## A MINING SALE

**Transfer in the Burro Mountain District.**

**NEBRASKA'S FIRST SETTLER DEAD.**

**Holland Celebrates the Birthday of Wilhelmina.**

**GERMAN CATHOLICS IN SESSION.**

Special to The Citizen.

Silver City, N. M., Aug. 30.—A big mining sale was closed in this city the other day for considerable mining property in the Burro mountain mining district. The sale included the Comanche group in that section to J. S. Curry and several other Michigan parties. The purchasing price is said to be \$105,000. The parties who have purchased the group are worth something over \$10,000,000, collectively, and it is their intention to erect a leaching plant on the property with a capacity of 200 tons daily and some talk is going the rounds that a railroad will be built from the Burros to White-water, the nearest station of the Santa Fe, which is only a few miles, and there is a natural roadbed the entire distance. This would make it a very easy matter to build the road and at no great expense and would enable numerous other mine operators in the Burros to ship large quantities of medium grade copper ores. It is the intention of the above parties to treat all the custom ores favorable to leaching that they can obtain.

### FIRST SETTLER.

Man Who Laid Out the Omaha Townsite Dead.

Omaha, Neb., Aug. 30.—Alfred D. Jones, who in 1854 laid out a townsite in Omaha, died here today, aged 87. He is reputed to have been Nebraska's first settler.

### THE LOYAL DUTCH.

All Holland Will Celebrate Queen Wilhelmina's Birthday Tomorrow.

The Hague, Aug. 30.—Queen Wilhelmina will be 22 years old tomorrow and all Holland is preparing to celebrate the birthday anniversary with more than the usual manifestations of joy and tokens of congratulation. For it seems that the love and affection which the Netherlands have for the little queen increase in geometrical proportion to the unhappiness with which, from all reports, the queen has had to bear almost from her wedding day. A royal love match was the characterization applied to the brilliant marriage ceremony celebrated here on that bright February morning scarcely two years ago, but how far the public was mistaken—and the fair young queen also—has long since been demonstrated. It was a bad match, so say and know the Dutch people today. It is safe to assert that every heart in Holland throbs in sympathy with that of the queen in her distress and many are the messages and addresses of congratulation that will pour in upon her tomorrow in accordance with custom, though were they expressions of condolence they might fit the occasion better. The attitude of the stolid bourgeois toward Prince Henry remains unchanged. They never regarded him with a friendly eye. The wedding of Queen Wilhelmina and Prince Henry occasioned no spontaneous rejoicing among them. From the very first their attitude was one of jealous reserve toward the German soldier who had captured their girl queen's heart. They declared at the time of the wedding that the best of German princelets was not good enough for their queen and now they are more convinced than ever of the fact. At first the feeling was much the same as that entertained by the English people toward Prince Albert at the time of his marriage to Queen Victoria. But there the parallel ends. As time went on Prince Albert won the regard and finally the affection of the English people, while Prince Henry, on the other hand, by his apparent neglect if not mistreatment of the queen, has come to be regarded by the Netherlands with a feeling of dislike that is as cordial as it is general and all-pervading.

### German Catholics.

San Jose, Cal., Aug. 30.—Delegates and visitors are arriving in considerable numbers from various parts of the state for the third annual convention of the German Catholics of California. The gathering will be formally opened tomorrow morning with the celebra-

tion of solemn high mass in St. Mary's church. From the church the delegates will repair to St. Mary's hall, where the business sessions are to be held. The local Catholics have united in arranging elaborate entertainment for the visitors and a successful gathering is anticipated.

### Stock Brokers Suspend.

Buffalo, N. Y., Aug. 30.—John F. Menay & Co., stock brokers, suspended today. A superficial examination of the firm's books shows its total losses are \$100,000. The firm expects to resume soon.

### Volcano Erupting.

Managua, Nicaragua, Aug. 30.—The volcano at Masaya, Nicaragua, is again active. Heavy detonations are heard and the mountain is expelling columns of cinders and fragments of rocks.

### Fleet Still Anchored.

Woods Hole, Mass., Aug. 30.—Rear Admiral Higginson's fleet was still at anchor at Menasha Light this afternoon. It was expected to go out under cover of darkness last night.

### TIMBER WAS BURNED.

Forest Fires Started by Lightning Near Jackson Lake.

Salt Lake, Utah, Aug. 30.—Forest fires started by lightning, laid waste to large areas of timber in the forest reserve of the Teton mountains near Jackson Lake in western Wyoming. This is one of the most picturesque ranges of the Yellowstone park region. Forest rangers now have the fire under control.

### The Fair Remains.

London, Aug. 30.—The steamer, St. Louis, from Southampton today for New York, has on board the remains of Mr. and Mrs. Charles L. Fair.

### CONTRACTS MADE.

**Santa Fe Central Will Get Steel on Time**

### A DISTINGUISHED PARTY HERE.

General and Mrs. Frances J. Torrance and daughter, Miss June, Mr. and Mrs. Henry Buhl, of Pittsburgh, and Senator W. H. Andrews, of Andrews, N. M., arrived here this morning from El Paso in the private car Edgemere.

The party was met here by W. S. Hopewell, general manager of the Santa Fe Central, so that those chiefly interested in the new road are here today. This evening they will go on to Santa Fe and from there out to Antelope Springs ranch.

General Torrance and family and Mr. and Mrs. Buhl will return east in about ten days, but Senator Andrews will remain here indefinitely.

"Everything is in shape to push the work to rapid completion," said Senator Andrews. "The Santa Fe Central will be pushed as rapidly as we can push it. There will be no delay with us on account of the steel for we have a contract for fifty miles to be delivered in October, fifty in November and fifty in December. Trains will be in operation by the first of the year. Work on the Albuquerque Eastern will be commenced very soon now and just as soon as the other is satisfactorily out of the way. Everything is in good condition along the road and work is progressing satisfactorily. Trains will be running over the Albuquerque Eastern early next year."

### SAVABLE WON.

**Futurity was Run at Sheephead Bay This Afternoon.**

New York, Aug. 30.—With the largest field on record, thirty odd horses carded to start, with the second largest stake ever hung up for the race, \$65,000, to be divided, and with the most prosperous year in the annals of the American turf behind it, the futurity, to be run today, drew one of the largest crowds ever gathered at the Metropolitan race track. The rivalry between the Keene and Whitney tables was very marked, as Medal Pain, Irish Lad and Aceful will represent the Whitney, while the Keene entries are Flying Prince, White Chapel, Dazzling, Dalesman and Duster. August Belmont entered Fire Eater, Mizzen and Lord of the Vale. The bright sun insured a perfect track.

The following horses were scratched: Dalesman, Sovereign, Sir Voorhis, Royal Summons, Love Note, Merry Acrobat and Medal.

Savable won the futurity, Lord of the Vale second, Dazzling third, Hurst Bourne fourth. Time, 1:14.

Major W. H. H. Llewellyn, of Las Cruces, is here today. He will be at Silver City Monday morning, when the Grant county court convenes.

## THE CHAMPIONS

**El Paso Will Secure the Pittsburgh Club.**

**GREAT GAMES OF BASE BALL.**

**Trip to El Paso by Messrs. Marron and McCanna.**

### LIST OF SOME OF THE PLAYERS.

P. F. McCanna and O. N. Marron, who went to El Paso on Thursday night in the interest of the fair association, returned to the city this morning. The gentlemen were seen by a representative of The Citizen and they were both very enthusiastic about the interest manifested in the base ball tournament by the El Paso people.

"Hon. Felix Martinez and James Magoffin have taken and are taking the greatest interest in this matter and their efforts are being aided by all the people," said these gentlemen. "We found that Mr. Martinez and Mr. Magoffin had been in correspondence for some time with the celebrated Pittsburgh base ball team and arrangements have been perfected whereby Pittsburgh will represent El Paso in the base ball tournament at the territorial fair."

