VOLUME 16

ALBUQUERQUE, NEW MEXICO, THURSDAY AFTERNOON, AUGUST 14, 1902

NUMBER 222

WEST'S CONGRESS

Trans-Mississippi Organization at St. Paul.

IT WILL DISCUSS WESTERN AFFAIRS

Mail Tube Service at Much Less Cost.

LIGHT WEIGHT FIGHT POSTPONED.

St. Paul, Minn., Aug. 14.—The Trans-Mississippi Commercial Congress assembles here in annual session next week and from all indications the gathering will be by far the most notable in the history of the organization. Delegates will be in attendance from Oregon, South Dakota, Utah, Wyoming, Washington, North Dakota, Missouri, Montana, Louisiana, Nevada, Nebraska, Kansas, Idaho, Iowa, Arkansas, California, and Colorado, Arizona, New Mexico, Oklahoma, Hawaii and the Philippines will also have representatives present.

Governors, senators, representatives, mayors of large cities, men prominently interested in irrigation and mining, railroad presidents and others identified with the industries and development of the West have signified their intention to be present and participate in the discussions. Among the chief subjects to be considered are: Department of Commerce and postal service, live stock industry, irrigation, good roads and drainage, reclamation of arid lands, rivers, waterways, harbors, mines, home manufactures, gulf and Pacific ports and their export and import trade, Pacific cable, isthmian canal, merchant marine, Louisiana Purchase Exposition, trade with the Orient, statehood, consular service, preservation of forests, railroad transportation, American sugar and rice and oil industries.

John Henry Smith of Salt Lake City will preside over the sessions. President James J. Hill of the Great Northern will discuss trade with the Orient, and ex-Governor Francis of Missouri will tell of the preparations for the Louisiana Purchase Exposition. Other speakers of note will address the gathering, among them Governor Van Sant, one or more representatives of the agricultural department at Washington and a number of Western senators.

Mail Tube Service.

Washington, D. C., Aug. 14.—This was the last day for receiving bids for the installation of the pneumatic tube mail service in New York, Chicago, Boston, St. Louis, Philadelphia and other cities in which the establishment or renewal was authorized by congress at the last session. It is probable that the result of the bids will be announced during the coming week. In arranging the bids care was taken by the postoffice department to prevent any further combination among contractors to exact exorbitant prices. For the service recently ordered discontinued in New York City the government was charged something like \$60,000 a mile, in addition to paying part of the cost for transmitting the mails. Under the new call for proposals the limit was placed at \$17,000 per mile per annum.

Root-Gardner Fight.

Salt Lake City, Utah, Aug. 14.—Considerable disappointment is manifested in sporting circles over the failure of the promoters to pull off the twenty-round bout between Jack Root and George Gardner which was originally scheduled for tonight. The club is now confident of its ability to bring off the contest within the next few days, a permission to that effect having been obtained from the authorities. Both fighters are on the field and are keeping up their training so as to be in the best of condition when they are called upon to enter the ring.

Cable Cut.

Washington, Aug. 14.—Minister Powell, at Port Au Prince, Hayti, has called the department that telegraphic communication between Port Au Prince and Gonaives had been cut. It is presumed that this is the work of the revolutionists as they have been particularly active in severing lines of communication.

COLLEGE BURNED.

One Wing of Main Building Iowa College Burned.

Des Moines, Iowa, Aug. 14.—Fire destroyed the main building this morning of the Iowa Agricultural college.

One wing of the main building of the Iowa State College of Agriculture and Mechanics arts at Ames was destroyed by fire today. The wing was

to have been torn down to make room for a new building. The loss will not exceed \$10,000, the valuable botanical collection and equipment together with the museum and office and school furniture being saved. This is the third time fire has done big damage to the college during the last two years.

Fatal Accident.

Everett, Aug. 14.—Mr. and Mrs. Chas. Fair, Americans who were related to Mrs. W. K. Vanderbilt, Jr., and Miss Virginia Fair, were returning to Paris from Trouville today, when their automobile swerved and crashed into a tree fifteen miles from here. Both were killed. The chauffeur became insane as a consequence of the shock.

San Francisco, Aug. 14.—Mr. and Mrs. Charles Fair left San Francisco in the latter part of May last for a trip to Europe. Charles Fair was a son of the late Senator Fair and one of the heirs to the immense estate of the late senator.

It is peculiar that a son of the late John W. Mackay, one of Senator Fair's partners, also, was killed near Paris a few years ago by being thrown from a horse.

Labor Matters.

Cincinnati, Ohio, Aug. 14.—A fight between the American Federation of Labor and American Labor Union was brought before the convention of the International Typographical Union today by a letter to President Lynch from H. L. Sholdice, of the Laundry Workers' union of Denver. Sholdice wanted the Typographical Union to restrict their members strictly to printers and not include printers who are also machinists or of other unions. The proposition was voted down, as was also the proposition to exclude married women from membership in the Typographical Union.

Seventh Texas District.

Galveston, Texas, Aug. 14.—Delegates are here for the democratic congressional convention of the Seventh district which takes place tonight. As A. W. Gregg of Palestine has more than enough votes pledged to give him the nomination, the convention proceedings will be somewhat in the nature of a formality.

FOR ATHLETICS.

"Coach" Miller is Here Talking Up Winter Sports.

FINE FAIR EXHIBITS.

J. O. Miller, of the Agricultural and Mechanical college at Mesilla Park, arrived in the city this morning on the flyer from the north, where he has been visiting friends and relatives in Santa Fe and Denver. Mr. Miller is stopping for the day in the interest of the college and it may be of interest to the athletic inclined that "Coach" Miller, as the boys call him, has already started the ball rolling for the fall athletics. Many of the last year's football teams have manifested considerable interest and have given the assurance that there will be a team on hand to meet the Agricultural and Mechanical boys when they show up. Mr. Miller has expressed a desire that the two teams meet during the fair. It would serve as a great attraction and The Citizen hopes that the fair management can arrange it so.

Miller is recognized as one of the best athletic coaches in the territory and the work of his men can be guaranteed to be worthy, as he has in the past admirably succeeded in instilling the "Spartan" spirit into all under him for straight and gentlemanly athletics. "Do your best always and never show the white feather" as a motto for his men has worked wonders.

Thus the people will have an opportunity of seeing both the national sports—base ball and foot ball.

Mr. Miller, when questioned as to what the college might have for the fair, said that he believed the college would send an exhibit that would excel that of last year inasmuch as a great deal of exceptionally good work was done by the students during the year.

The engineering, agricultural and horticultural exhibits and work of the students will be well worth seeing. The past year proved to be a red letter year for the college and the outlook for the coming year are brighter than ever before. The instruction corps has been increased and the new department of domestic science, of special interest to the young ladies of the territory, will be a feature of the coming year.

The work of the experiment station has proven itself of great aid to people of the territory. The work of irrigation by pumps and of freeing the soil from alkali has been of special interest and bulletins are now being printed covering results and can be had when published, free, upon request.

BUSY AT WORK

Knights of Pythias Holding Business Sessions.

SITUATION CRITICAL IN VENEZUELA.

Ed Duggan Tries to Commit Suicide at Gallup.

IOWA AGRICULTURAL COLLEGE BURNED.

San Francisco, Aug. 14.—At 9 o'clock this morning Major General Carnahan and a strong detachment of uniform rank of Knights of Pythias crossed the bay to participate in a parade of the order at Oakland. Several thousand men were in line and the streets along the line of march were crowded with spectators.

In the city the morning hours were devoted chiefly to business by the knights and their ladies. The supreme lodge and supreme tribunal of the order, the imperial palace of the Knights of Khorassan and the supreme temple of the Rathbone Sisters continued sessions and transacted considerable business.

There were also competitive drills between companies of the uniform rank at the Presidio and in the Mechanics' pavilion.

The principal cases before the supreme tribunal are those of John A. Hinesy and William D. Kennedy, charged with misuse of funds while officials of the endowment rank of the order.

The election of officers of Knights of Pythias is progressing before the council today. Tracy B. Bangs, of Grand Forks, N. D., was elected supreme chancellor and Charles F. Salvay, of Richmond, Ind., supreme vice chancellor.

SHOT HIMSELF.

Gallup Man Despondent and Tired of Living.

Special to The Citizen.
Gallup, N. M., Aug. 14.—Ed Duggan shot himself this morning with a pistol just above the heart, and he will die. He was a cripple and despondency was the cause of the shooting.

SITUATION CRITICAL.

Revolution in Venezuela is Growing More Serious.

Washington, Aug. 14.—Under date of Wednesday, the 13th inst., Minister Bowen, at Caracas, reports to the state department that the situation there is very critical. At the time of filing the dispatch he had heard nothing from the Cincinnati or Marietta. He says that the sacking of Barcelona continues and much valuable property is being destroyed.

At the navy department a cablegram was received from Commander McLean, reporting the arrival of the Cincinnati at Barcelona. The Marietta is at Port of Spain, Trinidad, and is subject to the orders of Commander McLean.

Alarming Situation.

Washington, Aug. 14.—The navy department is in receipt of the following dispatch from Commander Rodgers, of the Marietta, dated Port of Spain, August 12: "There are three American citizens at Angostura, Venezuela. Life and property safe when ship sailed. City controlled by revolutionary military chief. Foreign subjects alarmed over situation. Three American steamers of the Orinoco company forcibly detained at San Felix for government use."

N. M. Rice, the general storekeeper of the Santa Fe coast lines, was a west bound passenger last night.

RAILROAD OFFICIALS.

Messrs. Cain, Fox and McNally Hold a Conference.

MUM ON CERTAIN MATTERS.

D. E. Cain, the general superintendent of the western grand division, and Division Superintendents F. C. Fox and J. F. McNally form a party of prominent Santa Fe railroad officials who arrived in the city last night and today are holding a secret consultation about important company matters in Mr. Fox's private car, which is side-tracked near the Alvarado.

Mr. Cain and Mr. Fox came down from Santa Fe, where they went presumably to confer with the Santa Fe

Central officials in regard to a union depot, which may be built at that place for the convenience of both roads.

Mr. McNally arrived from a trip of inspection along the Silver City branch. The gentleman reports heavy rains in that district and that the company has suffered some loss through washouts.

The visiting officials were seen by a Citizen reporter this morning, but would not state their mission here and would not talk about matters pertaining to the railroad.

Some intended changes in train service men of the local divisions, which will be made in the near future, will probably throw some light on the secret conference, which took place this morning.

Prize Fight to Come West.

Louisville, Ky., Aug. 14.—Robert Gray, manager of the Southern Athletic club, left for New York late last night in response to a request by Sam Harris, acting, it is said, for both McGovern and Young Corbett. It is understood that the purpose of the conference in New York is to transfer the fight between McGovern and Corbett to Louisville, the attitude of the Connecticut authorities being antagonistic to the proposed meeting.

