READY FOR THEM

The Old Soldiers Moving on Washington.

THE CARDINAL GIBBONS JUBILEE.

General William Booth, of Salvation Army Will Arrive Tomorrow.

THE W. C. T. U. CONVENTIONS.

Washington, D. C., Oct. 3.—The national capital is being decked out in gala attire to an extent seldom before known in her history. From one end of the city to the other, on every hand, workmen may be seen putting up a bewildering array of bunting, flags and streamers, until the eye is sated with the varied display. Men who have attended other encampments of the Grand Army of the Republic are authority for the statement that the general decorations will fully come up to those of any other city and that the electrical display will far exceed anything of the kind ever attempted before. Not only are business streets and the houses on the line of parade decorated, but in all parts of the city, even to the suburbs, evidence of the patriotism of the citizens is blossoming out in a rainbow of color.

The committee on decoration and illumination has been very thorough in its work and has introduced several entirely new features. During the week of the encampment the dome of the national capitol will be illuminated with searchlights for the first time in its history. Commander-in-chief Eli Torrence had requested that the capitol be lighted up while the veterans were in Washington, and the chiefs of departments put their heads together to evolve the most effective scheme of night decoration. It was decided that the glow of searchlights on the white marble dome would produce an unusual and striking effect, and the electrical engineers are now carrying the scheme into effect, using for the purpose the huge naval searchlights in vogue in Uncle Sam's ships of war.

The city will be handsomely dressed by day as well as by night. Enough of the work has now been done to give the visitor an idea of the outline of the general scheme of the decorations. One of the most unique features consists of the floral decorations. There are perhaps 100 small parks and open spaces within easy reach of Pennsylvania avenue, and these have been transformed into the encampment decorations. Near General Hancock's statue, at Seventh street and Market space, for example, the trefol of the Second Army corps has been done in varicolored flowers. A triangle in solid colors in another park designates General Thomas' old command, the Fourth corps. About the pension building are a dozen army badges of flowers, among which the most conspicuous is that of the Ninth corps, designed by General Burnside, with its shield, anchor and cannon admirably modeled in coleus and begonia plants. These decorations converge on a court of honor which has been built in the space inclosed by Lafayette square and the grounds of the white house. At night this space will glow with thousands of colored electric lights, illuminating the smoke which will ascend from several pyreurs, transfiguring the plaza into a structure of the most delicate beauty.

Michigan Veterans.

Detroit, Mich., Oct. 3.—The headquarters train for the Michigan department of the Grand Army of the Republic leaves Detroit late this afternoon, carrying several hundred veterans and their friends to the national encampment. The party plans to spend Sunday inspecting the Gettysburg battlefield, the train reaching Washington Monday morning.

CARDINAL GIBBONS.

The Silver Jubilee as Archbishop of Baltimore.

Baltimore, Md., Oct. 3.—Cardinal Gibbons was deluged with congratulations today on the occasion of his silver jubilee as archbishop of Baltimore. It was at first proposed to make a notable occasion of the jubilee anniversary, but by request of his eminence the celebration has been deferred until 1906 when it will be merged in the celebration of the centennial anniversary of the laying of the corner stone of the Baltimore cathedral.

Cardinal Gibbons was born in this city July 23, 1834, of Irish parents. During his boyhood he was taken to Ireland, where he received the elements of a liberal education. On returning to the United States it was de-

termined by his parents to consecrate him to the service of God, and he entered St. Charles college, Maryland, where he graduated with distinction in 1857. Thence he went to St. Mary's Seminary, where, after taking the usual courses of theology and philosophy, he was ordained a priest by Archbishop Kenrick. Father Gibbons was at once assigned to duty, and hard duty at that time, in the city of Baltimore, serving first as an assistant priest at St. Patrick's church, East Baltimore, under the famous Father James Dolan. Afterward he was sent as pastor to the then humble and struggling parish of St. Bridget's Canton, a suburb of Baltimore. In 1887 he received the red hat of the cardinalate from Pope Leo XIII., having previously been invested with the insignia of the office at the Baltimore cathedral.

Reception for General Booth.
New York, Oct. 3.—A fleet of twelve steamers, bearing 2,000 officers and soldiers of the various eastern divisions of the Salvation Army, will go down the bay tomorrow morning to meet the steamship Philadelphia, on which General William Booth is a passenger. Later there will be a monster parade in honor of the venerable founder and leader of the Salvation Army movement.

Early in the coming week there will be a public meeting in honor of General Booth, over which Mayor Low will preside. Following a few days spent in this city the general will start on an extensive tour of this country and Canada, delivering public addresses and holding important conferences with the officers of the organization. Among the cities to be visited are Toronto, Montreal, Winnipeg, Buffalo, Columbus, Chicago, Minneapolis, St. Paul, Grand Forks, Kansas City, Denver, San Francisco, Los Angeles, Birmingham, Cincinnati, Baltimore and Boston.

Wearers of "White Ribbons" Holding Conventions.

Madisonville, Ky., Oct. 3.—White-ribboners have rallied here in force for the annual state convention of the Woman's Christian Temperance Union. The gathering will be formally opened tonight with Mrs. F. E. Beauchamp, of Lexington, presiding. The sessions continue until the middle of next week and a program of unusual interest has been arranged. Officers reports prepared for presentation to the convention show a year of great activity for the organization.

In Nova Scotia.

Sydney, N. S., Oct. 3.—The seventh annual convention of the Nova Scotia Woman's Christian Temperance Union began its sessions here today and will continue until Monday. Several prominent speakers and temperance workers are to be heard, among the number being Mrs. Nellie G. Burger, of Missouri, organizer of the National Woman's Christian Temperance Union of the United States.

BOX CAR THIEF.

Arrested at Cerrillos and Lodged in Jail at Santa Fe.

Ben Williams, special officer of the Santa Fe, is in the city. Mr. Williams tells of the clever capture of Albert Hamby, the thief who broke into a box car loaded with merchandise, at Lamy, a couple of weeks ago. The goods stolen were articles of clothing and dry goods.

The arrest was made at Cerrillos by Mr. Williams himself. A part of the goods stolen were hidden at Cerrillos, and with the help of the thief were recovered.

Hamby was only arrested on suspicion of being connected with the robbery, and had he not broken down and given the job away, his identity with it would still be uncertain. He was heavily armed when captured and will be charged with carrying concealed weapons, as well as the charge of larceny.

He was lodged in jail at Santa Fe to await the action of the grand jury.

Prince of Siam Sails.

London, Oct. 3.—The crown prince of Siam, Chulalongkorn Rajavidyalok, whose sightseeing and investigations have kept him on this side of the Atlantic considerably longer than at first contemplated, finally sailed for New York today, accompanied by his numerous suite. The crown prince says he expects to visit President Roosevelt, make a two months' tour of America and then sail for Japan and home.

Higher Prices for Rice Crop.

New Orleans, La., Oct. 3.—A canvass of the producing districts of Louisiana and Texas indicates that the rice crop this year will be 500,000 sacks or 50,000,000 pounds short of last year's yield. The figures show a total yield of 3,100,194 sacks, two-thirds of which is the output of Louisiana. The quality of some of the crop is said to be inferior, and higher prices are predicted.

COAL CONFERENCE

President's Patriotic Remarks to Operators and Miners.

APPEALS TO THEM FOR THE PEOPLE

Prospects Are Bright for Resumption of Coal Mining.

THE NEW ORLEANS STREET CAR STRIKE.

Washington, D. C., Oct. 3.—At 11:25 o'clock, when the conference over the coal strike situation had been in progress but fifteen minutes, the railroad representatives left the conference room and were closeted in a room on the lower floor of the white house.

The general supposition was that they had either received a proposition and had retired to consider it or had retired to prepare one of their own. Soon after retiring to their room the railroad representatives left the white house.

They refused to say anything except they were coming back at 3 o'clock for further conference.

President Mitchell and his party left the white house soon after the railway presidents.

The following statement was made public at the white house:

"Remarks of President Roosevelt at the opening of the conference, October 3, 1902.—I wish to call your attention to the fact there are three parties affected by the situation in the anthracite trade—the operators, miners and general public. I speak for neither operators nor miners, but for the general public. Questions at issue which led to the situation affect immediately the parties concerned—the operators and miners; but the situation itself vitally affects the public. As long as there seemed to be reasonable hope that these matters could be adjusted between the parties it did not seem proper for me to intervene in any way. I disclaim any right or duty to intervene in this way upon legal grounds or upon any official relation that I bear to the situation, but urgency and the terrible nature of the catastrophe impending over a large portion of our people in the shape of a winter fuel famine impel me, after much anxious thought, to believe that my duty refers me to use whatever influence I personally can bring to affect a settlement of the situation which has become literally intolerable. I wish to emphasize the character of the situation and to say its gravity is such that I am constrained to insist that each one of you realize the heavy burden of responsibility upon him. We are upon the threshold of winter with an already existing coal famine, the future terrors of which we can hardly yet appreciate. The evil possibilities are so far reaching, so appalling, it seems to me that you are not only justified in sinking but required to sink for the time being any tenacity as to your respective claims in the matter at issue between you. In my judgment the situation imperatively requires you to meet upon a common plane the necessities of the public. With all earnestness that there is in me, I ask that there be an immediate resumption of operations in the coal mines in some such way as will, without a day's unnecessary delay, meet the crying needs of the people.

"I do not invite a discussion of your respective claims and positions. I appeal to your patriotism, to the spirit that sinks personal considerations and makes individual sacrifices for the general good."

