UNIFORM RULES

Western Trainmen Uniting to Secure Them.

GEORGE GOULD INSPECTING LINES.

President Roosevelt Was Royally Entertained in Maine.

KILLED BY A SANTA FE WATCHMAN.

Cleveland, Ohio, Aug. 27.—Assistant Grand Master Lee, of the Brotherhood of Locomotive Trainmen, said today: "It is true a concerted movement has been inaugurated by the trainmen and conductors employed on the railroads west of the Mississippi river to secure uniform rules and compensation. A vote of the men which will probably result in the officers of the two organizations being authorized to present requests to the various roads for these concessions is now being taken. It will, however, be at least ninety days before the vote will be completed. There is absolutely no talk of a strike and the possibility of such a movement is extremely remote."

PERFECT WEATHER.

President Roosevelt Highly Enjoyed His Trip Through Maine.

Augusta, Maine, Aug. 27.—Perfect weather continued today to favor the president on his tour through New England. He showed no evidences of fatigue from yesterday's severe strain. Early in the forenoon he was taken for a drive about the city. He left here at 9:30 for Bangor.

Drove in Bangor.

Bangor, Maine, Aug. 27.—The special train bearing the president arrived here at 12 o'clock. The president was met by President Beal, of the Eastern Maine State Fair association; Senator Hale and Congressmen Littlefield and Powers. The party immediately started for a drive about the city.

Killed by a Watchman.

San Francisco, Cal., Aug. 27.—N. C. Rogers, a young man who arrived from New York yesterday was killed in the yards of the Santa Fe company early this morning by Watchman Sullivan. Rogers, with John Haffner, also of New York, was sleeping in a box car. Being ordered out of the car they started to run whereupon Sullivan drew a pistol and fired.

BURT GAVE BOND.

Is Charged With Restricting the Liberty of Strikers.

"Omaha, Neb., Aug. 27.—When the case of President Horace G. Burt, of the Union Pacific, charged with restricting the liberty of strikers, was called in police court today, his attorneys, Edson Rich and Charles Dundy, furnished a bond on each of the ten complaints for \$300. The case was set for trial on September 3.

GAGE DEFEATED.

California Republicans Nominated G. C. Pardee for Governor.

Sacramento, Cal., Aug. 27.—The state republican convention nominated George C. Pardee, of Oakland, for governor.

The Gage men, finding they could not nominate their man, threw their strength to Pardee.

The last ballot stood: Gage, 13; Pardee, 515; Flint, 240; Hayes, 47; Edson, 12. Necessary to choice, 416.

Alden Anderson was chosen lieutenant governor by acclamation.

SHOT HIS DISTURBERS.

They Had Prepared Tar and Feathers for Him.

Helena, Mont., Aug. 27.—John Reit, a farmer living south of Lewistown, took fearful revenge upon George Fredericks and Jacob Strang, neighbors, who were endeavoring to handle him in white cap style. He shot and instantly killed Fredericks and fatally wounded Strang. They had prepared tar and feathers, but he managed to reach his gun before they could act.

LAWYERS MEET.

Annual Meeting of the American Bar Association Opened.

Saratoga, N. Y., Aug. 27.—When 10:30 o'clock arrived this morning, the hour appointed for the opening session of the annual meeting of the American Bar association, more than 300 mem-

bers, representing the pick and flower of the legal profession and every section of the country, sat before the platform in convention hall when President U. M. Rose, of Little Rock, Ark., called the gathering to order. The assemblage was composed of men who make, interpret and expound laws, men who have served their state and nation on the bench, in the cabinet, and as ambassadors to foreign powers; men who bear on noble foreheads and furrowed faces the indelible marks of intellectuality, and whose thoughtful glances and positive speech betoken the trained mind and judicial temperament. President Rose called to the rostrum Hon. John G. Carlisle, who will deliver the annual address, and a half dozen other jurists and members of the bar of national prominence who were present.

After expressing appreciation of Saratoga's welcome to the association, President Rose delivered his annual address, which was masterly in its logical construction and perspicuous diction, and which was followed with the closest attention. His survey of the recent enactments of the various states interested his listeners extremely, and his learned, yet sometimes caustic, analysis and comments upon several important measures seemed to impress his professional brethren as judicial and comprehensive. It was a long paper, but the scholarly character of the address and the many sharp comments that illumined it served to produce patience and promote good humor among the listening lawyers.

President Rose spoke feelingly of the death of President McKinley and said the execution of the assassin failed to satisfy the just demands of a violated law. President Rose spoke at length on trusts, discussing impartially the various remedies proposed.

CHIEF ENGINEER DUN.

He Favors Belen or La Joya Routes for Cut-Off.

WON'T HURT ALBUQUERQUE

James Dun, chief engineer for the Atchison, Topeka & Santa Fe, arrived in the city this morning. Mr. Dun, accompanied by F. C. Jones, a local engineer, has just finished a trip of inspection along the proposed Santa Fe short cut, which is to be built from Portales, Chaves county, on the Pecos Valley line, to some point on the Santa Fe Pacific. The gentleman reports having had a fine trip and is highly pleased with the country through which the new road will run. They left Belen on the 14th of August and arrived at Fort Sumner on the 23d, making the trip in nine days.

"It is not quite satisfied with the grade made by the lines that have been run," said Mr. Dun to a Citizen reporter, "and I have instructed our chief field engineer, Mr. Jones, to make another survey. We have two good lines surveyed over the Rio Grande, but I don't know which will be followed. One at La Joya is easy, but a little long. The line by Belen is short but will be pretty expensive, as the grades are pretty stiff."

"Abso Pass is an admirable railway pass," said Mr. Dun. "It will cost considerable money to build a road over the pass, but once it is built, it will be easy to keep in repair. A good road foundation roadbed is to be found through the Abso canyon. Our route near Fort Sumner will be changed some. We have decided to run west of the Fort instead of east. The new line of survey which will give the desired grades, will cross the Rock Island at Llano, and will cross the Santa Fe Central line near a station called Waldo. I don't think the new road will hurt Albuquerque a particle. In fact it will afford your city advantages. The Denver business, the coal business and a certain amount of the eastern passenger and freight business will continue to be handled over this line. It will bring a certain amount of the business on the opposite side of the mountains to Albuquerque."

Referees Meeting.

Milwaukee, Wis., Aug. 27.—The National Association of Referees in Bankruptcy began its annual convention here today. The gathering was called to order at 10 o'clock and the morning was occupied largely with reports of the officers, the report of the legislative committee and other routine business. Addresses were delivered by Judge Suwann, of Shelbyville, and Edwin A. Kranthoff, of Kansas City. At the afternoon session the duties of referees and the expenses of administration in state and federal systems were the principal subjects discussed. The convention will conclude tomorrow with the annual election of officers.

OVERCOME DAILY

Gas in Texas Oil Fields is Dangerous.

CONVICT VOWS TO KILL A WITNESS

Justice Shiras Favors Arbitration in the Coal Strike.

TROOPS UNDER GEN. NORD DEFEATED.

Beaumont, Texas, Aug. 27.—George A. Hill, inspector of oil fields, has given out this statement: "The conditions of the oil fields are alarming in the extreme. The gas is so dangerous to the lives of operators that over a hundred are overcome daily and danger of total blindness is greatly feared as a result of constant contact."

HE VOWS MURDER.

Escaped Convict Will Kill His Man and Surrender.

Butte, Mont., Aug. 27.—The convict, Tom O'Brien, who last Friday escaped from the state prison, has sent a letter to a miner, vowing to kill Under Sheriff Dave Morgan, whose perjured testimony, he says, sent him to prison on the charge of robbery. After killing Morgan, O'Brien says he will surrender.

FAVORS ARBITRATION.

Justice Shiras Discusses Strike But Not Retirement.

Pittsburg, Aug. 27.—Justice Shiras, of the United States supreme court, who just arrived at Pittsburg from his vacation, refuses to discuss his reported retirement from the bench further than to say that President Roosevelt would be the first person to learn of it and he had not received announcement as yet. On the subject of the anthracite coal strike Justice Shiras said:

"Arbitration is the logical method of settling labor troubles such as this one, which affects the general prosperity and comfort of a great section of the country. The method and enforcement of this arbitration is subject for the lawmakers of the nation; but arbitration itself is logical. The co-operation of all labor unions is the primary step towards the passage of an arbitration law."

Troops Defeated.

Paris, Aug. 27.—A dispatch from Cape Haytien says the troops of General Nord, the minister of war in the provisional government have been defeated and forced to evacuate Limbe, and adds that the fighting continues.

Wm. Stille, general freight and passenger agent for the Bisbee & South-eastern, is in the city.

MUNICIPAL OFFICERS.

Leading Cities Represented at the Grand Rapids Meeting.

CONTEST FOR THE NEXT SESSION.

Grand Rapids, Mich., Aug. 27.—Attracted by their mutual interest in the subject of better municipal governments, the mayors, councilmen and other officials of leading cities of the United States and Canada are assembled in Grand Rapids and during the three days beginning today they will engage in discussions of ways and means to bring about the improvements and changes they desire. The occasion is the sixth annual meeting of the American League of Municipalities, an organization which was formed in Columbus, Ohio, in 1897. The rapid growth of its membership and influence during the five years of its existence is shown by the large and representative attendance at the present gathering. Leading cities in all sections of this country and several of the chief Canadian municipalities are represented. Such cities as Cleveland, Denver, Baltimore, Nashville, Des Moines, Winnipeg, Charleston, S. C., Hartford and Syracuse have sent their mayors and heads of departments, while numerous cities of the third and fourth classes are also well represented in the convention.

