CHICAGO CRIME

Nothing New Concerning the Bartholin Murders.

SCHOOL AGITATION IN FRANCE.

Knights of Pythias Enjoy Life in San Francisco.

GOOD ROADS PRACTICALLY ILLUSTRATED.

Chicago, Aug. 15.—Oscar Thompson has admitted to a newspaper man that he no longer denied the story of Mrs. Talladay, who made the charge that he and "Daddy" Claffey and a man supposed to be William Bartholin, were quarreling under her window early in the morning after Minnie Mitchell disappeared, and that they had Thompson's laundry wagon, in which this supposed murdered girl's body was carried away. He declared that he went to the home about 10 o'clock that night, but does not remember what occurred afterwards. Says that he may have been drunk or drugged.

Milton R. Edwards, former roomer of the Bartholin house, arrived today from Denver. He said that he thought things were queer at the Bartholin home and for that reason left. He would not talk further until he had seen the chief of police.

Edwards was cross examined both by Chief of Police Neil and Inspector Hunt, but practically nothing new was elicited. He told in a straight forward manner what he remembered of suspicious actions about the Bartholin house, of his fear that Mrs. Bartholin had been murdered and fear for his own safety if he stayed longer in the house. He repeated the story of how he had seen Thompson leaning over his bed one night and how Thompson explained his presence in Edwards' room by saying that he thought William Bartholin was sleeping there.

FRENCH SCHOOLS.

Closing of Religious Schools Causes Much Ill Feeling.

Paris, Aug. 15.—Semi-official announcement was made after yesterday's cabinet meeting, that the royalists directing the agitation against closing of the religious schools in Brittany has evoked considerable comment. Catholic leaders and the Catholic press deny that the movement is anti-republican. An important pilgrimage to Poitiers took place today on the occasion of the feast of the Assumption, 15,000 people gathering from the surrounding country. Processions from nearby villages arrived during the morning headed by priests bearing crosses and banners and chanting.

KNIGHTS OF PYTHIAS.

Business and Pleasure Occupy Knights in San Francisco.

San Francisco, Cal., Aug. 15.—Business and pleasure was given equal allegiance today by the visiting Knights of Pythias. The supreme lodge continued its work at the Palace hotel and the supreme temple of the Rathbone Sisters met again in the Native Sons' hall. At both places matters of much interest to the order was discussed. Competitive drills between crack companies of the uniform rank which daily attract many spectators, was resumed on the United States military parade ground at the Presidio. Judges will render decision to the successful competitors tonight.

ROAD BUILDING.

Good Roads Movement in the Northwestern States.

Chicago, Ill., Aug. 15.—The departure from Chicago today of the government good roads train marks the inauguration of a project that is expected to be of immense benefit to the entire northwest. The train consists of a dozen flat cars loaded with the most improved road machinery, and two cars with dining and sleeping rooms attached for the accommodation of a party of engineers, road experts and representatives of the United States department of agriculture.

The train will reach Minneapolis early in September, where demonstrations of theoretical and practical road making will be given at the state fair grounds during fair week. At the close of the fair the train will continue westward to the Pacific coast, stopping at the principal cities en route, at each of which practical demonstrations in good road building will be given. The chief aim will be to show what can be done with such road material as can be found in the various cities to be visited, introducing practical road ma-

chinery and the most approved methods of road construction. This traveling school, it is believed, will result in great benefit to the northwestern states, where practical instruction in road building is much needed. The trip will occupy 100 days and will be under the general direction of Martin Dodge, director of public road inquiries of the United States department of agriculture.

WILL ENTERTAIN.

The Veterans Will Give Camp Fire in Honor of the Ladies.

The members of G. K. Warren post, No. 5, of the Grand Army of the Republic, will entertain the ladies of the Women's Relief Corps at a camp fire to be held in the little park at the east end of Silver avenue tonight. Elaborate arrangements are being made for the occasion.

The members of the Grand Army of the Republic are requested to be at the corner of Railroad avenue and Second street at 6:30 o'clock this evening, where they will form in ranks and march to the scene of the feast.

The ladies, who receive invitations to attend this jolly affair, are requested to bring a blanket each, and ladies who intend to attend must not fail to comply with the request. Just what part the blanket will play in the program of the evening has not been made public, but it is safe to say that the sly old boys of '61 will find some convenient use for the warm comrade of the days of war.

An ample supper and appropriate music will be two of the pleasant features of the evening.

UTAH AND ARIZONA.

Great Difficulties Encountered in Surveying Dividing Lines.

THE FOUR CORNERS.

H. B. Carpenter, of Kenwood, Cal., a civil engineer, who has just completed a survey of the southern line of Utah, is in Washington to consult with government officials concerning a contract which he has taken to establish the southern boundary of Colorado, says the Washington Post. In establishing the dividing line between Utah and Arizona, Mr. Carpenter and his associates encountered many hardships, and located the boundary through a territory which the Mormon residents of southern Utah said could not be traveled by a white man.

"A strange thing about the line between Utah and Arizona is that it does not cross a foot of cultivated land," Mr. Carpenter said last night at the Hotel Johnson. "And I do not think that any of the land adjoining the line can ever be cultivated. There are fertile valleys to the north and south of the boundary. St. George, one of the best known Mormon towns in southern Utah, lies but a few miles north of the line. The boundary traverses a desert, which is cut up by great canyons that are almost impassable. The length of the line is 277 miles.

"Landmarks which we located along the line will make it possible for a boundary to be located without any difficulty in the future. Just east of the Colorado river a sandstone butte rises 1,000 feet above the plain, and, strange enough, the very peak of this butte is exactly on the boundary. We named the peak State Line butte. Not far from the butte is another which stands 1,300 feet above the plain and was named Tower peak. These two gigantic stones will always be a guide to persons who want to locate the state line.

"Four Corners is one of the most interesting spots in the United States. It is the point where Colorado, Arizona, New Mexico and Utah touch one another. This is the only place in the United States where this occurs. There is nothing remarkable about the location. It is in the midst of a broken desert, and lies a short distance from the San Juan river.

"Our greatest hindrance in carrying on work along the Utah line was the lack of feed for our horses. The country is a desert and grass is very scarce. It is such a long distance to sources of supply that it is almost impossible to carry feed for stock. Many of our horses and mules died of starvation. The Colorado river gave us considerable trouble. It flows through such deep, impassable canyons that we got our stock across it with great difficulty. In some places the walls of the canyons are 6,000 feet high. Where we crossed the canyon it was 2,000 feet deep."

Prof. Vernon, who visited his old eastern home the past month, came in from the north last night and continued south to Mesilla Park. He is in charge of the agricultural department of the Agricultural college.

FOR CONTROL

Contest of Colorado Fuel and Iron Company Stock.

GATES WANTS TO BOSS THINGS.

Last Day of the Philippine Army Reunion.

ARCHBISHOP OF NEW YORK.

Denver, Aug. 15.—Application was made today to Judge Hallett in the United States court by John Lambert, J. J. Mitchell and others, representing John W. Gates in his efforts to obtain control of the Colorado Fuel & Iron company, for an injunction to restrain President J. C. Osgood and other officers of the company, from preventing plaintiffs from voting proxies which they hold at the annual meeting on August 20 next. A conspiracy of the defendants to refuse recognition of these proxies is alleged. The case is set for hearing tomorrow.

PHILIPPINE ARMY REUNION.

Last Day of the Interesting Gathering at Council Bluffs.

Council Bluffs, Iowa, Aug. 15.—Today was the last day of the reunion of the national society of the army of the Philippines. The report of the nominating committee, which named General Irving Hale, of Denver, for president, was adopted unanimously. Among the vice presidents are Col. J. W. Pope, of Colorado. C. B. Lewis, of Colorado, was elected treasurer. St. Paul was chosen as the place of next year's meeting.

Farley to Succeed Corrigan.

New York, Aug. 15.—Private advices received here make it appear a practical certainty that the Right Rev. John M. Farley is to succeed to the archbishop of New York, made vacant by the death of the late Archbishop Corrigan. It is stated on the "best of authority" that the nomination has been confirmed at Rome and the formal announcement of the appointment may be expected any day.

Bishop Farley was nominated for the honor by the suffragans of the archdiocese, his name, it is said, being the first on the list. He has been for many years closely identified with the work of the archdiocese, and his elevation has been expected. It is said that he will be thoroughly satisfactory to both the clergy and laity of the section of the church which will be under his jurisdiction.

A Successful Firm.

During our recent visit to Albuquerque we called at the music store of Hall & Leonard, the "square music dealers." Both members were out, but we were royally received by their manager, Mr. Vargas, who sent out a beautiful new style Chickering Bros. piano while we were in the store, and on being questioned about them he said "that they are the piano that is wanted above all others and are constantly growing in favor with lovers of music all over the country." In addition to these the firm handles all classes of high grade instruments and their honest treatment of customers is daily making them more friends.—Cerrillos Register.

Hartford Turns Out Sailors.

New York, Aug. 15.—The training ship Hartford has docked at the Brooklyn navy yard. She has 300 young sailors aboard who will shortly be sent to different vessels belonging to the North Atlantic squadron. The last trip of the Hartford occupied seven months.