THE BROWNS.

Have Left Town, Forgetting Doctors Who Saved Their Lives.

OTHER BILLS OVERLOOKED.

James Brown and his wife, who is known in the city as Cora Miller and who was landlady at one of the Third street bagnios, have left the city for parts unknown, and left behind them creditors, who are kicking to the tune of about \$600.

One Sunday morning about the middle of May, while in a fit of jealousy, Jim Brown cut his wife's throat with intention to kill. Thinking that he had done a good job, he turned the knife on himself to finish what might have been one of the most ghastly murders ever committed in New Mexico. Through the prompt attention and surgical aid of Doctors Wroth and Carnez the lives of both were saved.

Last Friday morning Brown's father arrived in the city and proceeded to secure his son's liberty. The bond was fixed at \$500. Mr. Brown came forth with the money and the son went free. He gained his liberty on Sunday and Sunday night the father and son took the first train east.

Tuesday morning, Mrs. Brown, accompanied by her sister, boarded a train bound for Kansas City, and in consequence, the whole party having left town, some of the professional and business men have a kick coming, for they were not seen in payment of legitimate bills before the Browns left the town.

ALBUQUERQUE FAIR MEMORIAL

Handsomely Illustrated Number to Commemorate Festival Occasion and to

ADVERTISE THE "DUKE" CITY

The Citizen has lately concluded arrangements to issue a handsomely illustrated number, devoted to "Albuquerque and Environs," to be circulated during the Territorial Fair in October.

The work will embrace three sections—the "regular," the "general" and the "special"—enclosed in a cover designed for the season. It will be printed on a superior grade of paper and will be embellished by the highest grade of half-tone engravings.

In taking up the enterprise The Citizen has determined to spare no expense in producing a work of sterling merit, and has already increased its staff by the employment of R. Copeland Rohrabacher, a talented writer who has earned a well deserved prominence for special newspaper and magazine work in Colorado and elsewhere in the west.

Look for tomorrow's editorial mention.

OPERATORS MEET

Conference in Regard to Coal Miners' Strike.

WAR IS VERY WARM IN HAYTI.

The Elks Will Hold No More Street Fairs.

MILITARY CLOSE FRENCH SCHOOLS.

Wilkesbarre, Pa., Aug. 14.—President Mitchell said today he did not know what significance was attached to the gathering of so many operators and mine superintendents at Pottsville yesterday. The impression in coal trade circles here is that the meeting was held to hear the views of Vice President Loomis of the Delaware, Lackawanna & Western company, who had just completed a tour of the strike region, and the nature of the report was not known, but it is reported that Loomis recommended starting some collieries in different parts of the region.

The Warnke washery at Duryea resumed operation today. A crowd of 500 or 600 strikers and sympathizers surrounded the works and the situation is threatening. The sheriff has a small number of deputies on the ground.

A riot occurred at the washery this afternoon. A number of strikers attempted to enter the barricade where the sheriff's deputies are stationed, and one of the deputies fired into the crowd and shot a Slav in the leg, when the crowd retreated.

BARCELONA LOOTED.

City Occupied by Bands of Robbing Revolutionists.

Washington, Aug. 14.—McLean's dispatch in part, is as follows: "Barcelona is occupied by revolutionists. They have imprisoned all the civil officials, and military officers are in possession of the entire district. Some pillaging has occurred but everything is now quiet. Twenty-nine business houses were sacked, mostly foreign, also fifteen private dwellings." The navy department also received today a cablegram from Commander McCrea of the Machias, dated St. Haytien, Wednesday, announcing the blockade established by Admiral Killick to be ineffectual and will be abandoned.

STREET FAIRS.

Elks Will Drop That Feature of Their Work.

Salt Lake City, Utah, Aug. 14.—The grand lodge of Elks today passed a law absolutely prohibiting the holding of street fairs or carnivals under Elks auspices after January 1. The law was made to go into effect on January 1 because a number of lodges throughout the country already have made arrangements for fairs or carnivals to take place in the next few months. The debate was quite spirited but the feeling among members of the grand lodge that such fairs and carnivals are not in accord with the fundamental principles of the order evidently is very strong and the committee's recommendation was overwhelmingly adopted. Considerable routine business was disposed of today. The outdoor program consisted of a prize drill contest of the uniformed marching clubs. Tonight the homeward movement will begin.

Washington was selected as the next meeting place of the Elks.

The prize drill was somewhat a disappointment, the Denver lodge being the only one represented, their drill being given with the snap and precision of veteran soldiers.

"WILD AND WOOLY."

Navajo Indian Bucks and Squaws for the Fair.

THE SAN JUAN EXHIBIT.

George H. Browne, mayor of Farmington, and manager and buyer of the Hyde Exploring Expedition, reached the city last night, and this morning was a pleasant caller at The Citizen office.

"The San Juan county exhibit at the fair this fall," said Mr. Browne, "consisting of fruits, cereals and vegetables, will be much larger and more complete than last year. San Juan county, which I consider one of the best in the territory, is rich this year

in excellent farm, garden and orchard products, and the exhibit, now being collected and prepared for the territorial fair, will be the grandest advertisement for that section of New Mexico, in fruits, etc., to be seen anywhere."

"How about the Hydes?" inquired the reporter.

"Last year's exhibit of the Navajo Indian industries," answered Mr. Browne, "was a splendid display, but it will be eclipsed this fall, and wild and woolly Navajo squaws will give exhibitions of blanket weaving, and the manufacture of silverware and pottery. These Indians will not be the tame kind here last year, but will be selected from the mountains and the bucks and squaws will indeed be wild and woolly. I don't mean that they are dime novel savages and will use their tomahawks on the pale faces, but they will give a better account of themselves than the band here last year."

At noon today Mr. Browne, accompanied by Secretary McCanna, of the fair association, visited the fair grounds and selected the site for the camp where the Indians and their white overseers will be located during fair week. This afternoon all arrangements for their coming will be concluded at the secretary's office, and tonight Mr. Browne will leave for Gallup. A team from Farmington will meet him at Gallup and from there an overland trip will be made across the Navajo reservation to Farmington.

Closed the Schools.

Brest, France, Aug. 14.—Commissioners closed the religious schools at Plougonvalin and Ploumoguier, Finistère, this morning despite the protests of the inhabitants of the town. At Ploudaniel the school was barred with a network of barbed wire and pointed stakes driven into the ground to injure horses of the gendarmes. A mob was dug in front of the school door filled with filth.

Trial Set.

Denver, Aug. 14.—The commissioners of Arapahoe county, charged with malfeasance in office, today pleaded not guilty and the case is set for September 9.

ELKS' OPERA HOUSE.

Plans for the Handsome Structure Now Here.

FEW INTERESTING FACTS.

Albuquerque will soon have an opera house, and it will be one that the people of the city can justly be proud of. The plans of the Elks' new theater house have arrived and may be seen at the office of Don J. Rankin & Co. Mr. Rankin is chairman of the Elks' committee on building and it is with much pride that he displays the plans for the new opera house.

The new building will be brick and built on the old San Felipe hotel site. It will be three stories and modern in every appointment. The dimensions are 142x96. It will front on Gold avenue. On the first floor will be the auditorium with a seating capacity of 650 people. A bowling alley, with four alleys, will be situated on the east side of the first floor next to the auditorium. In the front, west of the vestibule, lobby and foyer, is located the room to be occupied by the cafe, restaurant, bar and gentlemen's smoking room. East of the entrance way will be the ticket office, ladies' parlor and a store room. The stage will be 30x72 with an audience opening 32x28.

On the second floor will be situated the gallery, with a seating capacity of 220. A ball room 60x92, a banquet room 60x25, and a number of smaller apartments to be used as pantries and cloak rooms.

The auditorium will be equipped with eight boxes, four on each side of the stage.

The third story is to be divided into an armory, 25x80, a lodge room 68x50, and a number of small rooms and halls to be used for various purposes.

The stairway leading to the second and third stories will ascend from Fifth street.

The contractor's specifications are ready, but as a number of the building committee are absent from the city on the Salt Lake excursion, no bids will be taken until they return.

Last night the old town gardeners, Mann Bros., shipped a hundred crates of their fine cantaloupes to the Denver market. Users of cantaloupes at Denver say the Rio Grande valley cantaloupes are as good as the Rocky Ford variety.

A young attorney of Charlotte, Michigan, H. R. H. Williams by name, is stopping in the city for a few days on his way to California.

SOLDIERS PARADE

Army of the Philippines Hold Reunion.

WORK ON MEXICAN CENTRAL ROAD.

New Suspect in the Chicago Murders Mystery.

COLORADO SUSPECT PROVES AN ALIBI.

Council Bluffs, Iowa, Aug. 14.—A feature of the second day of the reunion of the society of the army of the Philippines was the military parade in the forenoon, headed by Governor Cummins and Savage and staffs, participated in by the regular army troops from Fort Crook, Neb., and the Iowa national guard, the high school cadets from this city and Omaha and the veterans of the Philippine war. The marchers were reviewed by the two governors and General Hale and King. A meeting of the general society held during the afternoon at which was taken up the routine business begun yesterday. General Jacob H. Smith, Colonel Cosgrove, South Dakota and General Charles King are mentioned as possibilities for the presidency of the society.

Mexican Central Extension.

Laredo, Texas, Aug. 14.—A Monterey special says: "Work on the construction of the Mexican Central short line to the United States is about to be commenced. The survey between Paredon and Lampazos has been completed, and engineers are now at work north of Lampazos, and next week engineers will be put in the field across the border at El Pan with instructions to locate the line to San Antonio."

NEW SUSPECT.

Another Man Suspected of the Bartholin Murder.

Chicago, Ill., Aug. 14.—Inspector Hunt, of the Hyde Park police station, today began systematically to weave a net of evidence in the mysterious murder of Mrs. Anne Bartholin and Minnie Mitchell about Oscar Thompson, who for over twenty years was a roomer of Mrs. Bartholin in Calumet avenue death house. The identity of the mysterious woman in black who last night told the inspector that she had seen William Bartholin, Oscar Thompson and old Dad Claffey wrangling over Thompson's laundry wagon early on the morning of the Mitchell girl's supposed murder, was cleared up. She is Mrs. Mary Tallyday. Today she positively identified the Thompson wagon and horse as those she had seen with the men. An attempt to wring confession from Thompson by putting him in the sweat box, is expected to result in a statement that this horse and wagon was used to convey the body of Minnie Mitchell to the only field at Seventy-fourth and State streets.

