B. S. RODEY.**The Bible: Seest thou a man that is
hasty in his words? There is more
hope of a fool than of him.Town pride is a valuable asset.
When you come to the fair wear a
badge saying something nice about
your town.In Switzerland 73.3 per cent of the
people speak German, 21.4 French and
5.6 Italian. Most of the merchants
and hotelkeepers speak all three of
these languages and English."You do not have to guess what the
republican party will do. The world
knows its purposes. It has embodied
them in law and executed them in ad-
ministration."—William McKinley.The Las Cruces Citizen says: "The
Albuquerque Citizen is a welcome ad-
dition to our exchange list. It is the
best New Mexico daily published in
the territory; being always up-to-date
on the events of the day, and is an
able advocate of the republican
faith."Krupp, the German gun maker, has
invented a projectile that will pierce
the best armor plate ever made. This
will render useless every battleship in
the world. The type of vessel known
as torpedo destroyers will probably be
the warships of the near future.The Las Vegas Record says: "The
positive declaration of Hon. Charles A.
Spess that he is not a candidate for
congress, leaves only one candidate
in the field. At the Haton convention
Hon. B. S. Rodeny will be nominated
unanimously, and he will be elected
by the largest majority ever received
by a New Mexico candidate for that
position."The New Mexican insists that the
alleged uprising in Santa Fe county
against Mr. Catron is more than a mere
sparing match for political advantage,
and that the fight is for purity and
honesty in the politics of that county.
This makes the contest more serious
and somewhat comical. Good came
out of Nazareth, and purity in politics
may become of exotic growth in Santa
Fe. The people of the territory would
hall such a change as almost miracu-
lous.The coal operators have given out
the defiant ultimatum that they will
yield nothing. They assert in the
most emphatic terms that the only way
the strike can be settled is for the
miners to go to work. All this will
only hasten the day of decision in this
republic—for it is still a republic.
There must be some kind of control
of the public utilities. We do not
allow political monarchs in this country,
and will not much longer allow in-
dustrial potentates.**SOIL OF ARID LANDS.**In the current number of the North
American Review, Prof. E. W. Hilgard
points out that the earliest civiliza-
tions of which we have knowledge,
either from historical records or pre-
historic remains, grew up and flourish-
ed in lands where artificial irrigation
is essential to agriculture. Excluding
Egypt, where the overflow of the Nile
did the work of the irrigating canal,
all these great seats of ancient civiliza-
tion have a close physical resemblance
to western America. It is not in the
humid regions of the earth that we
find those buried cities which must
have been centers of dense and indus-
trious populations, but in the cases of
Lybia and Sahara, in Arabia, Pale-
stine, Syria, Persia and northern and
northwestern India; in central Asia
and Asia minor; in Spain and northern
Africa; in the seats of the Incas and
Aztecs in Peru and Mexico; in New
Mexico and Arizona; wherever thereare dry summers and flowing streams
or winter rains we find, so far as we
know, the earliest evidences of agri-
culture, commerce and the arts of civil-
ization.Professor Hilgard shows that this
was not by chance, nor for the mere
purpose of escaping the labor of clear-
ing forests, but for the reason that ex-
perience showed the people of those
days what the present generation is
painfully learning, that the soil of the
arid regions is deeper, richer and more
enduring than the soil of the humid dis-
tricts, except on the deltas of great
rivers, could possibly become. The
reason is very simple. The "weather-
ing" process, by which rock becomes
soil, is productive of great quantities
of water-soluble compounds which, in
the humid countries, are leached out
and pass into the sea. Where the rain-
fall is insufficient to produce a heavy
run-off these compounds, the essentials
of fertility, remain in the soil. When
water is applied the resulting vegeta-
tion is luxuriant, and the stores of fer-
tility are so plentiful that they do not
become exhausted. The watery ex-
tract of many of these soils is identical
with that of the substances which
farmers in humid regions, at great
labor and cost, apply to their lands to
restore their fertility. Under the
weathering conditions in arid lands
little clay is formed, and instead of the
impervious clay subsoil which under-
lies most humid lands the arid regions
have from six to fifteen feet or more
of soil identical with that of the sur-
face, which the roots of vegetation
penetrate, finding everywhere plant
food.**IRRIGATION CONGRESS.**The tenth meeting of the National
Irrigation congress is to convene at
Colorado Springs October 6 to 9. It
will also consider the great subject of
western forestry, and celebrate the
passage of the irrigation act. It is re-
ported by the chairman of the com-
mittee on arrangements, Gilbert Mc-
Clurg, that much enthusiasm is being
stirred up all over the sixteen western
states and territories affected by the
national irrigation act, and the signs
are that this congress will be very
successful in point of numbers and
character of the delegates. Among the
speakers will be national experts, lead-
ing legislators and congressmen, pres-
idents of agricultural and eastern col-
leges, army officers, engineers of na-
tional repute, prominent editors and
practical irrigationists. An urgent in-
vitation is extended to county and city
officials and business men to attend.**NOT A CANDIDATE.**The Las Vegas Record, the republic-
an paper of San Miguel county, says:
"During the past few weeks Hon.
Charles A. Spess, of this city, has been
urged by leading republicans through-
out the territory to become a candi-
date for delegate to congress. While
Mr. Spess has received such strong
assurances as to justify the belief that
he could obtain the nomination, which
will be equivalent to election, he has
positively decided to forego the pro-
ffered honor at this time. Mr. Spess
is a loyal republican—true to his party
and his friends at all times and under
any circumstance—and it is because of
this that he declines the solicitations
to become a candidate for congress. He
is anxious for the harmony and
success of the republican party in New
Mexico, and fearing that his candidacy
might engender a little friction be-
tween his friends and those of Hon.
B. S. Rodeny, he decided to guard
against any such possibility by declin-
ing to enter the race for delegate.""This self-sacrificing spirit displayed
by Mr. Spess is in harmony with his
past fidelity to, and earnest labors in
behalf of, the republican party, and,
doubtless, his course will meet with
generous appreciation from the repub-
licans of New Mexico."**RODEY DENIES REPORT.**The Las Vegas Record says: "In con-
versation with a number of gentlemen
here Sunday, Hon. B. S. Rodeny stated
emphatically that he never made the
assertion that 'the military post would
be located in Albuquerque, or not in
New Mexico.' He said that at one
time it seemed probable that Fort
Whipple barracks would be enlarged
to accommodate a regiment, obviating
the necessity for a New Mexico post.
Subsequently, he said, it was decided
to establish a post in New Mexico and
Albuquerque was selected. Mr. Rodeny
affirmed that he was a friend of Las
Vegas and at the short session of con-
gress he will endeavor to secure an
appropriation for a government build-
ing here."**WHERE GOLD IS STORED.**Of the \$277,000,000 gold held by the
government, only \$7,655,292 is actually
stored in the vaults of the treasury at
Washington. The subtreasury at New
York contains \$187,522,597 of the yel-
low metal and the assay office in that
city \$25,923,462, while the mints at San
Francisco and Philadelphia are caring
for \$147,325,363 and \$94,305,291, re-
spectively. The subtreasury at Phila-
delphia has \$9,635,577, and the sub-
treasury at San Francisco \$27,751,441.
The subtreasury at Chicago is ac-
countable for \$23,865,124; at Boston,
\$19,935,567; at St. Louis, \$10,372,644,and at New Orleans, \$5,860,116, and
the mint at the city last named holds
\$1,055,865. The assistant treasurers at
Baltimore and Cincinnati have in their
vaults \$6,300,657 and \$4,946,290, re-
spectively, and the assay office at Seat-
tle is charged with \$1,723,798, largely
gold bullion received from the Nome
and Klondike fields.The remainder of the fund is in the
mints at Carson City, and Denver, and
the assay offices at Boise, Charlotte,
Helena, St. Louis and Deadwood, the
amounts ranging from \$660,237 at Den-
ver and \$1,448 at St. Louis.**PHILIPPINE CENSUS.**Within a short time Uncle Sam's
representatives will begin taking the
census of the Philippine islands. It
will be the only accurate census of the
islands in their history, the figures of
the Spanish government being notori-
ously unreliable and generally mere es-
timates. The enumeration of the Phil-
ippine people is important because it
marks the preliminary step to the es-
tablishment of a civil government, in-
cluding a legislature elected by the
people. Peace now reigns in the Phil-
ippines except among the Moros, and
local civil governments have been es-
tablished in many sections of the archi-
pelago.A New Jersey Editor's Testimonial.

