ENGLAND'S QUEEN IS DEAD

A Remarkable Scene Enacted Today Outside of the Mansion House in England.

SAD DAY FOR GREAT BRITAIN

The Emperor of Germany and the Prince of Wales Near the Queen During Her Dying Hour—Demonstrations of Loyalty.

Cowes, Isle of Wight, January 22, noon.—The news from Osborne house confirms the belief of every one that the death of her majesty is imminent, and its announcement any moment would not be a surprise. Mounted messengers from Osborne ride through Cowes at intervals, at breakneck speed, sending off the latest tidings to the officials and foreign courts. The rector of Whippingham church remained at Osborne throughout the morning. It is understood that Emperor William will not leave to-day.

WILL START FOR LONDON. Athens, January 22.—King George will start for London to-night.

THE QUEEN IS SINKING. London, January 22.—The official bulletin issued at Osborne house at 8 o'clock says: "Queen Victoria this morning shows signs of diminishing strength, and her majesty's condition again assumes a more serious aspect."

A SORROWFUL MULTITUDE. London, January 22.—There was a remarkable scene outside of the mansion house this afternoon. On the receipt of alarming reports a crowd was gathered by hundreds of people who had assembled, then some one started to sing the national anthem. All heads were bowed, and in a moment the crowds were singing with fervor, proving how earnestly they wished for her recovery. The passengers in the passing carriages, cabs and omnibuses joined the singing, the drivers reverently doffing their hats.

THE QUEEN IS DYING. London, January 22, 4:21 p. m.—The official bulletin from Osborne house, timed at 4 p. m., says that the queen is slowly sinking.

NO HOPE HELD OUT. London, January 22, 4:55 p. m.—A bulletin posted at the mansion house reads as follows:

"Osborne, 4 p. m.—My painful duty obliges me to inform you that the life of our beloved queen is in the greatest danger."

(Signed) "ALBERT EDWARD."

THE END NEAR. Cowes, Isle of Wight, January 22, 4 p. m.—The end is very near. The Prince of Wales has not left the vicinity of the queen's bed room since 9 a. m. Emperor William and all of the royal family are near her majesty's bedside.

RECOGNIZED EMPEROR WILLIAM. Berlin, January 22, 3:30 p. m.—A correspondent of the Associated Press here learns from an official source that Queen Victoria recognized Emperor William when the latter went to her bedside yesterday by giving a sign of joy. She was unable to converse with him. It is not known how long the Emperor will stay in England.

A TELEGRAM OF SYMPATHY. London, January 22, 4:47 p. m.—In reply to the Prince of Wales' telegram, the lord mayor, Mr. Frank Green, dispatched the following: "I have received your royal highness' sad intimation with profound grief, which is shared by the citizens of London, who still pray that under divine providence the irreparable loss to her majesty's devoted family and loyal subjects throughout the empire may still be averted. Will your royal highness be pleased to accept this heartfelt expression of my deep and sincere sympathy."

THE QUEEN IS DEAD. London, January 22, 6:55 p. m.—The queen is dead.

AN AFFECTING SCENE. Cowes, January 22.—The queen is said to have bade farewell in feeble monosyllables to her family assembled at her bedside at midday. She first recognized the Prince of Wales, to whom she spoke a few words of great moment; then Emperor William and others present filed past and bowed; a whispered good-by. All in the bed room were in tears.

THE DEATH SCENE. Cowes, January 22.—With the members of the royal family gathered at the queen's bedside, the bishop of Winchester and the rector of Whippingham read prayers for those in extremity. Happily, the queen was able to recognize those around her. They came to her bedside, but the physicians had warned them against attempts to speak to her. Naturally, the family, while recognizing the claim for public information, insist that the details of the events around the deathbed shall be kept sacred for the present, and imposed the strictest secrecy upon the whole household.

STATE LEGISLATURES.

SENATOR ELKINS RE-ELECTED. Charleston, W. Va., January 22.—The house of delegates at noon to-day balloted for United States senator. Stephen B. Elkins, Republican, 46; John T. McGraw, Democrat, 18. Senate: Elkins, 15; McGraw, 5.

THE LEGISLATURE OF OREGON. Salem, Ore., January 22.—The first senatorial ballot was taken in the senate to-day. The result was: McBride, 19; Corbett, 8; scattering, 10; not voting, 1; absent, 1.

WANTED.—Sub-contractors on Rock Island, between Twist, Tex., and Canadian river; about seventy miles of good work. Write or wire The W. R. Stubbs Contracting Co., Lawrence, Kan., or Twist, Tex.

CONGRESSIONAL.

Preparations Made to Count the Electoral Vote on February 13.

SENATE.

Washington, January 22.—Mr. Gallinger, chairman of the committee on pensions, asked that the senate hold a session to-morrow evening to consider the private pension bills. Objection was made by Mr. Pettigrew.

Mr. Thurston, chairman of the committee on Indian affairs, reported the Indian appropriation bill, which was placed on the calendar.

Mr. Chandler, chairman of the committee on privileges and elections, favorably reported the concurrent resolution providing for the two houses of congress to assemble in the hall of the house of representatives on Wednesday, February 13, at 1 p. m., for the purpose of counting the vote cast for president and vice president of the United States. The president of the senate is to preside over the joint assembly, and the results are to be delivered to him, and he is to announce the state vote and the persons elected. The resolution was adopted.

Mr. Tillman had read a letter from Dr. Octavius A. White, of New York, tendering the senate the painting by his father, John Blake White, of the battle of Fort Mifflin, just six days before the Declaration of Independence. A resolution accepting the tender of the painting and extending the thanks of the senate was offered, but on objection went to the calendar. The senate at 12:40 went into an executive session.

In the senate this afternoon Mr. Allison offered the following resolution: Resolved, That the death of her majesty and imperial majesty, Queen Victoria, of noble virtues and great renown, is sincerely deplored by the senate of the United States of America.

The resolution was adopted unanimously.

The senate ratified the Spanish treaty by a vote of 28 to 19.

HOTSE.

Washington, January 22.—Mr. Newlands of Nevada called up the senate bill to extend the mining laws to the saline lands. He explained the purpose of the bill, which was to permit the entry and patenting of lands bearing salt.

A CABINET MEETING.

Favorable Reports Received From the Philippine Islands.

