## SCHWABSTRICKEN

Steel Trust Manager a Physical Wreck.

HE WILL RETIRE FROM BUSINESS.

Rock Island Train Ditched by a Wash-out in Iowa.

SHAH OF PERSIA IN LONDON.

Loretto, Pa., Aug. 18.—Charles M. Schwab, of the United States Steel corporation, has accepted the advice of his physicians and has decided to retire indefinitely from active business life. He will leave America to seek some quiet nook in a foreign clime, where not an echo of the strenuous life he has led can reach him. Dr. Golden never leaves the Schwab home and the exact nature of his patient's condition cannot be learned through him. Schwab is not confined to his bed, but spends much of his time on the wide veranda. He is always with his wife or parents, but no one else.

Schwab's destination will be kept a secret and he will do nothing but seek health until his nerves have been restored to their normal condition and his mind fully relieved of the great strain resulting from so many business cares. Mrs. Schwab said her husband would not see any person and had not been receiving visitors for several days. Mr. Schwab sat on a couch within hearing of voices. A paper was before his eyes and he exhibited no interest and made no attempt to move. Inquiry among the people of the town who have conversed with the Schwabs fully corroborated the story that he intends to retire from active business life. His friends, however, deny that if he leaves the United States Steel corporation it will not be at the dictation of any person other than himself.

Schwab Will Retire.

New York, Aug. 18.—The retirement of Charles M. Schwab from the presidency of the United States Steel corporation is now commonly accepted as determined upon, notwithstanding recent official denials and present reluctance in official quarters to confirm the report. Schwab's impaired health is the reason. It is believed that his retirement will be followed by extensive changes in the membership of the organization. It has been reported that the presidency would pass to James Gayley, first vice president. Other rumors pointed to H. C. Frick.

TRAIN DITCHED.

Rock Island Train Wrecked by Wash-out in Iowa.

Muscatine, Iowa, Aug. 18.—The El Paso limited on the Rock Island system was wrecked by a washout a mile west of Letts early this morning and five coaches and the engine were thrown into the ditch. The train carried a heavy passenger list, and many miraculous escapes from death are reported. Many are reported injured, some, it is thought, fatally. The wash-out was caused by a cloudburst.

Chicago, Aug. 18.—It is stated at the Rock Island general office that the baggage, mail, express and two chair cars of the train wrecked near Letts were ditched, but the engine and Pullmans remained on the track. According to their reports no one was seriously injured, although some were bruised.

Shah of Persia.

London, Aug. 18.—The Shah of Persia, Muzaffar el Din and his suite, who arrived at Dover yesterday, reached London today and took up his residence at Marlborough house as guests of King Edward.

Carnival at Jeffersonville.

Jeffersonville, Ind., Aug. 18.—The Elks' carnival, for which Jeffersonville has been preparing for weeks past, opened today in a blaze of glory. The city is festooned with purple and white, the Elks' colors, and the streets are thronged with people, including a liberal proportion of out-of-town visitors. The program was ushered in with a grotesque parade, the various features of which were applauded by the thousands who lined the sidewalks along the route.

Honor of Austria.

Vienna, Aug. 18.—The seventy-second birthday of Emperor Francis Joseph was celebrated today with elaborate fetes throughout the dual empire. During the forenoon the members of the foreign diplomatic corps presented at the palace telegraphic messages of congratulation from King

Edward, Emperor William, King Alfonso of Spain and others. In the capital the anniversary of the emperor's birth was never so generally observed. Public offices, stores and factories were closed, the streets were handsomely decorated and gala performances were given at the theaters. Special thanksgiving services were held in all the churches and were attended by thousands of persons.

In Custody for Perjury.

Boston, Aug. 18.—Corporal R. T. O'Brien, who was arrested at North Adams on the charge of perjury before the United States senate committee of inquiry in to the war in the Philippines, was today ordered delivered into the custody of the Washington authorities by Judge Lowell, of the United States court. O'Brien will be taken to Washington at once.

Death of Mrs. Phillips.

Yesterday morning, about 3 o'clock, at the home of her son, Dr. C. T. Phillips, corner of Roma avenue and Third street, the spirit of Mrs. Nancy Phillips passed to its Maker. She was 89 years and 16 days old and death came natural with a general breakdown caused by her advanced years.

About six months ago the husband and father died at the family home at Elm, Texas, at the ripe old age of 94 years, and since that time the mother and wife has been making her home in this city, living with her son, who is a well known physician.

A son of the deceased arrived in the city this morning and will accompany the remains to the old home in Texas, where they will be laid beside the husband in the family cemetery.

A prayer service will be held over the remains at A. Border's undertaking parlors tomorrow afternoon at 3 o'clock. The body will be shipped tomorrow night.

"Husky" King, the base ball player, who played with the Albuquerque Browns a few years ago, is now working on a railroad running into Salt Lake City. The returning Elks say he is getting along nicely.

## FOR THE CONSUMPTIVES.

A Lady Physician of Chicago Wants to Establish a Sanitarium.

ALBUQUERQUE'S IDEAL CLIMATE.

Dr. May Thornton Brown, a prominent and successful physician of Chicago, is in the city and for a very important purpose.

Dr. Brown makes a specialty of consumption and comes to Albuquerque with a view to looking up a location for a first class sanitarium. She has decided that an ideal climate is found here and if suitable grounds can be secured she will build. The lady has capital and means business.

"I ask nothing from anybody," said Dr. Brown, to a Citizen reporter this afternoon. "I pay my way as I go. I find an ideal climate here and have decided that this is the place for a first class sanitarium. I have made a thorough study of consumption in its worst form and have had success in a number of cases, while in Chicago, where I had a sanitarium. If in Chicago, where nature and everything else is against the disease, I made cures, what could I do in this climate, where everything is in one's favor? My first idea was to build a chain of sanitariums in different altitudes and in different climates, where people in different stages of the disease would find the necessary requirements and my patients could make changes in residence and still be under my care, but unless something changes my mind, I will build an immense institution in Albuquerque and devote all my time to it."

Dr. Brown will go to Denver for a few days before returning to Chicago. She will come back to Albuquerque some time in December and begin operations in connection with the building of the new sanitarium.

Banker Sentenced.

Detroit, Mich., Aug. 18.—Judge Murphy, in the recorder's court, today, sentenced Frank C. Andrews, who was found guilty on Saturday of misappropriating and misappropriating the funds of the wrecked City Savings bank, to fifteen years at hard labor in Jackson prison.

Dead.

Vienna, Aug. 18.—Prof. Leopold Schenk, author of "Determination of Sex," died today at Schwaberg, Syria.

James S. Duncan, the well known and popular contractor and liverman of Las Vegas, came in from the south yesterday morning and continued on north to Las Vegas.

## LABOR TROUBLE

Nebraska Strikers After Union Pacific Road.

STATE MILITIA MAY BE CALLED.

Turkey Pays No Attention to Demands of Other Countries.

CANANEA POLICE OFFICERS KILLED.

North Platte, Neb., Aug. 18.—Governor Savage today announced that he does not think it necessary to call out the state militia to guard the Union Pacific property here. The governor had a conference with General Manager Dickinson, General Attorney Baldwin and other officials, and another with a committee of strikers and citizens and discussed both sides of the matter. He said he would not call out the troops until requested by the mayor and sheriff. One of the railroad officials was hung in effigy last night, but the strikers disclaim the responsibility.

Report Denied.

Omaha, Neb., Aug. 18.—Officials of the Union Pacific headquarters today deny that the management of the road has requested Governor Savage to call out the state militia to protect railroad property at North Platte.

INSOLENT TURKS.

The Effete Empire Needs a Good, Sound Whipping.

Constantinople, Aug. 18.—Non-execution by the Turkish government of agreements reached long ago on several questions affecting the interests of American citizens has led to somewhat strained relations between the United States legation and the porte. The United States minister, Leishman, informs the porte that he will not discuss other matters until the terms of settlements already agreed upon are carried out. Diplomatic critics anticipate further undue play and this may possibly lead to a sharp reminder on the part of the United States.

Killed by a Desperado.

Maricopa, Ariz., Aug. 18.—Leonard Torres and Captain Gomez, of Cananea, Mexico, special police, were fatally stabbed by friends of a desperado whom they arrested and were attempting to convey to prison. The murderers escaped.

New Jersey Labor Federation.

Trenton, N. J., Aug. 18.—The New Jersey State Federation of Labor convened in twenty-fourth annual session in the Assembly chamber today and will continue through the week. More than 200 delegates are in attendance, several trades not heretofore represented, including the glass workers and silk workers of south Jersey, having delegates present. The reports of President John A. Moffitt and Secretary B. Frank Dunphy shows gratifying progress during the past year in the way of spreading the influence and increasing the membership of the organization and in securing increased wages and reduced hours.

PROSPECTOR'S LUCK

In Dynamiting Skunks He Struck Very Rich Ore.

A tale of a prospector's luck, which borders on the marvelous, was brought into this city today from the Lordsburg district, says the El Paso News. It seems that the mining camp of Ontario, about five miles from Lordsburg, had been annoyed for some time by skunks that took up their residence in some rocks in a nearby canyon.

The nuisance becoming unbearable, one of the prospectors named Williams determined to rid the camp of them. He therefore slipped up to where the odoriferous rodents were lying and threw a stick of dynamite among them. In a few moments there was a terrific explosion and portions of skunks could be seen flying in all directions.

The next morning Williams went around to where he had thrown the dynamite and found that he had uncovered a ledge of mineral-bearing rock that was quite rich. Now the story goes that he located a claim on the lead and has sold to a man named Davis for a neat sum.

MODERN GIANT.

He is Over Ten Feet High and Will be Asked to Visit the Fair.

Edward Baupere, of Sandusky, Ohio, a French-Canadian by birth, is 30 years old, weighs 587 pounds, measures 10 feet 11 inches in height, his hands be

ing 19 inches long and his feet 24 inches long by 12 inches wide. A two-foot tape measure barely encloses his chest. Each of his trouser legs could contain the figures of two ordinary men, and there is sufficient cloth in one of his suits to outfit ten average men. A man 5 feet 10 by his side appears like a mere pigmy. "This modern giant," said a fair official this morning, "will be asked to visit the forthcoming territorial fair here in October. He would prove one of the greatest attractions and I think would make a fine manager for the base ball tournament."

ELKS ARE RETURNING.

Five Got in Last Night and More Tonight and Tomorrow.

