CROWNED KING

King Edward Stood the Ordeal Well.

IMMENSE CROWDS IN LONDON.

Prominent Chicago Business Man Stabbed to Death.

A BLOODY BATTLE IN HAYTI.

London, Aug. 9.—King Edward was crowned at Westminster Abbey at 12:39 o'clock today. News of the crowning was announced by an official outside the abbey, and repeated by signal through London and was received with cheers which spread throughout the stands and crowds far up the streets, as bells pealed joyfully. Queen Alexandra was crowned at 12:56. The brilliant pageant, which preceded the king and queen in the famous old royal coach, was witnessed by multitudes that lined the route, and the royal pair received a continuous ovation. The king looked pale, and bowed in answer to the cheers with a gravity very unusual to him. The interior of the abbey was gorgeously decorated and during the coronation service was crowded with distinguished people, all of whom were in court dress. The scene presented a blaze of color. The king repeated the oath in firm and strong tones, but remained seated through most of the service. The return journey, which was slow, was marked by scenes of enthusiasm. Their majesties arrived at the palace at 2:55 p. m. The weather was perfect with the exception of a shower, which delayed departure from the abbey a few minutes. The king stood the ordeal exceptionally well.

Coronation Accident.

London, Aug. 9.—Runaway brougham in Whitehall dashed through the troops lining the route of the coronation procession and four Indian soldiers, a woman and child were removed on stretchers.

Great Britain Rejoicing.

London, Aug. 9.—While the coronation was being solemnized in London the celebrations and rejoicings carried throughout the colonies, numerous cablegrams to the king conveyed congratulations of representative bodies everywhere, salutes were fired and church services held. Similar services were held by British communities in all the European capitals and chief cities of the continent. Congratulations of European sovereigns also poured in. Soon after the king's return to the palace the pope sent him an especially cordial message.

STABBED TO DEATH.

W. A. Scott, of Chicago, Killed in a Quarrel with W. L. Stebbins. Chicago, Ill., Aug. 9.—Walter A. Scott, president of the Illinois Wire company, was stabbed to death in the Mononock building today by Walter L. Stebbins, a civil and consulting engineer with offices in the same building. The stabbing occurred in Scott's private office. Stebbins had done some work for the Illinois Wire company, over which there was dispute. The two had a quarrel and Stebbins, it is said, called Scott a liar. There was a scuffle and the two burst from the private office, blood flowing from Scott's wounds. He had been stabbed twice. Stebbins made no attempt to escape.

Walter L. Stebbins, when arrested, said he struck Scott in self defense and had not intended injuring him seriously. The fight was witnessed by Miss Myrtle Shumate, stenographer in Scott's office, who ran screaming into the hall. Occupants of other offices notified the police, who placed Stebbins under arrest. According to Miss Shumate's story the two men were in Scott's private office for nearly an hour, engaged in disputing over a claim of \$2,000. Suddenly the door was thrown open and the men staggered into the outer office, kicking each other and using their fists. Stebbins held a long steel paper knife in his right hand and the weapon could be seen flashing as the men struggled. Suddenly Stebbins struck Scott in the body. The blow was repeated a moment later. Scott staggered backward and fell to the floor. He died within half an hour. Scott was 43 years of age. He leaves a widow and one son. Scott recently was president and owner of the Marshfield & South-eastern railroad and owner of the Scott Lumber company and controlled a large amount of real estate. He was reputed to be a millionaire. When told

later that Scott was dead, Stebbins turned pale. Had not a policeman caught him he would have fallen from his chair.

BATTLE IN HAYTI.

Government Troops Defeated by General Salnave's Insurgents. Cape Haytien, Aug. 9.—General Albert Salnave, commandant of the Artillerie Firminist troops, has completely defeated the army of the provisional government under General Alexis Nord, at Limbe, capturing General Nord's cannons and munitions of war. Many of Nord's soldiers were killed and a great number taken prisoners. General Salnave continues his march on Cape Haytien, an attack on which is hourly expected.

Landing Troops.

Washington, Aug. 9.—The navy department this morning received the following cablegram from Commander McCrea of the gunboat Machias, dated Cape Haytien, August 9: "Haytien gunboat landed a force at Cape Haytien on Friday afternoon. Another regiment is hourly expected ready to land." "The gunboat Chet-a-Pierrot, which is in the Firminist service, debarked troops and marines yesterday afternoon and during the night at various points near the city and cruised around outside the harbor. Residents here are much frightened, fearing bombardment of the town. All the foreign colony is calm, thanks to protection afforded by the present of the United States gunboat Machias, Commander McCrea having taken all cautions necessary to protect as much as possible the lives and property of foreigners here.

CHARGED WITH PERJURY.

Sergeant O'Brien Under Heavy Bond for Alleged Lying.

Pittsfield, Mass., Aug. 9.—At a continued hearing here today before United States Commissioner Wood, Corporal Richard T. O'Brien, of the Twenty-sixth regiment, United States infantry, charged with perjury before the senate committee on Philippines, was held for the United States grand jury and bonds placed at \$50,000; in default of bail the defendant was committed to jail.

Denver Printing Steal.

Denver, Colo., Aug. 9.—Proceedings were begun today in the west side criminal court by District Attorney Linsley against the county commissioners of Arapahoe county for malfeasance in office, the outgrowth of alleged printing frauds. Civil suits also were instituted by County Attorney Bottom against the printing company to compel an accounting on bills paid for printing said to be grossly overcharged.

To Command Cruiser Atlanta.

New York, Aug. 9.—Commander W. H. Turner of the United States Navy sailed today for South America to assume command of the cruiser Atlanta of the South Atlantic squadron. This will be Commander Turner's first command of a first-class warship. During the Spanish-American war he was executive officer on Admiral Watson's flagship, the Newark, and was later placed in command of the gunboat Scorpion.

A sample of the badge to be worn by the territorial fair officials was received at the office of Secretary McCanna yesterday. It came from Whitehead, Hoag & Co., Newark, N. J., and is very pretty. The mounting is gold and the streamers are blue. The printing thereon is appropriate to the occasion, namely "Albuquerque, New Mexico, Twenty-Second Territorial Fair, October 11-18, 1902."

The Albuquerque Wool Scouring mills has just finished scouring 600,000 pounds of wool for the large Simon Bibb Mercantile company, of Grants, out west. Mr. Bibb expects nearly as much more from the fall clip.

Hon. H. B. Ferguson, has returned from White Oaks, where he went a week ago on business connected with the sale of Old Abe mine. The sale of the mine is still pending, so it is reported. On Sunday morning next Rev. R. Renison will preach on "The New Jerusalem" or "Christ's Millennial Reign on Earth," taking for his text, Revelations: chapter XXI; verses 1 to 15; and will show that this glorious truth is not only taught in the Bible, but is also woven into the traditions and teachings of all the heathens, as well as civilized nations of the earth. In this description of "New Jerusalem" which was given to St. John in Patmos, it is said that there was "No Temple," "No Sun," "No Sea," "No Night," "No Curse." All of these negative descriptions will be fully explained. As Mr. Renison has given a great deal of time and thought and study to this great subject, he hopes to satisfy all reasonable minds by plain logical and orthodox interpretation.

FOR IRRIGATION

Increase of Irrigated Farms During Decade.

IRRIGATION IN NEW MEXICO.

Miss Ethel Davies, a Newport Belle, is Married.

CHARGED WITH PERJURY.

Washington, D. C., Aug. 9.—The progress in agriculture in the arid states and territories during the decade ending with 1899 is shown in the report just published by the division of agriculture of the twelfth census. As this progress is attributable largely to irrigation, the statistics relating thereto are of general interest.

The number of irrigators in the United States in 1899, not including irrigators of rice, was 108,215, an increase in ten years of 99.9 per cent. The area irrigated was 7,539,545 acres, an increase of 107.5 per cent. Of this area, 5,944,412 acres were in crops, and 1,595,133 acres in pasture and unimproved crops. The cost of irrigation systems in operation, exclusive of those on rice plantations, was \$67,770,942, while the value of the irrigated crops was \$86,560,491.

The total length of all the main ditches in the arid and semi-arid states and territories was 44,149 miles.

The average number of irrigated acres in farms in arid states and territories was 71; the average value of irrigated land per acre, \$42.53; the average value of crops produced on irrigated land, \$14.81; the average first cost of water, \$7.50; the average annual cost of maintenance, 38 cents. Of the 5,711,396 acres in crops, hay and forage occupied 3,665,654, or 64.2 per cent; cereals, 1,399,709, or 24.5 per cent; vegetables, 168,432, or 2.9 per cent; orchard fruits, 251,289, or 4.4 per cent; other crops, 226,881, or 4 per cent. The value of the hay and forage was \$34,834,966; cereals, \$14,338,326; vegetables, \$9,627,491; orchard fruits, \$3,920,409; other crops, including subtropical fruits, grapes, flowers, plants, sugar beets, etc., \$16,712,246.

