THE DAILY CITIZEN will be delivered
in the city at the low rate of 20 cents per
week, or for 15 cents per month, when
paid monthly. The rates are less than
those of any other daily paper in the
territory.Let's drop politics until after the ter-
ritorial fair.The worm has turned again. Down
in Tennessee the umpire shot the pit-
cher.A commission appointed to reapportion
Oklahoma has announced the total
population of the territory to be 600,
000, with one representative for every
22,000 people and one senator for every
45,000."Some men are so rushed in this
world," says the Alfalfa Sage, "that if
they were to die tonight they would
want to go down town in the morning
and work until the hour set for the
funeral."The Tucson, Arizona, Citizen says:
"Albuquerque is making great prepa-
rations to hold a big statehood rally
in October and President Roosevelt,
Senator Quay and Senator Elkins are
expected to attend. The Arizona
cause should be represented by a
strong delegation also."The Raton Range says: "Hon. B. S.
Rodey will be nominated by the re-
publicans for re-election as delegate to
congress by acclamation and he will
be re-elected by the practically unani-
mous vote of the people of the terri-
tory. The people of New Mexico want
statehood, which would mean progress
and prosperity, and that is the reason
they will unite in re-electing our pre-
sent delegate."**ANIMOSITY IN SOUTH AFRICA.**
Advises from South Africa have
ceased to treat of stories of the battle-
field with lists of casualties but in-
stead there are disquieting tales of ex-
hibitions of animosity which always
follow the conclusion of war. These
are not confined exclusively to victors
and vanquished. Among the burghers
themselves there are heartburnings
and black looks. Those who fought to
the last ditch express contempt for
their fellows who surrendered in the
earliest stages of the war and bitter-
ness and hatred are not concealed
when the patriot meets a countryman
who aided the British. To the latter
individual belongs the obloquy of the
traitor and it is meted out to him.**KITCHENER'S REWARD.**Great Britain rewards her military
men in a substantial way. When Gen.
Kitchener took Khartoum, crushed the
Mahdist uprising and brought peace to
the Soudan, he received a money grant
of \$150,000. Now that he has won a
peace in South Africa, he is given a
grant of \$250,000, and is made a vis-
count. A year or so ago, when Pre-
toria fell and active warfare was sup-
posed to be at an end Lord Roberts
was made an earl and received \$500,
000. Kitchener probably deserves as
much credit as Lord Roberts; but the
explanation is made that Roberts has
reached the age when he can no longer
continue an active military career,
while Kitchener is still in middle life,
with time to round out his general-
ship and win further substantial re-
wards.**FOR SENATORS.**When the time comes for the elec-
tion of United States senators from the
state of New Mexico, it is to be ex-
pected that there will be a number of
aspirants for the positions. New Mex-
ico is not lacking in the quality of
statesmanship which will enable her
to send representatives to the senate
who would do credit to any state. Nec-
essarily the aspirations of a number of
good men will be cut short by the votes
of the representatives of the people in
the first legislature of the new com-
monwealth. What is needed in the
way of representation in the upper
house of congress is a man of acknowl-
edged probity, dignity and intelli-
gence. Pre-eminent among the citi-
zens of New Mexico in these character-
istics and endowed with an intellect-
uality of the highest order, and yet
modest and retiring in all his ways of
life, socially, politically and in the or-
dinary business affairs of the day, is
Judge Henry L. Waldo, of Las Vegas.
The Citizen knows that Judge Waldo
would not enter into the strife usually
incident to the election of senators, but
it feels safe in saying that the candi-
dacy and election of such a man would
do honor to the new state. Judge Wal-do is not a politician in the ordinary
acceptance of the term. He is a states-
man alive to the necessities of the
state and nation and above all a man
in whom everyone has the utmost con-
fidence.**VIRGINIA CONSTITUTION.**The new constitution of Virginia pro-
vides that no officer of the state or any
political subdivision thereof shall ac-
cept or use a free pass over the lines
of any transportation or transmission
company, under penalty of forfeiture
of office and other punishment. Con-
versely, "No transportation or trans-
mission company doing business in
this state shall grant to any member of
the general assembly, or to any state,
county, district, or municipal officer,
except to members and officers of the
state corporation commission for their
personal use while in office, and frank,
free pass, free transportation, or any
rebate or reduction in the rates charged
by such company to the general
public for like services."Section 4 of the constitution ex-
cludes from the suffrage "persons who,
while citizens of this state, after the
adoption of this constitution, fought a
duel with a deadly weapon, or sent
or accepted a challenge to fight such a
duel, either within or without the
bounds of this state, or knowingly con-
veyed a challenge or aided or assisted
in any way in the fighting of such a