For several hours this morning Inspector Hunt tried every possible device to induce the prisoner to throw some light on the mystery. All night a stool pigeon stayed in Thompson's cell, but nothing was learned. The prisoner paced the cell sleeplessly in a nervous frenzy. In answer to the inspector's queries today he said he had no recollection of what he did on the supposed night of the Mitchell murder. He remembered having eaten supper and feeding the dog the next morning. The interval, however, was blank. Thompson said that Edwards, one of Mrs. Bartholin's roomers, was a doctor and might have "doped" him. Thompson will be put through the "sweating" process again.

The confirmation of the story told by Mrs. Tallyday came when D. A. Myers, a motorman, told the police that he had seen a laundry wagon where Mrs. Tallyday described it as being between 3 and 4 o'clock on the morning following Minnie Mitchell's death. Myers identified the horse and wagon as Thompson's. The police say that he has satisfied them that Minnie Mitchell was murdered in Bartholin's home and carted away out on State street.

Colorado Suspect Released.

Denver, Colo., Aug. 14.—James Carroll, brought from Colorado Springs as a suspect in the Lottie Baller assault case, has been released by the police, having proved he was in Denver when the assault was committed at Longmont. Miss Baller, who came here to identify the man, declared that he was not the guilty one.

A lot of new music which has been ordered by the Italian band is expected to arrive in a few days.

Territorial Republican Central Committee Call.

To the members of the Territorial
Republican Central Committee of New
Mexico:

You are hereby notified that a meet-
ing of the territorial republican central
committee of the territory of New
Mexico will be held in Albuquerque on
Friday, August 22, 1902, for the pur-
pose of fixing the date and place to
hold the territorial republican con-
vention to nominate a candidate for de-
legate to the Fifty-eighth congress of the
United States and for the considera-
tion of such other matters as may
properly come before said committee.

It is hoped that all members will be
present at said meeting, as matters of
importance for the interest of the re-
publican party of the territory will be
considered. Very truly yours,
FRANK A. HUBBELL,
Chairman Territorial Republican Cen-
tral Committee.

For Delegate to Congress
B. S. RODEY.

The newspapers of California have
determined to defeat Governor Gage.

Silver City should move itself a little
further up the canyon and escape the
annual damages from floods.

All efforts to exterminate the prairie
dog have thus far failed, and the same
is true of the war on the town dog.

If the Cubans keep on asking for re-
lief the best thing that could be done
would be to turn the island back to
Spain.

The Quilen Sabe club of the Elks will
lead the procession of funmakers at
the territorial fair and at the El Paso
midwinter carnival.

Whether the statehood bill is passed
or rejected by the senate, the peo-
ple of Santa Fe ought to build a few
feet of new sidewalk.

If the price of poultry continues to
hover as closely to the prohibitive
point as it does now, it will be found
expedient to postpone Thanksgiving
day.

The Las Vegas Record says that it
is rumored sub rosa that the demo-
crats of Las Vegas will trot out George
P. Money as a candidate for delegate
to congress, when the terrified meet
at Albuquerque.

The democrats of Raton have reason
to feel sore at the way they have been
treated by the democrats of the terri-
tory during the past twenty years, but
they have no right to lay the blame
on the people of Albuquerque.

Capitalists are seeking a deal to de-
velop Navajo mines, coal and metal.
The Durango Democrat says that the
government should sell the Navajo
mineral lands and devote the proceeds
to irrigating their agricultural lands.

It has been found that Missouri leads
all the states in the union in the num-
ber of apple trees within her borders.
The figures are for Missouri, 29,000-
000; New York, 15,000,000; Illinois,
13,500,000; Kansas and Pennsylvania,
each about 12,000,000; Michigan, which

hitherto had been supposed to
come next to New York in the mag-
nitude of its apple crop, is really in the
seventh place.

Texas has seventy-six counties
where local option forbids the sale of
liquor.

The Citizen is going to thoroughly
and systematically advertise Alberque-
que and New Mexico.

Elijah Dowle predicts a second com-
ing of Christ within the next twenty-
five years. With the usual modesty of
a Chicago man he thinks that that
town will be headquarters.

A. C. Harris, once minister to Aus-
tria, proposes the piracy laws as a
precedent in handling anarchists.
Their legality and constitutionality
has never been questioned.

A dispatch from New York states
that more than half of the \$650,000
needed for the national memorial to
President McKinley has been raised
by the national association.

Some fellow has figured out to his
own satisfaction—and it may be ad-
ded, to the satisfaction of others—that
it is just 1,234,567,890 times easier to
indorse a friend's note than it is to pay
it.

The rapid development of great cor-
porations and the slower development
of the law concerning them, has de-
veloped a flying squadron of blackmailing
lawyers, hovering around the flanks of
each new concern hunting for legal
flaws.

Members and officers of the brass
molders union are under indictment in
Chicago, charged with offering and re-
ceiving payment for mayhem on scales;
\$25 being the regular rate for an as-
sault which left the victim permanent-
ly disabled.

They have erected a monument in
Kansas on the alleged site of Cora-
nado's mythical Quivera. There is
nothing to show that Coronado visited
Kansas on his expedition in 1541, but
this makes no difference to the corn-
fed people of the Sunflower state.

One of these days when the tele-
graph companies hoist themselves out
of the rut of conservatism and begin
to do business for all there is in it,
they will chop prices in two and get
eight times their present receipts.
Electricians estimate that messages
average only one per head per annum
in this country.

The "Gaston and Alphonse" of the
yellow Sunday papers have shown up
in real life in the persons of Marconi
and Solari. Marconi makes affidavit
that Solari was the inventor of the wire-
less telegraph, and Solari is just as
emphatic in stating that the honor
belongs to Marconi. Politeness abides
with the Latins.

A case soon to be tried in one of the
Kansas City courts will hinge on the
question as to whether socks are a
necessity. The Retail Clerks' associa-
tion has brought suit against a fur-
nishing goods firm of that city for sell-
ing four pairs of socks to one William
Wallace on Sunday. The Sunday law
has not been violated if it can be
shown that the articles purchased were
a necessity.

The term "veteran" is used reck-
lessly by many writers. To be a vet-
eran, or belong to a veteran army post,
one must have served two of the three
years he enlisted to serve, and to have
re-enlisted to serve three years after
the first two years' service. There
were many in the three months service
who re-enlisted for three years, yet
they are not classified, or entitled to be
called, veterans.

POLITICS IN ARIZONA.

The situation in Arizona is said to
be favorable for the republicans, who
have maintained their party organiza-
tion during the silver defection, and in
the last election casting 7,664 votes for
their candidate for delegate, being de-
feated by an even 1,000 votes. The
democrats polled 7,152 votes in 1892,
and the republicans 5,151. The repub-
licans elected their delegate in 1894
by a plurality of about 1,000, the demo-
crats and populists being divided. In
1896 the democrats elected their dele-
gate by about 1,000, the republicans
and populists, although divided, poll-
ing a majority of the votes of the terri-
tory. In 1898 the democratic delegate
received 8,212 and the republican can-
didate 7,394. In the last election, in
1900, Mark Smith, the present demo-
cratic delegate received 8,664 and N.
O. Murphy, the republican candidate,
7,664.

Mr. Smith will not be a candidate
for reelection. He says that he does
not care to return as a delegate, and
unless the statehood bill is passed at
the coming session he will retire from
politics. If the statehood bill is passed,
Mr. Smith will probably be a can-
didate for the senate. In a guarded

manner Mr. Smith admits that the re-
publicans are strong in the territory
than they have been before in years
and have a good fighting chance of
winning in the coming election. The
statehood question, he says, has some-
thing to do with it. The impression
which prevails that a republican ma-
jority in the territory would aid the
statehood bill may influence suffi-
cient votes to give the republicans a
victory.

According to the figures a change
of 500 votes in each will carry Arizona
and Nevada for the republicans in the
coming election. Those familiar with
the conditions believe that the change
will be easily effected.

HOME TRADE.

In concluding an article on home
patronage, contending that the trade
of a town belongs to the merchant
who helps make it, the Raton Gazette
rightly says there is no one but who is
proud of his home town, and in order
to make your town, let every citizen be
loyal to it, give your merchants every
dollar's worth of trade you have and
he will freely give his time and money
to the betterment of any conditions
that may arrive. Strive to make your
town the best one the size of it that
can be found anywhere, and it won't be
long before the wheels of progress will
begin to roll and everybody will be
prosperous and happy, and the "knock-
er" will get ashamed of himself and
"go away back and lay down."

MINOR DETAILS.

What minority party representation
on precinct registration and election
boards in the coming territorial elec-
tions has to do with the passage of the
omnibus statehood bill is not clear to
sensible and unprejudiced citizens,
says the New Mexican. The matter of
prescribing modes and methods of re-
gistration and elections for the future
state of New Mexico will be attended
to first by the constitutional conven-
tion and thereafter by the state legis-
lature. In this territorial campaign
this question does not enter and ought
not to be considered; it has nothing
to do with it. The state of New Mexico
will enact its own election laws. Un-
der the present territorial election
laws the rights of the minority party
are well guarded and minority party
representation has been accorded and
given on registration and election
boards as a rule in the counties of the
territory for many years past. The cry
set up by four members of the demo-
cratic territorial central committee,
calling upon democratic United States
senators to defeat the omnibus state-
hood bill, for that it what it amounts
to, has nothing to stand on in reason
and in fact. The action is based upon
the fear of these four would-be leaders
that the republicans will carry the first
state election. That is all there is to
it, and that is all there is of it.

Just Look at Her.

Whence came that sprightly step
faultless skin, rich, rosy complexion,
smiling face. She looks good, feels
good. Here's her secret. She uses Dr.
King's New Life Pills. Result, — all
organs active, digestion good, no head-
aches, no chance for "blues." Try
them yourself. Only 25c. at all drug
stores.

In Deming good safe loans can be
had at better rates than in the old es-
tablished towns.

The Whitson Music company has se-
cured the agency for the Chickering
pianos. We have received our first
shipment. Musicians are invited to
call and see the genuine Chickering
piano.

Johnston's Stage Line.
Will leave every Tuesday morning
for the Jemez Hot Springs and return
on Thursdays. One regular trip a
week and extra trips when ordered.
Leave orders at Sturges European ho-
tel.
JAS. T. JOHNSTON.

Only a Few Left.

We have succeeded in disposing of
most of our summer suits, but have
some few very desirable ones on
hand, which we offer to close at only
\$7.50 per suit. They are worth seeing.

THE ONE WITH THE IMP—How in the world do you keep your baby so quiet and happy this dreadful trying weather? THE ONE WITH THE CHERUB—Why it's the easiest thing in the world. I take a CASCARET Candy Cathartic every night at bed-time. It makes mother's milk mildly purgative, keeps the baby's bowels cool and regular, stops sour curd and wind colic. They work while you sleep, you know—greatest blessing for nursing mothers.

GRANT COUNTY FLOODS.

Wagon and Foot Bridges Swept Away—Property Damaged.

