SLOCUM STATUE

Gettysburg Monument to Great American Soldier.

MURDERER TO HANG AT NOME

Wheat Crop in States of Oregon and Washington Injured.

BALTIMORE THE SCENE OF A PRIZE FIGHT

Gettysburg, Pa., Sept. 19.—In the presence of a large assemblage, including governors, statesmen and heroes of the civil war, the magnificent equestrian statue of Major General Henry W. Slocum, was unveiled today on Culp's Hill, where the famous commander led his corps in the battle of Gettysburg. The unveiling was accompanied by interesting ceremonies. A military aspect was given the exercises by the presence of the Society of the Army of the Potomac, whose annual reunion is in progress here, the Seventh and Fourteenth regiments of New York, and a military band and two troops of cavalry from Fort Myer. Occupying seats on the speaker's platform were Governor Odell, of New York, General Horatio C. King, Major General John P. Brooke and other men of prominence. Major General Daniel E. Sickles presided over the exercises and the principal oration was delivered by Mayor Seth Low, of New York city. The other speakers were General James C. Rogers, representing the Twelfth corps, and Colonel Archibald Baxter, representing the Twentieth corps. An artillery salute marked the conclusion of the ceremonies.

The monument unveiled today was erected on the battlefield by the state of New York. It stands thirty-one feet in height and occupies a conspicuous position on the crest of Culp's Hill. The base is of Barro granite and is sixteen feet in height. Imbedded in the north face of the base is a bronze plate, on which is inscribed the following:

"Major General Henry Warner Slocum, U. S. V., 1826-1894, in command of right wing of the Army of the Potomac at the battle of Gettysburg, July 1, 2, 3, 1863."

Beneath the inscription appears that famous, timely remark which in the long discussion at the council of war, convened by General Meade at Gettysburg, won for General Slocum the heart of every soldier in the army: "Stay and fight it out."

The base is surmounted by an equestrian figure of colossal size representing Major General Slocum as he appeared at the head of the Twelfth army corps on that memorable 2d of July, 1863. The horse and his rider stand fifteen and one-half feet high, and the length over all is sixteen feet six inches. It weighs 7,000 pounds, and is the largest bronze cast on the battlefield. The cost of the monument was \$30,000.

To Be Hanged in Far North.

Seattle, Wash., Sept. 19.—According to the latest advices received here Fred Hardy, the Unimak island murderer, will be hanged today at Nome, President Roosevelt having declined to interfere with the sentence of the court. Hardy would have been hanged a year ago but for the fact that Judge Wickham stayed off execution for twelve months, pending the hearing of an appeal in the United States. The crime of which Hardy was convicted was brutal in the extreme. He shot down in cold blood and robbed Con and Florence Sullivan and P. J. Rooney, who were his companions on a prospecting expedition to Unimak island. At the time of his trial Hardy declared he was a relative of former Postmaster General John W. Wanamaker.

Wheat Crop Injured.

Tacoma, Wash., Sept. 19.—According to the prediction of Grain Inspector Arismith, based on personal investigation, the wheat crop of Washington, Idaho and Oregon will be at least 5,000,000 bushels short of the expectations entertained earlier in the season. He says the grain is shrunk in the dryer districts and that smut has injured the crop almost everywhere. It is estimated that the Washington crop will be 27,000,000 to 28,000,000 bushels, as compared with 32,000,000 bushels last year. There is a similar shrinkage in Idaho and Eastern Oregon.

To Fight for Championship.

Baltimore, Md., Sept. 19.—In the arena of the Eureka Athletic club tonight Joe Gans will defend his lightweight championship title against Gus Gardner, of Philadelphia. The bout is the outcome of a heated controversy that has been on ever since Gans de-

feated Erne at Fort Erie last May, the colored boy declaring then that the only man he wished to face was Gardner. Gans believes Gardner to be among the topnotchers in his class, and thinks he will give him a stiff battle. Sporting men, however, incline to the opinion that Gardner is no match for Gans and as a consequence the colored fighter is a decided favorite in the betting. Both men appear to be in good condition for the contest.

New York-Mobile Steamships. New York, Sept. 19.—A regular weekly passenger and freight service between New York and Mobile was inaugurated by the Mallory line today with the dispatch of the first steamer from this city. The new service is entirely separate from the semi-weekly service operated by the same line between this port and Galveston. It is understood that connections will be made at Mobile with all rail and water lines diverging from that point.

Launching of Des Moines. Boston, Mass., Sept. 19.—Everything has been put in readiness at the Fore River shipyard for the launching tomorrow of the cruiser Des Moines. As the cruiser is the largest naval ship constructed in Massachusetts since the early days of the American navy, it has been decided to make the launching a gala event. The ship will go down the ways at 12:30 and Miss Elsie McComber of Des Moines, will break the customary bottle of champagne in performing the christening ceremony. Governor Cummins of Iowa and his staff will be present and eminent representatives of the state of Massachusetts and of the navy department are also expected to be in attendance.

RAILROAD POSSIBILITIES.

What the Rock Island and Santa Fe May Do.

ALBUQUERQUE A RAILROAD CENTER.

El Paso News.

The Rock Island's Choctaw line from Memphis to the Texas panhandle will be extended, it is said, to a connection with the Rock Island's El Paso line in New Mexico. The building of the Santa Fe Central and Albuquerque Eastern lines from the Rock Island to Albuquerque, will give Albuquerque another outlet eastward.

It is the belief in some localities that steps are being taken to make out of this and of the Rock Island's proposed St. Louis route to the Mississippi valley, a line to the Pacific coast to compete with the Southern Pacific. The St. Louis Globe-Democrat says there is reason to believe that the extension of the Choctaw from Amarillo to the Rock Island is really the preparatory step to the formation of a trunk line to the Pacific coast. The main arteries of the Pacific trade are the Southern Pacific and the Santa Fe, says the paper.

The Santa Fe main line by La Junta extends through the mountains and is heavy and circuitous. The extension of the Choctaw to Santa Rosa will be followed by a further extension in the direction of Albuquerque, meeting the Santa Fe Pacific division at that point.

The line from Memphis to the coast by way of the extension will be straight and low grade, and up to the requirements of a trunk line. It is believed that the through traffic over the Wichita and Washburn line, and that the La Junta route will be abandoned as a main line. Although the Santa Rosa and Albuquerque extensions are being built by the Rock Island, there is reason to believe that they will be used jointly by the Santa Fe and Rock Island. There is also said to be a binding treaty between the two roads preventing the invasion of territory dominated by either.

It is quite possible that the Santa Fe might abandon its proposed expensive cut off from Portales to a point near Albuquerque on the Santa Fe Pacific and enter into trackage agreement with the Rock Island, the Santa Fe Central and the Albuquerque Eastern to reach Amarillo and thence to Kansas City over its own panhandle line.

But the Rock Island, having a trackage deal with the Southern Pacific, by which a short cut through line to the Pacific coast will soon be in use via El Paso, makes it improbable that the Rock Island desires to have a trackage deal with the Santa Fe from Albuquerque to California.

Sailing Over London.

London, Sept. 19.—Stanley Spencer, the aeronaut, has been cruising above London and its vicinity this afternoon in a steerable airship of his own construction. He started from Crystal Palace.

MURDER MYSTERY

Body of a Woman Found in a Canal.

TRAINS COLLIDE IN PENNSYLVANIA

Government of Italy Adopts Marconi's Wireless Telegraph System.

RAILROAD WRECK IN STATE OF OHIO.

New York, Sept. 19.—Detectives are working to unravel the mystery of the death of Mrs. Joseph Rulitzer, whose nude body was found yesterday in the Morris canal, in the outskirts of Jersey City, under circumstances indicating murder. The husband, a tailor, was out at the primary elections on Tuesday night and when he got home his wife went out to get some bread and fruit. She did not return. The theory of Chief of Police Murphy, of Jersey City, is that the woman was killed in New York and the body brought across the river on a ferry boat in a wagon.

Passenger Trains Collide.

Pittsburg, Pa., Sept. 19.—The collision of two passenger trains at Witmer, Pa., on the Pittsburg & Western railroad today resulted in the killing of Engineer Benedict, the serious injury of four trainmen and slight injuries to a number of passengers.

Wireless Telegraph.

Turin, Sept. 19.—At a conference today with Signor Calimberti, minister of posts and telegraphs, William Marconi submitted plans for the erection of a wireless telegraph station to cost \$14,000 for establishing connection from Italy with British and American stations. The scheme will be submitted to parliament. King Victor Emmanuel has bestowed the cross of the order of the crown on Marconi.

Fatal Railway Wreck.

Chillicothe, Ohio, Sept. 19.—Two persons were killed and forty-two injured in a wreck at Leesburg last night, the "Royal Blue Flyer" on the Baltimore & Ohio Southwestern running into an open switch. The dead are Phillip Roe, engineer, and Mrs. John Selter, of Wellston. Charles Stuber, fireman, was fatally injured.

Bankers Meet at Pen-Mar.

Pen-Mar, Md., Sept. 19.—Members of the Maryland State Bankers' association and the bankers' association of the District of Columbia met in joint convention at the Blue Mountain house today and listened to addresses by prominent financiers on topics of interest and importance to the banking world. The annual banquet takes place this evening, and tomorrow the bankers and their friends will visit Gettysburg and other places of interest in the vicinity.

THE MISSING MAN.