duel."**STONE PRODUCT.**The value of the entire production of
stone in the United States in 1891, as
given in "Mineral Resources of the
United States, 1901," now in press,
United States geological survey, was
\$60,982,060, a gain of \$12,295,405 over
the value of the product in 1900. This
great increase in value was shared by
all kinds of stone. The total value just
given includes also, in order to show
the entire stone production for the
whole country, the values of grind-
stones and whetstones, and for lime
stone for blast furnace flux, which
should not be included properly speak-
ing, under the heading of stone, as
they are reported separately for them-
selves. Lime stone, including blast
furnace flux, showed the greatest in-
crease, from \$20,354,019 in 1900 to \$26,
406,897 in 1901, or 30 per cent. Granite
showed the next greatest increase,
from over \$12,000,000 in 1900 to over
\$15,000,000 in 1901, or over 26 per cent.
Sandstone increased from over \$7,000,
000 in 1900 to not far from \$9,000,000
in 1901, about 24 per cent. The mar-
ble production increased to \$4,965,699
in 1901, or 16 per cent, and the slate
production increased to \$4,787,625 in
1901, about 13 per cent.**When Other Medicines Have Failed**
Take Foley's Kidney Cure. It has
cured when everything else has disap-
pointed. Alvarado Pharmacy.**Raton Has a Locomobile.**Raton is rapidly assuming the pro-
portions and enterprise of modern
eastern cities. Last Sunday "Tohe"
Dennis came steaming into the city
with a handsome \$800 locomobile,
which is now carefully guarded under
lock and key on the east side. "Tohe"
says the "critter" is a little "kittish"
yet but as soon as he has mastered all
its peculiarities he will take his
friends out for an airing. Our poor
neighboring cities can now "go way
back and sit down."—Gazette.**Saves a Woman's Life.**To have given up would have meant
death for Mrs. Lois Cragg, of Dorches-
ter, Mass. For years she had endured
untold misery from a severe lung trou-
ble and obstinate cough. "Often," she
writes, "I could scarcely breathe and
sometimes could not speak. All doc-
tors and remedies failed till I used Dr.
King's New Discovery for Consumption
and was completely cured." Sufferers
from coughs, colds, throat and lung
trouble need this grand remedy, for it
never disappoints. Cure is guaranteed
by all druggists. Price 50 cents and
\$1. Trial bottle free.Dick Kent, a mining man from the
Sandia mountains, near Placitas, was
in the city last night. Mr. Kent is
working the Valley View group of cop-
per mines and says that they are
blocking out a fine lot of good ore.**A Good Reputation.**The way to gain a good reputation is
to endeavor to be what you desire to
appear. That is precisely the way
in which Chamberlain's Cough Remedy
has gained its reputation as a cure for
coughs, colds, croup and whooping
cough. Every bottle that has ever been
put out by the manufacturers has been
fully up to the high standard claimed
for it. People have found that it can
always be depended upon for the relief
and cure of these ailments and that it
is pleasant and safe to take. For sale
by all druggists.**JEMEZ HOT SPRINGS STAGE LINE.**
Stage leaves Trimble's stable on Sec-
ond street, every Tuesday, Thursday
and Saturday at 6 a. m.; quick time. A
relay of stock is kept at Zia. Arrives
at the Springs in time for supper.
Don't be deceived by people who tell
you they will take you just as quick
as the stage, for they won't. Nobody
else has any change of stock on the
route. Tickets for sale at Trimble's.
J. B. BLOCK, Proprietor.**SHAKE INTO YOUR SHOES**Allen's Foot Ease, a powder, it cures
painful, smarting, nervous feet and in-
growing nails, and instantly takes the
sting out of corns and bunions. It's the
greatest comfort discovery of the age.
Allen's Foot Ease makes tight or new
shoes feel easy. It is a certain cure
for sweating, callous and hot, tired,
aching feet. Try it today. Sold by all
drug stores and shoe stores. Don't
accept any substitute. By mail for 25c
in stamps. Trial package free. Ad-
dress Allen S. Olmstead, Le Roy, N. Y.**ARIZONA MINERS.**They Met at Kingman and Elected
New Officers.The election of officers for the ensu-
ing term of the Southwest Miners' as-
sociation was held at the rooms of the
Kingman Miner. The following board
of directors were elected: Thomas Ewing,
president; Frank Monaghan, vice
president; H. G. James, secretary; B.
McCready, F. W. Braun, Gail Borden,
Gordon McLean, E. P. Newton and C.
H. Burcham. The attendance at the
meeting was large and the report of
the president and secretary was quite
interesting. The association has
awakened much interest in the south-
west and has grown to such propor-
tions that new quarters will have to be
found. Arrangements are being per-
fected whereby the association will re-
move to the Chamber of Commerce
building, where more commodious
quarters will be opened up. The old
quarters on First street was too re-
mote for the business in hand and the
removal will be a step in the right di-
rection. Since the accession of Thomas
Ewing to the presidency of the asso-
ciation its membership and financial
condition has improved wonderfully.Builds up the system; puts pure,
rich blood in the veins; makes men
and women strong and healthy. Bur-
dock Blood Bitters. At any drug store.**BUSINESS LOCALS.**Economize by trading at The Econo-
mist.

