WORLD'S FAIR

Sites for State Buildings Being Selected.

FIGHT OVER STRATTON MILLIONS.

Cabinet Conference Over the Pennsylvania Coal Miners' Strike.

RUSSIAN VILLAGE DESTROYED BY FIRE.

St. Louis, Mo., Sept. 30.—The governors of nine states, accredited representatives of the national government and twenty or more states or territories are here to participate in the allotment of sites for buildings and the Louisiana Purchase Exposition, ceremonies for which begin today, Missouri, Louisiana, Texas, Illinois, South Carolina, New York, Arkansas, Kansas and Montana received possession of their respective sites. Tomorrow the remaining states and territories will receive their allotments.

STRATTONS' MILLIONS.

Lawyers Fighting Over the Will of Colorado Miner.

Colorado Springs, Colo., Sept. 30.—An unexpected delay occurred today in the fight over the Stratton millions. Judge Orr, county court, cited the executors to appear before him at 9 o'clock this morning and show cause why they would not turn over the estate to the three administrators appointed by him several days ago. At the stipulated hour none of the executors had appeared but instead, N. S. Gandy, junior counsel, came into court for the executors and Karl C. Schuyler for the administrators. Judge Orr ordered a continuance of the case until 2 o'clock. In the meantime the leading counsel for both sides held a joint conference in the private rooms of Judge Orr, behind closed doors, the interview lasting two hours and up to the noon hour nothing was given out as to the program decided upon. Feeling ran high this morning when it was reported that the executors would be lodged in jail for contempt of court, but abated upon hearing the order of Judge Orr continuing the case until this afternoon.

Offer of Compromise.

Colorado Springs, Colo., Sept. 30.—Harry Stratton announced this afternoon that he had been approached by one of the executors appointed by his father in the will with a proposition to compromise the contest and answered that he would withdraw his suit upon a settle of \$1,000,000. Attorneys for the executors, administrators and the son have been in conference nearly all day and the announcement of young Stratton is believed to be the conclusion arrived at.

IMPORTANT CONFERENCE.

President and Cabinet Confer on the Coal Strike.

Washington, Sept. 30.—The coal strike and the situation that has resulted from it was the subject of a conference held at the temporary white house today at which the president, Attorney General Knox, Secretary Moody, Postmaster General Payne and Governor Crane, of Massachusetts, participated. Every one connected with the conference are very reticent, but it is learned that the president is much concerned over the matter. Just what action can be taken is not known. The impression prevails that one reason for the hurried visit of Secretary Root to New York was for the purpose of discussing with the leading business men of that city the situation with a view of bringing the strike to an end. The conference met again about 2 o'clock and are now in session in the president's room. Dr. Luns called shortly after the second conference began but did not see the president. The second conference lasted less than an hour. The coal situation was further discussed, but the participants refused to make any statement when they came from the president's room. "Has any line of action been taken that the administration confidently expects will settle the strike?" Postmaster Payne was asked. "I cannot answer that question," he said. "Is it not true?" "To say so now would be premature," he replied, as he entered his carriage.

Wall Street Rumor.

New York, Sept. 30.—The Commercial Advertiser says: "It was rumored in Wall street today that President Roosevelt had asked certain presidents of the coal roads to go to Wash-

ington to discuss with him a plan to end the strike."

Russian Village Burned.

Lodz, Russian Poland, Sept. 30.—One hundred and twenty houses out of 129 comprising the village of Voshnik, Russian Poland, have been burned to the ground. The fire was caused by children playing with fire. Two children perished in the flames.

Funeral of the Suicide.

The funeral of Mrs. Laura Hudson, the colored woman who committed suicide yesterday took place at the parlors of O. W. Strong & Sons this afternoon at 2 o'clock. As she had a large number of friends in the city the funeral was well attended. The remains will be taken to Booneville, Mo., tonight and will be taken charge of by her aunt, Mrs. Bell Jackson. The husband, Oscar Hudson, will accompany the remains. Her intimate friends have very little sympathy for the husband. They attribute the cause of all the trouble to him.

Football Player Injured.

Grover Strong, a nephew of W. W. Strong, who had his collar bone broken while playing football at the Indian school last Saturday afternoon is resting easy. Grover, with a few other young men of the city, was playing a practice game of football with the Indians Saturday with a view to playing with the Indians against the Agricultural college team during the fair. Strong had the ball and was making a wing run when the Indian tackled him around the legs, throwing him on his shoulder, breaking the collar bone. The injury was cared for by Dr. Wood, the Indian school physician. Grover Strong, although young, plays a strong quarter back and this accident will prevent his playing in the fair game and will weaken the local team to some extent.

DISTRICT COURT.

Anderson Found Guilty of Rape—Larceny Case on Trial.

THE MRS. SMITH CASE.

The case of the Territory vs. W. A. Anderson, charged with assault with intent to commit the crime of rape, was tried this morning in the district court. The jury was out but a few minutes when they returned a verdict of guilty. The evidence for the prosecution showed that the defendant in last July observing the prosecuting witness, Lucia Garcia, at work at her aunt's home, stepped inside the door and accosted her and engaged her in conversation. Finding no one was about he caught hold of the girl and attempted to overpower her. But as the defendant attempted to fasten the door the girl escaped from her assault, and gave the alarm. She told her story and the defendant was arrested. The defendant denies the girl's story. But the evidence was so strong against him that the jury rendered a verdict of guilty. W. C. Heacock appeared for the defendant.

The court is engaged this afternoon in the trial of the case of the Territory vs. W. A. Davis, charged with larceny of clothing from the warehouse of Hild & Co. The defendant is represented by Reynolds & Hickey. Yesterday afternoon the trial of Jose K. Platero, charged with defacing a brand, was tried and found not guilty. The district attorney introduced several witnesses and seemed to have made an unassailable case. The attorney for the defendant, W. C. Heacock, set forth arguments showing that the district attorney had not shown that the offense had been committed within the period set by the statute of limitations. The judge held that the time should have been shown and instructed the jury to return a verdict of not guilty.

In the case of Mrs. W. G. Smith, charged with arson, Attorney E. W. Dobson made an able argument in support of the demurrer to the effect that the prosecution in introducing an insurance company as complainant, had not shown that the company was a corporation. If the demurrer is sustained it is believed the case will be barred by the statute of limitations before it can be brought to trial. The judge will give his ruling on the case later.

As The Citizen goes to press Judge Baker still has the Smith case which was being tried yesterday, under advisement.

Pleasant Party.

Miss Braithwaite entertained delightfully at her rooms in the Grant building last night. Besides refreshments, music, both vocal and instrumental, was enjoyed. Those present were Misses Braithwaite, Bessie Menaul, Ellen McClure, Inez Bliss, and Messrs. J. K. Poyas, Newton Cozine, Charles T. Nicholson and Fink.

QUIET RESTORED

Troops March Through the Strike Region.

ATTEMPT TO WRECK A TRAIN.

Secretary Shaw Says the Monetary Situation is Much Improved.

CAUSE OF NOVELIST ZOLA'S DEATH.

Tamaqua, Pa., Sept. 30.—After a lapse of several days troops were again sent through the Panther Creek valley today. The action was taken because the turbulent element has been acting in a boisterous manner in an effort to intimidate the non-unionists on their way to work. The presence of soldiers had a quieting effect, and although the strikers and pickets were out in force, there was no disturbance.

Attempt to Wreck a Train.

Reading, Pa., Sept. 30.—An attempt was made to wreck a Philadelphia & Reading railroad express train late last night at Brooke's Crossing, a short distance below Pottsville. A fish plate was spiked to the rail in such a manner that the wheels would strike it when the train came along. The wheel of the engine did strike the plate, which broke and the train was derailed. The officials are investigating.

FINANCIAL SITUATION.

Secretary Shaw Relieved the Monetary Stringency in New York.

New York, Sept. 30.—Secretary Shaw was an early visitor at the treasury today. Shaw came to the financial district for the purpose of discussing the situation with the bankers. Early callers included President George F. Baker, of the First National bank; Francis L. Hine, vice president of that bank, and Vice President Vandenberg, of the National City bank. The secretary expects to remain down town the greater part of the day. He expressed himself as being much gratified at the improvement shown by the monetary outlook at prices above the lowest. The principal cause of rebound this morning was the action of Secretary Shaw's to remit the requirements on national banks to maintain a cash reserve against government deposits which are secured by government bonds.

Cause of Zola's Death.

Paris, Sept. 30.—The autopsy on the remains of Emile Zola has resulted in an official declaration that he died from asphyxiation caused by carbonic oxide fumes.

TERRITORIAL FAIR TOPICS.

"Boss Man at the Fair" Receives a Letter From Williams.

OTHER INTERESTING NOTES.

J. H. O'Reilly, president of the fair association, received the following letter this morning, signed Bud Emery: Williams, Ariz., Sept. 25, 1902. J. H. O'Reilly, "Boss Man at the Fair." I would like to come over to your town and work for you during the fair. I have been here some time (rambling) and am anxious to make a move (as "paw") used to say when he "reuben" (cheeked)—half a joke. I do "reuben" work grounds, quarter stretch and grand stand and I will guarantee I can make your folks laugh.

Scott Knight and conspicuous advertising car No. 3 returned from their western trip yesterday. Mr. Knight reports having been treated in a generous manner by the people of the western towns and says that they are coming to the fair by the car loads. Mr. Knight will leave tonight on his second trip north and will go as far as Trinidad.