Manila, January 22.—General Grant has made many captures and arrests. At present he is on a scouting expedition with over fifty men. Those proved to be insurgents are held. Battery 1, of the 3d artillery, captured fifty armed men at Muntinlupa. Various other minor captures and surrenders have been made in southern Luzon. The eleventh cavalry arrived here on the transport Meade from Camarines. They call for home on the same ship February 1 as the 30th infantry. The men to sail on Saturday were reviewed this evening by General MacArthur. He thanked the soldiers enthusiastically for the part they had ably borne in the history-making epoch of the Philippines. He said they had sustained the traditions of a hardy, soldierly race, and merited the plaudits of their countrymen on their return home. Speaking of the various advantages of such occasions, General MacArthur said: "The chief advantage is the engendering of a warlike spirit, without which no nation can continue to live, and by which alone a nation is created and made perpetual."

A BAD MAN NABBED.

He Made an Attempt to Extort Money from a Rich Banker.

Fort Madison, Io., January 22.—George Wolff, of West Point, this county, was landed in jail here last night on a warrant having been sworn out by Frederick Kretschbaum, president of the West Point Bank, charging him with an attempt to extort money.

Kretschbaum received a letter ordering him to deposit \$5,000 at a certain place under the Pitman Creek bridge on a certain date. The letter stated that unless the money was forthcoming certain properties owned by the banker would be burned. The letter was found to correspond with the writings of Wolff. Wolff is about 28 years old. He was arrested a few years ago on a charge of complicity in the murder of old man Henschelberger, who was foully murdered at his own house at midnight for the purpose of robbery, but was acquitted.

AN ARIZONA TRAGEDY.

A Gentleman Killed by the Ex-sheriff of Apache County.

Phoenix, Ariz., January 22.—At Springerville, Apache county, Monte Slaughter was killed by ex-sheriff Beeler and Clare Peary was badly wounded. Beeler was in a saloon when Slaughter opened fire on him with a Winchester. Beeler seized a shotgun, and Slaughter fell dead at the first shot. Peary, who stood near by, was struck by several shots from Beeler's gun. Beeler and Slaughter were gentlemen, and bad blood existed between them.

Cabinet Resigns.

Sofia, January 22.—The Bulgarian cabinet resigned on account of internal differences.

Robert Burns.

The good Scotch poet has many admirers in Santa Fe. No other writer, whether of prose or poetry, ever came nearer the heart of humanity. His birthday is to be commemorated on Friday evening, January 25, in the Presbyterian church. A number of Scotch airs will be sung. A paper will be read by Judge McMillan, of the supreme court of New Mexico. W. H. Pope, Esq., will preside. The public is cordially invited.

LEGISLATIVE PROCEEDINGS.

(COUNCIL—FIRST DAY.)

The thirty-fourth legislative assembly did a big day's work yesterday. It was nearly 6 o'clock before the house quit, and 6:30 when the council ceased its labors of the first day of the session.

In joint session the legislators and a large audience, among which were noted many fashionably attired women and responsible business men from every part of the territory, listened with marked attention to Governor Otero's message. Its delivery required an hour and ten minutes. The governor was in good voice, and his bearing was that of an earnest man bearing glad tidings—he had a good story to tell, and was glad to tell it. And as he proceeded in his message to unfold the truth concerning New Mexico's material progress of the past two years, and clinched his statements with a gratifying array of facts and figures, a spirit of sympathetic pride was visibly apparent throughout the listening multitude, and the outburst of applause when he had ceased talking was fully the equivalent to saying, "Well done, thou good and faithful servant."

On motion of Councilman Hughes the governor was tendered a vote of thanks on behalf of the assembly and the people of New Mexico for the splendid showing of progress as set forth in his message and the accompanying reports, and the same were formally tendered by President Chavez in an address to the governor. Mr. Hughes' motion also provided for the printing of the necessary copies of the message and reports. While the governor, attended by the joint committee on escort, were retiring from the hall, and for some moments thereafter there was a buzz of conversation among the throng, and on every hand could be heard many and favorable comments on the executive paper and the numerous, timely and practical recommendations made therein.

COUNCIL REPORT ON RULES.

On returning to the council chamber the council received the report from its special committee on rules, composed of President Chavez, Mr. Spies and Mr. Hinkle, and the report, covering rules to the number of sixty-four, was read in English and Spanish. One of the rules provided that no report from committees could be called up by vote of the council unless two-thirds of the members voted therefor. As far as such a rule was applicable to reports from the committee on privileges and elections, Mr. Hughes announced that he was opposed to it, believed that majority rule was good enough, and ought to govern, and he moved to insert "a majority of the council" instead of the words "two-thirds."

Mr. Crutchen seconded the motion, saying he had no fears that any member having a possible contest to deal with would shrink from the fullest investigation. He added that this contest was coming; had to be grappled with, and felt that it should be manfully met. Mr. Martinez thought that the council had no authority to "violate the sacred rights of any person that may have a contest coming before this body," and was opposed to the two-thirds requirement. Mr. Spies took issue with these gentlemen in a vigorous speech, saying they seemed entirely to misapprehend the purpose of this rule. There was no disposition to infringe upon the rights of any one.

Mr. Spies further said that he had prepared the rule, understood fully its purpose, and as far as he was concerned he considered it most essential to the successful transaction of business by the council and to the best interests of the public service and the welfare of the territory.

The object of the proposed rule, he said, was to preserve the orderly conduct and protect the business interests of this council, so that it could not be constantly harassed by motions and resolutions not in order. Said Mr. Spies: "There are sixty-four rules in this report, and this rule under discussion stands on all fours with all other rules. No attempt is made to require the contestant in this case to have a two-thirds vote if a majority of the council declares, when this case comes up for consideration, that the contestant is not entitled to his seat. The object only is that this contest shall not displace the business for which the members of this body were sent here." This closed the debate, and Mr. Hughes' motion was defeated. The vote on the adoption of the rules, as presented by the committee, including the two-thirds provision, was 7 to 4, the vote in the negative being cast by Messrs. Hughes, Crutchen, Burns and Martinez.

Legislative Pointers.

No session of the council was held this forenoon.

Aniceto Abeytia, a well known Sorotillo, is shaking hands with members.

Many of the applicants for legislative positions have folded their tents and silently departed. Sadder and wiser men, they.

There are already rumors of schemes to create new counties. Make haste slowly in such matters is generally a safe rule.