SPORTS AT CHLORIDE.

Two Days' Shooting by Gun Clubs of Kingman and Chloride.

The two days' shooting of the gun clubs of Chloride resulted in some good scores being made. The Chloride team won the Kingman medal, Kingman being second in the event. The scores cannot be given in full, but the averages made by the teams are given, the fractions of percentages being omitted:

Needles—Duncan, 75; Briggs, 81; Monaghan, 85; Medina, 79; Anderson, 77.

Kingman—Watkins, 84; Gooding, 69; Cole, 60; Maguire, 68; Leutzinger, 86; Ewing, 75.

Chloride—Holmes, 87; Bell, 87; Finigan, 83; Wilson, 76; Krider, 84.

Manvel—Doak, 75; Blake, 73; Heard, 71; Meyers, 59; Brown, 70.

Some of the shooters participated in all of the events, while others took part in but a few. The high scores were made by the men who took part in every event of the two days. Gooding, of the Kingman team, fell down after his gun broke in the first event. The boys all claim to have had an excellent time and were treated right royally by the Chloride gun club and the people of our neighboring town.—Kingman Miner.

Acts Immediately.
Colds are sometimes more troublesome in summer than in winter, it's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Base Ball at Raton.
The ball game at the fair grounds on Sunday between Raton and Grey Creek was at times very interesting, and yet it could not be called a good game. The Raton club showed that they easily outclassed the coal miners, in fact much more so than the score would indicate. Raton has a club that will make the best amateur clubs play ball from start to finish with a little practice, despite the apparent weary condition of some of her base runners. Errors on both sides were plentiful, but taken as a whole the game was passable. The pitchers struck out eight men each. Raton made 13 hits and

Grey Creek 8. The score stood, Raton 11, Grey Creek 7. They play at the latter place next Sunday.—Gazette.

The Same Old Story.
J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entire satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by all druggists.

Big Interlake Regatta.
Toledo, Ohio, July 19.—The harbor and bay are dotted with craft come to take part in the annual regatta of the Interlake Yachting association, to be held during the coming week. Detroit, Buffalo, Sandusky and other cities will be represented in the races. Monday the fleet will assemble off Gibraltar Island and a reception will be held on the yachts. In the evening there will be a smoker at the Hotel Victory, Put-in-Bay. The opening race will be sailed Tuesday over a fifteen mile triangular course for the sixteen to twenty footers. The windward and leeward races will be sailed on Wednesday, five miles and return, for the big boats, and a single course for the small ones. Thursday will be given over to a squadron sail, followed by the annual ball in the evening. On Friday will be sailed the free for all, the course depending on weather conditions. A power boat race is also scheduled for that day. The entry list is large and of a high class, and with favorable weather conditions the regatta should prove one of the best in the history of the association.

We sell the greatest of blood purifiers, Acker's Blood Elixer, under a positive guarantee. It will cure chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Kingman Ball Playing.
The Kingman aggregation of ball players have not yet recovered from the violent exercise indulged in last Saturday at Chloride when they trotted around the diamond for thirty-two runs, while the Chloriders could only make the circuit twice. The mild joshing that the boys of Kingman gave the returned ball players has been the means of keeping them very mum on the subject of ball playing.—Kingman Miner.

Foley's Kidney Cure purifies the blood by straining out impurities and tones up the whole system. Cures kidney and bladder troubles. Alvarado Pharmacy.

Meeting of Game Wardens.
Helena, Mont., July 19.—State Game and Fish Warden Scott has gone to Mammoth Hot Springs, in the national park, to attend an important conference of game wardens. The wardens will discuss matters pertaining to their duties and especially try to bring about uniformity in the fish and game laws. Among the states represented at the conference are Oregon, Washington, Utah, Wyoming, Minnesota and Idaho. Representatives of the Northwest territory are also expected to be present.

Two Bottles Cured Him.
"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Alvarado Pharmacy.

Western Tennis Championships.
Chicago, July 19.—The turf courts of the Kenwood Country club were thronged with devotees of tennis today at the opening of the annual western championship, singles and doubles. The tournament continues through the coming week. First, second and consolation prizes will be given in both

It's Just a Cough

that gets your lungs sore and weak and paves the way for pneumonia or consumption, or both. Acker's English Remedy will stop the cough in a day and heal your lungs. It will cure consumption, asthma, bronchitis and all throat and lung troubles. Positively guaranteed, and money refunded if not satisfied. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

singles and doubles. The winner in singles will meet Raymond D. Little, the old Princeton player, who won the honor last year for the championship. The winners of the first place in the doubles will be the western champions and will be called upon to play the winners of the eastern doubles at Newport next month, and the winners of that event will play at Newport for the championship of the United States.

Vacation Days.
Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, of Swift, Texas. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Tennis Experts Coming.
London, July 19.—The English lawn tennis team, consisting of the Doherty brothers and Pym, sail for the United States today to contest for the American championships. Their first appearance will be at Longwood the latter part of the month.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of 76, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. J. H. O'Reilly & Co.; B. H. Briggs & Co.

BODY IDENTIFIED.

