BANKER KILLED

Nicholas Fish Dies in Roosevelt Hospital.

SKULL FRAGTURED IN A SALOON.

Women and Wine Led to His Untimely Death.

CATHOLICS WERE MURDERED IN CHINA.

New York, Sept. 16.—The police are still seeking for facts which led to the death of Nicholas Fish, the banker, found with his skull fractured in front of a saloon in West Forty-Fourth street yesterday afternoon, who died early this morning in Roosevelt hospital. Mrs. Libbie J. Phillips, 38 years old; Mrs. Nellie Casey, 39; and Thomas J. Sharkey, 48, a private detective, were arrested early today in connection with the case. According to the police, Fish entered Ehrhardt's saloon yesterday afternoon with Mrs. Phillips and Mrs. Casey. The police say that Mrs. Phillips knew who Fish was, but neither Mrs. Casey nor Sharkey, who subsequently joined the party, were aware of his identity. The police say that when Fish's money was exhausted he announced that he would have to draw a check. Sharkey questioned his ability to make the check good. Fish took offense and angry words ensued. Then some one slapped Fish's face. One of the women, clinging to Fish's arm, dragged him to the sidewalk. Sharkey finally went out. There was a scuffle, by whom commenced is not known. Fish fell or was knocked down, his head striking a flagstone. Just before the scuffle Mrs. Casey left the party. After Fish fell, it is said that Sharkey boarded a street car, closely followed by Mrs. Phillips. Fish was lying unconscious on the sidewalk when a policeman appeared. He was taken to the Roosevelt hospital. Mrs. Casey, Mrs. Phillips and Sharkey were arraigned today in the police court and held for the coroner.

Fish was 53 years old, the son of Hamilton Fish, ex-secretary of state. Of his brothers, Hamilton was the speaker of the New York assembly, and Stuyvesant is president of the Illinois Central railroad.

Coroner Jackson made an examination of Fish's body. He said that no fracture of the skull was found. He believed that death is due to paralysis of the brain, caused by a blow on the left side of the face or head.

Coroner Jackson held Sharkey in \$10,000 bail, and Mrs. Phillips and Mrs. Casey \$500 bail each as witnesses. Sharkey made the following statement:

"I went into Ehrhardt's with two women with whom I am acquainted. I called Fish to come over to have a drink. Sat down with them. Fish seemed to take offense at my being there. We had a few words and he struck me. Then I went out one door and he the other. He must have stumbled down the steps."

Chinese Murder Catholics.

London, Sept. 16.—A dispatch to a news agency from Peking says:

"Catholics here understand that from 300 to 1,000 converts have been killed by Boxers in the province of Sze Chuen."

CANNOT AGREE.

Anthracite Coal Miners' Strike Cannot Be Satisfactorily Settled.

New York, Sept. 16.—A conference of the leading anthracite coal interests was held this afternoon. Among those present was President Baer, of the Reading road. The precise subjects of the conference could not be learned, but it was stated that no concessions would be granted and that recent events of a semi-political character would not be seriously considered. Following the meeting with J. P. Morgan, John Markle said:

"There is just one way to end the strike—by the men returning to work. We have defined our position and will maintain it."

THE BIG FAIR.

A Batch of Interesting Notes Regarding Territorial Exposition.

THE LATEST POINTERS.

The Santa Fe Railroad company will be represented in the parade by two or three fine floats arranged by the local shops employees.

The cowboy tournament is moving along nicely, and the best ropers and broncho busters in the country will be here to make sport for the masses.

A number of merchants are beginning to fix up for the fair. The front of the drug store of J. H. O'Reilly & Co. is receiving a new coat of paint.

There will be plenty of Navajo Indian dancing, and the show they will make on one of the principal streets of the city will be worth traveling a long distance to see.

The board of county commissioners appropriated \$150 for an exhibit of the resources of this county. With \$150 to his credit, any good man can make a fine display for Bernalillo county.

City Marshal McMillan is looking around for some good men for extra police duty. He has his optics on a few and will land them in advance before they otherwise engage their services.

J. H. Lightfoot, of Nogal, N. M., in a letter to the fair management, says he is getting up a fine mineral and fruit exhibit for the fair from Lincoln county, and of course wants space in the floral hall.

"We feel very grateful," said Colonel Twitchell, the base ball manager and manager, "toward Albuquerque for helping us out last Sunday and as I have always borne a truthful reputation you can rely on 500 people from Las Vegas at the territorial fair."

The base ball committee, to secure funds to defray the expenses of the professionals to represent this city at the fair, has reached \$900 in subscriptions, but must have \$1,200 before closing the good work. That amount will be needed and every cent will be accounted for.

The ping pong editor of The Citizen says "that a ping pong tournament of great magnitude will no doubt be one of the attractions of fair week." This game is almost as interesting as checkers, still the ping pong editor of this paper says positively that everybody who plays it has a "hot time."

The art department of the fair will be under the management of a most thorough lady, who will have equally as thorough ladies as her assistants. Mrs. A. N. Kern was in charge last year, and President O'Reilly has signified his intention to offer her the position again for the approaching fair.

P. F. McCanna, secretary of the fair, and W. L. Trimble, the horseman, will have tonight for Pueblo, where the state fair is in session this week. After seeing and conversing with the officials and horsemen there, they will visit Denver on territorial fair business. They will be absent a week or ten days.

Col. John Borradaile, who was recently named grand marshal of the trades' display and parade, is arranging a list of his aides, and will announce their names in a few days. He will call on the merchants shortly and hopes to persuade everybody seen to get out in the parade with an appropriate float.

The churches of the city have secured the use of the Salvation army tent for fair purposes, and will probably remove the tent from South Second street to the vacant lots corner of Gold avenue and Third street. Visitors to the city, especially church people, will find a royal welcome from the local church members at this tent.

El Paso will not have the famous Pittsburg team at the fair this fall, but the aggregation that will represent that city will be just as strong. Note these names: Deleahanty, left field; Wyatt Lee and Adkins, pitchers; John Ganzel, first base; Farrell, second

Santa Fe Trainmaster Killed at Emporia.

PRESIDENT ENTERTAINS SENATORS.

Distinguished Texas Soldier and Educator is Dead.

TRYING TO PREVENT THE PRIZE FIGHT.

Emporia, Kan., Sept. 16.—Edwin E. Ives, trainmaster of the middle division of the Santa Fe railway system, was killed here by being run over by a switch engine, and E. Austin, trainmaster of the eastern division, whose home is at Topeka, was struck by the engine and hurt, but not seriously. They stepped off on the track in the yards to avoid a train and got in front of another.

President Entertains Senators.
Oyster Bay, L. I., Sept. 16.—President Roosevelt had as guests at luncheon today Senators Hanna, Spooner, Allison, Aldrich and Lodge. They probably will leave on a late night train for New York. Postmaster General Payne also arrived this morning and will participate in today's conference. He said that the conference would touch upon the congressional situation and other political questions.

Death of Col. Banks.
Bryan, Texas, Sept. 16.—Col. William A. Banks is dead, aged 59. Banks was a native of Virginia, and a graduate of Washington and Lee university. His life was spent in educational work. Banks served through the civil war as colonel of a Virginia regiment, participating in the raid on Harper's Ferry, where John Brown was captured and killed.

TRYING TO PREVENT FIGHT.

Courts of Kentucky May Enjoin Prize Fight at Louisville.

Louisville, Ky., Sept. 16.—Attorney General Pratt today filed suit for an injunction to prevent the contest between Terry McGovern and Young Corbett. The case will be argued Thursday.

It is expected that a decision will be handed down promptly in order that the status of the contest can be determined at once. Should the decision be against the match, the fighters' attorneys say the case can be taken at once to the court of appeals and pushed through in ample time for the contest. The petition alleges that the prize fight will bring together a dangerous assemblage of many thousands of persons which will have a demoralizing effect on the well being of the community and that the contest is contrary to the laws of the state.

Col. O. W. Case Dead.
Information of the death of Col. Oliver W. Case, of Kirkwood, a suburb of St. Louis, has been received in Fort Worth, Colo. Case died at his home last Sunday night. He was well known in Texas. After a service of five years as superintendent of the Pacific Express company in Texas, he resigned in May, 1901, and went to Cloudcroft, N. M., where he owned a summer cottage, to spend the heated term. He spent the summer months of last year there and returned to St. Louis, his former—Alamogordo News.

Held a Conference.
Wilkesbarre, Pa., Sept. 16.—Samuel Gompers, president of the American Federation of Labor, and executive officers of the miners' union held a lengthy conference today.

HERE FROM SOCORRO.

What C. T. Brown Says About Mining Congress at Butte, Mont.