A. C. Vorhees, Esq., of Raton, applicant for appointment as U. S. district attorney, is visiting among friends at the capital.

The governor's message met with great approval yesterday. Members, in speaking about it, complimented the document highly.

Rev. J. P. O'Keefe, formerly of Las Vegas, late of Washington City, was shaking hands with the San Miguel and Mora delegates to-day.

Captain W. C. Reid, Hon. A. A. Jones, J. D. W. Veeder, Esq., of Las Vegas, and G. L. Hartman, of Pueblo, a friend of Mr. Veeder, were looking on in the council this afternoon.

Councilman C. G. Crutchen will likely be chairman of the finance committee of the council, with Hon. Taos Hughes, of Bernalillo, as second member. This is the talk of the lobby.

Librado C. de Baca, of Pena Blanca, admired the new capitol this forenoon, and applauded Mr. Dalles' eulogy on the late Captain Luna. He said Valencia had reason to be proud of so capable a representative as Mr. Dalles.

It is reported that Hon. Thomas Hughes shed hot tears when he found out that the Albuquerque push secured fourteen employees of the legislative assembly. Thus come reform dreams to naught!

The few Democrats in the house and council will receive fair consideration on committees. They will find it hard, however, to attend all the committee assignments they will receive. But it may be presumed they will do the best they can.

The city of Albuquerque secured only fourteen employees in the organization of the house and council yesterday. Poor thing! And still it is not satisfied. Pretty tough on Albuquerque, but there are a whole lot of territorial offices yet to be had. Eh, boys?

Eulogies upon the late Captain Maximilian Luna, of the house of the 33d assembly, and who was killed in the Philippines while on active duty on General Lawton's staff, were heard this forenoon in the house, which adjourned at noon until tomorrow forenoon. The official proceedings of the session will be published by the New Mexican tomorrow.

Mr. Springer had the honor of presenting the first bill in the council this afternoon, an act for the protection of minors and pupils of schools, which prohibits the sale to such of liquors, cigars, cigarettes, etc., under heavy penalties.

Councilman Burns this afternoon introduced a bill providing for the creation of three new territorial institutions—an institute for the blind, to be located at some suitable point in Rio Arriba county; a miners' hospital, to be located at Gallup, and a reform school located at Taos. Mr. Navarro also introduced a bill creating a reform school to be located at Springer.

Many complaints are heard from members of the assembly because the stationery supplies for the needs of the members of the house and council have not yet been furnished. The gavel furnished presiding officers are most common affairs, and there is a movement on foot among citizens to purchase two handsome gavels to be presented to President Chavez and Speaker Reed.

PRINTING SUPPLIES.

The members are beginning to display some impatience over the failure of the stationery and other legislative supplies to materialize. The secretary of the territory announced to the two houses yesterday that such supplies had been ordered by him last December, but he regretted to say they were not yet at hand. The assembly had not taken "judicial notice" of the fact on this writing, but the following found to-day in one of the corridors would indicate that something is about to transpire in the premises:

"Be it resolved, by the legislative council of the thirty-fourth legislative assembly, the house concurring therein, that, for the purpose of enabling the members of both houses who do not reside in Santa Fe to correspond with their families and write evasive letters to their creditors, that sufficient money be appropriated out of any funds in the treasury for the purpose of procuring for the use of the legislative council twenty-five letterheads and envelopes to match, and for the use of the house of representatives seventy-five letterheads and envelopes to match; and that the president of the council and the speaker of the house be authorized and empowered to advertise for bids and let the same for the above work to the lowest bidder."

Capt. John Rauss.

Capt. John Rauss died last evening at St. Vincent's hospital of paralysis. He was an old timer in this vicinity, and has been living on the Peos for about twenty years, having had charge of the Valle ranch the past two years. Rauss was a native of the Black Forest, Germany, and was a clockmaker by trade. He traveled extensively in his youth. He served in the civil war, and rose to the rank of captain. He was unmarried, and has a brother living.

Rauss was a member of company G, 1st Missouri volunteers. He was a man of sterling qualities of mind and heart, who had many friends in this section. The funeral will take place to-morrow afternoon at 1:30 o'clock. Interment in the National cemetery.

Bar Association Meeting.

To the members of the New Mexico Bar association: An adjourned meeting of the association will be held this Tuesday, evening at 7:30 o'clock at the office of Colonel George W. Knaebel, the treasurer. Business of importance will be presented, including the preparation of a program for the proper celebration of John Marshall's birth on the 14th of February. A full attendance is desired. Edward L. Bartlett, Secretary.

City Council.

The city council met last evening. The mayor announced that Policemen Francisco Araya and Ignacio Maes had been suspended, the time for which they had been engaged having expired. He then sent in the nomination of R. C. Huber for policeman, but the members of the council unanimously refused to ratify the nomination. The mayor, however, after the city council adjourned, appointed Huber again. It was stated to the council, that in accordance with its action at a previous meeting, judgment had been confessed by the city to the amount of \$3,300 in favor of the Santa Fe Light and Water Company. A stay of execution has been secured providing that the city pay \$300 of the judgment on or before April 10, 1901; \$150 on or before April 1, 1902; and \$150 thereafter every three months until the judgment and interest are paid.

THE AMERICAN SMELTING TRUST

A Gigantic Deal by Which All the Guggenheim Properties Will Be Acquired.

A BIG INCREASE OF STOCK

Additional Shares to the Amount of \$100,000 Will Be Issued—Plans in the United States, Mexico and South America Transferred.

New York, January 22.—The properties to be acquired by the American Smelting and Refining Company, according to a circular sent out to the stockholders, as a result of the proposed increase of the capital stock of the company to \$100,000,000, are as follows: At Perth Amboy, N. J., smelting, refining and electrolytic copper plants; at Pueblo, Colo., the smelting, refining and copper reduction plants; at Anaconda, Mont., smelting, refining and copper reduction plants; at Monterey, Mex., a smelting plant; in South America, mining and smelting interests, also valuable leases and contracts running for a term of years in the United States, Mexico and South America. These include refining and smelting plants, appurtenant properties and the business of the Guggenheims. Allowing 100 for preferred stock of the American Smelting and Refining Company, and 60 for common, \$22,000,000 preferred and \$22,000,000 common, which the Guggenheims are to receive, they would be worth in round figures \$35,000,000.

Against this the Guggenheims are to pay \$5,000,000 cash, and roughly about \$2,000,000 more cash or working capital. This would allow about \$20,000,000 for the Guggenheim plants, good will, etc.

