## SULTAN ARRESTED

### His Highness Comes to Time.

### President Goes to the State Encampment.

### The Officer Was Accused of Ducking Two Filipinos.

#### TREASURER EMBEZZLED.

Manila, July 24.—Capt. John J. Pershing, Fifteenth cavalry, in command of the Lanae (Mindanao) expedition, arrested the sultan of Bigdayan as hostage for the delivery to him of the Moros who on June 22 attacked two Americans. The sultan ordered his followers to produce the guilty Moros. Tuesday one man was brought into the camp of the Americans. He was horribly mutilated. Before dying he confessed to having participated in the ambush of Americans. Tongul, the leader of the attack, has fortified his house and defies the sultan.

#### SEES SOLDIERS AGAIN.

President Roosevelt Attends the State Encampment in New Jersey.

Oyster Bay, N. Y., July 24.—President Roosevelt left here on the Mayflower for Atlantic Highlands en route to the state camp at Sea Girt, N. J., this morning accompanied by Miss Roosevelt.

#### DUCKED THE BOYS.

Refused to Tell Where the Insurgent Leader Was.

Manila, July 24.—The court martial of Lieutenant Edwin A. Hickman, First cavalry, on the charge of having ducked in a pond two natives of Taya-bas because they refused to guide him to a stronghold of the insurgent leader, Caballes, has been concluded after two brief sittings. Hickman is believed to have been acquitted. The defense admitted all specifications, taking exception only to the word "unlawful," and pleaded justification. The defense produced a telegraphic order from General Chaffee, urging the location of Caballes, regardless of the measures necessary. Colonel Smith, who was a witness for the defense, testified that Major Gardner was responsible for the charges against Hickman and sought for the testimony brought against him.

#### Guilty of Embezzlement.

Manila, July 24.—Ross Douglass, former treasurer of the Island of Cebu, has been found guilty of embezzlement.

#### Killed Three People.

Atoka, I. T., July 24.—Jailer Reeves surrendered to the police here, explaining it was he who killed his wife here several days ago; also her mother, Mrs. Grant, and John Knuckles. Reeves said he lived happily until the appearance of Knuckles two months ago. Since then his wife has treated him with indifference, which maddened him, especially since her parents encouraged her attentions to Knuckles.

#### EXPRESS ROBBERY.

American Artists Make a Haul on Mexican Central.

The local express office has received information of an express robbery on the Mexican Central railroad.

The El Paso Herald's special dispatch from Chihuahua says. The Mexican Central train bound for El Paso and due there tonight, was held up near Bermejo yesterday by three Americans, who secured what is estimated as \$53,000 from the Wells-Fargo express messenger.

The Americans boarded the train and quarreled with the conductor about his ticket. The train was stopped for the purpose of ejecting him, when two accomplices boarded the express car, covered the messenger and compelled him to give up his funds.

The members of the train crew were taken unaware and the robbers secured their booty and made their escape, without any trouble. Nobody was injured, as very few of the passengers knew what was happening until the robbery had been committed and the escape of the robbers completed.

#### FUND GUARANTEED.

El Paso Will be Represented by Strong Base Ball Teams.

Special to The Citizen.  
El Paso, July 24.—Guarantee fund subscribed and base ball team from El Paso assured. It is certain this city will have a strong team at the territorial fair.

#### Navajo Blankets.

A daring robbery was committed on Tuesday night, some time after 10 o'clock, when some thief stole two fine Navajo blankets from the porch of C. K. Newhall's residence at 108 South Arno street. The blankets were just recently bought by Mr. Newhall and

he is unable to describe them. They are choice patterns and cost considerable money. The owner is unable to offer any suggestion as to who the thief might be. The police have been unable to locate the blankets or the thief.

#### LIVELY TIME.

L. Gradi and C. Grande Led a Strenuous Life.

The efficient committee of the C. Colombo society, L. Gradi and C. Grande, who worked hard and faithfully for the success of the recent picnic, went yesterday to settle up bills so they could view the work as well done. They were driving Mr. Grande's small pony which behaved well until going up Railroad avenue, when it commenced to sprint. Soon after the rubber tired buggy passed Second street the pony sighted the narrow passageway between a delivery wagon and the sidewalk. It went in, but as the buggy is over two feet wide it did not. The buggy stopped, the two members of the committee went on for a short distance, the pony tried to climb a telephone pole or two but no one was hurt.

Rev. Herman J. Powell, pastor of the First Baptist church, has returned to the city after a visit of several months among relatives and friends of Michigan and Illinois.

#### IT IS HARD WORK

Getting El Paso Interested in Base Ball Team for the Fair.

#### THEY WILL SUCCEED.

Messrs. C. C. Hall, F. A. Hubbell and Thomas Hughes, who left the city Monday night for El Paso to interest the base ball fans of that city in securing a team to represent them at the approaching New Mexico territorial fair, are still in the Pass City, but hope to return home tomorrow morning. On arriving at El Paso, they found themselves "up against a hard proposition," and Harry Charman, who was in charge of the base ball scheme, was about ready to "throw up the sponge." Messrs. Hall, Hubbell and Hughes have done some good talking the past three days and two nights, and it looks, from the following clipping, that El Paso will be represented at the fair fair.

The El Paso Herald now says: That El Paso will have a league ball team at the Albuquerque fair is now assured.

Jim Magoffin, Tom Wingo, Felix Martinez and Pat Garrett were added to the committee this morning to solicit funds for the guarantee and by 2 o'clock had the greater portion of the money subscribed for. Any one of the committee is willing to assure that El Paso will have the team that will get the big end of the purse at Albuquerque, which amounts to \$10,000. The second money is \$500.

The El Paso committee will take the management of the club which will represent the town.

Messrs. Hall, Hughes and Hubbell will remain here tomorrow, returning to Albuquerque Thursday night.

#### A DEMOCRATIC THREAT.

They Will Oppose Statehood for Certain Reasons.

The following special telegram from Las Vegas appeared in the Denver Republican, July 22:

"O. N. Marron, chairman of the democratic central committee of the territory, has issued a call for a meeting of the committee in Albuquerque August 2. At this meeting will come an important question affecting statehood. It will be proposed at the meeting that if the democrats are not allowed a representative on the boards of election this fall, the party will oppose the admission of the territory to the union."

The above telegram and an editorial in the Las Vegas Optic was called to the attention of Mr. Marron this morning, and he acknowledged that he would propose to the democratic party throughout the territory, at the forthcoming central committee meeting, to oppose statehood if the republicans did not allow the democrats representation on the registration and election boards.

Speaking for this county, the democrats have always had representation on the two boards.

#### SAM BROWNE WANTED.

Gertrude Browne, of This City, Failed to Meet Him.

Gertrude Browne, a 5 year old miss of this city, is looking for her brother, Sam Browne, in El Paso. Mrs. George Weigle, of El Paso, passed through here a day or two ago on her way home from a visit to Denver. When the train reached here two ladies got on the train and turned over to her care little Gertrude Browne, saying her brother, Sam Browne, would meet her in El Paso. He failed to do so, and the little girl is at Mrs. Weigle's home, 404 North Oregon street, El Paso. Sam Brown has not been located.

Mrs. O. H. Scott left this morning for an extended visit with friends and relatives at Kansas City, St. Louis and other points in Missouri. She expects to be absent from the city about six weeks.

## FAIR DEDICATION

### Liberal Art Building Will be Used.

### Putman Bradlee Strong in England.

### Colorado Fuel and Iron Books Open to Gates.

#### KILLED THREE PEOPLE.

St. Louis, Mo., July 24.—The dedication of the world's fair will take place in the Palace of Liberal Arts on April 30, 1903, with pageantry and oratory. Drawings of the Liberal Arts building have been given to contractors for their bids. This place with its hall, which, it is estimated, will seat 12,000 persons, will make the only serviceable building for large assemblies among all the architectural giants of the fair.