M'KINLEY MEMORIAL FUND.

Eleven Hundred Dollars Sent by Committee and Two Hundred Dollars Individually.

The New Mexico Memorial McKinley commission has held its final meeting.

The total receipts by the commission amounted to \$1,102.95; the expenses for postage and printing connected with these collections amounted to \$33.25. Every county contributed to the fund with the exception of Union county. The additional sum of \$200 was sent by private to the National McKinley Memorial committee direct and not through the hands of the committee.

The territorial committee consisted of Jefferson Reynolds, of East Las Vegas, president; Col. J. Frank Chavez, of Valencia county, vice president; R. J. Palen, of Santa Fe, treasurer; and E. L. Bartlett, of Santa Fe, secretary. It was expected that when the terri-

tory was called upon for contributions the sum of \$1,200 would be given toward the objects of the committee. This was done and in fact exceeded by \$100. New Mexico certainly did very well in the matter, and the contributions show that the citizens of this territory have a very high regard for the memory of the martyred president.

All for Both.

Albuquerque sent twenty-three Elks to Salt Lake to help the El Paso Quien Sabe club win its laurels. El Paso will return the compliment at the territorial fair by sending up a winning league ball team. It pays the southwestern cities to work together.

George H. Pradt, the Laguna civil engineer and surveyor, is in the city today.

POLICE COURT.

Justice Borchert Had a Motley Crowd This Morning.

A warm combination of the won't-work-trust formed the major part of a very distinguished audience that congregated in Justice Borchert's court this morning.

Seven bums, "the real thing," two delinquent dog tax owners, and one drunk were the invited guests.

The drunk was assessed \$5. The offenders of the dog tax ordinance paid and further prosecution of their case was waived. Five of the seven gentlemen of leisure were asked to leave their coats in the city's wardrobe, as they will remain guests of the city for ten days, working on the chain gang.

FAIR TOPICS.

Good Ball Games Assured—The Agricultural College Exhibit.

HORSEMEN COMING.

El Paso has joined hands with the fair association on the base ball proposition, and a good tournament is assured. The Pass City is in it for the goods and has sent a man east to get a bunch of winners. As this most important attraction is guaranteed the fair management will again take up minor matters.

Prof. Luther Foster, president of the New Mexico College of Agriculture & Mechanic Arts, writes from Las Cruces that the college will furnish a nice exhibit. In his letter, Mr. Foster inquires about the facilities furnished by the fair association for cattle. He states that the college has some fine thoroughbred cattle, that he would like to bring if the proper arrangements for transportation can be made with the railroad.

Charles M. Hill, a horseman of Trinidad, Colo., writes the association for entrance blanks, and states that he has a few good ones and that he will come and bring them.

The Hyde people write a letter from New York, informing the association that their exhibit this year will eclipse any exhibition of the kind that was ever made.

ALBUQUERQUE FAIR MEMORIAL

Handsomely Illustrated Number to Commemorate Festival Occasion and to

ADVERTISE THE "DUKE" CITY

The Citizen has lately concluded arrangements to issue a handsomely illustrated number, devoted to "Albuquerque and Environs," to be circulated during the Territorial Fair in October. The work will embrace three sections—the "regular," the "general" and the "special"—enclosed in a cover designed for the season. It will be printed on a superior grade of paper and will be embellished by the highest grade of half-tone engravings. In taking up the enterprise The Citizen has determined to spare no expense in producing a work of sterling merit, and has already increased its staff by the employment of R. Copeland Rohrabacher, a talented writer who has earned a well deserved prominence for special newspaper and magazine work in Colorado and elsewhere in the west.

THEATRE BURNED

Pikes' Opera is House Badly Damaged.

PRINTERS WANT EIGHT HOUR DAY.

Commercial Travelers Have Outing in Wisconsin.

IOWA FORESTERS HAVE PICNIC.

Cincinnati, Ohio, Aug. 15.—Shortly after noon today Pike's opera house was discovered on fire. At the time the delegates of the convention of the International Typographical Union were leaving the auditorium, but all escaped without any trouble. No lives were lost, and the only one injured was Fireman Beckman from falling glass. The fire started in the subcellar, where a boy was smoking cigarette. The loss aggregates \$75,000, distributed among many tenants.

EIGHT HOUR DAY.

The Printers Want a Short Day for Those Who Labor.

Cincinnati, Ohio, Aug. 15.—The convention of the International Typographical Union today adopted the proposition for an aggressive campaign next year for a universal eight-hour day. President Lynch and Vice President Hawkes were directed to act with all local unions where the working day exceeds eight hours and secure observance of the eight-hour law.

Drummers Have Outing.

Oshkosh, Wis., Aug. 15.—This was a great day for the members of the Northwestern Lumber and Sash and Door Traveling Salesmen's association, the occasion being their annual mid-summer outing. With their wives and families they gathered here from all parts of this state and from Minnesota and Illinois also to enjoy a program which included a steamer ride on Lake Winnebago, a fish dinner and a shirt waist party. The members in charge of the outing were Frank Fuller and Frank E. Worden, both of this city; W. R. McKenzie, of Madison, and Frank N. Snell and H. R. Priestly, of Milwaukee.

Outing of Foresters.

Ottumwa, Iowa, Aug. 15.—The annual convention and picnic of the state association Foresters of America, which began here today, is one of the largest gatherings of the order ever held in Iowa, more than 1,500 visitors being in attendance. In addition to the festivities of the occasion, covering two days, the officers and leading members will formulate plans to increase the membership to a figure that will warrant the head officials of the lodge in severing Iowa from Minnesota and northern Missouri and making of it one jurisdiction alone.

John D. Torlina's Birthday.

Today, August 15, John D. Torlina, the retired carpet king of this city, is around celebrating his 69th birthday, and is having as much fun as if he was a kid wearing his first pair of red top boots. Mr. Torlina was, for many years, one of Albuquerque's foremost merchants, but growing tired of an active business life and having laid aside enough revenue to keep himself in good condition for the remainder of his allotted years, he retired a few years ago, since which time he has taken life easy. He is in good health, and this morning announced that he felt like he would live quite a number of years yet.

SEEKS REVENGE.

Widow Threatens to Kill General Chaffee, Alleging Cruelty to Her Husband.

Prepared to take the law into her own hands, Mrs. Alme White, of Verde, Arizona, is on her way back to New York, where she expects to have a settlement with General Chaffee when he arrives from the Philippines, says an El Paso dispatch.

She is the widow of a discharged soldier of the Eighth Infantry.

On his death bed the husband exacted a pledge that she would prefer charges against General Chaffee for alleged cruelty at Camp McDowell, a post near the San Carlos reservation, Arizona. Mrs. White charges that General Chaffee, then a major, sent soldiers to their home, which was just outside the reservation, burned the house and drove off the cattle. When seen here she said:

"I am going to New York to meet General Chaffee and if he does not give me satisfaction I am going to shoot him dead in his tracks. I have

preferred charges, but he prevented them from getting before congress. I have told General Miles about it, and he says for me to wait. I have waited long enough. I want a settlement and I am going to have it. I will have his life or satisfactory reparation."

John T. Graham Dead.

The Denver News of last Sunday gives an account of the death of John T. Graham, a well known mining man in the southwest and particularly in and about Silver City.

He had charge of the Helen Mining company's operations in the Mogollon district.

A Human Brute.

The fellow who will collect the money due the wife of his bosom and the mother of his children for toiling over the wash tub, when scarcely able to raise one hand above the other and then deliberately proceed to buy drinks with the money thus obtained to the extent of getting drunk, is a fit subject for the rock pile. He should be taught a thing or two that he does not now know.—Las Vegas Optic.

Ben Wellier is on the sick list threatened with typhoid fever.

Fake Special Correspondence.

The Cerrillos Register makes the following vigorous kick against the "faked special correspondence" in the Santa Fe New Mexican: "We have no objection to the New Mexican taking any article from the Register that they may consider worth repeating, but we don't think it quite gentlemanly to publish nearly half a column of our locals every little while as special correspondence without mentioning the Register."

EL PASO TEAM.

Will Have Ball Club at Territorial Fair.

MAY GET THE PITTSBURG CHAMPIONS.

Last evening there was a meeting at the real estate office of Miller & Magoffin of those who have subscribed to the base ball fund.

The object of the meeting was to arrange for the selection of an executive committee that is to have charge of all matters pertaining to the proposed series of contests with the Albuquerque team.

The meeting was not as well attended as anticipated. However, a sufficient number were present to take action in the matter. It was decided to leave the affair in the hands of the original promoters of the enterprise. These gentlemen will meet today and perfect the organization of the executive committee. A manager will then be selected to get the team together and handle it at Albuquerque. Sufficient funds have been guaranteed by responsible parties to carry out the undertaking, and it is confidently expected that a strong team will be secured.

