NUMBER 208

BOER GENERALS

Delarey and Botha Given Ovarions.

Trial of Colonel Lynch is Now Ended.

Requiem Mass for the Late John W. Mackay.

RESIST IMPORTATION.

Cape Town, July 29.—Generals Delarey and Botha were given an ovation yesterday at Stellenbosch. General Botha in a feeling address said the day of surrender was the most painful of his life, but he prayed earnestly his hearers should consider it God's will, although the Afrikaner nationality, in a manner, has been a most important factor in life in South Africa.

"Now let us stop bothering about politics," said General Botha, "and try to make ourselves happy in South Africa, because we have no home elsewhere."

Resist Importation.

Omaha, Neb., July 29.—Secretary Samuel Grace, of the Machinists' union, received from the United States immigration bureau information that any attempt to import men from foreign countries to take the places of striking shopmen on the railroads of the country would receive the immediate attention of the government.

LYNCH TRIAL ENDED.

British Officer Who is Accused of High Reason.

London, July 29.—The case of the government against Col. Arthur Lynch, elected to represent Galway City in the house of commons, and accused of high treason, ended in police court today. Lynch was remanded to give his counsel an opportunity to review the evidence. Two Americans testified they were arrested by Boers, charged with being British spies, and that Colonel Lynch was the public prosecutor.

Socialist Nominations.

Bozeman, Mont., July 29.—The socialist state convention nominated George B. Sproule, of Helena, for congressman, and J. F. Cameron, of Chico, for associate justice.

Chamberlain Cheered.

London, July 29.—Colonial Secretary Chamberlain appeared in the house of commons this afternoon for the first time since his recent accident. He was greeted with hearty cheering.

THE MACKAY FUNERAL.

Requiem Mass in St. Mary's Roman Catholic Church.

London, July 29.—Many American and English friends of the family were present today at the requiem mass in St. Mary's Roman Catholic church, Cadogan square, for the repose of the soul of John W. Mackay. Mrs. Mackay, who is still prostrated, remained at home. The Countess Telfer is quite ill at Walsingham hotel.

Mr. Mackay's body was taken last evening to Nottingham convent, where it will remain until taken to America in September or October.

Several Were Injured.

Chicago, Ill., July 29.—Several persons were injured in a fire here today that damaged the twin warehouse of the McCormick Harvesting Machine company \$75,000 worth. It is not thought any one was fatally hurt.

SOUGHT SHELTER.

Lieutenant of Coal and Iron Police was Attacked.

Shenandoah, July 29.—Thomas Toshi, lieutenant of coal and iron police, was attacked by strikers today and compelled to seek shelter. The strikers say Toshi was active in attempting to induce mine workers to return to the collieries. Last night a workman was severely beaten by a mob.

Valuable Buildings Burned.

Pittsburg, Pa., July 29.—The Denon and Stewart buildings, eight-story brown stone structures, were burned this morning. The adjoining building at 923 Liberty avenue, occupied by S. Ewart & Co., wholesale grocers, was badly damaged. The loss is estimated at \$300,000. Several firemen were injured by explosions, but will recover.

Earthquake General.

Omaha, Neb., July 29.—Reports from points in northern and western Nebraska indicate yesterday's earthquake was more general than first reported and in quite severe complications. The breaking of windows and dishes and cracking of plaster was the extent of damage.

Excursion to Santa Fe.

The Elks of this city are arranging a big excursion to Santa Fe some Sunday in August. The intention is to arrange a base ball game between the Elks, a picnic and other amusements

at Santa Fe. A low round trip rate has been granted by the Santa Fe road. The special train will leave this city at 7 o'clock in the morning and leave Santa Fe at about 8 o'clock in the evening. A committee from the Elks lodge of this city will soon confer with the Elks of Santa Fe and agree upon the program of amusements of the day. This will be the only big cheap excursion that this city can secure this summer, and it is expected that at least 500 people will visit the Capital City on that occasion. The regular fare to Santa Fe and return is \$6.90. The excursion rate will be only \$2.50 for the round trip.

Su Wah's Car Gone North.

Santa Fe furniture car No. 7479 has gone at last and the local railroad men have a breathing spell. No. 7479 came up from El Paso yesterday morning and went north last night on fast freight No. 33. The local switchmen handled it with gloves, not because they were afraid it would be broken, but because it has the reputation of being a "woman," whenever hanging around. It was Su Wah's car.

ASSASSINATION CHARGED.

General Delgado Now Under Arrest at Havana.

New York, July 29.—General Delgado is under arrest at Havana, says a World dispatch, charged with the assassination of Antonio Acosta, a nephew of Colonel Baldomero Acosta. Delgado was acting chief of police of Punta Pravia, where Acosta was arrested and disappeared. Young Acosta was aide-de-camp to Delgado during the war.

Boston Wool.

Boston, Mass., July 29.—The position of wool this week is strong with the outlook favorable for higher prices. In wool growing districts the situation is firmer and prices reported to be generally advancing. As high as 16 1/2 cents has been paid for good clips there, which is fully 3 cents a pound higher than paid for same clips a year ago.

FOR SENATORS.

Governor Otero and Delegate Rodey Mentioned as Aspirants.

THE OTHER TERRITORIES.

A special dispatch to the St. Louis Globe-Democrat from Washington, D. C., says:

The resignation of B. S. McGuire, assistant United States attorney for Oklahoma, was received by the attorney general today and will be promptly accepted. Mr. McGuire has been nominated for delegate from Oklahoma by the republicans to succeed Dennis Flynn, who declined a renomination. Mr. Flynn has undoubted assurances from the republican leaders of both houses that the question of statehood for the territories will be taken up just as soon as congress assembles in December, and that Oklahoma will be admitted as a state. With this assurance Mr. Flynn, who has been long the republican leader of the territory, is laying his plans to come to the senate. He is devoting his time to seeing that friends are nominated in the different counties for the legislature, and doing everything in his power to be sure that a republican legislature is elected.

Much of the same campaign that animates the democrats and republicans in Oklahoma is possessing the two parties in Arizona and New Mexico, where the prospects for statehood are regarded as just as bright as for Oklahoma. Delegate Rodey, republican, of New Mexico, has senatorial aspirations. So has Delegate Mark Smith, democrat, of Arizona. Mr. Smith is not putting up as a lively an anticipatory campaign as his republican friends in the other territories, and is going to Europe for the summer. Governor Otero, of New Mexico, will be a candidate for the senate from that territory, if it is admitted to statehood, and the outlook for Rodey and Otero as the senatorial team is said here to be good. New Mexico being admittedly a republican stronghold under ordinary conditions.

SELF GOVERNMENT.

Chamberlain Outlines Plans of Great Britain About Africa.

London, July 29.—Sir Henry Campbell Bannerman today asked information as to the colonial conference. He expressed the hope that lenient treatment would be extended to the Boers. Mr. Chamberlain replied the one spirit animating the members of the conference was the desire to draw closer together the constituent parts of the empire. The government reserved to itself the important right in the new colonies to refuse to allow to return or to keep watch over persons who showed themselves inimical to good order and peace. The colonial secretary said the imperial government had established a crown colony in the strictest sense. The next step would be to add a nominated official element. Thereafter there would be elected an official element and then nothing but circumstances and time would separate the new colonies from full self government, the ultimate goal of their ambition. That consummation would not be delayed.

L. C. Becker, of Belen, is in the city, shopping and visiting. He expects to return home this evening.

RATON WRECK

Freight Cars Burned in Ditch.

