VOLUME 16

ALBUQUERQUE, NEW MEXICO, THURSDAY AFTERNOON, AUGUST 7, 1902

NUMBER 216

SHOT HIMSELF

Sent Two Bullets in Head But Still Alive.

DESTRUCTIVE EXPLOSION IN SPAIN

Miserable Condition of the Working People of Austria.

CONVENTION OF COLORADO BANKERS

Special to The Citizen.
Holtbrook, Ariz., Aug. 7.—Ferdinand, a young Mexican of about 20 years of age, who has been herding sheep for J. D. Houchbut, who has been here for some days, spending the "Dinero" earned and enjoying himself with good "Amigos," this evening during a fit of despondency, sent two bullets through his head, neither of which penetrated the brain. He was taken to Watron's drug store, where his wounds were dressed by Dr. C. S. Reed, the resident physician here, who stated that the wounds were not necessarily fatal and that the man would probably recover. As the young man was evidently bent upon self destruction, Sheriff Scrist took charge of him and an effort will be made to prevent him from making another attempt to commit suicide.

Explosion in Spain.
Santander, Spain, Aug. 7.—An explosion today in the iron works at Camargo, near here, destroyed five houses, killing fourteen persons and injuring many others.

WHY THE POOR COMPLAIN.

Miserable Condition of the Working People of Austria.

Vienna, Aug. 7.—After a special investigation among the agricultural laborers of eastern Galicia, the Neue Freie Presse draws a gloomy picture of the miserable conditions which led to the existing strike. The average mortality from famine for several years past, according to the Neue Freie Presse, aggregates 50,000. Laborers wages range from 8 to 16 cents a day and women earn from 4 to 8 cents a day. Peasants rarely taste bread and exist chiefly on soup, the principal ingredients of which is water and herbs. A Vienna dispatch of June 30th said that a great strike of agricultural laborers is in progress in Galicia, the laborers demanding an increase of wages of 6 cents a day for men and 3 cents a day for women, double the present amount.

A Vienna dispatch of August 5th reported that there has been many conflicts between striking peasants and the military.

A dispatch to the London Daily Express of August 6th said in an encounter between strikers and military, thirteen persons were killed and 118 wounded, and that in another case, 200 persons were killed or wounded.

Advices from Lemberg, Galicia, were to the effect that the strike showed signs of coming to an end, compromises having been reached in several districts and the military authorities having quelled disturbances in others.

Colorado Bankers.

Colorado Springs, Colo., Aug. 7.—The first annual convention of the Colorado Bankers' association opened today in this city, and will continue the session through the day and all tomorrow. Charles G. Dawes, former comptroller of the currency, will deliver the principal address of the convention tomorrow afternoon.

FAMOUS CAMPAIGN SINGER.

Singer in Every Presidential Campaign Since 1840.

Cumberland, Wis., Aug. 7.—In their cozy home on North street in this city Mr. and Mrs. Joel J. Doolittle, who are probably the oldest married couple in the state, today received the congratulations of numerous friends on the occasion of the celebration of their fifty-third wedding anniversary. Their wedding occurred August 7, 1849, at Princeton, Ill.

Mr. Doolittle is unquestionably one of the most interesting characters of Wisconsin. He achieved fame as a campaign singer and claims the distinction of being the oldest one in the United States. When only 14 years of age he made his debut in the campaign of 1840, singing for the "hero of Tippecanoe and Tyler too." In 1844 he sang for James G. Birney, the first free soil candidate for the presidency;

in 1848 for Martin Van Buren; in 1852 for John P. Hale, first free democrat candidate, and in 1856 for John C. Fremont. In the memorable campaign of 1860 he went to Springfield where he allied himself with Lincoln's party, taking an active part in that campaign, singing at every meeting where Lincoln spoke.

At the outbreak of the war Mr. Doolittle enlisted in the Thirty-fourth Illinois Infantry. After the war Mr. Doolittle returned to Illinois and sang in every presidential campaign since that time except the last one. Although 76 years of age his voice is in good condition and he is recognized as one of the best tenors in this section.

County Officers Meet.

Galveston, Texas, Aug. 7.—The County Judges and County Commissioners' Association of Texas began its semi-annual meeting in Galveston today, W. D. McKay presiding. Nearly every county in the state is represented and the two days' meeting promises to be the most important in the history of the association. Some of the subjects to receive attention are the propriety of issuing bonds for permanent road improvement, the duty of county governments with relationship to incorporated cities and towns, and economic road construction.

Feltz vs. Dougherty.

Savannah, Ga., Aug. 7.—One of the best fights seen heretofore in a long time is promised at the Savannah Athletic club tonight, when Tommy Feltz, the crack Brooklyn bantam, and Danny Dougherty, the former bantam champion, come together for a twenty-round go. The little fellows are regarded as evenly matched and as both appear to be in fine fettle the contest is expected to be a lively one from going to gong.

TWO FRANCHISES.

The City Council Grant Rights to Electric Light and Gas Companies.

FOR TWENTY-FIVE YEARS.

Pursuant to adjournment the city council met last night, to consider the granting of franchises to the new owners of the Electric Light and Gas companies.

After some talk among the members the president of the council, Alderman Harrison, called the meeting to order and asked if the special committee, appointed at the meeting Monday night, was ready to report.

Alderman Harsch, chairman of the special committee, arose then and announced that the committee recommended the granting of twenty-five year franchises to both companies, and the acceptance of a ten year contract with the new Electric Light company for street lights, etc.

The ordinance, that of granting a franchise to the Gas company, was first taken up and read. On motion the rules were suspended and the ordinance was unanimously passed.

This was followed by the ordinance granting the same privilege to the Electric Light company. It was also unanimously passed.

The contract for furnishing street lights, was then read, and after Alderman McMillan had offered a most important resolution relative thereto, the contract and resolution was unanimously adopted. The company will furnish the city with fifty arc lights for a period of ten years at the rate of \$5 per month each for the moonlight schedule, and \$8 for the all night lamps, namely forty-eight to be on the moonlight schedule and two all night.

After disposing of this business the council adjourned.

E. W. Doherty represented the new owners as attorney, and J. H. Stingle, the city attorney, was present to look after the city's interests.

J. J. Henry, one of the new owners, was present, and thanked the council for the granting of the franchises, promising to improve the plants and to give the city and patrons the best lights to be obtained anywhere.

The gentleman went north to Denver this morning.

CONTRACT SIGNED.

Case, With His Miniature Railway and Other Attractions, at the Fair.

A. M. Case, who is the manufacturer and owner of miniature railroads and illusions, came in from El Paso this morning, and several hours later had made a contract with the fair association to bring his many attractions here to the fair. The attractions will first be put on the board at the Texas state fair at Dallas, and then here. The negotiations were made through Mr. Sweet, who is acting secretary during the absence of Secretary McCanna. The latter is expected home from his eastern trip tomorrow night.

APPEAL TO TEDDY

Miners Will Petition For Release of Men.

MURDER AT SALT LAKE.

Canning Companies of the South to Form a Trust.

CELEBRATES INCREASE OF COMMERCE.

Wilkesbarre, Pa., Aug. 7.—President Mitchell, of the United Mine Workers, in an interview with a representative of the Associated Press today said with reference to the decision of Judge Goff in the habeas corpus proceedings against miners in West Virginia:

"The only thing to do now is to make appeal to President Roosevelt for the pardon of the men in the jail and this probably will be done at once."

Murder at Salt Lake.

Salt Lake City, Aug. 7.—Max Peters, who was shot through the lungs by J. W. McCaslin, near the Salt Palace last Friday night, died at St. Mark's hospital this morning. McCaslin, who had been drinking heavily for some time, at the same time shot and killed Miss Tottle Russell, and then sent a bullet into his own brain.

Another Trust.

Mobile, Ala., Aug. 7.—Various oyster canning and packing companies of Mississippi, Louisiana and Alabama, ten in number, will, it is said, combine under one head, with a capital of \$2,000,000. The trust will control all the business of the three states along fish and canning lines.

Galveston Is Jubilant.

Galveston, Texas, Aug. 7.—Galveston is jubilant over securing the Southern Pacific transcontinental business in place of New Orleans and it is preparing to display its feelings in a rousing fashion tomorrow when the first ship of the New York-Galveston service reaches this city. As the ship arrives in the inner harbor it will be greeted with a salute of artillery. When the vessel has made fast to the docks a concert will be given and there will be suitable addresses on behalf of the city, the commercial organizations and the Southern Pacific railroad.

OIL MAGNATES.

Messrs. Doherty, Maginnis and Others Here Last Night.

An elegant private car, owned by the Mexican Petroleum and Oil company, came in from the west last night on No. 8 and went south attached to No. 21, bound for El Paso, Mexico, where the company is operating some good oil producing property. Aboard this car were the following distinguished gentlemen and officers of the company: E. L. Doherty, president; A. P. Maginnis, general manager; H. G. Wyllie, secretary; and Messrs. Owens and Bennett. The latter two gentlemen were guests of Mr. Doherty.

Mr. Maginnis is well known in Albuquerque, through his many years connection with the Santa Fe as land and tax commissioner.

Mr. Doherty, who seemed to be the spokesman of the party, tells some interesting stories about the new oil fields. He says that their latest strikes rank next to the great gushers of the Beaumont country.

The new gushers were breaking the records of the old well No. 8 at a depth of 320 feet was spouting 300 barrels a day. Well No. 9, down 309 feet, was yielding forty barrels a day and drilling was still going on. The gentleman gave the information that his company had just authorized the expenditure of more than \$50,000, to be applied to the purchase of steel tanks, ice and electric light plants and additional oil machinery and supplies.

The new property is located in the state of San Luis Potosi, Mexico.

Back from Cloudercroft.

Gov. M. A. Otero and party, who have been the guests of the El Paso-Rock Island railroad the past few days on a trip to Cloudercroft and Alamogordo, passed through the city this morning returning to the capital. They traveled in private El Paso-Rock Island car, Cloudercroft. The governor alighted on the platform and chatted with a few friends, who were at the depot to meet him, during the hour and thirty minutes between trains. He reports having had a very pleasant trip.

"A little rain fell at Cloudercroft while we were there," said the governor, "but it is still very dry. Albuquerque is much cooler today than when we passed through last week."

H. J. O'Bryan, a brother in law of the governor, accompanied by his family, who had been visiting in southern California, came in from the west on passenger No. 2 and joined the governor in his private car as far as Lamy. Mr. O'Bryan and family were en route to their home at Denver.

Birnie's Camp.

Mr. and Mrs. Sydney Houghton, J. F. Brown, F. J. Reed and E. A. Hunt, who were at the camp, have returned to the city.

H. Redoch, of Chicago, is a new arrival at the camp.

Word comes from the camp that there was another fine rain out in the mountains, and the days are in consequence pleasant.

Michigan Prohibitionists.

Detroit, Mich., Aug. 7.—Prohibitionists of Michigan are rounding up in Detroit for their state convention, which opens tonight with a big rally in the Simpson Methodist Episcopal church. Tomorrow the convention will adopt resolutions and name candidates for the state officers to be filled at the November election.

ON TO SALT LAKE.

The Quien Sabe Club Will Leave Tomorrow Morning.

THE LOCAL PROGRAM.

The El Paso Herald of August 6, in its comments regarding the visit of the Quien Sabe club to Salt Lake City, Utah, says:

Tomorrow night the Quien Sabe club take their departure for the grand round up of Elks at Salt Lake City, which convenes on the 12th instant, and will be in session for three days.

At 8:15 tomorrow evening the local Quien Sabes and those who have traveled in from Arizona will leave the O. R. C. hall on El Paso street in their unique "charro" uniforms headed by their giant with his banner and his two Lilliputian attendants, one on either side. They will be commanded by L. T. Bryant and will make a short march around the city to show El Paso that the southwest will have a representation at the great gathering that will be an honor to this section.

