SOLDIERS MEET

Philippine Volunteer Veterans at Council Bluffs.

ANOTHER MAMMOTH BATTLESHIP

National Labor Convention to Meet at St. Paul.

CANADIAN MANUFACTURERS MEET.

Council Bluffs, Ia., Aug. 12.—Battle flags are flying in Council Bluffs today and the air resounds with martial music. Thousands of veterans, young and old, are to be seen about the streets and other outward indications are abundant that a great military gathering is on the tapis. The occasion is the third annual reunion of the National Society, Army of the Philippines, which was formally opened today and will continue through the remainder of the week. Many officers of high rank are taking an active interest in the reunion, among the number being General MacArthur, General Charles King, General Irving Hale, General Lloyd Wheaton and others. Today's proceedings consisted of addresses of welcome and responses and the work of organization. President Donald McRea, Jr., and Secretary Sumner Knox greeted the visitors on behalf of the Iowa veterans, and response was made by General Francis Green, president of the national society. Messages of greetings were received from President Roosevelt, Senator Beveridge and others. The roll call showed a large attendance, particularly from Minnesota, the Dakotas, Iowa, Kansas and Michigan.

A parade, camp fire, sham battle, banquet and review are features of the three days' entertainment program. Much interest is manifested in the sham battle, which will be a typical Philippine fight. The soldiers representing the American forces will cross a shallow lagoon on the shores of Lake Manawa to an island, where the soldiers representing the Filipinos are to be hidden in the willows and rushes.

General Hale delivered the annual address, in the course of which he said:

"At present and perhaps for some time to come there are two special reasons for maintaining such an organization. First, loyal, non-partisan support of the United States government in its earnest, conscientious efforts to carry out the responsibilities which our campaigns in the Philippines have brought forth; and, second, the defense of the United States army, which has been the chopping block by hostile politicians in attacks on the administration. Let us stand together for the honor of our commander-in-chief, the president and the army, navy and the flag."

BIG BATTLESHIP.

Another Monster Warship for American Navy.

New York, Aug. 12.—Active preparations already are under way at the New York navy yard for the construction of the new 16,000 ton battleship Connecticut. Immense piles are being driven to form the foundation for the cradle on which the vessel will be built. The officers in charge appreciate the fact that much depends upon their efforts, for upon the speed and effectiveness shown in the construction of the new man o'war depend in a great measure the prospects of the establishment of a government ship-building plant at the yard. Every effort will be made by those concerned in the direction of the construction of the battleship, to keep the manufacturers of armor and machinery strictly to their contract time. If it can be proved that battleships may be built as quickly and as well at the navy yard as at private ship yards the facilities for ship-building will, it is hoped, be much increased and made permanent.

LABOR CONVENTION.

Meeting to Try to Harmonize Differences and Stop Strikes.

St. Paul, Minn., Aug. 12.—The committee in charge of the local arrangements for the convention of employer and employee to be held here next month is in receipt of advices which indicate that the gathering will be one of the most noteworthy and important ever held in the country, both in point of character of men participating and in the influence likely to flow from it. Heads of great manufacturing establishments will meet on the same plane with their workers and discuss in friendly spirit the questions which concern them both.

Among the problems to be considered will be the question of the eight-hour day, that of making the home of the American laborer more pleasant, strikes, lockouts, labor legislation and similar questions involving the relation of employer and employee.

CANADIAN MANUFACTURERS.

Business Men of Canada Organize to Meet United States Competing.

Halifax, N. S., Aug. 12.—The question of ways and means for successfully meeting the ever-growing competition of the United States is to be exhaustively discussed at the annual meeting of the Canadian Manufacturers' association, which was formally opened here today. The convention is a notable assembly of business men, representing all branches of commercial activity of the Dominion. Vancouver, Winnipeg, Montreal, Hamilton, Toronto and other leading cities of the country are represented and the importance of the gathering is indicated by the prominence of the speakers scheduled for the annual banquet, among the number being several leading statesmen, financiers and heads of large industrial enterprises.

Reports of the various officers show that the association is making encouraging progress. It is doing everything possible to urge on the people of Canada a pride in their manufacture, and is endeavoring to secure legislation which, it is believed, will materially assist Canadian industry.

A BAD "WORKMAN."

He Leaves a Good Job, Taking Money Belonging to His Employers.

Frank Workman, a young man who has been in the employ of the Hydro-Carbon Light company, which owns and manipulates the gasoline lamps of the city, has jumped his job and with about \$40 of the company's money. Workman was last seen Monday night in a down town gambling resort and probably lost the money. The police were notified of his disappearance but have been unable to locate him. Workman came to Albuquerque several years ago and has been employed at several jobs around town. He was bell boy at the Highland hotel for several months and is reputed to have been guilty of stealing money from the girls working at that place. The police think that he has gone to El Paso.

L. A. Sawyer, traveling salesman for C. C. Hall, returned to the city last night from a trip around the loop.

BANDITS MURDER.

Three Masked Americans Hold Up a Coach and Get \$4,000

STAGE DRIVER KILLED.

A special dispatch to the Denver News, from Tucson, Ariz., under date of August 11, says:

El Correo de Sonora brings an account of a daring stage holdup near Mazatlan, Mexico, by three masked men, supposed to have been American outlaws. The robbers secured \$4,000 and made good their escape with the plunder.

A fast six-horse stage runs from Mazatlan to Rosario and inland towns. It carries many passengers, and usually has large sums of money aboard. On Thursday last an unusual large shipment was made from Rosario to a bank in Mazatlan. No fear was entertained, and as the road is well traveled the stage went unguarded. Near Arroyo de Los Puercos, a small place between Mazatlan and Rosario, where the road dips down into a deep ravine, three masked men stepped out from behind a clump of bushes and leveled their rifles on the two drivers, commanding them to hold up their hands. Mariano Gordillo, who held the lines, whipped up the horses, but a bullet pierced his breast and he fell back on the seat dead. The other driver, Primitivo Ramirez, held up his hands, and the robbers, grabbing the horses' bits, stopped the stage. The stage was full, but the passengers were unarmed, and made no resistance. At the point of two six-shooters Ramirez showed the robbers where the money was carried. They placed it on their horses and rode away, leaving the passengers unmoiled. The dead driver was placed in the stage, which proceeded to Willa Union, a town six miles farther on, where the authorities were notified, and a posse was sent out in pursuit of the robbers.

At last reports their search was fruitless. They were masked at the time when the stage was held up, but passengers on the stage claim they were Americans and they are supposed to be members of a band of outlaws who make their headquarters in the mountains of northern Sonora.

WAR IN HAYTI

Many Persons Burned to Death at Goave.

FOUR PROVINCES ARE IN REVOLT

Big Purchase of Timber Land in Plumas County, Cal.

MURDER IN CLEVELAND, OHIO.

Paris, Aug. 12.—An official telegram from Cape Haytien says that very many persons were incinerated during the burning of Petit Goave on Sunday last.

Four Provinces Revolt.

Washington, Aug. 12.—Minister Powell has cabled the state department from Port au Prince today that Gonaives was in the hands of the revolutionary forces under General Firmin. On Monday he cabled that the Vasez government had notified him that the Gonaives, with three other provinces, was in rebellion.

BIG PURCHASE.

Large Tract of Timber Land Bought in California.

Quincy, Cal., Aug. 12.—T. B. Walker, millionaire lumberman of Minneapolis, has just closed a deal by which he secures a tract of timber land in Plumas county, aggregating 65,000 acres. It is understood that the price paid was \$18 an acre. Four corps of engineers are at work in this section and it is rumored that Walker and J. J. Hill are working together to build a railroad, which will eventually develop into a transcontinental line, that will tap the timber lands purchased by Walker.

POLICE BAFFLED.

They Cannot Solve the Mystery About Two Murders.

Chicago, Ill., Aug. 12.—The mystery surrounding the Bartholin murder case baffles the Chicago police. Today the feeling grew stronger that the body of the young woman found last Thursday in the field on Seventh-fourth and State streets, and buried as Minnie Mitchell, was not that of the young woman. Coroner Traeger was asked today to exhume the body, but inasmuch as the family of the girl did not join in the request, he declined. He said that the body was so decomposed that such action would be of no avail. The coronor's physician and other well known medical men, however, state in positive terms that eight days exposure could not have effected such a change in the body. Working on this theory the police have sent out tracers to find William J. Bartholin and his fiancée together alive. Efforts also are being made to identify the supposed Mitchell body as some one of the numerous other women who are mysteriously missing.

MADE CONFESSION.

Woman Confesses That Her Lover Killed Her Husband.