A Sloop Destroyed by a Gunboat.

Port of Spain, Trinidad, January 22.—Persons who arrived from the mainland of Venezuela report that the Venezuelan gunboat Miranda burned the sloop Maria Teresa, owned by a subject of Great Britain. The rebellion is spreading.

CARLETON POST, G. A. R.

Its Officers Installed on Saturday Evening—Memorial Resolutions.

At a largely attended meeting of Carleton Post, G. A. R., held Saturday night, the following officers were duly installed by Past Department Commander George W. Knaebel: John P. Victory, post commander; Louis Felsenthal, junior vice commander; W. S. Fletcher, adjutant; John R. McFie, chaplain; Valentine Herbert, officer of the day; Neise N. Newell, sergeant major; Adolf Weller, quartermaster sergeant.

Past Commander Victory announced the following standing committees for the year: Finance, William Bolander, George W. Knaebel and Jacob Weitzner; relief, Louis Felsenthal, ex-officio chairman, John Quinn, J. J. Davis, Candelario Martinez, John Lamberson and Jose Cortes; employment, John F. Forsha, E. F. Hobart, F. P. Crickton, Edward Miller and Levi Miller. The committee on legislation consists of John P. Victory, J. Francisco Chavez, George W. Knaebel, John R. McFie and F. P. Crickton. Chaplain McFie, on behalf of the Woman's Relief Corps, extended an invitation for a joint meeting of the corps and post at some date to be fixed by the post. The invitation was accepted, and Saturday evening, February 2, was fixed as the date. A proposition was received from Captain Jack Crawford to deliver a lecture and recitation at some date in February. The offer was accepted, and the time will be fixed as soon as Captain Crawford can be heard from. The following resolutions were unanimously adopted:

Whereas, the supreme commander has called from our ranks one of our dearest and best comrades, one whom we all honored and respected, Henry M. Davis; and

Whereas, Comrade Davis has been, from the earliest days of the organization of the Grand Army of the Republic in New Mexico, an earnest and zealous member of our order, having filled many offices with credit to himself and to the honor of his comrades; and

Whereas, we recognize that Comrade Davis was one of the bravest soldiers that Ohio sent into the war of the rebellion; one who rose from the ranks to the captaincy of his company by merit only; therefore, be it

Resolved, That in memory of our deceased comrade the altar and banner of our post be draped in mourning until our Memorial day services are held May 30, 1901.

Resolved, That the tender sympathies of our post be hereby extended to the children of our comrade, and we pledge them our support in every way possible in the days of their bereavement.

Resolved, That a copy of these resolutions be sent to the family of the deceased, and a copy furnished to the New Mexican for publication.

The Minstrels Are Here.

Gorton is the only white company traveling that produces genuine minstrelsy. The "Gold Sextette" is one of the many features that no others can duplicate. The comedians, vocalists, dancers, specialists are all bright lights of the minstrel profession, producing more new features, new acts, more laughable oddities and better entertainment than any other similar enterprise. Thirty-two years constant traveling, visiting every city and town in America, West Indies, British Columbia and Canada, is only a part of the record of the great Gorton's Minstrels.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the southwest.

TUESDAY, JANUARY 22.

For Governor of New Mexico from June 7, 1901, to June 7, 1905, or until elected is attained, Miguel A. Otero.

Two years ago the enrolling and enrolling of bills was more or less a matter of routine. It is to be hoped a better condition of affairs will exist this session.

No fake reform measures should be considered. The session is too short for buncombe, and fake reformers should be relegated to the rear.

It is a malicious coincidence that both Mississippi and Arkansas are about to erect \$1,000,000 capitol buildings for themselves.

The economies attending the convening of the legislature were simple, such as would have delighted Thomas Jefferson if he could have been here. Republican simplicity has its home in New Mexico.

In the matter of extra employees, the thirty-fourth legislative assembly should be very careful. The force of such extra employees should not be very large, and only large enough for the actual needs of the assembly.

The needs of all territorial institutions should be supplied with a view to their proper administration and conduct, and with a due regard to economy and efficiency. If this principle prevails, the people will approve.

The cabinet held a meeting the other day which was devoted mainly to comparing symptoms and remedies for the grip. The question has become one of national importance, and may lead to a determined and aggressive grip policy. This is no time for evasion or hesitation.

The thirty-fourth legislative assembly is in session. The New Mexican will stand by every fair, just and beneficial measure introduced, and will support all such. Should anything occur that needs criticism, such will be forthcoming. But from appearances there will be mighty little to criticize and much to approve.

Governor Otero's message should be printed in the Spanish language and distributed throughout the territory. While it is concise and short, it is an excellent resume of the progress of the territory during the past two years and of its condition as now existing, and should have the widest possible circulation among the people of the territory, both English and Spanish speaking.

There are a few things which up to the present time the United States has not been able to manufacture. But one after the other is mastered by American mechanics. For instance, 6,000 tons of high-grade steel wire, such as was never before manufactured in this country, will be furnished by works at Pittsburgh for the new East river bridge at New York.

The fight over the army reorganization bill in congress is being prolonged over minor points. Both houses agree that there should be army reorganization, but the army must be increased in numbers to meet present exigencies, and yet there is delay which may cost the nation dearly. Congress should have sufficient confidence in President McKinley and Secretary of War Root to accept their plans for the reorganization and increase of the army.

Thanks to the great work done recently in Washington by Governor Otero, the Colburn-Stephens bill for dam and construction of an irrigation dam at El Paso, and which will benefit the users of the Rio Grande in New Mexico for irrigation purposes, is as near as possible to being passed. The bill is as good as law for the provision of water for the Rio Grande is one of the most important questions of New Mexico.

Dr. James J. Walsh claims to have discovered that the grip bacillus is contagious, that it flourishes only in damp, mild winter weather, and is inevitably killed in dry, sunny, cold air. Unfortunately, Dr. Walsh must guess again, for the perfect, sunny, dry, crisp atmosphere that has prevailed in Santa Fe the past few weeks—in fact, prevails always—has not killed the bacillus to any extent in this vicinity. But then, perhaps, it isn't grip which is keeping the physicians busy in this neck of the woods. It may be only ordinary colds and a powerful imagination.

