STRIKE SETTLED

Lebanon Colliery Strike Said to be Ended.

REPUBLICANS OPEN CAMPAIGN.

Monument to be Unveiled to Kossuth, the Hungarian Patriot.

STAGE MANAGER MURDERS HIS WIFE

Lebanon, Pa., Sept. 27.—The strike at the plant of the American Iron & Steel company was settled today. The men submitted modified terms to the company. These were considered last night, but so far have been neither rejected or accepted. The modified demands of the men were as follows:

"That the negroes be withdrawn; the puddlers be paid \$4.50 a ton; an increase of 3 per cent be given to the men in the finishing department; no discrimination to be made against any former employee."

It is understood that President Sternberger will not consent to send away the negro iron workers.

OHIO REPUBLICAN CAMPAIGN.

First Rally at Akron Attended by Thousands of People.

Akron, Ohio, Sept. 27.—The Ohio republicans started their campaign ball a-rolling here today with a whoop and hurrah calculated to be heard throughout the length and breadth of the state. The morning was devoted to the reception of the visiting clubs which arrived at short intervals on all regular and special trains. They came from Columbus, Cincinnati, Cleveland, Canton and other places throughout the state and they brought with them a multitude of bands and banners that combined to make a regular hurrah time. At noon the railroad officials estimated the crowd as one of the largest ever entertained by Akron. The speechmaking program this afternoon and evening calls for addresses by Senator Hanna, Secretary of War Root and other leaders of national prominence. Chairman Dick presides over the demonstration and all the other state committeemen are in attendance.

IN MEMORY OF KOSSUTH.

Monument to be Dedicated to the Hungarian Patriot.

Cleveland, Ohio, Sept. 27.—Delegations representing the Magyar societies of Ohio, Pennsylvania, Virginia, West Virginia, Indiana and several other states arrived today to take part in the grand ceremonies attending the dedication of the monument to Louis Kossuth. The ceremonies take place tomorrow and promise to be notable in character. Hungarians, Poles, Germans and Italians will unite to make the occasion a glorious one. The patriotic societies of Hungary have sent a delegation and a number of national flags and banners. A feature of the celebration will be a monster parade in which all the marchers will wear Kossuth hats, made after the pattern of the hats which were generally worn in this country at the time of the famous Hungarian patriot's visit here a half century ago.

The statue to be unveiled is the work of Andreas Toth, the famous Hungarian sculptor, and is an exact duplicate of the statue of Kossuth in Budapest. It is of heroic size and represents the soldier-statesman in his armor, with sword sheathed and in the act of delivering an address. The statue, which is of bronze, is mounted on a base of Quincy granite suitably inscribed. The work occupies a conspicuous position in the public square.

New York, Sept. 27.—Harry Rose, a theatrical stage manager, shot and killed his wife today. He went to a police station, told of the crime and was placed under arrest. He asserted that he had gone home from his duties as stage manager at the Garrick theater and found his wife with a man.

They permit the men no privileges and allow no business except under their direction. They even exercise a censorship, Mayer declared, on what their employees shall read.

Iowa Legislative Act Declared Void. Des Moines, Iowa, Sept. 27.—Judge A. H. He has seen a quarter of a century of service and will retire with the rank and pay of rear admiral. AT BAPTIST CHURCH.

Teachers and Students Entertained at Meeting Last Night.

A FINE PROGRAM.

The auditorium of the Baptist church last night was the scene of much merry making and gaiety. The statehood convention was the cause of the assembling of high school girls and boys, University students, professors and crowds of townspeople.

The main purpose of this reception was to strengthen the ties of friendship between the High school and University, and the event was crowned with success.

The hall was artistically decorated with the High school colors, gold and white, and the University colors, silver and cherry, which produced a very beautiful contrast. This beautiful decoration was offset by the brilliant illumination furnished by the new electric lights, which were just placed in the hall.