Last night B. Ruppe, district deputy; F. A. Hubbell, D. J. Abel, William Spencer and Willard Benson Moore, well known Elks and members of the Quilen Sabe marching club, who attended the Salt Lake convention, returned home last night, and all speak in the highest praises of the treatment accorded them, not only at Salt Lake, but en route to the convention. All of them brought back many souvenirs of the convention in the shape of hand-some badges secured by exchange from delegates from other lodges, and this morning Willard Benson Moore was so well pleased with his collection that he exhibited the whole lot to a party of friends at Sturges' European. A few more of the Quilen Sabes will get in tonight, another batch tomorrow night and the remainder—well, they took the northern route after leaving Salt Lake and will return to the city via California and the southern route.

John Rimling is a new arrival from Sedalia, Missouri. He will locate here with his family. Mr. Rimling is a No. 1 horseshoer. He comes to take a position in Shinick's shop.

## RAILROAD OFFICIALS

Of the Albuquerque Eastern Meet in This City Today.

ROAD TO BE BUILT.

The directors of the Albuquerque Eastern railroad met this morning in the office of W. B. Childers, and transacted business presumably in connection with preliminary matters toward the building of the new road. Those present were J. T. McLaughlin, J. E. Saint, Chas. W. Dudrow and W. S. Hopewell. The latter three gentlemen came down from Santa Fe especially for the meeting. Hon. W. H. Andrews, who is also a director of the Albuquerque Eastern is at Pittsburg, Pa., and could not be present. As the Santa Fe Central construction work is going along nicely and does not demand all the time and attention of the officials of the two roads it is safe to say that the building of the Albuquerque Eastern will now receive their attention, and work on that road will explain the business transacted at the meeting which was held this morning.

## ALBUQUERQUE FAIR MEMORIAL

Handsomely Illustrated Number to Commemorate Festival Occasion and to

ADVERTISE THE "DUKE" CITY

The Citizen has lately concluded arrangements to issue a handsomely illustrated number, devoted to "Albuquerque and Environs," to be circulated during the Territorial Fair in October.

The work will embrace three sections—the "regular," the "general" and the "special"—enclosed in a cover designed for the season. It will be printed on a superior grade of paper and will be embellished by the highest grade of half-tone engravings.

In taking up the enterprise The Citizen has determined to spare no expense in producing a work of sterling merit, and has already increased its staff by the employment of R. Copeland Rohrabacher, a talented writer who has earned a well-deserved prominence for special newspaper and magazine work in Colorado and elsewhere in the west.

## NAVAL PARADE

British Fleet Viewed by King Edward.

SLIGHT CLUE TO CHICAGO MURDERS.

Boer Generals Leave England En Route to Brussels.

BLACKSMITHS ORDER A STRIKE.

London, Aug. 18.—Naval maneuvers in the Solent today were marred by the weather. Torrents of rain and a half gale of wind drove the spectators from the sea front and it was noon instead of 10 o'clock when the royal yacht Victoria and Albert left Cowes and took King Edward through the lines of the fleet. Subsequently an array of battleships and cruisers in two columns and passed on either side of Victoria and Albert. All the war vessels manned ship as they passed the royal yacht.

CHICAGO MURDERS.

Clue Discovered by the Police to the Bartholin Crime.

Chicago, Aug. 18.—Developments today in the Bartholin-Mitchell murder mystery led the police to believe they are nearer a solution of the problem than at any time in the past month. Edward Counselman, the intimate friend of William J. Bartholin, was taken before Justice Quinn today and held for ten days in bonds of \$10,000, charged with being accessory after the fact in the murders of Minnie Mitchell and Mrs. Anne Bartholin. Counselman admitted that he met Bartholin and that Bartholin said he was in trouble over Minnie Mitchell.

BOER GENERALS.

They Leave London to Visit European Cities.

London, Aug. 18.—The Boer generals, DeWet and Delarey, started for Brussels tonight. After Saturday's experience they are not willing to again face the ordeal of a British crowd, so the generals chartered a special steamer and are keeping at the railroad station, where they will take a train and keep their port of sailing a secret. Captain O'Donnell, who served on DeWet's staff throughout the war, starts immediately for America to prepare the way for the visit of the generals. He says that altogether about 500 Americans and 500 Irishmen were with the Boer forces.

Late this afternoon the Boer generals proceeded to the docks to embark on the steamer Batavier, bound for Rotterdam. In spite of the secrecy of their movements a large crowd awaited the generals and cheered the departing visitors.

Blacksmiths Strike.

New York, Aug. 18.—A strike was ordered today by the International Brotherhood of Blacksmiths and Helpers in all shops where an advance of 10 per cent in wages was not granted. The strike affects the ship yards principally. A thousand men employed in the different yards quit work today.

NATIONAL GUARD.

Mississippi Militia to Go Into Camp on the Gulf Coast.

Biloxi, Miss., Aug. 18.—Owing to the excellent arrangements made by Adjutant General Henry and his aids, today was not far advanced before the soldiers of the national guard had their tents pitched, the Stars and Stripes fluttered from the tall staff, guns were in position and Camp Longino had become an accomplished fact. In point of numbers the encampment is the largest ever held by the state troops. It did not take long for the military routine of the camp to get in full swing and nothing appeared to have been left undone that would contribute to the comfort of the men and the success of the encampment. Drills, reviews and target practice will be regularly begun and the presence of visitors of note will lend brilliancy to the occasion.

Scientists Aid Northrops.

New Haven, Conn., Aug. 18.—Wide-spread interest attaches to the case of Mr. and Mrs. Clarence Northrop, of West Haven, which was called for trial today in the borough court. The accused are charged with manslaughter by permitting their infant daughter to receive only Christian Science treatment during her illness, which terminated fatally. The case is regarded as a test case by members of the sect

throughout the country and liberal contributions have been made to secure able counsel to defend the accused parents.

Guests of the President.

Boston Bay, Aug. 18.—David B. Henderson, speaker of the house of representatives and Representative Babcock, chairman of the republican congressional committee, will be the president's guests at dinner tonight.

Railroad Bond Issue.

New York, Aug. 18.—Official announcement was made today that the stockholders of the Union Pacific Railroad company had availed themselves of the right to subscribe for all of \$31,000,000 4 per cent bonds issued by the Oregon Short Line except about \$500,000.

Accidents at Hospital.

This morning, Louis Orear, an apprentice in the machine department of the local railway shops, was the victim of a very painful accident. He was taking down the eccentric strap on one of the big engines when it slipped and the thumb on the left hand was caught, badly crushing it. At the hospital the injury was dressed by Dr. Saylin and two pieces of broken bone removed. It will be some time before Louis can return to work.

Toney Morello, another employee of the machine department, had one of his legs badly injured by a spring slipping and striking the leg. He will be laid up on account of the accident several weeks.

GASOLINE EXPLOSION.

Four Persons Badly Hurt at a Chautauqua Assembly Display.

Peoria, Ill., Aug. 18.—Four persons were badly hurt by an explosion of gasoline during a pyrotechnical display at the old Salem Chautauqua. Col. W. F. Merriam, Williamsfield, Ill., thumb and two fingers blown off; Harry Levering, director of the Chautauqua, three fingers torn from right hand. Arthur McDavitt inhaled flame and smoke and is dying. Lyle Watkins was badly burned.

## A HOT PAGE.

It Ends in a Railroad Being Slugged and Held Up.

OVER IN TENDERLOIN DISTRICT.

O. E. Greenwood, a Santa Fe Pacific employe, was held up and slugged near the Acere early Sunday morning and is now lying at the Santa Fe Pacific hospital with a sore head and a badly split lip.

Ira B. Ritter, a white barber, and Andrew Dillard, a negro, are under arrest and are the men wanted. Both men have been frequent visitors in police court for minor offenses and have paid small fines.

Greenwood started out Saturday night to see the town by lamplight. Getting on a little jag he wandered down in the tenderloin district. There he met Ritter and they took few drinks together; in fact, their friendship grew so strong that Greenwood loaned Ritter a few dollars to gamble with. Greenwood grew tired of the fast life he was leading and decided to go to his hotel. He says that Ritter accompanied him part way, and when in the alley between Copper and Railroad avenues, the negro appeared on the scene, and that two men, supposed to be Ritter and Dillard, went through his pockets. In the scramble which occurred during the hold-up, the victim was struck a blow in the face, making an ugly gash on the lip. Greenwood screamed for help and the robbers ran, but were soon captured.

They were to have been tried in Judge Crawford's court this morning, but as the victim will not be able to talk before the coming Friday, the case was postponed until Saturday morning.

Ritter gave bond in the sum of \$250, and Dillard went to jail.

Greenwood is supposed to have lost about \$5.

Major and Mrs. Clark M. Carr and three children have arrived in Santa Fe from St. Louis, and are stopping at the Gildersleeve residence on upper Palace avenue. Major Carr will, during the present week, visit Valencia county, where he has some valuable landed interests, thereafter he will return to Albuquerque for a short stay and thence go to St. Louis. Mrs. Carr and children expect to remain at Santa Fe about six weeks.

The young lady, it is understood, was an Albuquerque visitor a few weeks ago, coming here from the City of Mexico and remained several days. It is learned that while here her health was not good, but she was perfectly rational.

## THE MAINE

A Trial Trip of the New Battle Ship.

TRANS-MISSISSIPPI DELEGATES.

Missouri State Fair Opens Successfully at Sedalia.

PLUMBERS HOLDING CONVENTION.

New York, Aug. 18.—A host of jacks are getting everything "ship-shape" aboard the new battleship Maine, recently completed at the Cramps, in readiness for the official trial trip, which takes place this week over the marked course between Cape Ann, Mass., and Cape Porpoise, Me.

Her trial will be made to determine how well she steams, whether her machinery works smoothly and approximately what her speed is. In consequence of the success of her recent private trial the Maine is confidently expected to meet the official speed requirements. Captain Train will be president of the trial board and a number of naval officers and engineers who have closely watched her progress since her keel was laid will be aboard during the trial. The contract speed of the Maine is 18 knots an hour, the fastest of any battleship in the United States navy. That she will do better than her contract speed there is no doubt. In fact, it is expected that she will have plenty to spare along this line.

The new Maine, built to take the place of the vessel of that name which was blown up in Havana harbor a little more than four years ago, is one of the most powerful battleships in the world. She is very much more formidable than her predecessor. Larger, faster and better armored. Her principal dimensions are as follows: Length overall, 394 feet; extreme breadth, 79 feet;

2 1/2 inches; mean draft, 20 feet 6 inches; full load displacement, 13,500 tons. Her armament consists of four 12-inch breech-loading rifles, sixteen 6-inch rapid-fire guns, eight 14-pounders, eight 3-pounders and eight 1-pounders and machine guns. Her Krupp belt armor extends 3 1/2 feet below and 4 feet above the water line, being 7 1/2 inches thick at the bottom and 11 inches at the top.

