ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, AUGUST 22, 1902

NUMBER 229

## FOREIGN NEWS

**The Continental Armaments to be Reduced.**

**SULTAN WILL PAY OUR CLAIMS.**

**A New French Ambassador to Come to Washington.**

**THE BODIES OF THE FAIRS.**

Rome, Aug. 22.—According to persons usually well informed considerable importance attaches to the visit of King Victor Emmanuel to Emperor William. The king, accompanied by the Italian minister of foreign affairs and a small suite, left for Berlin today. Despite the denials from certain quarters it is quite generally believed that the object of the visit is to propose a reduction in continental armaments. This is reported to have been the purpose of his recent visit to the czar, from whom he is said to have received every encouragement. The great Roman bankers believe something will come of the project. The young king has taken the step on his own initiative, though it is understood to have the full sanction of the Italian government. Much hope is expressed for the success of the design as a partial disarmament would lift a crushing burden from the shoulders of the Italian people.

**Turkey Will Pay Claims.**

Constantinople, Aug. 22.—Through the medium of Izzet Bey, one of his secretaries, the sultan today sent a friendly message to United States Minister Leishman, assuring him that all the pending claims of the United States would be complied with, and begging the minister to resume his visits to the porte. In consequence of these fresh assurances, Mr. Leishman today visited the grand vizier, Said Pasha, and the minister of foreign affairs, Tewfik Pasha.

**New French Ambassador.**

Paris, Aug. 22.—Through its correspondent, the Associated Press was informed at the foreign office today, that the successor of Jules Cambon, as the French ambassador at Washington, had not yet been appointed, but that M. Jussierand, French minister at Copenhagen, has been selected. It is said Cambon will be appointed French ambassador at Madrid, succeeding M. Patenotre.

**A Conservative Re-elected.**

London, Aug. 22.—H. W. Forster, conservative, has been re-elected to the parliamentary vacancy of the Seven Oaks division of Kent, caused by his appointment to Lord Commissioner of the Treasury. His majority was meagre, being 891 votes over the liberal candidate, Beaumont Morice.

**The Bodies of the Fairs.**

Paris, Aug. 22.—The American Line steamer St. Paul, which sails for New York tomorrow, will take the remains of Charles L. Fair and Mrs. Fair.

**Negotiations to be Reopened.**

London, Aug. 22.—Sir Robert Bond, the premier and colonial secretary of New Foundland, sailed yesterday for Montreal on the Allan line steamer Pretorian, on his way to Washington with full powers from the imperial government to reopen negotiations through the British charge d'affaires for the ratification of the Bond-Blaine convention, a special agreement entered into about ten years ago between the late James G. Blaine, then secretary of state, and the premier of New Foundland. The convention, on the part of New Foundland, granted United States fishermen considerable privileges in regard to purchasing bait, and largely reduced the duties on considerable class of American imports into New Foundland. The United States, on its side, opened its market to New Foundland fishers of raw products and confirmed the privileges of transportation of fresh fish in bond to the United States markets.

**The Situation Improved.**

Washington, Aug. 22.—The state department is in receipt of a cablegram from Minister Bowen, at Caracas, saying he could spare two of the war vessels now in Venezuelan waters. This information is taken to mean the situation is improved and little danger now threatens American interests.

**Lipton in Automobile Accident.**

London, Aug. 22.—Sir Thomas Lipton was in an automobile accident while coming to town today. His 12-horse power car which he was driving

himself, skidded on the street car rails at Woodgren and crashed into the iron railing bordering the road, and was wrecked. Sir Thomas escaped with a shock and bruises. Advice received from Tangier announce that the sultan of Morocco had a dangerous accident while automobiling near Fez yesterday.

**German Admiral Resigns.**

Berlin, Aug. 22.—Admiral Von Diederichs resigned his post as chief of staff and is succeeded by Vice Admiral Buresel. Von Diederichs was in command of the German squadron of five cruisers in Manila Bay at the time Commodore, now Admiral, Dewey was operating against the Spaniards.

**Automobile Record.**

London, Aug. 22.—C. Jarrott, the automobilist, today at Welbeck, did a kilometre, (about 1,003 yards), with a flying start in 18.15 seconds and beat the record, 29.25 seconds, recently made by W. K. Vanderbilt, Jr., in France.

**Dead from Starvation.**

Baltimore, Md., Aug. 22.—Mrs. Sarah Schumacher, aged 70, was found dead in her room late last night and her daughter, Martha, was wandering in a half dazed condition about the house. Coroner Jones said today that Mrs. Schumacher died from starvation. Martha Schumacher said she and her mother were too proud to tell any one of their impoverished condition, and that neither had eaten for several days. It is said the Schumachers have well-to-do relatives at Philadelphia and in Virginia. Ill health had rendered Martha, the sole support of her mother, unable to work.

**THEY ARE ENTHUSIASTIC.**

**Messrs. Sellers and Griffin, of San Juan, Talk of the Fair.**

**CARAVAN OF INDIANS COMING.**

D. K. B. Sellers, editor of the Farmington Hustler, and G. K. Griffin, one of the incorporators of Farmington's new bank, came in on last evening's train from the west, having driven overland from the San Juan river to Thoreau.

Mr. Sellers comes as a representative to the territorial republican central committee meeting but is also much interested in the coming fair, and readily asserts San Juan county will this year, at Albuquerque, outdo any thing of the kind ever attempted before. Fifty freighters, driving from four to six horses, with trace wagons, have already volunteered to make the trip overland, laden with fruits, grains and vegetables. All of the leading growers of the Animas and San Juan valleys are preserving samples of their best products for the exhibition, the Hyde Exploring Expedition promising free transportation.

At least twenty-five of the most prominent growers with their families have signified their intentions of accompanying the exhibit, so that by the time of departure fully one hundred wagons will be in line.

This caravan will leave Farmington October 8, on the same day Winslow Wetherell with probably 200 hundred picked Navajo Indians, will leave Two Gray Hills, a trading post sixty-five southwest of Farmington; and two days later, October 10, join the fruit exhibit at Pueblo Bonito, where Richard Wetherell, named by the Indians "Anasasa," will assume command of probably the most spectacular gathering of frontiersmen of modern days.

Last year the Indians were in some doubt of how they would be treated in the Hub city, and what would be expected of them. This year, however, it is different. Those who attended the festivities returned to the reservation and immediately began planning for a return visit this fall, with the result that the whole reservation is now delirious of coming.

Besides the fire dances and great five mile relay race a series of chicken-pulling contests will be given, which is one of the most exciting and interesting events, strictly an Indian sport, ever seen beyond their own confines.

From one to two hundred young bucks on horse engage in the game, which concludes in a thrilling rough riding contest and apparently race for life.

"I feel sure," said Mr. Sellers, "if proper advertising is done, many people will cross the continent to attend the fair, and predict that within three years more the New Mexico fair will surpass the attractions of the New Orleans Mardi Gras, and be recognized as the most typical sporting event, occurring annually, in the United States."

Harry Jones, of Kelly, passed through the city this morning en route to Blaud.

## NEBRASKA STORM

**Residences and Other Buildings Demolished.**

**DEATH OF WELL-KNOWN LAWYER.**

**A New Jersey Murderer, Who Killed a Butcher, Executed Today.**

**THE NAVY MANEUVERS.**

Hemingford, Nebr., Aug. 22.—A tornado, accompanied by a terrific rain and hail storm, last night, passed along Niobrara river, north of here, through a thickly settled country. A number of residences and other buildings were demolished.

**Heavy Kansas Rains.**

Fort Scott, Kan., Aug. 22.—Four to six inches of water has fallen in this part of Kansas in the past few days and today the rain is pouring down. A flood seems inevitable.

McPherson, Kan., Aug. 22.—Another heavy rain storm visited McPherson county last night. At the government station the precipitation registered 2.4, a total for the last two days of 4.36.

**Prominent Lawyer Dead.**

New York, Aug. 22.—Foster Rose, of Galveston, Texas, is dead at the hospital here. Mr. Rose, who was one of the leading lawyers in the southwest, came north six weeks ago with his wife and child. He became ill and an operation was performed for appendicitis. He rallied, but typhoid fever developed.

**HERNIA HANGED.**

Killed a Butcher Because He Would Not Sell Him Dog Meat.

Hackensack, N. J., Aug. 22.—The execution of Peter Hernia, of Wellington, took place in the yard of the county jail today. Hernia on March 5, during the Passaic river flood, which submerged a large part of Wellington, shot and instantly killed Barney Kanter, a butcher, because the latter would not sell him dog meat. Kanter had no meat, having been cut off from all supply for several days by the flood. Hernia, after being refused, went home, got his revolver and returned and killed the butcher.

**NAVY PRACTICE.**

Commander Pillsbury Watching the Movements of the Enemy.

Rock Port, Mass., Aug. 22.—Contrast in the condition prevailing off shore this morning and those of yesterday were most marked and favorable to the squadron under Commander Pillsbury, which is trying to make landing on the New England coast between Portland, Me., and Provincetown, Mass. While Rear Admiral Higginson and his vessels defend the seaboard. When the sun came up today the atmosphere was clear as it could be and extended observations were made from all signal and lookout stations. Each reported no sign of the enemy. Not long after sunrise the fog set in, dense and impenetrable to the eye, beyond ten or a dozen feet.

By 11 o'clock the fog had lifted and the battleships were seen in their usual positions. Observation in the distance, however, was impossible, owing to a haze which hung low over the water. All the signal and lookout stations reported during the forenoon, showing that the message system was intact. All the scout boats were heard from before 11 o'clock, either at the station here or on board the Kearsarge.

**STRIKE SITUATION.**

**A Terrible State of Affairs in the Coal Regions of Pennsylvania.**

Wilkesbarre, Pa., Aug. 22.—The Butler washery and the Dodge colliery, of the Delaware Lackawanna & Western company, in which operations had recently been resumed, were closed today by the striking miners. It is asserted that all through the night strikers in ambush kept up a continuous fire on the Butler washery and the shed in which the workmen slept. Not being afforded sufficient protection, the men say they decided to suspend operations. Eighty workmen had been employed at the Dodge colliery and the strikers prevailed upon them to leave the workings.

Tamaqua, Pa., Aug. 22.—Today the mine workers sent a petition to Governor Stone, asking that the troops be recalled. It is rumored that the Lehigh Coal & Navigation company is preparing to mine coal under the protection of the troops.

Chicago, Ill., Aug. 22.—Anthracite coal advanced to \$9 a ton here today.

**Coal Advanced.**

Another Limited Train Wrecked.

Fort Scott, Kan., Aug. 22.—The Frisco southern limited train, south bound, heavily laden with passengers, was derailed at Edwards Junction, while running thirty miles an hour, some one having driven a spike between the switch rails. Engineer and fireman were injured, but none of the passengers were hurt.

**San Juan Republicans.**

Farmington, N. M., Aug. 18.—At a meeting of the San Juan county republican central committee, held at Aztec, August 16, the fusion element were sadly wanting, resulting in R. H. McKinley being elected chairman and A. Sever secretary, vice the two former officers now non-residents of the territory.

The primaries were ordered to be held Saturday, August 30, and the county convention at Farmington, Saturday, September 6, when a straight republican ticket would be placed in the field, the first in six years.

**Released From Jail.**

New York, Aug. 22.—Peter Power, who was named as complainant in the suit to prevent the turning over of Northern Pacific stock to the Northern Securities company, and sentenced to thirty days' imprisonment for contempt of court in failing to obey a subpoena to testify, was released from Ludlow street jail today. Power gave evidence yesterday before Special Examiner Mable and his lawyer pleaded today. This should relieve him of the charge of contempt.

Hon. Alexander Read, from Tierra Amarilla, is in the city, and favored this office with a pleasant call.

**REPUBLICAN COMMITTEE.**

**Well Attended Meeting of Members Here This Morning.**

**RATON CHOSEN.**

The territorial republican central committee met pursuant to the call of the executive committee promptly at 10 o'clock this morning at the office of the sheep sanitary board in the N. T. Armijo building.