Rev. Mr. Powell introduced Delegate Rodey, who made an interesting address on "Statehood." Mr. Rodey is a very forceful and convincing speaker. The opening remark of his address was that "if he had such an exhibition to place before the committee not a single argument would be necessary on his part to prove that New Mexico ought to be a state." He gave good arguments proving why New Mexico deserves to be a state, making special mention of her educational institutions.

"A territorial government is in every way practically a subject one and we do not want this great country of New Mexico to be any longer in her humiliating position before the national congress." Mr. Rodey spoke of the various steps

the statehood bill passed through in the house, but predicted that by the action of the senate, between the 10th and 20th of next December, New Mexico would step into her place among the sisterhood of states, and no longer be the "Cinderella" of the Union, sitting in ashes as it were.

Mr. Rodey's address produced a marked effect on the audience, who expressed patriotic enthusiasm. The singing of America preceding the address served as a patriotic introduction.

The next feature on the program which had its pleasing effect on the audience was the vocal solo by Miss Mabel Fitch, entitled "She Kisses With Her Eyes," after which Rev. Powell introduced President Tigt, of the University.

President Tigt gave a stirring address on "The State of Education in New Mexico." He spoke very highly of the educational facilities in New Mexico, and covered every part of the school and university systems.

Miss Chapin, the talented and charming lady who has charge of the department of expression and physical culture at the University, delighted her audience by the clever reciting of "A Few Friends" and "An Elopement."

"The State of Matrimony" was given its just dues by Superintendent Stroup, and Prof. Carl Magnusson in his treatment of "The State of Single Misery" caused the audience to produce laughter and good genuine enjoyment in large volumes.

Prof. Walker, of the department of music, elicited an encore by pleasing the audience with a beautiful solo. Mrs. Mabel Himoe accompanied the soloist.

After this interesting and instructive program had been rendered refreshments were served. The social feature was a success.

It was announced that next September the High school will again invite the University to meet with them. This convening of the educational institutions for mutual enlightenment and betterment is the fundamental principle of statehood.

Evans, second in command on the Asiatic station and shortly to assume supreme command of the United States naval forces in the east, has been sent up the great Yang Tse river to investigate and report upon the situation in the provinces of China which, according to recent advices from United States Minister Conger, are about to become the scene of another Boxer uprising.

Golf Champaign a Denver Woman.

Omaha, Neb., Sept. 27.—Interest reached its zenith in the golf tournament today, with only the semi-finals and finals to play in each of the championship events. Mrs. Roope won the final in the women's championship with ease. Mrs. Ellis was badly handicapped by a north wind, but it is hardly probable that she could have won against the class of game played by her club fellow member, even had the conditions been perfect for her. The score: Trans-Mississippi championship for women, final round, Mrs. Roope, of Denver Country club, beats Mrs. Ellis, of the same club 6 up 5 to play.

INTERESTING FAIR NOTES.

The Queen's Contest—Officials Arranging Week's Program.

SPECIAL EL PASO DAY.

It is just ten days till the closing of the queen's contest and some popular young lady will be made happy by the imposing honors which will be bestowed on the queen of the New Mexico fair. A little interest was manifested last night when Miss Jeannette Walton gained 17 votes, making her 45 in all. Miss Belle Yancey still has 42 votes and Miss Nina Otero remains third with 15.

Little has been said about Montezuma and little will be known of him before carnival night at the Alvarado reception, when the opportune moment arrives for him to uncover and make his identity known. The secrecy of who Montezuma will be as he poses as best man to the queen, will cause considerable speculation and some fun. Of course he will be handsome, of stately stature and of elegant address. The gentleman who will pose as his royal highness has been selected, but only a few of the officers of the fair know who he is.

It is not yet known whether the queen's reception, which will be given at the Alvarado on carnival night, will be a masquerade or full dress affair.

On Wednesday night, October 15, will occur the Commercial club ball. It will be full dress and a very swell affair.