A Ranchman Thinks George J. Oliver a Lively Corpse Somewhere.

HIS FRIENDS SHOULD RALLY.

A ranchman, who lives in the neighborhood of the little town of Tijeras, is in the city today, and he volunteers the information that it is his opinion that the dead body of George J. Oliver, the missing saloonkeeper, will not be found in that immediate vicinity. "I have sheep, cattle, cows, horses and burros browsing on the hilltops and valleys of the Tijeras canyon neighborhood," said the gentleman, "and since the Oliver disappearance I venture the assertion that I have gone over every foot of the ground in the immediate vicinity of Whitcomb springs several times in rounding up my stock. If Oliver was in the sad plight, pictured by some, when he wandered away he surely could not have gone very far from his camp, and then the question arises, Where is his body? Friends were out looking for him a few hours after his disappearance and yet he has not been found, although in that short length of time, considering his reported weakened condition, he could not have traveled very far. His body may be found, however, near the Whitcomb springs, but I surmise that Oliver will sooner or later be discovered a lively corpse in some other section of the United States."

The search for the missing man has been abandoned for several weeks, but the intimate friends of Oliver, who are still impressed with the belief that

his dead body lies hidden in some abandoned prospect hole in the vicinity of Whitcomb springs, should not stop their search for their friend, the missing man, until his disappearance, now shrouded in mystery, is thoroughly cleared.

If George Oliver died in the mountains and so near to Albuquerque, his dead body should be found, and, again, if anyone is in possession of facts that Oliver's disappearance was pre-arranged and that he is still alive, he or she should come forward and promptly relieve the anxiety of the Albuquerque public.

Will Distribute Funds.

Washington, Sept. 19.—Secretary Shaw announced before leaving Washington this afternoon for the west that during the week he had authorized the distribution of \$10,000,000 in public funds among the banks throughout the country which have bonds available for security.

Declined Nomination.

Pittsfield, Mass., Sept. 19.—John C. Crosby today declined, for unknown reasons, to accept the nomination of Lieutenant governor tendered him by the democratic state convention.

Senator Bard's Condition.

Los Angeles, Cal., Sept. 19.—Senator Bard is still in a critical condition.

Dead.

Spa, Belgium, Sept. 19.—The queen of the Belgians died this evening.

BERNALILLO FEAST.

It Occured Yesterday and a Large Crowd Was Present.

A FEW INTERESTING FACTS.

The patronal feast of the church of Bernalillo was celebrated yesterday with the usual piety of the congregation with a concourse of the reverend clergy seldom witnessed in this part of the country. Rev. H. C. Pouget, of Las Vegas, who is undoubtedly the best organist in the territory, sat at the organ, while Rev. J. A. Picard, of Belen; N. Dorchner, of Isleta; G. Juillard, of Gallup, and P. Gilbertson, of Las Vegas, assisted by local talent, furnished the music at vespers Wednesday evening and at the solemn high-mass yesterday morning. The music was excellent, and it was rendered with masterly precision. Rev. J. Krager, assistant priest at Bernalillo, was celebrant at vespers. He was assisted by Fathers Albert, O. F. M., of Pena Blanca, and Eljio, O. F. M., of Jemez, as deacon and sub-deacon respectively. Father Barnabas, O. F. M., of Jemez, was master of ceremonies. The high mass was sung by Rev. P. Pelzer, of San Marcial. He was assisted by Fathers Albert, Eljio and Barnabas, as deacon, sub-deacon and master of ceremonies respectively. Rev. J. B. Ralliere, of Tome, preached the sermon with eloquence, feeling and unction. With remarkable clearness he portrayed the life of the mother of God, drawing salutary and spiritual reflections from those incidents of her glorious mission on earth, which rendered her the mother of men, the queen of martyrs and the mother of sorrows. It was a touching scene to see a minister of God, whose physical strength and vigor of mind have not yet felt the weight of 65 years of age, or the hardship and labor of 47 years of missionary work, unstained for the glory of God, in the same little town of Tome.

In addition to the fathers already mentioned the following reverend gentlemen were also present: Rev. Arboza Seco, O. P. M., of Pena Blanca; Rev. Ph. Martin, of Socorro; Rev. P. Moog, of La Joya; Rev. M. Damarast, assistant priest at Gallup; Rev. A. M. Manda, Jact, S. J., and Rev. Bahineau.

One word about Very Rev. Father J. M. Coudert, who, although he took no active part in the ceremonies, as pastor of the church, presided over and directed them. The reverend father is one of the two oldest priests of this diocese, having been ordained in Santa Fe with Father Ralliere in 1852. He is identified with the establishment and development of the Catholic church in this territory, having devoted not less than half a century to the most arduous missionary work. Father Coudert is also a most interesting conversationalist. He remembers the minutest details and circumstances of his long eventful service. He knows the history of every Indian pueblo, and the flora and fauna of New Mexico with admirable exactness and precision. To his work as a zealous missionary and to his knowledge of the history of New Mexico another quality must be added, which makes him one of the most popular Catholic clergymen in this diocese, namely an unassuming and sweet disposition of mind and heart, which distinguishes him.

ATTACKED BY MOB

Strikers Attack a Colliery at Pittsburg, Pa.

FATHER ACCUSES SON OF MURDER.

Six Mexicans Indicted in Texas for Killing of State Ranger.

PRESIDENT LEAVES SAGAMORE HILL.

Pittsburg, Pa., Sept. 19.—A mob today attacked the colliery owned by W. H. Holmes, located in the heart of Pittston. After driving the non-union men from the mine, the men set fire to the breaker, which was saved from destruction through the efforts of the men employed in the vicinity. The colliery resumed operations last week.

SOCIALIST ARRESTED.

His Own Father Accuses Him of the Murder of an Italian Count.

Vienna, Sept. 19.—It is reported that Tullio Murri, the well known socialist and lawyer of Bologna, Italy, who is accused of the murder of Count Von Martini, recently found assassinated in his house at Bologna, has been arrested at Ala, Austria Tyrol. The motive of murder was first attributed to robbery. September 12th, however, Professor Murri, university professor, and Count Von Martini's father in law, denounced his own son, Tullio, as the murderer. The accused man, the dispatch added, admitted that the crime was committed after a brawl provoked by a family quarrel.

Mexicans Indicted.

Brownsville, Texas, Sept. 19.—The grand jury of Cameron county, has returned two indictments each against six Mexicans, charged with ambushing state rangers last week, killing Ranger Roebuck.

The President.

Oyster Bay, L. I., Sept. 19.—President Roosevelt left for New York aboard the Sylph at 9:30 a. m. He will not return to Sagamore Hill until October 9.

Will of Stratton.

Colorado Springs, Colo., Sept. 19.—It was announced today that the will of the late W. S. Stratton would not be read and filed for probate until 9 o'clock tomorrow morning. The presence of a second and later will is talked of, but it is doubted today, else it would have been filed for probate before this time.

Labor Troubles in Portugal.

London, Sept. 19.—A special from Lisbon says that there have been collisions between troops and strikers at Guarda, near Oporto, and a number of workmen were killed.

CAPT. A. M. SWAN.

His Death Occured at His Residence in Old Town This Morning.

HIS WAS A BUSY LIFE.

Capt. A. M. Swan, well known in this city, died at his residence in Rancho Seco of Old Albuquerque, near the street railway track, this morning at 11 o'clock; aged 72 years.

For the past few days the captain had been feeling poorly, but kept on his feet. Yesterday morning, on getting out of bed and putting on his clothes, he had two congestive chills, one after another, and while in the act of the chills tumbled over on the bed.

Dr. C. T. Phillips, who was his family physician, was sent for, and on examining his patient pronounced his case a critical one.

Last night his temperature was quite high and his rest considerably broken, he, however, passing into a deep stupor a little after the midnight hour. Dr. Phillips was in attendance, and although he was doing all that could be done for him, he saw at a glance that death was rapidly approaching, and notified Mrs. Swan, the aged wife, of the fact.

This morning there was no improvement in his case for the better. His breathing was growing weaker, the pulse beats were slower and the glare of the eyes indicated that death was near at hand, and so it was, for at 11 o'clock he yielded up his life to its maker.

The body was turned over to Under-

taker Borders and the funeral will occur Sunday afternoon at 2:30 from the undertaking parlors of A. Borders.

A Busy Life.

A. M. Swan was born in Illinois and spent his early life on a farm. Arriving at manhood he engaged in the newspaper business at Canton, Illinois. He was a personal friend of Abraham Lincoln, and in 1861 the great emancipator appointed Mr. Swan to a clerkship in Washington, where he served till after the close of the civil war. He was then appointed to a clerkship in the collector's office at New Orleans, and then was appointed agent of the Otee Indians in Nebraska. Resigning this position he engaged in newspaper work in St. Joseph, Mo., from where he went back to his native town, Canton, and was employed on the newspapers till he came to New Mexico in 1885. He located in this city for the benefit of the health of his son and two daughters, who were stricken with consumption, and who died, one by one, leaving the aged parents desolate and heartbroken. For a time Mr. Swan worked on the newspapers of this city, and then located in Gallup, where he established a weekly newspaper and was appointed postmaster.

The last few years he and his excellent wife have resided in this city.

At the time of his death Mr. Swan was a member of the New Mexico Pumice Lithographic Stone company, and the members of that corporation are looking after the funeral of their late associate.

