NEW YEAR

Jewish New Year 5663 Begins This Evening

NATIONAL LEAGUE REPUBLICANS.

Monument to be Unveiled to Mother of Abraham Lincoln.

ROOSEVELT'S CONDITION SATISFACTORY.

New York, Oct. 1.—The Jewish people throughout the world will begin at sundown this evening the religious celebration of the Jewish New Year. It is a feast of marked significance in their religious calendar and is observed by all the congregations throughout the world. Even those whose temples may happen to be without pastors for the rest of the year make it a point that for this occasion the pulpit shall be filled and the members of the congregation brought together.

The year that is ushered in is 5663. It is the new year of the old testament, and in the Hebrew tongue is known as Rosh Hoshona. The day is a month later this year than usual. This is due to the fact that the year 1902 is, according to the Jewish calendar, a leap year. As the Jews use lunar time instead of solar time, like the Christians, they add one month to their year instead of one day.

In America, where the members of the Jewish denomination are divided into the orthodox and the reformed congregations, there are some minor differences in the manner of celebrating the occasion. In all of them the ancient ceremony of blowing the shofar, or ram's horn, is still used. In the orthodox congregations, which cling most tenaciously to the old-time ritual, one of the customs is for the men to appear in the temples wearing shrouds to typify the significance of the day as a reminder of death. This part of the ritual is not now used in the reformed temples.

The celebration extends over a period of ten days, ending with the feast of Yom Kippur, or Day of Atonement, another most solemnly observed holiday.

Gathering of the Clans.

Chicago, Oct. 1.—From Maine to California and from the great lakes to Texas republicans of prominence are pouring into Chicago in anticipation of the opening, tomorrow, of the convention of the national league of republican clubs. Notwithstanding the fact that the arrangements have been interfered with several times by unforeseen circumstances the convention promises to be a rousing affair and the attendance, according to President Hamilton and other officers, will break all records. There will be a mass meeting tonight, marking the formal opening, and until Saturday there will be a continuous volley of republican oratory. Some of the speakers who have promised to be present and most of whom have already arrived are Senator Dooliver of Iowa, Secretary of War Root and Senator Beveridge of Indiana. The delegates already on the field are engaged in a lively button-hole campaign in the interest of their favorites for the presidency of the league. It is to be a fight between the east and the west, with the east working hard and untiringly for J. Hampton Moore of Philadelphia and the strength of the west divided among several favored sons.

NANCY HANKS MONUMENT.

Grave of the Mother of Lincoln to Have a Monument.

Lincoln City, Ind., Oct. 1.—The dedication today of the monument erected at the grave of Abraham Lincoln's mother attracted a large attendance of visitors from Illinois, Ohio, Kentucky, Indiana and other states. Special trains brought Governor Durbin and staff from Indianapolis and special parties from Evansville, Louisville and other places. The ceremonies were held on the hill across a small valley from the place where stood the cabin in which the Lincoln family lived and where Mrs. Lincoln died.

The distinguished visitors upon their arrival were met by a reception committee consisting of a small number of aged citizens who were intimate friends of Abraham Lincoln when he lived in this vicinity. The dedicatory exercises were of an extremely impressive character. Col. J. S. Wright, of Rockport, presided. The exercises began with an invocation by the Rev. D. J. Ryan, following which Colonel Wright introduced General John C. Black, of Chicago, who delivered the oration of the day. Brief addresses ap-

propriate to the occasion were delivered by Governor Durbin and other distinguished men who were present. Before the exercises concluded a letter was read from Robert T. Lincoln in which he expressed regret at his inability to be present. The musical portion of the dedicatory programme was furnished by the band of the Knights-town Soldiers' and Sailors' Orphans' home.

The dedication of the monument was conducted by the Nancy Hanks Memorial association, which is composed of Governor Durbin and other prominent citizens of Indiana. The first monument was placed over the grave of Nancy Hanks some time in 1880. For more than sixty years the resting spot of the mother of the martyred president was unmarked. It was surrounded by wildwood and underbrush. In 1880, however, a plain marble slab, on which was inscribed, "To the mother of our martyred president, erected by a friend," was brought to the place. The donor was never known, though it was commonly supposed that the gift came from Clem Studebaker, the South Bend manufacturer.

When the old monument to President Lincoln, at Springfield, Ill., was replaced by a new one, the contractor presented the base of the old one to Spencer county, to be used as a monument for the grave of Nancy Hanks. It was this monument that was unveiled today. The stone stands in a desolate, unimproved tract, but a fund has been raised for the purpose of clearing away the underbrush and it is hoped soon to have the monument surrounded by a well kept park of sixteen acres.

Health of Roosevelt.

Washington, Oct. 1.—After Surgeon General Rixey and Surgeon General O'Reilly and Dr. Lung had visited the president this morning, Secretary Cortelyou announced that the president had passed a very comfortable night and that he was doing nicely.

COPPER OFFICIALS.

Returning to New York After Official Visit to Mexico.

A party of very prominent and distinguished eastern people passed through this morning on passenger train en route from Mexico to Washington and New York City. The party were traveling in private car Riva and had visited points of interest in California. The gentlemen in the party are directors of the Green Consolidated Copper company of Mexico, and were returning from a meeting of the directors of the company which was held in Mexico City.

Those comprising the party were: Secretary of the company, George H. Robins and wife, of New York; Warren W. Foster, judge of the court of general sessions, New York; Thomas H. Anderson, associate justice of the supreme court of the district of Columbia; Mr. Weideman, of Paterson, New Jersey, who is the owner of the largest silk dye works in the world, and Mr. Redlick, of New York. General Anderson's wife and daughter also accompanied the party. Col. W. G. Green, president of the company, preceded the party several days ago. Col. Green is well known in this part of the country.

The property of the Green Consolidated Copper company is located in La Cananea, State of Sonora, Mexico, and has only been two years in course of development. Today there is 250,000 tons of copper in sight and it is one of the largest plants in this country. The company claim to own the third largest copper producing mines of the world, turning out eighty tons of pure copper daily. As soon as the seventh smelter is put into operation the output of blister copper will be over 100 tons per day.

The Alvarado, with its antique artistic beauty impressed the party very much and they spoke highly of Albuquerque and its improvements.

Ohio W. C. T. U.

Salem, Ohio, Oct. 1.—Several hundred enthusiastic women representing all parts of the state greeted Mrs. Annie W. Clark, of Columbus, state president, this morning when she called to order the twentieth annual convention of the Ohio Woman's Christian Temperance union. The morning session was given over to addresses of welcome and responses, followed by a department symposium in which views were exchanged by leading workers. This afternoon the convention listened to reviews of the year's work presented by Miss Frances Ensign, Madison, corresponding secretary; Mrs. Estelle Purdum, Chillicothe, recording secretary, and other officers of the state organization. Tomorrow will be devoted to addresses and discussions of various branches of the union work and Friday morning the annual election of officers will be held.

Abraham Kempenich, a merchant of Peralta, brought ten loads of hay into the city today. He reports business thriving at Peralta.

DEVERY'S MEN

LIVELY TIMES IN SARATOGA.

Democrats Holding a State Election in Georgia.

COAL SCARCE IN NEW YORK CITY.

Saratoga, N. Y., Oct. 1.—Interest centered in the meetings this morning on the committees on platform and contested seats of the democratic state convention. It was conceded that if William S. Devery and his delegates from the Ninth New York city district were not seated there would be troublesome times, Devery having declared that he would make an appeal on the floor of the convention. It was learned this morning that Mr. Devery had been approached with the suggestion that the wisest way out of the difficulty would be to leave the representation of the Ninth district vacant. To this he replied:

"I will make no such agreement. I won by a big majority. I have the certificate of election and I am entitled to the seats, unless the democratic party wants to go on record as saying that an election certificate is of no value and that the will of the majority means nothing."

After Mr. Devery had made this statement, several of the leading politicians took up his case and urged that the committee seat him and avoid trouble as the establishing of what might prove an unfortunate precedent. Almost up to the time set for the re-assembling of the convention there was no change in the ticket proposed last night.

The committee on contested seats has agreed to report to the convention against the seating of either the Devery or Goodwin delegates in the Ninth New York assembly district. All other contests were settled in favor of so called Hill delegations.

In deciding the Devery contest a number of heated speeches were made and when it was explained that it was Senator Hill's desire that neither Devery nor Goodwin be recognized, a motion to that effect was carried with but few dissenting votes. When Senator Hill entered the convention hall there was a great outburst of applause. When the temporary chairman had rapped for order, the report of committee on credentials was called for. When the secretary read "In the Ninth district, New York, neither delegation is entitled to seats in the convention because of the wholesale corruption," a roar of cheers and hisses went up and as it continued Devery was seen making his way to the platform. Vainly the chairman rapped for order. When he reached the platform steps he raised his hands in an effort to stop the pandemonium that reigned. A sergeant-at-arms with his hand on the big ex-chief's shoulder tried to force him back to a seat, but he shook him off and made a brief speech calling for justice. As Devery left the platform not a delegate was in his seat and the gallery was in a wild state of excitement. For fully ten minutes the convention and spectators roared, applauded and hissed, and when the noise subsided, temporary chairman Stanchfield started to speak. The Devery adherents broke out again and drowned Mr. Stanchfield's voice by cheers for Devery. For several minutes it went on and then the chair said:

"I want to say to the gallery, everybody will get fair play. If the gallery does not cease the galleries will be cleared." Cries of "Try it—let's see you." Finally some semblance of order was obtained and then Devery presented a minority report.

Devery Boils.

When the vote unseating Devery was announced, Devery left the hall, followed by his delegates and friends. There was not much trouble or cheering. The committee on permanent organization made its report and named Martin W. Littleton, of Brooklyn, for permanent chairman. Bird S. Coler was nominated for governor.

The Ticket.

The following is the democratic state ticket nominated today:

Governor—Bird S. Coler, of Brooklyn.

Lieutenant Governor—Charles N. Bugler, of Oswego.

Secretary of State—Frank Mott, of Chautauque.

Comptroller—Charles M. Preston, of Ulster.

Attorney General—John Cummen, of Erie.

State Engineer and Surveyor—Richard W. Sherman, of Oneida.

State Treasurer—George R. Finch, of Warren.