MIMBRES VALLEY.

An Investigation Proves That the People are in Actual Want.

RATIONS WERE DISTRIBUTED.

The subpoenaed letter to Governor Otero shows the actual conditions found existing in the Mimbres valley from the flood. It shows a pitiable state of affairs and is conclusive evidence that the reports that were received by the governor and on which the proclamation calling for assistance was issued, were based on the actual condition of affairs. The letter shows that the most pressing wants only were relieved and there will be great suffering within a short time. The proclamation was fully justified by the actual conditions:

Office of Mayor,
Silver City, N. M., Sept. 11.
Hon. M. A. Otero, Governor of New Mexico, Santa Fe, N. M.

Dear Sir and Governor: I returned yesterday from the Mimbres river valley. Messrs. Frank Jones, Manuel Taylor and myself arrived at what is called the Mimbres mill Sunday evening, the 7th, and found there 30 families waiting to have rations distributed to them, which consisted of 116 persons. Messrs. Edward Moulton and J. A. Dennis, had looked the situation over and called in the people who were really in need. After supplying their wants we drove to San Lorenzo, which is below on the river, and had, Faustine Olguin, Hugh Teel and Valentine Dominguez prepare a list of the needy along that section of the river, which amounted to 63 families; we then had them called in and issued rations to them. After which we drove to the town of San Juan, about seven miles farther down the river and stopped at Anastacio Duran's house, where the provisions were stored and here issued rations to 75 families or 360 people. We then drove down the river to Macdonia Torres' house where the provisions were stored awaiting our arrival, and at this point we issued rations to thirty families or 137 persons. The total number that received rations were 865.

We found nearly all of the crops laid to waste by the flood, only here and there you would see a very small crop of corn standing, which happened to be on the high land. The orchards are damaged to a great extent; hundreds of trees are washed away, and those that are not washed away have debris piled against them, such as rocks, boulders and drift wood, from five to seven feet high, and the owners say that they fear that all the trees will have the bark all torn off where the drift wood and boulders have struck them, and that most of them will die.

As far as we could learn the people whom we supplied with provisions were living on corn and beans which they were digging out of the bed of the river, the same having been washed down and covered up with sand and drift, and the corn and beans it is said had commenced to turn sour.

I can say to you, governor, that it was a pitiable sight to see such a beautiful valley cleared of all of its fine crops, and the people left without scarcely anything to live on. I never saw people feel so grateful for the little assistance they got from the people of Silver City. Some of the poor old women even cried when expressing their feelings to us. Their little homes are mostly all left and that alone is a God-send to them. After many of them received their rations the heads of the families (the men) shouldered their blankets and started out in search of employment in different directions. What we issued will probably carry each family for three weeks, but no longer, and it will be several months before another crop can be raised. I do not ask you to take our word for the destruction done, but write to the best men on the river and with the exception of two storekeepers and one or two parties who own cattle, you will find we are right.

Very respectfully,
J. W. FLEMING,
Mayor of Silver City.
F. P. Jones.

Take Care of the Stomach.
The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodol saved my life. Take it after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Long Delay for Disbrow.
New York, Sept. 17.—Among the first cases to be considered by the Suffolk County grand jury which convened today is that of Louis A. Disbrow, the young man of good family who is charged with having murdered "Dimple" Lawrence and Clarence Foster, in Tiana Bay, last June. Disbrow has spent the last three months in the county jail at Riverhead, L. I., the efforts of his family and friends to have him admitted to bail being futile. If the grand jury should find an indictment against him there will

be another long delay before he can be placed on trial unless a special term of court should be ordered.

SANTA FE COURT.

For Census Forgery Mariano F. Sena Gets Four Years in Penitentiary.

In the case of the United States vs. Mariano F. Sena, who was found guilty last week upon indictments of four counts charging him with forgery while chief clerk in the office of supervisor of the census for New Mexico, arguments upon the motion for a new trial were made Tuesday before Judge McFie. The court denied the motion and sentenced the defendant to four years and four days in the United States penitentiary. An appeal to the supreme court of the territory was immediately taken, and the defendant's bond was fixed in the sum of \$5,000, which was furnished and the defendant released pending the action of the supreme court in his case.

On the territorial side arguments on motion for a continuance of the case of the Territory vs. N. E. Crenshaw, charged with the murder of Edward Hull, were heard before Judge McFie and the motion denied. The case will be called today.

In the case of Marcus Eldred vs. George R. Bailey, a suit to recover on note for \$123 with interest and costs, filed in the district court for Santa Fe county a few days ago, the defendant on Tuesday came forward and confessed judgment.

To Settle Tobacco Trade War.
New York, Sept. 17.—In the tobacco trade much interest is manifested in the conference of tobacco interests to be held today in London. The announced purpose of the meeting is an endeavor to settle the war between the American and British trusts which for some time past has demoralized the British tobacco trade. In well informed circles it is not believed that a settlement is at all likely to result from the conference owing to the firm attitude manifested by both parties up to date.