DELEGATES ARRIVING.

Large Attendance Assembled at the Trans-Mississippi Congress.

St. Paul, Minn., Aug. 18.—The hotel registers are filling rapidly with the names of prominent men come to attend the annual session of the Trans-Mississippi Commercial congress. The arrivals include senators, bankers, officials of the United States department of agriculture, mining experts, cattle raisers and others prominently identified with the industries of the western country. The congress will be formally opened tomorrow when the visitors will be welcome by Governor Van Sant, Mayor Smith and others, to whose addresses response will be made by John Henry Smith, of Salt Lake City, president of the organization.

Missouri State Fair Opens.

Sedalia, Mo., Aug. 18.—Sedalia is rapidly filling with visitors to the Missouri State fair, which was formally opened today to continue through the week. For thus early in the week the attendance is exceptionally large and augurs well for the financial success of the fair. All departments of the exhibition are well filled with choice exhibits, the display of live stock, agricultural products and minerals being particularly notable.

Plumbers' Convention.

Omaha, Neb., Aug. 18.—The thirtieth annual convention of the United Association of Plumbers, Gas and Steam Fitters began its sessions in Labor Temple today. The roll call by Secretary Tilden showed an attendance of more than 125 delegates, representing many parts of the United States and Canada. The sessions of the convention are expected to continue a week or longer. Chief among the subjects to be considered and acted upon is the subject for a home for aged and infirm or sick members of the organization.

Sickness of Judge Horton.

Atchison, Kan., Aug. 18.—B. F. Wagener left today for Kenosha, Wis., in a special car in response to a telegram announcing the serious illness of his law partner, Albert H. Horton, ex-chief justice of Kansas. Horton will be taken to his home at Topeka.

## IN DEMAND.

The New York Commercial directs  
attention to the fact that the enormous  
demand for typewriters, which is grow-  
ing steadily from week to week, is  
only another demonstration of the fact  
that a full supply for a recognized hu-  
man need is often difficult of produc-  
tion. The old days when business  
men and authors struggled with the  
pen, cramping their fingers and wear-  
ing their brains, have practically  
passed away. Today court records,  
manuscript copy and business docu-  
ments are nearly all produced by the  
typewriter, and machines capable of  
doing the work required of them can  
be secured at all prices, from \$10 up  
to \$100. The result is, that a demand  
has arisen that the manufacturers find  
it difficult to supply, and their business  
is more than "booming." Not only is  
the domestic demand overwhelming,  
but the call for American machines  
from abroad is enormous, and con-  
stantly increasing.

As a result of many requests re-  
ceived at the postoffice department  
the third assistant postoffice general  
has issued a pamphlet entitled "Post-  
al Statistics of the United States—  
from 1775 to 1902." It contains much  
that is of interest, particularly as  
showing the remarkable growth of the  
country since the revolution, says a  
Washington report.In 1789 there was only 75 postoffices  
established, the length of the post  
routes being 2,275 miles and the gross  
revenue of the department being only  
\$7,510. The expenditures for the same  
year were \$7,560, and of this only \$1,  
657 were paid in salaries to postmas-  
ters.There were in 1901, 76,594 postoffices  
in operation, 511,808 miles of post  
routes, 466,146,059 miles of mail ser-  
vice performed. The gross revenues  
of the department were \$111,631,193,  
the expenditures \$115,939,607, and  
\$19,113,599 were paid as compensation  
to postmasters.From June 30, 1847, to June 30, 1851,  
4,603,290 postage stamps were issued,  
while in the single year 1901 4,329,273,  
697 stamps were used by the people  
of the United States.In 1853, the year in which stamped  
envelopes were first issued, 5,000,000  
were used, while in 1901 the total was  
772,839,000.The first year's issue of postal  
cards, 1873, numbered 31,049,000, while  
in 1901, 659,614,800 were issued.The registry system was started in  
1855, and in that year the registered  
pieces numbered 629,322. In 1901 they  
numbered 20,814,501.In 1865 money orders to the amount  
of \$1,360,122 were issued, while in 1901  
the total amounted to \$274,546,067.The number of pieces of matter of  
all kinds mailed increased from 500,  
000 in 1790 to 7,424,399,329.

## FACTS ABOUT FARMS.

The first volume of the census bu-  
reau report on agriculture has recently  
been published. Among the facts  
 gleaned therefrom are the following:  
There are 5,739,657 farms in the  
United States.The number of acres comprised in  
them is 841,201,546. In 1850 the num-  
ber of acres in farms was less than  
300,000,000. The improved farm acre-  
age or crop producing area has in-  
creased so much faster than the na-  
tional population that 42,915,891 acres  
of improved land are now available for  
surplus production. At the same time  
the yield per acre, owing to improved  
methods, has greatly increased.The farms and farm property of the  
United States are worth at a low valua-  
tion \$20,000,000,000.The annual value of the farm prod-  
ucts is \$5,000,000,000.  
The size of the average American  
farm is 146.6 acres.The average value of a farm is \$3,  
574.The average value per acre is \$24.39.  
The value of farms increased 25.6  
per cent in the last decade.In the north central division of the  
country the increase was 35.3 per cent.The center of the number of farms  
of the United States is 110 miles east  
by south of St. Louis, in Wayne coun-  
ty, Illinois.The population center is six miles  
southeast of Columbus, Ind.The center of value of farm property  
is thirty-nine miles west-northwest of  
Springfield, Ill.The center of investment in manu-  
factures is fifty-nine miles south-south-  
west of Cleveland, Ohio.The center of corn production is  
fifty-four miles southwest of Spring-  
field, Ill.The center of wheat production is  
seventy miles west of Des Moines,  
Iowa.The center of production of cotton  
is thirty-four miles north by west of  
Jackson, Miss.The center of the number of farms  
has moved westward faster than the  
center of population.The greatest westward movement  
has been that of wheat, whose center  
of production has in fifty years moved  
13 degrees—from northeastern Ohio to  
western Iowa.

## COST OF STANDING ARMIES.

The American industrial invasion of  
Europe has brought sharply to the at-  
tention of foreign publicists the fact  
that the great standing armies of all  
the commercial nations are a heavy  
handicap. The king of Italy realizes  
this, and on his recent visit to St.  
Petersburg he discussed the subject  
with the czar. It is intimated that  
he received so much encouragement that  
at his coming visit to Berlin, he will  
take up the matter with Emperor Wil-  
helm.It should not be difficult to convince  
the Kaiser that the main cause of suc-  
cessful competition of American man-  
ufacturers in Europe is their ability to  
produce commodities cheaper than is  
done over there. There are several  
reasons for this, but one of them cer-  
tainly is that our manufacturers do not  
have to pay the heavy taxation which  
is the rule in Europe, and a large  
share of which is to meet the cost of  
the enormous standing armies.

## CHILD LABOR IN THE SOUTH.

The states of North Carolina and  
Alabama have just made investiga-  
tions as to the employment of child  
labor in the cotton factories of those  
states. The showing is a terrible one  
in both. North Carolina has 45,044  
operatives in her cotton mills, of whom  
7,996 are under 14 years of age. The  
average wages paid these children is  
but 29 cents a day; while at some  
places in South Carolina the wages of  
child labor are as low as 9 cents per  
day of twelve hours!From 1890 to 1900, the increase in  
the number of child-workers under 16  
years of age was 270.7 per cent. It is  
estimated, from all the data at hand,  
that there are at least 22,000 children  
under 16 in the cotton mills of the en-  
tire south, and that 10,000 of these are  
under 12 years of age. Such a state of  
affairs is simply damnable.

## A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker,  
of Bookwalter, Ohio, "an infant child  
of our neighbor's was suffering from  
cholera infantum. The doctor had  
given up all hopes of recovery. I took  
a bottle of Chamberlain's Colic,  
Cholera and Diarrhoea Remedy to the  
house, telling them I felt sure it would  
do good if used according to direc-  
tions. In two days' time the child had  
fully recovered, and is now (nearly a  
year since) a vigorous, healthy girl.  
I have recommended this Remedy fre-  
quently and have never known it to  
fail in any single instance." For sale

**Badger Tennis Championship.**  
Milwaukee, Wis., Aug. 18.—The Wisconsin state championship tennis tournament opened today on the courts of the Milwaukee Lawn Tennis Club. The participants include participants from several parts of the state and the tournament promises to be one of the most successful ever held in this section.

**Cured Paralysis.**  
W. S. Bally, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm when I was persuaded to use Ballard's Snow Liniment, which cured her all right. I have also used it for old sores, frost bites, and skin eruptions. It does the work." sec. 50c and \$1.00 bottles at Cosmopolitan Pharmacy—B. Ruppe.

**Good Fight Expected.**  
London, Aug. 18.—Bill Chester, the former 126 pound champion of England, who was knocked out by Tommy Hogan, of Chicago, a few years ago, will meet Bob Russell in a ten round bout here tonight. The fight is for \$500 a side and a \$500 purse. The men are considered evenly matched and a good contest is expected.

**A Physician Healed.**  
Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

**McGovern and Reid Bout.**  
Bridgeport, Conn., Aug. 18.—A number of out of town sporting men and followers of pugilism are here to witness the twenty round go between Hughie McGovern and "Willie" Reid, which is slated for the arena of the Horizon Athletic club tonight. Both youngsters have been training faithfully and appear to have rounded into good trim for the battle.

**Look Pleasant, Please.**  
Photographer C. C. Harlan, of Eaton, Ohio, can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by all druggists.

**Coast Meeting Opens.**  
Seattle, Wash., Aug. 18.—Racing commenced in Seattle today under conditions highly auspicious. There will be four principal stake attractions during the ten days' meeting and all are well filled.

**A Necessary Precaution.**  
Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Allays inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. B. H. Briggs & Co. and J. H. O'Reilly & Co.

**The Prevailing Fad.**  
For the occult, the mystical and the astrological, has inspired a clever designer to utilize the idea by producing a series of twelve unique and beautiful designs for birthday pillows. Zodiacal sign, the ruling planet, the gem to be worn, the appropriate flower, the astral colors and a jingling rhyme referring thereto, all well arranged and tinted in colors, ready to be embroidered. Price for top and back, 65 cents, at the Economist.

**Notice to Fruit Buyers.**  
Ladies who wish to have fine Jellies, preserves or canned fruit for winter, should not fail to order now. Peaches, pears, plums, nectarines, apples, etc., from the J. Felipe Hubbell fruit ranch wagons. By dropping a postal to Pajarito, we will call for your orders, or if you prefer, drive down to Pajarito and see the beautiful Hubbell fruit ranch and buy your fruit from the trees.

