PRISON RIOT

Kentucky Penitentiary Scene of Excitement.

SAILOR KILLED FIRING A SALUTE.

World's Y. M. C. A. Convention in Session in Sweden.

ALGER A CANDIDATE FOR SENATOR.

Frankfort, Ky., Aug. 20.—The officials of the state penitentiary and citizens of Frankfort were thrown into a state of wild excitement today by a riot in the prison, started by an attempt of three desperate murderers, LaFayette Brooks, Wallace Bishop and T. Mulligan, to gain their liberty. Before the riot, which began at 6 o'clock and lasted until after 10, was quelled and the mutinous convicts captured. Bishop was fatally wounded, Mulligan shot in the shoulder and a negro convict, Albert Ransome, of Louisville, whom the desperadoes had pressed into service, was hit by a rifle ball. As Brooks, Mulligan and Bishop were coming out of the dining room to answer a hospital call, one of them drew a revolver and compelled the guard, A. H. Gill, to give up his arms. Guard F. F. Hurst was also captured. Captain Madigan, acting warden, rushed forward, firing on the bunch, but no one was hit. The convicts, then running across the yard to the chair factory, captured Charles Willis, foreman. They stood Willis at the window, Brooks with a revolver in his hand took a position just beside the captive, resting the muzzle of the weapon on Willis' shoulder. The convicts then defied Warden Lillard to attempt to capture them, shouting that they would kill the foreman at the first move made against them. By this time several hundred citizens, many heavily armed, gathered at the prison gates, but the warden denied admission to all. He placed a guard of sixty men around the building in which the desperadoes had barricaded themselves and called on them to surrender. The convicts' only reply was a taunt.

James Buckley, former city work house keeper, and Morgan Brewer, former guard at the penitentiary, climbed to the roof of a residence overlooking the building in which the convicts had taken refuge and fired several shots into the room where the desperadoes were entrenched. They were compelled to desist, however, as Foreman Willis was forced to the window in the line of fire. He called to the men to stop shooting and informed them that a negro convict whom the desperadoes had forced into their service had been shot in the shoulder. Finally the men agreed to surrender. As they came down the stairway, Bishop dropped his hands to his side as if to draw a weapon. One of the warden's party fired a bullet, striking Bishop in the breast, inflicting a fatal wound. The other two desperadoes were placed in their cells. Then it was discovered that Mulligan had been wounded in the shoulder, though not seriously hurt.

Later developments show that Ransome, the negro who was shot, was not pressed into service by the desperadoes, but had joined them after they entered the rocker department. Brooks, Bishop and Mulligan are among the most desperate of the 1,500 convicts confined here.

Killed Firing a Salute.

London, Aug. 20.—A gun accident occurred today on the old wooden battleship Victory (flagship of Lord Nelson at the battle of Trafalgar). While firing a royal salute on the king's arrival at Portsmouth, a charge exploded prematurely and the ancient muzzle-loader and a seaman were blown clear through a port hole. The body of the sailor was not recovered.

Y. M. C. A.

World's Association Holding Annual Meeting at Christiania, Sweden.

Christiania, Aug. 20.—The World's Young Men's Christian Association began its fifteenth session in Christiania today and will continue through the remainder of the week. The opening meeting was devoted largely to the addresses of welcome and reports showing the progress of Y. M. C. A. work in the Scandinavian countries. Some of the topics discussed were "Organization Work in Different Countries," "Our Duties With Reference to the Claims of the Young Men in Heavens Lands," and "Mission Work for Young Men."

Among the countries represented at

the conference are the United States, Portugal, Russia, Spain, England, Switzerland, Germany, Austria, and France. There are more than 50 American delegates present, in addition to a considerable number of American visitors. The two American speakers on the program are George T. Coxhead, of St. Louis and Dr. James A. Canfield, of Columbia University. The program is arranged so that there will be a series of simultaneous meetings in different places and conducted in different languages.

During the convention certain afternoons will be set aside for excursions to points of interest in Norway. Visits will be made to Holmenkollen, Bygdø, Copenhagen and other places. King Oscar has arranged to give an audience to the delegates, and the royal palace and grounds will be left open for their inspection.

Alger a Candidate.

Detroit, Mich., Aug. 20.—Gen. R. A. Alger announced himself today a candidate for United States senator to succeed the late Senator McMillan.

New Electric Line Opened.

Augusta, Ga., Aug. 20.—The formal opening today of the electric railroad connecting this city with Aiken, S. C., was made a gala occasion. The people of Aiken and of the towns along the line were given free rides to Augusta and this city was crowded as it has seldom been before. This afternoon the visitors were the guests of the Augusta chamber of commerce at a barbecue banquet dinner at Lake View Park.

IN FROM CAMP.

Santa Fe Central Will be Completed by January 1, 1903

WHAT M'CANEE SAYS.

R. L. McCanee, the purchasing agent of the Albuquerque Eastern and Santa Fe Central railway, drove into the city at 7:30 this morning from Moriarty camp, and was around today in company with George A. Campbell, of E. J. Post & Co. Mr. McCanee reports grading going on at a rapid rate on that section of the Santa Fe Central road and that the road will be completed and trains running over it into Santa Fe by January 1, 1903. He is here to purchase certain supplies, and tonight will go to Santa Fe by rail.

VENEZUELA REVOLUTION.

Town of Cumana Evacuated by the Government Troops.

Washington, Aug. 20.—A telegram was received last night at the department of state from Minister Bowen, dated Caracas, yesterday, in which he reported that the government forces had evacuated Cumana the previous night. He further stated that he had been informed that Germany, France and Great Britain, through their representatives at Caracas, had jointly characterized the Venezuelan declaration of blockade as inefficient, whereupon the government had asked for proof and suggested that merchant vessels be sent to test the efficiency of the blockade. Minister Bowen informed the Venezuelan foreign office that the policy of the United States is not to recognize the blockade if found inefficient and to this announcement no objection was made, the Venezuelan minister acknowledging it to be solid argument.

Montana Druggists in Session.

Butte, Mont., Aug. 20.—The twelfth annual meeting of the Montana State Pharmaceutical association is in session here with a large attendance, particularly from Helena and Anaconda. S. J. Coffey, president of the association, occupied the chair at the opening session and cordial greetings were presented on behalf of the city and the in the officers' reports show that the association is steadily increasing its membership. The convention will conclude with an elaborate banquet.

Coroner's Verdict.

Chicago, Ill., Aug. 20.—The coroner's jury returned a verdict that Minnie Mitchell came to her death by a bullet wound inflicted by a person unknown and at a place unknown, and recommended that Thompson, Claffey and Counselman be held by the grand jury and that William Bartholin be apprehended.

Killed by a Train.

Asbury Park, N. J., Aug. 20.—The man killed last evening in the collision at Delmar of a special train on the Central railroad and the Pennsylvania train, has been identified as Richard B. Armond, of New Orange, N. J. The other person killed was Alice Bishop, 8 years old.

TOWN BURNED

Central American Town Totally Destroyed.

DESCRIBES HIS DEATH STRUGGLES.

Cape Province Parliament Discussing Boer War Settlement.

MOORS ATTACK FRENCH IN ALGERIA.

Quayaquil, Ecuador, Aug. 20.—The town of Babahoyo, capital of the province of Los Rios, was totally destroyed by fire yesterday. A fire steamer left here last night with firemen and engine to assist in fighting the flames, but arrived too late. Much merchandise from Guayaquil in transit to the interior was burned. Babahoyo, or Bodegas, has a population of about 2,000.

Describes His Death Struggles.

Kansas City, Mo., Aug. 20.—Dr. S. L. Foote, aged 80, died at his office at Argentine, Kan., during the night from morphine, taken apparently by mistake. He left a note describing his death struggles and giving directions for disposal of his property.

Cape Parliament Assembles.

Cape Town, Aug. 20.—It is an extremely difficult task that lies before the Parliament of Cape Colony, which assembled today in pursuance of the summons issued last month. The specific purpose of the session is to pass an act of indemnity on account of violations of the constitution and to confer special powers on the Cape Government for carrying on the pacification of the colony and the maintenance of British interests.

The personnel of the parliament is in a state of confusion, and it is not known whether some seats are vacant or not. The Progressive Party is embarrassed, and has lost confidence in Sir John Gordon Sprigg (the Premier) and his colleagues. A further element tending to discord and confusion is the attitude of the Afrikaner Bond. It is believed to be the intention of the followers of the Bond to support Premier Sprigg quietly on the questions of indemnity and unauthorized expenditure, in order better to beat him on the measure which touch their own ascendancy and on immigration and other measures affecting British interests.

Moors Attack the French.

Paris, Aug. 20.—A telegram from Oran, Algeria, says that the Moors recently attacked a French military column near Ain Delkehl and numbers were killed or wounded on both sides. Troops have gone in pursuit of the Moors.

Iowa Prohibitionists.

Waterloo, Iowa, Aug. 20.—The prohibition state convention met here today and was formally called to order by J. C. Van Ness, of Mason City. A considerable number of women were among the visitors and delegates. The opening session of the convention was devoted to roll call, appointment of committees and the address of the temporary chairman. The latter spoke of the aggressive missionary work now being done by the prohibitionists of Iowa and predicted a large party vote next November.

Before adjourning the convention will nominate a full state ticket, together with candidate for congress and the judiciary. The essential points in the platform will be the declaration in favor of the abolition of the liquor traffic and against the saloon as the deadliest enemy of mankind. It is also probable that there will be declarations in favor of woman's suffrage and the election of United States senators by direct vote of the people.