The Quien Sabe will be escorted about the city by the members of the local lodge with a band and will make their last stand in front of the Sheldon before departure.

They will then march down El Paso street to the Santa Fe depot and say "adios amigos" at 9:15.

This movement has had wonderful success and if uniforms could have been supplied in time double the number (55) could have been raised in the territory covered by the club.

The great and first effort of the club will be to win the prize for uniqueness and if a demonstration in the Mormon city "a la Mexicana" does not capture it it will be a great scheme that will.

The demonstration tomorrow night will show what the herd can do when they all get together. All this week the boys have been busy getting their commissary together, under the direction of that famed connoisseur, Theo. Eggers and everything is in readiness. Many of the business men, both here and in Juarez have made bountiful donations and if the Quien Sabes are given a send off tomorrow night with equal liberality followed by prayers for their success, they will surely win the prize.

L. T. Bryant has issued a tearful and touching appeal to the brothers to carry an abundance of "dobe" dollars and to beware the Sand Bagger.

The Program Here.

The El Paso Quien Sabes and others from the south will arrive here on the early passenger tomorrow morning—7:10 o'clock. The local Quien Sabes will be at the depot in their "charro" uniforms and a brass band will make music when the train comes to a stand still. The boys from the south will be treated to an elegant breakfast at "The Alvarado" hotel, the dining room of which will be handsomely decorated with Elks colors and antlers. After breakfast they will wait the arrival of No. 2 from the west, when the herds will be greatly augmented with recruits from Flagstaff, Williams, Prescott, and other Arizona towns.

The local Elks will carry along with them, besides many other things, a donation through Meyers-Abel company, four cases of Mumm's Extra Dry, coming from Frederick D. Barry & Co., general agents, New York; a barrel of Pabst's bottled beers, and from S. J. Davis & Co., of New York, 1,000 "Como Estamos" cigars.

The local Elks, and especially those who will form the Quien Sabe marching club, are under obligations to the press of Albuquerque and El Paso for the notices given them during the past month or so.

EXCITING SCENES

French School Disturbed by the Military.

STRIKERS WILL MUTILATE SCABS.

Mandamus Suit Against Colorado Fuel & Iron Company Dismissed.

EMPEROR AND CZAR ARE FRIENDLY.

Brest, France, Aug. 7.—Very exciting scenes occurred today at the expulsion of a number of sisters from their school at Landerneau, near here. A special train conveyed detachments of soldiers to Landerneau, where a body of gendarmes were mobilized already. A large crowd assembled at the school and surrounded the soldiers when the commissary of police arrived, accompanied by a locksmith, and the people protested vigorously.

"Long live the sisters and liberty," "Down with the military," they cried.

Women threw themselves to the ground in front of the horses of the gendarmes. The commissary ordered the sisters to open the door of the school. They refused and the locksmith picked the lock and broke the windows amid denunciations of the crowd. The commissary ordered the sisters to leave school, which they did, leaning on the arms of the town's women and accompanied by priests and thousands of people they marched to the church, where they sang a hymn. A large crowd followed the gendarmes to the railroad station, shouting "Death to the locksmith." The man was protected by the military.

Similar scenes are expected in other villages of Finisterre, where a decree against unauthorized schools is to be put into execution. A priest at Folgoet urged the women to kneel in front of the school in order to stop the gendarmes.

WILL MUTILATE.

Sensational Story of the Savagery of the Pennsylvania Strikers.

Shenandoah, Pa., Aug. 7.—Rev. Charles Edwards, pastor of the Presbyterian church here and formerly state president of the Young Men's Bible society, says that today the young men of his congregation, which is made up principally of mine workers, have informed him that the foremen have determined to cut off the ear of every man who returns to work so that he will forever be marked "unfair workman." Edwards says that his young men are in a position to know and he believes the story. The foreigners think this the easiest method of preventing attempts to break the strike.

SUIT DISMISSED.

Colorado Fuel & Iron Company Won Its Contention.

Denver, Colo., Aug. 7.—Judge Johnson today dismissed the suit of Arthur J. Singer against the Colorado Fuel & Iron company, for a writ of mandamus to compel the company to permit an inspection of its stock books. The court yesterday sustained a demurrer to the complaint on the ground that all the directors of the company should have been made defendants to the suit, and today after hearing arguments refused plaintiff leave to file amended complaint. Counsel took exceptions to the decision and asked for ninety days to prepare an appeal.

RULERS MEET.

Emperor of Germany and Czar of Russia Enjoy Themselves.

Reval, Russia, Aug. 7.—It was nearly midnight when Emperor William returned to Hohenzollern after having witnessed the night gun practice of the Russian fleet by flash light. Earlier in the evening he entertained the czar at a state dinner at Hohenzollern and their majesties subsequently proceeded to Standart, where they viewed the brilliant electric illuminations of both fleets. This morning the czar and Emperor William went on board the Russian flagship Minin and proceeded to sea, where they witnessed the fleet's evolutions. They returned to Standart for luncheon.

Temple Albert Choir.

The choir of Temple Albert for the coming fall and winter has been organized and is already at work on the holiday music. The choir is as follows: Mr. R. L. Newton, basso and director; Miss Mabel Anderson, soprano; Miss Grace Houghton, contralto; Mr. Duncan Bell, tenor. Regular

services will begin in Temple Albert on the return of the recently elected rabbi, Dr. Jacob H. Kaplan, from Denver, which will be early in September.

Colorado Republican Committee.
Denver, Colo., Aug. 7.—The republican state central committee met this morning to select time and place for holding the next state convention. The absence of members caused by delayed trains caused a recess till this afternoon. No action was taken in business of any kind.

BIG FAILURE.

London Corporation Bankrupt, Owing Millions of Dollars.

London, Aug. 7.—The official receiver announces that he has issued summonses against Whittaker Wright and Robert Lema to recover \$750,000 in connection with their share of transactions between the British-American corporation and the failed London and Globe Finance corporation, limited. In the same report the receiver says for the present it is not proposed to prosecute the directors of the London & Globe company for misfeasance. The city, however, is displaying the deepest interest in the London & Globe group of companies and the demand that the public prosecutor act is increasingly insistent. A special petition has been circulating on the stock exchange and signed by many influential men demanding prosecution of Whittaker Wright, and it is considered that the credit of the city and stock exchange demands a thorough investigation of the London & Globe methods of finance. Probably the full extent of the money lost to the public by the company will never be known, but financial experts now estimate it at upwards of \$100,000,000.

LAND COURT.

Four Land Grants in New Mexico and Two in Arizona.

COURT AT SANTA FE.

The United States court of private land claims convened yesterday morning in the court room at the federal building, Santa Fe, in special session. There were present Chief Justice J. H. Reed and Associate Justices H. C. Sluss and Wilbur F. Stone, Matthew G. Reynolds, United States attorney, and J. H. Reeder, clerk. The following proceedings were had:

New Mexico Cases.

No. 25—San Miguel del Bado grant. The mandate of the supreme court was presented and ordered filed and case passed as if no appeal had been taken. The case was appealed to the supreme court and the court dismissed it. The claimants are Julian Sandoval et al.

Nos. 130 and 182—Ojo de San Jose grant. The surveys were approved for 4,340 acres. The claimants are Florencio Sandoval et al.

Nos. 134, 184 and 185—Pueblo of Santo Domingo and Pueblo of San Felipe grants. Surveys were approved for 1,670 acres. The claimants are the Pueblo Indians of Santo Domingo and San Felipe.

No. 273—Lo de Padilla grant. The survey was approved for 51,940 acres. The claimants are the Pueblo of Isleta Indians.

No. 264—Bartolome Sanchez grant. The survey was approved for 4,469 acres. The claimants are Bartolome Sanchez et al.

Arizona Cases.

No. 1—Bernardino grant. The survey was approved for 2,382 acres. The claimant is John H. Slaughter.

No. 6—San Ignacio de la Canoa grant. The survey was approved for 17,293 acres. The claimants are Maish and Driscoll.

No. 40—San Jose Senorita grant. Decree entered at the last term was vacated and another decree entered in lieu thereof. The claimant is Santiago Arenas, administrator of the estate of Frank Ely, deceased.

The court adjourned until today at 10 o'clock.

To Ratify New Treaty.

Muskogee, I. T., Aug. 7.—In compliance with the proclamation of Chief Bullington a special election was held in the Cherokee Nation today to decide upon the rejection or ratification of the new Cherokee agreement. The Cherokee national council meets at Tahlequah next week to count the votes and certify the result. It is expected that the treaty will be ratified by a large majority.

J. B. Price, the gasoline engine instructor of the Santa Fe railway, with headquarters at Topeka, came in from the north last night, and was a pleasant caller at The Citizen office. Mr. Price will go to Engle tonight.

FEARFUL ACCIDENT

Fifteen Persons Killed and Fifty Injured.

CONNECTICUT RAILROAD TIED UP.

Second Day's Session of the National Negro Congress.

A QUIET ELECTION IN TENNESSEE.

Marshalltown, Iowa, Aug. 7.—It is known today that fifteen persons were killed and forty injured in a freight wreck on the Milwaukee road yesterday afternoon. Of the injured two or three cannot recover. It is thought possible more bodies may be found as the wreckage is not yet entirely cleared away.

The dead: S. Dana Mareckres, engineer way freight; Fred M. Brame, engineer gravel train; Thomas Casey, Jack Richardson, Dan Sullivan, Patrick Sullivan, Frank Ray, laborers; eight unidentified laborers.

Railroad Tied Up.

New Haven, Conn., Aug. 7.—The strike of the conductors and motormen on the Fairhaven & Westville railroad continues unchanged and the ninety-mile system is paralyzed. Attempts last night of citizens, officials and organizations to bring about arbitration failed. There is no disorder.

The state board of arbitration will begin this afternoon to investigate the strike.

ELECTION IN TENNESSEE.

Light Vote Expected—Little Interest Being Shown.

Nashville, Tenn., Aug. 7.—The state election today has not excited great interest and the vote is expected to fall considerably short of that polled two years ago. National issues have not figured in the campaign and the result of the election will offer no criterion of the political sentiments of the country generally. The republicans have placed a state ticket in nomination and hope to make a good showing, particularly in regard to the vote for judges of the supreme court and of the court of chancery appeals. Besides the judicial ticket Tennessee elects this year a new governor and railroad commissioner. The democratic candidates for these two offices and whose success is assured are James B. Frazier for governor and J. N. McKenzie for railroad commissioner. Of more general interest than the election of state officers are the congressional contests, there being spirited fights in several of the districts.

M'MILLAN-STAGG.

Former Albuquerque Young Lady United in Marriage.

The Citizen has received notice to the effect that Miss Edna Stagg was united in marriage to Marion Allison McMillan at Johannesburg, Cal., on Tuesday, August 5. The bride is a daughter of Mr. and Mrs. Edward H. Stagg, and with her parents resided in this city years ago.

Mr. and Mrs. McMillan will be at home at Barstow, Cal., after September 1.

A Farewell Party.

Tuesday evening Miss Adele and Ruth Goss most royally entertained a few of their young friends in honor of Miss Hazel Booth, who has been visiting them for the last month, and left last night for La Junta.

Although the evening was very disagreeable it did not prevent the young people from having a jolly time. The principal feature of the evening was the game of "Yes and No," in which two prizes were awarded, the first prize being won by Miss Clara Dinwiddie and the booby by Miss Viola Skinner. At the appropriate hour dainty refreshments were served, the rest of the evening being devoted to fascinating games.

It was quite a late hour before the young folks could see fit to leave their enjoyment. Those present were: Mesdames Goss, Shallenberger, Misses Adele and Ruth Goss, Hazel Booth, Mayme Pratt, Imogene Cloyd, Viola Skinner, May Goss, Clara and Bertha Dinwiddie, Anita Mead, Messrs. Goss, Roy Shallenberger, Jack Goss, Bert Skinner, Clyde Holman and Augustine Landers.

