resentment to more than just the residents of a particular neighborhood. However, it is important for the community to consider the potential consequences of such actions and engage in open and transparent discussions with all stakeholders to find a solution that meets the needs of everyone involved.

DILLON ORDERED TO TELL ALL.

Mr. Dills probably doesn’t believe in the old saying about the third time being the charm.

Hope of the southeast appears to forget that they are housing Mr. Bryan for a third term as candidate.

**FOR THE TIME BEING.**

For the first time in our experience observation in the move paper business an advertisement for the return of a police dog. Said animal.

The Record believes that William J. Bryan will be the next President of the United States, but it does not believe that he is worse than all the people.

Mr. Bryan will be expected no doubt to come to New Mexico to speak to one wild and woolly Democrat in New Mexico who refuses to follow the band wagon.

The big oil industry appears to be the most promising industry this year. May serve to keep the newspaper political campaigns a few degree.

His & Hers Booklet is a better to the Daily Record, written that he hopes to be housed from Roswell in a few weeks to take the stump in the election.

If the Republican newspaper continues its fight against County Court, it may find that the petitioners in question of that section will vote for white and make upous.

Nearly everybody in politics seems more anxious than the newspapers that their hands been both in the same well.

**HORSES.**

Know how the artificial thunder is produced.

Alarmboxes are very wonderful and admirable equipments in portable Democratic convention. It was found it was possible to assent even to the style of local option and convention have ever been used.

If Judge Richardson has put him self out of the race for delegate to Congress or opening state standards, it would be the course of action ensuing besides for the Presidency?

A lawyer is about the only man who can afford to recite much times the going of a public—"and the only way it can be done in this field.

Even he must depend up that the newspapers to get his advertising before the people.

There is no denying the fact that D. E. Bell has had more experience in politics than most of the local politicians who aspire to leadership. He speaks the truth and yes about while the other fellow are wondering anything.

If Judge Richardson is nominated for the Territorial Council, his plan of converting the Pecos Valley to Texas will be given a still higher standing in the minds of people who believe that the Democrats of the Pecos Valley generally take no stand in the primaries.

J. T. Adams appears before the Commercial Club at Carlsbad one day last week with a proposition for a new railroad for the town. The road is known as the Kansas C.

The meetings of Carlsbad club members to the Kansas City to work on the road.

In the nomination of Captain John Dills and Judge G. A. Richardson for delegates to the constitutional convention the Chaves county Demo- crats chose two of the best known, most competent and influential men in the state to represent them in the fundamental law of the country.

There is no denying, why the dills should begin worries about the nomination of William J. Bryan to represent the people in the campaign—and be it said that New Mexico Democrats are no rank outsiders, will have no vote for President until after Mr. Bryan is given a go ahead, and the house to move to New Jersey.

The option appears to be a somewhat general that our rival's Democratic convention is to select both Scott and Matthew out of the race for the legislature.
