MOROS DEFEATED

Capt. Pershing Wipes Out Insurgent Tribe.

THE GRAND ARMY IS ARRIVING.

National Irrigation Congress to Convene at Colorado Springs.

NEW ORLEANS RAILWAY BANKRUPT.

Manila, Oct. 4.—Capt. John J. Pershing's column has completely routed the Macin Moros, in the island of Mindanao, killing or wounding a hundred of them and capturing and destroying forty forts. Two Americans were wounded. On Tuesday the Moros retired to their largest and strongest fort on the lake shore, and Wednesday Captain Pershing attacked them with artillery, bombarding the enemy for three hours. At noon Lieutenant Loring, leading a squad of men, attempted to set fire to the fort. He crept under the walls, and started a blaze, but the Moros discovered him and forced the Americans to retreat. During the afternoon the sultan of Cabugalan led a sortie at the head of a band of fanatics armed with knives. They crept through the grass and sprang up and attacked the Americans. The sultan was wounded six times and bled an American before he died. His followers were killed. In the darkness Wednesday night Captain Pershing took his batteries within a hundred yards of the fort, closed in his infantry line and resumed the attack. The Moros broke through twice and attempted to escape by the beach, but were discovered and many of them were killed. The Moros abandoned the fort early on Thursday, after fifteen hours' bombardment. Captain Pershing destroyed the remains of the forts and returned to Camp Vicars the same day. It is believed that the moral effect of the defeat of the Moros will be great. General Davis has ordered that hostilities be stayed in order to permit the sultan of Bacalod and other hostile sultans to make peace. The sultans of Macin were confident of their ability to defeat the Americans and vowed before the fight to enter slavery voluntarily if they themselves were defeated.

GRAND ARMY.

Veterans of the Civil War Arriving in Washington.

Washington, Oct. 4.—The boys who wore the blue in the '60s, now grizzled veterans who are nearing the last milestone of life's journey, are mobilizing in the national capital in anticipation of the thirty-sixth annual encampment of the Grand Army of the Republic. Every arriving train today is bringing its quota of visitors and by tomorrow morning the rush will be on in earnest. No city in the country is better able to care for a large gathering than Washington and this fact is demonstrated by the admirable manner in which the veterans are being cared for on their arrival and assigned to quarters.

IRRIGATION CONGRESS.

Large Attendance Expected at the Colorado Springs Meeting.

Colorado Springs, Colo., Oct. 4.—The tenth national irrigation congress, which will open here Monday, promises to be the largest and most influential body of the kind which has yet assembled in the west. Delegates began to arrive today and Chairman Wantland and members of the executive committee are busy with the preliminary arrangements. Tomorrow large delegations are expected from Utah, Colorado, Kansas, Nebraska, Texas, California, New Mexico, Arizona, Washington and Oregon.

Monday there will be addresses by congressmen and governors, and a reception will be given for President Walsh and the delegates by the chamber of commerce in the Antlers hotel in the evening. Tuesday will be devoted to a discussion of forestry and colonization. Wednesday will be devoted entirely to a discussion of the national irrigation act, its operations and possibilities. The leading irrigation experts in the country will be on hand to take part in the discussion and all the senators and representatives of the states and territories in the arid region have been especially

invited to be present and join in the debate. Thursday the congress will act upon the resolutions, and closing exercises will be held. The following day there will be an excursion to Rocky Ford, and to the Salvation Army colony at Amity, in the Arkansas valley.

Golf Champion.

Brookline, Mass., Oct. 4.—Miss Genevieve Hacker, of Rye, N. Y., today won the women's national golf championship, winning in the final play with Miss Louisa A. Wells, of the Brookline Country club, 4 up 3 to play. There was a large gallery present.

Street Railway Bankrupt.

New Orleans, Oct. 4.—Two stockholders and bondholders of the New Orleans Railway company, today, went into the civil district court and asked for the appointment of a receiver for the company, alleging mismanagement on the part of officers and directors and their failure to operate the cars of the company with consequent impairment of the interests of the petitioners. Not a passenger car has been moved on the company's track since last Sunday, owing to a strike of the employees.

LEG BROKEN.

Young Man from San Marcial Hurt at Local Depot.

George Martin, 2124 McGee street, Kansas City, fell beneath the wheels of the southbound passenger train at the depot this morning, fracturing his left leg and receiving a number of minor injuries. He was taken to the local railway hospital where he received medical attention. Martin is a young man well spoken of by his friends along the Santa Fe. Martin is employed on the rail cutting machine now at work in San Marcial. Yesterday he came to the city to attend the show. He spent his time well and was feeling good about the time to go home. He entered the Harvey restaurant while the train was at the depot and ordered a light lunch. The train started to pull out and he made a run for it. He caught the front platform of the Pullman and his foot slipped, striking the trucks, and his leg was broken just above the ankle. At the last report he was resting very comfortably.

BRUTAL ASSAULT.

On Account of Water, W. E. Brown, an Old Ranchman, is Attacked.

FRANK LUCERO THE ASSAULTER.

A brutal assault was made on Wm. E. Brown, an old ranchman living about seven miles north of the city, by a neighboring ranchman named Frank Lucero, yesterday afternoon, in front of Zeiger's Cafe. Lucero was arrested and placed under \$50 bond. The case was tried in Justice Crawford's court this morning and Lucero pleaded not guilty.

The trouble has been brewing for some time, having been caused by difficulties over water rights. Lucero is boss of the acquia and Brown is one of the commissioners. Someone had been stealing water from the ditch and Brown was the principal sufferer. He came to city some time ago and tried to have Lucero arrested on the charge of stealing the water. However, he dropped the matter for the time being. Brown and Lucero met Friday and began discussing the matter. Finally after all the arguments had been used pro and con Lucero struck Brown, knocking him down. Not being satisfied with this punishment he began kicking the old man in the back.

Brown's back is bruised somewhat, but there was no bones broken or no internal injuries. Lucero claims that he struck Brown because he proceeded to draw a knife on him. Brown admits having the knife in his hand, but claims he was using it for cutting tobacco.

John A. Lee was a witness to the trouble from across the street. In court this morning he testified that he saw Lucero strike and kick Brown, but he heard none of the conversation as he was on inside of the bank.

Brown does not seem to have a very clear recollection of what actually took place. It is claimed by Lucero that Brown called him a liar and used profane language, which was the cause of his anger. As there were no witnesses to the conversation the testimony was weak, but a big, strong, healthy man should be punished for striking an old man, especially when he was under the influence of liquor.

The testimony was all given this morning, and the judge will give his decision at 2 o'clock this afternoon.

The case of Frank Lucero, charged with assault and battery, tried in the justice court this morning, is still under advisement.

THEY REFUSE

Coal Operators Refuse to Arbitrate Differences.