Water Cure for Chronic Constipation.

Take two cups of hot water half an hour before each meal and just before going to bed, also a drink of water, hot or cold, about two hours after each meal. Take lots of out-door exercise—walk, ride, drive. Make a regular habit of this and in many cases chronic constipation may be cured without the use of any medicine. When a purgative is required take something mild and gentle like Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

ROSWELL STOCK NOTES.

From the Register.
Ed. Jones, a brother in law of W. T. Jones, the cattleman, is here from Valentine, Texas, on a visit.

R. F. Barnett has sold the remnant of his range horses to M. D. Minter, the deal having been closed last week.

J. P. White came in from Kenna, having finished the shipment of a lot of cattle to Kansas City markets.

John Shaw returned from Kansas City, where he went with a train load of cattle belonging to himself and the Cass Land and Cattle company.

Mr. and Mrs. R. W. Johnson returned from their cattle ranch, fifteen miles north of Kenna, where Mr. Johnson delivered 105 head of cattle he sold to J. H. Gee.

Thos. Pridemore, range foreman for the El Capitan Land and Cattle company, was here last week from Lincoln county and placed his two bright boys in the military institute for another year.

Rev. R. W. Johnston bought from J. H. Gee, of Kenna, last Saturday, 195 head of high grade stock cows. Among the number is twenty-five red polled heifers. These cattle Mr. Johnston will put on his ranch which he bought near Kenna from Mr. Littlefield.

C. C. Martin, the sheep grower, bought the residence property of S. H. Fox formerly owned by A. H. Rockafellow last week, and he and his excellent family, it is presumed, will soon become residents of Roswell.

John Richey, superintendent of South Spring ranch, has resigned his position to take effect October 1. He will move to Roswell and engage in the real estate and live stock commission business and looking after the ranch interests of himself and sons in the Miller country.

Clifton Chisholm, owner of the "Oasis" hog farm, will receive a 16-horse power Fairbanks-Morse gasoline engine in a few days, ordered for him by the Seay, Gill & Morrow Co. He will use it in grinding feed at his feed lots at the South Spring station on the Pecos Valley & Northeastern, where he is going to put up a threshing and grinder to prepare the feed.

GHOLSON AND LEE.

Pen Pictures of Two Cattlemen in the Bad Man's District of New Mexico.

Sam Gholson and Bud Lee, men of iron nerve and retiring disposition, the kind that put in the shade the upstarts who depend upon whisky and luck to give them notoriety, passed through the country last week. Gholson and Lee are gentlemen, reserved and modest, and are men who help make the country safe to live in.

These men, though not officers, of the law, are nevertheless the terrors to evil doers, cattle rustlers and desperadoes on the frontier.

These gentlemen have been noted characters in the west for many years and Mr. Gholson figures conspicuously in the west as an Indian fighter and frontiersman, and many a battle to the death has he had with the red white devils of the west.

In late years Gholson and Lee have figured in many battles with cattle rustlers and no longer than last January they routed a gang of desperadoes, took their stronghold and made three of them do their reforming in the next world.

The report circulated some time ago that they killed five robbers in a running fight was without foundation.—Portales Herald.

A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them. Only 50 cents. Satisfaction is guaranteed by all druggists.

Jarvie Library Dedication.

Bloomfield, N. J., Sept. 18.—The Jarvie Memorial Library was dedicated today with interesting ceremonies. The building is a handsome affair of stone and was erected by James N. Jarvie of New York, in memory of his father and mother, Mr. and Mrs. William Jarvie.

Foley's Honey and Tar is peculiarly adapted for chronic throat troubles and will positively cure bronchitis, hoarseness and all bronchial diseases. Refuse substitutes. Sold by Alvarado Pharmacy.

New Home of Detroit Elks.

Detroit, Mich., Sept. 18.—The dedication today of the handsome new temple of the Detroit lodge of Elks was the occasion of the large gathering of prominent members of the order from several states. The new temple is a magnificent structure of eight stories and contains every modern convenience and comfort.

Not Doomed for Life.

"I was treated for three years by good doctors," writes W. A. Greer, McConnellsville, O., "for piles, and fistula, but when all failed, Bucklen's Arnica Salve cured me in two weeks." Cures burns, bruises, cuts, corns, sores, eruptions, salt rheum, piles or no pay; 25c at all drug stores.

Locomotives for Western Roads.

Chicago, Ill., Sept. 18.—A feature of the western freight shipments is the large number of new locomotives en route to Western lines. Very few through billed trains pass through terminal points that are not partially made up of the product of the American Locomotive Company. It is estimated that orders for nearly 600 locomotives were given out last week by various railroads centering here.

Moki Tea Positively Cures Sick Headache.

Indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

Byrn Mawr Horse Show.

Byrn Mawr, Pa., Sept. 18.—A large turnout of society made a brilliant scene today at the opening of the eighth annual Byrn Mawr Horse Show. The equine display is the best in the history of the association. It comprises fifty-four classes, ranging from the thoroughbred, through all varieties, to a farm team. The exhibition will continue through the remainder of the week.

Lingering Summer Colds.

Don't let a cold run at this season. Summer colds are the hardest kind to cure and if neglected may linger along for months. A long siege like this will pull down the strongest constitution. One Minute Cough Cure will break up the attack at once. Safe, sure, acts at once. Cures coughs, colds, croup, bronchitis, all throat and lung troubles. The children like it. B. H. Briggs & Co. and J. H. O'Reilly & Co.

New York Man Weds in Berlin.

Berlin, Sept. 18.—A wedding in Berlin today of interest to Americans was that of Miss Margaret Seefeld and Ernest Kempton Adams, son of Mr. and Mrs. Edward D. Adams, of New York. The bride is the daughter of Lieutenant Colonel Seefeld, of Berlin, formerly commander of the military district of the Grand Duchy of Baden.

Dr. J. C. Bishop, of Agnew, Mich., says, "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." Refuse substitutes. Sold by Alvarado Pharmacy.

Hair - Vain?

Why not? A little vanity is a good thing. Perhaps you can't be hair-vain, your hair is so thin, so short, so gray. Then use Ayer's Hair Vigor. It stops falling of the hair, makes the hair grow, and always restores color to gray hair.

"I have used Ayer's Hair Vigor for over 40 years. I am now in my 91st year and have an abundance of soft brown hair, which I attribute to the use of your preparation."—Mrs. Mary A. Keith, Belleville, Ill.

\$1.00. All druggists. J. C. AYER CO., Lowell, Mass.

Seventy-Fourth Indiana.

Cromwell, Ind., Sept. 18.—The surviving veterans of the Seventy-fourth Indiana infantry began their eighteenth annual reunion here today with a good attendance of the old soldiers and their friends. The two days' program calls for addresses by several prominent speakers and a number of features of entertainment provided by the local committees.