The committee was called to order and upon roll call the following answered to their names:

Frank A. Hubbell, chairman; Jose D. Sena, secretary; Solomon Luna, treasurer.

**Executive Committee—E. L. Bartlett,**

proxy for Max Frost; Solomon Luna, T. B. Catron, Thomas Hughes, R. E. Twitchell, Martin Lohman.

Members of Central Committee—Bernallillo county—Alejandro Sandoval, F. A. Hubbell; Colfax—Chas. M. Bayne, J. van Houten, proxy for H. B. Stewart; Dona Ana—H. B. Holt, proxy for H. D. Bowman; Eugene Van Patten; Grant—W. H. Jack for himself and proxy for Joe E. Sheridan; McKinley—Stephen Canavan for himself and proxy for Gregory Page; Rio Arriba—L. B. Prince, Alexander Read; San Juan—C. V. Safford, proxy for J. N. McDermott, and Granville Pendleton; San Miguel—Cleofes Romero, proxy for Secundino Romero and C. A. Spiess, proxy for J. S. Clark; Santa Fe—J. D. Hughes, T. B. Catron; Socorro, W. E. Martin, proxy for H. O. Bursum, and Esteban Baca; Valencia—J. Frank Chaves, Solomon Luna.

There being a quorum present the committee proceeded to business.

On motion Cipriano Baca and W. H. Greer, duly recommended by the republicans of Luna county, were appointed members of this committee for Luna county.

On motion of Solomon Luna, duly seconded and carried, the nominations as to the place of holding the republican convention being closed, it was ordered by the committee that the republican territorial convention be held at the city of Raton on the 19th day of October, 1902, at 11 o'clock in the morning.

On motion, duly seconded and carried, the 6th day of October was designated as the last day on which county conventions should be held to select delegates to the territorial convention.

On motion, duly seconded and carried, it was ordered that each county have representation at the territorial convention on the basis of one delegate to every 150 votes cast for the republican candidate at the last election.

There being no further business before the committee on motion, seconded and carried, the committee adjourned to meet at the city of Raton on Friday, October 10, at 9 o'clock a. m.

## THE PRESIDENT

**Off on His Tour of New England.**

**WOMEN'S CHRISTIAN ASSOCIATION.**

**A New Industry to be Made Out of Flax Fiber.**

**THE NEEDS OF CITIES.**

Boston, Mass., Aug. 22.—President Roosevelt has begun his tour of New England and the trip promises to be a notable one in the history of this section. The hospitality of the city of Boston has been extended to Presidents Cleveland, Harrison, Hayes, Arthur, Grant and McKinley while they were in office, but President Roosevelt is the first chief executive of the nation to undertake a tour of all the New England states. The president and party will arrive in Boston tomorrow afternoon.

The state has chartered a special car in which will go the adjutant general and several members of the governor's staff. The president will be hospitably welcomed to the borders of the state. Thousands of people will be at the New South Terminal when the train bearing the president arrives, and Governor Crane, Mayor Collins, Senator Lodge and the Massachusetts congressmen. As the president will proceed almost directly to Nahant, where he will pass Sunday with Senator Lodge with a flying trip to Newport, the formalities attending his visit to Boston will be deferred until his return to this city Monday, when there will be a parade through the principal streets of the city. There will be an escort of two troops of cavalry, Troops A and D of the First battalion of cavalry, better known as the National Lancers and the Roxbury Horse Guards. Owing to the president's expressed desire there will be no public reception, but the program for the short visit has been so arranged that everyone who wishes to view the distinguished visitor may have ample opportunity.

**Party Leaves Oyster Bay.**

Oyster Bay, L. I., Aug. 22.—President Roosevelt, accompanied by Secretary Cortelyou, left Oyster Bay this morning for a ten days' trip through New England. The first objective point is Hartford, where the party is to remain until tomorrow morning, when the journey to Boston will be resumed. The tour will be a "swing around the circle" in the fullest sense of the term as the ten days' itinerary has been arranged to include visits to as many large cities and towns as could possibly be crowded into so short a time. While it is not exactly a campaign trip the tour possesses considerable political significance as the visit of the president is expected by the republicans to help swell their majority at the state elections to be held shortly in Maine, New Hampshire, Vermont, Massachusetts and Connecticut.

**To Greet President.**

Hartford, Conn., Aug. 22.—Elaborate plans have been perfected for the reception and entertainment of President, who is scheduled to arrive in Hartford this afternoon. While here the president will be the personal guest of Hon. John T. Robinson, executive secretary to Governor McLean. He will spend the night at Mr. Robinson's home on Asylum avenue and proceed to Providence and Boston tomorrow morning by way of Willamantic. There will be no public reception in Hartford tonight as originally planned, but it is expected that the president will deliver a public address in the Coliseum, the largest hall in the city.

**Steamed Away Under Salute.**

Oyster Bay, N. Y., Aug. 22.—President Roosevelt left Oyster Bay this morning on the Sylph for New Haven for his tour of New England. The party aboard consisted of the president and Mrs. Roosevelt, Ethel Roosevelt, Secretary Cortelyou, Dr. Lang, the president's physician, two stenographers and two messengers. Citizens of Oyster Bay fired a presidential salute from an anvil as the Sylph steamed away.

**President at New Haven.**

New Haven, Conn., Aug. 22.—President Roosevelt arrived here on the yacht Sylph at 1:20 p. m.

**Stopped at New Haven.**

New Haven, Aug. 22.—Mayor John P. Studley and committee from the board of aldermen greeted the president and his party and conducted them

to carriages. Troop A, Connecticut national guard, constituted the military escort. The program provided for nothing but a drive and the progress of it took the distinguished visitor through the slums, factory quarters and the center of the city. The shops were closed and the city was gaily decorated.

The president's train left the Belle dock yards promptly at 2:30 p. m. The president stood on the rear platform and bowed repeatedly to the throngs. The locomotive and factory whistles sounded parting salutes for several minutes.

**CHRISTIAN WORKERS.**

Young Women's Christian Association Convenes at Lake Geneva.

Lake Geneva, Wis., Aug. 22.—The twelfth annual summer conference of the Young Women's Christian association, which began here today, has attracted the usual gathering of association workers, the attendance from Illinois, Nebraska, Minnesota and Wisconsin being particularly large. The conference sessions are to continue ten days. Among the prominent speakers to be heard are Miss Mary L. Babcock, secretary of the New York association; Dr. Charles Cuthbert Hall, president of Union Theological Seminary; Don O. Shelton, of the International Young Men's Christian association; Dr. W. W. White, president of Montclair Bible school; Miss Agnes Hill, general secretary of the Young Women's Christian association of India, and Dr. W. F. Oldham, secretary of the Missionary society of the Methodist Episcopal church.

**JOHN T. BARRACLOUGH.**

**His Death Occurred at Oakland, California, This Morning.**

**CAUSE WAS BRIGHT'S DISEASE.**

C. A. Hawks, manager of the Crystal Ice company, received this morning the following dispatch from K. L. Phelps, dated from Oakland, Cal.: "John T. Barracough passed away this morning at 5 o'clock."

For many years the deceased was a member of the well known hardware firm of E. J. Post & Co., coming here as a member and the local manager of the firm from Trinidad, Colo. In the early days of Albuquerque. A few months ago he sold out his interests in the business to Wm. McIntosh, and although the old firm's name is still retained the owners are Messrs. C. F. Myers and Wm. McIntosh.

For the past eight or ten years Mr. Barracough with his wife, made his residence in Oakland, Cal., where the lower altitude and salt breezes from the ocean proved beneficial to their health.

The deceased was the principal owner of the Crystal Ice company's works and recently added to the plant a natatorium at a considerable cost. Besides these enterprises, Mr. Barracough was the owner of other valuable real estate, not only here but elsewhere, especially in Oakland. He was considered quite wealthy.

It is understood here that his death has been had for several months, and that his death was the direct result of Bright's disease.

**FLAX STRAW.**

**Experiments Being Made with Flax Fiber for Twine.**

Fargo, N. D., Aug. 22.—Secret experiments with flax fiber for binding twine have been so successful that indications now are an industry will be developed in the northwest which will save the farmers millions of dollars annually. Since the development of the flax fiber mills in this state progressive farmers concluded that the tow could be converted into a form of binding twine. Tests were quietly made until recent experiments show a grade of twine of lighter weight and far superior quality to the best qualities now on the market. North Dakota raises more flax than all other sections of the United States and the millions of tons of straw can be converted into tow here and shipped to the twine factories and converted into the much desired product. It is believed that the new plan of manufacturing would be much cheaper and that a supply adequate to the needs of all the northwestern states could be turned out.

**Corbett in Training.**

Cincinnati, Ohio, Aug. 22.—Young Corbett with his manager and trainers, arrived today and took quarters temporarily at a hotel. This afternoon he began to look for training quarters. It is probable that he will secure a place on Prince Hill, where Jeffries was in training for the fight which was ended here.

## TO COMMEMORATE

**Death of President McKinley to be Observed.**

**DYING BAND MASTER'S REQUEST.**

**Silk Mills Strikers of Jersey City Return to Work.**

**MEETING OF TEXAS EDITORS.**

Buffalo, N. Y., Aug. 22.—Mayor Knight has issued a proclamation suggesting that on Sunday, September 14, the first anniversary of the death of President McKinley, memorial services be held in all the churches of Buffalo and the city be draped with the flag of our country. He appointed a committee to arrange for other special observances, and suggests that the day following the anniversary special exercises be held in the public schools.

**Celebrated Bandmaster Dead.**

St. Joseph, Mo., Aug. 22.—Samuel Pryor, founder of Pryor's band, and father of Arthur Pryor, celebrated trombonist, now touring with Sousa, died today of gastric disease. In response to request of the dying bandmaster, his musicians played lively for him as he passed away.

**SENSIBLE STRIKERS.**

**They Return to Work in Silk Mills of Jersey City.**

New York, Aug. 22.—About 300 strikers who quit work in the silk mills of Jersey City in sympathy with the Paterson strikers returned to work today. It is expected that others will soon follow suit.

**Texas Editors Talk Shop.**

Gonzales, Texas, Aug. 22.—The South and West Texas Press association is celebrating the completion of its first decade of existence by holding the largest meeting in its history. When the gathering was called to order this morning by President D. L. Beach there was a full muster of the members. Many of them are accompanied by their wives and families. After the work of the meeting has been concluded tomorrow the editors will go on an excursion to El Paso and Cloudcroft.

**NEEDS OF CITIES.**

**Annual Meeting of American League of Municipalities.**

Grand Rapids, Mich., Aug. 22.—An enjoyable program of entertainment is being arranged for the mayors, councilmen and other city officials who will be here from all parts of the country next week for the sixth annual meeting of the American League of Municipalities.

The business sessions will continue three days. Subjects announced for discussion include municipal ownership in practice, fallacies of municipal ownership, sewage disposal, control of public service industries, assessment and collection of taxes, remuneration of cities for franchise rights, public parks, police and fire alarms, municipal water supplies, contract systems, street paving, municipal expansion and English municipal conditions.

Advices received by the committee in charge of the local arrangements for the gathering indicate that the attendance will exceed that at any previous meeting of the league.

**LOCAL PARAGRAPHS.**

Miss Nellie Hazledine is reported seriously ill.

Fred Otero was a passenger north this morning.

Mayor Charles F. Myers and family returned last night from a pleasant sojourn at different eastern cities.

Nabor Mirabal, the well known sheep raiser and ranchman of San Rafael, Valencia county, is in the city today.

Tony Michelbach has sold one of the fine horses he brought from Flagstaff, Arizona, to Herman Bluecher, the gardener.

Hon. Martin Lohman, of Las Cruces, came in from the south this morning and attended the republican central committee meeting.

Major W. H. H. Llewellyn and Major Van Patten attended the republican central committee meeting this morning as committeemen from Dona Ana county.