In New Mexico the number of irrigators increased from 3,085 in 1899 to 7,884 in 1899, or 155.6 per cent, and the number of acres irrigated from 91,745 to 203,893, or 122.2 per cent. The average value of farm land per acre was \$3.35, of irrigated land, \$29.26. The ditches in operation in 1899 had a length of 2,382 miles, cost \$4,140,319, and irrigated 202,889 acres. There were 1,004 acres irrigated from wells. The irrigated area in crops was 182,804 acres, yielding products valued at \$2,757,107. The area irrigated in pasture and unimproved crops was 21,089 acres.

In Colorado the number of irrigators increased from 9,559 in 1899 to 17,613 in 1899, or 82.3 per cent, and the number of acres irrigated from 890,735 to 1,611,271, or 80.9 per cent. The average value of farm land per acre was \$5.54; of irrigated land, \$49.77. The ditches in operation in 1899 had a length of 7,874 miles, cost \$11,568,137, and irrigated 1,694,213 acres. There were 7,058 acres irrigated from wells. The irrigated area in crops was 1,299,824 acres, yielding crops valued at \$15,100,690. The area irrigated in pasture and unimproved crops was 311,447 acres.

Shortly after sending the irrigation bill to the president, congress passed a resolution authorizing the director of the census to compile statistics relating to irrigation for the crop of 1902. With the data now assembled, this work will be comparatively simple, most of it being done by correspondence. To secure this information inquiries will soon be sent out to irrigators throughout the United States. The co-operation of those interested in irrigation is earnestly solicited, for upon their prompt response will depend very largely the value of these statistics. This is in part a supplementary work, the results of which will be utilized in the work soon to be undertaken by the department of the interior under the provisions of the irrigation bill.

NOW A BRIDE.

Miss Ethel Davies and Archibald G. Thacher Married.

Newport, R. I., Aug. 9.—A distinguished company of society folk witnessed the marriage today at noon of Miss Ethel Davies, daughter of Mr. and Mrs. Julien Tappan Davies, and Archibald G. Thacher. The ceremony was performed by Rev. Henry Morgan Stone at All Saints' Memorial Chapel, which was prettily decorated with

palms and white roses. Rev. Mr. Stone was assisted by Rev. William R. Huntington, of Grace church, New York.

The bride was escorted to the altar by her father. She was attended by six bridesmaids—Miss Marion Fish, daughter of Mr. and Mrs. Stuyvesant Fish; Miss Lala Paul, Miss Evelyn Sloane, Miss Edith Thompson, Miss Annie Colgate Hoyt and Miss Cornelia S. Davies, Miss Marjorie Gould, daughter of Mr. and Mrs. George J. Gould, acted as flower girl. The ushers were Messrs. I. Townsend Burden, Jr., Hamilton H. Thacher, Henry G. Gray, John H. Iselin, Edward Harding and John Clinton Gray, Jr. Mr. Thacher had as his best man, his brother, George O. Thacher. At the conclusion of the ceremony at the church the bridal party, relatives and intimate friends were conveyed to Pinecroft, the summer home of the bride's parents, where an elaborate wedding breakfast was served.

LAMAR VICTORIOUS.

The Colorado Team Downs the Browns in an Excellent Contest.

In one of the prettiest games of ball witnessed in this city for many years the aggregation from Lamar, Colo., were victorious over Albuquerque Browns, the best team in the southwest. The score of 8 to 7 is all that is necessary to tell of the fast work of both nines. The game was full of snap and giffing and was hotly contested from start to finish, first one side leading and then the other. The work of McCormick and Weed, for the visitors, and McDonald, Vorhes and Quier of the locals, bordered on the sensational, and all were repeatedly applauded. Quier and Vorhes made two of the most remarkable catches seen on the local diamond.

This afternoon there is another game in progress, and a somewhat larger crowd is out to witness it. The manager of the local team has set this aside as ladies' day, no admission being charged today for them, and there is quite a number of the fair sex in attendance. Another game is to be played tomorrow afternoon, in which the star twirlers, Prentiss and Sonier, of the two teams, will participate.

On next Sunday afternoon the Santa Fe team will be the attraction.

SHOT TO KILL.

Jealous Iowa Woman Uses a Pistol with Deadly Effect.

Colfax, Iowa, Aug. 9.—At Beeversville, a mining camp near here, Mrs. Gertrude Ponder, colored, finding Miss Emma Bell in company of her husband, opened fire. The first shot struck Ponder in the shoulder, causing a serious wound, and the second hit Miss Bell in the side. She will die.

BY THOUSANDS

Salt Lake Crowded With the Herds.

CLOSE OF NEGRO CONGRESS.

Knights of Pythias Assembling at San Francisco.

PRIZE FIGHT IN ST. LOUIS.

Salt Lake City, Utah, Aug. 9.—Everything is in readiness for the entertainment of the host of visitors who are to be here next week in attendance on the national gathering of the Benevolent and Protective Order of Elks. A considerable number of visitors are already here and by Monday morning it is expected that Salt Lake City will have no fewer than 30,000 strangers within her gates. The national officers and other visitors already here pronounce the arrangements the best ever made for a gathering of the order. For months past the local committee has been busily engaged in the work of preparation and nothing has been overlooked that might add to the comfort and pleasure of the antlered herd. The magnificent new Elk's club house, just completed at a cost of \$100,000, is keeping open house and here headquarters were opened today. As rapidly as they arrive the visitors are taken to the club-house, where they are registered, given badges and assigned to quarters. From the extreme south and middle east the delegations will be particularly large. The workmen put the finishing touches today to the Tabernacle and Assembly Hall, the use of which has been granted by the Mormon church for the sessions of the grand lodge.

NEARING A CLOSE.

The Negro Congress in Session at Atlanta Ga.

Atlanta, Ga., Aug. 9.—Though the great congress has been in session four days and is now nearing its close the scores of participants show no diminution of interest in the proceedings. Almost without exception the visitors were up with the sun this morning and the various churches of the race were well filled at the early morning prayer services. At 9 o'clock the general sessions were resumed in the Piedmont Park auditorium with L. B. Scott, D. D., editor of the Southwestern Christian Advocate in the chair. The educational life of the race was the general theme of the day's discussions. Various phases of this subject were ably presented by the speakers, who included Rev. W. Bishop Johnson, U. D., Washington, D. C., President Booker T. Washington of the Tuskegee Normal Institute, Prof. John R. Hawkins, Kittrell, N. C., Rev. Weaver, D. D., of Philadelphia, and Rev. M. C. N. Mason of the Freeman's Aid and Southern Educational Society. Tomorrow the pulpits of the negro churches will be occupied by the prominent visiting divines.

KNIGHTS OF PYTHIAS.

Thousands Gathering at the City of San Francisco.

San Francisco, Cal., Aug. 9.—This city is today the mecca of tens of thousands of the most prominent and representative citizens of the United States. From every part of the country, from far-away Maine and Massachusetts, from Florida and Oregon, and from all the commonwealths between, the representatives of the Knights of Pythias are gathering for the national biennial encampment and the meeting of the supreme lodge of their order. Evidence is not lacking in support of the statement that it will be the greatest fraternal gathering in the history of this country, in point of numbers, as well as in splendor.

For more than a year the committee of reception and entertainment, composed of the most prominent and active members of the order in California, has been preparing for the advent of the mighty hosts that will arrive in this city and suburbs for the next six days, and even thus early the thousands of strangers are willing to admit that its work has been well done. In the matter of decoration, it might be said that even Solomon in all his glory was not arrayed as is the business section of San Francisco today. On every hand, over doors and windows, spanning the streets or floating from tall staffs, are the well known

emblems of the order, with a plentiful profusion of stars and stripes. The public buildings, private residences and business blocks alike are gaily decorated, while across many of the principal streets are magnificent arches. Van Ness avenue, the broadest and finest residential street of the city, has been transformed into one grand fair for the entire length of thirty-five blocks on each side of which every county of California has an elaborate and interesting exhibit of its resources.

The advance guard of visitors arrived today and before tomorrow noon a score more of special trains will reach the city. A glance at the registers of the leading hotels shows that there is not a state in the union that is not already represented. A noticeable feature of the gathering is the large number of visitors who are attracted simply as spectators. Railroad officials estimate that by the time the encampment opens on Monday there will be no fewer than 100,000 strangers in the city. For the accommodation of this host private residences have been thrown open in addition to the hotels and boarding houses. Five thousand bunks also have been placed in the Mechanics pavilion, while the members of the uniform rank are to be accommodated in tents furnished by the war department.