Man Found Murdered near Santa Rosa was J. S. Graham, of Missouri.

The unknown man who was found at Santa Rosa, Mo., June 20, supposed to have been murdered, was identified as W. S. Graham, of Sheridan, Mo. He was identified by his brother, J. C. Graham, and his brother-in-law, W. H. Sanders, of that place. He left his home on June 4, and went to Denver, Colo. He came to Santa Rosa on the night of June 12, and registered at the Holt hotel. He arose about 4:30 on the morning of June 13, and was seen leaving the hotel, it being the last time the man was seen alive. He was identified by his clothing and shoes. The body was exhumed and will be shipped to his home at Sheridan, Mo.

The Best Liniment for Strains.
Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by all druggists.

Happy Marriage.
The Silver City Enterprise says that a highly interesting event took place at 9 o'clock Wednesday evening at the home of Hon. Harvey Whitehill, of this city, when his daughter Miss Ollie plighted her troth to Robert Bell. The ceremony was performed by Rev. H. W. Ruffner, the beautiful Episcopal service being used. Only the immediate members of the family and a few friends were present. Miss Whitehill is one of the most beautiful and popular girls in Silver City, and it was in accordance with the eternal fitness of things that she should be chosen queen of the carnival during Silver City's Fourth of July celebration. On that occasion she was the recipient of unusual honors, which she bore with the same modesty and grace which has made her so popular with her associates. She is a graduate of the new Mexico Normal school, and has been a teacher in the public schools, which position she resigned but a few weeks ago. She is in every way fitted to make a bright, pleasant home, and the groom can consider himself fortunate. Indeed, Mr. Bell is a son of the late John J. Bell, one of the most brilliant lawyers of New Mexico in his day, and is a worthy young man who merits the good fortune which has befallen him.

Bronchitis for Twenty Years.
Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." Alvarado Pharmacy.

Deming has a magnificent school system.

MONUMENTS.

All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO.

Deming water is chemically pure—equal to Poian Springs.

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

We make the best door and window screens. They are far superior to any made in the east at the same price.—Albuquerque Planing Mill company, A. T. Telephone No. 463.

Investments in Deming lots will double and treble in one year.

Bring in your tinware and have it repaired. Albuquerque Hardware company.

Deming has now a large ice plant and electric light system under contract.

BAKING POWDER

Good health depends mostly upon the food we eat.

We can't be healthy if we take alum or other poison daily in our food.

Dr. Price's Baking Powder is absolutely free from alum. It is made from pure cream of tartar and adds to the healthfulness of the food.

PRICE BAKING POWDER CO., CHICAGO.

NOTE.—Alum baking powders induce dyspepsia, liver complaint and kidney trouble. Alum may not kill, but undermines the health, and ill health makes life miserable.

The Santa Fe Central Will Open Up
a Good Country.

MINING MORE ACTIVE.

Since the construction of the Santa Fe Central railroad, started from Kennedy to Santa Fe and to Torrance, mining in the southern part of Santa Fe county is more active, and people are coming to the mountains prospecting, and some with view of investing in some already developed properties, says the American Miner. The building of the Santa Fe Central means the opening of a large country that lies south of the county of Santa Fe, extending for over 100 miles, where large herds of sheep and cattle are kept. The land has been taken up along the line by stockmen, and cattle and sheep ranches will be established along the land, all being the very best for grazing purposes. At Kennedy, and for twelve miles west, large deposits of coal land have been located and opened up. These deposits are large and contain the very best of heating coal. The railroad company will have a large supply of coal for all purposes close to the main line.

The Santa Fe Copper Mining company, to which place a spur of the road will be run, is one of the largest copper properties in the territory. One of the largest modern steel plants was built by the company last year, the smelter being able to treat 100 tons of ore daily. At present the Santa Fe Copper Mining company are only developing the large bodies of ore they have. But extensive operations will not be made until the Central railroad is built to the plant, thus giving the company cheap freight rates on all their fuel used here, which before had to be hauled by small teams, costing the company quite heavily for their fuel, besides not being able to keep the smelter running when bad weather set in. Mr. McCaffery, the able manager of the company, has been putting the plant in the very best working shape, having placed machinery all over the works, thus saving hundreds of dollars to the company. When the plant is once more in operation, large bodies of copper ore have been opened up lately in different parts of the mine.

SAM CIENFUEGOS.

He is Not Dead—Arrived This Morning From Philippines.

A few months ago The Citizen announced, on the strength of information from Manila, that Samuel Cienfuegos, a New Mexico soldier, was dead in the Philippines, while fighting in the Thirtieth Infantry, regulars, for Uncle Sam. The report was false, as was proven by Samuel walking into The Citizen office this morning and personally announcing himself alive. He says he received two bullets from insurgents in a battle near Mandora, the first bullet striking him in the left leg and the next ball entered his body, passing into the left lung. Sam was in the hospital at Mandora for three months, and was then transferred to Manila, where he was in the hospital for three months. He reached San Francisco on the transport Sherman on July 5, and after a rest up there for a few days came on to this city. He will leave tonight for his home at Santa Fe.