OFFICES OF PRESIDENT DECLINED.

The Strike Will Now Proceed to the Bitter End.

NO EXTRA SESSION OF CONGRESS.

Washington, Oct. 4.—It is not yet known whether President Roosevelt will issue a statement commenting upon the result of yesterday's coal conference. Some of the cabinet members will advise against such a course. There is disappointment that the effort of the president met with no better success, but it seems to be the opinion of those who are cognizant of the situation that the administration can do no more. The good offices of the president to settle the strike was the limit of his power. Late last evening the operators who were in the conference called upon Secretary Root but the position they had assumed made it impossible to carry the negotiations further, although various phases of the situation were briefly discussed. President Mitchell and the other members of the anthracite miners' committee who attended yesterday's conference, left Washington at 10:15 today over the Baltimore & Ohio railroad for their headquarters at Wilkesbarre. Before boarding the train, Mitchell said that probably soon after his arrival in Wilkesbarre he would issue directions to the miners as to how to proceed, but could not say positively what he would do. Asked what directions, if any, he would issue, he replied any directions issued would only be for the continuance of the strike.

Nothing to Say.

Philadelphia, Pa., Oct. 4.—President Baer, of the Philadelphia & Reading railway, returned from Washington to his office this morning. In response to an inquiry he stated that he had nothing to say for publication beyond the statement published this morning.

Wyoming Region Quiet.

Wilkesbarre, Pa., Oct. 4.—The Wyoming region was quiet this morning and the troops were not called out to suppress any disorder. The superintendents of the big coal companies held a meeting today and discussed the failure of the conference at Washington yesterday. The local operators, it is stated, will now redouble their efforts to get more mines started in this region next week.

NO EXTRA CONGRESS.

Congress will Not be Called to Discuss Coal Strike.

Washington, Oct. 4.—There will be no call for an extra session of congress to deal with the coal strike situation at this stage. The president expressly stated in his appeal to the operators and representatives of miners yesterday that he did not act officially in calling them together. He has for the time being exhausted his individual resources. In his view, the matter is again one with which the state of Pennsylvania should deal. If the commonwealth finds itself unable to control the situation and appeals to him through the constitutional channels, the president will be ready to bring into play the great force of the national government, military and civil. But for the time being the president has relaxed his efforts.

Salvation Army Leader.

New York, Oct. 4.—On the steamship Philadelphia, which arrived today from Southampton, was Gen. William Booth, head of the Salvation Army, who will make a tour of five months in this country.

POSITION OF THE OPERATORS.

Their Resources for Refusing to Submit to Arbitration.

New York, Oct. 4.—The presidents of the anthracite coal roads arrived here from Washington on a special train today. E. B. Thomas, chairman of the board of Erie Railroad company, who represented that company at the conference with President Roosevelt at Washington, said there was nothing to add to the statement at Washington yesterday in respect to the proposition made by the railroad presidents, and insisted that the proposition was fair. President Truesdale, of the Lackawanna road, had nothing to add to the statement submitted by him yesterday. He believed, he said, that it was not the intention of the authorities to call for federal troops. President Fowler,

of the New York, Ontario & Western road, claimed that Mitchell's proposition had a string to it, as he said that Mitchell could not order the miners to return to work without submitting the proposition to a vote of the convention and this would take two weeks.

Foot Ball Season.

Chicago, Ill., Oct. 4.—For the first time this season there will be a complete muster on the college gridirons this afternoon. In the west there have already been some irregular skirmishes. In the east today it will practically be the opening of the season. The foot ball warriors of Yale, Pennsylvania, Brown, Harvard and Cornell will all be seen in the fray.

CHEERING NEWS.

American Lumber Company Will Build Saw Mills and Factories Here.

LETTER FROM DIRECTOR MERRIAM.

John A. Lee is in receipt of a letter from W. C. Merriam, of Chicago, who is a director and promoter of the American Lumber company, in which that gentleman writes encouragingly of the company's big enterprises for this city. That part of the letter, of interest to this city, reads as follows:

"In view of the present volume of our stock sales, I have not hesitated to assure our friends that we will double the amount of sales by the 1st day of December next, and that we will commence operations actively and aggressively in New Mexico on or before the 1st of December.

"You are aware that it has been my judgment from the start that we should locate our saw mills and factories in Albuquerque, and our stockholders and directors, who visited your city last May, returned home fully convinced that Albuquerque is the proper location for these enterprises."

A certain gentleman, besides Mr. Lee, who is in the city, confirms the correctness of the above letter, and says that he knows as a positive fact that the American Lumber company will soon commence work on their intended saw mills and factories in this city, besides making vast improvements on their immense timber tracts in western Valencia and McKinley counties.

DISTRICT COURT.

The youthful kodak thieves, Joseph Koons, Robert Burg and Louis Gurschke, who broke into a Santa Fe freight car at Isleta about seven months ago and stole a number of the little black boxes, took them to California and sold them for a few paltry dollars, pleaded guilty to petit larceny yesterday and were let off with a light sentence. Judge Baker gave them a short lecture and one month in the county jail.

In the case of the Territory vs. Frakes, charged with assault with intent to kill, was to have been tried but the defendant did not appear. A \$200 bond for his appearance will be forfeited.

The case of Territory vs. Aragon and Archuleta, charged with arson, was the next on the docket. The defendants, through Attorney Heacock, asked that the case be dismissed and was sustained by the court.

The territorial petit jury met this morning to be adjourned until Monday morning for lack of business.

This afternoon, the case of the Territory vs. Juan Armijo y Ortega, charged with the murder of Placido Salazar, at Babelas, in May of this year, was called up for hearing. The territory was represented by F. W. Clancy, and the defendant by E. V. Chavez. The court room was well filled with interested spectators from the vicinity in which the crime was perpetrated. The court ordered the indictment read, and hearing the indictment read, the defendant entered a plea of guilty of murder in the second degree; and Mr. Clancy stated to the court that in view of all the circumstances in this case, he would recommend that the plea of the defendant be accepted. The court stated that the plea would be received, and informed the defendant that the result of his plea would be that he should serve a term in the penitentiary, to be fixed by the court from three years to the period of his natural life, when Mr. Chavez stated that he had fully advised the defendant of the consequences of the plea. When the court stated he would not care to pass sentence without having first heard all the material witnesses as to the facts of the crime. The court proceeded to hear evidence, as to the nature of the attack, but was compelled to adjourn the hearing until Monday morning on account of the absence of material witnesses.

Big Ocean Steamship Makes Its Maiden Trip.

SMELTER RECEIVING ITS MACHINERY.

