HUNDREDS OF LIVES LOST IN BIG FOREST FIRE IN NORTHEASTERN MINNESOTA

By Associated Press.

Duluth, Minnesota, Oct. 14.—A large section of northeastern Minneso ta is this morning smoldering in ruins with hundreds of bodies of men, women and children, many burned beyond recognition, strewn about caused by the forest fires of Saturday. The least estimates of the death list puts the number at one thousand. Thousands of people are homeless and the loss will amount to many millions of dollars. The worst fire was on the Meson and Lake Kettle rivers and at Cloquet. A dozen cities were destroyed.

Washington, Oct. 14.—The American army north-west of Verdun, Oct. 14.—Your artillery action is progressing along the western part of the American front. Little change was made in the lines by the Germans last night when they laid barricades that were preparatory to counter attacks of small but vicious charme. Determined efforts by the enemy to the left across the river between St. Justin and St. Goere, where the Germans advanced in open order and fought a disadvantage and on indication that they were using a few fresh trenches offensive to advance in the south.

Washington, Oct. 14.—It has developed that Consul General Fink of the state department was at the British embassy on consultation. Considered significantly, connected with the world from London that England is inclined to oppose the surrender of all Armistice unless we have a complete guarantee, both a military and naval nature. This development probably has some relation to the announcement that Great Britain, France, and Italy had agreed upon an armistice line of action. The New York telegraph reports asked the president to move in the hands of the state department.

The remains of Sam Carter, well known here, who died about two weeks ago at Camp Dix New Jersey, will be shipped to some point in Texas for burial, according to telegrams of relatives at report received by relatives here.

Families of men who wish to send Christmas presents to their overseas relatives are requested to come nominate with Mrs. H. P. Christian, secretary of the Red Cross. The Red Cross furnishes cartons in which can be packed. They must not weigh more than 25 pounds, and these cartons are the best way to send gifts across.

In order to send a Christmas package to a soldier, a request or authorization from the soldier must be presented to the Red Cross. This authorization to Red Cross to deliver the carton. There will be only a limited number of cards distributed and the supply will be exhausted.

Thus, Ewell was up from his home at Angeles, Texas, Saturday. He is in much better health than he has been, but he is not yet well. He was happier over the fact that all of their children had been in the Thanksgiving dinner, and the two previous—the first time they had all been together for some years.

That of $25,200 loaned to the farmers of the state to increase agricultural production, only $15,000 has been collected and only $75 is in interest.

That the Republicans promised to name a clear ticket this year but the Bureau controlled the Sacramento county delegation, that Catron controlled it, that State F.A. delegation, that Frank Hobbell and Jesse Morey picked the Benecito delegation and that Sec. Romero and Charles Bennis controlled the San Miguel delegation.

That if the Republicans control the next House of Congress, that the chair men of the military affairs committee will be a congressman who was in Germany.

That if the Republicans control the next Senate, the third man in control of raising funds for the prosecution in the war will be the unspeakable Robert M. LaFollette of Wisconsin.

That the Republicans tried at the special session of the Legislature to appropriate $1,000,000 for the State Council of Defense, composed of six Republicans and one Democrat, and that the Democrats forced it to be reduced to $75,000.

In spite of the $1,000,000 spent on the roads of the state by the Repub- lican State Highway Commission, the roads in most counties of the state are in worse shape than they were two years ago.

That although the Republicans claim they must control Congress to have the President will have full support for his war measures, one fourth of the Republican strength in Congress steadily voted against war measures and that most of it has been renominated.

That although the law provides that all public moneys must be paid out on approved vouchers, the State Council of Defense turned over $20,000 in a lump sum to the State College, to which Dr. Crile, Republican, is head.

That the administration of the State Council of Defense is costly enough so that for every dollar it spends cents is required to pay for salaries and electrical light.

That the vice chairman of the Republican national committee is a man who wrote an article in a parsimonious better home from Berlin that the Republicans refused to stand even for a man for national chairman.

That it was the Democratic coun-cil of the State which showed the greatest interest in tax valuation for 1918 over 1917 and that Sec. Romero and Valencia committee that the Repub- lican political leaders control the commission and assessors, there were very small gains.

That Charles Springer, Republican boss and chairman of the executive committee of the State Council of De-fence, has refused to make public an audited report of his expenditures and that the State Council of Defense has refused to give out a list of its employees.

That a Republican Legislature appropriated $55,000 to finish up 6 per cent of the work in the Texas Bound- ary suit and that only $18,000 has been spent in five years by a Demo- cratic administration in doing the other 94 per cent of the work.

That Burum, Fall, Hubbard and others controlled the Republican state convention this year, and do you wonder what the Albuquerque Journal and the Santa Fe New Mexican said about these things in 1916 when they were opposing the Republican ticket.

That in 1888, when the President and Congress were Republicans, Tho- mas Roosevelt, said that American men who voted for Democrats then, while Republicans were controlling a war, were voting against their country.

Suspicious of Him. There seems to be no end to the number and kinds of questions asked of officers. How Much Would the KAISER Tax Your Business?

Think this thought twice over: "If we should fail to win this war what would happen to my business?"

What is left of business in the invaded districts of France and Belgium? What will be left of business here, if we fail to crush the sinister power of Prussian militarism? How much would you have left after paying the taxes and levies imposed by a victorious Germany?

Defend Yourself With LIBERTY BONDS

This is not only a war for Democracy and Liberty, but a war of self-defense. Germany menaces our rights, our self-respect, our homes, and our means of livelihood.

Every citizen—every business man—has weapons of defense ready to his hand. These weapons are Liberty Bonds. We cannot all fight with guns and bayonets but we can all fight with Liberty Bonds.

Former Boston Brave Roasts Ball Players Desiring Clubs to Take Steel League Jobs

Walter Maranville, a chief runner's mate on the battlefield Pennsylvania, Tuesday night in a short, and one of the greatest infielders of the National league, criticized baseball players who are demanding

their clubs to take positions in the steel league and to play with ship-building concerns.

He says the men display a lack of patriotism and is not helping the sport, inasmuch as the people who support the game do not think highly of these men.

"Ball players who are in the draft and jump their clubs to go to work in the steel and ship-building industries are not doing baseball a bit of good," said Maranville. "They also are not helping Uncle Sam. They are not skilled enough to be of much use in those concerns and their chief object is to play ball. Fans will remember the players who left their clubs, and after the war is over those who come back undoubtedly will be tarred and feathered all around the circuit for their act."