Mr. Swan had made deep research into the archaeological history of the west, and he was the best informed man in New Mexico on the prehistoric people of this country.

"AROUND THE WORLD."

Methodist Ladies, With Many Friends, Made the Trip Last Night.

A VERY SUCCESSFUL AFFAIR.

"A Trip Around the World in Thirty Minutes" is a feat that can not be accomplished every day. Although it seems impossible, nevertheless about 200 people, as guests of the ladies of the Lead Avenue Methodist church, went over the route last night.

The Alvarado Pharmacy served as the starting point and was New York harbor. The boat loads embarked for the trip at scheduled times between 7:30 and 8:30, with Captains Fish, Steward, Wolf, Ball, Hall and Gilman in charge. Ireland, the residence of Rev. and Mrs. C. A. Bunker, was the first country visited. Green things were most in evidence. Shamrocks decorated the walls and furniture. On a table where delightful refreshments of sandwiches, salads and tea were served, was a real live shamrock, the emblem of St. Patrick's. Even the pig in the parlor was there.

From the paragon the visitors were conducted to Mrs. G. H. Stewart's home on Coal avenue. Here was miniature Germany. Germany's national colors formed the decorations and the lunch of crisp pretzels and coffee helped to bring out the effect.

Mrs. Bryant's home on South Third street was China ideal. Rich rugs, chop sticks with a lunch of rice, garnished with soft mellow light shed by a number of fancy oriental lanterns, made a pretty scene.

Another voyage and a landing was made in our sister republic, Mexico. Mr. and Mrs. H. S. Grout's home was tastefully decorated with the bright and brilliant colors which are the taste of the gay Castilian. An appropriate lunch of tortillas, enchiladas and coffee, was served. The señoritas who did the catering for this sumptuous lunch greeted the tourists in their native tongue. They were dressed as Mexican maids and made very pretty pictures.

Another short trip and the tourists were again at home in the United States, and the internal revenue collector, to prevent smuggling, was kept very busy.

Uncle Sam presided at Odd Fellows' hall and assisted by Columbia, Martha and George Washington, welcomed the visitors home.

The hall was decorated with a profusion of flags and bunting of royal colors. Speeches were made and songs were sung, and New Mexico was introduced to Columbia as an eligible candidate for statehood. Delegate B. S. Rodey delivered a short address and the evening closed by those present partaking of more refreshments.

The affair was most enjoyable and the ladies made about \$100.

STEEL TRUST

New Jersey Court Decides for Corporation.

HANGED AFTER DESPERATE FIGHT.

Next Grand Lodge of Odd Fellows to be Held at Baltimore.

EY-PREMEIR SALISBURY SERIOUSLY SICK

Trenton, N. J., Sept. 19.—The court of errors and appeals this afternoon by a vote of 8 to 6 decided in favor of the United States Steel corporation, in suit brought by Mrs. Berger to restrain the corporation from converting \$200,000,000 of 7 per cent preferred stock into 5 per cent mortgage bonds.

Vice Chancellor Emery in the court below granted an injunction restraining the company from carrying out its purpose.

The decision today is a reversal of the Vice Chancellor's and leaves the Steel corporation free to carry out its project so far as the Berger litigation is concerned.

DIED FIGHTING.

Man Hung for Murdering a Man for Five Cents.

New York, Sept. 19.—Peter Herlia was hanged in the county jail at Hackensack, N. J., today for the murder of Barley Kanter, a butcher. Before his execution was accomplished Herlia made a desperate fight. He then tore off a piece of lead pipe and shouted that he would brain the first one that came near him. The hose was turned on him. Herlia put up his hands to ward off the water from his face. Deputy sheriffs then rushed in and overpowered him and securely tied him. His last words were: "Good bye all. Excuse me."

Herlia shot Kanter on March 4 last because the latter would not sell him 5 cents worth of dog meat.

Baltimore Chosen.

Des Moines, Iowa, Sept. 19.—After an exciting contest Baltimore today secured the next sovereign grand lodge of Odd Fellows, winning from Hot Springs, Ark., by a vote of 95 to 93.

Patriarchs Militant.

Des Moines, Iowa, Sept. 19.—The national organization of Patriarchs Militant was effected in connection with today's session of the sovereign grand lodge of Odd Fellows. It will be known as the national council of Patriarchs Militant. Gen. M. A. Romey, of Marengo, Iowa, the present commander of the Iowa department, will be chosen as national commander.

Salisbury Seriously Ill.

London, Sept. 19.—Private advices indicate that Lord Salisbury is worse than admitted in the Lucerne dispatch on the subject. The symptoms, it is said by his friends, are "not yet considered exceptionally grave."

Salisbury Sick.

Lucerne, Switzerland, Sept. 19.—Lord Salisbury, former British premier, is confined to his room here, owing to a chill and slight attack of gout. It is asserted that there is no cause for anxiety.

HEAD-END COLLISION.

Five Trainmen Killed and Two Injured by the Accident.

Pittsburg, Pa., Sept. 19.—Five trainmen were killed and two seriously injured as a result of a head end collision between the Buffalo, Rochester & Pittsburg and Pittsburg & Western passenger trains at Witmer station on the latter road about 10 o'clock today. A number of passengers were cut and bruised. The dead:

George Chugerty, brakeman; Wm. Benedict, engineer; Thomas Dugan, fireman; Fay De Moss, boiler-maker; Wm. Graham, fireman.

The injured are H. E. Chambers, engineer, Pittsburg & Western train, may die; C. W. Crossman.

The accident is alleged to have been due to the failure to flag the passenger trains.

A Good School.

The normal school is already one of the leading educational institutions of the southwest, and one in which the people of Grant county especially feel a great local pride. The addition of the gymnasium and laboratory building, the contract for which was let last week, will further increase the efficiency and advantages of the school.—Silver City Independent.

The story of the discovery of a moun-
 tain of solid copper in Mexico must
 be taken with certain reservations. On
 the side of a dime novelist there is no
 man with a larger and warmer imagin-

ation than the prospector. The man

 about them; it's in his blood. So when
 he talks of solid silver or solid copper

 is retarded by the perpetuation of a
 territorial form of government in the
 three territories—New Mexico, Arizona
 and Oklahoma—that are now knocking
 at the doors of the union asking to be
 admitted."

"These territories have been kept
 out too long. They are fully capable
 of maintaining state governments, hav-
 ing all the population and wealth re-
 quisite. Their people are intelligent
 and patriotic; and while in New Mex-
 ico a large percentage of the popula-
 tion is of Spanish blood, its people are
 good citizens who would aid in main-
 taining an orderly government."

"Ohio was admitted almost exactly
 100 years ago when it had only about
 one-fourth the present population of
 New Mexico. That was in the early
 part of the Nineteenth century, when
 there were no railroads, no telegraphs,
 few schools and practically no news-
 papers. To say that the population of
 Ohio a hundred years ago was as well
 qualified to maintain a state govern-
 ment as the present population of Okla-
 homa, New Mexico or Arizona in the
 opening years of the Twentieth
 century would be an absurdity."

"The admission of the three terri-
 tories would notably increase the
 strength of the republican party in
 both the senate and the electoral col-
 lege. New Mexico and Oklahoma are
 clearly republican, and together they
 would cast seven electoral votes. Ariz-
 ona is doubtful, but it would be un-
 just to exclude it on this account. Be-
 sides, even if it went democratic the
 net gain to the republicans would still
 be four electoral votes and two sena-
 tors."

"No man in the east should be in-
 different to the just claims of the west
 in this matter and particularly the
 claims of the inhabitants of the terri-
 tories in question. To shut the doors
 of the union against these proposed
 states would be a wrong and an injus-
 tice which no republican should con-
 template for a moment."

CRUSHED TO DEATH.

**Went to Sleep Between Two Cars and
 Lost His Life.**

On Monday afternoon J. T. Pearce,
 went to sleep standing between two
 cars on the Central Arizona railway,
 near the electric light plant. About
 3:20 the engine backed in on the track
 to take out some cars and Pearce was
 crushed between the couplings of the
 cars.

The crew did not know he was there
 and when brakeman Miller went to
 make the couplings he found the body
 under the car, having been instantly
 killed. Deceased was about 40 years of
 age and had been in the employ of the
 Arizona Lumber and Timber company
 as a car helper since his coming here
 three months ago. He had been on a
 spree for several days, and on Monday
 morning drew his wages with the in-
 tention of going to some other place.

Coroner Quinlan summoned a jury
 and an inquest was held. The jury re-
 turned a verdict that J. T. Pearce came
 to his death by accident by being
 crushed between two freight cars while
 the same were being coupled on the

Arizona Central railroad." The body
 was taken in charge by Undertaker
 Whipple. An effort was made to find
 the relatives of the unfortunate man.
 They were supposed to reside in Kan-
 sas. The effort was unsuccessful. The
 body was buried in the Flagstaff cem-
 etery. Services were held at the grave
 by Rev. J. H. Henry.—Flagstaff Sun.

LUNA COUNTY REPUBLICANS.

County Convention Called for Septem-
 ber 27—Council Candidates
 Mentioned.

