## WERE DELIGHTED

Immense Cheering Crowds Greet President Roosevelt.

THIRD REUNION WAR VETERANS.

Akron Electric Car Jumps Track and Several Passengers Injured.

KENTUCKY'S BIG FAIR AT LOUISVILLE.

Detroit, Sept. 22.—The blue and gray uniforms of the Spanish war veterans whose third annual reunion is being made memorable and historical by the presence of President Roosevelt, is seen at every turn in Detroit today. The second day's visit of the president here dawned warm and pleasant. President Roosevelt arose at a quarter of 8 o'clock this morning after a refreshing night's sleep, which was interrupted only once. About 2 o'clock this morning, an enthusiastic delegation of visitors arrived from Saginaw and Bay City. Headed by a band they marched to the Hotel Cadillac and serenaded the president, who did not arise, however. The delegates began gathering in the Light Guard armory, the convention hall, soon after 9 o'clock, and when Acting Commander-in-Chief Urell called the delegates to order the floor of the armory was crowded with uniformed, soldierly looking men. The galleries were packed with men and women who had come to hear President Roosevelt's speech to the veterans. When quiet had been restored and the presidential party had found seats on the platform, General Urell, acting commander-in-chief, introduced Mayor Maybury, who eloquently welcomed the Spanish war veterans to the city. Every man on the floor was on his feet cheering and waving his hat as the president arose from his chair. The president expressed his pleasure at having the chance of being greeted by his comrades and greeting them in return. The president spoke on the late war and said the only complaint heard was that there was not enough war to go around. The president said that the spirit he wanted to see in a man was that spirit which makes him do his duty, great or small.

He spoke of the spirit in which the people of Michigan went into the war. It was the spirit shown, he said, by the older among his audience when the great war was fought.

After the president's speech his party took a ride on the river on the steamer Tashmo, returning at 2 p. m., just in time for the president to review the big parade of veterans and military.

No heartier welcome ever was accorded a chief executive of the nation than that received by President Roosevelt today at the hands of the citizens of Detroit and the representatives of 145,000 Spanish war veterans, whose third annual reunion is in progress. From the time the president left the Cadillac hotel this morning to attend the opening exercises of the reunion until the conclusion of the big parade this afternoon he was greeted with one continuous ovation. No untoward incident occurred to mar the pleasures of the day.

The president was the central figure at the opening of the reunion and briefly addressed his former comrades in arms. Though admission was by ticket only, the hall was packed from floor to roof and the walls fairly shook with the mighty roar with which the president was greeted. It was fully five minutes before the applause subsided sufficiently for the president to be heard.

The parade this afternoon was one of the biggest affairs of the kind ever seen in Detroit. The line of march was through the principal downtown streets and the sidewalks, windows and house-tops were packed with people who cheered enthusiastically as the president rode by. On the reviewing stand the president was surrounded by a distinguished company that included Secretary of the Navy Moody, General Russell A. Alger and Mayor Maybury. President Roosevelt concludes his stay in Detroit this evening by attending the Spanish war veterans' banquet in the Light Guard armory.

Indianapolis Has Welcome Ready. Indianapolis, Ind., Sept. 22.—President Roosevelt will visit Indianapolis tomorrow to attend the encampment of the Spanish-American war veterans. The program will include few features besides the president's address to the veterans in Tomlinson hall, as the stay of the presidential party in the city will be limited to three hours.

Luncheon will be taken at the home of Senator Fairbanks and if time permits it is possible the president will

deliver a public speech in one of the parks. Visitors already are arriving in the city and there promises to be an enormous crowd on hand.

To Entertain Roosevelt. Muncie, Ind., Sept. 22.—Plans for the reception of President Roosevelt, who will be in Muncie tomorrow, have been completed. His stay will be limited to half an hour. He and his party will be met at the Union station by a committee and escorted in carriages to the public square, where he will deliver a five-minute speech. The business section of the city has been decorated for the occasion and hundreds of visitors are expected from the surrounding country.

JUMPED TRACK.

Several Passengers Injured by Electric Car Accident in Ohio.

Akron, Ohio, Sept. 22.—An Akron, Kent and Ravenna electric car jumped the track in Kent early today and ran into a telephone pole. A dozen passengers were on the car, all of whom are more or less injured. The most seriously hurt were: James Replogle, Akron, cut about head; S. K. Force, Akron, bruised and cut about head and body; Miss Lottie Reinhold, arm broken; Miss Aimee Herrick, Kent, bruised and cut.

KENTUCKY'S BIG FAIR.

State Fair Opens at Louisville with a Large Attendance.

Louisville, Ky., Sept. 22.—An immense crowd, one of the largest that ever thronged the historic Downs, helped to make today's opening of the Kentucky state fair an event of unusual brilliance. State officials and other noted visitors were present and took part in the interesting exercises that marked the formal opening.

The fair this year breaks all records of the state for the high class and number of exhibits. The management has exerted itself to make the display of live stock and fine horses one of unusual note and the success of the effort in this direction is attested by as large and choice an exhibition as ever has been seen in this country.

COMMENCE WORK SOON.

Such is the Good News From the American Lumber Company.

LETTERS FROM DR. COBB.

John A. Lee, who is interested in the American Lumber company, is in receipt of a letter from Dr. B. F. Cobb, of Chicago, in which the doctor gives the cheerful information that the company will undoubtedly begin operations on their recently acquired timber lands in western Valencia and McKinley counties, and also on their intended enterprises here, on or about December 1.

Mr. Lee states that he has and is receiving many inquiries from parties who want to purchase stock in the big lumber company, and who are on the lookout for the purchase of timber lands for themselves.

Dr. Cobb is editor of the Lumber Review, published at Chicago, and was the expert who visited the above timber lands and made a favorable report.

The doctor has also written to Col. E. W. Dobson and Major Clark E. Carr, and these letters, together with those received by Mr. Lee, give the encouragement that Albuquerque may in a very short time expect something great in the way of big mills from the American Lumber company.

Clerk-Carrier Examination.

The United States civil service commission announces that on October 15, 1902, an examination will be held in this city for the positions of clerk and carrier in the postoffice service.

This examination offers an excellent opportunity for entering the federal service to bright, energetic young persons who are not afraid of hard work, and as previous examinations have failed to result in a sufficient number of eligibles the commission urges all persons who are qualified, and who may desire to enter the postoffice service, to apply for and take the examination. It may be stated that there is a wider field for advancement upon merit in the federal service than in many private employments. While the salary in the postoffice department is usually about \$400 per annum at the start; this amount compares favorably with the compensation of a beginner in private employment. The nature of the examination is a test of practical, general intelligence and of adaptability in postoffice work.

A. F. Lockhart, of Prescott, Arizona, is in the city renewing old acquaintances. Mr. Lockhart is on his way to Joplin, Mo., his old home.

## BLOODY TRUNK

Tells the Tale of a Brutal Murder.

NO CHANGE IN THE COAL STRIKE.

Elks Hold Big Street Fair in Sioux City.

INDIANA TOWN HOLDING STREET CARNIVAL.

New York, Sept. 22.—When the trunk of William Hooper Young, for whom the police of the whole country are looking, in connection with the murder of Mrs. Anna Pulitzer, was opened at police headquarters today there were found in it a sword-shaped stiletto with a blade eight inches long and an ivory handle four inches long. The half dozen mixed cakes which the woman left her apartments to buy; her set of false teeth with one tooth missing; her skirts and underclothing; pair of gloves, the missing bed clothing from Young's apartments, two men's opera hats, pair of blue and white corsets; the woman's garters and her drawers; black silk skirt, polka dot waist, and many other things. As soon as the lid of the trunk was lifted it could be seen that the inside of the receptacle was covered with blood. Captain Titus says that every article that is missing from Young's apartments was found in the trunk.

Suspect Arrested.

Derby, Conn., Sept. 22.—Chief of Police Gillette, who has a man under arrest on suspicion that he is William Hooper Young, wanted in New York on account of the murder of Mrs. Anna Pulitzer, was still uncertain this morning regarding the identity of his prisoner. Although in many ways the man answers the description of Young, his complexion is not extremely dark and the teeth of the prisoner do not correspond with the description. The prisoner talked readily this morning and with a good deal of intelligence. He says his name is Bert Edwards, and not Young.