For Bantam Championship.

St. Louis, Mo., Aug. 9.—Harry Forbes of Chicago and Johnny Reagan, of Brooklyn, are in excellent condition for their twenty-round bout, which is slated to be pulled off before the West End Athletic club tonight. The fight is to determine the bantam-weight championship, the title of which is now held by the Chicago fighter. Both boxers finished their training yesterday, and will rest until they are called upon to enter the ring to begin their battle. The contest has been widely discussed during the last few weeks, and a big crowd will be on hand to see the fight. It will be the second time the two have come together in the ring of the West End club. Their last encounter resulted in a draw after twenty-rounds of as fast fighting as was ever seen in this city.

EDISON BEATEN.

His Experts Fail to Recover the Fine Gold in Cunningham Hill, N. M.

Judge J. D. Whitman, one of the old-time prospectors of the Rocky mountains, has returned from New Mexico, says the Denver News. He visited the district near Cerrillos where Edison expended \$300,000 in a futile attempt to catch the fine gold of Cunningham hill. The Edison works are standing idle, and it is understood that he has given up the attempt as hopeless.

In speaking of the district, the judge said: "Cunningham hill is a noted spot for the Mexicans, as they have been working the dry placers for several hundred years. The region covers an area six to twelve miles each way, and the formation is a puzzle which no geologist has ever succeeded in unraveling. The country is overlaid with coarse gravel, which carries a cement in which the gold is embedded. Edison's expert was upon the ground for many weeks, and reported that the cement on Cunningham hill and the immediate region carries the enormous value of \$8,000,000,000 in fine gold. Many tests gave \$3 a ton by ordinary methods of extraction, but the absence of water makes it impossible to work the deposits on a large scale. The drift carrying the cement may be traced for 200 miles through New Mexico and into southern Colorado. It is one of the most remarkable formations of America, but defies science as successfully today as it did when first discovered."

Judge Whitman says Mexicans may be seen working on the drift with little hand machines operated by means of a crank. The dry sand is shoveled into the machine and the gold is saved because it is heavier than the gravel. The dirt is worked over several times before all the value is extracted, the period between different workings is usually two or three years. The presence of gold in the sand after it has been carefully winnowed two or three times, had led to the impression among many of the placer miners that the yellow metal grows from year to year in the cement. Mexicans are seen on their knees patiently scraping the smooth bedrock with a brush as small as a tooth brush. Black sand is said to be entirely lacking in this deposit. Near Cunningham hill are the famous turquoise mines, some of which have been worked for 300 years.

The following party of Albuquerque people left this morning for a two weeks' outing at Camp Whitecomb: Mrs. M. K. Gatlin and daughter, Miss Ethel, Mrs. J. H. Bearup, Helen and Bernalillo Bearup, and Miss Bertha Lobos. They took tents with them and will camp out.

PACIFIC CABLE

Commercial Cable Company Granted the Right.

RESCUES DROWNING PEOPLE.

Thirty-One Striking Miners in Pennsylvania to be Arrested.

BOILER EXPLOSION IN MICHIGAN.

Oyster Bay, N. Y., Aug. 9.—President Roosevelt today made formal announcement that he had granted the application of the Commercial Pacific Cable company to land a cable on the shores of the United States, on the islands of Hawaii and Guam and in the Philippine islands, and for access to certain soundings and profiles in possession of the navy department. The text of the memorandum on the subject which was prepared by the department of justice and contains the conditions imposed by the United States government was one of the subjects considered yesterday by the president and Attorney General Knox. The principal conditions which the company accepts are briefly, that they will not combine with other telegraph or cable companies to control rates; only American territory to be touched on the way to China; rates to be reasonable; government of United States to have priority in handling their business; United States shall have control during war; shall have right to purchase at any time at appraised valuation; American citizens must be employed in positions above common laborers.

King Oscar Helped Rescue.

Stockholm, Sweden, Aug. 9.—While King Oscar was yachting today near Marstrand bridge, which was crowded with women and children, the structure collapsed and the occupants were thrown into the water. The king threw off his coat and assisted in the rescue of twenty-three persons, who were taken aboard the yacht.

RIOTOUS MINERS.

Warrants for Their Arrest for Alleged Attempts at Intimidation.

Wilkesbarre, Pa., Aug. 9.—Warrants have been issued for the arrest of thirty-one striking miners at Kingston, Luzerne borough and Edwinstown, charged with rioting while doing picket duty in the vicinity of the Woodward breaker of the Delaware, Lackawanna & Western colliery. The alleged strikers intimidated the men who wanted to go to work and turned them back by force. John Fallon, member of the national board, asserts that neither force nor intimidation was used.

Fatal Boiler Explosion.

Adrian, Mich., Aug. 9.—One man killed and five persons were injured by the explosion of the boiler at the Oram laundry today. The dead is James Oram, son of the proprietor.

Docks on Fire.

New York, Aug. 9.—The large docks of the Lehigh Valley Railroad company on the New Jersey side of the bay, near Liberty Island, are on fire.

KING OF UMPIRES.

Jack Sheridan Secured to Use the Indicator at the Fair.

Editors Citizen.

Kansas City, Mo., Aug. 6.—I have secured the services of Jack Sheridan, the prince of all umpires to do the umpiring at the fair.

This should give perfect satisfaction as he is in a class all by himself as an umpire.

Leave tonight for Denver to see General Funston.

Met A. M. Bergere in the hotel. He has just undergone a successful operation and will leave for Santa Fe tomorrow. Yours in haste,

P. F. McCANNA,

Secretary of Fair.

Secretary McCanna was expected to return to the city on one of the delayed passenger trains last night, but he wired that he would not return until this evening.

E. H. Brown, father of James Brown, who is in the county jail awaiting trial on the charge of murder, arrived last night from Oklahoma City, Oklahoma territory, and will endeavor to secure his son's release by furnishing bond.

Don't fail to see the star tetra from Lamar, Colo., and the Albuquerque Browns in the ball game tomorrow afternoon at the fair grounds. It is well worth the price of admission, 50 cents.

is cited the case of Los Angeles, Cal.
That city had an exhibit at the Pan-

THE CHARGES DENIED.

Recently a mass meeting of citizens
was purported to be held at Carlsbad,
in Eddy county, and resolutions were
adopted calling upon Judge McMillan
to clear himself of the charge of im-
morality. Certain evidence was
claimed to be in the possession of people
at Carlsbad, damaging to Judge
McMillan. The Citizen published the
resolutions passed at the Carlsbad
meeting, they being signed by Judge
A. A. Freeman, the postmaster of
Carlsbad, and other citizens. The mass
meeting claimed to have received al-
leged testimony from "E. W. Hulbert,
a hotel keeper; Mrs. Baca, at whose
house the woman had rooms; Mr.
Moeller, a reputable merchant; Mr.
Lutz, county treasurer," and others, in
support of the charge of immorality
they made against Judge McMillan.
That was two weeks ago.

But in the following communication,
which was published in the Nogal Re-
publican last Thursday, the parties
mentioned above repudiate any con-
nection with the Carlsbad mass meet-
ing, denying that they furnished any
testimony against Judge McMillan:

"The undersigned, whose names ap-
pear in the above resolutions, desire
through the columns of your paper to
state that they gave no testimony in
the above mentioned matter, and that
they utterly repudiate the matter con-
tained therein, and further we desire
to inform the committee that drafted
the foregoing resolutions, and those
who held the mass meeting as well;
that the use of our names in such res-
olutions, was wholly unauthorized by us.

"E. W. HULBERT,
"B. H. MOELLER,
"HENRY LUTZ,
"MRS. J. BACA."

The Citizen has tried to get at the
facts in the matter of the charges
against Judge McMillan, and it is cer-
tainly up to the Carlsbad people who
signed the resolutions against him to
furnish better proof than they have
heretofore done. It is a grave matter
to try to rob a man of his reputation,
and if there is a conspiracy to injure
Judge McMillan it should be exposed
and denounced.

HUNTING AN ISSUE.

The Raton Range says: "At the
meeting of the democratic central
committee at Albuquerque last Satur-
day it was decided that the democrats
of New Mexico should oppose state-
hood unless a provision guaranteeing
minority representation on election
boards be inserted in the enabling act.
Delegate Rodey explained to the com-
mittee that he endeavored to have
such provision inserted in the state-
hood bill, but that the committee did
not favor the provision, believing that
we could arrange such matters here at
home by incorporation in our state
constitution. Regardless of Mr. Rodey's
explanation the democratic territorial
committee took action which has no
other meaning than that the demo-
cratic party of this territory will op-
pose statehood. The committee were
in session and some sort of an issue
for the fall campaign had to be de-
cided on. The committee had to cud-
gel their brains, but the issue was
finally found. It is a puerile, wobbly
kneed sort of an issue just at this
time when almost everybody in the
territory is enthusiastic about the
prospects of the early admission of
New Mexico into the union, but it was
the best they could do, and when the
party gets through with the campaign
on this issue it will even feel more
diminutive than the proverbial 30
cents."

