ALBUQUERQUE, NEW MEXICO, THURSDAY AFTERNOON, AUGUST 21, 1902

NUMBER 228

SHAM BATTLE

Grand Naval Spectacle on New England Coast.

FATAL EXPLOSION IN DELAWARE.

Several Hundred Striking Miners Resume Work In West Virginia.

DESTRUCTIVE CLOUDBURSTS IN ILLINOIS.

Rockport, Mass., Aug. 21.—The battleships of Rear Admiral Higginson's squadron defending the New England coast from an imaginary attack by a fleet under Commander John E. Pillsbury, were plainly seen in the clear atmosphere from this port this morning. The other vessels of Higginson's command were scattered along the horizon or in view at nearer points maintaining guard of the coast. The night passed without unusual incident and no trace of the "enemy" was reported from any of the signal stations along the shore. All conditions were considered as favoring the defending fleet as apparently it would be inviting detection were Commander Pillsbury to attempt to approach the coast under a cloudless sky and with absolutely no mist or haze to obstruct the vision for miles at sea.

FATAL EXPLOSION.

Twelve Persons Killed at Wilmington Pulp Works.

Wilmington, Del., Aug. 21.—Twelve known dead, three injured so seriously that they cannot recover and three men still missing, whose bodies are supposed to be in the ruins of the wrecked buildings, make up the terrible result of the explosion at the Delaware pulp works of the Jessup & Moore Paper company, of this city, late yesterday afternoon.

George Durham died at the hospital this morning and the body of Joel Hutton was taken from the ruins, making the twelfth known victim. Hutton was a fireman in the register room, where the explosion occurred.

The bodies thought to be in the ruins are those of Wm. Scott, Wm. Ruth and James Sweeney.

Following is a list of dead: W. T. Burke, Granville Walters, James B. Stokes, Franklin T. Harris, George W. Wright, Joseph Lambacher, Joseph Nagle, Zacariah Collins, George Durham, James Jester.

Missing: Joel Hutton, Wm. Ruth, E. H. Mousley, Bernard Sweeney, Wm. Scott, Joseph Henry.

Seriously injured: Thomas Reese, skull fractured; John Collins, inhaled flames, critical.

Miners Resumed Work.

Montgomery, W. Va., Aug. 21.—Two or three hundred miners resumed work today at this place, Red Ash and Lup Creek. Twenty-seven mines are now being operated in the Kanawha and New River fields, the greatest number since the strike began. There is no violence.

ILLINOIS DAMAGED.

Two Towns Damaged and Much Farm Lands Flooded.

Sterling, Ill., Aug. 21.—A cloudburst near Kenton, twenty miles southwest of here, deluged thousands of acres of farms. Loss to farmers, \$150,000. A freight train on the Mendota branch of the Burlington road ran into a washout and Engineer Frank Murray and Fireman George A. Wells were killed.

Storm at Pana.

Pana, Ill., Aug. 21.—A cloudburst and tornado here did \$150,000 damage, unroofing hotels and business blocks, demolishing the \$25,000 Y. M. C. A. building and ruining shade trees.

COMMERCIAL CONGRESS.

Heated Discussion on the Meat Trust by the Delegates.

St. Paul, Minn., Aug. 21.—The Trans-Mississippi Commercial congress today took up the special order fixed late yesterday and William Henry Eustis, of Minneapolis, opened the discussion in support of his motion to expunge from the records the address of F. B. Thurber, of New York, who had declared there was no such thing as a meat trust. Eustis charged that the so-called trust was seeking to use this commercial congress for its own ends. He did not think the money of this organization should be spent to circulate the specious arguments of any trust. Thurber replied, explaining that he was here as one interested in the objects of this congress. Said he was personally interested in cattle raising and his paper was intended to give his

honest views on the meat industry. He argued for free speech, insisting that the opinion of the congress should be expressed by the resolutions and no member's opinion ought to be suppressed. Mr. Eustis said that in the interest of harmony and because this discussion had exploded any harm that might have resulted from the address in question, he would withdraw his motion to expunge.

English Players Won.

Newport, Aug. 21.—R. F. and H. L. Doherty, English players, won the American tennis championship today, defeating H. Ward and D. F. Davis in straight sets—11-9; 12-10; 6-4.

Young People's Alliance.

Monroe, Wis., Aug. 21.—The eighth annual convention of the Young People's Alliance of the Wisconsin Evangelical association opened today on the camp grounds east of this city. The sessions will continue three days, during which time a number of divines and evangelists of prominence will be heard.

STILL MISSING.

The Fate of George Oliver is Still an Unknown Problem.

CANNOT BE FOUND.

The latest developments in the disappearance of Geo. Oliver, who disappeared from his quarters at Whitcomb, throws no light on his whereabouts. The searchers are as much in the dark as they were the morning after his disappearance.

The searching party composed of Judge Hancock, Attorney Horton Moore, J. D. Eakin and a number of others, which left here Tuesday evening, returned last night tired and worn out, having had to give up the search on account of the lack of necessary supplies.

James Eakin says that unless Oliver found water and provisions at some of the native houses which are to be found in the mountains, he has surely succumbed to exposure.

It is known that Oliver was not in his right mind the morning he disappeared. It is also known that he had considerable money on his person. It may have been \$50 or it may have been \$500, nobody knows just the exact amount. The Camp Whitcomb district is very rough and is checkered with deep canyons and dry arroyos. The mountain is densely wooded and coyotes are quite plentiful. Oliver may have stumbled over some precipice and was killed by the fall. Again he may have only been stunned by the fall and became a prey to wild beasts. Another theory is that he has been over-eaten through fatigue and died from hunger and thirst. Water is very scarce in Tlajas canyon and it would be only by chance that a delirious man would stumble onto one of the very few springs. Oliver was weak in body as well as weak in mind and could not have traveled very far without food and water. It would also be considered that he had been without water twelve hours before the time of disappearance. The circumstances which surround the case would leave one to believe that Oliver was dead, although it is almost conclusive, unless the body is found, that the courts will consider him alive for seven years.

Nothing can be learned of the missing man's business affairs. He was very conservative and only spoke confidentially to his most intimate friends, the circle of whom is not very large. It is not known that he has a relative in the United States. It was at first believed that he had a daughter living in the east, but his attorney, Judge Hancock, denies this report. It was also rumored that the missing man had life insurance, but this report is discredited.

Another searching party is being formed to take up the hunt. This second party is taking provisions sufficient to last several days.

Big Horse Race.

Readville, Mass., Aug. 21.—Seventeen horses contested today in the great \$15,000 Massachusetts stake race.

First heat: Major Del Mar, first; Lady Thibbe, second; Dulce Cor, third. Time, 2:08 1/2.

The second heat was won by Major Del Mar; Lady Thibbe, second; Dulce Cor, third. Time, 2:08 3/4.

Major Del Mar won the third heat and race. Dulce Cor, second; Lady Thibbe, third. Time, 2:09.

Race Riot.

New Orleans, Aug. 21.—A dispatch from Tupelo, Miss., says that in a race riot eight miles from there, four whites and eight or ten negroes were killed or wounded. No other details were received.

GONE TO EUROPE

Schwab Says He is Taking a Vacation.

MR. GATES STAYS IN DENVER.

Pennsylvania Colliery Calls Upon Gen. Gobin for Troops.

GIVEN STRAIGHT DIPLOMATIC TALK.

New York, Aug. 21.—Charles M. Schwab, president of the United States Steel corporation, sailed for Europe today on the steamship La Lorraine. He appeared in good health, except that he leaned heavily on a cane. "My arrangements for my trip abroad," he said, "were made so hurriedly that until I arrive, I do not know where I shall go or what I shall do. You can say, however, that I have not resigned, and also that I am not in bad health. The reason for my hurried departure is not because of ill health, but because I want and need a vacation like every one else."

GATES AND PARTY.

The Colorado Fuel & Iron Company Left to the Lawyers.

Denver, Colo., Aug. 21.—John W. Gates and party leave for Chicago this afternoon over the Santa Fe and the fight for control of the Colorado Fuel & Iron company will be left for the lawyers to handle. The Osgood management remains intact until the election is held, which may not be for months. Meantime Osgood and his supporters will seek to obtain proxies now held by Gates. The question of the injunction which caused the indefinite adjournment of the annual meeting may be argued next Monday.

Did Not Go.

Denver, Colo., Aug. 21.—John W. Gates and party, instead of leaving for the east at 1 p. m., as planned, made an excursion around "The Loop" of the Colorado & Southern railroad this afternoon. They will return to Denver this evening.

CALL FOR TROOPS.

Colliery at Morea, Pa., Ask for National Guard Protection.

Shenandoah, Pa., Aug. 21.—At midnight Superintendent Hayes, of the Pennsylvania colliery at Morea, asked General Gobin to send troops to that place. He said that the foreigners were discharging firearms and he feared an attack on the non-union firemen and engineers. The governor's troop was dispatched to Morea, but found the place comparatively quiet. Investigation showed that the Hungarians had been celebrating a christening.

Turkey Talk.

Constantinople, Aug. 21.—The sharp reminder of the United States minister, Leishman, to the porte is having the desired effect of hastening the carrying out of the latter's engagements for the settlement of pending questions.

Theologue to be Consul.

San Francisco, Cal., Aug. 21.—W. F. Doty, lately a theological student at Princeton, sailed today to assume the duties of his new position as United States consul in the Society Islands, a post to which he was appointed by President Roosevelt. Mr. Doty succeeds his brother, J. L. Doty, who has held the position for twelve years. He was formerly chief page of the United States senate. He was graduated from Princeton university with honors in 1896 and entered the theological seminary, but ill health forced his retirement, and he went as a missionary and United States educational agent to Alaska. He is specializing in the study of comparative religion and intends to continue this study in Tahiti.

Spanish War Veterans.

Hackensack, N. J., Aug. 21.—The annual assembly of the New Jersey corps of Spanish war veterans opened here today with a good attendance. Delegates will be chosen to represent the corps at the meeting of the national organization at Detroit next month, and state officers for the ensuing year also will be chosen. Indications point to the selection of Capt. John T. Hill, of Paterson, as state commander.

Receive the White Veil.

Philadelphia, Pa., Aug. 21.—Twenty-five postulants, including several young women of wealth and social prominence, today receive the white veil of the sisterhood of the third order of St. Francis at the Convent of

Our Lady of the Angels at Glen Ridge. Archbishop Ryan officiated at the ceremonies and was assisted by several prominent priests. Tomorrow there is to be another interesting ceremony at the convent when nine sisters will celebrate the silver jubilee of their entrance into the order. The Sisterhood of the Third Order of St. Francis was first established in this country in 1855, since which time it has spread rapidly until there are now five motherhoods located in different parts of the country.

MacArthur-McCalla.

Newport, R. I., Aug. 21.—Society folk turned out in full force today to witness the wedding of Miss Mary McCalla and Lieutenant Arthur MacArthur, U. S. N. The bride is the daughter of Captain Bowman H. McCalla of the navy and the bridegroom the son of Major General MacArthur of the army and prominent officers of both branches of the service were among those in attendance. The ceremony was followed by an elaborate reception, to which 500 invitations were issued.

FOR STATEHOOD.

Veterans of the Three Territories Will Attend Encampment

DISPLAYING STATEHOOD BANNERS.

Last evening's Citizen contained a plan, original with J. W. Edwards, department commander of the G. A. R. of New Mexico, by which the old soldiers of the three territories asking for statehood would join hands in advertising the movement at a national encampment to be held at Washington, D. C., October 6 to 10. The idea is to have the Oklahoma, Arizona and New Mexico Grand Army quarters in one building and in one room or suite of rooms, which ever is the most convenient. The mode of advertising is to be by statehood banners.