"If necessary," said Mr. Magoffin, "the manager chosen will go east at once to get the club together. If possible the players will all come from one club, as they will be used to working in concert, and consequently will form a stronger team than if secured separately from different clubs. We would like, if it can be accomplished, to secure the entire Pittsburg club. If this can not be done, the idea is to get the very best available material. At any rate, we will have a first class team that will stand every chance of coming off victorious."

Plans are on foot to arrange the series of contests between the two clubs so that the games played in El Paso will be just as interesting as those played at Albuquerque and so there will be as much at stake.

The gentlemen having the matter in hand predict that the games will be the greatest ever played in this section of the country, and the coming contest is exciting a lively interest among the lovers of the national sport.—El Paso Times.

Ryan Chosen Manager.

The subscribers to the base ball enterprise met this morning at the office of Miller & Magoffin, and talked over matters. It was determined that correspondence should be continued with the Pittsburg team that has made such a wonderful record. F. S. Ryan, who is managing the show out at Washington park has been corresponding with that team for the committee. The committee will tender Ryan the management of the team. James Magoffin, who has taken so much interest in this base ball team says they are very anxious to get this team as they think they must have the best to beat the skilled players at Albuquerque. The enterprising people of that city have engaged three champion pitchers, one of whom pitched twelve innings a few days ago with only two hits.—El Paso Herald.

MURDER IN IOWA

A Wealthy Man Killed by His Wife.

REGIMENT HOLDING LAST REUNION.

Politics Engaging Attention of People of Indiana.

DESTRUCTIVE FIRE IN OHIO.

Des Moines, Iowa, Aug. 15.—A special from Iowa City states that Charles Holaday has made confession in which he states that James Gallagher was murdered by Mrs. Gallagher with his complicity, and that the crime was committed because he and Mrs. Gallagher were in love. Gallagher was a wealthy stockman. Four months ago he was murdered at midnight while sleeping by the side of his wife and child, the assassin sending a bullet from a target rifle through Gallagher's head. Holaday declares that they planned to poison Gallagher, and while he was present at the house on the night of the murder he left hours before and had no hand in the shooting.

May Be Last Reunion.

Lafayette, Ind., Aug. 15.—Survivors of the Seventy-second Indiana regiment, which belonged to the famous "Wilderness Brigade," today celebrated the fortieth anniversary of the regiment's muster into service by going into camp at Columbian Park, this city. There is an attendance of veterans and their friends from several counties, but it is noticeable that the friends are more numerous than the veterans, death having played havoc in the ranks during the last few years, and it seems not improbable that this will be the last reunion of the regiment.

INDIANA POLITICS.

Republicans are Becoming Active in the Hoosier State.

Indianapolis, Ind., Aug. 15.—Although the date set for the formal opening of the republican campaign in Indiana is still a month distant, Chairman Goodrich and his aides considered it wise to take time by the forelock. Consequently it has been decided to begin the real work of preparation at once by opening a speakers' bureau and arranging other details for the campaign. From now until September 20, the date set for the opening of the contest, the managers will work with their coats off in an endeavor to start the ball rolling with a boom and a hurrah such as have not been seen for a number of years. The complete list of speakers is not yet ready, but it is known that besides the Indiana senators and representatives the speakers will include Senator Hanna and a number of other prominent republican leaders from other states.

Destructive Fire.

Hamilton, Ohio, Aug. 15.—Fire today destroyed the large dry goods store of T. V. Howell & Son and the Hicks stationery store, and damaged the Second National bank building. The loss is \$250,000.

THE FAIR ESTATE.

San Francisco Loses Large Investments by the Millionaire's Death.

San Francisco, Cal., Aug. 15.—The terrible and sudden death of Charles Fair and wife by collapse of their automobile near Evereux, France, yesterday, means a great loss to San Francisco. Just before his departure for Europe, Charles Fair had practically completed plans for \$5,000,000 worth of improvements to the Fair property in this city. The matter of the disposition of the estates of the dead millionaire and wife have given rise to some little speculation of what will become of Charles Fair's portion of the deceased father's immense holdings. It is a known fact that a very short time ago, both Mr. and Mrs. Fair made wills, disposing of their separate holdings and community property, but just what the documents provide for Messrs. Knight and Haggerty, the attorneys of Charles Fair, do not feel at liberty to make public at this time. Mrs. Fair possessed property to the value of \$350,000, and it is thought her will bequeaths her holdings of realties in New Jersey, but in the event of evidence being adduced that Charles Fair succumbed to his injuries first, Mrs. Fair's interest in the community property will naturally revert to her heirs and it is this point on which the disposition of the millionaire's estate largely hangs.

Territorial Republican Central
Committee Call.

To the members of the Territorial
Republican Central Committee of New
Mexico:

You are hereby notified that a meet-
ing of the territorial republican central
committee of the territory of New
Mexico will be held in Albuquerque on
Friday, August 22, 1902, for the pur-
pose of fixing the date and place to
hold the territorial republican conven-
tion to nominate a candidate for dele-
gate to the Fifty-eighth congress of the
United States and for the considera-
tion of such other matters as may
properly come before said committee.
It is hoped that all members will be
present at said meeting, as matters of
importance for the interest of the re-
publican party of the territory will be
considered. Very truly yours,
FRANK A. HUBBELL,
Chairman Territorial Republican Cen-
tral Committee.

The Las Vegas Record appears to
have a personal grievance against Al-
buquerque.

It is reported that a lead combina-
tion is now nearing completion that
will have a capitalization of not less
than \$50,000,000.

The total receipts from internal re-
venue for the fiscal year ended July 1,
amounted to \$272,503,214, a decrease
as compared with last year of \$34,421.

torial news field, and publishes the

FAIR MEMORIAL.

No season is more auspicious for the
occasion of a publication such as The
Citizen proposes to issue, under the
title of "Albuquerque and Environs,"
than the territorial fair week in Octo-
ber, and there could be no more fitting
memorial of the event.

There will be thousands of visitors
in the city during the five days' fête,
not only from this territory, but from
more distant points. Some of these

will arrive for the opening ceremonies
and will remain during the entire
period of festivity. The vast majority
will be here for one or two days, and
will arrive on the various days.

It is to the interest of Albuquerque
that these visitors, one and all, carry
away with them information more
definite than the impressions created
by exhibits and crowded streets, and
to that end The Citizen has conceived
the "memorial number" idea.

The initial paper will be issued for
Monday, October 13, for distribution at
the democratic convention. The second
issue will be on the following day,
when the fair is formally opened, and
succeeding issues will be printed each
day during the fair—giving twenty
pages daily for the entire week's issue.

The paper will contain valuable and
interesting information concerning
Albuquerque and tributary territory,
will contain the daily fair news, as
well as the other local news and Asso-
ciated Press dispatches, and will be
pictorially the finest edition of a paper
ever issued in the territory. There will
be not less than 10,000 circulation.

The enterprise is one calculated to
redound immeasurably to the welfare
of the "Duke" city, and The Citizen
feels justified in soliciting the most
liberal support.

Mr. Rohrabacher, who has been en-
gaged to do the writing and soliciting,
is endowed with full authority to make
contracts on behalf of The Citizen for
the "memorial number."

NEEDS REGULATING.

The necessity of a climax of the
combines, a combine of the consumers,
was never more clearly illustrated
than it is today by the publication of
the United States Steel corporation's
enormous profits. It has just declared
a third dividend of 5 per cent on the
face of the \$200,000,000 for which the
underwriting syndicate was liable. The
syndicate's profits to date are \$30,000,
000 on an actual outlay of \$25,000,000,
or a return of 125 per cent on the
money invested. The steel corporation
does not get this tremendous profit,
but earns and creates it, and therefore
the consumer is in a position to de-
mand that he, and not the financial
speculator, be given the benefit. The
prices of steel and iron goods ought to
be put down. Nails and hinges ought
to be cheaper for the builder. Rails
should be cheaper for the railroads and
indirectly for their patrons. There
should be a general scaling down of
prices of metals. This will undoubt-
edly come about, in the course of time,
but if the consumers could organize
they would be able to force matters.

THE BLOODY SHIRT.

To wave the "bloody shirt" is an ex-
pression meaning to keep up, by ap-
peals to passion, the sectional animosi-
ties engendered by the civil war. It
was a common political phrase in the
reconstruction period. It is not known
who originated the phrase, says the
Kansas City Star. It has been claimed
that the phrase is derived from an an-
cient Corsican custom, according to
which the bloody garments of a mur-
dered man were hung at the head of
his bed. The late Senator Conkling,
of New York, said in a speech in 1889
that the phrase could be traced to a
massacre in Glenfruin, Scotland, three
centuries ago, when 229 warriors, riding
on white horses, and bearing aloft,
each on a spear, the bloody shirt of
her husband, appeared at Stirling
tower, and so roused the people that
they inflicted terrible revenge upon
their enemies and made the name of
Glenfruin one of terror for several gen-
erations.

NEW MEXICO SMELTERS.