At 12:30 o'clock, Secretary Root terminated nearly an hour's private conference with the president. The secretary was in an optimistic mood when he left the white house. He said he could not communicate anything further than what had been given to the press, but he did not hesitate to express an individual opinion to the effect that the prospects were bright for some satisfactory outcome to the negotiations instituted today.

Secretary Moody dropped in to see the president about noon. He stayed, however, but a few moments and while he stated that it was purely naval business that brought him to the white house, he did not deny that he had acquainted himself with the coal strike situation.

At 3:25 the conference was still in session without result. The news that came from the inside to the effect that the coal presidents had prepared statements which they intended for the public caused a feeling of depression, for it was taken to mean that they had resolved to maintain their position public their reasons or so doing. After the conference had been in progress

about long enough for the reading of papers, Secretary Cortelyou came out and called in Assistant Secretary Barnes, who is an expert stenographer. This indicates that proceedings are being taken down.

Operators and Miners.
Washington, Oct. 3.—When Mr. Mitchell and District Presidents Duffy, Nichols and Fahey left the white house after the conference they returned to the hotel, where they were closeted during the afternoon. Mr. Mitchell declined to say anything about the purpose in regard to a settlement of the strike.

The representatives of the railroads were driven from the white house to their special train, in which they remained at the Baltimore & Ohio station until it was time to leave for the second conference. They prepared statements which they will present to the president when the conference re-assembles, and which they will make public as soon as the president has seen it.

No Settlement.
Washington, Oct. 3.—At the close of the conference, President Mitchell said: "There has been no settlement."

BAY STATE PARTY

Republicans Meet in Convention at Boston.

STATE TICKET IS NOMINATED.

League Republican Clubs' Resolution Favors Admission of Territories.

THE EL PASO STRIKE SITUATION.

Boston, Oct. 3.—With every plan matured for quickly and harmoniously completing their work, delegates to the republican state convention assembled in the Boston trestle today to nominate a ticket to be voted for in November.

Ex-Secretary of the Navy John D. Long was chosen as permanent chairman. His speech was frequently interrupted by the plaudits of the delegates. Especially was this the case at the close of the speaker's eulogy of McKinley and his praise of Roosevelt.

The platform was then presented.

The platform endorses President Roosevelt, approves and endorses McKinley's course in the Philippines; reciprocity with Cuba demanded and the Dingley tariff praised. Capital has the same right as a labor combine, but the so-called trusts must not be allowed to crush competition.

The following ticket was nominated by acclamation:

Governor—John L. Bates, present lieutenant governor.

Lieutenant Governor—Curtis Guild, Jr., of Boston.

Secretary of Commonwealth—William M. Olin, of Boston.

Treasurer and Receiver General—Edward S. Bradford, of Springfield.

Auditor of Accounts—Henry E. Turner, of Malden.

Attorney General—Herbert Parker, of Lancaster.

Favors Admission.
Chicago, Oct. 3.—The League of Republican clubs' platform adopted today includes a resolution favoring the admission of New Mexico, Oklahoma and Arizona. J. Hampton Moore, of Philadelphia, was elected president.

PLUMBERS AND TINNERS.

The Strike Situation in El Paso Up to Last Night.

The plumbers' strike is unchanged today; all the men who went out yesterday remain out, excepting that McCarthy hired an extra man yesterday. This can be interpreted practically as an acceptance of the situation on Mr. McCarthy's part.

Mr. McCarthy has had very little to say and whatever private opinions he may have he keeps to himself. He is spoken very kindly of by the journeymen and he can get any favors from them.

Not Plumbing Today.

Mosmen & Thorne are not in the plumbing business today as their men all walked out yesterday. The other shops are working, as has been published, with the bosses buckling down to the task.

This does not apply to the shop of Hugh McLean, for he accepted in full all that was asked by the journeymen, and everything is on in full blast with his work.

Big Jobs on Hand.

According to figures given by the master plumbers themselves there must be fully \$40,000 worth of plumbing work under contract in the city today, not to mention numerous buildings that are likely to be erected this month. The masters generally affected by the demands of the journeymen talk as though they will be able to carry these contracts out by a hard struggle, but they admit the difficulty.

With the exception of one shop where any men are retained at all, it is admitted that the men kept at work are getting \$5 a day and the masters are not wretched in smiles when they contemplate those contracts to which their names are appended, although figures for plumbing are most difficult to fathom in the line of mechanical work.

How about seven journeymen and five bosses, who say they are going to work to carry out \$40,000 worth of contracts and over, is not explained.

Journemen Not Talking.

The journeymen are not talking much today, and seem to be satisfied with the situation. When one of them was asked this morning what was the demand for skilled plumbers throughout the country, he simply replied, "The demand is good." The conduct of the journeymen has certainly been

STOCK INTERESTS

Proposed Stock Yards Merger at Kansas City.

GEN. BELA M. HUGHES DEAD.

Limited Train of Southern Pacific in Texas Ditched.

MRS. ROBERT BURDETTE IS BETTER.

Kansas City, Oct. 3.—C. S. Morae, president of the Santa Fe & Denver Stock Yards companies, speaking of the Denver story that the National Live Stock association, western railways and individual stockmen would fight the proposed stock yard merger, said:

"I presume that this dispatch originated in the fact that I have recently been called on by representatives of some of the principal live stock associations of the southwest as to the attitude which the Kansas City Stock Yards company would take toward the establishment of a large packing plant at this place to be owned by cattlemen. While in Denver a few days ago I met J. W. Springer, president of the National Live Stock association, who told me such an enterprise was taking form and that this would be a matter of the greatest interest to be discussed at the annual meeting of the association, which will be held in Kansas City next January. He said he thought there would be no difficulty to raising capital of \$10,000,000 or \$15,000,000 for this purpose and asked me if the Kansas City Stock Yards company would aid and encourage such an enterprise. I told him it had always been the policy of this company to assist in the establishment of packing houses here, and while I was not authorized to speak for the company at this time, that it was my judgment that if such a company should be organized the stock yards would be glad to meet it with the same liberality it has shown to other companies in the past."

GEN. HUGHES DEAD.

Old Pioneer of Colorado Dead from Pneumonia.

Denver, Colo., Oct. 3.—Gen. Bela M. Hughes died at 4:12 this morning. He was born in Kentucky in 1817, and went to Missouri when 20, where he became prominent.

He was the president of the Overland Mail company and participated in the organization of the Denver & Pacific Railway company.

He came to Denver in 1862 and since has been identified with the history of the city and state. He was a member of the last territorial legislature, and ran for governor against Routt, being defeated by a small majority.

He contracted pneumonia some weeks ago and death was expected for the past two weeks.

Fast Train Ditched.

San Antonio, Texas, Oct. 3.—Passenger train No. 9, the through California train on the Southern Pacific, due in San Francisco at 7:30 this morning, was ditched by running into a washed out culvert between Waelder and Bardwell, east of the city. The number of casualties, if any, unknown.

CONGESTIVE HEADACHE.

Mrs. Robert J. Burdette Convalescing from Her Illness.

Los Angeles, Cal., Oct. 3.—Instead of being critically ill from congestion of the brain, as previously reported, Mrs. Robert J. Burdette, vice president of the General Federation of Woman's clubs, is convalescing from a severe congestive headache.

Robert J. Burdette today made the following statement to the Associated Press:

"My wife is not suffering from brain congestion, as has been published, nor is she seriously ill. She suffered from a severe attack of headache, but is now convalescing, and will go east during the month."

Look for Stork's Visit.

London, Oct. 3.—The Princess of Wales will not assist the queen at the court functions of the early winter in view of the fact that an addition to the family of the heir apparent is expected about Christmas time. The ever-growing family of the Prince of Wales has necessitated a larger country home than that heretofore occupied in Norfolk and consequently a new establishment is to be set up on the Hill House property, recently purchased for the Prince of Wales and which is close by his country abode and within hailing distance of Sandringham.

TINNERS RETURN TO WORK.

The journeymen tanners and their employers are, from all appearances, happy today; the merry sound of hammering tin can be heard in all the shops. The men all went back to work this morning in pursuance of the agreement affected yesterday. By this agreement the men will continue to work nine hours per day until January, 1903, when the employees agree that an eight hour day will go into effect.

It was a short strike but settled amicably and without any ill feeling being aroused so far as could be learned.—El Paso Herald, Oct. 2.

Chicago's New Hotel.

Chicago, Ill., Oct. 3.—The million dollar addition to the Auditorium Annex was thrown open to the public today. The new addition makes the famous hotel one of the largest as well as most magnificent hostilities in the world. New offices have been added to the building, an elegant new cafe, and a lobby containing the Tiffany fountain which was exhibited at the Buffalo exposition are also features of the addition to the hotel. All the corridors and halls of the building are finished in the finest of Italian marble.

The City's Fire Horses.

Don and Dan, those two intelligent animals that make the fast runs to all the fires and at all times put forth great efforts to save life and property, have returned from a two months' pasturing and have greatly improved in appearance and health. The two favorites will now commence training for exhibitions during the territorial fair. The department are anticipating making a good display during the week of great sights. The new wagon, when it has received brightening touches, does not need any flowery decorations as the beauty is complete in itself. The horse wagon will be decorated in such a way that it will attract considerable attention.

The boys at the department are working hard and making preparations for display and plenty of activity if need be.

Will Commence in December.

A gentleman in receipt of a letter from the American Lumber company, owners of the Mitchell tract, that they will begin active operations in Albuquerque and in the forest on or about December 1. The plans of the American Lumber company are now about complete. The financing is accomplished, the sale of stock has surpassed the expectations of the management and the company is in position to go ahead with its actual operations in the field. A meeting of the board of directors will be called within a short time to take the final steps in the preparatory work and to authorize the beginning of operations.