Colorado Springs, Oct. 4.—The fight over the Stratton millions was resumed today when the executors named by the late multi-millionaire appeared before Judge James A. Orr in the county court and offered the will for probating. The battle in reality centers about whether the court will accept this instrument as the last will and testament of the mining king, or whether, as the administrators claim, the will is invalid because its maker is alleged to have been insane in August, 1902, when it was drawn. The administrators played a game of delay today and had the court postpone the hearing of the will until later in the day and intimated that they would attempt to have a postponement until some day next week.

Case Set for Trial.

Colorado Springs, Oct. 4.—When the second attempt was made at 11:30 o'clock to probate the will of Mr. Stratton before Judge Orr, in the county court, attorneys for I. Harry Stratton, the son, appeared and asked the court to issue a summons calling all the legatees and beneficiaries into court at some later date to be present when the will should formally be offered for probate. This was strenuously objected to by attorneys for the executors. Judge Orr overruled the objections and immediately ordered the citation issued and set for November 10 as the day when the legatees should appear and the will be probated. The effect of this order is to stop all procedure in connection with probating the will until that date.

Big Boat's Maiden Trip.

New York, Oct. 4.—All the vessels in the harbor saluted with a blast of their whistles today when the big steamship Finland of the International Navigation company steamed down the bay on her maiden trip to Antwerp. The Finland is a sister ship of the Kronland and the two are among the largest vessels ever built on this side of the Atlantic. She is of 12,700 tons register and was recently completed by the Cramps.

Shipping Machinery.

Special to The Citizen.
Cerrillos, Oct. 4.—R. G. Balcomb, of the Algodones Smelting & Improvement company, is here shipping car loads of machinery from the electric light works at Madrid to the Algodones company.

PRESBYTERIAN SYNOD.

Opening Services at the Presbyterian Church Last Night.

The opening services of the New Mexico Presbyterian synod last night were well attended. Rev. Harvey M. Shields conducted the same. Rev. Lapsley A. McAfee was elected moderator and Revs. H. M. Shields and John G. temporary secretaries. Devotional exercises were conducted by the moderator, Rev. L. A. McAfee, and reports of the committees was the program rendered this morning.

At 1:30 o'clock this afternoon devotional exercises were led by Rev. George Logie. At 2 o'clock, report of synodical missionary, Rev. R. M. Craig, Conference on the work of the synod, Address by Joseph L. Weaver, D. D., and report of committees.

There will be a reception to the synod from 7:30 to 10 o'clock this evening, tendered by Rev. and Mrs. R. M. Craig.

The meeting this afternoon was largely attended. Joseph L. Weaver, D. D., of Pueblo and Rev. Thomas Marshall, D. D., of the synod of Missouri, are present at the meetings today.

HARRY ALEXANDER.

New Assistant Manager Albuquerque Eastern and Santa Fe Central.

Harry Alexander, who a short time ago resigned an important position on the El Paso-Rock Island road, came in from the south this morning, and visited The Citizen office, in company with Porter Stone, his chief clerk. Mr. Alexander has accepted the position of assistant general manager of the Albuquerque Eastern and Santa Fe Central railways, and, for the time being, will have his headquarters at Santa Fe. He

will remain in the territorial metropolis until Monday morning, when he and Mr. Stone will go up to Santa Fe. Mr. Alexander says Otero and Lincoln counties, through which the El Paso-Rock Island runs, will have fine exhibits of the resources of those two counties at the approaching territorial fair.

Last Dance.

At Orchestration hall tonight will be given the last dance till after the territorial fair. Next week carpenters will transform the hall into an exhibition room for the fair. All those who wish to attend the best ball of the season will visit Orchestration hall this evening.

COMPLETE COLLAPSE.

Accident to a Country Wagon and Its Occupants.

Yesterday afternoon while the crowds were gathering to see the procession pass along the streets four native women who live across the river beyond the bridge were going down Second street in an old rickety wagon, drawn by one little, poor old horse. They had in the wagon quite a lot of groceries. Just in front of M. P. Stamm's residence one of the hind wheels broke all to pieces and all fell to the ground. There was a little girl, one little boy and a baby besides the women. The boy was injured to some extent, not badly. Mr. Stamm furnished a pole, and he and Fred Parish and Rev. W. D. Clayton, who happened to be passing, fixed up the wagon by resting one end of the pole on the front axle and letting the other end stick out behind, resting on the ground. An expressman came along and took the groceries and little boy. One of the women drove the horse and the rest walked, and thus they went on their way rejoicing, thankful to the gentlemen for their assistance.

Two Tough Citizens Married.

New York, Oct. 4.—A dispatch was received in this city today announcing the marriage at Buenos Ayres of Putnam Bradley Strong and May Yohe.

TIME EXTENDED.

The Contest for Queen Will Not Close Until Saturday October 11.

EXPERT DECORATOR HERE.

It has been decided by the fair association, after due consideration, that the time for closing the queen's contest will be postponed from Monday night until next Saturday night, a week from tonight. Very little interest has been taken in the contest up to date, and it is for this reason that the date of closing the polls is postponed. The voting remains today as yesterday, Miss Belle Yancey leading with 62 votes, Miss Jeannette Walton second with 58 votes and Miss Laura Armijo, the new candidate, has 29 votes.

Troop G, which will be here fair week, left Fort Wingate last night with Captain Walker in charge. Troop F, under command of Captain Smith, has returned to the fort from a month's practice march in Arizona. Troop G is expected to arrive here some time next Saturday and will go into camp on the vacant lots in the rear of Gov. E. S. Stover's residence on West Railroad avenue.

A. H. Barkley, the expert decorator and trimmer, who will superintend the building of the Montezuma float and give a few pointers toward the arranging of the city's festivity garb, has arrived from Kansas City and is around getting acquainted with the merchants.

Mark Hanna, the bookmaker, has arrived and is around today getting acquainted with the different horsemen. Mr. Hanna comes direct from Roswell, where he sold pools at the fair which took place last week. He says that Roswell will be well represented in Albuquerque during the coming fair with fruit, vegetables, horses and people.

J. H. O'Reilly, "the boss man at the fair," is in receipt of a letter from the Prudential Insurance company's office at Newark, N. J., stating that Chas. B. Ward, a nephew of the vice president of the company, would be here during the festivities. The letter requests that the best hotel accommodations in the city be reserved for Mr. Ward for the entire week.

The base ball situation is about the same as stated in previous editions of The Citizen. The prospects of a fine tournament could not be better. All the crack players advertised as coming are sure to be here.

Under the excellent supervision of Street Commissioner Martin Tierney and Base Ball Manager Roy McDonald the diamond at the fair grounds is being put in fine shape for fast base ball playing during the fair.

ERIE EXPRESS IN FATAL WRECK.

Another of the St. Louis Boodler Aldermen Arrested.

THE PRESIDENT'S HEALTH IS GOOD.