C. T. Brown, the Socorro mining man, came up from that place this morning and is spending the day in the city. Mr. Brown has just returned from Butte, Mont., where he attended the fifth annual session of the international mining congress. He reports the session successful in every respect. The United States government had four able geologists present, who read papers before the congress, treating on mining of the United States, and giving some excellent ideas.

The congress adopted a resolution petitioning congress against the passage of the Kearns bill.

The congress also adopted a resolution, tendered by Mr. Brown, petitioning congress to pass the Grosvenor bill, which relates to the government granting aid to the different mining schools of the United States.

Another important action taken by the congress was the changing of the

name of that body. It will hereafter be known as the American mining congress instead of the International mining congress.

Mr. Brown says that the city of Butte treated the visitors most cordially. A free excursion was run out to the Anaconda smelting plant, for the benefit of the visiting delegates. The Anaconda, which is the largest plant of the kind in the world, kept open house and the visit was a pleasant one. At the Anaconda the ore is handled automatically from the car, through the different departments of smelting, and out to the cooling room as the pure metal.

The attendance at the congress was about 300 delegates.

Mr. Brown returned by way of Salt Lake City.

DR. BENHAM SUICIDES.

Ends His Life by Taking Poison—Dies in Great Agony.

WIFE REFUSES TO SEE HIM.

The Citizen received this morning a copy of the News, published at Bickleton, Klickitat county, Washington, giving an account of the death by suicide of Dr. R. B. Benham, well known in this city and lately of the Coconino mining district at Bland. The Citizen will not rehash the details leading up to and following the escape of the doctor from Bland with the wife of a well known citizen of that town, but here reproduce the facts of his recent suicide by poison in Washington.

The little city of Cleveland was startled last Sunday by the intelligence that Dr. R. B. Benham had taken poison with suicidal intent. He was seen about 8 o'clock that morning by some of the neighbors, who said that he walked from his residence to the corner of W. G. Fager's store and that he stood there a short time and then turned and went back home. He was next seen when Mr. Long went to call him to his dinner and was seen sitting or lying on the floor trying to tear his clothing from his body. The alarm was then given and everything done that was possible to save him, but without avail. Dr. Brockman was summoned and arrived there but a few minutes before his death.

Dr. Benham told Mrs. Long not to call him Sunday morning as he was liable to sleep late and would get up and make a cup of coffee for himself and that would do him till dinner. Parties were sent from Cleveland to Mahoning to summon Mrs. Benham, his wife, who was supposed to be in Seattle, but whose address the doctor gave wrong, whether intentionally or otherwise will never be known and it was not discovered until a letter was found from her giving the correct number of address.

There are a great many different stories afloat as regards the cause of the rash act but the News does not feel justified in sifting them, as an injustice might possibly be done innocent parties.

Mrs. Benham left Seattle on the day of the suicide for Walla Walla and passed through Walla Walla while parties were telegraphing for her, but unknown to them. She went to Walla Walla and remained there for a short time and came to Arlington and there informed of the doctor's death.

It was supposed she would return at once to Cleveland, but the stage driver informed us that she positively refused to come and requested to have a coffin sent from Goldendale and have the body prepared for burial and she would have it sent to Walla Walla, but being informed that it would be impossible to keep the body until a casket came from Goldendale she concluded to have one sent from Arlington and have the body brought there and shipped to Walla Walla.

The death of the doctor, owing to his standing in the community, was one that could hardly be realized. He was a retired physician and surgeon of the United States army and it is said that he drew quite a pension from the government.

Since writing the above we have been informed that Mrs. Benham has sent word to Mrs. Withrow to have everything attended to and she would pay for the same.

The citizens of Cleveland have expended considerable money and driven many miles to find her, and now when she is in twenty-five miles of home she refuses to come and do her duty in the matter, it causes a wave of just indignation to sweep over the people of Cleveland, and they were not slow in informing her by letter to that effect. To say the least, her action in the matter is a little peculiar.

An undertaker came in from Walla Walla on Wednesday and embalmed the body and took it to that city for interment.

THE ODD FELLOWS

Grand Parade of the Order at Des Moines.

SENATOR BARD SERIOUSLY SICK.

Pennsylvania University Team Opens the Football Season.

PRIMARY ELECTIONS IN MINNESOTA.

Des Moines, Iowa, Sept. 16.—The great spectacular feature of the Odd Fellows' convention in this city was the parade which took place today. The city was gaily decorated with bunting, and the streets were thronged with thousands of people. All public buildings, stores and offices closed at noon. The number of men in the parade is variously estimated at from 25,000 to 30,000, occupying three hours to pass a given point. The chief marshal of the procession was Gen. E. E. Lambert, of Newton, Iowa. The first division was made up of the visiting cantons from all parts of Iowa, Illinois, Minnesota, Nebraska, Missouri and several other states. The sovereign grand lodge turned out in full force and was escorted by the Patriarchs Militant. The second and third divisions were made up of Odd Fellows from many states. The fourth comprised more than 100 carriages containing the past grand sires and others in high office. In the fifth division were carriages containing aged and infirm members, representing more than 100 lodges. Fifty brass bands and ten drum corps furnished music for the parade. Governor Cummins and staff reviewed the procession from the east portico of the state capitol building, and there were other reviewing stands along the route occupied by Mayor Brenton and the city officials and by Grand Sire A. C. Cable and staff.

In the election of officers of the sovereign grand lodge of Odd Fellows today the only contest was over the deputy grand sire, who, by custom, will become grand sire at the next session. R. A. Wright, of Allerton, Pa., was elected upon the second ballot after a heated contest.

Senator Bard Sick.

Los Angeles, Cal., Sept. 16.—10 a. m.—It was announced by his attending physician that Senator Bard was resting easier and there were slight signs of improvement in his condition, which is still very critical. He is suffering from pneumonia.

Penn Begins Foot Ball Season.

Philadelphia, Pa., Sept. 16.—The University of Pennsylvania foot ball eleven line up on Franklin field today for the opening game of the season, the opposing team being that of Lehigh university. Pennsylvania's schedule is lighter this year than for several seasons past. The Thanksgiving day match with Cornell will be the biggest game on the home field. Harvard will be played at Cambridge November 8. Other teams to be met during the season are those of Brown, Columbia, Carlisle, Franklin and Marshall and the Annapolis naval cadets.

Primary Election Law.

St. Paul, Minn., Sept. 16.—Minnesota voters today, for the first time, were given an opportunity to select their own candidates by direct vote at the primaries, under a law passed by the last legislature. When the polls close tonight, the result will be ascertained by the regular election judges and announced to the proper officials for placing on the official ballots.

New York, Sept. 16.—Lead—\$42½; Copper—\$11.75@12.00.

Kansas City Live Stock.

Kansas City, Sept. 16.—Cattle—Receipts, 30,000, the heaviest on record. Market steady to 15c lower. Native steers, \$3.80@7.50; Texas and Indian steers, \$2.25@3.50; Texas cows, \$2.00@2.80; native cows and heifers, \$1.35@3.50; stockers and feeders, \$2.55@5.00; bulls, \$2.40@3.50; calves, \$3.00. Sheep—Receipts, 5,000. Steady. Muttons, \$3.15@4.00; lambs, \$3.75@4.25; range wethers, \$2.75@4.00; ewes, \$2.00@4.00.

A Thrilling Military Spectacle.

The only real battle, on land, in the Spanish-American war, was that fought at San Juan hill. It was, in its way, as potent as the naval victories at Santiago and Manila, in smashing Spanish pretense. Fortunately it was well adapted for spectacular reproduction—by a force of sufficient magnitude—and so for service as an object lesson in martial achievement. Buffalo Bill's Wild West presents it in

magnificently realistic fashion, being enabled thereto by the great number of trained soldiers in its troupe, some of them veteran Cuban insurgents and others Roosevelt Rough Riders who were actually in that engagement. Buffalo Bill comes to Albuquerque on October 3.

The Carlsbad Argus Sold.

W. T. Reed has bought out the interest of A. D. Greene in the plant and good will of the Carlsbad Argus, and is now sole owner. However, for some time to come, there will be no change in the editorial staff, L. O. Fuller remaining as editor and Mr. Green as local editor. Mr. Reed has been the practical manager of the Argus for a number of years. The political complexion and general policy of the paper will remain unchanged.

OFFICIAL MATTERS.

Territorial Funds—Whiteman to Visit Fort Riley—New Incorporation.

DELEGATES NAMED.

Homestead Entries—Benito Trujillo, Wagon Mound, 120 acres, Mora county; George Gerhardt, Luna, 160 acres, Guadalupe county.