Associate Judge Court of Appeals—John C. Gray, of New York.

Georgia's State Election.

Atlanta, Ga., Oct. 1.—Owing to its purely perfunctory character the state election in progress in Georgia today is attracting little or no attention. The democratic primary last June amounted virtually to an election, and no other political party in the state has placed a ticket in the field. Consequently today's balloting is merely a matter of form in compliance with the law. The new governor is J. M. Terrell. All of the old congressmen are to return to Washington, with the exception of W. H. Fleming, of the Tenth district, who will be succeeded by T. W. Hardwick.

Trade Not Expected to Suffer.

Washington, Oct. 1.—The decree promulgated by Germany last February, prohibiting the importation and sale of meats in which borax or other injurious chemicals have been used as preservatives became effective today and there is some curiosity in official circles as to just what effect its operation will have on American trade. The act was first regarded as a retaliatory measure aimed at America alone, but subsequent developments and explanations largely dissipated this idea. The prohibition applies to all other countries as well as America, and also prevents the German butchers themselves from using injurious chemicals. By far the greater portion of Germany's meat supply comes from this country and it is believed that American ingenuity will devise some methods of preserving the meats that will not come under the ban of the German authorities.

DISTRICT COURT.

Frank Davis, a Shop Lifter, Will Go to the Penitentiary.

MURDER CASE ON TRIAL.

The case of the Territory of New Mexico against Frank Davis, charged with larceny, went to the jury yesterday afternoon and after deliberating only a short time, returned a verdict of guilty. The testimony for the prosecution showed that some months ago the defendant in the case was found in possession of certain articles of clothing and dry goods, identified by different merchants of the city as having been stolen from their stocks. It came out in the evidence given by the prosecution that the defendant's manner of committing thefts was by working with a confederate. Davis and his pal would go into a store about noon time, when but one clerk would be on duty, the others having gone to dinner. One of the conspirators would pretend to buy something in the front of the store while the second man, or the one who did the lifting, would look at clothing or dry goods in the back of the store, and when the unsuspecting clerk was not looking stick something out of sight. The plan worked admirably and considerable plunder was secured. The articles stolen were taken to the second hand stores, where they were sold at a very low price.

City Marshal McMillin testified as having found the stolen property, and different merchants of the city testified as having identified the goods stolen, and also of having seen the defendant in the case in their stores. It also came out in the evidence that the defendant stole a vest from the store of E. L. Washburn and sold it for 15 cents. It was this offense that was first discovered and gave the officers a clue to the thieves.

The case of the Territory of New Mexico against Gregoria Garcia, charged with assault with intent to murder one Preciliano Lucero, near Chilili, on January 28, 1902, is occupying the attention of the court today.

Judge Baker rendered his decision in the Mrs. W. G. Smith arson case, sustaining the demurrer to the indictment, and bound the defendant over to the next grand jury in the sum of \$800 bail. She will give bond.

C. F. & I. Case.

Denver, Oct. 1.—Judge Caldwell, in the United States circuit court this morning said that he was unable to announce the decision in the Colorado Fuel and Iron case today. He asked the attorneys in the case to meet him at 2 this afternoon, when he might indicate privately the line of the decision. The court adjourned until tomorrow.

J. H. O'Reilly, president of the fair association, went to Santa Fe this morning. He expects to return this evening.

SITES SELECTED

World's Fair Allotments Made for Buildings.

NEW MEXICO SECURES A SITE.

Arrest of Another of the St. Louis Boodler Aldermen.

THE DEATH OF ADMIRAL JOUETT.

St. Louis, Oct. 1.—The allotments of sites for state, territorial, fraternal and other buildings at the Louisiana Purchase Exposition was continued today under more pleasant weather conditions than yesterday. Allotments were made as follows:

Colorado, New Jersey, Maine, West Virginia, Oklahoma, Mississippi, fraternal society building, Travelers' Protective association, Hoo Hoos, Burns Cottage, Ohio, Washington, Michigan, New Mexico, the Philippine Islands and Indiana.

BOODLER ARRESTED.

Another Rascally St. Louis Alderman Captured in Indian Territory.

St. Louis, Oct. 1.—A special to the Post-Dispatch from South McAlester, I. T., says that Emile Hartmann, a former member of the house of delegates, who has been a fugitive from justice since September 8, was arrested last night by a deputy marshal at the residence of his brother-in-law in that city. The dispatch says that Hartmann admits his identity. The prisoner was one of the six fugitives who were indicted for bribery on the confession of John K. Murrell, who recently came back from Mexico, whither he had fled. A reward of \$300 was offered by the state for the arrest of Hartmann.

Death of a Gallant Sailor.

Washington, Oct. 1.—Rear Admiral James E. Jouett, United States navy, retired, died at his home, "The Anchorage," Silver Spring, Md., at an early hour this morning. He was 74 years of age and had a long and distinguished career. He was born in Kentucky and was appointed in the navy from that state. He was retired in 1890.

Georgia Election.

Atlanta, Ga., Oct. 1.—An election for governor and state and county officials is being held throughout this state today. The democratic state ticket, with Joseph M. Terrell, former state attorney general, for governor, is the only organized ticket in the field, although it is said that in some remote counties the populist party has put out a ticket.

Supply of Coal.

New York, Oct. 1.—A plan is said to have been put into operation at the meeting of coal road presidents just held in this city for supplying of coal, first to the dwellers in the tenement districts, second to the hospitals and third to the transportation companies.

Good Year for Shipbuilding.

Cleveland, Ohio, Oct. 1.—The annual meeting of the American Shipbuilding company was held in Cleveland today. The statement of earnings submitted to the stockholders showed a very successful year.

Divorced.

London, Oct. 1.—The divorce decree obtained March 21 by Lord Francis Hope against May Yohs was made absolute this morning.

Papers Seized.

Deputy United States Marshal Geo. Kaseman returned last night from Silver City, where he went a couple of days ago to serve papers on Thomas Lyons, manager of the San Jacinto Cat company, requesting his appearance in Judge Parker's court at Las Cruces to show reasons why fences on certain government lands were not removed when first ordered. This is the first action the government has taken against the cattlemen of New Mexico, although it has been threatening for some time.

The disregard of the fence laws has proven quite expensive to cattlemen of Colorado and Kansas and this action toward the San Jacinto people is probably the opening gun of a war against the offenders of this territory.

Louisville M. E. Conference.

Columbia, Ky., Oct. 1.—Columbia has had her latch string hanging on the outside today for the delegates to the annual meeting of the Louisville Conference of the M. E. Church, South, which will be in session here during the coming week. Besides the lay

clerical delegates there is a large attendance of visitors and the crowd is one of the largest ever entertained here. The formal opening takes place tonight and business sessions will be begun tomorrow. Bishop Morrison is the presiding officer and during the week there will be addresses by a number of prominent speakers.

Grain Dealers Meet in Peoria.

Peoria, Ill., Oct. 1.—Members of the Grain Dealers' National association, some 2,000 in number, gathered in Peoria today for their annual convention. The headquarters of the meeting are at the Hotel Fey, while the business sessions are to be held in the Coliseum. The meeting will continue through Friday. John Hyde, statistician of the United States agricultural department, will address the convention on the subject of "Crop Statistics," and a number of other prominent speakers will be heard. Secretary George A. Stebbins reports an increased membership and a widening influence for the association.

OFF FOR WASHINGTON.

Albuquerque Veterans and Ladies Now on Their Way to the East.

After weeks of preparation the Albuquerque delegation of Grand Army of the Republic and Woman's Relief Corps members left for Washington, D. C., this morning to attend the national encampment of those worthy organizations. Incidentally the California delegation was passing through the city this morning in a special car and fortunately there was ample room in the car for those who were going from here. The Californians graciously asked the Albuquerqueans to join them and they did so with pleasure. Among those from Los Angeles was Mrs. McKinney, president of the Woman's Relief Corps of that place, who is an old friend of Mrs. E. C. Whitson, president of the local corps. Those who went from Albuquerque on this morning's train were: Col. and Mrs. J. M. Moore, Mr. and Mrs. M. J. Butler, Mrs. Carver and Mrs. J. C. Whitson. Judge McPhee and wife, of Santa Fe, will join the party at Lamy. At Kansas City the party will be joined by J. W. Edwards, the local post commander, and A. J. Armstrong.

Cheerful Outlook for Tigers.

Princeton, N. J., Oct. 1.—Princeton begins its football season here this afternoon with a game against the Swarthmore College eleven. Captain Davis believes he has a winning team this year and is anxious to see the showing the men make against the visitors. For a month the Princeton players have been training faithfully and appear to be in splendid condition. The season's schedule provides for ten games. Neither Pennsylvania or Harvard is included in the list, but Yale, Cornell and Columbia will be tackled late in the season.

LOCAL PARAGRAPHS.

Ed M. Otero, son of Mrs. A. M. Berger, is in the city today from Santa Fe.

E. L. Medler, assistant United States attorney, will go to Kansas City this evening.

Miss Tillie Bray, of Katztown, Pa., arrived last night and is the guest of Miss Carrie Bugh.

Brother James, in charge of the boys' school at Bernalillo, is in the territorial metropolis today on business.

Mrs. Abraham Kempenich and son, Paul, of Peralta, will spend the Jewish holiday at the home of L. Kempenich.

Joseph Bibb, the big general merchant of Bernalillo, is in the city today and was a pleasant caller at the Citizen office this afternoon.

Henry Huning, of Show Low, Ariz., who has been spending several days in the city looking after property interests, returned home last night.

Clifton Hill, the postmaster and general merchant of Ileta, is in the city today. He called at the Citizen office, and stated that the Ileta district is progressing.

United States District Attorney W. C. Reid, of Las Vegas, and Postoffice Inspector A. P. Smithers passed through the city this morning en route from Roswell to Las Vegas.

The ladies of the Lead avenue Methodist church are requested to meet tomorrow afternoon at three o'clock with the Aid Society, of the church, for the transaction of important business.

O. S. Edwards, traveling representative of the Miner and Manufacturer, El Paso, Texas, is in the city, and this afternoon was looking up Prof. F. A. Jones, the well known consulting mining engineer.