The republican precinct primaries
 for Luna county will be held Saturday,
 the 20th instant, and the county con-
 vention for the nomination of a county
 and legislative ticket and for the elec-
 tion of two delegates to the republican
 territorial convention at Raton will be
 held at Deming on Saturday, Sep-
 tember 27. It is understood that the
 present republican officials of the
 county will be renominated. The
 friends of W. H. Greer, manager of the
 Victoria Land and Cattle company, and
 they number many hundreds through-
 out Luna and Grant counties, will push
 him for the republican nomination
 from the eighth council district, com-
 posed of Dona Ana, Grant, Luna and
 Otero counties. R. C. Barnes, of Silver
 City, who represented Grant county in
 the house of representatives of the
 Thirty-third legislative assembly, is
 also spoken of for this nomination,
 but it is believed it will go to Mr.
 Greer.

WEATHER AND CROPS.

Interesting Reports About Conditions
Issued by Weather Bureau.

LETTERS FROM CORRESPONDENTS.

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico section:

Santa Fe, N. M., Sept. 16.—The weather has continued dry during the past week, with unusually high winds for this season of the year, and a cold snap on the morning of the 12th which brought frost to some of the more exposed localities. Unconfirmed reports indicate that the cold was severe enough to kill melons on some of the central prairie ranches, but as far as can be learned the damage was quite inconsiderable. The recent rains have caused late fruits, as late peaches, apples, pears and plums, to swell and ripen to an unusual excellence, but the high winds have caused such heavy windfalls that the marketable value of the several fruits will be considerably lessened. Wheat, oats and barley have been secured under favorable conditions, but in northern, and especially in northeastern sections, these crops are far below the average excepting in the few localities where there has been sufficient irrigation water during the season. Corn cutting is now general in northern counties. Where irrigated the yield is quite good, but on unirrigated lands the crop is very poor. The August rains brought central and southern ranges into good condition, and good fall and winter feed is assured, but on many of the northern ranges the prospects for stock feed and water sufficient to last until spring is very poor, although at present all kinds of stock are in very good condition. In general the range conditions of northern counties is very discouraging, but should rains come soon the conditions may be greatly improved if killing frosts hold off for awhile. Very little prairie hay has been secured this season in central and northern sections. In southern counties the last growths of alfalfa were by far the best of the season.

The following remarks were extracted from the reports of correspondents: Albert—H. M. Brownson: Week ends with cool weather but no frost thus far. No rain, and as the growing season is past no change in the conditions can be looked for. Many doubts are expressed as to whether the grass on ranges will be sufficient until spring, both on account of the light growth and the increased number of herds. The rains have been scattered so conditions are not uniform, even throughout the county. The fourth cutting of alfalfa is being stacked and amounts to about half a crop. There is practically no wild hay. Highest temperature, 98; lowest, 40; no rain.

Arabela—A. M. Richardson: Crops and grass are doing nicely but there is no surface water. Highest temperature, 86; lowest, 50; rain, 0.20.

Folsom—Jackson Tabor: Dry and cold; frost on the morning of the 12th, temperature falling to 27 degrees, being the lowest temperature during September in a record of twenty-four years at this place, excepting September 27, 1880, when 26 was registered. In this neighborhood stock is fat, but if we do not get rain or snow water will fail in many places. Highest temperature, 88; lowest, 27; no rain.

Gallinas Springs—James E. Whitmore: High winds causing much windfall of apples. Crops maturing excepting late beans, which are still very green. Cattle are looking fine. There is plenty of water, and pasturage is good. Highest temperature, 94; lowest, 49; rain, trace.

Geronimo—N. M. Nelson: No rain;

Two Hospitals Said Diabetes.

Bright's Disease and Diabetes
Are Positively Curable.

People either cured or recovering from the above diseases are in every way in this city. Mrs. C. C. Matthews, proprietor of the Clifton Hotel, 502 Portland street, is one of them, and makes this statement:

502 Powell St., San Francisco, Nov. 21, 1901. For two years I suffered greatly from diabetes. Finally I had to go to one of the hospitals, going to one of this city's very best. Three physicians there confirmed my case as diabetes, and put me under treatment and strict diet. Getting no relief, I went home. I got steadily worse and went to another well-known city hospital. The physicians there also said diabetes, and stated that they could prolong my life, but that I could never be well. I left the hospital after a few months completely broken down, the percentage of sugar being 12 per cent. It was at this juncture I heard of the Fulton Compound and sent for it. The second and third weeks I began to sleep untroubledly, and found that the sweetest I had suffered with for over two years had left me. I am now an entirely different person, though still taking it to insure permanency. I have recommended it to a number of my friends, with favorable results. One was a warm friend and another is a Berkeley attorney who had Bright's Disease and is now perfectly restored. I dislike publicity, but feel that this thing ought to be known.

Mrs. C. C. MATTHEWS.

Medical works agree that Bright's Disease and Diabetes are incurable, but 97 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but short resistance. Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 420 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.)

J. H. O'Reilly & Co., Sole Agents, Albuquerque.

light frost on the 12th. A fair crop of corn is being cut. Other grains, excepting where irrigated, were a complete failure.

Laguna—Gus Weiss: No rain for fifteen days. Cool nights and warm, sunny days. Grass is growing nicely, and sheep are getting fat. Shearing will begin in about ten days. Wool crop will be short this year. Wheat about half a crop; corn also short; but all fruits in abundance.

La Luz—Ernest S. Swift: Had one light shower during the week. Temperature dropped considerably on the 11th. Fruit is plentiful, mainly peaches and apples. Alfalfa is doing well.

Los Alamos—William Frank: Things are looking discouraging since my last report. There has been no rain and the country is drying up. Wheat, oats and corn are very light. But little more alfalfa will be harvested, and the same of hay. Unless rain comes very soon the stock prospects are very gloomy.

Mesilla Park—R. H. Hart: An abundance of grapes on the market; the quality is good, but the fruit is slightly undersized owing to the early drought. A heavy crop of alfalfa is being secured; in some cases it is the third growth and in others the fourth. Not much activity in the peach market at present. Highest temperature, 94; lowest, 52; rain, 0.05.

Ojo Caliente—Antonio Joseph: The drought conditions are returning, and grass that had started during the rains of last month is beginning to show the need of more rain. Corn and fruits will be below the average, but the third crop of alfalfa is in excellent condition. Sheepmen will be obliged to drive their flocks south for fall and winter feed. Highest temperature, 82; lowest, 40.

Santa Fe—United States Weather Bureau: Dry during the week, with high winds that caused much dropping of fruits. Late peaches, pears, plums and apples are abundant in the market, and of a superior quality. Oats and wheat have been cut, and corn is ready to cut. Cool on the morning of the 12th, but no frost. Highest temperature, 83; lowest, 40; no rain.

Woodbury—A. J. Woodbury: Highest temperature, 94; lowest, 41; rain, 0.10.

Section Director.

Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodal cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: Kodal has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodal saved my life. Take it after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Water Cure for Chronic Constipation. Take two cups of hot water half an hour before each meal and just before going to bed, also a drink of water, hot or cold, about two hours after each meal. Take lots of out-door exercise—walk, ride, drive. Make a regular habit of this and in many cases chronic constipation may be cured without the use of any medicine. When a purgative is required take something mild and gentle like Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

IN SOUTH AFRICA.

A Flagstaff Man Tells of His Thrilling Experience.

R. J. Fox, who will be remembered by the old residents of Flagstaff, is now in Salisbury, Rhodesia, South Africa, says the Flagstaff Sun.

Mr. Fox left here six years ago for Alaska, and writes the Sun that he has had many exciting adventures since leaving here. On a recent trip to Lake Nyanza, with forty-eight natives under his charge, a lion entered the camp at night, carrying away one of the men.

There were no guns in the party and the lion scared the natives as well as Mr. Fox, who says the excitement turned his hair gray. Since that time he carries an arsenal when traveling over the wild sections.

He says the country around Lake Nyanza and along the Zambesi river is rich and productive. There are many wild animals, such as the elephant, hippopotamus, lion and leopard, and one of the sports is shooting this large game as they water at the rivers.

He has met a number of former Arizona men in that country, and from the tone of his letter he is evidently enjoying life in Africa.

In a postscript to his letter, which is dated August 2, 1902, he says that he would leave the next day on a six months' trip to Lake Tanyanaka.

Have you read the Albuquerque Hardware company's advertisement in this paper. Don't get left.

A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them. Only 50 cents. Satisfaction is guaranteed by all druggists.

Want to Play Here.

Manager Martin, of the Santa Fe Central base ball club, is endeavoring to arrange a game with the Las Vegas Tigers to take place on the fair grounds at Albuquerque, Sunday, the 28th. He is writing today to Colonel Twitchell, manager of the Las Vegas team, and also to President O'Reilly and Secretary McCanna, of the fair association. The plan is to divide the gate receipts equally between the teams. He will no doubt secure, also, the same low railroad rate as prevailed to Santa Fe and Las Vegas. Manager Martin will then invite the Vegas team to play a return game here some time in early October.—New Mexican.

Lingering Summer Colds.

Don't let a cold run at this season. Summer colds are the hardest kind to cure and if neglected may linger along for months. A long siege like this will pull down the strongest constitution. One Minute Cough Cure will break up the attack at once. Safe, sure, acts at once. Cures coughs, colds, croup, bronchitis, all throat and lung troubles. The children like it. B. H. Briggs & Co. and J. H. O'Reilly & Co.

The Las Vegas Team.