J. P. Goodlander, the St. Louis drug tourist who enjoyed a few weeks' recreation at Atlantic City, N. J., is in the city today, interviewing local druggists. He will leave tomorrow morning for Salt Lake City, Utah, being a member of the local lodge of Elks.

Territorial Republican Central Com-
mittee Call.

To the members of the Territorial Re-
publican Central Committee of New
Mexico:

You are hereby notified that a meet-
ing of the territorial republican central
committee of the territory of New
Mexico will be held in Albuquerque on
Friday, August 22, 1902, for the pur-
pose of fixing the date and place to
hold the territorial republican conven-
tion to nominate a candidate for dele-
gate to the Fifty-eighth congress of the
United States and for the considera-
tion of such other matters as may
properly come before said committee.
It is hoped that all members will be
present at said meeting, as matters of
importance for the interest of the re-
publican party of the territory will be
considered. Very truly yours,
FRANK A. HUBBELL,
Chairman Territorial Republican Central
Committee.

For Delegate to Congress
B. S. RODEY.

Albuquerque will soon be the best
lighted city in the southwest.

All prospective railroads in central
New Mexico lead to Albuquerque.

Santa Fe will probably have a league
base ball team at the territorial fair.

There will be little political activity
in this city until after the territorial
fair.

Honolulu will soon become one of
the famous pleasure resorts of the
American people.

Byran does not think that the silver
issue is dead. There is much good
money in it for him.

New Mexico should send a large
delegation to the trans-Mississippi
congress at St. Paul.

The life insurance solicitors are the
most energetic people in the terri-
tory of New Mexico.

General Fitz Hugh Lee thinks he
knows who blew up the Maine. Spain
is sure who was spanked for it.

The latest evidence of the rapid
Americanization of the Filipinos is the
strike of 7,000 cigar makers at Ma-
nila.

Uncle Sam's postal department last
year transacted business to the extent
of \$123,000,000 and almost caught up
with the deficit.

The republicans of New Mexico, as
well as elsewhere in the United States,
have always favored an honest ballot
and a fair count.

It will take 1,492,250 porcelain wir-
ing knobs to carry out the scheme of
electric wiring for light and power at
the World's fair, St. Louis.

The republican text book for the
campaign of 1902 has been issued by
the republican congressional commit-
tee. The book, which is in pamphlet
form, containing 380 pages, makes lib-
eral quotations from the speeches of
both McKinley and Roosevelt and also

extracts from their messages to con-
gress in support of the republican doc-
trine.

The strike losses to the end of July
in the Pennsylvania coal region ex-
ceeded \$61,000,000, of which \$12,000,000
represents wages that might have
been earned and paid.

In the midst of all the preparations
of merchants and sportsmen, the peo-
ple should not forget that the agricul-
tural part of the coming fair is a mat-
ter of first importance to the terri-
tory.

El Paso will try to get the Pittsburg
champion league base ball team to re-
present that city at the territorial fair.
It is hoped that they will do so. The
Pittsburg team is playing winning ball
this year.

The newspapers of El Paso are urg-
ing the removal of the dives of iniquity
from the center of that city. One of
the best streets in El Paso is ruined
by the presence of these dens of vice
and crime.

It took a court injunction to force
the democrats to act honestly at the
last municipal election in this city.
The same men who tried to commit
those frauds are now crying for honest
elections.

The year 1901 was one of unprece-
dented activity in the building brick
industry, the total value of the brick
used for this purpose being \$51,048,-
653, as compared with \$43,099,512 in
1900, an increase of 18.44 per cent;
with \$45,561,025 in 1899, and with \$35,-
191,454 in 1898.

One of the attractions of the Colo-
rado state fair at Pueblo this year is
to be the marriage of a young couple
in the presence of the assembled mul-
titude. It is not quite such a foolish
proceeding as it appears to be for the
Pueblo merchants are going to contrib-
ute enough material to furnish the
cottage.

ORGANIZED LABOR.

The trades union movement in the
United States may be said to have at
this time reached the highest measure
of success that has ever attended the
organization of workmen. Every
mechanical craft has a large, if not
the largest, proportion of its members
enrolled in the movement of organized
labor. The prevailing activity in in-
dustrial life secures to the mechanical
toilers steady employment, at a wage
scale in excess of any that has ever
prevailed before in the history of the
country. In addition to this it is un-
deniable that the members of labor uni-
ons are in a better position today to
insist on their reasonable demands
than they have ever been before.

WARNING CATHOLICS.

Archbishop Ireland of the Catholic
church is in full accord with the pro-
position to remove Spanish friars from
the Philippines. He was sent to the
islands by Pope Leo to consider con-
ditions there and advocated the send-
ing of American priests to the coun-
try governed by America. The United
States government is not seeking to
aid or oppress Catholics, but desires
to secure, in the interests of content,
removal of the clergy the natives
sought under Aguinaldo to be rid of in
order to end land monopoly and
priestly domination. Some Protestant
ministers are unwisely embarrassing
this government by sermons declar-
ing the friars must go, which leads
Catholics to feel that Protestantism is
a factor in the move. Archbishop
Ireland is earnestly seeking to allay
any antagonism and warning Catho-
lics not to be dissatisfied or to mur-
mur at what is for the best, when the
pontiff is satisfied and the church au-
thorities have not complained.

FRIEND OF THE TERRITORY.

Our esteemed contemporary, Mr.
Puck, whose pointed pen has had a
large share in shaping party policies,
has come to the support of the state-
hood movement, and he is a valued
recruit. The center page cartoon of
last week depicts Columbia at work
transferring new stars to the flag, and
in front of her stand three brawny
young Americans, New Mexico,
Arizona and Oklahoma, to whom she
is saying: "Your star shall be put on
the flag just as soon as those politi-
cians in congress will let me." The
cartoon is in Keppler's best style. The
leading editorial for the same issue is
headed "Clear the Waiting List," and
says:

"That much abused term, 'plain
duty,' is once more in sight. This
time its appearance is in behalf of
three territories, Arizona, Oklahoma
and New Mexico. Honorably, the
western trio have passed all prelimi-
nary tests and unitedly, they now de-
mand the diploma of statehood. Give
it to them. Do not let 'plain duty'
be sidetracked again. Certain high-
minded statesmen at Washington, in-
spired no doubt by the most commend-
able motives, are afraid that a few
dangerous democrats will break into
the senate chamber if the three

territories are promoted. That alone
stands in the way of their advance-
ment, and all observing Americans,
familiar with the enviable record of
the republican congress as to Cuba,
trusts and the tariff, will admit at once
that the fears are well grounded. It
is quite true that with these territories
advanced to statehood, a squad of new-
ly chosen senators would encamp
beside the Potomac. The horrible
fear that they might be irresponsible
fanatics who favored Cuban reciprocity,
anti-trust legislation and tariff
reform, haunts the patriotic republican
day and night, and in justice to his
beloved country, he will take no
chances. Admiring though we do such
forethought and caution, we can not help
saying a good word for the territories
concerned. How refreshing, how
inspiring it would be if congress would
simply admit them, as they deserve
to be admitted, and not beat about the
political bush, dodging and twisting,
until every delay and subterfuge
possible has been practiced. Clear
the waiting list and be fair."

GROWTH OF CHRISTIAN SCIENCE.

Joseph Dana Miller in his article on
"The Growth of Christian Science" in
the Era Magazine, gives the following
interesting information:

The total number of Christian Sci-
ence churches and societies, here and
abroad, is now 663, showing the re-
markable increase of eighty-one dur-
ing the last year. The Christian Sci-
ence Sentinel furnishes the following
authoritative figures relative to the
denominations:

The total number branch churches
for the year ending December 31, 1900,
was 443. The total number for the year
ending December, 1901, was 496, giv-
ing an increase of fifty-three branch
churches.

The total number of societies (not
yet organized as churches) for the
year ending December 31, 1900, was
129. The total number for the year
ending December 31, 1901, was 167,
giving an increase of twenty-eight so-
cieties.

Besides these there are many free
reading rooms—more than 100 in the
United States, eight in Greater New
York alone and one large one in Chi-
cago, in which all the churches of that
city unite. These reading rooms are a
feature of the denomination and are
to be found in many of the cities
abroad where Christian Science has
obtained a lodgement.

Went to Visit His Sister.

A. J. Cottingham went to Washing-
ton County, Ark., to see his sister and
while there was taken with diphtheria
(enteritis) and was very bad off. He
decided to try Chamberlain's Colic,
Colic and Diarrhoea Remedy and
was so much pleased with the prompt
cure which it effected, that he wrote
the manufacturers a letter in praise of
their medicine. Mr. Cottingham re-
sides at Lockland, Ark. This remedy is
for sale by all druggists.

The Great Bandmaster.

Like the book, Sousa seems to "go
on forever," and the announcement of
his coming concert tour will be received
with pleasure. This will be the
sixth trans-continental trip that Sousa
has made since the organization of his
band ten years ago, and in ten weeks
he will visit 125 of the principal cities
of the country. In December he will
take his band abroad again for his
third annual European tour, opening
in London on January 2. Sousa is a
natural institution and as his concerts
always preserve their natural attrac-
tiveness and the conductor is so liberal
and gracious with his patrons, they
are really an ideal musical entertain-
ment. With new soloists, new pro-
gram and new encores, Sousa will be
welcome when he brings his band here
on Thursday afternoon, October 30 at
Colombo hall.

A Necessary Precaution.

Don't neglect a cold. It is worse than
unpleasant. It is dangerous. It may
become a chronic cough. You can
cure it at once. Always inflammation,
clears the head, soothes and strength-
ens the mucous membrane. Cures
coughs, croup, throat and lung trou-
bles. Absolutely safe. Acts immedi-
ately. Children like it. B. H. Briggs
& Co. and J. H. O'Reilly & Co.

The Sheep's Enemy.

It is said that the tape worm is af-
flicting sheep very extensively on the
range this spring. The presence of
this parasite may be known by the
victims becoming poor, hide bound and
frequently pot bellied. They have a
dry hard fleece, a tottering gait, eat
and drink more than normal amounts
but fail to digest the food, and fre-
quently diarrhoea sets in and they die
from starvation and exhaustion.

"I had diabetes in its worst form,"
writes Marion Lee, of Dunreath, Ind.
"I tried three physicians without re-
lief. Only three bottles of Foley's Kid-
ney Cure made me a well man."

JEMEZ & SULPHUR HOT SPRINGS

Carries the U. S. mail; only line with
a change of stock en route; good rigs,
horses and drivers; leaves Albuquerque
every Tuesday, Thursday and Sat-
urday at 5 a. m. For particulars ad-
dress W. L. Trimble & Co., agents, Al-
buquerque, or J. B. BLOCK, proprie-
tor, Jemez.

SHAKE INTO YOUR SHOES

Allen's Foot Ease, a powder, it cures
painful, smarting, nervous feet and in-
growing nails, and instantly takes the

Proprietor.

[Homestead Entry No. 4298.]
Notice for Publication.
Department of the Interior, Land Of-
fice at Santa Fe, N. M., June 23
1902.

Notice is hereby given that the fol-
lowing named settler has filed notice of
his intention to make final proof in
support of his claim, and that said
proof will be made before the register
or receiver at Santa Fe, N. M., on Au-
gust 4, 1902, viz: Felix Trujillo de
Herrera, in behalf of the heirs of
Abraham Herrera, deceased, for the N¹/₄
NW¹/₄, Sec. 22, E¹/₂ NE¹/₄, Sec. 21, T. 8
N., R. 6 E.

He names the following witnesses to
prove his continuous residence upon
and cultivation of said land, viz:
Felix Trujillo, of Escobosa, N. M.;
Felipe Trujillo, of Escobosa, N. M.;
Manuel Mora y Martinez, of Escobosa,
N. M.; Jose B. Lebario, of Escobosa,
N. M.