Cured Hemorrhages of the Lungs.
"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Sold by Alvarado Pharmacy.

MONUMENTS.

SUNSTROKE INSURANCE

When the summer's heat gets about 90 degrees, you are liable to be sunstruck any time you are out in the sun, unless you take the proper precautions. Several years ago, the writer of this, who has spent much of his life in the tropics, thought he was safe from sunstroke. One day he collapsed, remained unconscious for five hours, and at times his life was in danger. As a matter of fact, any person whose stomach and bowels are in bad shape in the summer time, is liable to be sunstruck in temperature that would be harmless under normal conditions. That's all there is to it. Stomach and bowels full of fermenting refuse that forms acids and gases, raise the heat of the body and blood many degrees. Scientists have found that natives of the South Sea Islands, living on laxative fruit, bananas, coconuts, bread-fruit, have a temperature 20 degrees lower than that of white men who are careless about their food or their bowels. It has been found in years of experience, that a CASCARET Candy Cathartic taken at bed-time every night will keep the body clean and cool inside all day, and forms a safe and thoroughly reliable form of sunstroke insurance.

SHOE FACTORY.

W. H. Bell at Las Vegas Talking Enterprise-Stockholders' Meeting.

INTERESTING LOCAL NOTES.

Special Correspondence.

Las Vegas, N. M., Sept. 17.—It takes manufacturing interests in a city to build that city up and properly support the business houses of that city. Las Vegas has an opportunity now to get its first extensive manufacturing, or rather the nucleus of the only shoe factory in the southwest, William M. Bell, who has been spending the summer in Las Vegas, was formerly the superintendent of the famous Brown shoe factories, four of them, in St. Louis. On account of his health he had to come to this city, and he has now concluded to settle down some place in the southwest where the climate agrees with him and start a shoe factory. He wants to locate in Las Vegas if he can receive the small encouragement he needs. Albuquerque wants him to locate there, and has offered to subscribe \$100,000 worth of stock to his enterprise. Mr. Bell is not looking for that amount. He wants to start on a smaller scale, with \$25,000 capital and build up. He wants to invest, himself, \$13,000 in the factory, and there are parties in town who want the other \$12,000. What he asks of the city is a building 100x35 feet, two stories, frame or brick, free for five years with option of buying at the end of that time, and taxes free for five years until the factory can get on its feet. Considering the bonuses, spot cash, which other cities offer, this is a remarkably good offer for the city. A conference was had last night between Mr. Bell and the executive committee of the board of trade, and the proposition laid before them. They took until next Monday night to think over the matter and learn the opinion of the representative business men of the town on the proposition.

Mr. Bell, it is needless to say, knows his business. The factory he will start will employ between 150 and 175 men at the beginning and he wants to be able to get organized by December 1. He is investing his own money in the enterprise, knows whereof he speaks when he says he can work up a good business in the southwest, and is going to locate somewhere. What he wants to know, does Las Vegas want the factory on his liberal terms.

Hon. J. S. Duncan, wife and daughter, Miss Beulah, will leave tomorrow for Denver and Salt Lake City on a several weeks' trip.

Samuel Levy, one of the Santa Fe dispatchers, is taking a few weeks' vacation, which he will enjoy in Colorado.

At the meeting of the stockholders of the A. O. W. Real Estate Investment company last night, the following

named were elected directors: Chris. Wiegand, A. C. Schmidt, J. H. Martin, A. F. Benedict, and Charles A. Sporleder. The directors then elected the following officers: President, Charles A. Sporleder; vice president, A. C. Schmidt; secretary, G. A. Rothgeb; treasurer, J. K. Martin.

The marriage of Miss Lizzie Crites to Jack Cordon will take place tonight at the home of the bride.

In the kidnapping item of Monday, Mrs. S. A. Douglas was mentioned as the mother-in-law when it should have been Mrs. S. A. Hume.

Winchester Cooley, son of M. L. Cooley, and his wife and baby, returned this afternoon to their home at El Paso, after spending several weeks here with their parents during the heated term in El Paso.

Will G. Anderson, formerly of the Optic here, is now half owner of the Arkansas Traveler, published at Arkansas City, Ark. He has an option of the other half interest, and may buy out the entire plant later.

Mrs. C. R. Skelton arrived here this afternoon for a visit with her son, Richard J. Morrison, one of the hustling young Santa Fe firemen.

Will Stuart, the mining man who is developing the Old Blue mine, has been in town sick the past few days. He was able to return to the old mine today, however, and is pushing work on the development of his find with a force of ten men. He showed the reporter specimens of the ore taken from the mine. One was a black shale, and the other a soft clayish substance, both of which carried gold.

Mrs. C. L. Mann entertained a few friends at what last night. A jolly time was the program and a lot of refreshments.

S. K. Sydes was the recipient yesterday of a fine saddle horse from James E. Johnson, the range manager of the H. O. W. ranch. It was a birthday present to Mr. Sydes, which he appreciates highly. Mr. Johnson was Mr. Sydes' wagon boss, when Mr. Sydes was manager of the ranch, and the two men are close friends.

Mrs. Charles Ifield continues on the sick list. She is suffering with rheumatism.

The Christian Endeavor choir of the Presbyterian church will begin practicing tonight to get in shape for the convention which meets in Las Vegas the latter part of December.

The two sons of Serafin Baca, Trenquillo and Lorenzo, of Agua Zarca, are missing, and it is supposed the lads have run away to fight Indians. They came in yesterday morning with several burro loads of wood which they sold. They put their burros in some yard and have not since been seen or heard of. A search has been made, but the youngsters still remain in the dark.

The republicans in precinct 26, on the west side, will hold a meeting tonight in the school house of district No. 4, for the purpose of organizing a republican club.

J. E. Johnson, manager of the H. O. W. ranch, who has been here several days, has purchased forty-five head of saddle horses for the ranch from Jose

Alvino Baca, and will take them down to the ranch near Logan at once.

Hon. Roman Gallegos, the county commissioner from San Jose, is smiling on his friends here today.

Harry Crosswick, one of the Santa Fe freight conductors, will leave tomorrow for St. Louis to enjoy his vacation.

Edward Sears, one of the Santa Fe engineers, will leave for his vacation trip tomorrow. He will go to Cincinnati.

Mrs. B. Brash yesterday entertained the Hebrew Ladies' Whist club.

Misses Minnie and Lottie Wills gave a most delightful party yesterday afternoon at their home. The ladies played whist, there being four tables in the play. Each lady was given a half-pound box of candy as a souvenir of the occasion and the partners were chosen by finding the numbers attached to a ribbon on a fine rose. Miss Mackay and Miss Kenderdine made the highest scores. Delicious refreshments were served, and on the whole, the event was one of the most pleasant that has been given for some time in the city.