Murderer Identified.

Derby, Conn., Sept. 22.—Detective Finley, of the New York police, arrived here at 2:30 p. m., with Gustave A. Ernest, of Brooklyn, who knows William Hooper Young. After Ernest had examined the suspect, held here, Detective Finley announced that the man is surely Young, the man wanted for the murder of Mrs. Pulitzer.

Telegram from John W. Young. New York, Sept. 22.—William F. S. Hart, who has been retained to defend William Hooper Young, received today a cablegram from John W. Young, father of William Hooper Young, advising his son to surrender and face the charge like a man.

No Change in Strike.

New York, Sept. 22.—President John Mitchell, of the United Mine Workers, said today that his advice from the coal strike showed no change in the situation. He said that he intended to leave New York some time during the day.

HUBB, C. LEEDS.

Died at the St. Joseph Sanitarium This Morning.

DEATH FROM DROPSY.

Hubb C. Leeds died at the St. Joseph sanitarium this morning at 3:30 o'clock from dropsy.

As was his usual summer custom, Mr. Leeds left the city several months ago for the Jemez hot springs resort. While at the springs he was taken ill, suffering with some dropsical trouble, and Dr. Shields, the physician at the springs, attended him. He continued to grow worse and was finally brought to the city by Dr. Shields. The day following his arrival, just one month ago yesterday, he was taken to the sanitarium for treatment, and, assisted by Dr. Shields, Dr. Tascher tapped him, drawing away from his body between five and six gallons of water. He stood the operation well, and, at intervals, gave the doctor and his friends the encouragement that he would finally recover his health. His system, however, could not throw off the disease with which he was suffering and early this morning he closed his eyes on all earthly trials and tribulations. Yesterday morning, about 9 o'clock,

a party of intimate friends called to see him, and he told them that he was resigned to his fate—felt as if death was slowly approaching, and said that he thought his end would come before morning.

Turning to Ben Bothe, he directed what to be done with his body and that his burial should take place here. He then gave Mr. Bothe the names of his brother and sister as follows: H. M. Leeds and Mrs. C. C. Carlton, both of Enfield, N. H., and this morning, when the news of his death was brought down from the hospital, Mr. Bothe wired his death to his brother and sister.

The funeral will take place at the undertaking parlors of O. W. Strong & Sons tomorrow (Tuesday) afternoon at 3 o'clock, and all friends are invited to attend.

Hubb C. Leeds was born in New York state 63 years ago. He came west about thirty years ago, and was a grading boss on the building of the Virginia City & Truckee railroad, working for Col. J. J. Holmes, father of Mrs. J. T. McLaughlin, of this city. A few years later he came to New Mexico from Nevada and California, and in the early days of the old Atlantic & Pacific road was a passenger conductor between this city and Winslow. He accumulated quite a snug sum of money from his labors, and when he quit the service of the railroad company he located in this city, where he purchased considerable real estate and was always a good citizen of the town.

ELKS' DAY.

Order Holding Big Street Fair in Sioux City.

Sioux City, Iowa, Sept. 22.—A big street parade marked the opening today of the Elks' street carnival, which will continue during the week. Shows are located on the principal business streets and the city is gay with bunting and banners. For more than a month the work of preparation has been in progress. The streets are lined with booths decorated in the Elks' colors. Every day during the week there will be excursions into the city bringing thousands of visitors. President Roosevelt will be here Friday and it will be the big day of the carnival. Other days have been designated as Sioux Falls and Tri-State day, Traveling Men's day and Children's day.

NEW ENTERPRISE.

J. H. Bearup and Others Will Start a Woolen Mill Here.

SITE NOT SELECTED.

J. H. Bearup, president of the Albuquerque Wool Scouring mills, will head a company to install a woolen cloth mill in Albuquerque. The new mill will be run in connection with the scouring mills and Bearup Bros. & Co's wool pulling and tanning institution. Although the site for the new mill has not been decided on the machinery has been ordered and will be here in time to take care of the spring clip of wool.

It is needless to say that the new factory will be a success, as the people of the territory generally know of the success of institutions heretofore under Mr. Bearup's direction.

The machinery ordered is the latest improved and adequate to a mill employing several hundred people. The new institution asks no bonus of the city.

Greensburg's Street Fair.

Greensburg, Ind., Sept. 22.—The fourth annual street fair and business men's carnival was opened here today by the blowing of whistles, ringing of bells and playing of bands. Greensburg is dressed in gala attire and has everything ready to entertain the thousands of visitors who will be her guests this week. Nearly every place of business is decorated. The downtown streets have the appearance of a huge fair ground.

Electricity at Court House.

The wiring and lighting of the county court house has been finished. The lights, 125 in number, were turned on for the first time Saturday night and gave such a brilliant effect that a party passing along the street not knowing the occasion for such a bright light at the court house, thought the building on fire. The county jail will be wired for lights next. A strong power are light will be placed in the old town plaza and with some other improvements, which the Electric Light company intends to make, Old Albuquerque will present quite a citified appearance.

R. J. Woodward, Santa Fe station agent at El Paso, passed through the city this morning en route to Raton.

## ROYAL RUPTURE

King of Belgium Has a Quarrel With Daughter.

FOUR MEN KILLED BY EXPLOSION.

Cause of Death of Banker Fish of New York City.

INTERNATIONAL ARBITRATION COURT.

Brussels, Sept. 22.—The scandal arising from the revival of the family quarrel between King Leopold and his daughter, the Princess Stephanie, (Countess of Lonyaya) beside the bier of the late Queen Marie Henriette at Spa yesterday is agitating all classes. The princess has given out a simple statement of facts as follows:

"The precise facts are these: I was praying at the bier of the queen when someone came about 4 o'clock to tell me the king would not receive me. I immediately left the death chamber. I had no interview with his majesty."

"As the king has caused an intimation to be conveyed to me that he does not desire my presence, I am going to Calais, where my husband will meet me. Thence I shall probably return to England. There was no scene between the king and myself at Spa."

The princess will not be present at her mother's funeral. Princess Stephanie started for Calais this afternoon. She was accorded a most enthusiastic greeting by large crowds of people at the railroad station.

GAS EXPLOSION.

Four Men Killed and Several Injured by the Accident.

Fairmount, W. Va., Sept. 22.—By an explosion of gas in the Stafford mines of the New Central Coal company, near here today, four men were killed, six badly wounded and several others were hurt. The explosion is said to have been caused by the firing of a charge of dynamite. There were only twenty-five men at work and all have been accounted for. All the bodies were recovered.

Hague Arbitration Court.

The Hague, Sept. 22.—On the resuming today of the international arbitration court in the hearing of the claim of the United States against Mexico, growing out of the pious fund of California, Garret McEnerney, the legal advisor of Archbishop Riordan, of San Francisco, resumed his address which was adjourned from September 17. He contended that the statutes of limitation deprived the Jesuits of the control of the pious fund after Spain, Mexico and the bishops of California had succeeded as administrators.

Cause of Banker Fish's Death.

New York, Sept. 22.—The coroner's jury investigating the death of Nicholas Fish, was found due to fall caused by a blow struck by Thomas J. Sharkey. Sharkey was held in \$10,000 bail for the action of the grand jury.

After enjoying several weeks with her sister, Mrs. Thos. Ford, Mrs. Rose Nolan has returned to her home at Kansas City, Mo.

FEDERAL BUILDING.

Supervising Architect Windom is Here Looking for Proposed Site.

SEVERAL BIDS SUBMITTED.

William D. Windom, the assistant supervising architect of the treasury department, Washington, D. C., arrived in the city Sunday morning from the south and was a pleasant caller at The Citizen office this morning, being introduced by Col. E. W. Dobson.