Commander Edwards has received a letter from Wesley Taylor, department commander of Oklahoma, stating that he thinks the plan an admirable one, and says that Oklahoma is willing to join the movement.

C. F. Schumacker, department commander of Arizona, has been written to in regard to the plan and a favorable answer is daily expected.

Mr. Edwards has received a letter from Washington in regard to quarters. It says that two rooms of a new hotel not yet open to the public, can be had at a cost of \$10 a day. The rooms are large, well aired and if cots were furnished forty veterans could easily make that their sleeping quarters.

If the plan consummates it will be a big advertisement for the omnibus bill.

Large delegations are expected to go from the three territories.

About ten will go from Albuquerque.

The railroads east of Kansas City have entered into rate war and the fare to Washington will be very low.

ALBUQUERQUE FAIR MEMORIAL

Handsomely Illustrated Number to Commemorate Festival Occasion and to

ADVERTISE THE "DUKE" CITY

The Citizen has lately concluded arrangements to issue a handsomely illustrated number, devoted to "Albuquerque and Environs," to be circulated during the Territorial Fair in October. The work will embrace three sections—the "regular," the "general" and the "special"—enclosed in a cover designed for the season. It will be printed on a superior grade of paper and will be embellished by the highest grade of half-tone engravings.

In taking up the enterprise The Citizen has determined to spare no expense in producing a work of sterling merit and has already increased its staff by the employment of R. Copeland Rohrbach, a talented writer who has earned a well deserved prominence for special newspaper and magazine work in Colorado and elsewhere in the west.

MUTINY IN JAIL

Wife of Sheriff Quelled the Convicts.

ALLEGED ANGEL ROUGHLY TREATED

Large Attendance at the Funeral of a Striking Miner.

SECOND STEP IN CHICAGO MYSTERY.

Centerville, Iowa, Aug. 21.—A mutiny occurred in the county jail here early this morning, resulting in the serious wounding of Sheriff Davis. The sheriff's wife seized an axe and with the assistance of Deputy Bevington, who had a revolver, forced the prisoners back to their cells. The mutiny followed a series of attempts to break jail within a week, two of which were successful.

Alleged Angel.

Texarkana, Ark., Aug. 21.—A man named Perkins, who has been posing as an angel of Christ, whom he declared would appear in a few days, was taken out of town last night by white cappers, flogged, his hair cut short and then given thirty minutes to leave town.

FUNERAL OF MINER.

Large Attendance at Funeral of the Strike Leader.

Lansford, Pa., Aug. 21.—The funeral of Patrick Sharp, the strike leader, who was killed at Nesquehoning on Monday night, took place here today, and probably was the largest ever witnessed in the coal regions. Over 6,000 persons, among them 1,000 women, participated in the two-mile march to St. Joseph's church at Summit Hill, where the services were held, and followed the remains to the Catholic cemetery. It took twenty-four men to carry the floral offerings.

Chicago Murder Mystery.

Chicago, Ill., Aug. 21.—The second decisive step toward unraveling the tangle of mystery about the Bartholmitch murder case was begun today by the police when they postponed the inquest to determine the cause of death of Mrs. Anne Bartholmitch and the responsibility therefor was renewed.

FOREST FIRES.

Great Destruction of Timber in Southern Colorado Mountains.

Denver, Colo., Aug. 21.—A special to the Post from Walsenburg, Colo., says:

A forest fire of immense proportions is burning on the western slope of the Greenhorn mountain range, thirty miles from Walsenburg, in the northwestern corner of Huerfano county. Much valuable timber has been destroyed and the fire is beyond control. Pablo Martinez, prospector, is believed to have perished, and there are fears for the safety of a number of camping parties.

Squeeze in the Corn Market.

Chicago, Ill., Aug. 21.—Shorts in the corn pit were squeezed badly today and raised a tumult that closely resembled the recent scrammages when John W. Gates and his clique of bulls had July corn cornered. Almost 5 cents was added to the price during the morning. September started at 53 1/2 to 54, and in leaps and jumps rose to 57 1/2 cents.

Negro Business League.

Richmond, Va., Aug. 21.—Representative negroes from many parts of the country are arriving here for the convention of the National Negro Business League, which will be in session during the coming three days. At the first convention, held in Boston two years ago, there were delegates present representing between \$3,000,000 and \$4,000,000 of capital invested. Since then substantial gains have been made and it is expected the present gathering will be the greatest of its kind ever held. Booker T. Washington will preside over the sessions.

Old Veterans Meet.

Orleans, Ind., Aug. 21.—The survivors of the Sixty-sixth Indiana Infantry, a noted regiment of the civil war, are assembled here in annual reunion. Many friends and relatives of the veterans are here and a successful two days' reunion is promised. The regiment was organized in New Albany, Aug. 19, 1862, the mustering officer being General Lew Wallace, and the same evening was ordered to the front. It participated in the bloody battle near Richmond, Ky., eleven days later,

and a part of the regiment was captured and paroled.

Death of General Siegel.

New York, Aug. 21.—General Franz Siegel died today of old age in his 78th year.

Actress Dead.

New York, Aug. 21.—A cablegram to the Clipper from Portsmouth, England, announces the death there today of Bessie Bonehill, vaudeville actress.

Another Murdered Girl.

Chicago, Aug. 21.—This morning the body of a girl was found upon the beach in Rogers' park, in the northern limits of the city. It was at first supposed to be that of Minnie Mitchell, but the description does not tally with that of the Mitchell girl.

C. C. Hall was a passenger west this morning.

Mrs. W. H. Wheeler and baby have returned to the city from Kansas City, Mo.

GETTING READY.

The Itinerary of the Territorial Fair Advertising Car.

A FEW FAIR NOTES.

W. J. Black, general passenger agent of the Santa Fe railway, with headquarters at Topeka, mailed a letter to the fair secretary, asking for the schedule for the advertising car. The itinerary was promptly made out and mailed to Mr. Black. It reads as follows:

First Trip.

Leave Albuquerque September 1 on local freight. Cut out at Los Cerrillos. Leave Los Cerrillos, p. m., September 1. Set out at Lamy, a. m., September 2. Leave for Santa Fe p. m., September 2. Leave Santa Fe p. m., September 3. Set out at Las Vegas a. m., September 4. Leave Las Vegas p. m., September 4. Set out at Raton a. m., September 5. Leave Raton same evening. Set out at Trinidad a. m., of the 6th, leaving Trinidad the same evening for Albuquerque.

Second Trip.

Leave Albuquerque on No. 33 September 10. Cut out at Socorro. Leave Socorro the morning of the 11th for Magdalena. Leave Magdalena the same date, catching the first train for San Marcial. Cut out at San Marcial p. m., of 12th. Cut out at Las Cruces. Leave Las Cruces p. m., of the 13th. Cut out at El Paso. Leave El Paso p. m., of the 15th. Cut out at Deming a. m., of 16th. Leave Deming a. m., of 17th. Cut out at Silver City, leaving Silver City on the same afternoon. Cut out at Albuquerque.

Third Trip.

Leave Albuquerque midnight of September 21. Cut out at Gallup. Leave Winslow on night of 24th. Cut out at Flagstaff the morning of the 25th. Leave Flagstaff the morning of the 26th. Cut out at Williams the morning of the 26th. Leave Williams the morning of the 27th. Cut out at Ash Fork. Leave Ash Fork for Albuquerque the evening of the 27th.

Fair Notes.

Bids for privileges will be advertised in the city press the first of September.

H. S. Knight will be in charge of the advertising car again this year. He is shaping up matters for the trip. Horsemen from the neighboring states and territories continue to write for particulars and entrance blanks in such numbers that good races are guaranteed.

The Denver Field and Farm says: "Among the Colorado horses that will be represented at the forthcoming territorial fair at Albuquerque, N. M., are those of Wm. H. Dye, of Rocky Ford; C. F. Smith, Colorado Springs; Fred Hoffman, Greeley; Abu Chas, L. Kent, La Junta."

W. H. Simpson, advertising agent for the Santa Fe, writes the New Mexico Fair association that the Santa Fe railroad territorial fair hangers have gone to press and that a bundle of them may be expected this week. The hangers are to be in three colors and are to number 20,000.

J. H. O'Reilly, president of the fair association, writes from Alamogordo that fair matters in that district are moving along nicely. The towns along the Rock Island have been billed with large pictorial lithographs and the papers of the eastern part of the territory are giving liberal support.

This afternoon, W. H. Greer, of Deming, interviewed Messrs. Hall and McCanna on the subject of the cowboy tournament at the approaching fair, and gave the secretary a list of names of famous bronco busters of southern New Mexico. These "men of the plains" will be written to and their presence solicited at the fair.

DELAYED MAILS

Denver Striker on Trial for Conspiracy.

TERCENTENARY OF JAMESTOWN.

Two Eastern Railroads Absorbed by a Merger.

NEW ENGINES FOR ROCK ISLAND.

Denver, Colo., Aug. 21.—Thomas Devitte appeared before a United States commissioner today to answer to the charge of conspiracy to delay the United States mail. Devitte is a machinist and secretary of the local union of that craft, which is now on strike against the Union Pacific railroad. It is charged that Alex Allison and James C. Wood got aboard the engine of a passenger train on the Union Pacific at Deer Trail two weeks ago and disarranged the machinery in such a manner as to cause the engine to break down. The two men were arrested on complaint of an agent of the railroad and were charged with delaying the mail. Later a complaint on the same charge was sworn out against Secretary Devitte. The charge is similar to that brought against Debs and his fellow officers of the American Railway union during the big strike of 1894 and the result of the hearing is awaited with much interest in organized labor circles.

JAMESTOWN TERCENTENARY.

Virginia Has a Town Nearly as Old as Santa Fe.

Norfolk, Va., Aug. 21.—Henry L. Schmelz, of Hampton, recently elected president of the Jamestown exposition, is showing his fitness for the position by the energetic manner in which he has taken hold of the preliminaries for the enterprise. Though the exposition is not to be opened until 1907, which will be the tercentenary of the settlement of Jamestown, active work is to be begun without delay. At a meeting to be held in the near future the scope and character of the exposition will be definitely settled and printed descriptive matter prepared. The company purposes to ask the people to subscribe \$1,000,000 and then obtain \$200,000 from the Virginia legislature and an appropriation from the national government.

RAILROAD MERGER.

Two Eastern Railroads Absorbed by a Merger Scheme.

Baltimore, Md., Aug. 21.—The stockholders of the Baltimore and Potomac Railroad company met here today and ratified the agreement of merger and consolidation of the Philadelphia, Wilmington & Baltimore and the Baltimore & Potomac railroad companies, the consolidation to be known as the Philadelphia, Baltimore & Washington Railroad company. Both roads are controlled by the Pennsylvania.

The financial plan of the company includes the issue of 507,000 shares of the par value of \$50 a share of \$25,350,000, which will be owned by the Pennsylvania and the Northern Central railway companies. Consolidated mortgage bonds are to be issued to pay for the cost to be assessed for the union terminals to be erected in Washington, a part of the cost of which is to be assessed against the Baltimore & Ohio and a part against the Pennsylvania, as owner of the Baltimore & Potomac.

Engines for Rock Island.