The Wholesale Druggists.

Members of the National Wholesale Druggists association of America passed through the city last night. There were 150 in the party and they were traveling in a special train, which stopped here for half an hour. They were on their way to Monterey, Cal., where the annual convention is to be held next week. All the great wholesale houses of the United States and Canada were represented—men who are widely known and who have made millions out of the drug business. Six of Albuquerque's business men met the druggists at the depot and they were entertained to their entire satisfaction. The Alvarado, the museum and curio rooms were visited and before leaving they were presented with fifteen baskets heaped high with New Mexico fruit. On each basket was attached a tiny Mexican hat and a card bearing the labels of each of the Albuquerque retail houses.

The druggists were greatly pleased with their royal reception and carried away very pleasant memories of Albuquerque.

Presbyterians in Session.

A meeting of Presbyterians from all parts of Arizona and New Mexico was held at the Presbyterian church here this afternoon, preliminary to the meeting of the synod of New Mexico which begins tonight. The meeting this afternoon was merely a social gathering to renew old acquaintances and meet new ministers in the field.

The regular program will meet at 7:30 tonight with a sermon by the retiring moderator.

Organization.

Roll call.

Election of moderator and temporary clerk.

Report of committee on organization.

The program for the following three days is as given in The Citizen yesterday.

Rev. William Sloan, of Chloride, Ariz., arrived last night and is in attendance at the Presbyterian synod of New Mexico, which is in session here today.

For Delegate to Congress

B. S. RODEY.

The show at Fort Riley might take on the aspect of real war if a few Arctic explorers could be enlisted on each side.

Cattle are quoted lower in the Kansas City market. In Albuquerque beefsteak is going down, at breakfast time, when it commands sufficient confidence.

Four deaths have already been reported from the foot ball field, which indicates that the new rules have not had all the interest blue-pencilled out of them.

Twelve hundred public schools opened this week in Porto Porto, with an attendance of 50,000 pupils. Americans are justified in claiming that education follows the flag.

Figures have been issued showing that the British army during the war in South Africa consumed 34,500,000 pounds of jam. The war certainly resulted in giving them a jar.

Mr. Bryan hasn't given the warring Montana copper kings any advice as to party harmony. And, so long as the bidding is brisk, perhaps the voters of Montana do not feel that advice is needed.

The news about the successful steering of air ships in the vicinity of New York, by several different inventors, is astonishing. The irrepressible Yankee at one bound makes Santos-Dumont a "has been" and asserts his supremacy in aerial as well as aquatic yachting.

The Denver Times under its new management, the proprietors of the Rocky Mountain News, appeared on October 1, in good newspaper shape, well illustrated and with a large quantity of reading matter. The editorial thunder is located on the last page, and is of course as democratic as can be made, though ostensibly independent.

A "Royal Cattle and Swine Show" is to be held at Kansas City October 20-25, and is likely to be not only interesting but of value. All such enterprises, tending to encourage improvement of qualities of live stock, and incidentally to push the greatest industry of the vast plains country, should be favorably regarded by western people.

It is very unfortunate that the president has no power, as ascertained by his various legal advisers, to do anything in the case of the coal operators beyond pleading with them and offering his good offices as mediator. It is equally unfortunate that he can not lock them up in a fireless room in some far corner of the white house till they can feel how it is with the poor of the Atlantic coast cities.

A New York business man, worth \$200,000 or \$300,000, practices clog dancing as a relief from brain fatigue and irritability, caused by overwork and the cares of business. He tried it as an experiment and found that it brought perfect relief. He believes that it is a natural remedy and cites as his reason for such belief, the fact that a man, when worried or disturbed, will drum on his desk, rap on his table or tap the floor with his foot. These simple acts being safety valves, that give him relief.

A number of grocers and butchers of Trinidad, Colo., after an experience extending over several years with the so-called coupon book system, and being unable to handle this class of accounts accurately, are compelled to ask their patrons to discontinue the use of the same. One of the worst features is the time consumed in

checking up by the solicitors and wagon men, a work that really should be done by the office force. Any patron can have bills as often as they wish so as to check up within memory of the transactions. It is trusted that customers will appreciate the position of the merchants in the matter, and assist them to discontinue the issue of coupon books on and after October 1, 1902.

Thomas F. Ryan, of the American Tobacco company, who just returned from England, where he completed with the Imperial Tobacco company of England, an arrangement by which the two concerns agreed to work in harmony, said: "It leaves the field open in England to the Imperial Tobacco company on condition that they do not interfere with our interests on this side. The rest of the world is left open to both and we may work together or separately as we choose." The capital of the two concerns interested is \$300,000,000.

Delegate Rodey states that he has had hard work to convince congress as to the population of New Mexico, and of the fact that the census was absolutely wrong. A fact that aided him in this more than anything else was that the territory polled about 40,000 votes last election, and registered within a few hundred of 60,000 voters. The delegate requests every board of registration in the territory to do its work as thorough as possible this year so that New Mexico's full registration may appear. It is contended that if the work is done properly the coming election will show a registration of nearly 70,000 voters, and it is hoped that the actual vote polled will be considerably above 50,000.

DELEGATES SHOULD BE SENT.

The National Irrigation congress which will be held at Colorado Springs from October 6 to 9 will be one of the most important gatherings ever brought together in the west, and it behooves public officials and persons occupying prominent positions in the southwest to realize that fact and see that their several localities are properly represented. Mayors of cities and towns, boards of county commissioners and commercial and public bodies are authorized and invited to name delegates without further ceremony. The congress will be attended by the leading irrigationists in and out of public employ and will deal with the multitude of important matters arising out of the new national irrigation measure.

Not since the discovery of precious metals in the west have there been questions of determination so full of rich promise, if rightly treated, as those which will occupy the time of this congress. A new feature is opening for the west and the deliberations of this congress will play considerable part in shaping it.

The citizen, therefore, urges that every community interested in the development of irrigation shall provide for the sending of delegates if it has not already done so.

ROSWELL FAIR.

The first annual fair of the Roswell Fair association is now a matter of history, and everything considered was a decided success, says the Record. It is true there were many things that could have been more ideal and which will be decidedly improved before another year. The matter of better accommodations for the people on the grounds, more buildings, a larger water supply and many other things will receive the attention of the association.

On the whole, however, any one who knows the difficulties which have been met and overcome, has nothing but praise for the enterprise. The fruit display was the finest ever gotten together in the southwest and the finest ever seen in a town the size of Roswell or gathered from so small an area of territory.

The cattle exhibits were not so extensive as would be seen at some of the larger fairs, but the quality in both the Hereford and Durham rings could not be excelled in the west or south.

The racing features were the best ever held on this track and surprised even those who thought they were posted.

The attendance was much more than was expected and other features turned out the same way. Yes, the fair was a success, and we should begin right now to prepare for a grander success next year.

Advertising Chat Chat.

Every business man is becoming educated to the fact that to conduct business without advertising is like having a store open at night with all the lights turned off.

They have also acknowledged that the newspaper is the best medium that reaches the people and brings with it results.

The newspaper goes into the homes,

the store and the office. People read advertisements as well as telegraph, market, local and business news. They have learned that whenever a merchant has something that he wishes to make a special sale on at bargain prices he will tell his story in the newspaper.

What is the use in having your store stocked with goods that the people know nothing about? If you want to sell your goods you must tell the people know what you have for sale and the advantage that can be derived by dealing with you.

Advertising is no experiment or scheme to unload a lot of old stock, but it is a common sense scientific principle that every business man should understand, as well as he understands his business.

A man may have a thorough knowledge of the goods he has on hand, but unless he knows how to tell the people what he has and what he can do for them, his business will be a failure.

If you want your business to be a business superior to your competitors you must advertise and advertise thoroughly. And the newspaper is the only means of thorough advertising.

Do You Want to Yawn?

Feel cold shiverings, aching in the bones, lack of energy, headache, and great depression? These symptoms may be followed by violent headache, high fever, extreme nervousness, a condition known as malaria. Herbine cures it. Take it before the disease gets a fair hold, though it will work a cure in any stage. J. A. Hopkins, Manchester, Kansas, writes: "I have used your great medicine, Herbine, for several years. There is nothing better for malaria, chills and fever, headache, biliousness, and for a blood-purifying tonic, there is nothing as good." 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

Final Homestead Entry—Juan Jose Montoya, Torreon, 120 acres, Valencia county.

One acre of land in Santa Fe county was sold to Hugo G. Goetz.

Incorporations.

The New Mexico & Pacific Railway company has been incorporated. The general offices are in St. Louis, but the principal place of business will be in Raton. The term is fifty years and the incorporators are Hugo Koehler, Paul Reiss, Max Koehler, Thomas B. Harlan and Orville H. B. Turner, of St. Louis, and Jeremiah Leahy and Christopher N. Blackwell, of Raton. The capital stock is \$1,750,000 divided into 17,500 shares of the par value of \$100 each. The capital actually subscribed is \$80,000 and is divided as follows: Hugo Koehler, \$20,000; Paul Reiss, \$20,000; Max Koehler, \$19,800; Thos. B. Harlan, \$19,800; O. H. B. Turner, \$19,800; Jeremiah Leahy, and Christopher N. Blackwell \$100 each. The projected line will be from Raton, thence southwesterly to Cimarron, thence westerly along the Cimarron river to a point near the confluence of the Cieneguilla and Moreno creeks, thence northwesterly in the Moreno valley to Elizabethtown, an estimated distance of 80 miles. An assessment of 10 per cent on the stock subscribed or \$8,000 has been paid to Thos. B. Harlan as treasurer.