Odell Will Not Go Into Railroad.

Spalding, the Bank Wrecker, Was Released From Prison.

GENERAL EARTHQUAKE.

Word reached here this afternoon of a wreck and fire in the Raton tunnel. The report said that thirty-six cars piled up in the tunnel and the wreck caught fire. The fire was said to have spread to the framework in the tunnel. All but one wire of the Western Union were burned off and over this one wire The Citizen finally got in communication with the operator at Raton. He stated the tunnel did not catch fire, but that twenty-seven freight cars went into the ditch and caught fire. One engineer sprained his ankle, but no one else was hurt.

STONED TO DEATH.

Luis Romero Found Alejandro Seba with His Wife.

Santa Fe, N. M., July 29.—Alejandro Seba was stoned to death last night by Luis Romero. Romero had left his house to be gone five days, but returned before the time expired and found Seba with his wife. Romero reported the murder to the authorities and gave himself up. Seba's body was dragged 300 yards through wire fences and over stones to his own home. Seba was a widower with three children.

DENIES IT.

Governor Odell Will Not Go with the Union Pacific.

Omaha, Neb., July 29.—At the Union Pacific headquarters it was stated today nothing definitely is known of the coming of Governor Odell, who is reported to have accepted a position with the road.

One of the officials is quoted as saying if Odell is to be connected with the Union Pacific it probably will be in the capacity of financier or general counsel.

Odell Says No.

Albany, N. Y., July 29.—Governor Odell, today, declared the report that he intends to accept a position as general eastern representative of the Harriman railroad interests as absolutely without foundation.

Bernalillo Base Ball.

Bernalillo, N. M., July 28.—Yesterday there was a good game of ball between the Reds and the Blues here. At the end of the tenth inning the score was 4 to 4 and the game was called. On August 10, a game will be played with an outside team, but it has not yet been decided which one.

WREN'S DEATH.

Paralyzed in This City Ten Years Ago—Died in Santa Fe.

Edward W. Wren died at the St. Vincent hospital, Santa Fe, the other evening. His funeral was preached by Rev. W. Hayes Moore, of the Presbyterian church, with interment in the Fairview cemetery of that city. About ten years ago, while a bartender at one of the Railroad avenue resorts (now known as the St. Elmo), Wren was stricken with paralysis. He remained here for a few days and on showing no improvement in his health he was sent to the St. Vincent hospital at Santa Fe. There he has been ever since, never recovering the use of his limbs, and now his death has occurred. Wren was a great sufferer. He was known to have had rich eastern relatives, and it is hoped that they looked after his wants during his long confinement at the hospital as an invalid.

Supreme Officers.

On Thursday night the officers of the supreme lodge Knights of Pythias will pass through here on their way to San Francisco. They will remain here about an hour and will be met by local members of the order.

SERIOUS CONDITIONS.

High Water Again Causes Much Trouble in Texas.

Dallas, Texas, July 29.—The trouble from the floods has shifted to the more southern portions of the state. Reports from Hearne and Calvert show more heavy rains fell last night and today, and conditions are becoming serious. Washouts are reported on the Missouri, Kansas & Texas railroad and also on the Santa Fe. The Cotton Belt railroad is cut off from McGregor on

account of high water. The International & Great Northern track is washed away at High Bank. The town of Bosque, west of Waco, is surrounded by water. No loss of life is reported.

A Jolly Hay Ride.

A merry crowd of young people loaded themselves into a wagon loaded with hay last evening and went out on the mesa for a drive. The wagon stopped high upon the mesa and the party unloosed and devoured six delicious watermelons, that had been provided for the occasion. They were Misses Minnie Cecil, Mamie Tierney, Mary Telfer, Helen Finch, Bertha Lobes, Belle Sowers and Ethel Gatlin. Messrs. Tom Hughes, Fluke, Maloy, Foley, Deahn, Hutchinson, Scott, Wincheck, John Hughes, Glen and Bernalillo Bearup and the party was chaperoned by Misses Nellie Ressler and Lizzie Walsh.

LOCAL PARAGRAPHS.

Mrs. H. J. Rehder, wife of a well known engineer on the Santa Fe Pacific southern California, where she will remain for a few weeks.

Graham Bros., Railroad avenue saloon keepers, placed in position this morning in front of their resort a handsome electric light sign.

W. L. Bradley, for the past year operator at the local office of the Western Union Telegraph company, left today for the south. His objective point is El Paso.

J. B. Jones and W. L. Harris, two gentlemen from Williams, Arizona, are here today, and tomorrow they will take charge of the "Horse Shoe" saloon, having purchased the resort from Brannagh & Kellerman.

Thomas C. Cooper, a contractor and builder from Philadelphia, died this morning at his room on West Lead avenue from tuberculosis. Deceased was 29 years of age and came here a few days ago from Phoenix, Arizona. The body is being embalmed by Undertaker Borders and it will probably be shipped back east for burial.

RODEY'S RECEPTION.

The Committee Will Leave Tonight, Meeting Him at Raton.

RECEPTION TOMORROW NIGHT.

Pursuant to publication in the city press, the following gentlemen, appointed at the citizens' meeting last Saturday night, will leave tonight on the No. 8 passenger train for Raton to meet Hon. B. S. Rodey, who is coming south on No. 1.

George F. Albright, T. S. Hubbell, E. W. Dobson, F. A. Hubbell, Harry F. Lee, Alejandro Sandoval, W. T. McCreight, J. M. Sandoval, Nestor Montoya.

This afternoon, Hon. F. A. Hubbell received a telegram from Mr. Rodey saying he would certainly be here tomorrow evening at the time expected.

On the arrival of No. 1 from the north tomorrow night, both the First Regiment and the Italian bands will be present to discourse music.

The distinguished gentleman, whose heroic work for statehood is recognized by everybody, will then be escorted from the train to a platform arranged for the occasion on the west side of the Alvarado hotel.

Hon. F. A. Hubbell will preside at the meeting, and, after introducing the delegate to the crowd, the latter will address the assemblage, giving an account of his work in congress.

This will be followed by short addresses from other distinguished gentlemen, and then the informal reception in the lobby of the hotel will take place.

Seats will be arranged on the west side corridor of the hotel for the ladies, and they, with all other citizens, are cordially requested to attend the speech making and reception to Delegate Rodey.

The platform will be appropriately decorated with flags, Navajo blankets and bunting, and this is being looked after by the committee of arrangements, of which R. W. Hopkins is the chairman.

Mr. Hubbell says he has reason to believe that the reception will be attended by quite a number of outside politicians and friends of Delegate Rodey, and he sincerely trusts that every citizen of Albuquerque, irrespective of party affiliations, will turn out tomorrow night and give the delegate a rousing reception.

Notice of Opening.

On August 2 the Arcade rooming house and saloon, at 311 South First street, will be opened to the public for business. The fixtures, furniture and carpets of the Arcade are all new, neat and clean. Rates for rooms will be reasonable. Everything modern and up to date.

FRANK VAJO, Proprietor.

Frank Vajo's new two story brick rooming house, at 311 South First street is finished and is being furnished with elegant new furniture and carpets. It is modern in every appointment, being equipped with a fine system of sanitary plumbing. The upper story will be devoted entirely to sleeping rooms, and real cozy they are. On the ground floor will be the Arcade saloon. Everything is bright, neat, new and clean. Mr. Vajo expects to be ready for business about August 2.

POLITICAL RIOT

One Killed and Two Injured.

Yaqui Indians Desperate From Hunger.