Jerry Leahy, the eloquent district attorney of Raton, and Mr. J. van Houten, of that enterprising city, are here, and helped to secure the location of the territorial republican convention at Raton.

Territorial Republican Central Com-  
mittee Call.

To the members of the Territorial Re-  
publican Central Committee of New  
Mexico:

You are hereby notified that a meet-  
ing of the territorial republican central  
committee of the territory of New  
Mexico will be held in Albuquerque on  
Friday, August 22, 1902, for the pur-  
pose of fixing the date and place to  
hold the territorial republican con-  
vention to nominate a candidate for de-  
legate to the Fifty-eighth congress of the  
United States and for the considera-  
tion of such other matters as may  
properly come before said committee.  
It is hoped that all members will be  
present at said meeting, as matters of  
importance for the interest of the re-  
publican party of the territory will be  
considered. Very truly yours,  
FRANK A. HUBBELL,  
Chairman Territorial Republican Cen-  
tral Committee.

For Delegate to Congress  
B. S. RODEY.

Reports from every portion of New  
Mexico indicate a big republican vic-  
tory in this territory in November.

Now is a good time to settle all re-  
publican discussions in this territory.  
There are nearly 25,000 stockholders  
in the St. Louis World's Fair organiza-  
tion.

The democrats who are reviling the  
trusts appear to have forgotten how  
the democrats surrendered, horse, foot  
and dagger, to the demands of the  
sugar trust, when the Wilson bill was  
before the senate.

The republicans of New Mexico favor  
honest elections and a fair court  
whether under a territorial or a state  
government. They also believe in  
minority party representation on reg-  
istration and election boards whether  
territorial or state.

It is not very necessary to urge the  
people in the territory to do their part  
at the New Mexico fair, but what  
about those in the city? They should  
not by any means let such grand op-  
portunity as this be neglected in the  
slightest degree. Let us have the best  
possible exhibits in all the depart-  
ments, including those of art and the  
industries.

It is proposed by those high in au-  
thority in Grand Army circles, to make  
Washington the permanent headquar-  
ters of the order. It is thought that on  
account of the advanced age of most of  
the members of the organization that  
the reunions of the future will be more  
in the nature of business meetings  
than at present, and that Washington  
will be easier of access and better  
than other cities.

## VICTORY OF PEACE.

The cordial greetings exchanged on  
Sunday last between King Edward,  
Lord Roberts and General Kitchener  
on the one hand, and the Boer generals  
on the other, is a noteworthy illustra-  
tion of the growth of mutual respect,  
of a sense of fraternity and of a spirit  
of kindness among the civilized na-  
tions of the world. Not many weeks  
ago these generals were fighting Rob-  
erts and Kitchener most desperately in  
South Africa. Now the British offi-  
cers meet them and greet them with

the greatest cordiality. The king, we  
are told "spoke of the gallant and  
brave manner in which the generals  
had fought through the long and ardu-  
ous campaign, and of the consideration  
and kindness with which the generals  
had treated British wounded. His ma-  
jesty," it is added, "expressed his  
warm wishes for their future."

The reason why some advertising  
will not pay in August is because the  
merchant is likely to strike for big  
things and not watch for the little  
ones. It is important to have a lot of  
small things that will appeal to the  
immediate needs of the purchaser and  
to push those small needs so that in  
the volume of small purchases there  
may be a large amount of business  
done.

The report of the pension office at  
Topeka, one of the most important  
distributing offices of the pension bu-  
reau, shows a falling off in the amount  
of money paid out. The high mark  
has been reached and passed. It is a  
notable and remarkable event, and  
withal a sad one, for it shows that  
there must lately have been a large  
number of deaths among those aged  
and disabled men to whom the country  
owes not only pensions but gratitude.

## HIGHWAY TO SUCCESS.

If you toot your little tooter and then  
lay aside your horn, there's not a soul  
in ten short days will know that you  
were born. The man who gathers  
pumpkins is the man who plows all  
day, and the man who keeps it hump-  
ing is the one who makes it pay. The  
man who advertises with a short, sud-  
den jerk, is the one who blames the  
editor because it didn't work. The man  
who gets the business is the one who  
takes a long and steady pull and keeps  
the local paper from year to year quite  
full. He plans his advertising in a  
careful, thoughtful way, and keeps for-  
ever at it until he makes it pay. He  
has faith in all the future, can with-  
stand a sudden shock, and like the  
man of Scripture, has his business on  
a rock.—Western Advertiser.

## THE MOROS.

The disorder on the island of Min-  
danao, which General Chaffee is deal-  
ing with, is nothing new. Spain was  
never able to force more than a shad-  
owy sovereignty there, and people who  
ventured outside the garrisoned posts  
did so at their own risk. A few years  
ago, when a new Spanish governor at-  
tempted to levy a tax on the inhabit-  
ants, he and his garrison were killed  
and the town destroyed. Generally  
Spain pursued a let alone policy to-  
ward them, and was satisfied to sup-  
press piracy in the vicinity of the is-  
land and to maintain a few garrisoned  
posts.

Mindanao, it will be remembered, is  
the largest of the southern islands of  
the Philippine group. It is about two-  
thirds as large as Luzon. Its Moro  
inhabitants are connected in no way  
with the Christian Filipinos of Luzon  
and the northern islands. They are  
descendants of the Mohammedan natives  
of Borneo, who invaded the Philip-  
ippines at about the date of the Span-  
ish occupation. For two centuries they  
were a great annoyance to the Phi-  
lipinos and Spaniards through their pi-  
ratical raids. On these expeditions  
they would descend on the coast of the  
northern islands, murder all the men  
they could find and carry off the women  
and children into slavery. A quar-  
ter of a century ago the Spanish intro-  
duced light draft gunboats to patrol  
Mindanao, and so put an end to the  
raids.

## REPUBLICAN COMMITTEE.

The territorial republican central  
committee held a well attended and  
harmonious meeting in this city this  
morning. An except two or three of  
the smaller and remote counties were  
represented. Raton was unanimously  
chosen as the place for holding the  
territorial convention to nominate a  
delegate to congress, and the 16th  
of October the time for that important  
event. The representation was fixed  
at one delegate to said convention for  
every 150 votes cast for Delegate Rodey  
two years ago, and one for every  
fraction over 75. This gives twenty-  
two to Bernalillo, which is the banner  
republican county of the territory. The  
committee declined to consider the  
minor differences said to exist in Santa  
Fe and San Juan counties, deciding  
that it was the province and duty of  
the republicans of those counties to  
regulate such matters.

## TRADE AND THE FLAG.

Definite figures of the commerce of  
the United States with its non-con-  
tiguous territory during the fiscal year  
just ended, are now completed by the  
treasury bureau of statistics. They  
show that Porto Rico took from the  
United States in the fiscal year 1902,  
merchandise valued at \$10,719,444 com-  
pared with \$1,988,888 in 1897 and that  
the shipments to the United States from  
Porto Rico in the fiscal year 1902  
were \$8,279,422 compared with \$2,181,  
024 in 1897.

To the Philippines exports were \$5,  
261,867 in 1902 compared with \$4,597  
in 1897 and the imports from the Phil-

ippines were \$6,612,700 in 1902 com-  
pared with \$4,883,740 in 1897.

To the Hawaiian Islands the exports  
in 1900 were, according to the best es-  
timates of the collector at Honolulu,  
\$19,000,000 in 1902 compared with \$4,  
690,075 in 1897 and the receipts of mer-  
chandise into the United States from  
Hawaii in 1900 were \$24,700,429 com-  
pared with \$13,687,799 in 1897.

To Porto Rico, Hawaii and the Phil-  
ippines combined, the shipments in  
1902 were \$34,971,311 in value com-  
pared with \$29,252,563 in 1897. Shipments  
by the government for its troops or of-  
ficers are not included in the above  
figures.

The figures published by the bureau  
of statistics in the Monthly Summary  
show the shipments from the United  
States to its non-contiguous territory  
and furnish an opportunity to deter-  
mine the principle articles in which  
this large growth has occurred. To  
Porto Rico the principal shipments  
were cotton goods, iron and steel man-  
ufactures, breadstuffs, rice, provisions,  
wood and manufactures, leather and  
manufactures, fish, mineral, oils and  
vegetables. To the Philippines the  
principal exports were manufactures  
of iron and steel, provisions, bread-  
stuffs, cotton manufactures, mineral  
oils, paper and manufactures, malt li-  
quors and manufactures of leather.

## ELECTRICAL POWER.

Science is advancing rapidly in the  
matter of transmission of electrical  
power.

It is now entirely practicable to gen-  
erate electricity by water power and  
convey it without appreciable loss to  
far distant points.

The success of the experiment at  
Niagara has long since been establish-  
ed.

The city of Buffalo now gets power  
for manufacturing, lighting and all  
other purposes for which electricity  
may be used, from this source.

Sacramento, Pomona, Los Angeles,  
San Bernardino and other places in  
Washington, Butte, Salt Lake City,  
Colorado Springs and Ouray, Colo.,  
are among other cities drawing elec-  
tricity light and power from distant  
plants run by water.

In California, besides, there are be-  
ing established great systems which  
will transmit power from mountain  
waterfalls to Stockton, San Francisco,  
Oakland, Sacramento and Nevada  
City.

For San Francisco 60,000 volts will  
be carried 162 miles.

Chicago is also preparing to use the  
water power of its \$55,000,000 drainage  
canal, from which it is expected to get  
electricity sufficient for all municipal  
purposes as well as for large manufac-  
turing use.

Albuquerque should be lighted by  
power from White Rock canyon on the  
Rio Grande.

## A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker,  
of Bookwater, Ohio, "an infant child  
of our neighbor's was suffering from  
cholera infantum. The doctor had  
given up all hopes of recovery. I took  
a bottle of Chamberlain's Colic,  
Cholera and Diarrhoea Remedy to the  
house, telling them I felt sure it would  
do good if used according to direc-  
tions. In two days' time the child had  
fully recovered, and is now (nearly a  
year since) a vigorous, healthy girl.  
I have recommended this Remedy fre-  
quently and have never known it to  
fail in any single instance." For sale  
by all druggists.

## JEMEZ & SULPHUR HOT SPRINGS

Carries the U. S. mail; only line with  
a change of stock en route; good rigs,  
horses and drivers; leaves Albuquerque  
every Tuesday, Thursday and Sat-  
urday at 5 a. m. For particulars ad-  
dress W. L. Trimble & Co., agents, Al-  
buquerque, or J. B. BLOCK, proprie-  
tor, Jemez.

## "DIAMOND ICE."

If you purchase a Chickering piano  
of the Whitson Music company you  
need not hesitate to tell your friends  
you have a genuine Chickering. Es-  
tablished in Boston, Mass., in 1823.

"Diamond Ice," delivered in any  
quantity and at all times during the  
day.—Southwestern Brewery & Ice Co.

## The Suit Bargain of the Season.

75 dozen of the nicest Wilson Bros.  
percale and madras negligee shirts,  
worth \$1.25 and \$1.50, now on sale at  
95 cents. Don't miss this opportunity.  
—Simon Stern, the railroad avenue  
clothing.

The Whitson Music company has se-  
cured the agency for the Chickering  
pianos. We have received our first  
shipment. Musicians are invited to  
call and see the genuine Chickering  
piano.

## Only a Few Left.

We have succeeded in disposing of  
most of our summer suits, but have  
some few very desirable ones on  
hand, which we offer to close at only  
\$7.50 per suit. They are worth seeing.  
—Simon Stern, the Railroad avenue  
clothing.

## Use Allen's Foot-Ease.

A powder to be shaken into the shoe.  
Your feet feel swollen, nervous and hot  
and get tired easily. If you have smart-  
ing feet or tight shoes, try Allen's  
Foot Ease. It cools the feet and makes  
walking easy. Cures swollen, sweat-  
ing feet, ingrowing toe nails, blisters  
and callous spots. Relieves corns and  
bunions of all pains and gives rest and  
comfort. Try it today. Sold by all  
druggists and shoe stores for 25c.  
Don't accept any substitute. Trial  
package free. Address Allen M. Olm-  
stead, Le Roy, N. Y.