The International Harvester company of America was incorporated. The capital stock is \$1,000,000 divided into 10,000 shares of the par value of \$100 each. The principal place of business is Milwaukee, Wis. George P. Miller is president, and A. W. Fairchild secretary.

A certified copy of the incorporation under the laws of Missouri of the McAllister Springs company was filed. The principal place of business is Sedalia, Mo., and the capital stock is \$20,000, divided into 200 shares of the par value of \$100 each. The term is 50 years. The object of the company is to improve McAllister Springs in Saline county, Missouri, to bottle and sell the waters, erect hotels and bath houses, buy and sell real estate and conduct a mining and smelting business. The directors, all of Sedalia, are E. F. Hoffman, D. I. Holcomb, G. L. Faulhaber, J. W. Cool, J. T. Montgomery, G. C. Hoffman, J. W. Bowman, Dr. A. V. Small, and J. C. Van Riper. W. H. Wilcox, of Wagon Mound, Mora county, is designated as the New Mexico agent.

Forty Years Torture.
To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what De Witt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "De Witt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. B. H. Briggs & Co.—J. H. O'Reilly & Co.

WARE IS A CORKER.

What President Roosevelt Told James Whitcomb Riley.
The following is from the Indianapolis Sentinel:
An incident at the Columbia club luncheon that attracted much attention was the greeting between President Roosevelt and James Whitcomb Riley. After the luncheon was well under way Col. Russell B. Harrison came toward the president's table arm in arm with Mr. Riley. The colonel introduced the two distinguished gentlemen.

"Mr. President," said the poet, "I am very glad to meet you. I have been wanting to see you for a long time. One reason was to see you and the other was to congratulate you on the appointment of Eugene Ware. Mr. Ware is a rare fellow. I am awfully glad to see him recognized."
"Well, well," replied the president, "I am glad to meet you and to hear you say that. Ware is a corker and don't you forget it."

AN OLD SORE

months of diligent and faithful use of external remedies that the place remains as defiant, angry and offensive as ever. Every chronic sore, no matter on what part of the body it comes, is an evidence of some previous constitutional or organic trouble, and that the dregs of these diseases remain in the system; or it may be that some long hidden poison—perhaps Cancer—has come to the surface and begun its destructive work.
The blood must be purified before the sore will fill up with healthy flesh and the skin regains its natural color. It is through the circulation that the acid, corroding fluids are carried to the sore or ulcer and keep it irritated and inflamed. S. S. S. will purify and invigorate the stagnant blood when all sediment or other hurtful materials are washed out, fresh rich blood is carried to the diseased parts, new tissues form, and the decaying flesh begins to have a healthy and natural look; the discharge ceases and the sore heals.
S. S. S. is the only blood purifier that is guaranteed entirely vegetable. It builds up the blood and tones up the general system as no other medicine does. If you have a sore of any kind, write us and get the advice of experienced and skilled physicians for which no charge is made. Book on Blood and Skin Diseases free. **THE SWIFT SPECIFIC CO., Atlanta, Ga.**

Look out for Fever.
Biliousness and liver disorders at this season may be prevented by cleansing the system with De Witt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands. B. H. Briggs & Co.—J. H. O'Reilly & Co.

He Wants Information.
Editors Citizen:
Kingman, A. T., Oct. 1.—Several of us expert miners here would like to know what has become of that Hooper pneumatic (dry) concentrator that is put up or was to be put up at Lava. Have you any late information about it? I have a mine myself that is about right for one of these machines if they do the work claimed. Will try and get off to attend your fair. Fraternally,

Will Locate Here.
Frank H. Twist and wife passed through on the Santa Fe this morning for Albuquerque, where they may locate. Mr. Twist was a resident of Trinidad a few years prior to 1896, and was identified with the Advertiser in different capacities. He went from here to Colorado Springs and later moved to Detroit, Mich., where he has been engaged in the lumber business. He is in poor health and hopes to be benefited by New Mexico's climate. Mr. Twist wished to be remembered to his many Trinidad friends.—Trinidad Chronicle.

Natural Anxiety.
Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquifies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. F. S. McMahon, Hampton, Ga. "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." B. H. Briggs & Co.—J. H. McFadden vs. Sieger.
Baltimore, Md., Oct. 3.—Tonight George McFadden will be seen in the squared circle for the first time since he was defeated by Joe Gans at San Francisco a few months ago. His opponent is to be Charlie Sieger, of Jersey City, and the bout is slated for the arena of the Eureka Athletic club, this city. Should he win the decision over Sieger, McFadden will endeavor to get on another go at once with Joe Gans.

AT COLOMBO HALL.

"The Chicago Tramp" was the Attraction Last Night.

"The Chicago Tramp" entertained and amused a well filled house at Colombo hall last evening. Although the rain was very prominent, it was not a rain that would keep tramps or tramp admirers at home. There were some features about the play that brought forth many applause from the audience.

There were several vaudeville acts which were a redeeming feature. The tramp, W. A. St. James, in the character of the happy-go-lucky tramp showed strength in his acting. His acting would be pathetic, then very foolish. The Irish comedian, Mr. Arthur W. Smith, was clever in a way. The audience seemed to be deriving much enjoyment out of the acting, whether it was meant for them to enjoy or otherwise. The audience and gallery were very orderly, some of the actors seemed to be the only ones out of order, as they made some suggestive breaks that was not necessary in the audience that supported them. However no one was greatly offended as such must be expected from a cheap show. Signs of improvement in the interior of Colombo hall are very noticeable. Manager Matson has had the stage rebuilt, including the addition of the two much needed dressing rooms. There has also been a general repairing of the building, a re-arrangement of the lighting system, and a beautiful new curtain adorn the stage. It is hoped that the theatergoing people of Albuquerque will have the privilege of enjoying many pleasant evenings in Colombo hall this winter.

The Worst Form.
Multitudes are singing the praises of Kodak, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with digestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodak and after using four bottles I am entirely cured. I heartily recommend Kodak to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

CALL FOR A REPUBLICAN TERRITORIAL CONVENTION.
A delegate convention of the republican voters of New Mexico is hereby called to meet in the city of Raton at 11 o'clock in the morning of Friday, the 10th day of October, A. D. 1902, for the purpose of placing in nomination a candidate from New Mexico to the Fifty-eighth congress, and to transact such other business as may properly come before said convention.
The republican electors of this territory and all who believe in the principles of the republican party and in its policies as announced in the national republican platform adopted by the republican national convention, held in the city of Philadelphia, June 19, 1900, and who believe in and endorse statehood for the Territory of New Mexico and favor an honest, fair and just administration of public affairs in this territory are respectfully and cordially asked to unite under this call and to take part in the selection of delegates to the territorial convention.
The several counties will be entitled to representation as follows:

Alternates will not be recognized. Proxies will only be recognized if held by the citizens of the same county from which delegates giving proxies were elected.
County conventions must be held on or before the 6th day of October, 1902. County committees will take proper action and call county conventions at such time and places as they may deem best or on that date.
The chairmen and secretaries of the county conventions are earnestly requested to forward true notice of the proceedings of said conventions and of the names of such delegates as may be elected to the republican county convention to the secretary of this committee by next mail after the call of such convention, addressing the same to Santa Fe, N. M.

Where there are no regular organized county committees the members of this committee are authorized and directed to perform the duties of the county committee and act accordingly.

AN OLD SORE
months of diligent and faithful use of external remedies that the place remains as defiant, angry and offensive as ever. Every chronic sore, no matter on what part of the body it comes, is an evidence of some previous constitutional or organic trouble, and that the dregs of these diseases remain in the system; or it may be that some long hidden poison—perhaps Cancer—has come to the surface and begun its destructive work.
The blood must be purified before the sore will fill up with healthy flesh and the skin regains its natural color. It is through the circulation that the acid, corroding fluids are carried to the sore or ulcer and keep it irritated and inflamed. S. S. S. will purify and invigorate the stagnant blood when all sediment or other hurtful materials are washed out, fresh rich blood is carried to the diseased parts, new tissues form, and the decaying flesh begins to have a healthy and natural look; the discharge ceases and the sore heals.
S. S. S. is the only blood purifier that is guaranteed entirely vegetable. It builds up the blood and tones up the general system as no other medicine does. If you have a sore of any kind, write us and get the advice of experienced and skilled physicians for which no charge is made. We Were Too Late.

Bright's Disease and Diabetes Are Positively Curable.

Upon hearing that Charles A. Newton, the farmmaster of the Southern Pacific Company at Sacramento, had a certain case of Diabetes, the business men who were investigating the Fulton Compound, wrote him asking him to take it; but they were late, as he had already heard of it, as per his letter in answer as follows:

"SACRAMENTO, July 21, 1901.
"Dear Sirs: Yours of the 19th received, and I thank you for your information regarding the Diabetes medicine made by J. J. Fulton. I was permanently cured of Diabetes by this medicine, and I now enjoy good health more than ever. I commenced taking it March 20, and June 30th was pronounced cured. I now enjoy my old diet in a mild form, but advance more on it as time goes by, not wishing to attempt too much at once. I was very bad with the disease. The gravity was bad, and I was so weak I could scarcely walk. The physicians helped me some, but did not cure me. I then heard of and went to treating with the Fulton Compound, and only took three bottles when I commenced to feel better, and then kept on improving until I was restored to health."
"I know of another case of Diabetes, an engineer on the road who had the disease for four years. He went to Tucson to die. When I was getting letters sent for him to come to Sacramento to go on the same treatment. On his return he believed no medicine would cure him but I prevailed upon him to try it. The result was in a few days he was much improved that he is on his engine working every day. There are also two cases of Bright's Disease taking it whom I told of it. I hope some syndicate will get this medicine and build sanitariums all over the country for the treatment of these dreadful diseases. Trusting I have not said too much, Yours,
"CHARLES A. NEWTON,
"Farmmaster, S. P. Co., Sacramento."