Col. R. E. Twitchell is in Denver securing a league team to represent Las Vegas at the territorial fair. Gross, of Las Vegas, will be one of the colonel's team. He is one of the best ball players in the west, and will make a good record fair week.

Dr. J. C. Bishop, of Agnew, Mich., says, "I have used Foley's Honey and in three very severe cases of pneumonia with good results in every case." Refuse substitutes. Sold by Alvarado Pharmacy.

London, Sept. 19.—Among the passengers sailing for New York today on the White Star liner is Lieutenant Colonel Horatio A. Yorke, chief inspecting officer of railroads for the Board of Trade. Lieutenant Colonel Yorke has been commissioned by the Board

Bad Blood

Pimples, rashes, eczema, boils, headache, nervousness, debility—these are some of the results of impure blood. Medical authorities agree that impure blood can be made pure and rich. Your doctor will tell you about Ayer's Sarsaparilla.

Bad blood follows constipation, and constipation follows a sluggish liver. Ayer's Pills are liver pills. They produce natural daily movements in a natural way.

of Trade to prepare a report on the workings of American railroads, with the view of adopting American railroad methods in Great Britain. He expects to spend a busy month in the United States, as, in addition to reporting on the steam lines, he is commissioned to investigate the street railroad systems, elevated roads, subways and pneumatic and electric signalling. Lieutenant Colonel Yorke will confine his inspection chiefly to New York and its vicinity, but will visit Washington to study the trolley system of the capital.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Sold by Alvarado Pharmacy.

Notes from Correspondents

LIVELY MEETING.

Of Republicans—They Are Opposed to Renominating Present County Officers.

Special Correspondence.
Las Vegas, N. M., Sept. 18.—The republicans held a lively meeting in precinct 26, west side, last night. The meeting was held in the school house of district No. 4, and Manuel Gonzales was chairman, and Florence Casaus secretary. The managers had music and it was a lively session. The meeting was called in the interest of the organization of a republican club in the precinct, and fifty-five names were signed to the list last night. The next meeting will be held at the Exchange hall Saturday night, when the organization will be perfected and by-laws adopted. Speeches were made by a number, and the meeting held until about midnight. There was a small crowd of obstreperous republicans, associated with a few unionists, who occupied a corner and kept up a howl. Some of their number made speeches, the feature of which was that they did not want to see any of the present county officers renominating—they want the offices themselves. This wing of bolters will try and pull off a meeting tonight at the St. Joseph hall, and it is expected that Margarito Romero will be the chief totom at this meeting, though he was not present at the regular meeting last night.

The Baca democrats had a lonesome meeting last night at Monte Carlo hall. There were more lights in the hall than there were members.

The unionists will try and pull off a big pow wow next Sunday. Felix Martinez, of El Paso, is expected to be present and on exhibition for the benefit of the rabble. It is not decided yet just where they will pull off the circus. The dance given by the East Las Vegas fire department last night at the city hall was fairly well attended and those who were present had a very pleasant evening. The music was good and the dancing enjoyable, on account of the hall not being crowded. The boys netted a little money on the affair, but not as much as was hoped.

The marriage of Miss Harriet L. Crites to Owen Weldon Cordon, was solemnized last night at the home of the bride, Rev. Bourne tying the nuptial knot at 8:30. The happy couple, with Miss Pearl Wean and Joe Joemel, as bridesmaid and best man, stood in the bay window, which had been nicely festooned with ivy and sweet peas for the ceremony. The bride was attired in a white India linen dress and carried a bouquet of American beauty roses. The bridesmaid wore a blue silk dress and also carried roses. After the ceremony the twenty relatives and friends present sat down to a splendid wedding feast and everything was merry. The bride and groom after the wedding went to their own cottage on Columbia avenue, which had been arranged for their occupancy. The groom is a painter at the shops and is a worthy young man. The bride is the daughter of W. E. Crites, the second hand dealer, and is a most estimable young lady. Many presents were given the couple and oceans of good wishes are given them by their many friends.

At a meeting of the regents of the normal university it was decided to forbid any more base ball games on Sunday in their park. The lease was

for the summer, allowing games as the leases desired, but during September, after the normal began, no Sunday games were to be permitted. The action last night, the regents claim, was in line with the original lease.

Buffalo Bill's bill car No. 2 is here today, adding to the lithographic display of the wonders. There are fifteen men in the party.

Mr. and Mrs. E. L. Browne will entertain a number of friends tomorrow night in honor of the sixteenth anniversary of their marriage.

Mrs. A. J. Wertz and daughter, Mrs. B. Brooks, of El Paso, came up this afternoon from El Paso. Mrs. Wertz has been visiting there with her daughter some time.

Will H. Schultz, a former Las Vegas patriot, but now engineer on the Santa Fe branch, passed through here this afternoon with his family en route to Curtis, Wis., for a visit.

Mrs. Cora Archibald is contemplating a trip to Europe. She will leave next week and will visit relatives in Scotland and Ireland.

W. H. Rhodes and family did not get off to Caney and Topeka, Kas., until on No. 8 last night. Mrs. Roberts, sister in law of Mrs. Griff Roberts, accompanied them east to her home.

Hon. J. S. Duncan, wife and daughter, Miss Beulah, left this afternoon for a sojourn at Salt Lake. Mr. Duncan expects himself to return about the first of the month, but the family will remain a while longer.

There have been several changes in the round house in the last couple of days. George Walck, car inspector, has resigned and will accept work on the Missouri Pacific in Nebraska. Alex. Wilson, ash pit man, has resigned and his place taken by Pablo Angel. William H. Robinson, machinist, has resigned and will go to Mexico. C. T. Hainlen, a flue borer, has also quit. William Burks and J. Casadas are new men on the repair track, being an increase in the force. At Lamy, car inspector John Loftus has also resigned. A couple of new car inspectors are expected from the east in a few days. The Santa Fe auditors are also checking up the tickets in the ticket office and making the change to the new agent.

The pay checks arrived last evening and made business good for the merchants last night. They all kept open late and gathered in the shekels.

Mrs. Mary Vasse and daughter, Miss Emma, are expected here from Moberly, Mo., today. They will make their future home in Las Vegas.

The Oratorio society committee will get together in a couple of weeks and finish up the business of last year and then wait until about the first of the year before beginning active practice work again. It is the intention of the managers not to have so large a society this year, but rather less, and better voices. The society will have about sixty or seventy-five in membership. Next year's festival will not have so many soloists as last, as the managers do not like the looks of a \$400 deficit. It is figured to have more chorus work and less of the expensive solo work, which is probably just as well.

BERNALILLO.

Special Correspondence.

Bernalillo, N. M., Sept. 12.—Las Placitas mining district reports that Messrs. Frank and Brooks have purchased a claim from Eckert and Armijo and will shortly commence development work.

Since the completion of the ventilating shaft at the Las Placitas coal mine Messrs. Ireneo and Pedro Gurule are

steadily extracting and shipping coal to the Putney mill at Bernalillo. Messrs. Blondin and Kemp are sinking a shaft on the copper property on the north end of the Sandia mountain. Mr. Givens is doing development work on his property.

Messrs. Davita and Hedquist, of Cerrillos, have located a claim on the eastern slope and another claim on the north end of the Sandias.

Mr. Hayes, of the Cerrillos smelter, and Mr. Bailey visited the Las Placitas district for the purpose of purchasing ore.

Jose Gurule proposes to open a coal bank at Las Placitas.

Patricio Gallegos and wife are rejoicing over the arrival of a ten pound son.

TORRANCE.

Special Correspondence.

Torrance, N. M., Sept. 17.—F. L. Fletcher arrived in the city last night over the line where he has been inspecting thousands of new ties for the Santa Fe Central. It is reported that over 75,000 have been inspected and more still coming in.

At Ratcliffe's camp last Sunday one of his wood choppers came near getting bit with a rattlesnake. He was having a log and stepped back upon it. It stuck its fangs through his boot. There are quite a number of them near this location.

B. B. Spencer, the Eastview sawmill man, was a visitor at the company store yesterday. He bought a large order and returned to camp this morning.

Jim Spivey has completed painting the roofs of the following commissaries: Torrance, Progresso and Blanca. He has moved to the large store at Willard.

James Coleman, of Cerrillos, has delivered all the necessary piling for bridges between here and Progresso. Mr. Johnson is expected here with his pile driver in the next week or ten days.

Wilfred M. Brown, late of company E, Sixteenth United States Infantry, arrived last week and he has accepted a position with the Spencer sawmill near Eastview.

Robert Romero has been transferred from the store at Moriarty to the company store here.

Foley's Honey and Tar is peculiarly adapted for chronic throat troubles and will positively cure bronchitis, hoarseness and all bronchial diseases. Refuse substitutes. Sold by Alvarado Pharmacy.

SAN MARCIAL.

Special Correspondence.

San Marcial, N. M., Sept. 18.—G. P. Anderson, ranchman, who has been in town for two or three days, returned to his ranch this morning.

W. H. McGraw and Charles Story, ranchmen, have been in town on business for a few days and have returned to their ranches.

E. W. Browne, who has a ranch some thirty or forty miles from here, took out a load of lumber the early part of the week to rebuild the house which was burned not long ago.

John Harton and wife have moved to the foothills. They are living in the Parish house.

Henry Russell, ranchman, came to town to get another load of supplies this morning.

Chas. Allen, of Chloride, was here last Monday after a lot of groceries for his trade in and around Chloride.