"You know what this means," said Mr. McCanna, as his eyes sparkled with delight at the thought. "It will be the greatest base ball that ever was played anywhere in this country. Never has there been such a contest on the diamond as will this one be between the Pittsburghs, representing El Paso, and the team selected for Albuquerque."

Mr. Martinez, as is characteristic with him, would not be satisfied with anything but the best to represent his city in the tournament and to his energetic and intelligent efforts is mainly due the securing for El Paso of the Pittsburgh team.

Everybody, it seems, is interested in the territorial fair, and we heard a great deal of talk concerning it. We will have an immense crowd here from El Paso and southern New Mexico.

### AT EL PASO.

**Names of Star Ball Players—Interesting Features for the Fair.**

From El Paso News, Aug. 29.

P. F. McCanna and ex-Mayor O. N. Marron, of Albuquerque, arrived in this city today to complete arrangements with the El Paso managers of the base ball team for the games which are to be held at Albuquerque and El Paso during the Albuquerque fair and the next week thereafter.

Mr. McCanna is the secretary of the fair association and Mr. Marron is the chairman of the fair executive committee.

Both gentlemen were seen at hotel Zeigler this morning and were talking of the fair and its prospective success.

"Our fair this year will be the biggest success which we have ever attempted. I am certain of that for we have the attractions to make it such. We have selected a base ball team from the stars of the country and they can only be beaten by the team which El Paso has secured, if I am rightly informed in stating that the Pittsburghs have consented to play for El Paso."

"They will be the best games of ball ever played in this country and that alone will be equal to any other feature of the fair. Our team will be as follows:

Catcher, Chance of the Chicago National league team; pitchers, Callahan of the Chicago American league, Taylor of the Chicago American and Waddell of the Philadelphia American; first base, Cooley of Boston National; second base, Lajoie, Cleveland American; third base, Williams of the Baltimore American league; short stop, George Davis, of the Chicago American league; left field, Hartsell of the Philadelphia American league; center field, Greene of the Chicago American league; right field, Bay of the Cleveland American league team. This is an aggregation which can not beat on the diamond by any except the Pittsburgh team entire.

"Another big feature of our fair will be the Indian relay races of five miles, horseback. There will be twenty-five entries, all Navajo Indians, and 125 bronchos will be ridden. Each Indian will ride his broncho one mile, having been required to saddle him and at the end of the first relay an attendant will be on hand with another broncho. To lose no time, the Indian will have to vault from his saddle about 150 feet from the end of the relay, unsaddle his pony, make a running start saddling his other broncho and be off for the

next relay. This will make the race intensely exciting and novel.

"At the statehood convention invitations of acceptance to attend have been received from Senators Quay, of Pennsylvania, and Patterson, of Colorado. Speeches will be made and delegates from all over the territory will be present. The advertising car for the fair will start next Monday from Albuquerque, going north to Denver and then retracing its journey to El Paso over the Santa Fe. The party will arrive here about September 15."

### EXCURSION TO SANTA FE.

Train Will Leave Here Tomorrow Morning at 6:30 O'clock.

"From all indications the excursion to Santa Fe tomorrow," said a ticket seller, "will be a bumper, and reminds me of some of the good old fashioned excursions that the old Browns base ball team and their friends sent out of Albuquerque years ago."

"How can you tell?" asked the reporter.

"Well, I judge from the number of tickets I have sold and the reports from others who have tickets, and I make the estimate that over 500 people of this city will go up to Santa Fe on the excursion train tomorrow."

The list of tickets left at The Citizen office has all been disposed of and all comers now at the office are being sent to the other places where tickets are on sale.

Agent Myers telephoned to The Citizen office this afternoon that arrangements have been made for the train to leave the local depot promptly at 6:30 o'clock a. m. and on returning leave Santa Fe at 8 p. m., arriving in the city with the excursionists between 10:30 and 11 p. m.

There will be a baggage car attached to the train but no baggage man in attendance. The car, however, will be for the use of excursionists, who desire to take their lunch baskets and babies along with them.

### J. F. ADAMS DEAD.

Formerly Treasurer of Denver and Sheriff of Arapahoe County.

New Orleans, Aug. 30.—J. F. Adams, formerly treasurer of the city of Denver and sheriff of Arapahoe county, Colorado, died at St. Anthony late today. Adams was widely known in the west. He stumped that section for Bryan in 1896. He came here four years ago, owing to ill health and became prominent in business.

### RETURNED TO WORK.

**First Break in the Union Pacific Shopmen Strike.**

Omaha, Neb., Aug. 30.—The first break in the ranks of the striking Union Pacific shopmen came this morning when twenty-one of the car men returned to work. Railroad officials expressed the belief they will be followed next week by the remainder of the car men. The boiler makers and machinists say their strike will be continued. The men who returned accepted the piecework system.

### Death at Woodbury.

About 9 o'clock yesterday morning at the little mining camp of Woodbury, occurred the death of Mrs. Nellie Glynn. The deceased and husband and two children came to Albuquerque from Illinois about six months ago. A few months later they moved to Woodbury, where Mr. Glynn was employed at the Woodbury cyanide mill. Death was caused by a long standing case of consumption. J. O. Skinner, representing J. W. Edwards, went to Woodbury to embalm the body for shipment to the family's old home at Waukegan, Ill.

### LABOR DAY MONDAY.

**Many Places of Business Will Be Closed Here.**

Labor day will not be formally observed here Monday by any celebration by the labor unions but it will be informally celebrated. Being a national holiday the postoffice will be open as on Sunday only. The banks will be closed all day and the barber shops, groceries and butcher shops will close at 1 p. m. Several of the dry goods stores will close at the same hour. The shops will be closed all day.

Hank Thomas, who was at the Jemez hot springs the past month, returned to the city yesterday afternoon. He received benefits from the rheumatism, and says Block's hotel cannot be excelled.

Miss Ina Robinson, aged 25 years, died at her rooms on North Sixth street early this morning from consumption. A mother and sister were present when death came. They had lived in Albuquerque about six months and came from Kankakee, Ill. J. W. Edwards embalmed the body which will be shipped to the old home in Illinois. The mother and sister will accompany it.

## BACKS TURNED

**Strikers Ignored the Presence of Troops.**

**NEWPORT FORTS ON WAR FOOTING**

**Vermont's Three Corned Campaign Closed Today.**

### BOER GENERALS GOING TO LONDON.

Tamaqua, Pa., Aug. 30.—The strike leaders went from door to door last night spreading the news of General Gobin's instruction to the troops to shoot if molested in any manner. This morning the troops escorted several hundred non-union men to work without being molested in any way. The crowds on the street deliberately turned their backs to them. Supplementing his order of last night, General Gobin directed Major Gearhardt to arrest all women and girls who insult the troops.

### Everything Quiet.

Shenandoan, Pa., Aug. 30.—General Gobin's report from Major Gearhardt this morning was that everything is quiet in the Panther Creek region. More men reported for work than in any previous morning and none were molested.

### ALL IS READY.

**Forts and Men are Now on War Footing.**

Newport, R. I., Aug. 30.—The forts in this vicinity are practically on a war footing and the men behind the guns, mortars and searchlights at the various signal stations are ready for war, imaginary though it be. The principal event in this city today was the arrival of the Massachusetts troops.

### CAMPAIGN CLOSED.

**Vermont's Three Corned Race will be Finished on Tuesday.**

Burlington, Vt., Aug. 30.—One of the most active political campaigns this state has ever seen closed today, and Tuesday will be waged the battle which is considered of the utmost importance by both parties. The situation is one without precedent in this state. After the republicans had nominated their state ticket early in July, headed by Gen. J. G. McCullough as candidate for governor, a bolting element of the party met in this city and put up an opposition state ticket on a local option program. Their gubernatorial nominee is P. W. Clement. The regular republicans profess to have no fear as to the result and say their majority will not be cut down much by the efforts of the Clement forces. There has never been a democratic governor, congressman or senator from Vermont, and politicians declare that the order will not be broken this year, though the democrats themselves say that the split-up among the republicans will enable them to make a better showing when the ballots are counted than ever before.