Cyclone Caused Wrecks on the Gulf of California.

COMMISSIONER ROSS DEAD.

Camden, N. J., July 29.—The condition of Joe Goddard, the Philadelphia pugilist, who was shot last night during the republican primary elections, is reported by his physicians today as critical. Harry Miller, a local policeman, stabbed in the abdomen, will probably recover. The body of John Morrissey, of Philadelphia, who was killed, is at the morgue. The riots which resulted in the murder of Morrissey and the wounding of Goddard and Miller, were caused by bitter feeling engendered through the contest for congress of Representative H. C. Lousdenlager and J. A. Vansant. Numerous fights occurred in this city and in Pensacola township, between the adherents of the two candidates. Both sides claim a majority of delegates.

Subway Blast.

New York, July 29.—As the result of a premature blast in the rapid transit subway at Park avenue and Forty-first street today four men were seriously hurt, two of whom it is thought will die.

DESPERATE FROM HUNGER.

Yaqui Indians Made a Fierce Attack on a Ranch.

Tucson, Ariz., July 29.—Driven to desperation by hunger thirty Yaquis, half of them women, swooped down upon the Carman ranch near Hermosillo. A fierce fight followed. When a patrol of Mexican troops came to the rescue two women and five men lay dead. The Yaquis were overwhelmed and captured.

John W. Ross Dead.

Washington, July 29.—John W. Ross, for twelve years a member of the board of commissioners of the District of Columbia, died this morning, after a lingering illness. He was born in 1841 at Lewistown, Ill., and removed to Washington in 1873.

MANY WRECKS.

Cyclone Played Havoc Along the Gulf of California.

Tucson, Ariz., July 29.—A cyclone visited the Gulf of California coast Thursday night, wrecking vessels and damaging buildings. The wires have been down, delaying the news. At Guaymas five vessels, including two large steamers, were dashed ashore. At Magatlan a passenger steamer was sunk and five passengers drowned. Much wreckage has washed ashore along the coast and it is believed many lives were lost in shipwrecks.

SPALDING RELEASED.

Writ of Habeas Corpus Issued by Judge Dunne.

Chicago, Ill., July 29.—Judge Dunne, today, issued a writ of habeas corpus for Charles W. Spalding, formerly treasurer of the University of Illinois, and president of the defunct Globe Savings bank, now serving a term in the state prison at Joliet, for embezzlement. The plea in behalf of Spalding is that the law under which he was convicted was special legislation and therefore unconstitutional.

Word comes from the Jemez hot springs that Hubb Leeds is dangerously ill, and fears are entertained for his recovery.

OFFICIAL MATTERS.

Survey of an Arizona Grant—Land Office Business.

NEW INCORPORATIONS.

Homestead Entries—Pedro Lopez, Wagon Mound, 160 acres, Mora county; Pulido Olivaz, Cuba, 160 acres, Rio Arriba county; Paulino Montoya, Cuba, 160 acres, Rio Arriba county.

Grant Survey.

I. L. Chaves, deputy clerk of the court of private land claims, received from the general land office a plat of the San Bernardino grant in Cochise county, Ariz. The grant covers 2,383 acres and is claimed by John H. Slaughter. The plats and survey will be submitted to the court of private land claims for approval.

Incorporations.

The Tucumcari Electric Light & Water company was incorporated by Alex. D. Goldenberg, J. A. Street, C. H.

Rankin, Jacob Wertheim and T. W. Heman. The capital is \$10,000, divided into 2,000 shares. The headquarters are at Tucumcari, Gualadalupe county. The officers of the company are C. H. Rankin, president; J. A. Street, vice president; T. W. Heman, secretary; Jacob Wertheim, treasurer. The directors are C. H. Rankin, J. A. Street, T. W. Heman, Alex. D. Goldenberg, and Jacob Wertheim.

The Barnett & Morrow Land, Irrigation & Orchard company filed incorporation papers, the incorporators being Richard B. Barnett, Hugh R. Morrow, John Barnett, Mary P. Morrow and Lizzie Barnett. Capital, \$50,000, divided into 5,000 shares. Headquarters at Roswell, Chaves county. The company will build an irrigation canal three miles long, taking water out of the Rio Felix in Chaves county to irrigate land in sections 3 and 12 of township 14 south, range 26 east, in Chaves county. The directors are Richard F. Barnett, Hugh R. Morrow and John Barnett.

James Martin introduced at The Citizen office this morning Theodore Graf, whose wife is a sister of Mrs. Martin and to whom he was married in Old Albuquerque over twenty years ago. Mrs. Graf and daughter, Miss Juanita, accompanied the husband and father to the city. The gentleman is the editor of Volksblatt, published at Hermann, Mo. They are here to remain a week or ten days.

BEATEN TO DEATH.

Well Known Citizen of Tucson Killed Last Night.

Tucson, Ariz., July 29.—Late last night Vincente Arena, one of the best known Spanish citizens of Tucson, was held up while on his way home by five Mexicans and cruelly beaten to death. Three men were arrested.

Hank Thomas, who has been suffering with rheumatism the past few weeks, left this morning for the Jemez hot springs, and during his absence John S. Neeland will attend to his watch at Sturges' European bar.

OTERO COUNTY EXHIBIT

Fine Exhibit Coming From This Enterprising County.

LUM HALL AT WORK.

C. C. Hall, the Albuquerque fair missionary, arrived in El Paso last night from Alamogordo, where he has been exhorting the people of Otero county not to hide their light under a bushel, but to pitch in and help Superintendent Greig and Superintendent Alexander make that Otero exhibit to the fair one that will spread the fame of the county, says the El Paso Herald. They promised to heed his admonitions and will be "there with the goods" when the fair comes off. He also extended them the hand of fellowship and invited them to get in line and come to the fair with the rest of the people of New Mexico. The Alamogordo brass band, one of the best in the territory, declared their intention of going in a body to make a few strains of melody for the big fair. They will buy brand new uniforms to wear on the trip.

The base ball feature, Mr. Hall said, was of great interest to the Alamogordo people, and El Paso can expect to get a big crowd from that town when the teams come down here to play. The base ball feature will be one of the greatest attractions of the fair and the management assures the people that better ball was never seen in the west than will be played at the fair and in El Paso. The suggestion that racing be added to the ball games in El Paso has been received with enthusiasm, and Mr. Hall states that if he will do all in his power to get all the good performers from the fair to come here, and the rest of the fair management can be counted upon to do the same.

Dr. C. G. Foulks, the well known dentist of Gallup, who was on a visit to Mississippi relatives and friends the past two months, came in from the south this morning and was a pleasant caller at this office a few hours later. The doctor says he had a fine time, and enjoyed the past week of his visit flaring at Beloxi, Miss. He will continue west to Gallup tonight.

Frank L. Hall, the deputy United States marshal, has let the contract for a handsome brick residence of six rooms on Marquette avenue between Fifth and Sixth streets, to John Hart, and the contractor says he hopes to have the stone foundation started tomorrow. The architect is La Driere.

Architect La Driere, having in charge Joe Barnett's new three story building, commenced tearing down the adobe walls of the old Jacob Weinmann building adjoining this morning, and hopes to start on the excavation of that addition in a very short time.