Medical words agree that Bright's Disease and Diabetes are incurable, but 97 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint, rheumatism, dropsy, etc., but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. LAS VEGAS LACONICS.

Batch of interesting topics from the Meadow Town.

Special Correspondence.
Las Vegas, N. M., Oct. 2.—Judge A. H. Harilee, a distinguished attorney at Silver City, and master Mason, made a very interesting talk to the local Chapman lodge last night on the condition of Masonry in the territory. Judge Harilee reported the lodge in a flourishing condition in the territory, and made a very interesting talk. The attendance at lodge was not as large as it would have been had it been a more favorable night as to weather and other attractions.

The boilers are being set today in the power house for the trolley line. The last of the electrical supplies have arrived, and the dynamo and engines are expected every day now.

J. K. Martin, grand overseer for the A. O. U. W. of the grand lodge, which embraced Arizona and New Mexico, and A. J. Wertz, the representative of the local Diamond lodge, will leave next week for Prescott, Ariz., to attend the meeting of the grand lodge, which convenes there October 14.

The observance of New Year's day today by the Jews was very general. Their stores were all closed, and will remain so until 6 o'clock this evening.

There were special services at the synagogue last night at 8 o'clock and from 10 o'clock this morning until 12:30. Dr. Lefkowitz last night took for his theme, "Greetings," and preached an excellent sermon. He gave some of his attention to the slack attendance at church when there happened to be some social function on, saying his congregation should not let their social duties interfere with the more important one, the religious. This morning's theme was "Israel—Past, Present and Future," in which he reviewed the significance of the day to the Jewish people, and gave his congregation good advice. There was excellent music by a choir made up of some of the best voices in the city, and the services, on the whole, were such as to properly celebrate the day. This afternoon was spent in making social calls, and taking a general holiday.

T. Martin came in this morning from Red river, and figures on becoming a citizen of Las Vegas. He will open up a butcher shop on the west side, as he says he has "too" head of slaughtering cattle, and can get no price for them from the local butchers, so he will open up in business for himself.

The Santa Fe station at Bridge street was discontinued yesterday, and there will be no more tickets sold there. The company feel that the street car people will soon be using the line, and when the change was made in the Dunn Builders' Supply company, who were formerly the agents, it was decided to discontinue the ticket office.

Trinidad Romero, living near Porvenir, was taken quite sick last night and a physician from this city was called.

Train No. 7, which carries the local mail, due at 4:30 in the evening, did not get here until 4 o'clock this morning, owing to a wreck a short distance up the road. The work train, which has been halting the track, went wrong, two of the cars and engine jumping the track. The wrecker went up about 5:30 and put in, the night clearing the track.

There was a 0.28 of an inch of rain fell up to 6 o'clock this morning and the earth has received a good soaking. There was some snow in the drizzle this morning, and it was quite wintry.

The stores of the Jews around town were all closed today, and the town seemed like Sunday.

Hon. Charles A. Spleen began moving into his new residence on the Hot Springs boulevard yesterday.

C. H. Stevens and wife arrived here yesterday from Santa Rosa to visit friends.

Charles L. Hernandez has transferred to Pablo Jaramila, lot 1 in block 81, Kibler plat. Consideration, \$190.

Suit in attachment has been entered in the Guadalupe county district court by A. Mathias against J. C. Reed, to recover judgment in the sum of \$208.88 amount alleged to be due for merchandise sold defendant.

The attendance at the show last night was decidedly slim. It was the third time here for "Too Rich to Marry," and our citizens were not interested. The weather was unpropitious, too, and the company lost money.

The performance was fair, considering the audience. The company went to Albuquerque from here.

Mrs. Emelia M. de Martinez, of Tecolote, died yesterday, and was buried the same day. She was the wife of

Hidalgo Martinez, and was 33 years of age. Mrs. Martinez died from the effects of being thrown from a wagon last Sunday, when returning home from Las Vegas. The wagon, in going down hill, struck a rock, and threw her out and under the wheels, she being run over.

A most delightful party was given yesterday afternoon by Mrs. Edward Sporleder to a large number of her lady friends. The game of the afternoon was six-handed euchre, which seems to be the favorite in local social circles. There were eight tables in the play, and a jolly interesting contest it was. Miss Ruth Reynolds secured the first honors, Mrs. Myrick the ten-hand prize, and Mrs. George Money took the consolation honors. The home was profusely decorated with flowers, and unusually fine refreshments were served. The ladies were delighted with their pleasant afternoon, and unanimously vote Mrs. Sporleder a most charming and entertaining hostess.

R. B. Rivenburg, who has been clerk in the express office here, left yesterday for Santa Fe.

The Fraternal Brotherhood will tender a reception to those of the members who have carried out their brotherhood ideas by taking unto themselves a wife. The affair will take place tomorrow night, and the groups with their blushing brides will be the center of attraction, with next in importance, those who are on the verge of committing matrimony.

Joseph Cambron, formerly a resident of this city and who is acquainted with the old settlers, arrived here yesterday from Denver to see the changes, and went on south to Albuquerque today.

Buffalo Bill has changed his plan of giving two performances here and will give only one, in the afternoon. This will materially lessen the crowd, as few of the business men can get off in the afternoon.

Miss Cora Stearns is on the indisposed list today.

Mrs. E. McVey left last night on No. 8 for a trip east. Edward McVey and bride will occupy the household during the mother's absence.

Frank Sweany and wife returned this morning on belated No. 7 from a pleasure trip to Denver.

Robert Hayward is soon to leave Las Vegas. He will open up in the lower country with a big sheep ranch, and attend to living stock, instead of being in the butcher business. "Bob's" many friends wish him success.

Died, at 7 o'clock this morning at the asylum for the insane, of inanition, Miss Irene Gomez, of Lumberton, Rio Arriba county. She was the daughter of Mrs. Maria Manuela Salazar, and was admitted to the asylum December 2, 1899.

Dr. A. R. Da Costa is now assistant physician at the insane asylum, assuming his new duties yesterday.

Mothers. Who keep their children in good health, should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work so that their food does them good, and they grow up healthy and strong. 25 cents at Cosmopolitan Pharmacy.—B. Ruppe.

OIL PROSPECTORS. Rules are issued for Their Guidance from Washington Land Office.

W. R. Richards, acting commissioner general of the land office at Washington, has issued the following instructions in regard to the rights of miners and others prospecting for oil:

First—The right to prospect is accorded to citizens of the United States and those who have declared their intention to become such.

Second—A prospector has no oil claim to any land until oil has actually been discovered thereon. The mere seepage of a little seum of oil on waters coming out of the ground in the vicinity or on the land does not constitute such discovery.

Third—Actual prospecting for oil or developing of an oil mine cannot be done by building houses, camps or trails and roads, and the extensive cutting of timber for such alleged prospecting and development must not be tolerated. Legitimate prospecting for oil consists in actual boring with proper equipment, and where such legitimate prospecting is done, prospectors should be accorded the privilege of cutting the necessary timber therefor.

Beautiful Complexions. Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion; 50 cents at Cosmopolitan Pharmacy.—B. Ruppe.

FAIR NOTES. Miss Pearl Ward, bronco buster and steer roper, of Denver, has entered the contests at the coming fair. Miss Ward won deserving honors at the fair at Denver and is probably the finest lady roper and rider in the world. Her appearance in the coming contests among the raw hide and buckskin pony cowboys, will be interesting.

Chas. L. Kent, a Colorado jockey and owner of Joed, one of the fastest sprinters that ever came down the pike, arrived in the city night before last, and with the horses he has in charge, four in number, is comfortably quartered over at old town. The horses Mr. Kent has in charge are as follows:

Joed, Neale, winner of the Colorado derby, George Landers, owned by Bud Milton, and Clay, all runners.

LOCAL DEMOCRACY.

Delegates Named at a Convention Held at City Hall Last Night.

THEY SEEM DISCOURAGED.

The democratic convention which met last night in Albuquerque in the city building was called to order by Chairman Burkhardt, who announced that the committee recommended A. B. McMullen for temporary chairman and S. Neustadt for temporary secretary. On motion of Mr. Marron the temporary organization was made permanent.

Messrs. O. N. Marron, J. W. Records and Judge Trimble were appointed a committee to select fifteen delegates to represent the county in the territorial convention.

The committee reported the following delegates to the convention: Hon. L. S. Trimble, P. F. McCanna, A. B. McMullen, Samuel Neustadt, Horton Moore, E. V. Chaves, H. B. Ferguson, S. Burkhardt, Pat Murphy, Leonard Hunick, J. W. Records, C. E. Burg, J. H. McCutchen, J. W. Adams, O. N. Marron.

The question as to whether or not the democrats should nominate a county ticket was discussed.

Hon. H. B. Ferguson made a strong speech in favor of the nomination of a county ticket, though he was willing to admit that the ticket couldn't be elected.

Mr. Ferguson's plea for a declaration in the county platform favoring statehood and the nomination of a statehood delegate was very strong.

Mr. Marron agreed with Mr. Ferguson on every point, but didn't believe the question of statehood entered into the discussion.

Mr. Burkhardt concurred, not with the expectation of electing the ticket, but with the expectation of preserving the organization, and securing votes for the nominee as delegate.