BACK FROM RANGE.

Hon. F. A. Hubbell, County School Superintendent, Returns from His Sheep Ranch.

Judge F. A. Hubbell, the well known and popular school superintendent of this county, returned last night from a visit to his well-grassed and well-watered sheep ranges in the Magdalena mountains. He was a pleasant caller at The Citizen office at noon today. Between politics, the judge announced the important fact that the ranges of the Magdalena mountains were, at present, in fine condition owing to recent copious rains and that his flocks of sheep were in prime condition for all purposes. He is pleased with his lambing, and the clip of his spring wool exceeded expectations, amounting to about \$2,000 pounds, for which he obtained the highest market price. The wool was sold to the local buyer, and shipped to Boston the other day.

HALF AND HALF.

Whiskers Were Removed From One Side of His Face.

When No. 2 came in this morning a young man jumped off on whose face was about a week's growth of whiskers. After a hasty lunch he plunged into the barber shop at the Alvarado and the barber began work. The face was covered with lather and one side of his face and neck was shaved when the conductor shouted "All aboard." The young man seized a towel, made one mop at his face, tossed a quarter to the barber and dashed for the train. Shouts of laughter greeted him and the train pulled out with a half-shaven passenger wiping off the lather and comparing the two sides of his face.

To the Patrons and Friends of the Music School.

In view of the conflicting reports which have appeared in the daily papers concerning the engagement of Prof. J. G. McNary, as director of the music school, it seems but just to the citizens of Albuquerque that we make a statement concerning the matter. After Professor McNary had accepted our terms and had resigned his position in the Normal school and the Oratorio society at Las Vegas, the members of the Oratorio were so unwilling to give him up that they at once offered him \$300 additional if he would remain. This offer was so favorable to Professor McNary that he at once asked for his release from his engagement with us. After due consideration of the best interests all concerned it was decided to grant Professor McNary his request for his release.

We desire to state further, that Professor McNary's resignation will in no way affect the establishment of the school of music. Negotiations are already under way to secure a man for the position who will meet every requirement. We therefore ask the patience and indulgence of our friends,

with the assurance that by the time for the opening of the school in September we will be prepared to furnish the highest grade of instruction in vocal and instrumental work as previously announced.

W. G. TIGHT.

International Chess.

Hanover, July 19.—Beginning today and continuing for several weeks to come the eyes of the chess world are to be turned toward this city. The international tournament under the auspices of the German Chess association and the Hanover Chess club commenced this afternoon, when the pairing of the players took place. The actual play, however, is not to begin until Monday. Among the American experts in attendance are Pillsbury, Marshall and Napier. They will test their skill at the game against such well known players of Europe as Blackburne, Mason and Lasker, of England; Janowski, of France; Tschigorin and Alapin, of Russia; Maroczy, Wolf and Marco, of Austria-Hungary; and Tarasch, Miesse, Scheve and Walbrodt, of Germany.

As is the custom in the German congresses, there will be three or four other events in addition to the principal tournament. Among these the chief feature is the so-called Haupt-Tournee, the winner being declared a master and thus entitled to play in subsequent international masters' tournaments, held under the auspices of the association.

Big Crowd Expected.

Tacoma, Wash., July 9.—Final preparations for the national convention to be held in Tacoma next week by the Young People's Christian union of the United Presbyterian church have been completed. Applications for accommodations received by the committee in charge of arrangements indicates an unusually large attendance. At its last meeting the national committee of the organization decided to hold the conventions biennially instead of annually as heretofore and this is expected to increase the number of delegates. Despite the distance, the east, as well as Minnesota, Iowa, Illinois, Michigan, Nebraska and other states of the middle west, will be represented. For the entertainment of the visitors the local Presbyterian churches, aided by other denominations, have made elaborate plans. The sessions are to continue four days, during which time there will be addresses by divines, educators and other persons of wide prominence. Following the close of the gathering a number of side trips have been arranged to points of interest in the far northwest.

On Old Camp Ground.

Tacoma, Wash., July 19.—Everything has been put in readiness at American lake for the encampment of the Washington state militia to be held there during the coming ten days. The camp site is the same as last occupied by Camp Murray in 1892, lying on the east side of the lake on the Olympia branch of the Northern Pacific. Much interest is manifested among the guardsmen as it is the first encampment they have held since 1894. There are at present twelve companies of infantry, and one troop of cavalry in the state organization, numbering about 700 officers and men.

Director of Lunch Stand, all Kinds of Cold Lunch—P. Lamorri.

Balloon Ascension

Under directorship of the famous Professor Bronco.

Committee on Arrangements—L. Gradi, C. Granai, and F. Fraccaroli.

New Leyland Liner.