Meadames G. H. Hill, Watson, Quigley, Scudder, Pritchett, Jackson, Boucher, Chapman and Fugate left this afternoon on No. 2 for Raton to meet the grand president of the Ladies' auxiliary of the Order Railway Conductors, Mrs. J. H. Moore, of Toledo, Ohio. The ladies are having a school of instruction at Raton, convening tonight and lasting tomorrow. They expect to return next Friday.

Mrs. J. J. Schmidt, daughter, Miss Corrie, and son, Justus, left today for Colorado Springs, where they will visit and then go on east to New York.

Thomas Ross is proudly showing a couple of ears of his corn crop, grown at Romeroville. The corn is large, well eared and even grained, and is really quite remarkable for this year of drought. He has forty acres of it.

Miss Sadie Ross left this afternoon for Galena, Mo., on a visit back to her old home.

Always in the Lead.

When it comes to selling clothing and furnishing goods, you can always safely wager that we lead the procession. Our latest is "Insured Clothing." With every suit or overcoat you get an ironclad insurance policy direct from the manufacturer, which guarantees to replace every unsatisfactory garment with a new one free of charge to you. Call and see the goods. Simon Stern, the Railroad avenue clothier.

Our fall and winter MILLINERY OPENING begins tomorrow, Thursday, September 18, and continues for three days. Everybody invited. Foster Millinery company, 312 West Railroad avenue.

AGRICULTURAL COLLEGE.

This Splendid Territorial Institution Opened With Large Attendance.

BIG ENROLLMENT.

From Las Cruces Progress.

It has been a busy week at the college. Either students are entering a great deal more promptly than ever before or else this year's enrollment is going to be a record breaker of no small kind. At the close of business on the third day the total enrollment listed in the office of the registrar was greater than the enrollment in the first ten days of any previous year. Up to noon on Friday 156 students had duly been enrolled and classified and a large number of old students are yet to enter. It will not be surprising if the total enrollment for this new year runs close up to the 300 mark.

"Good times and prosperity" are not the chief reasons for this great enrollment. More than anything else it is due to the fact that the college is getting much more closely in touch with that class of citizens of New Mexico who need a practical and industrial education, and in this respect the college is fulfilling its mission better than ever before. This is shown by the heavy enrollment in those courses offered by the college which are of the above character. The stenography department, as in recent years, has attracted a large number of young men and young women both from this territory and outside states as well as Mexico; and the new two years' course established last year in practical mechanics has enrolled already about twenty students. These young men and young women taking these courses constitute a class who otherwise would not come to the college and who are bent on fitting themselves in as short a time as possible to fill positions as wage earners in respectable and lucrative callings. It is especially significant to notice this year the heavy enrollment of young Mexicans in the practical mechanics course. These young men, while in some cases not having received as good educational advantages in the past as might be desired, are all of them earnest and determined in their ambition to fit themselves as trained mechanics, competent to fill higher positions in life than they would be able to take without the advantages of this short course which the college offers. Indeed, it becomes more apparent each year that the advantages of the college are rapidly being recognized and seized by the native born people who are citizens of our territory and in this line alone the institution has a large field for good before it.

The extension of the work in domestic science heretofore provided and the addition of a thoroughly equipped department and a well trained instructor to teach the subjects of sewing, dress-making, and allied practical subjects, have made up a woman's course in domestic science that is both complete and strong. The opportunities afforded to the young women of the territory for training themselves to become managers of homes have never been anything like that what they now are in the college.

The new officers in the college for the coming year are as follows: Prof. M. L. Hobbit, who has heretofore had charge of the correspondence courses in Spanish in the University of Chicago, succeeds W. A. Sutherland, who resigned in June to take a position with the government in Manila; as additional assistant in the department of domestic science and in charge of the work in sewing, etc., Miss Clara Foster, completed a full course in domestic science in the A. & M. college of Utah, taking a post graduate course therein and teaching in the department also; in charge of music Miss Mary Waters, who has just completed eight years' study of music in the best Ger-

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades.
As to teas. Everyone knows that we keep the very best to be had in the territory.

THE UNIVERSITY

(Concluded from page one.)

and insane asylum at Las Vegas.
In referring to the public schools of the territory—the best today in the United States—the speaker gave credit to Hon. E. S. Stover for the passage of a bill creating them and thus named him the "father of the Public Schools of the Territory." "That school law," continued Mr. Rodey, "has been very little, if any, modified since its passage, and it is the best law on the subject today in the United States." In his talk on statehood and his work in the national congress for the passage of a bill admitting this territory into the sisterhood of states, Mr. Rodey assured his hearers that New Mexico would undoubtedly be added to the list of stars sometime in the coming December, and in that omnibus bill, which will pass congress at that time, he had inserted a clause for certain lands for territorial institutions and the New Mexico University would get 257,168 acres, over and above all saline lands which would amount to about 40,000 acres more. He referred to the passage of the irrigation bill by congress second in importance to that of the statehood bill to the people of New Mexico, and with which this territory would be one of the brightest and most prosperous states of the union. Mr. Rodey ended his address by again eloquently referring to the stars and stripes, and then took hold of the rope, saying, amid applause, "Now, let's hoist the grand old flag."

Before the flag was raised, Mr. Tight came from out among the interested spectators and thanked the assemblage for their presence, stating that after the hoisting the outdoor exercises would be continued, but further exercises would be continued in the Hadley Memorial building adjoining.

While the assemblage was singing that grand old song, "The Star Spangled Banner," Messrs. Rodey and Edwards pulled on the rope and soon the handsome flag spread out its folds at the top, and like the snow flakes from the heavens sprinkled back down from the earth confetti, strips of white paper and myriads of miniature flags. These little flags were picked up and carried away as souvenirs.
Three cheers were then given for the "red, white and blue," and the university, after which the students gave the old familiar college yell.

Exercises in Hall.

After the flag raising, and the little souvenir flags that fell from the folds of the large flag were gathered up the audience repaired to the assembly room in the Hadley Science hall, where an interesting program was listened to by students and citizens. Rev. Mr. Marsh offered prayer, after which President Tight called upon Gov. E. S. Stover, as the representative of the regents. He spoke encouragingly of the future prospects of the university. Prof. John Douglas Walker was next introduced as the director of the new School of Music. His response took the nature of a beautiful solo with an accompaniment by Mrs. Mabel Stevens-Himoe, at the head of the piano department. Rev. Mr. Powell then gave the main address of the indoor program. He spoke upon the necessity of an education as a factor in life, even in business experience. He gave interesting statistics showing the advantage the college trained man has over the untrained man. His address was full of helpful thoughts.