The officers of the fair association are busy today arranging the week's program and will have it ready for the public some time next week, thus giving the people of the territory time to talk over and choose the attractions they wish to see and inform themselves

of the day on which they will occur.

The buildings, race track and ball grounds at the fair grounds are being repaired and improved for the coming festivities.

R. M. Carley, of Golden, N. M., writes that the Golden district will be well represented in Albuquerque during fair week with a fine exhibit of minerals and a good sized delegation of Golden people.

Las Cruces people and the management and faculty of the Agricultural & Mechanical Arts college are taking great interest in the coming fair. Letters are received daily at the fair secretary's office from the college in regard to exhibits and accommodations. A letter received this morning asks if any motive power can be had at the fair grounds, if so and the proper arrangements can be made the college may send some machinery along with their live stock and fruit and vegetable exhibits.

Along with the racing and base ball of the first day of the fair (Tuesday) will occur a football game between the Agricultural & Mechanical Arts college team and a picked team from the local Indian school. Both teams are practicing daily and a good exhibition of physical endurance and strength will be given.

A. B. McGaffey will have charge of the Hyde Exploring Expedition company's blanket exhibits and today, in company with Attorney M. E. Hickey, who has charge of exhibition hall, went over to the hall and selected locations for the Hyde exhibit.

City School Superintendent A. B. Stroup, who has charge of the educational exhibits, is receiving letters from schools and colleges from all parts of the territory in regard to exhibits and requirements. Prof. Stroup says that the situation is promising.

Every day next week the children in the public schools are requested to inform their teachers if they want to take part in the parade during the territorial fair. All those taking part in the parade will be given a free ticket of admission to the fair.

Any town in New Mexico wishing a special day at the territorial fair will be accommodated by the fair association.

Las Vegas expects to run a big excursion to the territorial fair, and Col. R. E. Twitchell is looking after the details.

Wednesday, September 15, has been designated by the fair officials as "El Paso Day," and everybody in the Paso City should make it a point to be present on that particular day.

A Sound Sleeper.

Livingstone, Mont., Sept. 27.—With the engineer gone and the fireman sleeping in the cab, a wild Northern Pacific engine tore down the mountain side a mile west of here yesterday and at the foot of the hill struck another engine with terrific force. Engineer Owen, in charge of the latter, was killed, and his fireman, James Hose, fatally injured. The sleeping fireman was not awakened until thrown out of the cab by the collision.

The Territorial Fair.

The New Mexico Territorial fair, to be held in Albuquerque, October 14 to 18, will be the greatest exposition of the products of the territory ever made. The program of events for the amusement of the people who will attend is also full of attractions which will draw attendance from a wide radius. Raton will be there in considerable force and if this county is not represented by a good exhibit of ores, coal, petroleum, fruits and agricultural products, it will be losing a choice opportunity to do some effective advertising of its resources.—Raton Range.

OUR NEWSBOYS.

They Have Adopted Ping Pong in Preference to Cigarettes.

Popular ping pong, the favorite game of polite society; the game that has been played in perhaps more mansions in this country and Europe than any other, has been adopted by the newsboys of this city. It is played every afternoon in the alley and the ex-stable barn near The Citizen office. The boys do not have the dining rooms and billiard tables used by the rich, who play the game; in fact they have no tables whatever, therefore their system of playing ping pong is unique.

The introduction of ping pong into the newsboys' fraternity came about in this way: The boys are wont to gather in the alley adjoining The Citizen while waiting for the popular afternoon paper to go to press. Several of them were playing with a rubber ball when a traveling man passing gave them a ping pong ball which, he explained, possessed more elasticity than the rubber one and would bounce truer. In the rear of Dodson's store and The Citizen office are back stairs, and the boys began bouncing the celluloid ball on these landings and it gave the boys the idea of the fashionable game.