Cleveland, Ohio, Aug. 14.—Mrs. Ignatz Wurchowsky has made a written confession to the police that the man who shot and killed her husband on Sunday night was Charles Janaski, a former boarder at the Wurchowsky home, and who is alleged to be infatuated with Mrs. Wurchowsky. Mrs. Wurchowsky and husband were on their way home when a man rushed from the bushes and killed Wurchowsky instantly. Mrs. Wurchowsky told the police that it was a robber that committed the crime. Since the murder Mrs. Wurchowsky and Janaski have been under arrest. Last night two of the city detectives went through the crime in mimic as nearly as possible from Mrs. Wurchowsky's description. One of the detectives acted as escort for Mrs. Wurchowsky while the other rushed at them from the bushes. When a revolver was pointed at the detective's head the woman went into hysterics and cried out, "My God, it's Charles Janaski." The confession was verified later and written out.

BACK FROM PECOS.

A. A. Henry Remembers Friends With Some Fine Trout.

A. A. Henry and wife, with Mr. Evans and Jack Dixon, arrived last night from the upper Rio Pecos country, where they put in the past month fishing, hunting and enjoying life in true style. Mr. Henry is a fine trout fisherman, and this morning, in order to prove the assertion to be true, presented a mess of fine trout to quite a number of his friends and among these

he did not overlook The Citizen office, for which we extend thanks. They report having had a splendid vacation and all gained some extra flesh, besides a rich brown color in complexion. As to hunting, Mr. Henry says he was successful in bagging some game in season, but as far as the shooting of Dixon is taken into consideration, the game laws could be stricken from the books for Jack never hits when he shoots at any object. This version of Jack's shooting is somewhat different from the story he told himself when here about ten days ago. At that time he said that his aim was so good that he could knock the head off of any kind of a bird on the fly and that his shooting was the marvel of all the pioneers and mountaineers of the upper Rio Pecos country.

Suspected Man Located.

Joplin, Mo., Aug. 12.—William H. Bartholin, wanted in Chicago in connection with the Bartholin-Mitchell murders, is believed to have been in Joplin on Monday last, in company with a man who answers to the description of Harry Church, a former boarder at the Bartholin home in Chicago.

Dead in Hotel Elevator.

Denver, Colo., Aug. 12.—Mrs. Fannie Halligan, a scrub woman at the Adams hotel, was found dead in the elevator this morning with the left side, from hip to head, bruised and crushed. The elevator was automatic and it is believed that she fainted while riding in the car and fell over against the iron grating as the car slowly crushed the life out of her.

PUSHING WORK.

The Santa Fe Central to be Completed by January 1 Next.

CONDITION OF WORK SATISFACTORY.

R. L. McCance, treasurer of the Pennsylvania Development company, and W. A. Boyer, of the Santa Fe Central railway, returned to the territorial capital from a trip along the entire line of the Santa Fe Central railway, says the New Mexican. The telegraph line is constructed to a point twenty-four miles this side of Torrance and is being rapidly pushed toward a connection with the office at Kennedy station, the distance between the two points being about seventy-five miles. One hundred and fifty teams are steadily engaged in hauling ties for the grade from the forests in the Gallinas and Manzano mountains. Fifty teams have been added to the working force during the past week and more teams are being engaged every day. The steam pile driver this side of Kennedy station, is working a few miles from this city and the piling for the last bridge outside of the city limits has been driven. The grading force, coming this way, is between Vega Blanca and Doniciano station, the latter being about six miles out of town, and this will be reached tomorrow. The grade to the city limits is expected to be completed by the 20th inst. Ties and bridge timber in abundance have been distributed along the entire route to Torrance, and when the graders are taken off the section of grading between Kennedy station and this city, the grading force will be immediately turned south and work on the grade will be hustled in great shape.

Mr. McCance reports rains all the way from Progresso, Valencia county, a station on the road about 100 miles south of here and where the home ranch of Col. J. Frank Chavez is situated, until he reached the city yesterday afternoon. The rain was a good downpour and a great thing as it was very dry throughout the entire section.

Mr. McCance, who is a very energetic and pushing man, and who understands his business thoroughly, is well pleased with the progress made and is of the opinion that everything is getting on as nicely and as speedily as it can. The only delay is being occasioned by the non-arrival of the steel rails for the grade. These will not commence to arrive until about September 15; the mills from which they were ordered had so many orders ahead that the order for 15,000 tons of rails by the Santa Fe Central railway could not be filled before that date.

There exists no doubt now but that the road will be finished and in active operation by January 1, 1903. This will prove a great thing not only for the capital city, but also for the entire territory.

Prof. H. A. Owen and wife came in from Santa Fe last night and left for Silver City, to be present in the absence of Professor Light, who goes to Roswell this week to conduct a county institute and to look after the locating of students and the opening of the normal school.

ELKS' GALA DAY

Thousands Parade in City of the Saints.

PYTHIANS PARADE IN 'FRISCO

Big Suit Against Sheriff of Grant County.

FIRE AT MARRYSVILLE, CALIFORNIA

Salt Lake City, Aug. 12.—At the meeting of the grand lodge in assembly hall of the tabernacle yesterday afternoon, the annual report of Grand Exalted Ruler Pickett was delivered and other reports presented, and the election of the grand officers for the ensuing year was taken up. This resulted as follows:

Grand exalted ruler, George A. Cronk, Omaha; grand leading knight, W. B. Brock, Lexington, Ky.; grand royal knight, Judge H. Pickett, Denver; grand lecturing knight, Joseph E. Hanning, Anderson, Ind.; grand secretary, George Reynolds, Saginaw, Mich.; grand treasurer, E. S. Orris, Meadville, Pa.; grand tyler, Charles Kauffman, Hoboken, N. J.; grand trustee, J. D. O'Shea, Boston.

Most of the elections were by acclamation, there being contests for only one of the two minor offices.

Grand Exalted Ruler Pickett took strong grounds against the growing practice of holding street carnivals and fairs. These enterprises, he held, were more productive of harm than good to the order and he recommended that they be either regulated or even altogether prohibited.

A report of the secretary showed the order to be in an exceedingly prosperous condition. An increase in membership of about 26,000 during the past year was shown, bringing the total up to about 125,000. The number of Elks lodges in the United States was reported at 805, an increase of eighty-five during the year. The treasurer's report showed the organization to be in a very prosperous condition financially.

The features of the second day of the annual Elks' reunion was the parade of uniformed bodies of Elks, competitive prize drill and selection of place for the next annual reunion. For the competitive drill, \$1,750 in prizes are offered. The adjudicating committee made awards to the marching clubs this afternoon. For the best display the Montana Elks were given the first prize, the Quilen Sabe club, of Albuquerque, El Paso, and other southwestern towns, second prize, and Omaha third prize. For the most unique display, Park City, Utah, lodge was given the first prize. The members of this lodge marched in complete miners outfit, with burros packed with supplies and mining equipment, etc.

The Seattle, Wash., delegation received the prize for the finest float, the Helena, Mont., delegation for hand-somest banner. The Third regiment band, San Francisco, took the prize for the best marching band in the procession.

All Happy.

Special to Citizen.
Salt Lake City, Aug. 12.—The Quilen Sabe club was awarded second prize for best display, \$500. All happy.

PYTHIAN PARADE.

Knights of Friendship Throng Streets of San Francisco.

San Francisco, Cal., Aug. 12.—This is a busy day for the Knights of Pythias. At 9 a. m. the Pythian sisterhood began the second session at Elks' hall. There a review of the uniform rank and competitive drills were held in the pavilion at 9:30 a. m., and at the same hour the supreme lodge convened at the Palace hotel. The imperial palace of the Knights of Khorassan held a session at Pythian castle at 10 a. m. and the supreme temple of the Rathbone Sisters assembled at the Native Sons' hall at the same time. The chief event of the day will be a grand parade which will move at 3 p. m. and traverse the principal streets of the city. Twenty brigades of the uniform rank and thousands of other knights are expected to be in line. In the evening there will be a grand musical concert at the pavilion and a banquet to visiting Rathbone Sisters.

GRANT COUNTY SUIT.

Mining Company Claims Alleged Damage from Sheriff Goodall.
Special to Citizen.

Silver City, N. M., Aug. 12.—Suit for the sum of \$10,000 has been filed in the district court of this county by the Golden Giant Mining company, of New

York City, against Sheriff A. S. Goodall and his sureties on his official bond. The suit arose over an attachment served by the sheriff on some machinery, etc., located at Pinos Altos, where the above company has considerable mining property, which was sold at public auction to pay judgments obtained against Lawrence Waterbury. Waterbury a few months ago, it was said purchased the property and the judgments were suits brought against him for debt while he was working the mine. The suit will bring up considerable legal points and will be watched with great interest in this locality. The plaintiffs have employed as their attorneys Messrs. H. B. Fergusson, of Albuquerque, and Percy Wilson and Alvin N. White, of Silver City.

Firemen Injured.

Marysville, Cal., Aug. 12.—Fire today destroyed business property in this city, valued at \$100,000. Several firemen were injured while fighting the flames.

The Garrett Grocery company, which does a large business with the mines in this section, is the principal loser from the conflagration, the loss aggregating \$75,000.

