VEGAS TRAGEDY

Blind Man Proved to be a Good Marksman.

A LASCIVIOUS POLICEMAN.

Policeman Has Seven Bullets in His Body.

SHOTS WERE FIRED THROUGH A BED.

Special to The Citizen.

Las Vegas, N. M., Sept. 8.—Because a man is blind, no sign he can be imposed upon, or cannot shoot. This was demonstrated to the full satisfaction of Attorney F. Ullbarri, the chief of police of the west side, Saturday night. He lies writhing in pain today with seven bullet holes in his limbs, as a result of his sinful conduct with another man's wife Saturday night, the wife of Emilio Samora, the blind violinist who plays for most of the native dances given in the city.

It happened this way: Mr. Samora was engaged to play for the ball to be given by Company K at the armory on the west side Saturday night. A little disagreement in the evening, caused the dance to be postponed. Policeman Ullbarri knowing this, thought to put in the evening with his inamorata, while Mr. Samora, the husband, was making the hearts of the young people glad with music at the ball. It seems Mr. Samora, had got wind of the policeman's attentions to his wife, notwithstanding the fact that he is practically totally blind. He thought this evening a good time to catch his unfaithful spouse and her paramour red-handed in their guilty love. He, accordingly, having heard of the postponement of the dance, took his guide, which is a young boy, and went out the gate as usual, but instead of going down town, he sent the boy on, and crept around to the rear of the house, and secreted himself under the bed. He had to wait a long time before the policeman put in his appearance, but he finally came. A love scene followed, and he, the husband, listened while his own wife was violating his trust right over his head. The guilty pair, later, fell asleep, and watching his chance, the husband reached out and took off the washstand the policeman's own gun, where he had laid it, moved back under the bed, where he could be in a measure protected, and turned the gun loose, up through the bed. He fired five shots, two of which took effect in the limbs of the policeman, the 45-caliber plowing clear through with one shot, and one bullet lodging near the left knee. The wife was also grazed with a bullet, but was not injured. She sprang out of bed and ran away and friends took Mr. Ullbarri to his home, where he has a wife and four children. He was still undressed when taken home, his clothes being brought later. A physician was called, and he was given medical attention at once. The bullets tore the muscles, but it is believed did not strike the bones, and it is probable he will recover. The blind man, Samora, was later arrested and gave bond for his appearance when wanted. The sympathy is, naturally, with the husband, and beyond a hearing, it is believed little will be done to the wronged husband.

Family Troubles.

Boston, Mass., Sept. 8.—John Lehmann, who was shot in the abdomen last night by his son-in-law, James C. Duane, a prominent business man, died today. The shooting is said to have been the outcome of family quarrels. Duane is under arrest.

AGGRESSIVE TACTICS.

General Sumner will Make a Campaign Against the Dates.

Washington, Sept. 8.—The war department received a cable dispatch from General Chaffee, dated Manila, September 6, stating an attack was made on the United States troops at Matiling Falls, seven miles from Camp Vicatras, by the Moros on September 1. First Lieutenant William K. Parker, Eleventh infantry, and two soldiers,

were wounded and one soldier killed. General Chaffee also says: "Have authorized Brigadier General Samuel Sumner to move troops into the Maciu country and exact a promise for good behavior in the future from the Dates and followers. The troops have been attacked twelve times since May 2, with loss to us of four killed and twenty wounded."

An Earthquake Shock.

Pau, Department of Basse Pyrene, France, Sept. 8.—A strong earthquake shock, lasting six seconds, was felt here at 2:30 this morning.

ARSENIC POISONING.

Springs Which Supply the City With Drinking Water.

Santiago, Texas, Sept. 8.—Reliable information has been received of the destruction of life at Mapimi, Mexico, by the breaking forth of the arsenic springs in the mountains near the city. The waters of the springs supply the city drinking water. As a result thirty are said to be dead and over 400 seriously ill.

DRUGGISTS MEET.

Golden Jubilee of the Association in Philadelphia.

Philadelphia, Sept. 8.—More than 1,000 retail druggists, coming from all parts of the union and representing the seventy-five thousand persons engaged in that business in the United States, are gathered in Philadelphia for the golden jubilee convention of the American Pharmaceutical association.

The gathering is the most important of its kind ever held in America, and the pharmaceutical associations of Germany, England and Ireland, are represented by fraternal delegates. Probably the most interesting feature of the convention is the exhibition in Horticultural hall. This exhibition consists of a large display illustrating in a comprehensive way the progress of the pharmaceutical association. The exhibits include almost everything found on the druggists' shelves, ranging from the horse leech, which fifty years ago was considered an indispensable part of the stock of every druggist, to adrenalin and other late discoveries in pharmacy.

The sessions formally opened today in the assembly room of the Hotel Walton and will continue until next Friday. The officers in charge are Henry M. Whelpley, of St. Louis, president, and Charles Caspari, Jr., of New York, secretary.

Mayor Driscoll Killed.

Washington, Sept. 8.—While driving across the Baltimore & Ohio railroad track near Tacoma Park, Major Daniel O'Driscoll, a prominent lawyer, was struck by a train and instantly killed.

Bell Renominated.

Pueblo, Colo., Sept. 8.—Congressman John C. Bell was renominated by the Second district democratic convention this afternoon by the following vote: Bell, 200; J. Maurice Finn, 149.

TWO WERE KILLED.

Bridge Gave Way on the Whitewater Branch.

WEAKENED BY FLOODS.

Special to The Citizen.

Silver City, Sept. 8.—By an accident on the Whitewater branch of the Santa Fe yesterday, two men lost their lives. A span on the bridge below Santa Rita gave way and the engine and tender fell through. The engineer, George R. Rose, and the fireman, E. R. Snyder, were scalded and buried under the mass of coal from the tender. They were taken to Fort Bayard, where they died four hours later. Their bodies were taken to San Marcial this morning. The bridge had been weakened by floods.

Trails Lead to Norfolk.

Norfolk, Va., Sept. 8.—The great council of Red Men began its fifty-fifth annual session in Norfolk today with prominent members of the order in attendance from all parts of the country. Only routine matters received attention. The council assembled in Elks' hall at 9 o'clock and listened to addresses of welcome by Mayor Riddick and others. The response was by Dr. Edwin D. Wiley, the present head of the order. The council will continue in session until Friday, and considerable important business will be disposed of. Reports will be read and Thomas G. Henderson, of Indiana, will be advanced to the highest chieftancy.

IS A FIREMAN

President Roosevelt Was Elected to the Brotherhood.

HIGH TRIBUTE TO ORGANIZED LABOR

Two Men Killed Who Had Killed Six Men.

REPUBLICANS CLAIM STATE OF MAINE.

Chattanooga, Tenn., Sept. 8.—President Roosevelt today was elected an honorary member of the Brotherhood of Locomotive Firemen at the executive session of the order.

Acting Grand Master Hannahan welcomed the president, stating his attendance at the convention would do great good to organized labor, not only in this country, but in Canada and other countries as well.

The president said he was glad to be with the brotherhood. He said the firemen's brotherhood was the result which naturally comes from the application of the principle of common sense to secure work. Organized labor never made an unreasonable request of him and if it had he would have denied it. In speaking of the appointment of Grand Master Sargent to be commissioner general of immigration, the president said it was one of the most satisfactory appointments to him and to the public he had ever made; that Mr. Sargent had a hard body and a soft head.