Department Commander J. W. Edwards will go to Alton tonight to inspect the G. A. R. post at that place. After the inspection of the post at Raton Mr. Edwards while returning from Raton will stop off at both Las Vegas and Santa Fe and inspect the post at those places. He expects to do a little national encampment excursion talking while making the northern posts,

Notable Yacht Races.
Rochester, N. Y., July 29.—In yacht-
ing circles much interest is manifested
in the races of the International Lake
Yacht Racing association which take
place today at Charlotte on Lake Erie.
The association is made up of the Ca-
nadian and American clubs, whose
yachts have achieved an international
reputation. The race which is inter-
esting yachtsmen on both sides of the
lake the most is that between the
thirty-five footers, because the entries
include the two Canadian cup winners,
the Genesee and the Invader, and the
defeated defender, the Beaver.

Race Meet at Friend.
Friend, Neb., July 29.—A three days'
race meet opened here today under
favorable auspices. The track is in
splendid condition and all indications
point to one of the best meetings in
the state.

A Good Reputation.
The way to gain a good reputation is
to endeavor to be what you desire to
appear. That is precisely the way
in which Chamberlain's Cough Remedy
has gained its reputation as a cure for
coughs, colds, croup and whooping
cough. Every bottle that has ever been
put out by the manufacturers has been
fully up to the high standard claimed
for it. People have found that it can
always be depended upon for the relief
and cure of these ailments and that it
is pleasant and safe to take. For sale
by all druggists.

For Good Roads.
Greenville, Mich., July 29.—The good
roads movement undoubtedly will re-
ceive a great impetus from the state
convention which began here today
under the auspices of the national
good roads association. Accredited
delegates are here from many parts of
the state to listen to addresses by Mar-
tin Dodge and other good roads ex-
perts and to witness practical demon-
strations of good road construction
and repair. The gathering will be in
session until the end of the week.

Iowa Republicans Gather.
Des Moines, Iowa, July 29.—All of
the Iowa congressmen and nearly
every republican politician of promi-
nence in the state was to be seen about
the Savery hotel today. For an off
year, the interest manifested in the re-
publican state convention is something
unusual and more particularly as
there are no contests of moment to at-
tract attention. The gathering will be
called to order in the auditorium at 11
o'clock tomorrow morning by Con-
gressman Walter I. Smith, of Council
Bluffs. Of the 123 delegates the
most of them had arrived before noon
today, bringing with them a host of
other visitors interested in the gath-
ering. Des Moines is playing the host
in royal fashion and nothing is being
left undone to add to the comfort of
the visitors. An awning has been
stretched half a block along Fourth
street and under its shade the promi-
nent party leaders are to be seen today
discussing the outlook and between
times listening to the music of the
famous Iowa State band.
Harmony will be a distinctive fea-
ture of the convention. Iowa does not

elect a governor this year, but all the
other offices are to be filled, from sec-
retary of state down to railroad com-
missioner. The naming of the ticket,
however, attracts little attention as the
incumbents almost without exception
will be renominated. This applies to
secretary of state, auditor, treasurer,
attorney general and judge of the su-
preme court, leaving only the minor
places on the ticket to be contested.
It was thought awhile back that the
platform would afford a subject for a
lively debate on the convention floor,
particularly as regards the resolutions
on the tariff and trusts. But all indi-
cations at the present time point to
the reiteration of the platform adopted
at the Cedar Rapids convention last
year. Governor Cummins has come out
strongly in support of this course, and
his views are coincided with by a ma-
jority of the most influential party
leaders. Hence it is safe to assume
that the platform will reaffirm the
policy of republicanism in regard to
the protection of home industries, but
favoring such changes in the tariff
from time to time as may become ad-
visable with the progress of the indus-
tries of the country and their changing
relations with the commerce of the
world. The policy of reciprocity will
be endorsed and declared necessary to
the highest commercial possibilities of
the country. The sovereignty of the
people over the trusts will be declared
and such amendments to the inter-
state commerce act as may be neces-
sary to prohibit discrimination will be
urged.

Need More Help.
Often the over-taxed organs of diges-
tion cry out for help by dyspepsia's
aids, nausea, dizziness, headaches,
stomach complaints, bowel disorders. Such
troubles call for prompt use of Dr.
King's New Life Pills. They are gen-
tle, thorough and guaranteed to cure
25 cents at drug stores.

State Bank Examiners.
Detroit, Mich., July 29.—A national
association of state bank examiners
and financial officials is expected to re-
sult from the conference here today in
compliance with the call of S. T. John-
son, state bank examiner of Minnesota.
The intention of the new organization
is to adopt uniform rules for the man-
agement of banks and to advise among
themselves as to legislation that may
be needed and the effect of existing
legislation, and to secure the enact-
ment of such new laws as may be con-
sidered necessary for the greater pro-
tection of investments and the invest-
ing public and the states generally.

Deadwood Making Merry.
Deadwood, S. D., July 29.—The Dead-
wood carnival which opened today ful-
fills all the expectations of the enthu-
siastic Elks who promoted it. The city
is in holiday attire and delighted visi-
tors from far and near fill the streets

Rural Mails Hurt Trade.
Washington, July 29.—The rural
mail delivery was hailed with delight
when it was first placed into operation,
but there promises to develop a lively
opposition to its further extension. The
country storekeeper declares that it is
ruining his business and he is calling
upon his congressman for redress. Under
the old postal regulations the
farmer went to the village for his mail,
and just so sure as he went he left
some money with the storekeeper.
Now he remains at home, never going
to the village except in cases of neces-
sity, enlisting the services of the mail
carrier to do some little chores which
he desires.

Summer complaint is unusually pre-
valent among children this season. A
well developed case in the writer's

intended as a free puff for the compa-

to benefit little sufferers who may not
be within easy access of a physician.
No family should be without a bottle
of this remedy in the house, especially

King Humbert's Memory.
Rome, July 29.—The second anniv-
ersary of the tragic death of King
Humbert, who was assassinated at
Monza, July 29, 1900, by Gaetano Bres-
ci, an anarchist, was observed today by
commemorative services throughout
the kingdom. Rome was the center of
the observances, there being hundreds
of visitors here on a pilgrimage to the
tomb of the dead monarch in the Pan-
theon. There were music and relig-
ious services and the delegations filed
past the vault containing the remains
of King Humbert and there deposited
magnificent wreaths in the name of
the various provinces of Italy and of
civil, military and labor organizations.

OLD ABE MINE.

News of Its Purchase by the Eagle Mining Company Confirmed.

OTHER PURCHASES ANNOUNCED.

From the White Oaks Eagle.

Wednesday morning, J. M. Rice, of the Eagle Mining company, and the following parties, all stockholders in his company, arrived in White Oaks from Nogal and Parsons mining districts, where they had spent the past week in looking over those districts: C. Studebaker, William Toepf, South Bend, Ind.; Rudolph A. Kamm, Mishawaka, Ind.; C. A. Davis, George D. Lint, Samuel Anderson, E. M. Albright, Goshen, Ind.; J. H. Lloyd, Muncie, Ind.; F. F. Parsons and Thomas B. Garst, Parsons, N. M.

The day was spent in examination of the Old Abe properties, including the gold mine, stamp mill, cyanide plant, pumping machinery and the coal mine. Captain Lloyd, the company expert, reported favorably on both the gold and coal properties, and the stockholders expressed themselves highly pleased with the situation, and state without reserve that they have purchased the properties and would take charge the first of the month. Captain Lloyd is considered one of the ablest experts in the east, and the Eagle Mining company is running no risk on the big purchase made on his report. Parsons, Nogal and White Oaks, all together, represent a large amount of capital.