The gathering was formally opened this afternoon in the large Furniture Exposition building. Mayor Palmer, of Grand Rapids, made the address of welcome and Mayor Charles S. Ashley, of New Bedford, president of the

league, responded for the visiting delegates. President Ashley then proceeded to deliver his annual address, which was a paper of considerable length reviewing the origin and growth of the league, the splendid work it has already accomplished in the way of municipal reform and touching briefly upon the many important municipal problems remaining unsolved. Secretary John MacVicar, of Des Moines, reported that the league now has on its membership rolls cities representing nearly one-fourth of the population of the United States. The remainder of the opening session was given over largely to routine business connected with the affairs of the league. Tomorrow morning the regular program of papers, addresses and discussions will be taken up and continue until the close of the meeting Friday evening.

There are several points that promise to make the present meeting of more than ordinary interest, chief among them being the fact that the league purposes to take up the discussion of several subjects heretofore left on the agenda. One of these questions deals with the relations of organized labor to municipal affairs and its discussion promises to be full of interest. The Gothenburg system of handling the liquor traffic will also receive attention for the first time. Among other subjects to be discussed are: Transportation and taxation, contract system, criminals, parks and park commissions, street and road construction, street paving and cleaning, municipal ownership, and uniform municipal accounting.

Several cities, among them Columbus, Colorado Springs, Baltimore, Put-in-Bay, Buffalo and Cleveland, are making efforts to secure next year's convention of the league.

SATRIANO'S BAND.

Wants to Play Here During Fair Week.

OTHER PROPOSITIONS RECEIVED.

This morning's mail brought a proposition to the Fair association from Satriano's band of sixty pieces. This is the band that took first prize at the recent Elks meeting at Salt Lake.

Bookmakers are writing in for the betting privilege. Last year this concession was granted to Albuquerque people on a commission basis, but this year it will be given outside. All kinds of pools will be sold and books made. One prominent bookmaker writes from Pueblo that he wants to come and thinks he will be able to bring some good horses from the Colorado state fair.

The Pittsburg base ball club is evidently anxious to come out during the fair. In addition to the proposition submitted to El Paso, propositions were made to Santa Fe and Las Vegas. It is possible the base ball tournament may be a three club affair, but that is not determined.

President O'Reilly, of the association, has returned from his trip to Deming and Alamogordo. He says the enthusiasm over the fair in those two places is greater than ever before.

The manager of "Little Egypt" of fond memory, has written that he desires to bring his attraction here again this year. Exclusive privileges will not be given this year, but the more dancers the merrier.

Samples of some fine shooting done by W. E. Martin, of Santa Fe, have been submitted by George K. Neher to whom they were sent. Mr. Martin used a rifle, 22 long, and shot pieces out of a nickel, two small checks and an empty 22 long cartridge shell which were tossed in the air.

EARL'S SON MARRIED.

Captain Ogilvy, Known in Colorado as Lord Ogilvy.

Denver, Colo., Aug. 27.—The wedding of Captain the Hon. Lyndolph G. S. Ogilvy, known throughout Colorado as "Lord" Ogilvy, and Miss Edith Gertrude Boothroyd, daughter of C. F. Boothroyd, a wealthy farmer of Waterdale, Colo., takes place today at the home of the bride's parents.

Captain Ogilvy is the second son of the Scotch Earl of Airlie. He has lived in America for several years and conducts a prosperous sheep ranch at Lasalle, Colo. He returned home to serve in the British cavalry during the Boer war and acquired the rank of captain.

Three Were Killed.

New York, Aug. 27.—Lizzie Hall, 26, and Joseph Campbell, are dead, and an unknown man is lying in Bellevue hospital as the result, the police say, of a quarrel today in the woman's apartment in East Twenty-fifth street. Four shots were fired.

POLES CHOPPED

Situation in the Mining Region Serious.

MOUNT PELEE AGAIN IN ERUPTION.

The Rules For Postal Employees in Politics.

PROMINENT CLERGYMAN DEAD.

Tamaqua, Pa., Aug. 27.—Several poles of the trolley line which runs to Summit Hill were chopped down today and the wires cut to prevent the troops being taken from Mania park to Lansford and Summit Hill. Major Gearhardt outwitted the strikers, however, by taking two companies to Summit Hill an hour before they were expected. In Lansford, Summit Hill and Coaldale the detachments of soldiers sent out at daybreak to protect non-union men were hooted by large crowds.

Major Gearhardt admitted the situation is serious.

AGAIN ERUPTING.

Mount Pelee Believed to Be Violent Again.

St. Thomas, Danish West Indies, Aug. 27.—A dispatch from the Island of Dominica, dated yesterday, Aug. 26, p. m., says:

"Since 2 p. m., Tuesday, prolonged noises in quick succession have been heard from the southward. There is every indication that Mount Pelee is violently erupting."

PLAINLY DEFINED.

What Postal Employees May Do in Political Campaigns.

Washington, Aug. 27.—The part which postal employees will be permitted to take in a political campaign is outlined in the following instructions which Acting Postmaster General Wynne has addressed to a postmaster who sent a letter of inquiry:

"In reply to your letter, you are informed that you are not prohibited from joining a political club, nor making voluntary financial contributions outside of a government office or building, nor from acting as a delegate to a county, state or congressional convention. You should not, however, serve as chairman of state or county committee, nor take active part in conducting a political convention, nor make yourself unduly prominent in local political matters."

Clergyman Dead.

New York, Aug. 27.—Rev. Thomas Gallaudet, D. D., a protestant Episcopal clergyman noted for work among deaf mutes, died today aged 80.

TRIP TO SANTA FE.

Cheap Rates to the Capital City on the Coming Sunday.

A NEIGHBORLY VISIT.

George Roe, the well known and popular general agent of the Santa Fe down this way, who was up north on business connected with his department, is in the city today, with his son, Harold.

Mr. Roe, in company with F. L. Myers, the efficient local agent, is around town stirring up enthusiasm among the people on the subject of an excursion to Santa Fe on the coming Sunday, and at this hour in the afternoon the excursion is a "go." Citizens have the matter in hands, and tickets will be put at once in charge of committees to be sold.

"The fare for the round trip," said Mr. Roe, "is \$2 on the basis of 200 tickets sold. The excursion train will leave here Sunday morning at 6:30 o'clock, and on the return leave Santa Fe at 8 p. m., arriving here about 10:30 or 11 o'clock p. m."

The Elks. While the Elks of this city will not have charge of the excursion to Santa Fe on Sunday a large number of that order will go. A special meeting is called for tomorrow evening to make arrangements. It is probable that a burlesque game of base ball will be arranged between the Albuquerque and Santa Fe Elks' teams, the game to be played just before the game between the Santa Fe and Las Vegas clubs.

This feature of the excursion can be made amusing.

The Game of Base Ball.

The New Mexican, in its article regarding the base ball game on the coming Sunday at Santa Fe says:

"Because of Las Vegas having won one game from Santa Fe within the last three years, there is great rejoicing in that city, and the enthusiasm is so high that an excursion will be had accompanying the Las Vegas base ball team Sunday, August 31, to this city, where in the afternoon the best ball game of the season will take place. A \$2.50 rate for round trip from Las Vegas has been secured and it is estimated that at least 400 people will come to witness the struggle. Since the great game at Vegas, when the Santa Fe boys made such a fine showing despite the pitcher's record in the game, to-wit: One strike out, six men to bases on balls, two walks and two wild pitches with men on the third bag each time. Manager Twitchell has added a professional first baseman, and a professional center fielder to his team. This will give Vegas four professional players, counting Snapper Hale, who is one of the best ball players who ever came down the pike, and makes it a team that any town may well be proud of. The home team will line up fully as strong as it appeared on the diamond at Vegas, with a good man from the Duke City in the box. Every preparation is being made to give the people of the Meadow City a fine time and the ball boys will put up a game, as they always do on their home grounds, that will astonish even the local fans. Rooters of both towns are devising different ways and means to create noise and everything from a mouth harmonica to a mocking bird whistle will be in evidence. Everyone should turn out and see the game."

HON. CHARLES A. SPIESS.

Not a Candidate for Delegate But if Nominated Will Accept.

DEFINES HIS POSITION.

The choice of the coming territorial republican convention for delegate to congress is creating general interest among the republicans of the various counties. In addition to Hon. B. S. Rodey, the names of a number of prominent republicans throughout the territory, among others that of Hon. Charles A. Spiess, of Las Vegas, have been suggested for that position. It is well known that San Miguel county is a unit for the nomination of Mr. Spiess, and that his candidacy would meet with similar endorsement in many of the other counties of New Mexico. There are few, if any, republicans in the territory who are better known, or more highly esteemed, than Mr. Spiess, and none have been more earnest of energetic in supporting republican principles and promoting party success, than he. This being so, the desire that he should accept the nomination for delegate has been quite general in the northern and southern counties especially.

In order to obtain something definite and authoritative regarding Mr. Spiess and the nomination for delegate, a representative of the Las Vegas Record interviewed the gentleman on the subject. The first question asked was this: "Mr. Spiess, recent articles in the press of the territory indicate that there is a large element of republicans in the various counties in favor of your nomination for delegate to congress. Are you a candidate?"