RAILROAD ACCIDENTS.

Limited Runs Into a Freight Train at Cosmimo.

A RAILWAY INCIDENT.

About 2 o'clock yesterday afternoon at Cosmimo, a small station ten miles this side of Flagstaff, the Chicago limited passenger train No. 4, under Engineer Jack Williams and fireman Ed Yeager, dashed full head on into the rear end of a local freight, which was just making the siding.

Engineer Williams jumped, breaking one leg and being badly bruised about the face and body. He was brought to this city early this morning and placed in the Santa Fe Pacific hospital,

where his wounds were dressed. The fireman jumped and escaped with a few scratches. A tramp riding on a coal car received some injuries.

The caboose and one box car were demolished, and the engine was slightly damaged. The passengers on the flyer received a severe shake up. No. 4 arrived here this morning about five hours late.

The place where the accident occurred is in a dense pine forest, and on a sharp bend of the road. It was dark and Engineer Williams, who was seen by a Citizen reporter this afternoon, says that when the freight came into view he saw that the distance was too short to stop in, so he closed the throttle and jumped.

The injured man's home is at Winslow.

Incidental.

Yesterday afternoon about 2 o'clock Engineer Hugh Williams and Fireman Jack Lane, stopped at Socorro to take water, while pulling a freight train from San Marcel to this city. While coal was being let down from the chute, Engineer Williams, who is a brother to the engineer hurt in the No. 4 wreck, was on the ground under the engine oiling.

The fireman, who had been working on the top of the engine, stepped down into the cab. In doing so his foot slipped, knocking the throttle wide open on the reverse. The engine plunged backward tearing away her cab and precipitating the coal chute man into the water tank. The engine was stopped and no one was hurt.

The two accidents occurred within a few minutes of each other.

Idaho Republicans.

Boise, Idaho, Aug. 20.—Republicans of Idaho assembled in state convention here today. The convention will nominate candidates for congress and for the state offices to be filled at the coming election.

FREE RACES SUNDAY.

A Fine Program Arranged by the Driving Association.

A FEW POINTERS.

The Gentlemen's Driving association held a meeting last night and discussed many points of interest regarding the races at the approaching territorial fair. They are anxious to put the track in tip top order, but think that they should not be asked by the fair association to foot all the expense incident thereto. After discussing these matters, the members arranged the following program for a free matinee on next Sunday afternoon:

Green Trotting Race—William L. Elmo Wilkes, Milton S. Spie and Dr. Gordon.

Free for All Trot—Action, Boone, Bob Collins and Lady Marguerite.

2:17 Pace—Bonnie Treasure, Primrose.

Running Race—My Girl, Roger 2 and No Name.

ALBUQUERQUE FAIR MEMORIAL

Handsomely Illustrated Number to Commemorate Festival Occasion and to

ADVERTISE THE "DUKE" CITY

The Citizen has lately concluded arrangements to issue a handsomely illustrated number, devoted to "Albuquerque and Environs," to be circulated during the Territorial Fair in October.

The work will embrace three sections—the "regular," the "general" and the "special"—enclosed in a cover designed for the season. It will be printed on a superior grade of paper and will be embellished by the highest grade of half-tone engravings.

In taking up the enterprise The Citizen has determined to spare no expense in producing a work of sterling merit, and has already increased its staff by the employment of R. Copeland Rohrabach, a talented writer who has earned a well deserved prominence for special newspaper and magazine work in Colorado and elsewhere in the west.

GATES LOST

Failed to Get Injunction Against C. F. & I.

MORGAN ARRIVES FROM EUROPE.

Boer Generals Visit and Consult With Ex-President Kruger.

INVENTOR COLT'S REVOLVER DEAD.

Denver, Colo., Aug. 20.—Although disappointed at the failure to obtain an injunction from the federal court which would prevent the officers of the Colorado Fuel & Iron company from carrying out the program by which they expect to accomplish their reelection, John W. Gates has not given up his fight for control. His next move had not developed up to noon today and probably will follow the annual meeting of stockholders which is to be held late this afternoon.

Another Move.

Denver, Colo., Aug. 20.—On application of George F. Bartlett, Judge Mullins, in the district court this afternoon, issued ex parte injunction to forbid holding of annual election of the Colorado Fuel & Iron company this afternoon. It is understood that Bartlett is friendly to the Osgood management and the move was made to forestall the Gates party in any action they may contemplate.

MORGAN COMES HOME.

The Boss of the World Refused to be Interviewed.

New York, Aug. 20.—Prominent among the passengers who arrived today on the steamer Oceanic from Liverpool were J. Pierpont Morgan, Bishop Henry C. Potter, and Clement A. Griscom, president of the International Navigation company. Morgan declined to be interviewed. Bishop Potter said that he was sadly disappointed to find the coal strike still unsettled. The coal operators maintained a false position, he said, in refusing to deal with the union. J. Ogden Armour was also a passenger on the Oceanic and said in response to inquiries, that he had heard that the consolidation of important beef packing interests were under consideration, but did not know what amount of capital stock was proposed.

Boer Generals.

Utrecht, Holland, Aug. 20.—The Boer generals, Botha, DeWet and Delarey, arrived here today from The Hague to visit former President Kruger and consult with him on the South African situation. Large crowds warmly applauded the Boers.

Inventor Dead.

Lancaster, Pa., Aug. 20.—Joseph Shirk, inventor of the Colt revolver and the grain cracker, died today at his home here, aged 83.

Trans-Mississippi Congress.

St. Paul, Minn., Aug. 20.—At the session of the Trans-Mississippi congress today, Moses C. Wetmore, of Missouri, introduced some extremely strong anti-trust resolutions, which were under the rule referred to the committee on resolutions.

A. M. Byrd for Congress.

Meridian, Miss., Aug. 20.—Today's democratic primary in the fifth district to nominate a candidate for congress resulted in the nomination of Hon. A. M. Byrd.

New York Money.

New York, Aug. 20.—Money on call easier at 4 per cent.

WANDERED AWAY.

Searching Parties Trying to Find George Oliver.

ILL HEALTH AND DELIRIOUS.

News reached the city late yesterday afternoon that George Oliver, proprietor of the Palace saloon on Railroad avenue, had wandered away from his hotel at Whitcomb springs early Monday morning and up to 12 o'clock today he had not been found. Oliver was delirious when last seen and possibly has fallen over some precipice and was killed by the fall.

Several searching parties have left the city for Whitcomb springs and are scouring the mountains. Large num-

bers of natives from the small towns in Tijeras canyon have joined in the search.

Judge W. C. Hancock, Attorney Horton Moore and James D. Eakin, of the firm of Melini & Eakin, form a searching party which left here last night.

A messenger arrived in the city at 12 o'clock with a message from Eakin. It states that Eakin and an Indian have found a trail leading south, bearing signs which are believed to have been made by Oliver.

George Oliver came to Albuquerque about two years ago from Gallup and bought the Palace saloon. During the two years he has not had a day's vacation or rest. For a long time he tended his own bar, working day and night shift, or fifteen to eighteen hours a day. His health was failing and his friends induced him to go out to Camp Whitcomb for a few weeks. Oliver went to Whitcomb a week ago today. He seemed to enjoy the rest, but was uneasy about his business. Sunday he became restless and was given a narcotic. He went to sleep and did not wake up until about 2 or 3 o'clock Monday morning. He was delirious and talked at random. Getting up he put on his clothes and left the room. The nurse saw him go and tried to catch him, but the stones hurt his bare feet and he was compelled to return to the house for his shoes. In the meantime the demented man had disappeared and could not be found.

Oliver, in his delirium, seems to be laboring under the impression that he is in court for some criminal offense and that he is to be hung.

THE VETERANS.

Post Commander Edwards Has a Few Interesting Pointers.

READ WHAT HE SAYS.

Department Commander J. W. Edwards requests The Citizen to inform the people of New Mexico, who wish to take advantage of the low rates made by the railroads, for the National Encampment of the Grand Army of the Republic, which will be held at Washington, D. C., October 6 to 10, that if they will communicate with him he might be able to give some information about the advantages and concessions made by the railroads that would prove useful.

Mr. Edwards has received letters from Washington, stating that accommodations are going to be short during the encampment, and that anybody wishing to attend may secure quarters in advance by conferring with him. Mr. Edwards is working on a scheme, which, if it matures, will be a big advertisement for statehood and the two territories. His plan is to form the old soldiers of Arizona and New Mexico, who are going to attend the encampment, into one body and arrange so that they can get quarters together, and also to decorate their quarters with banners and flags of statehood and glory. It is an admirable plan and should be pushed to success.

Among the notables that are to go from New Mexico are Past Department Commander Judge J. R. McFie, of Santa Fe; Col. J. M. Moore, Valentine Herbert, W. W. McDonald, A. J. Armstrong, Leverett Clark and J. W. Edwards, all of Albuquerque. Mrs. E. C. Whitson, president of Albuquerque's Woman's Relief Corps, will also attend.

This will be the most notable encampment the Grand Army of the Republic has ever held, and will afford an excellent opportunity for one to visit the capital.

Virginia Firemen.

Portsmouth, Va., Aug. 20.—Portsmouth is in gala attire today in honor of the members of the Virginia State Fireman's association, whose sixteenth annual convention was formally opened today. The forenoon was devoted to the reception and welcome of the visitors and after luncheon the opening session was held in the Lyceum theatre. There was an address of greeting on behalf of the city by Mayor J. Thompson Baird, and on behalf of the firemen of Portsmouth by Captain John H. Happer. A three days' program, replete with interesting features, has been arranged. Tomorrow morning will be occupied with visits to the navy yard and other points of interest and in the afternoon the big parade takes place. In the latter there will be visiting firemen from New Jersey, Delaware, Pennsylvania and Maryland, members of the Keystone Fireman's association, who are scheduled to arrive here tonight on their annual outing. Friday there will be a long program of prize contests.

