## MURDER MYSTERY

### New York Police Hunting Clues of Crime.

### REPUBLICANS OPEN CAMPAIGN.

### Ohio Woman Dreamed that the World Would End Today.

### SILVER DISCUSSION IN OLD MEXICO.

New York, Sept. 20.—An autopsy performed on the body of Mrs. Joseph Pulitzer, who was mysteriously murdered in a Fifty-Eighth street flat and whose body was found in the Morris canal, showed death was caused primarily by a knife wound in the abdomen. A police drag net has been thrown out for William Hooper Young, grandson of the great Mormon leader, Brigham Young, who is suspected of the crime. Young's father sailed for France on July 1. Recently Hooper called upon the superintendent of the flats and demanded the keys, which were given to him. Four Mormon missionaries proselyting in New York have been living there and were asleep when the supposed murder was committed. A trunk shipped to Chicago by Young, through Wells-Fargo express was consigned to "C. S. Elling." The police believe that it contained the clothing belonging to Mrs. Pulitzer, as very little of the murdered woman's apparel has been found.

Further interesting developments occurred today in the unraveling of the mystery surrounding the murder of Mrs. Anna Pulitzer. A restaurant manager, Louis Bowker, said William Hooper Young, for whom the police are looking, had been a constant customer at his restaurant. Thursday night, Bowker says, a young man called at the restaurant and asked him to take charge of the key to Young's apartments and later the same man returned and asked if Young had been in. Bowker told him that he had not. "I will wait a little while for him," said the man, who remained about fifteen minutes. He left, asking Bowker to retain possession of the key until Young should call. Bowker gave the key to a policeman.

### Mormon Elders Interviewed.

New York, Sept. 20.—An interview was obtained today with the three Mormon elders occupying part of the apartment used by Young. They are Clarence Snow, Lawrence Taylor and J. L. Woods. Taylor, acting as spokesman, said:

"The enemies of the Mormon church accuse its members of practicing the blood atonement. There is nothing in it. This crime could not have been committed through any ideas of Mormonism that this young man may have possessed. He was outside of our church and we wanted nothing to do with him."

The "blood atonement" note found in the apartment, Taylor insisted, had nothing to do with the Mormon church. Captain Titus, of the detective bureau, emphatically declared today that the motive of the murder was robbery. He says the diamond earrings which Mrs. Pulitzer wore were valued at \$180 and evidently had been pawned. Captain Titus then told of his visit to the apartments on West Fifty-Eighth street. He said he found there three empty beer bottles. One bottle had a crystallized appearance and he thought the woman had been drugged by some narcotic in the beer and afterward knocked in the head. The room showed no signs of a struggle, but blood was scattered everywhere.

### The Suspected Trunk.

Chicago, Ill., Sept. 20.—A trunk addressed to "C. S. Elling, Chicago," shipped from New York on Thursday, the 18th, is awaiting a claimant here at the office of Wells-Fargo Express company.

At the request of the New York police the mysterious trunk will be forwarded to New York without opening.

### Dream Didn't Come True.

Aberdeen, Ohio, Sept. 20.—Having failed to receive any manifestations up to noon today that the account of this wicked world was to come up for final settlement Miss Nettie Campbell, of this place, has had her faith in dreams rudely shattered, though the shattering process did not jar her nearly so much as would have been the case had her dreams come true. On Friday night, January 3, Miss Campbell dreamed that the world would be entirely consumed by fire today. Miss Campbell at that time did not think much of the dream, but when she dreamed the same thing over

again on the succeeding Saturday, Sunday and Monday nights, the repetition caused no little comment and the passing of the day without dire catastrophe resulted in a feeling of relief in some circles, and particularly among the colored population.

### Hooier Republicans Open Fight.

Indianapolis, Ind., Sept. 20.—The republicans of Indiana open their oratorical campaign today and will continue active operations all along the line until the election. Today's program calls for rousing mass meetings in every county of the state. Congressmen Cannon, of Illinois, Grosvenor, of Ohio, and several others from out of the state have been pressed into service to aid in the hurrah and the list of today's speakers also comprises Senators Fairbanks and Beveridge and all the Indiana representatives, together with Governor Durbin and the state officials and all the party leaders of prominence.

### Silver in Mexico.

Mexico City, Mexico, Sept. 20.—The policy of the government regarding the silver question and the gold standard is officially declared to be to await developments. The government will continue its inquiries into the production, circulation and consumption of silver and the advantage as well as the disadvantage which depreciation of the white metal may occasion to this country.

### A Black Sheep.

Salt Lake, Utah, Sept. 20.—Friends and relatives of Wm. Hooper Young, grand son of Brigham Young, who is suspected of the murder of Mrs. Anna Pulitzer in New York, say the young man had always been considered weak minded, and on several occasions had shown signs of dementia. He has always been considered the black sheep of the family. Of late, it is stated that he had been addicted to the use of morphine. The theory of moral degeneracy is not entertained by his Salt Lake acquaintances.

## CONFLICTING REPORTS

### Regarding Destitution Among the People of Mimbres Valley.

### PENITENTIARY SENTENCES.

Silver City, N. M., Sept. 19.—There are in circulation many conflicting reports in regard to the condition of the people on the Mimbres river, which were put in a destitute condition by the big flood down that river several weeks ago, and it seems, while there are some who are in need of aid, such as the poor Mexican farmers, things are not in a very critical state. There are numerous families on the river who lost all they had in the way of a living for the coming winter, and those will have to be taken care of in some way. One rancher from the river states that the wants of the people are very well supplied while another says that there are large numbers of families who will have to be taken care of during the winter, as they are destitute. At the present time there are reliable persons looking into the matter, and if there are any families who want for food it will be supplied to them.

This section of country has been having a long slow rain for the past twenty-four hours, which is doing a world of good in many ways.

Judge Parker has sentenced seven men who were convicted at the present term of the district court to different lengths of terms in the penitentiary at Santa Fe. Van Hesa, who was convicted of robbing the Cottage saloon, was given ten years. L. Stanford was sentenced to five years for cattle stealing with \$500 fine and costs. A Chinaman by the name of Yung Youssef was sentenced to a term of two years. He pleaded guilty to having fired a six shooter at another Chinaman in a fight and hit another one on account of poor aim.

The steel wagon bridge across Main street on Broadway will be put in by the city after the flood season is over. J. A. Harlan has the contract.

The Deming and Fort Bayard base ball teams will cross bats at Fort Bayard next Sunday afternoon, and as both teams are in very good shape and have a strong aggregation of players it is expected to be quite an interesting game.

The wife of C. W. Merrilles, who came to Silver City from Albuquerque, to be agent for the Santa Fe at this point, died at the Sisters' hospital yesterday at noon of lung trouble. The remains will be shipped to their home in the east.

Hon. H. B. Ferguson, of Albuquerque, has been spending several days in the city attending to some business before the court.

## BIG RECEPTION

### President Roosevelt the Guest of Cincinnati.

### BANK RESERVE HEAVILY REDUCED.

### Launching of the Des Moines Cruiser Successfully Accomplished.

### SENATOR BARD IS RAPIDLY RECOVERING.

Cincinnati, Ohio, Sept. 20.—President Roosevelt and party arrived at 10 o'clock at the Pennsylvania depot and was escorted to the St. Nicholas hotel by Senator Foraker, Mayor Fleischmann, President Frank W. Foulks, the directors of the Cincinnati fall festival, and prominent citizens. Salutes of twenty-one guns were fired from several hill tops. The decorations are elaborate for the fall festival. On the line of march from the station was a continuous throng for over a mile.

The president bowed repeatedly to the cheering of the crowds. He held an informal reception during the forenoon, Senator Foraker introducing the visitors. At noon the luncheon was attended by many prominent men. President Frank W. Foulks then presented the president a gold badge, the same as worn by the festival directors. It was accepted with responsive thanks. At 2 o'clock a grand military parade, followed by a civic procession, escorted the president to the fall festival, where he will speak at 4 p. m. to the business men. Business was suspended for the day and everything was given up to the entertainment of the president.