"No," said Mr. Spiess in reply, "I am not a candidate in any sense of the word. A number of my friends in this and other counties have urged me to announce myself as a candidate, but this I have refused to do. I am not and will not be a candidate for the nomination."

Mr. Spiess was then asked: "If you are nominated by the convention at Raton, will you accept the nomination and make the race?"

To this the gentleman replied: "Conventions seldom, if ever, name persons for positions such as a delegate to congress, unless such persons are known to be candidates. I repeat that I am not a candidate for the position. But, as a matter of course, if the convention should honor me by nominating me for delegate, I would feel it my duty to accept the nomination."

Mr. Spiess was asked regarding a number of other gentlemen mentioned for the position, but he refused to express any opinion only that "they are all able men and good, loyal republicans."

PACKING PLANT

New Stock Yards Will be Established.

MACHINISTS' STRIKE DECLARED OFF

Machinery Will Revolutionize Alaskan Mining.

BODIES OF TWO FLOATERS WERE FOUND.

Chicago, Ill., Aug. 27.—A new packing plant, together with public stock yards, will soon be in operation at Thirty-ninth street and West Forty-eighth avenue. As a basis for the new undertaking the plant of the Lufkin Stock Yards & Feeding company has been acquired. The packing plant will have a capacity of 1,000 head of cattle a day. D. I. Lufkin will be the head of the stock yards company, and William Hately will direct the operations of the packing plant.

DECLARED OFF.

Machinists on the Santa Fe Have Resumed Work.

Galveston, Texas, Aug. 27.—General Manager Dixon, of the Gulf, Colorado & Santa Fe, states that the strike of the machinists in the company's shops at Cleburne and other points is declared off. About 700 men are involved.

WITH MACHINERY.

Expected to Revolutionize Prospecting and Mining in Alaska.

Seattle, Wash., Aug. 27.—Machinery which has been taken to Nome during the last month or two is expected to revolutionize both prospecting and the actual mining of gold on the Bering Sea coast. Heretofore prospecting has been done in winter either by burning or using steam thawing, which are slow and expensive, and in the summer by cross-cutting streams. With the machinery now being introduced it will be possible to determine the value of the ground within a few days at a trifling sum, compared to the present cost. Mining experts declare that if the machinery now being introduced had been used at Nome three seasons ago the annual output of the district would now exceed \$25,000,000.

Floaters Found.

Beaumont, Texas, Aug. 27.—Sunday, the body of a white man was found floating in the Natchez river and about noon yesterday the second body was found in the same vicinity. The first floater appeared to be the body of a Mexican laborer, between 30 and 40 years of age. The other body was identified as that of Jim Broderick, an English bricklayer.

FORESTERS' TROUBLES.

Dissatisfied Element May Secede From the Supreme Body.

St. Paul, Minn., Aug. 27.—Members of the United Order of Foresters are vitally interested in the meeting of the high court of the order in session here today, as it is believed its future welfare rests upon the results of the meeting. Though the matter has been closely guarded it has leaked out that a certain element of the order, said to be led by Judge James Schoonmaker, former supreme chief ranger, is dissatisfied with the present methods of making loans and investments of the reserve funds of the society and has brought about the present meeting for the purpose of urging a full investigation. It is rumored that the dissatisfied element may secede from the supreme body unless their demands are met.

This afternoon, Architect La Driera let the contract for the additions and improvements to four cottages belonging to the Mrs. T. J. Wright estate. The repairing was secured by Gus Gustafson, while the plumbing was let to Whitney company.

V. S. Melira, who is interested in ranching business in the Nacimiento mountains, is in the city from Cuba. He says that section of Bernalillo county has been blessed with several fine rains the past ten days.

Lutheran Missions.

Winston-Salem, N. C., Aug. 27.—The Woman's Home and Foreign Missionary society of the Evangelical Lutheran synod of North Carolina began its annual convention in the Lutheran church here today. The sessions, which are well attended, will continue through the remainder of the week.

CALL FOR A REPUBLICAN TERRITORIAL CONVENTION.

A delegate convention of the republican voters of New Mexico is hereby called to meet in the city of Raton at 11 o'clock in the morning of Friday, the 10th day of October, A. D., 1902, for the purpose of placing in nomination a candidate from New Mexico to the Fifty-eighth congress, and to transact such other business as may properly come before said convention.

The republican electors of this territory and all who believe in the principles of the republican party and in its policies as announced in the national republican platform adopted by the republican national convention, held in the city of Philadelphia, June 19, 1900, and who believe in and endorse statehood for the Territory of New Mexico and favor an honest, fair and just administration of public affairs in this territory are respectfully and cordially asked to unite under this call and to take part in the selection of delegates to the territorial convention.

The several counties will be entitled to representation as follows:

County.	Delegates.
Bernalillo	2
Chaves	2
Colfax	2
Dona Ana	2
Eddy	2
Grant	2
Guadalupe	2
Lincoln	2
Luna	2
McKinley	2
Mora	2
Otero	2
Rio Arriba	2
San Juan	2
San Miguel	2
Santa Fe	2
Sierra	2
Socorro	2
Taos	2
Union	2
Valencia	2

Alternates will not be recognized. Proxies will only be recognized if held by the citizens of the same county from which delegates giving proxies were elected.

County conventions must be held on or before the 6th day of October, 1902. County committees will take proper action and call county conventions at such time and places as they may deem best or on that date.

The chairmen and secretaries of the county conventions are earnestly requested to forward true notice of the proceedings of said conventions and of the names of said delegates as may be elected to the republican county convention to the secretary of this committee by next mail after the call of such convention, addressing the same to Santa Fe, N. M.

Where there are no regular organized county committees the members of this committee are authorized and directed to perform the duties of the county committee and act accordingly.

FRANK A. HUBBELL,
Chairman Republican Central Committee.

Attest: JOSE D. SENA, Secretary.

For Delegate to Congress
B. S. RODEY.

President Roosevelt is equally felicitous whether making a political, educational, military or labor speech.

It is now stated that General Miles is really going to the Philippine islands, and by permission of the president.

Notwithstanding the opposition of several alleged leading citizens the town of Las Vegas is securing an electric railway.

Judge A. B. Fall intends to make speeches in southern New Mexico this fall for the republican party and for statehood. He is one of the best public speakers in the territory.

Representatives of the Smith family have applied for space for a building at the World's fair to be the headquarters of the members of that great family when visiting the exposition. Some genius has figured out that there are 14,000,000 Smiths in the world. If all

these and their friends attend the success of the St. Louis show is assured.

The political campaign in this territory promises to be lively.

The building of the Elephant Butte dam would put fifty thousand people in the Rio Grande valley tributary to the trade of El Paso. That city should favor that enterprise in every way possible.

At the close of the civil war the Union army was larger than it ever was before or has been since that time, containing 954,469 men, but the number of persons drawing pensions is now larger by 50,000 than that army was and is growing every day.

Senator Hanna addressed an audience of 10,000 people recently on "Labor and Capital." He handled the subject as a master and not, as it has heretofore been handled by the partisan friends of either. Among the pertinent things he said were: "The laboring man is entitled to a greater share of the profits of industry;" "workers are right in more than 50 per cent of the strikes;" "organized labor and organized capital are here to stay."

DELEGATE RODEY.

The Las Vegas Optic contains the following sketch of Delegate Rodey: "Bernard Shandon Rodey, of Albuquerque, N. M., was born in 1856 in County Mayo, Ireland; taken by parents to Canada in 1862; early years occupied in mining, farming and merchandising; later, most of the family moved into Vermont; clerked in railroad office and read law in Boston, Mass., in the latter seventies; moved to New Mexico in the spring of 1881; acted as private secretary for railroad manager; was court stenographer for Second district of New Mexico in 1882; admitted to the bar of New Mexico in 1883 and has practiced law there ever since; was city attorney of Albuquerque in 1888-89; member of the territorial legislative council (senate) in 1889, and author of the bill creating the university, school of mines, agricultural college, and other institutions; was a member of the constitutional convention of New Mexico in 1890; is entirely self-educated; speaks French and Spanish fluently; was elected delegate to the Fifty-seventh congress, receiving 21,567 votes, to 17,857 for O. A. Larrazolo."

ABOUT FRUIT VALUES.

Nothing is more deceiving than the idea that is the location value of land in which the farmer's possessions chiefly consist. Nine-tenths of all the working farmer's possessions are labor values—the result of toil. Even the productiveness of land wherever either irrigation or fertilization is necessary, is chiefly the product of labor. Land values, on the other hand, are due to the presence of pressure of population.

According to Mr. Arthur P. Davis, who has made a special study of the question, a 25 foot strip of land on Thirty-sixth street, New York City, opposite the Herald building, was bought in 1840 for less than \$5,000. In 1898, the same strip was sold for \$350,000. This amounts to 142 per cent profit every year since 1840, or a total of 7,000 per cent profit. A corner lot in Chicago, 30x150, sold in 1845 for \$750. In 1849, \$4,500 for house and lot; after the big fire in 1887 a business block was built, which sold with the land in 1876 for \$9,000. In 1896, the value placed on the land alone for a ninety-nine year lease was \$1,000,000, being an increase in fifty-one years of 2,600 per cent per annum for every year since 1845. This, remember, is pure land value, irrespective of anything the owner may have done to it.