The sale of the Old Abe gold and coal mines came about in this way: John Y. Hewitt, president of the Old Abe company, laid the plan before Mr. Rice, who went to Chicago and detailed the deal to his company, on which showing the company authorized the purchase; all this Mr. Rice accomplished in less than thirty days, which shows the tremendous business capacity of the man who is doing so much for the mining interests of Lincoln county.

The instituting of an electric power plant at the coal mines to operate the machinery of the mines of this district has been discussed, and the proposition was given the Estey Mining & Milling company by H. C. Crary, who was trying to interest that company here one year ago. The scheme was to run a wire to Estey mining district to propel the machinery of the company's leaching plant and smelter. However, the proposition has assumed greater magnitude since, and a plant, with power enough to operate the Eagle Mining company's machinery here, at Nogal and at Parsons, is under consideration.

This is one of the biggest enterprises ever fostered in this section of New Mexico, and will revolutionize the mining industry of this entire White Oaks country.

The Parsons group is known to be a mountain of low grade ore and a property that will remain a steady producer for many years to come. The American, Helen Rae and the Rockford group at Nogal, which will all be operated at once, the ores treated by one big smelting plant and the same process, is an enterprise in itself of incalculable value. While the Old Abe, as a steady producer, carrying greater values with each hundred feet of depth, with its own fuel at hand, added to the company's properties at Parsons and Nogal, makes Mr. Rice's enterprise the greatest scope and value in the entire mining region of the southwest.

White Oaks, with her adjacent districts, is now taking on a new lease of life. Our coal will now be operated extensively and ultimately reach outside markets. Following the institution of electricity as power, a trolley line will connect us with the railroad, giving greater and much needed freight and transportation facilities, on the heels of which will come a demand for our resources of iron, marble, sulphur, fire-clay, copper, building stone, etc.

While the town for several years has been held up by the production of the Old Abe, alone, the prospects for other valuable properties to begin producing again has passed the uncertain period, and litigation, which has hampered and stifled the camp for several years, is now practically cleared up, and instead of having one producing gold mine and one coal mine in operation, several will be going before the first of the year.

The Helen Rae, which has been heretofore mentioned, has just been added to the company's properties at Nogal, and its development already begun. This insures prosperity for the Nogal district, and will keep things humming there in the future.

Owing to the fact that the Eagle was unable to get the information desired concerning the purchase of the Old Abe properties until this morning, our make-up was finished and the paper off, necessitating a supplement, and

limiting us to a briefly stated review of the situation, in order to reach the afternoon mails. However, we will keep track of the development of this and every other mining district of this section of New Mexico, and give our readers the facts as promptly as diligent effort can secure them.

The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entire satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by all druggists.

Election of Officers.

The fourth quarterly conference of the Lead Avenue Methodist church met last evening, Dr. Morrison, the superintendent of missions, in the chair. The following officers were elected for the ensuing year:

Stewards—David Stewart, R. M. Ball, H. S. Grout, George Dent, S. Houghton, Frank Boyer, J. B. Fish, J. W. Edwards, Mrs. W. H. Jenne, Mrs. E. Downs, Mrs. G. H. Wilson, Recording Steward—J. B. Fish. Trustees—F. G. Pratt, B. H. Ives, O. W. Strong, B. F. Davis, J. W. Anderson, Thomas Hall.

Dr. Bunker reported seventeen received by letter and three dismissed by letter during the last quarter and a net gain of about fifty full members during the last two years.

The conference decided to cut off the last \$100 of missionary money and become entirely self-supporting.

The conference passed appreciative resolutions with reference to Dr. Bunker and invited him to return for another year.

Is Golf Catching

on to popular favor? It seems to be. A noticeable increase in sales of Painkiller comes from golf districts. The reason for this is clear, as Perry Davis' Painkiller is the oldest and best remedy extant for sprains, strains, bruises and soreness, all of which are of common occurrence, either in vigorous play or through accident. Everywhere the standard liniment and balm.

Mine Suits.

A suit was filed in the district court for Santa Fe county yesterday by Thomas B. Catron vs. J. P. O'Brien and Lizzie F. O'Brien, asking for an accounting of the sale of certain mining properties, the proceeds to be applied to the payment of a lien held by Mr. Catron, and judgment for the amount of the lien above the proceeds. Mr. Catron advanced for development work of the mining properties in question \$13,456.31, which with interest on September 30, 1895, amounted to \$20,898.86. He has a lien on the one-half interest in the Mountain King, Good Hope and Summit, one-half of the three fourth interest in the Galena King and Silver King, and one-half of the three-sixteenth interest in the Parnell mining lodes in the new placers district, Santa Fe county.

Judge D. H. McMillan

CHARGES TO BE INVESTIGATED

A large and representative crowd of Carlsbad's citizens held a mass meeting in the court house, Wednesday evening, to take action in the matter of the grave charges of immoral conduct made against Hon. D. H. McMillan, judge of the Fifth judicial district, says the Argus.

Shortly after 8 o'clock Mayor D. H. Lucas called the convention to order, and C. H. McLenathan was elected chairman, and A. D. Greene, secretary. In a short, concise and eloquent speech, Chairman McLenathan stated the object of the meeting to be the investigation of the charges against Judge McMillan, and if, in the judgment of the people, sufficient evidence was adduced to justify an investigation, to lay formal protest before the president against his continuance on the supreme bench of New Mexico, unless exonerated upon a full and searching investigation.

On motion of Judge A. A. Freeman, duly seconded, the chair appointed the following committee to examine into the charges and to report a set of resolutions embodying the sentiments of this community: A. H. Pratt, D. H. Lucas, A. C. Heard, A. A. Freeman, W. A. Finlay, Sam B. Smith, F. G. Tracy, L. O. Fullen, H. E. Berner, J. E. Laverty and M. P. Kerr.

After a recess of about fifteen or twenty minutes the above committee reported the following resolutions, and upon motion of G. H. Hutchins they were adopted by the meeting:

Mr. Chairman: Your committee has had under consideration the following resolution, to-wit:

Resolved, That a committee be appointed to report on the conduct of district court affairs in this county; and also on certain charges relating to the personal conduct of the presiding judge of this judicial district, the Hon. Daniel H. McMillan, and it be left to report as follows:

First—For the last year or more the work of the court in this county has been extremely unsatisfactory. This condition has been the result of a number of causes. In the first place, while the law of congress requires the judge to reside in the district over which he presides, yet Judge McMillan has persistently declined and still declines to obey this law, keeping his territorial residence in the city of Santa Fe, 737 miles distant, by nearest railroad connection, from the county seat of this county, thus rendering it extremely inconvenient, and sometimes impossible to reach him in the ordinary course of business.

Second—He has been guilty of conduct unbecoming to one occupying his high and responsible position, in that he has associated himself in an improper manner with a woman who is not his wife, in support of which we submit the following specifications:

[Here follows the eight separate and distinct allegations of people in Lincoln county, who saw certain specified acts that tend to establish the guilt of Judge McMillan. Those testifying include Bert Rowland, Emil Fritz, ex-sheriff of Lincoln county; Mr. Hulbert, hotel keeper; Mrs. Baca, at whose house the woman had rooms; Mr. Moeller, a reputable merchant; Mr. Lutz, county treasurer; James Brent, of Silver City, formerly sheriff of Lincoln county, and several others whose testimony is all corroborative. The last specification mentioned the accusation in open court by Attorney Baca, of Socorro. The woman went by the name of Mrs. Helen Parks.]