NEW MEXICO DEMOCRATS.

The Phoenix, Ariz., Gazette says:
"The democratic territorial commit-
tee in New Mexico has arrayed itself
against the admission of that territory
under the bill now pending in the sen-
ate. It bases its opposition upon the
failure of the bill to provide for certain
relatively unimportant matters which
the people of the proposed state can
easily provide for in their state consti-
tution. This action should convince
republican members of the senate that
the democrats fear they would be un-
able to control the state government if
New Mexico should be admitted at this
time.

"Opposition to the admission of a
new state should not be based on con-
sideration of partisan politics, but if
matters of that kind are to be con-
sidered, the case of New Mexico presents
nothing to which a republican member
of the senate can object. It would be
republican if it should be admitted,
and hence the republican party would
be strengthened in both the senate and
the house and also in the electoral col-

lege. Although not the same condition
in the past, the situation in Arizona is
such that success for the republican
ticket in the fall is exceedingly bright.
A republican delegate will in all prob-
ability be sent from this territory. The
people realize that statehood for Ari-
zona is handicapped with the territory
democratic.

"Our people have waited long for
that recognition as a state which
should have been given years ago.
Our progress in material respects and
our growth in population have been re-
tarded by the perpetuation of a terri-
torial form of government. As long as
we remain a territory it will be a prov-
ince of the federal government and our
people will be subjected to a species of
political servitude which is equally a
violation of our rights as American
citizens and an unjust reflection upon
our patriotism and intelligence.

"The senate committee on territories
will consider the admission bill in the
early days of the winter session. In
the meantime every friend of New
Mexico, Arizona and Oklahoma should
bring to bear whatever influence he
may be able to exert in behalf of a
favorable report. The attention of re-
publican senators should be directed
to the recent action of the democratic
territorial committee of New Mexico,
so that any lurking fear of increasing
the strength of the democracy in con-
gress and the electoral college may be
removed. Arizona should have de-
clared herself for a republican dele-
gate to congress to aid this argument.
All three of the territories ought to be
admitted, and the enabling act should
be sent to the president for his signa-
ture before the Christmas holidays."

McKINLEY MEMORIAL.

A tablet in memory of the late Pres-
ident McKinley was recently unveiled
in the Metropolitan church at Wash-
ington—the church of which the late
president was a member. It was the
gift of Justice Thomas H. Anderson,
who was a lifelong personal friend of
the well beloved president. Senator C.
W. Fairbanks, of Indiana, who was the
orator of the occasion, paid a glowing
and heartfelt tribute to the memory of
the deceased statesman, soldier and
patriot, closing as follows:

"Those who read in a large way the
purposes of an All-Wise Ruler see in
what has transpired a far-reaching and
beneficent providence. The transcen-
dent beauties of a noble life have been
accentuated. We have been taught as
never before the nobility of right living
and the sublimity of right dying.
"The multitude will come and look
upon yonder tablet and in time it will
crumble away. Monuments will arise
throughout the land and disappear.
Canvas will seek to perpetuate and be
forgotten, but the name of our friend
will live. His enduring tribute will be
found in the hearts of the people so
long as this great republic endures.
Long after we have lived our brief hour
and the physical monuments we have
raised have been resolved into the
dust, the pure, patriotic and holy influ-
ence of William McKinley will con-
tinue to be an inspiration and benedi-
ction among men."

LETTER FROM RATON.

The Gate City Wants its Base Ball Club and Band Here for the Fair.

POINTERS FOR PRESIDENT O'RIELLY.

Mr. W. T. McCreight, The Daily Citizen, Albuquerque, N. M.
Dear Sir—You may be somewhat surprised at receiving so singular a letter from a total stranger, but when I explain to you that I am a base ball friend you, no doubt will overlook the temerity on my part. When I say base ball crank or friend, I mean it in the broadest acceptance of the term. If you are at all familiar with the game you will readily understand the idiosyncracies of a fan, rooster, etc. The average person that attends a ball game and roots from beginning to end comes as nearly being crazy as the circumstances will permit. Such individuals ought to be provided with a guardian, or else, not be allowed to roam at large. However, as they are not responsible for their acts when in this peculiar condition the public gives them the benefit of the doubt. They are worse than a poet who lives in two worlds; and "Great Caesar" remember me in his prayer, if that isn't awful I don't want a seat in the next to come; just a base ball one will suit me.

Beg your pardon, Mr. McCreight for wandering off of my subject, but what I wanted to get at is this: I have been in the territory for several years, and have been in Albuquerque several times but never when the territorial fair was held. Judging from what I have read and heard of it I am disposed to think it has always been a success. One thing I am aware of Albuquerque has the reputation of doing things right whenever she puts her shoulder to the wheel and pushes. That is more than some of her sister towns can claim. As the resources of the territory are of a limited nature, it is not to be expected that the exhibits are sufficiently attractive to draw the great number of visitors that attend so regularly. While some of the exhibits are of a unique character, still, in the main, the greater portion consist of the general run of exhibits that are to be found usually at county fairs. This is not giving Albuquerque the worst of the proposition; and as a fair minded person I believe you will agree with me. Consequently there must be some other attraction; it may be "hoss" racing, it may be the streets of Cairo, and then it may be the dear old game of base ball, so dear to the hearts of the average, healthy American; ain't it?

I know it is something, and with all due respect to the first named two, I can't help thinking but what it must be the last of the three that acts as a magnet in bringing people from all over the territory when Albuquerque holds her annual fall celebration. Therefore, taking it for granted I am correct in my reasoning, can you blame me? Can you blame anyone? Not by a long shot. Especially when it is taken into consideration the character of the attraction—base ball teams composed of the best talent taken from the American and National league teams contesting for a good purse.

Those ball players have been playing all season and are, as a rule, in the pink of condition, and therefore prepared to put up a game fit for the Gods to witness. O, it's a corker! I don't wonder the people of the territory turn out when accorded such a treat; do you? Guess I will have to ask some member of Raton's "Rube" band. Another element that contributes to Albuquerque's success is the way she treats her visitors. I have never heard her spoken of only in the highest of terms. As a result everybody is anxious to go again.

Sometime ago I was told by a gentleman in Raton that he was corresponding with your executive committee with a view to taking the Raton "Rube" band to Albuquerque for the fair. Now let me tell you the "Rube" band is all right, all right, so it is; and the way they will surprise the natives in their unique dress, drill and two step wanderings, will send the First Regiment and Military bands to cover in quicker time than Carrie Nation made with her little hatchet (?) after a Kansas horse oil peddler.

This proposition of the band's furnished me with an idea, (?) and I thought I would put it to you in the form of a suggestion. Making the claim that the strongest attraction at the fair is the base ball games made up of professional talent, why would it not be a good idea for the executive committee to offer a purse for the amateur teams of the territory to contest for? There is some good home talent distributed throughout the territory. There are five or six towns, say Albuquerque, Socorro, Gallup, Santa Fe, Las Vegas and Raton. These towns all have teams that can put up a good article of fast ball; not to be compared with professional I will admit, but just the same they play ball because they like it for the interest and exercise there is in it. I honestly believe if your committee cared to go to the trouble they could easily have each of these towns represented by a ball team at Albuquerque this fall that would result in some nice, close amateur games. The presence of these teams would add largely to the attendance at the fair, besides the interest it would excite, as every individual from a neighboring town saw a game and if he were acquainted with any of its players would "root" for all he was able. I tell you he couldn't help it!

It is there and like murder will come out at the first opportunity.

It would not necessarily interfere with the big games. The amateur games could be set for the morning, and as I presume the professional are set for the afternoon, one would not detract from the other.

Your committee could offer some purse as an incentive for the teams to play for, and arrange the division to suit yourselves; even though it were small it would not make much difference. But if you could arrange to furnish transportation for each team, say for ten or eleven men and assure them room and board, I believe this would encourage them to keep in practice so as to enable them to make the best showing possible.

I hope you will give this your earnest consideration, it may not prove productive of any great results, but think it over and see if you can do anything for us; if so let me know, and I assure you Raton will give any of the amateur teams a run for their "white alley." They will know they have had a good time if they beat Raton as several ball teams can testify to.