"Let the GOLD DUST twins do your work."

Whether it is delicate lace cur-  
tains or heavy blankets and quilts  
that need washing,

**Acker's Blood Elixir positively cures** chronic blood poisoning and all scrofulous affections. At all times a scrupulous system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

**Base Ball at Santa Fe.**  
It has been definitely arranged that the Las Vegas base ball team, R. E. Twitchell, manager, will play the Santa Fe Central team in this city on Sunday, August 31. The Las Vegas team and those accompanying it will leave the Meadow City at 6 o'clock in the morning, getting here at 10 o'clock, remaining here until 9 o'clock in the evening, when the special train will return with them. A first class game is anticipated.—New Mexican.

**Look Pleasant, Please.**  
Photographer C. C. Harlan, of Eaton, Ohio, can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by all druggists.

**JONES PROMOTED.**  
Made Assistant Superintendent of Telegraphs of Santa Fe.

Circulars were issued yesterday by C. H. Gaunt, superintendent of telegraphs of the Santa Fe, announcing the appointment of L. M. Jones, of Topeka, as assistant superintendent of telegraphs. Mr. Jones' headquarters will continue to be in Topeka. He has been serving as chief clerk in the superintendent's office for about seven years.

Walter N. Knowd, wire chief, has been promoted to the position of chief clerk, succeeding Mr. Jones.

G. D. Hood, formerly wire chief for the Northern Pacific at Helena, Mont., has been appointed wire chief and manager of the Topeka office.

The position of assistant superintendent of telegraphs of the Santa Fe is created by Superintendent Gaunt, and the change will give one additional employee in the office at Topeka.

L. M. Jones, the new assistant, is well known in Topeka. He commenced work for the Santa Fe road on November 3, 1890, as night operator at Neesho Rapids, Kan. From there he was sent to Arkansas City as operator, and on April 20, 1891, he was given a position as clerk in the superintendent's office here. On January 1, 1895, he was

appointed chief clerk, which position he has held up to the present time. W. N. Knowd recently came to Topeka from St. Paul, where he was assistant wire chief in the St. Paul office of the Northern Pacific.

**Physician and Druggists.**  
Ford & Sturgeon, a prominent drug firm at Rocky Hill Station, Ky., writes: "We were requested by Dr. G. B. Snigley to send for Herbine for the benefit of our customers. We ordered three dozen in December, and we are glad to say, Herbine has given such great satisfaction that we have duplicated this order three times, and today we gave your salesman another order. We beg to say Dr. G. B. Snigley takes pleasure in recommending Herbine." 50c bottle at Cosmopolitan Pharmacy—B. Ruppe.

**Free Lunch.**

### CLOUDCROFT

**The Roof Garden of the Southwest.**  
The season at Cloudcroft will open on June 1, the lodge, dining hall and lunch counter having been placed under the able management of the popular hotel proprietor and manager, Geo. Waterman.

The fame of Cloudcroft as the premier summer resort of the southwest has been heralded far and wide, and patrons may rest assured its reputation will not be allowed to suffer this year. Extensive improvements have been made in the way of accommodations and out door as well as indoor amusements and entertainment.

For a booklet regarding Cloudcroft, or further information regarding this summer resort, call on nearest coupon ticket agent, or address:  
A. N. BROWN,  
G. P. A., E. P. & I. Route,  
El Paso, Texas.

Franks, valises, hand bags, suit cases, telephones, largest variety in city to select from.—Golden Rule Dry Goods Company.

### THE LITTLEFIELDS.

Will Drive Immense Herds of Cattle to Canada Pastures.

### A WONDERFUL HISTORY.

The great Littlefield Cattle company of Pecos valley, New Mexican and Texan Panhandle ranges, is preparing to remove its big graded Hereford and Shorthorn herds to far northern pastures in the British possessions.

The company has leased at 2 cents per annum for twenty-one years, 1,000,000 British acres of grass lands, the lease price also, it is said, covering all cattle and range taxation.

Three hundred miles of three-wire barbed fence will be built, at a cost of \$50 per mile, and the exodus of this great southern herd will begin next year with the placing on the new northern ranges of 5,000 head of select stock, accompanied by 250 head of registered Hereford and Shorthorn males.

Six or seven years will be consumed in herd removal, the process including the maturing and marketing of heaves and in the meantime the securing of the greatest possible number of eligible she cattle for the new pasture stocking.

The Littlefield stock herds count about 50,000 head with a branding this year in excess of 15,000 calves, the company also buying each year a large number of yearling steers and thus providing an annual marketing of 2-year-old heaves.

The New Mexican and Texas Littlefield land holdings approximate three-quarters of a million acres, their Pecos valley ranges boasting a frontage of fourteen miles on the Pecos river.

The company also owns a 1,400-acre hay and orchard farm three miles from Roswell, N. M., the farm pastures being stocked with thoroughbred Herefords and Shorthorns.

It is said that the Littlefields last year refused \$1,800,000 for their total land and cattle holdings, while, during its twenty years of occupancy of its present ranges, this great company has marketed in excess of \$7,000,000 worth of heaves.

The new northern Littlefield ranges are subject to the mild Pacific trade winds, while the grass—black gramma chiefly—is said to be so luxuriant that tons of hay per acre can be cut on the open ranges—five tons being produced in choice localities.

**A Registered Family.**  
The Littlefield family itself is of "registered" stock, coming down through generations with strong individual markings on every page of the family pedigree.

When the last century was in its infancy a Littlefield left Tidewater, Va., and blazed an adventurous path to the south, finally settling in northern Georgia. Here he married and flourished in sons and daughters and from this family there went forth on the trail to new lands Fleming Littlefield, who was to grow famous as the most fearless fighter and quickest and deadliest shot on the Mississippi and Tennessee borders. In a "difficult" growing out of the Cherokee Indian troubles of 1833, Littlefield killed nine men, making on this occasion the record of being the only man ever killing two antagonists with one pistol shot.

Fleming Littlefield finally settled in Gonzales county, Texas, and from the old Gonzales homestead went forth in their turn on that never ending American trail to new lands, new scenes and new ventures—the brothers George

## MyStomach

"It feels so uncomfortable. Food distresses me. I get blue and despondent. I fear it is my heart. But my doctor says it's my stomach." And what did your doctor tell you to take? Ayer's Sarsaparilla? Quite likely, for he knows.

When the liver is wrong, everything is wrong. The digestion is weak. The disposition is weak. The nerves are weak. Nothing acts well. Just one of Ayer's Pills each night will make these wrong things right.

25 cents. J. C. AYER CO., Lowell, Mass.  
and William Littlefield—the former being now the senior member of the Littlefield Cattle company, president of the American National bank, of Austin, Texas, and five times millionaire, while the latter, "Uncle Billy," as everybody calls him, and he loves to be called, is the resident Littlefield of the company's cattle ranges.

Young George Littlefield, the only son of Uncle Billy, and also the heir of his namesake millionaire uncle, was a member of Roosevelt's rough riders and did gallant and loyal service in the Cuban campaign, thus showing that the lapse of generations has no effect in taming the adventurous spirit which followed the first trails of conquest, settlement and civilization from Virginia's tidewater to the Lone Star prairies.

**All Were Saved.**  
"For years I suffered such untold misery from bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for consumption. My wife suffered intensely from asthma, till it cured her, and all our experience goes to show it is the best cough medicine in the world." A trial will convince you it's unrivaled for throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

**Curtains! Curtains! Curtains!!!**  
We are now going up to date lace curtains in Brussels net, Irish point, Arabian net, Nottingham, Bobbinet and muslin. Albert Febar, 205 Railroad avenue.

## Notes from Correspondents

## LAS VEGAS.

County Institute in Session—A. Brakeman Deserts His Family—Narrow Escape from Death.

## Special Correspondence.

Las Vegas, N. M., Aug. 21.—The county institute, which is being held at the normal school, is one of the most successful in number of attendance and work that has yet been held in San Miguel county. There are about thirty in attendance, two of whom are from Guadalupe county, where they have no institute. Prof. W. B. Givens, professor of manual training and physical culture at the normal, is conducting the work. These institutes are made compulsory by law, and the teachers meet together to discuss methods and school work, and prepare for the examination which will be on the 28th inst. The larger number of those in attendance are from Las Vegas, but the neighboring towns, nearly all, contribute an attendant or two. The sessions are held in the forenoon and began Monday.

Miss Jessie Lopez returned this afternoon to Santa Fe after a pleasant visit here with her sister, Mrs. Ben Romero.

Mrs. M. McElroy returned last night on No. 8 from her extended visit in San Francisco and Los Angeles. She surprised the boys, as they did not look for her on that train.

N. B. Roseberry bought the Parker Wells cattle this morning, 121 head for \$2,100. The sale was made privately by A. B. Smith, at the order of the court, to satisfy a mortgage of \$2,500. The balance, \$400, and the costs, which are considerable, will be assessed against the ranch, and enough sold to satisfy all the claims.

Harry Byerly, the cashier at the Castaneda, who has just resigned, will leave on No. 8 tonight for Kansas City and points east.

The steady downpour of rain this afternoon has made everybody happy, and they are enjoying the treat.

Col. R. E. Twitchell went down to Albuquerque this afternoon to attend the republican committee meeting there tomorrow. He will also talk a little base ball on the side and try and get the Browns here for Sunday. He has given them the exceedingly liberal offer of guaranteed expenses and half of the gate receipts, the latter which would be very large owing to the friendly rivalry between the clubs.

W. B. Twitchell left this afternoon for the Hamilton mine, eighteen miles from Moriarty. Mr. Twitchell goes there to take out the twenty feet of water which has accumulated in the shaft and investigate the outlook and ore in the mine, which is valued at about \$50,000.

C. H. Kirkpatrick, of Mogollon; Socorro county, has been appointed by Judge Mills, United States commissioner, to look after the affidavits and proofs of land entries.

A. Gavesinger and Will Stuart returned yesterday from the Blue canyon, where Mr. Gavesinger located the Augusta claim, the second to the left of the old Blue shaft. The developments in the shaft of the Blue give encouragement the farther down Mr. Stuart goes. He is down forty feet now. The work is slow as the sliding of the old shaft has to be replaced as fast as they go down. The work is rather hard as the ground is not solid, but rather of a sliding nature, and the excavations have to be made carefully, and the dirt taken out by the bucketful.

Conductor H. B. Hubbard and wife returned yesterday evening from their month's vacation in Colorado among the resorts.

Dave and Maurice Sandoval left today for Lawrence, Kas., where they will attend the Haskell institute.

Mrs. Lott, who has been visiting her sister, Mrs. G. H. Rhodes, returned yesterday to her home at Muncie, Indiana.

Mr. and Mrs. Henry Chapman returned yesterday from a trip to Colorado, where they took in the many resorts. They were gone a month.

George Langenborg, the forest inspector, left today for Santa Fe to confer with Governor Otero regarding an order he received from the interior department at Washington, giving permission to the residents of Rio Arriba county, who live near the forest reserve, to pasture their sheep on the reserve, on account of the terrible drought which that county is experiencing. The communication, which was by telegram, stated, though, that not more than 5,000 head would be allowed on the reserve, and only the sheep of the smaller owners.

Mrs. Henry C. Young has returned from her visit to Dayton, Ohio, where she visited relatives for several weeks. There is a rumor circulating that Arthur Hindman, a fireman on the Santa Fe, has left his wife and child here in Las Vegas. Mr. Hindman failed to stop off here Sunday when his run ended, but went on to Albuquerque. Mrs. Hindman was at the station to meet him, but she did not see him, and the rumor gained ground that he had deserted his family. This does not seem to be the case, however, as she received a telegram from her husband last night. The railroad boys, some of them, are taking the matter up, and his actions will be investigated. It is rumored that his actions were caused by some of his creditors here, and this most probably is the solution of the case.