RIOT IN CHICAGO

Strikers Stone Department Store Wagon.

SCHWAB WILL GO TO EUROPE.

Gen. Funston Will Visit Kansas But Will Not Speak.

PRESIDENT WILL VISIT NEW ENGLAND.

Chicago, Ill., Aug. 20.—Striking stablemen of the downtown department stores caused a disturbance at State and Seventeenth street today, and fifty police were sent to the scene in response to a riot call. The stablemen angrily plead with the drivers who were just starting to work to strike. When a caravan of wagons left the barns the strikers began throwing bricks and stones. One man was arrested and none hurt.

Schwab Will Rest.

New York, Aug. 20.—Charles M. Schwab, president of the United States Steel corporation, who arrived here last night, said this morning that he was feeling very well and expected to visit his office during the day. It is understood that Mr. Schwab will sail for Europe on Saturday.

GENERAL FUNSTON.

He May Visit a Kansas Soldiers' Reunion, but Will Not Speak.

Ottawa, Kan., Aug. 20.—F. H. Corwin, secretary of the Forest Park Veterans' association, has received a letter from General Funston, stating that he would come to the reunion here October 1, 2 and 3, if possible. "I want it distinctly understood," he says, "I am not to make a speech, not even a short one, and I do not want to be put in a position where I would have to refuse to make one."

New England Trip.

Oyster Bay, N. Y., Aug. 20.—President Roosevelt will start on his New England trip on Friday.

New Line Into Oil Fields.

Little Rock, Ark., Aug. 20.—It is authoritatively announced that at a special meeting to be held at Stamps, Ark., today of the stockholders of the Louisiana & Arkansas railroad will ratify the sale of the road to the St. Louis & San Francisco, which has long desired to purchase the line, with a view to using it as an important link in the system which it proposes to build immediately at New Orleans, with a branch line to the port of Sabine pass, in Texas, tapping the Beaumont oil fields.

The Louisiana & Arkansas runs south from Stamps, Ark., to Salt Works, La., a distance of about 125 miles. It is now under construction from Stamps north to Hope, Ark., where it will connect with an eastern extension of the Arkansas & Choctaw, now owned by the Frisco. The completion of the system as now contemplated will give the Frisco a new and direct line between Kansas City and Oklahoma points and the two southern terminals.

Big Missionary Meeting.

Atlanta, Ga., Aug. 20.—The fourth annual camp meeting and convention of the Christian and Missionary Alliance began today at Exposition park and will continue until the end of the month. There will be many sessions each day from early morning until 10 o'clock at night. Many well known preachers and workers are present, including Rev. A. B. Simpson, of New York, president of the Christian and Missionary Alliance; Rev. Harry Wilson, of New York, field superintendent; Rev. W. F. Meminger, of Chicago, also field superintendent, and other distinguished workers and preachers. A number of missionaries lately returned from China, the Congo and other foreign fields are also present and will be heard during the meeting.

Longaker Family Reunion.

Pottstown, Pa., Aug. 20.—Longakers from every section of the country are here attending the third triennial family reunion. At Saratoga Park this morning the visitors gathered to a total of several hundred. A business meeting was held at which the secretary reported that more than 100 new members had been enrolled since the last reunion. Memorial resolutions were passed for a number who have died during the past three years. This afternoon there was a short literary and musical program, after which the participants indulged in various forms of entertainment.

Territorial Republican Central Committee Call.

To the members of the Territorial Republican Central Committee of New Mexico:

You are hereby notified that a meeting of the territorial republican central committee of the territory of New Mexico will be held in Albuquerque on Friday, August 22, 1902, for the purpose of fixing the date and place to hold the territorial republican convention to nominate a candidate for delegate to the Fifty-eighth congress of the United States and for the consideration of such other matters as may properly come before said committee. It is hoped that all members will be present at said meeting, as matters of importance for the interest of the republican party of the territory will be considered. Very truly yours,

FRANK A. HUBBELL,
Chairman Territorial Republican Central Committee.

For Delegate to Congress
B. S. RODEY.

The three best towns in New Mexico are Albuquerque, Roswell and Raton.

Thomas Benton Catron is of the opinion that it is hard to down a good man.

California's average annual gold output for the last fifty-three years has been about \$25,000,000.

It is highly important to hold a big statehood convention in this territory to push the admission bill before the United States senate.

The annual report of the British postmaster general shows that the large total of \$3,375,000 was found in letters undelivered during the past year.

The total cost of the Boer war to England up to March 31, 1903, which is the date covered by the present budget, is £222,974,000 or about \$1,100,000,000.

During the time Salisbury was prime minister of England 2,600,000 square miles of territory and a population of 40,000,000 were added to the empire. Most of the new territory thus acquired lies in Africa.

The terms of the new treaty with China are not announced in a very definite form, but it seems clear that the American government has obtained concessions from the orientals that will be of the greatest value in building up trade with the far east.

It pays miners and prospectors to advertise and talk about the resources and probabilities of the sections in which they are directly interested. If a mining district is worth anything at all, it is worth talking about, worth keeping before the public, worth discussing in print.

In the earlier history of this country the barbarous practice of dueling was quite common here, and it was pursued with a ferocity which makes the modern French duel seem like a farcical sport. But during a period of seventy-five years a public sentiment has been created which would con-

demn a challenger as a fool or savage and accept the refusal of a challenge as a matter of course.

The railroad situation in New Mexico is favorable to Albuquerque. This city is destined to be the great railroad center of the future state.

Immigration during the fiscal year 1902 was greater by 45 per cent than during the previous year. The total number of immigrants was 648,143, the largest since 1882, and was surpassed only in 1881 and 1882.

TALK OF ANNEXING HAYTI.

There has been a revival of the question of annexing Hayti and Santo Domingo to the United States because of the recent political disturbances there, the revolutionary outbreak in Hayti and the menace of these so-called republics to this country. This question has been given more or less consideration for the last generation. While officials of the government have commented on the bearing to annexation of the existing conditions of the negro republic, there is no official movement looking to that end.

ALL DEPENDENT.

The San Francisco Bulletin thinks that no man is completely free, and that every man has his master. The supremest despot is a thrall, for there is somebody whom he fears and must court. If he does not dread the plebes he dreads the patricians. If he is not afraid of the people he is afraid of the army with which he crows the people. If there is danger in neither the rabble nor the pretorian guard there is a minister, a major-domo, a foreign nation, a jester, a satirist, a dynamiter or woman who worries and frightens him and in a measure controls his actions.

COST OF LIVING.

A recent analysis by Dun's review of prices and expenditures shows that there has been a decline of nearly 2 per cent in the former during the past month, though they are still about 5 per cent higher than in the first week of August, 1901. The highest level of living in fourteen years was May of this year, when the beef combine and the demands of those who control dairy and garden products caused a large increase in many prices. The general expenditure for the average man's supplies for a year are now \$100.17. In May they cost \$102.28. But in August, 1901, they would have cost \$95.33.

IRRIGATION IN WYOMING.

According to the census bulletin on agriculture in Wyoming, irrigation has accomplished much in that state. Of the 788,183 acres of improved land outside of the Indian reservations in 1900, 605,878 acres, or 76.9 per cent was under irrigation and considerably over half of that area represents the growth of irrigation in the census decade. The average value of this land, at a low estimate, is \$16.10 per acre, so that taking water to the land has added more than \$6,000,000 to the agricultural wealth of the state. Of the 605,878 acres irrigated, 170,016 acres are pasture land.

REPUBLICAN PROSPERITY.

The republican campaign text book just issued presents prosperity as the paramount issue of the campaign of 1902. The record is not of prosperity for one year, or two years, but for five years. It is not a record of prosperity for bankers, investors or manufacturers alone, but for the whole American people.

The record is not of an era in which the manufacturer has prospered at the expense of the consumer, nor the merchant at the expense of the purchaser, nor the industrial centers at the expense of the agricultural districts. It is a record of a period in which all have shared in the most wonderful years of wealth in the history of the country.

HANNA ON LABOR AND CAPITAL.

Senator Hanna's address at Chattanooga on the subject of "Labor and Capital" was substantially the same that he delivered at Urbana, and it is full of sound thought and suggestion. The idea that there is a conflict between capital and labor is an imported one. It comes from Europe, where labor has always been oppressed, and where it was first obliged to organize for protection. With the influx of immigration from the old world we also got organized labor, and that has now become one of our own institutions and is here to stay.

Senator Hanna's theory is that there should be no conflict between labor and capital, and that when they have a disagreement there ought to be some better way of settling the dispute than by blows, for that is what a strike or lockout means—brute force.

What he says on this point is worthy of quotation, and employers and employees in every business may well ponder it:

"My theory is that if you bring men together in a way to make them know

each other, and if you appeal to the head and to the heart, you establish a bond between the two factions that can not be broken. The civic federation is trying to establish a condition of absolute confidence between employer and employee. We remember the golden rule and try to live up to its principle. This is the only way that I know to settle the dispute between capital and labor. Is it practicable? Yes, provided you treat the men in your employ as you would have them treat you."

FAIR ELECTIONS.