Ellsworth Ingalls, of Washington, D. C., special attorney for the government in Indian depredation claim cases, is spending a few days in the city looking after legal business in connection with his department. Attorney Ingalls is a son of the deceased ex-United States senator, John J. Ingalls, of Kansas,

COAL STRIKE

President Asks for Conference With Operators.

DAMAGE SUIT AGAINST ESTATE.

President Mitchell is Silent Regarding the Coal Strike.

THURSTON'S SON ATTEMPTS SUICIDE.

Washington, Oct. 1.—The president, Secretary Root, Secretary Moody, Attorney General Knox and Postmaster General Payne resumed their conference on the coal strike situation at 10:30 o'clock this morning. The conference closed shortly before noon. It is understood that a decision was arrived at, as it was announced there would be no more conferences held on the question. By direction of the president an official statement will be given out at the temporary white house at 2 o'clock this afternoon.

President's Statement.

Washington, Oct. 1.—The following was made public at the white house this afternoon. The telegrams are the result of a conference between President Roosevelt and members of his cabinet, which were held yesterday and today. The telegrams:

"White House, Washington, Oct. 1, 1902.—George F. Baer, president of the Baer Reading System, Philadelphia; President Truesdale, Delaware, Lackawanna & Western Railroad company, 26 Exchange Place, New York; E. D. Thomas, chairman of the board, Erie Railroad company, 31 Cortland street, New York; Thomas P. Fowler, president New York Ontario & Western Railroad company, 66 Beaver street, New York; R. M. Oliphant, president Delaware & Hudson, New York; John Markie, 27 West Thirty-fourth street, New York; I should greatly like to see you on Friday next, October 3, at 11 o'clock a. m., here in Washington, in regard to the failure of the coal supply, which has become a matter of vital concern to the whole nation. I have sent a similar dispatch to John Mitchell, president of the United Mine Workers of America. (Signed) "THEODORE ROOSEVELT."

Mitchell is Reticent.

Wilkesbarre, Pa., Oct. 1.—President Mitchell, of the United Mine Workers did not leave for New York today. It was reported last night that the miners' chief would go to the metropolis early this morning, but up to noon he was still in the city. Mitchell declined to comment on the conference held yesterday between the president and members of his cabinet, in which the coal strike situation was discussed.

Report Denied.

New York, Oct. 1.—The report that President Roosevelt had been in communication with the presidents of the coal roads, who represent the operators in the present strike in the anthracite district, was denied today by President Oliphant of the Delaware & Hudson company.

"There is no truth in the story," he said, "and there will be no conference between the operators and the miners, even if President Roosevelt should make the request. The situation is unchanged. We have received no advice from President Roosevelt or from any one representing him so far as I know."

Attempts to Commit Suicide.

St. Louis, Oct. 1.—Clarence Thurston, a file clerk in the manufacturers' exhibit department at the world's fair and a son of former United States Senator Thurston, of Nebraska, who attempted suicide last night by turning on the gas jets in his room, is rapidly recovering at the city hospital. He said he had attempted his life because of financial obligations that he was unable to meet. Former Senator Thurston is now in Hawaii as a representative of the world's fair commission.

Big Damage Suit.

London, Oct. 1.—The Venture corporation, promoters of the Independence mine at Cripple Creek, Colo., confirms the report that it is preparing to bring suit for \$5,000,000 damages against the estate of W. S. Stratton. Mr. Baker, managing director of the Venture company, is now with John Hays Hammond, the engineer in the United States, preparing necessary evidence which, it is said, has been accumulating for the last two years. It is alleged that sensational details will be adduced by the plaintiffs, involving several of Stratton's associates, who are now living.

For household use, 747,000 machines are made, which represent in value about half the output. New Jersey leads in this industry.

LOSS OF WATER BY SEEPAGE.

The loss of water by seepage from irrigation ditches and laterals presents one of the most important problems with which irrigators have to deal, says the Denver Republican.

It is considered at length in the annual report made by Prof. Mead, who is in charge of the irrigation investigation which the department of agriculture is making.

Everyone who knows anything about irrigation and the management of ditches knows this to be true, but it is a loss that is difficult to prevent. It is easy enough to say that ditches should be cemented, but a moment's thought will show that to cement the sides and bottom of a large irrigation canal extending for fifty miles or more would be a very expensive undertaking.

To cover the sides and bottom of such a canal with clay would also be expensive, especially in a country where comparatively little clay is to be found.

The loss from seepage is greatest where the ground is sandy or mixed with gravel, and this is true of much of the country through which irrigation canals are constructed in the arid region. If water is allowed to flow for a long time through a canal the adjacent ground becomes more or less full of water and then the seepage is less. But this requires a long period, and even it will not prevent all such loss. The loss from the laterals is of the same character, and it seems that with out regard to the expense some method will have to be devised by which canals will be made more or less impervious.

Base Ball at Santa Fe.

A good game of base ball was played on the college grounds at Santa Fe Sunday between the High school team and the second nine of the college. The college boys won by a score of 10 to 2. The battery for the college consisted of J. Alarid, pitcher, and J. Martinez, catcher. P. Alarid pitched for the High school and Charles Gildersleeve was catcher.

FOREST RESERVES.

Mapping and Examination of Forest Reserves in Arizona, New Mexico and Utah.

An important work in the survey and investigation of the government forest reserves by the United States geological survey is this season in progress under Henry Gannett, geographer. It consists in the extension of topographic surveys, including triangulation and spirit leveling, of the

reserves for the construction of maps, and also in the botanic and economic examination of the forests to discover the amount and variety of standing timber, the damage done by forest fires and other existing conditions of the reserves.

Work this season has been directed particularly to the reservations in Arizona, New Mexico and Utah.

In Arizona the examination which was commenced last year and carried over the northern section of the San Francisco mountain forest reserve is being continued to cover its southern portion. The total area of this reserve is 975,360 acres. A like examination is being carried on in the Black mesa forest reserve in the Waasatch and adjacent ranges, with special reference to the needs of the agriculturalist and the protection of the water supply of the streams flowing from the region for the irrigation of lands in the valley floors.

Assistants to the geographer in charge are Messrs. F. G. Plummer, Arthur Dodwell, Theodore F. Rixon and H. B. Ayres.

The forest reserves of the United States are established by proclamation of the president; the total area of land thus set aside is 46,828,449 acres, distributed in fourteen states and territories.

The object of reserving these tracts of woodland is not only to preserve the forests, which are being rapidly cut or destroyed by fire, but to insure their permanence and increase their value by scientific care and cutting. It is also of the utmost importance, especially in the west where water is necessary for irrigation, to keep the sources of the streams properly forested in order to secure steadiness of flow.

Buffalo Bill's Wild West Show Here
Friday, October 3.

"CHICAGO TRAMP" THURSDAY, OCT. 2

In the announcement of the appearance of the tramp play at the Colombo hall Thursday, October 2, Manager Matson can congratulate himself on securing so good an attraction so late in the season. The company will produce the four-act sensational comedy drama, entitled "A Chicago Tramp." A large number of people appear in this production and as each one is a specialty performer, the entire entertainment can be expected to be filled at every turn with some new element of variety as the entire company has congenial role and opportunity to display their vaudeville acts.

An Efficient Battery.

The United States artillerymen serving the two fieldpieces in the arena of Buffalo Bill's Wild West show, in highly interesting fashion the military discipline of a battery in action which cannot often be seen except in battle. The limbering and unlimbering of the guns, training, firing and driving all are done with the precision of clockwork and the driving will be something of a surprise to many who fancy they are pretty good at that sort of thing themselves.

The above and other well known and popular features of this famous historical exhibition, such as the big battle scenes, the wonderful lassoing of the Mexicans, the daring riding of the bucking broncos by the cowboys, cavalry and artillery drills by United States soldiers, Indian war dances, and the wonderful shooting of Colonel Cody (Buffalo Bill) and Johnny Baker, will all be seen here, as the Buffalo Bill Wild West exhibition is billed to appear here soon.

The magnificent mounted street parade, which will go over our principal streets on the morning of the show, will give the spectators a good idea of the magnitude and interesting character of this famous exhibition. Will be here on Friday, October 3.

Base Ball Meeting.
Rockford, Ill., Oct. 1.—The Rockford team won the pennant this year in the Indiana-Illinois-Iowa baseball league and as a penalty for their good luck the directors of the local club are to-day winning and dining their fellow

magnates of the league. The occasion is the annual fall meeting to wind up the affairs of the season. The summer has been one of record breaking success for the league, both as regards sport and finances. The playing of the several clubs has compared favorably with that of the bigger leagues, while the gate receipts have been uniformly good. Before adjourning the league officers will elect officers for the year, but it is not probable that anything definite will be done in the way of arranging the circuit for next season until a meeting to be held at a later date.

A Typical South African Store.
O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

Police Court.
Business in police court was invisible this morning—in other words there was nothing doing. Of course it may be possible that the people who are supporters of the police court are saving their money for the territorial fair. If such is the state of affairs the police force will have to work overtime during that eventful occasion to take care of the patrons.

Receipts amounting to \$455 were taken in last month. This amount was more than was expected to be on hand as the business in the police court has been unusually quiet, no heavy fines having been levied on any of the law breakers.

WORLD'S FAIR.

Field Commissioner Ward at Work in the West.

Favors Big New Mexico Exhibit

Dr. W. S. Ward, the field commissioner of the mining and metallurgical department of the world's fair, St. Louis, 1904, arrived in this city this morning from El Paso, and is stopping at the Alvarado. He will go west to San Francisco, this evening, and will visit Arizona towns on his way back, and will return to this city during the territorial fair.

This morning he had a conference with Thomas Hughes, secretary of the New Mexico commission of the St. Louis world's fair, and was assured that this territory would have a creditable exhibition at the big St. Louis fair.

Dr. Ward has had a great deal of experience in exposition work, having been assistant director of the mining and metallurgical exhibit for Colorado at the Paris exposition in 1900, commissioner from that state to the Paris exposition in 1889, and chief director of the Colorado exhibit at the Chicago world's fair.

"Having been identified with a number of fairs," said Dr. Ward, "I can say that I never saw so much general interest in an exposition, and emphatically in the mining portion as there is shown in the St. Louis fair. The west, particularly, is taking great pride in it as a home affair. It is 'our exposition.' It has not been necessary to make appeals, but there is voluntary action and that spirit of rivalry that gives life to things, is in evidence.