### Bank Reserve Reduced.

New York, Sept. 20.—The weekly bank statement issued today shows that the clearing house banks hold \$1,012,050, less reserve, than the legal requirements.

### CRUISER LAUNCHED.

### War Cruiser Des Moines in Massachusetts Bay with Ceremonies.

Quincy, Mass., Sept. 20.—The cruiser Des Moines was launched from the yards of the Fore River & Engine company shortly after noon today. Hundreds of people saw the ship plunge into the water. Miss Elsie Macomber, of Des Moines, with Governor Cummins and Mayor Brenton, of Des Moines, standing by her side, smashed the traditional bottle of champagne against the steel prow. Miss Clara N. Carleton, of Haverhill, Mass., cut the ropes which held the last keel block and started the ship down the ways. The Des Moines is the largest vessel ever launched in Massachusetts Bay.

### Senator Bard Recovering.

Los Angeles, Cal., Sept. 20.—Senator Bard continues to improve. His condition this morning was favorable to ultimate recovery.

### Has the Gout.

Lucerne, Switzerland, Sept. 20.—Lord Salisbury's physician says the patient has a slight gouty affection from which he is suffering, but he gives no ground for anxiety.

### LOCAL PARAGRAPHS.

C. A. Hudson, the painter and bill poster, is the local representative of the Billboards, a journal published in the interest of the bill posters. The late issue of the Billboards contained a fine notice of the approaching territorial fair, illustrated by a half-tone cut of the advertising car of the fair.

Arthur G. Wells, general manager of the Santa Fe coast lines, and family, passed through the city this morning in private car No. 98, attached to passenger train No. 2, bound for Chicago for a three weeks' visit.

Hall & Leonard, the South Second street piano dealers, have loaned the L. H. B. and Aid society a fine Chickering piano for use at the society's ball at Odd Fellows' hall Tuesday evening.

Charles K. Newhall is in Kansas, attending the races in various towns of the Sunflower state, and word comes from up north that his horses have been victorious in several good races. Mrs. Elvira Wallace, of South Broadway, who has been visiting friends in Missouri for the past three weeks, is expected to return home tonight.

The Postal Pharmacy has some very appropriate and attractive signs in the shape of a two-cent stamp painted on the window.

C. T. Brown, the mining man of Socorro, passed through the city this morning en route north.

J. M. Kane and family, residents of Albuquerque for the last three years, will leave tonight for the east. Mr.

Kane expects to stop at a health resort in Missouri, while Mrs. Kane and children will go on back to the old home in Kentucky.

Ben Bibb, the big general merchant at Grants, out west, is here today on business.

K. K. Scott, the town clerk of Gallup, is here today, arriving from the west last night.

Hon. T. C. Graden, a prominent business man of means of Durango, Colo., is spending a few days in the city.

L. R. Thompson has returned from a vacation spent in California. He expects his family about the last of the month.

Hon. Amado Chavez, ex-mayor of Santa Fe, is here today in consultation with Attorney A. B. McMillen regarding some land matters.

J. P. Connelly, a well known and popular citizen of Peralta, Valencia county, is in the city and made The Citizen a pleasant call. He says his section of country has been visited by some fine rains the past few weeks.

### FROM SOCORRO.

### C. T. Brown Talking Mines--Politicians Visit Gem City.

### INTERESTING LOCAL NOTES.

Socorro, N. M., Sept. 19.—Victor Sals, the big stock man of Casa Colorado, this county, is in the city to place his daughter in school for the present term. Mr. Sals reports everything as prosperous in his district. He says that stock is doing well since the late rains.

Hon. Frank Hubbell and Solomon Luna were in the city this week to talk over political matters with the county party leaders.

C. T. Brown, after his trip to Montana, is again at his desk, but finds time to talk mines and mining to his friends. Mr. Brown is one of Socorro's most progressive business men and has done much towards developing the mining interests of Socorro county.

Wm. Johnson, of Hansford, Cal., is among the cattlemen of Socorro county this week trying to buy cattle for his calf ranches.

Manuel S. Pino, the big sheep man of Mangus, western Socorro county, is a visitor in the city today.

C. B. Adams, a pioneer stock man of the west, is in town today. When asked about the stock in his district he answered that everything was all right out his way.

The board of trustees of the school of mines are holding their first business meeting of the present school year today. Dr. Charles R. Keys, the new president, reports the enrollment so large that he has asked the board to procure more room. The trustees are considering the advisability of procuring one or more of the public school rooms of the city to tide over the big attendance. A large number of technical students are in attendance from other states, and everything indicates a very successful year for this great institution.

Capt. A. B. Fitch, of Magdalena, is in the city attending a meeting of the board of trustees of the school of mines, of which he is a member.

Report has it that Dr. Cruickshank, of San Marcial, who is a candidate for the council on the republican ticket, refuses to abide by the action of the convention if defeated.

Mrs. Murphy, who has for years conducted a boarding house and hotel at San Antonio, this county, and who will be remembered by many who have visited that little town in the past, died this week after a short illness.

The coal mines at Carthage, near San Antonio, are again active, with the coming of fall. As a result the merchants of San Antonio are happy.

Mrs. Richardson, of this city, who for some time has been very sick and not expected to live, is reported as much better, with hopes now for her recovery.

Great preparation is being made for the annual feast to be held here on the 29th of this month. The native people take great interest in these annual celebrations and large crowds are expected here on that day.

The wife of Engineer Bowman, of the Magdalena branch, is reported much improved by her trip to Mineral Wells, Texas, and they are expected home again soon.

Large shipments of fine fruit are being made daily from the orchards of this vicinity. No place in the west can boast of finer orchards than this part of New Mexico.

## W. S. STRATTON

### The Dead Millionaire Once Worked in This City.

### HOW HE LEFT ALBUQUERQUE.

### Appeal to Citizens to Take Part in Big Fair Parade.

### THE DISTRICT COURT PROCEEDINGS.

"Do you know that W. S. Stratton, the dead Colorado millionaire once worked in Albuquerque?" asked E. W. Spencer, of one of the old timers on The Citizen this morning.

"Yes, I remember a Stratton that worked in the local railway shops about thirteen or fourteen years ago, but I am not positive that he was the millionaire who died at Colorado Springs, Colo., the other day," replied the pencil pusher.

"He is the same man," put in Capt. W. W. Sleight, "and I had the pleasure of seeing him almost every day as he went to and from his duties in the car department of the local shops. I was then in the employ of the railway company, and often talked to him about mining. Stratton was then interested in mines at Cripple Creek and every once in a while he would receive returns from them, the last returns from the assays always being better than those previously received. He told his shop associates that he was sure to be wealthy—a millionaire, and one day he was missing from his bench in the car department. The night previous he received a message that the mine (Independence) was fabulously rich, and that there was a mint of valuable ore in sight. It was then he called for his time, threw up his \$2.50 job at the shops and hid himself as quick as steam could take him over the Gorieta and Raton mountains to Cripple Creek. Soon afterward the world was startled by the richness of the ore from the Independence mine, and the rapid rise to wealth of the poor carpenter, Stratton, was made the theme of many a sensational article."

When Stratton was here he worked under W. P. Fox, who was then and is now a valuable employee of the car department of the local railway shops.

### OPEN LETTER.

### President O'Reilly Appeals to Our Citizens to Take Part in Parade.

The merchants of Albuquerque, the societies, the lodges and all the schools, public and private, have received the following letter from President J. H. O'Reilly, of the New Mexico Territorial Fair association, asking their aid toward making the trades' display and parade a grand success:

"Gentlemen: The fair association has every reason to believe that the coming fair will exceed in attendance and exhibits all former efforts, and our one aim and ambition now is to make our trades' parade, which will take place on the morning of the 16th, of such magnitude to be in keeping with our other features. For all other features we look to other parts of the territory, but for the parade to Albuquerque alone. With this in view, we earnestly invite and solicit your co-operation. Arrange to have a float if you can, if not, appear as a marching club and help swell the ranks. The parade will be headed by Montezuma and his court, leading progress and trade into New Mexico, and is the one feature alone that must be made up of our own citizens, and in order to make it the success we expect and hope it will be, we must have the assistance of all. Try and arrange to be with us and please let us know as soon as possible that we may complete all details and arrange for bands for the different divisions. Yours very truly,

"J. H. O'REILLY, President."