Upon motion, the chairman of the central committee was instructed to issue a call for a democratic convention to nominate a ticket for county officers.

Mr. Burkhardt said he didn't want to spend \$4 of the \$12 in the treasury for a formal call, so he would announce at once that a democratic mass convention would be held at the city hall October 31, at 7:30 o'clock.

In an address made by Judge L. S. Trimble he said the democrats should not monkey with the status of the statehood bill. No attempt should be made to bring the bill back to the house by amendment. Better go along with the black republicans till the desideratum has been secured. That at no time had the party in power been willing to admit states that seemed likely to be lined up with the opposition. However, the judge thought it the right thing to keep up the organization and would vote the democratic ticket straight.

Spent More Than \$1,000. W. W. Baker, of Plainview, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1,000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and, thanks to this great remedy, it saved her life. She enjoys better health than she has known in ten years." Refuse substitutes. Alvarado Pharmacy.

POLICE COURT. A very light docket and almost empty court room confronted Judge Crawford this morning as he appeared to deal out the law to those in the toils.

James Crawley, a would-be or has-been Western Union lineman, pleaded guilty to the charge of drunk and disorderly. He was given five days in which to think over his wrong doings.

Ten days of retired life was the result of the appearance of James Ormsman, a gentleman of large doings. James was run in for being drunk and disorderly, yet there are many things which he did which are not mentioned in the charge. It seems that James was doing the town with a couple of pals. Their money was lavished on "oil of joy" during the busy part of the day. When meal time came in view, and hunger was raging within, they accidentally wandered into a restaurant on North First street. After devouring a large and fat producing meal, James' friendly pals finished the repast and notified the proprietor that James was the man with the cash. As

he had placed the meal within safe keeping he made preparations for departing, but the proprietor was next to the time of leaving and was on the scene. James then woke up and discovered he was broke. He expressed his sorrow, but sympathy does not pay for three meals. James was the possessor of a heavy gold chain which he wore in his vest. The proprietor's eye quickly caught this valuable article. "Put up your watch," said the eager proprietor, "and I'll let it go until you get the money." "You'll let that stand for the bill?" asked James, holding his hand over the watch pocket. "Yes," said the proprietor, "that'll do." James then very quickly drew the chain from his pocket, detaching a rusty key from the ring and made a hasty retreat. The meals are unpaid for and James has retired for ten days. The proprietor will have to wait for the coin.

SPLIT, BRITTLE, DULL HAIR. All Come from Dandruff, Which is Caused by a Germ.

Split hair, harsh hair, lusterless hair, brittle hair, falling hair, all owe their origin to dandruff, which is caused by a measly little microbe that burrows into the scalp, throwing up the cuticle into dandruff scales and sapping the vitality of the hair at the root, causing the several diseased conditions of the hair till it finally falls out. Modern science has discovered a remedy to destroy the dandruff microbe, which is combined in Newbro's Herpicide, which may be had of any druggist. Always itching instantly and makes hair soft as silk. Take no substitute; nothing "just as good."

Notice is hereby given that a meeting of the stockholders of the Montezuma Savings, Loan and Building association will be held at the office of said association in the city of Albuquerque on the 10th day of November, 1902, at 2 o'clock in the afternoon of said day.

The object of said meeting is to vote upon the proposition to increase the capital stock of said association from \$1,000,000.00 to \$1,500,000.00.

A copy of the proposed amendment is as follows:

"Be it resolved by the stockholders of the Montezuma Savings, Loan and Building association in a meeting duly called and assembled that the articles of incorporation of said association be amended by striking out the second paragraph of said articles of incorporation, which reads as follows: 'The authorized capital of the association is one million dollars (\$1,000,000.00) and shall be divided into ten thousand shares of the par value of one hundred dollars each,' and inserting in the place thereof the following: 'The authorized capital of the association is one million five hundred thousand dollars (\$1,500,000.00) and shall be divided into fifteen thousand shares of the par value of one hundred dollars each.'"

Dated this 27th day of September, 1902.

A. B. McMILLEN, FRANK A. HUBBELL, M. W. FLOURNOY, J. C. BALDRIDGE, W. H. GILLENWATER, Directors.

LOCAL PARAGRAPHS.

Julius Wolff, of Cabezon, is here for the circus.

Sheriff B. L. Romero, of Santa Rosa, is in the city to see the circus and to transact business.

Ex-Mayor C. M. Cotton and sons, Jack and Charlie, of Gallup, are in the city for the circus.

T. H. Tucker, a prominent cattleman from near Datil, N. M., is in the city to take in the Buffalo Bill Wild West.

Richard Heller, a prominent merchant and sheep raiser of Cabezon, is in the city to take in the circus and do trading.

C. F. Spader, general merchant and Indian trader of Jemez village, is in the city to take in the circus and interview local wholesale merchants.

Miss Bessie Borden and Miss Virginia Simmons, popular young ladies of Belen, are the guests of Mrs. William Farr, South Edith street. They will attend the circus tonight.

The other day The Citizen stated that H. E. Fox, the well known jeweler, would probably seek new quarters within a month. This is a mistake. Mr. Fox says he will remain in his present quarters until after the holidays and possibly longer.

Some sneaking member of the Weary Willie fraternity stole on to William Farr's back porch at his residence on the Highlands last night and took everything eatable in sight out of the refrigerator. Tramps are getting quite numerous in the city and becoming more or less of a nuisance.

Undertaker A. Borders is in receipt of a letter from Philip Hauschild, who left here a few weeks ago for his old home in Germany. Mr. Hauschild states in his letter that he arrived home all right and expresses gratitude to the friends who aided him financially toward making his homeward trip.

P. Strumquist, who has been employed as fireman in the Colorado Fuel and Iron company's iron mines at Pierré, arrived in the city yesterday morning and will remain indefinitely. He has given up his position at Pierré on account of ill health. He reports things quiet in the Santa Rita mining district.

By a transaction which took place yesterday afternoon, Ed Grunfeld, senior member of the firm of Grunfeld & Cramer, becomes sole district manager for the Equitable Life Assurance society, Cramer, the junior member, retiring. J. B. Wraugham, of the New York office of the society, made the transfer. L. L. Gatewood will assist Mr. Grunfeld as manager.

E. S. Strong, who recently held the position of day clerk at the Highland hotel arrived in the city from the east last night. Mr. Strong is now employed as traveling salesman for Francis H. Leggett & Co., wholesale grocers of New York City. The gentleman was around today greeting his many friends. He is looking well and reports that he is doing well.

Chamberlain's Cough Remedy Saved His Boy's Life.

"I believe I saved my (nine year old) boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hoppe, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by all druggists.

For Over Sixty Years. An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

NEW ORLEANS STRIKE.

Wires and Poles of Street Car Lines Chopped and Cut Down. New Orleans, Oct. 3.—Up to 10 o'clock this morning the New Orleans Street Railway company had made no effort to start cars. During the night the feed wires were cut, poles chopped down and other means resorted to to make it difficult to operate cars. The morning papers contain advertisements for 1,000 motormen and conductors. They stated that only residents of New Orleans need apply.

A Dozen Times a Night.

Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." Alvarado Pharmacy.

OYSTERS

Patent case oysters, blue points and Houma selects. Owing to our patent case system of shipping we are enabled to offer our customers the finest flavored bulk oysters in the world, we positively guarantee their purity, cleanliness and freshness, oysters shipped in these patent cases reach us in natural healthy state with all the original salt sea taste retained.

On the other hand remember that ice water oysters shipped in wooden pails have had all their original flavor sapped up by the ice and water, that they are subject to all the impurities that may be contained in the ice and water with which they are mixed, and further they are always embalmied with a chemical preservative to keep them from souring in the pails.

The San Jose Market has exclusive sale in Albuquerque of "Patent Case Oysters."

Don't Treat Symptoms

Go after the cause. Stimulants and cathartics will never cure indigestion. They may temporarily relieve the system but the next meal clogs it again. The food should be digested. The nourishment—health—strength it contains should be appropriated—absorbed by the system.

Children Thrive on Kodol

KODOL purifies, cleanses, strengthens and sweetens the stomach. This new discovery digests all classes of food and assists the stomach and digestive organs in assimilating and transforming it into the kind of nourishment that is taken up by the blood and fed to the tissues throughout the various organs of the body. Kodol cures indigestion and dyspepsia, thus removing the cause of all stomach troubles. Kodol gives such strength to the body that it is invaluable in all wasting diseases.

"I wish to thank you for what Kodol has done for me," writes Clifford Gorton, Collett, Ind. "It cured me of dyspepsia after everything else had failed. When I tried Kodol it helped me right away. I cheerfully recommend it."

LAS CRUCES.

From the Citizen.

While playing football, Banegas had the misfortune of getting his head badly cut.

F. D. Hunt and W. M. Danburg have formed a partnership and are going into the real estate and mining business.

C. Hostetter was thrown from a horse Tuesday evening when coming from the college and badly injured.

The football grounds are now being arranged and a game will take place between two picked teams previous to the game with the Indians at the territorial fair.

A report was circulated in town Sunday evening that Nestor Molina, a carpenter, had been assaulted and robbed Sunday evening by two men near Rincon.

The skeleton of a man was found at Chapelle station, on the Southern Pacific line last Monday. A coroner's jury was empaneled at Mesilla and went out to investigate but were unable to state what caused his death.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery of Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and all druggists guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

TULAROSA.

From the Democrat.

Several new people in town this week looking for residences.

The new school house is well under way and it will probably be ready for occupation in ample time for the opening of school.

