VOLUME 16

ALBUQUERQUE, NEW MEXICO, SATURDAY AFTERNOON, AUGUST 23, 1902

NUMBER 230

WISE WORDS

President Discusses National Economic Conditions.

TRUSTS SHOULD BE REGULATED.

National Prosperity Greater Than Any Previous Period.

WORKERS LIVE MUCH BETTER.

Hartford, Conn., Aug. 23.—President Roosevelt left Hartford for Willimantic this morning. A large throng gave him a rousing send off, to which he responded by repeatedly lifting his hat.

President Speaks.

Providence, R. I., Aug. 23.—The special train bearing President Roosevelt arrived in this city at 11:40 a. m. on schedule time.

President Roosevelt spoke here this afternoon as follows:

"We are passing through a period of great material prosperity and such a period is as sure as adversity itself to bring mutterings of discontent. At a time when most men prosper somewhat it always happens that a few men prosper greatly, and it is as true now as it was when the tower of Siloam fell upon all who were under it, that good fortune does not come only to the just, nor bad fortune only to the unjust.

"Wise laws and fearless and upright administration of the laws can give the opportunity for such prosperity that we see about us. But this is all that they can do. When the conditions have been created which make prosperity possible, then each individual man must achieve it for himself by his own thrift, intelligence, energy, industry and resolute purpose.

"In our government we need above all things stability, fixity of economic policy, while remembering that this fixity must not be inability to shape our course anew to meet the shifting needs of the people as these needs arise. They are real and great evils in our social and economic life. There is every need of striving in all possible ways, individually and collectively, by combinations among ourselves in private life and through the recognized orders of government, for the cutting out of these evils. Only let us be sure that we do not use the knife of the ignorant zealot which would make it more dangerous to the patient than to the disease.

"One of the dangers of the tremendous industrial growth of the last generation has been the very great increase in large private and especially in large corporate fortunes. As far as we can see it is an inevitable result of the working of various causes, prominent among which has been the immense importance of steam and electricity have assumed in modern life. It is not true that the poor people have grown poorer, but some of the rich have grown so very much richer that where multitudes of men are herded together in a limited space the contrast strikes the onlooker as more violent than formerly. On the whole, our people earn more and live better than ever before, and the progress of which we are so proud could not have taken place had it not been for the great upbuilding of industrial centers, such as our commercial and manufacturing cities. But together with the good there has come a measure of evil. Life is not so simple as it was, and surely both for the individual and the community, the simple life is normally the healthy life. There is not in the cities the same sense of common underlying brotherhood which there is still in country localities, and lines of social cleavage are far more clearly marked.

"Much of the complaint against combinations is entirely unwarranted. Under the present day conditions it is as necessary to have corporations in the business world as it is to have organizations among wage workers. But we have a right to ask in each case that they shall do good and not harm.

"Great fortune if not used aright makes its possessor in a peculiar sense a menace to the community as a whole, just as a great intellect does, if it is not accompanied by developed conscience by character. But obviously this no more affords grounds for condemning wealth than it does for condemning intellect. The great captain of industry, the man of wealth, who alone or in combination with his fellows, drives through our great business enterprises, is a factor without which this country could not possibly maintain its present industrial position in the world. Good, not harm, normally comes from the piling up of

wealth through business enterprises. Probably the most serious harm resulting to us, the people of moderate means, is when we harm ourselves by letting the dark and evil vices of envy and hatred towards our fellows eat into our natures.

"There is clearly need of supervision, need to exercise the power of regulation on the part of the representatives of the public, however, as in our own country at the present time, business corporations become so very strong both for beneficent work and for work that is not always beneficent.

"I believe that the nation must assume this power of control by legislation, and if it becomes evident that the constitution will not permit needed legislation, then by constitutional amendment. The immediate need in dealing with trusts is to place them under the real, not nominal, control of some sovereign to which, as its creature, the trusts shall owe allegiance and whose courts the sovereign's orders may with certainty be enforced.

"This nation has great problems to face. We can solve them only if with serious purpose we set ourselves to the task alike in the national and state governments and in local municipality and county organizations. They will task our intelligence, but they will task still more what ranks ahead of intelligence—character." (Applause.)

Not since the visit here of President Hayes has the chief executive been accorded so brilliant a reception as that tendered today to President Roosevelt. People gathered 15,000 strong about the platform from which the president spoke. An ovation of five minutes was the president's greeting.

Knights of St. Joseph.

Chicago, Ill., Aug. 23.—Grand Secretary D. J. Zinner, Treasurer Abraham Jacobs and other officers and prominent members of the Knights of St. Joseph are in Chicago for the meeting of the supreme lodge of the order, which will begin its sessions tomorrow in Medinah temple. The officers reports will show that the total membership of the order now exceeds 25,000, which is a gratifying increase over the figures presented at the last meeting of the supreme lodge.

Choctaw Extension.

Amarillo, Texas, Aug. 25.—Preparations will be put under way within the next few weeks for the extension of the Choctaw, Oklahoma & Gulf south-west from this city to Tucumcari, New Mexico, a distance of about 135 miles. The extension will form a connection at Tucumcari with the El Paso line of the Rock Island, and will give a new direct route between El Paso and points in western Mexico and California, and Memphis.

TROUBLE AT HOSPITAL.

Dr. Saylin and Others Have Resigned Their Positions.

THERE ARE DIFFICULTIES.

Dr. I. Saylin, chief surgeon of the local Santa Fe Pacific hospital; his first assistant, Dr. Richardson; second assistant, Dr. Alfred Saylin; Miss Erickson, head nurse, and a number of minor employees of the institution, have resigned and will leave the hospital as soon as the company can fill their places. The walkout is occasioned owing to some difficulties the employees have had with the hospital board of trustees.

Dr. Morrison, chief surgeon of the coast lines of the Santa Fe, with headquarters at Los Angeles, is in the city, presumably to try and adjust matters. Just what the difficulties between the striking employees and the hospital board of trustees is can not be learned, but it is supposed to be a matter of differences in wages. The company has had trouble of this nature with the employees of this hospital before. Dr. Saylin came to Albuquerque from Los Angeles, December 1, 1901, and for several months acted as assistant surgeon at the local institution. Last March he was made chief surgeon and since then has acted in that position. He is a thorough professional man and has made himself popular with his subordinates and the patients.

Dr. Saylin was seen by a Citizen reporter this afternoon and confirmed the report that he and the employees of the hospital had resigned. He would not give any reasons for his resignation any other than to say that difficulties existed between himself and the hospital board of trustees. Dr. Saylin says that he means to take a short vacation, after which he will return to Albuquerque to locate.

An Illinois sheriff was here yesterday. He was a west bound passenger last night, and has business at the Indian village of Zuni.

PLEASANT PARTY IN THE MOUNTAINS NEAR WILLIAMS.

GIRL KIDNAPED

Carried Away by an Escaped Lunatic.

MOB AT FORT SCOTT, KANSAS

John W. Gates and Party of Capitalists Return to Chicago.

TRAINS COLLIDE IN A TUNNEL.

Macon, Ga., Aug. 23.—With a drawn pistol, James I. Tindall, said to be an escaped lunatic, entered the home of L. A. Roach, in Wilkinson county, and carried off Agnes Roach, a 15-year-old girl. The kidnapping was accomplished while Roach was absent. Tindall drove away with the girl and so far has not been apprehended.

MOB CLAMORED.

They Wanted to Hang a Negro Boy at Fort Scott.

Fort Scott, Kan., Aug. 23.—Jasper Scott, the negro boy who assaulted and robbed Mrs. Taylor, an aged woman in this city on Wednesday, and for whom a mob clamored last night, has been taken to the Crawford county jail and has at least temporarily escaped violence. The jail here was surrounded nearly all night.

GATES AND PARTY.

Determined to Secure Control of Colorado Fuel & Iron Company.

Chicago, Ill., Aug. 23.—John W. Gates, John J. Mitchell, I. L. Ellwood, John Lambert, and George L. Reis arrived in Chicago today from their hard fought legal battle over the control of the Colorado Fuel & Iron company at Denver. Mr. Mitchell, who was spokesman for the party, said that the report of the proxy committee of the majority of the stockholders of the company would be made the principals and the further course to be pursued by the party seeking control would be governed by advices from the stockholders. He expressed much dissatisfaction at the methods taken by their opponents, but voiced the opinion that the "South American tactics" would soon end and the right prevail.

Collide in a Tunnel.

Pittsburg, Pa., Aug. 23.—In a head-on collision between two Baltimore & Ohio freight trains in Claysville tunnel today, A. Ritzmou, fireman, was crushed to death, and E. D. Reynolds, brakeman, fatally injured.

COMMANDER EDWARDS.

The W. R. C. Ladies Surprise Him and They Want Him to Have a Badge.

Department Commander J. W. Edwards, the active member of the Grand Army of the Republic of New Mexico, was 59 years old yesterday. But there is nothing unusual about Mr. Edwards having a birthday, for he has enjoyed a good many years of this world's pleasure. The noteworthy incident of Mr. Edwards' 59th birthday was the pleasant surprise imposed on that gentleman last night at his home by his wife, the ladies of the Woman's Relief Corps and members of G. K. Warren post No. 5.

The victim was unsuspecting and the surprise was delightful and complete. Mr. Edwards attended to his

business yesterday as usual. He went to his supper as usual, but remained down town last night a little later than usual and the fun makers had to telephone down town and ask him to come home. As he stepped on the porch the music began and the victim was dragged in the house, which was brilliantly lighted and crowded with people. But not until Mrs. E. C. Whitson, president of the Woman's Relief Corps, in behalf of the audience, and with a pretty little speech, presented Commander Edwards with an envelope containing a \$20 note, with which he is to buy a department commander's badge. The Woman's Relief Corps and G. K. Warren post gave \$10 each. Mr. Edwards, although overwhelmed and embarrassed by such a shower of honors that he was receiving, answered the toast made by Mrs. Whitson in a very appropriate manner. Mr. Edwards' talk was short but showed the gentleman's gratitude and the intense pleasure of the moment. An elaborate supper was served by Mrs. Edwards and music was enjoyed.

THE G. A. R. PROGRAM.

The National Encampment at Washington, D. C.

The following is the program to be followed at the national encampment of the Grand Army of the Republic, which is to be held at Washington, D. C., October 5 to 10:

Sunday, October 5—Patriotic services in various local services, particularly in New York Avenue Presbyterian church, where Rev. Wallace Radcliffe, D. D., will preside, and in St. Patrick's Catholic church, where D. J. Stafford, D. D., will preside.

Monday, October 6—Camp fire in Convention hall at 7:30 o'clock in the evening, at which the members of the veteran associations will be addressed by speakers of national reputation, S. E. Faunce, chairman of the local committee on campfires, to preside.

Tuesday, October 7—Naval day; parade of special veterans' associations; detachment of regular troops, District militia and various civilian organizations to be particularly invited; excursion to Mount Vernon for the delegates to the encampment; public evening meeting of welcome at convention hall, at which Chairman Warner, of the local citizens' committee, will extend the freedom of the city to General Turrance and his associates.