Territorial Funds.
Territorial Treasurer J. H. Vaughn has received from Treasurer and Collector Rinaldo Martinez, of Union county, \$242.93 of 1901 taxes; and from Treasurer and Collector I. N. Jackson, of Otero county, \$259 of 1901 taxes.

Will go to Riley.

Adjutant General Whiteman will leave about September 25 for Fort Riley, Kan., where by direction of the governor, he will witness the maneuvers of the United States troops and national guards from many western states which will begin the following Monday. It is hoped to hold an encampment of the New Mexico national guard next year and the observations made at this time will be of benefit then.

Laundress Wanted.

Superintendent C. J. Crandall, of the United States Indian school, was at Albuquerque Sunday endeavoring to engage a laundress for the school, but was unsuccessful. He is now looking for applicants from Santa Fe for the position. Mrs. Edith Dodson, the present laundress at the school, has been transferred to the school at Otero, Okla., and has left for her new post of duty.

Incorporated.

Articles of incorporation were filed of the Moise Brothers' company. The company is authorized to deal in general merchandise, lumber, ranch property, real estate, and to operate ranches and trade in live stock. The capital stock is \$40,000, divided into 400 shares of \$100 each and its term of existence is fifty years. The principal place of business is Santa Rosa and the directors are Julius J. Moise and Sigmund S. Moise, of Santa Rosa, Solomon Stern and Albert Moise, of Morcellus, Cass county, Mich., and Dan Stern, of Allegan, Mich.

Delegates Named.

Governor Otero announced the delegates appointed to represent New Mexico at the tenth national irrigation congress which will be held at Colorado Springs, from October 6 to 9. Those named are G. A. Richardson, Roswell; Edward Hatton, Red River; R. W. Tansill, Carlsbad; F. H. Pierce, East Las Vegas; E. A. Miera, Cuba; G. W. Knaebel, Santa Fe; ... A. Hawkins, Alamogordo; Martin Lohman, Las Cruces; W. S. Hopewell, Hillsboro; H. M. Dougherty, Socorro; Eusebio Chacon, Las Vegas; A. L. Hobbs, Raton; W. M. Reed, Roswell; W. H. H. Llewellyn, Las Cruces; John A. Koontz, Aztec; D. K. B. Sellers, Farmington; Lou H. Brown, Deming; J. S. Van Doren, Bluewater; George L. Brooks, Albuquerque; A. R. Burdick, Faywood.

Miss Claude Albright, daughter of Col. and Mrs. Albright, who has been spending her vacation with her parents in this city, will leave on the flyer tonight for New York city, where she will confer with Savage, the manager of the Castle Square Grand Opera company. If satisfactory arrangements are made Miss Albright will return to Albuquerque for a six weeks' rest before appearing as leading contralto of the grand opera company. In such an event the people of New Mexico may have an opportunity of hearing her in a concert during fair week. If not she will return to Europe to sing in the Opera Comique in Paris, France.

W. T. Middleton, a well known citizen of Golden N. M., is here today on business.

STRIKERS PICKET THE SHOPS.

Big Forest Fire Raging in Platte Canyon, Colorado.

THE BOSTON WOOL MARKET IS QUIET.

New York, Sept. 16.—The North German Lloyd steamer Kron Prinz Wilhelm arrived in port today from Bremen, Southampton and Cherbourg, beating all western records, a run of 3,047 miles in five days, 11 hours and 57 minutes, at an average speed of 23.09 knots per hour. The time is 3 hours and 35 minutes better than the best previous westward record of the Kron Prinz Wilhelm and 26 minutes better than the time of the Deutschland.

Strikers Picket Railroad Shops.

Omaha, Neb., Sept. 16.—Notwithstanding the court's order of yesterday, the Union Pacific strikers placed thirty-two pickets on duty in the vicinity of the railroad and shop yards. None, however, ventured on railroad property, and instead of moving about in groups, they kept well separated, no two appearing together at any time. There was a large squad of policemen patrolling the vicinity. No clash occurred.

Forest fire in Colorado.

Denver, Colo., Sept. 16.—Fifty men under direction of Henry Michelsen, government agent, are fighting fire in Platte canyon. Unless heavy rain or snow comes all the timber between Grant and Shawnee will be destroyed. At Eldora a dangerous fire is burning, and the fires at the head of Chicago Creek are again beyond control. Fire on the Medicine Bow range in Wyoming is advancing towards the Colorado state line.

Boston Wool Market.

Boston, Mass., Sept. 16.—The wool market has been very quiet this week with prices strong. Fine territories are especially firm with a fair movement. Fine staple territories are quoted at 55@56c; one and five medium, 50@52c; medium, 43@46c; fine washed fleeces are especially firm.

"CONSCIENCE."

A Large Crowd Greeted the Drummer Preacher Last Night.

"Conscience" was the subject of Evangelist Williams' sermon last night at the Highland Methodist church and it proved to be one of his strongest deliveries.

Mr. Williams has proven himself workman that needeth not to be ashamed, rightly dividing the word of God. He has stood squarely upon the word of God in all his work here, and it is not surprising that he has made a better impression upon the church and community than any evangelist that has labored in the Highland church for many years.

Only three more services and the meetings close.

The subject tonight is "The Tears of Jesus." Everybody welcome.

Let large crowds hear Mr. Williams during these closing nights.

Will be Released.

Chicago, Sept. 16.—The grand jury today voted "no bills" against Oscar Thompson, John Claffey and Edward Counselman, who were arrested in connection with the Bartholin-Mitchell murder mystery. The immediate release of the men is expected.

In a ball game Sunday afternoon at the fair grounds between the Old Town Tigers and the Santa Fe Pacific shops team, the score stood 7 to 7 at the end of the ninth inning. At the beginning of the tenth inning a dispute came up and the game ended unsatisfactorily. Quite a sum of money was at stake on the outcome, and all interested have left the matter to Harmon Wynkoop for settlement. He will hear both sides of the question and give his decision this evening.

Dr. F. O. Keyes is the proud possessor of a couple of interesting and valuable old newspapers, which have been handed down by several generations of his wife's family. The "Gazette of the United States" was printed on April 20, 1789, by John Ferro in New York city. The Ulster County Gazette is the name of the second. It was published in New York city, January 4, 1800. The papers are badly worn by much handling and are yellow with age.

CALL FOR A REPUBLICAN TERRITORIAL CONVENTION.

A delegate convention of the republican voters of New Mexico is hereby called to meet in the city of Raton at 11 o'clock in the morning of Friday, the 10th day of October, A. D. 1902, for the purpose of placing in nomination a candidate from New Mexico to the Fifty-eighth congress, and to transact such other business as may properly come before said convention.

The republican electors of this territory and all who believe in the principles of the republican party and in its policies as announced in the national republican platform adopted by the republican national convention, held in the city of Philadelphia, June 19, 1900, and who believe in and endorse statehood for the Territory of New Mexico and favor an honest, fair and just administration of public affairs in this territory are respectfully and cordially asked to unite under this call and to take part in the selection of delegates to the territorial convention.

The several counties will be entitled to representation as follows:

County.	Delegates.
Bernalillo	22
Chaves	3
Colfax	3
Dona Ana	8
Eddy	2
Grant	2
Guadalupe	3
Lincoln	5
Luna	2
McKinley	3
Mora	7
Otero	3
Rio Arriba	10
San Juan	2
San Miguel	17
Sierra	10
Socorro	9
Taos	7
Union	5
Valencia	12

Alternates will not be recognized. Proxies will only be recognized if held by the citizens of the same county from which delegates giving proxies were elected.

County conventions must be held on or before the 6th day of October, 1902. County committees will take proper action and call county conventions at such time and places as they may deem best or on that date.

The chairmen and secretaries of the county conventions are earnestly requested to forward true notice of the proceedings of said conventions and of the names of such delegates as may be elected to the republican county convention to the secretary of this committee by next mail after the call of such convention, addressing the same to Santa Fe, N. M.

Where there are no regular organized county committees the members of this committee are authorized and directed to perform the duties of the county committee and act accordingly.
FRANK A. HUBBELL,
Chairman Republican Central Committee.
Attest: JOSE D. SENA, Secretary.

For Delegate to Congress

B. S. RODEY.

The socialists of this territory intend to nominate a candidate for delegate to congress.

There are in the world 649,333,000 men and 636,333,000 women. The men are thus in a majority of 13,000,000.

The factional fight among the republicans in Santa Fe county will probably result in a democratic victory in that county.

Every lodge and society and church in this city should appoint committees to help entertain visitors during the territorial fair.

The Elks of El Paso will hold a street fair in November, and it is probable that the Elks of Albuquerque will attend in a body.