President O'Reilly is pushing the parade himself, and yesterday, in his rounds, ascertained from quite a number of merchants that they would have floats in the parade.

Col. John Borradaile, who will be the grand marshal of the parade, stated this afternoon that he will have the names of his aides ready for publication next week, and that he will assist President O'Reilly in his rounds among the merchants.

### DISTRICT COURT NOTES.

Court assembled for a short session this morning and adjourned until Monday.

Very little was accomplished by the session.

The court took action in a number of cases yesterday afternoon.

In the case of George K. Neher vs. Angelo Viviani, demurrer of the de-

fendant was overruled and he was granted twenty days in which to plead.

In the case of Marcelle H. Grunsfeld vs. O. Bachechi & Co., defendant was given leave to withdraw answer and required to plead further in five days.

In the case of George K. Neher vs. William Chaplin, the court overruled defendant's motion to set aside the judgment heretofore entered in the case.

In the case of Little Williams Harding vs. The Electric Light company, plaintiff's motion to require the defendant to give security for costs was overruled.

The grand jury has been kept very busy. A number of cases were discharged and a few indictments were returned.

Four indictments were returned against Frank Davis for larceny. It will be remembered that last May Davis, with an accomplice, stole articles of dry goods and clothing from different stores around town.

Francisco J. Garcia, charged with perjury, pleaded not guilty and the case was dismissed. The defendant in this case perjured herself while giving evidence at a preliminary hearing of an Edmonds law case in the United States commission, H. R. Whiting's court.

Andrew Carne, Barney Gross and Mrs. Peter Almonite, all of Gallup, were indicted for selling liquor to Indians and will have final hearing Monday.

The Salazar murder case is before the grand jury.

For the past three days the ladies of the city have enjoyed the openings at the millinery stores of Mrs. Foster and the Misses Gilbert, and they have looked upon some very pretty fall and winter creations. The rainy, damp weather, it is true, kept away quite a number of ladies, but nevertheless the stores were generously visited since the openings were announced.

## OSCURA DISTRICT.

### Prof. F. A. Jones Has Returned After a Month's Absence.

### IRON AND COPPER DEPOSITS.

Prof. F. A. Jones has just returned from an extended trip after a month's absence in the Oscura mountains, where he has been looking after work pertaining to the United States geological survey, and his private interests in that section of the country.

He reports that that section will play an important part in the mineral production of New Mexico in the very near future. The extensive iron deposits in the northern part of the Oscura range are said to be without an equal west of the Mississippi river. The iron is a hematite of the purest type and assays 69 per cent iron with only traces of foreign substances.

The outcroppings are immense and over one million tons show above the surface. Indications are that a high grade copper sulphide ore will be reached at a short distance on the contact below the surface.

It is hinted that Prof. Jones has also made some extensive surveys in both grade and topography with a view to the early construction of a railway from San Antonio, on the Santa Fe railway eastward through the famous Carthage coal fields and the iron deposits to Coyote station, on the Rock Island. Eastern capitalists are said to be the private movers in this matter, and though nothing is made public, it need not be surprising to learn that a combination of iron and coal interests may develop in the establishment of steel works on or near this new line.

A new mining district has been recently organized, which embraces the deposits of iron, also gold, silver, lead and copper.

This district is bounded as follows: On the north by an east and west line through a point ten miles south of the ancient ruins of the Gran Quivira; on the east by the great lava flow, known as the mal pais; on the south by an east and west line through Red Canyon Butte; on the west by the eastern edge of the plains of the Jornada del Muerto.

By unanimous consent those interested in this new field the district has been designated as the "Jones mining district," in honor to Prof. Jones for valuable services rendered. A document to the above effect has been properly signed by the mining community and forwarded for record at Socorro.

The professor will have a fine exhibit of the ore from the new field at the territorial fair, which will be appreciated by the public.

J. R. Carpenter, a ranchman and farmer of Tijeras, is here today on business.

## TRAGIC PANIC

### Negro Congregation Stampedes With Fatal Results.

### DEAD NUMBER OVER ONE HUNDRED.

### Sells-Downs Circus in a Big Wreck in Oklahoma.

### EFFORT MADE TO RELEASE LOGAN.

Birmingham, Ala., Sept. 20.—The undertaking establishments were crowded this morning with hundreds of persons, mostly delegates to the national Negro Baptist convention, searching for missing friends and relatives who might have been killed in last night's stampede at the Shiloh Baptist Colored church, which grew out of a panic caused by a fight and a cry of fire while Booker T. Washington was addressing the convention. Up to 9 o'clock about fifty bodies were identified, the greater number being local residents. It is expected that at least a dozen of the injured will die.

Ten of the injured have died during the morning. A number of the dead have been found at private houses in the neighborhood of the scene of the disaster. Up to 11:30 o'clock today eighty-seven dead bodies have been identified. The death list is now figured at 115.

## CIRCUS WRECKED.

### Circus Train in Oklahoma Smashed Into by a Freight Train.

Oklahoma City, Okla., Sept. 20.—At Choctaw, sixteen miles east of here, at 5 o'clock this morning, an east bound freight train ran into the rear of the Sells-Downs show train, killing three persons and wounding twenty-six others, several fatally. All of the killed and wounded belong to the show except the conductor of the show train. The show train was standing on the main track when the accident occurred. Two sleeping cars were completely demolished and many of the occupants pinned beneath the wreckage. The uninjured soon extricated the dead and wounded. The freight engineer cannot be found. It was learned later that only two persons are killed, Harry Williams and an unknown negro.

Conductor Richard Whiteman and the "African King," a show attraction, were perhaps fatally hurt. After the excitement died out the freight engineer returned. He declared that the lights on the show train were out.

## Attempt to Aid Prisoner.

Knoxville, Tenn., Sept. 20.—The box intended for Harvey Logan, the alleged Montana train robber in jail here, was intercepted by the sheriff today. It contained several packages of tobacco, six cob pipes with long stems. Over the mouths of the pipes were seals. These were broken by the sheriff, who found a steel saw twenty-two inches long in each pipe.

## Police Court.

N. H. Hillard, a piano tuner by trade, hit town Tuesday night and the first thing he did was to hit a saloonkeeper for \$10. Hillard said that he had lost his railroad ticket, but it is evident that he hadn't lost his nerve, for he continued to graft the town. He fell heir to a cheap drunk last night and appeared before Judge Crawford this morning. He will do ten days' work on the street.

Attorney B. F. Adams and B. Ruppe and family have returned from Santa Fe, where they were in attendance at the meeting of the grand lodge of the Knights of Pythias, which was held at that place this week. The gentlemen report the meeting one of the most enthusiastic ever held in the territory and speak words of praise for the hospitality shown them by the people of Santa Fe. Mr. Ruppe speaks as Charles F. Easley and wife and daughter, in the entertaining of the lady visitors.