### Going to London.

The Hague, Aug. 30.—Generals Botha, DeWet and Delarey started for London today.

### CHARLEY HUBBELL'S ACCIDENT

**Returning from the Isleta Feast the Horses Gave Him Trouble.**

It is learned today that Charles Hubbell, who piloted a party of lady friends to the Isleta feast Thursday, met with an accident on the return trip to the city. Charley is known as a practical horseman and of course he was the driver. Coming back from Isleta and driving along the river road, he was telling the ladies all about the bloody raids of Geronimo and the Apaches years ago along the identical roads they were traveling so peacefully now, when the single tree of the vehicle broke and of course there was trouble. Charley ceased telling his frontier story of the awful deeds committed by the redskins and attempted to pacify the horses, who had become frightened. They plunged and pulled, but Charley held on to the reins, until finally the dashboard gave away and Charley took a headlong leap to the ground. One of the ladies said "Whoa" to the horses and the gentle word acted like a charm, for the horses promptly became quiet. The sudden charm of the horses gave Charley an opportunity to catch a long breath and get up from the ground, which he took advantage of, and brushed the sand off his clothes and out of his hair. The break to the vehicle was remedied, the

horses re hitched to the vehicle, and the trip from that on to the city made without any further disturbance and without Mr. Hubbell concluding his Apache raid narrative. Instead, he hummed a sweet lullaby from that on to the city, and convinced the ladies that he was not only a good driver but was also a fine singer.

### Buffalo's Race Meeting.

Buffalo, N. Y., Aug. 30.—The auspicious opening today of the initial meeting of the new Buffalo Racing association augurs well for its success. The feature of the opening day is the Buffalo Derby for 3 year olds, at a mile and a half, with a guaranteed value of \$5,000. The meeting will continue until September 22.

### Labor Day Travel.

Chicago, Ill., Aug. 30.—The railroads of the middle west believe that passenger traffic on Labor day will exceed anything they have ever known. The need of equipments sufficient to accommodate the crowds is troubling transportation departments and in some instances it is recognized that the number of people carried will be limited only by the ability of the roads to supply enough cars.

### Toronto Exposition.

Toronto, Ontario, Aug. 30.—The annual industrial exposition was opened to the public today, though the formal ceremonies attending its inauguration will not be held until Monday when many visitors of note will be in attendance and the occasion made one of unusual note. The industrial exposition this year promises to be of extraordinary note. The management has worked hard in gathering choice exhibits and the result is the largest and most comprehensive display of agricultural, manufacturing and dairy products ever seen in this part of the dominion.

### THE PUBLIC SCHOOLS.

**Superintendent Stroup Announces Teachers and the Assignments.**

### OPEN MONDAY SEPT. 8.

The public schools will open Monday, September 8. The teachers are nearly all here ready for the week of institute which will be held September 1 to 5th inclusive.

Four recitations and a talk by leading educators of the city will constitute each day's program.

The following assignment of teachers has been made by Superintendent Stroup:

Central Building—Principal, L. G. Lenker, teacher of Latin and mathematics; Miss Mabel Fitch, teacher of history and music; Miss Sadie R. LeVitt, teacher of English; Mrs. O'Connor Roberts, teacher of Spanish and librarian; Miss Ella Coltraine, eighth grade; Mrs. Gilbert La Bar, eighth grade; Miss Edith Stevens, seventh grade; Miss Sallie King, seventh grade.

First Ward—Principal, Mrs. T. J. Butts, first grade; Miss Elizabeth Wiley, second grade; Miss Lucy Hazledine, third and fourth grades; Miss Maud Custers, fifth and sixth grades.

Second Ward—Miss Lilly Keepers, first grade; Miss Katherine Adams, second grade; Miss Elizabeth Hughes, third and fourth grades; principal, Mr. Nicholson, fifth and sixth grades.

Third Ward—Miss Ida Elder, first grade; Miss Mata Tway, first grade, A class; Miss Katherine Wilson, second grade; Miss Anna Thomas, third grade; Miss Eda Nichol, fourth grade; principal, Mr. Preston, fifth and sixth grades.

Fourth Ward—Miss Marguerite Newman, first grade; Miss Edith Everett, second grade; Miss Frances Graves, third and fourth grades; principal, Mr. Decker, fifth and sixth grades.

The handsome public school buildings are being put in excellent condition, and Superintendent Stroup anticipates a larger enrollment than ever on opening day—Monday, September 8.

### SPECIAL GRAND JURY.

**Is Ordered to Investigate Tax Frauds in Chicago.**

Chicago, Aug. 30.—Judge Brentano today ordered a venire for a special grand jury to convene next Tuesday to consider the tax-fixing scandals that brought some officers into a turmoil. The warrants will be issued against several persons as yet unknown. The action is the result of the unearthing by State's Attorney Dineen of what he thinks to be a gigantic conspiracy to defraud Cook county out of hundreds of thousands of dollars. Last week it was discovered the tax accounts of the Masonic Temple building apparently had been tampered with on the books of the county treasurer.

## A LONG DRIVE

**President Roosevelt Enjoyed Some Unique Scenery.**

**AN IMPOSING MILITARY PARADE.**

**China Asks Justice for Subjects Killed in Oregon.**

**MISS ANTHONY AGAIN GOLF CHAMPION.**

Windsor, Vt., Aug. 30.—President Roosevelt today resumed his tour of New England, crossing to Vermont, where he will remain until Monday, speaking today at various points and going this evening to the summer home of Secretary of the Treasury Shaw, at Thompson's Point, on Lake Champlain. The president will be the guest of the secretary until Monday. Windsor, White River Junction, Montpelier and Burlington are the places at which the president was scheduled to stop today.

A drive of fifteen miles across the Crocyen mountains was one of the most pleasant experiences of the president's tour, and brought the tourists into contact with some of the most picturesque scenery in the United States. On the way from Corbin Park, a brief stop was made at the summer home of Winston Churchill, the author, at Cornish, N. H.

### Ready at Brattleboro.

Brattleboro, Vt., Aug. 30.—Elaborate plans have been completed for the reception and entertainment of President Roosevelt in Brattleboro next Monday. The visitor will be met at the station by a delegation of citizens, the band and company I, Estey guards, who will escort him to the Common, where he is expected to speak. If time permits he will be taken to see some of the attractions of Brattleboro and possibly to Fort Drummer. There will be a reception at the Brooks house, which will be attended by the members of the Young Republican club and invited guests, including Governor Stickney and other state officers.

### SPECIAL DRESS PARADE.

**Teddy, Jr., Was Highly Entertained at Fort Sheridan.**

Chicago, Aug. 30.—Theodore Roosevelt, Jr., today was driven to Fort Sheridan, where a special dress parade and cavalry maneuvers were ordered by Col. McCaskey in honor of the president's son. He left this afternoon for South Dakota.

### CHINA COMPLAINS.

**Wants Justice for Subjects Killed by Oregon Mob.**

Washington, Aug. 30.—The Chinese government, through its legation here has asked the state department to see justice is done by the state of Oregon to the Chinese who were attacked by rioters in Baker City, Oregon, August 8. About that date about fifty Chinese employed in the city were attacked by a mob. Three of them were shot and the remainder were driven out of town and forbidden to return. The department, following the usual course, will forward the complaint to the governor of Oregon with a request for an explanation.