PRICE 50c. and \$1. TRIAL BOTTLES FREE.

[Small Holding No. 3215.]
Notice for Publication.
Department of the Interior, United
States Land Office, Santa Fe, N. M.,
July 5th, 1902.

Notice is hereby given that the fol-
lowing named claimant has filed notice of
his intention to make final proof in
support of his claim under sections 16
and 17 of the act of March 3, 1891, (26
Stats., 854), as amended by the act of
February 21, 1893, (27 Stats., 470), and
that said proof will be made before
Clerk Probate Court at Albuquerque,
N. M., on the eleventh day of August,
1902, viz: Fernando Armijo for the
N¹/₂ SE¹/₄, and the N¹/₂ SW¹/₄ Sec. 5
TP 13, N. R. 1W.

He names the following witnesses to
prove his actual continuous adverse
possession of said tract for twenty
years next preceding the survey of the
township, viz: Jesus M. Sandoval,
of Sandoval, N. M.; Melquides Martin,
of Sandoval, N. M.; Elias Garcia,
of Albuquerque, N. M.; Francisco Rom-
ero, of Sandoval, N. M.

Any person who desires to protest
against the allowance of said proof, or
who knows of any substantial reason
under the laws and regulations of the
Interior Department why such proof
should not be allowed will be given an
opportunity at the above-mentioned
time and place to cross-examine the
witnesses of said claimant, and to
offer evidence in rebuttal of that sub-
mitted by claimant.

To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I did so, and words cannot tell the good that it did for me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co.

SAN TA FE.

Some Interesting Paragraphs About the Territorial Capital People.
From the New Mexican.
Florence Baca made a business trip to Cerrillos.
Miss Staab entertained at cards at the Staab residence on Palace avenue.
Governor M. A. Otero and party are expected to return from their visit to Cloudcroft tomorrow.
Miss Clara Olson, secretary of the executive office, has returned from her vacation.
Miss Clarita Aranda, who has been a visitor to friends in the city, left for her home in San Pedro.
George W. Shock, of the Fischer drug store, left for California on a pleasure trip.
Mrs. Thomas Hughes, wife of the editor of the Albuquerque Citizen, is in the city on a visit to her daughter, Mrs. O. C. Watson.
Richard Green, of Cerrillos, a member of the commission to select jurors for the next term of the United States court, is in the city.
Mrs. I. B. Hanna, Mrs. McClure and

"Let the GOLD DUST twins do your work."

Whether it is delicate lace curtains or heavy blankets and quilts that need washing,

GOLD DUST

will thoroughly clean them without injury. Use hard water if you must, but use nothing but GOLD DUST to soften it—there's nothing so good or so economical.

Made only by

THE N. K. FAIRBANK COMPANY

Chicago, New York, Boston, St. Louis, Makers of FAIRY SOAP.

daughter, Mrs. Goebel, son and daughter, have returned from the Santo Domingo Indian feast and report a pleasurable trip.

Mrs. Manderfield and Miss Eugenia Manderfield left for Las Vegas, where they will visit with Mrs. Manderfield's son, E. H. Salazar, postmaster of that town.

Professor J. E. Wood and wife and Professor H. A. Owen and wife will start early in the morning on a pleasure trip to the cliff dwellers in Pajarito canyon. They will be gone about a week.

A. M. Bergere, clerk of the district court, who has been in Kansas City for the past three weeks under medical treatment, is getting along nicely and expects to return home on Monday next.

Frank Andrews, the assistant postmaster, has resigned his position to date August 15, and will in all likelihood accept a position as storekeeper in one of the stores of the Santa Fe Central railway, probably the one at Kennedy station.

Mr. and Mrs. J. W. Akers and the little daughter of Mr. and Mrs. Charles Wagner, are at the Sulphur springs. They went to Buckman and over the new road which they found in very good condition and made a comfortable trip. They expect to return on Monday.

Robert W. Leigh, of Chicago, western manager of the Unitype company, manufacturers of typesetting machines, is enjoying the day in New Mexico's capital. He is en route to San Francisco on business for his company.

Sister Callista, of the Benedictine convent, at Canon City, Colo., who has been a guest at the sanitarium for the past six months, for the benefit of her health, will leave for Canon City. She has greatly improved while here.

W. A. Wilson, a mining expert from Salt Lake City, passed through the city en route to Silver City, Grant county, and Pinos Altos, where he will inspect some mining properties.

Mr. Wilson called at the office of the bureau of immigration and was furnished with considerable information concerning mines and minerals of the territory.

Dr. G. A. Neff and wife, of Yutan, Neb., are in the city and will remain here some weeks the guests of Mr. and Mrs. J. G. Schumann. Dr. Neff will be remembered as the German Lutheran minister stationed here for several years, and Mrs. Neff is well and favorably known to Santa Feans.

Jack headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25c and 50c. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample. J. H. O'Reilly & Co. and B. H. Briggs & Co.

Socorro's New Postmaster.

The change in the postmaster at Socorro was made Sunday and the office there will be fitted up with new fixtures and bloom out in style. L. E. Kittrell is the new postmaster and Miss Effie H. Berry is the new assistant. Estevan Baca is the retiring postmaster, his term having expired and was not re-nominated.

Henry L. Shattuck of Shellsburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

Will Be a Big Feature.

It is learned from Albuquerque papers that Col. J. W. Wilson expects to take a battalion of the Roswell military academy cadets to the territorial fair, to be held in October. An effort is also being made to hold an athletic tournament during the fair, to be participated in by teams from the various colleges in New Mexico. It would be a fine feature for the big Duke City fair, and if the scheme materializes the Pecos valley soldier boys will give a good account of themselves.—Carlsbad Argus.

It Needs a Tonic.

There are times when your liver needs a tonic. Don't get purgatives that gripe and weaken. De Witt's Little Early Risers expel all poison from the system and acts as tonic to the liver. W. Scott, 521 Highland avenue, Milton, Pa., says: I have carried De Witt's Little Early Risers with me for several years and would not be without them. Small and easy to take. Purely vegetable. They never gripe or distress. B. H. Briggs & Co. and J. H. O'Reilly & Co.

Adjudged Insane.

Ever since George Eaton has been in Chloride under treatment for the beating he received from Cy Childers, he has acted strangely and his friends believed he was suffering from dementia and was a menace to society if allowed to be at large. He was quarrelsome, carried a gun and made threats. On Monday the justice had him taken to Kingman and tried before Probate Judge Logan for insanity. After hearing evidence and a medical examination by Dr. A. E. Ealy, the judge decided that a little trip to Phoenix would be of great benefit to his health, so the sheriff took him in charge and they departed for Phoenix yesterday.—Chloride Arrow.

Quick Relief for Asthma Sufferers.

Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure.—Alvarado Pharmacy.

SOME FANCIFUL FACTS.

A Missouri Editor, With Backbone, Tells Startling Truths.

Not long since a Missouri editor announced that just for one issue he would tell the truth, naked and unvarnished. Here are a few items from the issue:

John Bonin, the laziest merchant in town, made a trip to Reliance yesterday.

Married—Miss Sylvia Rhodes to Jas. Carnahan, last Saturday evening at the Baptist parsonage. The bride is a very ordinary girl who doesn't know any more than a rabbit about cooking and never helped her poor mother three days of her life. She is not a beauty by any means and has a gait like a fat duck. The groom is well known here, an up to date loafer, has been living off the old folks all his life and don't amount to much no how. They will have a hard life while they live together and the Times hastens to extend absolutely no congratulations, for we don't believe any good can come from such a union.

John Doyle, our groceryman, is doing a poor business. His store is dirty and noisily odoriferous. He doesn't advertise nor treat people courteously. How can he expect to do much?

Rev. Styx preached Sunday night on "charity." The sermon was punk. If the reverend gentleman would live up a little closer to what he preached he'd have a bigger congregation. The editor of the Times attended just because it is the proper thing. He would rather stay at home and read a good book.

Dave Sonkey died last Saturday morning at his home in this place. The doctor gave it out that it was heart failure. The fact is he was drunk and whiskey was what killed him and his home was a rented shack in Bowdy street.

On press day of this particular issue the editor of the Times left the city for a day's visit to let the old town cool off, and for a whole week longer went home through the back alley.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

Insane Model Seeks to Escape.

Buffalo, N. Y., Aug. 7.—Miss Helen Vanderbilt Wackerman, who is said by many artists to be the most beautiful woman in the world, is suffering from severe injuries she received while smashing the windows of her room to escape from an imagined danger.

Miss Wackerman accompanied by her mother returned from Europe some months ago and has spent most of her time in seclusion at her mother's home in this city. A fire in a building across the street from the Wackerman residence caused unusual excitement which rendered the young woman frantic and she attempted to escape from her room by breaking six large panes of glass with her hands. When all reached Miss Wackerman she was found to be badly cut and covered with blood. Though still suffering from the shock she has in a measure recovered from her physical injuries, though she shows no mental improvement.

His Sight Threatened.

"While picnicking last month my 11 year old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended Dr. Witt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin disease, cuts, burns, scalds, wounds, insect bites, Dr. Witt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. B. H. Briggs & Co. and J. H. O'Reilly & Co.

NEGRO CONGRESS.

Large Attendance at Second Day's Session of the Congress.

Atlanta, Ga., Aug. 7.—The arrival of many belated delegates resulted in an increased attendance at the second day's sessions of the big negro congress which opened yesterday. The visitors were up with the lark this morning and at the early hour of 6 o'clock they filled the auditoriums of several churches, schools and colleges where prayer services were held. Before 9 o'clock the auditorium at Piedmont Park was filled and everything was in readiness for the general sessions.

The general theme chosen for the day was the religious life of the negro race.

Some of the prominent speakers and their subjects were as follows: "The Bible and the People," Rev. W. I. Haven, D. D., corresponding secretary of the American Bible society; "The Work of the American Baptist Publication Society," Rev. S. N. Vass, D. D., Raleigh, N. C.; "The Need of a Properly Trained Ministry," President J. N. Sanders, of Middlebury university; "The Present Religious Status of the American Negro," Rev. Ernest Lyon, D. D., Baltimore.

This afternoon the congress separated.

Hairlessness

Hairlessness is born of carelessness. Don't be careless with your hair. Use it well, or it will leave you. Ayer's Hair Vigor cares for the hair, makes it stay with you. It always restores color to gray hair, and keeps it soft and smooth.

"I was bothered greatly with dandruff and falling of the hair, but after using only one bottle of Ayer's Hair Vigor my hair stopped falling and the dandruff disappeared."—Miss Lucile Hardy, El Dorado Springs, Mo. \$1.50. All druggists. J. C. AYER CO., Lowell, Mass.

ated into conferences for the discussion of different branches of educational and religious work. These conferences were held in various churches and meeting houses and at each one an interesting program of papers and addresses was carried out.

Consumption Threatened.

"I was troubled with a hacking cough for a year and I thought I had consumption," says C. Unger, 211 Maple St., Champaign, Ill. "I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since."

Indiana Swine Breeders.

Shelbyville, Ind., Aug. 7.—The Indiana Association of Expert Breeders of Swine began a two days' meeting and institute of instruction today on the Shelby county fair grounds. The president of the association is N. C. Kershner, of Ansonia, Ohio, and the secretary, W. O. Smiley, of Judson, Ind. This evening the members assembled in the parlors of the Hotel Ray to listen to an address of welcome by Mayor Morris and a response by Col. J. B. Lyster, of Franklin.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all druggists.

MONUMENTS.

All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO.

Statehood cigars, two for 25 cents.

Alamogordo & Sacramento Mountain Railway.

CLOUDCROFT

The Roof Garden of the Southwest.