Chicago, Ill., Aug. 21.—The Rock Island system has arranged to add 100 new engines to its equipment. Within the last fifteen months, including the new order, the Rock Island has contracted for 300 engines, some of which have already been delivered, and many are already ready for delivery. The locomotives will be distributed over the entire system, a large number to be used on the Texas lines. It is said the average cost will be about \$15,000. These locomotives, with other equipment ordered by the road within the last two years, make necessary an outlay of about \$6,000,000.

Third Ticket for Kansas.

Topeka, Kan., Aug. 21.—In response to the call issued last month a mass convention of populists is in session here today to name a state ticket and adopt resolutions. The convention represents the straight-out populists that nominated Wharton Barker, of Philadelphia, for the presidency two years ago and is opposed to the regular populist party which met in convention a short time since and agreed upon a fusion state ticket.

Territorial Republican Central Committee Call.

To the members of the Territorial Republican Central Committee of New Mexico:

You are hereby notified that a meeting of the territorial republican central committee of the territory of New Mexico will be held in Albuquerque on Friday, August 22, 1902, for the purpose of fixing the date and place to hold the territorial republican convention to nominate a candidate for delegate to the Fifty-eighth congress of the United States and for the consideration of such other matters as may properly come before said committee. It is hoped that all members will be present at said meeting, as matters of importance for the interest of the republican party of the territory will be considered. Very truly yours,
FRANK A. HUBBELL,
Chairman Territorial Republican Central Committee.

For Delegate to Congress
B. S. RODEY.

New Mexico needs a couple of fish hatcheries.

The pope will recall the Spanish friars from the Philippines.

The republicans expect to increase their majority in congress at the next election.

Just now the lawyers are getting a whack at the Colorado Fuel and Iron company.

An effort is being made to resurrect the defunct "union" party in San Miguel county.

Revolutions will cease in Central America when Uncle Sam builds that Panama canal.

In the world's commerce the United States stands third in the list, being led by Great Britain and Germany.

The republicans of San Juan county have perfected an organization and will put a ticket in the field this fall.

There are 584,788 Hebrews in New York City. In Manhattan alone every fourth man or woman is a Jew or Jewess.

"I would be famous," says the Alfarfa Sage, "if I could only remember half of the bright things that I have forgotten."

There is no word in the Chinese language that conveys an intimation of what we term public spirit nor is there a synonym for patriotism.

The Dominion land office at Ottawa reports that 25,000,000 acres in the Canadian Northwest are owned by citizens of the United States.

Ex-Captain Strong, who says he intends to locate in some remote place "where reporters are unknown," will really find it necessary to locate on some other planet.

Roswell is enterprising and has concluded to send a car through the states of Kansas, Missouri, Illinois, Indiana and possibly Iowa. It will contain a good exhibit of Pecos valley fruits,

vegetables, flowers and other agricultural products. Its purpose is to attract immigration to that section of the country, and no doubt it will be highly successful. The estimated cost is \$600.

President Roosevelt says that he will risk the defeat for a renomination rather than recede from his position in regard to Cuba.

The bureau of statistics has published a report showing that the value of Alaska to the United States is about \$15,000,000 a year, consisting mainly of gold, furs and fish.

Another tremendous volcanic eruption has occurred, this time in one of the smaller Japanese islands. It devastated the island completely and killed all the inhabitants, 150 in number.

Secretary Fox of the New York republican state committee has compiled figures to show that New York state has saved \$5,655,000 in taxes since the management of affairs came into the hands of the republicans.

The Pueblo Chieftain says that slurs and irony on the name of the Rio Grande river are no longer in place. It may not be a very grand river in Colorado, but in New Mexico it has this month been full from bank to bank.

COMMITTEE MEETING.

The territorial republican central committee will hold a meeting in this city tomorrow morning at 10 o'clock, in room 15, N. T. Armijo building.

PHILIPPINE REVENUES.

The people of the Philippine Islands are beginning to understand the great advantages of a settled government under the supervision of the United States, and realize how they have been misled as to the purposes of the United States in seeking the pacification of the islands. Returns from the customs revenue of the archipelago show that for the first four months of the present year the receipts reached nearly \$3,000,000 in gold; more than twice as much as they were for the corresponding months of 1899 and a considerable increase over 1901.

CHOLERA SCOURGE.

Reports from Egypt show that the British are managing exceedingly well in holding down the cholera scourge. A good many cases are reported but no such great number as in the Philippine Islands. But the Americans in the Philippines have far more difficulties to contend with than the British have in Egypt. The latter have been in control many years and already have had ample chance to institute efficient sanitary measures. Moreover, the dry climate and arid country of Egypt present no such facilities for the spread of disease as are afforded by the moisture and the rank vegetable growths in Luzon.

HARVESTER TRUST.

The making of trusts still goes on and now we have one that may be ranked well up among the colossal. It is not as huge as the United States steel, which is the very leviathan of trusts, yet the International Harvester company will make a very pretty showing in the way of capital, which starts off with \$120,000,000. Provision is made for an increase of stock later if the stockholders so desire.

One thing is announced which may be taken for what it is worth, that the stock will not be offered to the public, but will be held by the owners of the plants that go into the combine. These embrace the five largest harvesting machine and agricultural implement manufacturing companies in the country, and that they will eventually bring in the others may be taken for granted. It will not be many months before substantially all of the harvester companies will be included in this deal.

DEATHS BY LIGHTNING.

From 700 to 800 persons are killed annually by lightning in the United States, according to estimates made by Alfred J. Henry, of the United States weather bureau. In 1901 the bureau received reports of 713 cases of fatal lightning strokes.

In the same year, according to the reports collected by the weather bureau, 973 persons were more or less seriously injured by lightning. The loss of life from lightning is greatest in the Ohio valley and the Middle Atlantic states. If density of population only be considered, it is the greatest in the upper Missouri valley and in the middle Rocky mountain region.

Of the 713 fatal cases reported in 1901, 291 persons were killed in the open, 158 in houses, 57 under trees and 56 in barns. The circumstances attending the deaths of the remaining 151 were not reported. This seems to dispose of the old superstition that the safest place to be in during a thunder storm is in the open country, and the most dangerous under a tree.

FOR RODEY.

The Chama Republican Gives Good Reasons for Its Support.

During the last session of congress that august body, as well as the people of this great country at large, generally, and the inhabitants of the effete east, especially, and also the ambassadors and representatives of divers and sundry foreign nations of the earth, became thoroughly convinced and impressed with the fact that there is such a region as the territory of New Mexico; that it is one of the largest and most important sections of Uncle Sam's domains; that its people are the most intelligent and progressive on earth; its women the fairest and most accomplished; its men the bravest and brainiest; its soil the richest; its crops the heaviest, finest and most certain; its fruits the most luscious; its mines the most productive, varied and richest; its stock industry unrivaled and its climate unparalleled.

These people were further convinced that the representative of this great and beautiful empire, Delegate B. S. Rodey, is not only one of the brightest, brainiest, most eloquent, modest and truthful of all its citizens, but that he is in deadly earnest, and presents the claims of New Mexico to a place in the union of states with such force and eloquence as to impress all hearers with the logic and justice of his demands.

Before Mr. Rodey went to Washington comparatively few people had even heard of New Mexico, and most of those looked upon it as a myth or a part of the great American desert—a land of Gila monsters, tarantulas and outlaws. Its demand for statehood has been a congressional standing joke for nearly half a century.

But it is different now. The people of the United States now know that there is a New Mexico.

They are amazed at its boundless resources, its number of schools and churches, the number and high intelligence of its people, its wealth and prosperity, and fully recognize the justice of its demand for statehood.

And all this knowledge and much more, all these facts and many others, are due to the untiring efforts, the inspiring eloquence, the unanswerable logic, the unremitting perseverance and the tremendous earnestness of Delegate B. S. Rodey.

For these and other reasons El Republicano holds his name as its candidate for delegate to congress.

He is the logical candidate of every voter in the territory who favors statehood, without regard to party.

He is the logical candidate of the republican party, which as a party, demands statehood, and also because one of its cardinal rules is to reward a faithful and capable official with a re-nomination.

Delegate Rodey should be nominated by acclamation and elected without opposition.

Delegate Rodey is New Mexico's advance agent of statehood.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all druggists.

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leave Albuquerque every Tuesday, Thursday and Saturday at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. B. BLOCK, proprietor, Jemez.

Acker's Blood Elixir positively cures chronic blood poisoning and all scru-fulous affections. At all times a match-less system tonic purifier. Money re-fund if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

Buying Cattle.

C. F. Hunt has bought 4,000 to 5,000 head of cattle in Mexico for delivery within the next two or three weeks to Miller & Lux in California. The stock will be shipped through El Paso be-tween the 26th of August and the 6th of September.

At Panama, Colombia, by Chamber-lain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad at-tack of dysentery. Everything I pre-scribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

A Mystery of the Canadian.

Some freighters coming from the Bell ranch to Tucumcari on last Sat-urday, noticed the dead body of a man floating down the Canadian river about fifteen miles northeast of Tucumcari. They were unable to say whether it was the body of a Mexican or Amer-ican. Owing to the river being swollen from recent rains and the current swift, it would be useless to try and recover the body, and so allowed the rushing waters to carry it along on its way to the sea. This adds another to the many mysteries connected with the Canadian river, and it will proba-bly never be known who the dead man was, or how he came to his death—whether it was murder, suicide or ac-cident. No one has been missed from the grading camps in the vicinity of the Canadian river, but as the men who follow that branch of railroad work belong to the transient class, who are constantly coming and going, it is more than probable that he had been employed at some of the camps, drew his time and started to walk to town, and in crossing the river was taken

overwhelmed by the current or caught in the treacherous quick sands, which are known to exist there, and drowned. Few people, in any grade of society, are altogether bereft of friends, and somebody—perhaps a mother, wife or sweetheart—in some distant state, will anxiously await a letter from a wan-dering loved one who will never re-turn, oblivious of the fact that his body was seen floating down the Cana-dian river, near Tucumcari, N. M., about August 9, 1902.—Tucumcari Pathfinder.

A Necessary Precaution.
Don't neglect a cold. It is worse than unpleasant. It is dangerous. By us-ing One Minute Cough Cure you can cure it at once. Allays inflammation, clears the head, soothes and strength-ens the mucous membrane. Cures coughs, croup, throat and lung trou-bles. Absolutely safe. Acts immedi-ately. Children like it. B. H. Briggs & Co. and J. H. O'Reilly & Co.

A STABBING AFFRAY.

Pablo Rivera Severely Assaulted by Three Men Between Lamy and Kennedy.

Pablo Rivera, a young man residing in this city, and who had been at work with the grading outfit of the Santa Fe Central Railway near Kennedy, on Fri-day night last went to Lamy, where he remained some hours, says the Santa Fe New Mexican.

Upon returning from Lamy to Ken-nedy, it being quite late and dark, he claims to have been set upon by three men, who pounded him severely and who stabbed him several times in the face, neck and back.

He was unconscious for some time after the assault and on Saturday fore-noon was discovered near the road by some of the other men in the grad-ing camp. They informed his father, Dionicio Rivera, who went out to get him yesterday, and his injuries are now being attended to. For three days he was without medical attendance. All his teeth were knocked out. One stab wound under the chin is of a se-rious character and may prove fatal. The case is shrouded in mystery and there is no clue to the men who com-mitted the crime.

His Sight Threatened.
"While picnicking last month my 11 year old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poi-son off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recom-mended Dr. Witt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin disease, cuts, burns, scalds, wounds, insect bites, De Witt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Jerome Mine Fire.