### Again the Champion.

Chicago, Aug. 30.—Miss Bessie Anthony, of the Glenview Golf club, for the third time won the title of western golf champion today after a plucky fight against Mrs. W. A. Alexander, of Exmoor, by a score of 1 up. Miss Anthony thus becomes permanent owner of the Alexander and Governor's cups.

### SEVERE FIGHTING.

**Two Towns Have Been Destroyed Near Cape Haytien.**

Washington, Aug. 30.—Under date of last evening from Port au Prince, United States Minister Powell cabled the state department that severe fighting had occurred the day before near Cape Haytien and was still in progress at the time the cablegram was sent. Great loss has occurred on both sides. The towns of Maralade and Limet are totally destroyed. The Cincinnati, in command of Captain McLean, is now at Cape Haytien, so that American interests are well protected.

### Socialist Labor Convention.

Utica, N. Y., Aug. 30.—The socialist labor party, composed of the De Leon socialists, is holding its state convention in Utica today. Resolutions will be adopted and candidates named for the state offices to be filed in November.

**For Delegate to Congress**  
B. S. RODEY.

This city has added 1,000 to its population this year.

"Let's keep on kicking" is the platform of the democratic party.

The Citizen is the largest, best and cheapest daily newspaper in New Mexico.

At Santa Fe tomorrow all warring political factions expect to meet in peace.

The New Mexican in several paragraphs intimates that some one is trying to "down" that paper.

Charron: He who receives a good turn should never forget it; and he who does one should never remember it.

Congressman Lacey can find an excellent location for a government reservation in the vicinity of Wall Lake, Iowa.

The politicians of the territory are of little benefit to the newspapers, and a paper that lives by political support is not a newspaper.

As the Chinese rebels are being executed at the rate of 1,000 a day, it is predicted that the rebellion will not last more than a year.

St. Louis makes one-sixth of the shoes manufactured in the United States and is fifth among American cities in shoe production.

The stairway leading to the tower of the Philadelphia city hall contains 598 steps, and is said to be the tallest continuous stairway in the world.

San Miguel is the banner democratic county of New Mexico. That county will have twenty-three delegates in the democratic convention which will convene in this city on October 13.

President Roosevelt says that congress should have control of the trusts, which really appears to be an improvement over the present scheme by which the trusts control congress.

The republicans of McKinley county expect to re-elect Alex Bowie to the territorial legislature. Mr. Bowie was a faithful representative two years ago and accomplished much for his county.

This true sentence is from the Denver Republican: "The best way to get rid of bossism in any political party is for the individual members of the organization to do their duty by asserting themselves in the precincts within which they reside."

The last of the original Hoe firm of newspaper press builders, Peter S. Hoe, is dead. That family has left behind it an industrial monument that will last longer than many of the orate statues that rear themselves on the green sward of America.

The Rev. "Sam" Small became drunk in Battleboro, Vt., this week, while on a temperance lecture tour. He admits he was drunk and says he has no excuses to offer. It is a sad downfall, and at the same time as effective a temperance sermon as he ever delivered.

The site of the lost Indian city, Mascontens, which was reported as having 20,000 inhabitants in 1675, has been determined by the labors of Thomas Clithero, of Portage, Wis., now extended over many years. It was the largest city in all Indian history, so far as the United States territory is concerned the descriptions of the results in the

course of the seventeenth century, closing with Marquette and Joliet in 1673, are said to have been verified.

Arizona has a total assessment of \$39,083,177.67, an increase of \$229,346.20 over the assessed valuation of last year.

The Silver City Enterprise well deserves its name. It was washed out by a flood a week ago and comes out on time with its usual interesting pages of matter. Long may it flourish.

Except for the twenty-seven miles of water transit across Lake Baikal, a traveler may ride by rail all the way from Paris to Vladivostok on the Pacific. This is a result of the completion of the great Trans-Siberian railroad with its connection across the Chinese province of Manchuria.

The Raton Range says: "Hon. Chas. A. Spiess, of Las Vegas, is reported in the Las Vegas Record to be a candidate for delegate to congress. Mr. Spiess is a good man, but the republicans of New Mexico are satisfied with Mr. Rodey and he will be nominated by an overwhelming majority."

The governors of New Mexico, Arizona and Texas have very properly set apart by proclamation next Monday for observation of Labor day, in keeping with the deserved recognition by congress of an occasion that serves to bring together the labor forces who are developing the industries of the country.

El Paso has secured the Pittsburg champion base ball team for the territorial fair tournament. El Paso is enterprising and deserves to win the pennant, but that Pittsburg team will know that it is up against the best ball players in the United States when it faces the pitcher on the Albuquerque diamond.

Speaking of the excursions to Santa Fe from Las Vegas and Albuquerque tomorrow, the New Mexican says: "It is a proof that the antagonism which was supposed at one time to exist between the three big towns of the territory has given way to a feeling of brotherhood, amounting to the recognition that the advantage of the one is to the benefit of all."

### IMPROVEMENT IN CITIES.

In many American cities associations have been formed for their improvement along artistic lines, and already good results are seen. But progress will be slow until public sentiment is awakened and people of all classes see the value and the importance of municipal art in accordance with good standards.

Americans traveling in Europe are filled with delight at the numerous works of art seen in both large and small cities, especially on the continent. But too many of them seem to conclude that these artistic adornments must needs be confined to the old world, and that in order to see good examples of municipal art one must continue to visit Europe.

There is no reason why residents of American cities should not accomplish as much for their home places as European municipalities have achieved. It is to but a slight degree a question of time, for many of the works of art seen in Europe are of modern production.

### COMPULSORY ARBITRATION.

Referring to the proposal of arbitration as a means of settlement of the Pennsylvania coal strike, Justice Shiras says:

"Arbitration is the logical method of settling troubles such as this one, which affects the general prosperity and comfort of a great section of the country. The method and enforcement of this arbitration is a subject for the lawmakers of the nation; but arbitration itself is logical."

Justice Shiras also indorses the principle of compulsory arbitration, which he considers to be justifiable and warranted by the demands of public necessity.

Upon this subject he says: "There is now one great difficulty standing in the way of an arbitration law. Many of the labor unions are not incorporated. Until they are no law can be made binding, as no contract or agreement could be enforced upon them, while the operators, on the other hand, could be held liable. Incorporation of all labor unions is the primary step toward the passage of an arbitration law. The unions must be responsible for the carrying out of an agreement, and until they are there is little hope for compulsory arbitration of labor troubles."

### CIMABUE MADONNA.

The San Miguel Church at Santa Fe Has Genuine Pictures.

Two weeks ago the two rarest paintings in the new world were photographed for the Denver Post. These masterpieces are the annunciations of the Blessed Virgin, painted by Giovanni

Cimabue in Florence in 1287. They are above the altar of the old San Miguel church of Santa Fe, built in 1582. They were taken down for dusting and the Post man snapped them. The one which was reproduced in a recent issue of that paper hangs to the right of the altar. It is perfectly preserved, except that it bears a scar where pierced by an Indian arrow head in the frightful massacre of 1680. The Spanish inhabitants of old Santa Fe flocked to the old church for protection and an Indian climbed to one of the high windows and shot his arrow through the master painting before a Spanish bullet brought him from his perch to the ground, thirty feet below. The two paintings each bear the name of Cimabue, the father of the Florentine renaissance, and the date of 1287. That they are genuine is absolute since they are marked by the indisputable Cimabue coloring, a yellow glow, which characterizes many of the old master's famous paintings.

The other is much finer in detail than the one to the left and the expression is much more perfect. These paintings belong to the world's most appreciated art treasures.