The season at Cloudcroft will open on June 1, the lodge, dining hall and lunch counter having been placed under the able management of the popular hotel proprietor and manager, Geo. Waterman.

The fame of Cloudcroft as the premier summer resort of the southwest has been heralded far and wide, and patrons may rest assured its reputation will not be allowed to suffer this year. Extensive improvements have been made in the way of accommodations and out door as well as indoor amusements and entertainment.

For a booklet regarding Cloudcroft, or further information regarding this summer resort, call on nearest coupon ticket agent, or address:

Safe From Summer Complaints

All mammas, and papas too for that matter, dread the heat of summer with its danger for the little folks, especially the babies. It is simply heart-breaking to read year after year about the great death rate among children caused by the summer's heat. Yet it is easy to protect the infants against all summer complaints, because we know that all these fearful perils have their beginning in stomach and bowel troubles, and we have a perfect family medicine that will keep the delicate machinery in a child's body clean, regular and in healthy working order in the hottest weather—CASCARETS Candy Cathartic. The plump, bouncing, crowing baby shown here is a CASCARET baby. He feels that way winter and summer. Nursing mammas take a CASCARET at bedtime, and it makes their mother's milk mildly purgative and keeps the baby just right. Older children like to take the fragrant, sweet little candy tablet, and are safe from colic, gripes, diarrhoea, summer rash, prickly heat and all the mean troubles that summer brings with it.

Best for the Bowels. All druggists, 25c, 50c, 1.00. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Co., Chicago or New York.

DEADLY CLOUDBURSTS.

Four Persons Killed at Dillon—Heavy Rains Cause Much Damage.

LOCALS AND PERSONALS.

Special Correspondence.

Las Vegas, N. M., Aug. 6.—Four are dead at Dillon as a result of a cloudburst last evening about 5 o'clock. As Mrs. Maria Dominguez, wife of Francisco Dominguez, and her three children were fleeing from home to escape the fury of the storm, they were overtaken by a huge wave that swept down the valley and were drowned. Mrs. Dominguez and children were endeavoring to reach a neighbor's house on the hill when overtaken. The home they had just left was left intact by the storm, and had they remained home they would have been saved. The cloudburst was one of the worst in years and did considerable damage. The remains of two of the children were found this morning lodged in a wire fence, about three miles below the place where they were drowned. They were taken out by rescuers, one of whom was nearly drowned in the attempt.

The Blossburg division of the Santa Fe suffered considerably, the track being badly washed out and undermined. The Blossburg branch is a side coal spur and hence the through traffic on the Santa Fe was not interfered with. Other damage from the storm were on the Colorado Southern and Rio Grande railroad above Pueblo, the traffic of the road being tied up this morning for several hours.

Herbert Clark and the camping party he has been chaperoning up in the mountains will return this evening.

Misses Grace and Mabel Lamb arrived this afternoon from St. Louis for a visit with A. O. Wheeler and wife.

The East Las Vegas fire department will give a big ball on the night of the 19th inst. in the city hall.

The ten day old infant of Charles Rogers died last night and was buried this afternoon in the Odd Fellows cemetery at 3 o'clock.

The wife of Machinist Dusky is quite ill at her home.

Professor Arnold, who was instructor in mathematics at the normal here formerly, and was very popular, passed through Las Vegas last evening en route to California from his home in Colorado.

The Presbyterian Sunday school braved the threatening weather today and went out on their picnic to Williams canyon.

Died, last night at 8 o'clock, Mrs. E. Anna Pope, wife of Professor Pope, who is an instructor in the University at Columbia, Mo., and who was attending his wife here. The cause of immediate death was gastritis, but the deceased was also a sufferer from lung trouble. Mrs. Pope was 30 years of age and leaves, beside her husband, two young children, now in the care of their grandparents at Windom, Minn., to which place the remains were shipped today on No. 2.

Miss Minnie Deterick is indisposed and not able to be at her duties at Mrs. Waring's.

The rain last night was what this country has been needing for several weeks. Beginning about 4:30 it lasted until nearly midnight, stopping only for a few minutes at intervals. The precipitation up to 6 o'clock this morning the total was brought up to .48, or nearly half an inch. The slow beating rain was the penetrating sort, and if it will only keep up the rest of the month there will be a good crop of grass for winter and sufficient to keep the stock in good shape. The rain seemed to have been general in this part of the territory, and near Sapello yesterday afternoon considerable hail fell, but not sufficient to do any damage. La Cueva and the north and northwest part of the neighboring country also received a good drenching and already the plant life is beginning to respond to the good drink they received. The rain was worth thousands of dollars to the country.

The 6 year old son of Juan Lucero was badly bitten on the right arm yesterday afternoon by a vicious dog. The lad's arm was badly torn, but it is thought no serious results will follow.

Miss Jessie McSchooler returned yesterday evening from a five weeks' visit with Mrs. Aldridge in Raton.

Mrs. William Hanson and daughter are expected to arrive here this evening from Chicago. Mr. Hanson is here for his health.

One of the twins of Professor Ehler and wife died last night and was buried this afternoon from the east side

Catholic church at 1:30 in the Upper-town cemetery. The infant was seven weeks old and died of something akin to cholera infantum.

Frank Quinley, B. F. Forsythe and J. Minium left today for the Rio Casa to be gone some time on a fishing and camping expedition.

Mrs. Ike Lewis and two children left this afternoon for Los Angeles on a visit to relatives.

Mrs. George Arnot, of Albuquerque, who is in the city, will entertain a few Las Vegas friends Friday.

Mrs. Abe Lewis and daughter from Kansas City, will arrive here this evening for a visit with Mrs. Lewis' mother.

Thomas Hubbell, sheriff of Bernalillo county, with G. V. Crosby returned this afternoon to Albuquerque. Mr. Hubbell has his mind set on big figures in the way of a republican majority this fall.

Miss Ada Smith arrived here this afternoon from Chicago for a visit with her mother.

A. B. McGaffey, of Albuquerque, and W. H. Hahn, of Cerrillos, passed through here today as an advance guard for the Elks to Salt Lake City.

There was only a fair crowd out to attend the infantry dance at Rosenthal hall last night, the inclement weather interfering. The boys' rave the dance to realize funds to buy provisions for their commissary when they go on their camp in September, but only about \$15 was realized. The company has secured permission to use the tents, blankets and equipment at Santa Fe belonging to the territory on their trip and the only thing lacking is in the commissary department.

A feature of the dance last night was the presentation of a fine gold mounted sword to Capt. A. R. De Costa by the members of company K. Lieutenant Mennet made the presentation speech in behalf of the company, it being given as a token of esteem in which Captain De Costa is held by the members of his company. Captain De Costa feels justly proud of his present and the appreciation shown by the company of his services.

Mrs. J. Abramovsky is on the sick list.

Miss Bertha Leonard is sojourning in Colorado on a month's visit. She is enjoying her vacation.

Ed Ashley is swinging a club on the night police force now in the place of C. A. Bogart, who resigned. Mr. Ashley is a good selection, and big and strong enough to even catch Tracey.

Mrs. G. H. Rhodes and sister, Mrs. Lott, who is visiting here from Muncie, Ind., went up to El Porvenir today to spend a few days.

Thomas Johnson, friend of Grif Roberts, is here from Macon City, Mo. Mr. Johnson is interested in the goat business and leaves today for Lamy and Silver City on a purchasing expedition.

Mrs. W. B. Bunker left yesterday evening for California to be gone several weeks visiting her parents.

IMMENSE FRUIT CROP.

Despite the Grasshoppers Such Will be the Case in the Upper Rio Grande Valley.

"Hon. L. B. Prince was here yesterday from his Espanola ranch and stated that apart from the grasshopper plague, everything looks well in the upper Rio Grande valley. The grasshoppers have destroyed the vegetables and alfalfa and part of the grain in many places in Taos and Rio Arriba counties, but our own and many localities are escaping entirely. The recent showers have supplied ample water, and the wheat crop now being cut will be better than was expected. The fruit product is simply immense, peaches and nectarines being in great quantities as well as apples, pears and plums. The pear trees are so loaded that he wished they could be photographed so as to show in the east; as to apples he mentioned as an illustration that he had from six to ten hands steadily employed for over a week in an attempt to thin them out, and all the orchards were in a similar condition. Whether from spraying or removal of the insects, the codlin moths are greatly reduced in number. The apples are consequently perfect and free from worms. Perhaps the grasshoppers have in this way done some good. The latter are as plentiful as ever, but by the use of various expedients the people are protecting the fruit, though the leaves of trees in many localities are almost entirely destroyed.

If you purchase a Chickering piano of the Whitson Music company you need not hesitate to tell your friends you have a genuine Chickering. Established in Boston, Mass., in 1823.

OFFICIAL MATTERS.

Territorial Board of Equalization—Examination of Teachers.

DELEGATES APPOINTED.

THE BAILEY (PNEUMATIC)

WHALEBONE ROADWAGON

Is superior to ordinary vehicles in every quality. Drivers generally favor them for their maximum comfort and stability. Arguments against them are unavailing to those who have had experience with our first-class one, and not with the cheap kind. We've always built with the absolute business policy, "what is best, disregarding cost," and have yet to have one of our wagons quoted as a failure.

THE GEM CITY.

Successful Encampment of Guards—
Movements in Real Estate.

PERSONAL PARAGRAPHS.

Special Correspondence.

Socorro, N. M., Aug. 6.—Mrs. Courtney, widow of the late A. Courtney of this city, will leave today to attend the meeting of the grand lodge of the Rathbone Sisters at San Francisco, Cal., making a visit to Arizona to look after property interests there on her way.

A committee from Hose company No. 1 of the city was out visiting the merchants this week raising money to purchase new hose for the company.

Dr. L. E. Kittrell, our new postmaster, will move his dental rooms to the postoffice building soon. The doctor has an eye to business and is a clever fellow with it.

Tom Gardiner, of Magdalena, passed through the city from Illinois, accompanied by Thomas Featherstone and George Cooper, of Wrightsville, Ill., who are taking a look at the country with a view to buying lands.

A. H. Hilton, the big merchant of San Antonio, this county, was among the visitors seen here Monday.

Sol Luna, of Los Lunas, was in the city on Monday.

Frank C. Sellman, of Rosedale, N. M., was visiting friends here today.

C. T. Brown, the mining prince of the Black range district, came in time to see the sham battle at "Camp Brown" and to shake hands with the boys in blue.

Ex-County Commissioner W. W. Jones of San Marcial, was a visitor to Socorro this week.

Albert Jaques, son of Station Agent Jaques, of this city, left for Albuquerque a few days ago, where he has accepted a position in the freight depot of the Santa Fe of that city.

Company T, national guard, has just closed a very successful encampment near the city. Large crowds of visitors could be seen at the camp daily and the exercises by the troops was very interesting. Socorro is very proud of its military company and look forward to a bright future for it. In honor of C. T. Brown, who has done much for the company, the camp was named "Camp Brown." A sham battle was the feature of the closing day, and was very interesting and full of exciting incidents.

Mayor Cooney organized a band of Indians and directed them as big chief in the sham battle with the soldiers, and the boys are still laughing at the many funny incidents of the battle. The mayor fully established his reputation as a sprinter when he did turn tail on the boys in blue.

Landlord Yunker, of the Windsor hotel, has purchased some vacant lots opposite the hotel and will soon build a handsome two-story building on the same. A movement is now on foot to make an armory and public hall of the second story, which will add largely to amusements for the winter as a nice public hall is badly needed in the city.

A number of Magdalena's good people visited our town on Monday to see the sham battle at Camp Brown. Prominent among them were noticed Captain A. B. Fitch, W. A. Richardson, S. Michaels and wife, Max B. Fitch and Miss Lulu Sloan.

Miss Emma Liles, one of Socorro's bright young ladies, was a visitor with Captain Matthews' family at Camp Brown during the encampment.