They secured a damaged net and they whittled two racquets out of some thin box boards and have since played the game. Our boys say its simplicity and when they learned the balls were very cheap they began purchasing them with their meager funds. Now the landings in the rear of many of the buildings are converted into ping pong tables by the kids. Many of the boys have become very expert at the game and can "cut" balls with the precision of a Smart Set champion. One boy in particular, who labors under the undignified, though expressive title of "Cat Eye," is considered the most difficult to beat among the newsboys. He has strong opponents, however, in "Yellow Back" and "Mumme."

Special Correspondence.
The Hon. Juan C. Armijo has again in a practical way shown his interest in the welfare of the University, donating a set of books as a nucleus to the library of the music department. The work consists of four large volumes and is an encyclopedia on music and noted composers.

Dr. Wroth made an official inspection of the University buildings and campus in the early part of the week. The registrar reports a gratifying increase in attendance. The total of last year's enrollment has already been passed.

On Wednesdays assembly will be in charge of Prof. Walker. The professor gave an exceedingly interesting and instructive opening lecture this week. The students are appreciating the advantages of having a department of music in the University.

The Athletic association held its first session last Thursday. The constitution was read for the benefit of the new students and the election of the following officers took place: President, Louis Becker; vice president, Ralph Tascher; secretary, E. E. Jones; student member of board of control, Ward Anderson.

A large number of students are taking advantage of the noon lunches served in the dormitory during noon. This removes the disagreeable feature of carrying lunch when attending the University.

Mrs. Mamie Herbert, 56 Elmwood Ave., Buffalo, N. Y., Treasurer Empire State Fortnightly, Buffalo, N. Y., After Eight Years' Suffering Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Inflammation and ulceration of the uterus laid me low and robbed life of its joys for me. For eight years I was in frequent pain and misery, and then Lydia E. Pinkham's Vegetable Compound came to me, the greatest boon I have known, for it brought new life and health to me. I used several bottles of Compound and your Sanative Wash. My improvement was slow, but from the first bottle I felt that I was better, and so I kept up courage and continued the treatment. None of my friends ever dreamed that I would be well again, but I have now enjoyed life to its fullest extent for three years."—MRS. MAMIE HERBERT.

WHEN BABY IS COMING USE Mother's Friend

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every faculty is keenly alert as she foresees the joy, ambition, success and the life-long satisfaction coming nearer, day by day, in the dear and innocent being so soon to see light, and the uncertainty whether she shall see a sweet girl or a brave boy face beside her on the pillow adds zest to her expectancy. Mother's Friend applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can fail to be healthy, hearty, strong, clear complexioned, pure blooded and cheerful in disposition, who are mutually influenced by the continued use of this great liniment, **MOTHER'S FRIEND.** Buy of druggists, \$1.00 per bottle. Our treatise "Motherhood" mailed free. THE BRADFIELD REGULATOR CO., Atlanta, Ga.

Safe From Summer Complaints

All mammas, and papas too for that matter, dread the heat of summer with its danger for the little folks, especially the babies. It is simply heart-breaking to read year after year about the great death rate among children caused by the summer's heat. Yet it is easy to protect the infants against all summer complaints, because we know that all these fearful perils have their beginning in stomach and bowel troubles, and we have a perfect family medicine that will keep the delicate machinery in a child's body clean, regular and in healthy working order in the hottest weather—CASCARET Candy Cathartic. The plump, bouncing, crowing baby shown here is a CASCARET baby. He feels that way winter and summer. Nursing mammas take a CASCARET at bedtime, and it makes their mother's milk mildly purgative and keeps the baby just right. Older children like to take the fragrant, sweet little candy tablet, and are safe from colic, gripes, diarrhoea, summer rash, prickly heat and all the mean troubles that summer brings with it.

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Co., Chicago or New York. 533

FEDERAL BUILDING SITE.

Rumors to the Effect That Several Sites Will be Recommended.

OFFICIAL LEAVES THE CITY.

There are rumors afloat, evidently started with a view to boom real estate in certain sections of the city, that the site for the proposed federal building has been selected, and that William D. Windom, the assistant supervising architect of the treasury department, has told certain people that he had declared for this and that site.