Geo. Roberts, a pioneer of this county, formerly of Texas, who has lived in this vicinity for the last fifteen years, died here last week of kidney and liver troubles.

Dr. Pulliam has a force of men at work on his property recently purchased, the foundation is nearing completion and the building will be pushed to completion as rapidly as possible.

Parson Schley, who lives in La Luz canyon, seven miles this side of Cloudcroft, came to town on Wednesday and brought with him a sample of the vegetables he raises—a head of cauliflower weighing between ten and eleven pounds. He reports other garden truck on the same scale and everything in his section flourishing.

ROSWELL.

From the Register.

J. R. Cecil returned from a visit to his relatives in Cleveland, Ohio, and went on down the valley to his home near Miller.

Charles Whitman & Bro. had the American and Mexican flags hoisted over their place of business on Tuesday of last week celebrating Mexican independence day.

G. A. Richardson and W. M. Reed have been named by Gov. Otero to represent Roswell at the tenth national irrigation congress to be held at Colorado Springs, Colo., from October 6 to 9.

Ralph Nutting, a clerk in the census office at Washington, representing L. G. Powers, chief statistician for agriculture, of the twelfth census is here this week gathering data in reference to irrigation from arroyo wells.

Delegate B. S. Rodey wrote J. F. Hinkle, congratulating the democrats of Chaves county on having endorsed statehood in their recent convention, and asking for a copy so that he can send it on to Washington.

The officers of the fair association are Jerry Simpson, president; W. M. Atkinson, vice president; E. A. Cahoon, treasurer; Lucius Dilla secretary superintendent; Directors, Jerry Simpson, W. M. Atkinson, George M. Slaughter, E. O. Creighton and L. D. Denenberg.

The Register learns from Mrs. Stegman that the water from Mr. Bruce's artesian well, two miles east of Miller, which last week sprang 28 inches above the 5 1/2 inch casing, has increased until it now stands a record of 5 feet 5 inches above the casing. That ought to indicate a flow of 1,200 to 1,500 gallons a minute.

The hydraulic ram put in by the

board of regents of the Military Institute has been in operation for the past two weeks and throws 120 gallons of water a minute from the artesian well three blocks away onto the institute grounds and 30 gallons a minute in the 5,000 gallon tank 70 feet above the ground.

The exhibit car with fruits and other products from Roswell and the Pecos valley now making the tour of several states, is doing the valley more good as an advertisement than anything that has ever been done by the citizens. Persons coming here from the portions of country through which it has passed say it has awakened a lively interest in the great Pecos valley and the town of Roswell.

J. E. Rucker stepped out of his vegetable wagon onto the tongue and losing his balance, fell between the mules and they ran off, one wheel of the wagon running over one of Mr. Rucker's elbows and grazing his side. He also received a contusion on his head and was otherwise bruised considerably, but was able to be about the next day.

Coffee Gets in Its Fine Work.

Watch coffee drinkers and observe that practically everyone of them has some form of incipient or fixed disease. Mrs. F. N. Wright, of San Francisco, Cal., tells her experience: "I was 29 years old before I ever knew the taste of coffee, and before I commenced drinking it, I never was troubled in the least with constipation, but after drinking coffee for one year, I became constipated to such a degree that I had to resort to drugs to overcome it."

"After three years drinking coffee, I had cultivated a chronic state of constipation and other annoying symptoms became manifest. The first thing in the morning, I had a headache come on, a feeling of nausea, and these symptoms would persist until I had drunk a quantity of coffee. At first, I did not associate these symptoms with the habit of coffee drinking. I thought my system must be run down, and I felt glad that coffee, instead of prescribed drugs would relieve the weakness. Like many people, I did not reason from cause to effect."

"About this time I had an elderly nurse in my employ, who complained every morning of similar symptoms, and when I suggested mineral water, etc. to her for her biliousness, she said 'Nothing in the world but my coffee will relieve, when I feel so badly.' My husband began to complain, if he did not get his coffee at a certain time, of queer sensations in the stomach and head. I became alarmed at these coincidences, and came to the conclusion that coffee had as strong a hold on us as whiskey has with the voracious drunkard. About this time, I was taken ill with inflammatory rheumatism, and the doctors who attended me, told me I would have to stop drinking coffee or remain a cripple, as they could not treat me if I persisted in using a drug stronger than the drug I needed."

"My husband and I agreed to try an experiment and commenced the use of Postum Food Coffee. The effect was marvelous and taught us some valuable truths, and now we would not touch a cup of coffee for anything. His business demands the utmost concentration of brain force continuously. He now looks like a new man; he has had no headaches or bilious attacks for some months, and digests all his food without any distress. I feel sure that he would have been a wreck if he had kept on with coffee."

"After I began using Postum, I soon recovered from my attack of rheumatism, and in a few weeks, I could walk about again. I am no longer troubled with constipation, headache, nausea or rheumatism. I firmly believe that the continued use of coffee becomes in time as hurtful to the human system as alcoholic stimulants. I know my case and my husband's both demonstrate this clearly."

week to aid in the erection of a school house for the district. A very commendable object, and one which should receive encouragement from everyone.

The Farmington distillery is now putting forth a product which ranks equal to the best. Their apple brandy is pronounced by experts to be unexcelled. The proprietors, Messrs. Osborne, Whitaker and Knickerbocker, are energetic and competent and with experience which fits them for the business and enables them to improve on all former products. Their field here is a wide one and their enterprise should prove highly profitable.

After an illness of several weeks, Nate Linsacum, formerly a San Juan county boy and well known here, died at Telluride, Colo., early last Sunday morning, from the effects of an operation. The disease from which he suffered was consumption of the kidneys, and though the operation appeared to afford temporary relief, he gradually sank until death came as a relief to his sufferings. The body was brought to Aztec for burial. Deceased was a member of Telluride lodge No. 10, I. O. O. F., and the funeral services were in charge of Aztec lodge No. 23. A number of the members assembled to aid in paying the last sad rites to their dead brother. A very beautiful funeral sermon was preached by Rev. Cooper, the services being held at the church. The casket was covered with flowers placed by loving hands and the body was followed to its last resting place in Aztec cemetery by a great concourse.

Stricken With Paralysis.

Henderson Grinnett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, his wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

It Goes Right to the Spot.

When pain or irritation exists on any part of the body, the application of Ballard's Snow Liniment will give prompt relief. "It goes right to the spot," said an old man who was rubbing it in, to cure rheumatism. C. R. Smith, Propr. Smith House, Tenaha, Texas, writes: "I have used Ballard's Snow Liniment in my family for several years, and have found it to be a fine remedy, for all aches and pains and I recommend it for pains in the throat and chest." 25 cents, 50c and \$1.00 at Cosmopolitan Pharmacy.—B. RODEY ACTS PROMPTLY.

Submits Suggestion for Improvements and Roadways on the Pecos Reserve.

The following letter from Delegate B. S. Rodey is self explanatory. It shows that the delegate is ever alive to the best interests of the territory in hearing suggestions made by newspapers and constituents in everything that appears to be for the good of New Mexico. The delegate says:

Albuquerque, N. M., Oct. 1, 1902.
Editor New Mexican, Santa Fe, New Mexico.

Dear Sir—I note in your yesterday's issue the suggestion you make to me about the Pecos forest reserve. I cut out the article and forwarded it to the superintendent of forest reserves at Washington, with proper comment by myself. You suggest in the article that, in addition to making roads through the reserve, that the same be made a game preserve. There was a bill to accomplish that before the last congress, which I supported heartily, but after a most animated fight over it on the floor of the house, it was killed. But, however, the following clause was added to the general appropriation bill and is to be found on page 452 of the laws of the last session of congress, which reads as follows:

"Provided further, That forest agents, superintendents, supervisors, and all other persons employed in connection with the administration and protection of forest reservation shall, in all ways that are practicable, aid in the enforcement of the laws of the state or territory in which said forest reservation is situated in relation to the protection of fish and game."

Thus you will see that every range rider or forest reserve man in New Mexico is bound to enforce the territorial laws for the protection of fish and game in the forest reserve of which he is the guardian.

Very truly yours,

B. S. RODEY.

Hebrew Hobo Who is a Curiosity.

A Hebrew hobo in the city prison gang is a spectacle not often witnessed and has attracted a great deal of attention from among the persons who have seen it, says the El Paso Herald.

It is unusual for a member of the Hebrew race to become a hobo. The Hebrews are noted for their thrift and charity and where they are not thrifty enough or capable enough to be successful business men, their more capable brothers are always ready to lend a helping hand until they find that the fallen brother is a scapegrace and reprobate, totally unworthy of aid. Whether that is the case with the fellow in the city prison gang or not is a question but he seems to be in hard lines and is a genuine vag, a curiosity fit for a side show. It may be that he has pride and has refused to ask assistance; who knows? Many Jews are

poor, but few beg.

The Jews pay their ministers on an average better than any other religious denomination, they have finer churches as a rule and as a whole give a great deal of attention to their religion, which has as one of its leading principles, charity.

So they are ever ready to lend a helping hand to a deserving brother and to find a hobo of the race is like finding one of the seven wonders of the world in El Paso.

STOPPED RUNAWAY.

Plucky Operator Boarded a Flying Locomotive Near Houston.

"Stop 631; she's running wild," was the order sent out from the Southern Pacific dispatcher's office in Houston one night last week at 11 o'clock, says the El Paso Times.