The railroad pay checks came in this morning.

J. W. McCoach, who has been acting as auditor for the Mexican Central railway for some time, has taken a lay off

We had a little shower about 3 p. m. that didn't hardly do enough good to settle the dust.

ELKS WILL HAVE BIG FAIR.

Site Near City Hall Selected and Committees Appointed.

Dates for the street fair to be given by the El Paso Elks have been set and are November 10, 11, 12, 13, 14 and 15. Headquarters have been opened up by the executive committee in a room over the State National bank and a committee consisting of John Franklin, J. S. Morrison, Frank Carr, Charles Davis, Jr., and George Ogden placed in charge. Collector P. F. Garrett has been made director general and H. B. Charman, secretary and treasurer, while Charles E. Sawyer will be general manager. Mr. Sawyer is from Cripple Creek, where he conducted a street fair last year. The entertainment will be on a lot near the city hall.—El Paso News.

THIRD DISTRICT COURT.

Mimbres Flood Sufferer Shot a Deed for Food and Was Indicted.

The grand jury in the Third judicial district found county affairs in good condition, but urge that the roads and streets should be put in better condition. The report says that 40 per cent of prisoners confined in the Silver City jail are held under the charge of insanity, and it is urged that the territorial legislature take some action to relieve the condition of affairs. William N. Waterman pleaded guilty to forgery, and Clarence Van Ness was found guilty of burglarizing a saloon. Domingo Ruiz, who shot a deer, was indicted for violating the game laws. It was explained by District Attorney Llewellyn that Ruiz is a poor man who lost everything in the flood and he had killed the animal to provide food for his family. He was thereupon fined \$50 and the sentence was suspended during good behavior. Juan Rubio and Felix Torres were convicted of horse stealing.

FREIGHT TRAINS WRECKED.

Trains Collide in a Tunnel on Northern Pacific Road.
Tacoma, Wash., Sept. 19.—A head end freight train collision on a heavy down grade at the eastern end of the Northern Pacific tunnel through the Cascade mountains last night caused the death of H. S. Shaffer, fireman, and the serious injury of A. J. Dams, engineer, and brakeman, W. Oswald, and the blocking of the track necessitated the sending of passenger trains Nos. 4 and 6 over the Palmer cut off this morning.
Between Covington and Auburn No. 4 stopped to take water and No. 6 crashed into it. The baggage and mail car of the first train was telescoped, and H. L. Moore and F. E. Chase, mail clerks, and Charles Saurens, express messenger, were hurt, but not seriously. Several passengers were slightly hurt.

Appeal in Murder Case.

Salt Lake, Sept. 19.—Judge Morse, acting on petition of Attorney Stewart, counsel for Peter Mortensen, the condemned murderer of James R. Hay, today signed an order for probable cause for appeal to the supreme court. This will act as a stay of execution.

Enroute West.

New York, Sept. 19.—President Roosevelt left Jersey City on the Pennsylvania road for Cincinnati at 2:30 this afternoon.

Dead.

Indianapolis, Ind., Sept. 19.—D. P. Erwin, one of the wealthiest men of this city and owner of the Denison hotel, died this morning, aged 58.

FAIR NOTES.

Lodges and Societies Asked to Help Out Parade.

The fair association is sending all lodges and secret orders of the city formal invitations, requesting them to assist by their representation in making the Montezuma parade a grand success. Each lodge and society receiving these invitations could easily respond, at a little expense, with an appropriate float or else with a delegation of lodge members in parade dress. The Elks and Eagles have already signified their intention in being represented in the parade by elegant floats. Several of the leading merchants have also decided to have floats.

It is now positively known that three base ball teams will compete for the \$1,500 fair prize. Col. H. E. Twitchell, manager of the Las Vegas team, says that his team will be made up of winners.

Advertising car No. 3, which left here Sunday night, with Scott Knight and a couple of able assistants in charge, arrived at Silver City Wednesday night. Mr. Knight writes from that place that El Paso, Las Cruces, San Marcial, Rincon, Socorro and Magdalena had been billed and the people at those places were unanimous in saying that they were coming to the fair.

The El Paso Herald says: "The beautiful fruit exhibit in jars that has been such an attraction at the headquarters of the chamber of commerce for so long a time, will be shown at the territorial fair at Albuquerque next month. The fruit is from Mesilla Park and it was returned yesterday to that place and will be sent thence to Albuquerque as a part of the exhibit of the farming section thereabouts."

District Court.

Very little was accomplished in Judge Baker's court this morning. The grand jury reported some true bills.

In the case of W. C. Leonard vs. Santa Fe Mercantile company, the court gave the plaintiff a decree for \$44.60.

The Salazar murder case is being heard before the grand jury this afternoon. The Salazar murder case is one of the most important cases to come up in this term of court. It will be remembered that on the night of March 31, Placido Salazar received knife wounds from which he died at a dance house in the southern part of this city. Francisco Sals and Juan Armijo are charged with the killing.

Civil Service Positions.

The United States civil service commission announces that on October 21 there will be an examination for the position of interpreter (Hungarian and Slavonic) in the immigration service at Ellis Island, New York, at a salary of \$3 per day; on October 21-22, for the position of civil engineer and superintendent of construction in the quartermaster's department at large at Governor's Island, New York, at a salary of \$1,500 per annum each; on October 21-22, for the position of draftsman in the light house service at Tompkinsville, New York, at a salary of \$100 per month.

Close of Revival.

The revival services at the Highland Methodist church came to a close last night when Mr. Williams, the evangelist, delivered his famous lecture, "The Last Rump with the Tiger." A large crowd was present to hear the drummer preacher for the last time and the service proved to be one of the very best of the entire series. The lecture was a powerful illustration of the power of God to save from sin. Mr.

Williams gave a graphic description of his life as a drunkard, of his recovery through the Keeley cure, and subsequently through the calvary cure. These services in the Highland church have been the best that have been held there in many years. The church was in excellent condition for a revival when Mr. Williams came, and it gave him its undivided sympathy and support from beginning to the end. Under the efficient administration and wise leadership of the pastor, Rev. M. Hodgson, this has been the most prosperous year in the history of the church. During this conference year, which closes September 24, the membership of the church has been increased 60 per cent, and every financial claim has been met in full. The members of the congregation are all hoping that Rev. Hodgson will be returned to them for another year. At the close of last night's lecture two bright young men united with the church, and sixty-nine people signed pledge cards to abstain from and discourage the sale of intoxicating liquors and cigarettes. Mr. Williams will lecture tonight at Lead Avenue Methodist Episcopal church on "The First Rump with the Tiger."

LOCAL PARAGRAPHS.

Miss Josephine Harris is the new stenographer at the hardware store of E. J. Post & Co.

W. H. Wolff, who was here as a member of the United States grand jury, returned to Gallup last night.

George Welner will remain in the city and become the traveling man for the Phoenix Dry Goods company.

CALL FOR A REPUBLICAN TERRITORIAL CONVENTION.

A delegate convention of the republican voters of New Mexico is hereby called to meet in the city of Raton at 11 o'clock in the morning of Friday, the 10th day of October, A. D. 1902, for the purpose of placing in nomination a candidate from New Mexico to the thirty-eighth congress, and to transact such other business as may properly come before said convention.
The republican electors of this territory and all who believe in the principles of the republican party and in its policies as announced in the national republican platform adopted by the republican national convention, held in the city of Philadelphia, June 19, 1900, and who believe in and endorse statehood for the Territory of New Mexico and favor an honest, fair and just administration of public affairs in this territory are respectfully and cordially asked to unite under this call and to take part in the selection of delegates to the territorial convention.
The several counties will be entitled to representation as follows:

County.	Delegates.
Bernalillo	22
Chaves	3
Colfax	8
Dona Ana	6
Eddy	2
Grant	8
Guadalupe	3
Lincoln	5
Luna	2

Mora	7
Otero	3
Rio Arriba	10
San Juan	2
San Miguel	17
Santa Fe	10
Sierra	2
Socorro	9
Taos	7
Union	5
Valencia	12

Proxies will only be recognized if held by the citizens of the same county from which delegates giving proxies were elected.

County conventions must be held on or before the 6th day of October, 1902. County committees will take proper action and call county conventions at such time and places as they may deem best or on that date.

The chairmen and secretaries of the county conventions are earnestly requested to forward true and correct copies of the proceedings of said conventions and of the names of such delegates as may be elected to the republican county convention to the secretary of this committee by next mail after the call of such convention, addressing the same to Santa Fe, N. M.

Where there are no regular organized county committees the members of this committee are authorized and directed to perform the duties of the county committee and act accordingly.
FRANK A. HUBBELL,
Chairman Republican Central Committee.
Attest: JOSE D. SENA, Secretary.

Don't Treat Symptoms

Go after the cause. Stimulants and cathartics will never cure indigestion. They may temporarily relieve the system but the next meal clogs it again. The food should be digested. The nourishment—health—strength it contains should be appropriated—absorbed by the system.

Children Thrive on Kodol

KODOL purifies, cleanses, strengthens and sweetens the stomach. This new discovery digests all classes of food and assists the stomach and digestive organs in assimilating and transforming it into the kind of nourishment that is taken up by the blood and fed to the tissues throughout the various organs of the body. Kodol cures indigestion and dyspepsia, thus removing the cause of all stomach troubles. Kodol gives such strength to the body that it is invaluable in all wasting diseases.