The dailies of July 1 announced that plans had been prepared for the erection of a twenty story office building on the old Stevens property, corner Broadway and Greenwich, New York City, opposite the great Standard Oil building. The construction outlay is to be \$4,500,000. The cost of the site, the plot containing something over an acre, will be the same—\$4,500,000.

APPRECIATES ADVERTISING.

A forcible illustration of the effectiveness of newspaper advertising came to our notice the other day. In conversation with one of the officials of the agricultural college he stated that a few weeks ago circulars were sent out announcing a short course in mechanics. The newspapers were of course favored with copies with the expectation that they would notice the new course in their columns. Many of them did so, and the gentlemen stated that almost all of the inquiries which were received in regard to the course came through the notices in the newspapers. It takes some people a long time to find it out but it is a fact nevertheless that there is no advertising that pays like newspaper advertising.—Las Cruces Progress.

The newspapers were "favored" in being asked to refer to the college course. The management believes in advertising and gets much of it from

New Mexico papers, but says there is no fund available to pay for such service, although receiving perhaps \$40,000 from the United States and the territory of New Mexico as support for the institution. The college managers succeed in keeping the many merits of the school before the New Mexico people, by securing complimentary notices and through the voluntary work of the press. The college people admit that advertising is beneficial to the college, which is not a charity giving institution, and should make a way to pay the price. Newspapers of New Mexico are doing more gratuitous service for the people of the territory than this most excellent college could do.—El Paso News.

EGYPT'S MONSTER DAM.

The last coping stone of the great Assuan dam across the Nile, at the first cataract, was laid on the 30th of last month. This wonderful work is about 6,000 feet in length and contains 1,000 cubic yards of masonry. It has a storage capacity of 800,000 acre feet of water, but before all the land available for agriculture in Egypt can be reclaimed a reservoir system must be constructed which will store about 2,500,000 acre feet. This is the task English control of Egypt has undertaken to carry out. The Assuan dam has cost Egypt about \$9,000,000, which is to be paid in sixty semi-annual installments of \$382,845 each. The money will be collected by the government through additional taxation based on the increased benefits derived from the soil of the Nile valley by the use of the reservoir water in its irrigation.

FARM LIFE SUITS AGGIE.

Aguinado will pursue the peaceful pursuit of farming, and will not, in all probability, pay a visit to this country to go upon the lecture platform. Advice received by the war department report a feature of deep interest in the future movements of Aguinado and Mabini. The counterfeit edition of George Washington has decided to return to a rural life in Cavite province and reengage in agriculture. He is reported to be more cheerful and firmly declines to enter into any political discussions. It is believed that Mabini will refuse to take the oath of allegiance. His last written communication from Guam said, among other things:

"I cannot get over the idea that others shall legislate for me and my people, and in so doing govern us. It is better to die in exile than to prostitute my conscience, for at best I have but a few years to live."

Mabini is a paralytic, almost helpless, although his mental vigor is unimpaired.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

The race in the Western league is the closest in the history of that organization for the first four clubs in the percentage table and judging from the scores in the games played yesterday all are fighting tooth and nail to hold their positions. A remarkable feature of yesterday's contests was the fact that three 1 to 0 games were played.

Consumption Threatened.

"I was troubled with a hacking cough for a year and I thought I had consumption," says C. Unger, 211 Maple St., Champaign, Ill. "I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since."

CORBETT M'GOVERN FIGHT

Postponed from September 15 to September 22.

The date of the Terry McGovern-Young Corbett fight before the Southern Athletic club of Louisville has been changed from Monday, September 15, to September 22, one week later. The change was made on account of the primary elections in New York City, which are to be held on the 15th inst. of next month. This would prevent many of the New York sporting men from leaving town on that day, and so the shifting of the date was thought to be the best thing to do under the circumstances.

Both Manager Sam Harris and Bob Cray, of the Southern Athletic club, have wired from Saratoga of the change, so there can be no doubt about it.

The announcement of the transfer of the contest was received with much enthusiasm.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, Ohio, can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by all druggists.

Boston Lands Platt.

The Boston National league club has signed Wiley Platt, the Chicago American league star left hand pitcher, for next year, and when he left Boston with his team he had a certified check for \$500 advance money. While news that Platt has been secured is a surprise, it is well known that the Boston Nationals have been after a left handed pitcher for some time.

PEACE OR WAR.

Leading Magnates Think That Base Ball War Will Soon Be Settled.

Both Ban Johnson and James A. Hart have returned to Chicago. Neither talked as though they thought peace in baseball was a thing of the immediate future, although both said it was coming.

"I know that the American league is on the run," said Mr. Hart. "and that peace will come, though how I cannot say. It may come through amalgama-

tion or it may come some other way. "There is only one club in the American league making money, and the league on the whole is on the run. You can quote me as saying so."

On the other hand President Johnson had a bland smile as he sat in his office, fresh from his trip to Cleveland. "We did not decide to enter New York," said he. "That is a matter for the October meeting. As for peace, that cannot come until Brush is out of the way. Thus you have the situation."

Mr. Johnson said that six of the American league clubs were making money, naming Baltimore and Detroit as the two who were not.

The best physic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

Clarke's Statement.

"The American league is hot on the trail of the Pittsburgh players," was the sensational remark made by Manager Fred Clarke recently at the offices of the Pittsburgh ball club.

Clarke was injured in the east and blood poisoning in his left ankle set in last week. The players told him that they could win the last game at Boston without him so he went home ahead of the band.

"Isn't it true that some of the Pittsburgh players have contracts that are good for 1903?" he was asked.

"Yes, some of the boys are tied up for two years."

"How about yourself?"

"I am married to the Pittsburgh club. I would have to go into court and get a divorce before I could get away."

Among those who are reported to have signed with the American clubs for next year are Wagner, Ritchie, O'Connor and Chesbro.

Congressman Lacey at Santa Fe. A party consisting of Congressman John F. Lacey, of Iowa, chairman of the committee on public lands of the house of representatives of the 57th congress; Delegate B. S. Rodey, Prof. Edgar L. Hewett, of East Las Vegas, and Land Commissioner A. A. Keen, of Albuquerque, arrived in the city last evening, and left this morning for southwest Rio Arriba county to visit the cliff dwellers' habitations and community houses in that section and the country surrounding these historic ruins and which it is designed to set apart as a government reservation to be called the Pajarito reserve. The party was well equipped with everything needful and is expected to return in four or five days.—New Mexican.

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder.

Where the Line was Drawn. Justice and business are nicely blended in the following: A man in Mexico, Mo., who did not believe in supporting the local papers, died last week. A long obituary notice of him was sent to the Ledger. The editor refused to publish it, giving the following explanation of his action in his paper:

"He was not a subscriber to any local paper. He did not seem to believe in supporting the local papers. We are sorry he is dead. We are also sorry that we have not room for the obituary for less than the usual advertising rates. The Ledger is in the habit of writing up the birth, marriage and death of people, no matter whether they take the paper or not, but when it comes to an extended obituary in reference to a party known to be antagonistic to the local press, we are compelled to draw the line."

TO CURE ANY DISEASE. The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Herpelide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destroying the dandruff germ than Newbro's Herpelide.

Killed by Meat at Sand Springs. The Santa Rosa Star says that a very strange accident occurred at Sand Springs last Monday morning, which resulted in the death of the section foreman at that place. The east bound passenger train had taken on some meat at Tucuman which was to be unloaded at Sand Springs. There were no passengers for that place and as there is only a section house the train does not make regular stops. When they passed the section house, Mr. Schultz, the express messenger, tossed the meat out of the car door it struck the foreman and knocked him down.

He was placed aboard the train and taken to Dalhart, where he died a few hours later. The man has a wife and daughter, but it is not known where they live. They had been visiting with him for a few weeks, but returned to their home a few days previous to the accident. Mr. Schultz is a young man who is well liked and respected by those who know him.

SOME GOLD NUGGETS.

Australia Leads in Size and California in Number Found.

OF INTEREST TO MINERS.

The statement is appearing in sundry mining papers that the "greatest production of gold nuggets, as to size, value and quantity is held by North Carolina; the claim of the Red mine in Carabass county, in that state, for such a record is well substantiated. This mine has yielded nuggets weighing twenty-eight pounds, seventeen pounds, sixteen pounds, thirteen and one-quarter pounds, nine and one-half pounds, two of nine pounds each, two of eight pounds each, five pounds, three and one-half pounds, two of two pounds each and one of one and three-fourths pounds. The Beaver Dam and Sam Christian mines, in Montgomery county, of the same state, were also great nugget mines in their days. California has produced some nuggets, too."

It really makes little difference so far as present conditions go, but purely as a matter of record it is worth while saying that the above statement needs a little correction. In the size of nuggets found, Australia leads the world. In 1858, the Welcome nugget was found at Ballarat. It weighed 184 pounds, worth \$42,000. In 1827, a nugget weighing 145 pounds was found at Korong, valued at \$35,000.

The first nugget that attracted notice in California and the east was unearthed on Mokelumne river; it weighed nearly twenty-five pounds. The largest mass of gold ever found in California was dug out at Carson Hill, Calaveras county, in 1854. It weighed 195 pounds. In 1850, at Corona, Tulome county, a gold quartz was found that weighed 3,151 pounds. In 1851, in that county, another nugget was found that weighed twenty-eight pounds. In the same year a nugget was found in French gulch, Sierra county, which weighed twenty-one pounds and eleven ounces. A gold quartz boulder found in the same county in Minnesota weighed twenty-two pounds and two ounces. In 1851 at Sallor's Diggings, near Downville, a nugget was found weighing thirty-one pounds. In 1852, near Sonora, Tulome county, a nugget weighing forty-five pounds was discovered. In 1854, a mass of gold was found in Columbia, Tulome county, that weighed thirty pounds. At Gold Hill, the same county, was found a boulder that weighed thirty-one pounds. In 1855, in Sierra county, in French ravine, was found a double nugget of almost solid gold, which separated in taking it out, the larger one weighing \$10,000 and the smaller one \$3,000.