LIGHTNING'S PRANKS.

From the Silver City Independent.

The heaviest rain which has visited this section since the one which resulted in the disastrous flood of July, 1895, commenced falling between 9 and 10 o'clock Sunday evening and continued a steady downpour until nearly daylight Monday. The fall was general throughout the country, and Silver City again suffered loss.

The rain fell in the mountains back of town for quite a little while before it reached here, and it was only a little while until the flood waters came tearing down the main street gulch. For six hours an immense volume of water filled the channel, and while it did not reach the height which it has on several occasions, it came so steadily as to render that part of town a scene of desolation. About 11 o'clock the wooden wagon bridge broke from its fastenings and was carried down the torrent. A couple of hours later the foot bridge went out, the large cottonwood tree on the corner of Broadway and Main, to which it was fastened, and which has withstood the waters since 1872, going with it. It was not until daylight, however, that the full damage became apparent. At the Warren residence, the waters had eaten away the embankment until the wash-out extends up to the edge of the brick sidewalk. On the next street the embankment has caved in until it is directly perpendicular with the east side of the O. C. Hinman warehouse, and that building is consequently in serious danger. The breakwater on the east side of the gully, in front of the Enterprise office, withstood the onslaught with but slight damage, but the new one recently erected by the city on the west side across Broadway was taken out entirely and several feet of the street washed away.

From this point down the street the damage increased. With the abutments gone, the waters swept in under the corner of the Kilburn building and took out so much of the ground that the southeast end of the structure fell in, and that portion formerly occupied by the Miway pool room might be said to be a total loss. Mr. Kilburn was not able to give any figures yesterday, but \$2,000 would probably be a reasonable estimate, as the ground is useless, and the work of tearing down the building is under way. Some small buildings owned by the Porter estate and occupied by Chinese laundrymen, suffered a like fate.

On the east side the waters cut in in front of the old Porter & Crawford building owned by Judge C. Bennett, and the front wall fell into the street. The building has not been occupied for several years past. The water main across Main street was broken off, and the people of that portion of the city are consequently without water until Superintendent Nichol gets matters shaped up.

While the flood was coming down quite a little excitement prevailed. Those living in the vicinity were up and about, and persons thought to be in danger were aroused and advised of the situation. Many business men came down town from their homes and waited until the worst was over, fearing a repetition of the scenes of July, 1895, when nearly every mercantile house in the city suffered loss. Several heads of cattle were drowned, it being estimated by those on the ground that not less than nine were swept down Main street. A heavy flow of water also came down from Chloride Flat, but besides filling in Yankee street with rocks and loose sand, did no harm. There was but little water on Bullard street, the business thoroughfare, at any time during the rain.

The actual amount of damage was small, but it is the condition which confronts the people as to the future that is serious. During the last two years, the city officials have expended something like \$5,000 in putting Main street into what they considered proper shape, and the result of their efforts were obliterated in a single night. At present there is no way of crossing the street from one portion of the city to the other and this is one of the first problems to be solved. In this connection, it was fortunate that the new

steel bridge has never been placed in position, as it would certainly have been carried out. City Clerk Betts, with his usual thoughtfulness, had the iron work removed to a safe place several days ago, so that it is intact. It seems to be the consensus of opinion that the only thing to do is to erect a large breakwater at the lower end of the street, as the experience of former years has demonstrated that this is much more of a protection than any of the later methods. The large breakwater erected by the city at the lower end of the street, in front of the Harry store, was also washed away.

The city council has a proposition to confront which it will require time and money to solve, but the gentlemen composing that body will undoubtedly prove themselves equal to the emergency. For the present, temporary makeshifts will have to be employed to save the property now endangered, and if this season can be gotten past without further damage, something substantial will surely be done before another year. As it is now, however, another flow of water similar to that which passed down Sunday night would result in very heavy loss.

The banks of the gulch were in very treacherous shape yesterday, and City Marshal Brent found it necessary to rope off the sight-seeing crowds so that no accident would occur. All day long Main street was filled with curious people, looking at the work of the angry waters.

The Rain General.

From all over Grant county comes the same story. Sunday night's rain extended all over the county and was a steady downpour all night long. Harold Smith, who came in yesterday afternoon from his ranch on the Upper Gila, says that the Mimbres river was out of its banks and resembles the Mississippi more than the staid old Mimbres. William Bates is in from the western portion of the county and reports a similar condition of affairs with reference to the Gila. There were floods at Fierro, Hanover and Santa Rita, but no damage done. The cattlemen are jubilant and say that the rain means an end to drought conditions and a good range for the remainder of the season. The average rainfall over the county seems to have been from three to five inches. All over the county roads are in more or less bad shape as the result of washouts.

DAMAGE AT CENTRAL.

Heavy Floods also Visit That Section of Grant County Last Night.

Central, N. M., Aug. 11.—Central was visited by one of the heaviest rains and worst floods in its history Sunday night. Whitewater creek was a raging torrent, and the only wonder is that more serious damage did not result. As it was, the fence on the lower side of the Murray Brothers store building was swept away, and also a part of the hay warehouse. The delivery wagon, which was standing in the store yard, was picked up and carried off, and up to this writing the full gate is all that has been recovered. The dam at the Fort Bayard military sanitarium was taken out by the waters.

At the Link ranch at Lone Mountain the water was three feet deep in the houses.

At Gold gulch a part of the buildings on the A. A. Hamilton place were washed away.

LIGHTNING'S PRANKS.

Mrs. Scofield has Narrow Escape from Serious Injury at Pinos Altos.

Pinos Altos, N. M., Aug. 11.—During Thursday's storm, lightning struck the home of J. L. Scofield, in Pinos Altos, and Mrs. Scofield had a narrow escape from serious injury.

The bolt came down through the kitchen, centering on the stove and glancing from that to the wood box standing near by. The box and its contents were torn into splinters. Mrs. Scofield was working in the kitchen at the time and was only a few feet distant from the box of wood, not over a foot and a half. She was knocked down and rendered unconscious by the shock, but fortunately sustained no lasting injury. The damage to the house was small.

A few days prior, lightning struck a large tree within a hundred feet of the mess house on the Mountain Key mine. Sunday night's rain is said by old residents of the camp to have been the heaviest within their knowledge. It commenced raining shortly after 9 o'clock Sunday evening and poured

down steadily until daylight yesterday morning. Fully five inches fell. Aside from some damage to the roads leading into the camp, no harm resulted.

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder.

Going to Santa Fe.

Col. J. Francisco Chavez, territorial school superintendent, wife and daughter, passed through the city this morning, en route from Progresso, (Col. Chavez' Valencia county ranch), to their home at Santa Fe. Colonel Chavez says that the Santa Fe Central people have a telegraph station within a short distance of his ranch, and that it makes life on the ranch worth living.

Another convenience experienced by Colonel Chavez through the advent of railroads in eastern Valencia county, is that he can get from his ranch to his home at Santa Fe by driving twenty miles to the Rock Island and go around by El Paso, instead of driving ninety miles across country in a wagon. Good rains have fallen in eastern Valencia county and pastures are looking fine.

It's Just a Cough

that gets your lungs sore and weak and paves the way for pneumonia or consumption, or both. Acker's English Remedy will stop the cough in a day and heal your lungs. It will cure consumption, asthma, bronchitis and all throat and lung troubles. Positively guaranteed, and money refunded if not satisfied. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

OFFICIAL MATTERS.

Notary Appointed—Station Plat Filed—Land Office Business.

UNION COUNTY BULLETIN.

Governor Otero appointed John L. Van Doren, Bluewater, Valencia county, a notary public.

Station Plat Filed.

The Chicago, Rock Island & El Paso railway have filed in the land office a plat of station grounds in Guadalupe county, about twelve miles east of Santa Rosa.

Land Office Business.

Coal Declaratory Statements: Effie M. Rishworth, Golden, 160 acres, Bernalillo county; N. B. Bailey, Corralitos, 160 acres, Bernalillo county; W. H. Barnes, Cerrillos, 160 acres, Bernalillo county; W. A. Brown, Cerrillos, 160 acres, Bernalillo county; L. G. Brown, Cerrillos, 160 acres, Bernalillo county; J. C. Bridge, Cerrillos, 160 acres, Bernalillo county; George A. Saint, Santa Fe, 160.24 acres, Bernalillo county.

Bulletin of Union County.

The bureau of immigration has just issued a very neat, instructive and illustrated bulletin on the resources, climate, conditions, etc., of Union county. Five thousand copies of the bulletin have been printed which will be distributed by the leading citizens of the county, by the passenger department of the Colorado & Southern railroad and by the bureau. The bulletin can but do Union county great good and attract attention to its magnificent natural resources.

Meeting of Base Ballists.

A meeting will be held at 8 o'clock tonight at the offices of Miller & Magoffin, 105 South Oregon street, of those who subscribed to the fund to send a strong El Paso base ball team to the Albuquerque fair.

An executive committee will be selected and a manager will be chosen to get the team together and to handle it.—El Paso News.

Camp Birnie Items.

J. M. Moore and family spent Sunday at the camp.

J. Manley, of Philadelphia, is a new arrival. Messrs. Kennedy, Ames and Van Wagen were at the camp Wednesday on their way to Chillum.

Dr. J. H. Sollier and H. Redak have returned to Albuquerque from the camp.

"DIAMOND ICE."

Gilman will make another shipment of carpenters to Dawson on Sunday.

"DIAMOND ICE."

CLASSIFIED ADS.

Note—All classified advertisements or rather "liners," one cent a word for each insertion. Minimum charge for any classified advertisements, 15 cents. In order to insure proper classification all "liners" should be left at this office not later than 3 o'clock p. m.

WHALEBONE ROADWAGON

It is superior to ordinary vehicles in every quality. Drivers generally favor Pneumatics for their maximum comfort and stability. Arguments against them are unavailing to those who have had experience with our first-class one, and not with the cheap kind. We've always built with the absolute business policy, "what is best, done, lasting, and have yet to have one of our wagons quoted as a failure."

J. Korber & Co., ALBUQUERQUE, NEW MEXICO.

THE OLD GOVERNMENT WHISKEY

FOR FAMILY USE, CONVALESCENTS AND INVALIDS.

Used in the Medical Department of the United States Army and Navy Service, recognized as the purest stimulant in the market. Recommended by the best medical authority in the land.

CONTEST IN SIGHT.

Several Claimants to a Piece of Land in Tijeras Canyon.

Ex-City Attorney Horton Moore has returned to the city from his camp near Whitcomb Springs and is searching for authorities on contest land claim cases. Mr. Moore has located a forty-acre placer mining claim in Tijeras canyon. Professors Hodgkin and Tilt of the University of New Mexico have a claim on the same property. A very fine quality of building stone is found on the property in question, and with the Albuquerque Eastern running through Tijeras canyon it will become valuable. Both claimants are doing assessment work on the property.

