, of the storekeeper's department at Winslow, is spending a few days in the city visiting with his brother, Thomas Isherwood, foreman of the brass foundry at the local Santa Fe Pacific shops.

Santa Fe air brake instruction car arrived from the north last night and is sidetracked in the local yards. Local engineers will be schooled during the next few days. The car will continue here until October 10.

**Out of Death's Jaws.**  
"When health seemed very near from a severe stomach and liver trouble, that I had suffered with for years," writes P. Muse, Durham, N. C., "Dr. King's New Life Pills saved my life and gave perfect health." Best pills on earth and only 25c at all druggists.

Thomas Isherwood is enjoying a visit from his nephew, Frederick Carlton, of Bolton, Lancashire, England. After spending a few days here, Mr. Carlton will go to Winslow to accept a clerical position in the Santa Fe offices at that place.

**Stricken With Paralysis.**  
Henderson Grimet, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

Dr. G. W. Grove expects to leave tomorrow evening for Kansas City, where he goes to attend the annual meeting of the board of Santa Fe railway surgeons October 9-10. He will be absent from the city about a week.

Get a free sample of Chamberlain's Stomach and Liver Tablets at all druggists. They are easier to take and more pleasant in effect than pills. Their use is not followed by constipation as is often the case with pills. Regular size, 25c per box at all druggists.

Workmen are engaged in enlarging the foundation for the turn table at the round house, which will be twelve feet longer than the present one. This change is made necessary to accommodate engines like the 987.

**Look out for Fever.**  
Biliousness and liver disorders at this season may be prevented by cleansing the system with Dr. Witt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands. B. H. Briggs & Co.—J. H. O'Reilly & Co.

Lee Wood, a helper at the Alamogordo shops, has the big toe of his right foot pretty badly mashed recently by a heavy spindle falling on it, several bones being fractured. Lee has had rather hard luck as helper, as he has only been a few months since he had the end of one of his fingers cut off. Word has been received in El Paso that F. C. Dickinson, who was an engi-

neer on the Southern Pacific out of the Pass city some eight years ago, died in the City of Mexico of cancer of the stomach. Mr. Dickinson has been for a long time a trusted engineer on the Mexican Central.

F. B. Clark, Wells-Fargo agent at the local station, has resigned on account of ill health. F. G. Colburn, of Colorado Springs, succeeds Mr. Clark and took up the duties of that position today. Mr. Clark is undecided as to what he will do in the future.

No danger of consumption if you use Foley's Honey and Tar to cure that stubborn cough. Alvarado Pharmacy.

W. Van Riper, president of the Missouri, Kansas & Texas railroad, and his secretary, D. Frank Hall, passed through the city this morning in private car attached to passenger No. 2, en route east from a short business trip to San Francisco.

**Never Ask Advice.**  
When you have a cough or cold don't ask what is good for it and get some medicine with little or no merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy. It cures coughs and colds quickly. Alvarado Pharmacy.

J. F. McNally, superintendent of the Rio Grande division of the Santa Fe, returned last night from Topeka where he attended a meeting of the officials of the Santa Fe. The arrangement of a new time card was the business of the meeting.

**Spent More Than \$1,000.**  
W. W. Baker, of Plainview, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1,000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar, and thanks to this great remedy, it saved her life. She enjoys better health than she has known in ten years." Refuse substitutes. Alvarado Pharmacy.

Most of the men who were injured in the wreck on the Grand Canyon road recently are again on duty.

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, seasickness, nausea. Pleasant to take. Acts promptly.

Southwestern lines expect big results from their colonists' rates to bring settlers into the southwest.

**Chamberlain's Cough Remedy Saved His Boy's Life.**  
"I believe I saved my (nine year old) boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hopper, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by all druggists.

Harry Alexander, the assistant general manager of the Albuquerque Eastern and Santa Fe Central railways, and his chief clerk, Porter Stone, were passengers for Santa Fe this morning.

**Bronchitis for Twenty Years.**  
Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." Contains no opiates. Alvarado Pharmacy.

It is said that everything is cocked and primed for one of the biggest railroad strikes in history and that it is likely to occur on the 15th inst.

**Forty Years Torture.**  
To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what Dr. Witt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "Dr. Witt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. B. H. Briggs & Co.—J. H. O'Reilly & Co.

Mrs. J. H. Kirby and child arrived in Santa Fe from Denver and will make that their home. Mr. Kirby is employed in the general offices of the Santa Fe Central.

**A Dozen Times a Night.**  
Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." Alvarado Pharmacy.

## MAY INCREASE RATES

Owing to the Cost of Operation and Wages, Says Paul Morton.

CERTAIN RUMOR DENIED.