### GOOD SOAKING.

Southeastern New Mexico Gets Generous Rain that Makes Stockmen Rejoice.

Everything is soaking in the Capitan section of New Mexico and as a result cattlemen and farmers are correspondingly happy. The drouth which had threatened to cut crops of all kinds short and seriously cripple the stock interests in that section is well and truly at an end.

At an early hour Thursday afternoon clouds began to obscure the heavens and by night a steady downpour of rain was falling upon the dry and parched earth, which continued on through the entire night. It is still raining and the prospects are that the country will get one of the best soakings it has had in years before the present wet spell is over. While many portions of Lincoln county have enjoyed local showers previous to this time this is the first general rain that has fallen in that section in over six months.

The present wet spell will be worth thousands of dollars to the county in the way of increased crops and through preventing a loss of cattle on the ranges.

**Watch for a Chill.**  
However slight at this time of year and in this climate, it is the forerunner of malaria. A disposition to yawn, and an all tired out feeling even comes before the chill. Herbine, by its prompt stimulative action on the liver drives the malarial germs out of the system, purifies the blood, tones up the system and restores health. 50c at Cosmopolitan Pharmacy—B. Ruppe.

**Cloudburst in the Magdalena.**  
There was a rainstorm Wednesday evening on the east side of the Magdalena and near the north end of the range that surpassed any other that has been known in that locality for twenty years. The water came down from the mountain sides in such volumes as to overflow the railroad track for two or three miles beyond Water canyon station and to form a lake probably three-quarters of a mile across in the lowest part of the plain further north. The appearance of a lake in the midst of a plain that the day before lacked little of being in an absolutely desert condition looks like enchantment.—Chieftain.

## Notes from Correspondents

## LAS VEGAS ITEMS.

## Several Section Men Struck by Train—Personal Paragraphs.

Special Correspondence.  
Las Vegas, N. M., Aug. 16.—The marriage of Miss May Steadman to Hugh Hickerson was solemnized Sunday night at the home of the bride at 7 o'clock at 717 Railroad avenue. Rev. J. H. Bourne officiated.

Miss Bertha Hanson returned Saturday evening from her visit with her mother at Wagon Mound.

The ball game of the Santa Fe celebrated a Saturday night pay day by all getting drunk. It was a hilarious crowd, but no one has been killed to date.

John McLaren died at 4 o'clock Saturday morning at the Ladies' home. The deceased came here about four weeks ago to seek relief from consumption, and stopped at 401 1/2 Railroad avenue, until he was removed to the home. He came from St. Louis and little is known about him, except that he was drawing a sick benefit from a St. Louis lodge.

The ball team will go over to Santa Fe for a Saturday game with Antonio next week. The Santa Fe club will play Friday and Sunday and our boys will play Saturday's game. Two weeks from Sunday an effort will be made to get a couple of hundred rooters to go over to Santa Fe with the Las Vegas club and defeat Martin's pets.

As train No. 7 was rounding a curve about two miles this side of Trinidad Friday afternoon it struck one of the Mexican section men working there and severely injured him. The engineer blew the whistle, but the fellow was too slow in getting off the track. The man's name was Cruz Sanchez, and he had been in Trinidad only a few days. His home is in San Felipe, Mexico. He was brought here and taken to the hospital in a very serious condition. The man was unconscious when taken off here, and died at the hospital a short time after his arrival. His back was broken by the engine, and there were no hopes of saving his life. Relatives in Mexico have been notified of his death.

Mrs. Woodruff and her two daughters left today for Los Angeles, where they will remain a year for the benefit of the young lady's health, the attitude in Las Vegas being too great for her.

Oscar Louis Fisher, president of the Fort Worth, Texas, university was here a short time last evening on his way to Silver City. He will return on Tuesday and occupy the pulpit of one of the local churches.

Pablo Jaramillo and Misses Estella and Ella Bernhard left Saturday for a couple of weeks' trip to Mora and Santa Fe. Felipe Baca is holding down Mr. Jaramillo's place as deputy probate clerk during his absence.

D. S. Rosenwald, of Albuquerque, returned Friday evening to Las Vegas from his business trip to Mora.

Bud Sloan returned to his home in St. Louis on Saturday afternoon, after a sojourn of several months for his health.

John Bruno, who had been very low from the result of an operation for appendicitis, is convalescing nicely.

Louis Iffeld came down from Trout Springs Saturday evening and went on to Albuquerque. Mrs. Iffeld remained.

B. C. Pittenger and wife and Charles Stevenson are in the mountains for a couple of days' rustication in the woods.

Mrs. Fannie Stern and Miss Nellie returned Saturday afternoon from their visit in St. Louis. Mrs. Stern will return later.

The farmers above Mora in the small canyons where there is a fair system of irrigation, report a splendid crop of oats, barley and potatoes this year.

The electric car construction crew is working on the springs track filling in gaps with poles.

Mrs. D. T. Mervine and family, of Kansas City, passed through here Friday evening en route to a point above Santa Fe, where they will go into camp. Mrs. Mervine is the wife of the superintendent of the Wells-Fargo company at Kansas City and will stop here for some time on her return.

Miguel Romero, a prominent sheep man of Leon, is here today seeing friends and talking a little business on the side.

Porfirio Gonzales, a brother of Patricia Gonzales, of this city, arrived Saturday from El Paso for a week's visit with his brother.

Rt. Rev. J. B. Pitaval returned to Santa Fe Saturday afternoon, with a number of the visiting priests from the other parts of the territory.

Chas. Chandler and wife left on No. 3 Friday night for a visit at Cleveland, Ohio.

"I had diabetes in its worst form," writes Marion Lee, of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."

**VICTORY FOR VEGAS.**  
The Team from Santa Fe Defeated at Las Vegas Yesterday.

Special Correspondence.  
Las Vegas, Aug. 17.—The Santa Fe Central went down before the Vegas ball team this afternoon by the score of 11 to 6. It was one of the hardest as well as the best games of the season.

The battery for Santa Fe was Flaherty, of Vegas, and Parsons. Rhodes and Moran did star work for Las Vegas. First inning, Levin, left field, captured two flies, and another

put out the side. Las Vegas came to the bat and knocked her out for two bases and two runs were brought in. Centrals made a double play in this inning.

The second inning neither side got to first base.

A few well placed hits in the third and several errors gave Santa Fe two runs. For Vegas Nygren made a hit for two bags and brought in Moran.

Santa Fe did not get a base next inning, while Vegas got in two runs by errors.

In the first half of the fifth, Parsons for the Centrals, landed her out for two bases, and the Centrals got no runs. Gross, for Las Vegas, got a sensational catch over third. Vegas then brought in one run at its turn of paddle in the fifth by Gross lining her out for a home run.

Santa Fe failed to score in the first half of the sixth and Vegas did the same at her turn.

Parsons, in left field for Santa Fe, made a sensational catch in the seventh inning and did good work throughout the game.

In the eighth inning Santa Fe got nothing, while Vegas took four through some fine hitting and a bad fumble by Santa Fe. Santa Fe then made one run through an error in the ninth, making their score 6 to Las Vegas' 11. Vegas not taking her turn at bat in the last half of the ninth.

The pitchers' records were: Flaherty, for Santa Fe, one strike out, two bases on balls and ten hits. Rhodes struck out ten men, gave three bases on balls and had eight hits made off him. The total errors were: Santa Fe five, Vegas four. Time of game, one hour and forty-five minutes.

A large crowd was in attendance and the enthusiasm was high.

**His Sight Threatened.**  
"While picnicking last month my 11 year old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended De Witt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever."

For skin disease, cuts, burns, scalds, wounds, insect bites, De Witt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. B. H. Briggs & Co. and J. H. O'Reilly & Co.

**The Bernalillo Feast.**  
Special Correspondence.  
Bernalillo, Aug. 15.—Last Saturday, August 9 and Sunday, August 10, were great days for the Mexican people of Bernalillo and surrounding places.

Saturday evening the patron saint, San Lorenzo, was borne to the home of the man in whose possession it had been for a year. Before this the worshippers danced the matechines dressed in Indian fashion. They went from bonfire to bonfire kindled about town and many had little tables from which various things were sold. Sunday was indeed a great festival day. The matechines danced again in holiday attire. The Mexican people held open house and many were gratuitously feasted that day in a hospitable way.

Trul, August 10 was well remembered by all the Mexican people. Bernalillo was crowded with visitors, many of whom had to stand up on their return home since your correspondent's residence in Bernalillo she has never seen such a crowd at Bernalillo depot.

**It Needs a Tonic.**  
There are times when your liver needs a tonic. Don't get purgatives that gripe and weaken. De Witt's Little Early Risers expel all poison from the system and acts as tonic to the liver. W. Scott, 521 Highland avenue, Milton, Pa., says: "I have carried De Witt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. B. H. Briggs & Co. and J. H. O'Reilly & Co.

**THE MINE ACCIDENT.**  
How the Two Miners Were Injured in the Hazleton Mine.

Special Correspondence.  
Cerrillos, N. M., August 16.—Picking out a missed shot was the cause of a frightful accident which occurred on one of the properties of the Hazleton group of mines, about a mile from San Pedro, yesterday afternoon about 4:30 o'clock.

E. J. Trotter and Frank Wilson were at work in a shaft taking out a shot that had missed fire the day before, when the charge exploded and Trotter, who was working over the hole, received its full force and such injuries were inflicted as to make his recovery a matter of grave doubt. His left arm was fearfully shattered and torn, so that it had to be amputated just below the elbow joint; the bones of the right hand was fractured in two or three places, and right eye was burned and cut by flying rock so that the sight is totally destroyed, while the left eye was blown out entirely. He was otherwise badly burned and cut about the legs and body.

Wilson's injuries are not so severe. He was cut by flying rock about the face and his eyes were burned, but no

feared for his recovery are entertained. Trotter and Wilson both came here from Cripple Creek, Colo., six or eight months ago. They took a lease on the Old Timer Mine, but for some reason were not successful and later took a contract for sinking on the property where they were injured, and were at work about two hundred feet underground at the time of the accident. The Hazleton group is owned by the Argo Mining company, which is composed of Milwaukee men and is under the local management of L. D. Sugar. It is on this property that the sensational find of gold was made about six weeks ago.

**Went to Visit His Sister.**  
A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturer a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by all druggists.