John F. McNamee, of Columbus, Ohio, one of the grand officers and a democratic member of the legislature, moved the degree of grand honorary membership be conferred upon President Roosevelt. The motion was referred to the committee on constitution and by laws, whose recommendation was unanimous that the motion be accepted. The report of the committee was adopted by a rising, unanimous vote amid cheering.

The president thanked the convention for the compliment and Grand Master Sargent then gave him the pass which admits him to all meetings of the brotherhood.

The brotherhood adjourned until tomorrow and the public was then admitted to the auditorium to hear the president's address.

The president was then introduced by Acting Grand Master Hannahan. His reception was most enthusiastic, the audience rising and cheering.

"I always have, gentlemen, admired greatly the railroad men of this country and I do not see how any one who believes in the fundamental principles of citizenship can fail to do so," he said. He compared railroad men to soldiers accustomed to taking risks and acting on their own initiative and obeying orders.

"I believe emphatically," he said, "in organized labor. The worth of organization depends upon its being handled with courage, skill, wisdom and a spirit of self-restraint which I am glad to be able to say your brotherhood has shown. I pity the creature who does not work," he said, "in which ever so-called scale he may regard himself as being."

Left Chattanooga.

Chattanooga, Tenn., Sept. 8.—The presidential train left here at 1 p. m. for Knoxville.

DESPERADOES KILLED.

Each One Said to Have Killed Six Men.

Rogersville, Tenn., Sept. 8.—Jim Wright and John Templeton, noted Hancock county desperadoes, were killed and Wright's son was captured by a posse headed by Joe Moss, of Gate City, Va.

In the fighting Jim Wright was probably fatally wounded and George Wolf, of Spear's Fork, Va., and Jack Rogers, of Rogersville, members of the pursuing posse, were shot.

Wright was an escaped convict from the Tennessee penitentiary, where he was serving a sentence for murder. Wright and Templeton are said to have killed six men each.

Republicans Claim Maine.

Portland, Me., Sept. 8.—Splendid weather prevailed today and a heavy vote will be polled. Reports from the larger cities indicate a heavier vote than usual. The republicans claim their majority will be at least 15,000 in the state.

New York State Fair.

Syracuse, N. Y., Sept. 8.—The New York state fair which opened today eclipses all former exhibitions of the

kind in this state, both in the number and variety of the exhibits. There is no department of the fair that is not well filled with choice displays that show the recent progress made in all branches of industrial activity. Of particular note this year are the cattle and agricultural exhibits and the new buildings devoted to these departments help greatly to increase the attractiveness. The racing program will be inaugurated tomorrow and judging from the present outlook the meeting will be a highly successful one. There will be three races each day and to the winners will be given purses aggregating \$25,000.

IMPORTANT WORK.

Much Business Before the Brotherhood of Locomotive Firemen.

Chattanooga, Tenn., Sept. 8.—Considerable work of importance lies before the biennial convention of the Brotherhood of Locomotive Firemen which was opened today. The address of President Roosevelt excluded all other business for the day, and the real work of the convention will not be taken up until tomorrow.

There are over 600 delegates present. A number of changes in the constitution and in the beneficiary will be considered.

An interesting contest for the successor to Grand Master E. P. Sargent is expected. It is expected the contest will be between Grand Secretary Arnold and Acting Grand Master J. J. Hannahan.

WON'T AFFECT US.

President Ripley Says Albuquerque Need Not Be Worried.

CUT-OFF WILL DO NO HARM.

"There is no reason why the people of Albuquerque should be alarmed on account of the Santa Fe short cut, building over the Abo pass and missing that city," said President Ripley, in a letter to a friend. That the road will be built over Abo pass is definitely known, but it may be one, two or four years yet. Mr. Ripley intimates that the road will be built sooner or later and that Abo will get it.

Mr. Ripley, in his letter, gives reasons why Albuquerque will not be affected materially. He states that the shops, upon which the city depends to a considerable extent, will never be moved. Only the through extreme eastern freight, passenger and mail business will be handled over the short cut. The Rock Island has built a road east of the mountains and has practical control of the business of that district. A train will run daily to make connections with the short cut trains, and bring back a part of the business which heretofore came to Albuquerque, but at present is lost. It will affect the mercantile and banking business of the city especially.

When the Santa Fe built the Emporia-Kansas City short cut and left Topeka out in the cold, the people of Topeka were panic stricken, but the expected loss caused by the short cut did not materialize and Topeka was not affected in the least. The present circumstances are similar to those which existed in Topeka.

Albuquerque railroad prospects were never brighter than they are at present. The Albuquerque Eastern will be built. The Durango line will be built and the Santa Fe Central will extend its line from Torrance east to Roswell, and it is said that all of these branches will merge into system and will eventually come under control of the Rock Island.

New developments are occurring that substantiate this theory.

STOCK INCREASE.

Otis Elevator Company has Preferred Stock of \$2,000,000.

New York, Sept. 8.—At a special meeting today of the stockholders of the Otis Elevator Company favorable action was taken on the proposition to increase the preferred stock by \$2,000,000. Of this authorized increase \$1,000,000 will be issued at once and offered to both the common and preferred stockholders at par to the extent of ten per cent. of their holdings.

The remainder will be left in the treasury to be issued only as the necessities of the company require. The past twelve months are stated to be the most prosperous in the history of the company and the continuous expansion of the company's business is given as the reason for the increase in stock.

SUNK THE BOAT

German Gunboat Thoroughly Did the Business.

DECIDED ULTIMATUM RENDERED.

The Crew of the Gunboat Fled Ashore.

IT IS OFFICIALLY NONE OF OUR BUSINESS

Berlin, Sept. 8.—The Martin ministry has given out the following official report of the sinking of the Firminist gunboat Crete A Pierrot:

"Captain Eckermann of the Panther, received orders to capture the piratical gunboat Crete A Pierrot. The Panther went from Port Au Prince to Gonaves, where it completely surprised the Crete A Pierrot. The German commandant sent the following ultimatum:

"Strike your colors within fifteen minutes and disembark from your ship without undertaking any defensive measures whatever, otherwise an immediate attack will follow."

"The Panther had already cleared for action. The Crete A Pierrot heeled down her flag within the allotted time and the crew disembarked. The Panther then intended to take the Crete A Pierrot in tow, but an explosion in her aft powder magazine soon occurred, which evidently was effected by the crew of the Crete A Pierrot. The explosion destroyed the stern and set the vessel on fire, rendering taking her in tow impossible, especially as further explosions followed. As this was regarded as a hostile act and as the gunboat was still in condition, the Panther's captain caused the forward magazine to be exploded through a cannonade. After this was exploded, the Crete A Pierrot broke up and sank. The admiral was on board with the rebels.

"Gonaves is in the hands of rebels."

Official Account.

Berlin, Sept. 8.—The official account of the sinking of the Crete A Pierrot is as follows:

"The Panther, on Saturday, surprised and destroyed the Haytian gunboat Crete A Pierrot before Gonaves. The crew of the Crete A Pierrot fled ashore. There were no losses on board the Panther, which remained several hours before Gonaves and then returned to Port Au Prince."

Another Account.