"I believe that the scheme of class premiums founded largely on the Paris exposition plan and the lessons of former fairs will make the exposition at St. Louis a monumental success."

Stricken With Paralysis.

Henderson Grinnett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

Gallatin-Post Wedding.

New York, Oct. 1.—A wedding in high society today was that of Miss Edith Post, daughter of Mrs. Charles A. Post, to Mr. Golet Gallatin. The ceremony was performed this afternoon at Strandholms, the country place of the bride's mother at Bayport, Long Island. A special train conveyed a large number of guests from the city.

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquidifies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. F. S. Mc Mahon, Hampton, Ga. "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." B. H. Briggs & Co.—J. H. O'Reilly & Co.

Secretary Baer's New Duties.

New York, Oct. 1.—John Willis Baer, who, during the last decade, has been the most prominent figure in Christian Endeavor circles, next to "Founder Clark," today entered upon his new duties as assistant secretary of the Presbyterian Board of Home Missions. As secretary of the United Society of Christian Endeavor, Mr. Baer was a powerful factor in building up that organization and his place will be difficult to fill. In the twelve years of his administration the membership of the society increased more than 3,000,000, and spread from the United States all over Canada and Mexico and to England, Germany, France, Australia, South Africa and other parts of the world.

The Worst Form.

Multitudes are singing the praises of Kodak, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with digestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodak and after using four bottles I am entirely cured. I heartily recommend Kodak to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

Ohio Librarians Meet.

Columbus, Ohio, Oct. 1.—The mission, needs and management of public libraries will be discussed from every viewpoint at the annual meeting of the Ohio Library association, which began

Mrs. Anderson, a prominent society woman of Jacksonville, Fla., daughter of Recorder of Deeds, West, says:

"There are but few wives and mothers who have not at times endured agonies and such pain as only women know of. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any other I ever knew and thoroughly reliable.

"I have seen cases where women doctored for years without permanent benefit who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health, after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."—Mrs. R. A. Anderson, 325 Washington St., Jacksonville, Fla.—\$5000

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause, and restoring the organs to a healthy and normal condition.

Its season in Columbus today. The three days' programme provides for special conferences concerning large and small libraries, and men and women who have devoted years to practical study of the question will give to the assembled librarians expert knowledge on the different phases of library work. The attendance at the convention is large and the meeting promises to be unusually successful.

It Goes Right to the Spot.

When pain or irritation exists on any part of the body, the application of Ballard's Snow Liniment will give prompt relief. "It goes right to the spot," said an old man who was rubbing it in, to cure rheumatism. C. R. Smith, Propr. Smith House, Tenaha, Texas, writes: "I have used Ballard's Snow Liniment in my family for several years, and have found it to be a fine remedy, for all aches and pains and I recommend it for pains in the throat and chest." 25 cents, 50c and \$1.00 at Cosmopolitan Pharmacy.—B. LAS VEGAS.

Big Meeting of Republicans—A Mix of Unionists and Democrats. Special Correspondence.

Las Vegas, N. M., Sept. 30.—One of the most inspiring meetings yet held in the campaign was held last night at the court house by the dyed-in-the-wool republicans. It was one of the most good natured meetings, too; sort of love feast, in which the speakers paid their compliments to the voters of the republican principles, but who was still trying to masquerade under the old battle flag. Secundino Romero called the meeting to order and proposed a debate with Margarito Romero, as he had challenged him during the last minutes of the convention. Mr. Romero said he wanted to debate the records of the present administration with Margarito, and if he could prove that any official was not honest, he proposed to help Margarito throw him down and out.

N. Segura was then elected president, Gregorio Gutierrez, Damacio Tafoya vice presidents, Ignacio Lopez, secretary, and Patricio Gonzales interpreter.

Mr. Gonzales then made a few remarks, in which he deplored the stormy session, and gave the treachery in the republican camp a lash. Felipe Baca y Garcia addressed the meeting, which was one of the largest held this campaign, the court house being filled. He made a red hot republican speech, as did Eugenio Gallegos and was "scrappy." He wanted to lash them with his tongue, then gave them a polishing up with his fists, and he wanted to be one of the committee of five proposed to go down to Margarito's meeting and wipe them off the earth. Charles Spies enjoyed Mr. Gallegos' sentiments, but counseled deliberation, and to let them alone in their path of sin.

Felipe Baca y Garcia then made a motion that a committee of five be appointed to go down to Margarito and challenge him before the meeting to come to the large hall in the court house, and have a debate, by that way to find out who are republicans and who are not. The motion was put and the vote was close, but moderation prevailed, and trouble was not precipitated. Cisto Armijo, of Emplazado next was called on and he remarked he had nothing to say, but talked an hour, and tired out two interpreters. He spoke of the re-election bills which had been handed out in the outlying precincts, and the false information they were giving out, and said that the convention yesterday will open their eyes, he thought, and they will see the game that is trying to be worked on the faithful.

Charles Spies next introduced P. A. Linn, one of the railroad boys, and in introducing him said Mr. Linn's friends, meaning the railroad boys, did more to carry the city of East Las Vegas for the republicans last election, than any other force. Mr. Linn made a rattling good speech. It was short and to the point. He said as had been done in past years he would do in the future. He told how the democrats had said last election, "To h— with the railroad men," and they then pulled all together, 400 strong, and elected the republican ticket, and they would do the same with the county ticket this fall.

Hon. Eugenio Romero next made a motion that a committee of three be appointed by the chair, on behalf of himself and the county commissioners, to confer with a committee of the Margarito republicans, they jointly to go before Judge Mills and get him to authorize a committee of investigation of the books and the paid warrants of the county treasurer. This motion was made after it was learned what Margarito was spouting about at his meeting, making irrational charges against the officials of the county. The convention, after expressing unanimous confidence in the administration of affairs, and saying that they did not care what Margarito said in his effort to get into office, voted down the motion, saying they were satisfied, and would pay no attention to the utterings of persons who know nothing about which they speak.

There must have been nearly 125 unionists, democrats and boys at the meeting held in Buffalo hall last night by Margarito Romero. Jose Ignacio Esquivel acted as chairman and there were, as usual, a number of speeches and vapors. Margarito, the chief totem, killed nearly an hour of time. He started off his tirade with "Glory to God, peace and good will to all men" and said he was free at last, as in the convention he could not do as he wanted to; did not have the liberty he desired. He said he wanted to get together with all republicans except those who held office or, in other words, have his way. He took a lot of liberties with figures, and tried to make some capital out of a few things he does not understand, as the books at the offices are kept by an expert

system which he cannot master, and hence does not comprehend. He spoke about being turned down two years ago, and gave his nephews a little attention, saying that he wanted to consult them two years ago about the ticket, but they told him the ticket was named. William Frank and Benigno Romero, one of the brothers, and Sabine Lujan also made speeches. Benigno roasted the governor, and had a good time all by himself. Sabine paid his attention to the "glory" end of politics, leaving personalities alone.

About midnight it was decided to perfect the organization of the party to be known as the Independent republicans, and cut loose from the old principles. They named a central committee as follows: Margarito Romero, chairman; Marcelino Martinez, secretary, with Leandro Lucero, Rafael Gallegos, Ramon de Herrera and Juan Gallegos as other members. Margarito Romero, Sabino Lujan, George Chavez, Leandro Lucero and Atenacio Roybal were made a committee on by laws, platform and resolutions. In the meantime the "no re-election" circular already sent out was to be the platform. They chose for an emblem an angel, with an American flag in hand, (ye gods) and adjourned about 1 o'clock. They also had a caucus this morning to find just "where they were at."

There were a large number of indictments brought in at the session of the Colfax county court at Raton last week, but many cases did not get up for trial. Some of the most important cases tried were as follows:

Napoleon B. Cantou was given eighteen months in the penitentiary for forgery. Mr. Cantou had been before the court once before and was let off during good behavior, and the sentence this time was made greater on that account.

Canuto Esjinosa plead guilty of assault and battery and was given 100 days in the county jail.

Reuben Davis plead guilty to carrying concealed weapons and was given thirty days in the county jail.

Blas Trujillo was convicted of larceny and was given sixty days in the county jail, but sentence was suspended during good behavior.

John Wallace, charged with abduction and assault with deadly weapon, plead not guilty, and Jose Ortega, also charged with abduction, the two jointly in one case, were put under \$3,000 bond and the case set for the second day of the next term.

Charles J. Lowther was indicted for larceny and put under \$1,000 bonds.

The case against Watkin Jones for violating election laws was continued. In the case of Robert E. Lee and Jacob Schumelster, charged with larceny of cattle, the case was dismissed by consent of the territory. Robert Lee had been tried once before on the same count, but the jury failed to agree.

Mrs. T. F. Clay returned this afternoon from her visit at San Marcial. Caleb Anderson and wife returned with her, for a short visit here while en route to Oklahoma.

Mrs. Holzman returned this afternoon to Albuquerque, after a visit with her son and daughter.

Mrs. Charles Watson and family left this afternoon for Chickasaw, Okla., on a visit to Mrs. Watson's mother.

Mrs. C. C. McMahon is expected here in the next few days to visit her mother, Mrs. Emily Lipsett. She is from Mishawaka, Ind.

The total enrollment in the public schools for September was 511, the same as for September last year, despite the slight decrease in the census just taken of the school children.

Mrs. Edward Sporleder will entertain a number of friends tomorrow afternoon.

Dr. W. P. Mills will leave tonight for Washington, D. C., where he will make a visit of a month.

Simon Bacharach returned yesterday from a trip around the county in the neighborhood of Corraoz and Trementina, and he says everything is hot republican in the country.

T. B. McNair is on today's sick list. Rev. J. H. Bourne left today for Detroit to assume his new charge. He will be pastor of the Woodward Avenue Baptist church there.

P. M. Clark and wife arrived here today from Albuquerque to try the climate and the baths at the Hot Springs.

W. B. Twitchell returned this afternoon from an eighteen days' sojourn down in the state of Anchoachan, Mexico, on mining business. He was on the Brazos river, and reports the outlook there fine. He was there for Prof. Frank Smith, of New York city.