The Pueblo Chieftain says: "Indi-
cations are that in the smelting indus-
try we have more reason to be afraid
of New Mexico than of Utah. There
is a known and definite limit to the
amount of ore from the far west that
will stop at Salt Lake for treatment,
but what will be accomplished in New
Mexico is the problem. It is claimed
that Deming will within a few months
have two smelters in operation. Smelt-
ing schemes of more or less caliber
are being agitated at several other
points. In fact in that region, from or
through which a large amount of ore
comes to Pueblo, the idea is in favor
of independent smelters and there is
none of that all-pervading fear of the
trust which seems to deter capital here
from going into the business."

THE PACIFIC CABLE.

There is little doubt that at the ap-
proaching winter session congress will
approve the arrangement between
President Roosevelt and the company
which proposes to construct a cable be-
tween San Francisco and Manila in
connection with which the government
would secure certain important rights.
The company in question is a private
concern, which offers to lay and op-
erate the cable in return for the privilege
of landing it at different points within
the territory of the United States, the
business of the government to be done
at special rates. The new conditions
suggested by the attorney general and
approved by the president would give
the government absolute control of the

cable in time of war and practical con-
trol in peace.
More than this the government could
not in reason ask, and if the terms and
conditions named are accepted by the
company and approved by congress the
construction of the cable will in all
probability be entered upon at an early
date. Its completion would not take
long, and the whole problem of es-
tablishing telegraphic communication
across the Pacific under American
jurisdiction would be solved.

EXCURSION POSTPONED.

The excursion planned by the Elks
to Santa Fe on August 31, has been in-
definitely postponed. To secure the
excursion train it was necessary to sell
400 tickets, and nothing like this num-
ber has been sold. This is partly due
to the fact that a majority of the com-
mittee having the sale of tickets in
charge are out of the city. In Septem-
ber it is probable that the proposed
excursion may take place. Those who
have purchased tickets will have their
money refunded.

THE EVENING PAPER.

This is a fast moving age.
It is a period of progress and devel-
opment.

New ideas, new methods and new at-
tainments crowd upon each other with
startling rapidity.

Old standards have passed away.
The world no longer measures by
months and weeks.

The hour of yesterday is the minute
of today.

Time, space, distance—everything
that stands in the way of accomplish-
ment—is annihilated.

Men think by kinetic waves and act
by the lightning's flash.

Click! Click!—It is done!

That is why the morning paper is
the paper of yesterday.

That is why the evening paper is the
paper of today.

The ocean cable, the telegraph, the
typesetting machines and the perfect-
ing presses have conquered Father
Time, says the Denver Post, and made
him captive to the modern journal—
to the afternoon newspaper.

A generation ago the morning paper
had undisputed possession of the field.
Today it is hardly recognized as a
factor worthy of consideration.

At Panama, Colombia, by Cham-
berlain's Colic, Cholera and Diar-
rhea Remedy.

Dr. Chas. H. Utter, a prominent
physician of Panama, Colombia, in a
recent letter states: "Last March I
had as a patient a young lady sixteen
years of age, who had a very bad at-
tack of dysentery. Everything I pre-
scribed for her proved ineffectual and
she was growing worse every hour.
Her parents were sure she would die.
She had become so weak that she
could not turn over in bed. What to
do at this critical moment was a study
for me, but I thought of Chamberlain's
Colic, Cholera and Diarrhea Remedy
and as a last resort prescribed it. The
most wonderful result was effected.
Within eight hours she was feeling
much better; inside of three days she
was upon her feet and at the end of
one week was entirely well." For sale

Foley's Kidney Cure. is a medicine free from poisons and will cure any case of kidney disease that is not beyond the reach of medicine.

Dick O'Brien Returns to Ring.
Boston, Mass., Aug. 15.—Dick O'Brien, who has not done any fighting for a long time, is to try his skill in the ring again, being matched for a limited round bout with "Twin" Sullivan to take place at Old Orchard tonight. Sullivan is a youthful fighter, clever and strong, and it is the general opinion among followers of the game that he will make short work of O'Brien, who is believed to have lost much of his former prowess.

Will cure bright's disease.
Will cure diabetes.
Will cure stone in bladder.
Will cure kidney and bladder diseases.

BOUND FOR LAS VEGAS.

The Santa Fe Central's Will Cross Bats With Twitchell's Team at the Meadow City.

At 9:10 tomorrow evening, the 16th, the Santa Fe Central base ball team, accompanied by quite a large crowd of rooters and others who will take advantage of the very low rate given, will leave the territorial capital for Las Vegas, where, on Sunday, the 17th, they will cross bats with Statesman Manager Twitchell's team of gentlemanly players. Manager Twitchell announces that his professional battery has arrived and that, together with his entire new infield, places him in a position to meet all comers. The

Santa Fe team will go strong. While the genial colonel has been importing players, it is understood that Santa Fe's manager has had his eye on him and has also strengthened the home team. The game no doubt will be a good one and large scores are not looked for. Arrangements have been made for the bulletins of the games to be received by innings and considerable interest is being taken in the game by the local fans, who believe that while the home boys are going against a professional battery, their hitting and field work will be of such a character as to offset that feature. Arrangements are pending to have a great excursion from Las Vegas on the 31st of August when the Albuquerque Elks are to play the local herd here and come with a large excursion also to have the Las Vegas team meet the champions of New Mexico on the diamond the same day.—New Mexico.

Look Pleasant, Please.
Photographer C. C. Harlan, of Eaton, Ohio, can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by all druggists.

Good Motto.
The Elks of El Paso and Albuquerque are at the head of the procession in Salt Lake. If the two cities work together they can make things come their way in the future.—Albuquerque Citizen.

Shatters All Records.
Twice in hospital, Dr. A. Guldberg, Verhona, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues inflammation, conquers aches, kills pains. Best salve in the world. 25c. at all druggists.

Meet at Billings.
Billings, Mont., Aug. 15.—Prominent woolgrowers, members of the Central Montana Woolgrowers' association, are holding a meeting in Billings in conjunction with the state irrigation conference. The gathering is well attended and gives promise of beneficial results. Among the participants are George H. Maxwell, chairman of the National Irrigation committee, several officers of the National Woolgrowers' association and one or two instructors of the state agricultural college.

The best physic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

Physician and Druggists.
Ford & Sturgeon, a prominent drug firm at Rocky Hill Station, Ky., writes: "We were requested by Dr. G. B. Shingley to send for Herbine for the benefit of our customers. We ordered three dozen in December, and we are glad to say, Herbine has given such great satisfaction that we have duplicated this order three times, and today we gave your salesman another order. We beg to say Dr. G. B. Shingley takes pleasure in recommending Herbine." 50c bottle at Cosmopolitan Pharmacy—B. Ruppe.

Biggest Elevator on Lakes.
Port Arthur, Ont., Aug. 15.—The new grain elevator in course of construction here will have a capacity of 2,225,000 bushels and will be the largest on the lakes. When completed it will contain 80 tanks and 65 intermediate storage places. The tanks are 25,000 bushels capacity, and will make up a 2,000,000 bushel house while the intermediate spaces will hold an additional 225,000 bushels. Work is proceeding rapidly and it is planned to have the elevator ready for opening by the first of the coming year if possible.

Watch for a Chill.
However slight at this time of year and in this climate, it is the forerunner of malaria. A disposition to yawn, and an all tired out feeling even comes before the chill. Herbine, by its prompt stimulative action on the liver, drives the malarial germs out of the system, purifies the blood, tones up the system and restores health. 50c at Cosmopolitan Pharmacy—B. Ruppe.

PORTALES.

From the Herald.
Portales has now got a calaboose and "court house" and woe be unto the man who attempts to ignore the majesty of the law.

Rev. Dr. Lukens and family, after a stay of three weeks in the town, returned to his home in Roswell. The doctor preached several interesting

sermons while here and did much good for the church at this place.
Rev. J. M. Crabb has been preaching both morning and evening during the week at the Presbyterian church.
E. E. Meeks, of Amarillo, is in town putting in a cold storage plant. This will be a great help to the town as it will supply a long felt want, and we welcome the company to our midst.

A World Wide Reputation.
Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all druggists.

Bad Record.
Territorial and United States courts will assemble in Santa Fe on the first Monday of September. The dockets of both courts are quite heavy and some important cases will likely be tried. During the past few months Santa Fe county has made a bad record in the criminal line as several murders have occurred within its limits.

Consumption Threatened.
"I was troubled with a hacking cough for a year and I thought I had consumption," says C. Unger, 211 Maple St., Champaign, Ill. "I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since."

For Over Sixty Years.
An old and well tried remedy, Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Went to Visit His Sister.
A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by all druggists.

OFFICIAL MATTERS.

Certificate of Agents Filed—Land Office Business.

ANNUAL REPORT OF OFFICIALS.

Homestead Entries—Juan F. Trujillo, Chaparral, N. M., 160 acres, Guadalupe county; John Davis, Maxwell City, N. M., 160 acres, Colfax county; Loreto Jaramillo, Pecos Wells, N. M., 160 acres, Valencia county.

Coal Declaratory Statements—Petra A. Sanchez and M. B. Young, San Pedro, N. M., 160 acres, Bernalillo county; Mrs. R. F. Torres and Pablo Sanchez, Garfield, N. M., 160 acres, Bernalillo county; Mrs. R. L. McCaffery and R. L. McCaffery, San Pedro, N. M., 159.62 acres, Bernalillo county; Amelia H. McCance, Santa Fe, 160 acres, Bernalillo county.