#### STRONG IS ABROAD.

He Denies that He Pawned May Yohe's Jewels.

New York, July 24.—A special from London to an afternoon paper says Putnam Bradlee Strong was arrested at Southampton today on the St. Paul, sailing under an assumed name. In an interview he acknowledged his identity and denied positively the charge that he pawned May Yohe's jewels. —May Yohe, who formerly was the wife of Lord Francis Hope, sailed for Europe today on the Fuerst Bismarck.

#### VICTORY FOR GATES.

Colorado Fuel & Iron Books Open to Him.

New York, July 24.—Justice Ernest Hamm, in the supreme court today, decided that Arthur J. Singer, representing the firm of Harris, Gates & Co., may see the transfer books and stock books, stock ledger, and any other books or papers of the Colorado Fuel & Iron company in possession of the Knickerbocker Trust company, Atlantic Trust company and Charles E. Phelps, assistant secretary and treasurer of the company.

#### Greatly Pleased.

G. C. Weitzel of Columbus Ohio, a heavy stockholder in the Jevia Trias Copper company, was here yesterday on his way back from the property. He is greatly pleased with the property and the prospects of development.

#### Martin-Oelrichs Wedding.

Newport, R. I., July 24.—Miss Lily Oelrichs, daughter of Mr. and Mrs. Charles M. Oelrichs, and Peter D. Martin, of San Francisco, were married shortly after noon today in old St. Joseph's church. More than 1,000 guests, including many representatives of the ultra-fashionable society of New York, witnessed the ceremony, which was performed by Rev. Louis J. Deady, pastor of the church. The musical service was elaborate including selections by the church choir and the Casino orchestra. The ushers, four in number, led the procession to the altar. They were Reginald Ronalds, Philip Lydig and Charles and Henry Oelrichs. The bridegroom's brother acted as best man. He and the ushers wore frock coats and trousers of dark gray, with double-breasted white pique waistcoats. Following the ushers came the matrons of honor, Mrs. Henry O. Havemeyer, Jr., and Mrs. Cameron McR. Winslow.

The bride was accompanied by her father, who gave her away. The bride's gown was of the heaviest ivory-white satin, covered with white chiffon, except in front. Here, narrowing to the waist and again widening to the hem of the skirt, the outer material was lace, hand sewed, with large pearls and satin flowers. At either side of the center piece and clear around, the chiffon was tucked over the whole surface of both waist and skirt. At the top of the bodice was used old point venetian lace, loaned by the bride's aunt, Mrs. Hermann Oelrichs, by whom it had been used as a wedding veil. The bridal veil was fastened with diamonds to the bride's hair, upon which rested also a wreath of orange blossoms. The spectacle as the bride party passed up the aisle was most imposing and presented one of the most beautiful pictures ever seen in the historic old edifice. The display of gowns and jewels worn by some of the fashionable women present excelled anything ever seen in Newport. The decorations of the church were elaborate and beautiful. Baskets of asparagus, ferns and other delicate foliage were suspended from the ceiling, and the windows were banked with palms and other tropical plants.

After the ceremony the guests went over to the cottage of the bride's parents in K street, where an elaborate wedding breakfast was served by Sherry. The tables were placed in a large addition which had been made to the cottage. Throughout the breakfast and the reception Mulally's orchestra furnished exquisite music. Late this afternoon the bridal couple departed from Newport on a steam yacht. After a brief trip they will return to this city to spend the remainder of the season.

Very pretty gifts were made to the attendants. The matrons of honor received dainty gold purses and the ushers and best man scarfpins of gold and pearls in the form of a horseshoe. These souvenirs were encased in boxes of white satin, marked in gilt with the date of the wedding. The wedding presents were shown without cards and occupied several rooms of the cottage. They consisted of costly and rare jewels, works of art and bric-a-brac of every description.

The bride of today is the elder daughter of Mr. and Mrs. Charles M. Oelrichs, and a niece of Hermann Oelrichs, who married the rich Jessie Fair of San Francisco. She is 21, tall, stately and a blonde. Though her parents are at the top of the social ladder they are not wealthy, comparatively speaking. Mr. Martin is, however, possessed of great wealth in his own right, which is in the form of valuable real estate in California, ranches in the west and gold mines in Colorado, all of which came to him from his deceased father, Edward Martin, who was one of the early pioneers of California and president of the First National bank of San Francisco.

The poet of the Newark News has  
earned special mention by making to-  
mato rhyme with Plato.

There is gold enough in the United  
States treasury to give every man, woman  
and child in the union \$7.30.

And now one of Mark Twain's books  
has been barred from Russia. It seems  
as if that cautious young czar is even  
afraid of an explosion of laughter.

Hon. William Jennings Bryan, Col-  
onel Watterston and Hon. David B. Hill  
continue to give frequent exhibitions  
of the democratic conception of har-  
mony.

Capital punishment seems to be los-  
ing its grip in this country. An east-  
ern writer of rag-time airs recently ap-  
prehended was given but a short jail  
sentence.

The higher the floods pile up on both  
sides of Missouri and in the middle,  
the higher the corn reaches up to keep  
out of the way. The Missouri papers  
allege that it is ten feet high.

The farmers are getting bigger prices  
for what they have to sell than for  
many years and yet they are having a  
hard time to keep their heads above  
water in some places in Kansas, Mis-  
souri and other states.

The announcement that the president  
is preparing to secure legislation  
which will permit of federal supervi-  
sion of the trusts has robbed the dem-  
ocrats of their last campaign issue. It  
is not surprising that they are seeking  
to discredit it.

The great oil fire in Louisiana was  
snuffed out by the application of a tre-  
mendous cloud of steam directed at  
high pressure from nine boilers. A  
similar experiment might be tried on  
Mount Pelee and on the anarchist con-  
ferences at Paterson, N. J.

The better class of colored citizens  
of Colorado Springs, Colo., are up in  
arms over certain minstrel shows  
which have been "pulled off" in that  
city recently. The other afternoon a  
mass meeting of colored citizens was  
held in St. John's Baptist church, at  
which resolutions were passed con-  
demning the action and protesting  
against a repetition of such perform-  
ances in that city.

When the little vessels built as re-  
production of Columbus' squadron  
were exhibited at the Chicago fair the  
visitors marveled that the Spanish ad-  
venturers undertook to sail so far in  
ships so small. Yet Captain Newman  
and his son are now crossing the At-  
lantic in a launch thirty-eight feet long  
and going at a good gait. Vessels that  
have just come in met the Abiel Abbot  
Lowe when she had gone 875 miles  
and was traveling at the rate of a  
hundred miles a day.

Since the abolition of the canteen,  
disorder in the regular army has greatly  
increased, drunkenness is very  
much worse, and desertions have multi-  
plied. One of the first things the  
next session of congress should do is  
to restore the canteen. The practical  
demonstrations of the effect of its ab-  
sence during the past few months are  
enough to overcome any amount of  
theoretical argument. The experiment  
ought never to have been tried, for the  
almost universal verdict of army men  
was against it; but now that it has  
been tried and failed utterly there is  
no further excuse for its continuance.