**Stopped the Heathens.**  
Yee Yot and Yee Que, two almondest celestials who were bound for Alamogordo last night, were stopped by the Chinese inspector, who demanded their presence today at the custom house. The certificates presented by the celestials "didn't look good to him," so he ordered them to put off their journey until "muyana." Today they will have an opportunity to explain. They both speak good "Chinese" English, and were very emphatic about having lived twenty-four years in the United States.

One said: "Gee kid! what for me no hab' 'ficate. Me lib in United States twenty-five year. Me lib 'Tisco, Arizona an' New Mexico. Lib El Paso heap long time. Inspector he no say 'ficate no good. He no say good. Just say come custom house tomorrow. Dam!"—Deming Headlight.

Henry L. Shattuck of Shellsburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

**Pedro Sarracino Dead.**  
A correspondent writing to the Socorro Chieftain from Reserve, Aug. 10, says:

"Last evening at about 6 o'clock, Pedro Sarracino, a prominent citizen, died very suddenly at his home near Trisco. He had been ailing for some time but his ailment was not considered serious. While eating supper he complained of nausea and began to vomit, some blood appearing. He seemed to realize that the hand of death was upon him, bade his wife and daughter good bye, and in a few moments passed away. Deceased was 54 years of age. He was born at Pajarito in Bernalillo county, and was a grandson of Governor Sarracino, who was one of the last of the governors under Mexican rule."

**Consumption Threatened.**  
"I was troubled with a hacking cough for a year and I thought I had consumption," says C. Unger, 211 Maple St., Champaign, Ill. "I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since."

**Free Lunch.**  
Call at the Cabinet saloon about 10 a. m. and get a hot free lunch.

**Barber Shop Notice.**  
If you want to get a good clean shave or a first class hair cut, call in at 110 South Second street.

**LOCAL PARAGRAPHS.**

George D. Giles and wife, of Winslow, Arizona, are in the city today.

Hon. W. H. Whiteman, adjutant general of the territory, is in the city today.

Mrs. J. L. Overton, wife of Captain Overton, is here from Fort Grant, Arizona.

The janitors of the public school buildings are getting things in ship-shape order for the September opening.

David Weiller and Robert Kuhns, who enjoyed a fine vacation in southern California, have returned to the city.

Will Smith, who lives on the Fourth street boulevard, just beyond the city limits, is slowly recovering from a severe attack of pneumonia.

Mrs. L. D. Bartlett and daughter, Miss Mabel, who were here visiting old friends, left last night for their home in San Bernardino.

Roy Green, a well known young gentleman of Golden, is in the territorial metropolis today on business. He will return north tonight.

D. S. McCurdy, who a few years ago was employed in the local railroad shops, is now in Salt Lake City, special agent for the Tribune.

There is on exhibition at the store of O. A. Matson & Co. three large apies. They came from the orchard at Camp Whitcomb and are dandies.

**"Diamond Ice."**  
Uncertainty of Base Ball.

It is the uncertainty of base ball that makes it so fascinating to the American people. When a game is started, although a team seems to have a veritable clinch, it is not generally the case. Take for instance the three leading teams of New Mexico—Santa Fe, Las Vegas and Albuquerque. In the opening game of the season between Albuquerque and Santa Fe the former were easy victors. A return game was played and Santa Fe turned the tables on the Browns. Then the Browns went over to Las Vegas and defeated that team with such ridiculous ease that the game was almost a farce. A few days later Lamar played the same Las Vegas team and the latter were easy victors. Lamar then came to Albuquerque and took three straight. And then to prove the assertion that no team has a clinch Santa Fe went to Las Vegas yesterday and were easily defeated. Now the question arises, which team is the champions of the territory?

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder.

HYDE EXPLORING EXPEDITION.

To all those with whom the Hyde Exploring Expedition has had commercial correspondence, and to all whom it may concern:

Take notice that the business (including any and all partnership) heretofore conducted under the name "The Hyde Exploring Expedition," in New Mexico and elsewhere, has been dissolved, the said business and all its assets being now the sole property of the undersigned, Benjamin T. B. Hyde, and all business connection, whether by way of partnership, agency, or otherwise, between the undersigned, or any two or more of them, has been ended by mutual consent.

By special agreement, Richard Wetherill has specific authority, as agent, to collect certain specified book-accounts now on the Putnam books, as may appear by writing in his possession signed by the undersigned, Benjamin T. B. Hyde.

Benjamin T. B. Hyde and Frederick E. Hyde, Jr., will organize a corporation under the name "The Hyde Exploring Expedition," of which more detailed notice will be given hereafter.

FREDERICK E. HYDE, JR., BENJAMIN T. B. HYDE, RICHARD WETHERILL.

**A FINE TIME.**  
 The Mutual Protective Society—Grand Picnic Yesterday.  
 The Mutual Protective society of Old Albuquerque picniced their friends at the grove near Baretas bridge yesterday in a royal manner. Everything went off smooth without a hitch and the pleasures of the day will not soon be forgotten by those who attended.  
 The members of the society, who had charge of the program of the day, were out bright and early and kept things going until the wee hours of this morning. The old town band furnished the music and began business by playing a few choice selections in the plaza in old town. Another short concert was given on Railroad avenue, after which the band proceeded to the grove where it dispersed sweet music during the remainder of the day and until early this morning.  
 Plenty of good things to eat, plenty to drink, dancing, foot racing and chicken fights were only a few of the amusements of the day.

**BEAR CANYON.**  
 A Crowd of City Folks Enjoy an Outing in the Mountains.  
 Quite a large number of Albuquerqueans—about forty—drove out to Bear Canyon early yesterday morning and spent a quiet and pleasant day in the mountains. Private picnic parties were scattered along the canyon from the mouth to the Whitney camp, at the upper end of the canyon.  
 Among those who drove to the head of the canyon and spread their dinners were William Farr and family, George Ball, James Manahan, Mr. and Mrs. Danielson, Mrs. W. F. Cobert, Miss Larson, Miss Alice Rutherford, Geo. Rutherford, Messrs. White and Pimpell, F. E. Hoaglin and wife, F. E. Hoaglin and M. M. Dutcher and wife. Trimble's "Explorer" carried out a jolly crowd consisting of Mesdames Edward Corson, Bullard and Hunt, Miss Bell, Messrs. E. A. Hunt, Harry Bullard, Edward Corson, Duncan Bell, T. S. Morris and C. E. Burg. They arrived at the canyon at about 10 o'clock, drove up to the second spring and took possession of the conical ledge of pine limbs.  
 Everybody was well pleased with the outing and the ride home by moonlight was one of the features which was thoroughly enjoyed.

**WYSONG-NICHOLSON.**  
 William Wysong and Miss Carrie Nicholson Married.  
 Saturday night at the home of Chas. L. Nicholson, 115 South Arno street, occurred a pretty wedding, the principals of which were William Wysong and Miss Carrie Nicholson. Rev. Mark Hodgson performed the marriage ceremony.  
 Both young people are from Indiana. The bride came to Albuquerque in July and has since made her home with her brother, who is principal of the Second ward public school and lives on South Arno street, where the wedding occurred.  
 The groom arrived in the city Thursday. He is an enterprising, promising young man, and is to be congratulated. The newly married couple expect to reside in Albuquerque.  
 Those present at the ceremony were Mr. and Mrs. Harvey Moore, Mr. and Mrs. W. J. Morning, Mrs. Norman, Misses Lillian and Verna Norman, Effie and Cecil Mount, Edith Morning, Mr. Coach and Mr. Barton and Mr. Chas. Nicholson.

**Picture Rocks of the Indians.**  
 While passing my vacation in the foot hills of the Sandia mountains at a little Mexican village, Las Placitas, I was informed that on the top of near by hills there are ledges of rocks covered with picture writing. Being anxious to see the same I joined a party to visit them. Arriving at the place I found a ledge of rocks at the apex of the hills. These stratified rocks, on account of the lapse of centuries have been disintegrating. Judging from the formation of the surrounding hills and mountains these rocks no doubt belong to the Paleozoic age. The south face of the rocks is covered with etched picture writing, representing birds, animals, reptiles, men geometrical figures, arrows, the human hand and one drawing very similar to the Aztec calendar stone in the museum at Mexico City. The discoloration and disintegration of these etched rocks is sufficient evidence of the great antiquity of the picture writing. A peculiarity of these rocks is that the etchings are not discolored. In an arroyo at the base of these hills, teeth ten inches long and very large bones have been discovered.

**SUN WORSHIPER INSANE.**  
 Sad Fate of Miss Marian Berry at Denver.  
 Miss Marian Berry, of Upper Montclair, N. J., became insane in her room on the third floor of the Jackson block, corner of Seventeenth and Tremont streets, last night, and was taken to the county hospital by Police Surgeon Dulin and Dr. Hamill. Miss Berry, who is 23 years of age, is a disciple in the sect known as Sun Worshipers. She came to Denver with N. J. Hannah, one of the leading lights of the new church. A few days ago Hannah went to Salt Lake, where he expects to secure a number of converts to his religion.  
 About 10 o'clock last night Miss Berry attracted the attention of other roomers in the block by screaming. She partly disrobed and threw several garments and her pocket book into the street. The doctors did not find it an easy matter to take the patient to the hospital. She scratched Dr. Hamill

**THERE IS NO DEATH.**

There is no death! the stars go down  
 To rise upon some other shore,  
 And bright in heaven's jeweled crown  
 They shine forever more.

There is no death! the forest leaves  
 Convert to life the viewless air;  
 The rocks disorganized to feed  
 The hungry moss they bear.

There is no death! the dust we tread  
 Shall change beneath the summer showers,  
 To golden grain, or mellow fruit,  
 Of rainbow, tinted flowers.

There is no death! the leaves may fall.  
 The flowers may fade and pass away—  
 They only wait through wintry hours.  
 The warm, sweet breath of May.

There is no death! the choicest gifts  
 That heaven hath kindly lent to earth  
 Are ever first to seek again  
 The country of their birth.

And all things that for growth or joy  
 Are worthy of our love or care,  
 Whose loss has left us desolate,  
 Are safely garnered there.

Though life becomes a dreary waste,  
 We know its fairest sweetest flowers,  
 Transplanted into paradise,  
 Adorn immortal bowers.

The voice of bird like melody  
 That we have missed and mourned  
 so long  
 Now mingles with the angel choirs  
 In everlasting song.

There is no death! although we grieve  
 When beautiful, familiar forms  
 That they have learned to love are torn  
 From our embracing arms.

Although with bowed and breaking heart,  
 With single garb and silent tread,  
 We bear their senseless dust to rest  
 And say that they are "dead."