Every phase of American sport will be represented at the coming fair. Cowboys will show their superior qualities as wild steer ropers and bronco busters. Crack shots of the plains will exhibit their steady nerves and eagle eyes. The dauntless Indian braves will ride their best ponies for the entertainment of the palefaces. The giants of the great American game of base ball, all tried and found not wanting after a hard season's work, will come from the eastern cities, and toss and hammer the pig skin for the entertainment of the visitors. The tennis champions of the great south-

west will meet before the net to defend cups won and cherished. The foot ball players will line up as a wall of stone and do battle royal on the gridiron for the championship of New Mexico. Even the chess men of the territory will have a meeting during the coming festivities. A club of about twelve members has been organized and has its headquarters in room 5, Cromwell block. W. P. Metcalf has been elected president of the new club. The new club will be known as the Albuquerque Chess club and will have a regular session every afternoon, with something extra during the fair.

If the professional base ball players who will be here during fair will do some sensational fielding in high balls caught, it will remind the old timers of the days when the secretary of the fair association, and H. Scott Knight, the superintendent of bill posting, were star players in the left and right gardens respectively. It was only a few years ago, before the gray heads became prominent, that these local amateurs startled the natives with some sensational sky scraping catches, and it is dollars to doughnuts that when ever they see a game of base ball they become suddenly young again.

The exposition at Albuquerque next month will be the most largely attended and the most interesting of any yet held. Many new and interesting features have been added to the program all sections of the territory will be better represented, both in exhibits and attendance. The inducements offered are larger and the management backed by the business men of Albuquerque—the most enterprising in the territory—are leaving nothing undone to make the exposition a complete success.—San Marcial Bee.

In the hurry of making up the best afternoon paper printed in a town of this size in the United States, The Citizen's usually correct foreman yesterday afternoon got a lot of local fair notes mixed with an article about the fair from the El Paso Times. The readers saw the notes, however, and read them, hence, figuratively speaking, there was no mistake.

An event which promises to be one of the most interesting features of the fair is the wild steer roping contest between Sheriff W. C. Stewart, of Eddy county, and Sheriff Thomas S. Hubbell, of Bernalillo county. The stakes of this contest will be a wine supper for all the cowboys entered in the roping contests of the fair.

Prof. Luther Foster, president of the New Mexico College of Agriculture and Mechanical Arts, writes from Las Cruces that as the fair association has no power with which to run the machinery the college intends to send, he will make arrangements for sending an electric motor from the college.

The float of the Eagles of the city is being personally supervised in its construction by John Cuneo, and he says the lodge will be represented in the big parade by something extra nice.

Miss Adele Hubbell desires The Citizen to say that she is not a candidate for queen at the approaching fair, and asks her friends not to persist in voting for her in the future.

Mrs. H. B. Ferguson and younger daughter returned this morning from their summer vacation, spent on the Pacific coast. Miss Erna, the eldest daughter, remained in California and has entered school at Los Angeles.

POLICE COURT.

A young man, giving his name as Brown, was run in by the marshal. He was out of work, not doing anything in particular, but was liable to do something or somebody. He was released with a warning to get work or get out of town.

George Abnan, a continual labor seeker, was before Justice Crawford, charged with being drunk. He was found sleeping on the sidewalk. He was given five days of service for the city.

Justice Crawford gave Deones Lucas ninety days in jail for assaulting his wife. The case was tried in justice court yesterday afternoon.

"Buffalo Bill."

To educate is to elevate and refine, and Colonel Cody (Buffalo Bill) has done more to enlighten and enlarge the public mind on the wonders of savage and military life in all parts of the world than any living man or author ever accomplished. By bringing together horsemen and warriors from every nation on the earth who illustrate their various manners and methods of warfare, the great scout has accomplished wonders in showing to the public the true life of far distant lands, and dispelling traditions of barbarity, which have been engendered and fostered in the minds of civilized people by the distortions of fiction writers. In this respect Colonel Cody ranks among the greatest educators of the age. A view of the different peoples in the street parade is an education in itself.

ALMOST A PANIC

Wild Scenes on the New York Stock Exchange.

NEW YORK DEMOCRATS MEET.

New Orleans Street Car Lines Tightly Tied Up.

THE DES MOINES RIVER ON RAMPAGE.

New York, Sept. 30.—There were wild scenes for an hour on the stock exchange this morning, owing to the violent rebound in prices from yesterday's panicky closing. Opening gains over last night's prices were from a fraction to four and five points. Evident urgent buying by distressed shorts played an important part in the buoyant up rush as there was a prompt relapse. Buyers in yesterday's slump hastened to take profits at the expense of the shorts. Fluctuations were wild and trading very excited. Loans on call at 15 to 18 per cent helped to unsettle the trading again but the market steadied and became quiet by 11 o'clock.

Contested Democratic Delegation.

Saratoga, N. Y., Sept. 30.—Prior to assembling of the democratic state convention today the state committee decided that the delegation from the Ninth assembly district of New York City, headed by Frank J. Goodwin, should be placed on the temporary roll, while the delegates led by former Chief of Police Wm. S. Devery, were mentioned as contestants.

LINE TIED UP.

New Orleans Street Cars Tied Up by Strike.

New Orleans, Sept. 30.—Nearly the entire police force of New Orleans was concentrated this morning at the Arabela barn of the New Orleans Street Railway company, with the expectation that there would be trouble when the company attempted to run cars today. It was ascertained, however, that the power connecting all but one of the circuits in this barn with outside lines had been cut off. The cutting off of the power will not prevent the running of cars in the lower or business part of the city, but if any cars are moved in other sections of New Orleans today mules probably will be used. The electric linemen in the employ of the railway company who went out on a sympathetic strike yesterday refuse to repair the break in the supply wire.

METHODIST CONFERENCE.

The Methodists Close Their Meeting at El Paso.

THE APPOINTMENTS.

The New Mexico Methodist conference was brought to a close Sunday evening at El Paso by the announcement of appointments for the district by Bishop Key.

The most important announcement of El Paso was the appointment of Rev. Daniel L. Collie, of Louisville, to succeed Rev. Ryland as pastor of Trinity church and the naming of Rev. T. L. Lallance, of Pecos, to the presiding eldership of the district.

Mr. Ryland has left El Paso and his successor will arrive in time to hold third Sunday services.

The appointments, as announced by the bishop are as follows:

Albuquerque District.

Robert Hodgson, presiding elder.

Albuquerque Station—Rev. Mark Hodgson.

Magdalena Circuit—Rev. W. S. Huggett.

Gallup—Rev. Robert Hodgson, presiding elder.

Cerrillos and Madrid—Rev. R. Ray, Watrous—Rev. George Ward.

El Paso District.

T. L. Lallance, presiding elder.

El Paso—D. L. Collie.

Alpine Circuit—Rev. W. E. Foulks.

Marfa and Fort Davis—Rev. S. E. Allison.

Pecos Circuit—Rev. S. E. Wilson.

White Oaks—Rev. George G. Hamilton.

Nogal Circuit—Rev. F. A. Bond.

Las Cruces and Berino—Rev. J. M. Ray.

Pecos and Barstow—Rev. J. L. Self.

Roswell—Rev. J. E. Lyon.

Portales Circuit—To be supplied later.

Hagerman Circuit—Rev. W. T. Burke, recently transferred.

Carlsbad—Rev. E. S. Gordon.

Alamogordo—Rev. D. A. Williams.

Deming—Rev. Arthur Marston.

Lordsburg Circuit—Rev. W. A. Dick-ey.

Odessa Circuit—Rev. S. L. Thomas-son.

Transferred—J. W. Brooks, to north Mississippi; J. D. Hammond, to Little Rock; H. M. Whaling, to Texas conference; S. D. Stamey, to North Carolina; J. T. French, to West Virginia; E. P. Ryland, to Los Angeles.

After Monday morning's sermon Geo. G. Hamilton, of White Oaks, and John E. Prater, of Nogales, were ordained deacons.

After the evening sermon W. E. Foulks, of Alpine, was ordained an elder.

Situation Clouded.

Saratoga, Sept. 30.—The actual situation this morning as regards candidates was as clouded as it was up to a late hour last night. Former Senator Hill said: "No man has been selected as the gubernatorial nominee. The race is still an open one."

The convention was called to order at 12:30 o'clock and John B. Stanchfield, of Elmira, temporary chairman, addressed the assemblage.

River on Rampage.

Ottumwa, Iowa, Sept. 30.—The Des Moines river is on a rampage today and has risen to a mark within a foot of high water mark and a further rise is expected. Thousands of dollars worth of property and crops have been damaged. A mile of sewers has been washed out and great stretches of railroad are under water.

HE VISITED ALGODONES.

Judge Abbott Gives His Ideas About Algodones Smelter.

CONSIDERS A GOOD SITE.

Judge Abbott, the geologist, just returned from a three days' trip to the Algodones country, on being asked by a Citizen reporter, "What are your impressions of that locality and what are the new smelter men doing?" replied: "I am not ready to give a very definite description of the mineral resources of that scenic portion of eastern Bernalillo county, but will visit it again soon and after a more extended investigation may have more to say on the subject. As to the new smelter, A. J. Frank, the president and manager, and R. G. Balcomb, postmaster, showed me every courtesy. And I saw the smelter site which is about two miles south of the old sidetrack at Algodones on the edge of a fine mesa near the Santa Fe railroad track, where water in unlimited quantities may be had by sinking fifteen feet to the underflow and it is good water, too. A new sidetrack has been put in and the Santa Fe Railroad company stop trains at the smelter site and are putting in a telegraph office which will be in operation soon. Mr. Frank is the moving spirit, ably seconded by Mr. Balcomb, who is a fine architect, a man of experience and a jolly good fellow. These men are pushing ahead and showed me bills of lading for six car loads of lumber to be used in the cottages and smelter building and still there is much more to come."