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, seasickness, nausea. Pleasant to take. Acts promptly.

FROM GALLUP.

Interesting Topics Placed Before the Readers in Short Paragraphs.

Special Correspondence.

Gallup, N. M., Sept. 29.—On dit: That the political taffy kettle is bubbling in Gallup and candidates are forgetting the funds and grievances and cultivating a love for their fellowmen.

That so many of our young people have gone or are going to different points for purposes of further education that it is rather lonesome for those who remain.

That Mrs. C. N. Cotton accompanied her daughter to Los Angeles, where Miss Barbara enters a private board-

ing school. That Fred McSparron was up from Winslow visiting the home folks for a few days.

That the citizens of Gallup sympathize with the relatives of Willie Cunningham in their grief on his untimely death. His mother was a sister of Hon. Alex. Bowie, Mrs. Paul Johnson, Mrs. John Stewart and Mrs. Emma Dock-lett. Mrs. M. B. Johnson, Mrs. S. Woods and Misses Mary and Kate Cunningham are sisters of the deceased. Will was a quiet and gentlemanly young man, respected by all.

That Miss Jennie Bayless is rapidly recovering from her recent illness.

That Sharp and Johnson are improving their mining property north of town.

That on the evening of the 25th at the residence of the bride's parents, Rev. Seabourne pronounced the words that united in marriage John Bowie and Miss Blanche Mulholland. John is the third son of Hon. Alex. Bowie; a young man of sterling qualities, quiet and unassuming, with a host of warm friends. Miss Blanche is the oldest daughter of Hon. Gus Mulholland, and has grown from childhood to womanhood in our midst. In the lottery of marriage Jack has surely drawn a prize, for Blanche is one of the sweetest tempered, truest hearted little lassies I have ever known. The evening was a success in every way. The proud and happy bridegroom, the lovely bride, the smiling attendants, admiring friends, beautiful presents and the delicious spread, not a farthing note to the harmony of the occasion, not a shadow of sorrow, save for the tears of the little brothers and sisters, who seemed only able to grasp the idea that in some way they were losing their beloved sister.

That the party given by Mrs. C. N. Cotton as a farewell to the many friends of Miss Barbara was a most enjoyable affair, and the ten young couples of young folks are enthusiastic over the arrangements made for their pleasure.

That Miss McConnell was pianist, using the same music to which the youthful company had danced during the six months' session of the B. T. L. dancing class, under the instruction and management of R. Wyper.

That Mrs. Sanjule secured some very good negatives of Indian groups and dances as a result of her trip to Isleta and Laguna. Such subjects are very hard to get owing to the superstitions of the Indians, although the Hodgson Bros. have some typical groups that are very natural, having bribed the subjects.

That Prof. R. R. Larkin is candidate for the office of school superintendent, for which position he is well qualified.

That Messrs. Kenney, Risdon, Elsie and Sabn are out at Lake Marlam for a few days shooting, duck having been reported as being plentiful since the rains.

That the Ladies Aid society of the Congregational church has been reorganized, and a choir is being selected, with Mrs. McConnell as organist. Rev. Patterson has the qualities necessary for the gathering together of the scattered elements of this church, which was so prosperous and enthusiastic under the administration of Rev. P. A. Simpkins. Rev. Patterson has many admirers and there are many who will gladly assist in his work of "rounding up" its scattered forces.

That Dr. Clayton and wife will occupy the residence soon to be vacated by the family of Alex. Elsie.

That Mrs. M. B. Johnson has arrived, coming overland from Farmington, and the funeral services for Will Cunningham will be conducted on the 30th.

Monarch over pain. Burns, cuts, sprains, stings. Instant relief. Dr. Thomas' Electric Oil. At any drug store.

FROM SILVER CITY.

Politics Warming Up—Sunday Morning Fire—Other Items.

Special Correspondence.

Silver City, N. M., Sept. 30.—The county politics have warmed up to a good heat since the republican county convention last week and the fall campaign has been opened by the candidates. The democrats will hold their primaries in the different precincts on the 4th of October and their convention will undoubtedly be held in Silver City the first part or middle of October. The democratic slate has been practically made up with the exception of one or two offices for which there are several who want to make the race.

Mrs. Walton and daughter, Miss Elizabeth, left on Sunday evening for Kansas City to spend the winter with relatives. They have been on a visit to W. B. Walton spending the summer.

Sheriff A. S. Goodell and Deputy Conant left Sunday for Santa Fe with Perfecto Rodriguez in their charge to serve his sentence of eighteen months in the penitentiary.

There is some talk of organizing a reading room in this city. A number of the ladies have the enterprise in charge and working to get quarters, etc.

The cold weather is getting along rather fast in this section and the nights are especially cold.

Silver City had a fire early Sunday morning which destroyed the home of John Carson. The family were not awakened by the fire until the entire house was in flames and barely had time to get out with their night clothes on. The building was six-room cottage and was insured for \$600. The family, which consists of eight small children and the mother and father, are left in destitute circumstances, as what little savings they had saved up

in money, amounting to about \$200, including all their clothes, were burned up. The home was mortgaged and consequently they were left without anything. A subscription paper was circulated among the citizens here yesterday to help them along.

Will Lorenz and Harry Burgess returned from a hunting trip on the Upper Gila yesterday and had in their custody a large dead bear. They say they killed it between them. They have no witnesses but seem to tell a straight story about the way it was did.

Thomas Lyons and several eastern friends left the other day for a several weeks' bear hunt in the mountains in the Black Range country.

When you wake up with a bad taste in your mouth, go at once to a druggist and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

INDIAN SCHOOL NOTES.

Special Correspondence.

Another employe has left us. This time it is our head matron, or school mother. Mrs. Lawry came to this school four years ago and during that time she has been a good, kind mother to all the children, who have come under her care. She has attended, faithfully, to all the many duties that fell to her lot and she has won the love and respect of the children. She had been kind and pleasant to the little ones and has helped to make their stay here pleasant and profitable. Her kind, affable manner has won her many friends and few enemies. The employes surprised her last evening by giving her a farewell party. The party was unique and was thoroughly enjoyed by all. A leading feature of the party was a display given by the pupils of Mrs. Maloney, the famous "art and electrocution teacher." This was original, witty and very amusing, and was thoroughly enjoyed by all. The party broke up by a general hand-shaking. Mrs. Lawry left on this morning's train.

Mrs. L. A. Richardson has returned to her place as teacher in the school. She was detained at home during September to nurse her son, whose eyes were poisoned while he was working with a threshing machine.

CALL FOR A REPUBLICAN TERRITORIAL CONVENTION.

A delegate convention of the republican voters of New Mexico is hereby called to meet in the city of Raton at 11 o'clock in the morning of Friday, the 10th day of October, A. D. 1902, for the purpose of placing in nomination a candidate from New Mexico to the Fifty-eighth congress, and to transact such other business as may properly come before said convention.

The republican electors of this territory and all who believe in the principles of the republican party and in its policies as announced in the national republican platform adopted by the republican national convention, held in the city of Philadelphia, June 19, 1900, and who believe in and endorse statehood for the Territory of New Mexico, and favor an honest, fair and just administration of public affairs in this territory are respectfully and cordially asked to unite under this call and to take part in the selection of delegates to the territorial convention.

The several counties will be entitled to representation as follows:

County.	Delegates.
Bernalillo	22
Chaves	3
Colfax	8
Concha Ana	2
Eddy	2
Grant	2
Guadalupe	3
Lincoln	5
Luna	2
McKinley	3
Mora	7
Otero	3
Rio Arriba	10
San Juan	2
San Miguel	17
Santa Fe	10
Sierra	2
Socorro	9
Taos	7
Union	5
Valencia	12

Alternates will not be recognized. Proxies will only be recognized if held by the citizens of the same county from which delegates giving proxies were elected.

County conventions must be held on or before the 6th day of October, 1902. County committees will take proper action and call county conventions at such time and places as they may deem best or on that date.

The chairmen and secretaries of the county conventions are earnestly requested to forward true notice of the proceedings of said conventions and of the names of such delegates as may be elected to the republican county convention to the secretary of this committee by next mail after the call of such convention, addressing the same to Santa Fe, N. M.

Where there are no regular organized county committees the members of this committee are authorized and directed to perform the duties of the county committee and act accordingly.

FRANK A. HUBBELL, Chairman Republican Central Committee.

Attest: JOSE D. SENA, Secretary.

THE SOCIALISTS.

Decide to Put a Referendum County Ticket in the Field.

A regular meeting of the socialist club of Albuquerque was held last evening and it was decided to nominate a referendum county ticket and also to submit to a referendum the question of a candidate for delegate in congress. Slips with requests for the choice of each recipient for county officers will be sent to every socialist in the county during the present week. Ever since the last city election when the socialists made an unexpectedly strong showing, organization has been kept up, regular meetings of the club have been held and missionary work has been done. It is not, however, believed that they have gained strength during the summer.

In a Letter to The Citizen, Miss Nina Otero Withdraws from Queen's Contest.

Santa Fe, N. M., Sept. 30. The Daily Citizen, Albuquerque, N. M.: Gentlemen—I notice by The Citizen that the name of my daughter, Miss Nina Otero, is being voted upon for queen of the carnival in Albuquerque. While we thank our friends very much for their loyalty, both her mother and myself desire that her name be withdrawn from the contest and to that end I beg that you will notify the proper committee to this effect and have her name withdrawn. Yours very truly,
A. M. BERGERE.

PRIZE FOR BASE HITS.

El Paso Stars will Play Exhibition Ball with Selected Local Team.

The organization of the El Paso base ball association was effected last night by election of Dr. A. K. Albers, president; James Magoffin, secretary; Felix Martinez, treasurer; Frank S. Ryan, as manager of the association, was instructed to go ahead with arrangements for the ball games.

Manager Ryan stated this morning that the Athletic park had been secured by the association for the series of games at \$25 a game. He said that the club representing El Paso would give exhibition games on October 12 and 13, and would play a home team selected from the best players in the city. The team would be given a prize of \$25 for every man reaching first base or a purse for a home run made against the professionals. The stars will leave, accompanied by Manager Ryan, for Albuquerque the night of October 13.