Senator W. A. Clark, of Montana, is now in Jerome for the purpose of in-vestigating the fire that is now raging in the big copper mine. Before return-ing to Butte he will probably decide upon some course to pursue in putting out the fire, if such a thing is possi-ble.

All Were Saved.

"For years I suffered such untold mi-sery from bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for consumption. My wife suffered intensely from asthma, till it cured her, and all our experience goes to show it is the best croup medicine in the world." A trial will convince you it's unrivaled for throat and lung diseases. Guar-anteed bottles 50c and \$1.00. Trial bottles free at all druggists.

Train Robbers Captured.

Superintendent M. B. Davis, of the Wells-Fargo Express company at El Paso, Texas, has received a telegram from Parral, Mexico, which contained news of the capture of Lee H. Smith, said to be the third bandit who joined in robbing a Mexican Central train at Bernijillo last month.

The capture was made at a little place in the mountains of western Chi-huahua, called Chinapas, by Mexicans whom the Wells-Fargo detectives had placed upon the trail. Smith did not surrender without re-sistance. A desperate encounter en-sued, in which a number of shots were exchanged, and one of the attacking party was killed.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eat-on, Ohio, can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medi-cines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dys-pepsia and stomach troubles. Unrivaled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by all druggists.

TUCUMCARI.

From the Pathfinder.
Marshal Fulghum was circulating a subscription list this week with the object of raising enough money to build a jail of some kind.

J. M. Lawson left for Shawnee, Ok-la-homa, Wednesday, where he intends to dispose of his property and return with his family within sixty days, and take chances with Tucumcari.

The Dawson railway bridge across

the Canadian river was completed on Tuesday, the track to which point is finished, and the crew started laying steel on the other side of the river Wednesday morning.

When the waters of the turbulent Canadian receded it was found that the pile driver and engine belonging to Good & Co., contractors on the Dawson railroad, was buried beneath four feet of sand.

Seventy men are constantly employ-ed in the railroad yards here unload-ing material for the Dawson railway, and 225 at the front laying track. This makes quite a little pay roll for Tucumcari—about \$20,000 a month put in circulation.

The Rock Island railroad in two years will be a very important factor in New Mexico railroad circles. It already has a line from the southeast corner of Union county to the Texas boundary; in less than six months it will have a line from the eastern fron-tier of the territory to Dawson City in the northwest corner; thereafter in a year it will have a road through Taos, Rio Arriba and San Juan coun-ties to the western boundary of the territory. Via the Santa Fe Central and the Albuquerque Eastern the sys-tem will reach the Rio Grande valley. There will be great railroad building in New Mexico within the next two years. Mark this prediction.

CONVINCING PROOF.

The Average Albuquerque Citizen Must Accept the Following Proof.

The great Sir Isaac Newton, one of the most profound reasoners the world ever produced, once cut a large hole in a board fence to allow a favorite cat access to two gardens, and cut a smaller hole to allow her kitten to follow her. The weakness manifested in Sir Isaac's action was due to want of thought. Any reader who mentally debates the proof offered here about Doan's Kidney Pills and arrives at any other conclusion than that stated in this citizen's statement, is in short of reasoning powers as the philosopher when he turned carpenter.

Mr. J. S. Wood, acct. in the St. Louis Label Works, living at 206 Mor-gan street, St. Louis, says: "My old home is in Quincy, Ill., a place where Doan's Kidney Pills are a household necessity. When I first came to St. Louis several druggists on whom I called did not have them in stock, and I went to an old friend, a pharmacist in Quincy, for them. I had attacks of kidney complaint for five or six years, causing my back to ache just across the loins. I found that Doan's Kidney Pills acted as represented and when I noticed them advertised at 'Wolf-Wil-son's,' corner Sixth and Washington streets, I went there for a box, not that I required them at the time, but I thought it was a good opportunity to adopt precautionary methods."

Just such emphatic indorsement can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask their customers report.

Sold by all dealers. Price 50 cents per box. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

Repairs Hair

Nature always tries to repair damaged hair. Some-times she succeeds, very often she doesn't. She needs a little help—Ayer's Hair Vigor. It repairs the hair, touches it up, gives it new life, brings back the old dark color, and makes it soft and glossy. Cures dandruff, too.

"I used only one bottle of Ayer's Hair Vigor and it completely stopped my hair from falling out."—Mrs. C. Leasfield, New York City.
\$1.00. All druggists. J. C. AYER CO., Lowell, Mass.

SILVER CITY VALUATIONS.

The Tax Roll for Present Year Shows Very Satisfactory Total.

City Assessor H. H. Betts has com-pleted the tax assessment roll of the town of Silver City for the present year, and the showing is in every re-spect a satisfactory one.

The total assessed valuation is \$530,450. This will yield a total estimated revenue of \$3,478.20, divided as fol-lows: General fund, \$2,652.25; hy-drant rental fund, \$1,591.35; interest fund, \$3,713.15; light fund, \$530.45.

The roll will come before the city council for approval at the regular meeting to be held on September 2.—Independent.

Shatters All Records.

Twice in hospital, T. A. Gullidge, Verbana, Ala., paid a vast sum to doc-tors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues inflammation, conquers aches, kills pains. Best salve in the world. 25c. at all druggists.

When Other Medicines Have Failed
Take Foley's Kidney Cure. It has cured when everything else has disap-peared. Alvarado Pharmacy.

Keep Your Insides Cool!

Here's a man who thinks he has heart disease, and is scared half to death. His face is all drawn out of shape from fear and agony. Every time he eats, his heart "palpitates"—that simply means that his stomach is swelled up with gases from fermenting undigested food, and his heart thumps against his diaphragm. Nothing the matter with his heart. In the summer time, this gas distention is much worse, his whole body and blood get over-heated, and his heart and lungs get so crowded for room, that he gasps for breath. There he is, look at him! Every minute he expects to drop dead. As a matter of fact, all he needs is to stop that souring and gas forming in his stomach and bowels, help his digestion along, and keep cool inside. You all know that whenever something rots or decays, heat develops. Same in the body. Keep cool inside! Take a candy cathartic CASCARET every night at bed-time. It will work while you sleep, clean up and cool your insides, give you a regular, comfortable movement in the morning, and you'll be feeling fine all day every day. Heart Disease! Fudge!

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Co., Chicago or New York.

The young bucks engage in a game of tag with the Indian girls. It is, however, the girls who do the pursuing and if they are fleet enough, the men they catch will marry them.

The washing of the snakes occurs in the kivas. There in bowls of water they are thoroughly cleaned and then laid carefully on a bed of corn meal in the sun.

They are then placed in a bower, made of brushwood, and here an Indian priest remains with them until time for the dance.

To the weird music of the tom-toms, accompanied by incantations and prayers, the Mokis take their snakes and begin to dance.

The snakes are held in the mouth. They are stroked continually with eagle feathers in order that they may be kept from coiling, while gourd are shaken to distract the snakes' attention and to imitate its rattles.

Faster and wilder grows the dance, as around and around go the Mokis. Peeper and louder grow the shrieks that are intended for prayers to the great snake god.

Then suddenly the dance ceases. An Indian boy knocks with his foot on a piece of cottonwood, placed over a small hole in the ground. This is the summons to the great serpent in the under world.

The snakes are released. Then soon their rattles are heard, out faintly in the distance. Then the Moki faces shine with joy, for the rattlesnakes have gone to tell the great serpent. The Web Woman will send rain. "Why the snakes never hit the Indians no one knows," said a visitor last year. "Perhaps it is the eagle feathers, perhaps it is some other medicine. That they have an antidote is known, but what it is the Indians have refused to reveal. It is quite as much a mystery as the rain."

The best physic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

SAN ACACIO ITEMS.

Special Correspondence.
San Acacio, N. M., Aug. 20.—Paul Fraissinet, formerly from Polvadera, and now a resident of Riley, N. M., was in town today and informed us that he, in company with his two partners, Messrs. Juan Pino and Bolesio Pino, of Socorro, have surveyed and petitioned before the United States land office, for one of the best springs of our county, known as the "Ojo Del Llano," which is located about three miles west of Riley.

Manuel Escalada, a cattleman of Kelly, is in town.

German Contreras, a sheepman from Cubera Spring, came into town yesterday morning.

Mrs. Severo Rivera, who has been sick for the last three days, is out again.

According to an advice received from the United States land office, there is not any chance under the law to apply for small holding claims, as the law has expired.

The "Jerome" mine is situated west of this place, and about six miles away on the San Lorenzo mountains.

A. Marquez left this morning with about forty men for La Junta, Colo.

Went to Visit His Sister.

A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by all druggists.

Try our coffee rolls and fine cakes.—Anthony Xydias, opposite postoffice.

"DIAMOND ICE."

Attend midsummer blanket, comfort, lace curtain sale and save money, at The Economist.

If you purchase a Chickering piano of the Whitson Music company you need not hesitate to tell your friends you have a genuine Chickering. Established in Boston, Mass., in 1823.

Don't forget that we serve a superior quality of ice cream. A trial will convince the most fastidious.—Anthony Xydias, opposite postoffice.

Attend special sale of ladies' shirt waist, ladies' waists, skirts, and parasols at The Economist.

GEO. E. ELLIS, Proprietor and Owner.

ARIZONA MOKIS.

They are Preparing to Invoke Aid of the Gods in Ending the Drouth.

ORIGIN OF THEIR DANCES.

There will be rain within the next few days in the northern part of Arizona. On Monday the Moki Indians began their prayers for rain and ways after this ceremony the clouds begin to gather.

The ceremony is one of the most ancient of pagan survivals of modern times. Though hundreds of Indians have become Catholics and early all have espoused the Christian faith, the Mokis resist all attempts made to convert them. The last time, when several priests approached their village they were unceremoniously thrown over the cliffs and after their horrible fate Christian missionaries have not invaded the Moki villages.

These wild children of nature, who are supposed to be direct descendants of the cliff dwellers, have never allied themselves with the force of Indian life as seen for 25 cents. No price will pay for their sacred rites, wild yet intensely picturesque, and no amount of persuasion could make them forget the Rain Gods and the all powerful Smoke Father in whom they have believed for centuries.

Nine days ago the Great Smoke priest announced that prayers for rain would begin August 20. The proclamation is the great event of the Moki year, for every Indian knows that it ends in the Great Snake Dance, a dance which the Moki tribe alone knows and which has attracted the attention of some of the greatest ethnologists of the present day.

The story of the rain ceremony might have come from a Greek mythology, so curiously is it allied with ancient pagan lore.

Long ago a young buck, says the snake legend, followed a little stream to see where it went to. At the end of nine days he found the spider woman, who weaves the clouds, and she gave him a liquid which would quiet all reptiles—the charm against snake bites.

The boy then came to the place where the sun rose. The sun carried the youth on his shoulders around the world, and told him that the most valuable thing in the world was a rain cloud. Finally, the young Indian came to the Great Smoke Father. The Great Serpent gave him two beautiful maidens to carry home. One he married. The other became his brother's wife.

Now every night the clouds used to arise and out of them would come smoke people, who would turn into snakes the next day.

"Do you know what they want?" asked one of the snake maidens. They want to be washed and danced with."

This is the origin of the Moki Snake dance.

The picturesque story combines with the weird ceremonies and the wild setting and one who witnesses the rites soon falls under the spell of the Indian legend. It is all so vivid to the Mokis. The great snake and the Web Woman, still exist in the northern part of Arizona. As for the real snakes, they are quite tame when handled by their Indian worshippers.