In 1858 Ira A. Willard found on the west branch of Feather river a nugget which weighed fifty-four pounds avoirdupois before melting, and forty-nine and one-half after melting. In 1864, at Michigan Bluff, on the middle fork of American river, a nugget was found that weighed eighteen pounds and ten ounces. In 1867, at Pilot Hill, El Dorado county, a gold quartz boulder was found that yielded \$8,000. In 1869, at the Monumental quartz mine, Sierra county, a mass of gold was found that weighed ninety-five pounds and six ounces. In 1855, a nugget weighing sixty pounds was found at Allegheny town, Sierra county. In 1871, at Kanaka creek, Sierra county, a nugget was found that weighed ninety-six pounds. On Rattlesnake creek, the same year, a nugget weighing 106 pounds and two ounces is reported to have been found. This last is not authenticated. In 1890 W. A. Parrish and Harry Warner took from the Monumental quartz mine in Sierra county, a mass of gold quartz that weighed 132 pounds; it was sold to R. B. Woodward, of San Francisco, for \$21,166.52, and for many years was on exhibition at his gardens. When minted it brought \$19,654.94.

About 2,000 nuggets weighing one pound and upward have been found in California. About 140 weighed over twenty pounds. The above statement is exclusive of Chinese work, as there is no way of determining the amount and character of the gold they have taken out and sent back to China, for the Chinese, as a rule, make it a point to keep such matters hid.—Mining and Scientific Press.

A Worm Killer. J. A. J. Montgomery, Puxico, Wayne Co., Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness. 25c. at Cosmopolitan Pharmacy—B. \$100.00 Reward

To protect your health and our reputation, we will gladly pay this big reward to any one who will furnish us information on which we can secure conviction of a dealer who tries to sell worthless fake imitations, when CASCARETS are called for. When you're offered something "just as good", it's because there is a little more money in the fake. Buy CASCARETS from the honest dealer. They are always put up in blue metal boxes with long-tailed trademarked C on the cover—every tablet stamped C. C. C., and they are never sold in bulk. Remember this and whenever fakes are offered when CASCARETS are called for, get all the details and write us on the subject at once.

GUARANTEED TO CURE all bowel troubles, appendicitis, biliousness, bad breath, bad blood, wind on the stomach, bloated bowels, foul mouth, headache, indigestion, pimples, pains after eating, liver trouble, salt water complexion and distress. When your bowels don't move regularly you are getting sick. Constipation kills more people than all other diseases together. It is a starter for the chronic ailments and long years of suffering that come afterwards. No matter what ails you, start taking CASCARETS today, for you will never get well and be well all the time until you put your bowels right. Take our advice: start with CASCARETS today, under an absolute guarantee to cure or money refunded.

GUARANTEED TO CURE: Five years ago the first box of CASCARETS was sold. Now it is over six million boxes a year, greater than any similar medicine in the world. This is absolute proof of great merit, and our best testimonial. We have faith, and will sell CASCARETS absolutely guaranteed to cure or money refunded. Go buy today, two 50c boxes, give them a fair, honest trial as per simple directions, and if you are not satisfied after using one 50c box, return the unused 50c box and the empty box to us by mail, or the druggist from whom you purchased it, and get your money back for both boxes. Take our advice—no matter what ails you—start today. Health will quickly follow and you will bless the day you first started the use of CASCARETS. Book free by mail. PRAYS FOR POISON.

Suh Wah, the Leper, Pleads For Any Means of Death.

HIS FRIENDS AFRAID.

From El Paso Herald.

Praying for a dose of poison his countrymen dare not furnish Suh Wah, the leper, lies in his adobe hut near Juarez.

"You ketch 'em pizen offer side I tell 'em Suh Wah he eat 'em," said a member of the Juarez Chinese colony to a Herald reporter.

The Chinaman seemed a trifle astounded at the look of horror he inspired. "What la malla," he asked. "Suh Wah no live long; him ask government doctor give stuff; him wantum die. Government doctor he say no can do it."

When asked why Chinamen did not give the poison the Chinaman said: "We afraid; catchem taken jail, by and by shoot 'em."

He was a thrifty and well known Chinaman and talked freely about his unfortunate countryman who is lying in an adobe room in one of the buildings south of Juarez and not far from the Sierra Madre railroad depot.

Visit to the Leper's Hut.

So much has been said about this unfortunate leper that a Herald reporter took a tramp out to his hut. It is a tramp of a little over a mile and costs a little inquiry among the Mexicans to find the fellow. But that was the easy part of it and was bravely done. The next thing was to brace up to the open door and take a peep. Visions of loathsomeness; feet, fingers and toes breaking off; of eyelids gone, only stubs of ears, a face eaten by disease and all sorts of horrible things came into mind and caused feelings of the horrors and some unsteadiness about the stomach.

It took considerable effort to make that last fifty yards to the door of the hut and it was not made very quickly in this instance. It was made, however, and a peep in at the door disclosed a sight not so bad, yet bad enough. Over in one corner lay poor Suh Wah with his face to the wall apparently asleep.

The end of his left leg from which the foot was cut off by the engine a few days ago was wrapped in old rags, and the right foot was wrapped in much the same way. He was thinly clad as he lay there on his right side, his left hand resting on his body looking dead and dry with the whitening effect of the living death.

The room was bare of comforts, a few old cans, one filled with water and a piece of dry bread lying on a tin by it. The room was not clean, nor was it filthy.

Face Showed Death's Mark.

After turning away for a few minutes for fresh air and to get nerves and digestive apparatus settled the reporter

porter called Suh Wah's name. The Chinaman slowly turned over and looked toward the door. His face was not pleasant to look upon. His eyes were sunken as much as a Chinaman's can be. His cheeks were emaciated. The great spots showed on the neck. Part of one ear had gone. Below the eyes the skin looked ready to break it was so hard and dry. The eyes were glassy.

But there was no evidence of physical suffering.

Suh Wah continued to lie there apparently oblivious to his surroundings and the swarm of flies in the warm morning. Thirty feet away from the adobe hut of Suh Wah is an old dog out, about eight by six and roofed over with old tins covered with dirt. A peep into this place revealed an aged Chinaman apparently 80 years old, stooped and decrepit and with every appearance of extreme poverty. His emaciated form and face, and his long bony hands and fingers with their long claw nails and his cadaverous look gave him an uncanny look, that fitted well with his surroundings.

Old Man His Only Nurse.

This old man, the only attendant of the leper, has done many kindnesses for him. The leper lived for some time in the dug out but he was unable to get up the rude ladder steps, after his foot was cut off, hence his change of quarters.

The old man can speak no English but looked his gratitude when a few cents were handed him. He came out of his dug out, walked around for a little while, sat down, then went into the leper's quarters and looked around. He kept looking toward Juarez; he was evidently expecting something. Before long another Chinaman came in sight. He brought a basketful of dry bread for the unfortunates, and handed it to the old man, who at once took half a loaf to the leper.

WOMEN AND GOLF.

Annual Tournament to Determine the Western Women's Championship. Chicago, Ill., Aug. 27.—A small army of fair golfers added gaiety and animation to the Onwentsia club links at Lake Forest today. They were the players in the annual tournament to determine the western women's championship, which will be contested during the remainder of this week. That this year's affair will outshine any of its predecessors seems to be a foregone conclusion, as the contestants include nearly all the prominent participants in the former tournaments, together with a number of promising players who have not taken part heretofore.

Garner for Congress.

Laredo, Texas, Aug. 27.—Both the senatorial and congressional democratic conventions of this district assembled here today. There are no contests and the nominee, according to all signs, will be Garner for congress and Willacy, of San Patricio county, for state senator.

MILLIONAIRE WEDS.

Among the Wedding Presents was a \$50,000 House.

East Liverpool, Ohio, Aug. 27.—One of the largest and most brilliant weddings ever celebrated in this part of the state was that of Miss Alma Marshall and Harold T. Knowles, which took place here today. The bride is the daughter of Mr. and Mrs. E. D. Marshall, of East Liverpool, and the bridegroom the junior member of the Knowles, Taylor, Knowles company, pottery manufacturers. Mr. Knowles makes his home in New York, and, though he has just turned his majority, his wealth is estimated at more than a million.

Five special cars conveyed guests from New York city to the wedding. Miss Anna Lee was the maid of honor and the bridesmaids were Miss Sayre, Miss Morris of Chicago, Miss Nina Lee, Miss Upson of Mansfield, and Miss Bailey of Pittsburgh. J. C. Thompson, of New York, was the best man and the ushers were Col. W. C. Brown, C. A. Bourke, Jr., J. W. Lake, of New York, George Potter, of East Liverpool, and L. A. Munson, of Wellsville. Among the wedding presents was a \$50,000 residence in this city, a gift from the bridegroom's mother, Mrs. Ida Stafford, of New York.