Liverpool, July 19.—The new twin-screw steamship Hanoverian of the Leyland line sailed for Boston today on her maiden voyage. The new ship is one of the finest of the transatlantic fleet. Her tonnage is about 14,000 tons; length, 601 feet; breadth, 60 1/2 feet, and she has a capacity for nearly 250 first cabin passengers. No other class of passengers is carried, and this gives the largest amount of deck space which is possible for an ocean steamer. There are nine water-tight bulkheads of steel, and the ship is built to Lloyd's highest class, having a cellular double bottom and bilge keels.

A free lunch that is almost a banquet will be served at Zeiger's Cafe tonight. A cordial invitation to be present is extended by Messrs. Quickel & Bothe.

Investments in Deming lots will double and treble in one year.

Cool free lunch at the White Elephant tonight.

New Blacksmith Shop.

THE HUME KIDNAPING.

Special Correspondence.

Las Vegas, N. M., July 18.—General Superintendent Cain went through en route to La Junta this afternoon from a trip over the line to El Paso and Silver City. Mr. Cain is a most pleasant gentleman to talk to, and we predict a successful career for him. When your reporter interviewed him as to the effect the Portales cut off would have on Las Vegas, he replied, "Oh, we know nothing about that yet. It is all in the air. It will be built some day but no one can say when, as even the survey has not been completed, and the completion cannot be approximated." Asked as to how he found the country on his trip, he said: "Prospects are good and everything is in excellent condition. I will be down here again soon and spend a day with Superintendent Fox. I have lots to learn about these parts, but will get them after while." The reporter then said the magic words, "Las Vegas freight rates." He laughingly replied, "Out of my line. I attend to the operation. Besides I am not authorized to talk about the other departments, and if I say nothing, I will have nothing to explain."

Mrs. N. J. Crowley and Mrs. James Young have received from the A. O. U. W. lodge the payment of the life insurance policies held by their husbands in the sum of \$2,000 each. This is quick work, as the holders of the policies have been dead only a few weeks.

The first consignment of ten cars of wool from Belen to the Ross-Brown scouring plant here has arrived. There are thirty more cars to follow.

The celebration of the seventeenth anniversary of the Montezuma club last night was a most pleasant affair. The attendance was not as large as usual, there being only about twenty-five present. Six handed euchre was the amusement, with a little dancing afterwards. Mrs. W. G. Haydon won the first prize at cards. Punch was served a light refreshment.

Judge William J. Mills and Hon. C. A. Spies returned yesterday evening from their trip to Guadalupe and report rain on the return trip.

W. F. White and J. J. Williamson, of Roswell, are in the city for a few days. The gentlemen are making a trip overland in a covered wagon and communing with nature en route.

Miguel Esquivel, president of the Tecolote grant, is in the city today conferring with other members about grant matters.

John Flinn has entered into an agreement to sell to Mrs. S. N. Laughlin, of California, a lot of mining property in the Pecos river country. The consideration is to be \$500.

Charles D. Watson has transferred to Frank F. Zummack Consolidated mines one and two, and a half interest in numbers four, five and six, together with the mill site and water rights registered by him a short time ago in the Rociada district. The consideration is \$2,000. Evidently these properties in Rociada district are becoming valuable.

Francisco and wife have transferred to Aniceto Bustamante a lot of real estate in township 16, this county. Consideration, \$125.

The temperature record for the twenty-four hours ended at 6 o'clock was maximum, 85; minimum, 55; mean, 70. The mean humidity was 48.

Leandro Bles, of Rivera, loaded on too much tanglefoot yesterday evening, got too hilarious and was last night jailed. He was released today on his promise to be good.

The infant of Theodore Chacon is very ill today with cholera infantum. The little one is having a hard fight for life.

F. M. Chacon will leave for Trinidad the first of the week, where he will locate. Mrs. Chacon is expected up from Albuquerque this afternoon.

Miss Mossie Burks, who has been indisposed for a few days, was last evening able to be about.

W. C. Barnes, of Colfax county, Hon. J. S. Duncan and Capt. E. G. Austen, of Las Vegas, the commissioners appointed by Judge Mills to appraise the damage done by the Dawson railway to certain property owners on the right of way, will leave Monday for El Paso to begin work up through the country.

Juan Rudolph, who was thrown out of a buggy in a runaway, Wednesday, and somewhat injured, is reported as getting along nicely and will soon be able to try the horse again.

Rociada and El Corvenir had a fine rain yesterday. San Geronimo, also, had a good shower Wednesday. The rains in the last few days seem to have been pretty general.

J. M. Hay, McFarland and Henry Dinwoody went out on a coyote hunt early this morning. They were successful, too. Three of the little animals were taken, two of them being alive. Mr. McFarland was out riding on mesa the other day and saw one of the animals about two miles from town. The nest was located and the trip this morning during the early hours resulted in the capture. Mr. Hay says he is going to make a pet out of his capture.

W. Jones, who has been here for several weeks, left today for Trinidad, where he will remain. He hails from "Missouri."

Engineer Rice is on the sick list today.