New Mexico has land selected with which to endow a miners' hospital. The present legislature will probably make the necessary appropriation for the erection and maintenance of such an institution. There are several towns and cities which would like to have the institution, including Taos, Gallup, Silver City, Corral, and several others which are still keeping under cover. There isn't a city or town in the territory which would refuse it. New Mexico will be the first commonwealth in the Union to erect a public miners' hospital. California has passed a law

authorizing and legalizing such an institution, but so far no public hospital of that nature exists. In other states and territories private miners' hospitals exist, but this territory will be the leader in building and maintaining a miners' hospital altogether at public expense.

New Mexico's Mail Facilities.

The mail facilities of New Mexico are not what they should be. A letter dropped at the Santa Fe postoffice at 9:50 o'clock in the morning does not reach Las Vegas until the following afternoon, or twenty-eight to thirty hours afterward. The same way a letter for Albuquerque dropped in the evening does not reach that city until late the following evening. No. 8 on the Santa Fe railroad, passing Las Vegas and northern points, while the government should pay for a mail train to make connection with the flyers that pass Las Vegas at 1:30 in the morning, for at present the mail for Santa Fe on the flyers is carried past Las Vegas to Albuquerque, and then brought back from town to fifteen hours later than it might have reached Santa Fe. A mail east, a mail south and west, and a mail to Denver and Rio Grande points, once a day, is less than many hamlets off roads and along rural delivery routes enjoy. Certainly, Santa Fe, as the capital of a large territory, on the line of two great railroads, one of them running five passenger trains a day each way, should have better mail facilities.

The Spread of Smallpox.

Last winter there were only five territories and states in which smallpox existed. This year there are forty-five such states. A total of 9,229 cases are reported at present in the United States, and about ten times as many are not reported. Ohio reports 1,752 cases, Tennessee 1,405, Minnesota 1,193, Texas 674, North Carolina 578, Nebraska 467, Wisconsin 412, Pennsylvania 29, New Jersey 13, Maryland 23. Over 150 eastern towns are affected. Strange to say that New Mexico, which had quite a number of cases last winter, thus far reports none this winter. This widespread of smallpox is due to the negligence in enforcing vaccination laws. Statistics just published show the great decrease of smallpox in countries where vaccination is compulsory. Before vaccination there were 2,650 deaths in Sweden per 1,000,000 inhabitants every year, now there are only 158; in Westphalia there were 2,643 deaths, now only 114; in Copenhagen there were 3,128 deaths, and now there are only 268; in Berlin there were 3,422 deaths, and now there are only 156 deaths, and these of unvaccinated strangers or natives who have evaded the law. Prior to the Franco-Prussian war, every German soldier had been vaccinated, while among the French vaccination was optional. Both armies were attacked by smallpox. Of the French troops, 23,468 lost their lives from the disease, while of the Germans only 263 died. Surely vaccination is a certain preventative, and in the most progressive countries and states it has been made compulsory.

The Finances of the Territory.

No government can long exist without revenue. The question of revenue is the most serious and important one that confronts all governments, and the manner in which it is solved determines whether an administration or a reign has been prosperous. From that point of view the administration of Governor Otero the past two years has been eminently successful. Not only was sufficient revenue raised to pay all current expenses and appropriations, but, as is shown by Governor Otero's message, the territorial debt was reduced by \$65,137, and there remain \$36,375.16 in the treasury which may be applied to the same purpose. The territorial debt is now only \$1,270,411, or about 3 per cent of the total assessed and perhaps 1 per cent of the actual valuation.

The recommendation in the message that 4 per cent bonds be issued in time to take up the debt, which may be redeemed at the option of the territory, is a wise one, for that debt bears a higher rate of interest, and was made when territorial bonds did not command a premium as they do at present. Considerable may be saved in interest charges, and the credit of the territory be still further strengthened.

The question of decrease in assessments is discussed by Governor Otero. While the territory has grown in actual wealth, several of the counties show a decreased assessed taxable valuation. In fact, the rate of assessment throughout the territory is in most instances only from one-quarter to one-half the actual value of property. It does not seem to be forgotten, however, that our neighboring state of Colorado has decreased in taxable valuation from almost a billion dollars to less than \$300,000,000, that in counties like Socorro, the establishment of the Gila forest reserve, the closing down of the smelter at Silverton, the drying out of cattle by drought and by sheep, which have not yet been assessed, was bound to cause a decrease in the assessed wealth of the county, but nevertheless, instead of being only \$36,000,000, the assessed valuation of New Mexico should almost approach the \$100,000,000 mark, unless the territory desires to stand before the world with a less valuation per capita than the poorest country of Europe or the poorest state in the Union. The remedy lies in electing only competent, honest men to the office of assessor. The territory, as such, can exert no influence on such election, but the proper officials might be given power to remove an incompetent assessor, one who either ignorantly or wilfully under-assesses property. Such power vested in the board of county commissioners or the governor of the territory would exert a healthy influence. Also the power to remove boards of county commissioners who do not do their full duty in that direction might be vested in the executive of the territory. District attorneys should be compelled to appear before the board of equalization to defend the actions of the boards of county commissioners who have raised assessments. Other remedies will readily suggest themselves to the legislators, and Governor Otero did well in calling attention to the serious defect in assessments which seemingly show an increase of poverty in the territory, while actually there is an increase of wealth.

Official Proceedings of the Legislature.

(First Day.)

Monday, January 21, 1901, being the day designated by law for the organization of the thirty-fourth legislative assembly, the gentlemen having certificates to the house of representatives met at the hall of representatives in the capitol building. The secretary of the territory made his appearance at 12:45 o'clock and called the assembly to order, and, according to the requirements of law, proceeded to call the roll of members elect from the different counties and districts of the territory. After prayer offered by Rev. W. Hays Moore, the secretary announced at the beginning of the roll-call that the members elect should appear at the bar of the house in front of the speaker's desk as their names were called, so that he might administer to them the oath of office in a body. The roll-call by the secretary and the members answering to the call and appearing at the bar of the house are as follows:

First district, Colfax county, Will C. Barnes; second, Mora, Cristoval Sanchez; third, Union, Encarnacion Sanchez; fourth, San Miguel, E. P. Chapman; fifth, Indalecio Sena, Zacharias Valdes; fourth, Guadalupe, Jose Pablo Martinez; fifth, Santa Fe, Benjamin Redd; Jose E. Gomez; sixth, Taos, E. C. Abbott; seventh, Rio Arriba, Belandino D. Trujillo; eighth, Taos and Rio Arriba, Manuel Sanchez; eighth, San Juan, Guadalupe Pendleton; ninth, Bernalillo, Emiliano L. Gutierrez; Venceloso Chavez; ninth, Bernalillo and McKinley, Alexander Bowdler; tenth, Valencia, Carl A. Dales, Martin Sanchez; eleventh, Socorro and Sierra, Jose Sanchez; Frank H. Winston; twelfth, Dona Ana and Otero, W. H. Slaughter; thirteenth, Grant, W. B. Walton; fourteenth, Dona Ana and Grant and Otero, W. R. Ascarente; fifteenth, Lincoln, Charles and Eddy, U. S. Bateman (being absent, the latter two were not sworn on account of illness).