Port Au Prince, Sept. 8.—A German warship seeking reparation for the stoppage of a German merchant vessel by a Haytian gunboat entered the harbor of Gonaves, Hayti, September 5, and after forcing the Haytiens to abandon their gunboat, sent a boat's crew to take possession. Before the Germans reached the gunboat it burst into flames. The German warship thereupon opened fire upon it and continued the bombardment until the Haytian vessel sank.

Not Our Business.

Washington, Sept. 8.—As was expected, Mr. Lowell, United States minister to Hayti, reported promptly to the state department the sinking of the Haytian gunboat Crete A Pierrot by the German gunboat Panther.

As matters stand, there is nothing to be done by the state department at this juncture. The officials have not changed their views that the incident was one between Germany and the Haytian governments, and was not our business.

What England Thinks.

London, Sept. 8.—"So summary a revenge for the breach of international courtesy," says the St. James Gazette, "it is like breaking the frailest butterfly on the largest wheel. Supposing the butterfly's big neighbor takes a hand in the game, matters may become serious."

Murrell Has Returned.

St. Louis, Sept. 8.—J. K. Murrell, formerly a member of the lower house of the municipal assembly of this city, who fled to Mexico last spring after being indicted for bribery in connection with the alleged hoodluming operations in that body in relation to granting the street railway franchise, has returned to the city and was taken before the grand jury today. Warrants have been issued for eighteen present and former members of the house of delegates, all of whom are charged with bribery and fifteen with perjury.

In a statement made by Murrell for publication, he says: "I surrendered unconditionally to Circuit Attorney J. W. Salk and made

a full confession, I held a key to a box in the Lincoln Trust company containing \$75,000 bribe money to go to the house of delegates upon the passage of a suburban bill. The combine of house of delegates was composed of nineteen men. When the suburban matter came up I was selected to negotiate with the Philipps stock representatives of the Suburban railway. Shortly before the suburban bill combine sold their votes on the lighting bills for \$17,500, each member of the combine received \$2,500."

Body Identified.

Riceville, Iowa, Sept. 8.—The body buried here Saturday was exhumed and positively identified as that of the Chicago double murderer, William Bartholin.

REFERENDUM LEAGUE.

Delegates in Session to Organize One in Illinois.

Springfield, Ill., Sept. 8.—In response to the call of Daniel L. Cruise, president of the Referendum League, of Illinois, delegates are assembling in Springfield for a three days' conference. The purpose of the conference is to plan a campaign for the initiative and referendum in the state and for the further purpose of filing what is known as the "state petition." It is claimed that this petition will have over 350,000 names on it. The league aims to secure a majority rule for counties and cities, an amendment to the state constitution enabling the people to control legislation, and the election of United States senators by the direct vote of the people.

NO OPENING.

South Africa is Crowded with Those Seeking Work.

London, Sept. 8.—The latest information issued by the colonial office indicates that there is not much offered at present to intending emigrants to South Africa. While there is a fair demand for skilled artisans, such as carpenters, masons, plumbers and tin smiths, there is little or no opening for unskilled labor, or for clerks. In the Transvaal there is as much white labor as can find employment, and there are still hundreds of refugees in the coast towns who have been unable to find work or to return to Johannesburg or the other mining centers. It is further stated that the cost of living and house rents are enormously high, and tend to increase.

Fair at Yankton Opens.

Yankton, S. D., Sept. 8.—The great quantities of wheat and other grains the South Dakota farmer is raising this year are illustrated as the striking feature of the state fair, which opened for a week in this city today. The display of cereals is the largest ever made in this part of the country. The exhibits of live stock, agricultural machinery, horticultural products and women's work are also well up to the standard and from all indications the fair will be the banner exhibition of the year in the northwest.

DELEGATES SELECTED.

Republican Primaries Held Saturday Night Were Enthusiastic.

EVERYBODY FOR ROEY.

The primaries Saturday night were largely attended by enthusiastic republicans. The delegates to the Raton convention were instructed for Hon. B. S. Roeby from beginning to the end.

The primary in precinct 12 was held at the city building. A. J. Crawford was elected chairman and Harry F. Lee, secretary. The delegates chosen were: A. W. Hopkins, Alejandro Sandoval, A. J. Crawford, Noa Hfeld, G. W. Harrison, D. J. Rankin, Sam Watson, J. H. Bramlett, T. S. Hubbell, W. B. Childers, C. F. Meyers, E. W. Doherty, Harry F. Lee, George F. Albright, J. C. Martin, W. H. Burke, L. Gradi, Alfred Gruessfeld, Frank Strong, Al. Coddington.

In precinct 25, Captain Borchert was elected chairman and A. A. Keen secretary. A committee of five was appointed to select the twenty-one delegates and those chosen were: L. H. Humblerlin, Thomas Apodaca, F. A. Humbler, Thos. Hughes, N. M. Rice, C. W. Ward, N. E. Stevens, T. DeLong, George W. Metzger, T. N. Wilkerson, W. E. Dame, M. O'Donnell, Dr. J. F. Pearce, W. T. McCright, A. Montgomery, E. B. Harach, L. A. Nelson, E. S. Stover, A. A. Keen, D. Denham, H. Brockmeier.

In precinct 12, Old Albuquerque, the delegates selected were: Nestor Montoya, Modesto Ortiz, Tomas Werner, Jesus Romero, Joe Badaracco and S. Crollett.

TWO KILLED

Italian Miners Were Shot by Deputies.

END OF THE STRIKE IS DENIED.

More Gold in the Treasury Than Ever Before.

EX-SENATOR ROACH DIED SUNDAY.

Wilkesbarre, Pa., Sept. 8.—Two Italian striking miners, Frank Portay and Sisto Van Costello, left their homes in Sawyersville today to go hunting. As they approached the Harry E. colliery they were held up by pickets who mistook them for armed non-union men going to work. Van Costello was shot in the leg and his brains were beaten out with stones and clubs. His companion was beaten so that his life is despaired of.

The friends of the dead Italians threaten to kill the men who committed the assault.

A crowd remained all night around the lockup at Edwardsville, where Hiram Fischer is confined. The prisoner was held up last night when returning from the mine where he is employed as a coal and iron policeman. He fired into the crowd and two bullets struck Mrs. John Kasmaugh. Fischer was beaten and left for dead on the road.

President Mitchell stated today the reports from Scranton that he told a friend the strike would be over on September 15, and the strikers would have to go back to save the miners' union, was a "pure fabrication." It is stated here that the Parsons, Pa. local of the United Mine Workers passed a resolution to return to work September 15.

MUCH GOLD.

More in the Treasury Than Ever Before.

Washington, Sept. 8.—The sum of gold now in the United States treasury exceeds that in any previous time in the history of the country. Saturday the treasury contained \$573,926,194. This stock is being added at the rate of from \$200,000 to \$300,000 a day. This condition of things is eminently satisfactory to the treasury officials, who regard it as the best possible evidence of prosperity and confidence in the financial stability of the country.

The gold now coming in is being replaced by gold certificates, United States notes and silver certificates.

Senator Roach Dead.

New York, Sept. 8.—William N. Roach, formerly United States senator from North Dakota, died here Sunday.

MAINE ELECTION.

The Democrats Have Hope of Carrying One District.