Andy Wickham, now mining in Mexico, was a visitor to his parents of this city this week.

Ice watermelons.—San Jose Market.

Robert Miller, who drove the ice wagon for the Crystal Ice company for eight years, has taken charge of the new ice wagon of the Southwestern Brewery and Ice company and will be pleased to serve his old customers with ice. Look for the "Diamond Ice" wagon.

INDIGESTION

is the cause of more discomfort than any other ailment. If you eat the things that you want and that are good for you, you are distressed. Ackers' Dyspepsia Tablets will make your digestion perfect and prevent dyspepsia and its attendant disagreeable symptoms. You can safely eat anything at any time, if you take one of these tablets afterward. Sold by all druggists under a positive guarantee. 25 cents. Money refunded if you are not satisfied. Send to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

WHITE VS. BLACK.

Mrs. Wheeler Again Assaults Her Dusky Lover.

George Harris, the Third street colored barber, and his lady love, Mrs. Wheeler, white, had another scrap last night.

About 10 o'clock they met on West Tijeras avenue and the "lady" mentioned proceeded to finish a job she began last week, but with poor success. This time the weapon used was a meat cleaver instead of a hammer. The hammer was never found but the cleaver is preserved.

The damage done to Harris in last night's affair was a small scalp wound about two inches long.

Harris swore out a warrant charging Mrs. Wheeler with assault on his person with a deadly weapon with intent to kill.

Harris was arrested on a warrant sworn to by Mrs. Wheeler, charging him with assault on her body with a razor and with intent to kill.

They were tried in Justice Borchert's court this afternoon. Harris was given sixty days in the county jail and the Wheeler woman was given twenty-four hours in which to leave town. She expects to go to El Paso.

Delegate Flynn.

Hon. Dennis Flynn, delegate to congress from Oklahoma, will arrive in the city from the west tonight. He will take supper here, and a party of gentlemen, who will meet him at the depot, will endeavor to persuade him to remain over and proceed north on the No. 2 passenger train tomorrow morning. Delegate Rodey will be unable to meet him here, being detained up north on account of washouts.

DELAYED TRAINS.

Heavy Rains are Falling in Kansas and Colorado and Considerable Damage is Done to Railroad Property.

All trains from the east are indefinitely late. A stub train will be made up at La Junta and will arrive in Albuquerque on No. 1's time. There will be no mail from east of La Junta. Regular trains No. 1 and No. 7 are expected to reach here late tomorrow afternoon.

The members of The Citizen printing office are under obligations to F. G. Pratt, the groceryman, for a huge watermelon.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, Ohio, can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by all druggists.

Mammoth queen olives, 25c. pint.—San Jose Market.

The Prevailing Fad.

For the occult, the mythical and the astrological, has inspired a clever designer to utilize the idea by producing a series of twelve unique and beautiful designs for birthday pillows. EARLY GRAPES.

Agricultural Experiment Station, Mesilla Park, Issues Bulletin.

THE FOREIGN VARIETIES.

Early grapes, while not so extensively planted and not as good in quality, or as good shippers as the medium or late varieties, possess enough good qualities to make them worthy of being more generally planted for home use and to a greater or less extent, depending on circumstances, for commercial purposes. In New Mexico there has been but little attention given to the growing of early varieties. The later kinds, like the Muscat of Alexandria, Mission, Flame Tokay, and Gros Colman have been the favorite varieties. The fact that some of the earliest grapes ripen about two weeks before our commercial varieties, which usually appear on the market about the last of the second week in August, should make them a valuable addition to the commercial vineyard.

Generally speaking, there have been but few varieties of foreign grapes grown in the territory. With the idea in view of testing the adaptability to our conditions of a large number of varieties, the experiment station started a new experimental vineyard in the spring of 1901 of over fifty varieties of foreign grapes. Many of these promise success, and this summer—the third year after planting—most of the vines have a good crop of fruit. The earliest varieties in the test ripen during the last week in July. Below is given a list of them with a description of each:

Chasselas de Florence—Vine strong but slender grower; bunches medium, compact, slightly tapering; berries quite insipid. Early and heavy bearer; ripening by July 24.

Chasselas de Fontainebleau—Vine strong but slender grower; berries, medium to large, round, greenish yellow, moderately firm, juicy, sweet, pleasing flavor. Good and early bearer; ripening by July 24.

Sweet Water—Seems to be identical with the Chasselas de Fontainebleau. White Corinth—Vine strong grower; bunches small, compact, cylindrical; berries, small, round, greenish yellow, seedless, soft, very juicy, sweet. Ripens July 24.

Chasselas Rose—Vine, strong but slender grower; bunches medium, compact; berries medium to large, round, clear red, firm, moderately juicy and sweet, good; ripening July 26.

Chasselas Napoleon or "Bicane"—Vine strong but slender grower; bunches medium, somewhat loose; berries medium, round, greenish yellow, with a reddish tinge, quite firm, sweet; ripening by July 26.

Chasselas Clotat (Parsley-leaved Grape)—Vine moderately good grower; bunches small to medium, compact; berries medium, greenish-yellow, quite firm, juicy, pleasant; ripening by July 26. Leaves very much lacinated.

Muscat Precoce du Puy de Dome—Vine strong grower; bunches medium, long, quite compact; berries medium to large, round, reddish purple, firm, pleasant, has a decided Muscat flavor; the earliest of the Muscat to ripen; ripening by July 26.

Thompson Seedless—Vine exceedingly strong grower and a heavy bearer; bunches large, long, shouldered; berries small, oval, greenish yellow, very firm, seedless, crisp; ripens by July 28.

Muscat Precoce du Puy de Dome, Chasselas de Fontainebleau, and Chasselas Rose, seem to be the three best varieties in this list.

It is intended to publish notes on these grapes as fast as the different varieties in the test ripen.

FABIAN GARCIA.

WEEKLY CROP BULLETIN.

United States Department of Agriculture, Weather Bureau.

Santa Fe, N. M., Aug. 5.—There has been little change in the condition of crops and stock in the territory during the past week, excepting that in a great many localities the drought is becoming more and more alarming.

There have been some good rains in mountainous sections, which in some instances has been sufficient to fill the ditches and afford at least a temporary relief, but over the prairies in general, excepting the lower Pecos country, while scattered showers have been rather frequent they have been insufficient to keep the grass growing, or to replenish to any extent the very short outside water supply. In a few central localities some losses have already occurred, but as a rule all kinds of stock are in very fair condition considering the unfavorable season; but unless good, general rains occur soon there will be undoubtedly some heavy losses fall upon the stockmen of Rio Arriba, Socorro, Valencia and Bernalillo counties and vicinity. In some localities plans are being laid for moving stock in the event of the continuance of the drought.

Third alfalfa is about ready to cut in southern sections. The yield generally is very poor, as is the second crop in more northern counties. In many places it is hardly worth cutting, but the harvest is made in order to give a chance for the next growth. Wheat harvest is under way in northern coun-

ties, rather earlier than usual. The stand is quite short generally, and in some instances the kernels are shrunken. Corn has been growing rapidly lately, where irrigated, but on many of the temporal lands the crop will be only fit for fodder. As a rule oats also is heading out small. The continued drought is causing fruits to drop badly, and in some orchards of the central counties the fruit trees seem to be drying up. The watermelon crop of the Mesilla valley has been a failure. In the vicinity of Espanola, in the Rio Grande valley, grasshoppers have done a great deal of damage in alfalfa fields, and have injured other crops. In some instances fruit trees have suffered also.

The following remarks have been extracted from the reports of correspondents:

Albert—H. M. Hanson: Continued dry and warm. Grass getting scarce. Several local showers but not sufficient to give general relief in this section. Stock not doing very well, and some anxiety is felt in regard to prospects for winter feed. Highest temperature, 98; lowest, 61; rain, 0.32.

Arabela—H. M. Richardson: Corn doing well since the rains, but not sufficient fall to make surface water for stock. Highest temperature, 79; lowest, 52; rain, 0.32.

East Las Vegas—John Thornhill: Weather continues very hot and dry. Crops are suffering greatly from the drought. Wheat is being cut, and is very short; in many places an entire failure. In most places corn will only make fodder. Oats also are very short. Pastures are poor, and the river and ditches are dry.

Eastview—John W. Corbett: Good showers on all sides except the east on the 31st, but still dry here. Fruit is falling from trees not irrigated, and the trees are dying. Grass short and dry, and stock not doing well.

Folsom—Jackson Taber: The several light showers have done but little good, and conditions remain hot and dry. Second alfalfa is being cut, and is turning out well. Plums ripening; all fruits doing well. Grass on the range is dried up, and water is getting short, but cattle and horses are looking well. Highest temperature, 87; lowest, 47; rain, 0.16.

Gallinas Springs—James E. Whitmore: Pastures are green and fresh and garden truck growing well. Apples are falling considerably. Gallinas river higher on the 19th than for past twenty years. Highest temperature, 97; lowest, 59; rain, 0.08.

Hobart—W. H. Hough: Corn fairly good where sufficient water, but water getting scarce. Wheat being harvested. Fruits doing well. Grasshoppers damaged alfalfa, but there will be something more than half a crop.

Laguna—Gus Weiss: Continues dry. Sheepmen report that spring lambs are dying off. Large flocks are being cut up into small bunches preparatory to shipping to other parts. All kinds of stock in very poor condition, and reports state that cattle also are dying.

Mesilla Park—R. H. Hart: Dry and hot again. Third alfalfa may be a failure on account of the drought. Watermelons are a failure. String beans on the market. Highest temperature, 103; lowest, 60; no rain.

Los Alamos—William Frank: No favorable change since last week. Second alfalfa being cut to give the last crop a chance. A very light crop of wheat is being cut, such an early harvest is unknown before in this section. Sheep and cattle are doing only tolerably well.

Mimbres—Charles Dennis: No rain since the 10th of July, and grass that had a start is burnt up. Leaves falling from the trees like in autumn. Cattle and crops are suffering for water, and the outlook at present is poor.

Ojo Caliente—Antonio Joseph: The disastrous drought is still with us, but rains have fallen in the mountains and the streams carry sufficient water for irrigation. The second alfalfa has been cut; yield below the average. Wheat and corn will fall below 50 per cent, but fruits are fair. Highest temperature, 92; lowest, 70; no rain.

Reserve (Socorro County)—C. Hightower: Showers in the valleys and heavy rains on the mountains, and water is again flowing in the streams. Grass has started on the ranges; crops of all kinds have made a fairly good growth. Corn in silk, wheat is ripening, and early potatoes large enough to eat.

Santa Fe—United States Weather

FOOD TREATMENT.

Old Stomachs Made Over.

Improper medicine knocks out as many stomachs as bad food, but proper food will nearly always restore the health that nature intended.

"I suffered with chronic constipation for a long time and two years ago became an invalid, being unable to retain anything on my stomach," says Mrs. P. M. Buss, of Millersburg, Ky.

"Physicians pronounced it catarrh of the stomach and bowels. In fact, the entire alimentary canal was involved, caused, they said, by continued use of purgatives. For several weeks I could not retain more than a teaspoonful of any kind of fluid at any time and at this stage of my illness a friend suggested that I try Grape-Nuts.

"I commenced by taking only a teaspoonful at a time of the water poured, while boiling, over two teaspoonfuls of the Grape-Nuts. In five days, I was able to digest a teaspoonful of the Grape-Nuts themselves, and in less than a month could digest an ordinary meal. I can eat anything now, after having used Grape-Nuts for nearly two years, and am entirely cured of constipation. It is a wholesome, pure and inexpensive food."

Clerking

Looks more attractive than housework for a woman, but it is also even more exhausting. The work is often done under high pressure, and the brightness of the eyes and the flushed cheeks of the attentive clerk indicate nervousness rather than health. If this is true under most favorable conditions, what shall be said of those who suffer from womanly diseases, and who endure headache, backache, and other pains day after day?