Certificates of Agents Filed.

A certificate has been filed by the Tusas Peak Gold and Copper Mining company, naming Tres Piedras, Taos county, as its principal place of business in New Mexico, and Frank Bolton of the same town as its agent in this territory.

The Colorado Fuel and Iron company has filed a certificate naming the town of Gallup, in McKinley county, as its principal place of business in New Mexico, and Thomas Patterson, of that town, as its agent, vice Harry J. Elliott, removed from the territory.

Annual Reports of Treasurer and Auditor.

Territorial Auditor W. G. Sargeant and Territorial Treasurer J. H. Vaughn have submitted the annual reports of their offices, for the year ending June 30, 1902, to the governor of the territory. These reports are to be included in Governor Otero's annual report to the secretary of the interior. They are very exhaustive and complete and show the financial transactions of the territory for that year in the fullest detail. The territorial treasury is in good condition and the records of the treasurer's office and those of the auditor's office are in the finest possible shape and better arranged than they ever have been in the history of the territory. It took much labor and time for the preparation of the reports named. These reports will prove very interesting and important features in the governor's annual report.

Cured Paralysis.

W. S. Bally, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her all right. I have also used it for cold sores, frost bites, and skin eruptions. It does the work." See 50c and \$1.00 bottles at Cosmopolitan Pharmacy—B. Ruppe.

LAS CRUCES.

Tourists Returning Home—Railroad Waif—Killing Lobo Wolves.

From the Progress.

Mrs. L. Cowan has returned from Organ.

C. M. Barber, of El Paso, was a visitor in town.

Mrs. L. L. Brown has returned from her outing at Van Patten's.

Professor Hare and wife have returned from their visit to California.

Prof. Chas. Mills and wife returned from Berkeley, Cal.

George Frenger, of the Bascom company, took the stage for the mountains to look after mining interests.

Mrs. M. C. Logan came in from Organ on her way to Deming to see her father, I. R. Holt, who is reported to be quite sick.

E. M. Ryan, who for a time managed the undertaking parlors of McBean, Lyons & Simmons, at this place, went crazy last Saturday at El Paso. He has been sent to his home in Sedalia, Mo.

While the business men of Las Cruces are quietly reposing in dreamland beneath the amber shades of antiquity the men elsewhere in the territory are endeavoring to get better railroad connections for their home town. Wake up! The age of sleep is past; don't you know it? Well it is, and you are just nineteen and ninety-nine hundred, hundredths centuries behind the van of progress.

From the Republican.

Miss Millie Casey was up from El

Paso visiting friends last week.

Mr. and Mrs. R. L. Faulkner left for an outing in Soledad canyon.

Las Cruces people will have to get together if they want to advance the interests of the Mesilla valley.

Mrs. E. F. Barker is feeling the effects of the climate in Manila and is now on her way home here in Las Cruces to recuperate.

Deputy Sheriff William Ryerson brought up from the Southern Pacific grading camps, Melino Reyes, who is accused of stealing tools from the Wallace grading camps.

John Patrick returned this week from a trip over in the Sacramento mountains, where he has been killing "lobo" wolves the past few weeks, and incidentally examining mining prospects of that section.

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder.

"DIAMOND ICE."

CERRILLOS.

Personal Notes—Valuable Cow Killed—Gold Strike in the Sandias.

From the Register.

Mrs. Smith and Miss Gold, of Santa Fe, were Cerrillos visitors.

Ed. Bennett has been quite sick the past week, but he is now some better.

Mrs. W. A. Brown returned to Cerrillos after an extended visit east.

Misses Vena and Edith Rogers went to Lamy for a few days visit with their sister, Mrs. E. H. Hornmann.

Clarence Sweet has accepted a position in the Cerrillos Supply company's store, to take the place of Lloyd Buell, who leaves for school soon in the east.

Alonso Norman, of Albuquerque, was in town soliciting business for the firm of Bearup, Bros. & Co., wool pullers, tanners and manufacturers of leather goods.

Judge G. B. Hendricks had the misfortune to lose a fine cow last Sunday. She strayed out to the railroad track and came in contact with one of the large compound engines used in hauling freight trains over the mountain division, and in the words of Stevenson "It was awkward for the cow."

Reliable parties coming in from the Sandia mountains report that Dick Kemp has struck thirty feet of copper ore of a high grade with some gold. Some samples run as high as 40 per cent in copper. A lot of prospectors have gone out from here and Madrid

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades.

As to teas. Everyone knows that we keep the very best to be had in the territory.

Rev. A. L. Day left late last week
for Kansas. Mr. and Mrs. Day came
here some months ago as pastor of the
Methodist Episcopal church and for
the benefit of Mrs. Day, whose health
was greatly impaired by lung trouble.
But she came too late to derive ben-
efit, and as time wore on her condition
became less favorable and she was ad-
vised to return to her native state be-
fore it was too late.

work at present, as the duties of the
office are quite exacting and the hours
long.

Nicolas Blea, a minor, was arrested
last evening by City Marshal Weidner
on the charge of drunkenness, and
given a hearing before Police Judge
Conklin this afternoon. As this was
the first offense of the young man, City
Attorney Read recommended that the
lowest penalty be put upon the pris-
oner, and a fine of \$5 and costs was ac-
cordingly made. Mr. Read endeavored
to extract from the young man where
he bought the liquor, in order that the
party selling same might be punished,
but the boy refused to give any infor-
mation.

At the meeting of the board of fire
commissioners they authorized the
manning of the extra cart on hand and
the organization of Hose Company No.
2. To do this the present companies,
consisting of the Hook and Ladder
Hose Company No. 1, and the Chemi-
cal Engine company, will be cut to
twelve men each. The law only allow-
ing fifty men the exemption in each
city. The old companies are being
overhauled; men that will not take ac-
tive part eliminated, and the depart-
ment brought to an up-to-date one. The
board also provided for the crossing of
hose by teams when laid across streets
by means of wooden troughs.

THE CARE
OF THE
EYE

Many suffer from headache and ner-
vousness that do not suspect the cause.
The nerves that control the eye have
a direct connection with the most vital
parts of the human system. Continual
strain on these nerves keep them in
such a weakened condition that they have to call on the force of the other
nerves to keep them supplied. In that way the strain is carried to all the
nerves and will in time exhaust them all. Properly fitted glasses will re-
lease the strain and give the system a chance to build up.

Don't Treat Symptoms

Go after the cause. Stimulants and cathartics will never cure indigestion. They may temporarily relieve the system but the next meal clogs it again. The food should be digested. The nourishment—health—strength it contains should be appropriated—absorbed by the system.

Children Thrive on Kodol

KODOL

purifies, cleanses, strengthens and sweetens the stomach. This new discovery digests all classes of food and assists the stomach and digestive organs in assimilating and transforming it into the kind of nourishment that is taken up by the blood and fed to the tissues throughout the various organs of the body. Kodol cures indigestion and dyspepsia, thus removing the cause of all stomach troubles. Kodol gives such strength to the body that it is invaluable in all wasting diseases.

"I wish to thank you for what Kodol has done for me," writes Clifford Gorton, Collett, Ind. "It cured me of dyspepsia after everything else had failed. When I tried Kodol it helped me right away. I cheerfully recommend it."

LAS VEGAS TOWNS.

Death of Mrs. Austen--Stolen Tools Found in Possession of Bad Man.

DEATH FROM APOPLEXY.

Special Correspondence.

Las Vegas, N. M., Aug. 12.—Mrs. E. G. Austen, after a night of unconsciousness, passed away this morning at 6:10. She did not regain consciousness after the operation to remove the cruel bullet yesterday afternoon about 3:30. The wound was a very bad one and was caused by a shot of 41 calibre and there was little hopes of saving her life from the first.

Mrs. Austen, nee Miss Olive Constance Buckley, was born in London, Ontario, March 4, 1869, being 33 years of age. She afterwards made her home in Detroit until her marriage to Capt. Edwin Goodwin Austen on January 1, 1883. She came to Las Vegas as a bride and has since resided with her husband in this city. The accident occurred at the home in one of the Montoya cottages, near the Plaza hotel and where the funeral services will be held tomorrow afternoon at 2:30 o'clock. The interment will take place in the Masonic cemetery.

H. E. Byerley, the cashier at the Castaneda, has resigned his position and will leave for his home in Pennsylvania as soon as a man is sent here to relieve him. Mr. Byerley has been here the past three years and has made many friends. He will take an interest in his father's lumber business and will go to Virginia to take charge of the big contract there.

The city council will pow-wow tonight.

L. Duston, who has been here for the past six months for the benefit of his daughter's health, and who have been living on Sixth street, returned home to Hannibal, Mo., today. Miss Duston has received little benefit from the climate here, her trouble having made too much progress before her arrival in New Mexico.

Miss Celia Connell is expected to arrive this evening from Newton, Kas., for a visit with Mrs. H. J. Ryan in this city.