The troops at Fort Wingate will march to this city and go into camp here during the territorial fair. General Funston and staff, of Denver, will on that occasion be the guests of this

city. The military will form an interesting part of the great exhibition, and the parades and drills and sham battle will please the people.

The Citizen can always be found right at the front favoring anything that will help New Mexico.

An investigator has found out that the centipede has not 100 legs, but varies from 31 to 173. That's an odd number to have.

Owing to an inadequate school capacity, 80,000 children in New York are compelled this year to submit to half-day sessions.

The Filipinos are to be represented by a forty-acre exhibit at the world's fair, and will endeavor to show us that we didn't purchase a gold brick.

According to statistics poor people live longer than rich ones. It is certainly true that the poorer a man is the less use a doctor has for him.

This territory should have a delegation of at least 200 leading citizens at the national irrigation congress, which will convene at Colorado Springs October 6.

With the exception of the little rum-pus between Colonel Frost and Thomas B. Catron at Santa Fe, profound peace prevails in republican circles in the territory of New Mexico.

Modern antiseptic treatment is credited with a reduction in mortality from large caliber wounds in the American army to 8 per cent. In the civil war it was 57 per cent.

The spirit of combine and merger is extending to the churches. The Presbyteries of the Cumberland Presbyterian church in Indiana and Illinois have voted in favor of a union with the mother church.

It is said that Congressman Lacey, of Iowa, as a result of his trip of inspection in New Mexico, will report to congress in favor of setting aside a tract of 150,000 acres of land for the Pajarito park near Santa Fe.

W. S. Stratton, the Colorado multi-millionaire, died at the age of 54. His death was probably hastened by his suddenly acquired wealth, which caused him to lead a more luxurious life than was his habit when a carpenter.

The people of Santa Fe can make their city one of the noted summer resorts of the United States by the expenditure of a little money and enterprise. One of the first things they ought to do is to build several miles of new sidewalks.

Now that Las Vegas is going to be good, the delegation from this county will favor increased appropriations for the Normal university and the insane asylum. In fact, it is safe to say that anything Jim Duncan and Charley Spess wants for Las Vegas will be cheerfully granted.

All talk of an extra session of the senate in November has been abandoned, and the president will devote his time to the preparation of his annual message to congress and in touring. As soon as he returns from his trip to the northwest, the president will start to work on his message to congress, and this labor will occupy most of his time until the first of December.

John W. Gates, who ought to know, declares there are only two men in the world richer than Marshall Field, the great Chicago merchant, whom he rates at \$200,000,000. The two whom Gates puts ahead of him are John D. Rockefeller and Andrew Carnegie. The extraordinary thing about Mr. Field's wealth is that it was not made out of any monopoly or special privilege. Brains, newspaper advertising and a readiness to see and grasp opportunities are what made Marshall Field a multi-millionaire.

STATEHOOD ADVOCATE.

At the recent annual meeting of the Trans-Mississippi congress at St. Paul, C. J. Gavin, of Raton, was elected chairman of the executive committee, and as that association advocates statehood for the territories, Mr. Gavin writes The Citizen that he will endeavor to have a delegation of the association in Washington to urge the passage of the omnibus bill by the senate. In order to do this the committee of which Mr. Gavin is chairman must have some support from the territory of New Mexico.

WORK OF HUNTERS.

The New York Tribune estimates that more than 100 persons have been killed this fall in the hunting field, being mistaken for deer. The number of hunters who have been more or less severely wounded, of course, it is impossible to estimate, but the total can be nothing short of appalling.

The problem of protecting themselves against death at the hands of

their brethren is something that has long vexed sportsmen in every country where big game is hunted. Years ago the fatalities of the hunting field were comparatively few, probably for the reason that hunters used single shot rifles and were more deliberate in firing, owing to their desire to make every bullet count. But the growth of the repeating rifle in favor has put deadly weapons into the hands of thousands of irresponsible persons. Every year sees many "tenderfeet" in the hunting field—men whose knowledge of the proper way to handle firearms is limited to a marked degree. These men, owing to their reckless habit of firing before making sure of the character of the object in view, have brought the annual fatality list into the problem class.

A GROWING INDUSTRY.
An expert special agent of the division of manufactures of the census office has just finished an exhaustive report on the manufacture of electrical apparatus and supplies throughout the country in 1900. Summed up, the report shows that there were 580 establishments in operation, in which \$83,120,943 was invested. These gave employment to 40,890 wage earners, who received, during the year, \$20,190,344 as compensation for their labor. The cost of material used in the manufacturing amounted to \$48,916,440, and the value of the products, including custom work and repairing, aggregated \$91,348,889.

PRACTICE CHARITY.
Rev. Sam Small, for many years an eloquent evangelist and an able writer and speaker on public questions, recently yielded to temptation and became intoxicated. He is not the only one who has made that mistake, but the fact that he had for years been a teetotaler and had won distinction as a minister of the gospel has made him the target for cruel jests and the victim of malicious criticism. It is a sad commentary on human nature that those who themselves make no effort to set a good example, are often prone to exult over the fall of one who is striving to follow a high ideal. For two decades Mr. Small led an exemplary life and rendered valuable service to his fellows and this service remains to his credit; if in an unguarded moment he has been overmastered by an appetite once strong but long suppressed, let us be grateful for the good he has done, charitable toward his recent lapse and hopeful that he may yet have a long career of usefulness before him. If none but the innocent were in the habit of casting stones at the accused it would be easier for the guilty to hear and heed the admonition "Go, sin no more," which for nearly two thousand years has been both a correction and an inspiration to the erring.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequalled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. B. H. Notes from Correspondents

BOY KIDNAPED.

Another Las Vegas Sensation—Attendance at Ball Game—Local Notes.

Special Correspondence.

Las Vegas, N. M., Sept. 15.—"Jimmy" Hume, the irrepressible, has gone and "done it," so Mrs. Hume, his erstwhile wife claims. She was inquiring of your correspondent last evening if he "had seen Jimmy," but he hadn't. She says that Jimmy has kidnaped her boy and broken faith with her again, and as she can get no satisfaction from Mrs. S. A. Douglas, her husband's adopted mother, she claims she is abetting her husband in the trouble making. Mr. Hume came and got the boy Saturday afternoon about 2 o'clock to visit with him, as was agreed by contract between the couple after the last fracas. He had not brought the child back by last night, and the mother thinks he has taken the boy with him to Romeroville, his home, and she is looking for vengeance now. This couple seem to be having more than their share of connubial infelicities. Each blame the other, so you can have your choice.

The attendance at the ball game yesterday was a record breaker, there being close to 1,250 paid admissions, with a cash drawer of close to \$550, larger by about \$50 than the game two weeks ago at Santa Fe.

Herbert Clark left today for Ann Arbor, where he will resume his studies in the university. He will be a sophomore this year.

Misses Eva and Ada Springer left today for New York City, where they will enter the Columbia university.

Louis Bishop left today after a few days' visit here for his home in Birmingham, Ala. He was employed in the freight office here about two years ago.

Del Chambers returned Saturday evening from his trip to Trinidad, and brought Mrs. Chambers and child home.

J. S. Nelson, Sr., who was formerly agent at the hot springs, arrived here yesterday to visit with his family. He comes from Ojo Caliente, Mexico.

James Flint left yesterday on No. 2 for Kansas City, where he will enter a medical school for the winter.

Capt. W. M. Steinwedell, of Quincy, Illinois, after a pleasant visit here with Mr. and Mrs. A. D. Hendrickson, left yesterday for Denver.

C. R. Van Houten returned yesterday from Santa Fe, where he saw the sights of the Ancient City for a couple of days.

Bernard Appell took advantage of the excursion yesterday from Raton to return from his trip up the road.

Mrs. A. C. Whitford left last night for Sacramento, Cal. Her father went through on No. 7 from Newton, Kan., and she accompanied him west.

G. S. Good & Co. have brought suit in Colfax county against William McGoon. The suit is in attachment for the sum of \$3,000, the amount due for tools, grading outfit, etc., sold defendant.

Santiago Aguilar died Saturday of appendicitis, on the west side. He was 60 years of age, and was buried yesterday.

Mrs. S. E. Mills and Mrs. E. H. Salazar took the stage this morning for Santa Rosa for a visit there with relatives.

Judge William J. Mills, Secondino Romero, Capt. L. C. Fort and Col. R. E. Twitchell left on No. 8 last night for Raton, where they will hold Colfax county court.

William White is on the indisposed list today.

Miss Emma Cote arrived here this evening from Chicago and will make a visit with her sister, Mrs. Jack Laubeck.