At Albuquerque they will play the star nine of the fair association from October 14 to 18, inclusive. Returning to this city the two teams will arrive Sunday morning. Sunday afternoon a game will be played between the star teams and on Monday and Tuesday following games of the series will be played. Manager Ryan stated that he would not give out the names of the players representing El Paso for good reasons.—El Paso News.

Chamberlain's Cough Remedy Saved His Boy's Life.

"I believe I saved my (nine year old) boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hoppe, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by all druggists.

Don't Keep Your Children in School—You May Be Sorry.

Don't keep your children in school until you have their eyes tested, for it is a fact that children have been unable to keep up and graduate with their class for no other reason than faulty vision.

Not knowing—never having been taught—what normal vision is like, they suppose they see as well as any one and pass through school far below the average in scholarship. Their poor sight is the cause of their being judged of inferior intelligence and they know no better themselves. Give your child an equal chance to obtain an education. I will test their eyes and if glasses are not found to be necessary, no charge will be made. S. T. VANN, Doctor of Optics, with S. Vann & Son, Jewelers and Druggists.

Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of peppin and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles I was sound and well.

It can't be hurt but do you good.

The bottle contains 24 times as much actual measurement as the trial size which sells for 50c.

A petition is being circulated here asking that the land office at Las Cruces be removed to Deming.

While here the other day, District Attorney Llewellyn publicly announced that he was going to go after six-shooter men in the proper manner.

The shaft of the Cincinnati is down 285 feet. The ledge will be crossed at the 340 foot level. A mill is contemplated within the next few months.

H. H. Kopper has gone east in the interest of his mining enterprise. For a day or two last week there was quite a flurry in real estate and several sales are reported.

Some of our New Mexico contemporaries have been boasting about fig-growing in New Mexico. Nothing strange about that. Fig growing in this neck of the woods is no new thing. Mrs. Sandoval, who lives on "Happy Flat," grows as fine figs as one would wish to see.

Spent More Than \$1,000.

W. W. Baker, of Plainview, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and, thanks to this great remedy, it saved her life. She enjoys better health than she has known in ten years." DEMING.

From the Herald.

Judge Seaman Field has been quite sick this week.

The Tracy place east of town was purchased this week by N. J. Keith.

The Deming club expects to cross bats with the Clifton club next Sunday.

James E. Irvine, democratic candidate for probate clerk, was sick several days this week.

W. D. Miller has the contract for building an adobe ranch house, 54x18, for George Watkins.

Baylor Shannon, now of Clifton, Ariz., has been in Deming all week buying butcher cattle.

John Stenson, Esq., has sent a fine exhibit of ore from his big mine in the Floridas to the Albuquerque fair.

The John Cross boys brought in 1,500 more cattle from Sierra county, Thursday, for shipment to California.

The bunk house being built by the Santa Fe railway for its engineers and firemen at this point, is about completed. It is situated just west of the round house.

Herrington & Coleman have sold all their 1 and 2-year-old steers for \$16 and \$19 each to Roche & Bryan, of San Francisco. Next, Keith has sold 400 cows and calves to the same parties for \$16 apiece straight.

Sunday's Globe-Democrat contains a photo of Col. P. R. Smith and quite a lengthy account of his efforts to establish a national sanitarium at Deming. Dr. Mayfield, a millionaire physician of St. Louis, has joined hands with the colonel and purposes to raise subscriptions in all the great cities for the enterprise.

A BRUTAL ASSAULT.

An old man at Tucumcari Was Knocked Down, Beaten and Stampeded Upon.

A brutal assault was made on an old man named Jackson Saturday afternoon at Tucumcari. An ex-saloon keeper, known as "Baldy" Waddell, at the point of a pistol dragged him out of the depot and led him by the whiskers to the tenderloin district where he was turned over to one of the depraved women. She beat him, knocked him down, stamped on him and pulled his whiskers out by the handful in the presence of a crowd which had followed him. Waddell all the time stood by with his revolver in his hand. Jackson was bleeding and bruised when permitted to get up and he was at once ordered to leave town on foot, which he did, going in the direction of Delhart, his former home. The only cause for the assault was that he had been a member of the jury at Delhart which had found the woman guilty of an assault with which she was charged. Jackson has a homestead close to Tucumcari

which he is endeavoring to prove up on and he has an invalid wife at Delhart.

REPUBLICAN RESOLUTIONS.

Luna County Endorses Administrations and Instruct for Rodey.

At the republican county convention held at Deming, September 27, the following resolutions were unanimously adopted:

"We hereby endorse and affirm the patriotic and republican principles adopted by the last national republican convention and also that of the last territorial convention.

"We deplore the untimely death of William McKinley, the beloved president, who twice led us to victory.

"We declare our confidence in the leadership of President Roosevelt and loyalty to his administration.

"We most heartily endorse the continued able and successful administration of Hon. M. A. Otero, as governor of New Mexico.

"We heartily endorse our delegate in congress, Hon. B. S. Rodey, and express our appreciation of his untiring efforts in our behalf in the first session of the Fifty-seventh congress.

"We likewise endorse the efficient, practical and economical manner in which our county affairs have been conducted by the present republican officials and congratulate them upon their ability."

The delegates to the republican territorial convention at Raton were requested to do all in their power to ward the renomination of Hon. B. S. Rodey for delegate.

Tucumcari Hotel Burned.

Late Saturday afternoon the hotel at Tucumcari burned. It was a two story frame structure, and there was no insurance. Most of the furniture was lost. Colonel Love, of Clayton, had just purchased the hotel from W. Reddell.

AN EYE-OPENER

Didn't Believe it Possible that Coffee was at Work.

People often attribute their ill health to some indiscretion in eating, and change diet in the hope of recovering their wonted good health; finding no change for the better in their condition they are at a loss for the cause, never for a moment thinking that the cup of coffee which they take in the morning is the true source from whence all their ills have come.

A lady in Philadelphia had her attention called to the pernicious working of coffee on the system by reading a little book on "How to Live." She says: "It was truly an eye-opener to me. All the many symptoms of the nervous stage under which I had been laboring so long, were here directly traceable to coffee drinking. Especially was it shown to be responsible for the complete 'break-down' of my nervous system, which I had ascribed to many different causes, and which had become so great that my hands shook like that of a toper whenever I carried things to my mouth or reached out to grasp anything. I found myself subject to frequent spells of despondency and gloom, a feeling of emptiness, with constant sour eructations.

Now, like every slave to an inordinate appetite, I was loath to believe that my favorite morning and mid-day beverage was the true cause of all this nervous wretchedness.

Having noticed the advertisements of Postum Food Coffee, I determined to test it, and purchased a package and had some prepared carefully as directed. I enjoyed my first cup immensely, and Postum has been my favorite drink ever since, and that is a year and a half ago. I had barely used it a week when I realized a general 'tone-up' of my system. First, my appetite improved; next, I had no feeling of depression for days together, and a sensation of comfort especially of my stomach, was noticeable. After a month, I was aware that my hands no longer trembled, my nerves were improved, and this improvement continued until I entirely recovered my health.

Whenever I learn of a case of nervous prostration, dyspepsia, or stomach trouble among friends and others, I at once urge the abandonment of coffee as a beverage and the use of Postum in its stead, and I have yet to learn of a single case in which it failed of its effects." Name given by Postum Co., Battle Creek, Mich.

and took charge on Saturday. A petition is being circulated among the citizens to help cover the loss.

Never Ask Advice.

A postoffice has been established at Berino, Dona Ana county, four miles south of Earham, and five miles north of Anthony. The postoffice at Slagle, Colfax county, has been discontinued, and mail from that point in the future will be sent to Chico.

A Dozen Times a Night.

Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." Alvarado Pharmacy.

EL PASO DAY.

At the Big Fair—Special Train Will Be Run.

The management of the New Mexico Territorial Fair association have set Wednesday, October 15, 1902, as El Paso day, at which some special attractions will be given, which as yet have not been arranged. A special train is being arranged for to take the El Paso delegation to the fair. The Elks of this city will also have a special.

Mr. O'Reilly, of Albuquerque, who is the efficient manager of the association, says that from all indications this, the twenty-second annual meeting of the association, will eclipse all former events given under its auspices. Many new and attractive events have been added to the program for this year. Chief among these will be the pyrotechnic display representing the eruption of Mount Ptelee and the coming of Montezuma.

Already a good aggregation of shows has been booked for the midway, which will claim attention both morning and evening.

The afternoons will be given up to the fair, at which an unequalled display of minerals and fruits will be shown, and races will also be among the attractions.

Thursday will be Albuquerque day, and Friday has been set aside as Elks' day.

The chief attraction there for El Paso, however, will be the series of ball games between the El Paso and Albuquerque teams, which are composed of the best professional league men in the United States.

Mr. O'Reilly was in consultation yesterday with Dr. Albers and other local fans and said that from the personnel of the El Paso team a fine series of games can be expected.—El Paso Herald.

Frosty Weather at the Capital.

The heaviest frost of the season was that of last night, but it was not sufficient to damage fruit. Tender vegetables and flowers were damaged slightly and the walks and roofs were white this morning. It will require a drop of about ten degrees lower that the temperature of last night to injure the fruit or to cause the leaves to fall from the trees.—New Mexican.

Engine 0126 is in the round house receiving a new cowcatcher.

Will Murphy, who is at present day sealer for the Santa Fe at Las Vegas will take a freight run as brakeman and Pierce Murphy, Jr., at present call boy, will become seal clerk.

J. A. Connelly has been made round house foreman for the Santa Fe at Albuquerque, N. M. He takes the place of J. W. Records, who resigned to go to the Mexican Central.

Ethel, a man who has been running a boarding tent on the Dawson railway, has disappeared, leaving debts to the amount of several hundred dollars behind.

The Southern Pacific's new hospital is to be built at Houston, Texas, instead of El Paso. The structure will cost \$100,000 and is to be located in a suburb of the city convenient to the yards, but outside of the noise.

David A. Sulzer, road foreman of engines from La Junta to Las Vegas, has been appointed acting division master mechanic for the Santa Fe from La Junta to El Paso at Raton. Albert McCready, of the western division, will probably be transferred to the division from La Junta to Las Vegas, to take the place of the road foreman of engines made vacant by Mr. Sulzer's promotion.