A few days ago rumor had it that the gentleman had shown his preference for the lots on the southeast corner of Gold avenue and Fourth street and would recommend the site.

The next rumor to come to the surface was one to the effect that the gentleman had changed his mind, and was so well impressed with the site at the northeast corner of Second street and West Lead avenue that he would recommend this as the proper place for the new government building.

Property holders in this section, especially on South Second street, commenced at once counting on increasing their bank accounts, and some were figuring on huge "air castles," when the bubbles burst last night on another rumor in circulation that Mr. Windom had been fooling them. In fact had proved himself a true diplomat, and had really declared himself in favor of the vacant lots at the corner of North Second street and Tijeras avenue, and had gone so far as to tip off the location to certain interested people.

This morning, The Citizen representative started out to investigate—to run down, if possible, the source of these various rumors, and it was discovered that Mr. Windom did make some interesting people, with sites for sale, feel good in his conversation with them, and did say that this and that site was admirably located for a government building, but he was not talking officially; in fact, had not given his decision, and declined to do so.

To G. L. Brooks, who had secured options from W. S. Strickler, F. H. Kent, T. N. Wilkerson, A. Teasler and others for the lots corner of North Second street and Tijeras avenue, Mr. Windom did say that he would make his decision as to site before leaving Albuquerque, but no one here would know that decision until after his report had been sent in to Washington and that, on the train for Santa Fe, he would write out his report and forward it to the secretary of the treasury.

Mr. Windom made the same kind of a talk to Postmaster Hopkins last night, and it is fair to presume that the gentleman did not give away his recommendations to any one here last night.

He left for Santa Fe this morning, and after a stay of a day there he will return direct to Washington, D. C.

Mr. Brooks says that he and others who favor and are working for the North Second street site, put in three days and even nights with Mr. Windom and if that site is not selected it will not be for lack of good, solid work.

Today, Messrs. Korber, Trimble and Strong, feeling sure that Mr. Windom will recommend the North Second street site, claiming that it is now closer to the center of business than any other site offered, are around securing signatures to petitions and options on lots in that vicinity.

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me." For sale by all druggists.

LOCAL PARAGRAPHS.

Miss Mary Turner left this morning for St. Louis for a few weeks' visit with friends.

W. E. Martin, secretary of the New Mexico penitentiary at Santa Fe, was in the city on business last night.

Ralph Halloran, who spent his vacation in California, returned to the city this morning, and reports himself in fine health.

Alas Baca, of Madrid, and Margaret Anno, of Old Town, were married this morning at 8 o'clock, at the residence of Frank Valentini.

Mrs. Darby A. Day, wife of the New Mexico agent of the Mutual Life Insurance company, of New York, has returned from her vacation enjoyed in southern California.

Dr. C. R. Keyel, the director of the School of Mines, Socorro, is in the city today, mingling with Albuquerque people. He is very enthusiastic over the future prospect of the above school.

I. L. Hibbard, the superintendent of the Albuquerque-Winslow division, is expected here tonight from the west. He has been to Los Angeles, where his son was sick with typhoid fever.

The party which was to have been given by Mr. and Mrs. Ralph Hill, at their home at 602 South Edith street, last night, was postponed on account of the social at the Baptist church.

Superintendent Ralph Collins, of the Albuquerque Indian school, who has been at Laguna and vicinity looking after prospective pupils, returned on Wednesday and resumed his duties at the school.

There will be an annual feast at Carnuel, which is just beyond Silva's ranch, Sunday and Monday. Percy Hawley and quite a number of other citizens will drive up Sunday. A large attendance is expected and a most enjoyable time is sure to result.

Yesterday, Anson & Holman, the contractors and builders, sublet the cut stone contract for the new Joe Barnett building to Angelo Duffillo. The contract will amount to several thousand dollars.

There will be a regular meeting of the Elks tonight, and as there will be several initiations it is hoped all members will attend. Final arrangements for Elks' day on Friday of fair week will also be made.