## GROWTH OF ALASKA.

By reason of the application of modern  
systems of travel and transporta-  
tion, notes Bradstreet's, Alaska is now  
as accessible as Arizona. Gold, fish  
and furs are the principal industries of  
Alaska, and \$15,000,000 worth of these  
products, \$8,000,000 of gold, \$6,000,000  
of fish—chiefly salmon and the re-  
minder furs—are sent to the United  
States proper annually. The cost of  
Alaska was \$7,200,000. The revenue  
which the government has derived  
from it since its purchase amounts to  
over \$9,000,000, and the value of the  
products is now twice as much every  
year as it cost. The total value of the  
products of Alaska brought to the  
United States since its purchase is

(according to the best estimates that  
the bureau of statistics is able to  
make) about \$150,000,000, of which  
\$50,000,000 is precious metals, \$50,000,-  
000 products of the fisheries, chiefly  
salmon, and \$50,000,000 more furs,  
chiefly seal furs. Probably \$50,000,000  
of American capital are invested in  
Alaskan industries and business enter-  
prises, including transportation sys-  
tems. In the salmon fisheries alone  
the companies have a capitalization of  
\$22,000,000, and the value of their  
plants, including vessels, is given at  
\$12,000,000. In the mining industries  
there are large investments—the great  
quartz mill at Juneau being the largest  
quartz stamp mill in the world, while  
several other quartz mills represent  
large investments. With the inflow of  
capital, the development of transporta-  
tion systems and the gold discoveries  
has come the building up of towns and  
the development of cities with modern  
conveniences of life. Nome City, which  
is located but a comparatively short  
distance south of the Arctic circle,  
has now a population of over 12,000,  
postal facilities have been so extended  
that the number of postoffices is now  
about sixty, and mails are being regu-  
larly delivered north of the Arctic circle.

In the course of some litigation in  
New Jersey recently, the fact was  
made public that Bertram Cutler is the  
largest individual stockholder of re-  
cord in the United States Steel corpora-  
tion. For a day or two Wall street  
wondered who this was that owned  
123,975 shares of United States Steel  
preferred and 25,365 shares of steel  
common. He was finally located as a  
stenographer and typewriter for John  
D. Rockefeller and his salary is \$18 a  
week. The stock standing in his name  
is said to be worth about \$20,000,000.

## Public Protected.

Hon. Judge Wing, of the federal  
court of Cleveland, has just issued a  
permanent injunction with costs and  
damages enjoining a lawyer named  
Gorey from the manufacture and sale  
of an imitation of Cascarets. Gorey  
imitated the boxes, the shape of the  
tablet and used a similar sounding  
name. This decision is to be com-  
mended. It is a long step in the right  
direction. Any dealer who will offer a  
substitute or say that something "is  
just as good" when Cascarets are  
called for, does it for the purpose of  
making a few cents extra profit, which  
must always be at the expense of the  
customer's health. Cascarets have  
been advertised freely in our columns  
and as the result of making them  
known, Cascarets today have the largest  
sale of any bowel medicine in the  
world. They are always packed in  
metal boxes with the long tail "C"  
on the cover and each tablet stamped "C."  
They are never sold in bulk or  
from jars. We deem it our duty to  
warn our readers against an imitation  
or substitute of this meritorious medi-  
cine, and if at any time they have ever  
been offered a substitute or an offer  
made to sell something "just as good"  
when Cascarets have been asked for,  
we will be pleased indeed to have a  
letter to that effect or write direct to  
the Sterling Remedy Co., New York  
or Chicago.

"My mother suffered a long time  
from distressing pains and general ill  
health due primarily to indigestion,"  
says L. W. Spalding, Verona, Mo. "Two  
years ago I got her to try Kodol. She  
grew better at once and now, at the  
age of 76, eats anything she wants, re-  
marking that she fears no bad effects  
as she has her bottle of Kodol handy." Don't  
waste time doctoring symptoms. Go  
after the cause. If your stomach is  
sound your health will be good. Kodol  
rests the stomach and strengthens the  
body by digesting your food. It is nature's  
own tonic. J. H. O'Reilly & Co.,

"I always recommend Chamberlain's  
Pain Balm as the best liniment for  
sprains. I used it last winter for a se-  
vere lameness in the side, resulting  
from a strain, and was greatly pleased  
with the quick relief and cure it ef-

Building and Loan Association Men  
Are in Session.

Put-in-Bay, Ohio, July 24.—Several hundred millions of dollars—every dollar of it the savings of the thrifty wage workers of the United States—were represented in the assembly hall of the Hotel Victory today when the tenth annual convention of the United States League of Local Building and Loan Associations was called to order by the national president, George H. Kostmayer, of New Orleans. It is one of the largest conventions in the history of the league. A majority of the delegates are men prominent in the municipal affairs of their respective localities.

The feature of the opening session was the address and report of Hon. Herman F. Cellarius, of Cincinnati, the general secretary, which was listened to with profound attention. Secretary Cellarius said in part:

"A slight increase in the total membership, with a small decrease in the aggregate assets, is the showing made by the local building and loan associations of the United States during the past year. There are now in the United States 5,302 local building associations, with a total membership of 1,539,593 and assets amounting to \$565,387,966. In most of the states these associations have about held their own, although the reduction of the interest rate for the past few years has had a tendency to bring back money loaned out by them at higher than existing rates, and associations unable to make desirable loans have returned some of the idle accumulated funds to their stockholders, causing a decrease in their assets. Building and loan association supervisors in a number of states are agreed that the associations were not sufficiently prompt in meeting the reduced interest rate and that, as a result, they have lost some profitable business. This is to be accounted for, possibly, under the theory that the associations were desirous of ascertaining if the conditions favorable to a reduction were temporary only, and, with their usual conservatism, they were reluctant to reduce interest charges until there was a reasonable assurance that cheap money had come to stay.

"The situation in Illinois and Missouri has been materially improved, although these states still continue to show rather heavy decreases in assets, Illinois having declined a little over \$4,000,000 and Missouri about \$2,000,000 during the past year. In Ohio several large building associations—one in Columbus and another in Cleveland—reorganized as trust companies, and their assets, amounting to about \$4,000,000, are not included in the figures for that state. Ohio, therefore, instead of having decreased in assets about \$100,000 as shown by the table, has, as a matter of fact, increased nearly \$4,000,000. Substantial increases in assets were made last year in New Jersey, Massachusetts and Nebraska.

"The legislative situation has been one of great activity during the past year, particularly in the states of Pennsylvania, Ohio and New York. Many bills were introduced, as usual, but the provisions of most of them were of a character that did not command the support of the state leagues in these states, and as a result they met defeat. The work of state and other leagues of building associations in the several states has again demonstrated the efficiency and great usefulness of these organizations, besides giving further evidence of their influence and strength. But few changes in the building associations laws of the states resulted during the past year."

Following the report of the secretary, the convention listened to addresses as follows: "The Future of Building Associations: The Tendency to Depart From and the Necessity of Adhering to Fundamental Principles," Seymour Dexter, Elmira, N. Y.; "Why Local Building and Loan Associations Should Be Exempt from all Taxation," Julius Stern, Chicago; "The Theoretical versus the Practical," W. A. Whitney, Lawrence, Mass.

## New Game Warden—Suit Against Max Frost Settled—A Mineral Find.

From the Progress.

Chas. V. Peacock, brother of D. V. Peacock, of this place, is reported as being sick at his ranch below El Paso. H. D. Bowman, who has been spending a short vacation in California, is expected home on next Sunday evening.

Martin Lohman started operations with his flouring mill this week and is grinding his wheat supply.

D. V. Peacock came in from his cattle range. He reports good rains up that way and their lake is filled. The grass is beginning to make a fine growth.

Governor Otero has commissioned Walter W. W. Werschmidt, of this place, as a game warden for Dona Ana county. Mr. Werschmidt intends to prosecute all violators of the game law, especially parties who are killing deer in the Organ and San Andres mountains.

From the Republican.

Attorney E. C. Wade has moved his office to rooms just north of Major Jewell's office.

Mrs. Dora Watson, who spent several winters here for her health, died at La Luz on the 8th.