"I wish to thank you for what Kodol has done for me," writes Clifford Gilson, Collett, Ind. "It cured me of dyspepsia after everything else had failed. When I tried Kodol it helped me right away. I cheerfully recommend it."

Kodol Digests What You Eat. The bottle contains 25 times as much (by actual measurement) as the trial size which sells for 50c.

ARIZONA TOWNS

FLAGSTAFF.

From the Gem. Deputy Sheriff Robert Walker left for the city of Prescott to look after official business.

Frank Wallace, foreman for the Aztec Cattle company, came up from Winslow on business.

The little girl of Mr. and Mrs. H. E. Campbell has been quite sick for several days, and is no better at the present.

Miss Mary Funston has been engaged to teach the public school on Beaver Creek, in the neighborhood of the Montezuma Wells.

J. C. Grim left for Fort Apache, Ariz., where he has a large contract with the government for the building of several large houses for the use of the government.

P. M. Livermore is feeling happy over the arrival of his wife, who has been visiting her parents in Ecuador, South America, for the past year. Her many friends are pleased to see her back from her long visit.

Miss Mabel Milligan, who has been here visiting her father, J. C. Milligan, for several weeks, left for Trinidad, Colo., where she has accepted a position as a teacher. Miss Mabel made many friends while here who will regret her departure.

The citizens of the town were aroused from their slumbers Tuesday night at about 12 o'clock. The two old frame buildings between Dr. Brannen's drug store and the Hawks hotel were burned. These buildings had just been condemned by the city council, and were to have been removed yesterday. The fire was no doubt the work of an incendiary.

From the Sun.

The term of district court for Coconino county has been postponed by Judge Sloan until Monday, September 22, 1902.

C. O. Robinson received a telegram from Los Angeles, Cal., announcing the death of his uncle, Clay Robinson, and he left on the delayed train for that city.

Dr. E. S. Miller, of Flagstaff lodge, No. 499, B. P. O. E., has been appointed district deputy for Arizona by the supreme exalted ruler. An honor which is highly appreciated by the doctor and his brother Elks.

J. X. Woods, of Winslow, was in town Tuesday. He is serving his third term as member of the board of supervisors of Navajo county, and it is quite probable that he will be again the republican nominee for that office.

Godfrey Sykes and William Watson left for the Grand Canyon to commence the survey from Bright Angel to Flagstaff for the electric line of the Grand Canyon Electric Power company.

George Hochderfer made final proof on his homestead on the west side of San Francisco peaks. There is quite a settlement of thrifty ranchers in that section, and all have fairly good crops, considering the drought early in the season.

Flagstaff lodge, No. 13, A. O. U. W., at their regular meeting on last Thursday night, initiated a class of eighteen candidates. The applications were secured by Special Deputy Gates and the initiation was under his charge. There will be a meeting of the lodge on next Thursday night, when it is expected a class of twenty-five will be initiated. The lodge now has ninety members, the largest number of any lodge in the town.

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me." For sale by all druggists.

KINGMAN.

From the Miner. Charles E. Sherman and several Los Angeles men are organizing a mining company for the purpose of exploiting several of the mines in the Mineral Park basin. That region contains some of the best properties in the county

ville, of this city. Mr. Stagner has for some time past been employed by Contractor J. S. Button, and has now accepted a position with Contractor Grim, of Flagstaff, at which place Mr. and Mrs. Stagner will make their home. Miss Whittington was a charming young lady and has many friends here who wish them every joy.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inattention, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

WINSLOW.

From the Mail.

Mrs. C. J. Hill has gone to Gallup for a short visit.

Mr. and Mrs. A. C. George are home from an enjoyable pleasure trip to Elsinore, Cal.

Arthur Case has severed his connection with F. A. Zuck & Co. and is now working in Williams.

Mrs. John Downs left for Los Angeles to visit her daughter who is quite sick at present.

Mr. and Mrs. J. W. Wright returned from Elsinore, Cal., this week. Mr. Wright is still under medical care, but is greatly improved.

Miss Margaret Kilorn, chief stenographer for one of the leading firms of San Claire, Wis., is spending a portion of her vacation in Winslow, having arrived on the 7th inst.

Mrs. Joe Morris found a good-sized gopher snake raiding her pantry, and its criminal career was soon brought to a close. The snake had probably been brought into the house in a sack of potatoes and later made its escape.

Rev. Arthur R. Teal, a Presbyterian minister, left his home at Katonah, N. Y., August 12, 1902, and has not been heard from since. It is thought that he is mentally unbalanced from overstudy, and that he may have come to Arizona or New Mexico. Any information concerning him will be thankfully received by Mrs. Arthur R. Teal, Katonah, N. Y.

A Communication.

Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Brockman, Bagwell, Mo. This remedy is for sale by all druggists.

HOLBROOK.

From the Argus.

Mrs. Tenney, of Pinedale, is visiting her daughter, Mrs. R. C. Smith.

School will commence Monday, September 22, with M. A. Crouse as teacher.

Mrs. J. Q. Adamson, of Los Angeles, has been here the past week, looking after her property interests.

H. B. Smith is down from Snowflake, and is taking an active part in the management of the City livery.

Al Stevenson was down from Adamana. He reports that petrified forest visitors from his place are quite numerous.

W. W. Ewing, principal teacher at Keam's Canyon, has been transferred to Whitlocks, Utah, where he will hold the position of superintendent.

Mrs. Ellen Greer and her daughter-in-law, Mrs. Gilbert Greer, of St. Johns, left here for El Paso, to visit with Nat Greer and family.

The Keam's Canyon mail line has a new backboard and will run it every other trip hereafter. There has been too much mail lately to be carried on horseback.

C. E. Burton, of the Keam's Canyon schools, accompanied by his two daughters, left here for Fulton, Mo., where the young ladies will attend school.

The stores of A. & B. Schuster at St. Johns, Concho, Whiteriver and Holbrook were closed all day Thursday out of respect for their mother, whose death occurred in Germany September 6. Deceased was 73 years of age.

Last week J. W. Conger, brother of the ex-minister to China, and W. H. Clark, of this city, visited the petrified forest. Mr. Conger seemed well pleased with his trip.

At the county convention held here the 6th inst., for the purpose of electing five delegates to attend the territorial convention to be held at Phoenix the following were elected: J. X. Woods, W. C. Thomas, J. F. Mahoney, of Winslow, F. J. Watron and F. M. Zuck.

Group.

Usually begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment externally to the throat. 50 cents at Cosmopolitan Pharmacy—B. Discuss Per Diem Car Charge. Buffalo, N. Y., Sept. 19.—Transportation officials representing all the leading railroads of the country were present today at the opening of the special meeting of the Railway Transportation association. The meeting was called to order in the assembly room of the Hotel Iroquois by M. J. C. Wrenns, superintendent of transportation of the Nashville, Chattanooga & St. Louis Railway. The principal purpose is to discuss the practical work-

Uncle Sam says it's all right

Uncle Sam, in the person of ten of his government officials, is always in charge of every department of our distillery. During the entire process of distillation, after the whiskey is stored in barrels in our warehouse, during the seven years it remains there, from the very grain we buy to the whiskey you get, Uncle Sam is constantly on the watch. We dare not take a gallon of our own whiskey from our own warehouse unless he says it's all right. And when he does say so, that whiskey goes direct to you, with all its original strength, richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY and AGE, and saving the dealers' enormous profits. That's why HAYNER WHISKEY is the best for medicinal purposes. That's why it is preferred for other uses. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.

4 FULL \$4.00 EXPRESS 4 QUARTS 4.00 PREPAID

We will send you FOUR FULL QUART BOTTLES of HAYNER'S SEVEN-YEAR-OLD RYE for \$4.00, and we will pay the express charges. Try it and if you don't find it all right and as good as you ever used or can buy from anybody else at any price, send it back at our expense, and your \$4.00 will be returned to you by next mail. Just think that offer over. How could it be fairer? If you are not perfectly satisfied, you are not out a cent. Better let us send you a trial order. If you don't want four quarts yourself, get a friend to join you. We ship in a plain sealed case, no marks to show what's inside.

If you can use 20 Quarts or can get some of your friends to join you, we will send you 20 Quarts for \$16.00 by Freight Prepaid, thus saving you \$4.00. We have been in business over 30 years and have a paid-up capital of \$500,000.00 so you run no risk.

ings of the per diem system of charging for the use of freight cars which was adopted by the railroads of the country some time ago. The system has been shown to have some imperfections in its practical operations and it is to remedy these and remove the causes for dissatisfaction on the part of some of the roads that the present meeting is held.

Raised from the Dead.

C. W. Landis, "Porter" for the Oriental Hotel, Chanute, Kan., says: "I know what it was to suffer with neuralgia deed I did, and I got a bottle of Ballard's Snow Liniment and I was 'raised from the dead.' I tried to get some more, but before I had 'deposited' my bottle, I was cured entirely. I am tellin' 'ee truth too." 25c, 50c, and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am cured. I cannot say too much for Foley's Kidney Cure." Sold by Alvarado Pharmacy.

SOUTHERN PACIFIC CUT OFF.

Work of Track Laying Will Begin Next Week.