Strike Ordered.

Pittsburg, Pa., Aug. 12.—An order was issued by President Buchanan, of the structural iron workers, for a general strike of the structural workers employed at all plants of the American Bridge company, and received in this city today, and men were at once notified to quit work at 6 o'clock this evening. The strike is in sympathy with Philadelphia workers and is to be confined to the American Bridge company.

Suspected Man Arrested.

Colorado Springs, Colo., Aug. 12.—A man who gives his name as James Fairrell and who states that he lives in Denver, was arrested at the Rio Grande station early this morning, on suspicion of being the assassin of Lottie Baller at Longmont. He was taken from a freight car and answers every description of the girl's assailant. He says that he can prove an alibi. He will be taken to Denver for identification.

W. L. Bradley, formerly the excellent night operator at the local office of the Western Union Telegraph company, writes from El Paso that he will go to Deming and from there to the Florida mountains, where he will take a lease on a good ore producing mine and follow a miner's life for a few months. Friends here wish Bradley all kinds of luck in his mining operations.

TERRITORIAL FAIR.

Executive Committee Met and Discussed Many Subjects.

PROSPECTS VERY BRIGHT.

Pursuant to notice, the executive committee of the New Mexico Territorial Fair association met last night at the office of the secretary, P. F. McCanna, in the Grant building, and transacted a large amount of business of general interest to the success of the forthcoming big fair.

President O'Reilly had a long list of events on his memoranda, and the committee, with the aid of the secretary, investigated the whole list, authorizing the acceptance of the good ones and the turning down of those not so good.

The secretary had letters from a big fireworks manipulator, who desired to reproduce the Mont Pelée volcano here during the fair, and his suggestions were so fair that the committee authorized the secretary to secure this great attraction by all means.

The "Coming of Montezuma" spectacular was fully discussed, and this event will occur one evening during the fair, followed by a grand ball.

The secretary stated that the base ball situation was as bright as it could be expected, and that a majority of the American and National league stars would be here to "play ball," representing both cities of El Paso and Albuquerque.

The secretary announced that he had received the big posters, and that H. S. Knight, who will have charge of the advertising car, is now arranging the literature which he will carry to various points throughout the southwest. The secretary also announced that badges for the officials of the association had been ordered from Whitehead-Hoag Co., Newark, N. J.

Many letters asking for privileges are being received daily, while communications from horsemen, who intend bringing their speedy animals here to compete for the liberal purses, are pouring into the secretary's office in goodly numbers.

After discussing many other features, which will be announced in due time, the committee adjourned to meet again at the call of the president.

MOROS ATTACK

American Pickets Surprised and Killed.

JAPAN INVADES COREAN ISLAND

Boiler of Tug Explodes Killing Four Men.

TWO EMBEZZLERS RELEASED.

Manila, Aug. 12.—A small party of Moros surprised the outpost of the Twenty-seventh Infantry at Camp Vicars yesterday. Sergeant Foley and Private Carey were killed and Private Van Dorn severely wounded. The attacking party crawled to within a few feet of the sentinels and then sprang upon them suddenly. The entire outpost rushed to the relief of the sentinels but the Moros escaped, although possibly a few were wounded. The American sentinels were terribly cut by swords and spears. The attacking Moros were all from Bacolod and the occurrence will probably result in a move against the town.

JAPANESE INVASION.

Naval Force Takes Possession of a Korean Island.

London, Aug. 12.—A St. Petersburg dispatch to the Globe says that Japanese naval officers, on their own responsibility, have landed guns and constructed a battery and posted guards on the island of Kethnesan, and that the Korean officials who were sent to investigate were driven away by the Japs.

FATAL EXPLOSION.

Tug's Boiler Explodes and the Vessel Sunk.

New York, Aug. 12.—The boiler of the tug Jacob Kuper blew up today, near St. George, S. I., and the sank almost immediately. Four of the crew were killed or drowned. Two men were picked up afloat by the Staten Island ferry boat Castleton and brought to this city.

EXTRADITION CASE.

Two American Embezzlers Released at Quebec, Canada.

Quebec, Aug. 12.—Judge Caron today ordered the release from custody Col. John F. Gaynor and Capt. B. D. Greene, in the now famous extradition case. There was a large attendance of both legal luminaries and spectators. The judge found a discrepancy between the charges upon which various true bills against the prisoners were obtained in the United States and between them and that made in the application for extradition. The absence in the warrant of the dates when the offense is alleged to have been committed, he held, to be distinctly fatal to the warrant. Referring to attacks made upon himself, Judge Caron said that he was sure that the American government authorities and their agents could have had no hand in them.

WATCH THIEF CAUGHT.

He was Sent to County Jail by Justice Borchert.

Frank Lawrence, who sometimes sailed under the name of Chadwick, the man who disappeared Monday morning from the Olin dairy, where he had been employed as driver of a milk route wagon, and took with him a couple of watches belonging to Mrs. Olin, the owner of the dairy, was captured in a down town resort late yesterday afternoon by the police. He was brought up in Justice Borchert's court this morning, pleaded guilty to the charge of petty larceny and was given ninety days in the county jail. It was first thought that Lawrence would be tried for grand larceny, but the watches stolen were not worth more than \$10.

When arrested by the police, Lawrence denied his identity, saying: "What, me working at a dairy? I'm a railroad man. My name is Charlie Chadwick. I am a fireman working on the Santa Fe. Here, let me write my name." His bluff was called and he will do a nice term.

Both watches were recovered. He was wearing one when captured and the other was found in a third street jewelry store, where he had sold it for \$2.50.

Mrs. Olin is sorry that she had Lawrence arrested and refused to make a complaint. The city marshal swore to the warrant.

Irene Chavez came in from the western section of Valencia county last night and continued north to Santa Fe.

Territorial Republican Central Com-
mittee Call.

To the members of the Territorial Re-
publican Central Committee of New
Mexico:

You are hereby notified that a meet-
ing of the territorial republican central
committee of the territory of New
Mexico will be held in Albuquerque on
Friday, August 22, 1902, for the pur-
pose of fixing the date and place to
hold the territorial republican conven-
tion to nominate a candidate for dele-
gate to the Fifty-eighth congress of the
United States and for the considera-
tion of such other matters as may
properly come before said committee.

It is hoped that all members will be
present at said meeting, as matters of
importance for the interest of the re-
publican party of the territory will be
considered. Very truly yours,

FRANK A. HUBBELL,
Chairman Territorial Republican Central
Committee.

of the work of that labor organization.
It was at Cincinnati, in 1852, that the
National Union was formed, fourteen
local unions making up the organiza-
tion. In 1867, on the admission of the
representatives of the Canadian
unions, the name was changed to
International Typographical Union of
North America. The remarkable
growth of the organization is shown
by the statistics of membership. The
number of local unions has increased
until there are now over 500, and the
membership, beginning with less than
2,000, now numbers over 42,000.
It is not alone in the matter of age
and membership that the Typographi-
cal union is notable. It is the most
conservative labor organization in
the country, not excepting the Brother-
hood of Locomotive Engineers. It is
representative of the highest Ameri-
can intelligence, therefore the highest
intelligence in the world. It was as-
sumed by many that the introduction
of typesetting machinery, which has
taken the place of typesetting by hand
in nearly all newspaper offices, would
operate to lower the standard of abili-
ty required for membership in the
union, but results have been to the
contrary. The linotype calls for me-
chanical skill as well as education
and natural intelligence, and accord-
ingly the machine typesetter may well
be called the premier skilled workman
of America today.

Perhaps in no other branch of labor
has the evolution of the workman been
so marked as in the printing trade.
New conditions call for a higher de-
gree of excellence in all lines, of
course, but it is especially in the
printing trade that we find the worker
to be of a wholly different type from
his predecessor of a generation ago.
Absolute sobriety is now the invari-
able rule, instead of an exception.
The printer of today is sober and self-
respecting, and respected, and the
union printer is at the head of the
craft.

RELIEF FOR RHEUMATISM.

The discovery of a new remedy for
rheumatism has been made at Cham-
bersburg, Pa. It is a very simple one
and while the remedy may be severe
relief is said to be complete. Word
comes from that city that William
Snively had been a sufferer for a long
time and had lost the use of his arm.
His curiosity led him to watch the liv-
ing of a swarm of bees. The honey-
makers resisted his prying disposition
and stung him severely and when the
swelling and the pain from the stings
disappeared the rheumatism and the
stiffness of the joints also disappeared
and the old gentleman has not been
affected since. It is said that nature
furnishes antidotes for every poison
and some of the most effective medi-
cines for the curing of diseases are do-
mestic remedies to be found in every
household.

Congressman Joy Renamed.

St. Louis, Mo., Aug. 13.—The result
of the republican primaries of the
Eleventh congressional district today

insures the renomination of Congress-
man Charles F. Joy.