The suit of Dr. McConnell vs. Max Frost, involving the recent sale of the Alameda, was settled out of court this week. Dr. McConnell went to Santa Fe last night to receive \$400, the amount he is to get on the compromise.

Louis Escalante, of Dona Ana, recently found a piece of beautiful petrified wood as white as chalk, while engaged in working on the cut of the Bis-

bee railroad near El Paso. The wood was found 150 feet below the earth's surface imbedded in the solid rock and demonstrates beyond peradventure that this locality was once torn and upturned by violent earthquakes and eruptions. The white slab is about three feet long and six inches across at the widest point. It is on exhibition at the Chamber of Commerce.

## An Act of Special Interest.

An act of congress passed June 27, 1902, is of special interest to many old timers in New Mexico. This act amended the act of July 27, 1892, and gives a service pension of \$8 per month to the survivors of the Indian wars in Texas and New Mexico in the service of the United States from 1849 to 1856. The act also applies to the widows of such survivors, providing they have not remarried. During the war with the Southern Utes in Colorado in 1885, four companies were mustered in the service from Santa Fe, commanded by Captains W. S. Cunningham, Manuel Chaves, Miguel E. Pino and Charles Deus. Two companies were raised in Taos commanded by Captains Charles Williams and Francisco Gonzales. Old soldiers who served in these companies now drawing less than \$8 per month are entitled to the full rate.

## Unnatural Bumps.

An exchange says that a woman wouldn't be satisfied without an unnatural bump on her somewhere. For a time the bump sufficed. The big sleeve with an unnatural bump on her shoulder came next, but did not last long. The bump then moved from shoulder to cuff. Just now it is the fact to wear a shirt waist that looks as if a peck of apples had been dumped into it in front.

## CONVINCING PROOF.

## The Average Albuquerque Citizen Must Accept the Following Proof.

The great Sir Isaac Newton, one of the most profound reasoners the world ever produced, once cut a large hole in a board fence to allow a favorite cat access to two gardens, and cut a smaller hole to allow her kitten to follow her. The weakness manifested in Sir Isaac's action was due to want of thought. Any reader who mentally debates the proof offered here about Doan's Kidney Pills and arrives at any other conclusion than that stated in this citizen's statement, is as short of reasoning powers as the philosopher when he turned carpenter.

Mr. J. S. Wood, acct., in the St. Louis Label Works, living at 306 Morgan street, St. Louis, says: "My old home is in Quincy, Ill., a place where Doan's Kidney Pills are a household necessity. When I first came to St. Louis several druggists on whom I called did not have them in stock, and I sent to an old friend, a pharmacist in Quincy, for them. I had attacks of kidney complaint for five or six years, causing my back to ache just across the loins. I found that Doan's Kidney Pills acted as represented and when I noticed them advertised at 'Wolf-Wilson's' corner Sixth and Washington streets, I went there for a box, not that I required them at the time, but I thought it was a good opportunity to adopt precautionary methods."

Just such emphatic endorsement can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask their customers report.

## HIS AUTHORITY DENIED.

## Ruling of Secretary of Interior on Reservation Called Into Question.

The case of the United States vs. Juan Romero for pasturing sheep on the Pecos river forest reserve, was heard yesterday afternoon at 2 o'clock by U. S. Commissioner W. B. Bunker. Capt. W. C. Reed represented the government and C. A. Spiess the defendant. J. M. Hernandez was interpreter. Clive Hastings and S. L. Fisher were witnesses. It was shown that the sheep belonging to Romero had been pastured on the reserve, but it was not shown that the defendant had ordered them pastured there.

The defendant was charged with having violated a regulation made by the secretary of the interior, making it an offense against the laws of the United States for a person to graze sheep on the Pecos park reservation. Mr. Spiess moved the court to dismiss the complaint on the ground that the defendant had not committed any offense against the laws of the United States for the reason that the secretary of the interior had not power to denounce a transaction an offense because this was the exercise of the legislative power and that power had been by the constitution vested in congress and thereby specially withheld from the other tribunals.

Capt. Reid argued that the regulations of the secretary had the effect of law and that three judges in the territory had so decided. Mr. Bunker, in giving his decision, took the ground held by Mr. Spiess, but thought

the question was one to be decided by Chief Justice Mills, and therefore bound the defendant over to the United States court in the sum of \$200 bond. J. M. Hernandez, Eulofio Duran and C. A. Spiess went on the bond.

## LEPER SU WAH.

He is Turned Loose in Juarez, Mexico, From Where He Escaped.

## UNPLEASANT JOB ACCOMPLISHED

C. M. Foraker, United States marshal, and James Smith, the deputy sheriff who contracted to see the leper, Su Wah, safely in Juarez, Mexico, from whence the Chinaman came, returned to the city this morning, and Mr. Smith says that "his freight ride to El Paso, with Su Wah in charge of the furniture car and he attempting to take life as easy as possible in a way car on a slow train, was by all odds the most tiresome ride he ever took in his life." He don't want to make many more 300-mile rides on a freight train.

The El Paso Herald has the following article on the arrival of the leper in that city:

Su Wah, alias Chau Po, the Chinese leper, has been deported, but not to the Flowery Kingdom across the water. He is now in the land whence he came to Uncle Sam's domain.

This morning Su Wah's private box car that has been his domicile at Albuquerque for some weeks, arrived here as a part of a Santa Fe freight train.

Su Wah was properly escorted by United States officials and was met on his arrival by Charles Meehan, Chinese immigration inspector, with an old wagon. Su was put into it and quietly and without any stir or ostentation, driven to the old laundry near the Sierra Madre depot in Juarez, and dumped out.

He is now in the place where he came from and he will likely stay there to be disposed of as the Mexican authorities see fit. The Chinaman is in horrible shape, and all bandaged up. Mr. Meehan says he had no curiosity to examine him, but got rid of his job as quickly as possible.

This Chinaman is the same one who came here from Juarez some weeks ago and for whom the government immigration authorities and the police searched so diligently. He dropped out of sight so thoroughly for a time that many believed there was no leper about either this place or Juarez. Suddenly he turned up in Albuquerque and the question has been what was to be done about it. Su was ordered deported some time ago and the order was executed this morning about 10 o'clock.

Dr. Race, the city health officer, has been notified that the box car is here and the next question is what to do with it.

United States Marshal C. M. Foraker of Albuquerque, came down yesterday and will return tonight. His deputy, J. H. Smith, came in on the freight train this morning in charge of the leper. The train arrived about 5 a. m. Marshal Foraker when asked about the case, said: "Su Wah has been a great care to us up at Albuquerque but we had to care for him just the same. The government first ordered him deported to China, but the Southern Pacific would not receive him, nor would the steamship companies.

"Then the order was changed to deportation to Mexico at Juarez, where the leper came from. He had been in Mexico for two years before he came here. He has not only been a great care to us but he has cost the government about \$500 or more. We had to keep two guards at his car at \$5 per day and pay the railroad company \$1 per day demurrage on the box car. The Santa Fe charged \$156 for bringing him down here."

Deputy Marshal Smith has had immediate charge of the leper in Albuquerque and speaking of his experience, said: "I fed him with a long pole with a hook on the end of it. I had two buckets, one for water and one for tea, and I would reach these and his food in a paper bag into the car by means of the stick.

"When I got here this morning I came up town and I got some crutches for my patient. Mr. Meehan got a Mexican and his wagon to haul him over the line, but when he saw the Chinaman he balked. Then another one was gotten and he took the fellow over. We did not tell the driver what we had, but warned him to touch nothing and told him the Chinaman was hurt in a wreck.

"I went with Mr. Meehan over the river to deport the man and we completed the job about 10 o'clock and I breathe freely now that I am rid of the job."