Mrs. L. Rosenwald, wife of Dr. Leon

Rosenwald, of Kansas City, arrived last evening on No. 7 with her baby and will visit L. Rosenwald, of this city.

Prof. L. C. Butcher returned last evening from a trip up to Raton, where he has been a short time.

Word was received yesterday afternoon that Wynne Glassford, who is one of last year's normal graduates, had passed successfully his examination for entrance to the Annapolis naval school.

Mrs. E. W. Rendleton and daughter, Miss Helen, arrived here yesterday evening from Fairfield, Illinois, for a visit with her sister, Mrs. L. R. Allen.

Theron Thompson, a member of the firm of the Thompson Hardware company, of this city, but who is a resident of Muscatine, Iowa, who has been visiting his brother here with his family, returned to his home today after a stay of five weeks in the city.

Jerome Kunkel has located the Centepede claim in the mining district about four miles from Moriarty, also the trail mining lode, near by.

The registration poll books have been received from the department at Santa Fe by the probate clerk.

Died yesterday, Mrs. Moffatt, wife of the receiver of the Antonio Delgado ranch at Los Alamos. The cause of her death was consumption and she was buried today.

Marguerito Romero received today the subscription papers for the electric railway from the headquarters in St. Louis, and the committee will soon begin on their rounds.

The foundation and scaffolding for the power house are going up at a rapid rate and can be seen from quite a distance. The construction crew are still working on the springs branch, and expect to complete the setting of the poles clear to the springs by Saturday.

Hon. Chas. A. Spies left last night for Santa Fe and will go on tomorrow to Albuquerque to attend the meeting of the territorial central committee there on Friday. Sheriff Cleofas Romero will go down tonight to attend. It is expected Raton will get the convention.

Max Nordhaus and his guests, Louis Hild and wife, returned today from their stay at Trout Springs and at Harvey's.

M. Harrold and wife have transferred to Travis F. Jones, 200 acres of land lying north of the Sapello river, near Red Hill. Consideration, \$1.

Miss Dollie Perea is visiting Mr. and Mrs. Herbert Romero. Miss Herbert has been to Kentucky to school, and will in a few days return to her home at Bernalillo.

The temperature record for the twenty-four hours ended at 6 o'clock yesterday evening was, maximum, 94; minimum, 48; mean, 71. The mean humidity was 34.

Misses Fleming, Blake, Rowland, Sophie Gilchrist and George Gilchrist left today for Santa Fe, where they will attend the meeting of the Presbyterian mission teachers' institute, which convenes there tomorrow and will last until the 29th inst. Miss Sophie Gilchrist will from there go on to Rincon, where she will teach school this winter, and Miss Rowland and George Gilchrist will stop at Albuquerque.

A young boy had a narrow escape from death this morning near the flouring mill on the springs branch railroad. He belonged to a family who had camped there, they being on their way to Arizona overland. The boy's pony had strayed on the track just as the train was nearing, and he, in an effort to save the pony, ran up on the track and was struck by the engine, thrown in the air over to the next track, where he struck on the rail cutting a gash over the eye and breaking a bone in his left arm. The little fellow pluckily picked himself up and walked away, as if nothing unusual had happened, and he saved the pony, too.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne Co., Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve; one of them measuring twelve inches; the other child was only relieved of four worms."

White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness. 25c. at Cosmopolitan Pharmacy—B. Ruppe.

FROM KENNEDY.

The Camp's First Picnic—Everybody Working Hard.

Special Correspondence.

Kennedy, N. M., Aug. 21.—Kennedy held its first annual picnic last Sunday by a large attendance from neighboring towns, besides an overland excursion from the capital city, among whom we noticed the following well known citizens: Messrs. Lindeman, Sidebottom, Wrightman, Andrews, Pierce and Stevens. Among the lady visitors were Misses Lindeman, Hunsy, Patterson, Bandallier, Koehne and Mugler.

Our officials have engaged a first class cook, housekeeper, etc., to take charge of the cottage and as soon as possible our city will be represented as second headquarters for the Santa Fe Central.

Superintendent Dodge put on an extra force of linemen today and expects to complete the telegraph line to Torrance this week.

Accountant Bergmann moved his

family from Santa Fe here on Friday. Mr. Bergmann thinks this place far ahead of Santa Fe as a residence place from a business standpoint.

Our bridge foreman, Mr. Rheinhardt, reports the trestle across the Galisteo as nearly completed. This is the largest and most expensive bridge on the route.

W. A. Bayer passed the night in our camp on his way back to the general office.

Pay day passed without any mishap and now work is being pushed southward with all possible speed as our citizens wish to visit Albuquerque during Christmas week via the Santa Fe Central if possible.

## Watch for a Chill.

However slight at this time of year and in this climate, it is the forerunner of malaria. A disposition to yawn, and an all tired out feeling even comes before the chill. Herbine, by its prompt stimulative action on the liver drives the malarial germs out of the system, purifies the blood, tones up the system and restores health. 50c at Cosmopolitan Pharmacy—B. Ruppe.

## SANTA FE.

Along the Santa Fe Central—Items From the Various Camps.

Special Correspondence.

Santa Fe, N. M., Aug. 21.—I was down the line yesterday and picked up a few items for the Citizen.

Several carloads of hay and grain are being stored at Arroyo Hondo and also a large supply of provisions, as the camps are getting prepared to move near this place soon. It is only a few miles out of this city.

Camp No. 2 has gone into its new quarters at Gallinas. Last week they struck good water there.

At camp No. 1 they have put a large number of new teams to work in the last few days and several new families are camped there. It is said to have a larger number of tents than any other camp. It is making a good showing for the work that is going on there. You can see men and horses for over two miles working very hard.

Camp No. 4 is at Vega Blanca which is the second station out from here. Everything is progressing fine there. They have nearly finished the work.

W. S. Hopewell was down on very important business to Kennedy yesterday, returning last evening.

R. L. McCance returned from Albuquerque last night after having made a hard trip to Moriarty, then to the metropolis. He reports everything looking fine.

Major Ernest Meyers, of Albuquerque, was in the capital yesterday. He will return to the metropolis today on No. 1.

Ben Meyers was here Tuesday, returning same day.

The telegraph line is nearly completed and we will soon have connections with the extreme end of the line. Superintendent Dodge reports everything favorable.

The Ladies' Board of Trade gave an ice cream social in the plaza on the 19th. We all had a good time, old and young. The Capital band furnished the music.

Col. George Jerry was in the capital Sunday and reports everything connected with him and his gang, which are at Galisteo switch, where he is in charge of the material yards, as being well. There are several carloads of piling, ties and lumber received there every day. He is well known in Albuquerque, having worked ten years for the Santa Fe Pacific, south and west of Albuquerque. He can't be beat as a material agent anywhere in New Mexico and is well liked by all the officials of the Santa Fe Central Railroad company.

Mrs. Rice and son spent two days in the city, taking a rest and also seeing the sights.

J. E. Saint is kept very busy lately buying up fall and winter stocks for all of his commissaries for the coming winter. It is quite a job but Mr. Saint can undertake anything like this with ease.

William Keleher, who came up to relieve Miss Zimmer, manager of the Western Union, has returned home, Miss Zimmer being able to take her place back again.

The best physic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

## SOCORRO.

Attempted Assassination of Juan Telice—Professor Kays on Hand—Surveying of City Lands.

Special Correspondence.

Socorro, N. M., Aug. 22.—C. T. Brown, the mining prince of the Black Range, returned from a ten days' trip to that camp and reports everything looking good there. The camp is destined to be among the leaders as soon as railroad transportation can be had.

General Quinby Vance, ex-surveyor general, of Santa Fe, who accompanied Mr. Brown on his recent trip to the Black Range mining district, remained in the district, his interest being such that he will not return for several days.

H. S. Grimes and wife, of Portsmouth, Ohio, personal friends of Capt. Fitch of the Magdalena mining district, are here today after a visit of several days with the captain. This is Mr. Grimes' first trip to the wild and woolly west. He expresses himself

## ACKER'S

DYSPEPSIA TABLETS

cure dyspepsia and all disorders arising from indigestion. Endorsed by physicians every where. Sold by all druggists. No cure, no pay. 25 cents. Trial package free by writing to W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

as much pleased with the country, which is not so wild, after all, as he had pictured it.

Monday of this week, Juan Telles, while standing in the door of his residence in the west part of town, was shot at three times by some unknown person, the last shot taking effect in the shoulder causing an ugly but not fatal wound. Mr. Telles is one of Socorro's most substantial native citizens. The cause for the attempt on his life is supposed to be from ill feeling by some one of his employees who had recently been discharged. Sheriff Blackington thinks he will round up the culprit in a short time.

Professor Keys, the successor of Prof. F. A. Jones at the school of mines, is in the city preparatory to taking charge at the opening of the term, on September. He comes to the school highly recommended, and this great institution will no doubt prosper under his management. Socorro's citizens feel proud of the school and Professor Keys will have every encouragement possible from them.

Mrs. J. F. Cook and Mrs. George Cook and mother, Mrs. Griffith, returned on Sunday from the Pacific coast, the male members of the Cook family are again happy, as their season of cooking is not what it was cracked up to be, so they say.

District Clerk John E. Griffith, after an extended visit to his Ohio home, has settled down to business again in his usual way.

County Surveyor Jones is here surveying the vacant lands belonging to the city with a view to exchanging some of them for outstanding warrants of the city by the present city administration. The most peculiar part of the move and the one which causes no little comment by the public is the fact that those who cried the loudest some time ago that these same warrants were illegal are now the most pronounced supporters of the move.

As some of the interested parties to this move will no doubt be candidates for office this fall it might be well and it will cause no harm to public interest to have all the light possible turned on the whole transaction.

HOSTETTER'S BITTERS

A dose of the Bitters before meals will sharpen the appetite, tone up the stomach and aid digestion. When taken regularly will positively cure Headache, Flatulency, Indigestion, Dyspepsia, Constipation and Malaria. A trial will convince you.

## CLASSIFIED ADS.

Note—All classified advertisements or rather "liners," one cent a word for each insertion. Minimum charge for any classified advertisement, 15 cents. In order to insure proper classification all "liners" should be left at this office not later than 3 o'clock p. m.

Application for Survey.  
Surveyor General Morgan O. Llewellyn has received application for a survey of township 11 north, range 15 east. The application is made by Severo Tenorio, Sesarlo Bustos and Sixto Gonzales, all of Anton Chico.

Territorial Treasury Receipts.  
Tomas Gonzales, treasurer and collector of Rio Arriba county, has remitted the sum of \$3,268.63 to the territorial treasurer for 1901 taxes.

Articles of Incorporation.  
The Fruitland company of Roswell Chaves county, has filed its articles of incorporation in the office of the territorial secretary. The object of the corporation is the reclamation and ownership of real estate and the use, sale, lease and improvement of same. Location, Roswell, Chaves county. Term of existence, 25 years. Capital stock, \$60,000 divided into 600 shares of \$100 each. The incorporators are: Andrew J. Hobbs, Roswell; W. H. Marker, Tipton, Ind.; and L. H. Gaffey, Roswell. The directors are the three incorporators.

Three spectres that threaten baby's life. Cholera infantum, dysentery, diarrhoea. Dr. Fowler's Extract of Wild Strawberry never fails to conquer them.

Notice to Elks.  
The Albuquerque lodge, No. 461, B. P. O. E., will meet in regular meeting Saturday night, August 23, at 8:30 o'clock. Number of candidates for initiation. All members and visiting Elks are expected to attend the meeting. J. J. Sheridan, secretary.

Shatters All Records.  
Twice in hospital, F. A. Gullledge, Verbana, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues inflammation, conquers aches, kills pains. Best salve in the world. 25c. at all druggists.

T. A. Carr and Cipriano Baca came in from Deming this morning, joining here W. H. Greer. The gentlemen attended the central committee meeting as representatives from Luna county.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Electric Oil relieves the pain instantly. Never safe without it.