Mr. Joy has served ten years in the
house and, although placed at some dis-
advantage politically by recent demo-
cratic reappointment, his friends
are confident of his success this fall.
Just at present Congressman Joy is
recovering from the effects of a recent
accident at Hot Springs, Va., in which
he received a broken rib and a number
of bad bruises. The accident resulted
from the turning over of one of the
hotel omnibuses. The driver was
killed and several passengers severely
injured. Mr. Joy among the number.

Shatters All Records.

Twice in hospital, T. A. Guillede,
Verbena, Ala., paid a vast sum to doc-
tors to cure a severe case of piles,
causing 24 tumors. When all failed,
Bucklen's Arnica Salve soon cured
him. Subdues inflammation, conquers
aches, kills pains. Best salve in the
world. 25c. at all druggists.

Col. Theodore Ewert to Wed.

Springfield, Ill., Aug. 13.—A number
of guests are here from out of town for
the wedding of Col. Theodore Ewert,
assistant adjutant general, and Miss
Nellie M. Bell, daughter of Captain
and Mrs. John C. Bell. The ceremony
will be performed this evening at the
residence of the bride's parents, the
officiating clergyman being the bride-
groom's brother, the Rev. A. L. T.
Ewert of Jacksonville, chaplain of the
Fifth regiment, I. N. G.

Kentucky Northern Begun.

Memphis, Tenn., Aug. 13.—The con-
struction of the Kentucky Northern
railroad through the northeast corner
of Estill county to a connection with
the Louisville & Atlantic has begun
and will be pushed to rapid comple-
tion. The new road will assist in the
development of some 8,000 acres of
the most valuable coal and timber
lands in the state.

Watch for a Chilli.

Minor to be Named Again.

Green Bay, Wis., Aug. 13.—The re-
publicans of the Ninth district are
holding a convention here today to
nominate a candidate for congress.
Notwithstanding the early talk of
opposition to Congressman Minor all
indications now point to his renom-
ination.

Cured Paralysis.

W. S. Bally, P. O. True, Texas,
writes: "My wife had been suffering
five years with paralysis in her arm,
when I was persuaded to use Ballard's
Snow Liniment, which cured her all
right. I have also used it for old sores,
frost bites, and skin eruptions. It
does the work." 25c, 50c and \$1.00

A Cure for Cholera Infantum.
"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all druggists.

SUNDAY'S BASE BALL GAME.

The Raton Team Badly Worsted by the Las Vegas Team.

The game of base ball Sunday afternoon between the Raton and Las Vegas clubs was witnessed by a large and enthusiastic crowd, many ladies being present, says the Optic.

The game was easily won by the home team, the score standing 17 to 2 in their favor. Indeed, the visiting team would perhaps have been blanked only for an excusable error by Tipton, who touched the ball but failed to

A Bad Disease
There is a certain disease that has come down to us through many centuries and is older than history itself, yet very few outside of those who have learned from bitter experience know anything of its nature or characteristics. At first a little ulcer or sore appears, then glands of the neck or groin swell; pimples break out on the breast, back or some other part of the body and fill with yellow pustular matter; the mouth and throat become sore and the tongue is at all times badly coated. Headaches are frequent, and muscles and joints throb and hurt, especially during damp, rainy weather. These are some of the symptoms of that most loathsome of all diseases, Contagious Blood Poison.

This strange poison does not affect all alike; some are literally eaten up with it within a short time after being inoculated, while others show but slight evidence of any taint for a long time after exposure, but its tendency in every case is to complete destruction of the physical system, sooner or later. S. S. S. is a safe and infallible cure for this bad disease—the only antidote for this specific poison. It cures Contagious Blood Poison in every form and stage thoroughly and permanently. S. S. S. contains no Mercury, Potash or other harmful minerals, but is strictly and entirely a vegetable remedy, and we offer \$1,000.00 reward for proof that it is not.

OUR MEDICAL which was established years ago, is doing a noble work in relieving suffering. Give our physicians a short history of your case and get their advice. This will cost you nothing, and what you say will be held in strictest confidence. With their help and a copy of our book on Contagious Blood Poison you can manage your own case and cure yourself at home.

SWIFT SPECIFIC CO., Atlanta, Ga.

At Unionville the reverse is true, for

catch it in the field.

The features of the game may be said to have been the superb hitting, fielding and base running by the Las Vegas boys, and the clever pitching by Rhodes. Gross on the third base proved himself to be a star player.

There were only two errors by our lads in the entire game and only five hits were made off of Rhodes' hotly sent balls. Parsons made four safe hits.

For the Raton club, French, their short stop, put up the best game. The visitors are good, steady ball players, but they go up into the air. Both of their pitchers received miserable support from the infield. The team was short three of their regular players and they attribute their disastrous defeat in part to this fact.

The next game will be played with the Santa Fe club on Sunday afternoon, August 17.

Physician and Druggists.

Ford & Sturgeon, a prominent drug firm at Rocky Hill Station, Ky., writes: "We were requested by Dr. G. B. Snigley to send for Herbine for the benefit of our customers. We ordered three dozen in December, and we are glad to say, Herbine has given such great satisfaction that we have duplicated this order three times, and today we gave your salesman another order. We beg to say Dr. G. B. Snigley takes pleasure in recommending Herbine." 50c bottle at Cosmopolitan Pharmacy—B. Ruppe.

Winslow Defeated.

George Wolff, of Winslow, came up Sunday with his aggregation of ball players who crossed bats with the Flagstaff team in the afternoon of the above day. The verdict of those who witnessed the game is that the members of the Winslow team are gentlemen and good ball players. It was a pleasure to witness the game, as everything was agreeable and smooth as glass. It was the desire of the Flagstaff team and the citizens to treat the visitors nice and we believe they were successful in their efforts. Score, 7 to 2, in favor of Flagstaff.—Gem.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, Ohio, can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by all druggists.

Big Tennis Tournament.

Colorado Springs, Colo., Aug. 13.—One of the biggest tennis tournaments ever held in this part of the country opened auspiciously today on the courts of the Town and Gown Golf club. Among the contestants are the best players from Denver, Pueblo, Salt Lake, Cripple Creek, Kansas City and a number of other places. The tournament continues through the remainder of the week and at its conclusion several handsome trophies will be given to the winners.

All Were Saved.

"For years I suffered such untold misery from bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for consumption. My wife suffered intensely from asthma, till it cured her, and all our experience goes to show it is the best croup medicine in the world." A trial will convince you it's unrivalled for throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

McGOVERN THE FAVORITE.

Manager Sam Harris has \$10,000 He Desires to Wager.

Sam Harris, manager of Terry McGovern, the ex-champion of the featherweight class, who hopes to regain that title three weeks hence, is so confident that his protégé will win from Young Corbett that he announces his readiness to wager \$10,000 on McGovern.

The bet was offered to George Considine, but the latter, having already made a wager with Dick Bernard on the Denverite's chances, refused Harris' offer. Considine thinks that Corbett will win but thinks that the odds will favor McGovern on the night of the fight, so will wait until then before wagering any money on Corbett's chances.

Those who pick McGovern to win are most sanguine. Not only is his manager willing to wager \$10,000 on the outcome but Terry's mother is reported to be willing to risk the home that Terry gave her on the issue.

The featherweight fight has already aroused more interest among sporting men in New York than the Jeffries-Fitzsimmons fight in San Francisco did. It is acknowledged that the fight at New London on August 29 is really a tossup, and consequently will be most interesting and most closely contested. There will, without any doubt, be more money wagered in New York on the featherweight contest than was on that held in California for the heavyweight championship of the world.

The latest news from Connecticut reports that McGovern is afraid of being overtrained and will consequently let up in his work for a week or more.

Young Corbett needs every day he has at his disposal to get into shape for his fight. He started in to work only about three weeks ago.

The difference of opinion between Connecticut's state attorney, Solomon Lucas, and the managers of the Nutmeg Athletic club as to whether Young Corbett and Terry McGovern are to engage in a prize fight or a boxing exhibition for points is still being argued. Mr. Lucas says he has been informed the exhibition is to be a prize fight and that he will endeavor to stop it. Failing to do so, he says he will have bench warrants issued for the arrest of the principals after the fight and will try to convict them for prize fighting, or assault, or for disorderly conduct.

A Physician Healed.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

ROSWELL.

From the Register.

George Jewell, a prominent cattleman of Hereford, Texas, was here several days last week, visiting his nephew and niece, Geo. M. Slaughter and Mrs. G. T. Veal.

J. A. Browning was in town from his ranch at the foot of the Staked Plains. He had not been in town for a month and said he thought he would like to come in and get his mail.

The peaches raised by George W. Stevens in his splendidly kept orchard east of town this year are exciting a great deal of admiration and comment. They are very large and have a flavor that is enough to satisfy anybody.

Ed. Rucker, a helper at Kirsey's blacksmith shop, was struck on the thigh with a heavy sledge last Saturday, accidentally, and came near being seriously hurt. As it was he has had to limp ever since.