Marshal Foraker and Deputy Smith kept their movements thoroughly quiet as they feared the Texas health officers would interfere.

Mr. Foraker came in yesterday and not even the gentlemen from Albuquerque who are here in the interests of the territorial fair knew anything about it.

Now the interesting problem is, what will the Mexicans do with him?

Dr. Race, the city health officer, was seen this morning and asked about what would be done with the car. The doctor said: "I have sent two men down to burn the Chinaman's effects and to fumigate the car. It is a very simple proposition, and sulphur burnt in the car will thoroughly cleanse it from danger."

The doctor, speaking of the disease, said: "The worry of people and their great fear from leprosy comes wholly from legend that has come down to us through the ages. It is an infectious disease like syphilis and is gotten by contact with the virus in the same way. While it is incurable there is not the danger from it that people imagine. Diphtheria is many times more dangerous and I would much rather treat a patient with leprosy, as far as contagion is concerned."

"Actual contact with the virus is the way the disease is contracted and persons have been known to live for years with lepers and not contract the disease."

"There is a leper hospital at Tracadie, New Brunswick, where the Sisters of Charity have cared for these unfortunate people, and it is a recorded fact that not one of the sisters has ever contracted the disease."

"There is a small colony of them, about forty in number, a short distance from New Orleans. They live there by themselves. India has a quarter of a million of lepers, and there are a great many places in the world where the disease is found. The island of Molokai, one of the Sandwich Islands, is used for nothing else."

"I can assure people that there is no danger and if they will not consider the legends of old there is no reason for alarm."

Deming water and pure ozone make strong and healthy people.

## CORNER STONE LAYING.

Impressive Services at Corner Stone Laying of St. John's Methodist Church.

It was a large audience, representative of all denominations in Santa Fe, which gathered Wednesday evening to witness the corner stone laying of the beautiful new church edifice on Don Gaspar avenue of St. John's Methodist Episcopal congregation, Santa Fe.

A platform had been erected over the basement of the church and on this were seated the pastor of the church, Rev. W. A. Cooper, the speakers of the evening, Rev. A. P. Morrison, Rev. W. Hayes Moore, Rev. W. R. Dye and Judge McFie, the choir of the congregation, the members of the church, the Capital City band and visitors, while the street in front was also thronged with an attentive audience. W. J. McPherson led in the scripture reading. The Capital City band rendered appropriate selections in a meritorious manner. Judge McFie and Rev. W. H. Moore, of the First Presbyterian church, made timely and forceful addresses that evidently came from the heart. Rev. W. R. Dye, of the Church of the Holy Faith, led in a fervent prayer. Rev. A. P. Morrison, of Albuquerque, superintendent of missions in New Mexico, before laying the corner stone, gave statistics of the strength of the Methodist church and of the great progress the church has made and is making in this territory. The corner stone was laid by Rev. A. P. Morrison, assisted by Antonio Winsor, the contractor, who is building the church.

A letter of congratulation by Rev. Thomas Harwood, D. D., of this city, who was unavoidably detained from attending, was read by Rev. W. A. Cooper.

Statehood cigars, two for 25 cents.

### CONSECRATION TOMORROW.

Archbishop Peter Bourgade will be As-  
sisted by Bishops Matz and  
Granjon and Sixty Priests.

The consecration of Rev. J. B. Pitaval to be auxiliary bishop of the diocese of Santa Fe will take place tomorrow morning at the cathedral, at the territorial capital, the ceremonies to begin at 9 o'clock sharp. Tickets to the consecration are on sale at the office of Vicar General Anthony Fourcheu and the cathedral. The consecrator will be Most Rev. Peter Bourgade, archbishop of Santa Fe, assisted by Right Rev. N. Matz, bishop of Denver, and Right Rev. H. Granjon, bishop of Tucson. Between fifty and sixty priests will take part in the ceremony, coming from the dioceses of Santa Fe, Denver and Tucson. A procession of the clergy will be organized at 8:30 a. m. and will accompany the bishops from the arch-episcopal residence to the cathedral. Rev. H. Pouget, of East Las Vegas, will preside at the organ. On account of its ritual grandeur, the consecration of a Catholic bishop can not but make a deep impression upon all those who witness it, irrespective of creed or opinion.

#### Coming from Colorado.

The Denver Republican says: Several members of the local Catholic clergy, besides a number of laymen will go to Santa Fe, N. M., to attend the consecration of Rev. Father Pitaval, which has been set for Friday morning at 8:30 o'clock. Father Pitaval was formerly pastor at Aspen and Durango. He has just been chosen by the pope as auxiliary to Archbishop Bourgade of the diocese of Santa Fe. Several bishops from Colorado will be present at the consecration, among them Bishop N. C. Matz of this diocese. Besides the bishop there will go from Denver Rev. P. A. Phillips, chancellor of the diocese; Rev. Henry Robinson, vicar general; Rev. William O'Ryan, Rev. Joseph P. Carrigan and Father Malone. Father Servant will go from Silver Cliff. Father Dessaulnier from Central City and Father Rivallier from Glenwood Springs.

Among many other presents which Father Pitaval will receive is one from the priests of Denver, who are preparing an elaborate chain and pectoral cross. It is being made in Denver and will be a handsome testimonial. His old parishioners in Durango will present him with a very fine episcopal ring. Several of the local clergy started for Santa Fe last night and the remainder will go today.

Although not entirely unexpected, the news cabled from Rome yesterday that Rev. Father J. A. Keane, of Minneapolis had received the appointment from the pope to the bishopric of Cheyenne, created some surprise in local Catholic circles. Two priests who had been mentioned and their names submitted to Rome as candidates for the high office were Father Yorke, at present a guest in the city, and Father Robinson, vicar general. Father Yorke received the unanimous support of the priests of the diocese of Cheyenne for the office, while at one time Father Robinson's name was strongly urged for the bishopric.

#### Two Bottles Cured Him.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Alvarado Pharmacy.

#### Cards of Thanks.

I, wife of Henry Fisher deceased, wish to thank the ladies of the Ladies Home Mission Society of the Highland Methodist Episcopal church, the members of the Ancient Order of United Workmen and the local order of railroad switchmen, for the kindness received in my late bereavement. I also thank the local railroad employees for the flowers contributed.

MRS. JENNIE FISHER.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. Alvarado Pharmacy.

#### A Coming Wedding.

On Tuesday afternoon, August 5, at the home of the bride's mother in Kansas City, Miss Jessie Marie McMillan and Prof. Andrew Benton Stroup, the newly elected superintendent of schools here, will be married. Miss McMillan lived here for three years and taught in the public schools. Both have many friends who will rejoice in their happiness.

#### No False Claims.

The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. Alvarado Pharmacy.

George W. Knaebel, a prominent attorney of Santa Fe, who has been transacting business in the city the past few days, returned home last night.

Sound kidneys are safeguards of life. Make the kidneys healthy with Foley's Kidney Cure. Alvarado Pharmacy.

### "MEADOW CITY."

Batch of Personal Paragraphs from the Capital of San Miguel County.

#### Special Correspondence.

Las Vegas, July 23.—At the party given by Mrs. John Robbins last night Mrs. J. A. Dick won the ladies' first prize and Mrs. J. A. LaRue the consolation. M. W. Browne took the honors for the gentlemen and J. W. C. Reid the consolation. The game played was six handed euchre, there being seven tables. Miss Robbins was assisted by several young ladies. Splendid refreshments were served and a delightful evening was spent by the guests present.

B. C. Pittenger left this afternoon for Brazil, Ind., where he was called by the illness of his mother. He will be gone about ten days.

Conductor Charles Stevenson will resume his run tomorrow after an extended vacation.