### Newspaper Press Association Territory of New Mexico.

A meeting of the Newspaper Press association of New Mexico will be held at Albuquerque, N. M., on Wednesday, October 15, 1902, at Alvarado hotel, during the territorial fair, for the purpose of promoting the interests of the association and to exchange views in regard to proper legislation at the next territorial legislature. All members are requested to attend; also new members will be admitted upon application.

that one of his main functions in life  
is the collection of accounts, which re-  
quires a heap of mentality at times.**CELIBACY AND CRIME.**It requires no statistics to support  
the theory that crime in any commu-  
nity increases with celibacy, asserts  
the Chicago Record-Herald. The most  
elemental knowledge of sociology and  
of human nature suffices to impress  
one with this fact. While the state-  
ment of Dr. E. Benjamin Andrews that  
the state of celibacy "promotes crime"  
may not be strictly accurate, it is nev-  
ertheless true, that freedom from mar-  
ital obligations and family ties is favor-able to the commission of crime, and it  
is also true that the majority of crim-  
inals are unmarried.These facts are confirmed, so far as  
Chicago is concerned, by the figures  
found in the semi-annual volume of  
statistics compiled by the municipal  
librarian and statistician. According  
to these figures, of the persons arrest-  
ed this year 18,157 males and 3,130 fe-  
males were single, while 8,097 males  
and 1,948 females were married. Dur-  
ing the six months of 1901 there were  
32,139 persons arrested, of whom 22,  
624 were single and 9,505 were mar-  
ried. The mere assumption of marital  
obligation is in itself a deterrent  
against crime, for the man who is  
capable of an emotion that will lead  
him to matrimony is not apt to relapse  
from the finer instincts of his nature  
long enough to commit a crime. When  
the children arrive and a home is es-  
tablished the tenderest relations and  
obligations are developed and cher-  
ished. The family ties become stronger  
and deeper, the responsibilities of life  
assume a more serious aspect and the  
manliest impulses are nurtured and  
strengthened.It is a mere sociological truism,  
therefore, to say that the establish-  
ment of the family relation is a deter-  
rent against crime.**WAS BALD SIX YEARS.**Three Months of the New Scientific  
Treatment Restored His Hair.Baldness is caused by dandruff,  
which is caused by a germ. Kill the  
germ and there is almost certainty  
that hair will grow again, if the follic-  
le has not been totally destroyed.  
Nels Peterson, of Lime Spur, Mont.,  
says: "I had been bald six years, and  
had tried all kinds of cures, but with-  
out any benefit whatever, until I tried  
Herpicide. November 16, 1899, I be-  
gan using Herpicide, and in three  
months a fine growth of hair covered  
my head completely." Ask your drug-  
gist for Herpicide. Everybody can  
have luxuriant, glossy hair, if Herpi-  
cide is used thoroughly. Take no sub-  
stitute. Send 10 cents in stamps for  
sample. The Herpicide Co., Dept. "F,"

few words in favor of Chamberlain's  
Cough Remedy. I suffered for three  
years with the bronchitis and could  
not sleep at nights. I tried several  
doctors and various patent medicines,  
but could get nothing to give me any  
relief until my wife got a bottle of this  
valuable medicine, which has complet-  
ely relieved me.—W. S. Brockman, Bag-

party that intended making a long  
bicycle trip," says F. L. Taylor, of New  
Albany, Bradford County, Pa. "I was  
taken suddenly with diarrhoea, and  
was about to give up the trip, when  
editor Ward, of the Laceyville Messen-  
ger, suggested that I take a dose of  
Chamberlain's Colic, Cholera and Dia-  
rrhoea Remedy. I purchased a bottle  
and took two doses, one before starting  
and one on the route. I made the  
trip successfully, and never felt any  
ill effect. Again last summer I was  
almost completely run down with an  
attack of dysentery. I bought a bottle  
of this same remedy, and this time  
one dose cured me." For sale by all

broken by the Pennsylvania company  
when its management placed orders  
for the manufacture and delivery of  
300 engines during the next twelve  
months. So many large single orders  
for equipment and power have been  
given by both western and easternrailroads during the last three years  
that they no longer attract general at-  
tention. The Pennsylvania's order,  
however, is phenomenally large and all  
the more remarkable from the fact  
that other large orders for power have  
been given by the company during the  
last eighteen months. It is also a re-  
markable fact that 200 of the engines  
will be built in the Altoona shops of  
the Pennsylvania company and only  
one-third of the order has been placed  
with outside companies.**New Arizona Railroad.**The early construction of the Phoe-

## A Cough

Sometimes necessary. Generally useless. It tells of inflammation in the throat, bronchial tubes, or lungs. Ayer's Cherry Pectoral quiets the irritation, masters the inflammation, heals the bruised membranes. Your doctor will explain more fully. He knows. Trust him.

"We have kept Ayer's Cherry Pectoral in the house for 25 years. No medicine in the world equals it for lung troubles."—Mrs. A. Pomeroy, American, Alameda, N.Y., Sept. 11, 1902.

### GOING TO MINING.

Operator Bradley will Seek His Fortune in the Earth's Bowels.

W. L. Bradley, a well known and popular telegraph operator, who was an efficient employee of the local Western Union office up to a short time ago, is about to close the deal for an ore-producing mine located near Deming, and if successful Bradley will be out at the mine at work within the next sixty days.

Continuing in his letter, he says: "Everyone seems to have the fair in mind and I believe you'll have a large crowd from western Texas. I heard an old Texan, this morning, express his preference for the New Mexico fair at Albuquerque over the Dallas state fair."

Bradley is at present in El Paso. His many friends are wish him much in his mining ventures.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for consumption, cough and colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at all drug stores.

### Urged to Attend Firemen's Convention

At the smoker given last evening at Firemen's hall, tendered by the local company to the visiting firemen who were in the city attending the grand lodge of Knights of Pythias, there were from twelve to fifteen visitors present. B. Ruppe, ex-chief of the Albuquerque fire company, and president of the New Mexico Firemen's association, delivered a nice impromptu address, as did also W. W. Risdon, of Gallup. Both urged a full attendance of all firemen upon the convention of New Mexico Firemen's association which meets at Albuquerque, October 15.—New Mexican.

### Came Near Being a Cripple.

Josh Westhafer, of Loogootec, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle, for it saved him from being a cripple. No external application is equal to this liniment for stiff and swollen joints, contracted muscles, stiff neck, sprains and rheumatic and muscular pains. It has also cured numerous cases of partial paralysis. It is for sale by all druggists.

### Left Town Gaily Decorated.

The advertising car of the Territorial Fair association, under the command of Scott Knight, has paid us a visit and left the town gaily decorated with handsome posters telling of the many attractions to be presented to the public at the fair which opens at Albuquerque on the 14th of October. There

Physicians are calling attention to the fact that influenza or grip has come to stay. In the larger cities there has been a marked increase in diseases affecting the organs of respiration, which increase is attributed to the prevalence of influenza. Persons who are recovering from grip or influenza are in a weak condition and peculiarly liable to pulmonary disease.

Dr. Pierce's Golden Medical Discovery cures coughs, bronchitis, lung "trouble" and other diseases of the organs of respiration. It is the best tonic medicine for those whose strength and vitality have been exhausted by an attack of grip.

It purifies the blood, cleansing it of the poisonous accumulations which breed and feed disease. It gives increased activity to the blood-making glands, and so increases the supply of pure blood, rich with the red corpuscles of health.

"A word for your 'Golden Medical Discovery,'" writes Mrs. E. A. Bender, of Keene, Ohio. "We have been using it as a family remedy for more than four years. As a cough remedy and blood-purifier there is nothing better, and after having the grip Dr. Pierce's Golden Medical Discovery is just the right medicine for a complete bracing up."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, and lungs.

The sluggish liver is made active by the use of Dr. Pierce's Pleasant Pellets.

is a promise of the finest trotting and ball playing ever seen in the southwest, and from the amount of effort and money that the association is expending in arranging these features we have no doubt the promise will be made good. The street attractions, which are to be free to everyone, will constitute a good show in themselves during the whole week. Great preparations are being made for an elaborate pageant representing the coming of Montezuma, a big military force, headed by General Funston and his staff will parade, there will be war dances by 200 Navajo Indians, brilliant fireworks and a hundred other attractions to interest the people. Taken as a whole the fair will be well worth going to see.—Baton Reporter.

### A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. B. H. Briggs & Co. and J. H. O'Reilly & Co.

### SANTA FE COURT.

Crenshaw's Murder Case Called—Mining Company Case.

In the case of the Territory vs. N. E. Crenshaw, charged with the murder of Edward Hull, the jury was empaneled and the case called for trial at Santa Fe yesterday forenoon. A number of witnesses for the prosecution were heard.

In the case of N. B. Laughlin vs. George Hill Howard, a suit in assumpsit for \$212, a verdict being rendered for the plaintiff on Saturday last, a motion was made for a new trial and was refused; a motion was then made for an appeal and same was granted.