Miss Florence Chapin, the instructor in expression and elocution, and physical culture, made a brief explanation regarding her work to be given at the School of Music in the library building, and then recited most effectively, and to the delight of the audience, James Whitcomb Riley's "The Rose" and Paul Lawrence Dunbar's "When the Co'n Pone's Hot."

Prof. Asplund, of the department of Greek and Latin, made a very happy little address, in which he expressed his pleasure at being connected with the University, and his appreciation of the kind treatment he had received in Albuquerque.

Prof. Espinosa, in charge of Spanish, French, German and Italian, showed himself at home on the platform, and his bright remarks were well received. He said he would say nothing to the students about his class room work, but would agree to keep his classes busy all the year.

After a few explanations by President Tight in regard to the new form of registration, the people scattered, apparently with the feeling that the University had a prosperous year ahead. Registration will continue tomorrow.

The Faculty.

The faculty of the New Mexico University for 1902-1903 is as follows:
William G. Tight, Ph. D., president and professor of geology.
Josephine S. Parsons, principal of the commercial department and instructor in mathematics.
Charles E. Hodgkin, B. Ph., dean of the faculty, professor of pedagogy.
John Weinzierl, M. S., vice director of

NEW MEXICO TOWNS

ROSWELL.

From the Record.

There is much complaint among the railroad men that children are allowed to hang around the depot and yards of the company. Parents should see to it that the habit of their children is stopped or some accident may come to them which will be largely their own fault, but for which the railroad employees will be blamed.

Hon. Jerry Simpson left for Wichita, Kansas, where he will join the Roswell exhibit car and accompany it through the state of Kansas. With the extensive acquaintance of Mr. Simpson throughout his old state, it is believed that his trip with that car will greatly assist in the advertisement of the valley.

Charles Sheppard, of Joyce Fruit, had a narrow escape last week. He was driving at night and attempted to drive through the numerous piles of stone that now, and so long have almost blocked South Main street, when his buggy wheel struck a big one, overturning the vehicle. Fortunately he was alone and, except damaging the buggy no harm was done.

The vast lumber interests of the firm of Lewis & Wells were sold this week to the Pecos Valley Lumber company, a new firm composed of Roswell capitalists. The new firm will have H. F. Smith as manager and Robert Kellahan as secretary and a president will be elected later, presumably A. Garrett, the sheep man. The members of the new corporation are H. F. Smith, James Sutherland, A. Garrett and Robert Kellahan.

From the Register.

Beld Adcock, brother of Mrs. Fred Stevens, has received an appointment to the University of Arkansas, at Fayetteville.

On Wednesday afternoon the marriage of Miss Elizabeth V. Thorne and Rev. J. McL. Gardiner was solemnized in the Presbyterian church.

Mrs. J. O. Cameron left Carlsbad for Mineral Springs, Texas, hoping to find relief from rheumatism.

Miss Bessie McCane will give an entertainment at the opera house Wednesday evening, September 24, for the benefit of the Cemetery association.

F. J. Beck left for a visit with friends in Kansas City, from where he will go to Springfield, Mo., to visit his mother, for the first time in eleven years.

The Porter-Ewell Mercantile company is having the work on its new building for its grocery department pushed as fast as possible, and expects to occupy it in a short time.

J. A. Browning brought his family to town from the ranch fifty miles east of town on Monday. They will live in town during the winter so as to send their children to school.

The Register is sorry to state that Miss Lella Coolidge has been ill since her arrival at Winnebago, Ill., to which place she accompanied the remains of her brother, E. M. Coolidge, some weeks since.

Governor Otero is to be here during the fair and it is the intention to have him address the citizens of Roswell and vicinity, either at the Roswell club rooms or at the opera house.

Mr. and Mrs. D. W. Smith left for their home at Fort Worth, Texas, after a visit of several months with G. W. Medley, Mr. Smith's half brother. They expect to return here to live in a few months.

Spivey Neatherlin, rural delivery mail carrier, has handled 25,100 pieces of mail matter on his route from March 1 to August 31, this year. He has cancelled \$90.27 in stamps and traveled 4,212 miles on duty.

George V. Daller, brother in law of A. J. Witterman, who is taking care of the ranch of the latter near the new station of Dexter, close to Lake Van, was in town Monday. He came from California recently and thinks the Pecos valley is good enough for anybody.

Blaine and Edgar Richey, sons of Mr. and Mrs. John Richey, have put up 100 tons of salt grass hay and are still at it. They also have 65 acres of Indian and Kaffir corn, Milo maize and sorghum to put up for the winter. The land in the neighborhood of Miller near which place their farm is located, is very productive and crops in that vicinity are fine this year.

LAS CRUCES.

From the Republican.

John Kennedy is now holding down a position with A. Jacoby.

Born—To Mr. and Mrs. Howard Gulon, at Mesilla, on Tuesday, a daughter.

A townsie was surveyed not far from Organ the fore part of the week, so it is reported.

Jones and R. S. Tallferro, prominent White Oaks citizens, visiting Las Cruces on Sunday.

Mr. and Mrs. Adolph Jacoby and daughter, Lydia, returned from their California trip.

Messrs. Guadalupe and Santiago Ascarate left for their cattle ranges in Mexico.

Anastacio Ascarate and family, of Janos, Mexico, were here visiting relatives the fore part of the week.

E. C. Stivers, editor of the Raton Range, was here with his son, Joe, who will attend the agricultural college here this year.

Misses LeDue and Bishop, the new Presbyterian mission teachers, arrived and are preparing to open the mission school next Monday.

David M. White, locating engineer

for the land commission, arrived from Santa Fe and will locate 80,000 acres of saline lands in the White Sands country.

Miss Maud McFie and sister, Mary, came down from Santa Fe. Miss Maud, the handsome and accomplished daughter of Judge and Mrs. John R. McFie, will graduate at the college this year, while her sister, Miss Mary, begins her college course.

Miss Clara, daughter of Mr. and Mrs. Adolph Jacoby, was united in marriage to Numa Charles Frenger, at Los Angeles, Cal., Tuesday, September 2, and cards received by their friends announce that they will be "at home" after October 3 at Las Cruces, New Mexico.

From the Progress.

Mrs. Chase and daughter, Mabel, who lived here several years ago, are here on a visit to friends.

Messrs. Dodd and Foy came down from Organ to attend the funeral of L. W. Lenoir.

The football men will go to Albuquerque during the territorial fair to play football. Practice has already begun.

Attorney R. L. Young and George Frenger, accompanied by William G. Crenshaw, Jr., and W. H. Mercer, two eastern capitalists and railroad men, were out to Organ and vicinity Wednesday.