B. Long, a son of Judge E. V. Long is here from California. He came in last night on No. 8.

A. A. Maloney and a couple of workmen went out to Los Alamos morning to do some work for William Frank.

The second chapter of the Hume kidnaping is now finished, and constitutes, in a measure, a victory for Mrs. Hume, as she has possession of the disputed lad. The child was turned over to her this morning by the husband, after she had signed an agreement to let him see the lad when he desired. So much for the second chapter. Now the third has taken the turn expected, the filing of a suit for divorce. The divorce is asked for Mrs. Emma Hume in a petition citing various things, but asking for the separa-

tion on the grounds of abandonment only. There are plenty more reasons that can be injected into the complaint, it is intimated, if the abandonment charge is not sufficient. It is expected that the case will come up at the next term of court if it is not amicably settled in the meantime. An effort will be made to have the divorce go by default, by agreement, but the result cannot be foretold until the clouds blow away.

The attorney for Mr. Hume was seen and asked what they proposed to do in the divorce, if they would file a cross bill, answered that they did not know. He said if they had made the complaint only on the grounds of abandonment they would probably not fight the case, as a divorce would be the only satisfactory way of settling the family trouble, that peaceable relations between the husband and wife would probably be impossible, and a divorce was desired by both parties. It was intimated if the complaint was made otherwise, if more serious charges were made, it would be fought, and a cross bill entered.

The case of Juan Romero before United States Commissioner Bunker for pasturing sheep on the forest reserve was this afternoon sent to the grand jury. Romero was bound over under \$200 bond, which he gave. Geo. Langenburg, the forest inspector and complaining witness, told the reporter he regretted to have to prosecute the cases, but that he intended to enforce the law. He feels if the natives once understand they will be prosecuted for trespassing they will stop causing trouble.

Sheep on the Pecos Reserve.

It is reported that there is a band of sheep numbering about 5,000 head on Dalton creek, about fourteen miles from Santa Fe, on the Pecos forest reserve. A dozen of well armed herders are said to be with these sheep. They are believed to be in the district in charge of Forest Ranger Robert J. Ewing. If these sheep are on the reserve without permission, the attention of Superintendent I. B. Hanna is called to this matter, and steps for their removal should be taken by the proper authorities without delay.

Committee Meeting.

Chairman F. A. Hubbell, of the territorial republican central committee, will call the committee to meet in this city on August 23, for the purpose of selecting place and time for holding the territorial convention to nominate a candidate for delegate to congress. Towns desiring the convention will be asked to submit their proposals to the committee on August 23.

List Increasing.

Numerous additions are being made to subscribers list of the Colorado Telephone and Telegraph company. Some of the latest are Blanchard Meat and Supply company, F. H. Mitchell, S. Vann & Son, Al Coleman, Sanger Sewing Machine company, Watson H. Downs, Vendome hotel, New England bakery, W. M. Bowdish, A. A. Durgin, Emil Kleinwort.

Tree Oils.

We wish to call attention to the fact that we are the sole owners and manufacturers of Tree Oils which we can recommend for catarrh, bronchitis, neuralgia, rheumatism, sore throat, coughs and colds. One size only, 50c per bottle. Page & Voorhees, prescription druggists, next to Postoffice.

The choicest lunch to be secured will be served at Zeiger's Cafe tonight. The proprietors, Quickel & Bothe, invite all to be present.

Our entire stock of colored par-
asols, the finest selection in the
city, will be sold at cost and be-
low.—Golden Rule Dry Goods
Company.

Remember the Store.

The store with the white front—The Lion Store—offers you such goods at such prices which will not be met in any direction.

Statehood cigars, two for 25 cents.

Deming has just been incorporated.

Good enough for anybody!

NEW MEXICO TOWNS

LORDSBURG.

From the Liberal.

There have been rains in every direction from town, but very little water has fallen in town.

Elston Jones, who has been assayer for the Lena Mining company, left Tuesday for his home at Albuquerque. John McCabe left Saturday for Globe on special business. Next Monday he and Miss Ida C. Wilson will be married at the residence of Miss Wilson's sister in that town.

The old tale about there being no passenger traffic over the Southern Pacific in the summer time has gone out. Sunday the passenger train consisted of fifteen cars, and all the passenger cars were filled.

Jack Rutland returned to Grant county this week. Some time ago Jack went to South America, "to make his fortune." On his return he was asked if he had made it, and he said he was blamed glad to get back.

Judge Abbott and W. E. Allen, of the Stein's Peak Mining company, went up to Albuquerque on a business trip the first of the week. They probably will dispose of some of the stock of the company while there.

Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dizziness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. J. H. O'Reilly & Co., B. H. Briggs & Co.

RATON.

Brutal Special Policeman—New Railroad—Totally Blind.

Miss Hope Brackett, who recently underwent an optical operation in Denver, was brought home by her sister, Mrs. H. E. Porter. The operation proved futile and she is now totally blind.

Mrs. Dr. Tansy, a health seeker from Chicago, who has spent the past six months in Raton, leaves for Denver, where she will be joined by her husband. Her sister-in-law, Mrs. Alsop, accompanied her.