Gov. M. A. Otero came over from Santa Fe this afternoon and will attend the funeral of Mrs. E. G. Austen, the husband of whom is a member of the governor's staff, tomorrow, returning in the evening.

Perry Erickson went to Santa Fe this afternoon to sell the groceries there a carload of groceries.

The assessed valuation in San Miguel county this year is \$1,368,000, an increase of \$562,428 over last year.

M. M. Sundt and family left this morning for Fort Stanton, overland, where Mr. Sundt has a large government contract.

Gus Krabbe went out to La Cueva ranch this afternoon to secure the corpse of some man who died there. It is not known yet who the man is.

Darby A. Day, of the Duke city, was a visitor within the gates yesterday.

A couple of natives by the name of Pedro Padilla and Teodosio Tenorio got filled up with bad whiskey and started a rough house this morning in the Buffalo hall saloon. Pedro grabbed Teodosio and gave him a few Jeffries uppercuts and then threw him to the floor, breaking an arm. They were both arrested and are now sleeping off the jag in jail.

Felipe Delgado and family left this morning for T. Romero's ranch at Gallinas springs and will go on a few days outing.

Will W. Curtis and wife will leave next week for New York, where Mr. Curtis has accepted a position in the navy yard there.

Word comes from below that a couple of corps of engineers are running lines between Tucuman and Amarillo, Texas, for the Choctaw railroad.

James Johnson, of the H. O. W. ranch, writes that they have just had a terrible hard rain there and near Logan, washing out part of the ranch dam and drowning 300 sheep belonging to Charles Hild.

John Schoen, who has been quite ill, is reported as considerably better today, he being able to take solid food.

A suit in attachment has been entered in Colfax county by the Floersheim Mercantile company against Louis Gallegos to recover the sum of \$331.25, amount due on a note given to secure payment for merchandise sold defendant.

At the board of trade meeting last night there was a failure to get a quorum. It was the time for the regular quarterly meeting and there were several matters of importance that should have come up. There seems to be a lack of interest in board mat-

ters, and this should not be. Those who were present heard the secretary's report and thrashed over various matters of interest but nothing official was, of course, transacted.

Bert Adams and wife came in from Gascon this morning to see the sights of the city and visit with friends.

L. H. Hall has returned to his ranch on the Conchas and reports good rain at the head of the canyon.

Frank G. Schmidt, who was bound over to the grand jury under \$500 bonds, charged with assault with a deadly weapon, gave bond last night and took No. 8 for the east. He was given to understand that he must stay out of the territory until time for his trial.

A number of conductors, loaded up with lunch baskets and "cool things," went up the country today to gambol on the green and chase butterflies.

Edward McVey came down from Springer yesterday to see his father, and returned today. Mr. McVey is working with a surveying party at Springer for the Santa Fe.

And still the record of Frank Schmidt, the fellow who got too handy with a gun last Friday, grows darker. The marshal got wind that he had tools in his possession that were stolen some time ago at Trinidad, and this afternoon went down to the house and there found them. They were of the value of about \$75, and the name of the owner, C. M. Rose, was plainly marked on them. This adds grand larceny to his other troubles, and the end is not yet. Mrs. Schmidt promptly fainted when the discovery was made and the doctors had to give her attention. She is troubled with a sort of hysteria. The finding of the tools will make a case in Colorado against Mr. Schmidt as well as in New Mexico, and the two is deemed sufficient to keep him out of the country for a while at least.

The social given by the Baptist church at the home of Mrs. Barton was largely attended and a good time had by those present. Watermelon was served as refreshments.

APPEAL FILED.

In Damage Case—Funeral of Mrs. Austen—Stricken Dead from Apoplexy.

Special Correspondence.

Las Vegas, Aug. 14.—An appeal to the supreme court of the territory has been filed by the Red River Valley Ranch company, et al, from the report of Commissioners Duncan, Austen and Barnes, who were appointed by Judge McFie to assess damages to the Red River people by the Dawson railway in cutting through their land for right of way, and who allowed the ranch people the sum of \$10,266.25 as total damages. The ranch people are not satisfied with this amount, as the railway people offered them \$13,000 to compromise before suit was begun, and they will try and make more in the supreme court.

A temporary injunction has been granted in Mora county to Paul Butler et al, restraining Francisco Garcia et al from pasturing cattle on the Mora grant, and ordering defendant to appear on August 26 to show reason why an injunction should not be made permanent.

The funeral of Mrs. E. G. Austen was held this afternoon at 2:30. Rev. Norman Skinner performing the funeral services in an impressive and sympathetic manner. There was a very large crowd out to the funeral, and many were the evidences of sympathy given the bereaved husband. A large concourse of friends also followed the remains to the Masonic cemetery, where they were laid to rest.

Mrs. H. Stone and daughter will leave tomorrow for Los Angeles, where they will make their future home.

Will Hanson went through from Albuquerque to Springer this afternoon for a visit with his mother and sister.

Miss Bertha Hanson has returned from a visit to Springer to see her mother and sister.

Thomas K. Kelvey, of Phoenix and Chicago, a prominent business man and stock dealer, took sick yesterday morning at 10 o'clock and died at noon of apoplexy at the La Cueva ranch, about twenty-eight miles from this city. Word was sent into town and city.

Undertaker Lewis sent out a rig for the remains and they arrived this morning. Mr. Kelvey came here Sunday with Henry H. Gage from Chicago, and Tuesday went out to the ranch on a business trip. His sickness and death were very sudden, wholly unexpected, and a great shock to his traveling companion, Mr. Gage. A wife in Chicago and four children in Phoenix are left to mourn the loss of a husband and father. The deceased was 59 years of age, a member of the G. A. R., former member of the Eighteenth regular, a member of the firm of Kelvey & Hulett, of Phoenix. The disposition of

the remains has not yet been decided upon until word is received from the wife.

Will Stuart, the mining engineer who is exploring the old Blue mine in Blue canyon, reports that he is down about twenty-five feet in the old shaft now and expects every day to be able to get through to the bottom. He has found two old ladders in the shaft and a short way below the top he uncovered a shelf on which was a large quantity of blue quartz, which was rich in gold ore. A shaft house has been erected over the opening and the work of exploration is being done in a systematic manner. Mr. Stuart feels positive he has found the old mine, and he intends to know before he quits what is in the old mine.

Mr. Stuart says he has also found on his Helen claim at San Pablo the mother lode of copper ore, and it is very rich. He found it only about six feet below the surface and is happy. He says he has never had such mining prospects as he has found here.

A. Menet took his sample trunks and went down to Santa Fe yesterday evening after business.

Henry Warnack left last night for Denver, where he will do some special work for the Post of that city. Mr. Warnack has made many friends during his stay in town, who will regret to see him leave. Mr. Warnack has considerable ability, knows news when he sees it and generally gets what he goes after. He will work on the Post for a time, and then probably will go to Santa Fe to pursue his profession.

W. C. Reid and S. E. Davis, Jr., came in yesterday from the camp up in the mountains. They report the folks there having a splendid time rusticiating in the wilds.

D. S. Rosenwald, of Albuquerque, who has been in the city for several days, left this morning for Mora.

Carlos Sanchez, an employee of the Dunn Builders' company, and Miss Francisquita Zamora were married this morning at the east side Catholic church by Father Pouget. The reception was held at the home of the parents of the groom, Hermenegildo Sanchez and wife, immediately after the ceremony, which was performed at 6 o'clock.

Gov. M. A. Otero and Hon. Wallace Reynolds were inveigled into a game of ping pong last night at the Montezuma club by Al Rogers, Jr., and S. B. Davis, and the "administration" was downed in the contest.

Louis Hild and wife, accompanied by Max Nordhaus, left this morning for Trout springs for a couple of weeks' outing.

There will be a big time at the celebration of the feast day tomorrow at the church of Our Lady of Sorrows. Right Rev. J. B. Pitaval, auxiliary bishop at Santa Fe, arrived this afternoon and will assist in the services. The first solemn vespers will be given tonight at 7 o'clock and tomorrow at 9:30 will occur the pontifical mass. A splendid musical program has been arranged under the direction of Rev. Father Pouget, and the services promise to be something extra fine. Among the visiting priests here are M. O'Lier, of Watrous; Edward Calzales, of San Miguel; M. A. D. Rivera, of Sapello; C. Belland, of Mora; R. Rabeyrolle, of Santa Fe; Robert Servant, of West-cliff, Colo., and A. Collier, of Springer.

There were twelve of the Santa Fe conductors and their families on the picnic up the canyon yesterday, and the men say they had a delightful time.

Bryant W. Rhea, of Raton, has petitioned for and been adjudged a bankrupt by Judge Mills. The liabilities are about \$1,200 and assets practically nothing, as the property held by him to the extent of \$125 is exempt from the execution.

A petition has been filed in Guadalupe county by G. W. Harrison for the minor, Grover William Harrison, of whom he is guardian, to sell part of the real estate held by him, which is three-sixteenths of the Perea grant.