Colored People's Fair.

Chicago, Ill., Aug. 14.—One of the biggest charity bazaars ever held in Chicago is the Middle States and Mississippi Valley Exposition which opened in the First Regiment Armory today under the auspices of the colored people of Chicago. The exhibition includes an elaborate and comprehensive display representative of the progress of the negro race. The affair will continue one month and the proceeds will go toward the endowment of a home for aged and infirm colored people. Governor Cummins of Iowa, Governor Yates of Illinois and other men of prominence have promised to deliver addresses at the affair during the month.

Webster Centennial.

Fryeburg, Me., Aug. 14.—One hundred years ago Daniel Webster was a teacher in the village school of Fryeburg and today interesting exercises were held under auspices of the local historical society to celebrate the centennial. Distinguished judges, educators and other public men gathered from all parts of Maine and from Massachusetts and other states as well, to take part in the observance. Senator Frye delivered the oration of the day and Congressman Littlefield and others made addresses on the life and public service of America's famous orator and statesman.

Racing Begins at Kinloch.

St. Louis, Mo., Aug. 14.—The Kinloch race track never looked better than it did today at the inauguration of the fifteen days' meeting. Under the new management extensive improvements have been made and the patrons found the stables, grand stand and betting shed in thorough repair and bright with fresh paint. The stables are filled with fast horses from many parts of the country, including several well known strings, and with favorable weather the meeting promises to be highly successful.

To Investigate Lens Making.

New York, Aug. 14.—I. F. Fischer, president of the Board of United States General Appraisers, was among the passengers sailing for Europe today on the August Victoria. Mr. Fischer has been authorized by the Treasury Department to investigate the cost of production and other details of the manufacture of lenses. He will visit Paris, Berlin and London and also spend considerable time in Bohemia, where he will look into the cost of certain kinds of rare chinaware.

Alabama Republicans Active.

Montgomery, Ala., Aug. 14.—At a conference held here today preliminary steps were taken looking to the organization of a state league of republican clubs. The object of the league, as outlined in the call for the conference, is to unite the republicans of Alabama in concerted action to build up the party. The new organization will probably have a representation at the approaching meeting at St. Louis of the National League of Republican clubs.

Work on Pyrites Road Begun.

Birmingham, Ala., Aug. 14.—Active work has been begun on the extension of the Louisville & Nashville railroad from Talladega into Clay county. The road will touch the gold fields of Talladega and Clay counties and open up the extensive pyrites deposits in that locality. The extension will be 25 miles long, and it is thought the pyrites will keep the line busy.

Murder Trial.

Fair Play, Colo., Aug. 14.—The second trial of July Baker, charged with having murdered Uplide Vallie, a ranchman, in October last, resulted today in a verdict of murder in the second degree. Mrs. Vallie is under indictment as accessory to the crime. Baker was a hired man on the Vallie ranch. Vallie was beaten to death with a club.

Callao Celebrates Coronation.

Callao, Peru, Aug. 14.—The coronation of King Edward was celebrated here today with athletic sports, games and other festivities. Special services were held in the Anglo-American church and the British flag was freely displayed in the streets and other public places.

HILLSBORO TRAGEDY.

Husband's Suspicions of Wife Verified—Shooting the Result.
 Two pistol shots, between 9 and 10 o'clock Saturday night, announced to our usually quiet community the termination of a domestic tragedy. For some time past, it seems, that Manuel Stapleton has suspected that his wife's affections were being absorbed by one Melquiades Martinez. A day or so before the climax occurred, Stapleton informed his wife that he was going away to be absent for four days. He departed. The lovers met. Stapleton returned two days before the scheduled time. He laid low. When the mantle of darkness had settled over

What Is the Use

of suffering from indigestion if you eat what you want, or of starving yourself to avoid such distress? Acker's Dyspepsia Tablets taken after eating will digest your food perfectly and free you from all the disagreeable symptoms of indigestion and dyspepsia. Eat what you want at any time and take an Acker tablet afterward. Positively guaranteed. Your money will always be refunded if you are not satisfied. Write to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

the land he approached his home. All was darkness within and without. All was still. Doubt! Suspicion! The door was fastened. Finally a glimmer of light struggled through the door. It was light from a match struck by Martinez lighting his cigarette, and who was standing beside the woman's bed. Stapleton kicked the door in and made a rush for Martinez who made for the back door, but he was thrown to the ground by his pursuer, when a struggle for life ensued. Stapleton had Martinez down and was preparing to pulverize him when a six-shooter was introduced into the game, (supposedly by Martinez), a shot was fired and a bullet tore its way through the flesh of Stapleton's left side. Finally Martinez broke away from his antagonist, leaving the revolver in possession of Stapleton, who took two ineffective shots at the man as he disappeared in the darkness. Stapleton had a close call, the bullet entered the left side, in perfect line of the heart, coming out about three inches from the point of entrance, causing an ugly flesh wound. Martinez could not be found that night, but he came in quietly Sunday afternoon and gave himself up to Sheriff Robins. Martinez was given a preliminary hearing before Judge Smith on Monday and was bound over in the sum of \$200 to put in his appearance at the next term of district court. Martinez furnished the required bond. Mrs. Stapleton is connected with some of the best Mexican families in this county.—Hillsboro Advocate.

LOCAL PARAGRAPHS.

The Woodbury mill in the Cochiti district started to work this morning with tons of ore in the bins.

J. J. Booker and wife are here as the guests of N. M. Rice and wife. The visitors hail from Temple, Texas.

Fred Hamm left this morning for the Cochiti district, where he accepts a position with the mill company at Woodbury.

E. M. Sanjule, division master mechanic for the Santa Fe road at the Gallup shops, left this morning for the Jemez hot springs, where he will take the baths for a few weeks.

A business meeting of the Woman's Christian Temperance Union will be held Friday afternoon at the home of Miss Munson, 1415 West Railroad avenue.

A private dance of young people took place at the Orchestra hall last night. Mesdames Shoemaker and Ward acting as chaperones. Mrs. E. H. Sudarth, of California, was special guest of the party.

There is on display at M. Mandell's clothing store, Railroad avenue, a fine picture of the Quien Sabe marching club, taken by Photographer Butman on the arrival of the train from El Paso a few days ago.

Peter Kitchen and family, who are here from Gallup, did not get away for the Jemez hot springs this morning as they intended, owing to the stage being crowded. They hope to be more fortunate tomorrow morning.

Telegrams from the local members of the Quien Sabe marching club all give the information that they are having a royal good time at Salt Lake, and are keeping up their reputations for generosity and "hale fellows well met."

F. W. Hamm, Sr., who was sick a month or six weeks, has so far recovered as to be able to report for duty. He is the bookkeeper at "The Phoenix" dry goods store and stated this morning that he would be on deck at his desk Monday morning.

CROP BULLETIN.

Reports of Correspondents From Various Sections of New Mexico.

GOOD STEADY RAINS.

United States Department of Agriculture, Weather Bureau, Santa Fe, N. M., Aug. 12.

The past week marks a decided improvement in stock and crop conditions. Nearly all sections have been visited by at least one good shower, while many localities have been blessed with a good, steady rain which has thoroughly relieved the drought, at least for the time being. On the 5th heavy rains occurred over the extreme northeastern counties and thoroughly broke the drought for that section, but the storm was accompanied by such a heavy fall of rain in some localities, and locally severe hail, that many sheep were killed by the hail stones or drowned and flocks were scattered and lost on the ranges, sustaining further loss from coyotes. Advices indicate that rains of 10th and 11th were general over all central sections, and will prove of the greatest benefit to these sections, many of which have had no appreciable rain for some weeks, and even several months. A few more showers will, as a general rule, assure good fall and winter feed on nearly all the ranges. Considering the long drought stock as a rule has kept in fair condition, and a rapid improvement is confidently expected. The rains have come rather late to make much improvement in crops now ripening in central and northern sections, such as wheat, barley, oats, peas and beans, but the alfalfa now coming will be greatly benefited, as will later fields of the crops mentioned. Ripening fruits are expected to be greatly improved by the recent moisture.

The following remarks are extracted from the reports of correspondents: Albert: H. M. Hanson: A good rain at last. With a few showers at intervals good winter range would still be assured. Third alfalfa has been cut, but the crop was light and premature. Highest temperature, 103; lowest, 59; rain, 1.75.

Arabela: A. M. Richardson: Several showers the first part of the week, but hot and dry since. Corn is suffering greatly and will not be much of a crop. Highest temperature, 90; lowest, 54; rain, 0.19.

East Las Vegas: John Thornhill: Good rain on the 5th somewhat relieved drought, but not enough to do much good. In this section all farm crops will fall below 50 per cent. The river and ditches are still dry. Range grass looks very badly and water holes are about all dry. Threatens rain every day.

El Rito: P. Lopez: Very warm weather and no rain. Water is getting very scarce. The river has never been so dry.

Folsom: Jackson Tabor: Good rains on the 5th have greatly improved the conditions. Three miles below here the storm was in the nature of a cloudburst, about three inches of rain in as many hours. The range is looking fresh and green, and with a few more showers winter feed is assured. Highest temperature, 92; lowest, 50; rain, 0.74.

Hood: R. A. Hood: The drought is still unbroken but there is plenty of water in the river and ditches. The warm weather is benefitting the corn. A good yield of second alfalfa is being put up. Heavily loaded peach trees have suffered some from the high winds.

Laguna: Gus Weiss: At this writing (10th) it is pouring rain, with evidences of continuing it for some time. The rain comes in the nick of time to save crop and stock interests of this section.

La Luz: Ernest S. Swift: No rain since the 28th of July; temperature 92 in the shade and going higher.

Los Alamos: Wm. Frank: Heavy rains on the 5th, with a very cold hail, just about finished up what was left of the crops. Reports from the range show improvement. Wheat is being cut, and some green oats.

Mesilla Park: R. H. Hart: Two good rains during the week and all vegetation has made a rapid growth. Third alfalfa has been somewhat benefited. Tomatoes are ripening and chile is on the market. Highest temperature, 102; lowest, 61; rain, 1.82.

Miera: Francisco Miera: A disastrous drought until the 5th, and fears were entertained for winter feed. The heavy rain on 5th accompanied by severe hail killed over 2,000 sheep, and scattered the flocks over the prairies where many more were killed by the coyotes.

Ojo Caliente: Antonio Joseph: There have been only three showers in this valley this summer, and these were not heavy enough to be of appreciable benefit. The rains have been more frequent in the mountains, and have furnished irrigation water. Wheat, oats and peas will yield about half an average crop. Second alfalfa was fairly good. Stock generally remain in fair condition. Highest temperature, 92; lowest, 65.