Special to The Citizen.
Santa Fe, Oct. 4.—The administration won three precincts out of four in the city of Santa Fe and a big majority in the county. Catron lost his precinct and is not a delegate to the convention. Antonio Ortiz Salazar lost his precinct and is not a delegate to the convention.

Fatal Railway Wreck.

Williamsport, Pa., Oct. 4.—The Northern Central railroad passenger train known as the "Erie express," crashed into the rear end of a freight train near Milton, Pa., this morning. Passenger Engineer Wheeland, of Harrisburg, and Freight Conductor Stringer were killed. Fireman Shaffer, of the passenger train was seriously hurt. None of the passengers was injured.

Arrest of a Boodler.

St. Louis, Mo., Oct. 4.—Chief of Police Kieley received a telephone message from the captain of the tenth police district at 11:45 this morning to the effect that Patrolman Coulter had arrested John A., alias "Kid" Sheridan, the fugitive member of the house of delegates, wanted on charges of bribery and perjury, in a saloon in the west end.

President's Condition.

Washington, Oct. 4.—The president's condition was reported by physicians today to be most satisfactory.

POLICE COURT.

A Fine Array of Non-Working Creatures Up This Morning.

A congress of bumper riders were on exhibition in police court this morning. A tougher aggregation has not performed in the arena for some time. The police judge administered the law in large doses, but none received an overdose.

J. Maggallin, a typical bum, who has been around town several days working the sore arm racket, received thirty days all at the same time to take care of his wounds.

Ed Murray, a want-to-be cigar maker; George Mitchell, a bum fashionable tailor, and W. R. Brown, a colored traveling man, were each given ten days of quiet life.

A big native, who had an awful thirst when he came to town, was given five days because he proceeded to satisfy his thirst.

Frank McCleary, a boiler maker by trade, and Frank Kirby were given notice to get work or hit the road as fast they could.

This big docket this morning was not caused by the big show being in town, as many of the guests of the station had been hanging up here several days and others were recent arrivals. The police had very little trouble handling the crowds that were in the city yesterday. They were very orderly and attended strictly to their own affairs. But the police were on the alert all the time looking for confidence men, street workers and all other artists of the non-workable club. The prevention of crime is better than all the law that can be administered afterward.

Married.

Cooperstown, N. Y., Oct. 4.—The marriage of Mrs. Alfred Corning Clark to Bishop Henry C. Potter took place at noon at Christ's church at this place.

Scarcity of Coal.

London, Oct. 4.—The coal situation in the United States and President Roosevelt's intervention has aroused widespread interest here, though many comments are purely selfish. Commenting on the prospective scarcity of coal in the United States for some time to come, the Globe this afternoon suggests that the subsequent demand for English supplies is liable to lead to such a coal famine here as to necessitate government action to prevent the export and depletion of the local coal stock. Additional large orders from the United States for steam coal were reported today on the Newcastle exchange.

For Delegate to Congress
B. S. RODEY.

Let's not get excited about politics until after the territorial fair.

The republicans of Socorro county have nominated a winning ticket.

American exports to South Africa this year will reach a total of \$33,000,000, or double that of 1897.

To every man comes at least one opportunity. He who is ready for that opportunity and seizes it is made.

The democratic delegation from Socorro county are reported to be in favor of Antonio Joseph for delegate to congress.

There are no less than 3,262 different species of fish inhabiting the waters of America north of the Isthmus of Panama.

Delegate Rodey is popular in Socorro county, and his course in congress is heartily endorsed by the republicans of that county.

One American soldier was always equal to three of any other nation, but uniformed in olive drab he ought to be equal to about sixteen.

The republicans of Sierra county are holding a convention at Hillsboro today. Senator Andrews and Hon. Frank A. Hubbell are present.

Free schools, free elections and liberty of thought and speech are what the republicans of New York recommend in the case of the Philippines.

The National League of Republican clubs in session this week at Chicago adopted a resolution favoring statehood for New Mexico, Arizona and Oklahoma.

Politics will be somewhat lively in Santa Fe next Monday. The republican county convention will be held, and there is considerable factional feeling prevailing.

Nestor Montoya and Seferino Crotti, of this county, were the interpreters at the Socorro republican convention, and they faithfully performed their arduous duty.

A short attendance at the democratic convention at Socorro yesterday has convinced the editor of this paper that the territorial insane asylum should be enlarged.

The coal operators refuse to arbitrate their differences with the strikers in Pennsylvania, and the great labor struggle must continue. The efforts of President Roosevelt to settle the strike have failed.

Hon. W. S. Hopewell, of Sierra county, is in the city. Yesterday at Socorro he secured a nominee for the legislature for his county in the democratic convention and the endorsement of Senator Andrews for the council.

If you would do anything in the world, young man or young woman, first make yourself equal to the thing you would do. Do not fear that the chance will not come to you. Everything will come to you that you have earned and are ready for.

Socorro is on the up grade and is sure to entirely recover from the depression which has so seriously affected the growth of that city. If that town could secure a branch road to the Rock Island it would become one of the best towns in the territory.

A scientist hopes that the helpless-

ness of the people in regard to the coal situation will lead to an ample supply of fuel and artificial light at comparatively small cost. Unfortunately, the means of escape are not in sight, and the severities of the winter are near at hand.

The Springfield Republican asserts that no ten presidents of the United States combined made as many speeches in the first fourteen months of their term of office as Mr. Roosevelt has done. But Roosevelt has always led a strenuous life, which no other president before him ever did.

If there were no territorial officials in New Mexico it would be possible to build up a strong republican party. The officials at Santa Fe have conceived the idea that they should run things in all the counties, and if they are opposed in this they foment dissensions and bolts. This is notably the case in Santa Fe and Socorro counties.

The republicans of Santa Fe county have no right to quarrel among themselves and disturb the party harmony in the territory. The row at Santa Fe is fomented and kept up by men who are holding office and drawing salaries at the expense of the people. They should be told in emphatic terms to go away back and sit down and keep quiet.

The democrats of this county will hold their convention on the 21st of October and nominate a straight county ticket. The democrats of this county have fused so many times in the past with all sorts of political people, that they have that tired feeling, and will try to get in better shape by putting a straight party ticket in the field.

The ever busy statistician has compiled the following: In the last thirty years the population of the United States has increased by 37,000,000; that of France by 3,000,000; that of the United Kingdom by 10,000,000; that of Germany by 15,000,000. One-fourth of the French people live in town, one-half of the Germans, and in the United States one-third. The drift to the towns has been very rapid in the last thirty years.

Hon. W. H. Andrews, the republican nominee for the legislative council from Socorro and Sierra counties, is one of the ablest men in the territory, and being endorsed by the democrats will have no opposition. He will be a valuable accession to the legislature and will be a great benefit to his district. He is a veteran politician, having served in the Pennsylvania state senate and having served four years as chairman of the republican committee of that state. Senator Andrews resides in Sierra county, where he owns a mine and has a pleasant home.