There are times when your liver needs a tonic. Don't get purgatives that gripe and weaken. De Witt's Little Early Risers expel all poison from the system and acts as tonic to the liver. W. Scott, 521 Highland avenue, Milton, Pa., says: "I have carried De Witt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. B. H. Briggs & Co., and J. H. O'Reilly & Co.

Ringgold Reunion.

California, Pa., Aug. 27.—The Ringgold cavalry veterans, a Union organization which operated in West Virginia during the civil war, is holding its annual reunion here in conjunction with the reunion of the McNeill Rangers, their Confederate adversaries in the '60's.

POPULISTS ARE THINKING.

Trying to Decide About Kansas, Nebraska and Oklahoma.

Springfield, Ill., Aug. 27.—The members of the national executive committee of the Allied People's party assembled at the St. Nicholas hotel in this city today in accordance with the recent call issued by Chairman J. A. Parker. The purpose of the conference is to decide future plans for the party's campaign and particularly to consider the situation in Kansas, Nebraska and Oklahoma, and deciding whether the work of independent organization in those states shall be pushed during the present campaign.

"I Never Knew Painkiller to Fail before, what can the matter be? Where is the bottle? There, I thought so; it is not Perry Davis' Painkiller at all, but something the druggist must have made himself and I did not notice it; I have used Painkiller for years for diarrhoea, cramps and stomach aches and it never failed."

FAIRBANKS FAMILY.

Remarkable Reunion was Held at the Old Homestead.

Dedham, Mass., Aug. 27.—The reunion of the Fairbanks family here today proved one of the most remarkable gatherings of the kind ever held in New England. The visitors numbered nearly 1,000 and came not only from eighteen states, but from Canada, Mexico and India as well. The reunion was held at the old Fairbanks homestead, in which, in unbroken succession, have dwelt eight generations of the family, descended from Jonathan Fairbanks, who came to this country in 1633, and settled in Dedham three years later.

Prominent among the members of the family, and all of whom belong to the reunion association, are Senator Charles W. Fairbanks, of Indiana; Mrs. Alice Moses Earl, the writer, and Mrs. Dr. Flavel B. Tiffany, the poet, of Kansas City.

Watch for a Chill.

However slight at this time of year and in this climate, it is the forerunner of malaria. A disposition to yawn, and an all tired out feeling even comes before the chill. Heretofore, by its prompt stimulative action on the liver drives the malarial germs out of the system, purifies the blood, tones up the system and restores health. 50c at Cosmopolitan Pharmacy.—B. Ruppe.

California Prohibitionists.

Los Angeles, Cal., Aug. 27.—The prohibition party of California is holding its state convention in Los Angeles today with a good attendance of delegates, particularly from the southern part of the state. Candidates will be named for the state offices to be filed at the approaching election and plans made for pursuing a campaign of unusual vigor.

"I had diabetes in its worst form," writes Marion Lee, of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."

Total Abstinents Meet.

Pittston, Pa., Aug. 27.—The Catholic Total Abstinence Union of Pennsylvania began its annual convention in Pittston today and will continue in session until Friday. The most important work of the convention is the discussion of plans for the proposed amalgamation of the state and diocesan unions with a view of increasing the membership and influence of the organization.

A World Wide Reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all druggists.

Due to Insanity.

San Francisco, Cal., Aug. 27.—Thos. W. Reynolds, business manager of the Western Union Telegraph company, shot and killed himself. It was probably due to temporary insanity.

A blessing alike to young and old: Dr. Fowler's Extract of Wild Strawberry. Nature's specific for dysentery, diarrhoea and summer complaint.

Congressman Littauer Renamed. Saratoga, N. Y., Aug. 27.—The republicans of the new Twenty-fifth district, composed of Warren, Saratoga, Montgomery, Fulton and Hamilton counties, met in congressional convention here today and renominated Congressman Lucius N. Littauer of Fulton county.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly and quickly effected permanent cure." C. W. Lenhart, Bowling Green, Ohio.

Detroit Southern.

Detroit, Mich., Aug. 27.—The purchase of the Iron Railway of Ohio by the Detroit Southern was formally ratified at a special meeting of the stockholders of the last named road held here today. The acquisition of the Iron Railway with the forty miles of extension to be built on by the Detroit Southern, will give the Southern an entrance into Ironton, Ohio, as well as into the Detroit market.

LOCAL PARAGRAPHS.

The territorial supreme court will meet at Santa Fe tomorrow and be in session for three days. Judge B. S. Baker, Attorneys F. W. Clancy, W. B. Childers, Neill B. Field and others of the local bar will go up to Santa Fe tonight.

Bachchi & Glomi, local agents for the W. J. Leips Brewing association of St. Louis, commenced yesterday bottling beer at the firm's new bottling works on North First street.

Rev. Father Mandalari, the popular priest of the Church of Immaculate Conception, this city, who attended the retreat at Silver City, returned to the city yesterday.

W. H. Burbage and F. W. Nelson, two well known attorneys who were here yesterday on some legal matters, returned to Winslow last night.

Mrs. Carl Hoffman, who was a guest of the Jemez hot springs for the past month, has returned to the city.

Miss Nellie Hazledine, who is at the St. Joseph sanitarium, is reported considerably better today.

Miss Kate Bell has returned to San Antonio, Texas, where she is a public school teacher.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all druggists.

MEETING DECLARED OFF.

The Volunteer Firemen Will Not Hold Meeting in Santa Fe.

The convention of the New Mexico Volunteer Firemen's association which was to have been held in Santa Fe next month, has been declared off. The citizens of Santa Fe were expected to put up prizes aggregating \$500 for races which they have not done, and the members do not care to race for glory. The advent of paid departments in many towns has interfered with the prosperity of the association and has caused many members to lose interest. B. Ruppe, president of the association, will call a meeting to be held here during the fair and an effort will be made to revive the interest.

Cured Paralysis.

W. S. Bally, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her all right. I have also used it for old sores, frost bites, and skin eruptions. It does the work." 25c, 50c and \$1.00 bottles at Cosmopolitan Pharmacy.—B. Ruppe.

TRIP OF INSPECTION.

George Gould Will Go Over His Texas Lines.

Austin, Texas, Aug. 27.—It was learned here today that George Gould, president of the Missouri Pacific, who left New York several days ago on a tour of the lines of that system, will reach Texas next week and make an inspection over the lines of the International & Great Northern, also of some proposed extensions other than those publicly announced.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixer, which we sell under a positive guarantee. TEACHERS' INSTITUTE.

The Albuquerque City Teachers Will Convene Next Monday. The Albuquerque city teachers' institute will convene at Central school building next Monday morning at 8:30 o'clock.

Recitations in arithmetic, grammar, geography and history will be conducted each day by the principals of the different wards. The hours of session will be from 8:30 to 11:30 each day. Between 10:30 and 11 o'clock each day the institute will receive special lectures.

On Monday, Dr. Tilt will talk on "Methods in Geography."

Tuesday, Dr. Hope will lecture on "School Hygiene."

Thursday, Prof. Hodgins will instruct the teachers in special methods.

Friday, M. E. Hickey will address the institute. The subject of his talk has not yet been decided upon.

An enrolling fee of \$1.50 will be charged teachers not employed by the city.

SEATS ARE SELLING.

Elks Receiving Much Encouragement for the First Night.

The sale of seats for the first night's show in the Elks' new opera house is reaching all expectations. The amount subscribed so far is about \$3,250. The seats are selling from \$5 to \$15 each, according to location, and if all are sold the amount derived from such sales will reach the \$5,000 mark.

B. Ruppe, chairman of the committee that has charge of the funds derived from the sale of seats, says that they are meeting with flattering success, and thinks that the committee will have little trouble in raising the amount desired.

The plans and specifications for the new opera house are in the hands of contractors and the bids will be taken immediately, so that the work of building will begin in the near future. The Grant estate took a box for the opening night at \$100 and J. J. Henry, of Denver, wired for another box at the same rate.

Special Meeting.

There will be a special meeting of the Elks tomorrow evening, Thursday, August 28, at 8:30 o'clock, upstairs in Zeiger's cafe, for the purpose of arranging for excursion to Santa Fe next Sunday. By order of the exalted ruler.

Miss Bibb Engaged.

Word comes from Grants, out west, of the engagement of Miss Rica Bibb to Bernard Dannenbaum, of Bernallillo, a merchant of that town. The young lady is a daughter of Simon Bibb, the senior member of the firm of S. Bibb Mercantile company, wholesale general merchants of half a dozen good western towns.

ANSWER FILED.

The Steel Trust Gives Its Side of the Fight.

Trenton, N. J., Aug. 27.—The United States steel corporation today filed in the court of chancery an answer to the amended bill of complaint of J. Aspinwall Hodge, Bernard Smith and Wm. H. Curtiss to restrain the proposed conversion of \$200,000,000 of 7 per cent preferred stock into \$200,000,000 5 per cent second mortgage bonds. The answer says the directors of the syndicate are a minority in the board of directors, but are large stockholders and favored the conversion plan because they believed it advantageous to them as stockholders. It is denied the \$250,000,000 additional capital which it was proposed to obtain was needed for purposes that were chargeable to the earnings of the company.

Went to Visit His Sister.

A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by all druggists.

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system.—Clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement. We regard it a great tonic and blood purifier."—J. F. Durr, Princeton, Mo.

SSS is the greatest of all tonics, and you will find the appetite improved, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice.

Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of pills and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles was sound and well.