Santa Fe: U. S. Weather Bureau: Cloudy weather with light showers during the week, but the drought was not relieved until the good steady rain beginning Sunday (10th) night and lasting the greater part of Monday. All vegetation presents an improved appearance, especially corn on temporal lands, which was getting badly wilted. Ripening fruits, such as plums, peaches, will be greatly benefited by the rains. Highest temperature, 91; lowest, 61; rain, 0.45.

Silver City: Chas. H. Lyons: Light

showers on the 8th, but not enough to do much good. No change during the month, excepting possibly a little more grass now.

Watrous: M. C. Needham: The two inches of rain on the 5th relieved the drought in this section. Highest temperature, 92; lowest, 53; rain, 2.00 inches.

Weber: E. H. Biernbaum: A fine, steady rain on the 5th from 4 p. m. to past midnight. Gardens and orchards are in fine condition. Irrigated crops will make about a normal yield, excepting wheat, which is too far matured. The prairies once more appear green, and stock of all kinds are improving.

Woodbury: A. J. Woodbury: Two good crops of alfalfa were cut in this neighborhood, but the third crop has been damaged by the grasshoppers. Highest temperature, 102; lowest, 53; rain, 0.18.

R. M. HARDINGE, Section Director.

A World Wide Reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all druggists.

Sixteenth District of Illinois.

Peoria, Ill., Aug. 14.—The democrats of the Sixteenth district are in convention here today for the purpose of nominating a candidate for congress. Several names are mentioned in connection with the honor and the result is problematical.

To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I did so, and words cannot tell the good that it did for me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

SANTA FE.

From the New Mexican. Some unruly boys are in the habit of bathing in the small reservoir of the Water and Light company. The company should take prompt measures to stop them.

C. C. Rosewater, business manager of the Omaha Bee, is expected to arrive in the city to visit Mr. and Mrs. H. T. Warner, Mr. Warner being his brother in law.

The local Elks lodge has placed an order for regalia and uniforms and when received in turning out on public occasions the members will make a very handsome appearance.

A. J. Fischer, wife and daughter returned from Bland, coming overland. Mrs. Fischer and daughter have been visiting friends in that section for the past week or two, and Mr. Fischer went Monday to accompany them home.

William W. Atchison, in the county jail on the charge of murder and who was allowed bail in the sum of \$10,000 by Judge McFie on Monday last, has not yet been able to secure the required bond and is therefore still in custody.

Petitions are being circulated asking the president of the United States to order the turning over of the Fort Marcy reservation in this city to the city of Santa Fe and it is understood that the city authorities, if such is done, will turn the property over to the city board of education for educational and school purposes. The petitions are receiving quite a number of signatures.

Ireneo L. Chaves says that in his recent trip through Valencia county from San Rafael to San Mateo he found the country as dry as a bone. The San Jose river was entirely void of water. But he says as he was boarding the train at Bluewater yesterday torrents of water were coming down the valley, the effects of a cloudburst in the mountains.

LEARN HOW

To Feed Yourself Skillfully.

It is easy to use good food and get well and keep that way, but a person must go about it.

A lady says: "I had a dreadful time of it before I learned how to feed myself properly. I suffered with stomach trouble for about ten years and finally got so bad that terrible pains would set in, followed by nauseating sickness in the stomach and bowels."

"Sometimes I would bloat up and would have to lie flat on my back. My stomach finally got so bad that it would throw up everything I ate and, of course, I lost weight and strength very rapidly. I became pale. Blood was out of order and I looked like a skeleton finally."

"One day neuralgia set in in the stomach and liver and I went right down to death's door. I got so bad that even warm water was thrown off the stomach which would hold absolutely nothing until I began taking Grape-Nuts in small quantities."

"My father had been accustomed to Grape-Nuts and knew of the value of the food and began giving it to me. I immediately began to improve, and the stomach retained the food and digested it. I gradually grew wiser of all now I can eat a hearty dinner of almost anything. I have gained thirty pounds in weight. My brain is clear, skin beautifully white, and my eyes as bright as crystal where I used to be sallow and with lack luster eyes. I owe everything to Grape-Nuts. Please do not publish my name." Name given by Postum Co., Battle Creek, Mich.

A WARRIOR DEAD.

One of the Last Survivors of the Cebolleta Indian Fighters Gone to His Grave.

FEW HISTORICAL FACTS.

In 1804, the settlement of Cebolleta, what is now Valencia county, was founded by thirty families from the valley of the Rio Grande. The land taken up was very fertile and the surrounding country was very inviting for sheep raising. The Spanish colonists were headed by Don Jose Manuel Aragon, Don Domingo Baca, Don Jose Sanabria and others. The new settlers soon found that they had established their home in the very midst of the Navajo country and from the very beginning they suffered attacks from the Navajo and Apache Indians, and in the course of a very few years only the bravest of the colonists remained. In 1808, the Navajos in great numbers invested the village which was surrounded by a high wall and laid regular siege to the town, determined to exterminate the settlers. The siege lasted a number of days, when the Indians made an effort to set fire to the town. They had prepared hundreds of balls of pitch which they lighted and commenced in the night to throw into the town. The Spaniards were hard pressed and the man at the top of the gate was finally shot by an Indian, when the Indians rushed to open the gate. To do this it was necessary to get inside the town wall. When the sentinel fell an Indian climbed the wall and was about to unbar the gate when a woman by the name of Maria Antonia Romero, the great-grandmother of the late Roman A. Baca, struck him on the head with a metate and killed him. By that time a number of colonists had arrived at the gate and drove the Indians back. And after a great many hardships the settlers succeeded in driving the Indians from that vicinity. The men who defended the town so gallantly against such great odds, and who afterwards fought the Apaches and Navajos for many years in many a hard battle and bloody encounter, became known and renowned on account of their success and courage as the Cebolleta warriors. And the name of the Cebolleta warriors became famous all over the territory.

One of the last of these warriors, Manuel Saadreda, died in Cubero one day last week. He was a very old man, and was one of the faithful lieutenants of the late Roman A. Baca, one of the most distinguished Indian fighters of his day. This man was commonly known in that section of the country as "El Manoshe." He accompanied Captain Baca in all of his campaigns, and was considered a very brave and trustworthy man.

All the members of the Saadreda family distinguished themselves for courage and bravery in the Indian wars. There is one brother left. His name is Justo A. Saadreda, and he is now about 95 or more years old, and is still a resident of the town of Cubero, in Valencia county, which was settled in 1830 by a colony from the Rio Grande valley in the vicinity of Belen, the colonists being led by Don Francisco Tarraceno, a noted, bold and intelligent man and intrepid soldier.

His Sight Threatened.

"While picnicking last month my 11 year old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended De Witt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin disease, cuts, burns, scalds, wounds, insect bites, De Witt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. B. H. Briggs & Co. and J. H. O'Reilly & Co.

DEMING.

From the Herald.

A large number of railroad ties came down with the Memphes flood last night.

Scott Kellarney and mother, health seekers from Indian Territory, are in the city.

Messrs. A. J. Clark, J. N. Upton and S. Lindauer are at Bisbee helping remove that smelter to Deming.

Hackman Wardwell did a hand office business all last evening taking people out to see the big flood on the Memphes.

One of the prettiest herds of Angora goats in the territory is that owned by the Gasoways, at Cooks. There are 800 head and many fine thoroughbreds among them.

Manager James E. Irvine has the Deming opera house and stage strung with electric lights and in excellent trim generally, preparatory to the opening of the show season next month.

Died, August 5, Mrs. C. W. Cook, beloved wife and mother, whose husband is one of our best known ranchmen. Three children are also left to mourn her loss. The bereaved ones have the sympathy of all.

The heaviest rain of the season occurred in these parts Sunday night. Silver City was flooded and suffered some damage. The railroad between Whitewater and that town is badly washed out and trains stopped. An immense flood came down the Memphes threatening for a time to wash away the Santa Fe railroad bridge east of Deming.

A meeting of republicans is called in Deming on Saturday, August 16, at 2 p. m., for the purpose of naming chair-

THE FIRST STEP

to baby's health must be taken before baby's birth. The child can have no more health than the mother gives it. A healthy mother, strong of body and cheerful of mind, will endow the child with her own physical health and cheerful disposition. Many a wife who had dreaded motherhood, because of past experiences of prenatal misery of mind and body has found a new era open to her with the use of Dr. Pierce's Favorite Prescription. It gives physical strength, soothes the nerves, and induces refreshing sleep. It gives vigor and elasticity to the organs of maternity, so that the birth hour is practically without pain or suffering. It enables the mother to provide a plentiful supply of healthful nourishment for the healthy child. It makes weak women strong and sick women well.

There is no alcohol in "Favorite Prescription" and it is absolutely free from opium, cocaine, and all other narcotics. Sick women are invited to consult Dr. Pierce by letter or in person. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I gladly recommend Dr. Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, Mills, Northumberland Co., Virginia. "Before my third little boy was born I took six bottles. He is the finest child and has been from birth, and I suffered very much less than I did before his confinement. I unhesitatingly advise expectant mothers to use the 'Favorite Prescription'."

Dr. Pierce's Pleasant Pellets are a pleasant and effective laxative medicine.

men of the several precincts and to select two republicans to represent Luna county at the meeting of the territorial committee at Albuquerque August 22. The meeting is called by Thomas A. Carr, R. G. Clark, E. Pennington and W. H. Greer.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

WHITE OAKS.

From the Eagle.

The Old Abe clean up last week was a dandy.

Judge M. H. Bellomy returned from a few days trip to Nogal.

Wm. Watson and family have gone to White mountains fishing.

The Old Abe company turned lose about \$12,000 among the miners here Monday.

Miss Effie Hicks spent last week visiting her sister, Mrs. Elbert T. Collier, in this county.

Mrs. Edward Queen, nee Miss May Lee, has been very sick for several days, but is now reported as much better.

S. M. Wharton, J. W. Smith, John A. Haley and family and Miss Effie Hicks have gone to Bonito to spend a week fishing.

W. F. Glenn has purchased the Avenue barber shop, White Oaks, from Charles Adams, of San Angelo, Texas. Mr. Adams is going to locate at Alamogordo.

The republican county convention is called for Monday, August 18, at Lincoln. This is the Monday following the democratic convention, which has been called for Saturday, August 16. J. W. Smith, James Lee, Edward Queen and A. C. Wingfield have located a very promising claim near the Apex of Baxter mountain. The north side of this claim joins the South Homestake mine. The claim shows some very rich pinnings at the surface. The boys are doing their assessment.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee. It will cure chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Kokomo Man the Nominee.

Lebanon, Ind., Aug. 14.—The democratic congressional convention of the Ninth district in session here today named Judge J. L. Kirkpatrick of Kokomo to make the race against Congressman Landis of Delphi.

Shatters All Records.