Mr. Windom is here for the purpose of selecting a site for the federal and postoffice building, and this morning stated that six bids had been turned in and they would be submitted at once to the treasury department for final action. The bids are as follows:

W. J. Johnson: Southeast corner Gold avenue and Fourth street, lots 150x142 feet, price \$10,000.

G. L. Brooks: Lots (size not specified) corner North Second street and Tijeras avenue, price \$10,000.

H. Brockmeier: Lots (size not specified) northeast corner Second street and West Lead avenue, \$10,000.

W. H. McClellan: Northeast corner East Railroad avenue and Broadway, 150x142 feet. No price given. Metcalf & Strauss: Lots 125x150 feet

southeast corner of West Copper avenue and North Fifth street, \$6,000.

The same bidders: Lots southwest corner West Railroad avenue and North Fifth street, 150x142 feet, price \$9,500.

Yesterday and today, accompanied by the representatives of the lots offered, Mr. Windom visited the sites, and found them all excellent points for the location of a federal building, but says that he, in his report, will not be governed by the center of population as this is a free mail delivery town, but by the convenience to the center of business interests.

The gentleman was asked if he could give out for publication his personal preference for this or that site, and answered that he could not do so without violating instructions from the department.

Mr. Windom expects to remain here a few days in order to receive new bids, or to receive modifications of the bids which have already been submitted. He is registered at the Alvarado. Federal buildings will soon be constructed at Bixby and Natchez, Miss.; Natchitoches, La., and Laredo, Texas, and these cities were visited by Mr. Windom on the same mission that he is here. From Laredo he visited, on his own account, the City of Mexico and other prominent cities of the sister republic. On leaving Albuquerque he will go direct to Washington, although stopping off one day to see the ancient sights of Santa Fe.

Zeigler vs. Douglas.

Savannah, Ga., Sept. 22.—A twenty-round bout between Owen Zeigler and Fred Douglas is the attraction which is expected to draw the patrons of the Southern Athletic club to the club house tonight. Douglas has made a good record for himself during the last year and his admirers expect him to give the Philadelphia welterweight a stiff fight for the division.

B. G. Wilson and wife were east bound passengers this morning. Mrs. Wilson will go to New York City and thence to Virginia. Mr. Wilson stops over in Chicago and Kansas City on business, and will probably return to this city.

HE WRITES A CARD.

Col. R. E. Twitchell Says it is Impossible to Bring Team to the Fair.

DECLARES BALL SEASON CLOSED.

In an open letter to the public, published in the Las Vegas Record, Col. R. E. Twitchell, the base ball magnate, and manager, of that city, says that he has cancelled all contracts for future games and declares the season, as far as Las Vegas is concerned, closed. He also says that it is impossible now for him to bring an all-star team to the territorial fair at Albuquerque. His letter to the public reads as follows:

To the Public:—The base ball season has closed. All contracts for games have been cancelled. This action has become necessary owing to the board of regents of the Normal University notifying me that the Reynolds field can not be used on Sunday. In this connection, and that my proposition may be clearly understood, I desire the public to understand that I was told by the president and secretary of the board to go ahead and make dates for Sunday games during the month of September. Base ball is not possible in this town unless Sunday games are played. About 85 per cent of the people favor Sunday base ball, but the other 15 per cent think different and control Reynolds field. I do not care to have any controversy with people who, though doubtless actuated by the most Christian motives can note a distinction between Sunday in August and Sunday in September. At any rate, those controlling Reynolds field were perfectly willing to permit Sunday games in July and August for a money consideration, but in September, that is, since Sunday last—it has been found out that the day cannot be given to base ball, particularly on Reynolds field. I am willing to let it go at that. At any rate I do not care for any controversies, the outcome serving no good end to persons interested, and bound to create a bad feeling.

This action of the board makes the taking of an all star team to the territorial fair an impossibility. A large portion of the cash necessary for that project was to be raised from games played on Sunday.

Next year we will have a ball park and race track which can be used for Sunday ball playing. The season, short as it has been, has demonstrated that base ball can be had here all next summer at a very small expense.

Yours truly, R. E. TWITCHELL. Las Vegas, N. M., Sept. 19.

## FOR ROOSEVELT

New York Republicans Solid for Teddy.

CONVENTION CONVENES TOMORROW

American Marines Closely Watching the Panama Canal.

SPEAKER HENDERSON'S SUCCESSOR.

Saratoga, N. Y., Sept. 22.—The republican state convention will assemble in this city tomorrow to nominate candidates for governor, lieutenant governor and other state offices to be filled at the November election. Many of the delegates and other party leaders have already put in an appearance and their early arrival on the scene is evidence of the more than ordinary interest and importance attached to the gathering. The state ticket has been practically agreed upon by Senator Platt and the state organization and the convention will not be enlivened by any contests for nomination. Though eleventh-hour developments may necessitate a change in some one of the minor places, it is reasonably certain that the ticket will be made up as follows:

For Governor—B. B. Odell, Jr.

For Lieutenant Governor—George R. Sheldon, of New York.

For Secretary of State—John T. McDonough, of Albany.

For Attorney General—Henry B. Coman, of Madison county.

For Controller—Nathan L. Miller, of Cortland county.

For State Treasurer—John G. Wickser, of Erie.

For State Engineer—Edward A. Bond, of Jefferson county.

For Associate Justice of the Court of Appeals—William E. Werner.

The make-up of the state ticket being practically settled the attention of the delegates is centered on questions over which there is more party contention and a livelier public interest—the endorsement of President Roosevelt for the republican nomination in 1904, the endorsement of his policy with regard to the trusts, and a proposed declaration in favor of his stand on the question of Cuban reciprocity.

Talks with the delegates on the field indicate a decided difference of opinion on these questions and it is predicted that there will be some lively debates on the convention floor when the subjects are introduced for consideration and action. While some prominent leaders are openly antagonistic to such a course, it is generally believed that the convention will endorse the president as the "logical candidate for renomination."

To Edward W. Lauterbach has been entrusted the task of framing tentative planks on the trust and reciprocity issues. It is difficult to forecast just what stand the convention will take on these two questions. The difference of opinion probably will result in a compromise. There is a decided opposition to an endorsement of the president's reciprocity plan. Some of the leaders are for leaving all mention of the question out of the resolutions, while others are in favor of dealing with it only in a general way.

The convention will be called to order at 10 o'clock tomorrow morning in Convention hall. Senator Ellsworth, the leader of the state senate, will act as permanent chairman.

PANAMA CANAL.

The Canal is Closely Guarded by American Marines.

Washington, Sept. 22.—The navy department is in receipt of the following cablegram from Commander McLean, of the cruiser Cincinnati:

"Colon, Sept. 20.—Secretary of the Navy, Washington: The United States guards and guarantees traffic on the line of transit. Today I permitted the exchange of Colombian troops from Panama to Colon, about 1,000 men each way, the troops without arms, in train guarded by American naval force in the same manner as other passengers; arms and ammunition in separate train guarded also by naval force in the same manner as other freight."

Congressman Henderson's Successor.

Des Moines, Iowa, Sept. 22.—The announcement of withdrawal of C. E. Pickett and O. B. Courtwright, of Waterloo, from the contest for congressman to succeed Speaker Henderson removes the last Cummins man from the race. Their action was induced by the knowledge of the action of the committee in leaving the choice to the delegates to the original convention, rendering the selection of a Henderson sympathizer certain.

### BIG STATE.

On returning from a recent visit to  
 Texas, Lieutenant Governor Bates, of  
 Massachusetts delivered a lecture on  
 the biggest state in the union, whose  
 area is thirty times that of the Bay  
 state. Governor Bates said a passen-  
 ger covering the 1,200 between Boston  
 and Chicago has not gone as far as the  
 distance separating different towns in  
 Texas. Texas, in east Texas, is  
 no farther from the great lakes than  
 from El Paso, in west Texas. England,  
 Scotland, Ireland, Italy and Switzer-  
 land combined are not half the size of  
 Texas. Strange as it may seem  
 there are 117 more Indians in Massa-  
 chusetts than in Texas. The speaker  
 was especially pleased with the public  
 school system of Texas, with 15,000  
 teachers, an immense school fund and  
 38,000,000 acres of land, the total en-  
 dowment amounting to \$60,000,000.