The Topeka State Journal says: There was an exceptional run of business over the main line Sunday owing to the fact that many of the freight trains which usually run over the cut off were handled over this part of the road on account of the soft condition of the track there. It is understood that a work train was kept out all day supplying ballast to the tracks. Sand is the material now used under the ties on that line. General Manager Mudge and General Superintendent Hurley spent Saturday looking over the situation there.

A new style of passenger car has been introduced on the Burlington. It is a combination of parlor, dining and observation car, and will be attached to the fast mail train which leaves Chicago every morning for Omaha and the northwest. It is furnished with arm chairs, luxuriously upholstered, and opens on the observation platform, which is separated from the room by large plate glass windows. The sleeping berths are provided for invalids. Off from the parlor is a comfortable smoking room. Beyond is the dining room, an attractive affair, holding four tables. The kitchen and pantry are large and complete. The cars are conceded to be a distinct advance on anything of the kind yet used in this country.

This Climate is Good enough for anybody with weak lungs. The patient need not travel. He can get well here with the help of Allen's Lung Balm, taken frequently when coughing and shortness of breath after exercise serve notice upon him that serious pulmonary trouble is not far away. Allen's Lung Balm is free from any form of opium.

THE SANTA FE REPORT.

More Details from the Annual Financial Statement of President Ripley. In the annual report of the Santa Fe of which a summary has been printed in The Citizen, President E. P. Ripley explains that the issue of \$300,000,000 4 per cent bonds made recently were for the purpose of constructing branch lines and extensions and developing the territory through which the lines extend.

The report is a compendium of detail and shows that during the year \$29,500,000 was spent for construction, for new railroads and for additional equipment. The following equipment was required by the replacement fund: 100 locomotives \$1,562,656 06 764 freight cars 732,165 37 37 passenger, dining, mail and baggage cars 366,625 06

Total \$2,661,447 49 The following equipment was purchased and charged to the capital account: 197 locomotives \$1,728,338 09 151 passenger cars 473,338 79 5,908 freight cars 4,520,903 79 454 miscellaneous cars 436,514 63

Total \$7,159,194 94 The report shows that a large

amount of the expenditures of the year chargeable to the capital account were made on account of improvement of tracks, and the acquisition of right of way, double-tracking, reduction of grades and the acquisition of additional railroads and other properties. The aggregate expenditure for these purposes amounted to \$20,842,167.98. Of this total \$7,918,435.40 went into new mileage, including bonds and stocks of other railway companies.

One of the items included in the remainder of this total expenditure is \$1,256,577.25 for fuel lands. The report sets out a description of the newly acquired oil properties which consist of 500 acres of proven oil-producing lands and 1,000 acres which are expected to be equally productive when developed. Without the aid of the latter as a source of supply, however, it is estimated that the one-third already producing oil will provide fuel for 100 years for the engines and other purposes on the lines from Seligman, Ariz., to San Francisco, as well as for the floating equipment in the bay at the latter place.

The report shows that there was put into new equipment nearly \$10,000,000 during the year. A part of this sum is included in the expenditure from capital account, the total of which is given above. Comparison of the gross earnings of the system for each year since the formation of the company in 1896 and the gross earnings a mile of road shows that the former have increased from \$30,621,230.10 for the year ending June 30, 1897, to \$59,135,085.53 for the year ending June 30, 1902. The gross earnings a mile have increased from \$4,752.04 in the first year to \$7,527.97 in the last.

In the last year 5,823,041 tons of east bound freight was handled. The west bound was 5,773,502 tons. The east bound business paid \$17,848,290.87 and the west bound paid \$23,967,316.18, the tons hauled one mile being over 300,000,000 greater on the west haul than on the east. A comparison of the east and west bound business in the passenger department shows that there were carried eastward last year 3,144,520 passengers and westward 3,234,608, the former paying \$46,136,073.29 and the latter \$7,303,311.57.

If You Were Scared easily you might suppose that the pain in the lower part of your back meant kidney trouble. But being a person of sense you know it is only muscular stiffness, from cold, and that prompt treatment with Perry Davis' Painkiller will prevent it from growing into lumbago. Act accordingly and you will be glad you saw this. There is but one Painkiller, Perry Davis'.

Goes Like Hot Cakes. "The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery of Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, and best physicians prescribe it, and all druggists guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

A SANTA FE PROJECT.

Identified with Building a Road Down in Mexico.

A short time ago there was brief publication made of the fact that the short piece of railroad running between Naco, on the border of Mexico and the United States, and the mining town of Cananea, in the state of Sonora, Mexico, had been sold by the Greene Consolidated Copper company to a syndicate of American capitalists, who proposed to immediately extend it south from Cananea to Port St. Louis, formerly Topolobampo, on the Pacific coast, a distance of probably 350 miles. It is now asserted by persons in a position to speak authoritatively on the subject that the new owners of this road are closely identified with the Atchison, Topeka & Santa Fe and that it is really a Santa Fe project. The company which is to build the new line has been organized under the name of the Cananea, Yaqui River & Pacific Railroad company. It has already placed a large corps of engineers

in the field to make a survey for the route, and it is announced that there is to be no delay in the actual construction of the line. There are no great physical difficulties to overcome, as the road will for most of the distance traverse a comparatively level country, down the valleys of the Sonora, Yaqui and Maya rivers, and thence along the coast to Port St. Louis.

Out of Death's Jaws. "When health seemed very near from a severe stomach and liver trouble, that I had suffered with for years," writes P. Muse, Durham, N. C., "Dr. King's New Life Pills saved my life and gave perfect health." Best pills on earth and only 25c at all druggists.

NOTHING IN IT.

Brotherhood Official Denies Report of General Trainmen's Strike. W. Newman, fourth grand master of the Brotherhood of Railroad Firemen, of Cleveland, Ohio, is in Los Angeles on annual tour of inspection of subordinate lodges. Speaking of the published reports of a great trainmen's strike, Mr. Newman said that while an organization was effected in Kansas City last summer of the chairmen of the five great railroad employees' organizations, it did not mean that the railroad men would make a demand for an increase of pay, or that the new organization of the brotherhoods had power to enforce such demand if it should be made. He added:

"It is the purpose of this organization to make a demand for higher wages, with a threat to go on strike if the demand is not granted as one of the general officers of the largest railroad organizations, I would know something about it. As a matter of fact, I know nothing of it. The organization could not enforce its demand, if it made one. The laws of the brotherhood of railroad trainmen are strict on the subject of strikes, making it a penalty and punishable by expulsion to engage in illegal or sympathetic strike. A strike can not be ordered except when all other measures of settling a difference have been exhausted, and then only by two-thirds vote of the members employed on any railroad system. The men of a railway system have control over their lines and nowhere else."

America's Famous Beauties. Look with horror on Skin Eruptions, blotches, sores, pimples. They don't have them, nor will any one, who uses Bucklen's Arnica Salve. It glorifies the face. Eczema or Salt Rheum vanishes before it. It cures sore lips, chapped hands, chilblains. Infallible for piles. 25 cents at all druggists.

SHIPPING WHITE LIZARDS.

El Paso Thinks They Are to Test the Keeley Graduates. Railroad men at the Galveston, Harrisburg & San Antonio depot, El Paso, had a problem put before them that they were unable to solve until one man offered a solution, says the El Paso Herald. Wells-Fargo & Co. were transporting a crate of about 100 little live white lizards from New Orleans to San Francisco. What use they were to be put to nobody seemed to know until one of the boys said that he understood that they had a branch of the Keeley Institute in San Francisco, and that they used the lizards as a test—that is, they would treat a man for a while and then turn him into the room with these lizards; if he imagined he had them still more treatment was necessary.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Texas, "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at all druggists.

RAILWAY INCORPORATORS.

St. Louis and Raton Capitalists Looking Toward Pacific Coast.

Thomas B. Harlan, of St. Louis, and Jeremiah Lehigh, of Raton, yesterday incorporated with the territorial secretary the New Mexico & Pacific Railway company, which is to commence immediately building a line from Raton to Elizabethtown, eighty miles, traversing a region rich in mineral and timber. The capital stock is \$1,750,000, for which the cash is in hand. The surveying corps is in the field at present, and the line is ultimately to be extended to the Pacific coast, following as nearly as practicable the 37th parallel. The road will be standard gauge. A company to build the line has been incorporated under the name of the New State Construction company, under the laws of Missouri. Bonds are to be sold. The directors are Hugo Koehler, Paul Reiss, Max Koehler, Thomas B. Harlan and O. H. B. Turner, of St. Louis, Jeremiah Lehigh and Christopher Blackwell, of Raton. The chief engineer is O. H. B. Turner, with offices at Raton.

Beautiful Complexions.

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion; 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

TIRED OUT.

There's many a farmer's wife sits on two porch in the growing shadows of a summer evening, knowing to the full what it is to feel tired out; as if there was no other ounce of effort left in her. But she knows how sound her slumber will be and how refreshed the morning will find her. That's the tiredness of a healthy woman. But it's another thing for the sick woman to feel tired out. Rest only seems to increase her suffering. Just as in profound silence a discord jars the ear more forcibly, so now that she has stopped moving about, this tired woman feels more acutely the aching back and throbbing nerves.

Sick women, hundreds of thousands of them, have been made well by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"Words cannot tell what I suffered for thirteen years with uterine trouble and dragging-down pains through my hips and back," writes Mrs. John Dickson, of Grenfell, Assiniboia Dist., N. W. Terr. "I can't describe the misery it was to be on my feet long at a time. I could not eat nor sleep. Often I wished to die. Then I saw Dr. Pierce's medicine advertised and thought I would try them. Had not taken one bottle till I was feeling well. After I had taken five bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' I was like a new woman. Could eat and sleep and do all my own work."

GRAND CANYON HOTEL.

Architect Whittlesey while in Chicago, Submitted the Plans.

Architect Charles F. Whittlesey has returned from Chicago. He brought with him a fine draughtsman, J. H. Burrows, who will be employed in his office. While in Chicago Mr. Whittlesey submitted the plans for the new Grand Canyon hotel to be built by the Santa Fe. The plans were accepted and orders were given that the work of construction should begin as soon as possible.