Bangor, Maine, Sept. 8.—The eyes of the nation are on Maine. The result of the election in this state today will be significant. It is the straw that will tell which way the political wind is blowing. If the republican majority should be light the democrats of the country will consider it an omen of good, while, on the other hand, should the majority be heavy, the country will take it as an indication that the people are satisfied with the national administration. The republicans declare that Governor Hill will be re-elected by the largest majority ever polled in the state.

The close of the campaign came Saturday with political gatherings in nearly every city and town in the state. This year the canvass has been unusually vigorous, particularly on the part of the democrats. The work of arousing the voters began nearly a month ago and there has been much of the old time enthusiasm and fireworks. The democrats entertain hope of electing a congressman. The district wherein they locate the possibility is the one once represented by Mr. Reed, and now represented by Amos L. Allen, who for several years was Speaker Reed's private secretary.

Inhabitants Panic Stricken.

London, Sept. 8.—A dispatch from Calcutta says an earthquake was felt throughout the province of Assam and Chittagong, division of Bengal. The inhabitants were panic-stricken. Terrible convulsions of nature are prophesied.

The concert by Miss Claude Albright tomorrow night will be a treat to music lovers of Albuquerque.

COUNTY REPUBLICAN CONVENTION.

In accordance with a resolution of the Bernalillo county republican central committee, adopted at a meeting held in Albuquerque on the 1st day of September, 1902, a convention of republicans of the county of Bernalillo is hereby called to meet at the court house in the city of Albuquerque on the 13th day of September, A. D. 1902, at 10 o'clock a. m., for the purpose of nominating delegates to the territorial republican convention, which will be held at the city of Raton on the 10th day of October, 1902, for the purpose of nominating a candidate for delegate to the Fifty-eighth congress of the United States.

Chairmen and secretaries of the precinct primaries are directed to forward to the chairman of the republican central committee of Bernalillo county immediately after holding their respective meetings a true list of the delegates elected, signed by the chairman and secretary of the meeting.

Contests, if any, must be filed with this committee not later than 8 in the morning of the day of holding the convention that this committee may report the same to the convention.

FRANK A. HUBBELL,
Chairman.
NESTOR MONTROYA, Secretary.

There is not a department of the government which does not show the good results of having a young, wise, fearless and energetic man in the White house.

The government's receipts during the past week have exceeded its expenditures by about \$4,000,000, the largest surplus of any week for the current fiscal year.

When asked the other day to pose for a photograph, J. Pierpont Morgan said he wouldn't do it for \$5,000,000. Any one who has ever seen Morgan's nose will be surprised that he did not say \$10,000,000.

The first country to recognize the political status of the United States by sending a minister to this country was Spain. In 1785 she appointed Diego de Gardoqui minister plenipotentiary to the United States.

The latest proposition is a candy trust. It is not surprising to hear that the scheme is meeting with difficulties. If the trust makers get hold of candy and millinery they will know what real trouble is, for the women will be after them, and then—look out.

This city should hold a meeting and liberally aid the stricken people of the Mimbres valley. Governor Otero has issued a proclamation urging the people of the territory to help the flood sufferers of the Mimbres, who have been left entirely destitute.

Emperor's William's advice to the Germans to lay aside their inherited tendencies to engage a party strife and to work together for the good of the country might be heeded with profit by Americans. Less politics and more genuine patriotism would not hurt.

We may expect an epidemic of challenges of duels in France since it has been decided that wax bullets may be used by combatants instead of lead ones. The mark left by the bullet will indicate who is to do the apologizing and will show whose honor is at stake.

At the latest populist convention in Kansas there were seven delegates. They probably considered themselves the seven wise men of the world, but they will be wiser still before long, and

succeeding conventions will have the wisdom concentrated on still fewer heads.

These suits against the various trusts do not prevent Mr. Pierpont Morgan from pushing ahead with his scheme to consolidate all the Southern railways. He knows that the average state's attorney will draw a complaint that can be riddled when it finally gets into court.

A man subject to fits was once picked up on the street in Washington and taken to the emergency hospital. When placed on the operating table the doctors found, tattooed on his breast, the line, "Please don't operate for appendicitis. I have had my appendix removed three times."

Some regard for propriety was manifested a few days ago by a widower in Kansas. Just two weeks after burying his wife he married another, and several of the neighbors came to serenade him with tin horns. The discordant racket brought him to the door and he said: "You ought to be ashamed to make such a noise at a house where a funeral has been so recently held."

The death of Professor Audolph Virchow, in Berlin, removes one of the most scientific men in the world—possibly the most eminent of all. In the department of original research, Germany is not excelled, if she is equalled, by any other nation. When it comes to applied science, the United States is ahead; but often the Germans go at the principle and the American applies it.

John W. Gates, who ought to know declares there are only two men in the world richer than Marshall Field, the great Chicago merchant, whom he rates at \$200,000,000. The two whom Gates puts ahead of him are John D. Rockefeller and Andrew Carnegie. The extraordinary thing about Mr. Field's wealth is that it was not made out of any monopoly or special privilege. Brains, newspaper advertising and a readiness to see and grasp opportunities are what made Marshall Field a multi-millionaire.

UNPOPULAR AND UNSOUND.

Dr. E. Benjamin Andrews, in a recent address at the University of Chicago, declared that the families of poor people should be limited in number. This attempt to revive in a new form the Malthusian theory seems not to be favorably received by the press and public. Andrews is too sincere a man to be charged with being intentionally sensational, but he succeeds in producing the effect without intention. In this fresh young country wherein practically all the virtue and brains have come from so called poor families Dr. Andrews' suppositions are out of place.

PIN-MAKING INDUSTRY.

One by one the secrets of the census of 1900 are being unveiled. Many interesting statistics are now seeing the light of day, especially in trades and industries which have hitherto received but little attention. A recent bulletin gives some very interesting facts with reference to the pin-making industry—an industry which is small in one way but immense in another. No less than nine-billions of these useful little articles were manufactured and used during the year 1900, which means an average of 130 pins to every man, woman and child in the nation. The census agent found forty-three factories employing 2,350 people. Of the manufactured product 64 per cent came from Connecticut, and the remainder was divided over the rest of the country. The chief mystery, however, will continue to be what becomes of these nine billions of pins that are manufactured year in and year out in this country.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Sold by Alvarado Pharmacy.

FAIR NOTES.

Roy McDonald Chosen Manager of the Ball Team.

The shops of the Santa Fe coast line will be better represented in the trades display during the fair than ever before.

Roy McDonald has been chosen as manager of the ball team. He also accepted the responsibility and now full charge of the big tournament is in the hands of C. C. Hall, representing the executive committee, George Arnot and Roy McDonald.

For a bad taste in the mouth take Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

Typographical Union.

Albuquerque Typographical union No. 204 met in Odd Fellows' hall yesterday afternoon in regular session and initiated J. W. Sullivan and Thos. Hughes, Jr. The following officers were elected:
President—G. L. Hoppang.
Vice President—E. J. Barnum.
Secretary—Harman Wynkoop.
Executive Committee—James S. Black, Frank Strouther and H. L. Duning.
Sergeant-at-Arms—Wm. Vaught.

From Hot to Cold.

Dysentery is prevalent everywhere in summer and is due to miasmatic poisons, and begins abruptly with inflammation of the mucous lining of the large bowel. In America the disease is common, but properly treated does not result as seriously as in the tropics. Perry Davis' Painkiller is the best known remedy and the most efficacious in the treatment of dysentery.