Wednesday, October 8—Grand review of G. A. R. by the commander in chief and the president of the United States, with an elaborate reception in the evening at Convention hall.

Thursday, October 9, and Friday, October 10—Sessions of national encampment.

Novel Mobile Race.

New York, Aug. 23.—One of the most unique contests of the year was the automobile obstacle race, which was one of the events held under the auspices of the Long Island Automobile club at the Brighton beach track today. The cleverness displayed by the chauffeurs in avoiding the obstacles on the track gave proof of the dexterity, rapidity of thought, calculation and other qualities they had doubtless acquired by threading their way through the crowded city thoroughfares, and at the same time it demonstrated the thorough mastery the expert has over his vehicle under the most trying and bewildering conditions.

New York Democrats.

Saratoga, N. Y., Aug. 23.—The democratic state committee went into session at the Grand Union hotel shortly after noon today to complete arrangements for holding the state nominating convention. Unless there is a change in plan the convention will be called for this city on September 30.

THE MAINE

Great Battleship Making Trial Trip.

THE TRANS-MISSISSIPPI CONGRESS.

Attorney General Knox Busy on the Railroad Merger Case.

OHIO POLICE JUDGE COMMITS SUICIDE.

Boston, Mass., Aug. 23.—The new battleship Maine left her anchorage in the President Roads about 7:30 o'clock this morning for her trial trip over the government course off Cape Ann. The battleship passes the tug marking the first stage of her course 6.3 knots from the start at 11:45:30, having taken 23 minutes for the distance. This would indicate an average speed of about 17.3 knots.

The Maine crossed the finish line at 2:22 as timed from the shore, and averaged about 18.03 knots.

MERGER CASE.

Testimony to be Taken in New York City.

Washington, Aug. 23.—Attorney General Knox returned today from his vacation spent principally at Atlantic City. Next Monday he will leave for New York preparatory to sailing for Paris next Wednesday on the Oceanic to attend the Panama canal questions. In speaking of the railroad merger suit the attorney general said that the testimony would be taken beginning at New York next month. When that had been concluded the court would set a time for an oral hearing.

COMMERCIAL CONGRESS.

Hereafter the West Will Claim Attention of Trans-Mississippi Congress.

Chicago, Ill., Aug. 23.—Judge C. J. Gavin, of New Mexico, chairman of the executive committee of the Trans-Mississippi congress, in an interview here today, said:

"The next congress which will be held in Seattle, in 1903, will be one of the most interesting sessions ever held by the Trans-Mississippi congress. All matters will be eliminated from the discussions at the congress except such matters as the Trans-Mississippi region is directly interested in."

Committed Suicide.

Springfield, Mo., Aug. 23.—Clarence A. Plank, police judge of Springfield, Ohio, committed suicide at a hotel here today by taking poison. He left three letters, in one of which he said he was short \$4,399 and the money had gone to politicians and women as had been charged. He denounced Springfield politics as rotten to the core.

HANDSOME CARS.

Description of the Interior Finish and Furnishings.

From headquarters in Topeka, F. L. Myers, local agent of the Santa Fe road, received the following self-explanatory circular:

Below you will find a description of the interior finish and furnishings of the new stateroom and drawing room cars under construction by the Pullman company for this season's California Limited. It will be noticed there are two kinds of sleepers, one to con-

tain seven staterooms and two drawing rooms, and the other to be ten-section double drawing room cars.

In addition to the sleepers described, the trains will carry composite buffet library car, dining car under management of Fred Harvey, and an observation sleeper.

The drawing rooms of the seven state room two drawing room cars are finished in a renaissance design in vermillion wood and marquetry; the upholstery is green figured plush, and the rooms have Wilton carpets of corresponding color. Two of the state rooms are of Moorish design, with finish of cocoa wood and marquetry, upholstery red and olive figured plush, and Wilton carpet to correspond; two state rooms are of renaissance design, finished in Cuban mahogany and marquetry, upholstered in blue figured plush, with carpet of corresponding color; two state rooms of Moorish design finished in English oak and marquetry with upholstery of red and green figured plush, and Wilton carpets to correspond; and one state room of renaissance design finished in maple and marquetry, with rose figured plush upholstery and Wilton carpet of corresponding color.

The ceilings are painted in colors to correspond with the upholstery and the woodwork of the rooms; all of the rooms have complete toilet arrangements, with hot and cold water, and there is also a separate toilet room for general use at one end of the car.

The ten-section double drawing room cars are finished in vermillion wood relieved with inlaid work of the latest design; upholstered in green fringed plush with Wilton carpets to correspond; there are large separate dressing rooms for men and women having complete toilet facilities and both these and the drawing room annex have hot and cold water. The headlinings of the car are decorated to conform to the finish of berth fronts. The sections and drawing rooms have each a large compound window with double adjustable sash, and the curtains are of silk-faced pantasote material.

Kansas Fusion Campaign.

Topeka, Kas., Aug. 23.—The fusionists of Kansas opened their state campaign with a monster rally in Topeka today. The affair was in the nature of a big outing and it attracted politicians and other visitors from many parts of the state. There was a parade in the forenoon and after luncheon there followed a big open air mass meeting with addresses by Mayor Craddock, candidate for governor; Mayor Reed, of Kansas City, Mo., and other prominent political leaders.

In the auditorium this evening the rally closes with more speeches.

GRAND CANYON HOTEL.

Messrs. Anson and Holman, Contractors, Have Returned.

VERY ORIGINAL DESIGNS.

A. W. Anson, of the firm of Anson & Holman, contractors, has returned from Grand Canyon, Ariz., where he and Mr. Holman went a week ago to look over the site of the new hotel, which is to be built by the Santa Fe at the head of Bright Angel creek.

While at the canyon the gentlemen did considerable work in surveying and making levels, preparatory to the building operations. The site chosen is about a quarter of a mile east of the Bright Angel hotel and directly on the rim of the canyon. It is at the head of the little canyon, up which the railroad runs, in coming to the Grand Canyon, and only a few yards from the termination of Grand Canyon branch of the Santa Fe.

Charles L. Whittlesey, the architect, has again distinguished himself for original ideas, by the plans he has designed for the Grand Canyon hotel. It will be grand in every sense of the word. The new hotel will contain about 100 guest rooms. It will be constructed with the granite boulders found in that district. The front, which faces the canyon looking southwest, will be four stories, with broad verandas. The back or rear of the new hotel will be just one story. That is one of the features of the new hostelry. The fourth story rooms of the front will open in the back on the ground. There will be no choice of rooms. A guest may have a ground floor room on any of the four stories. It will slope in stories from the front to the back with the gradual slope of the side of the canyon. It will be run by the Fred Harvey system and it is needless to say that it will be equipped and managed in first class style and manner. Work on the new hotel will begin within the next six weeks.

MEANS BUSINESS

President's Plain Talk to Southern Republicans.

MAN TARRED AND FEATHERED.

Details of the Farmers' Trust Made Public at Pierre, South Dakota.

ATLANTIC DEFENSIVE FLEET SIGHTED.

Providence, R. I., Aug. 23.—The friends of Cecil A. Lyon, chairman of the republican state committee of Texas, are considerably exercised over the recent announcement by the president that he wished to warn the republicans of the south that if they wanted anything from him they would have to get out and secure votes instead of getting delegates to republican national conventions and looking for federal offices. Judging from a dispatch received aboard the train today, the friends of Lyon seemed to think that he was made the special object of the president's ultimatum and was held responsible for the political quarrel in Texas, but this was found to be incorrect, the president saying that his remarks applied to all.

Whipped, Tarred and Feathered.

Eaton, Colo., Aug. 23.—One hundred lashes with a cowboy's quirt were administered last night by citizens to Jerry Crimmins, a sugar factory employee accused of assaulting a woman. He was then tarred and feathered, and run out of town and warned never to return on pain of death.

New Farmers' Combine.

Pierre, S. D., Aug. 23.—Details concerning the Farmers' Trust, which has been incorporated here with a capital of \$50,000,000, are just being made public. Under the plan of the concern no one but farmers will be allowed to own a share of stock. Branch offices are to be established all over the United States, the chief branch establishment to be in Chicago. All kinds of farm products are to be dealt in and handled on a commission basis or for cash, as circumstances may direct. Deals on the Chicago board of trade in cash grain are also contemplated, with the object of giving the farmer a chance of getting a better price for his product and at the same time shutting out the middleman. It is believed by eliminating the middleman, and having the farmers of the country behind it, the organization can maintain a uniform price to the benefit of the farmer without injury to the consumer.

Atlantic Defensive Fleet.

Rockport, Mass., Aug. 23.—Conditions off shore today favored the defending fleet. Reports from signal stations were that all was well and no enemy in sight.

Rare Curiosities.

H. E. Fox, the jeweler, has in his possession a collection of articles from the Philippine islands that are very curious and show the ingenuity of the Filipinos. Prominent among them is a genuine bolo knife, the favorite weapon of the natives. It is mounted in solid silver and the handle is beautifully hand carved. The blade is about three inches wide and about eighteen long. Another Filipino curio shown by Mr. Fox is a beautifully carved sword cane. But the article which attracted the most attention is a rifle cane. This is the size of an ordinary walking stick and is made of the best of steel. By simply turning a silver band near the handle a trigger drops down and the rifle is ready for use. It shoots a long steel bullet and is considered a dangerous weapon. The other articles in this valuable collection are three handsome embroidered silk table covers.

Little Dorothy Dead.

Word comes from Magdalena that pretty little Dorothy, the infant daughter of Mr. and Mrs. A. C. Thomas, died there the other day very suddenly of brain fever. Mr. Thomas is the superintendent of the Hardscrabble mines at Magdalena, and his friends throughout New Mexico will join The Citizen in extending sympathy to himself and wife.

Polo at Newport.

Newport, R. I., Aug. 23.—The annual polo tournament opened auspiciously today with a number of prominent experts at the game among the participants. The play, which continues until the second week in September, is for the Brenton Reef cups, the Newport cups and the Westminster polo cups.

territory.

CALL FOR A REPUBLICAN TERRITORIAL CONVENTION.

A delegate convention of the republic-
an voters of New Mexico is hereby
called to meet in the city of Raton at
11 o'clock in the morning of Friday,
the 10th day of October, A. D. 1902,
for the purpose of placing in nomina-
tion a candidate from New Mexico to
the Fifty-eighth congress, and to trans-
act such other business as may properly
come before said convention.

The republican electors of this terri-
tory and all who believe in the prin-
ciples of the republican party and in its
policies as announced in the national
republican platform adopted by the re-
publican national convention, held in
the city of Philadelphia, June 19, 1900,
and who believe in and endorse state-
hood for the Territory of New Mexico
and favor an honest, fair and just ad-
ministration of public affairs in this
territory are respectfully and cordially
asked to unite under this call and to
take part in the selection of delegates
to the territorial convention.