"The town site is on the Rio Grande valley, two miles west of this point, and I saw the fruits near by in abundance, which reminded me that a canning factory would be a profitable investment. It is a very desirable place to live, and you may say that the smelter will be built and a town spring up there inside of a few months that will be a benefit to Albuquerque as in turn Albuquerque will be its main business city, so that in time Algodones will be to Albuquerque like Boulder is to Denver in Colorado."

"Town lots will soon be for sale, plans for the construction of workmen's cottages are ready, and in six or seven months the smelter will be in full blast."

The reporter asked: "Do you think the smelter is near enough to good commercial ores?"

The answer was: "Look at Pueblo, Colorado Springs, Denver, Kansas City and Omaha, where they have the largest smelters and you know there are no mines near the two latter cities, while it is nearly fifty miles from the former to the nearest mines. That is the business of the railroads to transport the ores and the fluxes and the Santa Fe will do all they can to encourage this enterprise."

W. E. Grimmer, with the Albuquerque Steam Laundry, and family, spent Sunday at Whitcomb springs.

POLITICAL NOTES

San Miguel Selects Republican Delegates.

THE LUNA COUNTY CANDIDATES.

Democratic County Candidates Named in Several Counties.

A BATCH OF INTERESTING NOTES.

Special to The Citizen. East Las Vegas, N. M., Sept. 30.—The following republican delegates to Raton convention were selected late yesterday afternoon:

J. S. Clark, D. C. Winters, Marguerito Romero, A. R. Quinley, Jose G. Esquibel, Felix Esquibel, Roman Gallegos, Zacarias Valdes, Eugenio Romero, Felix Garcia, Juan Cavanaugh, Charles A. Spies, Secundino Romero, James S. Duncan, A. S. Murray, M. Stewart, Felipe Baca, Y. Garcia.

LUNA COUNTY REPUBLICANS.

County Candidates for Various Offices Named Last Saturday.

The republican county convention of Luna county was held at Deming last Saturday evening and was very harmonious and passed off in great shape. A. O. Bailey, of Columbus, was made chairman, and G. M. Harris, of Deming, secretary. W. H. Greet and Cipriano Baca were elected as delegates to the republican territorial convention at Raton. The following county ticket was nominated:

County Commissioners—First district, B. F. Taylor; Second district, F. R. Milliken; Third district, Volney Rector. Sheriff—Cipriano Baca. Collector and Treasurer—C. J. Kelly. Assessor—A. C. Kuntz. Probate Judge—Edward Pennington. Probate Clerk—B. Y. McKee. Superintendent of Schools—U. Francis Duff.

The following county committee was appointed with T. A. Carr as chairman and Christoval Ralthe, Jr., as secretary:

Precinct No. 1, Deming, T. A. Carr; No. 2, Lower Mimbres, B. F. Taylor; No. 3, Coons, Alfred Taylor; No. 4, Cambray, F. R. Milliken; No. 5, Columbus, J. A. McCoy; No. 6, Hermanos, E. L. Hall.

The resolutions strongly endorsed President Roosevelt, the administration of Governor Otero, the work of Delegate B. S. Rodey and republican policies.

POLITICAL NOTES.

The only controversy in the Grant county republican convention was over chairman of the county central committee. The precinct chairmen met after the convention and Wm. H. Newcomb and W. D. Murray were placed in nomination, which, on a vote, being taken, resulted in a tie. Newcomb moved to leave it to the four leading candidates just nominated which was agreed to and that also resulted in a tie. Some one suggested to toss up a coin which was also agreed to and Newcomb won.

The democrats of San Juan county are considering the names of the following gentlemen as candidates for the county offices: D. J. Donovan and Joseph Previtt for probate clerk; M. McKenzie, Roy Stewart and R. H. Gillespie for sheriff; Harvey Towner and W. T. Mullarkey for school superintendent; Charles F. Holly, surveyor; William McCoy, A. R. Springer, W. G. Black, T. J. Arrington, S. W. Wightman and F. M. Pierce for county commissioners, and several names for each of county collector and treasurer, for assessor and for probate judge.

W. B. Walton, editor of the Silver City Independent, announces himself a candidate on the democratic ticket for probate clerk of Grant county.

Jimmie Shipley, who formerly resided in this city years ago with his estimable wife, is the republican candidate for probate clerk of Grant county. He is popular with the people of the southern county.

The democrats of Lincoln county have nominated the following county ticket: S. C. Wiener and Ira Sanger, commissioners; Saturnino Baca, probate judge; John W. Owen, sheriff; Leslie Ellis, probate clerk; Pedro Mayer, treasurer and collector; Porfirio Chavez, assessor; E. J. Coe, school superintendent; A. E. Williams, surveyor.

D. J. Rankin returned last night from a two weeks' business trip at Farmington, and went to Bernalillo this morning. He expects to return tonight.

For Delegate to Congress
B. S. RODEY.

It is easier to make complaints than
it is to make a living.

There is an increased attendance at
the territorial university.

When you feel that you are doing
right others think so too.

Wherever there is a political boss
there is also another to oppose him.

Raton is destined to become a prom-
inent railroad center in the near future.

Over 300 new dwellings have been
erected in this city in the past two
years.

There are 3,000 words which are
used alike in French and English with-
out change in spelling.

The twenty-second annual territorial
fair will be the very best exhibition
ever held in the Rocky Mountain re-
gion.

"About all you can do with people
who hate you," says the Atchison
Globe, "is to conclude they have bad
taste."

If General Funston mixes in the loca-
tion of the military post in this ter-
ritory he will realize that in comparison
his swimming of a Philippine river
under fire was a pleasant picnic de-
sertion.

LADIES OF THE MACCABEES.
October 1 will be a red letter day
to the supreme hive, Ladies of the Mac-
cabees, which is a social auxiliary to
the supreme tent, Knights of the Mac-
cabees. While only an infant in point
of years, the supreme hive is a giant
in numerical strength. It has a mem-
bership of 105,000, with 2,215 hives or-
ganized in forty-nine states, territories
and provinces. It spreads the protec-
tion folds from Nova Scotia to Alaska,
and from the gulf to the straits. Go
where you will, you will see the home
protection colors—the black, red and
white—over the altar fires of over 2,
000 hives and in 100,000 homes.
During the past ten years, \$2,262,
655.32 has been paid into the homes of
the beneficiaries, in sums of \$250, \$500,
\$1,000 and \$2,000.

On October 1 the homes and busi-
ness houses of the members will fly
the colors of the order, and at 8 o'clock
p. m. the hives will hold simultaneous
meetings in their lodge rooms, to carry
out a specially prepared program ap-
propriate to the occasion, making it
in every respect a jubilee celebra-
tion.

SHOULD BE RE-ELECTED.

The McKinley County Republican
says:
"Hon. B. S. Rodey, our present del-
egate to congress, will no doubt re-
ceive the nomination at Raton on the
10th of next month. Mr. Rodey de-
serves a re-election at the hands of the
republican party for magnificent ser-
vices which he has rendered to the
party and to the territory during the
past two years. He did a great deal of
hard work and aided materially in the
passing of the laws now in effect for
the benefit of the miners, and the same
is true of the irrigation bill passed last
winter. The west will receive the ben-
efit of the \$6,000,000 appropriated for
reservoirs by means of which thou-
sands of emigrants will be provided
with homes. To the intelligent and
persistent efforts of Mr. Rodey is due
in a great measure the assurance that
statehood will be given us this winter.
None but capable and honest men have
ever received a recommendation for
office from Mr. Rodey. He has assist-
ed hundreds of citizens of the territory
in bringing to a successful issue mat-
ters of business which had been pend-
ing for years. He has greatly benefi-

ted the territory in settling the mat-
ter of the taxation of the property of
railroad companies. No man, however
poor or obscure, has ever applied to
him for assistance but what it has been
given freely and promptly. Through
his efforts New Mexico has become
known to the people of the United
States for the first time in its history."

IMMENSE CHURCH FUND.

When it was stated some time ago
that the Methodist Episcopal church
proposed to raise \$20,000,000 as a new-
century thank offering many persons
regarded the proposal as impractical.
However it will soon be an accom-
plished fact. Of the \$20,000,000 pro-
posed all but \$2,000,000 has been sub-
scribed, and the remainder may be con-
sidered in sight.

This large sum is to be devoted to
freeing churches from debt and for ed-
ucational work. With this vast sum at
its disposal the Methodist church should
receive a great impulse.

The September number of the Church
Economist says:

The Methodists of Canada set their
figure at \$1,000,000, and they have raised
\$250,000 more than that, and the
Presbyterians of Canada put their
mark also at \$1,000,000, and have al-
ready obtained \$1,430,000, with a prob-
ability that they will receive \$1,500,000.
The English Methodists have raised
\$4,500,000; the English Congrega-
tionalists, who sought \$2,000,000,
have secured \$3,212,000; the English
Baptists, who put their figure at \$1,
250,000, have already received \$1,000,
000, and the Congregationalists of
Wales, who set out to secure \$100,000
in five years, have received \$860,000 in
three years.