On the first day of the rites, a party of Indians go forth to hunt for snakes. They bring back several hundred and more than half of them are rattlesnakes. Nothing is done to harm them. That would be a sacrifice.

They are placed safely in the kivas, underground rooms, where a great part of the ceremony is held.

At 2 o'clock in the morning the priests—which includes the antelope priests and the snake priests—go to the sacred springs for water. Then the whole village gathers on the mesa to watch their return. It is an Indian race and the priest who arrives first may pour the water on his ground to insure the growth of his crops.

The next feature of the ceremony is attended with romantic significance.

ACKER'S DYSPEPSIA TABLETS

cure dyspepsia and all disorders arising from indigestion. Endorsed by physicians every where. Sold by all druggists. No cure, no pay. 25 cents. Trial package free by writing to W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Moise, to acquire judgment in the sum of about \$200 for goods and merchandise sold to defendants.

George J. Irwin, who came here a short time ago from Sandwich, Illinois, for his health, died yesterday at the Eldorado hotel. The deceased had been ailing for several days, and had not been up. He took his breakfast in his room yesterday morning, but was not seen during the day. As he did not appear during the evening, some of the people in the hotel became suspicious and went to his room. The door was locked and no response came to their knocks. An entrance was forced and Mr. Irwin was found dead, lying across the bed. He was cold and stiff, and had evidently been dead some hours. The death resulted, evidently, from weakness and exhaustion, as he was in the act of dressing himself when he died. He was a sufferer from consumption, and letters found on his person gave a clue to his home. Telegrams have been sent to the addresses to ascertain what disposition shall be made of the remains.

Yesterday at the county institute, which is being held at the normal school, there were twenty-eight present. The institute this year is proving to be one of the largest as well as successful ever held. There are two applicants from Guadalupe county today, there being no institute held in that county.

Mrs. Griffith and Miss Kittle Hill, who have been visiting in the city, yesterday returned to their home in Albuquerque.

Roy Mondragon, one of the men who was shot by tramps near Littleton, a Denver suburb, in Colorado, a few days ago, proves to be an ex-resident of Las Vegas. He left about one and a half years ago and is very well known here. He was a driver for Sig Moyer at one time, and has relatives in this city.

"Buffalo Bill's" purchasing agent for the show was here today and made arrangements for feed here. The aggregation of the "wild and woolly" will show in Las Vegas on October 4 and will make a jump from here to Hutchinson, Kas.

Mrs. H. T. Unsell entertained the Young Ladies' Whist club this afternoon.

John Ryan, of St. Louis, died last night shortly after 9 o'clock at the Ladies' Home of tuberculosis. He came here about the middle of July seeking relief from his trouble, but his trouble was too far advanced. He roomed at the Shenck house until Sunday, when he was taken to the home. His folks in St. Louis were telegraphed and are on their way here now.

Dave Condin has a girl at his home. Miss Condin arrived last night and her father is the recipient of congratulations today.

Mrs. J. O. Sherman is on today's indisposed list.

C. W. Browne and family arrived this afternoon from El Paso and will visit with his brothers in this city.

Fred. Mendenhall, who was incarcerated in the insane asylum last June from in the vicinity of Bell ranch, this morning escaped from the asylum between 8 and 9 o'clock. It is not known yet how the escape was made, nor in what direction he went. A search is being made for him today.

The Hebrew Ladies' Whist club met yesterday afternoon at the home of Mrs. Benjamin Lewis.

J. C. La Masters has resigned his position as engineer at the city pickler and left today for Los Lunas, where he will have charge of the Jones & Smith flouring mill.

Miss Fannie Weisskopf, sister in law to L. Reich, arrived here today from St. Louis for a visit.

Mrs. W. H. Watson, of Hot Springs, Arkansas, came in this afternoon and will visit with Mrs. J. S. Clark and family.

Superintendent D. E. Cain came in this afternoon from La Junta and stopped over for a few hours.

George P. Roe, general freight and passenger agent for the Santa Fe at El Paso, and son, arrived here today for a short stay.

William Munford, a native New Mexican was brought up today on No. 2 and taken out to the Santa Fe hospital. He fell off No. 8 near Ortiz last night and had one limb cut off and the other badly mangled. The injured man laid nine hours next the track, and was found this morning by the section men. He was perfectly conscious and will most probably live.

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder.

Copper, tin and galvanized iron work.—Whitney company.

ANOTHER BLAZE

Scorches a Las Vegas Hotel—Bad Man Schmidt a Tool Thief.

FIRE COMPANY DANCE.

Special Correspondence.

Las Vegas, N. M., Aug. 20.—The fire alarm sounded last night about 7:30 and brought the company to the Eldorado hotel to extinguish a blaze in the rooms of Mr. and Mrs. F. Barling, the proprietors of the hotel. The fire was confined to one room and besides the loss of a dresser, gold watch, pearl opera glasses and some clothing, little damage was done. The fire was a peculiar one, inasmuch as it evidently originated in the dresser in the room, it being entirely consumed. The room in other places was scorched badly and things wet by the stream of water, but the only damage outside of this room was to screens and windows in other parts of the building. How the fire originated is a mystery. Mrs. Barling thinks some one had been rifling the drawers and dropped a match in them, setting them on fire. It may also have been some matches in the drawer which, in some way, became ignited. The insurance of \$1,000 on the furniture and personal effects will more than cover, by considerable, the damage done.

Miss Cora Stern returned yesterday evening from her summer's visit at St. Louis. She stopped off a day or so in Trinidad on her return.

Another "invoice" of Navajo Indians went south last night from the sugar beet fields in Colorado.

Marshall Cortright received a list of the stolen carpenter tools from Trinidad yesterday afternoon, and found he had most of them in his possession, he having gotten them from the house of Frank G. Schmidt, who evidently stole them several months ago in Trinidad. They were returned on No. 2 today to the owners, C. M. Rose and Messrs. Leonard & Hinckle, in Trinidad.

Mrs. William Clark and Mrs. Hannah, who have been in Las Vegas the past six months for their health, left yesterday for Colorado Springs.

Mrs. C. F. Jones and son will leave tomorrow for Los Lunas for a visit with Mr. Jones, who is in business there.

Commander Booth Tucker, son in law of General William Booth, the organizer of the Salvation Army, of London, passed through here yesterday evening en route to the coast from his home in New York. Mr. Tucker is the head of the Salvation Army in America, and is a very affable and pleasant gentleman. When seen yesterday evening in the Pullman by your correspondent he was busy looking over some official matters, but welcomed the reporter with cordiality. In response to a query as to his destination, he said: "I am going on a tour of inspection to some of the western homes, and have just been to Fort Amity in Colorado. I am en route now to California to inspect some of the homes there." Mr. Tucker said the salvation work was progressing nicely in the United States. Col. Holland, the head of the Fort Amity home for the city poor, was also along, and a neat folder on the work that is being done at Fort Amity was put in the hands of the reporter.

The ball given by the east side fire company at the city hall last night was largely attended and was a very enjoyable affair. The large up stairs floor had been planed down and waxed and was in fair shape. The hall had been nicely decorated with bunting and an arch was formed over the platform for the musicians by the erection of a couple of ladders, with some of the fire fighting apparatus as decorations. The music was furnished by four members of the company, and the merriment continued until about 3 o'clock this morning. A nice sum was netted by the boys for company equipment and they feel very grateful for the citizens' liberal patronage.

Suit has been filed in Union county by Jerry Jarrell to restrain Thomas P. Jones from either rounding up, or attempting to sell to liquidate a mortgage on some 1,800 head of cattle. A temporary injunction was granted by Judge Mills and the case will be up for its final hearing the first Monday in September at Clayton, where the court will, at that time, be sitting.

Chris Weigand has entered suit in Guadalupe county against Goldammer

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 25 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades. As to teas. Everyone knows that we keep the very best to be had in the territory.

OFFICIAL MATTERS.

Territorial Funds--Postoffice Estab-
lished--Order for Survey.

LAND OFFICE BUSINESS.

Coal Declaratory Statement: Edward Farr, Albuquerque, 160 acres, Bernalillo county.
Final Homestead Entry: Francisco Gomez, Galisteo, 160 acres, Bernalillo county.

Order for Survey.

Surveyor General Morgan O. Llewellyn has issued an order to Deputy George R. Brown for the official survey of the Red Bird mineral claim, mineral survey No. 1139, situated in the White Signal mining district, Grant county. The claimants are the Alessandro Copper Mining company.

Postoffice Established.

A postoffice has been established at Kennedy, a station on the Santa Fe Central railway, with O. L. Rice as postmaster. Another office has been established at Moriarity station with Wm. McDonald postmaster. Kennedy station is supplied by train and Moriarity station so far by Star route from Chilili, twelve miles west.

Changing Territorial Deposits.

The insurance companies that had 6 per cent Grant county bonds on deposit with the territorial treasurer as guarantee funds, are exchanging these bonds for the new issue of 5 per cent Grant county refunding bonds of the same par value, that county having refunded its entire indebtedness into 5 per cent bonds at par, making a saving thereof of several thousand dollars in interest annually.

Territorial Treasury Receipts.

The territorial treasurer is in receipt of \$8.50 from the sale of a copy of the Compiled Laws; from H. O. Bursum, superintendent of the territorial penitentiary, \$1,310, convicts' earnings, and also from the same source, \$1,079.20.

The First National bank of Clayton has remitted the sum of \$50, interest on territorial deposits in the bank to the territorial treasurer. Abner Abeyta, collector and treasurer of Socorro county, has remitted to the territorial treasurer the sum of \$259.16 for 1901 taxes. J. N. Jackson, collector and treasurer of Otero county, has remitted to the territorial treasurer the sum of \$509.72 for 1901 taxes.

Hearing in an Important Homestead Case.

The matter of the protests filed by Mrs. Gilbert McClurg, of Colorado Springs, against the homestead entry by William G. Corbin in 1896 upon 180 acres of public land in Socorro county, and whereupon the ruins of the celebrated Gran Quivira are situated, was being heard at the federal land office in Santa Fe yesterday.

The homestead claimant is Mrs. Clara B. Corbin, who desires to make final proof thereon, claiming to be the widow of William G. Corbin, deceased. The allegations by protestants are that Mrs. Corbin never complied with the law in the matter of residence and cultivation of the claim and that she is not the legal widow of William G. Corbin, deceased. Judge N. B. Laughlin is Mrs. McClurg's attorney.

Our meats the best, a test will tell.—San Jose Market.

POLICE COURT.

Pay Your Dog Tax and Save Yourself Considerable Trouble.

"If you own a dog, you will have to pay dog tax," said Judge Crawford to a number of the dog tax dodgers that appeared in police court this morning, by request of the city marshal.

"Do you harbor a dog?" said the judge to Mr. Miller, who lives on Acequia street, back of Hotel Highland.

"I don't want him. He's no good. I told you you might have him," remarked Miller.

"Well, if you bring that dog up here inside of an hour," said the judge. "I'll let you off, but if you don't you will have to take out a license."

One other dog owner paid a \$2 fine and the usual \$1 tax. Smokey Bell Thompson paid \$10 for disturbing the peace.

A DENIAL.

The Clarkville Coal Mine Running with Good Force.

I note that the Albuquerque papers are sticking in all kinds of articles about the reduction of our force of miners. You can, if you like, inform them that our mine is running fully as much and generally more than the Colorado Fuel & Iron company's mines in this locality, and has discharged no miners during the past month for lack of work. We have run from four to five days every week during the hottest part of this summer, which is better than the other mines in this district have done. Yours very truly,
CLARK COAL COMPANY.
By W. L. BRITHERTON, Agent.