It can't help but do you good.

The \$1 bottle contains 24 times as much actual measurement as the trial size which sells for 50c. Prepared by E. C. DeWitt & Co., Chicago. Sold by all dealers.

ANOTHER SUIT.

Raton Coal and Coke Company Defendants in Damage Suit.

G. A. R. VETEBANS ORGANIZING.

Special Correspondence.

Las Vegas, N. M., Aug. 26.—The Raton Coal and Coke company have been made defendants in another case, on the same grounds of breaking into or forcing an entrance into the domicile of one of their workmen, and extracting therefrom goods on alleged personal belongings. The company have been made defendants in a number of these cases, and each is for \$5,000. Librarian Mullman, is the latest plaintiff and he assesses his damages as follows: For property carried away when house was broken into, \$500; for maliciously breaking into his house, \$1,000; for bodily and mental suffering, of family, \$1,000; and \$2,500 for exemplary damages and general trimmings.

At the meeting held in Capt. Fort's office last night to take steps to reorganize a Grand Army post here, there were thirteen present, all of whom signed the membership roll. A committee of Messrs. Fort, Brumagen, Higgins and Hutchinson were appointed to get the membership worked up by the time of the next meeting, September 8. It is expected that the old Sherman post will have at least twenty-five members by the time that the reorganization is affected.

The driller at the El Porvenir coal mines telephoned down last evening that they had struck coal late in the afternoon, at a depth of about sixty feet. The drop drill is being taken out today and the three and a half inch piping will be put down and the machinery put in place for taking out the loose matter. The drill went into the coal about four inches, but was stopped as soon as coal was found to put in other machinery so as to be able to ascertain the thickness of the vein. The driller also states that he struck considerable water and it is causing some trouble. The pipes to be put down cannot be found here, and the development will have to be delayed until the pipe can get here from Denver. The members of the company are feeling quite elated over the discovery, for, even though the vein struck now is not a thick enough one to work, it shows pretty well that there is more below, and the company feel almost certain of success.

Gov. M. A. Otero came up from Santa Fe this afternoon to attend to some business matters and returned on the next train.

Miss Bertha Witter and her mother left today for Topeka, Kansas, where they will remain.

Gen. Samuel Pierson and William Harper, the Boer fighters, left today for Maxwell City. They were very much pleased with this country. Before the war broke out in South Africa, General Pierson had a fine business house and was well to do. When the British marched on the city, he touched a match to his entire property and saw it go up in smoke, rather than let it fall into the hands of the British. He then borrowed money and left the country. His history is that of many other refugees.

Ralph Ellifrit left this afternoon for Kansas City. He will be gone about a week on business.

The vitrified brick yards at Santa Fe have caught up to the orders from Las Vegas, and will make their first shipment Friday to this city. Those having vitrified brick sidewalks ordered in, will then soon be able to get all the brick needed.

The school book dealers are unpacking their wares and soon the rush will begin.

Griffith M. Roberts is confined to his home with sickness today. He has been ailing for the last few days.

Conductors Puzate and Hayes and their wives went out to Koenig's lakes today to bother the fish and enjoy an outing.

Dr. E. M. Hilderbrand, of Philadelphia, is in the city.

In the case of Rev. R. J. Mathews vs. James F. and Edie I. Williams, B. T. Mills, attorney for plaintiff, has secured a decree by default, and the mortgage of \$600 will be forfeited.

Some of the Methodist Sunday school classes are picnicking up the canyon today.

Francisco Coyote returned today to Atchison, Kansas, where he will resume his studies in the St. Benedict college.

The record of business transacted in the district clerk's office for the county of San Miguel is as follows:

doctor probably made away with it.

Rev. Mrs. Borden, of Albuquerque, stopped off here today on her return home from the north.

Mrs. J. H. Curtis, who has been here for the past two months seeking relief from the dreadful consumption, this afternoon, at 1:30 o'clock, passed away. She with her mother, has been living at 924 Columbia street, and has been very sick all during her stay here. She was 32 years of age, and the remains will probably be shipped to Marceline, Missouri, from whence her husband is now en route here.

R. C. Rhobough is on today's sick list.

D. J. Aber is here from Tucumcari to attend his wife, who is quite sick.

Mrs. Boardman is quite sick at her home on Railroad avenue.

The crowd for the Santa Fe excursion next Sunday is about raised, and the trip seems to be a surety.

Sixty Years of Popularity

is the record of Painkiller (Perry Davis'), but the shops are full of imitations made to sell upon the great reputation of the genuine; be cautious, therefore, when you ask for a bottle to see that you get the genuine. An unfailing remedy for coughs, colds, bronchitis.

SANTA FE.

From the New Mexican.

Governor Otero went to Las Vegas to look after some official matters demanding his attention there.

Miss Nellie P. Crane has returned from a very enjoyable sojourn at New Jersey seashore and New York mountain resorts.

J. J. Powell, who was hurt while attempting to board a train near Lava, on the Santa Fe road recently, and who was brought to the city and taken to the Sisters' hospital for surgical attention, is reported as doing very well, and it will not be necessary to amputate his feet as was at first thought.

Clinton J. Crandall, the efficient superintendent of the United States Indian school in this city, and Francisco Delgado, who acted as interpreter, were at Santa Domingo pueblo on Sunday holding council with the Indians.

Two years ago that pueblo sent its first boys to the Indian school, the number being four, last year nineteen were sent and this year still more will come.

Mrs. John R. McFie has received a dozen of most artistic and beautiful photographic views and scenery in and about Santa Fe taken by R. E. Banner, the official photographer of the Rock Island railroad system with offices at Alamogordo, Otero county, who was here two weeks ago and spent a week in town as a guest of Judge and Mrs. McFie. They are the finest and best photographs yet made of scenery, buildings and streets of the Capital city. A very large panorama view of the entire city, taken from Fort Marcy, was also taken by Mr. Banner; this will be about three feet in length, but is not yet finished.

been known to put a rabbit's eye out at 400 yards, and not consider it much of a trick, either. Mrs. Hardwick saw the cat first about 200 yards distant, and shot, making the fur fly, but failing to bring the animal down. Miss Simpson quickly brought her rifle to her shoulder, fired and the animal tumbled over. When she approached the cat it growled and showed fight, so she gave it the "coup de grace." It measured thirty inches.

Railroad Topics

The Union Pacific will double track its line between Kansas City and Topeka.

Hugo Schaefer, a prominent railroad man of Needles, was an Albuquerque visitor yesterday.

The Colorado & Southern, beginning September 1, will sell in Denver, through sleeping car reservations to the City of Mexico.

Trainmaster Gibson, of Winslow, who has been spending a few days in the city visiting his family, was a passenger west this morning.

General Manager Goodnow, of the Rock Island system, says that Kansas City will be the general offices of the lines west of the Missouri river.

Steam locomotives to run at 100 miles per hour are said to have been ordered by the Russian State railway, from the Cassel locomotive works.

The Rock Island took out of Pueblo, Colo., a special train carrying the Twenty-fifth Infantry to Reno, Okla. The regiment has been in the Philippines.

The Union Pacific has announced a rate of \$33 from Chicago and \$25 from the Missouri river to California, Oregon, Washington and the north Pacific coast states for September and October.

T. G. Mulhern, formerly of Las Vegas, is now acting assistant chief dispatcher for the El Paso-Rock Island at El Paso, Texas, the regular man taking the place of Chief Dispatcher Evans, who has been called to Pennsylvania by the illness of a sister.

Speaking of his resignation as assistant superintendent of motive power on the Santa Fe, W. A. Nettleton said: "I find that my private affairs and the company's business conflict so I cannot attend to them both properly. I am therefore obliged to sever my connection with the Santa Fe." Mr. Nettleton is understood to be a man with a considerable fortune, and his investments require more attention than he is able to give them while discharging his duties as a railroad official. He is a son of the late George H. Nettleton, formerly general manager of the Santa Fe.

A Physician Healed.
Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

How Grain Rate War Began.—The grain rate situation in the west and southwest is stirring up a bitter feeling among traffic men. Now that the cheap rates are to remain by way of the Kansas City gateway, officials are trying to discover what was the true cause of all the trouble. The beginning was undoubtedly a notice by the St. Paul that owing to an oversight the agreed advance in rates through Omaha could not be put in effect until August 28, instead of August 15. Then the Burlington clerks made a mistake in the orders given them to follow St. Paul's action, and the fun began. It is also being charged in some quarters that certain lines never meant to raise their grain rates through Kansas City, and that the elevator men connected with these lines had been connected in buying grain for shipment at the old rates.

His Sight Threatened.
"While picnicking last month my 11 year old boy was poisoned by some weed or plant," says W. H. Dible, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended De Witt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin disease, cuts, burns, scalds, wounds, insect bites, De Witt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. R. H. Briggs & Co. and J. H. O'Reilly & Co.

Oldest Locomotive to Be Retired.—The oldest locomotive in operation will soon be withdrawn from service and placed in the Durham college of science at Newcastle-on-Tyne. This locomotive was built by George Stephenson for the Hutton colliery, near Durham, and placed in service on November 18, 1822, nearly three years before the first public railway in the world was opened—the Stockton and Darlington railroad. It was designed to draw a train of sixty-four tons at a speed of four miles an hour on steep grades, and has been continuously operated at the Hutton colliery until recently, or for nearly eighty years. On a level track the locomotive could haul 120 tons ten miles an hour.