The Lincoln club, organized by the young republicans, will hold its meetings once a month hereafter, and the next meeting will be on the night of the last Saturday in August. The meetings are open to all republicans, both young and old.

W. P. Rascoe, a brother of J. J. Rascoe, of this place, fell dead at Coleman, Texas, his home, one day last week from heart disease. Mr. Rascoe left for Coleman, having come in from the round up on Long Arroyo, a messenger having gone out there to notify him. The deceased was well known all over the country, as a man of excellent character, and his death will be widely regretted.

Postmaster Mathews came near having a disastrous fire at his home the other day. Mrs. Mathews had lighted the oil stove over which were hanging some towels and left the room temporarily. Mr. Mathews happened in and found the towels burning and the paper on the wall just beginning to catch. Quick work saved the house after only a few dollars damage.

On last Friday Quince Cummins struck a flow of about twenty gallons a minute in the well he is drilling for Tannehill Bros., of the hardware firm of Stringfellow & Tannehill, near Orchard Park, twelve miles down the valley, at a depth of 708 feet. The well is one mile west of the farm of J. D. Hortenstein, who was the pioneer artesian well discoverer of that portion of the county, being the first man

Hair Falling?

Don't tell your friends of it. They would think it so strange. You see, they know Ayer's Hair Vigor checks falling of the hair, restores color to gray hair, and makes the hair grow. Then why don't you use it?

"A few years ago my hair got very dry and could pull it right out by the handful. After using a few bottles of Ayer's Hair Vigor I got relief. My hair stopped falling and I received a new head of hair."—Mrs. G. Harrer, Milwaukee, Wis.

Went to Visit His Sister.

A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by all druggists.

SHOT HERSELF.

Mrs. E. G. Austen, of Las Vegas,
Puts a Bullet Into Her Body.

DEATH FROM OLD AGE.

Special to The Citizen.
East Las Vegas, N. M., Aug. 13.
—Mrs. E. G. Austen died at 6
o'clock this morning.

Special Correspondence.

Las Vegas, N. M., Aug. 12.—Mrs. E. G. Austen, the wife of Captain Austen, shot herself this morning at her home. At the time of mailing this letter an operation is being performed to remove the bullet, but the wound seems to be such a serious one that the worst is feared and her life is all but despaired of. The accident has been kept quiet, and various rumors are in the air. Mrs. Austen says it was an accident and that is about all that can be learned of the case. Mrs. Austen has not been well for some time, but was better yesterday, and was able to be up and dressed. One story is that a pistol was discharged while Mrs. Austen was making the bed and that is the way the accident happened, but nothing definite is given out. The many friends of Mr. and Mrs. Austen will anxiously await news regarding Mrs. Austen's condition.

Miss Nettie Bardsley and sister are expected today from St. Louis for a visit with Mrs. W. B. Hiett for a few days.

Marcelino Montoya, who has been sick several days, was today able to be about.

Ira Roney Harbert, of Eddy county, was yesterday adjudged insane before Judge Mills and was committed to the insane asylum.

Antoine A. Senecal has petitioned to be adjudged a bankrupt. His liabilities are in the neighborhood of \$2,000 and assets are given as nothing. This is not Mr. Senecal's first acquaintance with the bankruptcy laws.

Juanita G. Martinez, and Rosario Abeytia have entered suit before the district court of this county to get judgment in the sum of \$32.50 from William Frank and Diego, Trujillo. The plaintiffs claim that amount for a number of sheep in possession of defendants.

Mrs. Ellen Rose, mother of Mrs. Gustave Peterson, wife of Engineer Peterson, died this morning from old age, and rheumatism, at the home of her daughter. Mrs. Rose has been bedridden for the past year and death came as a relief. She was 80 years of age and was well known in the city. The funeral will be held tomorrow afternoon from the residence of Mrs. Peterson at 725 Jackson avenue.

General Superintendent D. E. Cain, wife and daughter came through here this afternoon en route south from La Junta. Superintendent Fox also came in from the north and stopped off here.

Miss Lillie Mackay will entertain the Young Ladies' Whist club tomorrow afternoon at her home.

R. E. Montgomery, an official of the Fort Worth & Denver City railroad, returned yesterday evening from his stay at El Porvenir and has gone out to the Montezuma for a week's stay.

Edward McWenle, who sprained his ankle in a ball game some time ago, is laid up again from walking on the injured member too soon.

George Fleming returned yesterday from his visit in Colorado. He was in Denver and Colorado Springs and reports the season at its height in the latter place.

The annual feast day of the church of Our Lady of Sorrows, August 15, will be celebrated Friday here with a pontifical mass and a splendid musical service. This is the anniversary of the assumption of the Virgin Mary, and is the most important day with the local Catholic church. Rev. Father Pitaval, the auxiliary bishop of Santa Fe, who was just lately consecrated, will be present, together with eight or ten other priests. The pontifical mass will begin at 9:30, and a large crowd will be in attendance.

Word has been received here that A. A. Jones and Miss Natalie Stoner were married in San Francisco on the 6th inst. They will remain on the coast for a visit before returning to their home in Las Vegas.

Arthur Ward was yesterday thrown from his horse while riding and sustained a broken arm.

Died, yesterday evening at 6 o'clock, Lon Hollenbeck, of consumption. Mr. Hollenbeck has been here some time seeking relief from his trouble, and was accompanied by his mother and brother in law. He was 25 years of age. The remains were shipped to Cahoon, Missouri, on No. 8 last night.

Henry Warnack arrived yesterday evening from Denver, where he has been for the past week doing some special work for the Post of that city.

At the meeting of the east side fire company last night the final arrangements were made for the big ball to be given on Tuesday night, the 19th, at the city hall. The dance promises to be a big affair.

Died, at the Ladies' home at 1 o'clock this morning, Clarence F. Cameron, of tuberculosis. The deceased was 29 years old and came here three weeks ago for his health. He was station agent for the Fremont, Elkhorn & Missouri Valley railroad at Bee, Nebraska, to which place the remains will be shipped.

Rev. Walter Shivers, who has been in the city some time for the benefit of his health, succumbed this morning at 5:30 from the dread disease, consumption. He was pastor of the

Reformed church of Coneville, Iowa. He came to this city several weeks ago and has been living at 1001 Seventh street, and his mother and sister in law arrived only a few days ago. Funeral services will be held tomorrow afternoon at 3 o'clock from the residence on Seventh street and the remains will be shipped back to his birth place in Columbia, Indiana.

Cristobal Sanchez, the newly appointed county commissioner in Mora county, to take the place of Antonio Montoya, deceased, is here today en route home from Santa Fe.

At the meeting of the cavalry troop last night Adjutant Tarkington of the major's staff, was appointed acting captain in the absence of Captain Reid, and Robert Gross was appointed acting first lieutenant.

Mrs. Fanny Stern and her two daughters, Misses Cora and Nellie, will return from their extended stay at St. Louis the last of the week.

Canyon Largo and vicinity has a fine crop of apples, watermelons and other fruit ripening and soon ready for the local market.

The work on the coal mines at El Porvenir has been at a standstill since the 25th of last month on account of not having sufficient power. The engine and tools that were ordered by telegraph are now on the way and are expected in a few days.

Frank G. Schmidt, the fellow who indulged in the gun practice last Friday, was today given a hearing before Judge Mills to ascertain as to his sanity and he was adjudged, today, sane. As to whether he was temporarily deranged Friday or did not enter into the case, he was committed to jail and there will be some criminal charges preferred against him later.

Katie U. Wright asks for a divorce from her husband, Robert H. Wright, on the grounds of desertion and non-support. The parties live in Union county.

Albino Barrio de Freltze was today committed to the asylum for the insane. She is from La Mesilla.

"PINTO BILL."
Known Here as "Spot" Moore—He is Fined for Fun.

A special dispatch to the Denver Republican from Cheyenne, Wyoming, dated August 11, says:

"Spot" Moore, known as "Pinto Bill," one of the Albuquerque delegates to the Elks' convention in Salt Lake, was the victim of a joke here last night that furnished the Denver delegation with a good deal of amusement. Moore was dressed in a unique costume and acted in a manner that made him the most conspicuous man in the crowd.

Some Denver delegates fixed up the scheme with the chief of police and Moore was arrested on a charge of carrying concealed weapons. He was taken before a justice in the regular style and fined \$17 and costs. The Denver delegation then went his journey. When the train bearing the delegates left Cheyenne Moore was still under the impression that he had been arrested and legally fined.

NEW ALLUREMENTS.
A Denver Woman, Who Attempted Suicide is Finally Married.

Louis Krauter, a car inspector at Deming, N. M., was united in marriage to Mrs. Clara Vogel, at Denver, last Saturday. The news in its article regarding the marriage says:

Two months ago she tried to bring the lives of her two little children to an end and commit suicide. Saturday she became a happy bride.