In the case of W. E. Dame vs. The Cerrillos Mining company, limited, in which a judgment was rendered in favor of the plaintiff a year ago, the same being required to stand over a year, the sale of the company's property to satisfy the judgment to said Dame for the sum of \$2,655.23 was approved and confirmed by the court.

### Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodal cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: "Kodal has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodal saved my life. Take it after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co."

### Snide Company Stranded.

The Seth Haskins combination made a Clifton trip, and then gently, but easily, died. The cause of death being exhaustion from lack of nourishment, or in other words, there were not found enough suckers who would buy tickets. Manager Craig had paid in advance for transporting the scenery car to Phoenix, and in consideration of this payment the railroad hauled the car back to El Paso for him. He left his actors pretty well busted, owing them several weeks wages. Some of them managed to flit on passing freight trains, and there was a great anxiety among others to find out how long it would take to walk to Boonville, Mo.—Lordsburg Liberal.

Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

### Uncle Sam on Watch.

Uncle Sam, in the person of ten of his government officials, has charge of every department of the Hayner distillery. During the entire process of distillation, after the whisky is stored in their warehouses, during the seven years it remains there, from the very grain they buy to the whisky you get, Uncle Sam is constantly on the watch to see that everything is all right. They dare not take a gallon of their own whisky from their own warehouse unless he says it's all right. And when he does say so, that whisky goes direct to you, with all its original richness and flavor, carrying a United States registered distiller's guarantee of purity and age, and saving you the dealers' big profits. If you use whisky, either medicinally or otherwise, you should read the offer of The Hayner Distilling company elsewhere in this paper.

### Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much mood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

## MISS VIRGINIA GRANES

Graduate Nurse, and President of Nurses' Association of Watertown, N.Y.,

Tells How Much Doctors Use Lydia E. Pinkham's Vegetable Compound.

Has Yet To Hear of Its Failure To Cure.

It is not infrequent that information comes to our attention proving that the medical profession in general prescribe large quantities of Lydia E. Pinkham's Vegetable Compound in their private practice.

It is a fact beyond dispute that nowhere is to be found a remedy so universally successful in curing female ills, and the broad-minded physician of to-day is quick to recognize his duty to his patient, and does not hesitate to prescribe the best medicine he can find,—the medicine that is surest and quickest to bring relief to his patient: for this very reason thousands of the very best physicians are prescribing in their treatment of female ills Lydia E. Pinkham's Vegetable Compound, while not in the original bottles perhaps, but in plain prescription bottles with their own or druggists' name. It is our pleasure and our privilege to publish a letter from a graduate nurse whose reputation and prominence in her profession lends much weight to her opinions, and whose testimony goes to prove our statements in regard to the high esteem in which Lydia E. Pinkham's Vegetable Compound is held by our leading physicians and trained nurses.

MISS VIRGINIA GRANES.

"DEAR MRS. PINKHAM:—Twelve years continuous service at the sick beds in some of our prominent hospitals, as well as at private homes, has given me varied experiences with the diseases of women. I have nursed some most distressing cases of inflammation and ulceration of the ovaries and womb. I have known that doctors used Lydia E. Pinkham's Vegetable Compound when everything else failed with their patients. I have advised my patients and friends to use it, and have yet to hear of its first failure to cure."

"Four years ago I had falling of the womb from straining in lifting a heavy patient, and knowing of the value of your Compound I began to use it at once, and in six weeks I was well once more, and have had no trouble since. I am most pleased to have had an opportunity to say a few words in praise of your Vegetable Compound, and shall take every occasion to recommend it."—Miss VIRGINIA GRANES, 444 So. Spring St., Los Angeles, Cal. [Present address.]

Be it, therefore, believed by all women who are ill that Lydia E. Pinkham's Vegetable Compound is the medicine they should take. It has stood the test of time, and it has hundreds of thousands of cures to its credit. It should, therefore, be considered unwise to experiment further.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women.

**\$5000** REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

CAL—Dear old Jack, I just read in the paper about your being sunstruck, and rushed right over. I'm awfully glad you're as well as you are. You're lucky. Now, old man, I don't want to work the old "I told you so" gag on you, but the way to prevent sunstroke is to keep the bowels clean and cool, and the blood from being over-heated, by taking a CASCARET Candy Cathartic at bed-time. They work while you sleep, and keep you safe and comfortable all day. 500

#### EVANGELIST WILLIAMS.

He Held Forth at Lead Avenue Methodist Church Last Night.

Evangelist Williams held an interesting meeting at Lead Avenue Methodist Episcopal church last night. He speaks three times there tomorrow: 11 a. m., "No Room for Jesus;" 3 p. m., kindergarten sermon to children, "The First Start;" 7:30 p. m., "The Young Man and His Company."

If the interest in the meetings warrant it Mr. Williams will stay with this church until next Wednesday night.

We give below some of the evangelist's sayings:

"There are two things a man can not stand who drinks rum—prosperity and adversity. If he has prosperity he celebrates; if adversity he drowns his sorrows."

"I would just as leave try for a position with my nose as red as a turkey gobbler's from rum blossoms as to apply with my fingers yellow from the cigarette. I took the Calvary cure on top of the Keeley cure."

"I did not have time to attend to business; I was too busy going from one saloon to another."

"The only thing that ever came between me and success was drink. Without I succeed, with it I go all to pieces."

"I think the man behind the bar should have a red coat instead of white dyed red in the blood of the victims of the whiskey business. The diamonds on the shirt front of the man behind the bar look to me to be as large as a headlight on an engine. When we stop to think what has gone into it it is a wonder it don't strike blindness to us on the outside of the bar."

"Girls, before I would marry a man to reform him I would get a cat and raise kittens all my life. You will have a better job than raising babies for drunkards."

"Good line of promotion go close by mother's knee and our open Bible. Close his book in your home and take your boy out of line of God's promotion."

"When I had money, everybody had money. It was Williams have something. When I was busted everybody else was busted."

"This old world is cold to a man that is down and colder than Greenland to a woman that's down. If this old world had any response in it Christ would have loved it to death long ago."

#### THE MAJESTIC RANGE.

The Exhibition at Store of Albuquerque Hardware Company Closes.

A. O. Harris, who has been demonstrating with the Majestic steel range at the Albuquerque Hardware company's store, on Gold avenue, will close a very successful week this evening. Mr. Harris says that he has had a very profitable week and the people of the city of Albuquerque have patronized his business liberally. A joint of stovepipe made of pasteboard, used on the Majestic by Mr. Harris during the week's exhibition was a feature worthy of note and demonstrates that the use of the Majestic is a safeguard against fire. The Albuquerque Hardware company boasts of having exclusive sale of the Majestic steel range in Albuquerque.

Quite a number of ranges have been sold during the week and with each range a handsome present of stove-ware was given. The bargain closes tonight.

THOS. McMILLIN, City Marshal.

**Millinery Opening.**

On the afternoons and evenings of Thursday and Friday of next week, according to custom, and well known by all of my old customers, I will hold my fall reception days. We were very fortunate through early buying, in securing an unusually fine stock of mesdames' and misses' millinery. Especially in the white effects, which are becoming so popular. I will continue my usual custom of giving each lady who visits my parlors on opening days a neat souvenir.