They are not dead! they have but passed  
 Beyond the mists that bind us here  
 Into the new and larger life  
 Of that serene sphere.

They have but dropped their robe of clay  
 To put their shining garment on;  
 They have not wandered far away—  
 They are not "lost" or "gone."

Though disenthralled and glorified,  
 They still are here and love us yet;  
 The dear ones they have left behind  
 They never can forget.

And sometimes, when our hearts grow faint  
 Amid temptations fierce and deep,  
 Or when the wildly raging waves  
 Of grief or passion sweep.

We feel upon our fevered brow  
 Their gentle touch, the breath of balm;  
 Their arms enfold us and our hearts  
 Grow comforted and calm.

And ever near us, though unseen,  
 The dead, immortal spirits tread;  
 For all the boundless universe  
 Is life—there are no dead.  
 —J. L. McCREERY.

**THE CARE OF THE EYE**  
 Many suffer from headache and nervousness that do not suspect the cause. The nerves that control the eye have a direct connection with the most vital parts of the human system. Continual strain on these nerves keep them in such a weakened condition that they have to call on the force of the other nerves to keep them supplied. In that way the strain is carried to all the nerves and will in time exhaust them all. Properly fitted glasses will release the strain and give the system a chance to build up.

# Save the Children

All stomach and bowel troubles in child or adult are due to a single cause—Indigestion. Flux, colic, cholera morbus, diarrhoea, dysentery and all complaints of like nature, are the result of undigested foods fermenting in the stomach. The only way to prevent fever and to cure such troubles without injury to the membranes lining the stomach is to restore perfect digestion.

## KODOL Digests What You Eat

Kodol is the new discovery which cures all stomach and bowel troubles by removing the cause. This famous remedy checks fermentation, cleanses, purifies and all of the nourishment, health and strength it contains.

Cures Indigestion, Dyspepsia and all Stomach Troubles. "Kodol Dyspepsia Cure is just the thing for dyspepsia and stomach troubles. It has helped me more than anything else in a long standing case of catarrh of the stomach."—Oscar King, Cherry Valley, N. Y.

Prepared only by E. C. DeWitt & Co., Chicago. Sold by all dealers. The favorite household remedy for coughs, colds, croup, bronchitis, grippe, throat and lung troubles. It cures.

## NEW MEXICO TOWNS

### SANTA FE.

Mrs. Whitman Improving—Altitude Too High for the Nerves—Black Bear Killed.

From the New Mexican. Mrs. W. H. Whitman is still visiting in Denver, and her health is improving. She hopes to return to Santa Fe about the first of September.

Mrs. H. O. Bursum and little daughter, Clara, are guests at the Atlanta, Santa Monica, Cal., and are not expected to return home for a month.

Judge John R. McFie left for Silver City and Las Cruces on private business. He expects to return Tuesday noon.

Forest McKinley, special agent of the general land office, will leave on Tuesday for Guadalupe and Lincoln counties on official business.

The invitation hop to be given by the Pennsylvania club on Friday, August 21, promises to be a very elegant and enjoyable affair. Invitations for this social event are now being sent out.

Mr. and Mrs. Paul A. F. Walter and children, who returned from a trip to California, visited San Diego, Coronado, Santa Monica, Catalina and Los Angeles and had a most enjoyable trip.

Mrs. Banner, of Alamogordo, niece of Judge and Mrs. John R. McFie, who has been a guest at the McFie home for some weeks, is recovering from her recent illness and is expected to be out in a few days.

Mr. and Mrs. W. H. Cartwright, mother and father of the Messrs. H. B. and S. G. Cartwright, of this city, who have been visiting their sons and daughter, have returned to their home in Mediapolis, Iowa.

Mr. and Mrs. James D. Freeman and two daughters, who have been guests at the sanitarium during the past spring and summer, left for Asheville, N. C., where they will spend the fall and winter, the altitude of Santa Fe being too great for Mr. Freeman's nerves.

Mrs. Manderlik and Miss Manderlik, of New York, who have been the guests of Mr. and Mrs. A. M. Bergere for the past six weeks, expect to go to Colorado Springs during the coming week for a short stay and thence to return to their home in New York.

Mrs. Shaffer, of Kansas City, Mo., who is in the city on a visit to her sons, W. E. and Arthur Griffin, expects to remain here until the first week in September, when she will return to her Kansas City home.

A black bear weighing 300 pounds was killed in the Tesuque canyon by Antonio Lucero and brought to the city and sold to Captain Fritz Muller for its hide and tallow. The bear had killed a goat and was devouring its prey when Lucero crept up to within a short distance and laid it out with one well directed shot.

A. M. Blake, of V. Houghton, D. C., who received an appointment as clerk in the postoffice here, declined the same, as he was offered a better position in the Denver postoffice. He is on a visit here and will spend the next two weeks on the Pecos forest reserve hunting and fishing. Thereafter he will go to Denver to assume the position in the postoffice there to which he has been appointed.

R. M. Force, who for several years was a resident of this city and who is spending a few days at Ojo Caliente, expects to return to Santa Fe with his wife and young daughter and they will very likely take up their residence here again. Mr. Force is manager of an important mining company in Arizona. His daughter will attend the Loretto convent in this city. Mr. and Mrs. Force have many friends here who will be glad to have them become residents of the capital again.

Mrs. Otero is the first governor's wife to establish a precedent that immediately became popular and proved very agreeable, especially to the many sojourners in the capital as well as to residents, that visiting ladies in the city should pay the first call at the executive mansion. This is the custom that prevails at the capitals in the states and is universally observed by the wives of the governors of the commonwealths in the country.

Miss Julia B. Freeman, of Washington, D. C., daughter of Brigadier General H. B. Freeman, U. S. A., and who is a cousin of Mrs. Otero, will leave for Ohio to join her mother, who is visiting friends in that state. Miss Freeman has been a guest at the executive mansion for the past two months, and thinks that Santa Fe is about the nicest place that she has ever visited. Her stay here was made very pleasant by all who met her and

she hopes to be able to pay the capital of New Mexico another visit before long.

The best physic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

### RATON.

From the Range.

Work at the oil well being drilled near Raton has been suspended for a few days pending the arrival from Denver of casing for the well.

Mr. and Mrs. Dave G. Dwyer are rejoicing over the arrival at their home Saturday, the 9th inst., of an unusually bright and promising daughter.

M. E. Dane was in town with a load of fine apples a few days ago. He reports a fine rain on the Vermojo last week, which was most welcome to the ranchmen.

Mrs. W. Bowen and daughter from Roachdale, Ind., arrived in Raton a few days ago. They seek our sunny climate for the benefit of Miss Bowen, who is a pulmonary invalid.

St. Dawson was in town last week. He recently made a large shipment of horses from his ranch near Dawson to Kansas. He has sold his fine stallion, Deceptive, to parties at Catskill.

Captain Collier left Wednesday for Alamogordo, where he will undergo a surgical operation for an intestinal trouble, at the hands of his son-in-law, Dr. George C. Bryan. During his absence Dave Dwyer will take his place in the postoffice.

A fine horse, weighing 1,600 pounds, was found dead in the Letton pasture, Monday. The horse belonged to Mr. Niach, who lives on Johnson Mesa, and was worth \$100. A cow standing near the dead horse was found to have been shot through the flank. It is supposed the animals were shot by a party of boys who were hunting with a long range rifle in the pasture Sunday evening.

### A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne Co., Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness. 25c. at Cosmopolitan Pharmacy—B. ### SOCORRO.

Capitalists Looking at Mines—Sectionizing Socorro Grant—Alfalfa Washed Away.

From the Chieftain. Prof. C. L. Herrick was a guest at the Windsor. John Hunter has been surveying small holdings this week out near Polvadera.

J. F. Cook was quite seriously ill the first part of the week but happily soon recovered.

Pierre Allire, of San Antonio, was the guest of friends in Socorro the first of the week.

Mayor Cooney left for Frisco to look after some goats that he recently purchased there.

C. T. Brown and General Quinby Vance left for an overland trip to the Black Range.

District Clerk John E. Griffith and family have returned from a six weeks visit to their former home in Ohio.

A party of Pittsburg capitalists arrived in town and went out to Water canyon to look after mining interests. Mrs. J. B. Lewis, who, with her husband, R. Lewis, spent last winter in Socorro, died last week at her home near Boise City, Idaho.

Mrs. A. T. Harrison and children left Socorro to join Mr. Harrison in El Paso where the family will make their home.

Ed Kealar has been in Magdalena at work for some time. At the beginning of the week he installed the acetylene gas plant in Hilton's saloon.

Somebody threw rocks through two of the large window panes in the front of Price Bros. & Co.'s store Tuesday night. The guilty party deserves the full extent of punishment that the law allows for such villainy. Ciriacio Jofola, living at Escondido, had the misfortune to have 100 bales of alfalfa washed away by the flood and water that came down the arroyo during the storm Wednesday evening. Mr. Jofola says that the water was

higher in the arroyo than he ever knew it to be before, though he had lived in Escondido for more than twenty years.

Deputy Sheriff W. K. Foster was in town the first of the week on official business. Mr. Foster is being urged as a candidate for sheriff by the people of the western part of the county. His record as deputy is certainly much in his favor.

W. W. Jones, city surveyor, is engaged in sectionizing the Socorro grant. This work is preliminary to the sale of considerable bodies of the land to private parties. It is reported that Abran Abeyta will be one of the largest purchasers.

### A World Wide Reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all druggists.

### SAN MARCIAL.

Honey Galore—Territorial Fair Note—Mrs. Manning Honored—Clerk Married.

From Bee. Henry Lohman is in receipt of an order for 500 pounds of honey from the East Las Vegas postmaster.

Mrs. W. D. Finney, of Albuquerque, is here securing treatment for her baby from Dr. McCrory.

Another mining expert, representing St. Louis parties, is en route to inspect the Rosedale mining district.

Frank Johnson reached San Marcial after spending two or three months in Texas giving his cattle interests attention.

Mrs. J. W. Broyles writes her husband from Fresno, Cal., of meeting Dr. A. A. Shaw and enjoying a drive in his rubber tired carriage through the delightful country surrounding that charming city.

The management of the territorial fair is working to present such an exhibition as has never before been made. Those who miss seeing it will make the mistake of their lives. Go and make the great holiday and sight seeing of 1902 an event long to be remembered. See that the wife and children, sweethearts, aunts, cousins, sisters and everybody else share with you this great show.

Mrs. Ed. Manning, who has recently moved to Albuquerque, has long been one of the Woodmen Circle's most faithful workers. In token of appreciation its members had planned to give a reception in Mrs. Manning's honor before her departure, but the surprise was in another quarter when, after their preparations were nearly completed they found that the lady had been calling Albuquerque her place of residence for nearly a week.