A number of lawyers of this district, in view of these facts and circumstances, united in a memorial to him asking that he court an investigation of these charges, but learning that such memorial was being prepared, he went to the city of Washington, where, it is believed, he has been engaged for some time past in an effort to forestall investigation, by having press dispatches published to the effect that these charges are prompted by political opposition and by a desire on the part of his accusers to supplant him in his office.

We here append to and make a part of this report a statement published in the Las Vegas Daily Optic, under date of July 7, 1902, which is as follows:

[The article that here follows was published in the Argus two weeks ago,

and also in various other papers all over the country. It purports to be an interview with Judge McMillan, in which he denies the charges and states that they are prompted by political enmity.]

We hereby declare that the foregoing statement that these charges have emanated from political opponents who desire to succeed to his office is not only false, but absurd.

Your committee is advised and believe the fact to be that a demand for an investigation of these charges would have been made more than a year ago when these offenses first came to public notice, but for three reasons, to-wit:

First—Democratic lawyers declined to take an active part because they feared they would be met with just such statements as the foregoing press dispatches.

Second—Practically all the republican lawyers of the district are prospective candidates for the place, and each of them has feared that any active part taken by him would be regarded as an objection to his appointment.

Third—But in the third place it ought to be said in behalf of the bar that a lawyer representing matters involving the life, liberty or property of his client, hesitates a long time before incurring the displeasure of an officer, who to a large measure controls such interests.

It may be further observed that as further shown by the press dispatches which we have quoted, it has been freely represented, throughout the territory, and especially in this district, that the said Judge McMillan has behind him very strong administrative influences in the state of New York sufficient to sustain him in his present position, without reference to the fitness of his conduct, and for this reason also lawyers and litigants have hesitated to jeopardize their interests by incurring his displeasure.

In view of the premises, and the further fact that all reports issued from Washington are to the effect that the department of justice will take no notice of the charges, your committee is of the opinion that the president should be requested to at once cause an investigation to be made, by an agent, who will not suffer himself to be influenced by any ulterior motives, but will without fear or favor ascertain and report the truth, the whole truth and nothing but the truth, and we therefore recommend the adoption of the following resolution, to-wit:

Resolved, That the president of the United States be, and he hereby is, respectfully requested to cause an investigation to be made of the condition of the courts of the Fifth judicial district of the territory of New Mexico; and that said investigation shall include an inquiry into the official and personal conduct of the Hon. D. H. McMillan, judge of said district, and that the agent making such investigation shall be required to report all the facts that may come to his knowledge, giving the names of and the testimony of each witness examined by him.

Second—Be it further resolved that the chairman of this meeting cause this report and this resolution to be sent to the president of the United States, that a copy thereof be sent to Hon. B. S. Rodey, our delegate to congress, with the request that he aid us in procuring this investigation, and that a copy be sent to the Hon. Daniel H. McMillan.

TWITCHELL AT THE BAT.

Base Ball at Las Vegas—El Porvenir Coal Fields.

THE TECELOTE GRANT.

Special Correspondence.

Las Vegas, N. M., July 28.—Quite a fair crowd turned out yesterday afternoon to the ball game to see the contest between two local teams, and, on the whole, a fair game was put up. The batteries were Gross and Clark on one side and W. B. Twitchell and Butterfield on the other. On Gross' side the score was eleven and on Twitchell's it was nine. The side on which Gross pitched was made principally of the regular team, but the teams were divided up to make an even game. The surprise of the day was Twitchell's pitching, there being really only three earned runs off his twirling. If he had had good support, he would have won the game. Mr. Twitchell has not pitched for years, but is an old time ball player and can hold down a regular game in the box if necessary. There were a whole barrel full of errors, but there is no doubt talent in the lot and there will be a splendid team here. Next Sunday there is a game on with the Albuquerque team, and on August 5 and 6 Lamar, Colo., will play here. Las Vegas will undoubtedly have good ball from now on and the team deserve united support.

The diamond drill at the El Porvenir coal fields was started yesterday and the expert says he does not think he will have to go over fifty feet to get the thickness of coal necessary to make the mining profitable. It is the plan of the company to put the drill down in numerous places over their land and find just where the vein extends and how to intelligently work it. The power for the drill has been furnished by horses, but it was found it was not sufficient and an engine was telegraphed for Saturday, to be rushed out to hurry the work. Mr. Romero says the work will be pushed night as well as day when the engine comes, and time will not even be taken for work, but another crew be put on to work. The company certainly means business, for on the showing made depends the running of the electric line to Porvenir, in a great measure.

W. E. Kelley, a lawyer of Socorro and grand master of the Odd Fellows, arrived this afternoon for a visit to the local lodge. A banquet will be tendered him tonight by the lodge.

Charles Candy is a new employee at the shops. He works on the repair track.

The patent for the government for the Tecelote grant has at last been received here, and now a number of our mining men are on the anxious seat as to how the matter of claims there will be settled. The patent was granted in 1858, but had not been received here on account of the money for the survey not having been paid. A commission of a number of Tecelote's prominent citizens were elected some time ago to settle the survey and patent matter, and now report success. The disposition of the land is now the question. A large amount of the land comprised in the grant has already been taken up by claims and homestead entries, but their title is more or less in doubt, and it is quite possible considerable litigation will result. In 1872 congress passed an act allowing the election of a commission to settle the matter of partitioning the grant, and that seems to hold good as an act passed by the territorial legislature some time ago setting forth that the court should appoint that commission was nullified by the supreme court, leaving the matter where congress placed it, to the election of a commission by the citizens resident in the grant. The latter mode of procedure seems to be the most popular with many of the people interested in getting the partition settled, and will probably hold. It is to be hoped that it will soon be settled as the delay in partitioning and the question of titles is holding back greatly the development of the mines in the ground in question.

Charles Higgins and family have returned from a trip to the mountains, and say that they caught about 200 pounds of trout while out. Beat that if you can.

Mark Kepner, one of the troopers, was thrown from his horse yesterday by the animal stumbling and was bruised up considerably. He came home on the train and is today thinking about his narrow escape.

Charles Rivera has returned from his trip to Pueblo, with some of the other young men who went up there to work on the railroad. Charles came back about as rich as when he went away. He had most of his clothing stolen, a watch and quite a little money. The boys did not speak in very glowing terms of the treatment there, to say the least.

Bernabe Flores and wife have returned from a vacation trip down the country and Mr. Flores has returned to his desk at the field's.

In Girlhood

There is a great need of motherly watchfulness and care. A growing girl needs all her strength, and if she is nervous and melancholy, and loses appetite there is surely something wrong. This is especially true as the young girl approaches that important period of change when the womanly function is established. Timely care and proper treatment at this period may save much after suffering.

The best medicine for young girls who are nervous, melancholy, and irregular of appetite, is Dr. Pierce's Favorite Prescription. It cures nervousness, dizziness, and melancholy, promotes the appetite, and gives the body robust health. There is no alcohol in "Favorite Prescription" and it is entirely free from opium, cocaine, and all other narcotics.

"My daughter was troubled with dizziness and constipation and was very nervous for five years," writes Mrs. M. Carter, of 1545 4th Street, N. W., Washington, D. C. "I tried several doctors but they gave her no relief. A woman friend of mine told me to try your 'Favorite Prescription' and 'Pleasant Pellets' which I did. After taking one bottle of each she began to improve and is still improving. People said she looked as though she were going into a decline. She is twelve years old. There are no circles around her eyes now and she is healthy and robust, eats as much as any child, and is growing faster every day."

Dr. Pierce's Pellets regulate the bowels.

at present pastor at Durango, Colo., left today for his home after preaching an able sermon in the church of Our Lady of Sorrows here yesterday.