## HONEST ELECTIONS.

Republican Declaration on the Subject Meets with Approval.

Hon. L. Bradford Prince, of Rio Arriba county, introduced the following declaration and moved its adoption. The committee, while agreeing entirely with the declaration itself, concluded that the appropriate time for such official expression was at the territorial convention, and referred the declaration to that body for action.

"The republican party from its first organization has been the champion of purity of elections; it has always maintained the right of every citizen to cast his ballot freely and without fear or intimidation, and to have it honestly counted, and the result of such free and fair election carried into effect.

"The enemy of free and fair elections has uniformly been the democratic party, which by the systematized election frauds of Tammany Hall repeatedly reversed the result of elections in the Empire State and in 1884 overthrew the election of James G. Blaine as president; by tissue ballots and Klu Klux intimidation destroyed fair elections in South Carolina and Mississippi; and has now enacted constitutions and laws which disfranchise more than half the citizens of the southern states.

Under these circumstances the attempt of the democratic territorial committee to pose as the advocates of pure elections is the height of absurdity and assurance; but in order to meet its assertion squarely and prevent any possible misunderstanding, this committee, on behalf of the republican party of New Mexico, distinctly declares that it is in favor of the most stringent laws, whether in territory or state, for the preservation of the purity of elections, and the enforcement of the right of every citizen to cast his ballot freely and have it counted honestly, to the end that the declared result may be the exact record of the will of the people.

writes Marion Lee, of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."

Botha in Sympathy.  
Brussels, Aug. 22.—General Botha visited the cemetery of Ixelles today and saw the body of General Lucas Meyer in the mortuary. Botha, who was deeply moved, stood for some time in prayer, and then placed a wreath on the coffin.

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

## IS OLIVER ALIVE?

Manuel Crespin Says He Thinks He Saw Oliver at Escobosa.

## STILL SEARCHING FOR HIM.

George Oliver, the delirious man who wandered away from Camp Whitcomb last Monday morning and was supposed to have died from exposure in one of the many canyons of the mountains which surround the Camp Whitcomb district, may yet be found alive.

Manuel Crespin, a native of considerable intelligence, living at San Antonio, a small town about two miles above the town of Tijeras, in Tijeras canyon, came to the city last night and reported that on Wednesday evening about 5 o'clock a man, excited and restless, swearing and acting in an insane manner, and answering the description of Oliver, passed by the Escobosa saw mill going south. Escobosa is near the head of the south branch of the Tijeras canyon. When Crespin came to town he did not know of the disappearance of Oliver and did not pay much attention to the crazy man that he saw at Escobosa.

The information was secured by Policeman Frank Rossi. Rossi strolled into Pascual's saloon on First street last night and heard the native relating the incident of seeing the crazy man. The policeman caught the cue and questioned Crespin about the man. Crespin said that the man he saw was small in stature, wore a light moustache, a week's growth of beard and had no coat. His clothes were soiled and he talked to himself continually. There is little doubt that the man was Oliver.

Oliver was laboring under the impression that he was wanted in court and was going to be hung. On leaving Camp Whitcomb he would naturally take the road leading down hill toward Tijeras canyon. On reaching the canyon, he would not follow the road toward the city, for fear of being captured. Presumably he would take the easiest and shortest route to get away from the city and Camp Whitcomb. By avoiding the town of Tijeras, he would naturally take the south branch of the canyon, which would eventually lead the delirious man to Escobosa. If Oliver has taken this route in his flight from civilization, there is every reason to believe that he is alive. Water runs in the canyon in a number of places, where even Oliver, in his demented condition, could quench his thirst. Numerous native huts are scattered through the canyon where he could appease his hunger. It is also known that he had money with which to pay for food. The distance from Whitcomb to Escobosa is about fifteen miles.

The good news was received gratefully by Mr. Oliver's friends and a party was formed to follow the clue received.

Harry Cooper, the brick layer, and Tom Dye left here this morning at 7 o'clock, to investigate the Crespin story.

## SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition -- is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S. S. S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system A CONSTANT DRAIN UPON THE SYSTEM.

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviating pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Tolbert, Lock Box 21, Winona, Minn., says: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S. S. S., and it made a complete cure. I have been a perfectly well man ever since."

Send for our free book and write our physicians about your case. We make no charge for this service.  
THE SWIFT SPECIFIC CO., ATLANTA, GA.

## TRANS-MISSISSIPPI.

The Congress Pass Resolutions  
Against the Trusts.

## APPEAL TO ROOSEVELT.

St. Paul, Aug. 22.—Although yesterday's discussion of the trust question, and later the action of the resolutions committee in ignoring the question, has been regarded as the end of the consideration of that problem before the Trans-Mississippi commercial congress, such has proved not to be the case.

When the congress was called to order today for the closing session, J. A. Gardner, of St. Louis, moved the adoption of the resolutions which he presented. These slightly differed from the Wetmore resolutions and precipitated another lively debate. The point of the discussion was more whether the proposition would be generally looked on as partisan action by the congress than on the merits of the case. By the vote of 20 to 19 the resolutions were adopted, as follows:

"Whereas, The trust system has been and is a menace to our republican institutions, and

"Whereas, If allowed to continue to form combinations in restraint of trade and the elimination of competition, the wealth of the entire country will be concentrated in the hands of a few, and

"Whereas, Said combinations are calculated to destroy the hope and ambition of the youth of the country, it being well understood that ambition and hope of the young men of this nation made it great; therefore, be it

"Resolved, By this congress, that the president of the United States be respectfully urged to use all the power vested in his office to the end that the growing power and the influence of the trusts may be destroyed, and be it further

"Resolved, That, if in the wisdom of the national congress the laws now on the statute books are insufficient to suppress this growing evil, other and more stringent and efficient laws be speedily enacted."

"Itching hemorrhoids were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently, after doctors had failed." C. F. Cornwell, Valley street, Saugerties, N. Y.

Having purchased two carloads of fat cattle while in Arizona, I am prepared to furnish the best beef the market affords. Tony Michelbach.

When Other Medicines Have Failed Take Foley's Kidney Cure. It has cured when everything else has disappointed. Alvarado Pharmacy.

Hon. Charles A. Spiess, Sheriff Cleofos Romero, Eugenio Romero and R. E. Twitchell are in the city from Las Vegas. They attended the territorial republican committee meeting.

Hon. E. L. Bartlett, the territorial solicitor general, with J. D. Hughes, arrived last night from Santa Fe and were around today among the local and visiting politicians.

Misses Grace and Jessie Mordy, the attractive daughters of Rev. John Mordy, at Laguna, expect to spend the winter in Albuquerque attending educational institutions.

Fresh tomatoes 10 cents pound at the San Jose Market tomorrow.

## Don't Treat Symptoms

Go after the cause. Stimulants and cathartics will never cure indigestion. They may temporarily relieve the system but the next meal clogs it again. The food should be digested. The nourishment—health—strength it contains should be appropriated—absorbed by the system.

### Children Thrive on Kodol

## KODOL

purifies, cleanses, strengthens and sweetens the stomach. This new discovery digests all classes of food and assists the stomach and digestive organs in assimilating and transforming it into the kind of nourishment that is taken up by the blood and fed to the tissues throughout the various organs of the body. Kodol cures indigestion and dyspepsia, thus removing the cause of all stomach troubles. Kodol gives such strength to the body that it is invaluable in all wasting diseases.

"I wish to thank you for what Kodol has done for me," writes Clifton Orton, Colletti, Ind. "It cured me of dyspepsia after everything else had failed. When I tried Kodol it helped me right away. I cheerfully recommend it."

### Kodol Digests What You Eat.

Prepared by E. C. DeWitt & Co., Chicago. The 21 bottle contains 2 1/2 times as much (by actual measurement) as the total size which sells for 50c.

**DeWitt's Little Early Risers** the famous little liver pills for biliousness or constipation. Safe, thorough. They never gripe.

J. H. O'RIELLY & CO., AND B. H. BRIGGS & CO.

## NEW MEXICO TOWNS

### SANTA FE.

Supreme Court to Meet—Convicts Busy—Quintrell's Raid Revived. From the New Mexican.

The territorial supreme court will meet in this city on Tuesday next. Gavino Ortiz is engaged in delivering 400 cords of wood to the government Indian school.

Associate Justices McFie, Parker and McMillan are busily engaged in writing opinions in cases before the territorial supreme court assigned to them. The territorial law library is being used by them very frequently.

The grand lodge of Free and Accepted Masons of New Mexico will meet in this city on Monday, October 20. The local Masonic bodies are making preparations to entertain the members of the grand lodge in a suitable manner. There are 247 convicts in the territorial penitentiary today. They are kept very busy, the manufacturing of brick being the principal occupation. The health of the inmates of the institution is first class.

In the absence of the pastor, Rev. W. Hayes Moore, the pulpit of the Presbyterian church will be filled next Sunday morning by Rev. R. M. Craig, of Albuquerque, and in the evening by Dr. H. C. Thompson, also of Albuquerque.

The Lemp's Brewing company, of which Henry Krick is agent, will construct a cold storage house and enlarge its present facilities for storing the products of the company. Its buildings are located on the south side and the new store house will be completed before this summer is over.

Mrs. Adams, of Jamestown, N. Y., a sister of H. Tew Warner, who has been here for a week on a visit to her brother and his wife, left this morning with Mr. and Mrs. C. C. Rosewater, of Omaha, Neb., who were here also on a visit to Mr. and Mrs. Warner. She goes with them to Omaha and thence to her home at Jamestown, N. Y.

Today, thirty-nine years ago, Quintrell's raid and massacre at Lawrence, Kan., took place. Mrs. Mugler, of this city, was then a resident of that town and most vividly remembers the awful occurrences of the burning of the town and of the massacre of about 200 of its citizens. Her residence and property were also burned and the family lost all it possessed. Mr. Mugler was one of the citizens of that town who was caught by the raiders and compelled to apply the torch to his own dwelling. He managed to escape and hide in a corn field for a couple of days. Mrs. Mugler is of the opinion that she is the only person, certainly in Santa Fe, and probably in New Mexico, who was an eye witness to that memorable occasion.

### To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I did so, and words cannot tell the good that it did for me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food, you eat. Take a dose after meals. B. H. Briggs & Co. and J. H. O'RIELLY & Co.

### CERRILLOS.

People Returning Home—Professor Wall, of Kansas, Engaged as Principal of School.

H. C. Kinsell came in from the ranch.

Miss Nellie Laird, of Clark, is visiting in town this week.

Col. E. H. Bergmann went out to San Antonio on business.

Miss N. Soliman, of Santa Fe, is a visitor at the home of John Koury this week.

A letter from C. C. Green at Bisbee, Ariz., states that he has been quite sick, but is improving.

The Cerrillos ball team has accepted a challenge to play the San Pedro team next Sunday on the San Pedro grounds.

James Lucas and wife returned from the Hot Sulphur springs, where they have been the past month.

Misses Burt and Amelia Rogers went to Santa Fe, where they will remain two weeks attending the teachers' institute.

F. A. Jones, consulting mining engineer of Albuquerque, transacted business

in town this week and made a pleasant call at this office.

W. W. Atchison and family returned from Santa Fe, he being out on bond to appear at the September term of court.

Mr. and Mrs. Albert Kohler, former residents of Cerrillos, have returned here to live, he having secured a position at the smelter.

A. Young has severed his connection with the smelter company, and is busily engaged doing carpenter work in his shop on Bridge street.

F. Wesley, of Minden, Neb., has taken up his residence in town for the present with the hope of benefiting his health in this beautiful climate.

Some of our citizens have been following the very dangerous practice of fast riding through the streets lately. This is against the law and they should remember that they are liable to prosecution for violating a city ordinance as well as damages for any injury that might result from their action.