Twice in hospital, F. A. Gullidge, Verbana, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues inflammation, conquers aches, kills pains. Best salve in the world. 25c. at all druggists.

Railroad Topics

The Rock Island is making its commercial agents division freight agents.

The Missouri Pacific has ordered fifty locomotives from the American company.

The Rio Grande has ordered 750 dump cars, 500 of them to be for handling coke.

Heads of the brotherhoods are endeavoring to get all Erie employees into the unions.

Work will begin early in the fall, it is said, on the Omaha Northern, to be built from Omaha to Sioux City.

C. H. Flaherty, the base ball player, has accepted a position as brakeman on the south end out of Las Vegas.

The roads have made for September and October a colonial rate of \$33 from Chicago to Pacific coast points.

Brakeman Shepherd has been given a regular way car with Conductor Rhodes, relieving Brakeman McMillan, resigned.

Plans for the Santa Fe terminus at Pittsburg will be approved in a few days. They include a handsome ten-story office building.

Workmen will soon begin building a road from Grand Island to Lincoln, 100 miles, through the richest agricultural section of Nebraska.

The New England Copper company is to build from Clifton, Arizona, to its mine. The road will be called the Arizona & Southwestern.

T. P. Cullen, formerly with the Northern Pacific in Helena, has been appointed superintendent of the Clark road.

It is said that the Union Pacific plans to build many new and artistic depots. Contracts have already been let for stations at Fremont, Neb., and South Omaha.

It is said that work will soon begin connecting the Burlington and Great Northern by building an extension of the Burlington from Schuyler, Neb., to Sioux City.

The Denver limited on the Burlington collided with a freight just out of Kansas City on Sunday, demolishing both engines and severely injuring the engineer and fireman of the freight train.

Dispatcher R. C. Harden has been assigned to temporary work at Raton and will be accompanied from Las Vegas by his wife, who has just been informed of the death of her father at Waterloo, Iowa.

The Colorado & Southern has ordered three baggage cars in addition to other equipment to be made by the Hicks company. The road also has an order in for three passenger and twelve freight engines.

S. C. Kelly, one of the two only remaining boilermakers who worked at the Santa Fe shops in San Bernardino during the strike drew his time and boarded the train for Los Angeles. He quit of his own accord.

There is a rumor in the east that P. S. Eustis is to resign as general passenger agent of the Chicago, Burlington & Quincy and that Charles F. Daly, assistant general passenger agent of the Lake Shore, will be his successor.

Clarence T. Cammer, station agent at Bee, Neb., for the Fremont, Elkhorn & Missouri Valley road, died at the Las Vegas Ladies' home at 1 o'clock yesterday morning. He is survived by a wife and an infant son. The remains were shipped to Seward, Neb., for burial.

Thomas A. Martin, who for the past twenty-four years has been employed in the Santa Fe carpenter and bridge building department and as a clerk in the pattern shop in Topeka, died in that city a few days ago at the age of 68 years.

Vice President and General Manager Russell Harding, of the Missouri Pacific-Northern, left St. Louis for New York to attend the terminal meetings and to confer with President Gould on affairs of the Gould lines west and south.

The work of constructing a railroad from Wybank, Mo., to a point intersecting the Stevens Guthrie line of the Missouri, Kansas & Oklahoma railroad has begun at a point three miles from Wybank. There are now 30,000 ties in the yards at Wybank.

Employment agencies in all the towns of the southwest are advertising for men to work on the grades of new railroad lines, or on repair to roadbed. All the roads are badly in need of men on the grades. Bridgemen are in demand and almost any able bodied man can find employment.

J. D. Mansfield, general agent of the Rio Grande in Portland, Ore., has been appointed general agent of the passenger department in San Francisco, vice P. W. Thompson, resigned. W. C. McBride, general agent in Butte, succeeds Mr. Mansfield and G. W. Fitzgerald, of Salt Lake, takes Mr. McBride's place.

The Topeka State Journal says: A. T. Parfitt, foreman of the boiler shop, and James Hogan, holding a like position at Fort Madison, Iowa, constituted a committee which has just completed a trip east in the interests of the Santa Fe. They were appointed to get a list of portable tools such as the company uses in its shops for boiler work, which can be referred to at times in the future when purchases of the same are to be made. Their duties kept them in the east about a

month. James Madden, foreman of the San Bernardino boilermakers, was also to have served with Mr. Parfitt and Mr. Hogan, but the disaffection among his men made it impossible for him to do so.

Harry Wilkinson left last night for San Francisco. He was a machinist in the local railway shops.

One day last week the Pennsylvania had fifty miles of loaded freight cars sidetracked along its line awaiting relief of the congestion of the road.

W. Wenborne, of Kennedy, an employee of the Santa Fe Central, has been in Santa Fe some time, having his eye treated by Dr. Popplewell. There was an ulcerous affection of one of his eyes which made it necessary to remove the eye. This was done, and the patient is now getting along very nicely.

The railroaders of this country will most likely take more interest in Emperor William when it is known that they are contributing about \$150,000 a year to his private income. The emperor has \$3,000,000 invested in American railway securities, and the boys cough up \$12,500 a month to keep him in beer and pretzels.

Division Superintendent Fox has received for bridge and track inspection a gasoline motor car, capable of carrying three passengers comfortably. It was tested by him and M. R. Williams, the bridge superintendent, on the Las Vegas hot springs branch Sunday, and a speed of thirty-five miles an hour attained for a short distance.

"I had diabetes in its worst form," writes Marion Lee, of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."

Back to His Train.—O. W. Howard, of Paris, Texas, a Frisco conductor, was appointed trainmaster of the Red River division a few days ago. He has declined the appointment and has returned to his regular run as a conductor. Many instances are known of conductors declining appointments which have come to them after many years of service, and several instances of conductors accepting promotions only to return to their passenger runs after a short time. The fascination of running a train is said to be hard to overcome after a few years of service.

It Needs a Tonic.
There are times when your liver needs a tonic. Don't get purgatives that gripe and weaken. De Witt's Little Early Risers expel all poison from the system and acts as tonic to the liver. W. Scott, 521 Highland avenue, Milton, Pa., says: "I have carried De Witt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. B. H. Briggs & Co. and J. H. O'Reilly & Co.

The Highest Railway.—The distinction of climbing the highest altitude, by any road in the world, now belongs to the Oroya railroad, or Ferrocarril Central del Peru, which extends from the Pacific coast at Callao to Oroya, Peru. This line has just been completed at a cost of \$43,000,000, and was built by Messrs. Meigs & Thorndike, well known American railroad capitalists. It is only 138 miles long and is one of the most wonderful and costly railway engineering feats ever accomplished anywhere. It has a 4 per cent grade and though the road starts at the sea level, yet by the time it reaches 106 miles in the mountains of Peru, it attains an altitude of 15,665 feet, being higher than the point of Pike's Peak in Colorado, where it goes through the Galera tunnel, which is one and a half miles long. Half way through the center of this tunnel is the great divide, as the waters running from the eastern mouth of the tunnel find their way to the Atlantic ocean and those running from the western end flow to the Pacific. The Galera tunnel is in the region of perpetual snow. The road is standard gauge and is equipped with American cars and locomotives. The average speed of operating trains is fifteen miles per hour. Almost the entire route is zigzag through a series of tunnels and over high ridges. At some points the "switchback" is used to save circuitous climbing.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headache. 25c and 50c. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free samples. J. I. O'Reilly & Co., and B. H. Briggs & Co.

Quick Relief for Asthma Sufferers.—Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. —Alvarado Pharmacy.

SEVERE CRITICISM.

Coroner's Jury Scares Santa Fe Coast Line Officials.

DECAPODS SMASH CARS.

Severe criticism for the officials of the Santa Fe road and the system of switching employed at the scene of the recent wreck at Coomb's Siding, Cal., was meted out by the coroner's jury which had before it the consideration of the causes of the disaster.

The wreck occurred through some mistake in orders on the Redondo line on August 3. Two Santa Fe trains crashed together and H. E. Gardner, a brakeman, was killed. The verdict of the jury was as follows:

"We, the jury, find that said H. E. Gardner came to his death as the result of a collision between two Santa Fe trains on the Redondo line of the Santa Fe Railway company on the evening of August 3, 1902, at Coomb's siding.

"And we further find that said collision was contributed to by negligence on the part of executive officers of the Santa Fe Railway company, together with the night yardmaster of the Santa Fe yards at Los Angeles, the foreman of the Santa Fe switching crew then working at Coomb's siding, and the engineer of the Santa Fe engine No. 6213.

"We further find that certain methods of switching in use in the immediate past within and outside of said yards merits severe criticism.

"We commend the action of Switchman James Murphy in flagging the north bound passenger train.

"IRVING SAYFORD.

"Foreman,

"CORWIN BORDER.

"WILLIAM G. TAYLOR.

"D. HALL.

"J. BERGER.

"JOHN H. WILLIAMS."

In speaking of the wreck, the San Bernardino Transcript says: Local railroad men are of the opinion that the wrecking crew were working outside of the yard limits on orders from the general yardmaster, who is the agent of the company in Los Angeles. They claim that the bulletin in the Los Angeles agent's bulletin book contained this order until the wreck occurred, and then when they went to look for the order, it could not be found.

The fact of the matter is that all train orders governing the running of trains on the Santa Fe lines, west of Barstow, are issued from the San Bernardino office in the name of the division superintendent. In the San Bernardino yards the rule is that the yard men are perfectly safe to work within the yard limits without orders and they look out for regular trains according to time card. When specials are run and they have work to do on the main line, working orders are always issued by the dispatcher.

Decapods Smash Cars.
The big Santa Fe decapods are smashing rolling stock for the Santa Fe at a shocking rate. The monster engines seem to be too strong. This sort of thing is not likely to add to the popularity of decapods in Santa Fe service.

The latest offender is 989, which went on the warpath near San Bernardino, Cal., last week. A long freight train left San Bernardino with engines 468 and 483 on the front end and decapod 989 pushing behind. As the train was pulling out over the main line the front engines suddenly put on the air to stop at the switch at the main line. The decapod did not realize that the front end of the train was trying to stop, and it kept on shoving along. The result was that two coal cars, one loaded with coal and the other with four handcars, had their backs broken in an instant and their loads were dumped upon the ground. It took the train a full hour to get disentangled from the wreck and then once more proceeded up the hill. At Verdmont a repetition of the yard wreck occurred. The only difference was that only one car was smashed by the mighty decapod. The wrecker was called out to clear up the mess, and the west bound overland trains were delayed several hours.

Henry L. Shattuck of Shellburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

CLAYTON.

From the Enterprise.
Last Monday afternoon Trinidad C. de Bach came in from Ute Creek and placed his horses in Howell Earnest's stable. Some time later in the evening an individual whom the livery man did not know came in and asked for Trinidad's horses to take them to the shop

A Noted Medical Specialist
Speaks for the Benefit of
Hot Weather Sufferers.