Twenty of the forty cars of the Belen wool shipment to the Ross-Brown plant have arrived.

Mrs. Uptegrove is here from Cerrillos visiting the family of C. F. Jones. Dr. Epperson, the St. Louis electric street car man who has the contract for the construction of the trolley system did not arrive until on No. 1 today. Accompanying him were some assistants. Dr. Epperson says the field is clear now and the work will begin at once on the line.

Jesus Armijo was brought down from Mora under arrest for pasturing 150 goats on the Pecca river forest reserve and brought before Commissioner Duckert today. The trial will be later.

Edward Sprieder and W. Bell send in word today from their camp up on the Rio Casa that they have a trout that weighs three and a half pounds. Furthermore, they took a picture of the monster and they say the "camera does not prevaricate."

City Marshal Cutright had a before breakfast this morning. He received word that some fellow was down in Truder's saloon who insisted in owning the place. When the marshal arrived the fellow, who was gloriously drunk, started to run. He was overtaken and brought to the ground by a vigorous uppercut and taken to jail. He refuses to give his name, but is the fellow who was selling the wire pants' hangers here yesterday.

The infantry company were out for a drill last night and made a circuit of the two towns.

C. L. Harris, who has been sick the past few weeks with typhoid fever is able to sit up.

Fred Porfno, deputy United States marshal, and George Langenberg, the forest inspector, came in last evening from their Porvenir trip.

Salome Garcia, sheriff of Union county, brought down Joseph Davis to the asylum for insane yesterday afternoon. He was ordered committed at the last term of court there.

The hearing before Judge Mills yesterday afternoon of the case of Harry W. Lee to decide his sanity resulted in his being committed to the asylum. He comes from Chaves.

It is told here that two children by the name of Medina were drowned in the river at Tremontina last Saturday night. The story says the children were in the house with their mother and a baby, when the storm and water came, and that the mother took the baby up and ran, leaving the children who were drowned.

Mrs. George Chaves, who has been quite ill, has so far recovered so as to allow of her removal to El Porvenir to recuperate.

Rev. H. J. Powell, pastor of the First Baptist church in Albuquerque, stopped over for a short visit with Rev. Bourne today.

An election of a captain by the infantry company was ordered last night and resulted in the unanimous re-election of Captain A. R. Da Costa, who had sent in his resignation. Captain Da Costa has been a most efficient officer, and the adjutant general requested him to withdraw his resignation, which he did today to keep harmony in the company.

D. R. Hunt has resigned as assistant postmaster in the postoffice on the west side and Mrs. Herbert Romero will fill the vacancy. Mr. Hunt will leave for Chicago about the first of August.

Mrs. Petrolino Lucero and a number of relatives came in from Villanueva yesterday and took the remains of Mr. Lucero home last night at 6 o'clock. There were five carriage loads accompanying the remains. Mr. Lucero was 55 years of age and will be buried tomorrow morning.

Plums and apples, home grown, are coming in plentifully on the local market now.

It is a fine boy at B. P. Dodge's and the Armour company is happy.

Rev. Norman Skinner and wife will leave Saturday for an outing at Blake's ranch.

An enthusiastic number of base ball enthusiasts met at the office of Col. R. E. Twitchell last night and organized a semi-professional base ball club to represent Las Vegas. The games will begin at once, probably next Sunday. Fine dark blue uniforms with maroon stockings have been ordered and the team will be one of the best equipped and strongest financially in the territory. It is proposed to have regular Sunday base ball with the best teams that can be secured. The Reynolds' field has been arranged for and the organization will be run on strictly business principles.

Col. Twitchell is the manager, and has brought the national sport to the successful conclusion here. Ed McWenle will be the captain and practicing will begin this evening. It is estimated that it will take about \$250 to launch the team, with an imported battery, and a subscription list has been raised that will bring in a monthly income of over \$200. Las Vegas will now take her proper position as a patron of the national game and will have a team which will be made a winner.

### SUMMER ADVICE.

By One Who Knows.

Keep cool in hot weather.

"How?"

By eating Grape-Nuts every day.

"Rats!"

No, not rats, but a good, sound fact that thousands make daily use of.

Grape-Nuts is a predigested food which makes digestion easy.

It gives the nourishment without the internal heat caused by heavy carbonaceous foods.

You can feel from ten to twenty degrees cooler than your neighbor when you eat proper food that does not overtax the stomach.

Grape-Nuts is made from certain parts of the grain and by mechanical process the starches are changed into grape sugar in the same manner as the stomach would do in the first act of digestion.

The phosphates of the cereals are retained in Grape-Nuts and these and the grape sugar supply the necessary nourishment to body, brain and nerve centers.

Grape-Nuts is a concentrated food giving strength, vitality and coolness to the body and energy and clearness to the brain, in place of the heavy, sluggish, draggy feeling caused by meat, potatoes, etc.

Another point. It is thoroughly cooked at the factory by food experts and saves you the trouble.

You get it from the grocer and by adding cream, it is ready to serve.

No hot stove, no cross cook, no loss of time or exertion as with other food. Its crisp taste with the delicate sweet of the grape sugar makes it pleasing to the palate of the most critical epicure.

The recipe book in each package of Grape-Nuts gives many pleasing puddings, salads, entrees and desserts that can be made.

Worth a trial and a package will prove it.

yet at the resorts in the mountains near the city and all reports are that they are having a jolly time. No place along the White range can boast of more pretty and inviting spots for summer outing than here.

Rains have fallen along the Rio Grande valley above and below us, but in the immediate vicinity of Socorro rains have been very light. However, as long as the farms and orchards have plenty the city has. No complaint.

R. B. Thomas, the portly smelter man of Cerrillos, spent the day here yesterday.

Rumor has it that Jose Torres, a saloon man of the city, is quietly at work to secure the republican nomination for sheriff at the coming election.

Sheriff Blackington has not yet given his consent to make the race for reelection. The doctor is a good officer and deserves what he asks for. Should he conclude not to make the race the party cannot afford to place in nomination any man who is not equally popular in all parts of the county.

W. N. Bailey, George H. Brewer and A. W. Cavanaugh, all good people of Albuquerque, are among the visitors to the city today.

Walter E. Locke will be married in this city soon to an El Paso lady. Walter's many friends will no doubt be glad to hear of his good fortune.

C. T. Brown received this week the patent from the government for some of his richest Black Range mining property and immediately left for the mines, where he will push work on the same. He was accompanied by H. Howell, a graduate of the school of mines, this year.

M. W. Jones, the soap king of Omaha, Neb., has been visiting the local towns of the valley this week. Mr. Jones speaks very highly of the orchards along the valley and wonders where so much fruit will find market, but he was told Socorro's brandy distilleries would look after that.

The erroneous report sent out that Socorro's water supply was effected by the long dry spell will appear all the more ridiculous when it is known that our supply comes from hot springs in the mountains, which is never effected by surface conditions. Our water plant is owned by the city and behind such reports is seen politics, but as our present city administration was elected on non-partisan lines it is hard to fix the party to blame, as none of the local politicians are accused of using and fabulous amount of water anyway.

"I am using a box of Chamberlain's Stomach and Liver Tablets and find them the best thing for my stomach I ever used," says T. W. Robinson, justice of the peace, Loomis, Mich. These tablets not only correct disorders of the bowels but regulate the liver and bowels. They are easy to take and pleasant in effect. Price 25 cents per box. For sale by all druggists.

### FROM SILVER CITY.

Harry's Body Shipped East—Tax Valuation—Attempted Jail Delivery.