The several counties will be entitled
to representation as follows:

County.	Delegates.
Bernalillo	22
Chaves	3
Colfax	8
Dona Ana	6
Eddy	2
Grant	7
Guadalupe	5
Lincoln	5
Luna	2
McKinley	3
Mora	7
Otero	3
Rio Arriba	10
San Juan	2
San Miguel	17
Santa Fe	10
Sierra	2
Socorro	9
Taos	7
Union	5
Valencia	12

Alternates will not be recognized.
Proxies will only be recognized if
held by the citizens of the same county
from which delegates giving proxies
were elected.

County conventions must be held on
or before the 6th day of October, 1902.
County committees will take proper
action and call county conventions at
such time and places as they may
deem best or on that date.

The chairmen and secretaries of the
county conventions are earnestly re-
quested to forward true notice of the
proceedings of said conventions and of
the names of such delegates as may be
elected to the republican county con-
vention by next mail after the call of
such convention, addressing the same
to Santa Fe, N. M.

Where there are no regular organ-
ized county committees the members
of this committee are authorized and
directed to perform the duties of the
county committee and act accordingly.

FRANK A. HUBBELL,
Chairman Republican Central Com-
mittee.

Attent: JOSE D. SERNA, Secretary.

For Delegate to Congress
B. S. RODEY.

Las Cruces is waking up and will try
to secure the Rock Island road.

There will be no dissensions in re-
publican ranks this fall in this terri-
tory.

One of the principal industries of
El Paso appears to be damage suits
against the railroads.

Uncle Sam has a gold supply of
\$565,000,000 on hand, and is in no im-
mediate fear of bankruptcy.

There are several self-appointed
labor leaders in this territory who
never did an honest day's labor in their
lives.

This territory will be well repre-
sented at the national irrigation congress,
which will convene at Colorado
Springs on October 6.

at \$2,960,943, were raised by farmers.
The remainder were grown by the fac-
tory people.

Good rains are falling in all parts of
New Mexico, and prosperity is assured
the stockmen.

Persian proverb: Do little things
now, so shall big things come to thee,
by and by, asking to be done.

The Range says that \$100,000 has
been expended for improvements in
Raton within the past six months.

In an election held for determining
what pictures should adorn the walls
of Mississippi's new capitol, Jefferson
Davis obtained first place.

The bountiful yield of corn in Kan-
sas and Nebraska means a proportion-
ate demand for cattle and sheep from
the western ranges for fattening pur-
poses.

The work that the national govern-
ment is doing for agriculture is in-
dicated by the fact that the appropria-
tion of the late session of congress for
agricultural purposes was \$5,268,980.

Wealth and position do not insure
happiness or health. Within the past
week one millionaire was killed
through his own recklessness, another
committed suicide and a third was
obliged by failing health to retire from
active business.

The Santa Fe Railway company is
to show the Rio Grande valley, also
the Pecos valley to General Samuel
Pearson, of the Boer army, with a view
to securing colonists from South
Africa.

Las Cruces has another newspaper,
which is to be published semi-occasi-
onally. It is a lively little sheet and
is named Juan Sin Miedo. It advocates
republican principles and favors state-
hood. Isidoro Armijo is the editor.

The battle of Lundy's Lane was
fought at the place of that name in
Canada, near Niagara Falls, July 25,
1814. There were 3,000 Americans,
under General Brown, and 4,500 Brit-
ish, under General Rial. The Ameri-
can loss was 743, the British loss 878.
Colonel, afterwards General, Winfield
Scott, distinguished himself in this en-
gagement.

STATISTICS OF ACCIDENTS.

The interstate commerce com-
mission has issued a bulletin of casualties
for first three months of 1902. It seems
that 212 persons were killed in straight
railway accidents, and 2,111 injured,
while the total of all casualties, in-
cluding those happening to employees
on duty and those to passengers get-
ting off is 10,225, with 655 deaths. In
collisions, 129 were killed; in derail-
ments, 68; 22 by being hit by bridges,
etc., and 132 by falling off trains. There
were 1,220 collisions, 194 being caused
by breaking trains, and 838 derail-
ments, the average financial loss for
each of the collisions being \$824 and
for the derailments, \$1,085.

SOUND SENTIMENTS.

The new paper at Las Cruces, Juan
Sin Miedo, has as its editor a good
paragraph writer. The following are
from its columns:

The republican party touched the
auction-block and it became a school
house.

Abolish the inquisitorial and obnox-
ious grand jury law system. It is the
weapon of the cowards.

Statehood induces immigration. It
would reduce the taxes, bring capital
and prosperity to the front.

Democrats, republicans, independ-
ents and populists should demonstrate
their loyalty and patriotism by work-
ing for statehood.

RESULTS OF IRRIGATION.

The Kansas City Star says that the
recent census bulletin on "irrigation"
is of especial interest in view of the
federal irrigation plan outlined at the
last session of congress. The bulletin's
analysis shows that the existing sys-
tem has been installed at a moderate
cost and that its operations are com-
mercially successful. In 1899 the value
of the irrigated crops in the arid states
was about \$4 1/2 million dollars, while
the cost of constructing the systems
had been only \$4 millions. The crop
value was therefore about 20 per cent
more than the cost of installing the
irrigation works.

As about 7 1/2 million acres of land
was found to be under irrigation, the
cost of building the necessary canals,
ditches and other hydraulic works was
about \$5.55 an acre. The land so irri-
gated must have been of little value
while unwatered, so that the money
spent in making it productive was un-
doubtedly a good investment. On the
crop producing irrigated area the av-
erage value of the yield to the acre
was \$14.81, while the cost of watering
the land was only 28 cents. The cost
of maintenance and the interest on the
investment was not a dollar a year.
Therefore nearly \$14 an acre was left

to pay for labor and the interest on
the money invested in the purchase of
the land and in farm implements. How
much the value of the land has in-
creased by the presence of an irriga-
tion plant is not stated. The average
value of the irrigated land is now
about \$42.50 an acre. The growing popu-
larity of the system appears from the
fact that the irrigated acreage in the
arid states has more than doubled in
the last decade.

The results of the census investiga-
tion may be considered distinctly fa-
vorable to the federal plan now pro-
posed. If the government's work
proves as efficient as that done by pri-
vate irrigators there is every prospect
of a vast agricultural development at
a cost which the nation will not feel in
the slightest degree.

CIGARETTE HABIT DIMINISHING.

According to statistics issued by the
internal revenue bureau, the people of
the United States are not only becoming
more temperate, but in addition are
gradually ceasing the use of the more
obnoxious forms of tobacco. In ten
years the increase in spirits has been
only a little over 11 per cent, whereas
the increase of population has been
more than 20 per cent. Perhaps it is
a hopeful sign that the use of beer has
increased 40 per cent in the same
period, the ratio of drunkenness de-
creasing steadily as the consumption
of spirits fell off to be replaced by the
lighter beverages.

Statistics show a heavy increase in
the consumption of cigars, amounting
in the aggregate to about 50 per cent,
which is attributed to the increase of
prosperity and a freer indulgence in
luxuries, but this is more than offset
by the phenomenal decrease in the use
of cigarettes, which is even lower than
it was ten years ago. The greatest in-
crease, too, is in the number of small
cigars, which cut but an insignificant
figure during the years when the cigar-
ette habit was at its height. There
also has been a marked decrease in
the use of smoking and chewing to-
bacco.

With these statistics to encourage
them, the advocates of temperance and
the members of the anti-tobacco lea-
gues throughout the country should not
become discouraged. It is generally
conceded that the use of tobacco in the
form of cigarettes is most injurious,
particularly on account of the young
boys addicted to the trick, and latterly
of the growth of the habit among wo-
men, and in reducing this evil to the
extent as shown by the official figures
is in itself a great victory.

At Panama, Colombia, by Cham- berlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent
physician of Panama, Colombia, in a
recent letter states: "Last March I
had as a patient a young lady sixteen
years of age, who had a very bad at-
tack of dysentery. Everything I pre-
scribed for her proved ineffectual and
she was growing worse every hour.
Her parents were sure she would die.
She had become so weak that she
could not turn over in bed. What to
do at this critical moment was a study
for me, but I thought of Chamberlain's
Colic, Cholera and Diarrhoea Remedy
and as a last resort prescribed it. The
most wonderful result was effected.
Within eight hours she was feeling
much better; inside of three days she
was upon her feet and at the end of
one week was entirely well." For sale
by all druggists.

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with
a change of stock en route; good rigs,
horses and drivers; leaves Albuquerque
every Tuesday, Thursday and Sat-
urday at 5 a. m. For particulars ad-
dress W. L. Trimble & Co., agents, Al-
buquerque, or J. B. BLOCK, proprie-
tor, Jemez.

cured the agency for the Chickering
pianos. We have received our first
shipment. Musicians are invited to
call and see the genuine Chickering
piano.

Only a Few Left.
We have succeeded in disposing of
most of our summer suits, but have
some few very desirable ones on
hand, which we offer to close at only
\$7.50 per suit. They are worth seeing.
—Simon Stern, the Railroad avenue
clothing.

Mother Gray's Sweet Powders

for children. Mother Gray, for years a
nurse in the Children's Home in New
York, treated children successfully
with a remedy now prepared and placed
in the drug stores, called Mother
Gray's Sweet Powders for Children.
They are harmless as milk, pleasant
to take and never fail. A certain cure
for feverishness, constipation, head-
ache, teething and stomach disorders
and remove worms. At all druggists
25c. Don't accept any substitute. Sample
sent free. Address Allen S. Olm-
stead, Le Roy, N. Y.

"Let the GOLD DUST twins do your work."

Even a marble bust can testify that

GOLD DUST

is a safe, sure cure for dirt. GOLD
DUST is unequalled for softening
hard water, and making quick, easy
work of all cleaning throughout the
entire household. It saves money
as well as time and labor.

Henry L. Shattuck of Shellburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

That Bold, Bad Man.

After being chained to the post in Portales, and then a chance to leave town, Bryan Parish, of Hale county, Texas, in company with his six-shooter, carried under the authority of a deputy sheriff, he himself being the deputy, he showed up in Roswell in

the company of his appetite and proceeded to paint the town a vermillion hue. He exhibited his popper, and with a one-man band instinct cross-legged himself to "hell's half acre" to reform the inmates. He had thirty minutes grace to ship-roll himself, tank and popper, out of town which he tried to do, but he took on another load of tanglefoot. Forbearance ceasing to be a virtue, the officers landed him at his Waterloo, where no one escapes without getting his feathers singed, either with a lecture, or fine and lecture together. The mistress of the bistro had sworn out a warrant against the disgracer of the name of Parish, and Judge Lea accepted a \$300 bond for his appearance. Then he took the train for Carlsbad, where he proceeded to twist I. W. Harper's tail in style, hanging on with a death grip. The Roswell bondmen heard about it, and had Parish brought back, where he is now playing checkers with his rosy nose.—Portales Herald.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, Ohio, can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by all druggists.

Stopped Smugglers.