FISH

Fresh by express Friday morning: fresh salmon, sea trout, channel catfish, red fish, flounders, sea bass, fresh shrimps. The best in fresh meats, fancy dressed poultry, nice Concord grapes 50c basket, fresh tomatoes, feed watermelons, cantaloupes, etc., at the San Jose Market.

MISS CLAUDE ALBRIGHT.

The Albuquerque Young Lady Who is Winning Laurels in Europe.

The Denver News of August 20, publishes a splendid half-tone cut of Miss Claude Albright, who has just returned from Paris, France, together with the following article:

Albuquerque, N. M., Aug. 19.—Albuquerque citizens are delighted to have at home again Miss Claude Albright, who for the past year has been winning high fame as a contralto singer in the leading roles in the famous Opera Comique, in Paris. Miss Albright has the distinction of being one of five Americans ever engaged by the world-famed house. Her success has been marked. Splendid natural ability has been supplemented by years of training under the best European masters. Her French diction is said to be perfect. The leading musical journals of Europe have had nothing but words of praise for the young singer.

Miss Albright has made an especial hit in Paris in the role of Carmen. She has been received with acclaim in leading roles in Orpheus, Hansel and Gretel, and Louise. But perhaps among the thirty-odd grand operas in her repertoire, she adorns no part better than that of Delilah, in "Samson and Delilah."

Although Miss Albright's contract with the Opera Comique has another year to run, she may decide to cancel the engagement and accept one of several very flattering offers in her own country. Henry Savage, of New York, is anxious to engage the gifted contralto, and from the City of Mexico comes another advantageous proposition.

Miss Albright went to London during the original coronation week, and received a grand reception at the concerts given in Queen's hall, under the patronage of the Princess of Wales. Her Albuquerque friends hope to have an opportunity of hearing the beautiful voice before the young lady completes her visit to her parents here.

GOVERNMENT POSITIONS.

Good Jobs Announced for the Philippine Service.

The United States civil service commission announces that on September 9 an examination will be held for the positions of pathologist and bacteriologist in the government laboratories at Manila, Philippines, salaries \$1,800 and \$1,500 per annum respectively.

On September 30, for the position of skilled laborer (male) with technical knowledge and mechanical skill in numbering geological specimens in the national museum at a salary of \$40 per month.

On September 30, for the position of expert in the animal industry in the Philippine service at a salary of \$2,500 per annum.

On October 21, 22 and 23, for the positions of architectural draftsman junior architectural draftsman in the Philippine service at a salary of \$1,600 and \$1,400 per annum respectively.

On October 21, 22 and 23, for the position of civil and electrical engineer in the Philippine service, at a salary of \$1,600 and \$1,400 per annum respectively.

Thirty days' leave of absence is granted each year, exclusive of Sundays and holidays, and those employees who are promoted to \$1,800 per annum are entitled to thirty-five days, or about forty days, including Sundays and holidays.

The commission announces that in the department of assistant examination for the Philippine service the following subjects may be taken as optional in addition to those mentioned in the supplement of examinations: Higher mathematics up to and including calculus, physics, mining engineering, mechanical engineering, and electrical engineering.

Persons who desire to compete should at once apply to the United States civil service committee, Washington, D. C., or the secretary of the local board of examiners for application forms and a copy of the manual.

Serious Accident.

William Adamson, while out delivering pictures at Pajarito yesterday, met with a very painful and perhaps serious accident. Mr. Adamson was watering his horses in a tub and while standing in front of them they suddenly took fright at something and started to run throwing the gentleman against the wagon where his right wrist got caught in one of the hooks of the singletree, cutting an ugly gash about four inches long and severing a tendon which may cripple Mr. Adamson for life. He was brought to his home in Old Albuquerque yesterday afternoon and is now under the care of a physician.

Off for Santa Fe.

Quite a large number of Albuquerque people went to Santa Fe this morning to attend Presbyterian county institute for teachers. Among them were Prof. C. E. Hodgkin and wife, Rev. R. M. Craig, Dr. H. C. Thompson, of Menaul school; Miss Rutherford, of Menaul school; Miss Menaul and Miss Conklin. Miss Menaul has received the appointment of teacher at the schools at Hall's Peak, N. M. Pro-

fessor Hodgkin is to act as instructor at the institute.

A. H. Wallace, of Denver, is in the city today.

Races Postponed.

Owing to the fact that W. L. Trimble and other horsemen will be out of the city the coming Sunday, the races advertised for that afternoon have in consequence been postponed until Sunday afternoon, August 30. It is also reported that several of the horses are not in the best of condition, and it was a wise move to announce a postponement.

Notice to Elks.

The Albuquerque lodge, No. 461, B. P. O. E., will meet in regular meeting Saturday night, August 23, at 8:30 o'clock. Number of candidates for initiation. All members and visiting Elks are expected to attend the meeting. J. J. Sheridan, secretary.

Ready for President's Trip.

Oyster Bay, L. I., Aug. 21.—President Roosevelt was visited by a number of his neighbors today who called to pay their respects before he departs for his trip through New England. Final preparations for the trip have been made and according to schedule he will leave tomorrow for Boston, stopping en route at New Haven. The party will include Secretary Cortelyou and other members of the president's official family.

Stuffed mangoes, 5c each.—San Jose Market.

Home-made chocolate and bon-bons, fresh every day, at Delaney's.

Prime Norway mackerel, 2 for 25c.—San Jose Market.

Reward.

I will give \$25 reward for any information of Comrade George Oliver, who disappeared from Camp Whitcomb on the 16th of August. THOS. F. DYE.

Concord grapes, 50c basket.—San Jose Market.

Lost.

Physician's satchel containing some surgical instruments and pocket medicine case. "W. G. Hope" printed on the medicine case. Suitable reward will be given if returned to 220 West Gold avenue.

Notice of Suit.

In the District Court of the Second Judicial District, Valencia County, Territory of New Mexico.
Maurice Bernard Fuller, Plaintiff, vs. Annie M. Fuller, Defendant. No. 1500.
You, Annie M. Fuller, the defendant in the above entitled cause, are hereby notified that a complaint has been filed in the District Court of Valencia County, Territory of New Mexico, by the plaintiff, Maurice Bernard Fuller, praying that the bonds of matrimony be dissolved between himself and you, the defendant, upon the grounds of desertion and abandonment on the part of you, the defendant, and for general relief, and that unless you appear or answer the complaint in said cause in said court on or before the Third day of October, A. D. 1902, the said plaintiff will apply to the Court for the relief demanded in the complaint, and judgment by default will be entered against you.

W. E. DAME,
Clerk of Said Court.
JOHN H. STINGLE,
Attorney for Plaintiff, Albuquerque, N. M.

THE CARE
OF THE
EYE

Many suffer from headache and nervousness that do not suspect the cause. The nerves that control the eye have a direct connection with the most vital parts of the human system. Continual strain on these nerves keep them in such a weakened condition that they have to call on the force of the other nerves to keep them supplied. In that way the strain is carried to all the nerves and will in time exhaust them all. Properly fitted glasses will release the strain and give the system a chance to build up.

WEEKLY CROP BULLETIN.

The Conditions of Various Sections Since Last Report.

WHAT CORRESPONDENTS SAY.

Santa Fe, N. M., Aug. 19.—There is a decided improvement in all stock and crop conditions since the general rains of the 10th-11th. Although some localities still complain of a severe drought, the relief has been quite universal, and where the general rains were followed by light showers, as in the mountains and plains of southern sections, there is every indication that fall and winter feed on the ranges is almost assured. In central and north-eastern counties, while grass is quite well started, more rain is needed to give it a fair growth before the fall frosts. As a rule there seems to be ample water on outside ranges for stock, although water for irrigation has run very short in many of the streams.

Apples, pears, plums, late peaches and nectarines have been greatly improved by the recent moisture. Excepting a very few orchards all of these later fruits promise a most abundant yield this year. Wheat and oats were too far along to be benefited by the rains, but late corn has improved greatly during the past week, as have beans, peas and melons. In the Mesilla valley, melons seem to have taken on a new growth and there is still a fair chance to secure the crop from failure. In the more northern valleys the second crop of alfalfa has been secured in good condition, and the third growth is coming on very nicely. Cutting wheat and the earliest oats is general in northern counties.

The following remarks are extracted from the reports of correspondents: Albert—H. M. Hanson: Rather warm and dry this week. Last week's rain, while starting the grass, was not sufficient to change conditions as much as desirable. Frequent showers are now needed to insure a good growth of grass in time to mature before frost. The storm of the 5th caused much loss among sheep, both from drowning and straying, and much confusion resulted from the mixing of the herds. Highest temperature, 98; lowest, 55; no rain.

Arabela—A. M. Richardson: Corn is nearly ruined by the drought, and can not possibly amount to more than a half crop. Highest temperature, 93; lowest, 57; no rain.

Eastview—John W. Corbett: Good showers have revived vegetation and will assure fall pasture. The rains came too late to make corn, and all crops excepting those of the late fall planting will be short. Highest temperature, 89; lowest, 43; rain, 1.15.

Folsom—Jackson Tabor: A dry week, and cool on the 10th and 11th. On the 14th a heavy fall of rain in this vicinity, but the rain covered a belt only three miles wide, and outside of this everything is dry. This condition exists also to the south of Clayton. Very good grass for five or six miles then everything burned up by the drought. In Folsom a horse was killed by the lightning. Highest temperature, 87; lowest, 45; rain, 0.10.

Frutland—Cyril J. Collyer: Second alfalfa is gathered and it is the heaviest crop for four years. The third crop is well started. Wheat is cut and stacked; yield estimated 35 to 40 bushels. There is plenty of water in the river and ditches, but we need rain. Have had only a trace since last Christmas, and the range is completely dried up.

Hobart—W. H. Hough: Wheat mostly thrashed, and the quality fair. Corn shows improvement during the past week. Plums, grapes and late peaches are very good. It is very dry and rain would be very beneficial.

Los Alamos—William Frank: A light rain on the 11th, but the drought conditions remain practically unchanged. Early apples are ripening. Wheat and oats are being harvested, but in general, crops are very discouraging, and everyone is hoping for rain.

Lower Penasco—H. W. Cresswell, Jr.: Splendid local showers during the last two weeks and grass is good all over the Penasco country. Third crop of alfalfa is being cut. Corn is roasting ears, and a good crop. Cane and small grains doing finely. Early peaches are gone; apples will be a large yield.

Mesilla Park—R. H. Hart: Fine rains have been of great benefit to crops. Watermelons are making a new growth and may turn out well after all. Grapes on the market. Highest temperature, 93; lowest, 59; rain, 2.46.

Mimbres—Charles Dennis: A fine rain on the 10th all over this section of the country, and a few light showers since. Grass has a good start now, and the prospects are bright for good winter feed. Floods on the Mimbres caused some damage to ranches, but not heavy.

Ojo Caliente—Antonio Joseph: Local showers during the past week have been of the greatest benefit to growing crops and to the ranges, and stockmen are encouraged. Corn and beans are promising now; wheat being harvested, but the yield is below the average. Highest temperature, 88; lowest, 60.

Santa Fe—United States Weather Bureau: Slightly cooler weather, and dry during the latter part of the week, but the recent rains greatly improved ripening fruits, as pears, plums and

late peaches, and somewhat revived vegetation. Corn, wheat and oats, where plentifully irrigated, are very good crops, but on temporal lands these crops are very poor. Some oats has been cut, and wheat is beginning to turn. Highest temperature, 84; lowest, 53; rain, 0.42.