We have a very speedy team for a country town and are not ashamed of its work on the field. Our boys are always in the game from start to finish, and to show you that our heart is in the right place we are willing to take a chance against anything in the territory. Believing this will cover the subject so you will understand what I am trying to get at and awaiting your pleasure, I beg leave to remain, yours very truly,

"BILL NYE."

CANUCK WISDOM.

Knew How to Select Food.

A good healthy Canadian takes pleasure in telling about food, and how he got well by using the right kind of food and drink.

He says: "In November, '99, I began to feel bad every day and gradually got worse. I did not lose my appetite. On the contrary after having a good meal I felt better, but after being at work perhaps an hour or so I would have terrible pains all over my body. I lost considerable time from my work, sometimes a few hours and sometimes two or three days.

"Finally I went to the Winnipeg Hospital for a thorough examination and was told it was 'simply indigestion.' Certainly it was 'simply indigestion' but I never had anything make me feel worse. I can sympathize with any one who has 'simply indigestion.'

"Well I dragged through the winter in about the same condition and got a little better in the summer, but in October, 1900, the same old pains came back and I concluded I must change my diet if I expected to get any comfort, so I quit drinking tea and went on Postum Food Coffee and Grape-Nuts Breakfast Food.

"I ordered these articles from the grocer and expected to have them for supper, I had felt so bad that day. Of course the grocer was late in delivering them, so I laid on the couch until they came and ate supper about 7 p. m. After supper I did what I had not done for weeks before, I walked into the sitting room, lighted my pipe and read the evening paper and forgot I ever felt bad.

"I wondered if the old pain would come back, but it never did, and right from the first I improved. I have since worked constantly and hard and have not laid off once on account of ill health, and have not once suffered from indigestion since that first meal of Grape-Nuts and Postum.

"This letter is the straight truth. It may be long but I don't see how I could tell my experience in less space." Name given by Postum Co., Battle Creek, Mich.

A booklet of excellent recipes in each package of Grape-Nuts.

JERRY SIMPSON.

He is in Missouri Booming the Roswell Fair.

Jerry Simpson, formerly congressman from the Seventh Kansas district, is in Kansas City in a new role, says a dispatch from that city. He is now a resident of Roswell, N. M., and went there to promote the interests of a fair that will be held in Roswell this fall.

"I am the president of the fair association," said Mr. Simpson this morning. "It will be the first fair ever held in that part of New Mexico. You know the valley in which Roswell lies is one of the most fertile districts in the world. Apples grow to an enormous size. One man who went to New Mexico from Colorado Springs refused \$60,000 for his apple orchard, a short distance from our town. Alfalfa grows so rapidly there that a new crop is cut every month."

Mr. Simpson is also promoting a company to build an electric light plant in Roswell. It is Mr. Simpson's intention to operate the plant with water power.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all druggists.

RATON OIL WELL.

Machinery is in Working Order Again and Steadily Pumping at a Depth of 2,000 Feet.

The breaking, on Thursday night last, of the heavy iron crank that works the walking beam caused a delay of four days' time in drilling. A new crank shaft was ordered immediately by telegraph and arrived Tuesday morning. Six hours later it was in position and the machinery ready to start.

The heavy rain storm of Tuesday afternoon and night, while it delayed work during its progress, was otherwise turned to advantage. The reservoir dam had been repaired and a great volume of water from the canyons to the north was caught and stored for future use. There will be no scarcity of water for drilling purposes in this well; and should the company determine to bore its second well in the immediate vicinity, they will still have plenty for all purposes. —Raton Gazette.

Pale. Thin

Pale cheeks, white lips, and languid step tell the story of thin blood, impure blood. Doctors call it "anemia." They recommend Ayer's Sarsaparilla. Ask them and they will tell you just why it makes the blood so rich and red.

Anemic people are almost always constipated. Their liver is sluggish. They have frequent attacks of sick headache, nausea, biliousness. Just one of Ayer's Pills each night will correct these troubles.

OFFICIAL MATTERS.

Territorial Funds—Statement of Territorial Banks—New Incorporations.

DELEGATE APPOINTED.

The board of county commissioners of Santa Fe county has appointed A. R. Gibson of the city of Santa Fe a delegate to represent the county at the Trans-Mississippi congress to be held at St. Paul, August 19 next.

Territorial Funds.

Collector Eugenio Romero, of San Miguel county, has remitted the following territorial taxes: \$48.25 for 1900; \$536.50 for 1901. Collector John C. Spears, of McKinley county, has remitted territorial taxes as follows: \$38.50 for 1900; and \$59.97 for 1901.

Land Office Business.

Homestead Entries—Serapio Meunon, Watrous, N. M., 160 acres, San Miguel county; Jose de la Cruz, Fresno, Santa Cruz, N. M., 160 acres, Rio Arriba county; William Wagelin, Watrous, N. M., 160 acres, Valencia county.

Coal Declaratory Statement—Levi Miller, Santa Fe, 160 acres, Bernalillo county.

Trans-Mississippi Congress.

The deliberations of the Trans-Mississippi congress are of great interest to New Mexico. A strong delegation from this territory should attend the congress and every delegate appointed by Governor Otero should make it a point to be there. The bureau of immigration will be represented by C. J. Gaven, of Raton. The congress meets in St. Paul on the 19th instant, and will be in session three days.

County Commissioner's Bond.

The bond of J. E. McCarty, recently appointed commissioner of San Juan county, vice Clabe Brunhall resigned, has been submitted to Judge McFie. Mr. McCarty is a valued and respected citizen of San Juan county, a strong republican, and his appointment is first class and is approved by the people of that county.

Statement of Territorial Banks.

July 7, 1902.

The statement made by the twelve territorial banks to the territorial authorities under date of July 7 of this year shows the following: Resources, loans and discounts, \$1,356,812.61; stocks and bonds, \$56,533.75; fixtures and real estate, \$80,248.64; cash and sight exchange, \$789,577.77; total resources, \$2,283,172.37. Liabilities, capital stock, \$417,400; surplus and profits

\$52,861.25; deposits, \$1,812,911.12; total liabilities, \$2,283,172.37.

Articles of Incorporation.

The following articles of incorporation have been filed in the office of the territorial secretary: The Albuquerque lodge, No. 461, of the Benevolent and Protective Order of Elks. The incorporators are C. F. Meyers, C. Mansard, A. Grunsfeld, J. H. Paxton and J. J. Sheridan. Trustees, exalted ruler and secretary. Objects, to purchase, hold, use, enjoy, sell, mortgage and convey such real estate and personal property as the social, benevolent and charitable purposes of the corporation shall require. Existence, perpetual. The regular elected trustees, exalted ruler and secretary of the lodge for the time being constitute the directors of the lodge.

The Alamo Telephone company filed its articles of incorporation with the secretary of the territory. The incorporators are O. L. Pearson, J. D. Bennett, J. R. Gilbert, A. J. Buck, Alfred Hunter and H. W. Schofield. The principal place of business is the town of Alamogordo, Otero county. The company is organized for the purpose of establishing and maintaining a telephone system in Alamogordo. The capital stock is \$5,000 and consists of 500 shares of \$10 each. The term of existence is fifty years. There are six directors and the incorporators constitute the first board of directors.

Went to Visit His Sister.

A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturer a letter in praise of the medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale by all druggists.

Go to The Arcade, No. 311 South First street, tonight and partake of a fine free lunch. Everybody invited.

Prof. and Mrs. Stroup Surprised.

A gay party of prominent people stole up to Prof. A. B. Stroup's residence last night and gave the professor and his bride a hearty welcome to the city. The manner of the demonstration was hilarious indeed. The merry making crew was composed of about a dozen professional and business men and their wives. They formed in a body and under the cover of darkness, armed with horns, tin pans and cow bells, proceeded with the stealth and ease of a bold man, to the professor's castle, a signal was given and the fun began. After a tour of the outer premises they broke into the house in search of prey. The terror stricken man of letters and his frightened better half were brought

forth and asked to explain their unheralded introduction into out quiet and peaceful city. After an hour of pleasant conversation the visitors departed for their several homes.

Just Look at Her.

Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result—All organs active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c. at all druggists.

Back From Paris, France.

Mrs. J. G. Albright, accompanied by her popular and gifted daughter, Miss Claude, and her bright nephew, Willie Luce, returned to the city on the delayed passenger train from the east early this morning. Mrs. Albright met her daughter at New York, on her arrival from Paris, France, and en route to this city. Miss Claude sang, per request, in New York City and Chicago. The health of the young lady, who has made her mark as one of the sweet singers of the old country and especially of Paris, is remarkably good, and it is to be hoped that she will favor Albuquerque before long.