John Graham, a ranchman west of El Paso, after a battle with a smuggler, captured two Chinamen, who were being smuggled across the border near El Paso. With his young son, Graham, he guarded the Celestials all night, and the next morning they were committed to the customs officials. The authorities, although determined to break up the practice of wholesale smuggling of Chinamen, are frequently outwitted and in some instances the Celestials have been brought over from Mexico in prairie schooners, the officials thinking they were laden with household goods.

Just Look at Her.

Whence came that sprightly step faultless skin, rich, rosy complexion smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result—al organs active, digestion good, no head aches, no chance for "blues." Try them yourself. Only 25c. at all druggists.

Come Again, Mr. Dunn.

J. F. Dunn, of Alamogordo, the "dry farmer," made a splendid record at the last territorial fair at Albuquerque, as an exhibitor of Otero county resources. He is an energetic and affable gentleman and makes hosts of friends in every walk of life. Let Mr. Dunn be appointed by all means, if others have not secured the position.—Tularosa Democrat.

Foley's Kidney Cure.

Will cure bright's disease. Will cure diabetes. Will cure stone in bladder. Will cure kidney and bladder diseases.

The Lost Child Found.

Much excitement prevailed in town a few days this week over a missing child in the family of George M. Chapman—Grace, his 13-year-old daughter.

Shortly before noon Sunday she left home, not asking permission of her parents as was her usual custom. Naturally, they grew exceedingly uneasy and began searching at once. The father almost became frantic, not knowing what could have happened to her. He believed she was kidnapped or possibly drowned in the river and refused to be comforted. He got the officers at work to gather some clue to her whereabouts. While this work was going on, and the family in the deepest distress of mind, and neighbors full of sympathy, sharing the sorrow of the family, the child was only visiting at the home of Mr. Cooley, living in the opposite part of the town, little thinking of the anxiety she was causing at home. Tuesday morning she came home and was greatly grieved to learn what her visit had cost her parents.—Roswell Register.

It Needs a Tonic.

There are times when your liver needs a tonic. Don't get purgatives that gripe and weaken. De Witt's Little Early Risers expel all poison from the system and acts as tonic to the liver. W. Scott, 521 Highland avenue, Milton, Pa., says: "I have carried De Witt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. B. H. Briggs & Co., and J. H. O'Reilly & Co.

GILA MONSTER.

The Most Deadly Reptile in Certain Seasons of the Year. The Gila monster is found west of the Pecos river in Texas, in Arizona, and in New Mexico. At certain seasons of the year this is the most deadly reptile in the world. At other times it is harmless. Every year during the months of June, July and August it contracts a disease something like rabies. All of them have the disease at this season of the year, but they invariably recover. A person bitten by one of them during this season becomes a raving maniac and dies in great agony in from ten minutes to two hours. Nothing but immediate and heroic treatment will save the person bitten. It eats only once a month during the summer months, after which it eats nothing at all from the 1st of November to the 1st of April. It eats from four to six eggs at a meal, when in captivity.

All Were Saved.

"For years I suffered such untold misery from bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for consumption. My wife suffered intensely from asthma, till it cured her, and all our experience goes to show it is the best cure medicine in the world." A trial will convince you it's unrivaled for throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

Mrs. Cahoon Ill.

A deep gloom was cast over the town during the early part of the week by the announcement that Mrs. E. A. Cahoon lay very seriously ill at her home. By all classes Mrs. Cahoon is respected and loved, so the keenest anxiety is manifested in her case. As we go to press her symptoms are more favorable and good hopes are entertained for her recovery.—Roswell Record.

Consumption Threatened.

"I was troubled with a hacking cough for a year and I thought I had consumption," says C. Unger, 211 Maple St., Champaign, Ill. "I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since."

LETTER LIST.

Following is the list of letters remaining uncalled for in the postoffice at Albuquerque, New Mexico, for the week ending August 23, 1902:

Shatters All Records.
Twice in hospital, F. A. Gollidge, Verblana, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues inflammation, conquers aches, kills pains. Best salve in the world. 25c. at all druggists.
Home-made chocolate and bon-bons, fresh every day, at Delaney's.

Hair - Vain?

Why not? A little vanity is a good thing. Perhaps you can't be hair-vain, your hair is so thin, so short, so gray. Then use Ayer's Hair Vigor. It stops falling of the hair, makes the hair grow, and always restores color to gray hair.

"I have used Ayer's Hair Vigor for over 40 years. I am now in my 91st year and have an abundance of soft brown hair, which I attribute to the use of your preparation."—Mrs. Mary A. Keith, Belleville, Ill.

\$1.00. All druggists. J. C. AYER CO., Lowell, Mass.

"DIAMOND ICE."

Knox Fall Styles.
We have received our Knox hats for fall, 1902, and are showing some beautiful shapes in both stiff and soft hats, \$2.50 to \$5.00.—Simon Stern, the Railroad avenue clothier.

BUSINESS LOCALS.

Keep your eye on Deming.
Deming has just been incorporated. Deming, the seat of the new county of Luna.

Deming has increased 50 per cent. in population in four years.

Deming is the great mining center of the southwest.

Investments in Deming lots will double and treble in one year.

Let us figure on your plumbing. Albuquerque Hardware company.

Carpenters' and machinists' tools of all kinds. Albuquerque Hardware company.

Kleinwort's is the place to get your nice fresh steak. All kinds of nice meat.

Bring in your tinware and have it repaired. Albuquerque Hardware company.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent. on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

Orders taken for every known make of stoves and ranges. Albuquerque Hardware company.

Just received a large shipment of Japanese and Chinese mittens. Albert Faber, 305 Railroad avenue.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

We are sole agent for Wheeler & Wilson sewing machines, the best on the market. Albert Faber, 305 Railroad avenue.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattle men all know this.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and plump cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

Curtains! Curtains! Curtains!!!
We are showing up to date lace curtains in Brussels net, Irish point, Arabian net, Nottingham, Bobbinet and muslin. Albert Faber, 205 Railroad avenue.

MONUMENTS.
All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO.

Have you seen that blue enameled steel ware at the Albuquerque Hardware company's store. It is the most beautiful and ornamental ware ever seen in Albuquerque.

Special Summer Excursion.
Albuquerque to Chicago and return, \$51.50.

Dr. PRICE'S Cream Baking Powder

The difference of cost between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cause doctors' bills many times this.

Dr. Price's Cream Baking Powder is the most economical in the end, because it goes further in leavening and insures perfect, wholesome food.

Used always in making the biscuit and cake it saves both health and money. Made from pure, grape cream of tartar, most healthful of fruit acids.

NOTE.—You cannot, if you value good health, afford to use cheap, low-grade baking powders. They are mostly, in spite of the pure food laws, made from alum, which endangers the health. All physicians will tell you that such powders in food are injurious.

PAPA—Oh, what a pain! I believe I have a fever in the heart.
MAMMA—Nonsense, it isn't your heart, it's your stomach. Every time you eat, this hot weather, you get a sour stomach full of hot gases and acids, and you swell up until your heart hardly has room to beat. If you were not so obstinate, you'd take my advice and keep your insides cool by taking a CASCARET Candy Cathartic every night before going to bed. They work while you sleep and keep you regular in the hottest weather.

Notes from Correspondents

LAS VEGAS.

Goes to Topeka—Orange Blossoms—Dearth's Record at Shooting.

Special Correspondence.

Las Vegas, N. M., Aug. 22.—H. D. Teed, who has been managing the Santa Fe telegraph office here left today for Topeka, where, it is most probable he will remain. It is said that he will be chief clerk to the superintendent of telegraphs at Topeka, but it is not yet definitely settled. J. Matthews will succeed to Mr. Matthews' place here. The Santa Fe has also promoted L. M. Jones from the chief clerkship to assistant superintendent of telegraphs at Topeka.

Marshal Curtright is searching all the trains today for W. E. Hoyt, who is wanted in Canon City for embezzlement, he having skipped last night.

Word was received this morning from Santa Fe that the Antonio club did not put in an appearance there today, so our team, which had a game scheduled with them at Santa Fe will not go down this evening. An effort is being made to get up a crowd of 200 to go to Santa Fe Sunday afternoon, when our ball team will play Santa Fe. A rate of \$2.50 has been made for the round trip. It is most probable there will be a game between two local teams here Sunday afternoon.

This morning at the east side Catholic church occurred the marriage of Reuben Martin to Miss Isabel Jaramillo. Rev. Father Pouget performing the ceremony which made them one. The ceremony took place just before 7 o'clock mass and was witnessed by a large audience. The bride wore a white satin gown, trimmed with orange blossoms. Pablo Padia and wife, Quiteria Garcia, attended the couple.

Yesterday in Springer occurred the marriage of Miss Salazar to C. Padine, of Wagon Mound. Mr. Padine is one of the popular young business men of Wagon Mound and tonight will give a dance in Wagon Mound to his friends in honor of his marriage.

Springer has a fair billed from September 25 to 28.

The B. R. T. social given last night by the wives of the members at Rosenthal hall, was largely attended and was a decidedly pleasant affair. Refreshments were served and dancing was indulged in as the amusement. The ladies cleared quite a nice little sum on their entertainment.

Troop "A" will give a farewell complimentary dance to Lieutenant A. P. Tarkington at their hall tonight. The troopers will wear their uniforms and it is to be strictly a military affair. Mr. Tarkington leaves for the east for a visit and the company is to give him the dance as a farewell compliment.

Mrs. W. H. Mandel and daughter, who have been visiting E. H. Salazar, returned today to their home in Santa Fe. Isidro Salazar will accompany his grandmother home for a visit.

The infantry dance given last night was well attended, and a nice sum netted for the unemployment fund.

Thomas Johnson, O. D. Taylor and Harry Parker came through here yesterday evening with a lot of stock bound from Silver City to Macon City, Mo. Messrs. Taylor and Johnson are taking 1,000 goats back to Missouri, and Mr. Parker has picked up thirty-seven horses. Mr. Johnson is a friend of G. M. Roberts of this city.

B. H. Dubois, president of the Colorado sanitary board, and W. C. Duncan, a prominent business man of Denver, are in the city taking in the sights, and enjoying life at the hot springs.

S. K. Dearth is hardly able to attend to business today. It is the result of making a shooting record at the trap yesterday, that has never been equalled in the town. He took twenty-five birds out of twenty-five in the singles and then proceeded to take ten straight doubles immediately afterwards to prove the first score was not an accident.

The demolition of the old Coors frame building at the corner of Sixth and Lincoln avenue will begin Monday, and the work on the new building will be rushed through.

The rains yesterday extended almost all the way from Trinidad to Las Vegas from the north, though at some of the places, Haton and Wagon Mound, it was rather light.

Miss Liana Millard arrived yesterday.

day evening from Hutchinson, Kansas to spend a week with her sister here, Mrs. William Ungles.

Mrs. H. A. Hannum is on today's indisposed list.

There will be a change in the Las Vegas Meat and Supply company the first of the month, N. J. Dillon retiring from the firm, and selling out his interests to D. J. Osborne. Mr. Dillon will go into the cattle buying business.