Today, Hon. F. A. Hubbell, the territorial republican central committee chairman, sent off for the badges of the delegates to the raton convention. The Bernalillo county delegates will go to the Raton convention in a special car, wearing Rodey badges, and will take along with them the First regiment band.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Transformers Here.

Two new transformers, which have been expected by the Electric Light company for the past two months arrived today and are being placed in position on the lines at once. One goes on the down town business district and will be put on the 10 o'clock circuit, which has been on the direct cur-

rent machines, will now be transferred over on the alternating machines, and the other transformer will be placed on the new line to Old Albuquerque to take care of the court house and jail as well as the commercial business there. With these transformers the company now has ample capacity to take care of all the lighting business on its lines at present and for some time to come, and the service will be greatly improved by reason of the additional capacity of these transformers.

A Cold Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Drying preparations simply develop dry catarrh; they dry the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, sprays and ointments and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy, and will cure catarrh of cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the full size. Ely Brothers, 53 Warren St., N.Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

THE ROLL OF HONOR

Containing nothing more illustrious, noble and exalted than the names of those who have devoted their whole lives to the service of their country and the glory of their nation. To have given the world something original, ingenious and containing is quite enough to command the admiration and recognition of the world.

BUFFALO BILL'S

WILD WEST

AND CONGRESS OF ROUGH RIDERS OF THE WORLD

has, by reason of its distinctive, bold, daring character, won the admiration of nations thousands in states every civilized quarter of the globe. Billings as it does from all other exhibitions, it is at once a brilliant attraction, a charm and an incentive to every body. The great strength of this extraordinary condition of things lies in the fact that

IT IS GENUINE

There is no sham or subterfuge about it, everything is just as it is represented to be. The participants have all been selected to actually illustrate the scenes which they have lived through and made them famous in the open field and on the war path. Little wonder then that sage and earnest should find rest and recreation in reviewing such an exhibition as this, and realize the marvel that anyone should not see it. It is a VERITABLE UNDERGROUND OF HISTORY, over two decades of experience, teaching, instruction, primitive savagery and civil military tactics, combined with an array of colonial antiquities, illustrated by the heroes and heroes of nearly every nation on earth. It is a vivid and inspiring reproduction of history's latest martial triumphs, presented by a detachment of these modern marvels of civil military merit, to all future lands as

ROOSEVELT'S ROUGH RIDERS

together with their companion patriots and laurel-crowned paragons of bravery, discipline, endurance and skill, the

United States Regular Cavalrymen

With whom will appear in splendidly equipped and illustrating the myriad features of the proud old pioneer school, the most varied and unique master-roll of

The World's Mounted Warriors

Brought together for the first time in history in peaceful rivalry, and forming a grand exhibition of the brotherhood of man. The roster includes

United States Cavalrymen and Artillerymen,	South American Gauchos,
German Cuirassiers,	Sioux Indians,
Russian Cossacks,	Wild West Cowboys,
Bedouin Arabs,	Western Cirs,
Colonial Dragons,	Cuban Patriots,
Mexican Vanguards,	

and a general "round up" of all

THE EQUESTRIAN NATIONS OF THE WORLD

And as a fitting climax to this already tremendous exhibition in which OVER 1,200 MEN AND HORSES PARTICIPATE

... THE MARINE DRILL ...

And other maneuvers by members of the

U. S. Life-Saving Service

Including the operation of the

LIFE LINE AND BREECHES BUOY

A MOST THRILLING EVENT!

Thus it will be seen that the Wild West with all of its military aspect and events, showing the PROGRESS OF CIVILIZATION from the Primitive Pioneer Days up to the very moment of the present stirring episodes, is

Still a Growing
 Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades.
 As to teas. Everyone knows that we keep the very best to be had in the territory.

 Mrs. Rose Berry favored the merry dancers with a vocal solo.
 The music for the occasion was rendered by Mrs. Rose Berry and Prof. James Devine.
 The Guards will arrange to give one dance each month.
 Recruiting is being done in the ranks and the Guards are progressing rapidly.