Advertising the Fair.

W. T. McCreight, business manager and city editor of the Albuquerque Citizen, and wife and sister, Mrs. H. W. Hendricks, and son, Hyda, were passengers on No. 1 Wednesday, en their way to spend the week at Grand Canyon. Mr. McCreight, while he is out for pleasure, is doing some advertising for the Albuquerque fair, which he says will be the most attractive fair ever held in New Mexico, and it is expected a large crowd will attend—Flagstaff Sun.

Foley's Honey and Tar is peculiarly adapted for chronic throat troubles and will positively cure bronchitis, hoarseness and all bronchial diseases. Refuse substitutes. Sold by Alvarado Pharmacy.

Novel Races.

Among the numerous novelties and "events" in a performance of Buffalo Bill's Wild West, amusing and curious races are conspicuous features. Some of them could not possibly be duplicated by any other organization for popular entertainment in the world. Take, for instance, that one between a cowboy, a Cossack, an Arab, a Mexican, a Gaucho and an Indian, mounted on bronco, Russian, Arabian, mustang and Indian horses. And, in this arena, it will be remembered, all is genuine, exactly what it is represented as being. Limitations belong to the circus and theater. Buffalo Bill comes here on October 3.

SOFT, GLOSSY HAIR.

It Can Only Be Had Where There is no Dandruff.

Any man or woman who wants soft glossy hair must be free from dandruff, which causes falling hair. Since it has become known that dandruff is a germ disease, the old hair preparations that were mostly scalp irritants, have been abandoned and the public, barbers and doctors included, have taken to using Newbro's Herpicide, the only hair preparation that kills the dandruff germ. E. Dodd, Dickinson, N. D., says: "Herpicide not only cleanses the scalp from dandruff and prevents the hair's falling out, but promotes a new growth. Herpicide keeps my hair very glossy."

Will Advertise Us.

W. T. McCreight, business manager and city editor of the Albuquerque Daily Citizen, accompanied by his wife and sister, Mrs. H. W. Hendricks, and son, Master Hyda, of Shelbyville, Ky., arrived in this city Wednesday on their way to the Grand Canyon, where several days were spent, they expecting to return east today. Mr. McCreight was a pleasant caller at the News office during his stop here Wednesday, and stated that he was surprised, astonished, at the growth of Williams since his visit here some years ago. After visiting our large stores he was extravagant in his praises of them, saying that he had never, in all his travels through the southwest, visited a town anywhere near the size of Williams which could boast business houses carrying such stocks so tastefully arranged as here—to which we say amen! He, however, lost no opportunity to speak a good word for Albuquerque and her coming annual territorial fair, which will occur from the 14th to the 18th of next month. On his return home Mr. McCreight will publish an illustrated article descriptive of his trip and impressions along the way, which will appear in the Citizen early next week.—Williams News.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

CERRILLOS.

From the Register.
Mr. Stein, who has been quite sick is on duty again.
Ross Griffiths is in Santa Fe as a juror this week.
F. Wesley left for Nebraska Tuesday morning.
The mine in the Sandia mountains worked by Dick Kemp and associates has about one foot of copper gold ore

that is worth about \$130 per ton. The vein is about twenty-five feet wide with good concentrating values outside of the rich pay streak.

L. G. Brown left Monday night for Pennsylvania.
Mrs. Edie Durham left Wednesday evening for her home in Arizona.

The advertising car of the territorial fair is in town. We will tell all about it next week.

Mrs. Dr. Grace, of Bland, has been visiting in our town for several days, preparatory to moving to her new home in Arizona.

Mrs. James Haverly arrived from Bland last Saturday for an extended visit with her parents, Mr. and Mrs. G. B. Hendricks.

F. C. Buell came down from San Pedro last Saturday evening and spent Sunday at home, returning to his work Monday morning.

Mrs. M. J. Borden, of Albuquerque, territorial president of the W. C. T. U., spent last Thursday night and Friday in our town consulting with and encouraging the members of the local union.

W. H. Bibbs' claim in the Las Huertas canyon is being worked successfully, with a good eight inch streak of good copper sulphide ore.

C. W. Givens, working near Los Placitas on his William Bryan claim, is turning out some good lead, copper and gold ores. This is a promising claim with a strong contact between lime and granite.

Lingering Summer Colds.

Don't let a cold run at this season. Summer colds are the hardest kind to cure and if neglected may linger along for months. A long siege like this will pull down the strongest constitution. One Minute Cough Cure will break up the attack at once. Safe, sure, acts at once. Cures coughs, colds, croup, bronchitis, all throat and lung troubles. The children like it. B. H. Briggs & Co. and J. Legal Notice.

Last will and testament of Minnie Toepfer, deceased.
To George F. Wombacher, executor; Mary Toepfer, Jacob Toepfer and Frank Toepfer, minors, devisees, all residents of Mascoutah, state of Illinois, and to all whom it may concern:

You are hereby notified that the alleged last will and testament of Minnie Toepfer, late of the county of Bernalillo and territory of New Mexico, deceased has been produced and read in the probate court of the county of Bernalillo, territory of New Mexico, at a regular term thereof, held on the 2nd day of September, 1902, and the day of the proving of said alleged last will and testament was by order of the judge of said court thereupon fixed for Monday, the 6th day of October, A. D. 1902, term of said court, at 10 o'clock in the forenoon of said day.

Given under my hand and the seal of said court, this 2nd day of September, A. D. 1902.

[Seal] J. A. SUMMERS, Probate Clerk.

Notice of Suit.

In the District Court of the Second Judicial District, Valencia County, Territory of New Mexico.

Maurice Bernard Fuller, Plaintiff, vs. Annie M. Fuller, Defendant. No. 1509.
You, Annie M. Fuller, the defendant in the above entitled cause, are hereby notified that a complaint has been filed in the District Court of Valencia County, Territory of New Mexico, by the plaintiff, Maurice Bernard Fuller, praying that the bonds of matrimony be dissolved between himself and you, the defendant, upon the grounds of desertion and abandonment on the part of you, the defendant, and for general relief, and that unless you appear or answer the complaint in said cause in said court on or before the Third day of October, A. D. 1902, the said plaintiff will apply to the Court for the relief demanded in the complaint, and judgment by default will be entered against you.

W. E. DAME, Clerk of said Court.
JOHN H. STINGLE, Attorney for Plaintiff, Albuquerque, N. M.

CALL FOR A REPUBLICAN TERRITORIAL CONVENTION.

A delegate convention of the republican voters of New Mexico is hereby called to meet in the city of Baton at 11 o'clock in the morning of Friday, the 10th day of October, A. D. 1902, for the purpose of placing in nomination a candidate from New Mexico to the Fifty-eighth congress, and to transact such other business as may properly come before said convention.

The republican electors of this territory and all who believe in the principles of the republican party and in its policies as announced in the national republican platform adopted by the republican national convention, held in the city of Philadelphia, June 13, 1900, and who believe in and endorse statehood for the Territory of New Mexico and favor an honest, fair and just administration of public affairs in this territory are respectfully and cordially asked to unite under this call and to take part in the selection of delegates to the territorial convention.