Special Correspondence. Silver City, N. M., July 23.—The body of J. C. Harry, who was struck by a bolt of lightning last Saturday and killed, was shipped to his relatives in Missouri last evening. The remains were accompanied to the depot by the members of local lodges of Elks and Knights of Pythias, of which he was a member.

Grant County Assessor Gillett has made a computation of the assessed valuation of the property in this city, and while the mining industries have fallen off considerably this year the figures make a better showing than in 1901. The total valuation in 1901 was \$2,748,917 and this year the assessor returns a valuation of \$2,815,174.

A couple of Mexican prisoners confined in the county jail decided to make themselves scarce in that locality last week and attacked the guard, Jim Dickenson, in the corridors of the jail. One of them got a shovel and a lively time was had for several minutes and they were about to overpower the guard when two or three of the other prisoners came to his assistance and they were forced into their cells and locked up. Dickenson, the guard, was somewhat bruised in several places, but not seriously injured. They are now doing some good hard work on the wood pile and will undoubtedly be kept there for some time to come.

A shooting scrape occurred on the Upper Gila last Saturday, in which Pliny Burdick shot a cowboy in his employ in the chest. It seems that both of them had been drinking some and quarreled on their way from the hot springs to the ranch, a few miles above. Burdick came into Silver City and gave himself up to the officers Sunday and gave bond for his appearance later. It is stated that the cowboy, Jud Neal, who was shot, is not seriously injured and that only a flesh wound was inflicted.

Several camping parties are making preparation for trips on the Upper Gila as soon as the rainy season is over. L. C. Parker a few days ago received a well boring machine and has started to work boring for water on his ranch above town. It is his intention, if possible, to secure an artesian flow of water which he will use for irrigating and other purposes.

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, seasickness, nausea. Pleasant to take. Perfectly harmless.

### CLOUDCROFT

The Roof Garden of the Southwest. The season at Cloudcroft will open on June 1, the lodge, dining hall and lunch counter having been placed under the able management of the popular hotel proprietor and manager, Geo. Waterman.

The fame of Cloudcroft as the premier summer resort of the southwest has been heralded far and wide, and patrons may rest assured its reputation will not be allowed to suffer this year. Extensive improvements have been made in the way of accommodations and out door as well as indoor amusements and entertainment.

For a booklet regarding Cloudcroft, or further information regarding this summer resort, call on nearest coupon ticket agent, or address: A. N. BROWN, G. P. A., E. P. R. I. Route, El Paso, Texas.

# Railroad Topics

A. E. Powell, of this city, route agent of the Wells-Fargo Express company, is in Santa Fe checking up the local office.

Jack Lehan, a machinist in the Las Vegas shops, has resigned his position at the bench and lathe and will go up to La Junta, Colo.

John Lees, a boilermaker at the Las Vegas shops who accidentally ran a file into his knee cap, is able to hobble around on crutches with difficulty.

Conductor Dick Hays has resumed the Las Vegas hot springs run for the summer. Conductor W. F. Fugate is again punching postboard between Las Vegas and La Junta.

The Santa Fe railway has granted reduced rates from Trinidad south from all points in New Mexico, for the consecration of Bishop J. B. Pitaval at Santa Fe on Friday.

Jack Myrick, of the Gallup shop, who was so severely hurt last week, is able to be about, though he still complains of severe pains shooting through his shoulders.

Charles Vidal bought the entire lot of unclaimed packages at the Wells-Fargo auction at Gallup for \$136. The sale was conducted by the traveling agent, Mr. Summers.

Fifteen copper and gold claims in the Zuni mountains belonging to Santa Fe Pacific employees, have been bonded for \$125,000 for three months. A forfeit has been put up.

The railway company is placing in the machine shops at Alamogordo another seventy-five horse power boiler, this will give additional and more satisfactory power for running the large number of machines in this plant.

A corps of surveyors of the Colorado & Gulf (Durango & Clifton) railroad are at work on Blue river, about forty miles north of Clifton. Coking coal has been found on the line between Fort Defiance and the San Juan river.

An eastern railroad company has just been equipped with ten new sleeping cars designed and furnished for the special accommodation of women. The cars are the longest in the service, measuring seventy-five feet six inches.

Mrs. G. P. Tillson, who had been at Las Vegas several days visiting her husband, who is at the Santa Fe hospital, returned to her home in Topeka with her son. She will dispose of their property there and return to Las Vegas, where they will live in future.

J. Stanley Brown, a son in law and secretary of the late President Garfield, has been appointed assistant to President Baldwin, of the Long Island railroad. For a number of years Mr. Brown was assistant secretary of the Union Pacific railway and secretary to E. H. Hariman, chairman of the Union Pacific board of directors.

J. K. Hartline, working in the Gallup shops of the Santa Fe Pacific Railroad company, met with a painful accident the other morning. While grinding some tools with which he was working his left hand was carried under the grindstone and the fingers thereof were badly lacerated, the third finger being nearly severed from the hand. He is about, but it will be several weeks before he will have the use of his hand.

The track and property used by the Santa Fe railroad from Chicago to the Pacific coast are now owned and controlled by one company. A circular has been issued announcing the purchase of the Santa Fe Pacific and the San Francisco & San Joaquin Valley roads, which will hereafter be operated as the coast line of the Atchison, Topeka & Santa Fe road. It was stated in President Ripley's office that the change was one made for the purpose of simplifying the management and the bookkeeping. It was asserted that the Santa Fe previously owned all of the stock and bonds of the two companies and that the purchase meant simply the passing of title by deed.

**Conductors Strike Gold.**—J. W. Stough, of Argentine, is in receipt of a letter from William Nash and J. F. Foster, who are at Baker, Idaho, in the Thunder Mountain district, stating that they had staked on three claims which were producing gold quartz paying \$400 to \$600 a ton. Nash and Foster are Santa Fe conductors on a three months' leave of absence, who were grubstaked by Stough and eleven other Argentine business men. The claims are forty miles from the Dewey mine.

**Strikers at Work.**—The boilermaker apprentices who went out on a strike with the boilermakers at San Bernardino went out to Banning, Cal., where they all have positions cutting apricots for a dryer. They will make \$2 per day while awaiting a settlement of the strike. They are out of their jobs purely in sympathy with the boilermakers and when the settlement is made they will be taken care of by the strikers, as they do not belong to any union.

**Absent Minded Clerk but Determined.**—Grant Webster, a clerk in the office of General Storekeeper Hilton, who left last week for his summer vacation in Colorado, had several kinds of grief getting away from Topeka. He went to the depot without the passes which the Santa Fe had given him and did not discover this error until about twenty minutes before train time. Then he grabbed a wheel that stood near by and after a hot chase to his home, got back just as the train was ready to pull out. In the meantime he had left his coat in the baggage room, and he went on board without the necessary part of his apparel, only to find that he had forgotten it as the train began moving out of the station. He made another hasty flight and after several large efforts got hold of his coat and back to the steps of the rapidly departing train.—Topeka State Journal.

**Cain at San Marcial.**—D. E. Cain, the newly appointed superintendent of the western grand division of the Santa Fe, accompanied by Division Superintendent F. C. Fox, of Las Vegas, and J. F. McNally, of San Marcial, arrived here last Tuesday afternoon by special train. Dr. C. G. Cruickshank, who was in Albuquerque, came in with the officials.

Several of our representative citizens were at the station to confer with the visitors and express their views concerning the needs of the town in the way of new passenger and freight depots. They were cordially received by Mr. Cain and the advantages and disadvantages of the old site in comparison with the one on the opposite side of the Harvey house, as well as the advisability of erecting a separate building for the handling of freight were energetically discussed. This point is still under advisement by the officials, but we have the assurance that work will soon begin on a more commodious and modern structure than the one recently destroyed by fire.