An effort is being made to have the college basketball girls play in Albuquerque during the fair. The team is enthusiastic over the prospects and may be depended upon to give a good account of themselves.

A very painful accident, which very nearly became serious, happened to Mrs. B. Wilkinson and son. They were returning from Anthony in a heavily loaded wagon and upon entering the river the wagon pitched forward over the steep bank so forcibly as to throw them both in the river. The wagon passed over Mrs. Wilkinson's arm and rendered her helpless, but her son fortunately was uninjured and rescued her. She is now quite ill from the shock.

From the Citizen.

Miss Lizzie Etheridge came up from El Paso. She has not quite recovered from the operation that was performed upon her at St. Luke's hospital.

The annual reception, given by the agricultural college to students at the beginning of each school year was held last night at the girls dormitory and everybody had a good time.

Miss Mary Waters, who has just completed eight years of study in music, in the best German methods and under superior advantages, has been secured to take charge of the music department at the agricultural college.

The college boys held a meeting Friday, for the purpose of organizing a military company and adopting uniforms. Everybody seemed to be heartily in favor of it, and a company will undoubtedly be organized. Mr. Rex Hart was elected captain. A meeting will be held Monday to further discuss the subject. It is certainly a good idea and we hope it may materialize.

A SIMPLE QUESTION.

Albuquerque People are Requested to Honestly Answer This.

Is not the word of a representative citizen of Albuquerque more convincing than the doubtful utterances of people living everywhere else in the union? Read this:

Mrs. W. C. Wood, (W. C. Wood, employed in the Santa Fe railroad shops) residence, 720 South Broadway, says: "When on a visit to Fall River, Mass., I learned that Doan's Kidney Pills had been a household necessity in that city for years. Naturally when a person has backache themselves and friends, acquaintances and relatives continually insist that a particular remedy shall be tried, you at least consent to take a course of the treatment. I used Doan's Kidney Pills and they stopped an aggravated attack of backache, only one of many which had occurred in the past. When I came west I brought with me a dozen boxes of Doan's Kidney Pills long before they were so extensively known in California, as at present. I have not the slightest hesitation in publicly stating that I know from experience as well as observation that this remedy can be absolutely depended upon in all cases of kidney complaint causing backache, lumbago or other symptoms which follow in the wake of that far too prevalent annoyance."

Just such emphatic endorsement is plentiful in Albuquerque. Call at the Alvarado Pharmacy and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Grand Duke Leaves Newport.

Newport, R. I., Sept. 18.—The Grand Duke Boris, who has been dined and wined during the past two weeks by Newport's high society, leaves today for New York, whence he sails tomorrow for Europe. The grand duke expresses himself as delighted with American hospitality. He says he had no idea of making such a long stay in this country, but the sights have been so bewildering and the pleasures so numerous that he now regrets that his engagements abroad make it imperative for him to depart.

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me." For sale by all druggists.

Burkamp May Get It.

Bellevue, Ky., Sept. 18.—The republican congressional convention of the Sixth district was called to order this morning in the Balke opera house by Chairman R. P. Ernst of the congressional committee. Indications point to the nomination of William Burkamp, former member of the state legislature.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for consumption, cough and colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night. Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at all drug stores."

Thirty-six years of continuous success

Just think what that means. Thirty-six years in business, each year more successful than the previous one, with never a backward movement, constantly growing larger, ever increasing in popular favor. How many concerns in this country have such a proud record? How many that were doing business thirty-six years ago are even in existence to-day? Very few. But thirty-six years of continuous success and still growing larger. Think of it! How has it been accomplished? In just this way. By selling absolutely pure whiskey, direct from our own distillery to the consumer, with all its original richness and flavor, saving him the enormous profits of the dealers, and by carrying out to the letter every statement or offer that we make, thereby creating a confidence with our over a quarter of a million satisfied customers that cannot be broken.

For Better Cities.

St. Paul, Minn., Sept. 18.—Delegates from all over the United States and Canada will compare notes on the improvement of cities, at the convention of the American League of Civic Improvement in this city next week. It is a comparatively new organization, as this meeting will be its second national convention.

The subjects to be discussed cover a wide range. Some of them are smoke abatement, outdoor advertising, signs and street architecture, the arts and crafts movement, and public recreation. The annual address will be presented by Professor Charles Zeublin, of the University of Chicago.

A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. B. Railroad Topics

The Santa Fe hospital, in Needles, is undergoing some sanitary improvements.

Western roads will make reduced rates to towns in which President Roosevelt will speak.

The fight of the Pennsylvania and Wabash in Pittsburg threatens to become a political question.

Rumor has it that the "Frisco and Big Four" will make a close traffic agreement. The Rock Island is also said to be in the deal.

Fireman Miller, of Albuquerque, N. M., has taken to Topeka two dead locomotives from the Santa Fe Pacific. They are to receive heavy repairs at that point.

Peter Dorsch has been in the Santa Fe yards in Emporia, Kan., since 1870. There are several men on the Kansas division who have been on the road twenty years.

It is said that the demand for engineers and firemen was never so great as at present. Increase in motive power by all roads has had the effect of lessening the supply of good men.

A Santa Fe conductor, on a Los Angeles train, told a reporter of the San Bernardino Sun that his grandfather remembered a sign which was erected at a point on a double track railroad in Ireland, to the effect that, "When two trains meet here they must come to a standstill until they have passed each other."

Engineer Lee Shallenberger, who was called to Mexico, Mo., some weeks ago by the death of a brother, is expected home this evening. The deceased brother was at one time employed on the Santa Fe and ran an engine out of Albuquerque several years. He was killed in a railroad wreck near Mexico. Mr. and Mrs. Shallenberger expect to move to San Marcial in the near future.

It is rumored that the Rock Island railway has made President Eddy and his people an offer for the El Paso & Northeastern, or \$3,000,000 cash above the inventory price of the road. This does not include the Alamogordo & Sacramento Mountain railway or the Alamogordo Lumber company. The Rock Island people, it is said, have given the El Paso & Northeastern people until the first of January to consider the proposition, when if they turn the proposition down the Rock Island people state that they will parallel the El Paso & Northeastern from Santa Rosa to El Paso.

President E. P. Ripley, of the Atchison, Topeka & Santa Fe railroad, who is at present in New York attending a meeting of the full board of directors, adds his opinion to those already expressed on the general prosperity of the west. Should present indications of fine weather and moderate temperature north of the Atchison road be continued during the next ten days, a bumper crop exceeding the 2,000,000,000-bushel mark will be the result. Western roads generally will be in good shape to handle this immense yield when the busy season commences in December next, and no shortage of cars is anticipated. The affairs of the Atchison road are in a satisfactory condition and good progress is being made with the line at present under construction in Oklahoma.

PROSPEROUS FOR RAILROADS.