This, in brief, is the late history of Mrs. Clara Vogel's life. She was married on Saturday to Louis Krauter, at the home of Mrs. Hewett, 2021 Welton street, Rev. Zeigler, of the Seventh Day Adventist church, officiating. Two months ago Mrs. Vogel was tired of life. She was at that time an eight months' old widow and the prospect looked gloomy for her, so she tried to kill herself and her two children. The man who drove despondency from her heart is a widower of but six months and he says he is tired of living alone and she says she is happy and the threatened tragedy of two months ago has been turned into a romantic story, with the usual "live happy ever after" ending. Krauter is a Southern Pacific car inspector at Deming, N. M.

HEAVY RAINS.

Silver City and Vicinity Drenched—
Serious Washouts.

SUIT AGAINST WESTERN UNION.

Special Correspondence.

Silver City, N. M., Aug. 12.—The Silver City base ball club defeated the Fort Bayard team at the fort last Sunday afternoon by a score of 19 to 10. The soldier boys are fast getting into shape to play good ball, this being their third game so far.

Washouts on the Santa Fe between this place and Deming made it impossible for the train to get in yesterday, and it will from all appearances be several days before the damage can be repaired. Superintendent McNally came in the night before on a special, which is now blocked up on this end of the line. This train is being used, too, and the mail yesterday was transferred over the washout near Spaulding and brought on to Silver City.

Sunday night one of the longest and heaviest rains that we ever had fell in this section, so say the old timers. It started raining in the early part of the evening and lasted until nearly morning and the clouds seemed to open up and let the water pour. No serious damage was reported by floods, while they were very large, with the exception of the railroad being washed out down on the flats for quite a distance. The dance given by the orchestra last Friday evening was a very enjoyable event.

Mrs. A. Galloway has sold her residence in the eastern portion of town and will in a short time move into one of the Pickett houses.

James S. Fielder has instituted a suit for damages against the Western Union Telegraph company for \$1,000 for damages sustained in not receiving two telegrams sent to him by two of his clients, which he states lost to him \$1,000 by not receiving them until the following day after they were received in Silver City.

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades. As to teas. Everyone knows that we keep the very best to be had in the territory.

RODEY PROTESTS.

Don't Like the Idea of New Reserva-
tion in Mescalero County.

WRITES VIGOROUS LETTER.

Hon. B. S. Rodey, delegate to congress, has sent the following vigorous protest against the Lincoln forest reserve:

Albuquerque, N. M., Aug. 11.
The Honorable Commissioner of the General Land Office, Washington, D. C.:
Sir—I am in receipt of yours of August 5, transmitting to me the president's proclamation of July 26, 1902, establishing the Lincoln forest reserve in New Mexico.

I am very thankful to you for sending me the proclamation, but I desire to make a statement here which I will ask you to put in your files for reference.

On behalf of the people of New Mexico, I desire to protest against the creation of large forest reserves in the territory, without notice to the people, as has heretofore been the case. The Gila river forest reserve of 2,327,000 acres, was created almost in a night without notice to the people, and now this great Lincoln reserve of about 376,000 acres, is also created without notice to the people. If the people could know that these things were about to come to pass, they would ask, and probably obtain, a hearing on the question of the proper size and shape of the intended reserve. I do not think that any sensible person now objects to proper forest reserves, but they are not always proper as we look at it. Land that was bringing revenues in the way of taxes into the different counties is suddenly put beyond reach. Land that is fit for nothing on earth but pasturage is included in a reserve so as to square it up to meet the approval of the officials in Washington, and the people, with their live stock, are suddenly excluded from what may have been their homes for years, and a lot of annoying restrictions are suddenly enforced against the people living in the vicinity. Under the act of 1891 one of these reserves is easily created, and it often requires months of effort to get one of them set aside, in fact I doubt if one has ever been curtailed or set aside in New Mexico. There were several bills before the session of congress just closed for the throwing open of the Mescalero Apache Indian reservation, or some portion of it, to the public, there being a large part of it much more valuable for mining and farming than as a reserve for a few Indians, for there are only 377 Indians in the tribe. Those bills are pending before the committee on Indian affairs of the house yet, and now, instead of eliminating a portion of that great reserve (it contains 480,000 acres) and another great reserve almost as large is created directly north of it.

It is admitted that a forest reserve in the country referred to is a proper thing, but it is not admitted that it ought to be of the dimensions which the department has made it. I do most solemnly protest against this system of creating forest reserves in a night without notice to the people. It will probably result in the power being taken away from the department by congress. It will not do to tell us that the department knows best what we want. The people of New Mexico expect to be the people of the state of New Mexico, and the territory of New Mexico is their patrimony, with which the government will have nothing to do after it disposes of the public lands therein, and therefore it is not presumptuous in us wanting to have something to say about it, and wanting to at least get notice before these great reserves are created in our midst. Two sections in every township in the land in question belong to our schools, and they are rendered of much less value now by the creation of this reserve around it. Under the act of 1898 we have still more than a million and a half of acres of land to select from the public domain for our public institutions, and all of the fine land included in this new reserve is now taken out of the land from which we might make our selections. The statehood bill now pending in the United States senate, gives us two additional sections of land in every township for our common schools, and as much more land for our public institutions as was given to us by the Ferguson act of 1898, and our chance to select it within the limits of this new reserve is now gone. Our hope was that our school and institutions lands would be selected from at least reasonably good lands. So much of New Mexico's best land is already in private ownership, in the way of railroad land grants and Spanish land grants, and in individual entries, as that while we have a vast amount of public domain in the territory, it is not all of a character such as we would like to select for the support of our institutions.

I most respectfully submit this letter for the consideration of the department. With assurances to yourself of my highest esteem, I am, sincerely yours,
B. S. RODEY,
Delegate in Congress from New Mexico.

Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of pills and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well. GEORGE S. MARSH, Attorney-at-Law, Nocona, Tex.

It can't help but do you good.

The bottle contains 2 1/2 times as much (actual measurement) as the trial size which sells for 50c.

DeWitt's Witch Hazel Salve is a soothing, healing application for piles, sores and skin diseases. Beware of counterfeits.

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

ST. JOHNS.

From the Snipes.

Little Johnny, the only son of ex-Recorder J. T. Patterson, died last Saturday night. The little one had been ailing for some time.

W. L. Platt, a prominent young cattleman of this county, met with a very painful accident last week, by having a horse fall on him twice. The reports are that his shoulder and wrist are badly hurt, but we hope not seriously.

All the stores, saloons and blacksmith shops of St. Johns close up every Saturday afternoon at 4 o'clock, to give the working men a chance to rest. Now, if the stores would establish a regular closing hour for every day in the week, say at 6 p. m., St. Johns would be up-to-date in this particular.

Consumption Threatened.

"I was troubled with a hacking cough for a year and I thought I had consumption," says C. Unger, 211 Maple St., Champaign, Ill. "I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since."

FLAGSTAFF.

From the Sun.

The Agassiz Peak was covered with snow Wednesday afternoon.

Generous rains have fallen during the week. But the country can stand a month's steady rainfall.

F. C. Watson and wife left Tuesday for Santa Ana, Cal., where Mr. Watson intends engaging in business, and they expect to make that place their future home.

Col. J. F. Wilson, who is seeking the democratic nomination for delegate to congress, spent Thursday here fixing his political fences which were made somewhat rocky by C. M. Shannon.

J. W. Francis and Harry Jacoby returned from the reservation Tuesday. They have found near their copper mines abundant water for the operation of that property.

Passenger train No. 7 ran over a Mexican section hand at Winona station Sunday morning. The body was mutilated beyond recognition. The remains were brought here and an inquest held before Coroner Quinlan. The jury returned a verdict exonerating the railroad and its employees from all blame for the accident.

SUSPICION

Leads to the Real Cause.

The question of coffee disease or Postum health becomes of the greatest importance when we are thrown on our own resources. Many a woman when suddenly left without means of support can make a comfortable living if health remains.

A brave little woman out in Barnes, Kan., says: "I feel that I owe you a letter for the good Postum Coffee has done me. For years I was a great sufferer with nervousness without ever suspecting the cause. Two years ago I came down with nervous prostration. My work was light but I could not do it, I could not even sew or read."

"My sleep was broken and unrefreshing; I suffered intensely and it seemed only a matter of time till I must lose my reason."

"My mental distress was as great as my physical, when one day a friend brought me a trial of Postum Coffee and urged me to use it instead of coffee for a few days, saying that Postum had cured her of liver trouble and sick headaches. I replied that I thought I could not give up coffee, I had always used it as a stimulant, however the Postum Food Coffee proved to be pleasing to the taste and I used it and was surprised to see that I was resting and getting better."

"My husband bought several packages and insisted on me using it altogether. Gradually, but not the less surely, I fully recovered. I never used coffee afterward and when I was left a widow a year later I was able to open a dressmaking shop and support myself and little girls." Name given by Postum Co., Battle Creek, Mich.