The New Mexican says that the coming territorial republican convention should in its platform unequivocally and unmistakably put on record that the republicans of New Mexico favor free and honest elections and a fair and just count; also that minority representation on registration and election boards should be accorded and fixed by law. The republican voters of the territory favor such procedure. Honest elections and a fair count have always been republican cardinal points not only in New Mexico, but throughout the land, and, therefore, this declaration ought to and should be made in such a manner as to show the democratic voters in this territory that the few democratic leaders, who are opposed to statehood because they claim they fear dishonest election methods and because they allege that minority representation on election and registration boards have been denied their party in the republican counties in the territory, are either intentionally or wilfully mistaken and wrong if not worse.

SHE ATE HER HAIR.

Elita Barrett Nearly Loses Her Life as the Result.

An operation of a most unusual character was performed at Stormont hospital Thursday evening, says the Topeka Journal.

Elita Barrett, the 12-year-old daughter of Mr. and Mrs. Barrett, who live on a farm near Overbrook, had acquired the habit of pulling hairs from her head and chewing and swallowing them. The child's health began to fail and finally the child became very sick. She was taken to Dr. Mayne, of Overbrook, who brought her to Topeka. The operation was performed by Drs. Wehe, Munn, McGuire and Hogeboom with the assistance of Dr. Mayne.

The operation revealed the fact that the intestine was clogged with a bunch of hair an inch and a half in diameter and five inches long. The little girl is apparently recovering from the operation and the doctors have hopes that she will eventually gain full health. The operation is notable because of its character. It was the first of that kind ever brought to the attention of the staff of doctors at the hospital.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling him I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all druggists.

A Worm Killer. J. A. J. Montgomery, Puxico, Wayne Co., Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness. 25c. at Cosmopolitan Pharmacy.—B. Ruppe.

MANY QUESTIONS TO ANSWER.

The Bureau of Immigration Receives All Sorts of Letters from Men Asking Information.

The Bureau of Immigration, located at Santa Fe receives from fifteen to twenty-five letters per day and some peculiar questions are asked of it. Some of these letters are worthy of reproduction. The following letter from a Brooklyn man is a case in point:

Dear Sir:—Enclosed find clipping from the New York Times. Am sick. Have consumption. Have \$206. Wish to save my life, so intend to go to this place mentioned, the new "City of Sun-bath," in the center of the Colorado desert in California and Arizona. Would like to know the nearest railway to the place and whether the Southern Pacific or the Atlantic & Pacific and the names of the two sta-

tions and whether the place is reached by steamboat and what course, having only a small amount of money, I should pursue there upon my arrival.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, Ohio, can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by all druggists.

CATTLE ON FOREST RESERVE.

Cattle Will Be Allowed to Graze on the East Slope of Lincoln Forest Reserve.

Superintendent of Forest Reserves I. B. Hanna has left for Tucson, Arizona, where he went to view the several new reserves in that vicinity.

Mr. Hanna says that the Lincoln county stockmen, whose cattle are in the habit of ranging on the lands now composing the Lincoln forest reserve, need have no fear that their cattle will not be allowed to graze there, as there is not a reserve in the United States where cattle are not allowed to feed. The only requirement the government makes it that those desiring to graze cattle on the reserve make application for permission to do so, this requirement being made only because the government wishes to know the number of cattle, etc., feeding on reserves. Sheep may not be allowed to use of the reserve, as there are only three reserves under Mr. Hanna's supervision where sheep are allowed to range, namely the Gila, Black Mesa and San Francisco mountain reserves.

THE TERRITORIAL FAIR.

Not a Local Affair, but of General Importance.

Albuquerque is putting forth extra efforts to make this fall's territorial fair a success, and in this work she should have the aid of the entire territory. With commendable sagacity and public spirit, years ago, the Duke City took a firm hold of the fair proposition and she has tenaciously held to her work with a steady, well directed and firm hand, until now the fair has ceased to be a local matter. It has taken root and is of territorial importance. All New Mexico should exhibit at Albuquerque and visit and patronize the fair. True, sometimes dissatisfaction may arise in the award of premiums, but that is incident to all competitive contests. Mistakes of the past will be corrected by experience.

The Optic would like to see the fine fruit farms of Colfax exhibit at Albuquerque. Hon. F. A. Manzaneros of this city now has fine orchards and it is to be hoped he may be able to show what San Miguel can do. J. E. Whitmore, of Galinas Springs, has fruit and stock that would make a good show at Albuquerque.

All hands join and have a common meeting ground at Albuquerque.—Las Vegas Optic.

THAT GAME OF BALL.

How the Meadow Boys Defeated the Santa Fe Centrals.

A GOOD GAME.

The Meadow City boys had easy sailing in their game with Santa Fe Sunday, says the Optic.

The Ancients fielded like amateurs and their batting streak happened when there were no men on bases. Our boys were somewhat handicapped in the first two innings by the absence of Gross who holds down cushion No. 3, but Captain Hale injected ginger in large doses and said play ball.

Rhodes held down the rubber for Las Vegas in a manner creditable to himself and his friends are proud of him.

It must not be forgotten that the slab artist Flaherty pitched ball and with proper support would have kept down the score although the opinion is that even with a Gibson or a McCloskey the Ancients would have met their Waterloo.

Moran pulled down the cinco pesos offered by Manager Twitchell for putting the ball out of the lot and a clean home run it was. Gross also abused the pig skin by making a homer.

Levy was in fine form and a ball placed in his garden found a well to fall into. Las Vegas may well feel proud of her aggregation of ball players and through the efficient captaincy of Snapper Hale she may expect to see her team take the scalp of all comers. It is to be hoped that a game may be arranged with Albuquerque so as to take her measure.

Santa Fe's triumph was all beforehand. Those horns provided by the roosters from the Ancient, were never sounded in the grand stand, but slumbered in concealed pockets. The strongest aggregation that ever left Santa Fe, as the paper over there called them, found that there were others; and the large crowd of visitors from that pueblo who came to witness "the great balloon ascension," saw it and were sorry for it was their own team that went up in the air. Santa Fe's aggregation must learn not to count their chickens before they are hatched. Twitchell's tigers, as the Santa Fe paper predicted, didn't "get in sight," but it was because the Santa Fe Centrals were so very far behind from the very start they could neither see nor be seen.

Manager Martin, assistant warden of the penitentiary, has the sympathy of all lovers of base ball over here, at the bitter disappointment he and his team experienced, coming as they did in confidence to give Las Vegas "a shut out." The Santa Fe's made nine hits and the Las Vegas made ten, the difference lay in the fielding and the kind of hits made.

The line up of the teams were as

ELECTRIC POWER.

Eugene Fiske, of Santa Fe, Has a Big Scheme on Hand.

OTHER LAS VEGAS NOTES.

Special Correspondence.

Las Vegas, N. M., Aug. 19.—Eugene Fiske, the Santa Fe attorney, is boosting up the proposed electric power proposition on the Pecos river. Mr. Fiske, thinks there is little doubt but that it will be built, as the people in charge of the proposition to install immense water turbines at what is known as the Dalton ranch on the Pecos, for the purpose of furnishing Santa Fe and Las Vegas with cheap electric power, are morbid men. The company, mostly, are Ohio capitalists, and a couple of brothers by the name of Miller are pushing the scheme and raising the money back east. It is thought a couple of plants on the Pecos will easily generate 5,000 horse power, and the electric fluid will be sent to Santa Fe, about fourteen miles away, and Las Vegas, about sixteen miles, by heavy wire. The feasibility of the project has been thoroughly investigated, and the company says there will be plenty of water in the Pecos at all times of the year to give the desired amount of power. There is a stretch of two miles, along which the turbines can be placed. There is room for four, though it is contemplated to only put in two at the present time. A. R. Gibson, of Santa Fe, a promoter, is the genius who originated the idea, and it seems there is little doubt but what the power houses will be put in.

Cheap electric power, the best power obtainable, will do wonders for the development of New Mexico. Manufacturing on a large scale is thereby made easily possible, and decidedly profitable. With such power, one may take as much or as little as he likes. A sewing machine may be run at the home, or heavy milling work may be done just as easily. One may then buy power as he would buy any commodity, as much or as little as is wanted. Here is hoping that the plant may materialize, and that Las Vegas will get her share of cheap power. Then look out for the rapid growth of our city.

Mrs. A. H. Whitmore has invitations out for a party Thursday afternoon. It will be given in honor of Miss Knickerbocker and Mrs. Ray, who are visiting in the Meadow City.

In the case of the First National bank of Las Vegas against Parker and Lulu Wells, an attachment suit for several thousand dollars, the court has ordered the large herd of cattle sold which has been brought to a point near this city by Sheriff Romero. A. B. Smith has been appointed to sell the cattle.

Tony Leak has recorded his Smuggler mining claim in the Mineral Hill mining district.

Died, this morning, from fever and other troubles, Fernando Chavez, of Anton Chico. The deceased was brought here about ten days ago by his son-in-law, Rafael Sanchez, to secure medical attention, but received little benefit. He was 68 years of age and will be buried tomorrow.

Hon. J. S. Duncan left today for Las Cruces and the southern part of the territory, where he will meet W. G. Hayden. Mr. Duncan just returned Sunday from a trip around part of the territory and he says that the country from the Texas line to Roswell, and the panhandle of Texas, is looking fine and that the crop prospects are splendid. He also reports the country in and around Portales as filling up rapidly with settlers, and the territory in that neighborhood on the boom.

Arthur Judel is on a week's vacation from his work and is spending his idle days at Trout Springs.

Miss Bertha Wiser departed this afternoon for Albuquerque, where she will visit with her mother, who is staying there at present.