W. H. Kelly left this afternoon for Chicago, on a trip to combine a little business with a large amount of pleasure. Mr. Kelly will go on to New York and from there take the steamer for the City of Mexico, where he has a position in the treasury department of the Mexican Central.

E. G. Murphy left today for Denver and other points, to enjoy a vacation and look after a few business matters on the side.

D. C. Duell left this afternoon for a trip to New York City. He goes on a pleasure trip and to recuperate from his late sickness.

Hon. Charles A. Spiess went up to Raton this afternoon to help in the courting there.

A. Minnet returned this afternoon from a trip over the northern part of the territory. He reports business fair, despite the fact the crops are short.

Mrs. J. E. Richley entertained most delightfully a number of lady friends Saturday afternoon in honor of Mrs. J. J. Schmidt. The ladies played whist and enjoyed some splendid refreshments.

Benito Bach, of Gross, Kelly & Co., will leave this evening for Los Angeles to visit his mother.

Richard De Graffenreid, residing at Puerto de Luna had the misfortune last week, while at his ranch on the

Yesso, to get kicked by a mule, breaking one of his legs.

Mrs. W. J. Funkhouser and family left today for Trinidad to join her husband, who has a position there. The family will make that city their home.

W. M. Lewis left this afternoon for Colorado Springs to attend the meeting of the Western Funeral Directors' association, which convenes there. He expects to be gone about a week.

Jacob Gross, of Gross, Kelly & Co., departed this afternoon on No. 2 for his home in St. Louis. Mr. Gross has spent most of the summer here.

W. J. Lucas, the new agent for the Santa Fe, will begin checking in to his new position tomorrow, when the auditor arrives on No. 2.

Mrs. G. H. Marshall went up to Trinidad this afternoon to meet her sister and nephew of Dallas, Texas, who are visiting there.

Mrs. J. O. Sherman left this afternoon for Trinidad for a visit with relatives.

Came Near Being a Cripple.

Josh Westhafer, of Logosote, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle, for it saved him from being a cripple.

THE JEMEZ RESORT.

Guests Still at Springs—Hotel Arrivals—Interesting Items.

Special Correspondence.

Jemez Hot Springs, N. M., Sept. 15.—The bath houses are still kept very busy, four wagon loads of campers having arrived yesterday. Block's stage comes in loaded most every trip.

A few days ago a sheep herder ran down two fawn and brought them in to sell to the visitors. He found a ready sale and went away rejoicing.

M. S. Otero is having a hard time fighting his huge boiler into the sulphur springs over the new road lately built. He has been on the road twenty-one days and still hasn't got there yet.

Wm. Berry, who was here for the last two weeks, left on the stage for home, well pleased with his outing.

Late arrivals at Block's hotel: Dick Heller, Cabezon, N. M.; John Pfeuffer, Jack Gundelfinger, Lamy, N. M.; A. C. Edwards, Winslow, A. T.; Abel Fellis, San Rafael, N. M.; James Wood, Madrid, N. M.

L. A. Judt says business was never better. He wears a broad smile.

Salmon, Unes & Aboussleman, the store-keepers, are busy all the time, and consequently are happy.

Block's stage went out with a full load this morning.

Francisco Perera, our postmaster, returned from Albuquerque, where he went to leave a half a dozen of his immense family of children in school.

The fourth crop of alfalfa is about ready for harvesting.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Sold by Alvarado Pharmacy.

Water Cure for Chronic Constipation.

Take two cups of hot water half an hour before each meal and just before going to bed, also a drink of water, hot or cold, about two hours after each meal. Take lots of out-door exercise—walk, ride, drive. Make a regular habit of this and in many cases chronic constipation may be cured without the use of any medicine. When a purgative is required take something mild and gentle like Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

PAPA—Oh, what a pain! I believe I have a fever in the heart.
MAMMA—Nonsense, it isn't your heart, it's your stomach. Every time you eat, this hot weather, you get a sour stomach full of hot gases and acids, and you swell up until your heart hardly has room to beat. If you were not so obstinate, you'd take my advice and keep your insides cool by taking a CASCARET Candy Cathartic every night before going to bed. They work while you sleep and keep you regular in the hottest weather.

CITY COUNCIL.

Bills Approved—Salaries of City Marshal and Police Judge Increased.

LIGHT INSPECTOR ABOLISHED.

The city council met in semi-monthly session last night, being called to order by Mayor Myers.

Present—Aldermen Grunfeld, Beavens, Harsch, Rogers and Harrison.

Minutes of last regular and adjourned meeting read and approved.

The following new bills were read and referred: Charles Goodell, for \$6, to finance committee; Albuquerque Foundry & Machine Works, for \$50, to street committee; B. H. Briggs, for \$4.05, to fire committee.

The finance committee reported, approving the following bills:

Albuquerque Daily Citizen, \$3; J. M. Sandoval, \$3.84; H. Brockmeier, \$5.60; W. Y. Walton, \$2; Pete McFarland, \$2; L. A. Tessier, \$2; R. G. Sweeney, \$2; H. Schulz, \$1.65; D. Weiler & Co., \$16.11; H. Schulz, \$1.50.

Moved by Alderman Harsch, seconded by Alderman Rogers, that report of finance committee be approved and that warrants be ordered drawn in payment of accounts approved at the proper time. Carried.

The following communication was then read:

To the Honorable Mayor and Council: Gentlemen: We desire your consent to place new plumbing in the Central school building for our chemistry class as per plan herewith submitted. Yours respectfully,

R. W. HOPKINS,

President of the Board of Education.

The above request is not one that the plumbing inspector has a right to grant, but the council can in this case make an exception to the rule without injury to anyone and with great benefit to the building. I therefore recommend that the request be granted.

EDWARD B. CRISTY,

Plumbing Inspector.

Moved by Alderman Harsch, seconded by Alderman Grunfeld, that request be granted provided there is no

THE BIG FAIR.

(Concluded from page one.)

base; Coughlan, third base; Beville, catcher; Lewee, short stop; Nance, center field; Gear, right field. These players are the pick of the St. Louis, Washington, Kansas City, Milwaukee and Louisville clubs, and every one has a batting average of over .300. They are stars, and are out for the \$1,000 first money prize. It was learned today, in connection with the above, that Las Vegas will also be represented by a professional club, and the team is likely to come from the top-notchers of the Western League.

A. H. Barkley, the Kansas City float decorator, has accepted the proposition of the fair management, and will be here in plenty of time to decorate the floats for Montezuma, and his daughter, who will be the queen of the fair. By the way, very little interest is being taken in the voting contest for queen. It must be remembered that no section of New Mexico is barred and The Citizen would like to see a move in the direction of queen voting at an early day.

J. H. O'Reilly, president of the Territorial Fair association, has returned to the city from Las Vegas. He went up on the excursion train but stayed over a day in order to talk about the fair. He found the people feeling friendly toward Albuquerque, and they say, taking into consideration the fact that Albuquerque sent 968 people to the Roosevelt Rough Riders' reunion a few years ago and over 300 excursionists last Sunday, that Las Vegas will send down a big delegation to the fair here in October.

The bids for privileges for fair week closed last night. The sealed bids were opened this morning and the privileges awarded as follows: Miguel Duran, bar, \$220; Roberts and Wynkoop, program and score card, \$120; F. W. King, peanuts, popcorn, candy and orange cider, \$145; J. T. Carnes, lemonade, \$25; bicycle rack, \$10; George Harris, doll rack, \$30.

A proposition was received this morning by the fair management from a Pueblo gentleman for the pool privileges at the fair. His terms appear to be very liberal, and in connection therewith, if he secures the privileges, he guarantees at least twenty-five horses from Colorado to the fair to take part in the trotting, pacing and running events.

John Paterson, a baker without any "dough," was given five days on the chain gang for being drunk and disorderly.

Tom Donahoe will do ten days for being drunk and down.

Jim Crow paid \$5 for the same offense.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am cured. I cannot say too much for Foley's Kidney Cure." Sold by Alvarado Pharmacy.

Death of Mrs. Duffy.

News is received in the city of the death of Mrs. Jeannette Duffy, for a number of years proprietress of the San Antonio hotel at San Antonio, N. M. Mrs. Duffy had reached an advanced age and was known by those who are in the habit of stopping at San Antonio, as "Mother Duffy." The funeral was held at San Antonio this afternoon. Three children survive, Mrs. David Anderson of San Marcial, Mrs. Taft of Silver City and Robert Duffy, a coal mine operator at Carthage.

WHAT CAUSES DANDRUFF.

Greatest European Authority on Skin Diseases, Says It's a Germ.