The several counties will be entitled to representation as follows:

County.	Delegates.
Bernalillo	22
Chaves	2
Concho	8
Dona Ana	6
Eddy	3

San Juan	2
San Miguel	17
Santa Fe	10
Sierra	2
Socorro	2
Taos	9
Union	6
Valencia	12

Alternates will not be recognized. Proxies will only be recognized if held by the citizens of the same county from which delegates giving proxies were elected.

County conventions must be held on or before the 6th day of October, 1902. County committees will take proper action and call county conventions at such time and places as they may deem best or on that date.

The chairmen and secretaries of the county conventions are earnestly requested to forward true notice of the proceedings of said conventions and of the names of such delegates as may be elected to the republican county convention to the secretary of this committee by next mail after the call of such convention, addressing the same to Santa Fe, N. M.

Where there are no regular organized county committees the members of this committee are authorized and directed to perform the duties of the county committee and act accordingly.

FRANK A. HUBBELL, Chairman Republican Central Committee.

Attest: JOSE D. SENA, Secretary.

Rheumatism

The liniment bottle and flannel strip are familiar objects in nearly every household. They are the weapons that have been used for generations to fight old Rheumatism, and are about as effective in the battle with this giant disease as the blunderbuss of our forefathers would be in modern warfare.

Rheumatism is caused by an acid, sour condition of the blood. It is filled with acid, irritating matter that settles in the joints, muscles and nerves, and liniments and oils nor nothing else applied externally can dislodge these gritty, corroding particles. They were deposited there by the blood and can be reached only through the blood. Rubbing with liniments sometimes relieve temporarily the aches and pains, but these are only symptoms which are liable to return with every change of the weather; the real disease lies deeper, the blood and system are infected. Rheumatism cannot be radically and permanently cured until the blood has been purified, and no remedy does this so thoroughly and promptly as S. S. S. It neutralizes the acids and sends a stream of rich, strong blood to the affected parts, which dissolves and washes out all foreign materials, and the sufferer obtains happy relief from the torturing pains.

SSS

S. S. S. contains no potash or other mineral, but is a perfect vegetable blood purifier and most exhilarating tonic. Our physicians will advise, without charge, all who write about their case, and we will send free our special book on Rheumatism and its treatment.

B. Ruppe is in receipt of a letter from Las Vegas, which states that the E. Romero Hose & Fire company of that place will keep open house next Sunday, the day of the excursion.

The city school opened this morning for the winter session with an unusual attendance. The morning was spent in locating the scholars and buying books. Things will settle down this afternoon and tomorrow will begin a term of hard study.

A Citizen reporter dropped into the jewelry store of S. Vann & Son this morning and paid a visit to the optical department in the rear, in charge of S. T. Vann, doctor of optics, where he found Dr. Vann and Rodney Stover, Albuquerque's rising young electrician, busily engaged in fitting up a wonderful looking instrument, which is worked by electricity. Mr. Vann states that electricity is as great a boon to opticians as to many other lines, making the testing of the eyes an exact science in the hands of experts.

Came Near Being a Cripple.
Josh Westhafer, of Logansport, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle, for it saved him from being a cripple. No external application is equal to this liniment for stiff and swollen joints, contracted muscles, stiff neck, sprains and rheumatic and muscular pains. It has also cured numerous cases of partial paralysis. It is for sale by all druggists.

Armijo-Martinez.
Col. Perfecto Armijo has received word that his son, Solomon J. Armijo, was married yesterday to Miss Beatrice Martinez, a very estimable young lady of Florence, Colo., the ceremony being performed in the Catholic church of that town. They are expected to arrive here tonight, and will remain among relatives for some time. Solomon left home about twelve years ago, and has seen much of the world in that time. He located in Florence, Colo., and reports to be the effect that he is getting along nicely.

Devoured by Worms.
Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

REGAIN HEALTH

During the past fifty years hundreds of sickly people have been restored to health by the use of Hostetter's Stomach Bitters, and it will do the same for you today. Try a bottle. It will be enough to convince you of its wonderful value as a cure for Dizziness, Indigestion, Dyspepsia, Constipation and General Weakness. The genuine has our Private Stamp over the neck of the bottle.

HOSTETTER'S STOMACH BITTERS.

THE DRUMMER EVANGELIST.

Yesterday was a great day at the Highland Methodist church. Mr. Williams spoke four different times during the day and each time with excellent effect.

In the morning he conducted revival services in the Sunday school and such a service as caused joy both on earth and in heaven. Seldom is such a sight witnessed as was seen twice yesterday in the Highland church, when more than sixty children and young people knelt together in the altar, consecrating themselves to the service of God and the church, while

parents and teachers bowed with the children in reverent thanksgiving and praise.

At the 11 o'clock service Mr. Williams preached a powerful sermon to a large congregation with good effect.

At night the church was packed to the doors with a representative audience of Albuquerque's best people and the evangelist delivered his celebrated address "The Young Man and His Company." It is a pity that every young man in the city could not hear this strong deliverance.

No one could listen to such an appeal without profit to themselves.

Mr. Williams speaks out of a vast experience in the commercial world, and his heart to heart talks make a profound impression upon his hearers. The services will continue every night during the week, and it is safe to say that large crowds will avail themselves of the benefits of these unusually helpful addresses.

A pleasing feature of the meeting is the special songs and solos rendered by the choir at each service.

The subject tonight is "The Young Woman and Her Company." Everybody welcome.

Song service begins at 7:45 and sermon at 8 o'clock.

A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. B. Save the Children

All stomach and bowel troubles in child or adult are due to a single cause—Indigestion. Flux, colic, cholera morbus, diarrhoea, dysentery and all complaints of like nature, are the result of undigested foods fermenting in the stomach. The only way to prevent fever and to cure such troubles without injury to the membranes lining the stomach is to restore perfect digestion.

KODOL Digests What You Eat

Kodol is the new discovery which cures all stomach and bowel troubles by removing the cause. This famous remedy checks fermentation, cleanses, purifies and sweetens the stomach. Kodol digests all classes of food and gives to the body all of the nourishment, health and strength it contains.

Cures Indigestion, Dyspepsia and all Stomach Troubles.

"Kodol Dyspepsia Cure is just the thing for dyspepsia and stomach troubles. It has helped me more than anything else in a long standing case of catarrh of the stomach."—Oscar King, Cherry Valley, N. Y.

Notes from Correspondents

LAS VEGAS.

Special Correspondence.

Las Vegas, N. M., Sept. 7.—Mrs. W. G. Haydon and son left Sunday afternoon for a six weeks' sojourn at Milwaukee, Shullsburg, Wis., and points in Missouri.

John A. Ross, the Santa Fe's popular traveling engineer, and wife, left Sunday afternoon for a three weeks' visit at Chicago.

Hon. J. S. Duncan left Sunday afternoon for Santa Fe, where he will attend the meeting of the board of equalization tomorrow.

Judge William J. Mills, Hon. Charles A. Spiess, Secundino Romero, L. C. Fort, and W. E. Gortner returned Sunday afternoon from their trip to Clay-ton, where they held court. Court adjourned Saturday evening, the docket being small and with no very important cases.

Joe Stivers, of Raton, who attended the Normal here last year, passed through here Sunday, en route to Las Cruces, where he will enter the agricultural college.

Prof. F. H. Snow, professor in natural history in the Kansas university at Lawrence, his son, Frank Snow, Dr. C. F. Adams, of Independence, Mo., and Roy Moodie, who have been in Arizona and the Hot Springs for the past month on an insect specimen collecting trip, today returned to their homes. Professor Snow said their trip had been very successful, they having about 25,000 specimens as a result of their trip.