DR. PRICE'S Cream Baking Powder

Each time the United States Government has officially tested the baking powders the report has shown Dr. Price's Cream Baking Powder to be of superlative leavening strength, free from alum, absolutely pure and wholesome.

This is gratifying, for Dr. Price's Cream Baking Powder is depended upon by millions of people to raise their daily bread.

NOTE.—These Government inquiries also developed the fact that there are many mixtures upon the market made in imitation of baking powder, but containing alum or other caustic acid, whose use in food is dangerous.

The Reub Children.

John and Agnes Reub, son and daughter of Santa Fe Pacific engineer, John Reub, arrived in the city this morning, coming from Los Angeles, Cal., where they have been making their home with Mrs. Wheat, an aunt. The little folks made the trip alone and got through all right. Mr. Reub is at Gallup and does not know that his children are here. Mrs. A. D. Whitsen, with whom the little ones spent time made their home, was at the depot and will take care of them until the father returns to Albuquerque. Both are less than seven years old.

Shatters All Records.

Twice in hospital, F. A. Gullledge, Verbana, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues inflammation, conquers aches, kills pains. Best salve in the world. 25c. at all druggists.

If you get hungry, go to The Cabinet and enjoy a free hot lunch. Open tonight.

RAILROAD CHANGES.

Ticket Agent to be Assigned Station Agent.

A change is contemplated by the Santa Fe that will affect the station agents at several important points in New Mexico. G. B. Dolan, day ticket clerk at the local depot, will be made station agent and will be sent either to Deming or Rincon. Station agent Lucas, located at Rincon, will be transferred to either Trinidad, Col., or Las Vegas. The agency at Las Vegas has been vacant several months. Ticket Clerk Pearlweitz, at Deming, will come to Albuquerque and fill the vacancy made by Mr. Dolan.

The best physic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

The Cabinet will start the ball rolling tonight with an elegant free lunch.

H. WILLARD MYERS.

Left Last Night for His New Position at Colorado Springs.

H. Willard Myers, who has filled the position of cashier at the local Santa Fe freight depot the past few years, has been promoted to chief clerkship of the Santa Fe offices at Colorado Springs, Col., and left for that place last night. Mr. Myers has been with the freight department of the Santa Fe for the past ten years and has been a faithful and efficient clerk, which has been made evident by his gradual ascent of the railroad ladder. His promotion to chief clerk is one rung higher and Mr. Myers is to be congratulated. C. W. Jack, revision clerk at the local offices, has succeeded Mr. Myers at the cashier's desk.

COCHITI DISTRICT.

Visitors to the Sulphurs--Death From Typhoid Fever.

INTERESTING MINING TOPICS.

Special Correspondence.

Bland, N. M., Aug. 8.—Ben Johnson, one of Albuquerque's good natured and corpulent citizens, who is interested in Cochiti mining property, spent the past week in Bland.

J. C. Spears, the popular collector and treasurer of McKinley county, passed through Bland on Saturday of last week, en route to the Sulphur springs, where he will spend a couple of weeks taking a much needed rest. Mr. Spears is heavily interested in the Cochiti district and upon his return will remain in Bland a few days looking after his varied interests.

Tom Goodwin, an employee of the Whitney Hardware company of Albuquerque, accompanied by his wife, came in on last Monday's stage. They were met in Bland by Wm. Rogers and driven to the latter's ranch, twelve miles west of Bland, where they will spend a couple of weeks enjoying the delightful scenery and cool invigorating breeze of the mountains before returning to their home in Albuquerque.

Little Smith, mentioned in my last letter as being sick with typhoid fever, after suffering a little over a week, passed peacefully to rest at 1 o'clock on Wednesday afternoon. A telegram was sent to Mr. Smith, who is in San Francisco, California, and one to Ben Smith, the oldest son of the family, who is in Prescott, Arizona, but neither party arrived in time for the funeral, which took place from the M. E. church in Bland at 4 o'clock on Thursday evening. Little Smith, at the time of her death, was aged 12 years 8 months and six days. She was a bright little child, loved by all who knew her. She leaves a host of sorrowing friends to mourn her untimely departure. The stricken family have the heartfelt sympathy of the entire community.

Will Ments, formerly editor of the Bland Herald, spent a few days in camp this week.

A. L. Hall, who for three years past has held the position of mine foreman in the Albemarle and Lone Star mines, left on Friday last in company with his estimable wife, for Sonora, Mexico, where he goes to take charge of a mining property owned by the Boston capitalists. The many friends of Mr. and Mrs. Hall regret very much their departure from Bland, but wish them success in their new home.

Considerable assessment work is now being done throughout the camp and it is safe to say that before the end of the year \$100 will have been expended in labor on each and every unpatented claim in this district. A great many of these claims are owned by outside parties, principally citizens of Albuquerque, and the performance of this work will scatter quite a little loose change among the Cochiti miners, which to them will be very acceptable. Assessment work on the T. S. K. group of claims, owned by Albuquerque parties, has just been completed. The T. S. K. is a south extension of the Albemarle and has all the surface indications of becoming, with development, a very valuable property.

T. H. Benson, of the Exchange hotel in Bland, is doing considerable work on several mining claims owned by him in Colla canyon, and known as the Fuzzle group. He is taking out some very fine looking ore and hopes soon to begin shipping to the Woodbury mill.

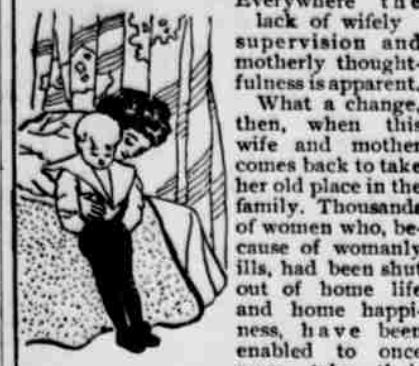

Over in Peralta canyon, which is a part of the Cochiti mining district, the miners seem very hopeful of soon bringing that part of the district to the front and are doing assessment and development work, with the intention of taking out some ore for treatment at the Woodbury mill. On the DeWet John Murphy is driving a cross cut or working tunnel, which is now in 100 feet and has just encountered the lead. Mr. Murphy first ran a cross cut near the surface, which shows this lead to be thirty-five feet in width, with an average value of gold and silver, from wall to wall, of \$7.50 per ton. The working tunnel just completed, encounters the lead at a depth of about seventy feet and from this point a recent assay taken gave a return of \$20 in gold and \$40 in silver. It seems strange that with the surface showing to be found in Peralta canyon, this part of the Cochiti district should have been so long neglected, but the eyes of men with capital have recently been opened to the fact that here is to be found a place for safe and profitable investment and your scribe expects before another year rolls by to see Peralta canyon the center of great activity.

The mine owners of the Cochiti district have not forgotten the fact that because of their not taking hold of the matter in time and in the proper spirit they permitted the Black Range mining district to carry off the prize for the best exhibit of mineral at the last territorial fair held in Albuquerque, and your scribe wishes to notify the citizens of the aforesaid Black Range district that if they imagine they can repeat the same this fall they will have to "be up and doing." Already some of the enterprising citizens of Bland are collecting ore for an exhibit which will be second to none. Bernalillo county possesses, in the Cochiti district, the richest mineral and the largest amount of same to be found in any county or mining district in the territory and the citizens of this district intend being on hand with a mineral exhibit at the coming territorial fair that will prove the truth of this assertion.

What Makes the Home?

Not the house, however fine it may be; not its furniture, pictures and appointments. The wife and mother makes the home, and to speak of going home means to go back into the shelter of the mother's love and care.

And when womanly ills sap the mother's strength, the home-life suffers. The food is not cooked as she cooks it.

Everywhere the lack of wisely supervision and motherly thoughtfulness is apparent. What a change, then, when this wife and mother comes back to take her old place in the family. Thousands of women who, because of womanly ills, had been shut out of home life and home happiness, have been enabled to once more take their place in the family after being cured by Dr. Pierce's Favorite Prescription.

It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

"I commenced taking your 'Favorite Prescription' and 'Golden Medical Discovery' about the 10th of last December, one year ago," writes Mrs. Eliza Wright, of Mountainview, Howell Co., Missouri. "I have been very slow about writing to you, although I am thankful I am here to-day and have the privilege of saying I thank you a thousand times for your kind advice. I can truthfully say that it was through your kind advice and your medicine and the will of the Lord that I am living to-day; I am in better health than I have been for three years. I have taken one-half dozen bottles of each medicine. I am able to do my washing for four in family, and all my housework, cooking and milking. In fact, I feel like a new woman."

Dr. Pierce's Pleasant Pellets cure constipation and its almost countless consequences. They do not react on the system nor beget the pill habit.

trial fair that will prove the truth of this assertion.