Clack Bros. have a contract for unwatering and sinking twenty-five feet more on the Alexander mine near Cerbat. This will give the mine a depth of 200 feet, and drifts will be run at that level.

J. C. Swickard has located an iron deposit three miles northwest of Chloride upon which he intends doing some work. The ore, aside from its fluxing qualities, is said to carry \$6 or \$8 in gold per ton.

Grant McKesson and Johnny Davis outfitted and left Chloride this week to do assessment work on their claims in Minnesota district, the Last Chance and North Star. They expect to turn over some gold nuggets as big as walnuts before returning.

James Bone took a ton of ore to Kingman last week from the McGregor mine, near El Dorado Canyon, and had it worked at J. R. Halsey's sampler. After all the charges had been taken out, Mr. Bone received a check for \$97.50. The vein from where this was extracted is very large, and there is lots of ore that will average \$6 and \$8 per ton in gold, besides some silver.

To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I did so, and words cannot tell the good that it did for me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any food you eat. Take a dose after meals. B. H. Briggs & Co. and J. H. O'RIELLY & Co.

Found Dead.

Mrs. Charles Clark, wife of the section foreman at Franconia, was found dead in her room last night. Owing to the heat Mr. Clark was sleeping in the yard outside of the house and was unaware of the death until apprised by the night operator, who had been attracted to the house by the crying of the children. The cause of death is attributed to heart failure. The body will be embalmed and taken to Fort Madison, Iowa, her old home, for interment. She was a most estimable woman and every one who knew her will regret her sudden demise.—Kingman Miner.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne Co., Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness. 25c. at Cosmopolitan Pharmacy.—B. CAMP KENNEDY.

Interesting Items From the Santa Fe Central Camp.

Special Correspondence.

Camp Kennedy, N. M., Aug. 12.—W. S. Hopewell, vice president of the Santa Fe Central, has presented the camp with about twenty new able bodied teams which will be used to hurry up grading along the line.

O. L. Rice, general store manager, sent his family to Santa Fe for two days visit and recreation.

The camp claims to have the best cook in central New Mexico. He has taken first prize at El Paso and contemplates a flying visit to his Oriental home—China—soon as he can purchase a round trip over the Santa Fe Central.

Orrin McCowan, Postal operator, is now working first trick in dispatcher's office at Santa Fe. F. E. Barbee, of Springfield, Ill., is temporary manager of the Postal during his absence.

Messrs. McCance, Saint and Bayer made a flying trip to Torrance, returning to Kennedy in time to enjoy a good rain, and also dinner. They report everything pertaining to the Central progressing smoothly and soon hope to supply the stores by rail instead of the method now employed by the old time wagon road.

H. E. Bergmann, accountant and bookkeeper, made a flying visit to his home in Santa Fe on Sunday.

Fred Fisher, formerly of Albuquerque, is now clerking in the company store.

SANTA FE.

From the New Mexican.

Mrs. Helena Phillips will make final proof at the federal land office here on a homestead entry a quarter of a mile north of Glorieta on September 15 next.

The street has it that Antonio Ortiz y Salazar will be pushed by his friends for nomination on the republican ticket for collector and treasurer of this county.

The Santa Fe Central base ball team has made a date to play with the Las Vegas team on Sunday next. As many Santa Feans as possible should go to

Cough, Cough,

Night and day, until the strength is entirely exhausted, and that dreaded word "Consumption" begins to be whispered among friends. That's a common story, familiar to the people of every town and village.

There's another story which ought to be as widely known as the story of disease, and that is the story of the cure effected by the use of Dr. Pierce's Golden Medical Discovery. Bronchitis, asthma, obstinate, deep-seated coughs, bleeding of the lungs, and other forms of disease which affect the respiratory organs, are permanently cured by the use of "Golden Medical Discovery."

"Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr. Moses Miles, of Hilliard, Union Co., Wyoming. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both night and day. My friends all thought I had consumption. My wife insisted on my trying Dr. Pierce's Golden Medical Discovery—which I did. I have taken four bottles and am now a well man, weighing 150 pounds, thanks to Dr. Pierce's Golden Medical Discovery."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for book in paper cover or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

the Meadow City with the team and help along by their presence and moral support.

Mrs. Shaffer, of Kansas City, Mo., who is in the city and who owns the valuable property on the corner of Washington and Palace avenues, expects to order the construction of a brick sidewalk in front of the property and to make other improvements.

City Marshal Cicero Weidner arrested two men who had imbibed too freely of the fluid that is red and fiery. Police Judge Conklin extracted the usual fines and costs, and after paying the same they were allowed to depart with the admonition not to do so again.

Col. George W. Knaebel, eminent commander of Santa Fe commandery No. 1, Knights Templar, has been appointed grand representative of the grand commandery of New York, near the grand commandery of New Mexico, and Col. Max Frost has been appointed grand representative of the grand commandery of Connecticut near the grand commandery of New Mexico.

The New Mexican is in receipt of letters from several prominent republicans in the northern part of the county urging the nomination of Cicero Weidner, of precinct No. 1, for sheriff upon the republican ticket. It is claimed that the delegates from the five northern precincts to the republican county convention will work for Weidner's nomination.

Railroad Topics

R. D. Gibbons, division foreman at Las Vegas, is at Lamy holding an investigation.

Hugh Williams, an engineer on the south end of the Rio Grande division, is in the city.

Howell Jones, of the Santa Fe land department, is still out west on business connected with his duties.

The Santa Fe has ordered two composite coaches, two dining cars and two parlor cars of the Pullman company.

Elwood Hayes, formerly of Santa Fe, N. M., is now a conductor on the Rio Grande division of the Santa Fe railway.

G. M. Perlewitz, who came from Deming to take the position of day ticket clerk at the local depot, has decided that he does not like the job.

Train employees of the Northwestern road are to receive instruction in the science of medicine and the art of surgery, so that they will be able to set a broken leg and bind up the wounds of the injured.

While digging in the debris of the wrecked and burned freight train at Raton mountain, workmen found two skeletons, the flesh all burned from the bones. They are supposed to have been tramps.

Fireman Fishburn, with Fred Kammer, engine 849, was injured Saturday at Lamy by a large lump of coal falling upon his head. Fortunately he was not badly hurt and went on to Las Vegas and is ready for the road again.

Frank Andrews, the present assistant postmaster at Santa Fe, has accepted a position at one of the store houses of the Santa Fe Central Railway company. He will assume the position in the course of a few days.

The Rock Island and Santa Fe are rivals for Texas business and within a short time the two roads will have state covered with a network of rails. The Rock Island plans numerous lines in the state and will attempt to reach every important point.

A mine switch, 500 feet long, in Cripple Creek, was a transcontinental railroad for three days last week. It was used by the Rio Grande and Colorado Midland to get around washouts. This is probably the first time in history when a mine switch became part of a transcontinental railroad.

The Ludlow & Southern railroad has filed articles of incorporation in the county clerk's office at Los Angeles. The company proposes to build a railroad to connect with Ludlow and the Santa Fe on the desert and to run through big mining camps some eight to fifteen miles west. The work of construction has already begun.

No Substitute Wanted.
No! I did not ask for a bottle any cheaper, or twice as large, or one made by yourselves. I did ask for and will have no substitute for Perry Davis' Painkiller; I have used it, my father used it and I would not be surprised if my grandparents did so too; there is no limitation that can equal it. That I am sure of—for stomach ache.

Hard to Defraud.—With the paper used for railroad tickets right now it is difficult for a man to defraud a company by erasing or endeavoring to remove any of the writing done by the seller of the ticket. Tests have been made in the chemical laboratory with the intention of finding some chemical whereby ink might be bleached out and rendered indistinguishable and in practically every case the impossibility of success in such an effort was demonstrated. Red ink showed slight signs of fading in the sunlight, but the light would not touch the other kinds used.

No Longer than Your Hand.
is the spot in your back directly effected by lumbago. But it is big enough to prostrate you until some kind friend rubs Perry Davis' Painkiller into your aching flesh. Then the throbbing pain, which has been as bad as toothache dies away. Painkiller is equally good in relieving sciatica and the various forms of rheumatism. 25 and 50 cent bottles.

Declares a Dividend.—A dispatch was received at the office of the Colorado & Southern road, Denver, announcing that the company had declared in New York the semi-annual dividend of 2 per cent on the first preferred stock. It will be paid out of the surplus earnings of the six months ending June 30. This dividend is an increase of one-half per cent over the last dividend. At the general offices of the company it was explained that the dividend was made possible by the splendid business done by the company during the past six months. Traffic is becoming heavier every day and the next dividend may be even larger.

Injure Kansas City.—Kansas City papers say that the Santa Fe's cut on live stock and packing house products will hurt Kansas City.