No sick woman should neglect the means of cure for womanly diseases offered in Doctor Pierce's Favorite Prescription. It regulates the periods, dries enfeebled uterine drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"A heart overflowing with gratitude, as well as a sense of duty, urges me to write to you and tell you of my wonderful recovery," says Miss Corinne C. Hook, Orangeburg, Orangeburg Co., South Carolina. "By the use of Dr. Pierce's Favorite Prescription I am entirely a new being compared with the poor miserable sufferer who wrote you four months ago. I remark to my parents almost every day that it seems almost an impossibility for medicine to do a person so much good. During the whole summer I could scarcely keep up to walk about the house, and yesterday I walked four miles and felt better from the exercise. I now weigh 125 pounds. Mine was a complicated case of female disease in its worst form."

Doctor Pierce's Pleasant Pellets cure biliousness.

Bureau: Temperature considerably above the normal, but rain very light, and roads and prairies dry and dusty.

Showers in the vicinity have been very light, even on the mountains, but irrigated crops growing very well. Earliest corn in silk; second alfalfa was quite a good crop. Peaches and apples are scarce, and apples are falling badly. Pears and plums will be abundant. Highest temperature, 90; lowest, 62; rain, 0.02.

Wagon Mound—R. T. Maes: High winds and no rain; grass is dried up and water is getting scarce. Unless rain comes soon sheep and cattle will suffer.

Watrous—M. C. Needham: Warm and dry and rain badly needed. Second alfalfa is not a quarter of a crop, and the fields are being mowed in the hopes that rains will give a third growth. Highest temperature, 93; lowest, 53; rain, 0.08.

Weber—E. H. Biernbaum: Vegetation was started by the rains of last week, but the succeeding drought prevented growth. All kinds of crops are very small and a light harvest is expected. Second alfalfa will be very light. Gardens and orchards are exceptionally good. Threatens rain every day, but it does not come. River is very low and ditches carry very little water. All kinds of stock are in fair condition.

Woodbury—A. J. Woodbury: Highest temperature, 101; lowest, 55; rain, 0.04.

R. M. HARDINGE,
Section Director.

Just Look at Her.

Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result—All organs active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c. at all druggists.

Steel Plant To Be Sold.

Troy, N. Y., Aug. 7.—Much interest is manifested in the sale at public auction today of the plant and property of the Troy Steel company to satisfy a judgment in favor of the Guaranty Trust company of New York. The plant cost more than \$1,200,000, and when in operation employs 2,300 men.

Shatters All Records.

Twice in hospital, F. A. Gullidge, Veranda, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues inflammation, conquers aches, kills pains. Best salve in the world. 25c. at all druggists.

Ginners of Georgia Organize.

Macon, Ga., Aug. 7.—Of vast importance to the allied interests of those who prepare the cotton for the market is the state convention of ginners which opened in the council chamber here today for the purpose of perfecting a permanent organization. There are about 5,700 ginners in Georgia and it is hoped to enroll the majority of them in the movement. The objects of the new association are to bring into closer touch all who are engaged in the ginning business, the interchange of ideas and opinions as to the best methods of ginning and baling cotton, and to urge upon planters and farmers the great importance of properly taking care of their cotton from the time it is picked until finally sold.

Binding Twine High.

Minneapolis, Minn., Aug. 7.—There is considerable complaint among the farmers of the northwest over the high price of binding twine, of which hundreds of car loads are now being used in harvesting. The price is much higher than usual this year and the supply is hardly equal to the demand. The twine dealers explain that the manipulation by purchasers of the sisal is the cause of the high price.

Railroad Topics

Master Mechanic F. P. Barnes is circulating among the railroad boys of Winslow.

William Daze, road foreman of engines on the Winslow division, was a visitor at the local shops yesterday.

H. S. Van Slyck, Santa Fe's live stock agent at El Paso, spent yesterday in Albuquerque and returned to the Pass City last night.

W. E. Hodges, general purchasing agent for the Santa Fe, who has been spending several days in the city, left last night for a tour of the Santa Fe coast lines.

Ray Pasley, a young man employed in the Santa Fe offices at Topeka, was drowned while bathing in the Kaw river Sunday evening. The body was recovered Tuesday morning at 8:45 by a diver.

F. H. Mudge, resident engineer for the Santa Fe at Las Vegas, is in the city, overseeing the laying of the side-tracks to the new freight depot. Tonight he will accompany Division Superintendent J. P. McNally, who will leave on a bridge inspecting tour over the Rio Grande division.

The Topeka State Journal says: Frank Russell, who seven or eight months ago gave up his place as hammer-smith in Topeka shops and went to Albuquerque, N. M., where he has been employed most of the time since, took charge of No. 3 machine in that department here Monday night. This is the first time that No. 3 has been running after 6 o'clock for some months.

A change was made in the local Santa Fe shops and offices yesterday, which affects materially the positions and work of several of the employees. R. C. Jackson, who has been doing mechanical work in the shops, has gone to a desk in the freight office. James Foley, formerly in the timekeeper's office, has been appointed to clerk of distribution. J. A. Blood succeeds Mr. Foley in the timekeeper's office.

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder.

Kind Words for the Firemen.—A railway fireman of Colorado writes to the Denver News to call attention to an omission which, he says, is common in all articles relating to speed of trains. This omission, according to the fireman, is lack of mention of the man who shovels the coal into the white hot furnace. "Why is it," adds the letter, "that the name of the fireman is so seldom included in these glowing descriptions? All kinds of honor is given the engineer and the conductor, but what kind of time could be made without a fireman? The man who looks into the furnace and keeps up a steady pressure of steam should be remembered. No great railroad record was ever made without the aid of the fireman. We do the hard work and are future engineers. Put in a good word for the fireman."

The best physic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

Santa Fe Appointments.—W. C. Hette, who has been displaced as chief clerk to the general superintendent, will be retained in the service of the Santa Fe. He has been appointed Santa Fe agent at Emporia, in place of Earl V. Case, who will return to Topeka and resume his position in the general superintendent's office.

Lathrop Resseguie, a son of ex-Superintendent C. F. Resseguie, will be transferred from the office of general superintendent, where he has been serving as stenographer, to the office of the superintendent of terminals at Kansas City.

E. P. Ripley, a nephew of President E. P. Ripley, of the Santa Fe, is to come to Topeka and assume a position as clerk and stenographer in the general superintendent's office. Young Mr. Ripley comes here from the east, and it is understood is to become connected with Superintendent Hurley's office force for the reason that President Ripley considers Mr. Hurley an excellent man for his nephew to learn railroading under.—Topeka State Journal.

When Other Medicines Have Failed Take Foley's Kidney Cure. It has cured when everything else has disappointed. Alvarado Pharmacy.

A Widow Defeated in Her Suit.—After having been ordered to pay \$23,000 in damages to the widow of one of its former conductors, the Delaware, Lackawanna & Western railroad has just secured an opinion from the appellate division of the supreme court of Pennsylvania which reverses the judgment of the lower court and practically disposes of the case in favor of the railroad company. The case involved many delicate questions of the theory of contributory negligence and the present decision is regarded as definitely deciding an important phase of railroad damage suits. In 1896 a freight train conductor was killed while sitting in his caboose as the result of a rear-end collision, near Stroudsburg, Pa. Suit was brought by the widow, who secured a judgment against the railroad company for \$9,000. The company appealed to the appellate division and obtained a reversal of judgment. The case was tried the second time during the past winter and resulted in a judgment against the railroad company for \$23,000. The company appealed a second time, and has just secured an opinion

which practically ends the case in its favor. The evidence showed that the rules of the railroad company required the conductor to send a brakeman back half a mile to flag approaching trains. The brakeman, however, went back only between 200 and 300 feet. The evidence also showed that the conductor did not leave his caboose to see that the brakeman performed his duty and the court held that this negligence of the conductor was the proximate cause of the accident, and that, therefore, he was guilty of negligence which contributed to the accident, and that his widow is not entitled to recover.

New Freight Rate.—July 1 a new freight rate schedule went into effect on the western division of the Santa Fe. With the exception of first class freight to Chicago the rate has been reduced almost 20 per cent. The new rate from Albuquerque to the following eastern points per hundredweight are: Kansas City, first class, \$1.70; second class, \$1.50; third class, \$1.35; fourth class, \$1.20. St. Joseph, Mo., the same rate as Kansas City. St. Louis, first class, \$2.12; second class, \$1.90; third class, \$1.70; fourth class, \$1.52. Chicago, first class, \$2.32; second class, \$2.06; third class, \$1.80; fourth class, \$1.50. Other eastern points have been reduced accordingly.

A World Wide Reputation. Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all druggists.

Two Big Damage Suits Filed.—A dispatch from Los Angeles, dated August 5: Harriet B. Winston, through her attorneys, Hunsaker & Britt, began an action against the Santa Fe Pacific Railroad company for \$25,000. She alleges that on July 1, 1901, while en route from Flagstaff, Ariz., to Barstow, one of the defendant company's tourist sleepers took fire and she was badly burned about the face, arms and legs. James H. and Fannie E. Case, parents of William L. Case, sued the same company for \$25,000 for the death of the latter. The son was fireman on the Santa Fe passenger train No. 4 when it collided with another train near Franconia, Ariz., November 20 last, and he was killed. Waters & Wylie are attorneys for the plaintiffs.

Foley's Kidney Cure. Will cure bright's disease. Will cure diabetes. Will cure stone in bladder. Will cure kidney and bladder diseases.

Hoboes Not All "Dead Ones."—The humble hobo, who has so long been persecuted by the railroads, has come to the front again and demonstrated his ability to render signal service in time of necessity, says the Topeka Capital. A short time ago, when a Santa Fe brakeman in Kansas was knocked from his train by a bridge, he was saved from drowning by a tramp who happened to see the accident, and who jumped in to his assistance.

And last week two specimens of the genus hobo rendered valuable assistance on the occasion of the fire at the stock yards in La Junta. They were the first to discover the fire, and they both broke into the telephone booth at the yards and telephoned the news to the depot. Agent Carr went out to the yards on a switch engine and with the assistance of the two hoboes succeeded in extinguishing the flames, the trio being drenched to the skin before they succeeded.

The La Junta Tribune relates that Agent Starr brought the two gentlemen of leisure to town after the fire and gave them cart blanche at one of the restaurants to "fill up," a privilege which they exercised to the limit. Mr. Starr also gave them passports which entitled them to ride the cushions inside of varnished cars as far as Denver.

About \$400 worth of property was destroyed before the flames were extinguished. Two cattle chutes, one sheep chute, three feeding pens and 175 feet of platform were totally destroyed and two feeding pens partially.

A Physician Healed. Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used every thing known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

SILVER CITY.

Popular Young People Surprise Their Friends by Marrying.

OTHER INTERESTING ITEMS.

Special Correspondence.

Silver City, N. M., Aug. 5.—Harry Kelly and Miss Capitola Simon gave their many friends in this city a pleasant surprise by being married secretly at Pinos Altos last Sunday afternoon. The young couple had only gone out for a drive, so they told their people, but drove up to Pinos Altos and were married by the Methodist minister of that place. They did not return to Silver City until a few minutes before train time and then left for El Paso on a short wedding trip. The bride recently came to this city from the east and was visiting her aunt, Mrs. O. C. Hinman, but while having been in this city a few months has won numerous friends by her charming manners. The groom, better known as "Duke," is a very much esteemed clerk in the Silver City National bank in this city and a young man of exceptional fine business qualities. Their friends here will be ready for them when they return and treat them right for the slip they gave them.

The report of a shooting scrape on the upper Gila river has reached this city but nothing definite as to the particulars have yet been obtained.

Dr. Hess, who has been one of the physicians at the United States sanitarium at Fort Bayard, left the other evening for San Francisco for duty at that point.