Mrs. Vicente Lujan, the Cerrillos wife who eloped with Pedro Chavez, has been recommended to jail, as the bondsmen became scared and refused to longer hold good for the woman at court.

In the census to ascertain the number of children of school age in school district No. 4, precinct 26, 228 girls were found under 18 years and 242 boys under 20 years of age.

A Physician Healed.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

A STINGY MAN.

Sent His Boy to Borrow His Neighbor's Paper and Bees Attacked the Kid.

A man who was so stingy to take his home paper sent his little boy to borrow the copy taken by his neighbor, says the Kingston Weekly Leader. In his haste the boy ran over a \$4 hive of bees, and in ten minutes he looked like a warty squash. His cries reached his father who ran to his assistance, and failing to notice a barbed wire fence, ran into that, breaking it down, cutting a handful of flesh from his anatomy, and ruining a \$5 pair of pants. The cow took advantage of the gap in the fence and got into the corn field and killed herself eating green corn. Hearing the racket the wife ran, upset

OLD PEOPLE

Have a charm of their own when they are not weak and feeble, but hale and hearty, enjoying the sports and pleasures of youth though they cannot participate in them. The whole secret of a sturdy old age is this: Keep the stomach and organs of digestion and nutrition in perfect order. The young man who does not think of his stomach will be made to think of it as he grows old. It is the "weak" stomach, incapable of supplying the adequate nutrition for the body, which causes the weakness and feebleness of old age.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes the "weak" stomach strong, and so enables the body to be fully nourished and strengthened by the food which is eaten.

"I suffered for six years with constipation and indigestion, during which time I employed several physicians, but they could not reach my case," writes Mr. G. Puppelwell, of Zurich, Switzerland, "I felt that there was no help for me, could not retain food on my stomach, had vertigo and would fall helpless to the floor. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and little 'Pelle's' and improved from the start. After taking twelve bottles of the 'Discovery' I was able to do light work, and have been improving ever since. I am now in good health for one of my age—60 years. I owe it all to Dr. Pierce's medicine."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

A four-gallon churn full of rich cream into a basket of kittens, drowning them. In the hurry she lost a \$7 set of teeth. The baby, left alone, crawled through the cream and into the parlor, ruining a brand new \$20 carpet. During the excitement the oldest daughter ran away with the hired man, the dog broke up eleven setting hens, and the calves got out and chewed the tails of four night shirts. The man could have had a paper of his own at \$2 per year and saved all the trouble and expense.

All Were Saved.

"For years I suffered such untold misery from bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for consumption. My wife suffered intensely from asthma, till it cured her, and all our experience goes to show it is the best croup medicine in the world." A trial will convince you it's unrivaled for throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

Irish Denounce England.

Chicago, Ill., Aug. 15.—Coercion in Ireland was denounced and the policy of the Irish parliamentary party in the British house of commons commended at the annual national demonstration of the United Irish Societies of Chicago held at Sunnyside Park today. Col. John F. Finerty, ex-member of congress, presided, and speeches were made by several prominent Irish orators.

A Necessary Precaution.

Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Allays inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. B. H. Briggs & Co. and J. H. O'RIELLY & Co.

Railroad Topics

Engine 356 is ready for the road again, after a siege in the back shops. J. M. Rogers, of Cerrillos, is in the employ of the Santa Fe Central at Moriarty.

The Pennsylvania in 1900 handled 5,014,348, and in 1901 exactly 5,640,845 pieces of baggage.

The wife of H. E. Ray, clerk in the office of General Storekeeper Hilton, at Topeka, has gone to Silver City, N. M., for a brief visit.

The Chicago Great Western is said to be planning to put on a line of passenger steamers between Buffalo and Chicago next season.

How the bicycle craze has deteriorated is shown by the fact that the Pennsylvania last year carried 189,987 machines, as against 274,796 in 1900.

Vice President and General Manager Edgar Van Ethen, of the Boston & Albany, has planted 10,000 catalpa trees near Westfield, Mass., to grow timber for railroad ties.

Eugenio Romero, who was here Wednesday night, left yesterday morning for his camps in the Manzano and Gallinas mountains, along the line of the Santa Fe Central railroad.

The Burlington is understood to have no cars to spare and all its motive power constantly employed. It is getting the benefit of a great movement in cattle for the northern ranges.

Santa Fe fire department inspector, C. O. Young, has returned from a tour of the Rio Grande division. The division points of the coast lines will come under his eye on his next trip.

Only twenty-two American roads are now in the hands of receivers. The most important is the Terrer Haute & Indianapolis. The aggregate capitalization and bonded indebtedness of the twenty-two roads is \$61,085,000.

During the stay here yesterday of Division Superintendent F. C. Fox, his private secretary, Fred D. Marshall, had the pleasure to meet many old friends. This is Fred's home, having lived here the major part of his life.

The west end shops are imposing on the local shops. Six of the trouble-making oil burners came in from Needles yesterday and are being repaired in the back shops. The boiler makers strike is helping to push a good thing along.

It is now expected that about fifteen men will be sent from the Topeka car department for work at San Bernardino, Cal., as was first announced. They will leave Topeka, according to the present plans, the latter part of this or the early part of next week.

As a result of his inspection of the 7,500 miles of line in the Canadian Pacific, it is said that Chief Engineer McHenry will recommend the expenditure of \$1,000,000 for improvements, chiefly the reduction of grades, so as to increase the hauling capacity of engines from 25 to 40 per cent.

M. E. Arner, who has been for the past three years night clerk and operator at the Atchison, Topeka & Santa Fe railway depot, Santa Fe, and wife will leave on Monday for San Francisco, Cal., where Mrs. Arner's parents reside. Mr. Arner will take a three years' course at a dental college, as it is his ambition to become a dentist.

P. B. Ross, a veteran locomotive painter at Topeka, was seriously injured Tuesday afternoon and had to be carried to the hospital on a stretcher. While walking about on top of an engine tank he fell into a manhole of the tender, striking one side heavily against the iron covering and hurting himself so badly that he was helpless.

F. C. Whiting, superintendent of the Dawson branch of the El Paso & Rock Island railroad, arrived in Las Vegas on No. 1 Wednesday. Mr. Whiting was at one time superintendent of the Skagway railroad in Alaska and while in Las Vegas ran across S. M. Dawson, whom he met in that far off country. They reviewed reminiscences and enjoyed a few minutes greatly.

The permanent line of the Santa Fe Central railway has been located. It passes near the present depot of the Atchison, Topeka & Santa Fe railway in Santa Fe, and it is more than likely that the two roads and the Denver & Rio Grande railroad will build a handsome and commodious union depot at some point near the present Santa Fe railway depot, in that city.

The Rock Island is about to bore another tunnel, this one under Washington park, near Kansas City, and another under the Santa Fe tracks at that point, making in all about seven tunnels for the Colorado line from St. Louis to Kansas City. The Rock Island officials state that they prefer tunnels to grades, and that they intend to have a minimum of grade and curvature in the new line.

J. Y. Lujan, sub-contractor under Gross, Kelly & Co., who have a big tie contract with the Santa Fe Railway company, is delivering several thousand ties at Las Vegas for treatment at the preserving works below that town. Hence they will be distributed along the line of road, 28,000 being required for the branch now building from Helton, this side of Raton, to a coal mine recently opened.

Clarence R. Naylor, who has been named as chief clerk to C. M. Taylor, mechanical superintendent of the western grand division at La Junta, has been in the mechanical department at Topeka for seven years. Until the establishment of a mechanical superintendent at Topeka, he was in the office of John Player, superintendent of maintenance.

chinery. Since that time he has held a place under F. N. Ristene. His new duties commence at once. He succeeds J. H. Beggs, who takes the position of chief clerk to W. E. Symons, mechanical superintendent of the Gulf, Colorado & Santa Fe lines.

The following Americans are in the Hankow-Canton railroad building deal: August Belmont, Pierre Mail, Frederick W. Whitbridge, Charles A. Whittier and William Barclay Parsons, of New York, and Col. Albert Thys and Joseph de Volder, of Brussels. Mr. Parsons is president, General Whittier is treasurer and W. K. Brice is secretary of the company. The total length of the main line between the before-mentioned cities will be about 750 miles. Spur lines will bring the total up to 900 miles.

"I had diabetes in its worst form," writes Marion Lee, of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."

Changes at Depot.—G. B. Dolan, the former day ticket agent at the local depot, who was recently promoted to station agent, will be sent to Silver City instead of Rincon, as was first reported. J. A. Courtney will be day ticket agent at the local station and Eugene Moriarty, who comes from the Santa Fe offices at Wichita, Kan., will succeed Mr. Courtney as night ticket clerk.

It Needs a Tonic. There are times when your liver needs a tonic. Don't get purgatives that gripe and weaken. De Witt's Little Early Risers expel all poison from the system and acts as tonic to the liver. W. Scott, 521 Highland avenue, Milton, Pa., says: "I have carried De Witt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. B. H. Briggs & Co. and J. H. O'Reilly & Co.