"St. Joseph's bell" is one of the oldest bells in the world and by far the oldest in the United States. It was wouled in Spain in 1356, before there was an America or before the old world knew of that world across the mysterious seas. This bell weighs 750 pounds and is marvelously pure and sweet in tone. For more than three centuries it has rung the angels at the angels' hour of prayer in old San Miguel church. In its day it has many times sounded the alarm at the approach of the red warriors, who came with their savage death. In 1872 the bell came down with the tower in a storm, but it was in no wise impaired. Because of its great weight it now rests within the closed doors of this sacred old edifice.

### A Physician Healed.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

#### RUBE WADDELL'S BIG OFFER.

Brooklyn Talk of \$1,000 Bonus and \$500 Monthly Salary Rejected.  
Charles Ebbetts, of the Brooklyn National league club, through Frank Hal-

lock, of Pittsburg, it is stated, has offered Rube Waddell, the star pitcher of the Philadelphia American league club, a bonus of \$1,000 to jump his contract for this season and \$500 a month salary for the rest of the season. He also, it is said, offered him an additional \$1,000 bonus to sign a Brooklyn contract for the season of 1893 at a salary of \$500 per month. Waddell, it is understood rejected all offers and informed Manager Mack of Mr. Ebbetts' flattering inducements. Waddell left for Cleveland with the Philadelphia American league team, which holds Waddell's contract for 1903.

#### To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I did so, and words cannot tell the good that it did for me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. B. H. Briggs & Co., and J. H. #### NO FAKE SAYS CORBETT.

Champion Hotly Denies Reports That Fight Is Prearranged.

In regard to the "fake" stories sent out from Boston and New York, Young Corbett said:

"If I intended to lay down, do you think Honest John Kelly, Eddie Burke the Considine brothers and others would back me in the coming fight? Not much. These men will not bet a \$10 note but thousands."

Then Corbett said he would rather beat McGovern than be president of the United States.

"The cry of fake is getting to be a common thing nowadays," continued Corbett, "but I will have none of it in mine."

For the present Corbett will do his gymnasium work in the Cincinnati bowling pavilion. In one end of the large room is stationed all the apparatus that is to be used. The rest of the week will be devoted to outdoor exercise. Commencing next Monday Corbett will do indoor work, consisting of ten to twelve rounds of boxing, punching the bag for half an hour, skipping the rope, dumb bell exercise and wrestling.

Young Corbett has split his right hand in catching a hard thrown ball, but the wound is expected to heal by the end of the week. He did a ten mile run today, which practically covered his training.

Jealousy between Trainers George Newhouse of Chicago and Harry Tutthill of New York resulted in Newhouse severing his connection with the camp.

Terry McGovern, former featherweight champion, accompanied by his brother Hugh, Trainer Charles Mayhood, Ed Cain and Joe Humphreys, have arrived in Cincinnati. Pat Amman, an ex-pugilist, Frank Newhouse, of Denver, Joe Dacey, Mark English and Jerry Hanrahan awaited the arrival of Terry and his men.

"I do not intend doing any training for ten days yet," said Terry, as he climbed into an awaiting vehicle, which conveyed him to the training quarters

at the Norwood inn.

"How many rounds will I finish Corbett in?" he repeated.

"Well, that's a difficult question; but I'm in the best of health and if I don't whip him there will be no excuses."

Foley's Kidney Cure is a medicine free from poisons and will cure any case of kidney disease that is not beyond the reach of medicine.

#### PRIZES FOR BASE BALL.

Senator Grady, of New York, Will Give the Boys \$1,000 in Gold.

Senator Thomas F. Grady, of New York, who is a great lover of base ball, makes the following announcement, which will enrich the pennant winning players in the amount of \$1,000 in gold. Senator Grady says he will give \$250 in gold to the captain of the pennant winning team; \$100 to the man making the most sacrifice hits; \$200 to the man making the most timely hits, to be decided by the captain of the team; \$100 to the pitcher making the best average; \$100 to the man who leads the team in batting; \$125 to the best infielder, to be decided by the captain; \$125 to the best outfielder in the league.

#### NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herculide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herculide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market today.

NOTE.—Avoid baking powders made from alum. They look like pure powders, and may raise the cake, but alum is a poison and no one can eat food mixed with it without injury to health.

## No Summer Bowel Troubles

Not for me! I'm safe from all of them and happy. The heat of summer causes organic matter everywhere to decay. All dead vegetable or animal matter rots if not kept on ice. All undigested food in the human body will ferment a hundred times as quickly in summer as in winter. Consequence—stomach, liver, bowels poisoned, thrown out of order—sour stomach, gases, colic, diarrhoea, dysentery, cholera, appendicitis, and in some regions yellow fever and the plague. Little children suffer terribly everywhere. What does good sense tell you to do? You can't keep the human body on ice, and the drinking of ice-cold drinks does more harm than good because it stops digestion and chills the internal organs. The proper thing is to keep all impure and unnecessary matter out of the body every day, not give it a chance to sour and decay in the stomach and bowels, and poison the blood and the whole body. In this way you will stop all hot, feverish conditions, and keep your insides cool and healthy. To do it, use a medicine that is not offensive to the taste and not harsh and violent in its action. There is only one safe system-cleaner to take in the summer time, because it will not cause diarrhoea or griping, and that is

### COCHITI MINING DISTRICT.

Plenty of Good Rains—Accident at Woodbury Mill—Ill With Typhoid Fever.

Special Correspondence.

Bland, N. M., Aug. 29.—The man in charge of the New Mexico weather seems to have taken offense at certain statements made by me a couple of weeks ago in my letter to The Citizen, in which I complained somewhat of the drought then afflicting the Cochiti district. I wish to offer the afore-said weather man a most humble apology and to state that there is no lack of moisture in this district, and that if a drought ever did exist in this vicinity all recollection of it has been completely washed from the memory of the oldest inhabitant. At present the common solution in Bland is: "This is damp, wet weather we are having." Yes, we are having plenty of rain, but the climax was reached on last Sunday evening, at which time a heavy cloud hurrying toward Kansas, no doubt intending to reach the Sunflower state in time to participate in the populist convention, when just over Cochiti canyon, collided with another cloud of the same dimensions, rushing toward the Pacific coast, there was a general smash up, both clouds seemed to lose their buoyancy and fell to the ground in a heap. Then, either becoming disgusted with their surroundings, or actuated by a desire to reach Albuquerque in time to attend the open air meeting of the Salvation army, both clouds rushed madly down the canyon toward the Rio Grande. Considerable damage was done to crops at the little town of Canada and the big well from which Woodbury was supplied with water, was pulled up out of the ground and was last seen floating down the Rio Grande toward Albuquerque. A suitable reward will be paid for its return.

A number of miners went down to Woodbury on Wednesday. They will sink a well to take the place of the one carried away by the flood.

A painful and what might have been a serious accident occurred at the Woodbury mill on Friday last. Mr. Woodbury, who is engineer at the mill, in attempting to throw the fly wheel in order to throw the engine off center, had his leg caught and badly crushed between the wheel and masonry. Dr. Denny dressed the wound and the patient is doing as well as could be expected. Mr. Woodbury is an aged brother of R. W. Woodbury, owner of the mill.

Ben Coleman, a former resident of Bland, who spent the past six months in Old Mexico, returned on Saturday last. Ben says Bland is all right and that he is glad to get back and will remain and grow up with the camp.

Miss Mae Sebben, who for some time past has acceptably filled the position of deputy postmistress at Bland, left on Sunday last for Raton, where she goes to accept a position as teacher in the public school.

Anson Smith, youngest son of Mr. and Mrs. S. Smith, of Bland, while visiting with friends at Buckman, was taken ill with typhoid fever and is said to be in a dangerous condition. Mrs. Smith is certainly having her share of trouble, she having lost a bright little daughter from the same disease a few weeks ago.

Mr. Merriman, who is interested in "The Bland" lodging house, came up from Albuquerque and spent a few days in Bland last week.

Prof. Bullock and wife, who spent the past month visiting with Mr. and Mrs. John G. Creager, of Bland, returned to their home in Colorado on Sunday last.