POLICE COURT.
 Business in police court was of a quiet nature this morning, nothing of importance being brought up before the judge.
 Officer Cooper arrested John Howard on the charge of vagrancy. He was given ten days on the streets cleaning up for fair.
 Wm. Gleason, a species of the common hobo, was run in by Officer Knapp charged with vagrancy. With the promise that he would leave the city as soon as he can get out he was discharged.
 Charles Lane was before the judge this morning charged with disturbing the peace. However, as there was no case against him he was discharged with a notice to "be good."

DANGER SIGNALS.
 No engineer would be mad enough to run by the flag which signaled danger. What the danger was he might not understand, but he would take no chances. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a loss of flesh, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.
 Such a condition calls for the prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.
 "Your kindness to me I can never forget," writes Mrs. Josie E. Clark, of Enterprise, Shelby Co., Mo. "I cannot express half my feelings of gratefulness to you. I had despaired of ever getting well. I had been in bad health for twelve years. Had aches all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, was very nervous, depressed and dependent. In fact I can't express half my bad feelings to you. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good. You have my honest recommendation to all sufferers. I think there is no medicine in the world as good as Dr. Pierce's."
 If constipated use Dr. Pierce's Pleasant Pellets. They cure constipation, biliousness and sick headache. They do not produce the "pill habit."

Fair Visitors.
 Already there can be seen a number of strange faces in the city attracted hither by the forthcoming territorial fair. Some are here for amusement while others are here with their little "graff." Each one seems to have something in sight—a scheme to make a little winter money, and no doubt they will all be doing something during the big show. One man who came all the way from Spokane, Wash., said all he could hear on the way was talk of the New Mexico fair, and overheard a large number say they were coming.
 As usual Zeiger's Cafe will tonight serve one of their best free lunches. It will be appetizing and toothsome and you will not regret it.

Hair Escaping?

No wonder. Your hair is starving. Feed it before it all leaves you. Then you can keep what you have and add greatly to it. Ayer's Hair Vigor is a hair-food. It stops falling of the hair, makes the hair grow, and always restores color to gray hair.

"One year ago today I had not one single hair on my head, and today I have as fine a growth of hair as any young man in my town, and just three bottles of Ayer's Hair Vigor did it."

WANT THE SANTA FE.

People of Caney Urged to Hurry by General Manager Mudge.

A meeting of the citizens of Caney, Kan., was held recently and the matter of right of way for the Santa Fe was under discussion.

The Santa Fe wishes to build across to Havana, and has twice made an effort to secure the right of way, but were asked such exorbitant prices that they abandoned the effort.

The business men of Caney have been continually after them for freight and passenger accommodations, but the company has always contended that it could not do business in Caney because of a contract they have with the Missouri Pacific.

But the citizens have been persistent, and have never let up in their demands. Finally the Santa Fe agreed to build across to Havana if Caney would secure the right of way. S. M. Porter, J. E. Stone, John Todd and others have given no definite answer.

A recent letter from General Manager Mudge makes it necessary that the matter be determined very soon, and Messrs. Stone, Todd and Porter were appointed by Chairman Atwood to go over the proposed line and ascertain the amount necessary to raise to secure the cut off to Havana.

No Longer than Your Hand
Is the spot in your back directly affected by lumbago. But it is as enough to prostrate you until some kind friend rubs Perry Davis' Painkiller into your aching flesh. Then the throbbing pain, which has been as bad as toothache dies away. Painkiller is equally good in relieving sciatica and the various forms of rheumatism. 25 and 50 cent bottles.

The annual report of the Atchison, Topeka & Santa Fe railroad for the fiscal year ending June 30, 1902, shows a total of \$33,309,268 for operating expenses, while taxes, rentals, etc., swelled the total expenditure for the year to \$44,711,415. The income of the road from all sources was \$60,275,942, leaving \$15,564,527 net earnings for the year. A balance of \$16,027,415 was carried forward. During the year two dividends were paid on the common stock, and an equal number on the preferred stock, the stockholders receiving a total of \$9,786,910. The report shows that the earnings have doubled since 1897.