The members having arranged themselves in front of the speaker's desk, the secretary administered the oath of office to them.

The members being now sworn in, Mr. Chapman of San Miguel placed in nomination the Hon. Benjamin M. Read, of Santa Fe county, to be speaker, and there being no other nominations, he was duly declared elected, whereupon the secretary appointed a committee, consisting of Messrs. Chapman, Walton and Martin Sanchez, to escort the speaker and present him to the secretary. After the speaker had been duly presented to the secretary, the secretary in turn presented Hon. B. M. Read as the speaker of the house, whereupon the newly chosen speaker addressed the house as follows:

"Gentlemen—I sincerely thank you for the distinguished honor you have conferred upon me. To be the speaker of a legislative body such as this is an honor of which any man may be justly proud. We have been sent here to legislate for the people of our rich and progressive territory. Let us not forget that the office of a legislator is a very important office, not because of the emoluments, but because of the great responsibilities attached to it. Let us appreciate that fact by being vigilant, energetic and fearless in the performance of our onerous duties. Let us do away with the practice of leaving the most important legislation for the last days of the session. The fiscal and educational matters, as well as all other matters of consequence, should be acted on first.

"It is better to pass upon the vital questions in the earlier part of the session than to leave them for the last moment. The finance bills, and bills affecting our public and educational institutions, should be among the first to be considered. Matters of minor importance do not require the deep and careful attention that fiscal, educational and territorial affairs do. I trust, then, that the committee into whose hands these important questions shall be confided will get to work on them as to have them out of the way as soon as possible.

"As your presiding officer I shall expect a strict adherence to our rules, especially to the rules which tend to expedite business and uphold the dignity of the house. With your assistance I hope to honestly, impartially and scrupulously enforce the rules, with the earnest desire of always acting in accordance with right and justice. With the help of God we shall, by being loyal to conscience and duty, accomplish what is expected of us. The good name of a legislature ought not to depend on the enactment of many laws, but rather on the enactment of a few good and beneficial ones. May God grant that this be the last territorial legislature, and that the laws we are about to pass be such that when the blessings of statehood come upon us our coming state legislatures may consider them worthy of a free and sovereign people.

"Thanking you again, and assuring you that it shall be my constant endeavor to prove myself worthy of your confidence, I now ask, what is the pleasure of the house?"

Upon motion, the following federal officers of the house were appointed: Chief clerk, R. L. Baca; sergeant-at-arms, Sefertino Crolet; enrolling and engrossing clerk, Mariano Salazar; messenger, Justino Gutierrez; watchman, Alejandro Mares; chaplain, Rev. Paul Gilbert.

The oath of office was duly administered to them, and after signing the secretary's roll they assumed the duties of their respective offices.

Upon motion of Mr. Chapman a special committee of three on privileges and elections was appointed, consisting of Messrs. Chapman, Gutierrez and Martin Sanchez, and the papers in the matter of the contest against the seat of W. H. Slaughter, of Dona Ana and Otero counties, which the secretary had handed to the speaker of the house, were by the speaker handed to Mr. Chapman, chairman of said committee.

A committee from the council was announced to inform the house that the council was organized and ready for business, and asked that a committee be appointed to act in conjunction with

a similar council committee to wait upon the governor and notify him that both branches of the legislature were ready for business.

The report of the committee was received, and upon motion made by Mr. Dales, a like committee was appointed to act conjointly with the council committee to wait upon the governor.

The committee on notification consisted of Messrs. Dales, Gutierrez and Valdez, who were instructed to report at the afternoon session.

Mr. Dales arose to present the names of additional employees, whereupon Mr. Winston of Sierra county stated that since the council had "violated its agreement with regard to additional employees," that the matter be left until tomorrow, and that he would make this as a motion.

On motion of Mr. C. Sanchez, the motion of Mr. Winston was laid on the table indefinitely. Whereupon the following additional employees were appointed, and were duly sworn into office according to law:

Doorkeeper, Manuel S. y Otero; assistant doorkeeper, Manuel Romero; assistant sergeant-at-arms, Ruperto Jaramillo; translator, Amado Ortiz; assistant translator, Jose Valdez; assistant chief clerk, Charles V. Safford; committee clerks, E. P. Shield, Pedro Sanchez, Rafael Gallegos; reading clerk, L. J. Hurt; sweepers, Luciano Baljeos, Elias Spear; porters, Lorenzo M. Vigil, Celso Sandoval; messengers, Francisco Apolacha, Jose Garcia, N. E. Chavez; night watchman, Isidro Lopez; interpreters, A. A. Sedillo, Modesto Ortiz; journal clerk, Mrs. Anna Carson; assistant enrolling and engrossing clerk, Cornelia Chavez; messenger to the governor, E. M. Otero; pages, Carlos Chavez, Benjamin Sanchez.

On motion of Mr. Gutierrez, the rules of the thirty-third assembly were adopted for the government of this house until such time as other rules were provided.

On motion of Mr. Barnes a recess was taken until 3:30 p. m.

AFTERNOON SESSION.

The house was called to order with the speaker in the chair at 3:30 p. m. The committee appointed to notify the council that the house was duly organized reported that it had fulfilled its duty, whereupon the speaker appointed Mr. Dales a committee of one to proceed to the council and inform that body that at the hour of 4 o'clock p. m. the house would be ready to receive the council in joint session.

Mr. Bowie of McKinley moved that the committee on privileges and elections be increased to five members. Motion prevailed, and the speaker appointed Messrs. Walton of Grant and Sandoval of Union the two additional members.