It is announced by Engineer Blencfield of the Southern Pacific, that the work of track laying on the cut off between Rio Grande and Strauss, N. M., will begin early next week. The rails to be used are 80-pound steel and thirty-three feet in length. The rails will be put down by machinery and then will come the difficult feat of changing the road between the river and Strauss without delaying trains. It

will be as fine a piece of work as is to be found in the country and will probably cost the Southern Pacific more money than any piece of road built in recent years.

Work between this city and Strauss has been indefinitely postponed on account of the difficulty in getting workmen and bridge material.—El Paso Times.

Nothing Like Oil.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow. For sale by all druggists.

Mechanical Superintendent Schaeffer, who has been spending a couple of days in the city, has returned to his home at Needles. He made a thorough inspection of the local shops and reports them in good shape.

The Kingman Mineral Wealth says: A number of Santa Fe officials are in the city and people are curious to know whether it means an extension of the Chloride railroad or car shops at Kingman or something else. We have the water, climate, timber, copper, silver, gold, lead and mountains of iron but we need cheaper transportation to get it to market.

Came Near Being a Cripple.

Josh Westhafer, of Logansport, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle, for it saved him from being a cripple. No external application is equal to this liniment for stiff and swollen joints, contracted muscles, stiff neck, sprains and rheumatic and muscular pains. It has also cured numerous cases of partial paralysis. It is for sale by all druggists.

Rock Island Appointments.

Under the reorganization of the Rock Island system and the installation of new systems of accounts a new position has been created on each division, known as division accountant. The following appointments have been made: E. E. Wallace, division accountant of the Colorado division; H. G. Galbrant, of the Nebraska division; B. H. Demolung, of the Oklahoma division. The appointments for the Kansas and El Paso divisions have not yet been made.

To Extend Rock Island.

The proposed corporation for the purpose of extending the Rock Island system from Asher, Okla., to Dallas, Texas, was formed at Guthrie under the name of the Choctaw & Chickasaw Railroad company, with a capital of \$1,000,000. Three lines are provided for: The first from Asher south through the Chickasaw nation to a point between Coalgate and Tishomingo; the second from Milburn, I. T.; through the Chickasaw nation to Sherman, Dennison or Dallas; the third from Wilburton, I. T., to Howe, I. T., near Fort Smith, Ark. The total number of miles being 200. The incorporators are F. A. Molitor and J. W. McCloud, of Little Rock; C. M. Barnes, A. C. Blier and H. H. Hagan, of Guthrie.

DEAD BODY FOUND.

Reduced to a skeleton and identification impossible.

Joe Burke, who has been visiting friends in Williams, informs us that a sheep herder in the employ of Captain Smith, found the body of a man a short distance from Seligman, says the Kingman Miner. The body was reduced to a skeleton and identification was impossible. In the clothes was found \$300 in gold, some silver and currency, but nothing that would lead to the identification of the remains. The hat found near the body contained the name of a mercantile firm at The Dalles, Oregon. A bullet hole in the skull and a revolver beside the corpse told the tale of the snuffing out of this life. About two months ago a stranger left two grips at the Harvey house at Seligman and stated that he was going out on a short distance and would soon return. He never came back and it is supposed that the gruesome find was the body of this man. The same day a sheep herder for Skinny Welsh found the body of another man several miles from Seligman and a party has been sent out to make an investigation.

TO CURE DANDRUFF.

It is Necessary That the Dandruff Germ Be Eradicated. "Destroy the cause, you remove the effect." Kill the germ that causes dandruff, falling hair and baldness. You will have no more dandruff and your hair must grow luxuriantly. Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destroying the dandruff germ, and none other claims to be, for the simple reason that it is only recently that a destroyer of the germ has been discovered. Newbro's Herpicide, the only hair preparation that actually kills dandruff. Send 10 cents in stamps for sample. The Herpicide Co., Dept. "F," Detroit, Mich.

UNDERFLOW WATER.

Tests of the Pumping Process at Experimental Station. The experimental work in progress at the agricultural experiment station, Mesilla Park, N. M., was undertaken with the three following points in view, says Prof. J. J. Vernon: First—The development of the water supply from the underflow in sufficient quantities for irrigation purposes. Second—A test of the efficiency and economy of different makes of pumps. Third—The determination of the cost of irrigating different crops by pumping, under varying conditions of drought. So far as the test has been carried out some very interesting data has been obtained. One six inch well, forty-eight feet deep, with a slotted strainer, located in a twelve foot gravel stratum, furnished over 800 gallons of water per minute or something over 6,400 cubic feet per hour (1.77 cubic feet per second). At the end of a thirty hour continuous run there was no sign of a diminution of the water. During this run 6-10 acres of alfalfa were irrigated in twenty-three hours and forty-five minutes at a cost of about \$1.30 an acre for fuel. This field had been irrigated on June 5 with river water, but had received no water from that date until irrigated by pumping on July 30, fifty-five days later. The ground was quite dry and cracked open to quite a depth. Since at this season of the year alfalfa is usually irrigated once in from fourteen to twenty-one days, it is quite probable that twice the quantity of water was required for this irrigation than would have been required under normal conditions. Taking this as probably true

Sleeplessness

Is akin to insanity. Many a woman realizes this as she lies awake hour by hour, peeping the darkness with phantoms, starting at the creaking of the bed or the rustle of the bedclothes.

Such symptoms in general point to disease of the delicate womanly organs, and a constant drain of the vital and nervous forces. This condition cannot be overcome by sleeping powders. The disease condition must be cured before the consequences of disease are removed.

Dr. Pierce's Favorite Prescription cures the womanly diseases which cause nervousness and sleeplessness. It is the best of tonics and invigorates, nourishes the nerves, encourages the appetite and induces refreshing sleep. Irregularity, weakening drains, inflammation, ulceration and female weakness are perfectly cured by "Favorite Prescription."

"My wife was sick for over eight years," writes Albert H. Fulle, Esq., of Allamont, Grundy Co., Tenn. "She had uterine disease and was treated by two physicians and got no relief. At last I read about Dr. Pierce's medicine and we decided to try his Favorite Prescription. I sent her the drug store and got one bottle and the first dose gave ease and sleep. She had not slept any for three nights. Being sure that it would cure her I sent for five more bottles and when she had taken the sixth bottle she was sound and well."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

the cost of irrigating alfalfa would amount to about 65 cents per acre under normal conditions of dryness and frequency. It is no more than just that I should add that this was made with inferior fuel, and the cost is likely to be less rather than more. Later tests will demonstrate this point more fully.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much mood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Headache...

The following is quoted from a late work on the diagnosis and treatment of the diseases of the eye, by Edward Jackson, A. M., M. D.:

"It ought to be universally recognized that eye-strain is the common cause of headache. As headache produced from fever, toxemia and organic disease of the brain and its membranes, eye-strain is almost invariably a factor in the production of headache. The headache of eye-strain is not of any special character—it may be constant or intermittent, slight or severe, felt only on the use of the eyes, or felt after their use, continuous or recurring irregularly or at certain intervals. It is aggravated by many other causes, such as hunger, exhaustion, exposure to heat or cold, or indigestion, or it may seem entirely independent of other influences. In the majority of cases eye-strain is not the only factor in the production of headache, but it may be the only factor of practical importance because it alone can be removed, and its removal will give relief. Such headaches are greatly felt in the frontal, temporal or occipital regions."

Read the above again, and remember that eye-strain is relieved by glasses properly fitted. We are in every way equipped for scientifically testing the eyes and determining the right glasses. In every case absolute satisfaction is guaranteed. Prices are as reasonable as good work will justify.

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

SCROFULA

I bequeath to my children Scrofula with all its attendant horrors, humiliation and suffering. This is a strange legacy to leave to posterity; a heavy burden to place upon the shoulders of the young.

This treacherous disease dwarfs the body and hinders the growth and development of the faculties, and the child born of blood poison, or scrofula-tainted parentage, is poorly equipped for life's duties.

Scrofula is a disease with numerous and varied symptoms; enlarged glands or tumors about the neck and armpits, catarrh of the head, weak eyes and dreadful skin eruptions upon different parts of the body show the presence of tubercular or scrofulous matter in the blood. This dangerous and stealthy disease entrenches itself securely in the system and attacks the bones and tissues, destroys the red corpuscles of the blood, resulting in white swelling, a pallid, waxy appearance of the skin, loss of strength and a gradual wasting away of the body.

S. S. S. combines both purifying and tonic properties, and is guaranteed entirely vegetable, making it the ideal remedy in all scrofulous affections. It purifies the deteriorated blood, makes it rich and strong and a complete and permanent cure is soon effected. S. S. S. improves the digestion and assimilation of food, restores the lost properties to the blood and quickens the circulation, bringing a healthy color to the skin and vigor to the weak and emaciated body.

Write us about your case and our physicians will cheerfully advise and help you in every possible way to regain your health. Book on blood and skin diseases free.

ANNOUNCEMENT.

To the Ladies of Albuquerque:

Finding it impossible to dispose of my business, except at a great pecuniary loss, I have concluded to remain in business for awhile longer and will immediately go east to make personal selections, desirable and suitable for New Mexico, and Albuquerque in particular. I hope to show the ladies some exquisite fall and winter styles by Thursday, September 25, and, owing to certain circumstances, I ask the indulgence of the ladies until that date, feeling absolutely certain that they will be justified in waiting.

For health reasons, I will have no public opening day this fall.

MRS. M. McCREIGHT,

No. 210 South Second.