The Economist reckons that the
churches have secured \$30,000,000 of
the \$40,000,000 proposed, and that the
movement in all its branches is proving
an unexpected and overwhelming
success. Doubtless the entire sum pro-
posed will be secured.

The raising of these sums does not
interfere with the usual church contribu-
tions, but is entirely separate from
them. The money comes also not from
syndicates of rich men, but from indi-
vidual contributors. Certainly there is
a lesson in these figures for those who
doubt the efficiency of the churches.

Nothing Like Oil.

"In dealing with man, remember
that a spoonful of oil will go farther
than a gallon of vinegar." The same
may be said of children. There is
nothing so good for children as the old-
fashioned castor oil. However much
they may abhor it, it is their best med-
icine for disorders of the bowels. In
the more severe cases of diarrhoea
and dysentery, however, Chamber-
lain's Colic, Cholera and Diarrhoea
remedy should be given after the oil
operates, and a quick cure is sure to
follow. For sale by all druggists.

RURAL MAIL DELIVERY.

On November 1 Routes Will Be Es-
tablished Out of Carlsbad and
Maxwell.

Official notice has been received that
beginning November 1 rural free
delivery routes will be established out
of Carlsbad and Maxwell. No other ap-
plications are pending for routes in
New Mexico but the petition for a
route from Duncan, Ariz., which ex-
tends into New Mexico, will be consid-
ered just as soon as it is possible to
assign an agent to that locality. The
route from out of Maxwell will be to
the west and some sixty families will
be served. The carrier will receive
\$600 a year and must furnish his own
horse. The establishment of the routes
is due to the combined efforts of De-
legate Rodey and W. C. Barnes, of Dor-
sey.

The letters notifying Mr. Rodey of
the establishment of the routes is as
follows: Postoffice Department, First Assistant
Postmaster General, Washington, D.
C., Sept. 16, 1902.
Hon. B. S. Rodey, Territorial Delegate.
Sir—Referring to your recent re-
quest that pending applications for rural
service in New Mexico be considered,
I have to inform you that reports
have been received upon the proposed
service from Carlsbad and from Max-
well. The petition for the latter ser-
vice requested that the route emanate
from Dorsey, but upon investigation
that was found impracticable and the
route was recommended from Maxwell.
Orders will be issued for the establish-
ment of one route from each of the of-
fices mentioned on November 1. There
are no other applications pending for
service in New Mexico. The route
from Duncan, Arizona, extending into
New Mexico, will be considered just
as soon as it is found possible to
assign an agent to that locality. Re-
spectfully,

W. RUFUS CARLEY,
Acting General Superintendent.

TO AID INDIANS.

Prominent People Organized Under
Laws of Arizona.
"The Sequoia League," whereof the
motto is "To make better Indians," has
been incorporated under the laws of Ariz-
ona. The reason why Tucson was chosen
as "the principal place of business" is
assumed to be simply the cheapness of
incorporation in this territory. The
objects of the incorporation are fully
expressed in the motto, though an in-
dustrial note is indicated by a para-
graph that tells of the hope of the so-
ciety to lead the Indian wards of the
nation toward independence and self
support through their own efforts. The
officers and directors of the league
comprise the following named:

Water Cure for Chronic Constipation.

Take two cups of hot water half an
hour before each meal and just before
going to bed, also a drink of water, hot
or cold, about two hours after each
meal. Take lots of outdoor exercise—
walk, ride, drive. Make a regular
habit of this and in many cases
chronic constipation may be cured
without the use of any medicine. When
a purgative is required take something
mild and gentle like Chamberlain's
Stomach and Liver Tablets. For sale

GRAND CANYON WRECK.

Train Ran Into a Band of Sheep and Was Derailed.

ONE MAN KILLED.

From Williams News.

A backing train, a cut on a curve with a heavy down grade, a large band of sheep and an excited herder resulted in a wrecked train, the loss of one life and a number of men being badly injured on the Canyon railroad, about four miles north of Williams, last Saturday afternoon.

Shortly after noon the work train on the Canyon road, which was going out about twenty-four miles to pick up stringers, was sidetracked here by No. 33. Some time later they got under way and were making up for lost time when the point where the accident occurred was reached. The train was in charge of Conductor J. O. Dodge, with brakeman E. S. McClure, Engineer Lumsden and Fireman Price. The work crew consisted of Foreman John Powell and eleven men, the train being made up of engine, two coal cars and a caboose, and was backing out.

Just before the point where the wreck occurred is reached there is a deep cut. Here the road curves sharply and runs out on a fill. Here, also, was a large band of sheep belonging to Frank Everett, in charge of a Mexican sheep herder. The man was driving the band across the track and about half were over when the train crashed into them.

Following is the testimony of brakeman McClure, which was given at the coroner's inquest:

"We were backing up the train and when I first saw the sheep we were about 300 yards from them and the herder was trying to drive them across the track. As soon as I saw them I turned around and applied the air in the caboose. When we hit the sheep about 1,000 in the flock had gotten by; probably the first part of the flock was fifty feet from the track, and we went right through the center with the caboose and train. The conductor and myself were sitting in the cupola of the caboose. This man (indicating Swan) was right in the door; the presumption is that he tried to jump and failed. When we hit the sheep we were running about twenty miles an hour, down grade. There was no chance in the world to see the sheep and prevent running into them. I saw them just as soon as they could have been seen, and applied the air myself."

James Doyle testified as follows: "Mr. Dodge, the conductor, was up in the cupola with Mr. McClure, the brakeman. I heard Burt Woods say: 'Look out! we are going to get into it,' and McClure put on the brakes, while Mr. Dodge signaled to the engineer."

It appears that when the caboose struck the sheep it jumped the track, running about 100 feet on the ties, and then toppled over down the embankment. The coal cars and engine went through, but one of the former was derailed a little further on. As soon as possible the engine was cut loose and sent to town for help. Upon its arrival here Dr. Tyroler was summoned, and after attaching a car, in charge of Agent Hudson, again left for the wreck.

Here a pitiful sight met the gaze. Men were standing around here and there with blood-besmeared countenances, doing all in their power for their less fortunate comrades.

The physician immediately attended the wants of the injured men, after which the crew set to work to remove the shattered caboose from off the body of the unfortunate Swan.

The body of the dead man and his crippled comrades were loaded on the train and brought to town, where Dr. Tyroler could better attend their injuries.

Juries.

Following is the list of the dead and injured:

P. H. Swan, St. Louis, killed.
John Powell, foreman, compound fracture of right leg, scalp wound and other injuries; taken to Los Angeles.
C. E. Brown, back and side hurt.
Harvey Zinzer, face cut and bruised, ankle sprained.
D. J. O'Rourke, face cut, right side bruised, injured internally.

George Wagner, had scalp wound, cut behind left ear, legs bruised.
J. C. Hogan, right ear injured, both legs bruised.
D. A. Mahle, right arm injured.
Elmer Leonard, left shoulder and left leg injured.

Bert Woods, generally bruised up.
E. S. McClure, hurt between the shoulders and left breast; sent to home at Needles.

J. O. Dodge, scalp wounds, right arm injured.

Every man in the caboose, with the exception of T. M. Graham, had more or less cuts and bruises, he being the only one who escaped unhurt.

The body of P. H. Swan was shipped to his home in St. Louis Monday morning in charge of Fireman Smith, of Winslow.

Following is the verdict rendered by the jury empaneled by Coroner M. L. Ranney, of which E. T. Phelan was foreman, and A. H. Harrell, E. J. O'Neill, P. E. Hoolihan, Alex. Chisholm and E. J. Levensgood, members:

"We find that the said P. H. Swan, deceased, came to his death in a railroad wreck, on the Grand Canyon railroad, on this, the 20th day of September, A. D. 1902, and said cause was purely accidental and unavoidable; and we, the jury, exonerate all parties from any and all blame."

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles, for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much mood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothe and heal. B. H. Briggs & Co. and J. H. O'Reilly & Co.

EIGHTEEN CARATS FUN.

"A Chicago Tramp" at Colombo Hall, October 2.

Ever since Arthur Jones created his famous part in "1492" the genus holo has been one of the most interesting and popular on the American stage.

"A Chicago Tramp," which comes to the Colombo hall on October 2, is of 18-carat fine Jones article upon which he has placed his smile of approval. Jones himself would laugh at it and everyone who likes to read the funny sayings, the independent assertions and the hundreds of humorous things that are printed about the great American tramp cannot fail to have two hours of solid fun at every performance of "A Chicago Tramp."

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me." For sale by all druggists.

FREQUENT BLAZES.

Several Small Fires Have Occurred in Winslow Recently.

Last Sunday afternoon the fire alarm sounded about 3 o'clock and called the firemen out to fight a blaze which had started in a house on Front street occupied by Frank Dickerson and family. While playing around one of the rooms a daughter of Mr. Dickerson had found a match and unwittingly lit it and set fire to some clothes hanging in a wardrobe close by. The fire gained rapid headway and quickly spread to the ceiling and ate its way around the walls and up through the roof. Mr. Dickerson and neighbors fought the fire until help arrived and the prompt appearance of the firemen upon the scene and their effective work prevented any further spread of the flames. The house and furniture are owned by F. T. LaPrade, and his loss is covered by insurance. He estimates the damage to the house at about \$100 and to the furniture about \$20. Mr. Dickerson's loss consisted of the clothing in the wardrobe which was entirely destroyed, the damage amounting to nearly \$75.

Some sparks from a yard engine lodging in a pile of ties in the "hoodoo" yard near the coal chute and setting fire to them were the cause of the alarm of fire Thursday noon. The firemen applied an abundance of water and soon remedied matters with no greater damage than a lot of badly charred ties.