The arrival of the council was announced by the speaker, and immediately the house and council went into joint session with the president of the council in the chair to receive the message of the governor, whereupon the committee of the house, which consisted of Messrs. Abbott, Walton and Dales, to act in conjunction with the committee appointed from the council,

Distinguished Testimony

No secret society in the world stands higher in noble aims and charitable accomplishments than the Knights of Pythias. That order is doing great good,

and one of its finest institutions is the Ohio Pythian Home, at Springfield, Ohio, which is ably presided over by Superintendent Le Fevre and his wife, Mrs. Callie L. Le Fevre, the matron. The latter has recently written a letter, which will command widespread attention because of the prominence of the writer. It is as follows:

"Messrs. W. H. Hooker & Co., New York: Last year I used Acker's English Remedy at the suggestion of a friend, for a serious, long-standing throat difficulty and extremely hard cough. Had used many well-spoken preparations without relief. I can honestly say that Acker's English Remedy removed the difficulty and stopped the cough. I did not purchase or use more than three bottles, and at least one-half of the last is still on hand. I also consulted physicians with no permanent results."

The friend to whom Mrs. Le Fevre refers as having suggested Acker's English Remedy is Mrs. W. B. Chilton, wife of the president of the Troy Transfer Co., of Troy, Ohio, where this remedy has accomplished many other cures in Throat and Lung Troubles. In conversation with an acquaintance Mrs. Le Fevre also said: "If you will call on Mr. W. H. Schauss, a prominent china and art merchant of Springfield, Ohio, you will find that he, too, has had many a cure of experience with Acker's English Remedy in his family, and thinks they cannot keep house without it."

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure, etc., etc., and \$1 a bottle in United States and Canada. which consisted of Messrs. Sprinze, Fleider and Harrison, to escort the governor to the joint session, accompanied by his duties by presenting the governor to the president of the joint session.

Whereupon, President Chavez presented the governor of New Mexico to the joint assembly. The governor then proceeded to read his message.

Upon the conclusion of the reading of the governor's message, a vote of thanks was extended to the governor.

Upon motion, duly carried, the same joint committee that escorted the governor to the joint assembly was instructed to escort the governor back to his office.

Upon motion of Mr. Spies the joint assembly arose and the council retired to its chamber.

Mr. Dales moved that a day be set apart for appropriate memorial resolutions of respect to the memory of the gallant soldier and statesman, Maximiliano Luna, and that to-morrow be the day so selected for such purpose.

Before the motion was duly seconded Mr. Gutierrez of Bernalillo county introduced house resolution No. 1, which reads as follows:

Be it resolved by the house of representatives of the thirty-fourth legislative assembly of the territory of New Mexico

That this present house learns with profound sorrow and deep regret of the death of its late speaker, the honorable, the gallant, Lieut. Maximiliano Luna, which occurred many months ago, while he was nobly serving his country as a soldier in Luzon, in the Philippine islands, and therefore, be it further

Resolved, That in his death the territory of New Mexico loses a gallant soldier, a true patriot and an able and upright citizen, and his relatives and family lose one of their brightest members, a dear and dutiful son, and a

AMERICA'S GREAT CANNON.
Our new twelve-inch gun will produce a muzzle velocity of 3,000 feet per second, and the experts say, would lift a 12,000-ton battleship four feet out of the water. It is not only superior to anything made abroad, but is more effective than the thirteen-inch gun now on American battleships. We also have the best remedy in the world for stomach disorders, namely Hostetter's Stomach Bitters. It will cure any one suffering from dyspepsia, constipation, belching, biliousness, indigestion, nervousness, malaria, fever and ague, or any other form of stomach trouble. It is impossible to be strong with weak digestion. Strengthen the digestive organs, and you strengthen the entire body. See that our Private Revenue Stamp covers the neck of the bottle.

According to Directions.
"And I want it to say 'To my husband' in an appropriate place," said the widow in conclusion, to Slab, the grave-stone man.

"Yessum," said Slab. And the inscription went on: "To my husband. In an appropriate place."—Fit-Bits.

A PROMINENT CHICAGO WOMAN SPEAKS.
Prof. Roca Tyler, of Chicago, Vice President Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy, says: "I suffered with a severe cold this winter which threatened to run into pneumonia. I tried different remedies but I seemed to grow worse, and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy, and I found it was pleasant to take, and it relieved me at once. I am now entirely recovered, saved a doctor's bill, time and suffering, and I will never be without this splendid medicine again." For sale by Ireland's Pharmacy.

The real rough rider is the man who rides the plan with a twisting, squirming log for a saddle, on which he stands, balancing himself to its every motion. If his coolness fails or his nerve gives way, disaster and death reach out for him.

It's the giving way of the "nerve" which proves fatal to so many a man. Perhaps he is simply crossing the street, as he has done ten thousand times. He hears a shout, stops, hesitates, gets "rattled" and is run over.

When a man finds that his money plays him false often, when he starts off to get something and forgets what he went for, when he knows he has locked the front door and yet an irritating uncertainty compels him to get up and verify his knowledge, then that man is in danger at any minute when confronted by a trifling affair. He is unnerved.

This condition can be perfectly cured by the use of Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, nourishes the nerves, and purifies the blood. It contains no alcohol, whisky or other intoxicant.

"The reason I delayed writing was because I wanted to wait one year after I had taken the medicine before giving my statement, and now I can send a good conscientious testimonial." writes Chas. H. Sergeant, of New York City, dated Jan. 1897. "During the summer and fall of 1896 I became 'run down,' nerves were out of order and stomach full of order. I wrote to Dr. Pierce for advice. He said I had general debility, and advised Dr. Pierce's Golden Medical Discovery, and I think you for your advice. I used six bottles; and since I stopped taking it, about one year ago, I have not taken any medicine of any kind, and have been able to work every day. My appetite is good, I can eat three square meals a day, I feel like a new man, and my blood and nerves are in good shape."

Dr. Pierce's Pellets cure Biliousness.

The Only Words for Him.
Here, said the city editor, you say this man sealed the height. That's a hackneyed phrase. Don't you think you could find better words in which to express the glory of his achievements?

No, replied the old reporter. I'm afraid not. You see, he started in life as a fish peddler.—Chicago Times Herald.

Cut this out and take it to Ireland's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They also cure disorders of the stomach, biliousness and headache.

Lucky for the Guide.
"Biffkins didn't enjoy his hunting trip up in Maine a little bit."