MADE THOUSANDS OF COUN-  
TRY TOILERS WELL AND  
STRONG.There are thousands of farmers in  
our land who are rich in broad acres  
and gold, yet lack that true wealth  
known as good health.It is a melancholy fact that men and  
women in the country districts, breath-  
ing the purest air and drinking from  
God's bubbling fountains and limpid  
springs, are liable to the same dis-  
eases and ailments that come thick  
and fast to city people. We find rheu-  
matism, neuralgia, debility, dyspepsia,  
kidney and liver troubles, and blood  
disease almost as common in the  
farmer's family as they are in city  
homes.Paine's Celery Compound, Heaven's  
best blessing to the farming com-  
munity, has done more for the banish-  
ment of dread disease and the build-  
ing up of health than all other com-  
bined medicines. Mr. John Zuspan,  
a prominent and well known farmer of  
Middleport, Ohio, writes specially for  
the benefit of sufferers in the rural  
districts; he says:"Last November I was so badly crippled  
up with rheumatism, which came  
on in June, that I could hardly walk  
without the aid of crutches or a heavy  
stick. About the tenth of November I  
commenced taking Paine's Celery  
Compound, and after using four bottles  
I was completely cured, and was able  
to attend to my usual work as well as  
when I was 40. I am now 66, and can  
walk and run as well as a man of 30."If you get hungry, go to The Cabinet

age and sex should find rest and recreation in reviewing such an  
exhibition again and again, and more the marvel that anyone should  
miss an opportunity to witness a performance so unique in all that it  
encompasses. It is a VERITABLE KINDERGARTEN OF HISTORY, over  
two decades in existence, teaching equestrianism, primitive warfare, and  
civil military tactics, combined with an annex of colonial equitation. Illus-

vivid and inspiring reproduction of history's latest martial triumphs,

## Pretty Children

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all. My wife thinks MOTHER'S FRIEND is the greatest and grandest remedy in the world for expectant mothers."

Written by Kentucky Attorney-at-Law

**MOTHER'S FRIEND** prevents nine-tenths of the suffering incident to childbirth. The coming mother's disposition and temper remain unruffled throughout the ordeal, because this relaxing, penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. MOTHER'S FRIEND takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

**A Mill for Tecolote—Republicans With Grievances Hold Meeting.**

### VERY HEAVY RAINS.

Special Correspondence.

Las Vegas, N. M., Sept. 19.—Again there seems prospects coming in the mining situation here. The latest seems positive, and it is in the nature of a 300 ton mill for Tecolote. There have been parties here for the past ten days figuring on the situation here, and they are at last convinced that a mill at Tecolote would pay, and the incorporation papers are all written out for the formation of a company to do a commercial milling business at Tecolote. The people behind the mill are from Colorado, and are at present operating mills in Arizona and Colorado. Their process is a new one. It is a sort of electrical leaching process; iron not being used for precipitating. There will be a couple of local people put in as directors, and one of the Colorado men will move here with his family. This is done to make it possible for a meeting of the directors without waiting for Colorado interests to come down to make a quorum. The company is asking no investments from local people, but there may be a little stock let loose in town if parties want it, but otherwise it is not for sale. It is merely the locating here of another mill by the Colorado Investment company. Those having ore at Tecolote, will merely contract to furnish the ore to the company.

The "republican" meeting last night at St. Joseph's hall for the purpose of hearing Margarito Romero air his grievances against everybody in general was fairly well attended by the curious, despite the heavy rain. The chairman of the meeting was Ignacio Esquivel; vice presidents, Benigno Romero and George Chavez, of El Cuero; secretary, George Labadie. Margarito was the first up and killed about an hour giving his personal opinion about everybody from the governor down to the assessor. His stomach was evidently in bad order, for his opinions were sour. He also turned loose his mud batteries on Hon. Chas. A. Spies; in fact nothing seemed to suit him, and the only remedy he can see, is to place himself in office; though he modestly avows, in a shy manner, he does not want any office. Rafael Gallegos, George Chavez, Romulo Uiharri, Blas Ortega and Antonio Lucero also made speeches, taking their cue from the first speaker. No opposition speeches were allowed. It was Mr. Romero's funeral, and none but his pall bearers were allowed to take part.

Hon. Jefferson Reynolds returned last night from his trip over the north-west and Pacific coast. Mr. Reynolds was delighted with Yellowstone park, the trip through there having been made with Mr. Crockett, of this city. He was gone three weeks.

Col. R. E. Twitchell told your correspondent this morning that the season next year would open May 15 with a first class base ball team and a race track, the grounds the property of the citizens of Las Vegas. You can't keep a good man down.

The precipitation of rain yesterday evening up to 6 o'clock was .68 of an inch, and up to 6 this morning .19 more, or a total of .87 of an inch in the last fifteen hours. Everything was afloat last night, water standing everywhere. The ground received a good soaking, and the benefit was incalculable to the country. It is not over yet, either.

Joe Hincell, a printer on the Pittsburgh Post, arrived here last evening to visit his brother in law, Robert Gray, of the shops.

Eight naval recruiting officers passed

ed through here last night en route to Albuquerque. They came from La Junta last, and are making a trip over the southwest getting recruits. They will return to Las Vegas December 5 and remain a couple of days, according to their present schedule.

R. T. Hill, of the government geological department, who has been in Colorado and other parts of the west for the past few months, and who has been at hot springs, left today for Santa Fe.

H. D. Neely, of Topeka, arrived last night to visit his cousin, Mrs. G. W. Stealing.

Mrs. H. H. Funk, of Beverly, Ohio, arrived last night to make a visit with Mrs. James Robbins.

No. 1, carrying twelve cars, last evening did not get in until nearly 8 o'clock. There was a big freight wreck on the Chicago division, and the Santa Fe had to use about fifty miles of Burlington track to get by. No. 8 got in at 8:15.

Trainmaster C. H. Bristol, of Raton, came down last night to ride the Masonic goat.

It was a splendid rain which began yesterday evening a bit after 4 o'clock and kept it up for several hours. There was only a sprinkle at Watrous, and the heavy rain began about fifteen miles north.

Mrs. Mary Vasse and daughter, Miss Emma, arrived last night on belated No. 1 from Moberly, Mo.

L. C. Curtright, the city marshal, and wife, returned last night from their trip east. Mrs. Curtright visited in La Junta, but Mr. Curtright was as far east as Paris, Mo.

Lloyd U. Dick, who has been visiting his brother, James A. Dick, will return tonight to his home at West Newton, Pa.

Miss Edith Wheeler, daughter of A. O. Wheeler, sustained quite a serious injury to her right eye last night. The globe of an electric light, as it was being lowered, struck on the wire weight, breaking it, and a piece falling struck Miss Edith in the eye, as she was looking up. The sharp edge cut the iris, necessitating an operation. It is not known just yet whether she will lose the sight of her eye or not.

Mrs. Eliza Bourguignon, of Socorro, who has been a patient at the asylum here, is rapidly falling, and death seems near. Her husband has been telegraphed for and is expected at once.

Mr. and Mrs. Hickok, who recently visited here, passed through on No. 1 today en route to Santa Fe from Chicago.

Miss Hazel Bell, daughter of Archie Bell, who was operated on a short time ago for appendicitis, is convalescing nicely.

Master Mechanic Daniel Patterson, at Raton, has sent in his resignation to take effect the first of October. It is probable that he will accept a position on the Denver & Rio Grande. It is not yet known who will succeed Mr. Patterson.

There were 355 paid tickets on No. 1 last evening, and in the six tourist cars there was not even an upper berth. There are excursion rates on from the east.

Miss Van Ardsley, who came over from Santa Fe to attend the Cordon-Crites wedding, will return tomorrow to her home.

The Las Vegas band is figuring on giving a concert and ball in the near future. They will have a number of outside musicians present, and are figuring on a thirty-one piece orchestra. The dance probably will be given at the Casino at the hot springs.

Dave Rosenwald left this afternoon for a whirl among the resorts of Colorado on a two weeks' vacation.

Albert Stern went down to Albuquerque this afternoon to see the sights of the Duke city.

Mrs. L. E. Trainer and children and Mrs. Walter Pratt returned yesterday afternoon from their trip to Los Angeles.

Mrs. E. O'Brien and daughter and Miss Lennie Powers left this afternoon for Topeka and points east.

Benjamin M. Read came over this afternoon from the Capital city and

### A TRUE SAYING.

"Most Men Dig Their Graves with Their Teeth."

The wrong kind of food fills more graves than any other cause. It is easy to retain good health by the use of proper food and it is pleasant, too. The Rev. G. M. Lodge, of Iowa City, Iowa, made a successful experiment.