There was also a little fire scare recently in the house of T. J. McGinty on the south side of the railroad track. Mrs. McGinty started to light a lamp and in so doing accidentally set fire to the fringe of the tablecloth. She instantly had a lively blaze to combat, but with commendable pluck and energy fought the fire until she had subdued it. The damage consisted of good-sized holes burned in the tablecloth and carpet, also a thorough scare for Mrs. McGinty.

Dr. J. C. Bishop, of Agnew, Mich., says, "I have used Foley's Honey and in three very severe cases of pneumonia with good results in every case." Refuse substitutes. Sold by Alvarado Pharmacy.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Sold by Alvarado Pharmacy.

Base Ball at Farmington.

The ball games of last Thursday and Friday, between Durango's first nine and Aztec's lightning strikers, were perhaps the best ever played in the valley. Thursday's score resulted 5 to 3 in favor of Durango, and Friday's score 5 to 0 in favor of the same nine, winning them the \$100 purse offered by the fair association. Hildebrand and Baker, Moore and Baker were the batteries for the Aztecs and Davis and Beckwith for the Durangos, both sides doing some splendid work. Woolman Waggoner (on four legs) was Aztec's mascot, but with all his efforts the aztec boys were destined to receive nothing more than a goose egg in Friday's game.

Saturday morning the Aztec boys played a Farmington picked nine for a purse of \$25. However, the game was stopped by rain in the sixth inning, the score standing 13 to 12 in favor of the Aztec nine.—Farmington Hustler.

Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodal cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: Kodal has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodal saved my life. Take it after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

THE RECORD BROKEN.

The Present Enrollment at the School of Mines the Largest in Its History.

The enrollment for the present year at the School of Mines has already surpassed all former enrollments and is still increasing, says the Socorro Chieftain.

Several new names were added to the list this week and other parties are expected to come from a distance in a few days.

It has been found necessary to increase the accommodations for students. The board of trustees have therefore leased the two upper rooms of the high school building for the use of the School of Mines, and these are now being put into first class condition with a view to both comfort and convenience. This move establishes no connection whatever between the two schools, but these rooms were rented simply because they are the most suitable and convenient for the purpose.

There are two features of the attendance at the School of Mines this year which are especially gratifying. One of these is the unusually large number of technical students. This gives assurance that the lower grades of preparatory work may soon be dropped from the curriculum and the work confined to the immediate purpose for which the school was established. The other feature is the enrollment of a large number of Spanish-speaking students. These were assured that special provision would be made for their accommodation and that assurance has been fully realized.

The present year is already a record breaker in all respects at the School of Mines and there are still other improvements in prospect, which if realized will very soon insure the success of the institution to a degree beyond the fondest expectations of its friends.

Quick Colds

A draught, a quick cold; Ayer's Cherry Pectoral, a quick cure. Get well before you have to think of weak lungs, bronchitis, pleurisy, pneumonia. Ask your doctor what he thinks of this advice. If he has better, follow it. If not, follow ours.

"I have found Ayer's Cherry Pectoral the best all-around remedy for la grippe, bronchitis, and other lung troubles that I have ever used. It has benefited or cured in every instance."—M. Lodeman, M.D., Ithaca, N. Y. 25c, 50c, \$1.00. J. C. Ayer Co., Lowell, Mass.

LOCAL PARAGRAPHS.

T. B. Clements and family have returned to the city, the former from Ragosa Springs, Colo., and Mrs. Clements and children for the Jemez hot springs.

Ed. Grunfeld, of the Equitable Life Assurance society, and George P. Leonard, piano and music dealers, were passengers for Santa Fe yesterday. They will visit Las Vegas before returning.

Prof. F. A. Jones, engaged in the United States geological survey, gathering statistics of deposits of precious metals of New Mexico, has finished his searches and will now confine himself to making an official report. It will be watched for with interest.

W. C. Porterfield, secretary of the New Mexico board of pharmacy, sends word to The Citizen that there will be a meeting of the board in this city on Saturday, October 18, for the examination of applicants for registration. Those wishing to stand the examination should notify the secretary at once.

W. W. McDonald, adjutant of the local G. A. R. post, is in receipt of a letter from Post Commander J. W. Edwards and ex-Post Commander A. J. Armstrong, who have just attended the Kansas state Grand Army reunion at Wichita, Kan. The veterans will go from Wichita to the national encampment at Washington, D. C.

A Communication.

Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Brockman, Bagwell, Mo. This remedy is for sale by all druggists.

Old Abe Running.

The deal for the purchase of the Old Abe mine necessitated the suspension of operations on that property, pending the negotiations and therefore the entire force was thrown out of employment. As this great mine had been, for years, the main stay of the camp the closing of the work, although for only a short period, produced a marked influence on the business of the community. Work was suspended only for the purpose of taking the necessary inventory of the property and making the few repairs thought advisable by the new management.

Last Saturday work in the mine was resumed and Monday the mill began to crush the ore laden with its precious yellow metal and the accustomed sound of the whistle now again echoes through the surrounding canyons and cheers the denizens of the camp with its more than welcome music.—White Oaks Eagle.

during the convention and was trying to inveigle the faithful in there. He pulled off a meeting there last night in which he stated that he wanted to organize an independent republican party. The party was launched at this meeting but got only a few sore-head signers.

San Miguel Republicans.

The republican county convention to select seventeen delegates to the territorial convention at Raton met this morning, the crowd coming in from all over the county to attend. There were 139 delegates on the list, and the majority of them favor the administration, as against Marguerito Romero's faction.

Eugenio Romero was made temporary chairman, and A. T. Rogers, Jr., secretary, with E. H. Salazar and Patricio Gonzales interpreters. It was not all harmony up to noon, for Marguerito Romero and some of his followers occasionally got rambunctious, but gained little.

Pablo Jaramillo, Zacarias Valdez and Marguerito Romero were made a committee on credentials, and found all but five precincts, with eight delegates, present. A committee on permanent postoffice inspectors, arrived this afternoon from Albuquerque.

RICH ORE STRIKE.

Wire Gold in Good Quantities Found in American Mine.

VEIN THREE FEET WIDE.

John M. Rice and Floyd Parsons, of Parsons, arrived in White Oaks, accompanied by R. C. Sturgeon, secretary and treasurer of the Eagle Mining and Improvement company, and vice president and treasurer of the American Gold Mining company.

The Eagle reporter interviewed Mr. Sturgeon in reference to the reported rich strike in the American last Saturday, and he stated that a pocket was shot out in one of the stopes from which was taken about \$5,000 in wire gold and that another one of about the same value was uncovered on Tuesday near the same place. Mr. Sturgeon did not seem to attach much importance to these two pockets, remarking that they were merely incidental to the working of any mine. He stated, however, that the American is now taking ore from a vein three feet wide which will run at least \$100 per ton. He showed up a panning from a shot sack full of ore from the heading of this vein which seemed to have at least a dollar in coarse gold.

Mr. Sturgeon stated that it is the policy of both the Eagle and American companies to operate their various plants on strictly up to date lines and add to their equipment by installing modern machinery as rapidly as possible. He expressed himself as highly pleased with the Old Abe and South Homestake properties, the former of which was started on last Monday and is running twenty-four hours per day. The Eagle company expects to start the South Homestake just as soon as necessary repairs are completed, which will be in a very short time.

CALL FOR A REPUBLICAN TERRITORIAL CONVENTION.

A delegate convention of the republican voters of New Mexico is hereby called to meet in the city of Raton at 11 o'clock in the morning of Friday, the 10th day of October, A. D., 1902, for the purpose of placing in nomination a candidate from New Mexico to the Fifty-eighth congress, and to transact such other business as may properly come before said convention.

The republican electors of this territory and all who believe in the principles of the republican party and its policies as announced in the national republican platform adopted by the republican national convention, held in the city of Philadelphia, June 19, 1900, and who believe in and endorse statehood for the Territory of New Mexico and favor an honest, fair and just administration of public affairs in this territory are respectfully and cordially asked to unite under this call and to take part in the selection of delegates to the territorial convention.

The several counties will be entitled to representation as follows:

County.	Delegates.
Bernalillo	22
Chaves	3
Colfax	8
Concha Ana	6
Eddy	2
Grant	8
Guadalupe	3
Lincoln	5

Otero	3
Rio Arriba	19
San Juan	2
San Miguel	17
Santa Fe	19
Sierra	2
Socorro	9
Taos	7
Union	5
Valencia	12

Proxies will only be recognized if held by the citizens of the same county from which delegates giving proxies were elected.

County conventions must be held on or before the 6th day of October, 1902. County committees will take proper action and call county conventions at such time and places as they may deem best or on that date.

The chairman and secretaries of the county conventions are earnestly requested to forward true notice of the proceedings of said conventions and of the names of such delegates as may be elected to the republican county convention by next mail after the call of such convention, addressing the same to Santa Fe, N. M.

Where there are no regular organized county committees the members of this committee are authorized and directed to perform the duties of the county committee and act accordingly. FRANK A. HUBBELL, Chairman Republican Central Committee.

Attest: JOSE D. SENA, Secretary.

PENSION REPORT.

Commissioner Ware's Annual Report
Shows Interesting Facts.

BIG PAY TO PENSIONERS.