"What was the trouble?"

"Why, after he started into the woods he found out that his guide's life is in the very company of which Biffkins is president, and he didn't care to shoot at a thing after that for fear it might be the guide."—Cleveland Plain Dealer.

When threatened by pneumonia or any other lung trouble, prompt relief is necessary, as it is dangerous to delay. We would suggest that One Minute Cough Cure be taken as soon as indications of having taken cold are noticed. It cures quickly and its early use prevents consumption. Ireland's Pharmacy.

Proof Positive.
"That man," remarked the great detective, "is undoubtedly a vegetarian of the most pronounced type."

"How do you make that out?" queried his friend.

"Oh, that's dead easy," replied the D. D. "He has curly hair, reddish cheeks, a turn-up nose and sage hair."

A GOOD THING.
German Syrup is the special prescription of Dr. A. Boesche, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an expectorant, but has stood the test of years, giving satisfaction in every case, which is rapidly increasing sale every season confirms. Two million bottles sold annually. Boesche's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75c. The Trip of a Life Time.

"On my return from Denver I took the fast train leaving there at 4:00 p. m. and arriving at Chicago at 8:30 p. m. This was the fastest trip for such a distance that I ever made, and as I understand it you can run with safety still faster. I have crossed the plains several times before, and the average speed was usually 22 to 25 miles per hour. I think your company is entitled to the greatest credit for increasing the speed to nearly double what it was a few years ago, and that too with the greatest comfort and safety. This was the most satisfactory trip that I ever made in my life, and I am sure that such service as your company gives will very greatly increase the traffic."—Martin Dodge, Washington, D. C.

WILL AVOID THE GALISTEO.

The Santa Fe Will Lay Tracks Around It Instead of Across It.

Supt. C. J. Crandall, of the government Indian school, is home from a trip to the pueblo of Santo Domingo, where, with Division Superintendent J. E. Hurley, he concluded negotiations permitting the Santa Fe railroad company to change its tracks some distance northeast of their present tracks over the Santo Domingo pueblo lands. By running over the sandhills the railroad company will avoid crossing the Galisteo river twice. The Indians receive \$250 for the privilege, in addition to the right to reoccupy the ground occupied by the abandoned tracks. The work of constructing the new tracks will commence about February 1. This change will add about one-half mile to the length of the track, but it will avoid the treacherous Galisteo river. Last summer the two bridges over the river were swept away, although the best engineers had been employed to build them, and over \$100,000 was expended in their construction. Piles had been driven 110 feet deep beneath the river bed. On these had been built a foundation of concrete, on this abutments of cut stone, upon which rested the massive iron piers and trusses of the bridge. Yet when the flood came down the river the piles were brought to the surface some distance below the bridge, which was swept into the river and broken into small pieces, so that it looked like a wooden structure that had been destroyed by a hurricane. Men at present are at work digging the pieces of the bridge out of the quicksands of the river. The railroad company for that reason decided to go around the Galisteo at these two points near Thornton, and thus avoid the cost and danger of crossing the river where it seems impossible to build bridges to withstand the force of the annual floods and to secure a firm foundation beneath the quicksands.

From Donaciano Cordova, collector of Taos county, 80 cents of 1895 taxes, \$15.83 of 1899 taxes, \$2,736.45 of 1900 taxes, of which \$1,190.78 is for territorial purposes and \$573.42 is for territorial institutions.

GRAZING ON FOREST RESERVES.

Superintendent of Forest Reserves I. B. Hanna to-day received the following final order in respect to sheep grazing on the forest reserves, from the commissioner of the general land office, Hon. Binger Hermann: "That there be no misunderstanding of the sheep and goat grazing subject, you are now advised that such animals are prohibited in all reserves, and where found in the reserves without an official permit, approved by the commissioner of the general land office and the secretary of the interior, they must be driven off the reserves. If, for any particular reserve or part of a reserve, the secretary of the interior decides to consider applications for the grazing of sheep and goats therein, the forest superintendent will be advised thereof; after which the forest officers shall give the public due notice and shall then act upon the application presented under the rules provided in such cases. If the applications are approved by the department, official permits, approved by both the commissioner of the general land office and the secretary of the interior, will be issued and mailed to the superintendent for distribution among the persons whose applications have been approved by the department. Until such permits have been approved by the secretary of the interior, the standing rule that 'the pasturing of sheep and goats on public lands in the forest reservations is prohibited' will remain in force, and such animals will not be allowed in the reserves in advance of the issue of permits. The forest officers will in no case entertain applications to graze sheep and goats in a reserve unless they have been instructed to do so."

MINOR CITY TOPICS.

Gorton's minstrels arrived from the north to-night.

The infant child of Mr. and Mrs. H. O. Bursum is very ill.

The train from the south was several hours late this afternoon.

A 12-pound boy was born to Mrs. Frank Ortiz last night. Mother and child are doing well.

The son of Mr. and Mrs. Victor Duran, of the Gallegos block, is critically ill with pneumonia.

The infant son of Mr. and Mrs. W. H. Goebel is suffering from an attack of the grip.

Jose Tapia and Manuela Martinez were married at the cathedral yesterday.

P. C. Arrighi, of Albuquerque, came up on Saturday and has accepted a position as barkeeper.

Felix, the 18 months old child of Mr. and Mrs. R. Tenorio, has been seriously ill for the past few days.

One local physician is attending to twenty cases of congestion of the lungs and pneumonia, another to eighteen cases, and a third has six cases.

Probate Clerk Manuel Delgado to-day recorded a deed of Thomas M. Bartlett to John S. Clark for a tract of 160 acres on the Pecos forest reserve. Also, a United States patent for the homestead of James F. Fox, in this county.

At the Bon-Ton: Samuel Esquivel, Taos; Florencio Cortez, Taos; Pedro Casasas, San Miguel; Jose Ortiz y Piao, Galisteo; Librado Valencia, Galisteo; Nicolas T. Cordova, Isidro V. Gallegos, Adriano F. Ulbarri, Las Vegas; Indalecio Sena, Sena; Rafael Gallegos, Las Vegas; Rafael Garcia, Sena.

Agustin Martin and family, of Abiquiu, Rio Arriba county, are in the city. Mr. Martin reports that for the first time in many years Abiquiu elected a Republican justice of the peace, giving him eighteen majority. A severe fight took place the day after election, and Leonardo Vigil was terribly beaten.