RING WORMS AND DANDRUFF.

They are Each Caused by a Pesticiferous Germ.

Ring worms and dandruff are somewhat similar in their origin: each is caused by a parasite. The germ that causes dandruff digs to the root of the hair, and saps its vitality, causing falling hair, and, finally, baldness. Without dandruff there would never be baldness, and to cure dandruff it is necessary to kill the germ. There has been no hair preparation that would do this until the discovery of Newbro's Herpicide, which positively kills the dandruff germ, allays itching instantly and makes hair glossy and soft as silk. At all druggists. Take no substitutes. There is nothing "just as good." Send ten cents in stamps for sample. The Herpicide Co., Dept. "F," Detroit, Mich.

Half Fares for Children.

Chicago, Oct. 1.—After a long fight the Chicago Union Traction company has capitulated to the popular demand for half fares for children on the various street car lines controlled by the company. The new schedule effective today provides that passengers more than 7 and less than 12 years old will be carried for half the regular 5 cent fare.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures skin headache. 25c and 50c. Money refunded if it does not satisfy you. Notice for Publication. (Small Holding Claim No. 1763.) Department of the Interior, United States Land Office, Santa Fe, N. M., Sept. 24, 1902.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim under sections 16 and 17 of the act of March 3, 1891 (26 Stats., 854), as amended by the act of February 21, 1893 (27 Stats., 470), and that said proof will be made before the clerk of the probate court at Albuquerque, N. M., on November 10, 1902, viz: Carmel Ruiz de Sandoval, in behalf of the heirs of Telesfora Lopez de Ruiz, for the tract in sections Nos. 7 and 8, T. 9 N., R. 3 E., New Mexico principal meridian.

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz:

Gregorio Barera, Francisco Apodaca y Molina, Justo Gutierrez, Amador Sanchez, all of Albuquerque, New Mexico.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the interior department why such proof should not be allowed will be given an opportunity at the above mentioned time and place to cross examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

Parents' Responsibility Great It is the right of every child to be well born, and to the parents it must look to health and happiness. How inconceivably great is the parents' responsibility, and how important that no taint of disease is left in the blood to be transmitted to the helpless child, entailing the most pitiable suffering, and marking its little body with offensive sores and eruptions, catarrh of the nose and throat, weak eyes, glandular swellings, brittle bones, white swelling and deformity.

How can parents look upon such little sufferers and not reproach themselves for bringing so much misery into the world? If you have any disease lurking in your system, how can you expect well developed, healthy children? Cleanse your own blood and build up your health, and you have not only enlarged your capacity for the enjoyment of the pleasures of life, but have discharged a duty all parents owe to posterity, and made mankind healthier and happier.

There is no remedy that so surely reaches deep-seated, stubborn blood troubles as S. S. S. It searches out even hereditary poisons, and removes every taint from the blood, and builds up the general health. If weaklings are growing up around you, right the wrong by putting them on a course of S. S. S. at once. It is a purely vegetable medicine, harmless in its effects, and can be taken by both old and young without fear of any bad results.

E. L. WASHBURN

LOCAL PARAGRAPHS.

H. B. Henning, with the Journal-Democrat, who has been spending a month in the east, returned this morning.

Mrs. E. G. Ascarate, who has been the guest of Dr. and Mrs. G. W. Harrison, has returned to her home at Las Cruces.

Sidney Rosenwald, who was at Las Vegas on a visit to friends, has returned to the city, well pleased with his visit to the north.

The neat brick cottage which is being built on South Arno street for Mr. and Mrs. Robert Abraham is almost finished. W. W. Strong is the contractor.

The ladies of the Lead Avenue Methodist church met with the aid society this afternoon at 3 o'clock at the church. Some important business was transacted.

George Arnot, the popular manager of the Gross, Kelly & Co. grocery house and superintendent of territorial fair base ball, was a passenger for Las Vegas last evening.

A car load of fast horses owned by H. E. Rowe, from Mr. Rowe's fine stables at Oakland, Cal., passed through the city last night homeward bound from the races in Chicago.

Forest Parker, driver for the Albuquerque laundry, is suffering from an injured leg. The injury was received while bowling at the Sunnyside alleys. While swinging the ball he struck himself on the leg.

A new electric light has been placed in front of the drug store of J. H. O'Reilly & Co. The Whitney company is manufacturing a four foot mortar, which will be placed over the light and serve as an attractive and appropriate sign.

Mrs. M. W. Flournoy and her daughter, Miss Nell, and Florence Field left last night for Los Angeles. Miss Field has been the guest of the Flournoys for several weeks. Miss Nell will enter school at Pasadena. After she is comfortably established, Mrs. Flournoy will return to Albuquerque.

G. Harsch, brother of A. Harsch, and wife are expected to arrive tonight from Melville, Iowa. After visiting here several days they will go to California where they will spend a few weeks. They will probably make a more extended visit to their relatives and friends in this city on their return trip.

The victims of the Ideal Home Journal grafter, who worked the town a couple of weeks ago for several hundred dollars, have not received their anticipated revenge. J. C. Smith, the name under which the smooth guy traveled, has not been apprehended in any of the near by cities. He has probably made good his escape.

The Choral club devoted last evening to practice at the rooms of the School of Music. The club is growing rapidly in public favor, seven additional names being added to the list. This is a splendid opportunity for the music lovers to secure valuable instruction and steady practice. There was a very large attendance last night.

Misses Lena and Essie Price, who have been the guests of their sister, Mrs. L. B. Stern, for several days, returned to their home in Socorro last night. Bertie P. Stern, son of Mr. and Mrs. Stern, accompanied them, and will visit his grandparents for a short time. The young ladies were accompanied to the depot by a crowd of Albuquerque young people.

There will be a meeting of the Spanish American War Veterans this evening at 7:30 o'clock up stairs over the Zeiger Cafe. Captain Dame who recently represented Booth camp at the annual meeting of the national organization in Indianapolis, will be present and make a report. Others who were in the service and not members of the local camp are invited to attend the meeting.

Miss Clayton, the charming daughter of Rev. and Mrs. W. D. Clayton, entertained a few friends at her home, 702 South Walter street, last night, in a delightful manner. Pleasant conversation and music, both vocal and instrumental, whiled away the time. Tasty refreshments were served. Those present were Dr. Keys and wife, the Misses Morehead, Prudence Whitney and Misses Fitch and Powell.

A. J. King, general manager of the Southwestern Mercantile company, a large corporation having headquarters at Alamogordo, was in the city yesterday in conference with Architect Whitteley concerning plans for the large new buildings which are to be erected by the company at the thriving town of Dawson. Albuquerque contractors also figured with Mr. King regarding the erection of the buildings. Mr. King returned to Dawson today.

S. Burkhart, chairman of the democratic central committee of Bernalillo county, is mailing notices to the unaffiliated which read as follows: The democratic county committee has called a mass meeting of the democrats of Bernalillo county to meet at the city hall in Albuquerque on Thursday, October 2, 1907, at 7:30 p. m., to select fifteen delegates to the territorial convention to be held on October 13 next, and also to determine whether or not a county ticket shall be nominated. Come and bring all democrats.

Adjutant Joseph Garabed, more commonly known as "Joe the Turk," a noted character in the Salvation army, will visit Albuquerque this week and conduct special meetings on Thursday and Friday night at 8 o'clock in the tent on the corner of Second street and Lead avenue. He will give an interesting account of his life and work. He

has been in jail forty-six times for preaching on the street. He dresses in full Turkish costume, plays the cornet, clarinet and saxophone, and speaks and sings in several languages. Admission 10 cents.

The dirty dozen gang of street hoodlums met in front of the Bank of Commerce last night. They perched on the street curbing, and entertained the passersby with vulgar slang and dirty stories. It was after 9 o'clock. The police should raid the gang.

J. F. Ohde, a well known horse shoer of Kansas City, who was the tool sharpener for B. Lantry & Sons, the railroad contractors, came in from Laguna this morning, and was a pleasant caller at this office. Mr. Ohde is an expert horse shoer, and will probably locate in this city.

The guards held their usual weekly drill last night. Four new members were taken in. The organization is growing rapidly and with the support it ought to adopt the expansion policy. Bert Drury resigned his position as company clerk and J. A. Stingle was elected to fill the vacancy.

Capt. W. E. Dame, clerk of the court for the Second judicial district, has returned from Indianapolis, where he went a couple of weeks ago as representative from Arizona and New Mexico to the national encampment of the Spanish-American War Veterans. He reports the encampment well attended.

A great many people were attracted by the cleverly advertised window of E. J. Post & Co. last evening. Several stoves in the window have the appearance of being filled with red hot coals. The effect is produced by electric lights and red paper. The window is very attractive after night, and is receiving the proper attention which it deserves.

J. W. McQuade, the well known carpenter and contractor, with his wife and children, returned from southern California this morning. They enjoyed their vacation at Los Angeles and San Diego, and report themselves in fine condition. Mr. McQuade added half a dozen pounds of good solid flesh to his avoirdupois. "Although southern California is a fine country," said Mr. McQuade, "the Rio Grande valley beats it as to climate."

After many months the pile of lumber at the northwest corner of The Alvarado, which has attracted the unfavorable attention of the traveling public, and has always incurred the disfavor of the citizens, is being changed into an artistic office which will harmonize with its beautiful and attractive surroundings. The opinion of this incomplete spot has been expressed several times, but now The Citizen will expound nothing but the beauty and attractiveness of the entrance to the city.

The fire which occurred yesterday morning in the rear of the Vendome hotel did not originate from an ash pit as reported yesterday, as there is no ash pit in the rear. The origin of the fire is unknown, but it is supposed to have come from some bum or a night wanderer lighting matches. Although the fire did not amount to anything if it had not been discovered when it was it might have resulted in a big loss, as it was very close to the building.

The reckless manner in which many young men and boys drive and ride around the corners is very dangerous and more care should be taken at the busy street corners. Yesterday afternoon a small lad riding a bronco came around the corner at Railroad avenue and Second street on a gallop and almost knocked a lady down. However, she realized the danger and jumped backward, but not before the horse had brushed against her. Had she been one step farther she would undoubtedly have been knocked down and possibly fatally injured.