The long heralded change in the dispatcher's office here has at last been definitely decided upon. The dispatchers will leave on No. 2 on the 31st or on No. 8 the next day for La Junta. Those who will leave are W. S. Burrows, R. B. Roper, H. E. Hufington, G. S. Scott and Messrs. Addison and Oden, leaving, besides Manager Teed here, Messrs. Gosset, Leahy, Wagener, Matthews and Tarkington.

The postoffice at El Cuervo and a store at Santa Rosa were robbed Saturday night. There is no further information as yet as to how much booty was gotten by the thieves, or any of the particulars.

Conductor U. P. Hayes and wife returned this afternoon from their visit at Westport, Kas.

Miss Olcott, a sister of S. A. D. Olcott left this afternoon for Chillicothe, Mo., where he will remain.

Miss Blanche Rothger returned this afternoon from Santa Fe. She had been visiting there for a couple of weeks.

Fireman S. H. McGraw took sick yesterday at Albuquerque and had to leave his run.

W. C. Reid left for Santa Fe this afternoon where he will attend to some legal matters.

The sleeper "Garnet" jumped the track at Wagon Mound this afternoon and train No. 1 came in an hour late. The accident was caused by the rails getting hot. No particular damage was done, only the passengers getting a little scare and shaking up.

George Langenberg, the forest inspector, left this afternoon for a trip to Santa Fe on business.

Miss Grace Johnson left this afternoon for Raton, where she has secured a position.

Mrs. J. J. Schmidt has invitations out for a card party next Saturday afternoon.

Lorenzo Delgado returned this afternoon from his trip to Santa Fe to see the consecration services and visit with relatives.

R. R. Hammond, superintendent of maintenance of the 'Frisco system, has resigned to accept service with the Missouri, Kansas & Texas Railroad company as assistant general manager. The resignation is effective August 1.

The Santa Fe is completing the construction of the new sixteen-stall addition to the present round house, making in all thirty stalls. The new brick storehouse, 60x90 feet, and the oil house, 18x20 feet, are also about finished.

Mr. and Mrs. T. H. Walsh were in the city yesterday visiting with friends. They are from Albuquerque and will spend their vacation in Santa Monica. Mr. Walsh is connected with the Santa Fe offices in the New Mexican town.—San Bernardino Sun.

Great preparations are being made by the different railroads for the accommodations and conveniences of those who wish to attend the national meeting of the Elks, which will occur at Salt Lake City in August. The railroads have combined forces in trying to make the trip attractive and pleasant.

Engineer Jean Brown was at Williams from Ash Fork Thursday morning to consult Jud Rounseville and E. M. Hardesty regarding their proposed prospecting trip south of Peach Springs. Engineer Clark, of the Forks will also be a member of the party, which will leave within the next few weeks.

According to the Journal Officiel of France, there are 478,115 miles of railway in the world. America stands at the head with 249,676 miles. Europe comes next with 175,785 miles of track. Asia has 25,650 miles, Africa 11,450 and Oceania 15,594 miles. The latter includes Australia and New Zealand, of course.

The Winslow Mail says: Harvey Powell, formerly of Albuquerque, but who for the past two months has been holding down a position in the railroad offices at Ash Fork, stopped off in Winslow a good part of the week and visited with his brother before returning to Albuquerque, where he goes to reside indefinitely.

The Topeka Journal says: Frank Russell, formerly a hammerman in these shops, is here from Albuquerque, N. M., where he is working for the Santa Fe in a like capacity. Russell left here seven months ago on account of poor health, and since going west has been much improved. He was in Topeka about three and a half years.

Passengers on No. 22, which arrived from the south this morning, experienced considerable trouble in reaching the depot and hotel, through the fault of some of the local yard employees. A long string of freight cars were left standing on the new passenger depot track and as No. 22 stopped on the main track, the passengers were compelled to walk around this freight train to get to the station.

In order to perfect the plan of amalgamation decided July 1 by the Santa Fe for simpler operating of its coast lines, General Superintendent F. J. Shepard has reappointed I. L. Hibbard, superintendent of Albuquerque division; John Denair, superintendent of Arizona division; A. D. Schindler, superintendent of Valley division; S. M. Saltmarsh, car accountant; H. J. Franklin, claim agent; N. M. Rice, assistant general storekeeper.

Fix Up Difficulties.—General Manager Nixon, of the Gulf, Colorado & Santa Fe road, and Third Vice President Mulberry, of the International Association of Machinists, held a conference at Cleburne, Texas, and when seen Mr. Mulberry stated that he thought the strike difficulties, involving 400 men, could be adjusted soon. The machinists' association will insist upon all the men being taken back first; then, if there are other grievances they will be settled later.

Sore on Santa Fe.—Friendly relations between the Santa Fe and the Southern Pacific are said to have become badly strained on account of rivalry over freight business in California, which is reported to have gone in a large proportion from the latter to the former company.

It is claimed that ever since Harrison secured control of the Southern Pacific the Santa Fe freight traffic has been growing. Within the last few weeks the Southern Pacific is said to

have inaugurated a vigorous campaign against its rival carrier in order to stem the Santa Fe's growing trade.

President Harriman, it is stated, has become alarmed over the successful aggressiveness of the Santa Fe, and has demanded of his freight traffic department that steps be immediately taken to produce a sure and speedy remedy. These officials, it is stated, have hit upon a plan which will go into effect at once. Merchants who have given trade to the Santa Fe, it is said, will be called upon to explain their preference, and be given to understand that Southern Pacific special privileges will be taken from them unless they decide that it would be more to their interest to use that line.

May Organize a Labor Board.—General Manager H. U. Mudge, of the Santa Fe is at a meeting in Chicago where the general managers of the railroads centering in Chicago are considering the advisability of establishing a general labor board, whose individual members will be empowered to act for the railroads they represent. Should the plan be carried out an attempt will also be made to induce the labor unions to organize a similar board to treat with the railway board on grievances. The plan has not been fully outlined, and there are certain difficulties in the way of its being carried out. Several of the executive officials of the big systems, however, are interesting themselves in the matter in the hope that such boards will be found to be practicable. The object of the plan is to save expense and time for both the railroad officials and the employees.

Robinson Moved to St. Louis.—The Mexican Central Railway company, limited, has issued an official circular announcing that the office of president of the company has been transferred to St. Louis, with headquarters in the Bank of Commerce building. A. A. Robinson, president, will divide his time between St. Louis and the City of Mexico. His home is in Topeka, Kan. The through traffic arrangement between the Rock Island and the Mexican Central, negotiations for which have been under way for some time, as previously announced, will be completed soon, after which time the Rock Island, like the Katy, will run through trains from St. Louis to the City of Mexico.

Poisoned the System. It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Y. M. C. A. Conference. Mobile, Ala., July 29.—A notable conference of the general secretaries, physical directors and salaried officials of the Young Men's Christian association opened in Mobile today. Alabama, Louisiana and Mississippi are represented. The sessions continue two days, during which time many questions relating to the welfare and development of the organization are to be discussed.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of 76, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Gathering of Pythians. Albany, N. Y., July 29.—The grand lodge meeting of the Knights of Pythias in session here is one of the largest gatherings ever held by the order in this state. Delegates from all the local lodges in the state were present today when the meeting was formally opened in Odd Fellows' hall. Routine business occupied the greater part of the day. Tomorrow there will be a big parade and prize drill.

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, seasickness, nausea. Pleasant to take. Perfectly harmless.