### THE POSTOFFICE DEPARTMENT.

In no department of our government  
 have the general public a greater in-  
 terest than in the postoffice depart-  
 ment. It has never been contemplated  
 by the framers of the government that  
 our postoffice affairs should become a  
 source of revenue, but it is a satisfac-  
 tion to know from the forthcoming re-  
 port of the postmaster general that the  
 deficiencies have lessened from year  
 to year since 1897. In 1893, which in-

cluded the last year of President Har-  
 rison's administration, the receipts of  
 the postoffice department exceeded the  
 expenses by over two million dollars.  
 During the Cleveland administration  
 there was a continual deficiency, which,  
 in 1894 reached the sum of nine  
 million dollars and in 1897, which in-  
 cluded the last year of Cleveland's ad-  
 ministration, the excess of expenses  
 over receipts was eleven million dol-  
 lars. Since that time there has been a  
 gradual reduction in the deficiency. In  
 1898 it was nearly nine million dollars,  
 in 1899 about six million and in 1900  
 about four million and in 1901 it was  
 reduced to a little over three million.  
 Had it not been for the establishment  
 of the rural delivery system through-  
 out the United States the receipts for  
 1901 would more than have met the  
 expenses of the department, but three  
 million, five hundred thousand was  
 spent in establishing these rural free  
 delivery routes and in operating those  
 already started. It is the belief of the  
 government that in a few years more,  
 the rural delivery will become self-  
 supporting and if a republican admin-  
 istration continues, which is equiva-  
 lent to saying if prosperity continues,  
 the receipts of the postoffice depart-  
 ment will equal the expenses before  
 President Roosevelt enters upon his  
 next term as president.

### GROWING COUNTRY.

The census shows an increase in the  
 last decade of \$7,176,436 acres of im-  
 proved and 160,000,000 acres of unim-  
 proved land included in farms; an in-  
 crease of \$450,000,000 in the value of  
 farm property; an increase of \$225,-  
 000,000, or nearly 10 per cent, in the  
 value of farm products in the cen-  
 sus year as compared with the last  
 preceding census year. In manufac-  
 tures the census shows the value of  
 the products was more than \$350,000,-  
 000 greater in 1900 than in 1890,  
 and the increase in the total valuation  
 of the country is estimated at close to  
 \$50,000,000,000, or not very much less  
 than 50 per cent, while the total valua-  
 tion of the country has very much  
 more than doubled in twenty years.  
 In the last three years the total exports  
 have been more \$150,000,000 greater  
 than in the three years 1895-7, and  
 the favorable balances on merchandise  
 are greater than the favorable bal-  
 ances in the earlier three years by the  
 vast sum of \$1,222,000,000. In five  
 years the total resources of national  
 banks have increased \$2,303,000,000,  
 or nearly two-thirds; their individual  
 deposits, \$1,245,000,000, or a little more  
 than two-thirds; their stocks, bonds,  
 etc., \$256,000,000, or a good deal more  
 than double, and their specie, \$165,-  
 000,000, or more than two-thirds. The  
 savings deposits have increased in five  
 years \$860,000,000, or about 50 per  
 cent.

### A Communication.

Mr. Editor—Allow me to speak a  
 few words in favor of Chamberlain's  
 Cough Remedy. I suffered for three  
 years with the bronchitis and could  
 not sleep at nights. I tried several  
 doctors and various patent medicines,  
 but could get nothing to give me any  
 relief until my wife got a bottle of this  
 valuable medicine, which has complet-  
 ly relieved me.—W. S. Brockman, Bag-  
 nell, Mo. This remedy is for sale by  
 all druggists.

### BETTER FILE ON YOUR LAND.

Movement on Foot to Include All of  
 Gila River Country Not So Includ-  
 ed, in the Gila Forest  
 Reserve.

There is a movement on foot to set  
 aside townships 16 to 20, range 17  
 west to 21 west in the western part of  
 Grant county, as a part of the Gila for-  
 est reserve, says the Enterprise. It  
 would be politic for all those who re-  
 side in this section or who are intend-  
 ing to make homestead filings, to do so  
 at once. The portion included in this  
 movement takes in all of the lower  
 and middle Gila country clear out to  
 the middle of the Lordsburg or Gila  
 plains, in fact all of the Gila country  
 not already included in the reserve. It  
 would be well also for those who have  
 lived on their homesteads five years  
 and have not made final entry, to do so  
 at once, in view of the foregoing cir-  
 cumstances.

### Lingering Summer Colds.

Don't let a cold run at this season.  
 Summer colds are the hardest kind to  
 cure and if neglected may linger along  
 for months. A long siege like this  
 will pull down the strongest constitu-  
 tion. One Minute Cough Cure will  
 break up the attack at once. Safe,  
 sure, acts at once. Cures coughs, colds,  
 croup, bronchitis, all throat and lung  
 troubles. The children like it. B. H.  
 Briggs & Co. and J. H. O'Reilly & Co.

### Race With Death.

Mrs. Roudert, wife of the station  
 agent at Whitewater was taken back  
 to her old Kentucky home near Louis-  
 ville, Tuesday evening, in charge of  
 Dr. S. Meredith Strong, of Silver City.  
 The young woman is a bride of but a  
 month and the husband brought her  
 west as soon as the marriage cere-  
 mony was performed in the hope that  
 the fair young life might be prolonged  
 for several years. But the insidious

disease had secured too strong a hold  
 upon her system and as soon as it be-  
 came known that her case was hope-  
 less, it was the desire of the husband  
 that she be taken to her old home,  
 where she could pass the few remain-  
 ing days amid the scenes of her child-  
 hood, surrounded by loving friends.

### TAOS REPUBLICANS.

Two Conventions Called—All Differ-  
 ences May be Adjusted.

Juan Santistevan, L. B. Brooks and  
 T. P. Martin, a few days ago, after  
 consultation with many republicans of  
 Taos county, Juan Santistevan being  
 a member of the republican territorial  
 central committee, called a republican  
 county convention for the nomination  
 of delegates to meet in Taos county,  
 October 6, for the purpose of nominat-  
 ing a legislative and county ticket and  
 electing delegates to the republican  
 territorial convention at Raton. This  
 call was published and sent out all  
 over Taos county.

Another call for a republican county  
 convention for the same purpose was  
 issued by Pedro Sanchez, who is also a  
 member of the republican territorial  
 central committee from Taos county  
 and who signed the same as the secre-  
 tary of the republican county central  
 committee.

The outcome cannot be determined  
 at present, but it is hoped and believed  
 that wise counsel will prevail and that  
 there will be but one republican coun-  
 ty convention held at Taos.

### A Certain Cure for Dysentery and

Diarrhoea.

"Some years ago I was one of a  
 party that intended making a long  
 bicycle trip," says F. L. Taylor, of New  
 Albany, Bradford County, Pa. "I was  
 taken suddenly with diarrhoea, and  
 was about to give up the trip, when  
 editor Ward, of the Laceyville Messen-  
 ger, suggested that I take a dose of  
 Chamberlain's Colic, Cholera and Dia-  
 rrhoea Remedy. I purchased a bottle  
 and took two doses, one before starting  
 and one on the route. I made the  
 trip successfully, and never felt any  
 ill effect. Again last summer I was  
 almost completely run down with an  
 attack of dysentery. I bought a bottle  
 of this same remedy, and this time  
 one dose cured me." For sale by all  
 druggists.

### A CITY EDITOR

#### Bright's Disease and Diabetes Are Positively Curable.

Before the business men who incorporated the Fulton Compounds invented they put them to the test in dozens of cases. Hearing that R. M. Wood, the editor and proprietor of The Citizen and Spirit Review, of 500 Montgomery St., had a certain case of Bright's Disease, he was urged to test it. The following letter will now be understood:

"Office Wine and Spirit Review,

"500 Montgomery St., San Francisco,

"Sept. 21, 1902.