T. G. Merin returned Sunday afternoon from a couple of months' sojourn at Los Angeles. He reports a most delightful time.

Mrs. M. E. Burks and daughters, Misses Mossie and Maggie, and Mrs. R. E. Bryant, left Sunday for Louisville, Ky., and other points. They will make quite an extended stay.

Mrs. O. M. Wilkerson, who has been visiting Mrs. J. H. York, her sister-in-law, today returned to her home at Carrington, Kan.

Patricio Sanchez, one of the republican statesmen of Mora, was here Saturday visiting friends. He says 500 republican majority will be the result this fall in his bailiwick. Francisco Trujillo accompanied Mr. Sanchez.

Considerable interest is taken in the Hamilton mine deal which has been going on here for several days. The parties who have bought the mine are said to represent the Cerillos smelter people, and the price paid is given as near \$75,000.

George P. Money and W. G. Koogler took to the country Saturday morning. They headed for Melien's ranch, where they will be gone several days communing with nature and guessing on the size of the republican majority next November.

William H. Smith, E. C. Mercer and Walter Pratt returned last evening from a trip out to the Old Blue mine, where they located claims. Will Stuart, who is developing the mine, is in himself today, looking after some pumping apparatus.

Mr. Stuart, who is down about eighty feet in the mine now, has found quite a quantity of free gold and splendid indications. The mine is located on the slope of a mountain from east to west. Where they are working now, there are fourteen inches of water over the loose dirt which has caved in. The entire mine, so far, has had to be re-timbered, and they are not yet to the end of the tunnels.

Mrs. L. C. Butcher and baby arrived Friday evening from Raton. She will remain during the winter with her husband, who is one of the faculty of the Normal.

Miss Margaret Cavanaugh returned Friday from her summer stay at Albuquerque. She will attend the Normal this year.

Hon. F. A. Manzanarez returned Saturday from his trip to Indiana, where he left his son, Manuel, in the Notre Dame university.

William B. Bunker returned Saturday from his visit among the Houslers. He looks well, has the usual smile, and is glad to get back to God's country again.

The home of Mrs. C. S. Rogers was the scene of a most unique and delightful gathering Friday afternoon from 2 until 6 o'clock. It was the occasion of a birthday party given by Mesdames C. S. Rogers and P. C. Nisson, the twin daughters of Mrs. M. Green. There were thirty ladies present, and each lady brought all her children, making a total of about

seventy who partook of the delicious refreshments served in honor of the event.

The house was decorated with flowers, and on the tables were sweet peas and pinks. The amusement consisted of cards and other games and watching the playful children. As a souvenir of the event, a pink and white badge, fastened with a gold pin, was given to each lady present. Mrs. Brown, the old nurse who attended the ladies when they were babes, twenty-six years ago, dropped in today to wish them many returns of the day.

There has been a young man in the city for the past couple of days looking for a lost sister, he claims. He has been very quiet about the matter, and few learned his name. He said the girl left her home in Denver about eight months ago, after a little disagreement with her parents and they have lost trace of her. He had information that she came to Las Vegas to work in the Harvey house, and he inquired of some of the waiters, but they knew of no one corresponding to the description and picture which he carried with him. He was directed to some of the other hotels, but did not show up there, and it is not known whether the young man is in earnest or not.

The beautiful home of Hon. Joshua Reynolds was the scene of a brilliant gathering of young people Friday night. The event was a party given by Mr. Reynolds' accomplished daughter, Miss May Reynolds, to a number of her friends. Dancing was the amusement of the evening, the spacious rooms of the residence and hard wood floors affording a splendid place on which to trip the light fantastic. The music began at 8:30, and the merriment held sway until midnight, when dainty refreshments were served.

Col. R. E. Twitchell, the Las Vegas Von der Ahe, has signed Woods, the crack Boston pitcher, and another expert with the sphere, for the tournament game at the Albuquerque fair.

On account of this, his expense guarantee will have to be raised, but the colonel says he is going to win that game, if good men will do it, and we believe he will.

It is claimed that the cars for the electric road have been shipped and will arrive in a few days. Rumors are, also, that the company will start the cars shortly on the Hot Springs branch, from Bridge street up, taking power during the day from the hotel plant at the springs until its own power house is completed. About three miles of copper trolley wire have already been strung on the line.

Mrs. Hallet Reynolds gave a most pleasant party Friday afternoon at the home of Mrs. Jefferson Reynolds, in honor of Miss Myrick, of Indiana, who is a guest of Mrs. E. D. Reynolds. Six-handed euchre was enjoyed, five tables being in the game. The prize winners were: Miss Head, first prize, and Mrs. A. B. Smith ten ten-handed prize. Refreshments finished a most delightful afternoon of pleasure.

The E. Romero hose company had a

AN OLD WAR.

Pretty Near Time to Stop.

"Wouldn't it make your friend mad to tell her she was in reality a drunkard, but many women are drunkards unconsciously from the use of coffee, which wrecks their nervous systems, and they seem unable to reform."

A lady in Philadelphia, Pa., was very badly affected by coffee, causing her to have nervous prostration, and she finally woke up to the fact that she was in reality a coffee drunkard. Her doctor had told her that she must give up coffee, but she seemed unable to do it.

One day she read an advertisement about Postum Food Coffee and thought she would give it a trial. She says: "Coffee had such a strong hold on me, that at first I did not make it all Postum, but added a tablespoonful of coffee. After a while I quit putting coffee in at all, and soon found I felt much better. Continued use stopped my headaches and biliousness, and I soon noticed that my nervousness had evidently left me for good. Now I would not use anything else, and the smell of coffee makes me sick."

"I am using your Grape-Nuts also, and think it a wonderful food. I lately cured an attack of indigestion by eating nothing but Grape-Nuts and drinking Postum for two weeks and now I can eat solid food and feel no distress." Name given by Postum Co., Battle Creek, Mich.

couple of meetings Friday night, a regular, followed by a special. The boys have decided to keep open house, with refreshments on tap, on Sunday, September 14, when the excursionists come to town. Invitations will be extended to the visiting firemen to call and make themselves at home. An exhibition run will be given in the afternoon, and the entertainment provided during the day, before the ball game.

Miss Marie Douglas entertained thirty-four of her young friends Friday night at the home of her mother, Mrs. Sallie Hume Douglas, in honor of her cousin, Miss Carrie Lewis, of Kansas City, Mo. The feature of the evening was a guessing contest, in which the young folks had to build words. Miss Artless Brown took the first prize for the girls and Harry Hoskins for the boys. Nice refreshments were served and the young people had a most delightful time.

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me." For sale by all druggists.

GOLDEN.

Special Correspondence.

Golden, N. M., Sept. 7.—J. B. Mayo and wife went to Colorado Springs for a couple of weeks.

James Lucas has been running his mill for two weeks and the ores from the Black Prince is paying well.

Frank White has opened up a large body of copper ore in the Gold King lode. Assays recently made show the ore to contain 60 per cent copper.