Released from Prison. Michigan City, Ind., July 29.—By virtue of a commutation of sentence granted by President Roosevelt, Isaac Sloan, the last federal convict in the Indiana state prison, was given his release today. Sloan was sent up for life in 1895 from Kentucky for killing a secret service agent.

Acker's Blood Elixer positively cures chronic blood poisoning and all scrofulous affections. At all times a matchless system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

ALGODONES NO. 1'S.

Heavy Rains Give Plenty of Water for Irrigation.

Special Correspondence. Algodones, N. M., July 28.—Heavy rains north of here makes plenty of water in the river for irrigation purposes. This place has been lucky about water, at no time has there been a scarcity for irrigating crops. The third cutting of alfalfa will soon commence.

Wheat is all harvested and threshed out and has given a very good yield. Corn looks fine and will make a good crop this season.

The fruit crop is simply immense; most fruits are now ripe, with the exception of grapes and late peaches.

A ghastly discovery was made by Julian Pale the other day while leveling off some ground of an old corral in the south end of town. He found the skeleton of a man whose head had been crushed in with some blunt instrument. It had evidently been buried for some years. No person seems to remember of anybody having disappeared for many years, and the general opinion is that the body is that of a stranger.

There was a Mexican circus in town last week and gave a very creditable performance.

A. J. Frank has several men at work making brick and will soon be ready to commence burning a kiln. Mr. Frank seems to be in earnest and we now look forward with strong hopes that we will at last get a smelter here.

Messrs. Adamson and Springer are in town today. They are selling pictures and doing a good business.

Dick Kemp was in town last week and reports that he has struck a fine copper vein on his claim in the Sandia mountain near here. He also states that several other prospectors are pleased with the showing on their claims.

There is a big dance here tonight and a good time is looked for.

No False Claims. The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. Alvarado Pharmacy.

SAN MARCIAL.

A Few Personal Paragraphs From a Good Southern Town.

San Marcial, N. M., July 28.—M. Cooney and wife, of Socorro, came down and paid us another short visit today.

H. S. Lohman, living on the other side of the bridge, is shipping quite a lot of nice honey in all directions.

Charles Hanna has resigned as clerk for S. G. Hanna & Co., and gone firing on the railroad. He made his first trip yesterday and seems to like it very well.

S. G. Hanna & Co. purchased the dwelling house and lots vacated by J. H. Tweed.

Albino Chaves, formerly merchant in the grocery business in old town, has sold out to A. Armijo. This makes A. Armijo the only grocery merchant in old town.

Ed LeBreton and family went for an outing for a few days to Saw Mill canyon. Will Howard and James Hitchcock are running the store while Ed is gone.

J. W. McCoach made another flying visit to his family yesterday. The Santa Fe reading room has been moved from the company house to where Ed Zine lived a few years ago, and Mr. Harlan has his office upstairs.

Court Brown, formerly switchman in the local yards here, is now at Deming acting as yardmaster. Mr. Lamm takes Brown's place as switchman.

Acts Immediately. Colds are sometimes more troublesome in summer than in winter, it's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles. J. H. O'Reilly & Co.; B. H. Briggs & Co.

HERPICIDE
Relieves Dandruff Immediately
and causes thick, glossy hair to supplant the former thin, brittle growth.

Newbro's Herpicide performs its work on the principle, "Destroy the cause, you remove the effect," and consequently it reaches and kills off the ever-busy microbe, which is responsible for all scalp diseases. It thus makes dandruff and falling hair impossible, and promotes a luxuriant growth of hair that soon becomes the pride of the owner. Even on bald spots it soon produces hair as thick and luxuriant as anyone could wish for.

One bottle will convince that it is the only hair restorer that really restores.

PAINE'S CELERY COMPOUND.

NATURE'S SUMMER HEALTH GIVER.

It Purifies the Blood and Multiplies the Number of Vital Red Corpuscles.

Feeds the Nerves and Tissues and Gives True Physical Strength.

Weak nerves, exhausted tissue, poor, thin blood, impaired digestion and sleepless nights, account for much of the present existing summer misery and suffering.

Dear reader, if you are unfortunately numbered amongst the sickly and weak mortals of today, it is now time to awake to a true realization of your danger. The weakening and depressing hot weather will only add to your miseries if you are careless and indifferent.

There is absolute relief and a positive cure for you in Paine's Celery Compound. This wonder-working medicine is successfully conquering such troubles as yours every day. It is a fact verified by able physicians and thousands of testimonials that Paine's Celery Compound makes new, pure, blood, builds up the nervous system, regulates digestion, whets the appetite and gives vigor and strength to combat the discomforts of the heated term.

Mrs. J. N. Morgan, secretary, Md., used Paine's Celery Compound to banish nervous prostration, heart palpitation and insomnia. The great medicine quickly restored physical strength by purifying the blood, bracing the nerves and building up tissue; she says:

"When I began the use of Paine's Celery Compound I was suffering with nervous prostration, had palpitation of the heart and could not sleep. When I first went to bed I would sleep one or two hours, but would wake with a start. I would get up in the morning feeling worse than when I went to bed. Now, after using Paine's Celery Compound, I can eat and sleep well and wake up in the morning feeling refreshed and strong."

Practical. We still maintain that the Navajo Indians should be given some aid in the way of work, by the government, the canal plan being the only feasible one. Thus far we have heard of no one taking any action in the matter other than Manager Browne, of the Hyde company, who has written Delegate Rodey earnestly urging him to intercede.—Farmington Hustler.

Cut this out and take it to all druggists and get a box of Chamberlain's Stomach and Liver Tablets. The best physic. They also correct disorders of the stomach. Price 25 cents.

OUTLAW KILLED.

Black Jack McDonald Shot Dead While in Juarez Saloon. Black Jack McDonald, a noted border desperado, was shot and killed while in his saloon at Juarez, Mexico, late Sunday afternoon by an American whose name is unknown. The fight resulted from a game of dice in which Black Jack and three Americans were engaged. Two of the Americans fled and have not been captured. The other is held incommunicado. Black Jack was no relation of the train robber of that name.

Bronchitis for Twenty Years. Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." Alvarado Pharmacy.

THE WORK GOES ON.

Albuquerque People Interested—It Has Much to do With Our Welfare.

Never out of work.

That's the case with the kidneys. Twenty-four hours to the day is the time they put in.

They're equal to it when they're well. But they get sick.

Stooping positions of the body. Straining, a fall or over-exertion. Often makes the kidneys sick.

But the work must go on. They ask for help through the back. The back aches. It's kidney ache.

Doan's Kidney Pills are kidney help-ers.

The daily work goes on.

Mr. Jacob Wolfe, carpenter, of 1239 North Ninth street, Third ward, St. Louis, says: "When I first came to St. Louis there was not a bridge across the river, there was only a ferry. I helped to build the court house over forty years ago and worked on nearly all the old buildings in the city. There was not a railroad in St. Louis, so a word or two from me to my many friends and acquaintances should carry considerably more weight than if I lived, say in the New England states.

Mrs. Wolfe and I have had more than one attack of backache. Mine was not remarkably severe but it was annoying. Noticing Doan's Kidney Pills advertised induced me to get a supply and Mrs. Wolfe and I commenced the treatment. If it had not performed absolutely what it promised, if the action of the pills were not a long way ahead of anything we ever before used, I would be the last resident in St. Louis to publicly recommend them."

Drop into the Alvarado Pharmacy and ask what their customers report.

For sale by all dealers; price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

It's the talk of the town!