Mrs. H. M. Reed, on account of her illness from typhoid fever, has resigned as postmistress at Bland and B. H. Shaw is now in charge of the office.

Deputy Sheriff J. H. Overhills came over from Buckman on Saturday last, bringing with him Charles Stein, arrested on a warrant issued by Justice of the Peace B. H. Shaw, charging him with breaking open a stable and taking pos-

session of a horse held by the officer under writ of replevin. The matter was settled by Stein giving up the horse and paying costs.

### His Sight Threatened.

"While picnicking last month my 11 year old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended De Witt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, De Witt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. B. H. Briggs & Co. and J. H. O'Reilly & Co.

### BOY FOUND.

Roaming With Cattle on Plains—Several Social Parties—Personal Notes.

Las Vegas, N. M., Aug. 29.—Pedro Padilla, while returning from Los Conchas yesterday, picked up a 5 year old boy, who was found roaming after a herd of cattle on the plains, and some twenty miles from any ranch. The youngster would not divulge his name, or anything about himself, and tried to get away when caught. His shoes were about worn off and his clothes very ragged. He also did not appear starved. When he was asked where he lived, he said on the plains. Mr. Padilla took the boy home with him and is waiting for developments. It is most probable the youngster has tumbled out of some overland wagon and was not missed, and being used to the plains, was not worrying about himself or his situation.

The temperature record for the twenty-four hours ended at 6 o'clock yesterday evening was: Maximum, 89; minimum, 53; mean, 71. The mean humidity was 48.

In the case of Jose Maria Montoya against Josefa B. Montoya, a suit for divorce, the court has granted the injunction restraining plaintiff from disposing of any of the property and has given a writ of attachment to the sheriff to take possession of the plaintiff's property and hold the same until further ordered by the court, or until the outcome of the divorce suit is settled.

There were about fifty teachers appeared for examination this morning at the court house, and the court room was full of good looking school marmas and aspirants for honors.

Yesterday at Santa Fe the supreme court affirmed the decision of the district court in San Miguel county in the case of Cleofas Romero vs. Fanny Coleman, which was in favor of the plaintiff. The case involved a mechanic's lien for something over \$800.

The party given last night by Mrs. J. H. Daniels in honor of Miss Della Wray, of Los Angeles, was attended by twenty-five young people. The decorations for the party were pink and white and the amusement of the evening. Six tables were in the play, and Miss Fleming and Edward McWenke carried off the honors for the players, and Miss Jeannette La Rue and Elden Tuttle the consolation prizes. The features of the evening were the music rendered by Misses May Reynolds and Eunice Tamme. Splendid refreshments were served, and a most merry time spent by all the young people.

W. B. Twitchell returned yesterday afternoon from his trip to the Hamilton mine, eighteen miles from Pecos on Willow Creek. The water was pumped out of the mine and at the bottom thirty feet of ore was found. The mine is a gold mine, assaying about \$28 to the ton. The mine is at present owned by Cincinnati parties, and Mr. Twitchell has an option on it for eastern parties for \$50,000. The mine has not been worked for a number of years and was originally worked as a copper proposition. The eastern parties interested in the purchase are expected here the first part of next month.

At the gun club shoot yesterday, S. R. Dearth and Mr. Miller tied in the score, each getting 21 out of 25 in the singles, and 9 out of 10 in the doubles. In the shoot off of ten birds Miller won.

Fireman John Beiber and wife returned yesterday from a two months trip in Canada and Michigan.

Springer, Watrous and Los Alamos will send down a delegation on Sunday to take in the excursion to Santa Fe. The general passenger and ticket agent for the Big Four, Warren Lynch,

of Cincinnati, and Robert West, a friend, with their wives, went east today in a private car en route back from California.

No 2 today had twelve cars, three of which were mail and baggage.

On No. 2 today was a special chair car containing a delegation of Nashville, Tenn., Knights of Pythias en route home from San Francisco. Bert G. Adams has been appointed postmaster at Greronimo, vice J. S. Nelson, resigned. The postoffice will in all probability be moved three miles to Mineral Hill, it formerly having been on Mr. Nelson's ranch.

There will be a special meeting of the city council tonight. The Fourth street walk question will be brought up and settled.

Miss Minnie Deterick was given a delightful party by her friends last night. It was to have been a surprise but she got wind of it and was ready for the crowd when they came in the evening. N. B. Roseberry and Walter Hidden were the originators of the plot and they were joined by some thirty friends at Miss Deterick's home on Washington avenue. The evening was spent enjoying music and different games. Nice refreshments were served and the friends left a beautiful carved leather purse, in which was snugly secreted \$22, with which to buy some remembrance of the occasion.

Miss Deterick has many loyal friends in Las Vegas, and the party last night was given in evidence of such just prior to her departure for Boston to study music at the conservatory there.

Bert Wenn, who has been spending a couple of months here during his vacation today left for his home in Silver City, where he will resume his mail run.

The thimble party given by Mrs. Jas. Robbins yesterday was attended by a large number of Mrs. Robbins' friends, and a most pleasant afternoon was spent. Refreshments were served, as a reward for diligent thimble work.

Miss Owen, the teacher who was to have been employed to teach the Fifth grade this year, has sent in a refusal and has accepted a school at Springer. Miss Vass, who was intended as substitute, has been wired to come on and accept the position. She is at present back east.

Louis Hild and wife, of Albuquerque, Mrs. T. Judell and Adolph Woolner, of Peoria, who have been the guests of Max Nordhaus at Trout springs, returned to the city today.

Louis Hernandez will leave tomorrow for Denver, where he will enter the Jesuit college for the winter.

Miss Clara Davis, who was at one time a resident of Las Vegas, and was a clerk at Hild's, is reported as seriously ill at a hospital in Denver.

### Consumption Threatened.

"I was troubled with a hacking cough for a year and I thought I had consumption," says C. Engert, 211 Maple St., Champlain, Ill. "I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since."

### DEMING ITEMS.

Cattlemen Looking for New Locations—Personal Paragraphs.

Special Correspondence.

Deming, N. M., Aug. 27.—Tony Clark is pushing the building of his big new structure on the corner of Gold avenue and Pine street in great fashion in order to accommodate the new bank that is to be established here.

John Decker, who has made his pile right here in Deming, is breaking ground for the erection of his big store and opera house building just opposite Clark's new building.

Smith & Rogers, formerly of 40 Wall street, New York, have removed to Deming, N. M., and contemplate carrying on a good correspondence brokerage business from there.

H. W. Durrell, of Pasadena, Cal., an old college chum of P. R. Smith, Jr., is spending a few days in Deming visiting his friend.

The big S. P. oil tank at this point is nearing completion. When finished it will have a capacity of 40,000 barrels of oil.

What has been rumored for a long time has at length been confirmed, namely, that the Phelps, Dodge & Co. will build their big 500-ton smelter here at Deming. Work will probably be begun on it before the coming Christmas.

Mrs. Engle, of Lordsburg, has purchased the Dairy Lunch Place here from J. J. Phillips, and will henceforth endeavor to treat her customers as well as the former owners did.

It is said that Silver City was almost washed away during the last heavy rains. At any rate, Silver City people

are beginning to look round Deming for homes and business places. John Burnside will remove his home and business to Deming in a short time now.

Cattlemen from Arizona are looking round in Luna and Grant counties for new locations for their cattle, as they say they have lost so very heavily in Arizona during the past year or so.

Mrs. Agnes Levi, a sister of Mrs. P. R. Smith, of this town, who has been visiting here for the past two weeks, left for her home in Barstow, Texas, yesterday.

The Deming school opens next week, and the teachers' examinations are now going on.