Weber—E. H. Biernbaum: A dry week. Wheat and oats are being cut; corn in tassel. Second alfalfa is being cut, but will hardly average half a crop. Chinch bugs have damaged beans, and fruit is being considerably injured by the birds. Gardens have made a remarkable growth and vegetables will be a full crop. Grass is still short on the range, but stock is doing very well so far. Ditches are very low but there is enough water on the range for stock.

Woodbury—A. J. Woodbury: The late rains have been encouraging, but the streams upon which the ore mills depend do not respond. Highest temperature, 94; lowest, 52; rain, 0.54.

R. M. HARDINGE,
Section Director.

To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I did so, and words cannot tell the good that it did for me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Dead in the Philippines.

The insular bureau of the war department has been advised of the death of Rudolfo Gonzales, interpreter in the province of Ilocos Sur, August 11, as a result of cholera. His nearest relative is Edward C. Tafuya, Santa Fe, N. M.

A Physician Healed.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

FLAGSTAFF.

From the Sun.
The Postal Telegraph has moved its local office to the Commercial hotel.
An addition to the Catholic school, 20x30 feet, is being erected by Contractor Jurden.

Dent & Sayer had a team of horses killed by lightning on the range near Kendrick mountain this week.

W. O. Secor, who has a contract for surveying a portion of the forest reserve, was in Wednesday for camp supplies.

The northern Arizona normal school opens on Tuesday, September 2. There is a prospect of an increased attendance over any preceding year.

Court Concoino No. 896, Independent Order of Foresters, will give a ball in the Bank hotel on Friday night, August 29.

The Mogul snake dance will take place at Oraibi on Tuesday, August 26. The snake dance attracts a large number of visitors each year, and it is expected that fully 500 visitors will be in attendance at this time.

Dr. J. A. Munk, of Los Angeles, Cal., and nephew, B. F. Beazell, Jr., of Pittsburg, Pa., have been spending the week here, visiting the points of interest hereabouts. Dr. Munk is interested in Arizona, and is collecting literature pertaining to the territory.

During the heavy storm of last Saturday evening the lightning struck a pine tree near the court house. The tree is of a tough, black jack variety and has been struck four times during the past ten years. The lightning leaves a scar each time, but it still stands the shocks.

A GIRL'S PLUCK.

Food That Cut Work in Half.
The food that will enable a person to accomplish in one year the work laid out for two years is worth knowing about. Miss Annie Avery, a student in Lanark, Ont., writes:

"I know I felt my ill health even more than if I had been engaged in any other work, as the confinement of school only increased my sickness and inability to study."

"Last year I was on the way to a general break down in health; I suffered from severe headaches, was becoming a confirmed dyspeptic, nervous system broken down and my condition went on from bad to worse until I was unable to study or even go to school. "My parents were very anxious about me as medicine did not help and mother hearing about Grape Nuts obtained some and I commenced to use it at once; I was very much surprised at the quick effect the food had on me. I began to get better and as a result from its continued use I am no longer troubled with sick stomach and headaches, nor am I the nervous girl I was last year. I feel so well, and study so well, that I am making an attempt to get my certificate with but one year's work, when at the very least two years are always allowed for it. I have gained thirty pounds since using Grape Nuts and now enjoy good physical and mental health."

THAT INDIAN ROMANCE.

Sister of Indian's Sweetheart Visits Village of Santa Clara.

The appearance of Miss Lillian Arnold in Santa Clara, N. M., caused a decided sensation. When the attractive Denver woman accompanied by Mrs. Blanche Dougan Cole, arrived in the Indian village about a week ago, there was no end of talk—or rather there would have been if the squaws could have spoken English. As it was all they could do was to stare and wonder. Albino Chivaria, the handsome young buck whose engagement to Miss Cora Arnold has been talked of for two years, looked, too, and then he sighed and shook his head. But Albino is a wise young man. There are those who say he could give white men lessons in love making. The curious old squaws, who are quite as much interested in affairs of the heart as are the summer girls themselves, could get nothing from Albino, who only queried "Quien sabe?"

What they asked or what Miss Lillian Arnold thought they asked was "Is that the one?"

As Albino was the only man who could tell, they had to guess. And so they watched and talked and huddled together, looking as knowing and as anxious as the match making pale faces.

Miss Lillian Arnold was not the one. Her sister, it was understood, was to have gone. Miss Cora Arnold has never gazed upon her future home. Albino expected her, the squaws awaited her and even the chief put on an extra coat of war paint and exhibited as much curiosity as Indian etiquette would permit. The avowed attachment of Albino for the Denver woman was well known among his tribesmen. Moreover the match is not regarded favorably. Several Indian girls have fallen captive to the charms of Albino and they eye with jealousy his admiration for a woman who is not of his tribe. Of course all the Indian girls wanted to see what she would look like. They wanted to compare her with their standards of beauty. Perhaps they even contemplated persuading Albino to give her up.

When the Denver party arrived there were two women. Which was she? It takes a long time to rouse Indian curiosity, but it takes equally as long to satisfy it.

Miss Lillian Arnold went to see the annual feast dance.

"It was the most wonderful thing I have ever seen," she said. Of the Indians, particularly the squaws, she said nothing, except that it was embarrassing. Meanwhile the squaws are still wondering, while the unsatisfactory Albino keeps his own council.—Denver Republican.

HOLBROOK.

From the Argus.

The Apache County bank has been started at Concho by Candelaria Bros. James H. Owen, the government contractor, is down today from "team canyon."

Horace Fish, of Snowflake, is employed temporarily as government operator at Fort Apache.

A. C. Vroman, of Los Angeles, and a party of five will go from here to the snake dance Monday. Liveryman Eger furnishes the outfit.

W. A. Frost and wife, of Woodruff, passed through here today on their way to Keam's canyon, where Mr. Frost has secured employment on the new government buildings.

The heavy rains of the past few days have raised the river so that considerable work has been necessary to keep the bank from washing away. Our enterprising business men have had several teams working nearly all week hauling brush and stone, and the bank is now in shape to withstand most any ordinary flood.

A World Wide Reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all druggists.

WILLIAMS.

From the News.
This section has enjoyed good showers this week, which will help out wonderfully.

Cocconino now occupies third place, with regard to property valuation, among the counties of the territory.

J. E. DeRosear is at present assisting Postmaster Simpson at the local office and will continue till the selection of a new clerk has been made.

A party composed of Messrs. P. M. Shafer, William Crowell, F. R. Nellis, A. R. Kilgore and Bob Kinser left Thursday on No. 7 for the pine woods of northern California to secure, if possible, good claims in that section.

Ed. Phelan has resigned his position with J. C. and on Tuesday left for Barstow, Cal., accompanied by his wife. Mr. Phelan will remain there for a time, while Ed. goes on to San Bernardino to accept a position.

A Chicago party, composed of Clarence M. Converse, Mr. and Mrs. Dalgard, Mrs. C. H. Coles, Miss Margaret Powell, Mrs. Hayward and Reed Bush, spent several days at the canyon last week under the guidance of Prof. G. Wharton James.

A prominent sheepman who grazes his flocks on the Hualapai Indian reservation informs us that the agent had served notice on all the stockmen that hereafter a grazing fee per year of \$1 per head would be charged on the reserve for cattle and 20 cents per head for sheep.

BUSINESS LOCALS.

Keep your eye on Deming.

Kleinworth's is the place to get your nice fresh steak. All kinds of nice meat.

Bring in your tinware and have it repaired. Albuquerque Hardware company.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent. on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

Orders taken for every known make of stoves and ranges. Albuquerque Hardware company.

Just received a large shipment of Japanese and Chinese mittens. Albert Faber, 305 Railroad avenue.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

We are sole agent for Wheeler & Wilson sewing machines, the best on the market. Albert Faber, 305 Railroad avenue.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattle men all know this.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

For Over Sixty Years.
An old and well tried remedy.

Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

There is no place like the Lion Store when you're looking for bargains.

Special in outing flannel at 6 cents and 7 1/2 cents a yard, at The Economist.

Alamogordo & Sacramento Mountain Railway.

Effective June 2nd first class passenger train will leave Alamogordo at 8 a. m., arriving at Cloudcroft at 10:50 a. m. daily. Return train leaves Cloudcroft at 5:30 p. m., arriving at Alamogordo at 8 p. m.

Passengers for these trains can take breakfast at Alamogordo and 5 o'clock dinner at Cloudcroft.

Railroad Topics

Fourteen patients yesterday at the Las Vegas railroad hospital.

It is denied that there is any prospect of a strike on the Mexican National.

Road Foreman William Daze, of Winslow, was an Albuquerque visitor yesterday.

Engineer Jack Fenner is able to be at work again after a severe siege with rheumatism.

Conductor J. B. Cunningham has returned from an extended outing on the Pacific coast.

Fireman DeBrun is enjoying a much needed rest. He has a thirty days' leave of absence.

Heavy shipments of material are being sent out from Chihuahua for the Kansas City, Mexico & Orient road.

Dr. J. Saylin, chief surgeon at the Santa Fe Pacific hospital, is under the weather a little on account of overwork.

Seven handsome new passenger coaches have been received by the Rock Island which will be put into service from El Paso.

The site for the new depot at Deming has been surveyed and the construction work will be pushed forward as rapidly as possible.

Santa Fe officials point with pride to the fact that their trains are the only ones that have been reaching El Paso regularly on schedule time for the past few weeks.

William Errett, a railroad man from Raton, continues critically ill of typhoid fever at the Las Vegas hospital. The other four typhoid patients are reported convalescent.

The proposed railroad from Congress Junction to the Colorado river is now assured. It will open up one of the richest mineral sections in Arizona. Frank M. Murphy is one of the leading promoters of the enterprise.

Several cars of a north bound Colorado & Southern freight were wrecked near Verde on the joint track between Trinidad and Pueblo at midnight on Monday night. The wreck is said to have been due to a broken wheel.

The Santa Fe is trying to get additional employees for their mechanical department. The reason given is that a rush of business is expected later in the year and that all bad cars are expected to be put in shape while traffic is light.

A Topeka dispatch says that Assistant Superintendent of Motive Power W. A. Nettleton, of the Santa Fe system, has tendered his resignation and will locate in Kansas City, where he will attend to private business. Mr. Nettleton was formerly connected with the "Memphis" road. His successor is not known.

A number of railroad men at Alamogordo, N. M., have been discharged by John H. Harris, the new superintendent of the El Paso-Rock Island. Engineer Boatright, one of the men discharged, is another on the long list of parties who have skipped that town leaving bills unpaid. He succeeded in getting away with his trunk, but his household goods were attached at the depot.

Mrs. Ida McEwen, formerly Miss Ida Croxford, so badly burned about two months ago by a gasoline explosion at La Junta, where her husband is a switchman, arrived in Las Vegas on Saturday evening, accompanied by her mother. She will remain there for some weeks on a visit to her parents. She still has no use of her hands and arms, owing to the fearful burning of the cords in the same.

Christian Smith, the oldest living engineer in the country, is spending the declining years of his life in quietude near Harper's Ferry, says the Philadelphia Record. He is 90 years old, but still hale and hearty, and a fine specimen of manhood. He is over six feet in height and erect, and possesses all of his faculties. His eyesight is as good as that of the average person of younger years, and he does not have to wear glasses.