A settlement in the Juan Santistevan estate has been made by Referee Manby on the basis of 25 cents on the dollar, though it is thought that all liabilities will eventually be paid in full.

Frank Clay and Everett West packed up a camping outfit on burros this morning and hiked out headed in the direction of Edwards' ranch. They expect to be gone ten days, if the "grubstake" holds out.

The Brotherhood of Railway Trainmen will give a big dance at Rosenthal hall Thursday night. Ehler's orchestra will furnish the melody.

W. G. Anderson, of the Optic force, will leave tonight or tomorrow for Arkansas City and Lawrence, Kan., where he will embark in the newspaper business. Mr. Anderson leaves on the account of his wife's health, the altitude being too great for her in Las Vegas. He has made many friends during his stay in Las Vegas, and genuine regret is expressed about his departure.

Miss Sophie Gilchrist was the happy victim of a surprise party last night. The instigators of the plot were the members of the Christian Endeavor society of the Presbyterian church. The crowd, about thirty of them, met at the home of Mrs. C. D. Boucher, and proceeded in a body with a load of good things to eat to the Gilchrist home, where they made merry with games until a late hour. Miss Sophie is the teacher of the primary class in the Presbyterian church and is very popular with her friends, as was evidenced by the presentation of a fine pin, as a token of friendship. Miss Gilchrist will leave Thursday for Santa

Fe and later to Rincon, where she has a good position as teacher in the schools there. While Miss Gilchrist will be greatly missed in her circle of friends here, but they are at the same time glad of her good fortune in securing such a good position at Rincon, and their best wishes follow her in her work.

Mrs. Joe Blevins is on today's indisposed list. The Sunday school class of W. G. Anderson will tender him a farewell reception tonight at the home of V. A. Henry.

Judge William J. Mills and family will leave this evening for El Porvenir to be gone several days among the pines for a period of recreation and rest.

Mrs. J. Holmes is confined to her home with illness.

Mrs. H. M. Dice, Mrs. H. C. Brown and Miss Ollie Gatchel took their Sunday school classes up to the park at Hot Springs today for a picnic.

Miss Artless Browne will entertain a number of her young friends Friday night with a menagerie party.

Mrs. C. C. Wray, wife of an ex-chief dispatcher who resided here, arrived here this afternoon from Los Angeles, accompanied by her daughter, and will make a short visit with Mrs. C. D. Boucher.

Mrs. William Hickson arrived this afternoon from Los Angeles and will visit with Mrs. Thomas Hayward and family.

Onie Biddle, who has been in the city some time for his health, left this afternoon for Dodge City, Iowa.

A large number of Knights of Pythias went through east today, en route home from the biennial meeting of the supreme lodge in San Francisco.

Tonight at 8 o'clock, at the residence of J. E. McMahon, on the corner of Fourth and National, will occur the marriage of Miss Lou Weber to Daniel Hellern. Miss Weber is a niece of Mrs. McMahon, and was formerly the school teacher at Cassidy. Mr. Hellern is of the Santa Fe engineering corps and is a most estimable young man.

Father Pouget will tie the nuptial knot, and start the young people down the connubial road to happiness. Mrs. Charles Schock, wife of former Engineer Schock here, will leave tomorrow for Kansas for a visit.

The infantry company will have another hop Saturday night. It will be given in the vacant store room next to Hedcock's shoe store on the west side.

At the meeting of the directors of the Montefiore congregation last night, Rabbi Dr. M. Lefkowitz, of Nashville, Tenn., was selected as the rabbi to fill the vacancy here in the local temple.

Dr. Lefkowitz comes highly recommended, is a doctor of philosophy and a graduate of a German university. He is a young man, only 28 years of age, and will be justly popular in our city. He will not arrive here until the middle of September, being unable to be released at Nashville until that time.

W. E. Hodges, general purchasing agent for the Santa Fe, and party, came in last night from the south and this morning went up to the Hot Springs for a short sojourn. The party is traveling in one of the Santa Fe's fine private cars.

A Physician Healed.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

Death of a Good Man.

This morning C. O. Cushman received a telegram announcing the death of his father at Council Grove, Kansas. The deceased was a brave soldier during the civil war, and for over thirty years was a good citizen of Kansas, owning a large farm adjoining the town of Council Grove. His death resulted from sunstroke. Owing to the absence of E. L. Washburn in the east, Mr. Cushman regrets his inability to attend the funeral of his dead father at Council Grove.

Shatters All Records.

Twice in hospital, A. G. Gilledege, Verbana, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues inflammation, conquers aches, kills pains. Best salve in the world. 25c. at all druggists.

The Sellman Divorce.

Yesterday The Citizen, in its letter from Las Vegas, published an item to the effect that Mrs. Chris. Sellman had been granted a divorce from her husband. Mr. Sellman is at present here. He was met this morning and stated that he and wife, before his departure from Las Vegas, had agreed to disagree, and that, in order to satisfy her, as she was the one desiring divorce, he decided to her all his property in Las Vegas and that the amount of alimony had also been settled upon. Sellman has many friends throughout New Mexico who will regret his family troubles.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Electric Oil relieves the pain instantly. Never safe without it.

BIG WAR GAME.

Battleships to Engage Land Defences in Friendly Attacks.

PREPARATIONS ALL MADE.

New York, Aug. 20.—New Yorkers today pursued their usual routine of business and pleasure in utter disregard of the fact that a naval force is speeding westward over the blue waters of the Atlantic with the known intention of attacking the city. There is a bare chance that the commander of the hostile fleet may change his plans and endeavor to effect a landing on the New England coast, but for Gothamites to cling to this hope is like a drowning man grasping at a straw for the chances are a thousand to one that the commander of the fleet, who is acknowledged to be a daring and able officer, will risk the fire of the forts guarding the Narrows and New York bay in an attempt to capture the richest prize that could be won by a naval force anywhere in the wide world.

The equanimity displayed by New Yorkers in the face of such impending calamity results not so much from reliance of the efficacy of the defending forts as from the knowledge that the approaching attack is to be made only a "make believe" one. In fact it is to be a part of the great "war game," conceived by President Roosevelt and arranged by the navy department, and which may be said to begin today to continue late in the fall. The manoeuvres are the most extensive ever held in the western world. For months past high officials of the army and navy have been laying the plans and the result will be awaited with keen interest by military authorities throughout the world.

A warship in commission is considered ready for action at all times so that no work of special preparation has been necessary for the manoeuvres. But with the land fortifications it is different and much work has been necessary to put them in first class fighting condition. The forts specially involved are: In the district of Narragansett—Fort Adams, at Newport, R. I.; Fort Wetherill, R. I.; Fort Greble, R. I.; and Fort Rodman, Mass. In the district of New London—Fort H. G. Wright, New York; Fort Michie, N. Y.; Fort Trumbull, Conn.; Fort Terry, N. Y., and Fort Mansfield. In the war game these are commanded by Major General MacArthur, General Hasbrouck and Colonel Davis.

On the navy side the special preparations have consisted in the mobilization of the fleet to take part in the game. The fleet is under command of Rear Admiral Higginson. First class battleship Kearsarge is the flagship. Then there is the armored cruiser Brooklyn, flying the flag of Rear Admiral Coghlan, second in command; the first class battleships Alabama and Massachusetts, the cruisers Olympia and Cincinnati, the gunboats Gloucester, Mayflower, Scorpion, Hist, Leyden, Nina and Peoria, the converted cruisers Prairie, Panther and Supply, and seven torpedo boats.

The problem of the first week of the war game is: Are the coast defenses of Long Island sound and the advance guard of the United States fleet capable of preventing the approach to New York harbor of a large hostile fleet when the navy of the country happens to be away looking after some other fleet of the enemy.

Today, according to schedule, the converted cruisers are to be detached from Rear Admiral Higginson's squadron and go to sea. They will during the ensuing seven days seek to pass the defending squadron and forts and establish a base of supplies and action within the sphere of activities. It will be supposed that these swift moving vessels are the advance guard of an approaching fleet of transports protected by a large squadron of battleships, and that if the advance guard can get by the larger fleet is capable of doing likewise.

Rear Admiral Higginson's plan of defense will be to send out scouts and upon the value of their work will depend the success of the defending squadron's efforts. The scouts will attempt to pick up the enemy's fleet and hold on to it until a decisive action can be fought. Commander John E. Pillsbury, of the Prairie, who will command the invaders in time to bring their ships within range for a sufficient time to demolish them before their men can be landed. The defending squadron will be considered to have won. But if the converted cruisers are able to effect a landing, their part of the game will have been won, and it will have been shown that the navy and the coast defenses are weak in a critical place.

Next week it will be considered that the invading and the defending navy have made peace and decided to join forces. At any rate the whole fleet will be united under Rear Admiral Higginson and will go to sea. It will be supposed that the coast defenses are left unaided entirely by ships of war. Rear Admiral Higginson will then attempt to pass the forts at the entrance of the sound and get within hailing distance of New York harbor. As soon as the ships of the squadron

The purpose of the congress is to discuss plans for the improvement of the various orders, especially with a view to bettering the system of insurance business.

SILVER CITY REAL ESTATE.

Broadway Hotel Sold—Inspecting Militia Company—Other Items. Special Correspondence.

Silver City, N. M., Aug. 19.—The Broadway hotel block, one of the most valuable businesses as well as hotel blocks in the city, was the other day sold by Aaron Schutz to Samuel Shutz, of El Paso. It is stated by the new owner that the entire property will be considerably repaired, especially the hotel portion, which will be fitted and thoroughly refitted. The hotel will undoubtedly be leased by the new owner for a number of years to a good hotel man.