The old idea was that dandruff is scales of skin thrown off, through a feverish condition of the scalp. Prof. Unna, Hamburg, Germany, European authority on skin diseases, says dandruff is a germ disease. The germ burrows under the scalp, throwing up little scales of cuticle, and sapping the vitality of the hair at the root. The only hair preparation that kills dandruff germs is Newbro's Herpicide. "Destroy the cause, you remove the effect." Not only cures dandruff, but stops falling hair and causes a luxuriant growth. Delightful hair dressing. Send 10 cents in stamps for sample. The Herpicide Co., Dept. "F," Detroit, Mich.

LOCAL PARAGRAPHS.

Ernest Robertson and wife, of Ash Forks, Arizona, are in the city today, coming in from the west this morning.

W. L. Hackney, of Urich, Mo., where he conducted a drug store, is in the city for health reasons, and will remain some time.

There will be a meeting of the school board tonight when action will be taken to relieve the congested condition of the school rooms.

Frank Murphy, freight conductor on the Santa Fe Pacific, received a telegram today announcing the fatal accident at Emporia, Kan., last night, of E. E. Ives, the trainmaster. The dead railroader and Conductor Murphy were particular friends.

Headache...

The following is quoted from a late work on the diagnosis and treatment of the diseases of the eye, by Edward Jackson, A. M., M. D.:

"It ought to be universally recognized that eye-strain is the common cause of headache. Aside from headache produced from fever, toxemia and organic disease of the brain and its membranes, eye-strain is almost invariably a factor in the production of headache. The headache of eye-strain is not of any special character—it may be constant or intermittent, slight or severe, felt only on the use of the eyes, or felt after their use, continuous or recurring irregularly or at certain intervals. It is aggravated by many other causes, such as hunger, exhaustion, exposure to heat or cold, or indigestion, or it may seem entirely independent of other influences. In the majority of cases eye-strain is not the only factor in the production of headache, but it may be the only factor of practical importance because it alone can be removed, and its removal will give relief. Such headaches are generally felt in the frontal, temporal or occipital regions."

Read the above again, and remember that eye-strain is relieved by glasses properly fitted. We are in every way equipped for scientifically testing the eyes and determining the right glasses. In every case absolute satisfaction is guaranteed. Prices are as reasonable as good work will justify.

IT WAS MACCABEE NIGHT.

The Supreme Record Keeper, Miss Bina West Entertained.

It was an elegant spread that the ladies of the Albuquerque Hive of Maccabees gave at Odd Fellows hall last night in honor of the national recorder, Miss Bina West, of Port Huron, who with her mother, Mrs. J. A. West, spent yesterday in the city and went west last night.

Miss West checked up the books of the local lodge last evening after the tally ho ride which was in her honor, and found the accounts all correct and the lodge in excellent condition.

About 8 o'clock the ladies met at the hall in large numbers. Miss West, who is a very pleasant speaker, delivered a short address treating with the work of the order at the conclusion of which Mrs. Jessie Miller, commander of the local hive, with a pretty and appropriate speech, tendered Miss West with a fine natural wool Navajo blanket in behalf of the lodge.

Mayor Myers was to have made the presentation speech, but on account of being detained at the council meeting did not arrive until Mrs. Miller had concluded.

Miss West expressed herself much pleased with the gift.

Fried chicken, salad, cake and coffee constituted the supper which was most heartily enjoyed. After the supper had been finished the visiting ladies were driven to the 10:45 train, on which they left for Phoenix, Arizona.

Fortune Favors a Texan.

Death From Consumption.

Yesterday afternoon, in a little adobe house on East Railroad avenue, Alfred Lindberg, surrounded by a grief stricken wife and two helpless children, succumbed to a long standing case of the dreaded disease, consumption. The deceased, accompanied by his family, came to Albuquerque about a year ago from Chicago, hoping that in the change he might find relief. He was not strong and as the disease took deeper root the little work that he could do would not support the family and for some time they have been dependent on the Non-Sectarian Benevolent society. The funeral was held this afternoon from O. W. Strong's undertaking parlors. Interment was made at Fairview cemetery.

Not Doomed to Life.

"I was treated for three years by good doctors," writes W. A. Greer, McConellsville, O., "for piles, and fistula, but, when all failed, Bucklen's Arnica Salve cured me in two weeks." Cures burns, bruises, cuts, corns, sores, eruptions, salt rheum, piles or no pay; 25c at all drug stores.

Ed. Meyers, who is a dry goods clerk at Alameda, visited his parents here yesterday, and returned to Alameda this morning.

Nothing Like Oil.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow. For sale by all druggists.

REBUILDING The Broken Down Structure. PAINE'S CELERY COMPOUND

Repairs the Diseased Parts of the Human Body and Establishes Health, Comfort and Happiness.

Can we rebuild our pain racked, emaciated and wasted bodies? Yes, the work can be done, even though the spark of life glimmers but feebly and feebly. This work of rebuilding can only be effectually accomplished by the use of Paine's Celery Compound, that marvelous medicine that has saved so many lives in the past.

Paine's Celery Compound, nature's fortifier and builder, acts directly on the great nervous system, giving pure, vitalizing blood, nerve force, digestive vigor, refreshing sleep and increased weight.

Begin the good work of health building today. Take home a bottle of Paine's Celery Compound, use it faithfully, and you will have cause for rejoicing and thanksgiving. Mrs. James Arthur, Spokane, Wash., a lady most helpless from cruel rheumatism and terrible neuralgia, and cured by Paine's Compound, writes thus:

"I have suffered for three years with neuralgia and rheumatism, and tried many different remedies which would give me only temporary relief. From last January and through the spring months, I suffered terribly. I could walk but a short distance, and some days not at all. I used Paine's Celery Compound and have not been troubled since. Before using the Compound my knees were so bad I could not get down or up, but now I can walk a mile or more every day, with no stiffness or lameness in the joints."

W. H. Wolff, the well known and popular electric light man of Gallup, came in from the west this morning. Mr. Wolff is a United States grand juror.

NEW MEXICO TOWNS

SANTA FE.

From the New Mexican.

The grand lodge of Knights of Pythias will meet in annual session on Wednesday of this week. A large attendance is expected.

The young man Powell, who has been at the hospital for several weeks with his feet badly mashed by the train is getting along very well, but will not be out for some time.

The monthly report of Marcelino Garcia, sheriff of Santa Fe county, was made to Probate Clerk Manuel Delgado Saturday in respect to the total sum of liquor and game licenses. The August collections amounted to \$1,550.

Judge McFie, commander of Carleton post, G. A. R., has received from Delegate B. S. Rodey a series of maps of the Chickamauga and Chatanooga battlefields which are valuable additions to the library of the post.

Ramon Archuleta died at Abiquiu a few days ago. About forty years ago while herding sheep, he had his feet frozen, which made it necessary to amputate them, and ever since he has had to go about on his knees.

Mrs. Petrita Salas y Tudesque, wife of Jose G. Tudesque, of Lamy, died after suffering for nine years with paralysis. She is survived by her husband, two daughters and two sons, three of whom are married.

Rev. Antonio Fourchegu united in marriage at the cathedral, Miss Agapita Dominguez to Petronilo Grigo. Donaciana Ortega and Dolores Gallegos were witnesses. The contracting parties were from Rio Tesuque.

Ambrosio Armijo, of Albuquerque, is visiting his nephew, George W. Armijo, and will remain in Santa Fe several weeks, he being a property owner in this city. It is probable that he will take a position with the Santa Fe Central railway company.

Mrs. Frank Andrews expects to leave for Torrance to join her husband, who is in charge of the mercantile establishment of the Pennsylvania Development company, at that town, next week. She shipped the furniture for their new cottage there overland today.

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me." For sale by all druggists.

SAN JUAN COUNTY.

Farmington.

From the Hustler.

W. M. Johnson, San Juan's king stockman, is home from the mountains where he has been looking after his fancy cattle.

Darby A. Day, of Albuquerque, general manager for New Mexico of the Mutual Life Insurance company, is here looking after company business.

The Pennsylvania company, which for a year and a half past have been engaged prospecting for mineral on the Navajo reservation in the Carizozo mountains, have abandoned the work and discharged the men.

Unless the dates for holding district court in San Juan county be postponed a week, many of our prominent citizens who anticipate attending the Albuquerque fair, will be obliged to remain at home.

Thomas C. Graden and W. T. Kirkpatrick, of Durango, and General Hollister, of Denver, were visitors to this section this week. They inspected the orchards of George E. Allen and W. N. Knight, and pronounce them the best kept and most thrifty they have ever seen.