He Maintains That PAINE'S CELERY COMPOUND

Is a Banisher of Disease and a
Restorer of Health.

A noted medical specialist—a physician possessing ample wealth—ever ready to acknowledge worth and merit, speaks of Paine's Celery Compound, as follows:

"In summer time, when strength fails, when that tired, listless feeling is experienced from day to day, when the digestive organs are not doing their work properly, when constipation is poisoning the blood, when disease with iron hand takes possession of the body, Paine's Celery Compound will be found a marvelous banisher of disease and a true health restorer."

This strong statement should influence all weak, rundown, and half sick men and women during the hot August weather. This remarkable indorsement of Paine's Celery Compound by an acknowledged specialist should at once convince the suffering and diseased that Dr. Phelps' great medical discovery is what they need to restore perfect health. The thousands of lives fast wearing away can be saved and made happy and useful to families and friends. May Heaven speedily convince the doubting and despondent, and direct them to that unfailing life giver—Paine's Celery Compound.

to be shod. The horses were delivered to him and nothing more thought about it until next day, when Sam Doran inquired from Trinidad about the horses, and was told that he knew nothing about it and that he had not sent any one for them. A search was instituted and on Wednesday the horses were found about six miles northeast of town. But who the person was who took them out, and his purpose, is a mystery.

Joe Herzstein is quite an ingenious craftsman. The other evening he snowed us a crucifix very prettily constructed inside of a half-gallon bottle. This was constructed by himself during his spare moments.

On last Monday, Robert P. Ervin received a telegram that his father was dying. He made preparation to start for the bedside on the next train, but before the train arrived he was advised by wire that his father had recovered and there was no imminent danger.

A Cure for Cholera Infantum.
"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all druggists.

Cattle Confiscated.
Jose de la Luz Garcia undertook to enter thirty-four head of Mexican cattle at this port last Saturday. He had a broker, but he swore to an undervaluation on twenty-four head of them and it is claimed he persisted in it with the result of having that number confiscated and being fined \$225.16.

It is claimed that Garcia says he bought them at \$20 per head in Mexican money and that is the reason he fell into the error of undervaluation. Garcia is trying with the efforts of friends to show that he made the entry of undervaluation ignorantly and with no intention to evade the law.—El Paso Herald.

When Other Medicines Have Failed
Take Foley's Kidney Cure. It has cured when everything else has disappointed. Alvarado Pharmacy.

You get your money's worth when you buy "Diamond Ice."—Southwestern Brewery & Ice Co.

Attend special sale of ladies' shirt waist, ladies' wash skirts, and parasols at The Economist.

"FORCE"

"Ever notice how a song will go with an audience if it arouses the memory of a pleasant taste?" asked the first-nighter. "Take that little song on the New York reel. Goes something like this:

Everybody's awful good to me,
Don't you know?
I'm as sweet as any girl can be,
Don't you know?
They took away my appetite,
But instead they gave me 'FORCE'—
Everybody's awful good to me."

"Tune's nothing extra; no sentiment; nothing particularly funny in it—yet every night the house goes wild. Only one way I can explain it. 'FORCE' is a mighty good breakfast food, has a dainty, delicate flavor, is crisp and flaky—just the kind of a dish that a man's glad to see who he's down to breakfast from force of habit and not because he wants to eat. It leaves a

mighty pleasant taste and it's the memory of that pleasant taste that causes the audience to appreciate so thoroughly that little song.

"FORCE" is a combination of the whole of the wheat and barley malt. Wheat contains all elements necessary for the sustenance and proper regulation of every organ of the body. It combines these elements in such proportions that no organ is overworked or under exercised in the process of digestion and assimilation. Because malt is blended with the whole of the wheat, 'FORCE' is a perfect food for the overworked or under exercised stomach as well as for the stomach in perfect health. Malt is the best natural tonic. In the manufacture of 'FORCE' various chemical changes take place in both the wheat and malt which ordinarily are brought about in the first stages of normal and healthy digestion. This food, therefore, is quickly and easily assimilated, but still gives the various organs of the body sufficient exercise to keep them in perfect condition.

"FORCE" requires no cooking and is delicious cold or warm.

LOCAL PARAGRAPHS.

Eugenio Romero, of Las Vegas, is in the city today.
J. W. Walsh and family returned this morning from a month's outing on the Pacific coast.
Ed. Dixon, a well known sport of El Paso, passed through the city this morning for Santa Fe.
Filomeno Mora, a ranchman and stock raiser of Escobosa, is here today purchasing supplies for his ranch.
The Citizen is under obligations to J. Felipe Hubbell, the Pajarito fruit raiser, for two boxes of fine peaches.
The general inspector of Harvey eating houses, R. M. Spivey, is in the city, and has inspected The Alvarado.
J. E. Elder, local superintendent of the Colorado Telephone company, was a passenger for Las Vegas last night.
Ed. M. Otero, a well known young gentleman of Santa Fe, is in the city today, coming down from the north last night.
Mrs. Will Ments and son, Fay, who visited Decatur, Ill., relatives and friends the past few months, returned to the city last night.
Mrs. Lina Welas and Miss Rica Bibb, registering from San Francisco, are in the city today. They came in from Grants, out on the Santa Fe Pacific.
A. R. Gibson, president of the Gibson Development company, was in the city between trains this morning while en route to Silver City from his headquarters at Santa Fe.
J. W. McQuade and family will leave tomorrow night for southern California, his family to stay indefinitely on account of their health. Mr. McQuade will return in a few weeks.
Chas. F. Hunt and Numa Buchoz, of El Paso, are here today on business, and expect to get through in order to return south tonight. Mr. Buchoz is chief deputy under Collector of Customs Pat Garrett.

Arthur Koch was being introduced around today by W. W. McClellan, bookkeeper at Bachechi & Gioni's. Mr. Koch is the southwestern representative of the W. J. Lemp brewery, and is on his way to southern California.
Valentine De Armond, who is in the mercantile business at Cubero, came in from the west last night and is around the wholesale houses today. He says his section of Valencia county has been visited by some good rains the past few weeks.
James Devine is the instructor and leader of the boys' brass band, and hopes to have these youngsters making first class music in a very short time. There are twenty members in the organization, but there is room for two allos and two clarinettes.

Col. Mark Miller and family, well known people of El Paso, passed up the road on a visit to eastern cities this morning. He will visit Pittsburg, Pa., and attempt to make such inducements to the Pittsburg ball team as will bring them to El Paso to represent that city in the territorial fair base ball tournament.

Roy A. Strong, junior member of the firm of O. W. Strong & Sons, who has been living at Los Angeles for the past two years, arrived in the city this morning and will make his future home here. He reports having left Mr. and Mrs. Harry Strong at Long Beach enjoying life living in O. W. Strong's summer cottage.

John C. Spears, collector and treasurer of McKinley county, who spent the past month at the Jemez and Sulphur hot springs of northwest Bernalillo county, returned to the city, via Bland and Thornton, last night. He reports having had a splendid time, and took the hot baths regularly. He will continue to Gallup tonight.

T. C. McDermott, one of the joint owners of the health restoring Paywood hot springs, passed through the city this morning bound for Chicago, St. Paul, Minneapolis and other eastern cities. Mr. McDermott expects to be in the east several weeks. He will attend the Trans-Mississippi congress as one of the delegates from New Mexico.

Rabbi Wm. H. Greenburg, of Dallas, Texas, while touring Canada for rest and recreation, was stricken down with typhoid fever in Montreal. Dr. Greenburg is in a private ward of the Montreal general hospital, and is being carefully attended to by private physicians and members of the Jewish community.—American Israelite. Rab-

bi Greenburg was formerly in charge of the Jewish congregation of this city.

Arthur Everitt returned last night from a business trip up north.

Hon. M. S. Otero has returned from a month's outing at his extensive sheep ranches.

Deputy United States Marshal R. E. Leatherman was a passenger for Santa Fe today.

Mrs. O. H. Scott, who has been visiting with friends and relatives in Missouri the past few weeks, returned home last night.

Passenger train No. 2 was about thirty minutes late this morning. Washouts west of Seligman caused by heavy rains made the delay.

W. B. Gilman, of the Gilman employment agency, is collecting a force of men to do coal mine work for the Colorado Fuel and Iron company.

Mrs. Harry Lee is at Los Lunas visiting Mrs. Solomon Luna. Both ladies will come to Albuquerque tomorrow, when Mrs. Luna will become the guest of Mrs. Lee.

Juan Martinez, who used the brush with C. A. Hudson's force of painters a few years ago, has returned to the city from Trinidad, and says he will reside here in the future.

Joe Barnett and wife are arranging for another visit to southern California. Mr. Barnett is suffering with a slight attack of asthma, and his physician has advised a trip this time to the Pacific coast.

The supervising architect of the treasury department, J. Knox, is expected to arrive in Albuquerque some time in September, when he will look over the several sites for the proposed federal building for this city.

Chan. Hall, formerly of this city but now of Los Angeles, where he holds an important position in the general offices of the coast lines of the Santa Fe road, is in the city for a few days. He is on his way east to visit relatives and friends.

Henry Yanow, the Second street broker, and sister were at the depot this morning to see their brother in law, Jake Waldman, who passed through this city this morning from El Paso to his home at Sedalia, Missouri.

Professor Clarence T. Hagerty, who is in the city in the interest of the Agricultural college, will visit all the principal towns north of this city before returning to Mesilla valley. The professor is in charge of the mathematical department of the college, and he expects to secure several students from this city.

Mrs. J. F. Pearce and her charming daughter, Miss Rebecca, family of Dr. Pearce, returned home this morning, after a sojourn of five weeks on the southern coast of the Pacific ocean. During their absence from the city they visited Los Angeles, Long Beach, Santa Monica and Santa Catalina island, and had a fine outing.

Adolph Witzel, the collector and treasurer of Grant county, will soon make his home at Denver, he having recently been appointed agent for the W. J. Lemp's beers at Denver. It is understood that Mr. Witzel will fill out the term of his office, after which he will close out all his business interests at Silver City and move to Denver.

"I am going to make someone pay a fine some of these days," said Street Commissioner Tierney this morning, "and it will be those people who persist in throwing garbage in back alleys. I have notified quite a number of housekeepers to get garbage boxes or cans, but I find they have so far failed to comply with the request and are still dumping garbage in the alleys."

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.

"DIAMOND ICE."
For something good ring up Automatic 'phone 457, or call at 212 West Gold Avenue.

The ladies of the German Lutheran church will give an ice cream social Thursday night, August 14, at the vacant store room west of Rupp's drug store on Railroad Avenue. Tickets, including ice cream and cake, 15 cents.

"DIAMOND ICE."