"Gentlemen: I consider it my duty to tell the world what the Fulton Compounds did in my case. In November, 1899, after a long illness, which carried me to the verge of the grave, a scientific analysis by the most noted analyst in this city disclosed that I was a victim of Bright's Disease. My physician told me that my only hope lay in a strong constitution and a change to a warm climate. He suggested Santa Barbara, and I went there, having fallen from 250 pounds to less than 150 in a short time.

"During my absence in the south a San Francisco business man called upon my wife, and told her of the Fulton Compound; that it was actually curing Bright's Disease, and urged that I try it. I began under protest, and in a few months I regained my health. I now weigh 250 pounds, and enjoy better health than I have in fifteen years. Naturally I told several friends, and in every instance the results were the same, even where they had been suffering for years. The world ought to know that Bright's Disease is at last curable, and approaching my own road for help, I will be glad to give further details to interested parties.

"R. M. Wood."

Medical works agree that Bright's Disease and Diabetes are incurable, but 50 per cent. are positively recovering under the Fulton Compounds. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 525 Montgomery Street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

#### Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

#### Came Near Being a Cripple.

Josh Westhafer, of Logansport, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle, for it saved him from being a cripple. No external application is equal to this liniment for stiff and swollen joints, contracted muscles, stiff neck, sprains and rheumatic and muscular pains. It has also cured numerous cases of partial paralysis. It is for sale by all druggists.

#### Elated Over Capture of Chacon.

Wiley Jones, former prosecuting attorney for Graham county, Ariz., was in Silver City the other day and helped prosecute the Sanborn case. Mr. Jones while in the Silver City Enterprise office, read of the capture of Chacon, the famous Arizona bandit, by Capt. Burt Mossman and rangers and expressed eminent satisfaction over the news. "I had Chacon sentenced to hang in 1897," said Mr. Jones. "However, he had powerful friends who carried the case to the supreme court. From there, it was remanded to the lower court and in each case we beat them. Final sentence was pronounced for June 19, 1897, the scaffold erected and everything was in readiness. But when the faller awoke the morning of June 10, he found that the bird had flown by sawing through the bars of the cage and escaping by the aid of confederates on the outside. From that day to this, Chacon has been the terror of southern Arizona and northern Mexico, and many sighs of relief will be sent up from these districts over his capture."

#### A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. B. H. Briggs & Co. and J. H. O'Reilly & Co.

#### CLOSING SEASON.

Alamogordo to Get 1903 Session—A One-Fare Rate Granted by the Rock Island.

As announced previously, the sessions of the grand lodge of the Knights of Pythias closed at Santa Fe with Friday afternoon's meeting, says the New Mexican. The body adjourned at 5 o'clock to meet a year hence at Alamogordo.

The Rock Island railway has already promised a one-fare rate, and the Knights are confident that the other roads will do likewise. The delegates from Santa Fe and those north of the city will doubtless go over the Santa Fe Central railway to connect with the Rock Island.

At the closing session of the lodge some legislation of interest to the order was enacted, including the adoption of a prescribed form of by laws for use in subordinate lodges.

The Knights in attendance were all pleased with the session and their visit to Santa Fe. The session was undoubtedly one of the best and most enthusiastic in the history of the grand lodge. The greater portion of the visitors returned to their homes on the evening trains.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for consumption, cough and colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at all drug stores.

The case of the Territory vs. Cesar Martinez, for assault and battery, in which a change of venue was granted from Rio Arriba county, is set for Thursday.

The case of the Territory vs. Luis Romero for the murder of Alejandro Seba is also set for Thursday.

#### Croup.

Usually begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment externally to the throat. 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

#### Nervous?

Easily discouraged? Things look dark? Can't sleep well? Restless and worn out? "Nervous exhaustion," your doctor says. Ask him if he knows of a better nerve-tonic than Ayer's Sarsaparilla. Sixty years of success.

One great cause of nervousness is constipation. Impurities that should be removed from the system are absorbed into it. One of Ayer's Pills each night, just one, will keep the liver and bowels in a healthy condition. 25 cents. J. C. AYER & CO., Lowell, Mass.

ment Surveyors in Field.

## NEW JEWISH RABBI.

## Special Correspondence.

Las Vegas, N. M., Sept. 20.—Mrs. C. W. Allen came up from El Paso Saturday night for a visit with her friends in the Meadow City. She came by way of Santa Rosa, and says she got fearfully homesick while away.

Mr. and Mrs. Theodore Hockemeyer arrived here yesterday from El Paso. Mrs. Hockemeyer will visit with her parents, Mr. and Mrs. C. A. Rothgeb, while her husband is on the road.

Herman Hild returned Saturday night from Santa Rosa. He has been visiting his fiancée back in Kansas City, also, for several weeks.

Sidney Rosenwald arrived here this afternoon from Albuquerque for a couple of weeks' visit with relatives.

Capt. W. C. Ried went down to Albuquerque this afternoon on legal business.

Mr. and Mrs. A. Menet left this afternoon for the northern part of the territory, where they will take in the festivities at Taos the last of this month.

Sol Luna was here a short time Saturday seeing the boys and talking over majorities. He says Los Lunas republicans will do their part.

W. L. Crockett returned Saturday evening from his visit to Spokane, Wash., and other points in the northwest, including the Yellowstone Park.

Harry Lee was here Saturday from Albuquerque seeing the sights of the Meadow City.

F. O. Blood received a telegram Saturday morning announcing the death at Los Lunas of Miss Francis LaMaster, formerly of this city, but now a resident of Los Lunas. Mrs. LaMaster left Las Vegas just a week ago with her daughter, to visit her husband, and the daughter was then well. The death was sudden, and the cause is not known. The interment will take place tomorrow at San Marcial.

H. E. Blake has a couple of sacks of ore he brought from the Pecos country. He prospecting a couple of weeks and has some of the best specimens of ore that has been seen in the city for some time. There seems to be not only gold and copper in that country, but iron as well, he having some specimens that run as high as 80 per cent iron. Mr. Blake will spend the winter in that country mining. He has located four claims and will locate more later. The claims are about forty miles from this city.

The party given Friday night by Mr. and Mrs. E. L. Browne was a very delightful gathering. There were forty guests present, the amusement of the evening being six-handed euchre, and a merry evening it was. The party was given to celebrate Mr. and Mrs. Browne's sixteenth marriage anniversary. It was given last night because the date this year fell on Sunday. The winners of the prizes were Mrs. Kate Reynolds Dean, first in games for the ladies, and Charles A. Spiess first for the gentlemen. Miss Jeannette Richley took the prize for the ten hands. The home was gorgeously decorated with cut flowers, and delicious refreshments were served.

The government surveyors who had been defining the line between the Morn and Las Vegas grants and the Pecos forest reserve for the past two months, have reported that they found the northwest corner of the Las Vegas grant, which has long been in doubt, and for which some of the owners of land on the grants have offered a reward. The line, if correct, will take a strip off the reserve about two and one-half miles wide and thirty miles long, giving most of that amount to the Mora grant. The surveyors have also been cross-sectioning parts of the reserve for the government.

The initial address of Dr. Lefkowitz at the Hebrew temple Friday night was a splendid one, and the Montefiore congregation is very much pleased with their new rabbi. Dr. Lefkowitz took for his topic, "The Ideal Minister," and spoke for over an hour, giving his conception of the ideal. He is a very forceful talker, eloquent, uses elegant diction and the members are very enthusiastic over their new pastor in general. Next Friday night the doctor will discuss "The Ideal Congregation." There was a large attendance to hear the initial address, and the music furnished by the quartet, composed of Mrs. S. C. Brown, Miss Rothgeb, Charles Kohn and L. R. Allen, was a real treat. Mrs. Charles Kohn presided at the organ with her well known ability.

E. L. Hewett and L. C. Butcher left Friday evening for the Piedrito cliff dwellings, to finish some surveys for Congressman Lacey, of Iowa, who is chairman of the committee on national parks.

Guy Gatchel will leave Monday for Topeka, where he will be married on September 24 to Miss Bertha Wiser. He will return here after the wedding and go to housekeeping. He will also return to his duties with the Wells-Fargo company on October 1.