Paul Morton, first vice president of the Atchison, Topeka & Santa Fe railway, was in the city for a few hours last evening, coming with a party of railway men in a special car from the west in the afternoon and leaving on the 8 o'clock train for the east, says the Denver Republican.

Mr. Morton said that the rumor that the Santa Fe is preparing to absorb the Colorado & Southern, or parts of it, was news to him. He said the Santa Fe's plans for the present were limited to the betterment of its present lines and the improvement of its equipment.

"The general rise in prices has added materially to the problems of railroading," said Mr. Morton. "We have to pay more for labor and material all along the line, and rates remain the same. Of course, we gain in the increase of volume of travel, both of passengers and freight, but if prices keep on going up we may have to advance rates. The expense of railroading is a composite item, made up of interest and capital, the cost of many different classes of labor, and many kinds of material. If the price of everything goes up, why the rates will have to be increased, or the return to the investor reduced."

"I do not think that there will be any great movement of coal from Colorado to the east, even though the strike continues. The east may draw upon Missouri and Kansas for coal to some extent, and this will leave a district further east for Colorado and southwestern coal mines to supply. In that way the strike is likely to affect Colorado. Colorado coke is already going to Chicago in considerable quantities, but the difficulty is that the railroads are short of cars for its transportation."

"The car problem is getting to be like the currency problem. The nation at times finds itself without enough money to carry on its business, and the railroads at times find themselves without the cars they need. I think it is all wrong for the government to keep gold hoarded up while the country is in distress for it. That is a matter that can be reached by intelligent legislation, but the car problem, I believe, is with us to stay. There will always be certain times of year when there is more business than at other times. The roads cannot afford to keep a lot of cars standing on their sidetracks nine months of the year, so they may be able to give prompt service during the other three months."

"I don't know much about the Colorado Fuel & Iron matter. I believe that there has been some unpleasantness between Mr. Gates and Mr. Osgood. The company is one of our big customers and we are naturally interested in seeing the concern continue prosperous. I think that the United States Steel company, if it gets the Pueblo plant, will restrict its production? I don't believe that the United States Steel company wants the Colorado Fuel & Iron plant."

"The Arkansas valley in Colorado is now one of the garden places of the world, and the travelers on our line, who go mile after mile all day through a region which only a few years ago was almost barren, cannot fail to be impressed with the wonders which are brought about by irrigation in the west."

**A Typical South African Store.**  
O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

A rumor has been started at Pueblo, Colorado, and apparently well founded, that the Santa Fe is to raise the wages of all employees at that place. It is stated that the business of this road has doubled there in the last five years.

"DIAMOND ICE."

"I do not look as though I ever was sick."

When a woman is sick she falls off in looks. This is particularly the case when she suffers from diseases peculiar to her sex. Not only is her strength undermined, but she loses beauty of face and grace of form.

It is characteristic of the cures of womanly diseases effected by the use of Dr. Pierce's Favorite Prescription, that with restored health there is a restoration of good looks.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I wish to thank you for the good your medicine has done me," writes Mrs. Mac Brown, of Canton, Fulton Co., Ill. "I was troubled with female weakness and doctored with several different doctors. They did not seem to help me; indeed I got worse all the time. I had ulceration and displacement of the uterus. What I suffered no tongue can tell. I had heavy bearing-down pains and thought my back would kill me. I also had a very bad drain, but after taking five bottles of 'Favorite Prescription' and three of 'Golden Medical Discovery,' I am feeling as well as ever. It has been almost two years and I have had no return of the trouble. My friends tell me I don't look as though I ever was sick."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## SWITCHMAN PULLED.

As a Professional Crook at El Paso During Circus.

Thursday a couple of night switchmen in this city concluded that they would go and see Buffalo Bill, says the El Paso Herald.

As they got on the train one of Chief White's new detectives sized them up as confidence men and followed them to the grounds. When they entered the tent the fly cop came up to the tallest man and searched him and told him to consider himself under arrest.

He then turned to the other switchman, who was very neatly dressed and looked like a stranger, and told him that he ought to be careful of the company he was keeping and not associate with such bad characters as the other man. He told the cop that they were both working together as switchmen in El Paso. When this statement was made the cop arrested both as being part of a gang of pickpockets who were supposed to be following the show. As the cop got his prisoners outside of the tent one of the switchmen spied the trainmaster in the distance, and told the cop that there was a man who could vouch for their identity. The trainmaster was called and told the cop who the boys were and that he would vouch for their honesty. At first the cop was rather reluctant to let his men go, but finally decided to do so. The trainmaster says that when the cop saw the mistake he had made, he could have bought him for a plugged Mexican taca.