THE OLD HOME.
 Almost every man in this country who has achieved success—in business, financial or commercial; in the sciences or in the professions; in art or in literature; on the stage or in politics—has done so in some field of activity other than the scenes of his boyhood days. This rule holds good, with a minute percentage of exceptions, in relation to the men who are "in the eyes of the public" today. It is a common thing in these days of financial prosperity, to read of this or that man erecting a fountain, a monument or a public building in the town where he spent his earlier years. No matter what measure of worldly success may come to a man, he never forgets the scenes of his childhood, and he never ceases to have a longing for a touch of the old life. Then, too, there comes to men who have succeeded a frequent feeling of love and affection for the spot where they laid the foundations for their prosperity.

The Worst Form.
 Multitudes are singing the praises of Kodak, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with digestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodak and after using four bottles I am entirely cured. I heartily recommend Kodak to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

EXTREMELY INTERESTING.

The Buffalo Bill Wild West Show

Last Night.

THRILLING ENTERTAINMENT.

The great arena at Buffalo Bill's Wild West last night was a scene of exhibitions that were thrilling, entertaining and extremely interesting. The spectators numbered between 5,000 and 6,000 and everyone was greatly pleased. An opportunity to witness the assembling in an arena warriors from every nation in exhibition of their skill, may never occur again.

Col. W. F. Cody was interviewed in his tent just before the beginning of the big show. The representative of The Buffalo Bill in conference with several Indians. Col. Cody introduced a very fine looking buck as the son of old American Horse, chief of the Sioux tribe at the Pine Ridge reservation, South Dakota. Col. Cody had just received a letter from the reservation requesting that American Horse, Jr., be permitted to attend trial there next week, and he was making arrangements for his departure. His presence is needed on account of the recent trouble between the settlers and Indians on the reservation.

Col. Cody in the interview said: "There has been a great many changes and improvements since I first knew Albuquerque."

"My first entrance into the city was in 1850, when I drove six yoke of oxen from Missouri. Yes, I have a great many old friends here. I met old Sam Drake, an old stage driver, United States Marshal C. M. Foraker and many others. I spent more time in the north than around Albuquerque. Well, I have not found the number of good buckers I expected to find in southern California, Arizona and in the vicinity of El Paso. But I have been very fortunate in securing one in New Mexico at Torreon from a Mexican named Pedro Sanchez, and a trial will be made tonight. He may not be what we bought him for, but you will have an opportunity of witnessing the first attempt to ride him. If the horse is what we expect we will name him Albuquerque."

"We have had a very good trip through this country, and I am very much pleased on account of it."

Col. Cody was accompanied by his daughter, a very charming young lady. The assembling of the Congress of Rough Riders of the World in the arena was a spectacular sight, and the manner in which they made their appearance was very thrilling. The scene was complete in its beauty when the colonel made his appearance and made a few introductory remarks. The exhibition of riding which followed showed that they were skilled in their profession. Feats of unusual merit following were: Race of nations, artillery drill and the quickness in which they drilled added much beauty to the scene; exhibition of riding pony express; skilled Mexican lariat throw.

SMOTHER A COUGH.

You can smother a cough with your hand but you can't cure it that way. Some medicines only smother coughs.

Scott's Emulsion cures them. Old coughs and deep-rooted coughs can't be cured until the inflammation which causes them has been replaced by healthy tissue.

That is exactly the kind of thorough work Scott's Emulsion does. It changes the entire nature of the throat and lungs so that there is nothing to cough about.

ers; a sham battle which was almost realistic in its appearance; the athletic performances of Turks; then the most thrilling and exciting feature of the whole performance, the saddling and riding of bucking bronchos, in which Albuquerque, the strong looking fine grey was the star performer. After many attempts the rider, a cowboy of admirable nerve made the first mount only to be thrown on his head. The crowd held their breath because it was a hair breadth escape. The second mount was exciting to a great degree. The broncho began a fine exhibition of jumping and bucking, which unseated the rider after he had gone about ten paces. The rider was thrown between the two horses on his head and it looked as though he might be badly injured. He was on his feet in a moment and was ready for another attempt. The third time he mounted he made good, but it was with the greatest difficulty he held his position. The spectators showed their appreciation of this wonderful and daring feat by a tremendous applause. The exhibition of nerve and bravery brings nothing but admiration from the people. The attack on the stage by the Indians, repulsed by the cowboys led by Buffalo Bill was very picturesque and extremely exciting. Buffalo Bill made his appearance in the arena riding his favorite black horse, shooting glass balls as they were thrown in the air. The first time around he hit five out of eight; the second time three out of five and the third attempt eight out of eleven. There were many things to be considered as against an exhibition of this kind. Although Col. Cody is getting well up in years he is a good marksman and the same daring scout he always was.

The spectators seemed to be greatly pleased with the performance. As a historical event it is surpassed by none and all who had the opportunity of witnessing the Congress of Rough Riders of the World will never regret it.

Parade.

The streets were filled with a multitude of expectant people for over an hour last evening waiting for the great parade. There was great cheering along the line when the different represented nations made their appearance. Indian braves decorated in striking colors and war paint made the impression which had been intended. The Rough Rider band furnished music that would satisfy the taste of any music lover. The parade was complete in every detail and the crowd which had waited so patiently were extremely pleased.

The Wild West.

Buffalo Bill's Congress of Rough Riders never fails to create great enthusiasm wherever it goes. Genuine soldiers are always the admiration of American youth, as they are the pride of those of older years.

Col. Cody ("Buffalo Bill") includes in his company some of the picked men of Uncle Sam's cavalry. These marvelous feats of horsemanship amount to no less than they arouse the pride of all American citizens.

That the Wild West is the most remarkable and realistic exhibition of an important epoch in American history is not to be questioned.

Col. Cody finds it difficult to secure representation of the Indian tribes, being no more recruits to the cowboy ranks, therefore the day is fast approaching when the Wild West will pass out of existence to live long in the memory of those generations fortunate in seeing it in its glory and importance.

Spent More Than \$1,000.

W. W. Baker, of Plainview, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1,000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and, thanks to this great remedy, it saved her life. She enjoys better health than she has known in ten years." A Typical South African Store. O. R. Larson of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

Notice for Publication.

(Small Holding Claim No. 1763.) Department of the Interior, United States Land Office, Santa Fe, N. M., Sept. 24, 1902.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim under sections 16 and 17 of the act of March 3, 1891 (26 Stats., 854), as amended by the act of February 21, 1893 (27 Stats., 470), and that said proof will be made before the clerk of the probate court at Albuquerque, N. M., on November 10, 1902, viz: Carmel Ruiz de Sandoval, in behalf of the heirs of Telesfora Lopez de Ruiz, for the tract in sections Nos. 7 and 8, T. 9 N., R. 3 E., New Mexico principal meridian.