No. 631 is an oil burning switch engine doing duty in the Southern Pacific yards. The engine was on the main line and in some unaccountable way took wings and started off. There was a rash to capture the runaway, but to no avail. Then the assistance of the telegraph was invoked. Chaney Junction was called and told to look out for the runaway. Instantly Operator Geer at the latter place was on the alert. He gave the signal and with Operator McQuordale and Yard Clerk Bruce Ferguson awaited the coming of the fugitive. The engine showed up in a few minutes going at the rate of twelve or fifteen miles an hour. Taking a running start Operator Geer boarded the engine and in a moment was in the cab.

Grasping the lever he quickly brought the runaway to a standstill, and in a minute or two had her on a sidetrack. Just then an extra hove in sight from Blodgett and blew for the crossing, coming the direction that the wild machine had been racing few minutes before. Use of the wire and the quickness of Operator Geer and his fellow workmen had prevented a serious wreck.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Texas, "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at all druggists.

YELLOWSTONE VISITORS.

Season Just Closed Almost Equal to the Rush of 1897.

The combined business of the Yellowstone park association and the Yellowstone park transportation company was greater this year than in any previous year though the transportation company carried a few persons less than the number transported in the record breaking year of 1897, the hotel company did a larger business than ever before. Major E. Bach, secretary and treasurer of the transportation and hotel company, mailed to Major John Pitcher, acting superintendent of the park, a statement showing the number of persons carried through wonderland during the season ending last Friday.

The statement which will be incorporated in Major Pitcher's report to the department, shows that 4,570 persons were transported by the company through the park during the season of 1902. The number carried through the park this year was only fifty-three less than the number transported in the banner year of 1897. The park hotel accommodated 3,642 persons during the season that just closed. Of that number, 4,929 went into the park by way of the Northern Pacific and Cinnabar, while 1,411 entered by the way of Montana. The hotel cared for more people this year than ever before.

A Typical South African Store.

O. R. Larson, of Bay Vista, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

JOINT LINE THROUGH TEXAS.

Santa Fe and Rock Island Said to Be in the Deal.

From a reliable source it is learned that the Rock Island and the Santa Fe are contemplating the construction of a joint line from some point in the Indian Territory on the Choctaw, Oklahoma & Gulf to Galveston. The Rock Island and the Santa Fe extend to Fort Worth and a new line will be built from that city to Dallas, connecting with the main line extension at the two roads from Dallas to Galveston.

When the Rock Island first determined to build from Fort Worth to deep water at Galveston it was proposed to use the Santa Fe's main line, the two roads to use this jointly. It was decided later that the grade of the Santa Fe could not be lowered to a degree to place it in the best condition for competition with the Gould and Southern Pacific lines, and it was then proposed that the two systems combine in building a new line through Texas, which would include Dallas and Houston, the two largest and most important commercial centers in north and south Texas.

The Santa Fe will continue to use its main line for local freight and the Santa Fe and the Rock Island will use the new line jointly for through freight.

EASY WORK

"Love lightens labor," the saying runs, and in a sense it is true. But even love cannot lighten labor or make it easy for the woman who is in constant suffering from inflammation, bearing-down pains or other womanly diseases. The one thing that can make work easy for women is sound health, and Dr. Pierce's Favorite Prescription is the thing that will give sound health to sick women. It cures womanly diseases which cause weakness, and cures other ills which are the result of womanly diseases.

"I suffered from female weakness for five months," writes Miss Belle Hedrick, of Nye, Putnam Co., W. Va. "I was treated by a good physician but he never seemed to do me any good. I wrote to Dr. R. V. Pierce for advice, which I received, telling me to take his 'Favorite Prescription' and 'Golden Medical Discovery.' When I had used the medicines a month, my health was much improved. It has continued to improve until now I can work at almost all kinds of housework. I had scarcely any appetite, but it is all right now. Have gained several pounds in weight. Dr. Pierce's medicines have done wonderfully well here. I would advise all who suffer from chronic diseases to write to Dr. Pierce."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Joshua S. Reynolds, president of the First National bank, was a passenger north this morning.

Mr. and Mrs. William Bryce have gone to Burlington, Iowa, for an extended visit with friends.

Miss Marie Winchick returned this morning from a pleasant visit at different southern California resorts.

Mrs. L. R. Thompson and child, who have been spending the summer at Los Angeles, returned home this morning.

Curt Goebel, son of Oscar Goebel, the Belen merchant, came up from that place this morning to see the circus.

Hon. Richard Pohl and sons, Arnold and Richard, of Belen, are in the city to see Buffalo Bill's mammoth Wild West.

Hon. Solomon Luna and wife came up from Los Lunas this morning and are the guests of Judge and Mrs. B. S. Baker.

Mrs. Simon Neustadt and Mrs. H. A. Brachvogel, of Los Lunas, are in the city visiting friends, and to attend the circus.

G. Vargas returned this morning from a short business trip to Belen in the interest of the firm of Hall & Learnard.

Rev. J. W. McBean, pastor of the First Presbyterian church of Deming, arrived this morning to attend the territorial synod.

Miss Kate Cunningham arrived from Gallup last night and will attend the University of New Mexico during the coming winter.

H. A. Pease, editor of the Holbrook Argus and Winslow Mail, accompanied by Carl Fish, of Holbrook, is in the city for the circus.

Mrs. Eugene Weise, of Winslow, Arizona, formerly Miss Abrams, of this city, is the guest of Mrs. John Fenner for a few days.

R. B. Thomas, general manager for the Consolidated Mining and Smelting company of Cerrillos, was a passenger for that place this morning.

Miss Julia Espelin passed through the city this morning en route from Phoenix, Arizona, to Topeka, where her mother is reported seriously ill.

Mr. and Mrs. S. E. Wood arrived from Gallup last evening. They will spend the day in the city and return to their home at Silver City this evening.

There will be a regular meeting of Adah chapter No. 5, O. E. S., Friday evening, October 3, at 7:30. By order of worthy matron, Laura Fluke, secretary.

W. H. Hahn, the Railroad avenue coal merchant, who has been spending some time in the east transacting business and visiting friends, is expected home this evening.

Mrs. W. Y. Walton will occupy temporarily the house at 316 North Sixth street, pending the construction of her new residence at the corner of Tijeras avenue and Sixth street.

Mr. and Mrs. G. D. Whittlesey and little son left last night for Chicago. Mr. Whittlesey has completed his work at the Alvarado and will not return to Albuquerque for some time.

Mr. and Mrs. J. C. Baldwin, of Engle, N.M., who have been spending a couple of days in the city, left this morning for Pueblo, Colo. Mr. Baldwin is one of the largest cattle owners in the territory.

Sheriff W. A. Smith and S. E. Aldrich, prominent gentlemen of Gallup, arrived last night and are spending the day in the city. Sheriff Smith says that Gallup will be well represented at the fair.

Short services will be held at Temple Albert this evening, beginning at 7 p. m. Everybody is welcome. Next Friday evening begins the day of atonement. Announcements as to services and lectures will be made later.

John Becker and daughter, Miss Helen, with nieces, Misses Olga and Nina Becker, of New Orleans, and Messrs. R. L. Rankin and Ernest Zweigler, form a party of prominent Belen people, who are in the city for the circus.

B. Frank Fillmore, the popular window dresser at the Phoenix dry goods store, returned this morning from Paywood hot springs, where he has been recuperating the past month. Mr. Fillmore says that district will be well represented at the coming fair.

Plans for a fine three story brick hotel and warehouse for Bachechi & Glom, corner of First and Silver Avenue, are being drawn by Architect La Driere. The two upper stories will be elegantly fitted up as a caravansary. The building will add greatly to the appearance of the block, and the venture is certain to be a success financially.

The little people of the city will undoubtedly take advantage of the offer made by Simon Stern, the Railroad avenue clothier. Cards are being distributed among the children which announce that everyone who brings \$10 worth of trade to the store will receive as a present a very attractive Brownie camera. The buyer presents the child's card and when the purchase to the amount has been made certificate is returned to the youthful trade promoter, with the invitation to come and receive his prize.

Buffalo Bill's Show---Here Tonight

That most remarkable and realistic exhibition of an important epoch in American history, Buffalo Bill's Wild West, has pitched its camp in Albuquerque for a short stay of one performance tonight. Two performances were given in El Paso yesterday to tremendous audiences and the exhibition to be given here tonight will be in every essential complete, nothing being curtailed or omitted. Col. Cody himself, will be in the saddle and personally direct every detail of his great show. Never again will the people of this section have an opportunity of seeing the marvelous aggregation Cody has enlisted beneath his banners. It is the first and will be the last visit ever made to this portion of the country by the "Wild West." In December the exhibition opens in London, Eng., for a stay of some months, after which a continental tour will be made covering some years. Col. Cody's entertainment is an exhibition with a lesson in history attached, but the lesson is so subtly woven with the entertainment that the spectator never thinks of the former until the latter is over. There is a thrill in every act, from the grand review until the final salute. The Pacific coast trip has been a superb success from start to finish. Everywhere the show and its famous head have been welcomed most cordially. The press have been lavish in praise of the "outfit;" its worth as an entertainment and genuine value as to instructiveness. Everyone should witness the performance of tonight without fail.

Don't Keep Your Children in School—You May Be Sorry.

Don't keep your children in school until you have their eyes tested, for it is a fact that children have been unable to keep up and graduate with their class for no other reason than faulty vision.

Not knowing—never having been taught—what normal vision is like, they suppose they see as well as any one and pass through school far below the average in scholarship. Their poor sight is the cause of their being judged of inferior intelligence and they know no better themselves. Give your child an equal chance to obtain an education. I will test their eyes and if glasses are not found to be necessary, no charge will be made. S. T. VANN, Doctor of Optics, with S. Vann & Son, Jewelers and Druggists.