The Santa Fe hauls more cattle to Kansas City than any other railroad entering the city. It has never been able to get much of the haul of the manufactured products out of Kansas City. The Santa Fe takes the position that in bringing cattle to Kansas City

it simply creates business for the roads that are getting the bulk of the haul of the manufactured packing house products. The Santa Fe officials say that they are tired of making business for the other railroads and that they will haul stock to Chicago rather than to Kansas City unless they can get the haul on the manufactured products.

"There is a prospect for a lively but very brief fight," said a stock yards official at Kansas City. "Other lines from Kansas City to Chicago will meet the Santa Fe cut and under the decision of the interstate commerce commission the same rate will have to be made from other Missouri river points."

"It is all fixed up in Chicago," said another man, "the packers and the railroads both have their headquarters in Chicago and they are working for Chicago and against Kansas City."

"I had diabetes in its worst form," writes Marion Lee, of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."

The New Freight Depot.—The new freight depot at the local station is nearing completion. Carpenters are at work putting the finishing touches on the interior of the office building, and the warehouses and freight sheds almost completed. The long extended red freight sheds attached to the picturesque two-story drab colored cement office building, forms a nice combination of colors, and gives first street a very pretty appearance. The laying of the brick walk from Railroad avenue, south on First street to the new depot, is progressing nicely. The yard surrounding the freight depot will be paved with brick, similar to those used in the paving of the driveway to the passenger depot.

When Other Medicines Have Failed.—Take Foley's Kidney Cure. It has cured when everything else has disappointed. Alvarado Pharmacy.

Changes on the Rio Grande.—Assistant General Traffic Manager Babcock, of the Rio Grande Western railway, announced the appointment of J. D. Mansfield, general agent of that system at Portland, Oregon, to the position of general passenger agent of the Rio Grande system at San Francisco, vice F. W. Thompson, who resigned last week.

W. C. McBride, general agent at Butte, Mont., will succeed Mr. Mansfield at Portland, and G. W. Fitzgerald, of Salt Lake, Utah, will take Mr. McBride's place at Butte.

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder.

Topeka Favored.—The Topeka railroads have granted liberal concessions for the first annual event of the Kansas State Exposition company.

The passenger department of the roads have instructed the agents at all stations in Kansas and on the Missouri river to sell tickets to Topeka and return on the dates September 6 to 13, inclusive, for one fare. All tickets will be good for use to return on until September 15.

The freight department of the roads have agreed to give a half rate for all stock shipped to Topeka for display in the fancy stock show and which remains in the possession of the original shipper at the end of the exposition.

These concessions will have the effect of greatly adding to the entries in the stock show and to the attendance from all parts of the state.

Young Astor not Engaged.
London, Aug. 12.—Society at first was disinclined to take any stock in the rumor of an engagement between young Waldorf Astor and Lady Edith Villiers, daughter of the Earl of Clarendon, but the fact that neither family will deny the report and the further fact that the young people continue to spend much time in one another's company has led many to the conclusion that after all there may be something in the story.

The Lady Villiers has been receiving marked attention from a peer, who has no claims to the vast wealth of young Astor, and there are known to be several other suitors so that if the young American wins out he will have the satisfaction of knowing that he leaves a number of disappointed rivals in the field. The victory, if victory is won, as now appears probable, may be attributed to those qualities which always places America in the lead, for young Astor, unlike his sire, is a good American citizen. Notwithstanding the fact that he has passed the

greater part of his youth in England and quite naturally has absorbed English ideas to a greater or lesser extent. It is said by his intimate friends that he cherishes an overshadowing likeness for the land of the stars and stripes. He is a good oarsman, a fine horseman and an enthusiastic huntsman. Recently he has become interested in politics and is a follower of Lord Rosebery. Upon the death of his father he will inherit the greater part of an estate valued at more than \$200,000,000.

The Lady Villiers is not a great beauty, but she is clever and brilliant with a great dignity of bearing. Her father, who is Lord Chamberlain of England, has held many political offices and is a great favorite with King Edward as he was also of the late Queen.

AGRICULTURALISTS MEET.

Southern Planters Hold Annual Meeting at Macon, Ga.

Macon, Ga., Aug. 13.—Between 200 and 300 representative planters are attending the annual meeting of the Georgia State Agricultural society, which began its sessions in Macon today. The large attendance and the interesting program indicate a gathering that will be of much practical benefit to those engaged in agricultural pursuits. President Dudley M. Hughes, of Danville, called the gathering to order and responded to the cordial address of greeting delivered by Mayor Smith. There were other opening addresses and remarks, reports of officers, roll call, appointment of committees and other routine business which occupied the opening session. This afternoon the society takes up the regular program of papers and addresses on agricultural topics and will continue it until finished. Tomorrow the election of officers takes place. So far no opposition to the incumbents has developed and they probably will be re-chosen by acclamation.

PUEBLO INDIANS.

The Original Farmers and Irrigators of the New World.

The Pueblo Indian has changed but little since the conquest. He was a systematic farmer then, raising on the arable lands of New Mexico enough of maize, beans and squashes to give him a comfortable subsistence. He is still a farmer, though with improved methods. The Spaniard gave him the horse and the cow, and those herds of sheep which constitute so large a proportion of his present wealth. He was an irrigator possessing a system of reservoirs which conducted the life giving water to his parched crops, centuries before the coming of Coronado, and Juan D'Onate. In 1540 he dressed in mantas of cotton (which he himself raised), buckskin, twisted rabbit hides, tunics of Yucca fiber, and mantles of feathers. He knew how to weave, to spin, to tan, to make beautiful baskets and a species of sun-dried pottery which is highly prized by the connoisseurs of today. He lived in three, four, and sometimes five story houses, built of adobe or sundried bricks, whose style of architecture has no counterpart the world over. He was nothing if not original. His house as well as his city was built with a special eye to defense against the Apache or Navajo freebooters, who seem to have learned early in their history that it was easier to live by robbery than to earn bread by honest toil.

It Needs a Tonic.
There are times when your liver needs a tonic. Don't get purgatives that gripe and weaken. De Witt's Little Early Risers expel all poison from the system and acts as a tonic to the liver. W. Scott, 521 Highland avenue, Milton, Pa., says: "I have carried De Witt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. B. H. Briggs & Co. and J. H. O'Reilly & Co.

KIDNEY TROUBLES.

Mrs. Louise M. Gibson Says That This Fatal Disease is Easily Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I felt very discouraged two years ago, I had suffered so long with kidney troubles and other complications, and had taken so much medicine without relief that I began to think there was no hope for me. Life looked so good to me, but what is life without health? I wanted to be well."

MRS. LOUISE M. GIBSON.
"Lydia E. Pinkham's Vegetable Compound cured me and made me well, and that is why I gladly write you this, and gladly thank you; six bottles was all I took, together with your Pills. My headache and backache and kidney trouble went, never to return; the burning sensation I had left altogether. My general health was so improved I felt as young and light and happy as at twenty."—Mrs. Louise Gibson, 4813 Langley Ave., Chicago, Ill.—\$5000 forfeit if above testimonial is not genuine.
If you feel that there is anything at all unusual or puzzling about your case, or if you wish confidential advice of the most experienced, write to Mrs. Pinkham, Lynn, Mass., and you will be advised free of charge. Lydia E. Pinkham's Vegetable Compound has cured and is curing thousands of cases of female trouble.

M. Berger, at No. 213 West Railroad avenue, is a popular wholesale dealer in high grade flour and candles. He makes a specialty of the famous Empress brand of flour, and says that it cannot be beat. He solicits orders, not only from local people but from the outside.

The Citizen had Leon B. Stern, the popular proprietor of "The Lion Store," yesterday, going to New York to purchase "his fall and winter stock of drugs and novelties." Mr. Stern is one of the big dry goods merchants on West Railroad avenue, and when he goes to New York he will purchase "dry goods" and not "drugs," as the linotype machine made us say. He expects to leave the city for the east next Tuesday.

BARNETT'S BUILDING.

Plans About Completed—Brief Description of Handsome Structure.

The plans for Joe Barnett's new business building, which is to be built at the corner of Second street and Railroad avenue, are almost finished. It is thought that they will be ready for the contractor by the last of the week.

Architect La Driere, who is designing the plans for the new building, says that it will be one of the finest in the city.

The dimensions are 142x50, and three stories with an eight foot basement.

Mr. Barnett has received a number of applications from different merchants for store room on the first floor, but has not yet decided whether the first floor will be one immense room or whether it will be divided into several small ones. He has decided on the arrangement of the two upper stories.

On the second floor will be fifteen fine office suits. A number of the suits will contain three rooms each, capable of being used separately or together. The upper story will contain three office suits and a roomy, well lighted public hall. The ornamental front with its Moorish pillars and arches, presents a decidedly handsome appearance. It is to be equipped with a fine system of sanitary plumbing. Two stairways will lead to the upper stories. One will be at the corner of the alley at Second street and the other will ascend from Railroad avenue.

Contractor's specifications are being drawn up and the work of building will begin within the next ten days. The new building will be ready for occupancy by Christmas.