Adjutant General W. H. Whitman, of the New Mexico National guard, who resides at Santa Fe, arrived in this city on Monday on a trip of inspection of company D, located at this point. Last evening he inspected the local company of militia and was very much pleased with the fine showing the boys made. The battalion band was out and furnished music while the company was put through the drill practice.

Mrs. Flora Laird last week sold her residence in this city to Mrs. Clark W. Faringhy, of Central. Mrs. Laird will leave for quite an extended pleasure trip to California points in a few days.

Quite a large camping party will leave this city on next Monday for the upper Rio Grande on a fishing and hunting trip. The party is composed of Mrs. Ryerson, Miss Argenbright, Miss Altaffer, Messrs. James Hicks, Clarence Bayne, Dr. Copp, Link Newell, Eben Burnside, Bob Thompson and Jo Mouser. They expect to be gone for about three weeks.

The city council have decided to put in a cable suspension floor bridge across Main street to replace the one recently washed out by a flood. The work has been commenced and it will be completed in a short time.

Ben Moses, a graduate of the territorial normal school located here, has been selected as teacher in the Santa Rita school during the coming term.

The Grant county teachers' institute convened at the normal school the first of this week. There were twenty-five teachers enrolled and it is more than likely that this number will be increased by perhaps ten more before the institute is well under way. The instructions are in charge of Miss Sarah Ellis.

Mrs. James K. Blair and child and Miss B. Sparr, a friend who is visiting her from Texas, came in from Santa Rita the first of this week, and in the future will make her home here in this city.

LOCAL PARAGRAPHS.

Misses Willa and Florence Cahoon, two charming young ladies of Temple, Texas, who, it will be remembered, spent several days in the city visiting with Mrs. N. M. Rice in July, and from here went to California for an outing, were in the city last night and left this morning on their return home.

Chaplain Winfield Scott, D. D., of Scottsdale, Ariz., arrived in the city last evening, coming from Oakland, Cal., on passenger No. 8, which arrives at 6:30 o'clock. At 11 o'clock the gentleman accompanied by Rev. George Brewer, left on passenger No. 20, bound for Magdalena, where they will be joined by Dr. C. L. Herrick, in inspecting some mining property in the Magdalena mountains.

Captain Kellerman today received a telegram from his former partner, Robert Branaugh, of Trinidad, giving information that one of the largest livery stables of that city was destroyed by fire last night, and that his fine pacing horse, which his wife and daughter drove while residing here, was burned to death with a number of other horses.

Henry L. Shattuck of Shellsburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

POLICE COURT.

A Hack Driver Gets a County Jail Sentence for Stealing.

Walter Scott, a young man of many trades, will do thirty days in the county jail. Scott at one time worked at the Alvarado, later he was employed as waiter at the Rio Cafe, and still later drove a hack for W. L. Triebel & Co. But his late job was the stealing of an overcoat from Oliver Lawson, a colored man working at the Alvarado. He pleaded not guilty to the charge, but the evidence was so conclusive that the judge thought it best to put him where he wouldn't get "cold." Scott broke down and cried (imagine a hack driver crying) when the sentence was given, and said that he had never been arrested before. He is the man who had the Rio Cafe chef arrested for hanging a frying pan on his head.

THE CARE
OF THE
EYE

Many suffer from headache and nervousness that do not suspect the cause. The nerves that control the eye have a direct connection with the most vital parts of the human system. Continual strain on these nerves keep them in such a weakened condition that they have to call on the force of the other nerves to keep them supplied. In that way the strain is carried to all the nerves and will in time exhaust them all. Properly fitted glasses will release the strain and give the system a chance to build up.

Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of pepsin and other medicines, but nothing helped me. As a growing man I was a weakling. I felt an improvement at once, and after a few bottles am sound and well. GEORGE S. MARSH, Attorney-at-Law, Nocona, Tex.

It can't help but do you good. The full bottle contains 24 times as much (actual measurement) as the trial size which sells for 50c. Prepared by E. C. DeWitt & Co., Chicago. Sold by all dealers.

DeWitt's Witch Hazel Salve a soothing, healing application for piles, sores and skin diseases. Beware of counterfeits. J. H. O'RIELLY & CO., AND B. H. BRIGGS & CO

NEW MEXICO TOWNS

SANTA ROSA.

From the Public.

W. D. Metzgar, the genial manager of the Melini & Eakin liquor establishment at this place, after an absence of several days in the country, returned home Sunday night. He reports everything looking nice up the country and says there are plenty of eagles, although he caught only one.

Narciso Romero, who in company with Ricardo Apodaca has been a fugitive from justice for the past few months, was captured last week at Bado de Juan Palz by Sheriff Benigno L. Romero and his brother, Seferino. Narciso has been wanted for some time for horse stealing and several other misdemeanors. At one time, several weeks ago, he was also captured, but Apodaca came up unexpectedly on the officers and released him. This time, though, he is securely bound behind the bars.

His Sight Threatened.

"While picnicking last month my 11 year old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended Dr. Witt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin disease, cuts, burns, scalds, wounds, insect bites, De Witt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. B. H. Briggs & Co. and J. H. O'RIELLY & Co.

LORDSBURG.

From the Liberal.

Mrs. Roberts, of Bisbee, who was so well known here a few years ago as Miss Clara Salkeld, was in town visiting her aunt, Mrs. B. B. Ownby. Mrs. Roberts has three girls, all of whom she was taking east to visit her old home.

P. M. Chase has sold his interest in the Chase & McCabe cattle and ranch to his son, S. M. Chase, and W. H. Small. Mr. Chase has reached an age where he is entitled to retire from the job of chasing the festive steer and take life easily.

Mrs. Baylor Shannon and her sister, Miss Gaddis, came in from Silver City and went up to Clifton for a short stay. Miss Gaddis has just returned from New York, where she put in about a year at the Columbia university.

DEMING.

From the Herald.

Deming school opens Tuesday, September 2. Died, August 10, the infant daughter of Mrs. Stewart.

Dr. Swope contemplates moving into his handsome new office building next week.

It is reported that Mrs. Kinsworthy will shortly open a millinery store in this city.

Ben Pennington, son of Assessor Pennington, is here visiting from Montgomery, Ark.

E. D. Baker has bought Max Mayfield's dairy ranch and cows and will hereafter conduct the business.

Mrs. George Scarborough and daughter, Georgia, are about to leave for El Paso to conduct a rooming house.

All sheepmen have been notified by Superintendent Hanna to remove their sheep from the Gila forest reserve by August 31.

Prof. John W. Barton, the new principal of the Deming schools, will arrive here from Missouri in a few days to assume his duties.

Willie Deemer has accepted a position with Mr. Ladd as clerk and will go with him to Hatchita to open his new store at that place.

The game of base ball between the Deming and Hillsboro nines at the latter place Sunday afternoon resulted in a score of 6 to 8 in favor of the Demings.

An interesting discovery was made this morning by a boy named Stius Davis in the neighborhood of the Southern Pacific railroad tracks near the foot of Gold avenue, where the Biscoe railroad didn't build the depot. While walking along, the lad noticed the rusty barrel of a gun sticking out of the ground and upon digging it up and other and another was disclosed until in all he uncovered twelve guns.

They are army guns and very rusty. No doubt they have been buried thirty years or more by some soldiers.

All Were Saved.

"For years I suffered such untold misery from bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for consumption. My wife suffered intensely from asthma, till it cured her, and all our experience goes to show it is the best croup medicine in the world." A trial will convince you it's unrivaled for throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

SANTA FE.

From the New Mexican.

E. A. Fiske, Esq., has gone to Las Vegas on legal business. He will also go to Albuquerque on similar business before returning home.

William Schnepfel, who left Santa Fe about six weeks ago for the states of Montana and Washington, seeking a more congenial home, has returned here.

Mrs. H. L. Ortiz and two children have returned from Alabama after a pleasant stay of three months and a half with Mrs. Ortiz's relatives. One of Mrs. Ortiz's cousins, Miss Granger, came with her.

In yesterday's paper it was stated that Boeh, the man now in jail for carrying concealed weapons, was in the employ of the Pink meat market when he got himself in trouble. The New Mexican is informed that he was in the employ of Grant Rivenburg, on the ice wagon.

T. M. Bartlett and Claude Cochlan, of Glorieta, arrived in the city with sixteen head of fine cattle for use by the local butchers. Mr. Bartlett says that about all the trout have been caught out of the Pecos this season. In some instances dynamite has been used by men who ought to know better, although it is contrary to law.

J. H. Vaughn, territorial treasurer, has returned from a ten days' visit to Silverton, Colo., where it is understood he has some very valuable mining property, which is likely to make him a wealthy man. S. H. Elkins, postmaster at Columbia, Mo., who accompanied him to Silverton, returned with him.

Benjamin M. Read, Esq., is in receipt of a telegram from Robert Read, Esq., saying that the latter would leave Kansas City with his little daughter, Corina, for a visit to Mr. Read and family in this city. Robert Read is the son of the late Rev. Robert H. Read, who was the only brother of Mr. Read's father, and until within the last few months was unknown to the latter. Robert Read is also a brother

HIT A SOLDIER.

The Experience of One of Our Men. The soldier boys who fought during the rebellion went home as a rule in pretty bad shape, caused by exposure and improper food and the use of quantities of coffee which left its mark in the wreck of many a stomach. Merrill Hutchinson of Reading, Mass., tells his experience.

"I am an old soldier who served all through the war of the rebellion and my coffee drinking commenced when I enlisted. I drank it three times a day and at the close of the war returned home almost a wreck.