Painkiller relieves muscular cramps, lumbago, neuralgia and sciatica. 25 and 50 cent bottles.

COURT AT SANTA FE.

Photographing Surroundings of the Killing of O'Mara and Thayer.

District Attorney E. C. Abbott and R. C. Gortner, accompanied by James M. Crausby, the photographer, left Santa Fe for San Pedro where photographs of the spot and surroundings where James O'Mara and William L. Thayer were shot and killed some time ago by William W. Atchison will be made by the photographer. These are to be used in the proceedings in an application for a writ of habeas corpus for Atchison, which proceedings are to be brought before Judge McFie in chambers today.

The territorial jury commissioners to select jurors for the September term of the district court for Santa Fe county met and performed that duty. The commissioners were: H. B. Cartwright, Santa Fe; J. B. Mayo, Golden; and Celso Lopez, Santa Fe. Jury lists were prepared, signed, sealed and turned over to the clerk of the district court for service by the sheriff of the county.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing weaker every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

His Sight Threatened.

"While picnicking last month my 11 year old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended Dr. Witt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin disease, cuts, burns, scalds, wounds, insect bites, Dr. Witt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. B. H. Briggs & Co. and J. H. O'Reilly & Co.

SPRINGER NOTES.

Coming and Going of the People of a Good Northern Town.

From the Stockman.

E. O. Jones was in the city from Raton on business, returning home on No. 2 in the afternoon.

Mr. and Mrs. George Gillespie and children went to Raton. Mrs. Gillespie and the children will remain there for some time and George returned the next day.

Mr. and Mrs. George Warder and children spent Sunday at the ranch home of Mr. and Mrs. M. Littrell on the Vermejo, going up Saturday afternoon and returning Monday evening.

Rev. Manuel Barcelon and brother, Cenovic, of Moro county, are now residents of Colfax, with their families. They have charge of the sheep of N. Vigil at the Montecitos, south of the Grant line.

One of the best rains of the season fell Thursday afternoon over part of Colfax county, extending south into Moro. The Cimarron river was bank full the largest part of the night. Colfax county is coming along all right.

Engineer W. O. Andrews, of Raton, with his wife and two children, came in Tuesday and visited two or three days with Mrs. Andrews' mother of W. O. at Chris. Hanson's home. Mr. Andrews is taking a sixty days' lay off and will visit friends and relatives at Colorado Springs and Denver during that period.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixer, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cents and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

FROM SILVER CITY.

Tourists Returning Home—An Old Timer Dead—Visiting Cattlemen.

Silver City, N. M., Aug. 8.—Captain Bert Gilbert, who with his mother has been spending the past month on the Pacific coast, returned home yesterday. Mrs. Gilbert will remain and visit relatives for about ten days.

Silver City and this section of the territory was visited by a very hard rain yesterday which brought down some big floods from the mountains.

Harry H. Kelly and bride returned from El Paso on yesterday's passenger and were met at the train by their friends who gave them a royal reception.

The Silver City orchestra's dance and concert at Newcomb's hall this evening promises to be a swell affair. The Silver City delegation of Elks who left last evening for Salt Lake, were given a good start by the local Elks. They were escorted to the depot by the battalion band.

Gephart George, who came west in 1849, died at the Ladies' hospital Wednesday. He was for years in the cattle business in this section and one of the oldest citizens in the country. The funeral was held in this city yesterday and was largely attended by his old friends. He was 82 years of age and helped to build a number of the frontier forts in the forties.

A camping party consisting of several Silver City people who have been spending the past two weeks in the Burro mountain section camping, returned home yesterday.

Uncle Sim Holstein, one of the large cattle owners of this end of the territory, was in Silver City yesterday on some business matters.

A number of the local sportsmen, during the past month, have been having some good shooting in some of the mountains surrounding Silver City in the way of wild pigeons.

Sam Sloan, a prominent stockman from the Duncan section, has been spending several days in the city visiting his family.

Henry L. Shattuck of Shellsburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

Jersey's Salt Water Day.

Seagirt, N. J., Aug. 9.—This was "salt water day" on the Jersey coast, and the farmers of Ocean and Monmouth counties, who have for years observed the custom, began to arrive in farm wagons with their families soon after sunrise. They had come for a day's outing and for their annual bath in Old Neptune. Guests from neighboring summer hotels turned out.

WOMAN'S POWER

Perfection of Form, Feature, and Mind Render Women All-Powerful. Health, However, the Greatest Charm.

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of features.

The snap and spirit which health gives to the eye, the movement, and the speech are full of magnetism. Sickly women can't understand this.

They only know that they are miserable, and their efforts to be attractive are languid and weak.

Woman's influence in the world is limited by her strength, and the strength of health is real strength.

It brings with it beauty and grace and loveliness of disposition.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. If she would be all she may, she must guard well against the signs of ill health.

Regular and painless menstruation is absolutely necessary.

The help which Lydia E. Pinkham's Vegetable Compound gives to women who are attacked by any disorder of the feminine organism is real, permanent help. It cures all weaknesses of the organs and makes it possible for women to retain their health and beauty to maturity.

Mrs. Pinkham advises women who are ill free of cost. Address her at Lynn, Mass. Thousands owe their health to her.

A Boston Woman's Experience.

"DEAR MRS. PINKHAM:—I feel very grateful to you for the benefit I derived from your kind advice and remedies. I was troubled with a complication of female troubles, had ovaritis, painful and irregular menstruation, leucorrhoea, nervousness and weakness. I had no appetite and could not sleep nights. The least exertion would cause shortness of breath and dull pains in my hips and side. The doctors all advised me to have an operation and have one of my ovaries removed, but this I could not bear to think of. I was induced to try Lydia E. Pinkham's Vegetable Compound, and after taking the first bottle I was much improved. It renewed my appetite, health and strength. I continued taking it, also your Blood Purifier and Sensitive Wash until entirely cured of all my troubles. The pains have never returned and my health is splendid. Your remedies have been a boon to me and I am sure many a woman owes her life to them."—MARIE WEBB, 356 Columbus Ave., Boston, Mass. (March 15, 1901.)

No other medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends. Remember this when you go to buy Lydia E. Pinkham's Vegetable Compound.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

In large numbers and their families were remarkable for variety and originality. After a dip in the ocean the country folks had luncheon which they carried in baskets and boxes and then strolled along the beach and encountered the fakirs. The only thing that marred the day's pleasure, apparently, was the mosquitoes, which, like the farmers, were out in force and prepared to enjoy the occasion to the full.

A Physician Healed.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used every thing known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

Germans to Celebrate.

Marinette, Wis., Aug. 9.—The Germans of Marinette and Menominee have completed arrangements for a big celebration tomorrow. It will be German day on the river and a monster gathering with all the forms of enjoyment known in the fatherland will be held in one of the parks. There will be music, singing competitions, shooting matches and public speaking. For the latter feature of the entertainment Secretary of State Froehlich has been engaged to deliver the oration of the day.

All Were Saved.

"For years I suffered such untold misery from bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for consumption. My wife suffered intensely from asthma, till it cured her, and all our experience goes to show it is the best cough medicine in the world." A trial will convince you it's unrivaled for throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

Trainmaster Gibson was an Albuquerque visitor yesterday.

The gross earnings of the Santa Fe for the fiscal year ending June 30 were \$59,147,085, net \$25,293,674.

Mrs. L. S. Bell and Miss Bertha Crocker are at Topeka visiting Mr. and Mrs. George Henry, of that city.

The Santa Fe railroad is making extensive preparations for "watermelon day" at Rocky Ford, Colorado, September 4.

The Baltimore & Ohio will not employ any more women in its offices. The Burlington has had this order for a dozen years.

The Memphis, St. Louis & South-eastern will build from Hoxie into Little Rock if Little Rock will give a \$100,000 bonus.

Master Mechanic F. P. Barnes, who was transacting business in Winslow the fore part of the week, has returned to the city.

Charlie Mogg, of Raton, will go down to Dorsey in a few days to act as agent during Agent Hoover's two weeks' leave of absence.

W. P. Hendrix, who was chief operator in the dispatcher's office of the Santa Fe company at Raton, has been transferred to Las Vegas.

The Santa Fe company is doing an immense freight business at the present time, all their men engaged in this service working over time.

Division Superintendent McNally, who has been in the city several days looking after local railroad business, went to San Marcial last night.

Machinist C. O. Kill has resigned his position with the Santa Fe in this city and in a few days will leave for the east accompanied by his family.

George Gillette, a former telegraph operator of this city and now a train dispatcher at Winslow, Arizona, was an east bound passenger the other day.