H. L. Andrews sold his undivided one-half interest in the 160-acre ranch some months ago purchased from L. W. Coe, to his business partner, J. A. Brothers, and Mr. Brothers in turn has now sold forty acres of the tract to George K. Griffin, consideration \$2,000, the latter sale being made through D. J. Kennedy, of this place.

Dr. J. W. Coolidge and son, Carl, of Scranton, Pa., one of the largest owners of the Animas, La Plata and San Juan canal, accompanied by his brother, S. F. Coolidge, of Cripple Creek, were sojourning for a few days in this vicinity, looking after their property interests and eating melons and fruit. They departed for Durango Tuesday. Dr. Coolidge has much faith in this section, his company having already invested over \$100,000 in their canal project.

From the Times.

Dr. W. F. Lee and wife, of Beatrice, Neb., are here and have decided to locate and the latter will open up a dancing school.

David Callan died at his home in this city. He was a miner in the Silverton district for many years and made a small fortune there.

Henry Noel is in from the Carissa mountains, where he has been in the employ of a big mining company. The company has closed work and dismissed all the men for the present.

Juan B. Valdez, probate judge, was

married to Solidad Aragon at the home of the bride's father on Tuesday. The event was celebrated by the usual festivities of dinner, dancing and music. Father Granmer performed the ceremony.

Ed Ahrlund was in from West Water Tuesday, brought in by the pending suit between himself and Dr. Coolidge et al., which was to be taken up by Referee Berry that day. Through the offices of R. C. Prewitt the parties were gotten together and a compromise effected and the case settled. The terms of the compromise have not been given out, but they are satisfactory to all concerned.

Aztec.

From the Index.

Charles Elliot and family arrived here Wednesday from Cheyenne, Wyo. They will look over the county with a view of locating and will probably make this their future home.

P. S. Lacey, who arrived here some time ago from Versailles, Mo., departed Wednesday for the latter place. He received word that one of his little children was very ill and was compelled to return.

Married, at the Presbyterian church by Rev. J. R. Cooper, Thursday evening, Miss Olie, the youngest daughter of W. A. Collins, of Largo, and Edward Smith, of Hastings, Colo. They departed this morning for Hastings, where they will make their future home.

Sheriff John W. Brown and Boone Vaughn passed through Aztec Saturday with Edgar Corkins, who was arrested in Durango on a complaint filed by W. B. Bonds, of Farmington, alleging that Corkins had secured his name to a note of \$200 by fraud.

W. T. Kirkpatrick and T. C. Graden, accompanied by General U. S. Hollister, came down Sunday and put in several days this week, looking over the county. This was General Hollister's first visit to San Juan county. The gentlemen were all pleased with the progress the county is making and expressed themselves as believing the prospects for a railroad through the county in a short time was good.

General Hollister is president of the Continental Oil company, and he and Mr. Kirkpatrick have but recently returned from a four months' trip to Japan.

Investigation of Arizona Copper Deposits.

Dr. F. L. Ransome has just completed a comprehensive report on the geology and ore deposits of the Globe copper district, Arizona, for the United States geological survey. The region is dissected by a remarkable network of faults, of various geologic ages, and the occurrence of the ores is related to some of the older of these fissures. The copper ores hitherto mined in the district have been oxidized and are consequently free from sulphur, but the exploitation of the deeper sulphide ores is yet in its infancy. The district has produced in the neighborhood of 120,000,000 pounds of copper. The greater part of this output has come from the Old Dominion mine, which has for years been working large bodies of oxidized ore found in limestone occurring by the side of a strong fault.

During the present season Dr. Ransome is to continue the investigation of the copper deposits of Arizona by undertaking a detailed geologic study of the Bisbee district, in which is the well known Copper Queen mine.

A GIRL'S PROBLEM.

How to Feed Herself When Running Down.

"I am a stenographer!" That statement brings up a picture of long hours of tiresome indoor confinement, close mental concentration and subsequent exhaustion and brain fog. Then comes up the food question.

A young lady in Dayton, Ohio, writes: "Some time ago I was a stenographer in a large city retail store and having the responsibility of the office work resting largely upon me my health began gradually to decline, and I stood facing the difficult problem of finding relief of some kind or leaving my situation. Worry added to my trouble; I became dyspeptic and nervous and suffered with insomnia and restlessness at night.

"I was speaking of my illness one day to a trained nurse, who recommended that I begin a systematic diet of Grape-Nuts at once as she had seen its beneficial effect upon several of her patients who had suffered as I did.

"So I began to use the food conscientiously. It formed my entire breakfast with perhaps Postum Coffee or some other nourishing drink and a second dish was taken at the evening meal. In about two weeks time I began to feel stronger and more hopeful; my digestion and appetite were better; I was less nervous and could sleep. I continued the diet steadily and soon courage and vitality began to revive and once more I began to think success lay somewhere in this big world for me.

"My work grew smoother and easier and after seven months of this diet I could do almost twice the amount of work in a day and do it easily and without feeling exhausted.

"Today I am filling a much more responsible position and do the work easily and satisfactorily. I attribute it all to Grape-Nuts which I still continue to use. For a palatable and healthful diet, there is nothing on the market to equal it, and the fact should become of common knowledge." Name given by Postum Co., Battle Creek, Mich.

THE GRAND ARMY.

Important General Orders issued by Commander J. W. Edwards.

PLANS FOR ENCAMPMENT.

General Order No. 3.

The approaching national encampment of the Grand Army of the Republic to be held at Washington, D. C., October 6 to 10, offers another opportunity to comrades of the grandest army the world has ever known, to again meet and renew a comradeship formed during the trying years of '61-'65. It is the wish of the department commander that New Mexico be represented as well as possible, considering the long distances and mountainous roads, and be present at the grand review down Pennsylvania avenue.

Headquarters of New Mexico will be established at the New Senate hotel, 225 Pennsylvania avenue, where all comrades and friends from New Mexico will be welcome.

After conferring with comrades and friends who will attend, your commander has complied with the wishes expressed and selected the Big Four route from Chicago, via Cincinnati, Ohio, and Chesapeake & Ohio from Cincinnati to Washington, which passes through many of the old battle fields in Kentucky, West Virginia and Maryland, such as Bull Run, Manassas, Birtan Station and others. Comrades and friends who go will leave Albuquerque Wednesday morning, October 1, at 8:30 a. m. Railroad fare is \$50.25 for the round trip. At Kansas City we will join with Oklahoma and Kansas on Saturday morning, October 3, at 7:59 a. m., or can proceed from Kansas City the evening before, as leaving here on the morning of the 1st will land us in Kansas City on the evening of the 2d.

Comrades and friends in other parts of the territory will be governed accordingly. Camp Roosevelt will be formally opened at 4:30 o'clock p. m., October 6, located on the lot directly south of the white house. October 7 is naval day and parade. October 8, grand parade and review, line of march from capitol to Seventeenth street, will move promptly at 10 a. m.

Time and space will not permit to state all in store for all who attend. Those having the time and money to spare will miss the event of their lives by not going. By command of J. W. EDWARDS, Department Commander.

W. W. McDONALD, Assistant Adjutant General. (Territorial papers please copy.)

A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them. Only 50 cents. Satisfaction is guaranteed by all druggists.

Something good for Christmas

During the holiday season, when good cheer everywhere prevails, there is nothing nicer to have in the house than a little good whiskey, and besides, your physician will tell you it is excellent in many cases of sickness. But you must have good whiskey, pure whiskey. You don't want to drink poor whiskey yourself, much less offer it to your friends, while as a medicine, poor whiskey, adulterated whiskey, may do you decided harm.

HAYNER WHISKEY goes to you direct from our own distillery, with all its original richness and flavor, and carries a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY AND AGE. When you buy HAYNER WHISKEY you save the enormous profits of the dealers and have our guarantee that your money will be promptly refunded if you are not perfectly satisfied with the whiskey after trying it. That's fair, isn't it?

Railroad Topics

The closing of the track between this city and Gallup has been completed.

Dan Elliott, the roadmaster of the New Mexico division, is in the city today from Las Vegas.

Fireman Maloney is back at work after enjoying a thirty days' vacation at his old home in Newton, Kansas.

Machinist G. R. Craig and wife have returned from Chicago, where they went a month ago to visit friends.

The painters have finished with the new freight depot, the last coat of red paint having been put on yesterday.

W. J. Hanna, superintendent of the water service on the Rio Grande division of the Santa Fe, is in the city today.

The Santa Fe Pacific boys received their pay yesterday and the merchants report having enjoyed a good business last night.

William Mespelt, the new foreman of the Santa Fe planing mill at San Bernardino, has returned there from Topeka, and assumed charge of his duties.