Mudge Says There Will Be Business for All.

H. U. Mudge, general manager of the Santa Fe, returned to Topeka from Fort Madison, Iowa, where he spent Sunday with his son. The Kansas City papers took Mr. Mudge's visit to Kansas City as having some significance in relation to the new passenger station, the Santa Fe ice plant which is to be built there and other improvements of

that road. It was announced Monday that the Santa Fe had purchased thirty-eight acres of land in the vicinity of Argentine, to be used in additional yard facilities, that point being one of the leading ones on the system for the handling of cars and requiring much room in certain seasons of the year.

"Haven't heard a word of any strike," said Mr. Mudge, in response to a suggestion that Monday was the day set for 100,000 trainmen on western railroads to strike for an increase of wages. "No demand has been served upon us for an increase of wages. Probably nothing in the report."

"It is reported that one of the western railroads has been discharging every alternate section hand," said the reporter.

"It isn't the Santa Fe," replied Mr. Mudge. "We have been short of section hands for some time and recently made an advance of 15 cents a day in order to get enough section hands to do our work. We are getting ready to move the corn crop. There will not be as large a movement of corn out of Kansas as would naturally be expected. Still, there will be enough to keep us all busy. There will be a good deal of corn fed in Kansas and the west. Farmers are beginning to realize that corn brings larger returns when it is fed and sent to market in fat cattle and hogs. But it is a big prosperous year with the railroads."

"Yes, I look for some immediate action in the matter of the new union passenger station for Kansas City," continued Mr. Mudge. "The members of the secret committee are returning from their summer vacations and getting into the harness again. There will be another meeting of the secret committee very soon. Several plans were considered at the meeting of the committee, but nothing definite was determined upon. That is, no plan was accepted."

UNVEILING AT GETTYSBURG.

Reunion of New York regiments and the Slocum Statue Dedicated.

New York, Sept. 18.—The New York members of the Society of the Army of the Potomac, under escort of the Seventh regiment, will leave here tonight for Gettysburg to attend the thirty-third annual reunion. The reunion will be of extraordinary interest this year as a feature will be the unveiling of the equestrian statue of General H. W. Slocum. The governors of New York, Pennsylvania and New Jersey will speak, as will also prominent officers of the army. Besides the Seventh regiment of this city there will be in attendance the veterans of the Nineteenth infantry and five batteries of artillery, which served under General Slocum. The statue is erected by the state of New York, of which state General Slocum was a native.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. De Witt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much mood and strength," says J. C. Phillips, Paris, Ill. "De Witt's Witch Hazel Salve cured me in a short time." Soothes and heals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Joseph Suhli, who used to assist the engine inspector at Emporia, is now firing out of San Marcial, N. M., for John Gallagher, another old Emporian.

Nothing Like Oil.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow. For sale by all druggists.

Albert Walker, a draftsman in the Topeka mechanical department, has returned to that city from Colorado and Albuquerque, N. M., where he spent his two weeks' vacation.

Saturday afternoon we will have a special display of hats for school misses. Foster millinery company, 312 West Railroad avenue.

In the shops on the western lines of the Santa Fe there is more business than the company can take care of. Early in the afternoon, although later in the year it is believed there will be a little more of a respite.

PATRIOTISM

The stomach is a larger factor in life, liberty and the pursuit of happiness than most people are aware of. Patriotism can withstand hunger but not dyspepsia.

The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier, and a faint finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion are promptly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It builds up the body with sound flesh and solid muscle.

"After I received the advice which you gave me in regard to my treatment," writes Geo. Dornier, Esq., of 303 Pulaski Street, Baltimore, Maryland, "I used your 'Golden Medical Discovery' according to directions. After using four bottles I considered myself cured. I have not felt any symptoms since. Had tried almost all remedies that I heard of that were good for dyspepsia, but without relief. Finally, I became discouraged and wrote to you for advice, with the above result."

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

A Communication.

Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Notice for Publication.

Department of the Interior, Land Office at Santa Fe, N. M., August 16, 1902.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before U. S. C. Commissioner John W. Corbett at East View, N. M., on Sept. 27, 1902, viz: Juan Jose Montoya for the lots 1 and 2, and 4, sec 24, T 6 N, R 5 E.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Jose Seleriano Sanchez, of Torreon, N. M.; Lorenzo Samora, of Torreon, N. M.; Jose Samora, of Torreon, N. M.; Todorilo Maldonado, of Torreon, N. M.

MANUEL R. OTERO, Register.

Headache...

The following is quoted from a late work on the diagnosis and treatment of the diseases of the eye, by Edward Jackson, A. M., M. D.:

"It ought to be universally recognized that eye-strain is the common cause of headache. Aside from headache produced from fever, toxemia and organic disease of the brain and its membranes, eye-strain is almost invariably a factor in the production of headache. The headache of eye-strain is not of any special character—it may be constant or intermittent, slight or severe, felt only on the use of the eyes, or felt after their use, continuous or recurring irregularly or at certain intervals. It is aggravated by many other causes, such as hunger, exhaustion, exposure to heat or cold, or indigestion, or it may seem entirely independent of other influences. In the majority of cases eye-strain is not the only factor in the production of headache, but it may be the only factor of practical importance because it alone can be removed, and its removal will give relief. Such head aches are generally felt in the frontal, temporal or occipital regions."

Read the above again, and remember that eye-strain is relieved by glasses properly fitted. We are in every way equipped for scientifically testing the eyes and determining the right glasses. In every case absolute satisfaction is guaranteed. Prices are as reasonable as good work will justify.

\$2.50 SHOES FOR WOMEN

The only thing slow about these shoes is the long time it takes them to wear out. Otherwise they are quick. Push their way to the front and help you save money. They are made of fine vici kid, with either hand turn or Goodyear welt extension soles, opera or military heels. The long vamp and coin toe gives to the foot that distinguished looking slender appearance and prevents the cramping of the toes. Do not fail to examine them.

NEVED TOO MUCH... trouble to do anything that adds to the convenience of our patrons. Our first care is that the best goods in the market arrive at our store. Our second care is that our prices are right—and that efficient and careful salesmen look after your interests. Our third is, the goods reach your residence promptly and in good condition.

ANNOUNCEMENT.

To the Ladies of Albuquerque:

Finding it impossible to dispose of my business, except at a great pecuniary loss, I have concluded to remain in business for awhile longer and will immediately go east to make personal selections, desirable and suitable for New Mexico, and Albuquerque in particular. I hope to show the ladies some exquisite fall and winter styles by Thursday, September 25, and, owing to certain circumstances, I ask the indulgence of the ladies until that date, feeling absolutely certain that they will be justified in waiting.

For health reasons, I will have no public opening day this fall.