No Substitute Wanted.
No! I did not ask for a bottle any cheaper, or twice as large, or one made by yourselves. I did ask for and will have no substitute for Perry Davis' Painkiller; I have used it, my father used it and I would not be surprised if my grandparents did so too; there is no imitation that can equal it. That I am sure of—for stomach ache.

Colonel Lewis, a passenger conductor of the El Paso-Rock Island route, received Sunday night just as he was preparing to leave Santa Rosa a letter which he had been expecting for about two weeks. The strange part about the occurrence was that the letter had been found in the headlight of engine 74 at Tucumcari by the engineer when he was lighting up. The engineer gave it to Agent Ham at Tucumcari, who sent it to the conductor.

Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodol saved my life. Take it after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

The scarcity of motive power on the Santa Fe coast line, which is so plainly evident in San Bernardino, has also been observed at Needles. The shop men are kept busy in their efforts to turn on engines fast enough. A number of old engines at the local shops here, which have been in idleness for some time, are being refitted for service on the road.

"I had kidney trouble so bad," says J. J. Cox of Valley View, Ky., "that I could not work. My feet were swollen to immense size and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me. Sold by Alvarado Pharmacy."

THAT CHAPTER.

A Chapter on Scott's Emulsion often holds a prominent position in the histories of weak children.

The gist of that chapter usually reads like this:

"Child weak and thin—began with small doses of Scott's Emulsion three times a day—after a week appetite improved—soon a little stronger—child more lively—weighs more."

And so it goes till the child is reported well and strong.

Rapid progress is being made in the survey of the route of the proposed extension of the Choctaw, Oklahoma & Gulf west from Amarillo to Santa Rosa, N. M., and construction work will soon commence.

Ben Williams, special agent for the Santa Fe, who has been spending several days in the city bringing the thieves to justice, returned to his home at La Junta, last night.

TERRITORIAL FAIR.

Bill Car for the Big Show Reaches Silver City and the Town is Plentifully Pestered With Placards.

The bill car for the Territorial fair to be held in Albuquerque October 14 to 18, arrived in Silver City on Saturday, minus the presiding genius, Scott Knight, who was called back to Albuquerque on important business. However, his trusty lieutenants let no grass grow under their feet and the city is buried beneath an avalanche of territorial fair "literature."

Wyoming and Colorado have had roping contests during the last month that showed some good work, but the directors of the fair are planning to have something in this line that will lay over anything of the sort that has been seen this year, and show the cowmen of the northern ranges that when it comes to fine work the southwest walks at the head of the procession. A lot of those fellows are coming down to take a hand in the game, but they will find the exercise this time somewhat different from roping a lot of old cows. The animals to be handled at Albuquerque are going to be real steers, and the kind that won't stand and wait for the rope to be put over their heads, and the fellows that come here from the northern ranges expecting to teach the New Mexico boys the business will get some points to take home with them.

The fair this year, beginning on the 14th day of October and continuing through the week, is going to be the best show we ever had in the territory and Silver City ought to go up in force. The roping contest will be only one of more than a score of good features that will furnish continuous entertainment throughout the week. There will be something all the time.

Came Near Being a Cripple.

Josh Westhafer, of Logosotee, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle, for it saved him from being a cripple. No external application is equal to this liniment for stiff and swollen joints, contracted muscles, stiff neck, sprains and rheumatic and muscular pains. It has also cured numerous cases of partial paralysis. It is for sale by all druggists.

Killed by a Rock.

Victor Trujillo, a laborer on the new toll road at the Rio Grande, northwest of the territorial capital, was killed yesterday morning by a rock falling upon him and crushing his skull. A strong blast sent several big rocks into the air and one of these struck him in its descent.