"For years I had dyspepsia of the worst kind and could not drink anything but warm water or warm milk, nor eat enough to hardly keep a man alive. After suffering this way for years, and half living, I was told by a friend of your Postum Coffee.

"At first I refused to even try it for I thought it meant more suffering for me, but at last I consented and it did taste mighty good, for I was a dear lover of coffee.

"I waited for the distress in my stomach that always had come with common coffee, but it never came. I drank it at first very carefully and then got reckless and wanted it every meal and for over five years now have been drinking nothing else. I have no dyspepsia now, no trouble about eating anything. My weight, when I began using Postum Cereal Food Coffee, was 125 pounds. I am now 62 years old and weigh about 160 pounds and am as solid as a rock and able to do a day's work with any of the boys. Now I do not claim that Postum Cereal is a medicine but in my own case it is both victuals and drink. I think that when Postum Coffee is properly made it is far ahead of coffee."

of Mrs. George T. Dietz, of Nebraska, through whom Mr. Read found out about his relations of the east. Mr. Read is looking forward with much anticipation to the meeting with his cousin.

Physician and Druggists.

Ford & Sturgeon, a prominent drug firm at Rocky Hill Station, Ky., writes: "We were requested by Dr. G. B. Snigley to send for Herbine for the benefit of our customers. We ordered three dozen in December, and we are glad to say, Herbine has given such great satisfaction that we have duplicated this order three times, and today we gave your salesman another order. We beg to say Dr. G. B. Snigley takes pleasure in recommending Herbine." 50c bottle at Cosmopolitan Pharmacy—B. Ruppe.

A HAWK RESPONSIBLE.

Husband Mistook His Wife for a Hawk and Shot Her.

Last Sunday Mrs. L. M. McDonald, who lives on the river above Duncan, Ariz., was accidentally shot by her husband, but fortunately was not fatally injured. The accident occurred as follows:

Mrs. McDonald saw a chicken hawk, and her husband got out his rifle, one of the 44-caliber, sixteen-shot Winchester, and took a shot at the hawk, missing him. He sat down on the veranda to wait for the hawk's return, or the approach of another one. Mrs. McDonald went into the house, and then concluded to take a walk, which she did without telling her husband she was going. She walked around for some time, and came up on the opposite side of a knoll of ground from her husband. He saw her sunbonnet, thought it was another hawk, and took a shot at it, although it was several hundred yards away. The ball hit Mrs. McDonald in the back, below the kidneys. It had reached the top of its flight at about the top of the knoll, and was descending, when it hit her. This was known, because upon examination it was found that a person standing where she was at the time she was shot was invisible from the shoulders down. Dr. Crocker was called to treat her. The ball was buried in the pelvic cavity, and had not entered the abdominal cavity. The doctor does not look for any serious results from the accident. Mrs. McDonald is 67 years old and has been married forty years.

Cured Paralysis.

W. S. Dally, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her all right. I have also used it for old sores, frost bites, and skin eruptions. It does the work." 20c, 50c and \$1.00 bottles at Cosmopolitan Pharmacy—B. Ruppe.

Railroad Topics

A large consignment of ties has been received at the Las Vegas pickler.

There are seven or eight machinists employed in the Las Vegas shops, who average from \$110 to \$115 per month in wages.

It is announced that the Santa Fe is preparing to establish its shops for more than 1,000 miles of road at Amarillo, Texas.

Thirty-four railroads reporting for the first week of August shows gross earnings of \$6,350,767, a gain of \$288,165, or \$4.8 per cent.

R. B. Mudge, formerly the efficient cashier at the Alvarado, has been advanced a notch and now presides as day clerk at the institution.

Conductor J. B. Cunningham has returned to duty from Coronado Beach, Cal., where his wife will remain till the latter part of September for her health.

Present indications are that the El Paso & Southwestern will be running trains into El Paso over its own rails soon after the 15th of September, if not by that date.

John Conley, night foreman of the round house, and sister, Miss Laura, expect to leave next Saturday for a month's outing at a number of the popular Pacific coast resorts.

The Santa Fe has notified Agent Merritt at Silver City that it has granted a rate of \$135 on cattle from Silver City to Chicago. This is a very material reduction in the rate.

There is another movement of cattle from Texas to Montana, there being nearly 20,000 head on the way now. Apparently there is no end to the cattle movement in the Panhandle.

Geo. L. Shock, recently a Santa Fe engineer, left Las Vegas for Trinidad, to accept a position on the Denver & Rio Grande. He will run an engine between Trinidad and Pueblo, Colo.

There were fourteen cars in the Woodmen of the World excursion train which the Santa Fe handled to Kansas City Sunday. It was figured that between 500 and 600 went from Topeka.

The Rio Grande announces that nearly \$4,000,000 will be spent for new rolling stock and motive power, and for improvements not only in equipment, but in the physical condition of the system.

"Dad" Clarke, who used to run an engine out of Emporia, Kas., has returned lately to that city from a tour of the Pecos valley in New Mexico. He reports crop prospects as being excellent and business as heavy. The Pecos Valley & Northeastern, a Santa Fe property of recent date, during certain seasons handles immense stock traffic and in the near future the general development of the country is going to insure a business that will add to the dividends of the system.

The Topeka Journal says: Thomas Wallace, a locomotive painter, mixed a few red Indian colors with the usual assortment which he distributes over his countenance, Saturday, and when the opportunity presented itself came more than half way to sing a war song. Tom was pretty mad because somebody else claimed the honor of being the first white boy born in the city of Leavenworth, and he says that he feels sure that the claim is unjust. His mother always told him that he was the first male child to arrive on the scene of action there without previous training and he believes she knows. He was born in that city December 8, 1854, and three days before occurred the birth of Cora Lyle, the first white child. Wallace's father came to that part of Kansas from Kentucky in 1853 and helped clear up the site of the town. Mrs. Wallace is now residing with her son in Topeka.

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder.

Date of Moki Snake Dance Set.—Announcement has been received by the Santa Fe passenger department direct from Arizona that the Moki snake dance will take place this year on August 26, and that the dance will be given at each of the three Moki villages on the same day. The Moki dance is one of the big Santa Fe attractions, and it is expected that the usual large crowd of tourists will take the trip to the interesting Moki village.

Foley's Kidney Cure is a medicine free from poisons and will cure any case of kidney disease that is not beyond the reach of medicine.

Discharging Men from Wreck.—A dispatch from Los Angeles says: George Speltz, yardmaster, and Bert Walbridge, foreman of the switch train wrecked in the Santa Fe railway yards a week ago Sunday, have been discharged as a result of the collision.

Investigation of the wreck is not yet completed by the Santa Fe operating department, and other employees expect decapitation.

It is rumored that the resignation of the chief train dispatcher, C. B. McMullen, was due to intimations he has received to the effect that the company now holds him partially liable for the Redondo wreck.

"I had diabetes in its worst form," writes Marion Lee, of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."

Rate War Still On.—One sometimes is inclined to believe in these days of combinations and mergers that the fierce rate wars of five or ten years ago are things of the past and will

never be repeated. Houston, Texas, has just had an experience which indicates that it is only necessary for the thing to get started properly to secure a repetition of the reckless rate cutting of some years ago, when tickets were sold from Kansas City to California for \$5.

A dispatch from Houston tells the following story of the rate war there, which has been in progress since last Thursday:

"Five hundred tickets were sold to Chicago, St. Louis and Kansas City Saturday afternoon at startling prices. The liveliest sort of war was indulged in by ticket brokers. This was the outgrowth of a fight of the Missouri, Kansas & Texas, International & Great Northern, Cotton Belt, Santa Fe and other lines for Northern passenger business.

"The lowest rate announced by the roads was \$18 for the round trip to Chicago. A broker at noon announced the following schedule: Chicago, \$8; St. Louis, \$6; Kansas City, \$5. Another broker at once split these rates in two. The bottom then fell out and prices went down at a dollar a clip. One broker at length announced: Houston to Chicago, 30 cents; Houston to Kansas City, 10 cents. These figures were duplicated by another and in addition the latter offered a \$5 box of cigars with each ticket sold.

"Selling was fast and furious, and tickets with cigars as premiums were quickly taken. This evening uniform prices prevail, the latter being: Chicago, \$5; St. Louis, \$3; Kansas City, \$2. The fight produced almost a panic in the business center. All tickets are routed over the International & Great Northern. Purchasers obligated themselves to deliver the return portion of tickets to correspondents of the brokers at destination."

When Other Medicines Have Failed Take Foley's Kidney Cure. It has cured when everything else has disappointed. Alvarado Pharmacy.

G. A. R. Rate War.—A dispatch from Chicago says: There is again danger of western lines becoming involved in serious troubles over Grand Army rates. Every year for the last ten years the roads have engaged in a row over this class of business, and present indications are that this year will be no exception to the rule. The lines east of Chicago in Central Passenger association territory have authorized a 1 cent a mile rate to Washington and return, as has been their custom for years. Lines east from St. Paul and Minneapolis agreed upon a rate of one fare for the round trip, which would mean as for as Chicago, and figured on the official 405 miles, amounts to nearly 1 1/2 cents per mile.

The Grand Army veterans, however, have been promised a cent a mile rate by local lines, and they insist that this rate can be granted by all the western roads. Certain lines have made contracts, it is claimed, for the carrying of posts in a body at less than 1 cent a mile, and a general collapse in the rates is looked for.

Foley's Kidney Cure. Will cure bright's disease. Will cure diabetes. Will cure stone in bladder. Will cure kidney and bladder diseases.