"I am 65 years of age and a preacher. Last winter I went to Kansas and had charge of two churches. A little use of Grape-Nuts food made me believe it to be a true brain and nerve builder; I wanted to experiment further with it so I used Grape-Nuts for breakfast and supper for more than three months with the best results. I not only never had better health in my life, but the effect on my brain was wonderful. I had become forgetful of names and persons and things, was often unable to recall even the names of old friends.

"After using Grape-Nuts for two weeks forgotten names came to me and as the days and weeks passed my memory was wonderfully quickened as to names and dates, and mental ability in general. I could preach without manuscript or notes as never before in a month or less I said to myself, 'Grape-Nuts is a brain food,' and as such I now recommend it."

"It also gives health and blood, nerve and muscle. Cheerfully and earnestly I advise students, clergymen, teachers and all mental workers to use Grape-Nuts steadily and systematically if you wish to excel in mental and literary work, renew your age and feel well. It is the best nerve and brain food I have ever known."

will go out to Mora tomorrow. Joe Digneo, also of Santa Fe, came up with him, but went on to Trinidad.

B. P. Dodago went over to Santa Fe this afternoon to unload a little pork on the meat eaters of that city.

### The Summer Season

is full of dangers particularly for the children, who not knowing the result of eating unripe fruit, indulge themselves, with the usual griping pains in the stomach as a consequence; mothers should have on hand at all times a bottle of Pinkettes (Perry Davis) which will at once relieve the sufferer; it is a safe, simple remedy and it should be kept in every house. Large bottles 25 and 50 cents.

### A Las Vegas Lady.

The young lady who caused two hearts to almost break and an attempt at suicide in this city, some time ago, subsequently marrying here, to a young man from Illinois, is said to have ruthlessly deserted him somewhere in Kansas, presumably going off with a handsomer and richer fellow.—Optic.

### Water Cure for Chronic Constipation.

Take two cups of hot water half an hour before each meal and just before going to bed, also a drink of water, hot or cold, about two hours after each meal. Take lots of outdoor exercise—walk, ride, drive. Make a regular habit of this and in many cases chronic constipation may be cured without the use of any medicine. When a purgative is required take something mild and gentle like Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

### Prospects Good.

C. H. Elmendorf, of the American Valley company, was in Socorro the other afternoon on his way to Santa Fe. Mr. Elmendorf is very well pleased with the prospect for the next year, saying that he has never seen the grass better during his residence in New Mexico.

### Big Figures.

Painkiller sold in 60 years. Just think! Nearly enough placed end to end to reach around the world. What other remedy can boast such a record of services of humanity in curing stomach and bowel complaints and the many other ailments and accidents constantly occurring even in the most careful homes. There is only one Painkiller, Perry Davis. Beware of imitations.

### Bad Raton Boys.

Someone (presumably a boy or boys) broke into Shaw & Co.'s store last night and after rumaging around finally got away with some tobacco, cigars, 200 pennies and probably some bread tickets and other small items. They evidently entered and left through a broken glass in the side door.—Range.

### A New Jersey Editor's Testimonial.

M. T. Lynch, Editor of the Philadelphia N. J. Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it. Sold by Alvarado Pharmacy."

### PHILO RUMSEY.

The Old Hotelkeeper of Santa Fe Dead in Omaha.

Word was received at Santa Fe yesterday from Omaha that Philo Rumsey, for fifteen years a resident of the capital, died in that town a few days ago of natural infirmities and old age. He is survived by a widow, a daughter and a son, who are all well known in New Mexico. He was the first manager of the Palace hotel, Santa Fe, and managed that well known hostelry during his residence there. Before going to Santa Fe he owned hotels in several eastern cities and Omaha, Neb. He was one of the best known and most successful hotel managers in the country. He was a man of sterling honesty, strong individuality and was respected by all those who knew him. He was gathered in by the grim reaper after having completed four score years. The remains were interred in the family vault in Omaha, his home city.

## Railroad Topics

Western lines are considering a series of fall shopping excursions.

The Santa Fe has finished the foundation for its new freight house in Pueblo.

Gould is said to be back of the Coos Bay road, extending from Salt Lake to Portland.

George Gould said yesterday that the Missouri Pacific had bought the St. Louis Valley, extended from St. Louis 125 miles down the Mississippi valley. Eastern financial papers speak highly of the annual report of the Colorado & Southern and contrast it with the reports of the same road a few years ago.

The Rock Island, by building from Amarillo to a point on the El Paso line, is said to contemplate a trunk line between Memphis, St. Louis and Kansas City to the Pacific coast.

Charles Mudge, son of the Santa Fe's general manager, who had been for a week or so camping and fishing on the Pecos, has left for Topeka with his party, on Santa Fe private car 212. R. S. Wickershaw, engineer of tests on the Santa Fe coast lines, passed through the city yesterday en route home to Los Angeles from Chicago, where he has been enjoying a month's vacation.

Fred W. Lewis and Walter L. Harper, two brakemen on the Kansas City Southern road, have invented and patented an apparatus for signaling trains from the rear, and for their franchise will receive a quarter of a million dollars.

Frank Benson, for the last thirteen years a Santa Fe tinner, and inventor of the Benson switch lamp which is being handled by all the leading lines of the country, has left Topeka for Kent, Ohio, with his family, where he will live in the future.

H. M. Foster, of New York, is a new man at Flagstaff, Ariz., where he will act as lumber inspector for the Santa Fe, under General Storekeeper N. M. Rice. Flagstaff is a great lumber point, and the Santa Fe gets a great deal of its material there.

Engineer William Schultz, wife and child, were passengers for Curtis, Wis. Mr. Schultz formerly ran out of Las Vegas and was elected a member of the legislature from San Miguel county, but he is now running on the Santa Fe branch. He has thirty days' leave of absence.

The late Engineer George R. Rose, who met death on the Whitewater branch of the Santa Fe in Grant county, N. M., was insured in the Brotherhood of Locomotive Engineers and the New York Life for \$5,000. His widow has gone to Topeka, Kan., to effect a settlement with the railroad company.

It is understood that Fred Glycott, who used to have a clerkship under division Superintendent McLellan, but who returned to Topeka only a few days ago from Las Vegas, N. M., where he has been timekeeper, is to become timekeeper on the Rock Island in the office of Superintendent Jones, of Topeka.

Avoid serious results of kidney or bladder disorder by taking Foley's Kidney Cure. Sold by Alvarado Pharmacy.

Grant Bros. have been awarded the contract for grading the San Pedro, Los Angeles and Salt Lake railroad from Ontario to Riverside, about twenty miles. Grading is expected to be completed into Riverside before January 1, when the Clark road will have in operation approximately about seventy-five miles of its main line. The estimated cost of the new work will be between \$75,000 and \$100,000. As soon as the line is completed to Riverside contracts for construction across the mountains will be let.

For a bad taste in the mouth take Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

The proposed corporation for the purpose of extending the Rock Island system from Asher, Okla., to Dallas, Texas, has been formed at Guthrie under the name of the Choctaw & Chickasaw Railroad company, with a capital of \$1,000,000. Three lines are provided for, the first from Asher south through the Chickasaw nation to Tishomingo; the second from Milburn, I. T., through the Chickasaw nation to Sherman, Denison or Dallas; the third from Wilburton, I. T., to Howe, I. T., near Fort Smith, Ark. The total number of miles is 200. The incorporators are F. A. Moulton and J. W. McLoud, of Little Rock; C. M. Barnes, A. C. Biero and H. H. Hagan, of Guthrie.

Foley's Kidney Cure makes the diseased kidneys sound so they will eliminate the poisons from the blood. Sold by Alvarado Pharmacy.

The Lordsburg Liberal says: "William Garvin, who has been making the survey for a railroad for the New England company from their mines to Clifton, has completed his work, and was in town, en route to his home in New Orleans. He was accompanied by A. O. Wilson, who has been with him as an aid for the past two years or so."

Foley's Honey and Tar is peculiarly adapted for chronic throat troubles and will positively cure bronchitis, hoarseness and all bronchial diseases. Refuse substitutes. Sold by Alvarado Pharmacy.