We are informed by a member of the school board that the Cerrillos school will open October 1. Prof. A. J. Wall, of Haviland, Kan., has been engaged as principal, while Miss Burt Rogers and Flavio Silva, who taught here last year, will have charge of the primary and Spanish departments. Professor Wall is a graduate of the Kansas university and has had several years' experience as a teacher with marked success and is highly recommended for the place.

### A Physician Healed.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

### GOLDEN.

Working Gold Standard Mine—Old Spanish Coins Found.

From Cerrillos Register.

Roy Green made a business trip to Albuquerque.

Roy Green has sold his coal claim in the Tuerta canon near Una de Gato, Bernalillo county.

It is reported that Miss Tessie Call, of Santa Fe, has been employed to teach the Golden school this winter.

Messrs. W. S. Rishworth and J. D. Hart made a business trip to Santa Fe last Saturday.

Carley and Aranda are working the Gold Standard again, and have placed a new arrastra at the mine for treating the ore as it is taken out.

James Lucas expects to start up his mill again about next Monday. He is taking out some fine ore, and says he is getting some fine copper with the gold where he is working now.

Some men who were dry washing in St. Lazarus gulch, not far from the St. Lazarus mine, found two old Spanish coins last week, one of which was dated 1504, the other 1809. This has created considerable interest and has again raised the question was the old Spanish San Lazarus located near the present workings?

At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

### Angora Goats.

The raising of Angora goats is becoming quite an industry in New Mexico. Sierra county takes the lead and it is estimated that it contains between 30,000 and 40,000 graded animals. Within three years the business bids fair to be a most important one and it

is believed that the number of goats then in New Mexico will not be less than 200,000. The raising of Angora goats has proven most profitable in many sections of Asia Minor and southern Europe and there is every reason to believe that it will be so in this territory.

### A World Wide Reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all druggists.

### FRED MENDENHALL.

Known in This City—Escapes From the Lunatic Asylum.

Fred Mendenhall, who was committed to the insane asylum last June, from the vicinity of Bell ranch, escaped this morning between 8 and 9 o'clock. It is not known how the escape was made, nor in which direction he went, but a search is being made for him today.

Mendenhall has had a checkered career, having been married two or three times, as well as serving time in the penitentiary. His numerous matrimonial adventures might readily account for his misfortunes, were it not that his penitentiary experience occurred before he made his wild and reckless plunges into matrimony. At all events his triple afflictions entitle him to commiseration.—Las Vegas Record.

### A Necessary Precaution.

Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Always inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. B. H. Briggs & Co. and J. H. O'RIELLY & Co.

### NOW FOR THE PRIZE.

Cerrillos and Vicinity Will be at the Territorial Fair.

The time is drawing near for the territorial fair and the district that intends to make a display of their resources should be getting them in line. No part of New Mexico can make a finer mineral exhibit than the southern part of Santa Fe county, and we have a fine beginning in the last year's exhibit which has been preserved for this purpose. If our citizens will take hold and bring in samples to go with it we can have the largest and best exhibit ever seen in New Mexico. In addition to this we should have an exhibit of agricultural products equal to any in the territory. Now is the time to do the work. Let every one lend a hand and take the honors for Santa Fe county.—Cerrillos Register.

### His Sight Threatened.

"While picnicking last month my 11 year old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended De Witt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin disease, cuts, burns, scalds, wounds, insect bites, De Witt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. B. H. Briggs & Co. and J. H. O'RIELLY & Co.

You get your money's worth when you buy "Diamond Ice."—Southwestern Brewery & Ice Co.

### Jemez Hot Springs.

The public is invited to visit the famous health giving springs. First class accommodations can be found at the Stone hotel. Bathing, good trout fishing and beautiful scenery are only a few of the attractions of this delightful resort.

### MRS. OLIVE CORCORAN.

Stone Hotel.

### BUSINESS LOCALS.

#### Keep your eye on Deming.

Deming has just been incorporated. Deming, the seat of the n.w. county of Luna.

Deming has increased 50 per cent. in population in four years.

Deming is the great mining center of the southwest.

Investments in Deming lots will double and treble in one year.

Let us figure on your plumbing. Albuquerque Hardware company.

Carpenters' and machinists' tools of all kinds. Albuquerque Hardware company.

Kleinworth's is the place to get your nice fresh steak. All kinds of nice meat.

Bring in your tinware and have it repaired. Albuquerque Hardware company.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent. on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

Orders taken for every known make of stoves and ranges. Albuquerque Hardware company.

Just received a large shipment of Japanese and Chinese mittens. Albert Faber, 305 Railroad avenue.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

We are sole agent for Wheeler & Wilson sewing machines, the best on the market. Albert Faber, 305 Railroad avenue.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattle men all know this.

Mrs. Bambini, at her parlor, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 499.

#### For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

There is no place like the Lion Store when you're looking for bargains.

Alamogordo & Sacramento Mountain Railway.

Effective June 2nd first class passenger train will leave Alamogordo at 8 a. m., arriving at Cloudcroft at 10:50 a. m. daily. Return train leaves Cloudcroft at 5:30 p. m., arriving at Alamogordo at 8 p. m.

Passengers for these trains can take breakfast at Alamogordo and 5 o'clock dinner at Cloudcroft.

A. N. BROWN, G. P. A., E. P. R. I. Route.

Tin, galvanized iron and copper work. Albuquerque Hardware company.

(Homestead Entry No. 5850.)

#### Notice for Publication.

Department of the Interior, Land Office at Santa Fe, N. M., August 16, 1902.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before U. S. C. Commissioner John W. Corbett at East View, N. M., on Sept. 27, 1902, viz.: Juan Jose Montoya for the lots 1 and 2, and c/o n.w. 1/4 sec 24, T. 6 N., R. 5 E.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz.: Jose Seberiano Sanchez, of Torreon, N. M.; Lorenzo Samora, of Torreon, N. M.; Jose Samora, of Torreon, N. M.; Todosio Maldonado, of Torreon, N. M.; MANUEL R. OTERO, Register.

## Railroad Topics

Henry Reynolds, of Cerrillos, left for Kennedy, where he expects to go to work for the Santa Fe Central.

O. L. Merrill, of the Santa Fe Central, passed through Cerrillos on his way to Santa Fe to visit his family.

Up to a late hour yesterday the Rock Island had not been credited with buying the Clover Leaf, which road is said to be for sale.

R. Sanders, foreman of the Navajo Springs section gang, is at the local Santa Fe Pacific hospital suffering from a severe illness.

The extension of the Southern Pacific from Wharton to Bay City, Texas, has been completed and regular operation of trains has begun.

George Gould, president of the Missouri Pacific-Iron Mountain systems, has left New York for the west on a tour of inspection of his southern properties.

The Mississippi railroad commissioners Wednesday told the attorney general of the state not to interfere in the merger of the Southern and Mobile & Ohio.

Bert Ward, in the employ of the Santa Fe railway at Lamy, had his hand badly cut by glass while at work, and is now at Santa Fe receiving medical attention.

The net earnings of the Chicago & Eastern Illinois railroad for the year ending June 30, 1902, show an increase of nearly \$400,000. The mileage operated was 737.68.

Mrs. Jack Fenner, who has been doing the Pacific coast the past ten weeks, has returned to the city. She is the wife of a well known Santa Fe Pacific engineer.

John Fulton, of the water service on the Denver & Rio Grande at Salida, Colo., and well known in railroad circles, has taken a position with the El Paso & Southwestern.

J. J. Hill says that the reduction in grain rates by the Great Northern and Northern Pacific means a loss to the two roads of \$2,750,000 annually. Remember, Hill says this.

The report of the Chesapeake & Ohio shows that the gross earnings for the year were \$16,524,375, an increase of \$1,152,857, and net earnings \$6,125,886, an increase of \$320,225.

Attorney Charles E. Gast, of the Santa Fe, petitioned Governor Orman, of Colorado, for a decrease in the road's taxes. The tax is \$18,057.68 a mile, which, he says, is not reasonable.

Russell Harding, third vice president and general manager of the Missouri Pacific-Iron Mountain systems, who has been in the east for several days, will return to St. Louis Saturday.

The "Katy" has forbidden the new Fort Smith & Western railroad to cut its crossing at Crowder City, I. T., and an armed force is kept on guard day and night to prevent this. Trouble is feared.

Supt. A. L. Bowers announces that the extension of the International & Great Northern into Fort Worth, Texas, will be completed and trains running through from Houston within sixty days.

J. C. Thompson has been offered the appointment as city passenger agent of the Northern Pacific Railroad company at Chicago and has accepted. He will succeed George W. Hallock, who goes to the Pacific coast September 1.

The Jersey Central report of its earnings for the month of June shows a large decrease as a result of the strike of the anthracite miners. The gross earnings for the month were \$990,874, a decrease of \$512,906, or 34.2 per cent. This is one of the largest

decreases reported by any railroad in years. The net earnings for the month decreased \$461,080.

The Santa Fe has inaugurated a new system of fast freight for local business between Chicago and Albuquerque. The time now made is four and five days instead of eight and ten as heretofore. This is a great advantage to the merchants of this city.

A meeting of the representatives of lines in St. Louis, Cincinnati and Chicago was held yesterday in Chicago to consider end bound passenger rates, made necessary by the low rate made for the G. A. R. encampment to be held in Washington, October 6 to 11.

The annual report of earnings of the Buffalo, Rochester & Pittsburgh shows an increase of \$488,800 in gross and \$124,300 in net. The balance earned available for dividends was \$549,143, out of which dividends amounting to \$600,500 were paid, leaving a deficit of \$50,857.

The Missouri, Kansas & Texas report of its earnings for the fiscal year shows that gross earnings were \$16,391,400, an increase of \$998,317, and net earnings amounted to \$4,519,835, an increase of \$250,839. The surplus earned over interest and rentals was \$875,126.

As a result of the anthracite strike the earnings of the Jersey Central for the six months of the current fiscal year are less favorable than for the same period of 1901. Gross earnings during the period show a decrease of \$669,780 and the net earnings are smaller by \$943,796.

The machinists' union of Topeka, Kan., is much annoyed over the action of the Santa Fe in discharging 120 of their number from the employ of the road. The machinists assert that the road took special pains regarding the officers of the union. A meeting has been called to discuss the matter.

The contract has been ratified for the building through Pawnee, Okla., of the A. V. & W. railway, the new line from Sapulpa, I. T., to Enid, Okla. Pawnee has guaranteed a bonus of \$10,000 and free right of way through the town. Trains will be running over the new line by March 1, 1903. It is believed that the Frisco is back of the new line.

The Mississippi railroad commission has declined to authorize the state attorney general to attack the alleged merger of the Southern and the Mobile & Ohio railroad companies. The commission declares that if the merger is contrary to the laws of Mississippi the attorney general has the power to bring suit against the roads on his own volition.

The earnings of the Mexican Central railway for the second week in August, Mexican currency, were \$397,998, as against \$320,246 for the same time in 1901, an increase of \$77,752, or 24.05 per cent. The earnings for the first two weeks of August were \$745,716, as against \$600,895 for the same time in 1901, an increase of \$144,820, or 24.10 per cent.

Henry L. Shattuck of Shellsburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

Some of the lighter brass work which the foundry at Topeka has been doing is to be sent to Albuquerque shops for the present owing, it is stated, to a rush of work in that department at Topeka. It is insisted that the change is to be only temporary and will not amount to the reduction of the working force in Topeka.

It is understood that Charles Johnson, who shared the lay off in the blacksmith shop at Topeka, will go to Frisco in a few days. The Santa Fe is giving transportation to those who were suspended, from Topeka to Chicago, Albuquerque and El Paso, and it is probable that a number will go to San Bernardino to assist with the work there.

**Foley's Kidney Cure.**  
Will cure bright's disease.  
Will cure diabetes.  
Will cure stone in bladder.  
Will cure kidney and bladder diseases.

William A. Nettleton, who Tuesday afternoon announced his resignation of the position of assistant superintendent of motive power, will remain in his office at Topeka until a successor has been selected, or at least until relieved from duty. His retirement is to be regretted, as he has become a popular man among the other officials and the employees since he came here last January. He will remain in Kansas City for the present, his family being now in Saratoga, N. Y.