A very rich strike has been made in the Las Vegas lode, property of the Argo Mining company. The first discovery was made a few feet west from where young Silverman found a pocket of ore which produced over \$1,200. Mr. Sugar put several men to work stripping the side of the mountain and for over 200 feet he has uncovered the vein, showing free wry gold all through the ore. The face in all the different cuts shows quite large bodies and if present indications continue the Las Vegas will be a heavy gold producer in a few months. A mill run of thirty tons will be made in the Mayo mill to ascertain the real values of the ore, but enough ore has been uncovered to make the Las Vegas a great mine.

Nothing Like Oil.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow. For sale by all druggists.

TORRANCE.

Special Correspondence.

Torrance, N. M., Sept. 6.—A jolly party of excursionists left Santa Fe for a tour over the entire length of the Santa Fe Central railway. They were: Senator W. H. Andrews, Gen. F. J. Torrance, wife and daughter, Mr. Buhl and wife, all of Pennsylvania and General Manager W. S. Hopewell, Miss Heloise Dibert, of Santa Fe. They left the capital early and arrived at Antelope Springs late Thursday evening. They will remain there for a week or two, then take an outing to the mountains on a hunt. They are out for a good time and they will surely have it.

Word was received from Antelope Springs this morning, stating that Senator Torrance is slaughtering the ducks and rabbits at Estancia lakes.

Senator Arthur Kennedy and Mr. Smith, of South Bend, Ind., arrived here this morning and will go to Antelope Springs and join the party that is there waiting for them. Senator Kennedy is the president of the Pennsylvania Development company.

Orrin McCowan, who has been in the general offices of the Santa Fe Central, has been transferred to the Torrance office, taking charge there. He is getting along fine. He is going to try and get into Albuquerque to see the big territorial fair next month.

The telegraph line of the Santa Fe Central was completed this morning and now we have straight connections with the entire length of the road.

Thousands of ties are being stored at different stations and also lumber for bridges are being distributed from Santa Fe, Kennedy and Torrance. Every team that can pull a pound is put to work.

L. E. Brown, of Corona, N. M., will act as operator at the new office which has just been opened.

At the big cut fourteen miles south of Kennedy everything is moving fine. They will have it completed soon.

Grass is fine in this location. All along the line there are big water holes, showing that there has been lots of needed rain. The sheep are looking fine.

Thirty-six years of continuous success

Just think what that means. Thirty-six years in business, each year more successful than the previous one, with never a backward movement, constantly growing larger, ever increasing in popularity. How many concerns in this country have such a proud record? How many that were doing business thirty-six years ago are even in existence today? Very few. But thirty-six years of continuous success and still growing larger. Think of it! How has it been accomplished? In just this way. By selling absolutely pure whiskey, direct from our own distillery to the consumer, with all its original richness and flavor, saving him the enormous profits of the dealers, and by carrying out to the letter every statement or offer that we make, thereby creating a confidence with our over a quarter of a million satisfied customers that cannot be broken.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodai cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: Kodai has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodai saved my life. Take it after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

A Physician's Tests.

Bright's Disease and Diabetes Are Positively Curable.

Judge Henry S. Foote, a former member of our State Supreme Court Commission, and one of the best known jurists on the Coast, makes the following certificate:

"I am pleased to certify the following facts. A well-known physician in active practice put two cases of Bright's Disease and Diabetes on the Fulton Compound. He is willing the results should be known, but for professional reasons without his name. As the results are so quickly opposed by all medical works, I was asked to investigate and report the facts, which I did, and I find and certify as follows:

"An old-school physician of unquestioned standing and ability has just tested the Fulton Compound in three cases with these results:

Case No. 1—Mrs. T., chronic Bright's Disease; usual albumenuria drops; urine thick and white; under treatment without result. Under the Compound the drops disappeared in thirty days, and last of the albumen in 60 days.

Case No. 2—Mr. H., chronic Bright's Disease of 10 years' standing; albumen large drops; urine in 2 weeks almost reduced to a trace and drops entirely gone. Patient insisted he was well and left for his home. (The physician replied: 'I don't know, but it must be so, as nearly as I can tell, if my own cases are any criterion.')

—HENRY S. FOOTE, Judge, Montgomery St., San Francisco.

Asked what he thought of it, Judge Foote replied: "I am satisfied the cure has been found."

Medical works agree that Bright's Disease and Diabetes are incurable, but 97 per cent are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism often but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetic Compound. John J. Fulton Co., 420 Montgomery St., San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

SILENCE!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indecent. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of free consultation by letter. All correspondence is held strictly private and is sacredly confidential. Address Doctor R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"Having used Dr. Pierce's Favorite Prescription during the past year," writes Mrs. Mattie Long, of Mount Vernon, Pa., "I can truly recommend these medicines for all female weaknesses. I have used several bottles of 'Favorite Prescription,' which I consider a great blessing to weak women. I was so nervous and discouraged that I hardly knew what to do. Your kind advice for home treatment helped me wonderfully. Thanks to Dr. Pierce."

Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

Of James G. O'Meara, the second for the murder of William L. Thayer and the third for felonious assault upon Simon Golding. Warrants have been served on Atchison and he is under bond for \$10,000 to appear for trial.

STRICKEN FARMERS

Of the Mimbres, Down in Grant County, Want Prompt Assistance.

GOVERNOR'S PROCLAMATION.

Santa Fe, N. M., Sept. 6, 1902.

Whereas, A terrible and disastrous flood visited the residents along the Mimbres river in Grant county on the 29th day of August, A. D. 1902, which utterly destroyed the growing crops along that fertile valley and washed away most of the houses and improvements of the residents there, rendering homeless, helpless and destitute nearly 300 of our fellow citizens; and Whereas, The other residents of Grant county have contributed freely of money and supplies toward their relief, but are unable to fully supply the needs of these afflicted persons, and have represented these facts to the undersigned,

Now, therefore, I, Miguel A. Otero, governor of the territory of New Mexico, hereby proclaim the above facts to the people of the territory, and earnestly enjoin upon and urge all boards of county commissioners, mayors and councilmen of cities and towns, boards of trade, or other commercial organizations, and charitable organizations wherever they may be to take immediate steps for the collection and forwarding to the board of county commissioners at Silver City, Grant county, New Mexico, for such articles of food and clothing as they can obtain for distribution among the sufferers by this disaster.

There are many women and children left destitute, whose necessities should be first supplied. Prompt action is necessary on the part of our people to alleviate this distress. It is the calamity of the kind in the history of our territory and the first time our citizens have been publicly called upon to assist each other, and I earnestly trust the response to the appeal from Grant county will be generally and quickly made.

Done at the executive office this, the 6th day of September, A. D. 1902.

Witness my hand and the great seal of the territory of New Mexico.

(Seal) MIGUEL A. OTERO, Governor of New Mexico.

By the governor: J. W. RAYNOLDS, Secretary of New Mexico.

Water Cure for Chronic Constipation.

Take two cups of hot water half an hour before each meal and just before going to bed, also a drink of water, hot or cold, about two hours after each meal. Take lots of out-door exercise—walk, ride, drive. Make a regular habit of this and in many cases chronic constipation may be cured without the use of any medicine. When a purgative is required take something mild and gentle like Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing in to the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out, digs up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without curing the dandruff, and you can't cure the dandruff without killing the dandruff germ.

"Destroy the cause, you remove the effect." Newbro's Herculicide is the only hair preparation that kills the dandruff germ. Herculicide is also a delightful hair dressing.