The annual report of Commissioner of Pensions Eugene F. Ware just made public, shows that the number of names on the pension rolls is still under the million mark, despite a net gain of 5,732 pensioners since 1898. The total enrollment July 1, last, was 999,446, against 997,735 last year. The total comprises 738,809 soldiers and 160,637 widows and dependents. The aggregate includes 4,895 pensioners outside the United States.

The number of death notices of old soldiers, not now in the service, received by the bureau during the year, was 50,128; but only 27,043 of them were pensioners.

The report says that the death rate among the pensioners for the coming year will be about 40,000 and the losses to the rolls from other causes will be about 6,000.

The total amount paid for pensions during the fiscal year was \$137,504,268 and the yearly cost of operating and maintaining the bureau and the agencies outside of the payment of pensions proper, aggregates \$3,590,529.

The pension system, says the report, since the beginning of the government, has cost \$2,992,509,019, exclusive of the establishment of the soldiers' homes. The pension disbursements by the United States from July 1, 1790, to June 30, 1865, were \$96,445,444.

The following amounts have been paid to soldiers, their widows, minor children and dependent relatives on account of military and naval service during the wars in which the United States has been engaged:

Revolutionary war (estimated), \$70,000,000.

War of 1812 (on account of service, without regard to disability), \$45,025,297.

Indian wars, 1832-1842 (on account of service, without regard to disability), \$5,817,287.

War with Mexico (on account of service without regard to disability) \$31,861,338.

War of the rebellion, \$2,228,878,276.

War with Spain, \$3,275,184.

Actual amount disbursements in pensions, \$2,990,854,302.

Catching up Work.

The amounts paid as pensions on account of disabilities and deaths as results of military and military service during the wars of 1812 and with Mexico, and in time of peace to the beginning of the war with Spain are included in the payments on account of the war of the rebellion. It is estimated that \$16,000,000 were paid in pensions for disabilities and deaths due to military and naval service in the wars of 1812 and with Mexico, and during the time of peace prior to the war of the rebellion, making the payments of pensions to soldiers and sailors of the war of the rebellion and of the regular military and naval establishment since the close of said war of the rebellion, and their widows, children and dependent relatives amount to \$2,228,878,276. This is outside of the cost of maintaining the bureau, agencies and soldiers' homes.

The average value of each pension is now a little over \$132. The number of applicants for pensions filed was 188,626, rejected 118,464 and granted 117,268. During 1902 the bureau handled 47,106 more pension applications than it received, showing progress in catching up with the accumulated work. The number of cases now undergoing examination in the bureau and in the process of adjudication, known as the "pending files," follows:

Under the general laws, 137,101; under the act of June 27, 1890, 142,678; war with Spain, 34,433; army nurses, 69; service prior to March 4, 1861, 2,323; accrued, 22,812; total, 339,436.

The report shows that on July 1 last there were pending 15,604 appeals from the decisions from the commissioner. The summary of rejected cases shows that 23,073 of the rejections were on legal grounds and 95,251 on medical grounds.

WHITE OAKS.

From the Eagle.

E. T. Collier is expecting this week to receive a half dozen fine registered Angora billys from California.

George W. Harbin, Waterloo, Iowa, and a party of eastern capitalists, passed through White Oaks, en route to Jicarilla, where Mr. Harbin, of the Rico Mining company, is interested in placer properties.

Mr. and Mrs. P. G. James, of Parsons, took the train at Carrizozo, for Sugarloaf, La., where they will visit friends and relatives for a month.

The richest ore ever found in the Nogal mines was taken from the American last Saturday. Specimens as large as a man's hat that were half wire gold have been exhibited. Great excitement prevails and men have been employed to guard the ore.

On Monday morning about 10 o'clock Mrs. Hattie S. Mayer, wife of Frederick Mayer, after an illness of several weeks, passed out of this life. A group of four little ones, the oldest a girl not yet 10, and the youngest a boy of 4, are left motherless, and a devoted husband, wifeless. Mrs. Mayer was still in the blush of young womanhood when she was called to part from her beloved.

Certificates were issued by the board of examiners to the following named teachers who attended the normal and passed the regular examination: Misses Addie Piersol and Jessie Clark, of Richardson; Miss Stella Meek, Arabella; Miss Myrtle Sidson, Captain; Miss Alice McMalin, White Oaks; Miss Lucile Peters, Angus; Mrs. W. E. Dudley, Nogal; Porfirio Gonzales and James Dow, Lincoln; Frank Burlingame, Alamogordo.

Came Near Being a Cripple. Josh Westhafer, of Logansport, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle, for it saved him from being a cripple. No external application is equal to this liniment for stiff and swollen joints, contracted muscles, stiff neck, sprains and rheumatic and muscular pains. It has also cured numerous cases of partial paralysis. It is for sale by all druggists.

FARMINGTON.

From the Times.

School commences October 6. Get ready.

George H. Browne left for Gallup on a business trip.

Mrs. A. F. Stamp left for St. Louis, where he goes for medical treatment.

The San Juan river on Sunday was the highest it has been for years. It was the result of the heavy rains that fell over its entire watershed.

Miss Lucille Thomas came home from Durango, where she has been attending school, to attend the fair and is visiting here this week.

A. D. McIntosh, of Cedar Hill, was in town during the fair and left for Gallup with fruit and vegetables. He presented the Times office with the largest musk melon that we have seen this year.

Philip Speers, nephew of I. W. Dannele, is here from Terre Haute, Ind., and is making an extended tour of the west, seeing what is to be seen and getting his first impressions of our own country, with which he is well pleased.

Miss Letta Hays is a winner. Her clay model of George Washington showed talent that merited the recognition which it received. It was excellent work for an amateur and shows that Miss Letta possesses talent worthy of cultivation.

Sunday Frank Cienfuegos had the misfortune to lose his crop by the overflow of the San Juan river. At one o'clock in the morning he awoke and found the water at his door and he and

his family had to flee for safety. This is the second year that he has suffered from the same cause.

From the Hustler.

Dick Simpson, the white chief, is in Durango with 300 Navajoes.

Mrs. Thomas Newton and little son, of Denver, are guests at the home of R. D. Graf.

Joe Wilkin, of Little Water, who was threatened with an attack of peritonitis, is now convalescent and hopes to return to the reservation in a few days.

Luther Daniels, brother of Mrs. Matt Hubbard, of the upper San Juan, was killed near Pagosa Springs last Thursday, by having his head crushed between two wagons laden with lumber.

The display of farm products by Mrs. Ella Dooley, which took first prize at the fair, was grown from seeds purchased from the Burpee Seed company, of Philadelphia. The pumpkins and red beets were record breakers.

The town hall bonds recently voted were sold to the Bell-Price Investment company, of Denver, for \$3,047.50, in reality a premium of \$47.50. Bids for the construction of the building will be opened by the town board October 8, and with favorable weather will be able to initiate the new hall about Christmas day.

D. K. B. Sellers, member of the agriculture and horticulture committee for the Colorado-New Mexico fair, has delegated Judge W. H. Symonds to go to Durango and take charge of and display the Farmington exhibit at the fair. The judge departed for Durango, the exhibit preceding him by fast freight the day before.

Not Doomed for Life.

"I was treated for three years by good doctors," writes W. A. Greer, of McConnellsville, O., "for piles, and fistula, but, when all failed, Bucklen's Arnica Salve cured me in two weeks." Cures burns, bruises, cuts, corns, sores, eruptions, salt rheum, piles or no pay; 25c at all drug stores.

SANTA FE.

From the New Mexican.

The arguments in the trial of Luis Romero, charged with murder, were finished and the case given to the jury.

While in the city last week William L. McClure, of Taos, purchased from the Orderdonk Cattle company, of Lamy, some of their fine Angora goats which he will have shipped to Taos.

Mrs. J. D. Hughes, who has been visiting relatives in Palo Alto, Cal., will leave that place this week for Los Angeles, where she will remain for some time visiting her mother and sister before returning to Santa Fe.

Sister Mary Ursula, who has for some time been Sister Superior at the sanitarium, left for Cincinnati to remain permanently. Her place as Sister Superior will be filled by Sister Nolasco, who has been Sister Superior at the Albuquerque academy.

A telegram was received by the penitentiary officers from Sheriff Campbell, of Raton, saying he would arrive at the prison tonight with Walter Wade, sentenced to ten years for murder, and Napoleon Canton, sentenced to eighteen months for forgery.

The city council should take hold of the question of widening Don Gaspar avenue between San Francisco and Water streets. The improvement of that thoroughfare, it being the principal one leading to the capitol, is a prime necessity to Santa Fe.

A recent issue of the Herald of Huntington, Ind., says: "C. E. Newcomb, of this city, has received from Will Newcomb, of Santa Fe, N. M., a consignment of fine fruit. In the shipment the Herald was generously remembered with a basket of white grapes, the

most luscious and largest clusters of this variety of grape ever seen here. The valley of Santa Fe produces the finest fruit in the world."

The remains of the late H. T. Warner arrived at noon Monday from Las Cruces. The funeral took place from the Presbyterian church at 10 o'clock in the forenoon, and the remains interred in the Knights of Pythias plot in the Odd Fellows' cemetery. Rev. W. H. Moore conducted the funeral services. The pall bearers were furnished by the local Knights of Pythias lodge, as the deceased was a member of the order, belonging to the Minneapolis, Minn., lodge.

A Good Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. E. H. Briggs & Co. and J. H. O'Reilly & Co.

LORDSBURG.

From the Liberal.

Miss Nannie Baird, of El Paso, is visiting with Mrs. M. W. McGrath.

Mr. and Mrs. S. M. Chase are spending a few days at the Chase & McCabe ranch in the Animas.