John Leggett, of St. Louis, who has been spending several months in this section for the benefit of his health, returned to his home in that city on the evening train.

The Fort Bayard and Santa Rita base ball teams crossed bats at Fort Bayard last Sunday afternoon and the soldier boys were defeated by a score of 8 to 16. The Fort team is composed of the hospital corps mostly and they are fast getting in shape so that they can play very good ball. The Silver City team will play them a game at the post on next Sunday afternoon.

The Silver City delegation of Elks who will go to Salt Lake on the 7th to attend the grand reunion of Elks in that city, will be composed of six members, consisting of E. M. Young, C. W. Marriott, Frank Jones, W. S. Cox, C. C. Shoemaker and Ike Holzman. They will meet the El Paso and Albuquerque delegation at Albuquerque and will go from there as members of the "Quien Sabe" club.

Mrs. C. W. Bayne will this evening give a musical at her residence for the benefit of Rev. Mr. Poole, pastor of the Methodist church.

Silver City and this section has had some very good showers during the past few days.

The bids for the new building to be erected at the Fort Bayard sanitarium have been turned in by the several contractors and have been forwarded to the department at Washington. It is thought that the work will be commenced in the near future. The lowest bid for the work was from an El Paso firm.

All Were Saved.

"For years I suffered such untold misery from bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for consumption. My wife suffered intensely from asthma, till it cured her, and all our experience goes to show it is the best croup medicine in the world." A trial will convince you it's unrivaled for throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

LECTURER CORRECTED.

Mrs. William Breeden Explains Territorial Form of Government.

A recent issue of the Chatauqua Assembly Herald contains a correction respecting territorial government by Mrs. William Breeden. She is well known here, but particularly well known in Santa Fe. Her letter is as follows:

Editor the Herald: Prof. John H. Finley, in his lecture, "Russia in Asia," said "the government of Russian colonies is analogous to that of our territories, the officials being appointed by the chief executive, without a local legislative body." If Professor Finley intended to convey the idea which his words express, he is very much in error. The organized territories of the United States have always had legislative bodies empowered to enact laws for the control and regulation of territorial affairs, their powers extending to all rightful subjects of legislation consistent with the constitution of the United States, and the act of congress organizing the ter-

EVER THINK ABOUT IT?

Many a Resident of Albuquerque Will Tell You

We are living in a very rapid age. Few of us bother our heads about small things, and so many persons look upon a pain, ache, or lameness in the back as a small thing. They wait for it to pass off, giving no thought to the cause. Remember these important facts, take a mental note of them for future use, and when the time comes use them. The kidneys are the sewers of the system; they carry off the impure matter, but sewers sometimes become clogged up. So do the kidneys. The kidneys are located near the small of the back, hence any stoppage affects the back. This means backache, lame back, weak back and many other distressing symptoms. There is lots more to tell on this subject, but we won't do it here, for we want to show you how to keep the kidneys so the back will have no cause to ache.

Mr. A. S. Sampson, of 1729 Forest avenue, Kansas City, carpenter and painter by trade, says: "It is seven or eight years since I first felt the effects of kidney trouble. During that time I have had some very severe attacks, often being laid up for weeks at a time, not able to work at all. I not only had pain in my back, but my head ached so that I thought at times it would split. I doctored a great deal and used every kind of medicine I knew about, but without relief. I finally tried Doan's Kidney Pills, and I think I owe my life to their use. I continued the treatment until I had taken three boxes, when the pains in my back were relieved, my appetite returned and my whole system was regulated."

Just such emphatic endorsement can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

territory, and defining the powers granted to its executive, legislative and judicial departments.

In the first, the Northwest territory, there was a governor, secretary and judges, and these consulted the legislative body. The country included within that territory now embraces several states; some of these states have laws that were enacted by the territorial legislative bodies and subsequently adopted and incorporated by state legislation.

In all the territories subsequently organized, legislative bodies composed of a council (corresponding to a state senate) and a house of representatives were authorized and provided; the members being elected by the people. Such legislatures have always existed, and now exist in the territories of Arizona, New Mexico and Oklahoma. In each of these territories the governor is possessed of the veto power, but the legislature is empowered to enact laws in defiance of the veto power by the concurrence of two-thirds of the members of both houses of the legislature. Laws enacted by a territorial legislature are as binding upon the people of the territory and within its limits as the laws of congress, but congress has power to annul and territorial legislation, a power however, rarely, and in but few instances exercised.

The statement of Prof. Finley interested me because I was for twenty-five years a resident of the territory of New Mexico, and thought your readers would like to know the correct situation of our territories.

MRS. WM. BREEDEN.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixir, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50c and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

"FORCE"

FIRST CHOICE are the words for which these big letters stand. FIRST CHOICE of an article of diet should be one that not only is pleasing to the taste, but also gives nourishment, strength, and vigor. Each organ of the body thrives upon a different food element, and in order that every organ shall have just the proper amount of work, these elements must be furnished in certain proportions. Whole wheat, any good doctor will tell you, contains all the elements for building up the whole body and in just the correct proportions. Most of us already have abused our stomachs, and this organ has been overworked. It requires a tonic and assistance in the work of digestion. Malt is the best tonic.

"FORCE" is a combination of the whole of the wheat and barley malt, delivered to you ready cooked, and ready to serve, in the form of a sweet, crisp, delicate flake of exceedingly pleasing flavor. Ask the grocer about it.

Low Cut Shoes at Lower Cut Prices

To close them out before fall. The dressiest shoes as well as the most comfortable. Not until you have on a pair of our perfect fitting Oxfords can you appreciate the comfort of the low shoe. No slipping of the heels, no binding instep, but comfort, ease and style. See our window.

LOCAL PARAGRAPHS.

Mrs. C. M. Moore, of Prescott, Ariz., is in the city.

J. R. Carpenter, of Tijeras canyon, was in the city last night.

John Hanna, a mining man of Kingman, Ariz., is an Albuquerque visitor.

Fred Otero was a passenger for the Jemez hot springs country this morning.

Miss Ida Schwed, who has been enjoying a month's outing in Colorado, has returned to her duties at the Phoenix dry goods store.

S. E. Aldrich, a well known general merchant and trader of Gallup and Manuella, came in from the west last night. He is here on business.

C. O. Cushman received a dispatch this morning from Council Grove, Kansas, that his father was recovering from a severe attack of sunstroke.

Bert Wiley left last night for Salt Lake City, where he will reside in the future. He was here as the guest of Richard Sweeney on South First street.

Triple Link, Rebecca lodge, will meet tonight at Odd Fellows hall. There will be installation of officers. Let all members come and bring their friends.

F. E. Robinson, who has been fishing and hunting on the upper Rio Pecos the past few weeks, returned to the city last night, bringing with him a fine string of trout.

The regular business meeting of the Y. P. S. C. E. of the Congregational church will be held this evening at the home of Clyde Hopping at 7:30. Every member is urged to be present.

Fred Fornoff, deputy United States marshal, was a passenger for Gallup last night. On his return to the city, he will be accompanied by a prisoner charged with selling liquor to Indians.

Sonier will pitch Sunday's game of ball against the strong Lamar, Colo., team. This ought to be worth seeing. The admission is 50 cents. The same team also plays here tomorrow and Saturday.

The Lamar, Colo., base ball team will arrive this evening from Las Vegas, where they played two games on their way to Albuquerque. They are the best amateur players in the state of Colorado.

The Clayton Enterprise says: Rev. George Brewer, of Albuquerque, superintendent of Baptist missions for New Mexico and Arizona, is preaching every night at the Christian church. He also conducted the Sunday services.

W. B. Gilman, proprietor of the Gilman employment agency, passed through the city this morning with a car load of men collected at El Paso, bound for Watrous, where they will be employed with a Santa Fe rock ballast crusher.

H. C. Yontz and wife, nee Miss Mae Sullivan, united in marriage yesterday, were passengers for Cerrillos this morning, being accompanied north by Miss McNulty. Mr. Yontz is a jeweler of Cerrillos, and that town will be the home of the happy couple in the future.

Judge Magoffin and wife, well known and popular people of El Paso, passed over the road for New York this morning. After visiting a daughter in the great eastern city, the judge and wife will visit their old home in Kentucky before returning to El Paso. They will be absent in the east and south several months.

A. M. Case, who was here at the street fair several years ago with his merry-go-round, is in the city from El Paso, and will probably make arrangements today with President O'Reilly to bring his miniature railway, illusions, fire and serpentine dances and merry-go-round to this city during the forthcoming fair. Mr. Case will return to El Paso tonight.

Dr. Bunker, pastor of the Lead avenue Methodist church, will leave this evening for the coast where he will join his family for a short vacation. The Rev. Harwood will preach for him Sunday morning next, Rev. John Hall the Sunday following. Other announcements later. The Epworth league will have charge with some rousing and interesting services Sunday evenings.

Robert Branaugh, wife and daughter left this morning for Trinidad, Colo., where they will reside in the future. The family horse, a fine pacing animal, and the rubber tired buggy will be shipped to Trinidad by freight train.

For the past year Mr. Branaugh conducted the Horse Shoe Club resort with Captain Kellerman as partner, and many friends regret the departure of himself and family.

Mr. Abbott, of the San Jose Market, with his family, returned to the city this morning from Santa Monica, Cal.

W. E. Pratt and family are expected to return this afternoon from Bear canyon, where they have been in camp the past few weeks.

G. Vargas, representing Hall & Leonard, the piano and music dealers, returned yesterday from the south, and reports having sold two Chickering pianos.

Mrs. Bachechi and children are planning to visit the Jemez and Sulphur hot springs, accompanied by her sister-in-law, who is expected from South Africa in a few days.

Word comes from the Jemez hot springs that Hank Thomas, who is there for the rheumatism, is getting along nicely, and expects to return to the city in a few days. He is taking the baths regularly every day, and is looking down his immense avoirdupois in fine shape.

William P. Bliss, of Mineral Point, Wis., is here on a visit to relatives. Mr. and Mrs. H. Jay Stone, and his grandmother, Mrs. M. A. Bliss. Mr. Bliss will be in the city several days. This is the first time he has been west of the Mississippi and everything looks strange to him.

John H. Cornell is now in the employ of the Harvey eating house at Needles, Cal. In a letter to The Citizen, he says many people of Needles and other western towns along the Santa Fe Pacific are arranging their plans to visit Albuquerque during fair week in October.

In the south room of the artistic cement arch on Railroad avenue in front of the Alvarado, Sculptor Whitley is making men to order. Any nationality, form or pose. The artist has already turned out a striking likeness of a monk, and is now working on "Noble," a stalwart Indian chief.

Sheriff Thomas Hubbell, who will be one of the members of the "Quien Sabe" marching club, returned last night from the Las Vegas hot springs in fine trim, having put himself in excellent condition for the strenuous life which will be the fate of all the "Quien Sabe" who are going to Salt Lake City.

At Sturges' European there is on exhibition a fine picture of the McIntosh wool, which was recently taken as the caravan of wagons, each wagon drawn by four horses, came down into the city over the hill of the mesa on the east. The picture represents a clip of 170,000 pounds, the spring's output from the McIntosh flocks of fine Merino sheep.

Mrs. A. J. Crawford had occasion to be frightened while driving on North Second street this morning. A tap came loose on one of the spindles of her buggy and let the wheel off, the axle dropped to the ground and gave the occupants of the buggy a severe shaking up. The horse was Mr. Crawford's old grey family horse, and paid no attention to the accident. Besides Mrs. Crawford there were several children in the buggy.

The Lamar, Colo., ball team, which plays here tomorrow, Saturday and Sunday afternoons, has played a series of twenty-five games and has won nineteen. This is a fine record, when it is considered that the teams it has been playing against are those of Pueblo, Denver, Cripple Creek, Florence and others equally as strong in Colorado. The Browns have secured three good players to help them out in these games.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.