It Needs a Tonic.
There are times when your liver needs a tonic. Don't get purgatives that gripe and weaken. Dr. Witt's Little Early Risers expel all poison from the system and acts as tonic to the liver. W. Scott, 521 Highland avenue, Milton, Pa., says: "I have carried Dr. Witt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or disress. B. H. Briggs & Co. and J. H. O'Reilly & Co.

North and South Road.—A circular issued in Los Angeles by the Cananea, Yaqui River & Pacific Railroad company, is said to foreshadow the eventual construction of the long-talked-of International North and South railroad.

Espes Randolph, general manager of H. E. Huntington's Pacific Electric Railway company at Los Angeles, has been elected president and general manager of the new railroad, which will be known as the Cananea, Yaqui River & Pacific, the company bearing that name, and composed of W. C. Greene and others, owners of the great copper mines, having been organized. The articles of incorporation have not been filed, but will be within a few days.

Mr. Randolph was reluctant to discuss the plans of the new company when asked about the matter, but stated that there would be a corps of

engineers in the field in an effort to find routes for extensions of the Cananea road north and south. The plan contemplates a road north and south through Arizona, he said, and into the coal fields of New Mexico and Colorado, and south from Cananea lines will be run along the coast of the Gulf of California through Sonora and Sinaloa. The Mexican government has made a concession of land and other rights to the company.

Foley's Kidney Cure.
Will cure bright's disease.
Will cure diabetes.
Will cure stone in bladder.
Will cure kidney and bladder diseases.

Increasing Earnings.—The annual report of the Chicago & Eastern Illinois Railroad company for the year ended June 30, 1902, has just been issued. The net earnings for the year show an increase of nearly \$400,000. The mileage operated was 737.68 miles. Gross receipts were \$6,277,493, as compared with \$5,659,446 the previous year. The net income, after deducting charges, amounted to \$1,448,881. Dividends of 6 per cent on preferred and 6 per cent on common stock was paid during the year, amounting to \$841,715, leaving a surplus of \$607,171.

Consumption Threatened.
"I was troubled with a hacking cough for a year and I thought I had consumption," says C. Unger, 211 Maple St., Champaign, Ill. "I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since."

ESCAPED PRISONERS.
Come Upon by Officers and a Lively Fight Took Place.

A Tucson, Arizona, special, dated August 19, says:
A desperate fight took place Monday afternoon in the Chiricahua mountains between Sheriff Lewis, of Cochise county, and his posse and Wane and Hestor, two of the five prisoners who broke jail at Tombstone about two weeks ago. The deputies arriving at Tombstone with six shooters brought the details of the fight, which occurred on Monday afternoon.

Sheriff Lewis and his men were scouring the mountains in an effort to locate the jail breakers. R. Wheeler and William Sanders, while separated from the party, suddenly came upon Wane and Hestor camping in Rock canyon with six cowboys. The officers ordered both fugitives to hold up their hands, but instead of obeying orders both men dropped behind bushes and began firing. Wheeler and Sanders returned the fire, which attracted the attention of Lewis and the rest of the men, who rode in all haste to the scene. At the approach of Lewis and the rest of the men, the six cowboys took a hand in the fight. The pursuing party soon made the canyon too hot for the fugitives and outlaws, and the latter beat a retreat. After a hard chase the six cowboys were captured and placed under arrest, but Wane and Hestor succeeded in escaping.

Moki Tea Positively Cures Sick Head-ache.
Indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y., J. H. O'Reilly & Co. and B. H. Briggs & Co.

THE TRINIDAD FIRE.
Livery Stables and Ten Horses Destroyed by Fire.

A Trinidad dispatch, under date of August 19, says:
Fire at 2:30 o'clock this afternoon totally destroyed the Osborn block and the Columbia Livery company's stables, on Pine street. The loss was between \$35,000 and \$40,000. The livery stable occupied nearly half the block. Smoke was discovered issuing from the front window of the barn.

About ten horses and three buggies were taken from the building and as near as can be estimated about thirty valuable rigs, including an expensive omnibus and several cabs, were burned. Ten head of horses, including a valuable pacing mare owned by Robert Branagh, together with a vast quantity of hay and grain, was burned. Owing to a strong east wind the flames soon spread to the Osborn building adjoining.

A considerable quantity of goods was saved from the Bowman Grocery company's store, which occupied the store front. This loss will amount to about \$5,000. The second story of the building was used as a rooming house, conducted by E. R. Cutler. Everything on this floor was destroyed including the effects of the guests.

Several women were in the rooms when the fire broke out and it was with difficulty that they were restrained from jumping to the sidewalk below. The loss to the rooming house will amount to about \$3,500.

No employees were in the stable when the fire was discovered. The cause of the fire is not known, but it is supposed that one of the employees threw a lighted cigarette or match on the floor before leaving the building, which probably ignited a piece of stray paper or hay.

The entire losses are: Columbia Livery company, building, animals and vehicles, valued at \$13,000; insurance very light. Estimated loss, \$10,000.

Bowman Grocery company, \$500; insurance, \$2,300. North side meat market, \$800; no insurance. E. R. Cutler, rooming house, \$3,500; no insurance. Osborn block, valued at \$10,000; insurance, \$3,500. The block and barn will be rebuilt at once.

Henry L. Shattuck of Shellsburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

RANGERS VS. POLICE.
Engaged in a Desperate Fight and a Prisoner Released.

A telegram from Tucson, Arizona, under date of August 19, says:
Three Arizona rangers engaged in a desperate fight Monday night at Bisbee with city police. The affair started in the Orient saloon, when Captain Mossman, of the Rangers, and Burt Grover and Billy Page, of the Ranger company, were playing a big poker game. The dispute arose over a stake of \$800. The Rangers and the gamblers piled upon the floor. Guns were drawn and several shots were fired, but luckily none were hit. At this juncture city officers interfered, and after a street fight Ranger Grover was arrested and lodged in jail. Other Rangers secured the keys at the point of their guns, unlocked the jail and released him. The Rangers have been running things with a high hand of late, and a petition signed by 2,000 citizens of Bisbee has been forwarded to the governor of the territory asking for the removal of Captain Mossman and a number of rangers.

Just Look at Her.
Whence came that sprightly step faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result.—all organs active, digestion good, no head aches, no chance for "blues." Try them yourself. Only 25c. at all druggists.

LAS CRUCES DISTRICT.
Over Twenty Thousand Acres of Land Entered Past Fiscal Year.

According to the report of Nicolas Galles, register of the federal land office at Las Cruces, there are 19,600,000 acres of land in the Las Cruces land district that are still subject to entry under the federal land laws. In his annual report for the fiscal year ending June 30, 1902, he gives the following statistics by counties for the district:

Dona Ana county, surveyed land, 1,429,122 acres; unsurveyed land, 528,347 acres; total open to entry, 1,967,469 acres; reserved, 335,373 acres; appropriated, 144,153 acres; land entered during the fiscal year under homestead law, 11 entries, 1,133 acres; act of June 4, 1897, 80 acres; mineral entry, 46 acres.

Grant county, surveyed, 3,210,532 acres; unsurveyed, 860,882 acres; total subject to entry, 4,071,414 acres; reserved, 7,414 acres; appropriated, 785,372 acres; 42 entries during the fiscal year under homestead law, 6,146 acres; under desert land act, 520 acres; under act of June 4, 1897, 520 acres; mineral entries, 530 acres.

Luna county, surveyed, 1,058,000 acres; unsurveyed, 616,000 acres; total subject to entry, 1,674,000 acres; appropriated, 42,000 acres; land entered during the fiscal year under homestead law, 22 entries, 2,980 acres; under desert land act, 1,480 acres; under act of June 4, 1897, 200 acres.

Otero county, surveyed, 1,380,167 acres; unsurveyed, 1,196,000 acres; total subject to entry, 2,576,167 acres; appropriated, 155,833 acres; entered during the fiscal year under the homestead law, 49 entries, 6,684 acres; under the desert land law, 160 acres; under the act of June 4, 1897, 200 acres.

Sierra county, surveyed land, 1,514,204 acres; unsurveyed, 274,379 acres; still subject to entry, 1,788,583 acres; reserved, 74,875 acres; appropriated, 109,542 acres; 19 entries during the fiscal year under the homestead law, 2,157 acres; under the desert land law, 160 acres; under the act of June 4, 1897, 80 acres; mineral entries, 89 acres.

Socorro county, surveyed, 5,102,461 acres; unsurveyed, 2,017,050 acres; total subject to entry, 7,119,511 acres; reserved, 278,098 acres; appropriated, 140,481 acres; 19 entries under homestead law, 2,370 acres; under desert land law, 40 acres; under act of June 4, 1897, 280 acres.

In addition to these entries, there were made in the district during the fiscal year final homestead entries on 7,089 acres; final desert land entries, 880 acres; cash entries on 1,361 acres, making a total of final entries on 9,321 acres.

Quick Relief for Asthma Sufferers.
Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. —Alvarado Pharmacy.

Johnston's Stage Line.

PETITION GRANTED.

Five Thousand Sheep and Goats Can Graze on Pecos Reserve.

PRIVILEGED FOR SIXTY DAYS.

A few days ago a delegation of citizens of southeastern Rio Arriba county and residing in the vicinity of Los Trampas, called on Governor Otero and presented a petition, signed by several hundred persons, setting forth that the residents of that section were farmers and stock raisers in a small way, that each head of a family owned a few sheep and goats; that they depended for a livelihood upon their crops and on the few animals owned by them; that the drought of the present year was very severe and was proving of great hardship to them; that in addition to the drought, grasshoppers had, in a large measure, destroyed their agricultural crops; that the ranges that they had heretofore used for their sheep and goats, were this year valueless on account of the drought and the scarcity of water and grass; therefore these petitioners, living but a few miles from the northwestern portion of the Pecos forest reserve, asked Governor Otero to present their cases to the department of the interior and to obtain for them, if possible, permission to graze their sheep and goats, the number not to exceed 5,000, upon the Pecos forest reserve, they hoping that the drought would soon be broken and that the range and water supply usually used by them for the herding of their sheep and goats would soon be in a condition to allow them to do so again.

Governor Otero accordingly thoroughly investigated the statements of the petitioners, believing these petitioners to be worthy people and also having come to the conclusion that the aid requested by them, namely being allowed to graze their 5,000 sheep and goats upon the Pecos forest reserve if vouchsafed them by the government, would save them from probable ruin, he addressed a communication, giving a full recital of the facts and conditions in the matter, to the secretary of the interior and recommended that the petition be favorably considered. He also requested that the action of the department be telegraphed to him. Tuesday afternoon he received the following dispatch:

Washington, D. C., Aug. 19, 1902.—The Governor of New Mexico, Santa Fe, N. M.: Have directed commissioner general land office to permit grazing of 5,000 sheep and goats in Pecos forest reserve from August 20 to October 20, as requested in yours of 12th.

THOS. RYAN, Acting Secretary.
As in all cases affecting the welfare of the people of the territory, Governor Otero acted with promptitude and alertness in the interests of these petitioners, made his recommendation as strong as possible and the result naturally will prove very beneficial to these poor people, who, per head of a family or per single man over 21 years of age, own from thirty to forty head of sheep and goats, this live stock being the principal portion of this world's goods possessed by them. In addition the action of the department is gratifying to the governor, as he was thus enabled to be of service to these deserving and good people. The course of the interior department is acceptable to the people of that section and fully approved by those who are acquainted with the case and the circumstances connected with it.

Foley's Kidney Cure is a medicine free from poisons and will cure any case of kidney disease that is not beyond the reach of medicine.

Think of buying out flannels, the regular 12½ cent kind at 6½ a yard. Lion Store.