The Deming base ball team went to Hillsboro Sunday before last, and after traveling nearly all night, walked in and did up the prizes of that town in an 8 to 6 game. Our boys are pretty well ready to receive challenges from any town not more than four times our size. The team has greatly improved the base ball grounds and expects to go still further soon, and put a high fence and some trees there.

At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

### FROM SILVER CITY.

Working in Flooded District—Ike Holman Has Prize Money.

Special Correspondence.

Silver City, N. M., Aug. 29.—The city still has a large force of men at work in the arroyo recently washed in Main street by a big flood in putting in brush and sandbag dams to help fill up the ditch and also to break the force of the floods if any more should come. By some lucky chance this side of the divide has had no more heavy rains since last Sunday to cause a flood, but it has been expected any day. From the indication and clouds that come every afternoon it will undoubtedly come, and it is a grave question what will happen.

E. M. Young, who was a member of the Quen Sabe club at Salt Lake from this city, and who went from there to Missouri to accompany his daughter, Miss Lillian, to their home in this city, arrived on yesterday's delayed passenger.

Editor Fred Bush has temporarily established the Enterprise Publishing company in a building on Broadway next to the Moses Hardware company.

Dr. Crocker, of Lordsburg and Grant county commissioner, was a passenger on today's incoming train.

O. C. Hiaman, the popular house furnisher, is moving his stock into the Swift building adjoining the postoffice. He has rented the upper story for a warehouse and will put in an elevator.

The Enterprise building which was damaged by the flood last Sunday, was torn down by dynamite yesterday and the material is being hauled away. It is reported that it will be used in erecting a new building right away.

Ike Holzman, who was selected treasurer of the Quen Sabe club at Salt Lake City, and which got away with a prize of \$500, has received the prize money and will distribute it among the members of the club.

W. E. Dillon, of El Paso, has taken charge of the Broadway hotel in this city, which was recently purchased by Samuel Schutz, of El Paso. The place will be repapered and furnished and put in first class shape by the new owner.

### SO SOOTHING.

Its Influence Has Been Felt by So Many Albuquerque Readers.

The soothing influence of relief After suffering from itching piles From eczema or any itchiness of the skin Makes one feel grateful to the remedy

Doan's Ointment has soothed hundreds Here's what one Albuquerque citizen says:

A. M. Whitcomb, nursery, corner of Eighth and Tijeras streets, says: "In my estimation there is no ointment for the purposes it is used that can equal Doan's. There was a spot just below my knee which annoyed me for ten years. Unlike eczema it did not spread but at times it itched so exasperatingly particularly after I went to bed or sat by the stove, that I scratched it until it smarted before relief came. I tried every salve and ointment I came across, when one did not help I bought another and slapped it on. Reading about Doan's Ointment induced me to go to the Albuquerque Pharmacy and pay four bits for a box. In a few days the itchiness ceased and the life of the part affected was killed for up to date, and it is now over six months since I stopped the use of the salve there has not been a symptom of its reappearance."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

#### TOWN OF MORIARITY.

Just Sprung Up on the Line of the Santa Fe Central.

A petition for the creation of a new precinct has been presented to the board of county commissioners of Santa Fe county, signed by about sixty citizens living in and near the new town of Moriarity, in the southern part of that county, and about fifty-five miles south. Moriarity will be an important station on the Santa Fe Central railway when the road is completed. The Pennsylvania Development company has a large wholesale and retail mercantile establishment there, which is in charge of J. C. McDonald, who is also the postmaster. The mail is supplied by star route from Chilli, twelve miles distant, but railway mail service will be had as soon as the track reaches there, which is expected will be some time in October. The town now consists of the large store and warehouse of the Pennsylvania Development company; a cottage for the officers of the Santa Fe

#### FOOD SAVED HER.

That is the True Cure for Most Everything.

A food that will help the babies and the grown folks, too, is worth knowing of and keeping in the family.

A mother in Woonsocket, R. I., says: "I have been a user of Grape-Nuts Food for quite a long time but never thought of giving it to baby, until we had a dreadful time with her."

"We tried three kinds of baby food and condensed milk but nothing seemed to agree with her, and at seven months she weighed not quite 10 pounds. We were puzzled to know what to do when one day husband said, 'Do you ever try Grape-Nuts?' I thought she would throw up that food like she did the others, but to our great joy the softened food agreed with her perfectly."

"She has been using it for about five months now and, at a year old, she weighs 19½ lbs., has eight teeth and her flesh and little body is as firm and round as can be. She walks from chair to chair."

"Meeting the doctor the other day I said, 'What do you think of her now?' He said, 'She don't look like the same baby.' What do you feed her?" I said, "Grape-Nuts Breakfast Food." The proof of its value is perfectly clear.

She is a wonder everyone says that saw her some months ago. I cannot praise Grape-Nuts enough. Please do not publish my name." Name given by Postum Co., Battle Creek, Mich.

Central railway for use when they are in town; a good substantial school house, 25x50 feet, erected by the Santa Fe Central railway people and presented to the town; a blacksmith shop and a dozen houses.

There are a dozen ranches, owned by sheepmen, within a few miles of Moriarity and within the past six months many homestead entries have been made from ten to fifteen miles from that place. The finest of water can be had by digging wells at a depth of fifteen to fifty feet. The town bids fair in a year to be an important commercial and stock center. A good deal of the timber and lumber, necessary for the construction of the Santa Fe Central railway, is being brought there and received by the officials. This station will be the junction of the Santa Fe Central railway and the Albuquerque Eastern railroad, this of course adding much to its importance and chances for speedy and constant growth. The Santa Fe county commissioners have the petition for this new precinct under consideration and it is expected will act upon the same on September 4th next, when they meet in Santa Fe and that favorably.

**Of All Hot Weather Enemies** of humanity cholera is the worst. Treatment to be effective must be prompt. When vomiting, purging and sweat announce that the disease is present, combat it with Perry Davis' Painkiller. All bowel troubles, like diarrhoea, cholera morbus and dysentery are overcome by Painkiller.

**Light and Killing Frosts.**

The following record of the first light and the first killing frosts of autumn, as taken from the records of the weather bureau office, are of interest and should be retained for future reference. The record covers the past seven years and gives a general idea of what may be expected: In 1895, the first light frost, September 22; the first killing frost, October 31. In 1896, the first light frost, September 28; the first killing frost, October 29. In 1897, the first light frost, October 17; the first killing frost, October 26. In 1898, the first light frost, September 12; the first killing frost, October 17. In 1899, the first light frost, September 17; the first killing frost, October 16. In 1900, the first light frost, September 19; the first killing frost, October 31. In 1901, the first light frost, September 17; the first killing frost, November 3. Average date of killing frost for the past 28 years, October 11.

**All Were Saved.**

"For years I suffered such untold misery from bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for consumption. My wife suffered intensely from asthma, till it cured her, and all our experience goes to show it is the best cough medicine in the world."

A trial will convince you it's unrivaled for throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

**FERGUSON FOR DELEGATE.**

Democratic Chairman Marron Announced His Choice at El Paso.

Ex-Mayor O. N. Marron, of Albuquerque, chairman of the territorial democratic committee of New Mexico, stated at El Paso to a News reporter concerning the political complexion of New Mexico:

"I do not think the democrats of New Mexico will make an issue of statehood in the coming campaign. They are all in favor of it and do not want any fight along that line. But I will tell you this much, the democrats of New Mexico have no intention of endorsing the nomination of any republican for territorial delegate. They recognize that they will have a hard fight to elect any nominee whom they may put up, but I think the democrats of New Mexico will elect their nominee if they put forth the proper efforts. Personally, I am in favor of Hon. H. B. Ferguson for the nominee, but there are a great many candidates already mentioned in the race. The convention will be at Albuquerque October 14, and the candidates I have heard mentioned are ex-Mayor Money, of Las Vegas, Judge Laughlin, ex-Delegate Joseph, Neill B. Field and H. B. Ferguson.