Railroad Notes from Lordsburg.—The Arizona & New Mexico railroad will give one of the popular picnics at Coronado park next Sunday. Dancing pavilion will be free to all. A beef will be barbecued for the benefit of the picnicers, and refreshments will be sold on the grounds.

A special from the El Paso-Southwestern came up from Hachita Friday and took a party of the officials of that road from Lordsburg to Guthrie, from which place they went to Morenci. On returning they went through

The Oldest and Best. S. S. S. is a combination of roots and herbs of great curative powers, and when taken into the circulation searches out and removes all manner of poisons from the blood, without the least shock or harm to the system.

On the contrary, the general health begins to improve from the first dose, for S. S. S. is not only a blood purifier, but an excellent tonic, and strengthens and builds up the constitution while purging the blood of impurities. S. S. S. cures all diseases of a blood-poison origin, Cancer, Scrofula, Rheumatism, Chronic Sores and Ulcers, Eczema, Psoriasis, Salt Rheum, Herpes and similar troubles, and is an infallible cure and the only antidote for that most horrible disease, Contagious Blood Poison.

A record of nearly fifty years of successful cures is a record to be proud of. S. S. S. is more popular today than ever. It numbers its friends by the thousands. Our medical correspondence is larger than ever in the history of the medicine. Many write to thank us for the great good S. S. S. has done them, while others are seeking advice about their cases. All letters receive prompt and careful attention. Our physicians have made a life-long study of Blood and Skin Diseases, and better understand such cases than the ordinary practitioner who makes a specialty of no one disease.

We are doing great good to suffering humanity through our consulting department, and invite you to write us if you have any blood or skin trouble. We make no charge whatever for this service.

to Hachita and then to Bisbee.

W. E. Allen has secured a job as messenger for the new express company which has been organized to do the business on the El Paso & Southwestern road, and has a run between Deming and Bisbee. He has moved his family to Deming.

The new time table on the El Paso & Southwestern went into operation Sunday, and now the road is running regular passenger trains from Deming to Bisbee, one train each way daily. The road expects to get its El Paso branch into operation in October.

The brick work on the houses the Lordsburg & Hachita road has built for its section hands at various places on the road, has been completed and the carpenters are now finishing them up. A brick house will be a novelty to the average section man, but the road thinks it will be a matter of economy to build good houses.—Liberal.

Quick Relief for Asthma Sufferers. Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure.—Alvarado Pharmacy.

Big Increase in Earnings.—The annual report of the great Santa Fe system for the fiscal year ending June 30, 1902, is a very comprehensive and interesting document. It conclusively shows that the business of the system is steadily on the increase and that the country tributary to its lines is greatly developing in every direction. One of the best paying sections of the road is the New Mexico line, as it runs through the most populous and best developed portions of the territory. The report shows that the gross earnings were \$59,147,085, as against \$54,474,822 for the preceding year, or an increase of \$4,672,262. Operating expenses were \$38,853,411, leaving net earnings of \$20,293,674, an increase of \$3,081,796 over the previous year. The report declares that the showing for the twelve months would have been even better but for the failure of the corn crop in Kansas and Nebraska last year, but stockholders are assured that the company's dividends do not depend upon the success or failure of crops. While the company has aimed to develop the resources of the country along its lines, it is declared that the Santa Fe's share of transcontinental traffic, both east and west bound, has increased to a remarkable extent.

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

Pushing Grading Work.—R. L. McCance, treasurer of the Pennsylvania Development company, who has just returned from a trip along the line between Santa Fe and Kennedy station states that there are three camps of graders on this stretch and work is being actively prosecuted, says the New Mexican.

The grade is completed to within nine miles of this city and will reach here about the first of September. On Saturday 122 teams were actually employed and 100 more would be put on to work could they be obtained. The construction on the grade is first class and is fine railroad work from an engineering standpoint. The graders' camp nearest to this city is at Vega Blanca and next week will likely be moved to Donaciano station on the Arroyo Hondo. The Santa Fe Central railway is anxious to hire more teams and more men if they can be had. The line between Kennedy and this city is very well located and there is one five mile tangent on it. There are few curves and the highest grade on the line is on climbing up the mesa from Kennedy station, where for about 3,000 feet there is a 3 per cent grade. The survey of the line on reaching town runs close to the government Indian school, thence east crossing the Santa Fe railway track and thence near that track to the site to be selected for a depot.

The company is getting ready to obtain the necessary land for its right of way and depot grounds as the permanent survey has been located and approved. It will endeavor to construct, in conjunction with the Atchison, Topeka & Santa Fe railway and, if possible, with the Denver & Rio Grande road, a handsome union railway depot. Persons owning land in that vicinity and who desire to dispose of them will do well to bring their tracts and titles to the attention of the company.

Went to Visit His Sister. A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by all druggists.

Securing Right of Way.—The survey for the line at depot grounds of the Santa Fe Central railway has been finally located within the city limits and lands for the right of way and depot grounds will have to be secured, says the Santa Fe New Mexican. The

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

L. B. Stern, proprietor of the big Lion dry goods store, left this morning on the Chicago limited for eastern markets to buy fall and winter goods.

Mrs. G. H. Moore will leave tonight for City of Mexico and thence to Puebla, where her son, Frank H. Moore, is a conductor on the Old Mexican railway.

The civil suit of Sol. Block against Ortiz & Co., yesterday occurred before Justice Borchert and not before Justice Crawford, as the types made The Citizen say.

Mr. and Mrs. Thos. Ainsworth met at the depot last night their daughter, Mrs. J. B. Schroeder, of Raton, who passed through for Raton, her home, after a long sojourn in California.

The Sunday school children of the German Lutheran church, with their teachers, left this morning in Trimble's "Jumbo" for the mountains, where all are enjoying a picnic today.

Harvey Bittner, son of Mr. and Mrs. D. H. Bittner, will attend the big Leland Stanford university next year, and will leave in a few days for Palo Alto, Cal., to enter upon his school duties.

Mrs. J. J. Morrison and daughters, of Florida, Mo., arrived this morning and are spending the day in the city. Tonight they will leave for San Francisco, where they expect to make their future home.

R. Phillips, brother of Dr. C. T. Phillips, and brother in law, J. N. Penley, left last night with the remains of Mrs. Nancy Phillips for Elm, Texas, where the body will receive permanent burial. Mrs. Phillips' death occurred in the city last Sunday.

Frank McKee, who was a marcher in the Quisen Sabe club and, of course, attended the big convention at Salt Lake, returned to the city last night. He reports having had a splendid time, and says that several of the local Elks ought to arrive home tonight and tomorrow night.

Dan Kelscher, a well known young gentleman of the city, who was at the St. Joseph sanitarium, has been removed to the county jail at the request of his immediate relatives. It is understood that Dan is suffering from softening of the brain, and has been mentally wrong for several months.

May Thornton Brown, M. D., of Chicago, who has been spending the past week in the city, studying conditions with a view to building a sanitarium, left this morning for Denver, Colo. Dr. Brown will return to Albuquerque some time in December. She has decided on Albuquerque as the place for a first class sanitarium.

John S. Beaven did not return to the city night before last, as the city press stated, but got in last night. On his return from the Salt Lake convention of Elks, he stopped over a couple of days at Pueblo, Colo., and while there had the pleasure of meeting Miss Isabel Spencer, who is a trained nurse at the Colorado Fuel & Iron company's big hospital.

Roy A. Strong, who recently came to Albuquerque to engage with his brothers in the undertaking business, is in receipt of a letter from Los Angeles, stating that the real estate firm of Oscar B. Smith & Co., with which he had been connected, had burned out, the business being a complete loss. Mr. Strong is congratulated himself on the fortunate disposal of his interest in the business.

Roy Ball, bookkeeper at the carriage repository of Jacob Korber & Co., has returned from Colorado, where he visited the past three weeks.

After reading the Optic's article on the base ball game in Las Vegas last Sunday, published elsewhere in today's Citizen, one would infer that there was only one club playing and that Las Vegas, as no mention of the good or bad playing of the other supposed team is made.

F. J. Wendell, who is in southern California, enjoying a long needed vacation, writes from Santa Catalina Island that he landed a 174-pound black bass the other day, and that he was nearly an hour getting the fish in such a position as to conquer it. He reports himself and wife in fine health and enjoying themselves immensely.

Brad, Dubois, a big horseman of Denver, and W. T. Duncan, of the Silver Dollar saloon of that city, were here night before last, and during their short sojourn W. L. Trimble showed them courtesies. They left for the south and are expected here tomorrow morning. Mr. Dubois says that the Denver horsemen are talking about the approaching territorial fair, and there will be a fine list of Colorado horses here to take part in the races.

Miss Nell Flournoy, the charming daughter of Mr. and Mrs. M. W. Flournoy, returns to the city Sunday morning, after visiting Judge Sterry's family at their summer home at Terminal Island, Cal. Miss Ruth Sterry and Miss Florence Field, of Los Angeles, will accompany Miss Nell to this city and will remain here until October 1, when Miss Nell will return to Pasadena and enter school there.

Around the fountain in the center of the Alvarado court is to be seen a group of cement men. A knight, a monk, an Indian chief and a railway train conductor form the group and they have been moulded with striking likeness of form and stature. They are the work of L. D. Wintlesley, the clever brother of Charles F. Whittlesey, the architect who conceived the original plans, from which the beautiful and unique Alvarado was built. This is the first work of this kind that Mr. Whittlesey has ever done and he doesn't know what to call it. The figures form one of the odd features of the very odd Alvarado.