John Florence was in Saturday from Buena Vista, with a load of fruit. Mr. Florence says the Weber estate near him has over 1,000 well loaded apple trees and they expect to get a crop of 150,000 pounds of apples this year. The fruit crop in the entire vicinity is very large.

City Clerk Tamme has just completed the school census of the city. There are 947 children on the east side of school age, or under 21 years. Of the number, are 448 males and 499 females. This is a decrease of twenty-four since last year, less than was expected. There seems to have been a reduction in the school census figures all over the territory in the last couple of years. Mr. Tamme was out twenty days at the work, and had many peculiar experiences. He nearly frightened one fellow to death, who thought he was trying to collect taxes. He did the work in a conscientious manner, he says, and he has every child in the town, from school age up to 21 years. He had considerable trouble to get some people to give the names of their children and it was only by persistent questioning that he accomplished the work so thoroughly.

Judge William J. Mills, Secundino Romero, Hon. Charles A. Spiess, L. C. Fort and A. A. Jones returned Friday evening from Raton, to spend a couple of days at home. They will return Sunday night. There was little of importance done in court during the past week, but the Waldo Wade murder trial is set for Monday, and it promises to be interesting.

## DRUMMER PREACHER.

He Preached Four Times Yesterday—  
Stirring Up the People.

Evangelist Williams, the drummer preacher, displayed his gospel samples four times yesterday at Lead avenue Methodist Episcopal church to very large congregations.

At 11 a. m. he took for his subject, "No Room for Jesus." The talk took hold of the hearts of his hearers. Many rose for prayers at the close of the service; three young men came forward and knelt for prayers; two found peace with God. "If you make room for Jesus in your home," said the preacher, "you will give him the right of way. You cannot have a whist party in the parlor and crowd Jesus into the bedroom. You cannot go to the theater and find Jesus there when you come back. You cannot have a dance in one room and put Jesus in another. You cannot have drink on the sidewalk and have a case of beer in the cellar and have Jesus on the premises."

At 3 p. m. he preached a kindergarten sermon to the children, subject, "The First Start." This talk was very greatly enjoyed by the children; also by the older ones who were present. Mr. Williams used in the talk bits of all sizes and a magnet. All the children but one came forward and knelt at the altar and dedicated their young lives to the service of God. The evangelist is a master hand in children's meetings.

He also conducted revival services in connection with the Sabbath school in the morning, talking to the school on habit, using a piece of rope to impress the lesson on the minds of the children. Many of the school at the close of this talk requested prayers by standing up.

At 7:30 his subject was "The Young Man and His Company." This was a talk out of the evangelist's own experience. It was a straight gospel talk from a business standpoint. Every young man in the city should have heard it. He deals in plain facts and speaks straight from the shoulder and cannot fail to carry conviction. His illustration of the forks of the road by a letter Y and his three C's—Credit, Capital and Capability—were center shots and struck the bull's eye every time. At the close of the sermon, after letting those go that desired to go he conducted an after meeting, which was very largely attended. The church and friends took hold of this meeting with all their hearts.

Mr. Williams is requested to remain with the church until Wednesday night of this week.

Tonight he will give the sister to the talk last night, "The Young Woman and Her Company."

Tuesday his subject will be "Breaking Home Ties."

On Wednesday "The Last Romp With the Tiger."

These three talks will be the evangelist's last, as he goes to Santa Fe on Thursday morning for two days; then to Vegas for a ten days' gospel temperance meeting with a pledge, under the auspices of the Woman's Christian Temperance Union.

Go to hear him tonight. Everybody welcome.

They Were Entertained.

A pretty 6 o'clock dinner party was given at the handsome home of Mr. and Mrs. M. W. Flournoy on Friday evening. Miss Nora Sterry and Miss Florence Field, of Los Angeles, who are visiting Miss Nell Flournoy, were the guests of honor. Plates were laid for Misses Flournoy, Sterry, Field, Jeannette Walton; Messrs. E. J. Alger, Louis Brooks, Sam Picard, Al Frost, & Co.

## Miss Collins Assaulted.

Last Saturday afternoon Sheriff T. S. Hubbell received a telegram from Laguna conveying the startling news that Miss Collins, a matron at the Laguna Pueblo, had been criminally assaulted by a Navajo Indian. The dastardly deed was committed late Friday afternoon while Miss Collins was in a field not far from the village. The telegram also said that the Indian had escaped and that posers were scouring the country in search of him.

As the deed was committed in Valencia county, Sheriff Hubbell telegraphed Sheriff Baca at Los Lunas and notified the local authorities to keep a lookout for the wretch should he come this way.

Miss Collins, the victim, is a sister of Ralph Collins, the superintendent of the local government Indian school and is quite well known in Albuquerque. Miss Collins suffered no serious injury.

## Cooley Killed.

Members of the local Typographical union have received information that Frank W. Cooley, a former job printer of The Citizen office, met a horrible death while riding the brake beams of a train near Helena, Montana, on the 25th day of August. He fell off and the result was run over and killed, in almost the same manner in which four or five other printers who worked in Albuquerque have met their deaths in the past few years. The deceased leaves a wife and a daughter. They left here several months ago in response to a letter that the sister of Mrs. Cooley was dangerously ill at a little town in Wyoming. A few weeks later, one Saturday night, Cooley "hit the pike" also for Wyoming, and now the sad news of his tragic death reaches his type friends of this city.

Still in Colorado.  
P. F. McCanna, secretary of the fair association, and W. L. Trimble, who went to Denver last week on business connected with the Albuquerque fair, did not return yesterday as expected, but wrote letters giving reasons for remaining in Colorado. At Denver the gentlemen found the horsemen in good spirits and engaged a carload of good goers to come to the fair. At Pueblo they met with flattering success and a carload of good horses will come to the fair from that place. They report the horsemen of Durango and Colorado Springs enthusiastic about the possibilities of good racing for the fair and a carload each will come from those places. Mr. McCanna and Mr. Trimble expect to return the latter part of this week.

## Handicap Tournament.

This afternoon at 4 o'clock on the court in the southwestern part of the city will occur the beginning event in the Albuquerque Lawn Tennis club's handicap tournament.

## Contest for Fair Queen.

The contest for Queen of the Carnival is progressing nicely. The voting began last Monday morning and the names of Mrs. Mabel Stevens-Himco, Miss Belle Yancey and Miss Jeannette Walton are already entered in the race. The honors offered to the queen of the coming fair are so great that a number of dimes are likely to go into the treasury of the contest before the crown is gained. As O. A. Matson, who is managing the contest, does not care to open the ballot box yet it is not known how the vote stands.

In the base ball game yesterday afternoon at the fair grounds between the Old Town Reds and the Old Town Tigers the former were victorious. There is a great deal of rivalry between these two teams and every point was fought to a finish, and considerable money changed hands. The score was 13 to 10. The playing cooler was the feature of the game. Harman Wynkoop umpired and his decisions were accepted without a kick from either team.

# Save the Children

All stomach and bowel troubles in child or adult are due to a single cause—Indigestion. Flux, colic, cholera morbus, diarrhoea, dysentery and all complaints of like nature, are the result of undigested foods fermenting in the stomach. The only way to prevent fever and to cure such troubles without injury to the membranes lining the stomach is to restore perfect digestion.

## KODOL What You Eat

Kodol is the new discovery which cures all stomach and bowel troubles by removing the cause. This famous remedy checks fermentation, cleanses, purifies and sweetens the stomach. Kodol digests all classes of food and gives to the body all the nourishment, health and strength it contains.

**Cures Indigestion, Dyspepsia and all Stomach Troubles.** "Kodol Dyspepsia Cure is just the thing for dyspepsia and stomach troubles. It has helped me more than anything else in a long standing case of catarrh of the stomach."—Oscar King, Cherry Valley, N. Y.

## NEW MEXICO TOWNS

### SANTA FE.

From the New Mexican.

A. R. Gibson, president of the Gibson Development company, and owner of the beautiful Sunmount addition to this city, left for Clifton, Ariz., on mining business.