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz:

Gregorio Barcia, Francisco Apodaca y Molina, Justo Gutierrez, Amador Sanchez, all of Albuquerque, New Mexico.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the interior department why such proof should not be allowed will be given an opportunity at the above mentioned time and place to cross examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

Notes from Correspondents

Special Correspondence.

Las Vegas, Oct. 3.—Adolph Wiser and Samuel Weinert arrived here last night from Santa Fe. They were pardoned from the penitentiary on October 1 by Governor Otero. It will be remembered the two Romanian Jews were convicted last May of larceny and receiving stolen goods from H. Feld's department store, and were sentenced to one year each in the penitentiary. There was considerable effort made by a number of the local Jews at the time to get the case disallowed, but the men were convicted. Since then the local Jews have been making the effort to get the men released, and were successful after the fellows spending three months and twenty days in the prison. The men say they will not remain here but will go on to Colorado, as they think that place better for them.

Ben Elliegeorge arrived today from Indiana, where he has been visiting several months. He will be the stamp-er in the postoffice here.

Allen French, a young lad about 16 years of age, was arrested last night by the night police as he got off the blind baggage of No. 8. The arrest was made on receipt of a telegram from the sheriff of McKinley county, W. A. Smith, of Gallup. The lad was running away from home, and the arrest was caused by his father, Adam French, of Gallup. It seems the father and mother went to Colorado for a visit a short time ago, and on returning home, found some things missing. The father accused the boy of making away with the missing articles, and the lad resented the accusation, and struck out in the world for himself. A telegram was received here this morning from the father, who is a watchman for the railroad at Gallup, asking him to come home as his mother was sick, and telling him it would be all right with him. The lad consented to return and transportation was telegraphed him and he left this afternoon.

The Mora mandamus proceedings was up before Judge William J. Mills this morning, the attorneys for the plaintiffs being E. V. Long, G. P. Money and A. A. Jones. The defense was handled by Hon. Charles A. Spiess and S. H. Davis. The question was on a demurrer to a writ of mandamus to compel the board of county commissioners of Mora county to restore the several changed precincts to their original bounds. The argument was made on a question of law to determine if on the face of the writ, whether the petitioners have any right. The judge took the matter under consideration, and will render his decision Monday.

Capt. L. C. Fort left this afternoon for Beaver City, Okla. He goes to help prosecute a man charged with murder there, and the case is called for Monday. Mr. Fort's client is the widow of the murdered man, and it is a splendid compliment for the captain to get a call from such a distance, and especially is it a compliment to his ability as a criminal lawyer.

The stores will all close on the east side tomorrow to allow all hands to go to see Buffalo Bill. They will close shortly after 1 o'clock and remain closed during the performance.

William Weeks, who has lately returned here from a visit with his brother, Lige Weeks, of Deming, left today for Nebraska.

The cavalry troop will dance tonight. Mrs. F. B. Romero arrived here this afternoon from El Paso to visit with her father-in-law, Benigno Romero.

Hons. Joshua Reynolds and Wallace Reynolds, wife and family arrived here this afternoon and will remain over for the circus.

Mrs. M. Naudy, who has been visiting friends here, left this afternoon for Denver.

Mrs. E. E. Herman, of Lamy, arrived here this afternoon to visit with Mrs. W. G. Koogler and see the Wild West tomorrow.

The air brake instruction car of the Santa Fe came in last night on No. 7 and is in the yards today, remaining until tomorrow night. The car is from Topeka, in charge of E. V. Turner, and is en route south. All employees of the Santa Fe, who desire, are given instruction in the working of the air

brakes.

Miss Vera Chapman returned this evening on No. 1 from an extended visit at South Bend and other points in Indiana.

Mrs. A. Baca, sister of John Bout, came in this evening with her family from Shoemaker and will take in the show tomorrow.

L. M. Parke and bride came in this evening on No. 1 from their Shoemaker ranch to see the sights tomorrow.

Col. R. G. Head and daughter returned this evening from their trip up to Wagon Mound.

There was quite a little snow in the air this morning, and patches of the "beautiful" in many places.

Judge Mills has given W. B. Bunker, as attorney for Gottlieb Lauer, judgment in the sum of \$624 against the San Miguel National bank, same being for a deposit, with interest, made by plaintiff in the bank, he having lost the certificate. The suit was a friendly one.

W. B. Twitchell, F. C. Smith and William Sparks have recorded the Chicago claims 1, 2, 3 and 4 in the Cooper mining district, or near the Hamilton mine near Gorieta.

W. C. Wrigley, the Raton attorney, was here today on legal business, and is suspected of wanting to stay over to see the circus tomorrow.

Sheriff of Mora county, Teodoro Roybal, is in our county capital today to hear the mandamus proceedings.

Richard Larimore and wife will leave tomorrow night for Kansas City, where Mrs. Larimore will undergo an operation. Mr. Larimore will return in a couple of weeks and Bert L. Corey will take his place at the ticket office during his absence.

H. C. Ryan, the Santa Fe tie inspector, is on the sick list today.

Superintendent Fox has been in Topeka since the first of the week working on the new time card. It has not yet been definitely decided when the daily flyer will go on, as the company is delaying a little waiting for the new equipment.

Mrs. C. I. Mayfield is on today's in disposed list.

TRUE ARMOR.

Proper Food Defends Against Disease.

There is an assayer and chemist in Rosita, Colo., Mr. C. Wulsten, who shows by actual every day demonstration that scientific food will make a man young again. He says:

"The question of proper food which will assimilate and protect the system from loss and waste of brain and muscle, becomes a serious one when man advances to my age of past 68. I am continually under a brain and muscle strain which for the last thirty-five years were upon me seriously. My digestion became impaired and my whole system weak."

"I saw Grape-Nuts in a grocery store and bought a box. I tested it in my laboratory and found it correct according to your declaration of its substances in proportion with the phosphates intact."

"I made it my principal food and gained in one year 18 pounds in weight and had the pleasure of seeing my ingestion leave me entirely. After a year and a half of its use, I feel twenty years younger and am as strong and supple as I never was before during the last decade. I simply have found the true armor which is defending my body against disease and withering age."

"I find it of advantage in field work and when prospecting in the mountains. When I go out upon geodetic expeditions, I take a quantity of Grape-Nuts along with me. This abolishes cumbersome baggage and food cooking utensils. A little sugar, a can of condensed milk, my Grape-Nuts, and I have my food in a closely condensed form, not weighing over four pounds to carry and I never get hungry. Concentrated reagents are the most effective in all chemical operations, and Grape-Nuts are the reagents that keep the body's laboratory (the stomach) in perfect working order. Your product is perfect."