Conductor A. S. Murray, up the country, who has been off duty for nearly four months on account of sickness, will soon report for duty again.

The hot weather is forcing the people of the middle west to hurry to the cooler resorts and passenger traffic on the Santa Fe is very heavy at present.

Ed Dowling, night chief dispatcher at the Las Vegas office, has gone east in the hope that a temporary change of climate will benefit his waning health.

The Rock Island road in 1900 had a mileage of 3,900, and when the present extensions are completed within a year it will have a little more than 8,600 miles.

Arch Benfer completed his apprenticeship in the Santa Fe machine shops at Raton last week and has accepted a position in the Colorado & Southern shops at Trinidad.

Conductor Harry Creswick was slightly hurt Wednesday on his way up from Albuquerque, he receiving a bump over the eye by a cardoor suddenly swinging to.

G. W. Hudson has gone to Gallup, N. M., to take the management of the Harvey house there. He succeeds D. A. Mattison, who has been transferred to Winslow, Arizona.

Passenger Conductors Fugate and Leseney have changed their runs out of Las Vegas for a period of fifteen days, the former running to Albuquerque and the latter to the north end.

The Chicago & Northwestern has inaugurated a system of instructing trainmen in the rudiments of surgery so that they may give assistance to passengers when injured in wrecks.

John Wetterskog, who visited this city and southern resorts with his family, has returned to Topeka, where he is the foreman of machines in the cabinet department of the Topeka shops.

The Topeka State Journal says: Harry P. Richards, a special apprentice, has been sent out for some work on car brasses. He will make Albuquerque first and will later go to San Bernardino, California, and Cleburne, Texas.

Conductor Clark and family, of Raton, will leave in a few days for the east, where their daughter, Alice, will attend school. Their son, Valentine, will remain and attend the Military institute at Roswell as soon as it opens.

The Brotherhood of Locomotive Engineers at its last grand meeting in Norfolk, Virginia, passed a law that no man can become a member of their order who belongs to the Brotherhood of Locomotive Firemen unless he drops the latter.

Tickets for the excursion from this city to Santa Fe on August 31 are now on sale in this city. If enough tickets are sold during the coming week to ensure the excursion, it will be arranged. If not, the excursion will be abandoned.

Edward McKiernan, Topeka, machinist, has been designated to take charge of the new rail saw which the company recently brought to Topeka from Bay City, Mich., but which is to do the work on the western grand division of the Santa Fe. He will leave Topeka with it in a few days for Las Vegas, N. M., where he will remain for about six months. After that wherever needed it will be sent. Its use is to saw off the battered ends of rails

that have seen long use, and along with the new equipment is a complete set of drillstap making the holes, by means of which the rails are bolted together. One which the Chicago & Alton had in Kansas City, something similar to the one in Topeka yards, required nine men for its operation.

"I had diabetes in its worst form," writes Marion Lee, of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."

The Santa Fe seems to have decided that electric headlights are the thing for its engines, and fifty of the fast passenger engines running on the California trains have been ordered equipped with the Pyle headlight, which is considered the best made.

A World Wide Reputation. Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all druggists.

Mike Corrigan, a railroad contractor, has a big outfit of horses, tents, scrapers and plows west of Trinidad, Colo. The owner has a contract for building an additional track from Trinidad to Jensen for the Santa Fe and will commence the work at once.

Quick Relief for Asthma Sufferers. Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. —Alvarado Pharmacy.

The Ludlow & Southern railroad has filed articles of incorporation in the county clerk's office at Los Angeles. The company proposes to build a railroad to connect with Ludlow, on the Santa Fe on the desert, and to run to three big mining camps some eight to fifteen miles away. The work of construction has already begun.

A Necessary Precaution. Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Allays inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. B. H. Briggs & Co. and J. H. O'Reilly & Co.

The Topeka State Journal says: Walter A. Carr, stenographer to Trainmaster A. E. Austen, has accepted a position as stenographer to A. L. Conrad, auditor of the Pecos Valley & Northwestern road at Amarillo, Texas, and started for that place on Tuesday night. Mr. Carr has been connected

with the Santa Fe a good many months, being a student at the Kansas Medical college during the academic year and spending his vacation with the railroad. He has another year here before graduation and his withdrawal is a matter of regret because it is uncertain when he will return to Topeka.

When Other Medicines Have Failed Take Foley's Kidney Cure. It has cured when everything else has disappointed. Alvarado Pharmacy.

A new order has been posted in the Santa Fe round house at Topeka, which says that after this date all engineers and firemen, dead heading, must come to the round house to register and report by telephone. It is also stipulated that locomotive men can not lay off or report for duty by telephone, as the practice is a source of annoyance and often causes considerable trouble.

To My Friends. It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I did so, and words cannot tell the good that it did for me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Foiled a Train Robber.—The south bound fast express on the Rock Island was boarded at Chickasha, I. T., about 2 o'clock the other morning, by a man who made a determined effort to hold up the train. The would be robber, encountered brakeman D. N. Carpenter on the rear platform of the last car and a desperate struggle ensued, in which Carpenter was shot three times through the hand. In the struggle the pistol was knocked from the robber's hands to the track. The man then managed to pull the automatic air valve. When the train slowed down he dropped off and escaped without securing any booty.

Consumption Threatened. "I was troubled with a hacking cough for a year and I thought I had consumption," says C. Unger, 211 Maple St., Champaign, Ill. "I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since."

A Tick From Washington.—The Mexican Central has arranged to receive correct time through the Western Union at the City of Mexico each day direct from Washington.

The wire distance is over 3,000 miles

The time will be wired through direct without relays. It will be sent to El Paso over a direct wire from Washington, thence over the pony wire to Juarez, where it will connect with a through wire to Mexico City.

Just at the tap of noon in Washington the hour will strike in the City of Mexico.

The local time there corresponding to noon at Washington is 11:24, and as the hour of noon strikes in Mexico all wires on the entire Mexican Central system will be closed and the hour tapped out to every office of the company.

This arrangement will be the means of giving every clock in the entire system the correct time each day and will result in the absolute uniformity of time.

LISTEN TO THE TALK.

It Comes from Pueblo, Colo.—It Comes From the Back.

Did you know it? Know the back could talk? Tell its troubles like a child? Tell you why it aches and pains? Tell you why it's lame and weak? Warn you of the kidneys' ills? Kidneys have too much to do, Can't be sick and filter, too. Listen to them when they speak. Relieve the kidneys; cure the ache. Keep the filters free at work. Keep the kidneys well and strong. Then the back is silent. It does not ache; it does not pain; It is not weak, nor is it lame. It's healthy like the kidneys; All backache pains and kidneys ills Are quickly cured by Doan's Kidney Pills.

Here's proof of it: Mr. Wm. Gower, of 310 Santa Fe avenue, Pueblo, Colo., proprietor of the barber shop at 310 Union street, says: "I was mining up in the hills when my back first began to trouble me. This was four or five years ago and since then my back had aches more or less and while at work it caused me considerable misery. If I caught cold it settled in my kidneys and a severe back ache would be the result. I read a little book advertising Doan's Kidney Pills and being favorably impressed I got a box of the remedy. The treatment removed the trouble with my back and invigorated my whole system."

Just such emphatic indorsement can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask what their customers report.

Sold by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

WHAT CAN A WOMAN DO FOR A MAN?

In Times of Suffering and Critical Illness She Can Honestly Recommend

PAINE'S CELERY COMPOUND.

As a Saver of Life and a Banisher of Disease.

Woman's power for good in the home can never be truly estimated. In times of suffering and danger, her judgment and experience are invaluable; her smiles, words of cheer and comfort help to dispel gloom and sadness. The faithful discerning wife has a full knowledge of the value of Paine's Celery Compound as a banisher of disease; she has noted its wonderful effects and cures; she has faith in its virtues, and recommends it with full confidence. Mr. Rudolph Hunter, of the well known Hunter Corporation, Philadelphia, Pa., says:

"I feel it is but right that I should acknowledge my appreciation of Paine's Celery Compound. That you may understand my appreciation, I might say that for nearly twenty years I have continually suffered from neuralgia, poor circulation at night, and a general nervous weakness from overwork due from daily labors of from twelve to eighteen hours upon the most intricate and exhausting of brain work. To retire at night meant the worst of headaches and lack of sleep. I received no relief from physicians, and my enormous work upon my electrical inventions and litigations has prevented me taking the rest so much needed. Some time ago I began to take Paine's Celery Compound, and I soon felt like a new man. All my physical troubles practically ceased. Paine's Celery Compound has done for me what the medical profession could not do. I now work from twelve to fifteen hours daily in peace and comfort and secure restful sleep."