Engineers all along this part of the Santa Fe sympathize with Engineer Ed Welch, of Argentine, Kan., whose 8-year-old daughter, Birdie, was run down and killed by a switch engine in

the yards Monday night. The child jerked its hand free from its mother and ran, unconsciously, in front of the moving engine, and before the parent could do anything toward rescuing her daughter, the terrible accident had happened. She lived and was conscious for a few hours after being run over.

"I had kidney trouble so bad," says J. J. Cox of Valley View, Ky., "that I could not work. My feet were swollen to immense size and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me. Sold by Alvarado Pharmacy."

The Santa Fe has published a pretty booklet advertising the Alvarado, portraying both the interior and exterior of that handsome hostelry. Attractive cuts of the different departments from the bedrooms to the kiosk or curio bazaar, accompany the portrayals. The whole volume is gotten up with such good style and taste that it is sure to make an impression wherever it circulates.

Dr. J. C. Bishop, of Agnew, Mich., says, "I have used Foley's Honey and in three very severe cases of pneumonia with good results in every case." Refuse substitutes. Sold by Alvarado Pharmacy.

### WANT EXPERIENCED MEN.

Transferring Engineers and Firemen From California to Texas.

A request was received at the Santa Fe shop office in San Bernardino recently from Superintendent of Motive Power Henderson, asking for six engineers and twelve firemen to take places on oil burning engines on the company's Gulf line in Texas.

Bulletins were at once posted by the division master mechanic soliciting men to fill the request, and the following offered their services: Engineers F. J. Harrell, Atherton and George Dorrance, and Firemen T. R. Bolan and Fred Worthington. Several others offered to go, providing they would be allowed to return to San Bernardino if the new position proved distasteful to them. For the benefit of these a telegram was sent to Mr. Henderson, asking that men be allowed to go to the Gulf line on a ninety-day leave of absence, which would of course give them the alternative of remaining or returning home. By men who have been located in Texas the offer is looked upon as a good one. The pay is better on the Gulf division than San Bernardino and living is considerably less expensive.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the mucous membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and stuns and use that which cleanses, soothes and heals. **Foley's Cream Balm** is such a remedy and will cure catarrh or cold in the head, easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. **Fly Brothers, 26 Warren St., N. Y.** The balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. **With Ely's Cream Balm you are armed just Nasal Catarrh and Hay Fever.**

The Santa Fe has but lately introduced oil-burning engines on that portion of its system, and must have experienced men to handle them, who will in turn have students under them whom they will instruct in the art of "stoking" an atomizer. It is said that California, more correctly southern California, is the only place where the necessary men for teachers can be secured.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am cured. I cannot say too much for Foley's Kidney Cure." Sold by Alvarado Pharmacy.

### A TERRIFIC EXPLOSION.

One Man Killed and Several Others Hurt on the Bisbee Road.

A terrible accident occurred at the tunnel now being constructed for the El Paso & Southeastern railway, by Orman & Crook, just beyond the Rio Grande, in New Mexico, by which Jesus Hernandez, aged 24, and a native of Mexico, lost his life, says the El Paso Herald. The injured man was brought in to Hotel Dieu and everything done for his relief, but he was so badly injured that he soon died.

Three other laborers were hurt in the accident, but they are doing nicely in Hotel Dieu and hopes are had for their speedy recovery.

The accident was caused by the premature explosion of a blast being put in the rock. Ninety-eight sticks of dynamite were exploded.

The foreman who had charge of the work says he can give no reason why the explosion occurred. There were three or four other persons blown up by the terrific explosion, but other than being badly scared they were not hurt.

### Not Doomed for Life.

"I was treated for three years by good doctors," writes W. A. Greer, McConellsville, O., "for piles, and fistula, but, when all failed, Bucklen's Arnica Salve cured me in two weeks." Cures burns, bruises, cuts, corns, sores, eruptions, salt rheum, piles or no pay; 25c at all drug stores.

### TO THE PACIFIC.

Work will begin at once on the Link in Rock Island Extension.

Within twenty days grading gangs will be at work on the line of the Phoenix & Eastern railroad to run from Phoenix to Benson. President Murphy is now at Phoenix and was waited upon by a representative body of business men, who pledged themselves that if he would proceed with construction they would guarantee the right of way to be forthcoming in due time. The arrangement was satisfactory and President Murphy announced his willingness to proceed. Chief Engineer W. A. Wrake stated that it would take possibly twenty days to let contracts and inaugurate the work of grading. With the building of this line to Benson connection will be made with El Paso and the southwest, a part of the Rock Island system, and it is generally believed that in a short time the line will be extended from Phoenix to the coast.

### A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them. Only 50 cents. Satisfaction is guaranteed by all druggists.

**Mechanics to Meet in Albuquerque.** All the leading mechanical men on the Santa Fe system will meet at Albuquerque next Tuesday for a discussion of topics relating to the operation of locomotives, lubrication and kindred subjects. Superintendent of Motive Power Henderson will probably preside, and the gathering is a special one outside of the usual meetings of master mechanics which will be held. The mechanical superintendents and all the leading division master mechanics will be in attendance.

### Fortune Favors a Texan.

"Having distressing pains in head, back and stomach, and being without appetite, I began to use Dr. King's New Life Pills," writes W. P. Whitehead, of Kennedale, Tex., "and soon felt like a new man." Infallible in stomach and liver troubles. Only 25c at all drug stores.

### May Colonize the Boers.

Wesley Merritt, industrial commissioner for the Santa Fe, has been touring the southwestern country through which the Santa Fe runs with a possible view of locating a number of Boers from South Africa here. He is showing General Pierson, who is a representative of the Boers of the Trans-

vaal, South Africa, the different sections of country through which the Santa Fe road passes, with a view of future colonization with farmers from the Boer country. General Pierson will report the result of his observation to his people in South Africa, and it is a foregone conclusion that the Pecos valley will receive his commendation, as all who live in this beautiful and prosperous valley are confident that nowhere are the conditions for settlement by intelligent, industrious people better.

### Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Sold by Alvarado Pharmacy.

### Hope for Relief Man.

There is hope for the relief man, who usually does not fall into as good a position as agent of a town the size of Albuquerque. W. J. Lucas is the relief man who was summoned from Rincon to take charge of the agent's work at Albuquerque, and it is understood that the job will be a permanent one. C. F. Jones, who has been agent at Albuquerque since the former agent was summoned to the Los Angeles position, handed in his resignation some time ago.

### Nothing Like Oil.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow. For sale by all druggists.

### Promoters at Reno.

T. B. Harlan, capitalist, and O. H. Turner and Harry Carroll, civil engineers of St. Louis, arrived in Raton last Sunday, and this week have been going over the line of the proposed Cimarron River & Taos Valley railroad, says the Raton Range. It is understood that the preliminary arrangements are about completed and that the building of this road will commence before December 1. The Range will have some official information to give to its readers in a few weeks which will no doubt create a stir, especially in the Elizabethtown and contiguous mining districts of Colfax county.

## Headache...

The following is quoted from a late work on the diagnosis and treatment of the diseases of the eye, by Edward Jackson, A. M., M. D.:

"It ought to be universally recognized that eye-strain is the common cause of headache. Acid from headache produced from fever, toxemia and systemic disease of the brain and its membranes, eye-strain is almost invariably a factor in the production of headache. The headache of eye-strain is not of any special character—it may be constant or intermittent, slight or severe, felt only on the base of the eyes, or felt after their use, continuous or recurring irregularly or at certain intervals. It is aggravated by many other causes, such as hunger, exhaustion, exposure to heat or cold, or indigestion, or it may seem entirely independent of other influences. In the majority of cases eye-strain is not the only factor in the production of headache, but it may be the only factor of practical importance, because if it can be removed, and its removal will give relief, such headaches are generally felt in the frontal, temporal or occipital regions."

Read the above again, and remember that eye-strain is relieved by glasses properly fitted. We are in every way equipped for scientific testing the eyes and determining the right glasses. In every case absolute satisfaction is guaranteed. Prices are as reasonable as good work will justify.