**Consumption Threatened.**  
"I was troubled with a hacking cough for a year and I thought I had consumption," says C. Unger, 211 Maple St., Champaign, Ill. "I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since."

Mrs. William Happe and Mrs. James Thomas, wives of Santa Fe Pacific boiler-makers at Needles, Cal., passed through the city Wednesday for that place, where they expect to remain. Their husbands went out there several months ago and were participants in the strike of the craftsmen of that trade, but this is their first trip west.

**Just Look at Her.**  
Whence came that sprightly step faultless skin, rich, rosy complexion smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result, — all organs active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c. at all druggists.

**Run Over.**—Willie Munford, of Ortiz, fell from No. 8 last Tuesday evening at Twitchell station, near Lamy, and was run over by the train, cutting off one leg and crushing the other foot so that it had to be cut off. The accident happened about 10 o'clock at night and he was not found until 7:30 o'clock the next morning, when John Bach's section gang brought him to Cerrillos. Drs. Palmer and Barker dressed his wounds and placed him on No. 2 to be sent to the Las Vegas hospital.

**Moki Tea Positively Cures Sick Headaches.**  
Indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

**A Train of Bow-wow Cars.**—The Denver & Rio Grande ran a train out of Denver the other night that was unique, says the Denver Times, in that not one of the ten cars in the train belonged to the road. It was made up, besides the Pullmans, of Santa Fe, Burlington, Union Pacific and Colorado & Southern cars, borrowed because the Rio Grande did not have in the yards the necessary equipment. The roads mentioned were short of cars, but by a thorough search they each managed to bring up one or two, and thus help the Rio Grande make up its train. This is the first time in the history of the roads when one road had to run out a train made up entirely of cars belonging to other roads.

**It Needs a Tonic.**  
There are times when your liver needs a tonic. Don't get purgatives that gripe and weaken. De Witt's Little Early Risers expel all poison from the system and acts as tonic to the liver. W. Scott, 521 Highland avenue, Milton, Pa., says: "I have carried De Witt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. B. H. Briggs & Co. and J. H. O'Reilly & Co.

**THERE IS NO HITCH.**  
Rock Island Will Become Member of Terminal Association.

W. S. McChesney, Jr., general manager of the Terminal association, returned to St. Louis the other day from the Terminal meetings in New York, which authorized \$5,000,000 in improvements at St. Louis. Mr. McChesney was accompanied by Superintendent Breck and Julius Walsh, Jr., the former having been in New York city and the latter on a vacation with his family at Hot Springs, Va.

Mr. McChesney says that, although no action was taken on the Rock Island membership in the association, there is no cause for alarm, as meetings are being arranged to finish the Rock Island, Wiggins Ferry and other matters, details only remaining to be closed up.

Contracts will be let and work started on the improvements as soon as possible. H. I. Miller, general manager of the Vandalla, is expected to return to St. Louis soon.

Foley's Kidney Cure is a medicine free from poisons and will cure any case of kidney disease that is not beyond the reach of medicine.

**Santa Fe Kicks on Valuation.**—The Atchison, Topeka & Santa Fe Railroad company is dissatisfied with the valuation fixed on its property by the Colorado state board of equalization and

has filed a complaint and petition setting forth the fact that it believes the assessment excessive and inequitable and asking that its complaint be set for hearing September 8, the date fixed by law when these appeals may be heard. The petition recites that the valuation of \$18,051.68 per mile, fixed upon the main line from the state line to Pueblo and from La Junta to the New Mexico line is excessive and unreasonable and that it is out of proportion to other lines similarly situated. The valuation of \$4,000 per mile, fixed upon the Rockvale branch, is pronounced out of proportion to the assessment on parallel lines. This is the first protest from a railroad company against the valuation fixed by the state board, and it is understood the company will go into court if the board refuses to reduce the valuation to correspond with that of similar lines.

**Quick Relief for Asthma Sufferers.**  
Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. —Alvarado Pharmacy.

**DISCOURAGE GIFTS.**

General Manager Wells Does Not Like Subscription Papers.

"Soliciting popularity soon will be a lost art in the Santa Fe railway system's coast lines," says a Los Angeles dispatch. "In the past the industry has thrived at times, to the disadvantage of employees. While no more of a nuisance here than in other places where large numbers of men are on corporation pay rolls, the evil has been checked so far as General Manager A. G. Wells can assist in the result."

Manager Wells has issued the following circular:

"Complaints recently have been made by certain employees about the circulation of subscription lists for the purpose of purchasing testimonials for various persons. The management wishes to discourage collections of this kind, and while it recognizes the right of any man to spend his money as he sees fit, it is believed that the practice is a bad one, and that oftentimes money contributions are made unwillingly. It is hoped that there may be no reason for future complaints on this account. Employees who desire to decline such appeals may depend upon the approbation and support of the management."

**Cured Paralysis.**  
W. S. Baily, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her all right. I have also used it for old sores, frost bites, and skin eruptions. It does the work." 20c, 50c and \$1.00 bottles at Cosmopolitan Pharmacy—B. Ruppe.

**"DIAMOND ICE."**  
Knox Fall Styles.  
We have received our Knox hats for fall, 1902, and are showing some beautiful shapes in both stiff and soft hats, \$2.50 to \$5.00.—Simon Stern, the Railroad avenue clothier.

**Johnston's Stage Line.**  
Will leave every Tuesday morning for the Jemez Hot Springs and return on Thursdays. One regular trip a week and extra trips when ordered. Leave orders at Sturges European hotel. J. A. T. JOHNSTON.

**Plumbing.**  
We have added a plumbing department and tin shop to our business. When you have anything in this line to be done see us about it before placing your order. Albuquerque Hardware company.

### The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

## E. L. WASHBURN

### LOCAL PARAGRAPHS.

Deputy United States Marshal Geo. Kaseman was a passenger for Cerrillos this morning.

John "Doe," charged with committing a nuisance, was fined \$5 in police court this morning.

Miss Ella Gibbons, who visited friends here the past few weeks, has returned to her Las Vegas home.

Oscar Anderson and George Smith took the stage for the Jemez hot springs this morning. They expect to be absent from the city some time.

Mrs. Henry Lockhart, who was at Pagosa Hot Springs, Colorado, the past few months, has returned to the city. She reports receiving benefits from the baths.

Attorney T. N. Wilkerson, a member of the royal Quen Sabe herd of Elks, arrived on No. 1 last evening. Mr. Wilkerson says that it was the trip of his life.

Mrs. J. H. Bearup and Mrs. M. K. Gatlin, who have been camping at Camp Whitcomb the past two weeks, are expected to return to the city this afternoon.

Mrs. G. S. Miera and little niece came in from Santa Fe last night, and left this morning for the Jemez hot springs, where they will remain for a few weeks.

C. A. Bradley, a young man who came to Albuquerque about two years ago in a badly crippled condition, left this morning for his home at Moline, Illinois, a well man.

Hon. L. Bradford Prince, ex-governor of New Mexico, is here from Rio Arriba county. He was in evidence at the territorial republican central committee meeting this morning.

Miss Bertha Wizer, of Topeka, who has been spending a week in the city visiting with her cousin, Mrs. W. C. Mason, went to Las Vegas this morning for a few days visit with friends.

Miss S. B. Couterland and Miss Isabella Rutherford were passengers for Santa Fe this morning. They go to the Ancient to attend the teachers' institute, which is in session at that place.

C. V. Safford and Jose D. Sena, registering from Santa Fe, are in the city. They attended the meeting of the territorial republican central committee this morning. Mr. Sena is the efficient secretary of the committee.

M. G. Wagner is down from the Sulphur hot springs, where he is engaged in installing some machinery to be used in the big sulphur reduction plant, which is being built at the springs by Hon. M. S. Otero.

Solomon Carabajal, a prominent citizen of Old Albuquerque, succumbed to a complication of diseases yesterday afternoon. The deceased was 57 years old and married. The funeral will be held tomorrow morning at 9 o'clock from the church of San Felipe de Neri.

Cunigatti Luigi died at his parents' home on South Second street last night of infantile troubles. The deceased was 4 years and 7 months old and the son of Mr. and Mrs. Cunigatti Luigi, prominent citizens of Barajas. The funeral will be held from the residence tomorrow afternoon at 3:30 o'clock.

Judge H. B. Hamilton, of El Paso, attorney for the Eagle Mining company, spent yesterday in the city transacting business matters in connection with the proposed purchase of the Old Abe mine at White Oaks, which the Eagle Mining company anticipates buying. The gentleman returned to the Pass City last night.

Among the passengers from the south this morning was Mrs. C. C. Clark and daughter, Mattie, who are on their way to Worcester, Mass. Miss Mattie holds a professorship in the Oread Institute at Worcester, and is returning to report for duty at the opening of the institute. Mrs. Clark is accompanying her daughter east and will remain with her during the school year.

Stephen Canavan, the assessor of McKinley county, is in the city, coming in from Gallup last night. Mr. Canavan worked for Gallup for the republican convention, but takes his defeat good naturedly. Raton being chosen as the place for the convention. Mr. Canavan attended the committee meeting as a representative from McKinley county.

The game of ball which Manager R. E. Twitchell, of the Las Vegas team, was trying to arrange with the Browns has fallen through on account of the Browns having no pitcher. However, one may be secured soon and the Las Vegas boys accommodated. In all other departments the Browns are a stronger team than the Meadow city representatives.

Mrs. H. L. Phillips and the Misses Anna, Lula and Lora Schafer are a party of ladies who arrived in the city yesterday morning, coming from southern California, where they have been spending the summer. Miss Anna and Lula Schafer left this morning for their home at Kansas City. Mrs. Phillips and Miss Lora Schafer will remain in Albuquerque some time.

Daniel Grist, of Ellis, Kas., passed through the city this morning going east. Mr. Grist is employed in the immigration department of the Santa Fe and is at present engaged with the installation of a Quaker colony in the San Joaquin valley, about sixty miles from Bakersfield, Cal. Mr. Grist says that the flow of people westward at present is greater than ever before in the history of the United States.

Department Commander J. W. Edwards has received a bundle of maps from the secretary of war showing the maneuvering of the armies of the north and south during the battles of Chancellorsville on September 20, 1863, and Chattanooga on September 27 and

28, 1863. They were sent to Mr. Edwards by request of Delegate B. S. Roddy. The maps show vividly the positions of the two armies and the manner of action followed.

When it comes to stating the situation, W. H. Jack, member of the territorial republican central committee from Grant county, is at his best. He says few words, but generally carries his point.

Col. D. K. B. Sellers, of San Juan county, by invitation, made a neat speech before the territorial republican central committee this morning. He predicts republican success in that county this fall.

Mayor Chas. M. Hayne made a rousing speech before the territorial republican central committee, and convinced the members that Raton was the proper place to hold the republican convention.

J. Francisco Chavez, Hon. Solomon Luna and Hon. C. A. Dales are in the city from Valencia county, which they represented this morning at the meeting of the territorial republican central committee.

There will be no Sunday school or other services at the Congregational church Sunday on account of the extensive repairs and improvements being made, which will be completed during the coming week.

Mrs. Hiram Hadley, the good wife of one of the popular professors of the Agricultural college, Mesilla Park, is in the city today. The lady formerly resided in this city, and therefore has many friends in the territorial metropolis. She will remain several days.

Hon. Thomas B. Catron came in from California this morning, and attended the meeting of the territorial republican central committee, of which he is a member.

W. E. Martin, the manager of the Santa Fe Central base ball team, is here today and attended the meeting of the territorial central committee. This afternoon he had a conference with Chavez, the pitcher of the Barajas base ball team, and secured his services to pitch against Twitchell's Las Vegas club in the game to be played at Santa Fe on August 30. Chavez will make Twitchell's alleged professional look like 30 cents in that game.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.