Died in upper Las Vegas yesterday Dionicio Ortiz, of heart trouble. The deceased was 66 years of age, and was buried today.

Judge Wooster and H. P. Brown

drove out to Chappel's ranch, about

four miles north of town, this morning

to see a well there. They say the well

is only six feet deep, and has five feet

of water in it. Next!

The Hewitt expedition is expected

to return tomorrow from their summer's

jaunt over the territory in quest of

ruins and pleasure.

COCHITI DISTRICT.

Amusing Lawsuit Over Razorback Hogs—Postmaster III With Typhoid Fever.

Special Correspondence.

Bland, N. M., Aug. 22.—An amusing lawsuit came up for hearing yesterday before his honor, Judge B. H. Shaw. Joseph Routledge was charged by one Sarah Dravo, (better known as military Katherine), with having willfully, maliciously and with malice aforethought, permitted a number of filthy and piling razorback hogs to run at large on the streets of Bland, resulting in great pecuniary and mental injury to this complainant and contrary to Hoyle, or rather to the statutes in such case made and provided. Miss Dravo, who is a blushing maiden of an uncertain number of summers, and perhaps about the same number of winters, in her complaint prays the honorable court that she be awarded damage against defendant in a large sum to be named by the court. The court in reviewing the case stated that in his opinion Miss Dravo, etc., was perhaps in error in asking for damage, that according to her own statement she had already received an adequate amount of damage at the hands of, or rather at the snouts of the aforesaid razorbacks and that had she asked for repair instead of further damage the court would have been inclined to grant her request. That part of the complaint having been disposed of the court proceeded to inform the defendant that there is a statutory provision which prohibits the owners of filthy hogs from running at large—no, that is not correct; what I wish to state is that the court called the defendant's attention to the fact that the filthy owners of hogs are prohibited by the territorial statutes from running at large. Pahaw, wrong again. Well what the "Sam hill" is the matter with this statement anyway? Oh! I see! It is the hogs that are filthy and not their owners. Be this as it may, the case was finally dismissed at cost of defendant, who agrees that in the future, he, as owner of a lot of filthy hogs, shall not be allowed to run at large. I am not positive as to the grammatical accuracy of this last statement, but being a little short on education it is the best I can do. However, the thought I wish to convey is this: Happy is he who owneth not a razorback hog in the town of Bland.

Mrs. H. M. Reed, postmistress at Bland, was taken suddenly ill with typhoid fever and on Saturday of last week was removed to Albuquerque in order that proper care and medical attendance could be procured. During her absence Miss Mae Sobbin will be in charge of the postoffice. Mrs. Reed's friends hope for her speedy recovery and that she may very soon be able to return to her duties in Bland.

Dr. T. W. Grace, who for the past three years has been the camp and company physician at Bland and Alameda, accompanied by his family, left on Tuesday for Gold Roads, a new mining camp in Arizona, where he will locate permanently. Dr. Grace and his estimable wife leave many warm friends in Bland, who regret very much their departure and who hope they will receive a kindly welcome in their new home.

Mrs. A. Fischer and little daughter, who spent a couple of weeks visiting with Mr. and Mrs. Charles Scheuch, of Bland, returned to their home in

Santa Fe on Saturday of last week. Mrs. S. Smith and family spent the fore part of the week visiting with friends at Buckman's.

W. S. Sandon returned on Wednesday from Sulphur springs, where he has been during the past week bathing and recuperating.

J. D. May was on the sick list during the past week, but is up and around again.

Hank Ritter left on Wednesday morning to spend a couple of weeks' camping out in the mountains some where in the vicinity of Sulphur springs.

Mrs. David Norman returned on Saturday of last week from Las Vegas, where she spent two months among friends. She will reside permanently in Bland.

Mrs. V. V. Clark came up from Woodbury on Wednesday and spent the day visiting with her father, J. D. May.

Bland is a little quiet at present. The miners are anxiously awaiting the result of the 500 ton test run now being made at Woodbury. If Mr. Clark by this run demonstrates that the Woodbury mill will successfully treat the Cochiti ores, then fifty tons of ore per day will be mined and hauled to Woodbury for treatment.

BEN HIM.

BERNALILLO.

Interesting Personal Paragraphs from a Pretty Valley Town.

Special Correspondence.

Bernalillo, N. M., Aug. 21.—The

Freudenbergs and Bibb families have

returned from their month's vacation

at Placitas.

Leo and Milton Loewenberg depart

on Sunday for their home in St. Joseph,

Missouri.

Selgfried Kahn's father passed away

recently in Germany. He has the sympathy

of his many friends in Bernalillo.

Mr. Freudenberg took a business trip

to Albuquerque on Saturday.

I. Freudenberg recently lost one of

his most valuable horses. It died very

suddenly.

Two little bears were killed Sunday

by the city herder in Bernalillo woods.

Mrs. Wisbrun was surprised today

by hearing of the birth of a little girl

to her daughter in law in Parral, Mex-

ico.

Miss Sue Zuzer, from Penasco, has

been visiting Miss Gregg for several

weeks. She departed for the institute

in Santa Fe on Wednesday morning.

Miss Flora J. Gregg spent a day with

her sister, Miss Ethel, and then de-

parted for her school in Truxton, Ariz-

ona.

Mrs. Van Valkenberg is visiting with

Mrs. I. Freudenberg.

A. P. Smithers, postoffice inspector

from Denver, Colo., was visiting in

Bernalillo today. He, with Jos. Bibb,

Esq., visited Placitas today.

Strangers visiting Bernalillo are

very much delighted with the superior

quality of Bernalillo's fruit. They all

immediately wish to carry some away

with them to show their friends what

New Mexico can produce.

Stock men and sheep men are look-

ing anxiously for more rain, and the

few showers we have had promise that

the range will be in better condition

shortly.

C. E. Burg, from Albuquerque, is in

town today. He is a well known attor-

ney.

The Pueblo Indians are beginning to

harvest their wheat crop and bring in

portions of it to town.

A dance given in honor of the Ber-

nalillo people at Placitas last Satur-

day was well attended and a success.

It was such an enjoyable affair that

Bernalillo people are going to reciprocate

the Las Placitas mining district from

present indications promises to

develop into one of the best mining

districts in the territory. They have in-

dications of gold, silver and copper,

and mining experts say all it needs is

development.

Joseph Bibb, with Jerome Harris,

of San Francisco, intends to attend the

Indian feast of Acoma the beginning

of September.

Politics are commencing to warm up

in Bernalillo. Everyone in Bernalillo

Santa Fe on Saturday of last week.

ACKER'S

DYSPEPSIA TABLETS

cure dyspepsia and all disorders arising from indigestion. Endorsed by physicians every where. Sold by all druggists. No cure, no pay. 25 cents. Trial package free by writing to W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

wishes to support Delegate Rodey on account of his great fight for statehood.

Mr. Brown is shipping from the orchard formerly owned by A. Harris, some of the finest peaches ever raised in Bernalillo.

The ever popular under sheriff, Newcomer, of Albuquerque, is expected at the next Bernalillo ball with his bride.

SILVER CITY.

New Suspension Bridge—Rich Strike in the Burro Mountains. Special Correspondence.

Silver City, N. M., Aug. 21.—The city council has a force of men at work putting in a suspension bridge across Main street on Broadway, to replace the one recently washed away. The work on an iron suspension wagon bridge across the same street will be commenced in the near future and it is thought that the city council will take steps to stop any further damage to the property in that section of the city by flood water, by putting in some substantial breakwaters, an act that will be needed.

Mrs. H. Gilbert, who has been visiting relatives on the Pacific coast for about six weeks, returned home yesterday.

The delegation of Elks, composed of C. W. Merriott, W. S. Cox, Ike Holzman, E. M. Young and C. C. Shoemaker, who attended the reunion at Salt Lake, returned home on last Wednesday's train. They say they could not have had a better time, and were treated royally everywhere along the line.

P. T. McGrath, a well known mining man of Colorado, was a passenger on the incoming train yesterday. Mr. McGrath is on a trip of inspection with the idea of purchasing some mining property in the Burro mountain mining district.

Camping parties are leaving daily for the Upper Gila country these days.

A game of base ball will be played at the Athletic park on Sunday afternoon between the Fort Bayard team and the Silver City club.

The Third judicial district court will convene in this city the first Monday in next month. The docket is very small and the term will undoubtedly be a short one.

A rich strike is reported to have been made in the Burro mountain district on the Gettysburg group. The mine in which the strike is made is owned by Judge Lucius P. Deming, and the lead, which is copper, will run over 40 per cent in that metal and is about eighteen inches wide. During the past year numerous rich finds have been made in the Burros in copper, and upon further development has shown vast bodies of copper ore of a very high grade.

A World Wide Reputation. Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all druggists.

If you get hungry, go to The Cabinet and enjoy a free hot lunch. Open tonight.

Try our coffee rolls and fine cakes. Anthony Xydias, opposite postoffice.

A delicious free hot lunch at The Cabinet tonight.

Fine free lunch at Frank Vajo's "Arcade" resort on South First street. Everybody invited.

Don't forget that we serve a superior quality of ice cream. A trial will convince the most fastidious. Anthony Xydias, opposite the postoffice.

Go to The Arcade, No. 311 South First street, tonight and partake of a fine free lunch. Everybody invited.

There Will Be a Hot Time. At our store next Monday. Everybody will try to get some thirty-six inch Sea Island percales at 7 cents yard. On sale Monday and Tuesday. Lion Store.

The Cabinet will start the ball rolling tonight with an elegant free lunch.

Boys' knee pants, a full line, at M. Mandell's.

As usual Zeiger's Cafe will tonight serve one of their best free lunches. It will be appetizing and toothsome and you will not regret it.

Those apron gingham we are selling at 5 cents per yard are the best. On sale at our Mill End sale. Lion Store.

Go to the White Elephant tonight and enjoy the best free lunch served in town.

Notice. The Rice Cafe serves the best meals in the city at 15 and 25 cents. Short orders, 5 cents up. 111 North First street.

Suits made to order, best line that ever came to Albuquerque at M. Mandell's.

Quick & Bothe, proprietors of Zeiger's Cafe, invite their many patrons to enjoy the free lunch that will be provided tonight.

Pecan, chocolate and vanilla ice cream, and strawberry ice, today. Delaney's.

School suits for fall just arrived at M. Mandell's.

We are headquarters for fine pastry. We lead in our line; others follow. Anthony Xydias, opposite postoffice.

Our entire stock of colored par- asols, the finest selection in the city, will be sold at cost and be- low. Golden Rule Dry Goods Company.

LOCAL PARAGRAPHS.

A fine rain, one of the best in years, visited the city and Rio Grande valley last night.

E. C. Haynes, who came here a short time ago from Santa Fe, has purchased the Chris Lamparter residence on North Third street; consideration, private.

A. Menet, the Las Vegas commission merchant, after a visit to the towns south of the territorial metropolis, came in this morning and continued north.