Dr. Crocker returned from a short vacation spent in Los Angeles, where he had a most enjoyable time.

W. F. Ritter, who has a fine herd of Angora goats at Gold Hill, received by express a fine block to add to his flock. The buck is a pure blood and is registered in the herd book.

There has been a great deal of typhoid fever in Chilton, and during the past few months there have been several deaths from the disease. The typhoid has been caused by the accumulated filth in the resident and business portion of the town, caused by the lack of sewerage, and by the poor drinking water.

The registration board will meet at the postoffice in Lordsburg on the 2nd, 3rd, 4th, 11th, 18th and 25th days of October. It is the duty of the board to register all voters, and it is the duty of each voter to see that he is registered.

Last Friday evening after closing the Roberts & Leahy Mercantile company's store about 10 o'clock, and found it had been burglarized. A couple of guns had been taken, but no ammunition was missing. He gave the alarm and Constable McGrath and his aids were up all night, looking after the burglars, but did not find them.

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Albuquerque Homes.

Hard to do housework with an aching back;

Hours of misery at leisure or at work.

If women only knew the cause: Backache pains come from sick kidneys.

Doan's Kidney Pills will cure sick kidneys.

Albuquerque people endorse this: Mrs. J. H. Smith, of 115 Huning avenue, (J. H. Smith, deputy sheriff,) says: "Every woman who has had backache for a month so severe that every movement made hurt and she never knew the moment but the slightest strain on the muscles of the back brought a twinge which could only be described as excruciating, is more than pleased when she finds a means to at first check such attacks and then radically dispose of them. When suffering from backache I went to the Albuquerque Pharmacy for Doan's Kidney Pills and took a course of the treatment. It stopped the annoyance. Since then I have had no necessity to use Doan's Kidney Pills nor any other medicine for aching across the small of the back."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

OFFICIAL MATTERS.

Land Claims Rejected—Land Office Transactions.

Uncle Sam says it's all right

Uncle Sam, in the person of ten of his government officials, is always in charge of every department of our distillery. During the entire process of distillation, after the whiskey is stored in barrels in our warehouses, during the seven years it remains there, from the very grain we buy to the whiskey you get, Uncle Sam is constantly on the watch. We dare not take a grain of our own whiskey from our own warehouse unless he says it's all right. And when he does say so, that whiskey goes direct to you, with all its original strength, richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY and AGE, and saving the dealers' enormous profits. That's why HAYNER WHISKEY is the best for medicinal purposes. That's why it is preferred for other uses. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.

PURE SEVEN-YEAR-OLD RYE

4 FULL \$4.00 EXPRESS
QUARTS 4 PREPAID

We will send you FOUR FULL QUART BOTTLES of HAYNER'S SEVEN-YEAR-OLD RYE for \$4.00, and we will pay the express charges. Try it and if you don't find it all right and as good as you ever used or can buy from anybody else at any price, send it back at our expense, and your \$4.00 will be returned to you by next mail. Just think that offer over. How could it be fairer? If you are not perfectly satisfied, you are not out a cent. Better let us send you a trial order. If you don't want four quarts yourself, get a friend to join you. We ship in a plain sealed case, no marks to show what's inside.

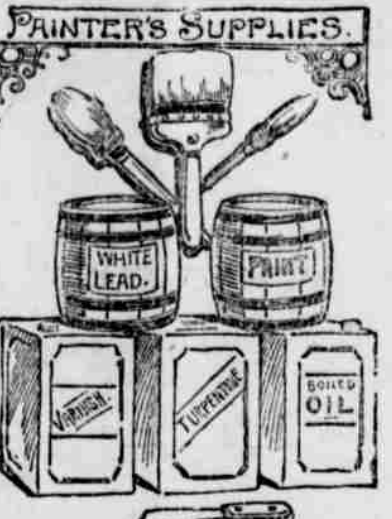

If you can use 20 Quarts or can get some of your friends to join you, we will send you 20 Quarts for \$16.00 by Freight Prepaid, thus saving you \$4.00. We have been in business over 30 years and have a paid-up capital of \$500,000.00 so you run no risk.

Railroad Topics

Don Williams, special officer for the Santa Fe, is in the city.

Another grading camp of the Santa Fe Central railway was moved from Arroyo Hondo toward the capital city.

It is announced that Master Mechanic Patterson, who for a few months has been at Raton, N. M., will leave about October 1 for Oregon, where he has another position.

The Santa Fe Pacific is enlarging the shops at San Bernardino. New paint shops, boiler shops and a new foundry has been built. Several hundred new men will be given employment.

Otto Schroeder, a water service employee, has been designated to go to Needles, Cal., and take charge of the electrical plant of the Santa Fe at that point. Schroeder recently entered the service of the company at Topeka and since that time has been connected with the work of installing electrical equipment in the new shop.

William Musterman, who runs a bolt machine in the wheel shop at Topeka, may soon come into possession of about \$10,000 left to himself among a number of heirs by a rich uncle who died recently in New York. The estate which the uncle had was located near the city of New York. The adjustment of the dead man's affairs has not yet been completed.

No. 223 is the new car which is being rebuilt at the local shops for General Manager Wells, of the Santa Fe coast line. It is being especially constructed, as a business car for the general manager. It will be one of the most complete official cars on the system, which means a great deal, as the Santa Fe officials are said to have the finest private cars of any road in the west.

There are from two to thirty car loads of green fruit moving out of northern California over the Santa Fe for eastern markets. The shipments probably will increase later in the season, and within two weeks the number of cars is larger than for some time before. The fruit business from California is divided between the railroads in order that within certain limits there may be no competition to injure either of the two principal lines—the Santa Fe and Southern Pacific.

Cards were received here yesterday announcing the marriage on Wednesday evening last of Miss Anne Listerberger and Senator Arthur Kennedy, president of the Pennsylvania Development company. The marriage took place at South Bend, Ind., the home of the bride. Senator Kennedy is well known here, and is heavily interested in the Albuquerque Eastern and Santa Fe Central railways and other projects. He has a host of friends who were surprised to receive the cards, but who send him all good wishes. The authorities of the Santa Fe hospital received a telegram from Williams, Ariz., last night, to meet train No. 8, which carried a native who would have to have his hand amputated. When the train arrived the conductor reported that he had a couple of sick natives with permits to the hospital, but that as far as any amputations were concerned he knew nothing about it. They had been working for the Santa Fe and needed a little recuperating. They were taken to the hospital where they received medical attention.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am cured. I cannot say too much for Foley's Kidney Cure." Sold by Alvarado Pharmacy.

WAY TO SAVE MONEY.

Southern Pacific May Abolish System of Baggage Masters.

It is understood that the reason the Southern Pacific contemplates abolishing the system of baggage masters and allowing the Wells-Fargo expressmen to handle the baggage is an economical one. The railroad company is paying its baggage masters \$80 a month and the express messengers receive the same amount. It is figured that if the salary of the messenger is increased to \$90 and a helper employed at about \$40 and the \$20 saved by the transaction divided up between both companies it will amount to considerable in the course of a year.

Lingering Summer Colds. Don't let a cold run at this season. Summer colds are the hardest kind to cure and if neglected may linger along for months. A long siege like this will pull down the strongest constitution. One Minute Cough Cure will break up the attack at once. Safe, sure, acts at once. Cures coughs, colds, croup, bronchitis, all throat and lung troubles. The children like it. B. H. Briggs & Co. and J. H. O'Reilly & Co.

MEXICAN TRAIN SERVICE.

President Robinson Going to Topeka to Consult With Santa Fe Officials.

A. A. Robinson, president of the Mexican Central railroad, accompanied by his family and a party of friends, passed through the city this morning, in a private car, en route for Topeka, Kan., where he goes to attend a meeting of prominent Santa Fe officials.

The meeting which is being held at Topeka this week is of considerable importance to Albuquerque, El Paso and the City of Mexico. A new time card is one of the purposes. A second purpose is a consultation in regard to a fast train between Albuquerque and the City of Mexico.

The Mexican Central people have been trying for some time to get a limited connection with the Chicago and California limited. Such a train would necessarily be made up in Albuquerque and would add some to the train service men kept in this city. It would also give first class service between here and El Paso and the City of Mexico, and by so doing get back a certain amount of travel lost by the building of the Rock Island.

A New Jersey Editor's Testimonial.

M. T. Lynch, Editor of the Phillipsburg N. J. Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it. Sold by Alvarado Pharmacy."

TIME CARD MEETING.

Will Be Held During the First Week in October.

The fall meeting of the division superintendents of the eastern grand division of the Santa Fe has been called for this week in Topeka, at which meeting the time card will be rearranged, and provision made for the operation of the California limited, which will go on as a daily train next month. The new time card will take effect on November 10, and it is stated by the passenger officials that there will be few changes of importance except the arrangement of the time of the limited.

800 MEN QUIT.

Choctaw Shopmen Want Their Wages Paid Promptly.

When the whistle of the Choctaw, Oklahoma & Gulf shops at Shawnee, Okla., blew Friday morning 800 men refused to respond to work. The trouble is due to a delay in pay for the preceding month. The entire force of machinists, boiler makers, blacksmiths, wood workers, carpenters and painters quit.

"We protest, not strike, for our pay," they say. "We are inclined to think that if we do not show our disapproval of this conduct it will continue."

COMPETE WITH SANTA FE.

Another Road Trying to Gain Entrance to Cleburne, Texas.