**County Assessments.**

The assessment returns for the year 1902 of the counties of Santa Fe and San Miguel have been filed with Territorial Auditor Sargent. Both show an increase over the year 1901, San Miguel

## Uncle Sam says it's all right

Uncle Sam, in the person of ten of his government officials, is always in charge of every department of our distillery. During the entire process of distillation, after the whiskey is stored in barrels in our warehouses, during the seven years it remains there, from the very grain we buy to the whiskey you get, Uncle Sam is constantly on the watch. We dare not take a gallon of our own whiskey from our own warehouse unless he says it's all right. And when he does say so, that whiskey goes direct to you, with all its original strength, richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY and AGE, and saving the dealers' enormous profits. That's why HAYNER WHISKY is the best for medicinal purposes. That's why it is preferred for other uses. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.

PURE SEVEN-YEAR-OLD RYE  
**4 FULL \$4.00 EXPRESS QUARTS PREPAID**

We will send you FOUR FULL QUART BOTTLES of HAYNER'S SEVEN-YEAR-OLD RYE for \$4.00, and we will pay the express charges. Try it and if you don't find it all right and as good as you ever used or can buy from anybody else at any price, send it back at our expense, and your \$4.00 will be returned to you by next mail. Just think that offer over. How could it be fairer? If you are not perfectly satisfied, you are not out a cent. Better let us send you a trial order. If you don't want four quarts yourself, get a friend to join you. We ship in a plain sealed case, no marks to show what's inside.

If you can use 20 Quarts or can get some of your friends to join you, we will send you 20 Quarts for \$16.00 by Freight Prepaid, thus saving you \$4.00. We have been in business over 35 years and have a paid-up capital of \$500,000.00 so you run no risk.

county to the amount of \$560,000 and Santa Fe in the sum of \$239,000. These increases are but natural and just. So far increases are found in five of the counties that have filed their assessment returns with the auditor, namely, Santa Fe, San Miguel, Sierra, Luna and Otero and a decrease in one, viz., the county of Valencia. The net increase up to this time reported amounts to over \$1,100,000. If this ratio keeps up the increase for the year 1902 over the year 1901 will be between \$3,000,000 and \$4,000,000.—New Mexican.

## Railroad Topics

About twenty-five persons are employed at the tie-preserving works below Las Vegas.

Eleven switchmen, employed in the Santa Fe yards in Colorado Springs, went on strike because they do not like Yardmaster McClintock.

Conductor Jerry Quinn has returned to the New Mexico division from Kansas City, where he left his wife under a physician's care in a hospital.

Several Pacific coast railroad contractors have formed a company to build the Great Central, projected between Coos bay and Salt Lake City.

**Quick Relief for Asthma Sufferers.**  
Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. —Alvarado Pharmacy.

The item one sees most in the railroad columns these days is that of the retirement of the oldest locomotive. It ranks next to the "oldest Mason" in newspaper stories.

**Shatters All Records.**  
Twice in hospital, F. A. Gullidge, Verbana, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues inflammation, conquers aches, kills pains. Best salve in the world. 25c. at all druggists.

The Mexican Central has almost finished a survey for a cut off from its main line to San Antonio. It is to meet the competition of the National of Mexico.

**Look Pleasant, Please.**  
Photographer C. C. Harlan, of Eaton, Ohio, can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by all druggists.

The Long Island railroad has appropriated \$20,000,000 for the abolition of grade crossings along the line, and the money is to be spent under the joint supervision of local and state authorities.

Henry L. Shattuck of Shellsburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

The capacity of the projected steel plant of the American car and foundry company in Berwick, Pa., is to be increased, 5,000 men employed and 30 cars a day turned out. The cost of the entire plant will be \$1,250,000.

The best physic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

John Gibson, son of Trainmaster Gibson, formerly employed in C. M. Rice's office, has accepted the position of stenographer to station agent F. L. Myers.

**A World Wide Reputation.**  
Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all druggists.

The employees of the Mexican National, International and Central railroads are said to be contemplating a demand on the authorities of the respective roads for higher wages. They make the assertion that they only receive about one-half the wages that men in the United States receive for similar service.

"I had diabetes in its worst form," writes Marion Lee, of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."

The Topeka Journal says: C. M. Ingram, a brother-in-law of E. E. Jenks, gang foreman in the east erecting shop, passed through Topeka Wednesday on his way to San Francisco, Cal. Mr. Ingram is representative of a great wholesale dry goods firm of the metropolis and frequently is through here. He will make the first stop at Albuquerque, N. M.

**Foley's Kidney Cure.**  
Will cure bright's disease.  
Will cure diabetes.  
Will cure stone in bladder.  
Will cure kidney and bladder diseases.

The Rock Island has issued a circular discontinuing the El Paso-Cloudcroft special service, Saturdays and Mondays, after September 1; also the local sleeper service between El Paso and Alamogordo.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixir, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cents and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

President J. J. Hill, of the Great Northern railway, has taken a position very similar to that of President E. P. Ripley, of the Santa Fe, concerning the proposed Panama canal. Mr. Hill be-

lieves that the canal will be unable to compete with the railroads of the country, and that the cost of the work will be incommensurate with the expense involved. This is practically the same position which President Ripley has taken. Mr. Hill expressed his views plainly in an address before the Trans-mississippi commercial congress. He unfolded his plans for the development of a great trade with China, Japan and other portions of the Orient.

**A Necessary Precaution.**  
Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Always inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. B. H. Briggs & Co. and J. H. O'Reilly & Co.

The announcement is made that the Santa Fe will be operating the Eastern Oklahoma extension from Ralston to Shawnee, Okla., fifteen miles, within the next ninety days. The grading is nearly completed and in many places the steel is being laid. This will be the Santa Fe's shortest line to the Gulf when completed.

**A Cure for Cholera Infantum.**  
"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all druggists.

F. Demotte, a Santa Fe Pacific fireman running out of Albuquerque, N. M., has brought engine 725 to Topeka shops for an overhauling, says the Topeka Journal. In an interview Demotte says that the large locomotives which the Santa Fe has put in service recently on that part of the system have displaced 62 per cent of the men; a big locomotive that can pull half as much more than the smaller type, of course decreases the number of required crews and thus cuts off the number of employees.

**FRAZIER IS APPOINTED.**  
Albuquerque Man Made Foreman at Topeka Santa Fe Shops.

George Frazier has been appointed foreman of the blacksmithing depart-

ment of the Santa Fe shops in Topeka, the appointment to take effect September 1. Mr. Frazier is now foreman of the Santa Fe blacksmith shop in this city, but he was formerly employed in the Topeka shop and is known as an excellent mechanic. He takes the place of Rendle Congdon, who resigned.

**Went to Visit His Sister.**  
A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by all druggists.

**WANT 20 PER CENT INCREASE**  
Railway Trainmen Said to Be Planning for a Big Strike.

Concerning the proposed general demands to be made for more pay by trainmen west of the Mississippi river, the Milwaukee Sentinel says:

"By September 15 the large railway systems of the country will be confronted with a demand by 100,000 members of the Brotherhood of Railway Trainmen for an increase in wages which will mean an additional outlay of \$1,000,000 a month for wages by railroads in the country, or the alternative of a strike which will eclipse in its extent all previous strikes, including the demonstration of the American Railway Union in 1894. The demands, which have been formulated, but not yet presented, are for an increase of 20 per cent in wages."

There are times when your liver needs a tonic. Don't get purgatives that gripe and weaken. De Witt's Little Early Risers expel all poison from the system and acts as a tonic to the liver. W. Scott, 521 Highland avenue, Milton, Pa., says: "I have carried De Witt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. B. H. Briggs & Co. and J. H. O'Reilly & Co.