The Andover, Ohio, Citizen of August 1 prints this interesting piece of news, which demonstrates that our friend Mr. Clark is still trifling with fortune in his usually lucky manner: "The marriage of Miss Janet Dickey, of Espeyville, and Mr. Addison Clark, of San Marcial, N. M., was solemnized Saturday, July 10. Mr. Clark was a resident of Cherry Valley many years ago and is a son of Mrs. Madalina Clark. He went to New Mexico for the benefit of his health and has prospered nicely in that country. His bride is a school teacher and a most excellent lady. Mr. Clark will return to New Mexico with his 'captured' bride, where we trust they will enjoy the greatest happiness that mortals are entitled to."

### DEMING.

Good Rains—Hay Outfits—The Boliches Off on a Visit—Base Ball Note.

From the Headlight. Mrs. Hugh H. Williams left for the Pacific coast for the benefit of her health, which has been poor for some time.

Mrs. W. H. Gleason expects to depart during the coming week for a visit of possibly three weeks in Chicago, her former home.

The Deming public schools will open for term Tuesday, September 2, Monday being Labor day. As usual, there will be a large attendance.

Several good downpours since the heavy precipitation last Sunday night and early Monday morning have caused the people to look with more favor upon the weather man.

N. A. Beals left for Los Angeles and other parts of the coast, and after a short outing will return, bringing Mrs. Beals and little Ralph, who have been there for several months with him.

Mrs. Frank K. Wyman entertained a small number of friends at a very pleasant parlor party. Popular games and other amusements were indulged in to the delight of those present.

Jim Irving is figuring on having a prize waltzing contest in the opera house at one of the Friday night dances. If enough entries can be secured he intends offering a very handsome prize to the winner.

Al Watkins came in from the 76 ranch the early part of the week and reports good grass and lots of rain. Al said that the Mimbres flood had overflowed the banks and the water was running west and south of this town for miles, all of which is good for the grass.

Already several large haying outfits have been fitted out here and have gone to locate hay grounds and others are getting ready. This will undoubtedly be one of the best seasons for grass that this country has had for several years past. And it still continues to rain daily.

Miss Edna Page, of Silver City, who has been the guest of Miss Laura Burnside for a week or more, returned

## CANCER

Sufferers from this horrible, deadly, nearly always inherit it—not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance—or a swollen gland in the breast, or some other part of the body, gives the first warning.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood—every vestige of it driven out. This S. S. S. does, and is the only medicine that can reach deep-seated, obstinate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows: "A small pimple came on my jaw about an inch below the ear on the left side of my face. It gave me no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and itch; it would bleed a little, then scab over, but would not heal. This continued for some time, when my jaw began to swell, becoming very painful. The Cancer began to eat and spread, until it was as large as a half dollar, when I heard of S. S. S. and determined to give it a fair trial, and it was remarkable what a wonderful effect it had from the very beginning; the more I began to eat and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer and my general health continues good."—Mrs. R. Shirer, La Plata, Mo.

home. Miss Page became quite popular during her short stay, and all who met the young lady will be glad to welcome her again to our city should she favor us with another visit.

At about midnight on Wednesday there came into this life a bright little bit of femininity to gladden the lives of Mr. and Mrs. Rodney G. Clarke, which explains the happy smile and elasticity of step which has been noticeable in the genial postmaster since the advent of the little stranger.

Mr. and Mrs. N. A. Bolich departed for the city of Tampico, Mexico, where they expect to meet the brother of Mr. Bolich, who was here a short time ago. This being the first time since they were married that Mr. and Mrs. Bolich have ever been away on a trip Newt, says that they will call it their wedding tour. Better late than never.

If George Watkins' friends back in Texas had seen him coming to town a few days ago they would have split their sides laughing. George came in driving a pair of diminutive burros hitched to a wagon, the pole of which was so long that it is doubtful if George could have reached them with a forty foot lariat. His excuse for appearing in town with such a rig was that "he couldn't find the horses, and the kids had to have grub."

Following a suggestion made in these columns last week, the base ball team have made arrangements for enclosing the ball grounds with a high board fence. The boys have assumed the responsibility for the liquidation of the expense thus incurred, but will ask the citizens to contribute toward the enterprise in a short time. The enterprise manifested by the ball boys is worthy of the support of all citizens. This paper is always ready to cut in with the coin for any proposition of the kind.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Electric Oil relieves the pain instantly. Never safe without it.

### For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

## Railroad Topics

Engine 725 was a dead head east yesterday morning.

Joe Peabody, with the Santa Fe at Needles, is in the city.

The Brotherhood of Locomotive Firemen now has a membership of 43,376.

The Santa Fe is rapidly repairing the damage done to its motive power by the strike of boilermakers and machinists.

Dispatcher McGinnis, formerly located at Alamogordo, is now reading the tick at Raton.

Engineer C. Boyd is nursing an inflamed eye, caused by being struck by a steel splinter.

Texas railroads have decided not to change the cotton rates nor the manner of shipments.

Engineer Fred Kammer has asked for a lay off and will spend a month on the Pacific coast.

Henry Englebright has returned from a month's vacation spent at Chicago and other eastern cities.

Machinist G. R. Craig and wife have gone to Chicago for a month's visit with friends and relatives.

The Missouri Pacific had twenty-seven trains of Elks and Pythians into Pueblo, Colo., the other day.

John Cohan, who was chief dispatcher at San Marcial several years ago, visited San Marcial last week.

The Santa Fe has ordered seventy cars from the Pullman company, most of which are for the California business.

Work is progressing rapidly on the oil tank of the Southern Pacific at Deming, and a short time will see its finish.

The Rock Island has ordered 100 locomotives from the Brooks works, making 300 ordered within the last six months.

E. L. Auer, of the superintendent's office at San Marcial, is again at his desk after a visit to his home in Decatur, Ill.

Despite the use of automatic car couplers, 103 persons were killed and gone to Chicago for a month's visit April 1.

The cost of engines has greatly increased within the last few years, an engine formerly costing \$10,000 now costs \$16,000.

One ticket broker has been rewarded. William K. Powell, of Indianapolis, has been made claim agent of the Philadelphia & Reading.

W. C. Abell, boilermaker apprentice at the local shops, left this morning for his old home at Parsons, Kan., to enjoy a thirty days' lay off.

A. E. Mitchell, superintendent of motive power of the Milwaukee, has resigned to take a similar position on the Northern Pacific.

There have arrived in Vancouver 1,500 bales of silk valued at \$1,000,000. The roads have been asked to bid on its transportation east.

The National Beekeepers have decided on the Santa Fe as their official train to their annual convention in Denver September 3, 4 and 5.

Andy Steel and wife, of Santa Fe, spent Sunday in the city. Mr. Steel is chief chef for the Pennsylvania Development company at the capital.

Fireman R. E. Tracy spent a few days in the Las Vegas hospital, and returned to his young wife and friends at San Marcial apparently in good health.

Brakeman F. E. Hungate, of the Santa Fe Pacific, left last night for Arkansas City, Kan., where he is called by the serious illness of his grandparents.

Cattle business on the southwest lines of the Santa Fe is heavier than it has ever been before. One day recently the road hauled 400 cars into Kansas City.

Mrs. H. S. Grout is enjoying a pleasant visit from a party of Topeka ladies. They are Mrs. E. L. Gaylor and daughter, and Mrs. W. H. Hayes and daughter.

The Las Vegas Record says that Sam Ingram, who had been working in the Castaneda lunch room, has flown the coop and left several merchants holding a bag.

The New York Central's scheme of hiring hundreds of special watchmen has resulted in its being the only road in the country that is not bothered with tramps.

The pay checks for the Santa Fe Pacific employees arrived Saturday and the Santa Fe proper boys' checks came in last night. The merchants expect a good trade tonight.

The Erie contemplates building four tracks between Buffalo and New York. If this is done it will be one of the most important railroad moves made in this country in many years.

J. Pierpont Morgan has raked in the Louisville & Nashville railroad. The time when there will be but one railroad in the southwest of the Mississippi seems rapidly approaching.

The San Bernardino Sun says: An addition has just been made to the storehouse department employees of the southern California division of the Santa Fe, which is very gratifying to Storekeeper O. P. Sloat, of the local house. It is the appointment of a Mr. Allen, of Albuquerque, to the position of the company's storehouse foreman in Los Angeles. The importance of that point on the division is gradually

increasing and, with its growth, came extra work for the local force, which the latter did not fancy.

A freight car provided with ball bearings has been experimented with by the Illinois Central railroad, and it is found that in addition to its great saving of oil and year, a single man may push it along the track.

The annual meeting of the American Association of General Passenger Agents will be held in Portland, Me., October 14 and 15. There was some doubt about Portland handling the meeting, but all differences have been adjusted.

According to the interstate commerce commission's report for the quarter from July 1, 1901, to April 1, 1902, there were 103 employees killed and 1,598 injured in car couple accidents. This does not indicate that the automatic couplers save accidents.

Charles W. Cook, chief clerk in the Santa Fe general freight office at Topeka, has just applied for patents on an invention which will be adopted by the Santa Fe railway system for the purpose of simplifying the present complicated methods of filing rate tariffs.

The El Paso-Rock Island route has issued a handsome folder descriptive of the country penetrated, and particularly so relative to Cloudercroft and the Sacramento mountains, with illustrations showing the marvelous construction of this popular cloud-climbing route. The time tables and various connections are also set forth in a most comprehensive manner.

The substitution of oil for coal as fuel on the engines of the Southern Pacific will mean a saving of \$1,000,000 to the company and the discharge of a thousand men now employed in the handling of coal. These estimates are based on practical experiments. The Southern Pacific has burned oil for three months now, and the saving has averaged more than \$600 per month per engine.

The trouble which the Santa Fe and its car men, from Argentine, Kan., have been having during the past few days, has been settled. The request of the men for time and a half overtime was granted, as was the demand regarding the use of tools. The contention was brought about more because of a misunderstanding of the requests granted the carmen two weeks ago than through any act on the part of the company to be overbearing.

Dr. Chas. H. Utter, a prominent physician in Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

**Railway Ties in Demand.**—According to a statement made recently in New York by railway officials the question of supplying the demand for railroad ties at a reasonable cost is becoming a serious one. It was said that in 1901 the Union Pacific alone laid 2,653,742 ties in renewal of worn out ones, and the Missouri Pacific during the same time laid 2,632,101. During the past seven years the Southern has laid 1,727,977 or an average per mile of 349. Using this average for figuring the amount used by all the roads in the United States would give the annual consumption of ties as 69,800,000, the requirements of new lines not considered.