Pushing Work on the Choctaw.—A special dispatch to the Globe-Democrat from Fort Worth, Texas, dated August 24, says:

The last grading on the Choctaw road into Amarillo was completed Saturday, the gap between Washburn, sixteen miles from the Denver, having been finished. The Choctaw trains

are still running in over the Denver, however, as the company is unable to secure steel to complete the track. The Choctaw surveyors are locating the line from Amarillo to Tucuman, New Mexico, and it is definitely understood the road will be built as soon as the steel can be had. This road will be built as soon as possible, for this cut off means much to the Choctaw and Rock Island systems in the handling of both transcontinental and Mexican business.

The Santa Fe people have not yet positively settled the point from which the cut off from the Pecos Valley line to Albuquerque, New Mexico, will be made, both Amarillo and Portales, New Mexico, being under consideration. The line from the former place is shorter but through a rougher country, and it is believed by those in position to know that if the extension from Amarillo is made the Santa Fe will have trackage over the Choctaw to the point of divergence. The Santa Fe people are moving their shops from Roswell, New Mexico, to Amarillo, and this work will be completed by November 1.

A Necessary Precaution.
Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Allays inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Something good for Christmas

During the holiday season, when good cheer everywhere prevails, there is nothing nicer to have in the house than a little good whiskey, and besides, your physician will tell you it is excellent in many cases of sickness. But you must have good whiskey, pure whiskey. You don't want to drink poor whiskey yourself, much less offer it to your friends, while as a medicine, poor whiskey, adulterated whiskey, may do you decided harm.

HAYNER WHISKEY does to you direct from our own distillery, with all its original richness and flavor, and carries a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY and AGE. When you buy HAYNER WHISKEY you save the enormous profits of the dealers and have our guarantee that your money will be promptly refunded if you are not perfectly satisfied with the whiskey after trying it. That's fair, isn't it?

HAYNER WHISKEY

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely. Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

E. L. WASHBURN

LOCAL PARAGRAPHS.

Mrs. E. C. Whitson, of the Whitson Music company, went to Santa Fe this morning.

Mrs. N. M. Rice and family have returned from a pleasant outing on the Pacific coast.

Isaac H. Cox, of the firm of Brockmeier & Cox, was a passenger for Bernalillo this morning.

Mrs. William Brice and children left this morning for a two months' visit at her old home in Burlington, Wisconsin.

W. B. Gilman returned last evening from Watrous, where he took a shipment of twenty men, who will work on the road there.

One of the several feasts of the Isleta Indians will commence at the village of Isleta tonight and be continued all day tomorrow.

J. T. Smith and wife, of Los Lunas, left this morning for the Jemez hot springs. The gentleman is a sufferer with rheumatism.

Attorney E. W. Dobson went to Santa Fe this morning to attend supreme court, which meets at that place tomorrow. He expects to return to Albuquerque tomorrow evening.

Mrs. R. L. McCance is here on a visit to Misses Irene and Louise Saint. The lady is the wife of the purchasing agent and treasurer of the Albuquerque Eastern and Santa Fe Central railroads.

Bishop Kendrick, of the Episcopal church, is expected to arrive here tomorrow and will be present at the services of the King's Daughters, which will be held at St. John's church tomorrow evening.

F. R. Foraker, of New York, a nephew of U. S. Marshal Foraker, is expected to arrive here soon after September 1 to recuperate. Mr. Foraker is an attorney and is in the law office of Elihu Root, secretary of war.

Philip Hauschild, who has been here for the past two years left last night for New York and will sail from there to his home in Germany. He came here for lung trouble but of late has gone down hill rapidly and desired to go home. A. Borders and others interested themselves in his behalf and secured for him transportation home.

Dr. C. G. Cruikshank, Pablo Trujillo and A. B. de Baca, three well known republican politicians of San Marcial, and at Socorro today holding conference with the leaders of the party in that city. Politics, so it is said, is getting quite lively down that way, and the leaders are quite anxious to fix up certain matters before convention day.

A letter was received this morning from John Miller, one of the county commissioners, which gives the news that the reason he can't reach the county seat is that the Rio Pecos is raging and can't be forded. Mr. Miller resides at Casa Salazar, and his letter says that, at the time of writing, it was still raining and the country for miles was a sheet of water.

Jud Buchanan, who, with his brother, conducts a general merchandise and trading business at Zuni, came in this morning from the west, accompanied by his friend, William Pettyjohn, sheriff of Lawrenceville, Illinois. The two gentlemen will leave tonight for Illinois, and while at Lawrenceville, Mr. Buchanan will purchase a carload of goods for the Zuni country.

There are plenty of men hard up at times who have difficulty in meeting their financial obligations. However, if a man is strictly honest and will be economical and industrious and will let it be known by his acts that he will not deceive the one to whom he is indebted, he will in all probability come out all right. His friends will not forsake him so long as he is industrious and honest.

Yesterday, in Pueblo, Colo., George Weinert, formerly of this city, but for years clerk at the Caledonian Coal company's store at Gallup, was united in marriage to Miss Mary Murphy, of that city. The ceremony occurred in the St. Patrick church of that city, and a large crowd of friends were present. Mr. Weinert and wife will reside in Pueblo, where he is in the employ of the Colorado Fuel and Iron company.

The Santa Fe New Mexican says: General and Mrs. Francis J. Torrance and daughter and Senator W. H. Andrews left Pittsburg, Pa., last evening for this city. General Torrance is one of the leading promoters of the construction of the Santa Fe Central railway and the Albuquerque Eastern railroad. It is understood that the party will remain here some weeks, taking outside trips to different sections of New Mexico.

Col. Ralph E. Twitchell is in the city today from Las Vegas, and, having laid aside his profession of a lawyer for the time being, is around talking base ball and politics. He says that his team will defeat the Santa Fe Central club at Santa Fe the coming Sunday, but that the game will be very close. The colonel still insists that San Miguel county is safe this fall for the republican ticket, but on the subject of it being the banner republican county, since he heard the returns from Bernalillo county last election, he is painfully silent.

Dr. Charles R. Keyes, director of the School of Mines, and C. J. Brown, secretary of the board of regents of the school, came in from Socorro this morning, and between trains both were pleasant callers at The Citizen office. Mr. Brown stated that the prospects for the School of Mines the coming year are brighter than ever, and that the attendance from outside will be considerably larger. The gentleman continued on north to Santa Fe, and possibly, before returning to Socorro, they may extend the northern trip to Boise City, Idaho.

considerably larger. The gentleman continued on north to Santa Fe, and possibly, before returning to Socorro, they may extend the northern trip to Boise City, Idaho.

Mrs. N. C. Collier and daughter, Miss Julia, came in from St. Louis, Mo., last night and this morning left for Camp Whitcomb, where they will rest up from the heat of the "Mound City" for a few weeks. The Colliers were long residents of this city, when the husband and father was a practicing attorney and later judge of this judicial district, and their many friends will be pleased to greet Mrs. Collier and daughter during their sojourn in this vicinity. Miss Julia graduated from the St. Louis high school a few months ago.

Aaron Peffley, an army veteran of this city, will leave in a few days for Goshen, Ind., where he will spend a month visiting relatives and his comrades of the Twelfth Indiana cavalry. Mr. Peffley has not visited his old home for thirteen years, and during that time he has stocked himself with some exciting stories of frontier life, which he will spin off in large doses to the Hoosiers in and around Goshen.

S. S. Curry and Charles J. Laughren, from Michigan, came in from the south this morning, and expect to go north tonight. They recently took an option on the McGrath and Comanche groups of copper mines in the Burro mountains, owned by P. T. McGrath, of Denver. The amount involved is \$75,000 and development work will be commenced by November 1.

"There has been more rain the past ten days," said J. H. O'Reilly, "in southern New Mexico than for the past five years, and in consequence stock raisers are feeling happy. The country around Deming never looked better, and cattle reported dying a short time ago, now have plenty of good grass to eat and water in abundance to drink."

The funeral of Ambrosio Martinez, one of the pioneers of Old Albuquerque took place this morning at the San Felipe de Neri church and was largely attended. The deceased was about 80 years of age, and his death occurred yesterday morning. He was well connected, and leaves a large circle of relatives and friends to mourn his death.

Mrs. S. Vann and daughter, Miss Katie, have returned to the city from Camp Whitcomb, where they sojourned for a few days.

MRS. HULDA JAKEMAN

Wife of President Jakeman of Elders of the Mormon Church, Salt Lake City, Utah, Recommends Lydia E. Pinkham's Vegetable Compound For Woman's Periodic Pains.

"DEAR MRS. PINKHAM:—Before I knew of Lydia E. Pinkham's Vegetable Compound, I dreaded the approach of the time for my menstrual period, as it would mean a couple of

MRS. HULDA JAKEMAN.

days in bed with intense pain and suffering. I was under the physicians care for over a year without any relief, when my attention was called to Lydia E. Pinkham's Vegetable Compound by several of our Mormon women who had been cured through its use. I began its systematic use and improved gradually in health, and after the use of six bottles my health was completely restored, and for over two years I have had neither ache or pain. You have a truly wonderful remedy for women. Very sincerely yours, Mrs. HULDA JAKEMAN, Salt Lake City, Utah. \$5000 forfeit if above testimonial is not genuine.

Just as surely as Mrs. Jakeman was cured just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills. Mrs. Pinkham advises sick women free. Address, Lynn, Mass.