HUGE METEOROLITE.

Hon. Antonio Joseph Discovers One Near Ojo Caliente, Taos County.

Hon. Antonio Joseph, former delegate to congress and proprietor of the celebrated Ojo Caliente bath resort, while driving in the vicinity of that place a few days ago discovered what appeared to be a large iron boulder, very different in formation from anything in that section. He chipped off a small piece and showed it to a scientist from Chicago, now sojourning at the hot springs for his health, who pronounced it a genuine meteorolite stone, the largest he had ever seen. This meteorolite is attracting a great deal of attention, being the largest ever found in New Mexico and likely in the west. It weighs between 500 and 1,000 pounds.

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquifies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. F. S. McMahon, Hampton, Ga. "A lad called rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." B. H. Briggs & Co.—J. H. O'Reilly & Co.

FROM DEMING.

Case Ball Park Ready—Grateful to Governor Otero—Social Notes.

Special Correspondence. Deming, N. M., Oct. 3.—Last Friday evening the weekly dance at the opera house was attended by a small but select crowd, all of whom enjoyed themselves greatly, the evening being cool and pleasant for dancing.

Saturday afternoon Mrs. P. R. Smith gave a tea to some of her friends, which all enjoyed. Mr. Lloyd entertained the company with some of the best singing heard in Deming for a good while. Mrs. I. Brown also did herself and her hostess proud in this line and as accompanist.

The Deming base ball park is being rapidly fenced and put into first class condition, so that hereafter visiting teams will not have to depend altogether on subscriptions for expenses. We have one of the best little teams in the territory, and the boys are willing to tackle anything here in the amateur line.

Tuesday morning Frank E. Rogers, the New York partner of P. R. Smith, Jr., arrived in Deming to remain permanently. He has gone into the partnership of Stone & Smith, and the firm name will hereafter be Stone, Smith & Rogers. Mr. Rogers was forced to close out the New York business on account of his health, as Mr. Smith has been in Deming for somewhat over a year now for the same reason, and there was little likelihood of either of them being able to return there and continue the business.

Tuesday evening, Mrs. P. R. Smith, Miss Kendrick and Miss Smith entertained about forty friends at a Pan-Tan party. Chinese decorations and dishes were the order of the evening and of the refreshments, chop sticks being used in place of forks and spoons, and serving as souvenirs of the evening. The refreshment table was a very pretty sight. After refreshments the first prizes were auctioned off for points won at Pan-Tan. W. H. Greer winning the first prize for gentlemen with fifteen games to his credit, and Miss Hamm the lady's prize with a like number of points. Consolation prizes were awarded to I. B. Stone and Mrs. I. Brown, who paid for them, the magnificent sum of four points each.

Tuesday evening's train brought down quite a number of Silver Cityites for Buffalo Bill's show, among them Mr. and Mrs. John L. Burnside, Eben Burnside, S. H. McAninch, and a number of other Silver City notables. A large number of holiday seekers also came in from Douglas and other points along the Southwestern and Southern Pacific lines, as well as from the outlying ranches.

Wednesday afternoon Buffalo Bill arrived and erected his tents. At 3:30 he paraded, and at 6:30 opened his doors to the people of Deming and surrounding country. He was largely patronized, much to his own satisfaction and undoubtedly to the great amusement of those who viewed his performance, which all pronounced excellent.

There seems to be a disposition on the part of the leading democrats of Luna county not to dispute very hard the election of Governor Otero's appointees here, as there is generally a feeling of gratitude to him for his assistance in getting the county divided. But enough in common with the others we feel grateful to the governor for this, there are several of the positions which could be filled by more acceptable men than now hold them.

M. K. Clements, of Alabama, is a sojourner here in the interest of his patrons there regarding certain mining property in the Dragoon mountains.

Uncle Sam says it's all right

Uncle Sam, in the person of ten of his government officials, is always in charge of every department of our distillery. During the entire process of distillation, after the whiskey is stored in barrels in our warehouses, during the seven years it remains there, from the very grain we buy to the whiskey you get, Uncle Sam is constantly on the watch. We dare not take a gallon of our own whiskey from our own warehouse unless he says it's all right. And when he does say so, that whiskey goes direct to you, with all its original strength, richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY AND AGE, and saving the dealer's enormous profits. That's why HAYNER WHISKEY is the best for medicinal purposes. That's why it is preferred for other uses. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.

Direct from our distillery to YOU
Saves Dealers' Profits! Prevents Adulteration!

HAYNER WHISKEY
PURE SEVEN-YEAR-OLD RYE
**4 FULL \$4.00 EXPRESS
QUARTS 4 PREPAID**

We will send you FOUR FULL QUART BOTTLES of HAYNER'S SEVEN-YEAR-OLD RYE for \$4.00 and we will pay the express charges. Try it and if you don't find it all right and as good as you ever used or can buy from anybody else at any price, send it back at our expense, and your \$4.00 will be returned to you by next mail. Just think that offer over. How could it be fairer? If you are not perfectly satisfied, you are not out a cent. Better let us send you a trial order. If you don't want four quarts yourself, get a friend to join you. We ship in a plain sealed case, no marks to show what's inside.

If you can use 20 Quarts or can get some of your friends to join you, we will send you 20 Quarts for \$16.00 by Freight Prepaid, thus saving you \$4.00. We have been in business over 35 years and have a paid-up capital of \$500,000.00 so you run no risk.

SWITCHES TOO SMALL.

Santa Fe's Cattle Trains Are of Record Breaking Length.

The Emporia Republican says: A few nights ago there were 440 cars of cattle from over this division of the Santa Fe in the stock yards at Kansas City, and 500 in the yards at St. Joe. Of these about 150 cars came from Emporia, or rather were made up into train loads here. For the 150 cars of live stock only three engines were required to draw them.

Up until a few weeks ago such a thing was thought impossible. The engines used were the new prairie freighters, and they took the three trains through without mishap, making almost as good time as though carrying only a moderate load. The only difficulty experienced was the matter of arranging for the regular trains to pass. Many of the Santa Fe switches were too small to accommodate fifty cars, and the operators were forced to do some clever planning. Since success attended this experiment, it will probably be tried again.

ABOLISH EXCHANGE PASSES.

Western Roads May Follow Lead of Trunk Lines.

Executive officers of the western lines are considering the advisability of abolishing exchange passes in western territory. J. T. Harahan, chairman of the local pass committee, has written a letter to Chairman Mahoney of the Western Pass commission asking him to call a meeting for the purpose of considering the pass agreement for 1933.

In the letter Mr. Harahan suggests that under existing conditions it might be best to abolish all exchange passes in the entire western territory from Chicago to the Pacific coast, and from the Canadian border to the Gulf.