**To My Friends.**—It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I did so, and words cannot tell the good that it did for me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. B. H. Briggs & Co., and J. H. O'Reilly & Co.

Jim Hill a "Poor" Man.—James J. Hill has less than \$150,000 worth of personal property, and you gentlemen will agree with me if you go up to his house and investigate," says a dispatch from St. Paul, Minn. County Assessor Conley made this declaration to the board of equalization, which met for the purpose of raising the personal property taxes of wealthy men and to enable the board to grant a reduction to others who have been assessed too high. Mr. Hill was assessed this year \$135,945 for his personal property. Last year he paid \$210,530. The board decided to raise Mr. Hill's assessment to \$210,530, the amount he paid last year.

**Physician and Druggists.**—Ford & Sturgeon, a prominent drug firm at Rocky Hill Station, N.Y., writes: "We were requested by Dr. G. B. Snigley to send for Herbine for the benefit of our customers. We ordered three dozen in December, and we are glad to say, Herbine has given such great satisfaction that we have duplicated this order three times, and today we gave your salesman another order. We beg to say Dr. G. B. Snigley takes pleasure in recommending Herbine." 50c bottle at Cosmopolitan Pharmacy—B. Ruppe.

**Cheap Riding.**—A Boston dispatch says: The rate war between the Providence steamship line and the Joy line now makes it possible for one to travel between Boston and New York for 95 cents. The fare between Boston and Providence by electric road is 45 cents, and one can travel between Providence and New York on the Providence line of the New Haven railroad, in competition with the Joy line, for 50 cents.

**Just Look at Her.**—Whence came that sprightly step faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result—alorrans active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c. at all druggists.

**Santa Fe Steel.**—Orders have been placed by the Santa Fe for 79,000 tons of steel to be delivered before the end of the present year. The cost will be about \$2,200,000, and the steel will relay about 450 miles of track. The company will lay 85-pound steel over the entire distance between Kansas City and Albuquerque, 900 miles. The remainder of the order will be used in relaying track on the Gulf branch for 190 miles north of Fort Worth.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream build up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. The Thermometer  
is Seldom Higher Than  
80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mahana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

"FORCE"

"OR" is a little word but gigantic in possibilities. Success, happiness, practically all of the good things of life, depend on good health. Most of the failures, the woes of life, rest their origin and continuance in bad health. The possibilities represented by the OR in "Good Health or Bad Health" certainly are gigantic, aren't they? Proper food more than any one other thing represents the difference between good health or bad health.

Any physician will tell you that a proper mixture of the whole of the wheat and barley malt is preeminently a proper food, one that builds normally, tones evenly, nourishes sufficiently, every organ of the body. "FORCE" is composed of the whole of the wheat and barley malt scientifically combined in the form of a delicate, crisp flake. It cannot lose its good qualities in faulty cooking, for it is ready to be put on the table when it reaches the house. There's another OR worth considering—a hot kitchen fire on a hot summer day OR no kitchen fire.

### LOCAL PARAGRAPHS.

F. H. Mitchell has gone to Santa Fe on business.  
D. A. Macpherson and wife are expected to return to the city tonight.  
H. T. McKinney, the prosperous Hell canyon mine operator, is in the city.  
B. N. Yonker, proprietor of the Windsor hotel in Socorro, is in the city.  
C. W. Wright, representing Flesher & Rosenwald, has gone south with his samples.  
Conrado Baca, of Socorro, passed through the city this morning bound for Santa Fe.  
Hon. W. B. Childers, who was at Santa Fe attending court the past week, has returned to the city.  
Leon Hertzog will be absent from the city for a few weeks. He left last night for southern California and San Francisco.  
Samuel Heady, passenger conductor on the Santa Fe Pacific, has returned to the city after a vacation on the Pacific coast.  
Charles Roe and O. A. Adpin, who were up north representing the Singer Sewing Machine company, have returned to the city.

Yesterday morning Mrs. Alejandro Perea and A. Perea left for Chicago, where they will visit relatives and friends for a few weeks.  
Miss Margaret Jenks, who has been enjoying an extended vacation, has returned to her duties as clerk at the Golden Rule Dry Goods store.

Miss Mamie Tierney, daughter of Mr. and Mrs. M. S. Tierney, has gone to Burlington and Fort Madison, Iowa, to visit relatives and friends.

Leandro Gutierrez and Jose Y. Aragon, two well known stockmen and ranch owners of the Mangus country, are in the city for a few days.

T. J. Curran, the mine promoter, and wife, who were back in the east the past few months, have returned to the city, and will probably remain here a few months.

Mrs. J. H. Kuhns and daughter, Miss Shirley, have gone to Los Angeles. Miss Shirley will be placed in a school in that city, after which Mrs. Kuhns will return to the city.

Miss Nettie Coffey, who recently accepted a principalship of the school at Pearce, Arizona, will leave here on Thursday night for that town. The lady came here from Brazil, Indiana.

Hon. M. S. Otero was a passenger going north, en route to the Sulphur hot springs, last Saturday night. He will hurry up work on the sulphur mill.

The two pretty cottages, which Otto Dieckmann is erecting on South Third street, will soon be ready for occupancy. The cottages are modern in every respect, and are ornaments to that section of the city.

T. A. Rickel and son, of Flagstaff, Arizona, passed through the city yesterday morning for Santa Fe, where the son will be placed in the St. Michael college for boys.

"The Woman's Exchange," at No. 323 South Second street, has been purchased from Mrs. Sanborn by Mrs. G. S. Ramsay. Mrs. Sanborn has arranged to take charge of the Casa de Oro, on West Gold avenue.

Miss Ida Caldwell will leave tonight for Raton, where she will attend the teachers' institute for Colfax county. The lady is from Cloverdale, Ind., and has been engaged to teach the public school at Elizabethtown.

Mrs. J. H. O'Reilly has as her guest Mrs. R. W. Negus, who resided in this city when her husband was cashier of the local office of the Mutual Life Insurance company. The Negus family now reside in New York.

A. J. Frank, who is the manager of the Algodones smelter scheme, is in the city, coming down Saturday night on business. He was to have returned to Algodones this morning.

The Young Ladies' Bible class of the Lead avenue Methodist church, will hold a social at the home of J. W. Anderson, 409 West Lead avenue tonight. A good program has been arranged and a good time is promised.

I. B. Hanna, superintendent of forest reserves in New Mexico and Arizona, passed through the city Saturday evening for Tucson, Arizona, on official business connected with the newly created forest reserve in that section.

Miss Kate Bell will return to her home at San Antonio, Texas, where she is a public school teacher, Thursday night. The lady was here visiting her sisters, Mrs. James Stewart and Mrs. J. E. Franklin, and brother, Duncan Bell.

Dogs without a tag are scarce on the streets at present. The dog catcher has waged an unrelenting war upon the unlicensed canines for several weeks, and a number of the mongrels have been despatched to the happy canine land.

Warren Graham and brother, Thos. Graham, who visited the southern California resorts, have returned to the city, well pleased with their visit. The latter will return in a few days to Bloomington, Ind., where he is a student at a law college.

The Socorro Chieftain says: W. C. Stevenson, who resided in Socorro and was a student at the school of mines a short time two years ago, left Albuquerque last week for California, where he will remain permanently. Mr. Stevenson was obliged to seek a lower altitude for considerations of health.

Albuquerque has white cats, black cats, brown cats, yellow cats, gray cats, striped cats, spotted cats, Tom and 'Marrar' cats, old and young cats, male and female cats, and in fact all varieties and sizes in the feline category, and it would be a positive relief if the police, the poundmaster and the dog catcher were invested with authority to make war upon them similar to that being prosecuted in the case of the city's canines. A Tom and a 'Marrar' cat disturbed the neighborhood of the Lead avenue Methodist church for several hours last night.

Bert Vorhes and Roy McDonald, two playing members of the Albuquerque Browns base ball club, returned last night from Las Vegas, where they played with the Santa Fe team against the club of Las Vegas. The latter town won. The many friends of Roy and Bert find a great deal of satisfaction in the fact that these two players had to their credit five of the eight hits made by the Santa Fe team. Bert securing three out of four times up and Roy two out of four times up. As usual they played an errorless game.

George E. Roe, the Santa Fe district passenger and freight agent, with headquarters at El Paso, came in from the south this morning, accompanied by his son, Harold Roe. They were pleasant callers at The Citizen office this morning, and today Mr. Roe is around among the local shippers of the Santa Fe. They will go north to Las Vegas tonight, and before returning this way will visit all the principal towns north of this city.

Major W. H. Bailhache and family, who were for about ten years residents of New Mexico and who left here some years ago for California, are now residents of Coronado City. Major Bailhache is Chinese inspector in the custom office at San Diego. He was publisher and editor of the Albuquerque Review in the early 80s, a paper long since defunct.

Some careless person threw a lot of live ashes under the rear stairway of the Columbus hotel yesterday morning, and at 2:30 o'clock a fine blaze was in active operation. Several passers-by saw the smoke, and after discerning the cause, Mrs. Hopkins applied several buckets of water and soon had the flames extinguished.

J. E. Saint, of the Santa Fe Central, is in the city, having come down from Santa Fe on Saturday night. Mr. Saint says that work on the new road is progressing nicely. He has just been appointed postmaster at Torrance. His commission arrived the other day, but he has not yet assumed charge of his new office.

Flesher & Rosenwald are having a great run on their excellent brand of cigars, "The Cavalier," which is a choice Havana cigar with fine flavor. A box left at this office by the firm has been tested by the printers and they are of the opinion that "The Cavalier" is the best cigar to be found in this city.

Mrs. Charles Harper, wife of Charles Harper, who died at St. Joseph's sanitarium Friday night, arrived in the city last night. Mrs. Harper will accompany the body to its last resting place in the family cemetery in St. Louis. It will be shipped tonight.

A lively little bit of femininity arrived at the home of Charles Quier last night, and today the happy father is being congratulated by his many friends. The little lady weighed ten pounds. Charlie is the heavy hitter of the Browns base ball team.

Mr. and Mrs. H. A. Sims, of Winslow, passed through the city this morning bound for Chicago, where they will spend six weeks with friends and relatives. Mrs. Sims conducts a millinery store in Winslow and will buy winter goods while in the east.

August Klein, who recently returned from Bisbee, Arizona, says he is certain that quite a number from that town will attend the forthcoming fair, and have written to him for posters and other announcements of the fair.

W. O. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.