J. W. McQuade, the contractor and builder, in a letter to The Citizen, says that himself and family have arrived at San Diego, Cal., and all are having a fine time.

Leonard Skinner left yesterday for San Antonio, in the Sandia mountains, where he will again re-establish a saw mill. He was accompanied by Edward Miller.

Teresita Gutierrez de Armiño, wife of the editor of El Indito, the Spanish paper published in old town, died this morning about 11 o'clock from a complication of diseases.

Miss Ada Alexander, who resided here the past year, left this morning for her old home at Salina, Ohio. Friends were at the local depot to see her safely on the train.

B. Ruppe, the Railroad avenue druggist, has installed at his place of business a brand new electric planola to replace the electric piano destroyed in his recent store disaster.

Capt. Winfield Scott, ex-chaplain of the regular United States army, is in the city from Scottsdale, Arizona, and is the guest of Rev. George H. Brewer. He will leave tonight for the east.

Seven big freight wagons loaded with merchandise of all sorts, championed by Will Clifford, fled out of town yesterday bound for the Santa Fe Central railroad construction camps.

"I had diabetes in its worst form," writes Marion Lee, of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."

WHERE TO WORSHIP.

Highland Methodist church, South Arno street, M. Hodgson, pastor.—Sunday school at 10 a. m. Epworth League at 7 p. m. Preaching at 11 a. m. and 8 p. m. Special music by the choir. A hearty welcome to all. Bring someone with you.

St. John's Episcopal church.—Sunday school at 10 a. m. Morning prayer and sermon at 11 a. m. Subject from the Apocalypse, "No More Curse." Evening prayer and sermon at 8 p. m. Subject, "The Bible: Why Believe It?"

Rev. George H. Brewer will preach at the Lead Avenue Methodist church, Mr. Thomas will sing a solo at the morning service. Epworth league in the evening.

Baptist church, Broadway and Lead avenue; the pastor, Herman J. Powell, is at home Thursday evening at 211 South High street.—Tomorrow's services: Sunday school at 9:45 a. m. Public worship at 11 a. m., with sermon by the pastor on the Beatitudes continued, "Blessings on the Merciful and Peace-makers." To boys and girls.

Young People's Union at 7:15 p. m.; Evening song service, a half hour with Charles Wesley and his hymns, at 8 p. m., with a talk by the pastor on "Kodak Barnes, or Life's Crises." A seat and welcome for yourself and friends.

The best physic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

Woodmen Surprised.

The hall used by the Woodmen of the World was a pretty scene last night. After the business of the lodge had been transacted, the ladies of the Woodmen Circle appeared at the hall, with lunch baskets galore, each one heavily laden with fruit, cake and other good things. The boys fell to and did justice to the spread. Music and conversation was enjoyed. Several weeks ago the Woodmen of the World played a similar trick on the members of the Woodmen Circle.

When Other Medicines Have Failed Take Foley's Kidney Cure. It has cured when everything else has disappointed. Alvarado Pharmacy.

Land Office Business.

Homestead Entries: Pantalone Montoya, Galisteo, 73.14 acres, Santa Fe county; Higuito Lucero, Galisteo, 72.70 acres, Santa Fe county.

Quick Relief for Asthma Sufferers. Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure.—Alvarado Pharmacy.

GRANT COUNTY MINES.

The new concentrating plant of the Lensa Mining & Milling company will be in operation September 1. A leaching plant in connection with the smelter is under contemplation to handle the lighter ores from the Shakespeare district.

The International Gold Mining & Milling company has appointed O. R. Smith, of Lordsburg, N. M., agent. Dr. C. R. Luton, president of the company, is expected here this week, and will start men to work on the company's claims at Malone.

An experiment is being made by the American Consolidated Copper company, operating in the Burro mountains, to test a new leaching process by which granule copper may be obtained. Tests of the same ore, made by Chicago chemists, show copper values of 99.8, and will mean much to the

company, as it has large quantities of good carbonate ore for leaching.

The General Concentrates company of New York has finished its new plant, west of Cook's peak, and will have it in operation September 1. This is already a well known lead camp, and a new plant of this kind will add greatly to its popularity.

Numerous veins of good ore have been exposed on the group of claims owned by the Gibson Development company in the Virginia district. Marshall and Wood have a contract to sink a 100-foot shaft on the San Simon mine, and it will be systematically developed.

Fine sulphide ore has been encountered at a depth of fifteen feet on the Sub Rosa mine, owned by the North American company. Two other shafts have been sunk to a depth of fifty feet, and the whole group of claims are highly satisfactory.

The Humboldt mill, a ten-stamp mill which has been idle several years, has been sold by the Humboldt company to W. H. Stevens, representing the Michigan-New Mexico Copper company. The mill will be moved to their property, west of Lee's peak, and a fifty-ton plant will be erected, the machinery for the same to be upon the ground within ninety days. An eighty-foot shaft on the Carbonate mine, and a 130-foot one on the Belle, is the work which has been going on the last week.

On the Victoria mine, owned by the Alessandro Mining company, the shaft is down 200 feet, and work is following upward a five-foot vein of 15 per cent copper ore. Good carbonate ore has also been encountered on the Concord and Gettysburg mines.

THAT HOLD UP CASE.

Ritter and Dillard Will Have a Hearing Late This Afternoon.

The case of Ira B. Ritter, the Third street barber, and Andrew Dillard, charged with assault upon the person of O. E. Greenwood, with the intention of robbery, which was to have been tried in Judge Crawford's court this morning, was postponed on account of the absence of witnesses. It will be remembered by readers of The Citizen that last Monday evening this paper gave an account of the hold up and robbery of O. E. Greenwood, a Santa Fe Pacific railroad man. The hold up occurred early Sunday morning in a dark alley near "The Acre," or the tenebrin district. Greenwood was assaulted and said he was robbed of some little money. The men who did the job were caught a short time after the affair occurred and were to have been tried last Tuesday morning, but the trial was postponed because Greenwood could not talk on account of having had an operation performed on his lower lip. The trial will come up in Judge Crawford's court at 5 o'clock this afternoon.

WAR ON DOGS.

Canines Are Having Hard Time These August Days.

Bow wow, ky, ki, ki! "That's my dog. I paid dog tax once," cried the angry owner of the unfortunate canine. "You will have to put a collar and tag on him," retorted the pound master.

This is a dog tax war incident which occurs daily on Railroad avenue. The city is having some trouble in bringing the tricky dog tax dodgers to justice. Even Police Judge Crawford has troubles of his own. Dog owners have been regular visitors in police court since the first of July. If you are harboring a dog you had better pay the price and look pleasant, for they will get you sooner or later.

And, again, if the dog catcher does not exercise a little more humane treatment in his trades against the helpless canines, he will find a list of kind hearted ladies against him, and when the women get started there is no end until they conquer and right things. The Citizen has been appealed to by several good ladies, and the dog catcher and pound master must be careful in the future.

Lay Claim to Quaker City.

Indianapolis, Ind., Aug. 23.—During the coming week several score of persons living in various parts of Indiana and adjoining states will meet in Indianapolis to raise funds to send legal representatives to Philadelphia to establish their claim to property in the business district of that city, valued at millions of dollars, which they claim is due them as descendants of Daniel Pegg, the original owner of the land.

The heirs claim that Pegg owned 250 acres of land in what is now the heart of Philadelphia, on a land grant from the lieutenant governor of the colony of New York, which was later confirmed by letters patent from the first governor of Pennsylvania, William Penn. The heirs believe that they can prove title to the ground, which it is declared was leased to the city of Philadelphia by Daniel Pegg, the third of the line. They have engaged able counsel to represent them and go to Philadelphia to search the records for the proofs. In order to prove the claim it will first be necessary to secure a plat of the ground, a very difficult thing, the attorneys say, and if the proof is obtainable, suit will be filed to recover the property and money due them for rental on the lease. The claimants have two or three times before attempted to investigate the claim but have never had sufficient funds. It is believed that at next week's conference a sufficient amount will be raised to push the matter to a conclusion.

Having purchased two carloads of fat cattle while in Arizona, I am prepared to furnish the best beef the market affords. Tony Michelbach.

WONDERFUL GROWTH.

Remarkable Progress of the United States Since 1880.

FACTS GATHERED FROM THE CENSUS.

Since 1880 the population of the United States has increased 50 per cent.

The aggregate wealth of the country, "the true valuation of real and personal property," has more than doubled—from \$42,000,000,000 to \$94,000,000,000.

Wealth per capita has increased 50 per cent—from \$50 to \$123.

The public debt, less cash in the treasury, has decreased nearly one-half—from \$1,919,000,000 to \$1,107,000,000.

The debt per capita has dropped from \$38.27 to \$14.52.

The annual interest charge has diminished more than one-half—from \$80,000,000 a year to \$33,500,000, and per capita from \$1.59 to 44 cents.

The amount of gold coined has increased more than 50 per cent—from \$62,000,000 a year to \$99,000,000.

The amount of gold in circulation has nearly trebled—from \$225,000,000 to \$611,000,000.

The amount of silver in circulation has more than doubled—from \$69,000,000, as compared with \$142,500,000.

The total circulation of money has more than doubled—from \$973,000,000, compared with \$2,055,000,000. Circulation per capita has increased only 50 per cent—from \$19.41 compared with \$26.93.

The number of national banks has nearly doubled—2,056 compared with 3,606.

Deposits in national banks have well nigh trebled—from \$1,006,000,000 compared with \$2,264,000,000.

Deposits in savings banks have almost exactly trebled—from \$19,000,000 to \$2,450,000,000.

The number of depositors in savings banks has increased from 2,235,000 to 6,108,000.

That the farmers of the country have shared in this wonderful increase of wealth is clearly shown by further comparisons of 1880 with 1900.

The value of farms and farm property has grown from \$12,000,000,000 to \$20,500,000,000.

The value of the yearly products of farms has increased from \$2,212,000,000 to \$3,764,000,000.

The value of farm animals has increased from \$1,882,000,000 to \$2,982,000,000.

The number of manufacturing establishments in the United States has doubled—from 253,000 to 513,000.

The value of the output of these establishments has increased two and one-half times, from \$5,369,000,000 to more than \$12,000,000,000.

The number of employees in these establishments has more than doubled—2,722,000 to 5,719,000. The wages of these employees have almost trebled—from \$948,000,000 to \$2,735,000,000.

Exports of merchandise have increased more than 50 per cent. Exports of agricultural products have increased more than 25 per cent. Exports of manufactures have more than quadrupled.

Imports of all merchandise have increased 30 per cent, but imports per capita have fallen from \$12.51 to \$10.88.

The production of gold has more than doubled—from \$36,000,000 a year to \$79,000,000.

The production of silver has nearly doubled—from \$29,000,000 a year to \$74,500,000.

The production of coal has almost quadrupled—from 64,000,000 tons compared with 241,000,000.

The production of petroleum has nearly trebled—from 1,100,000,000 gallons compared with 2,661,000,000.

The production of pig-iron has nearly quadrupled.

The production of steel has multiplied eight times—from 1,247,000 tons to 10,188,000.