Messrs. House, of Houston, and Austin and R. H. Baker, of Austin, made a proposition to Cleburne, Texas, to bring their railroad from Mexia, via Hillsboro, and it was taken up after three hours' notice. Committees left to get up right of way and terminals. Col. S. B. Allen was made permanent chairman and D. M. Thrash permanent secretary of the railroad meeting. Business men say this is the best proposition Cleburne has had yet.

A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them. Only 50 cents. Satisfaction is guaranteed by all druggists.

IMPORTANT CHANGES

There Are Rumors of Certain Changes Among Santa Fe Officials.

JOHN PLAYER TO RETURN.

Hints have leaked out from sources which should give the more or less weight, that the Santa Fe is to undergo an other change in the administration of its operating department, says the Topeka State Journal. It is reported that by the first of next January J. W. Kendrick, third vice president, will retire and that the heads of departments under his jurisdiction will suffer corresponding changes.

In connection with this rumor there are suggestions that John Player, so long superintendent of machinery, will return to the service of the road as third vice president. Mr. Player retired from his position as consulting superintendent of motive power June 1 and went to a large manufacturing plant in Franklin, Pa., in an advisory capacity. It seems hardly probable that considering the condition of his health for a good many months previous to his resignation that he would again become actively engaged in railroad work. It would be impossible to find a man who has a better standing among the great body of Santa Fe employees, particularly among those with whom he has come in touch, than John Player. It is not believed that Mr. Player would be receptive to an offer to return, but it would be satisfactory to the men.

It is further claimed that the shake-up will extend to the mechanical department and that Alfred Lovell, now assistant superintendent of motive power, will succeed to the superintendency of motive power, and that Mechanical Superintendent Risteen of the eastern grand division will get the position which Mr. Lovell now holds. There was a rumor in circulation a week ago to the effect that Superintendent of Motive Power Henderson was to quit, but Mr. Henderson denied any knowledge of it. Mr. Henderson is regarded as an excellent railroad man, well qualified to carry forward the work of installing the Santa Fe in its new plant here. In the department under his jurisdiction there has come, since he assumed his present duties, an influx of new ideas. Ways of handling the work of the mechanical department have been inaugurated which are different from those in vogue before he came to the Santa Fe. The purchase of new locomotives is said to have been so extensive as to amount to nearly \$2,000,000. The engines are of a large and heavy type calculated to handle the constantly expanding business of the system.

It is understood that for some time there have been differences among the directors of the system and that this has been the chief factor in the disturbing changes which have been made in the administration of the company affairs, especially in the operating department within the last few years. By some the talk that Third Vice President Kendrick is to retire is regarded as idle since he only recently turned down an offer from the Westinghouse Air Brake company to go to Europe as their representative. It is claimed that there is an English and an American faction in the board of directors, each antagonizing the other in the matter of policies which should be extended in the manipulation of affairs.

It is also believed by some that the rumors of Pennsylvania railroad influence on Santa Fe affairs is well founded, and that the next annual meeting of the stockholders of the company will show that the Pennsylvania has obtained enough control of Santa Fe stock to dictate the election of one or more members of the board of directors. General Manager H. U. Mudge was asked as to the truth of the above rumors, and said:

"I believe there is no truth in them. I believe they are made out of whole cloth. I think there is no likelihood of Mr. Kendrick leaving his present position except to better himself. He is on the best of terms with President Ripley."

"FLYER" A SUCCESS.

Santa Fe Will Restore the Train in May Next Year.

"The Colorado Flyer was the most successful train ever operated by the Santa Fe," said W. J. Black to a Topeka State Journal reporter, in speaking on the financial results of the Santa Fe's last summer train to Colorado points. "We will operate the train next summer, with the same elegant equipment that characterized it this

A Nightmare

Gives point to the fact that excessive or irregular eating disturbs the digestion. Nightmare or night hag has its day time correspondence in the undue fullness after eating with the belchings and sour or bitter rising so often experienced after too hasty or too hearty eating.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and its allied organs of digestion and nutrition. When these diseases are cured, the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.

"Your Golden Medical Discovery" and Dr. Sage's Catarrh Remedy have been of great benefit to me," writes Prof. J. Pleasant A. Oliver, of Viola, Fulton Co., Ark. "Before I used the above mentioned remedies my sleep was not sound, digestion bad; a continued feeling of misery. I now feel like a new man. Any one in need of medical treatment for nasal catarrh could do no better than to take treatment of Dr. R. V. Pierce. I know his medicines are all right in this class of diseases."

Sometimes a dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It is better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

year, but we expect to restore it in May instead of beginning in June, as we did this year. The season of the Flyer closes on September 30."

His statement is interesting at this time because of the statements which have been made concerning the success of the Flyer. It has been rumored that the Flyer did not prove to be a good money maker, and that it would not be operated next season. Evidently the Santa Fe officials are much pleased with the success of the train, and expect to make it a permanent feature.

Fortune Favors a Texan.

"Having distressing pains in head, back and stomach, and being without appetite, I began to use Dr. King's New Life Pills," writes W. P. Whitehead, of Kennedale, Tex., "and soon felt like a new man." Infallible in stomach and liver troubles. Only 25c at all drug stores.

Electric Power to Irrigate.

New Orleans, La., Sept. 30.—The Southern Pacific railroad is behind a scheme for the equipment of rice plantations in Louisiana and Texas with electric power for mill irrigation pumps and harvesting machinery. Experts say the scheme will revolutionize rice culture, as it solves the cheap irrigation question.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for consumption, cough and colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at all drug stores.

Mr. and Mrs. Alessandro Baca, who were married here last Saturday, left this morning for their future home at Madrid, N. M.

The Silver avenue livery stable has come out with some fine new signs. They are in keeping with the coming fair decorations.

Dr. Carnes and W. Y. Walton have returned from a week's hunting trip in the Manzano mountains. They report having had a nice trip and having seen some bear signs, but brought back no trophy.

Sister Nolasco, who has been Sister Superior at St. Vincent's in this city will go to Santa Fe to be Sister Superior of the sanitarium. Sister Ursula, who has been Sister Superior at the Santa Fe sanitarium for a long time, left yesterday for Cincinnati to reside.

John S. Trimble returned to El Paso last evening. Mr. Trimble, who is manager of the Trimble Transfer company, of El Paso, was here buying a bus and some horses to be used on their line. He reports business good and excellent prospects for a progressive business.

Mrs. E. C. Whitson, president of the local Woman's Relief Corps, expects to leave tomorrow morning for Washington, D. C., to attend the national encampment of the Grand Army of the Republic and the Woman's Relief Corps, which occurs at that place October 6 to 10.

All the Jewish stores in the city will be closed on Thursday, which is the Jewish New Year. The stores will close at 6 o'clock Wednesday and will be closed until 6 o'clock Thursday evening. This is quite an event in Jewish circles and will be observed by everyone who professes that religion.

At the last meeting of the Eagles the lodge unanimously resolved to present Geo. K. Neher a gold badge, in appreciation of his valuable services in organizing the lodge and helping in every possible way to make it a credit and benefit to the city. A committee has the matter of procuring the medal in charge and it will be a neat souvenir.

The front of the store building occupied by the Foster Millinery company, is receiving a new coat of paint.

The fire department made a short run at 3:30 this morning. The cause of the alarm was a small blaze in the rear of the Vendome hotel, several boxes having caught fire from the ash pit. The blaze was soon extinguished and no damage was done.

The press of the city chronicled the Connell-Huning marriage as having occurred at Los Lunas, which was a mistake. Miss Emma Huning and Walter Connell were married at the church of Immaculate Conception Sunday morning and will make their home with the mother of the bride, Mrs. Louis Huning, who recently moved into the Ernest Meyers property on North Second Street.

At a meeting of committees from the cigarmakers' and typographical unions it was decided to call a meeting for the third Sunday in October to make an effort to organize other branches of labor in Albuquerque and also a trades assembly with delegates from each union. The hour and place of meeting will be announced later. There are several branches of trade which are anxious to organize and no doubt this will be done.

J. P. Sturdivant, a wealthy planter of De Mopolis, Alabama, died at the St. Joseph hospital yesterday afternoon. Mr. Sturdivant had been a patient in the hospital for one week, having come here from Chicago. He has lived in El Paso for the last three years. His wife arrived from El Paso a few days ago. The remains were taken charge of by O. W. Strong & Sons and were shipped to De Mopolis, Alabama, last night.

C. C. Hall, the well known merchants' broker, has decorated his office in the Cromwell block in a very artistic manner. A number of beautiful Navajo rugs have been placed on the floor and the walls give forth the aspect of cheerfulness. Quaint plaques richly wrought baskets and figured ollas, obtained by Mr. Hall of the Moguls, are arranged with artistic effect. Mr. and Mrs. Hall will vacate their home on North Walter street and board for the winter at the Gorham house. Mr. and Mrs. W. G. Edgar will occupy the vacated residence.

Mr. and Mrs. Fred Hermann stopped over here a short time last evening on their way from Chicago to their new home in Williams, Arizona. Mrs. Hermann, formerly Miss Grace Dodd, is a very popular young lady and has many friends in this city. Her husband is well known here, having had charge of the Harvey news and curio department for two years. He was given charge of a department in Chicago, but did not like living in the metropolis. Mr. and Mrs. Hermann left here last evening for Williams, where he has been assigned as manager of the fine curio

building there. They were met at the depot by a number of friends and relatives.

A. D. Whitson, of the Whitson Music company, who was up north the past few weeks, returned to the city last night.