The grading camp of the Santa Fe Central railroad is now about three-quarters of a mile from the United States Indian school, Santa Fe. Many Santa Fe people visited the camp on Sunday. The distribution of ties into that city was completed yesterday.

Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodol saved my life. Take it after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Roundhouse Foreman Resigns

J. W. Records, roundhouse foreman in the local Santa Fe Pacific shops, has resigned and his resignation will go into effect this evening. Mr. Records has filled the position of foreman at the local shops for more than a year and during that time has given satisfaction with the company, and is a favorite with those under him, and it is only because of his securing a better position with the Santa Fe Central railroad that he resigns with the Santa Fe.

A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Trainmen Turn Cowboys.

Some Santa Fe men are telling an interesting story of an occurrence which is supposed to have taken place on the Southern Kansas near Colony a day or two ago.

A steer broke out of an end door on one of the forward cars of a stock extra. It fell across the draw bar between two cars and hung there. A brakeman saw it and stopped the train. He ran to the car where he had seen the steer but it was not there.

Then he looked under the cars expecting to see the mangled body on the track. On looking around he saw the steer peacefully eating grass along the right of way. It was no easy matter for the train crew to catch it and the stock extra pulled into Ottawa just three hours late.—Ottawa Republic.

Colorado & Gulf Railroad.

Nothing more interests our people at the present day than the prospective railroad from Durango to Clifton, Arizona, a distance of 400 miles, passing through Farmington and traversing the great coking coal fields and oil, orchard, grain and vegetable areas of the San Juan, Animas and La Plata valleys on San Juan county, New Mexico, says the Hustler.

The prospect for the building of this road during the next year are brighter than ever and that Farmington is destined to be the commercial hub of the vast area named, is already manifest from the remarkable amount of business now transacted here daily. However, manufacturing is the crying need of the hour. With all our superb advantages and magnificent opportunities, packing houses, tanneries, creameries and a score of other industries could thrive with our present markets and cheap fuel. Melons and fruits, the most luscious in all the world, potatoes and cabbages, beans and all the other varieties of farm and garden produce, are abundant here and aid much in cheapening the cost of living expenses.

Viewed from whatever point one may, Farmington is in an exceptionally fine condition today, and that condition is certain to grow better and better, year after year for an indefinite period of time. The present and the future alike are golden. The days of hickering and strife for advantage, of croaking and back biting have passed. A new era is here and Farmington is bound to be the city on the San Juan.

Santa Fe in the Lead.

Western railroads are likely to be hampered this year by the handling of traffic, particularly freight, in that they will not be able to get the necessary motive power and equipment for that purpose. For months the great locomotive and car erecting concerns have been overrun with orders, and have been obliged, while turning out a greater product than ever before, to compel their customers to wait longer than was desired for delivery of machinery. It is the impossibility of the construction companies to build as fast as the orders come in. At the Baldwin works, Philadelphia, the largest engine building institution in the world, the Santa Fe is getting its Prairie freight type, the largest of any company that patronized that firm. And there are representatives of railroad companies not only from all over the United States, but even from Europe. So when it is stated that the Santa Fe has the biggest class of locomotives turned out in the Baldwin works, the comparison with the railroads of the world is favorable.

Want Engineers and Firemen.

A request was received at the Santa Fe shop office in this city yesterday from Superintendent of Motive Power Henderson, asking for six engineers and twelve firemen to take places on oil burning engines on the company's Gulf lines in Texas.

Bulletins were at once posted by Division Master Mechanic Park soliciting men to fill the request. Up to last evening the following had offered their services: Engineers F. J. Harrell, Atherton and George Dorance and Firemen T. R. Bolan and Fred Worthington. Several others offered to go, providing they would be allowed to return to this place in the new position proved distasteful to them. For the benefit of these a telegram was sent to Mr. Henderson in the afternoon, asking that men be allowed to go to the Gulf line on a ninety day leave of absence, which would, of course, give them the alternative of remaining or returning home. It is not believed that the request will be granted, as under such conditions, the men might give up their work just at a time when the company would need their services most. By men who have been located in Texas, the offer is looked upon as a good one. The pay is better on the Gulf division than here and living is considerably less expensive.

The Santa Fe has but lately introduced oil burning engines on that portion of its system, and must have experienced men to handle them, who will in turn have students under whom they will instruct in the art of "stoking" an atomizer. It is said that California, more correctly southern California, is the only place where the necessary men for teachers can be secured.—San Bernardino Sun.

LADY HOBBO.

Has Beat Her Way Twice Across the Continent.

Not long ago there passed through Needles a couple of young hobos beating their way west, says the Eye. They were arrested by the town officers, when it was discovered that one of them was a woman and that they were husband and wife, Mr. and Mrs. James M. Smith. A few days ago the same pair went through here again headed east. Together they have toured the west in search of work since May last, and are now returning to Chicago, after having covered 3,700 miles of railroad on a capital of just 70 cents.

The two have been arrested eleven times, but in every instance, the sex of the young woman being divulged to the magistrate, has resulted in the immediate release of the couple. Mrs. Smith says that she has the material and that, with the assistance of a good writer, she is going to write it on her return to Chicago.

"I have ridden on break beams in clouds of dust, on blind baggage car in intense cold of the night, on top of passenger cars in hail storms of hot burning clinders, in box cars with none but hobos for companions. I have been put off trains in the midst of the Yuma desert; I have gone hungry until I had to take an extra hitch in my belt. I have taken pot luck with Indian sheep herders on the desert, I have picked fruit with men and earned a man's wages when I could get work. I have seen a depot burn with a man inside of it and unable to help him. All this I have done for love."

The pair were married a year ago in Chicago and will return to Mrs. Smith's home on a farm in the suburbs.

Trotter Still Alive.

E. J. Trotter, who was so fearfully injured by an explosion in one of the mines of the Hazleton group, near San Pedro, on the 15th of last month, and taken to the St. Vincent's hospital at Santa Fe for treatment, is still living and apparently has a fair chance now for his life. He was a robust man, over six feet tall, with a fine physique, which accounts to a large extent for his slightly convalescent condition. It is well high certain that he can never see again though he gets well. One eye was blown out and it is thought the other is surely destroyed. As yet he does not know that his eyes are lost and when his mind is cleared often asks that the blinds be raised that he may see. Friday some of his teeth that were giving him trouble were removed, and Saturday several pieces of small rock were taken from his forehead and head. He also suffered a fracture of the skull and the loss of one arm.

WHAT A BLESSING

Many People in Albuquerque are Learning to Appreciate.

What a blessing it is. Sought after by thousands. Albuquerque is finding it out. Many a miserable man is happy now. Nights of unrest, days of trouble. Any itching skin disease means this. Itching piles mean it. Eczema just as bad and just as hard to cure.

But Doan's Ointment relieves at once and cures all itchiness of the skin. A blessing to a suffering public.

Here's Albuquerque proof to back our statement:

John Torlina, capitalist, of 820 South Third street, says: "I know of a case where Doan's Ointment was successfully used for hemorrhoids commonly called piles. If I did not know that the remedy acted exactly as represented and that the results obtained by others in Albuquerque are as positive as in the particular case referred to above I would be the last resident of this city to advise my friends and acquaintances to go to the Alvarado Pharmacy for the preparation if they require it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

They Are in Switzerland.

DISCOVERY.

"I suffered for six years with constipation and indigestion, during which time I employed several physicians, but they could not reach my case," writes Mr. G. Poppewell, of Eureka Springs, Carroll Co., Ark. "I felt that there was no help for me, could not retain food on my stomach; had vertigo and would fall helpless to the floor. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and little 'Pelle's,' and improved from the start. After taking twelve bottles of the 'Discovery' I was able to do light work, and have been improving ever since. I am now in good health for one of my age—60 years. I owe it all to Doctor Pierce's medicines."

A Communication.

Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Brockman, Bagwell, Mo. This remedy is for sale by all druggists.

The Thermometer is
Seldom Higher Than
80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

Every woman loves to think of the time when a soft little body, all her own, will nestle in her bosom; fully satisfying the yearning which lies in the heart of every good woman. But yet there is a black cloud hovering about the pretty picture in her mind which fills her with terror. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be so. For sometime there has been upon the market, well-known and recommended by physicians, a liniment called

Mother's Friend

which makes childbirth as simple and easy as nature intended it. It is a strengthening, penetrating liniment, which the skin readily absorbs. It gives the muscles elasticity and vigor, prevents sore breasts, morning sickness and the loss of the girl's figure.

An intelligent mother in Butler, Pa., says: "Were I to need Mother's Friend again, I would obtain 9 bottles if I had to pay \$5 per bottle for it."