Prices on steel rails have fallen from \$67.50 per ton to \$32.20.

The production of copper has increased tenfold—from 27,000 tons to 270,000.

The production of wool has increased 25 per cent, of wheat 5 per cent, of corn 40 per cent, of cotton 65 per cent, of sugar 60 per cent.

The consumption of sugar has more than doubled—from 957,000 tons to 2,219,000.

Cotton taken by American mills has doubled, and cotton exported has increased 75 per cent.

Miles of railway in operation have more than doubled—from 23,262 miles compared with 194,321.

The number of passenger cars has more than doubled—from 12,788 against 26,786. The number of freight cars has increased two and one-half times—from 544,000 to 1,358,000.

Tonnage of American vessels built has more than doubled, tonnage engaged in foreign trade has diminished 40 per cent, tonnage engaged in domestic trade has increased 60 per cent, and tonnage on the great lakes has multiplied two and one-half times.

Tonnage passing through the Sault Ste. Marie canal has multiplied seven times.

Freight rates on wheat, Chicago to New York, have fallen from 12.27 cents per bushel to 4.42, lake and canal; from 15.7 cents to 5.05, lake and rail, and from 12.9 cents to 9.98, all rail.

Freight rates per ton mile on all the railways of the United States have dropped from 1.39 cents to 0.75 cents.

The receipts of the federal govern-

ment have increased from \$333,000,000 to \$567,000,000.

The number of postoffices in the United States has increased from 44,000 to 77,000.

The receipts of the postoffice department have trebled.

The number of telegraphic messages sent in the United States has more than doubled—from 29,000,000,000 to 63,000,000,000.

The number of newspapers and periodicals published has more than doubled—from 9,273 to 20,806.

Salaries paid in public schools have more than doubled—from \$60,000,000 to \$136,000,000.

The number of patents issued has almost doubled—from 14,000 per year to 26,500.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all druggists.

Pawnshop in Mexico.

A pawnshop was established in Mexico a few days ago with an endowment fund of \$300,000. President Diaz, attended and was the first to apply for a loan, receiving \$35 on a watch chain and many other officials pledged personal property, to give official tone to the establishment. The interest rate is 2 per cent for one or two months and 4 per cent for three or four months. The managers expect to serve the poor people no matter what is offered as security, if it have the slightest value.

Went to Visit His Sister.

A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by all druggists.

SANTA FE.

Rio Arriba Sheepmen Ask Permission to Graze Their Flocks on Pecos Reserve.

S. H. Elkins, owner of the Cunningham Hill mines at Dolores, is in the capital. He is accompanied by M. L. English, manager of the Ortiz grant property.

S. G. Cartwright, of the H. B. Cartwright & Bro. company, has gone to Ojo Caliente, the celebrated hot springs managed by Hon. Antonio Joseph, where he will remain two weeks to take the baths.

August Nasse, a large coffee dealer of St. Louis, who has been in the capital during the past week, left for his home. Mr. Nasse was here the guest of his son, A. C. Nasse, at the Palace, who is here for the benefit of his health.

George Langenburg, superintendent of the Pecos forest reserve with headquarters at El Porvenir, is in the capital on official business, consulting with Governor Otero upon the matter of allowing eastern Rio Arriba county ranchmen to pasture 5,000 sheep and goats upon the Pecos reserve for the next six days.

Mrs. Romualdo Cisneros, aunt of Rudolfo Gonzales, who died in the Philippines of cholera, wrote to the war department asking to have the body of deceased brought to Santa Fe for interment in the National cemetery. Mrs. Cisneros raised Gonzales, whose grandmother is also living in this city. As Gonzales died of cholera, it is very doubtful whether the department will permit bringing the remains to this country.

Fruit shipments by the Denver & Rio Grande express from the Espanola valley to this city and to the mining camps in southwestern Colorado, are very heavy just now. The fruit crop in the Espanola valley is very fine and there are many bearing orchards in that section. What is needed here is a commission firm to handle these large shipments. Were such a one to be established the fruit trade of the Espanola valley and of this city would grow to very large proportions.

SUMMER COMPLAINT.

Proper Food Will Prevent It.

When the bowels go wrong in adults or children, quit all food but Grape-Nuts and a little cream or milk. The experience of one woman will be read with interest by many mothers who pass anxious days over little ones and become alarmed because the food does not agree with baby and he daily wastes away.

Mrs. W. H. Mennens, of Little Falls, Minn., writes: "I want to tell you the good Grape-Nuts Food has done for my baby boy. When he was 10 months old he was taken with summer complaint and I could not find any prepared food that agreed with him. I was giving him doctor's medicine all the time but he continued to lose in weight until he only weighed 15 pounds, having weighed 22 pounds before he was taken sick. Finally the doctor told me that unless I could get some real nourishing food for him he could not live many days. He advised me to get Grape-Nuts Food which I did, and in five weeks he weighed 20 pounds.

"If any mother reading this letter wants to write to me personally, I will gladly answer and tell her the full particulars regarding baby's sickness and the good Grape-Nuts did for him."

SOUTHERN MINES.

Mill Improvements and Claims in Grant County.

INDUSTRY LOOKING UP.

A correspondent writing to the Denver News from Tierra Amarilla, N. M., says:

The heavy rains of the past week in this section have put the ranges in first class condition and insure good feed for stock until late in the fall. A heavy fall of hail preceding the rain Saturday cut up gardens some, but did no material damage to crops. Sheep, cattle and horses are in first class condition.

There are no grasshoppers in this immediate locality, though they are reported to be doing some damage in the southern part of this county.

The streams of this county are fairly alive with fine trout, and some large catches are reported. They will bite anything in the shape of bait or fly. The champion catch of the season was made last Sunday by T. D. Burns, Jr., Manager Fred Lewis, of Burns' store, and Dr. Haynes, when, in less than five hours of fishing they landed 594 fine trout, besides a large number thrown back on account of size.

The Apache Indians, who occupy a reservation in the western part of this county, appear to be getting rich, as some of them now come to town in fine buggies. A large party passed through here headed east on a "trading" expedition, they said. Some of them were walking, as they did not have a horse apiece. But nearly all had Winchester, with well-filled cartridge belts, and many also had revolvers. They passed through again, the other day, on their return to the reservation. They had a large drove of horses, mostly mares and colts, yearlings and 2-year-olds, besides each brave, squaw and pappoose able to sit up, was a stride of a good horse. A number of heavily laden pack animals accompanied the expedition. Their cartridge belts were nearly empty. Their "trading" expedition had been a success.

There are many complaints from horse and cattle owners of the sudden and mysterious disappearance of stock from the ranges adjacent to the Indian reservations. One man, near Cañon, this county, turned out thirty head of fine brood mares last fall and this spring could find but seven. Another turned out twenty head and gathered but five. The Indians are suspected, but proof is not easy. It is claimed they sweep the ranges of stock and run it off to other and distant reservations, where they trade for stock procured in a similar manner. This makes it difficult for owners to trace up and secure their horses. Cattle, it is claimed, are shot and eaten, and the brands destroyed.

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder.

WHITE OAKS.

Forthcoming Marriage—Boys Play Ball—Working the Mines.

Miss Bertha Chapman, of Oakland, Cal., who has been visiting her father here during his illness of the past week, has returned to her home.

We are waiting for the Eagle Mining company to unfold their plans and start up the Old Abe. Also for the North Homestead people to do the same.

Cards are out announcing the marriage of Miss Margie McCourt, daughter of Hon. W. C. and Mrs. McDonald, to George Rosington, of Los Angeles, Cal.

The boys had an exciting game of base ball last Thursday afternoon. A base ball outfit was the prize—score 27 to 14. The captains of the teams were Paul Mayer, Jr., and Jones Tallafiero, Jr.

Messrs. Charles Spence, Thomas H. and Arch. Walsh, Rich. Jones, W. Van Schoyck returned to the city, after a three weeks absence in the Gallinas, where they had been at work on the Anacosta, Walsh, Senator Patterson and Pilot Knob claims.

Foley's Kidney Cure is a medicine free from poisons and will cure any case of kidney disease that is not beyond the reach of medicine.

TULAROSA.

Bought Interest in Good Mine—Will Sell Her Oil Lands.

From the Democrat. Some ranch property near Tularosa will be disposed of inside of twenty days to eastern parties.

P. C. Bell, mining man in San Andreas, is spending a few days in town. He has been employed for some time with F. A. Jones, formerly president of the Socorro School of Mines, on a geological survey.

E. H. Sherry, formerly the architect at Estey City, has bought an interest in some mining claims in Ash canyon, San Andreas. This property belongs to D. A. Gugins and the claims are considered very good. A mill will be erected in a short time.

Mrs. Almer Blazer is on a visit to Texas, where she expects to dispose of twenty acres of oil land a short distance from the Beaumont oil wells. Her land is located about a half mile from a gusher. The land lying next to Mrs. Blazer's is selling at \$1,000 per acre.

Sheriff Hunter captured Will Brazel

MRS. IDA L. ROSER,

Grand-Niece of Ex-President James K. Polk, Writes to Mrs. Pinkham.

Thankful for Health Restored by Lydia E. Pinkham's Vegetable Compound.

Did you ever stop to realize what keen satisfaction one experiences when we find that some kind and helpful thing we have done for some one else has been sincerely appreciated? At such times, how truly we understand the expression "it is more blessed to give than to receive."

Think, therefore, of the pleasure and genuine satisfaction Mrs. Pinkham experiences when such letters come to her as the one from Mrs. Roser which we are herewith permitted to publish.

Think what it means to her; it means first, that one more lovely woman has been relieved from sickness and distress through her assistance; it means second, that this woman who is cured is so grateful that she wants other women in the land to know of it; and it means lastly that Mrs. Pinkham's claims for Lydia E. Pinkham's Vegetable Compound are fully substantiated by testimony of such high character that every woman who reads this must believe and hope.

To be appreciated is a great pleasure, but to bring peace and happiness to the suffering is heavenly. Such is the mission of Mrs. Pinkham, and such a letter as the following proves her success!

MRS. IDA L. ROSER, 326 E. 18th Ave., Denver, Col. Grand-niece of ex-President James K. Polk, and Assistant Grand Secretary of Colorado, Wyoming, and New Mexico Independent Order of Good Templars.

"DEAR MRS. PINKHAM—I have been married for nearly two years, and so far have not been blessed with a child. I have, however, suffered with a complication of female troubles and painful menstruation, until very recently.

"The value of Lydia E. Pinkham's Vegetable Compound was called to my attention by an intimate friend, whose life had simply been a torture with inflammation and ulceration, and a few bottles of your Compound cured her; she can hardly believe it herself today, she enjoys such blessed health. I took four bottles of your Compound and consider myself cured. I am once more in fine health and spirits; my domestic and official duties all seem easy now, for I feel so strong I can do three times what I used to do. You have a host of friends in Denver, and among the best count, Yours very gratefully,—Mrs. Ida L. Roser, 326 18th Ave., Denver, Col."