F. H. Mitchell, of Albuquerque, who is interested with A. R. Gibson in the beautiful "Sunmount" addition east of this city, spent the past week here on business connected with the construction of a reservoir and a pipe line for "Sunmount."

Mr. and Mrs. David M. White moved to the Riddle residence on corner of Gallegos street and Manhattan avenue, recently purchased by them. Contract has been let for extensive improvements to the place, which, when completed, will add greatly to its looks and comfort.

Mrs. H. D. Pain, mother of Mrs. Frost, who has been on a visit to her daughter for the past three months, expects to leave early during this week for her Kansas City home. Mrs. Pain's health was greatly improved by her sojourn here.

The Frank W. Clancy property on Palace avenue is undergoing improvements that will greatly add to the looks of the building, and of the street. The old porch over the sidewalk is being torn down and new brick cornices will adorn the front of the building and the same will be replastered, and a vitrified brick sidewalk will be laid.

Associate Justice John R. McFie of the territorial supreme court, and Mrs. McFie expect to leave for Washington about the first of October to attend the national encampment of the Grand Army of the Republic meeting in that city during the early part of next month. Before returning, Judge and Mrs. McFie will visit other eastern points and relatives and friends in their old Illinois home.

C. T. Brown, the Socorro engineer and superintendent of the Mines Development association, owning valuable claims in Sierra county, and Dr. S. C. Clarke, physician of the Colorado Fuel & Iron company, at Madrid, arrived Saturday from the south. Mr. Brown will communicate the degrees of the Scottish Rite of Freemasonry from the 4th to the 32d inclusive to Dr. Clarke, who has been selected to receive the same.

### Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

### DEMING.

From the Headlight.

Mr. and Mrs. Cy Heyman, of San Antonio, Texas, were the guests of Mrs. A. J. Clark for several days this week.

Miss Pansy Smith left via El Paso and the Rock Island for Poughkeepsie, N. Y., where she will enter Vassar college.

Workmen are busily engaged erecting the eight-foot fence around McCoy Athletic park, the boys having let the contractor for same this week.

It is expected that the club dances will commence in a couple of weeks. These dances have always been very enjoyable affairs, and will doubtless be well attended throughout the season.

Mr. and Mrs. J. A. Mahoney left for Chicago and other eastern points. While away Mr. Mahoney will order the usual large supply of furniture and other necessities for housekeeping.

"Uncle Steve" Birchfield drove in from the home ranch the early part of the week and scattered a few ducats about among the merchants while purchasing supplies. Conditions on his ranges were reported excellent.

The Mexican citizens failed to celebrate their independence day as enthusiastically as expected. There was no general observance, and the "ballo" in the opera house failed to materialize. The ball will probably be given in the near future.

After a long and exasperating delay, A. J. Clark has got trace of the iron front for his new building, and as the same left New Orleans several days ago, may be expected here any day now. The plate glass front for the building arrived this week, so that in all probability work will be resumed early next week.

### SAN MARCIAL.

From the Bee.

On Friday of last week the infant child of Mr. and Mrs. J. M. Harrison died, after being ill about two months. Mrs. William Greenwood gave birth to another baby girl last Saturday night. Mr. Greenwood is now in the employ of the Santa Fe at La Junta.

The advertising car for the territorial fair and the Wild West show billing car arrived here Tuesday morning. Scott Knight, the alert individual in charge of the fair literature, jumped in and secured the pick of the free bill boards.

At the last meeting of the board of county commissioners judges of registration and judges of election were appointed. In precinct 13, Leo Loewenstein, H. Bonem and W. W. Jones were named as judges of registration, and Harry Armstrong, S. A. Clark and W. J. Hanna as judges of election. Clerk H. G. Baca should have called the attention of the jury chairman to the Ritch voting precinct. There are thirty-eight republican votes in this precinct and no provision has been made for gathering them in.

### A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them. Only 50 cents. Satisfaction is guaranteed by all druggists.

### FARMINGTON FAIR.

Splendid Exhibits, Good Crows and Excellent Weather.

From Hustler, Sept. 18. The fair is a big success—everybody says so, hence it must be so. People from Colorado began arriving Tuesday, so that by Wednesday noon, the hour set for the opening of the fair, fully 3000 strangers were promenading the streets. The exhibits of fruits, vegetables and produce is already worthy of a California fruit carnival, and reflects much credit upon our public spirited growers and ranchers.

Among the most prominent displays at this hour we would mention that of W. N. Kight, George E. Allen, S. R. Blake, W. B. Bonds, J. A. Brothers, J. A. Gilmour, William Locke, A. F. Miller, Richard Crouch, William McRae, Mrs. Thomas Fulcher, Mary Y. Roberts, Mrs. Ellen Dooley, S. W. Wightman, E. A. Chandler, Samuel Rugh, Evaporator and Hyde Exploring Expedition booth. The art, cookery and fancy work departments are being neatly arranged by the ladies in charge, of which we will say more in our next issue.

The horse race was run on Main street at 1 o'clock last evening, the boys getting water in remarkably short time. However, owing to a dispute in the couplers, the race will be repeated tomorrow evening.

The vaudeville in the evening, under the management of Mr. and Mrs. L. V. Rockburn, was exceedingly entertaining, both doing some very clever turns. The dance also was well attended, the music especially being first class. Verily, we can honestly say the Farmington fair is a big success.

### A CAT'S INTELLIGENCE.

Dumb Animals Can Scent Danger. A cat will refuse to drink coffee but will drink and thrive on Postum Food Coffee.

Mrs. Alice Gould, of Maywood, Ill., says: "Coffee drinking made me very much run down, thin and nervous and I thought I should have to give up my work."

"I was induced to try Postum by a friend who suffered four years from severe sick headaches lasting for several days at a time, who said that since using Postum Coffee she had been entirely free from an attack. I found that by making Postum according to directions it was equal to coffee in flavor."

"It is now six months since I began drinking Postum and I have gained 15 pounds in weight. It has built me up and I feel like a new person."

"We all drink it now, even to the cat, who is the pet of the family and it is funny to see him drink his bowl of Postum Food Coffee every morning. We often try to get him to drink coffee but he has the good sense to refuse it."

### UNDER TUCUMCARI.

A Good Water Basin Underneath the Town.

A correspondent of the Denver News, writing from Tucumcari, says: The water question, the only problem against the growth of the town, has been solved by the discovery of good water in artesian wells at a depth of 150 to 400 feet.

The first person to sink a few dollars in a "water speculation" was A. B. Simpson, and the people are indebted to him for so doing. At a depth of 136 feet he struck a large flow of water, clear, soft and pure, which has continued flowing ever since.

Encouraged by his success, the Blankenship Bros., contractors, sunk a well, and at a depth of 200 feet struck a flow of good soft water. The water in both of these wells is raised to the surface by wind power.

The Electric Light & Water company of Tucumcari sunk a 300-foot well, at which depth the water raised 135 feet in the well in ten minutes. The water from this well will be raised with a 10-horse power gasoline engine, which is at present being put in position.

The Chicago & Rock Island Railroad company struck an extraordinary large flow of fine, soft water at a depth of 349 feet. A steam pump was connected with the well this week, which hoists water into a tank at the rate of sixty-five gallons a minute. This being the only point on the road where the Rock Island people succeeded in getting good and sufficient water, they naturally feel pleased, especially as various attempts to get water in Santa Rosa, where they have shops, were dismal failures. The shops and round house at Santa Rosa may be moved to Tucumcari.

### SAD ACCIDENT.

Little Boy Drowned in Abandoned Well at Williams.

Shortly after 2 o'clock Friday afternoon little Frank, the son of Joe Atwood, freight clerk at the depot, was drowned in an old abandoned well about 100 yards north of the station. He, with his brother and another little boy, was playing around the mouth of the well when he presumably slipped and fell head foremost about ten feet to the water. The cries of the brother attracted attention and he ran home calling to his mother that "Frank is gone!" Mrs. Atwood hurriedly called her husband, who ran to his son's assistance. He found the little fellow in about three feet of muddy water at the bottom of the well and immediately took him to Mrs. Patterson's, summoning Dr. Tyroler, who did everything that could be done to resuscitate him. A bad cut on the top of the head showed that he had struck something in falling which had probably prevented any effort of his to escape from the water, as the sides of the well are sloping and he could otherwise have made his escape. The little fellow was a pretty child of about two and a half years of age. The community is shocked over the sad affair and extend Mr. and Mrs. Atwood their heartfelt sympathies.—Williams News.