Mr. Harahan points out that the pass agreement is likely to be reaffirmed in trunk line territory for the coming year, and if so the western lines will again be placed at a disadvantage. During 1932 the trunk lines have maintained their traveling men in western territory at the expense of the western lines. The western lines have at the same time been compelled to pay for all transportation for traveling men in trunk line territory. This, Chairman Harahan asserts, is manifestly an injustice and one under which the western lines should not rest the coming year.

Out of Death's Jaws.

"When health seemed very near from a severe stomach and liver trouble, that I had suffered with for years," writes P. Muse, Durham, N. C., "Dr. King's New Life Pills saved my life and gave perfect health." Best pills on earth and only 25c at all druggists.

The Topeka State Journal says: Every man in the car department of the Topeka shops is mad because, through an unavoidable slip, Albuquerque was given credit recently for the rebuilding of the 223 for General Manager Wells, of the Santa Fe coast lines, when the same was being fitted up at this point. Correction of the error is hereby made, and it is stated in addition that all the important car and equipment construction and repairs are made at Topeka.

Stricken With Paralysis.

Henderson Grinnett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man. Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

Owing to the fact that Superintendent of Motive Power Henderson was summoned to Texas to assist in moving the cotton crop a week ago, the meeting of mechanical superintendents and master mechanics in this city was postponed until Thursday and Friday, October 9 and 10.

Get a free sample of Chamberlain's Stomach and Liver Tablets at all druggists. They are easier to take and more pleasant in effect than pills. Then their use is not followed by constipation as is often the case with pills. Regular size, 25c per box at all druggists.

James Foley, an employee of the local master mechanic's office, left this morning for a two weeks' vacation spent at his old home at Alexandria, Mo.

Look out for Fever.

Biliousness and liver disorders at this season may be prevented by cleansing the system with De Witt's Little Early Risers. These famous little pills do not gripe. SANTA FE SURGEONS.

They Will Hold a Meeting in Topeka Next Week.

From all over the system the members of the Santa Fe Railway Medical and Surgical society will go to Topeka next week to hold their sixth annual convention which meets in that city October 9 and 10. It is expected that 100 or more of the 160 Santa Fe doctors will be in attendance. All the sessions will be held at the Topeka hospital, and at 2 p. m. of the first day Dr. J. P. Kaster, chief surgeon, will give clinical demonstrations, assisted by his staff. At 4 o'clock the same afternoon the society will be in order. The complete program as arranged follows:

President address, L. D. Jacobs, M. D., Emporia, Kan.

H. M. Smith, M. D., Las Vegas, N. M. Subject: "Plea for more careful examination of patients sent to hospital by local surgeons." Discussion: C. B. Hill, M. D., Guthrie, Okla.

D. R. Fly, M. D., Amarillo, Texas. Subject: "Notes on personal injury case." Discussion: L. H. Munn, M. D., Topeka, Kan.

J. M. Diaz, M. D., Santa Fe, N. M. Subject: "How to treat slight injuries." Discussion: H. W. Goeltz, M. D., Osage City, Kan.

J. F. McConnell, M. D., Las Cruces, N. M. Subject: "Is there a preperforated stage of ulceration in typhoid fever?" Discussion: C. A. McGuire, M. D., Topeka, Kan.

E. E. Morrison, M. D., Great Bend, Kan. Subject: "Chloroform fatality." Discussion: W. C. McDonough, M. D., Topeka hospital.

J. D. M. Hamilton, general claims attorney for the Santa Fe, Topeka, Kan. Subject: "Is a surgeon a necessary adjunct to railroad companies?" Discussion: W. H. Bogle, M. D., Atchison, Kan.

A suit has been filed in the United States circuit court at Los Angeles, by Attorney General Knox, District Attorney Valentine and Special Assistant United States Attorney J. H. Call, on the part of the government, against the Southern Pacific Railroad company. It is an action to recover the excess over the purchase price received by the railroad corporation from the sale of lands within the forty-mile limit of the old Atlantic & Pacific grant from the San Francisco connections to the Colorado river, under the act of July 27, 1866, and involves thousands of acres. A subpoena is asked requiring

A Sudden Twinge

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous substances which are the cause of the disease. It not only purifies the blood but by increasing the activity of the blood-making glands, it increases the supply of pure, rich blood which adds to the vigor of every physical organ.

Mr. R. A. McKnight, of Cedar, Williamsburg Co., S. C., writes: "I had been troubled with rheumatism for twelve years, so bad at times I could not leave my bed. I was badly crippled. I tried many doctors and two of them gave me up to die. None of them did me much good. The pains in my back, hips and legs (and at times in my head), would nearly kill me. My appetite was very bad. Everybody who saw me said I must die. I took five bottles of the 'Golden Medical Discovery,' and four vials of 'Pelle's,' and to-day my health is good after suffering twelve years with rheumatism."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

ing D. O. Mills, Homer S. King and the Central Trust company, of New York, as trustees, to appear in court to answer to the complaint.

A meeting of general passenger agents and auditors of trunk line railroads has been held in New York city to consider the establishment of an interchangeable mileage bureau, the object being to provide an interchangeable mileage ticket that will be good on roads throughout the trunk line territory. Although no official announcement was made, it is said the subcommittee having in charge the plan of arrangements for the proposed system has agreed on practically all details and will be ready to make a report containing a definite plan and recommending the adoption of an interchangeable mileage system at a meeting of the general trunk line passenger committee October 23. The plan contemplates the creation of an interchangeable mileage bureau, which will have charge of the system.

SO SOOTHING.

Its Influence Has Been Felt by So Many Albuquerque Readers.

The soothing influence of relief after suffering from itching piles.

From eczema or any itchininess of the skin.

Makes one feel grateful to the remedy.

Doan's Ointment has soothed hundreds.

Here's what one Albuquerque citizen says:

A. M. Whitecomb, nursery, corner of Eighth and Tijeras streets, says: "In my estimation there is no ointment for the purposes it is used that can equal Doan's. There was a spot just below my knee which annoyed me for ten years. Unlike eczema it did not spread but at times it itched so exasperatingly particularly after I went to bed or sat by the stove, that I scratched it until it smarted before relief came. I tried every salve and ointment I came across, when one did not help I bought another and slapped it on. Reading about Doan's Ointment induced me to go to the Albuquerque Pharmacy and pay four bits for a box. In a few days the itchininess ceased and the life of the part affected was killed for up to date, and it is now over six months since I stopped the use of the salve there has not been a symptom of its reappearance."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Drying preparations simply save, on dry earth; they dry up the secretions which adhere to the mucous and decaying, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and steam and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh of the head, throat and lungs. A trial size will be mailed for 10 cents. 271 Broadway, New York City. Ely Brothers, 100 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