"When a medicine has been successful in restoring to health so many women whose testimony is so unquestionable, you cannot well say, without trying it, 'I do not believe it will help me.' If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

last week near this place and found Pierce's horse in his possession. Brazel said he mistook the animal for one he was looking for. He had a preliminary hearing in Alamogordo and placed under \$250 bond to await the sitting of court.

There is no place like the Lion Store when you're looking for bargains.

Tin, galvanized iron and copper work. Albuquerque Hardware company.

(Homestead Entry No. 558.)

Notice for Publication.

Department of the Interior, Land Office at Santa Fe, N. M., August 16, 1902.

Notice is hereby given that the following-named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before U. S. C. Commissioner John W. Corbett at East View, N. M., on Sept. 27, 1902, viz.: Juan Jose Montoya for the lots 1 and 2, and e½ NW¼ sec 24, T 6 N, R 5 E.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz.: Jose Sebastian Sanchez, of Torreon, N. M.; Lorenzo Samora, of Torreon, N. M.; Jose Samora, of Torreon, N. M.; Todosio Maldonado, of Torreon, N. M. MANUEL R. OTERO, Register.

Jemez Hot Springs.

The public is invited to visit the famous health giving springs. First class accommodations can be found at the Stone hotel. Bathing, good trout fishing and beautiful scenery are only a few of the attractions of this delightful resort.

MRS. OLIVE CORCORAN, Stone Hotel.

Railroad Topics

Traveling Auditor G. L. Pfundstein spent yesterday in the city and went north last night.

T. M. Ramsdell, superintendent of the car department of the Santa Fe, is in the city looking over the local situation.

R. L. McCance and J. P. Delgado, of the Santa Fe Central, have departed for Antelope Springs for about a week's stay.

The Santa Fe announces that the law against intoxicating liquors is rigidly enforced on the line. Why, every employee of the company knows that!

The Chicago, Rock Island & Pacific is rapidly becoming the John W. Gates and J. Pierpont Morgan of railroads. It wants the Union Terminal of Sioux City now.

C. W. Kouns, superintendent of transportation for the Santa Fe, passed through the city last evening in a private car en route from Los Angeles to Topeka.

Central lines are beginning to consider how to head off tourist travel to the southwest next year. That's easy. Kill all the people east of the Mississippi river!

George W. Andrews, city passenger agent of the Rock Island in Colorado Springs, has resigned to take a position with the Pacific coast Steamship company at Seattle.

It is said that the Colorado Springs & Cripple Creek company has not decided upon a successor to A. G. Ridgway. There is a rumor that J. W. Dean, trainmaster of the Santa Fe, will be chosen.

The Santa Fe Central railway will make extensive improvements at Antelope Springs, which was formerly the sheep ranch of A. M. Bergere. A club house will be erected and a big park laid out.

Dining car 1408, which is in the Topeka coach shop for transformation into an elegant business car, will become the 223 and will be occupied by A. G. Wells, general manager of the Santa Fe coast lines.

Engineer Dave M. Lewis returned to Raton from Denver, which he is having some patterns made for improvements he has invented in air brake equipment. Those who ought to know say that Mr. Lewis' improvements are quite valuable.

Warren B. Kulsch, general passenger agent of the Chicago & Northwestern was made passenger traffic manager of the road. In all probability the result will be that two assistant general passenger agents will be appointed and the system will be divided.

The Four Track News, a monthly illustrated magazine of travel and education, published by the passenger department of the New York Central railroad, in its September number, will contain an article on Santa Fe, with two illustrations, written by Leonard W. Smith. The article will be found interesting and instructive.

To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I did so, and words cannot tell the good that it did for me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

The Rock Island's Mail Carrying—A feature connected with the establishing of the Rock Island's new Chicago train will be the probable contest with the Santa Fe for mail contracts.

Shortly after the establishment of the El Paso line, the Rock Island secured a contract for carrying its share of the mail between Chicago and El Paso. The announcement, made at the same time as that of the new train, that a mail car would constitute part of its equipment, is taken to mean that the Rock Island will endeavor to secure at least a portion of the mail carrying between Chicago and San Francisco and intermediate points on the route.

The route of the Rock Island to the coast, over the Rock Island line proper to the Southern Pacific connection at El Paso, and from there over the Southern Pacific to Los Angeles, is no shorter than the Santa Fe's line, but it does not have the mountain proposition to contend with, and claims it will, in consequence, be able to make better time in case speed becomes a desideratum.

The officials of the Rock Island believe that if they can demonstrate that their Chicago line is as good as any other, and if anything a little faster, they will be able to secure a portion of the mail. It is understood an effort is now being made to induce the government to order a full mail equipment to be carried on the California line, in which event, the company will secure mileage for the service until the reweighing in the Chicago district.

Naturally the Santa Fe will make strenuous efforts to save all of its mail carrying business, and the struggle for supremacy may be a sharp one, resulting in some neck breaking runs in order to make fast time. A day clipped off the time it takes a let-

ter to reach San Francisco from Chicago, will be a big thing for the people.

A Physician Healed.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

Electric Headlights—The Santa Fe has just adopted electric headlights for its locomotives and now comes the following criticism on electric headlights from the St. Louis Republic:

"The wreck on the Monon road at Hammond Sunday has directed the attention of operating officials to the electric headlight. It was claimed by the engineer of the train that the electric headlight on the second track dazed him, and was responsible for the mishap."

"Operating officials of a number of roads think the electric headlight is likely to cause trouble of double tracks by dazzling the engineer on the train running in the opposite direction so as to make it impossible for him to see a danger signal in front of him. The Rock Island is the only road that has the electric headlight in general use, and on this road it is said to be a success."

A Necessary Precaution.

Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Always inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. B. H. Briggs & Co. and J. H. O'Reilly & Co.

An International Road—A few days ago announcement was made that the Santa Fe had sold to the Southern Pacific a short line of railroad running from Naco to Cananea in Mexico. The road is separated from the main line of the Santa Fe and connects directly with the main line of the Southern Pacific. It was therefore of small value to the Santa Fe, while on the other hand, it seems to be of importance to the Southern Pacific.

Using the Naco-Cananea as a basis the Southern Pacific company have organized a new line of road, and named

it the Cananea, Yaqui River & Pacific. A dispatch from Los Angeles in regard to this company says:

"Los Angeles, Cal., Aug. 20—A circular issued in this city by the Cananea Yaqui River & Pacific Railroad company is said to foreshadow the eventual construction of the long talked of international north and south railroad."

"Espies Randolph, general manager of H. E. Huntington's Pacific Electrical Railway company of Los Angeles, has been elected president and general manager of the new company."

"Mr. Randolph was reluctant to discuss the plans, but stated that there would be a corps of engineers in the field in an effort to find routes for extensions of the Cananea road north and south. The plan contemplates a road north and south through Arizona, he said, and into the coal fields of New Mexico and Colorado, and south from Cananea, lines will be run along the coast of the Gulf of California through Sonora and Sinaloa. The Mexican government has made a concession of land and other rights to the company."

Mckil Tea Positively Cures Sick Headaches.

Indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

Interesting Lecture.

Mrs. M. J. Borden, of Albuquerque, will deliver an interesting lecture at the Methodist church on the afternoon of August 24. Mrs. Borden's capability as a lecturer is well known to many Raton folks and a large attendance is expected. Excellent music will be furnished by our local musicians.—Raton Range.

His Sight Threatened.

"While picnicking last month my 11 year old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended De Witt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin disease, cuts, burns, scalds, wounds, insect bites, De Witt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. B. H. Briggs & Co. and J. H. O'Reilly & Co.

QUADALUPE COUNTY EXHIBIT.

Commissioners Urged to Exhibit at Territorial Fair.

What about Guadalupe county being represented or having an exhibit at the territorial fair in Albuquerque? Every county in the territory is going to have an exhibit of some kind, with the ex-

OF UNTOLD VALUE.

The Information Contained in This Gentleman's Statement is Priceless.

The hale, hearty, the strong can afford to toss this paper to one side impatiently when they read the following, but any sufferer in Albuquerque who has spent a mint of money and hours of excruciating torture caused by kidney complaint, will stand in his own light if he does not follow the valuable advice offered by—

Mr. J. R. Miller, of 414 West Colfax avenue, in the Colfax Real Estate Insurance & Rental company, Denver, Colo., who says: "My first acquaintance with Doan's Kidney Pills was made while reading the Pittsburg Dispatch. I was living in Toledo, Ohio, at the time, and called the attention of my druggist to them. He procured them for me, and they were most effective in ridding me of slight kidney complaint which had annoyed me for some time. Since then, not only from experience but from observation I have always noticed Doan's Kidney Pills very highly recommended, and only recently I purchased a box at Scholtz's drug store, opposite the Tabor opera house. I have sent more than one friend and acquaintance to that drug store for a supply simply because I know Doan's Kidney Pills can be depended upon to act as represented."

Ask the Alvarado Pharmacy what their customers report about this preparation. For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

ception of Guadalupe so far as we know. What about it, Messrs. County Commissioners? Have you gone to sleep, and then wake up at the last moment, the same as last year, and then send a man to represent, what, nothing but himself in a banquet, at an expense to the county of something over \$100. It is time for you to wake up and be doing, and there is not a moment to be lost. We must remember that an exhibit of our productions would advertise our county far and wide. We have fine fruit orchards, alfalfa fields that cannot be surpassed anywhere besides many other productions that would bring fame to our prosperous county.

Acker's Blood Elixer positively cures chronic blood poisoning and all scrofulous affections. At all times a matchless system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

Plumbing.

We have added a plumbing department and tin shop to our business. When you have anything in this line to be done see us about it before placing your order. Albuquerque Hardware company.

Nourish the Weak Nerves,
Build Up Wasted Tissue, and
Purify the Stagnant Blood
in August.

PAINE'S CELERY COMPOUND

Nature's Summer Medicine,
The One Great Health Builder,

Paine's Celery Compound supplies the needs of the weak, sickly, and diseased in a way that no other medicine can do. It never fails to brace and strengthen the weakened nerves; it forms new tissue, and quickly purifies the foul and stagnant blood, allowing it to course with freedom and life to every part of the body. Paine's Celery Compound is the great furnisher of nutriment for the weak and rundown nervous system.

The use of a few bottles of Paine's Celery Compound produces results that are most astonishing and happy to the sick. The thin, emaciated body soon takes on solid flesh, the skin is clear, the eyes bright and sparkling, pain in the back is banished, the liver and kidneys work healthily, the digestive organs do duty with unfailing regularity, feelings of new energy and well being take the place of nervousness, despondency, and melancholia.

Nourishing the nerves, the formation of fresh tissue, and cleansing of the blood by Paine's Celery Compound, means a new, vigorous, and happy life. There can be no failures when Paine's Celery Compound is used; it truly "makes sick people well."

The best place in town to spend a warm evening is the White Elephant. Tonight an elaborate free lunch will be served which will be unequalled in the city.

Fine and refreshing free lunch at Zeiger's Cafe tonight.