### Should be Represented.

Deming will have an opportunity to advertise herself and surrounding country at the coming territorial fair if she wants to. Several of our citizens have spoken of this matter and all seem to think that the matter should be done. All that is necessary is for some one to take the lead. Our mining and other interests can be shown at that time, in a manner that will be worth thousands of dollars to this town. Who will take the lead?—Deming Headlight.

The following residents of San Juan county have already signified their intention of going overland to the territorial fair: George H. Browne and family, D. K. B. Sellers and family, A. E. Dustin and wife, W. N. Kight and wife, Dr. J. A. Duff and wife, Jack

Notice is given that a meeting of mechanical men of the Santa Fe will be held in this city tomorrow. Superintendent Henderson will preside.

A man who has defrauded railroads by false claims was convicted in the federal court in Quincy, Ill., recently. And by the Omaha & Quincy road, too.

In the Mexican Central's line from Tuxpan to Colima, forty-five miles, there will be thirteen tunnels and seven bridges. The cost of building the road will be \$3,500,000.

The Burlington bought the coal rights under 41,000 acres of lands in Illinois. The Burlington has no line within fifty miles of the land, but it is expected it will build to it.

S. T. Park, who recently resigned as master mechanic of the Santa Fe shops at San Bernardino, passed through the city Saturday evening en route east. He was accompanied by his family.

It is announced that Master Mechanic Patterson will leave the first of October for Oregon, where he has a better position. No one has been mentioned as yet to take his place.—Katon Range.

M. McKenzie, who was here on business, has just arrived at Farmington, and reports to the Hustler that he passed a railroad surveying crew at work near the Torione, headed toward Farmington.

One of the largest, if not the largest, single railroad contract ever let in Mexico has just been let to Contractors Hampton & Smith by the Mexican Central. The line will extend from Tuxpan to Colima, seventy-three kilometers distance, and is a part of the Centrals new branch to the Pacific coast. The contractors took the job for \$3,500,000.

The Pennsylvania Railroad company announces a new system of tracing the detention of passenger trains and for keeping a record of the same. The system is to be of great value to engineers. Passenger detention sheets as furnished by the average operating office are extremely meager as to detail. They also lack in originality and have not served as permanent passenger records. By means of the new detention records it will be easy to determine the cause of trouble at any place.

Notgrass, of Las Vegas, that when trainmen on this division of the Santa Fe takes a lay off or is given one on any account the oldest extra man in point of service shall take his place during the period of absence, will be sustained by those higher in power than the trainmaster, if an appeal is taken from his decision in this matter of moment to many local railroaders, ambitious and deserving.

Conductor David Null Sustains a Fractured Skull.

Another sad accident has been recorded in the railway history of Winslow as a result of freight train breaking in two, says the Mail.

About 5:30 o'clock last Sunday afternoon as the freight train in charge of Conductor David Null was slowly ascending a heavy grade near Clinker Pit the conductor climbed over the caboose and started to get down into the flat car ahead. Just at that moment the break in the train occurred and the rear section came to a sudden stop, throwing him head first into the car. Mr. Null struck heavily, sustaining a serious fracture of the skull. He was brought to Winslow on No. 2 in an unconscious condition and tenderly

Nothing Like Oil.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow. For sale by all druggists.

The Needle Eye says: J. Fred Fleisher, for the past several months an employe in the office of Superintendent

carried to his home. Up to this morning he had not fully recovered consciousness and his condition is considered very serious. He is receiving the best of care, a trained nurse and devoted wife being in constant attendance. If his condition warrants it, Mr. Null will be taken to the Los Angeles hospital tomorrow. Great sympathy is expressed around town for the family in distress.

The Citizen has received the booklet of the Santa Fe railway on "The Alvarado" hotel and surroundings. It has just been issued by the advertising department of the company and it is a gem in every particular.

"I had kidney trouble so bad," says J. J. Cox of Valley View, Ky., "that I could not work. My feet were swollen to immense size and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me. Sold by Alvarado Pharmacy."

## IT MUST COME.

As inevitable as the changing seasons of the year is the change which comes to every woman. And just as one anticipates the changes of other seasons it is wise to anticipate this change of season and prepare for it. In this way the discomforts and disasters suffered by many women at the period of change can be avoided or overcome.

Dr. Pierce's Favorite Prescription, a medicine for every season of woman's life, will entirely meet the needs of women at this period of change. It cures the physical ills and relieves the mental anxiety and depression usually associated with this critical period. It

tranquilizes the nerves, encourages the appetite and induces refreshing sleep. J. S. Carlisle, Esq., of Manchester, Coffee Co., Tenn., writes: "I have been using your medicine for the last three or four years in my poor house. I am superintendent of the Coffee County Poor-house and Asylum combined. Your Favorite Prescription, 'Golden Medical Discovery' and 'Bleeders Remedy' are the best medicines for the diseases for which they are recommended that I ever used. They saved my wife's life at the time of 'change of life.' I have been recommending your medicine to many afflicted women and have also guaranteed that if it did not cure I would pay back the money spent for it. I have told my back that if the people came back and said Doctor Pierce's medicines did not give satisfaction, to give them back their money and charge it to me. I have not once been called upon to refund. I have never found anything to equal your 'Favorite Prescription' for diseases of women."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

W. S. Hopewell, vice president of the Albuquerque Eastern and Santa Fe Central railways, is in the southern section of the territory.

I tried to get some more, but before I had 'deposited' my bottle, I was cured entirely. I am telling the truth too." 25c, 50c, and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe.

E. R. Vaughn, the operator at the Grand Canyon, was brought to his home at Winslow last Tuesday night, suffering from an attack of typhoid fever. It is hoped that he will soon recover.

Cured Hemorrhages of the Lungs. "Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." ## IT MUST COME.

As inevitable as the changing seasons of the year is the change which comes to every woman. And just as one anticipates the changes of other seasons it is wise to anticipate this change of season and prepare for it. In this way the discomforts and disasters suffered by many women at the period of change can be avoided or overcome.

Dr. Pierce's Favorite Prescription, a medicine for every season of woman's life, will entirely meet the needs of women at this period of change. It cures the physical ills and relieves the mental anxiety and depression usually associated with this critical period. It

tranquilizes the nerves, encourages the appetite and induces refreshing sleep. J. S. Carlisle, Esq., of Manchester, Coffee Co., Tenn., writes: "I have been using your medicine for the last three or four years in my poor house. I am superintendent of the Coffee County Poor-house and Asylum combined. Your Favorite Prescription, 'Golden Medical Discovery' and 'Bleeders Remedy' are the best medicines for the diseases for which they are recommended that I ever used. They saved my wife's life at the time of 'change of life.' I have been recommending your medicine to many afflicted women and have also guaranteed that if it did not cure I would pay back the money spent for it. I have told my back that if the people came back and said Doctor Pierce's medicines did not give satisfaction, to give them back their money and charge it to me. I have not once been called upon to refund. I have never found anything to equal your 'Favorite Prescription' for diseases of women."

Nothing Like Oil. "In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow. For sale by all druggists.

The Needle Eye says: J. Fred Fleisher, for the past several months an employe in the office of Superintendent

carried to his home. Up to this morning he had not fully recovered consciousness and his condition is considered very serious. Great sympathy is expressed around town for the family in distress.

For a bad taste in the mouth take Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

The Citizen has received the booklet of the Santa Fe railway on "The Alvarado" hotel and surroundings. It has just been issued by the advertising department of the company and it is a gem in every particular.

"I had kidney trouble so bad," says J. J. Cox of Valley View, Ky., "that I could not work. My feet were swollen to immense size and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me. Sold by Alvarado Pharmacy."