Mr. Cain graciously referred to the united efforts of the San Marcial people to save the property of the company during the recent fire, which had been reported to him in very complimentary terms by Superintendent McNally. It was plain to be seen that every member of the party is a friend to the town, and that all were anxious that the new buildings should be a credit to the railroad and consistent with the growing importance of the town in population and business.—San Marcial Bee.

**Need More Help.**  
Often the over-taxed organs of digestion cry out for help by dyspepsia's aches, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure 25 cents at drug stores.

**"Quien Sabe" Club to Go via the Union Pacific.**

General Agent Griffin, of the Union Pacific, has been notified that that road has been selected as one of the lines of the official route picked out by the "Quien Sabe" club, comprised of the lodges from El Paso, New Mexico and Arizona, representing the southwest, to the meeting of the grand lodge, B. F. O. E., at Salt Lake City. The Santa Fe will be used to Denver. From there the Union Pacific will be used, and the Denver & Rio Grande returning. The club is coming in full ranchero suits and outfit secured from Old Mexico. The leader's outfit is valued at \$1,000. The committee, L. T. Bryant, J. H. Adams, George Ogden and J. J. Sheridan, give the following itinerary: "Our train will leave El Paso, Texas, at 9:15 p. m. August 7; Albuquerque 8:30 a. m. August 8, arriving at Colorado Springs at 6:40 a. m. August 9. Leave Colorado Springs 1 p. m. August 9, arrive Denver 3:15 p. m. August 9, stop at Denver until 1 p. m. August 10, when our cars are to be attached to the 'Elks' Special' train, stop to be made at Cheyenne, Wyo., sufficient time to give greetings to our Wyoming brothers."—Denver Republican.

**STERILIZED BARBER SHOP.**

**A Famous Shop in the Carrollton Hotel at Baltimore, Md.**

The barber shop in the Carrollton hotel at Baltimore sterilizes everything it uses in the shop. The sterilizing is done by heat. The towels, the razors, the strops, the soap, the combs and brushes are all sterilized before being used on a customer. Where there is no sterilization, have the barber use Newbro's Herpicide. It kills the dandruff germ and it is an antiseptic for the scalp and for the face after shaving. All leading barbers everywhere appreciate these potent facts about Herpicide and they use it. "Destroy the cause, you remove the effect."

**"Jag Artists."**

Four beautiful jags got off No. 1 today and disgusted the crowd at the depot with a few antics. They were bound for Albuquerque.—Las Vegas Record.

If the Las Vegas "jag artists" get too gay in this city, it is a safe bet to make that City Marshal McMillin and his lieutenants will have them in the city bastille before they become too thoroughly disgusting to decent people.

**Summer complaint is unusually prevalent among children this season.** A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this remedy in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by all druggists.

**Vermont Democrats Meet.**

Burlington, Vt., July 24.—Democrats of Vermont assembled in state convention here today and were called to order by R. S. Childs, of Brattleboro. A full state ticket is to be named. Indications point to the selection of F. W. McGettrick, of St. Albans as the gubernatorial nominee.

**Vacation Days.**

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, of Swift, Texas. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

**Democratic Pow Wow.**

Boston, Mass., July 24.—There was an exodus of democratic politicians to Nantasket today for the big meeting and dinner of the New England Democratic league, which is to take place this afternoon and evening. The presiding officer will be Mayor Patrick A.

Collins and the list of speakers embraces such prominent party leaders as William J. Bryan, Edward M. Shepard, of New York, Senator Edward W. Carmack, of Tennessee, and Senator Joseph W. Bailey of Texas. While the affair is intended to mark the formal opening of the congressional campaign in Massachusetts, the prominence of the speakers gives assurance that it will not be without its bearing on the national campaign two years hence.

**Don't Fail to Try This.**

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cure kidney and liver troubles, stomach disorders, nervousness, sleeplessness, rheumatism, neuralgia, and expels malaria. Satisfaction guaranteed by all druggists. Only 50 cents.

**Opposition to White.**

West Liberty, Ky., July 24.—There is a lively contest on in the democratic congressional convention of the Tenth district in session here today. Congressman Banford White is a candidate for renomination and is opposed by Judge Amos Davis, of Morgan, and Frank Hopkins, of Floyd.

A wheelman's tool bag isn't complete without a bottle of Dr. Thomas' Electric Oil. Heals cuts, bruises, stings, sprains. Monarch over pain.

**General Porter Returns.**

New York, July 24.—General Horace Porter, who has been enjoying a two months' leave of absence in this country, sailed today on La Savole to resume his duties as United States ambassador at Paris.

**Poisoned the System.**

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. J. H. O'Reilly & Co.; B. H. Briggs & Co.

**Montana Undertakers.**

Great Falls, Mont., July 24.—An interesting discussion is expected before the state undertakers' convention which began here today over the proposition of Butte members of the association for the construction of a crematory in that city for the reduction to ashes of the bodies of deceased persons and also for the reduction of the carcasses of animals and also garbage. There is considerable sentiment against the idea of a joint crematory and a lively debate is expected. The convention is well attended, the presiding officer being E. L. Flaherty, of Helena.

**Treat your Kidneys for Rheumatism.**

When you are suffering from rheumatism, the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Alvarado Pharmacy.

**Sagasta Celebrates Birthday.**

Madrid, July 24.—Senor Sagasta, the Spanish prime minister, was the recipient of innumerable congratulations today on the occasion of his seventy-fifth birthday anniversary. The felicitations came from the young king, from the queen mother and from eminent persons in all parts of the kingdom. The venerable premier is beginning to feel the weight of his years and his desire to relinquish office and retire to private life is no secret. But Spain can ill afford to spare his services. After much hard work he has succeeded in bringing the country's finances and internal affairs into a more satisfactory condition than they have been since the war with the United States. It is interesting to recall the fact that in his youth Sagasta was one of the most vigorous revolutionists and untiring intriguers of his race. By profession he is a civil engineer, and at various times when he has been out of power in the government he has supported himself as teacher or journalist. When he was only 26 years old he was elected to the cortes. He allied himself with the liberals and twice had to flee to France for his life. His first ministry was that of the interior, under General Prim, and since then he has been prime minister time after time.

**The Same Old Story.**

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entire satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by all druggists.

## THE DIFFERENCE!

THERE IS A VAST DIFFERENCE IN SALES. THE PAPERS ARE FULL OF ANNOUNCEMENTS OF SPECIAL SALES OF ALL SORTS AND ALL SORTS OF REASONS ARE GIVEN FOR HAVING THEM.

## Our Semi-Annual Green Tag Sale

HAS BECOME A FEATURE OF OUR BUSINESS AND HAS ALWAYS PROVED POPULAR. THE REASON FOR THAT IS EASILY FOUND AND IS: WE DO ALL THAT WE CLAIM TO DO—WE SELL AT THE END OF EACH SEASON ALL GOODS LEFT OVER AT SUCH FIGURES AS WILL SPEEDILY SELL THEM AND WE HAVE ALWAYS SUCCEEDED IN DOING IT. HENCE THE DIFFERENCE BETWEEN OUR SALES AND SOME OTHERS IS THAT

## Ours Is a Sale That Sells

WE ARE NOT SELLING \$18.00 SUITS FOR \$8.25, \$6.00 TROUSERS FOR \$1.50 NOR \$2.00 SHIRTS FOR 50 CENTS. WE HAVE NO OLD SHELF WORN GOODS TO UNLOAD, BUT WE HAVE AN UP TO DATE AND NEW STOCK OF SEASONABLE GOODS WHICH WE OFFER AT GREATLY REDUCED PRICES IN ORDER TO MOVE THEM. A LOOK AT OUR GREEN TAG PRICES WILL TELL YOU ALL ABOUT IT.