New Union Organized.—The Topeka State Journal says: Local lodge, No. 215, of the Amalgamated Woodworkers' International union was instituted Tuesday night by Charles F. Ceiley, organizer for that brotherhood and for the American Federation of Labor, with a charter membership of 97, including coach and bench carpenters, machine hands, cabinet makers and in short, all classes of railroad woodworkers in Topeka not embraced in the carmen's union. The order is not confined to Santa Fe men, however, but takes in craftsmen from the other wood-working plants of the city. The meeting was held at trades assembly hall, 429 Kansas avenue, and the regular night for the gatherings will be on Tuesday.

Just Look at Her. Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result, — all organs active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c. at all drug stores.

Building New Lines in Texas.—The Santa Fe has begun grading work in Texas on what is known as the Gulf, Beaumont & Great Northern, a spur of the Santa Fe. So far plans have been projected for building this new track from San Augustine in San Augustine county to Center, in Shelby county. Altogether this will cover twenty miles and will represent an expenditure of \$350,000. The road will be finished in time, it is thought, for the late fall business, and will participate in hauling the cotton of eastern Texas, as well as profiting from the lumber trade. The Santa Fe has already contracted with the Colony Contracting company for filling up the gap from its southern terminus to San Augustine, and this is now under way. This will, therefore, give it a direct line from Beaumont to a point close by the Houston east and west Texas. It has been the history of all railroads in the southwest never to stop at small places. From this precedent it may be presumed, therefore, that Center is not the objective of the Santa Fe officials, but the road's northern terminus in eastern Texas is left for the future to determine.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headache. 25c and 50c. Money refunded if it does not satisfy you. Spreckels Will Sell Steamboats.—The Chicago Chronicle says: Rumored acquisition of the ocean-going steamships of the Oceanic company by the Santa Fe Railroad company will mark another long step in the development of that system. A number of late transactions shows that the managers of the great railroad systems of the country consider the addition of steamships a natural and necessary means to the end of carrying on their business. The proposal of the Canadian Pacific to maintain a line of steamers from the eastern terminus of its road to the British Isles and the purchase of the Cromwell line of New York and gulf port steamers by the Southern Pacific were the most recent ones. In the northwest J. J. Hill and those interested with him in the transcontinental lines reaching to the Pacific coast have in a measure developed this idea.

The Oceanic steamship line, composed of boats running from San Francisco to the Hawaiian Islands and Australia, is owned and controlled by Spreckels, but according to the report the owners are willing and ready to turn them over, and the Santa Fe has made satisfactory arrangements by which the ownership will be transferred in a short time.

The activity of Hill in getting complete control of the steamship traffic from the terminus of his lines to Japan and northern Asia spurred other companies to enter the ocean carrying field. It is believed the Santa Fe will enter actively into the competition for the Australian and Chinese trade, as well as for that to and from the Philippines and Hawaii. Since the Santa Fe obtained its entrance into San Francisco it is in a position to reach out across the sea for business.

His Sight Threatened. "While picnicking last month my 11 year old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended De Witt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin disease, cuts, burns, scalds, wounds, insect bites, De Witt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. B. H. Briggs & Co. and J. H. O'Reilly & Co.

New Line in Oklahoma. New York, Aug. 15.—The purchase just concluded by New York capitalists of the stock of the Arkansas Valley & Western railroad has led to the belief in railroad circles that a new connection is to be made between the "Frisco system" and the Rock Island. The line probably will extend from Red Rock to Enid, Oklahoma.

To My Friends. It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I did so, and words cannot tell the good that it did for me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

A Worm Killer. J. A. J. Montgomery, Puxico, Wayne Co., Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness. 25c. at Cosmopolitan Pharmacy.—B. Ruppe.

Work on Oklahoma & Western. Lawton, Okla., Aug. 15.—Today saw the practical completion of the Oklahoma City & Western railroad as far as this city, a distance of 100 miles from the starting point at Oklahoma City. It is expected to have trains running between the two cities some time next week, and as rapidly as possible the construction of the line will be completed from Quanah, Texas.

Henry L. Shattuck of Shellburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 234 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions. S. S. S. purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

SWIFT SPECIFIC COMPANY, ATLANTA, GA.

See Now in Bismarck.

Bismarck, N. D., Aug. 15.—The laying of steel on the Bismarck extension of the Soo road was practically completed today and by the first of next week everything will be in readiness for the running of trains. It is planned to run freight trains over the new lines for ten days or two weeks before inaugurating passenger service, in order to test the roadbed, and passenger trains therefore probably will not be running into the North Dakota capital until September 1.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all druggists.

LOCAL PARAGRAPHS.

H. C. Moss and wife, of Winslow, are in the city today.
Miss Vera Bennett left last night for Kansas City for an extended visit with friends and relatives.
Prof. F. A. Jones was a passenger for Cerrillos this morning. He expects to return this evening.
Chris. Sellman is making arrangements to open a club room up stairs in the Zeiger Cafe building.
F. M. Jones is again in the city from Santa Fe, and he intends to make Albuquerque his future home.
Charles A. Stephens and wife came in from Kingman, Arizona, last night, and are here for a few days.
John Card, who was back in the east on a visit, passed down the road last night for his home at Silver City.
Major Ernest Meyers, of the firm of Meyers-Abel & Co., wholesale liquor dealers, went to Kennedy this morning.
S. Vann, Sr., watch inspector of the Rio Grande division of the Santa Fe road, departed for the southern towns last night.
The proposed excursion to Santa Fe on August 31 has been postponed into September, when it is hoped that better support can be secured.
Mrs. J. A. Mercer, wife of the Santa Fe station agent at Los Lunas, passed through the city this morning, bound for Denver, to visit with friends.
There will be a regular meeting of Adah Chapter No. 5, O. E. S., this evening, August 15, at 7:30. By order of worthy matron, Laura Fluke, secretary.
Mrs. J. K. Prestel, wife of the chief clerk at the Golden Rule Dry Goods company's store, will visit friends in Los Angeles. She left for the coast last night.
The dog tax war is still raging. The city officers mean business. The poundmaster has received 300 new dog tags and the worthless canines will have to suffer.
The Eagles of this city intend to keep "open house" fair week, and will invite the Eagles of El Paso, Prescott and Raton to enjoy their hospitality on that occasion.
Milton Dow, the general merchant and ranchman of Escobosa, the new postoffice in the Chilli country, is here today, purchasing goods from the local wholesale merchants.
Hon. M. A. Otero, governor of the territory, is in the city, coming down last night from Las Vegas. He is here on some important private matters, and will leave for Santa Fe tonight.
One of Miss Heimbeck's classes in physical culture will meet for organization this evening. Any one interested is invited to attend this meeting at the studio in the Commercial club building.

The Cerrillos Register says: Now is the time to begin about a big exhibit for the territorial fair. If we begin early and everyone helps a little, we can have by far the finest exhibit ever made in New Mexico.
Miss Sarah Meyers and Miss Marie Wincheck, of this city, are expecting to attend the Agricultural college the coming year. They are bright young ladies and will be a great addition to the social circles of the college.
There is a new music box at the White Elephant resort, manufactured by the American AutoMusic Co., of New Jersey. By dropping a nickel in the slot, some of the old familiar melodies will be played to the delight of the patrons of the box.
W. W. Strong, contractor and carpenter, returned last night from Denver, being accompanied to the city by his nephew, Grover Strong, and niece, Miss Mabel Strong. The young people will attend the New Mexico University the coming year.
Yesterday afternoon Mrs. George H. Frost received a telegram from Slater, Mo., announcing the death there of Charles H. Woodworth, who, a few years ago, was a popular passenger conductor on the Santa Fe between this city and El Paso. No particulars are given in regard to his death.
Rev. Thomas Harwood, who is engaged in Methodist Spanish mission work, left this morning for Las Vegas. From Las Vegas he will go to Clayton, where he will dedicate a church, and from there he will attend a camp meeting in Union county. Rev. Harwood expects to be absent from the city about ten days.

Woodworth, for \$121.35 and \$9.85 costs, and in the suit of the Meyers-Abel company of Albuquerque, for \$190.25 and \$10.50 costs. The executions have been placed in the hands of Sheriff Garcia, of Santa Fe, for service.
The beautiful pacing mare, Lady Marguerite, will not be seen very often in the future on the race course. The animal has been presented to Mrs. Barnett by her husband as a birthday gift. The Lady will probably go in the entered races of her class at the approaching territorial fair, but after that Mrs. Barnett will exclusively take possession of the well known pacer.
M. S. Otero, who was at the Sulphur hot springs the past few weeks, returned to the city yesterday morning and last night was a north bound passenger for Santa Fe. Mr. Otero stated that the Nacimiento country was in the very best of condition, and that sheep never looked finer. There is plenty of good grass and the streams are bankful with fine running water.
The ice cream social, given last night by the ladies of the German Lutheran church, was a big success.

both in attendance and finances. The social opened early in the evening and for several hours the young lady waitresses were taxed to their utmost in waiting on the patrons. One feature of the social, which must not be overlooked, was the fact that every patron was given a good measure of ice cream, with plenty of cake on the side. The proceeds derived from the social were added to the church fund.