The switchmen have been wondering ever since what there is about them to make them look so much like confidence men, and are thinking seriously of resigning and going to New York to consult with specialist Woodbury and see if they cannot get their looks changed.

**America's Famous Beauties.**  
Look with horror on Skin Eruptions, blotches, sores, pimples. They don't have them, nor will any one, who uses Bucklen's Arnica Salve. It glorifies the face. Eczema or Salt Rheum vanish before it. It cures sore lips, chapped hands, chilblains. Infallible for piles. 25 cents at all druggists.

Apparently there is no limit nowadays to the capacity of cars, an Ohio firm building a 200,000 pounds car.

**Goes Like Hot Cakes.**  
"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery of Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and all druggists guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

M. A. Low, general attorney of the Rock Island, is in El Paso to close the deal for the El Paso & Northwestern, the Rock Island's El Paso connection, and which is commonly known as the Eddy road.

**Bone Found Near Tucumcari.**  
B. Clayton, while digging a well on his claim just east of Tucumcari, unearthed some bones at a depth of twenty-seven feet. Opinion is divided as to whether they are the bones of a mastodon or a buffalo. When first taken from their bed the bones were soft, but on exposure to the air rapidly hardened. They must have been there hundreds of years, as the land for a long distance about is prairie, so that the theory of a wash cannot be advanced.

**The Worst Form.**  
Multitudes are singing the praises of Kodak, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with digestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodak and after using four bottles I am entirely cured. I heartily recommend Kodak to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

F. B. Wolfe, of Leadville, Colo., writes to The Citizen, wishing to know the address of any good real estate man in this city. A marked copy of The Citizen, containing an advertisement of such a gentleman, was sent to Mr. Wolfe. The city press averages about twenty-five letters a month asking the names of real estate agents in this city, and, in answer, a marked copy of The Citizen is usually sent.

Miss Gracie, the little 12 year old daughter of Mr. and Mrs. F. A. Hopping, received a painful injury by being accidentally hit in the left eye with a small stone. At the time of the accident she was playing with her cousins at her home on South Edith Street. In their childish play they were throwing small stones. The

wound was thought at first to be serious, and fears were entertained that the sight had been destroyed. Dr. Grove attended the injury at once and it is believed that the prompt medical attention will save the eye.

Thomas G. Field, formerly a resident and blacksmith of Lake Valley, is now located in Kennedy, N. M., being employed at his trade by the Pennsylvania Development and Improvement company. The gentleman was here today arranging for the removal of his family and household effects to Albuquerque this week, where he expects to give his children the advantages of first class public schools.

## POLICE COURT.

A Supposed El Paso Crook Gets a Sentence of Sixty Days.

Fred Morgan, a smooth-faced, weak-eyed wanderer made his appearance in police court this morning under the charge of vagrancy. Sixty days in the county all was his share of the law.

When arrested he had a grip containing an assortment of dental instruments, a book on surgery, three shirts marked 1414, a frock coat of eastern make, a dentist apron and a few other trinkets. Marshal McMillin notified the police authorities at El Paso, thinking that Morgan might be in some way connected with the robbery of the valise containing dental instruments stolen from Dr. Rheimer at El Paso last week. Marshal McMillin was notified yesterday that a man was hanging around a vacant house on Fourth Street. A policeman was stationed there last night and found Morgan asleep in the house with the grip in his possession. He says the articles in the grip belong to him, yet he claims he is a stationary engineer from the west. A stationary engineer carrying dental instruments causes much suspicion among the police authorities. He has all the appearance of a well schooled crook. He also had a small hand crowbar in his possession, a weapon that would answer all kind of purposes. Although the police authorities at El Paso have arrested one man, who was trying to dispose of dental instruments in that city, it is claimed there was more than one connected with the robbery. He will be in safe keeping until the mystery surrounding the robbery can be cleared up.

Maria Chavez, a high flyer of Old Town, was arrested on the charge of being drunk on the street. When found she was lying across the sidewalk in a helpless condition. She had her choice between \$10 or ten days, and for one good reason accepted ten days.

## TIME TO PAUSE.

Don't Keep Your Children in School—You May Be Sorry.

Don't keep your children in school until you have their eyes tested, for it is a fact that children have been unable to keep up and graduate with their class for no other reason than faulty vision.

Not knowing—never having been taught—what normal vision is like, they suppose they see as well as any one and pass through school far below the average in scholarship. Their poor sight is the cause of their being judged of inferior intelligence and they know no better themselves. Give your child an equal chance to obtain an education. I will test their eyes and if glasses are not found to be necessary, no charge will be made. S. T. VANN, Doctor of Optics, with S. Vann & Son, Jewelers and Druggists.