A. L. Moon and wife, after spending a week in Raton, left for Las Vegas. Mr. Moon is the general organizer of the Fraternal Brotherhood and he and Mrs. Moon did a great deal of good for the Raton lodge while here.

G. E. Burford, cashier of the Citizens' bank of Mulhall, Okla., is in the city investigating the opportunities for business, and may make this his home. He is formerly from Appleton City, Mo., and has met here several old friends from the same place.

Thursday night Frank Dohman, a special policeman, got himself into trouble—which for a time threatened to be serious—by using his club over the head of an unoffending man. Dohman was pursued by more than 100 men, rocks and other missiles were hurled at him, and he barely escaped his pursuers unharmed. Dohman has been "keeping peace" at the merry-go-round since the Fourth of July, but his services as a peace officer will doubtless be discontinued.

Thomas B. Harlan and Max Koehler, representatives of the St. Louis capitalists who will invest money in the building of the Cimarron River & Taos Valley railroad, which will run from Raton to Taos, via Colfax county's leading gold mining camp, returned to Raton this week from a trip over the proposed route. The gentlemen are perfectly satisfied with the possibility of the line, and give assurances that the work of building will commence in a very short time. Mr. Harlan is yet in the city, arranging for concessions from the Maxwell Grant company and Mr. Koehler returned to St. Louis the first of the week.

"I am using a box of Chamberlain's Stomach and Liver Tablets and find them the best thing for my stomach I ever used," says T. W. Robinson, justice of the peace, Loomis, Mich. These tablets not only correct disorders of the bowels but regulate the liver and bowels. They are easy to take and pleasant in effect. Price 25 cents per box. For sale by all druggists.

CERRILLOS.

Rose and Wells Resign Their Positions—Birding Party at the Neils Home.

From the Register.

Fred North has resigned his position as assayer at the Cerrillos smelter.

James Bertone is out on crutches and says his broken leg is doing as well as could be expected.

J. P. McNulty is again able to be on the street, but is carrying his hand in a sling on account of the snake bite received last week.

C. W. Rose and resigned his position with the Cochiti company, at Madrid, and expects to leave here about the first of next month. A report has been circulated by interested parties, to the effect that he had been discharged. This is absolutely false, as he leaves by his own request for the purpose of taking a more profitable business.

The other day Master Bonnie Neils celebrated his ninth birthday anniversary by entertaining a large number of his young friends and playmates at a birthday party. At noon a dainty dinner was served by Mrs. Neils and presided over by Judge Neils, with the lordly air which his experience on the bench has taught him to assume on such occasions, and the youthful participants did ample justice to Mrs. Neils' excellent cooking. Late in the afternoon the young folks departed, wishing Master Bonnie many happy returns of the very pleasant occasion.

We regret very much to hear that Superintendent J. L. Wells has severed his connection with the Consolidated Mining & Smelting company. Mr. Wells is an honest, upright, public spirited citizen, who has done as much for our town since he came here as any man in it, and it will be a matter of general regret in the community if he should decide to move away. As a

metallurgical engineer he has no superior in his line of work, and the perfect manner in which the smelter has been constructed in every part is greatly due to his ability and conscientious devotion to the company's interests. Some time ago an altercation arose between Mr. Wells and some of the officers of the company in regard to the transfer of some property, which caused a breach between him and the company and led to his resignation. Mr. Wells has no definite plans as to where he will go, but has business interests which will compel him to remain here for some time, and we very much hope that circumstances will warrant his remaining a citizen of our town.

Don't Fail to Try This.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cure kidney and liver troubles, stomach disorders, nervousness, sleeplessness, rheumatism, neuralgia, and expels malaria. Satisfaction guaranteed by all druggists. Only 50 cents.

SPRINGER.

Personal Paragraphs Regarding People of a Northern Town.

From the Stockman.

Mmanuel Arellano was in Raton transacting business.

Rev. B. F. Baker left for Missouri and Iowa on business, expecting to be gone ten days or two weeks.

A. C. Voorhees, a Raton attorney, came down from Raton in attendance at the funeral of J. W. Eschenour.

C. R. van Houten came up from Las Vegas, leaving for his ranch at Cimarron just after breakfast.

Mrs. Juan Sandoval and son, Ramon, of Raton, returned home, after a short visit with relatives here. Mrs. Sandoval had not been in Springer for about nine years.

Frank Briggs, C. J. Gavin, Robert Campbell, W. D. Kershner, W. G. Hughes, Henry Jones and a few other Elks came down from Raton and were in attendance at the funeral of J. W. Eschenour.

Those attending the Fourth of July celebration at Raton from Springer were: Mr. and Mrs. Robert Johnson, James Gillespie and family, J. T. Townner and W. K. Irwin. All report having had a splendid time. C. J. Gavin seemed to be the leading figure in seeing that all visitors were made comfortable and enjoyed themselves.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. Alvarado Pharmacy.

SANTA FE.

From the New Mexican.

A cloudburst in the Espanola valley yesterday afternoon washed out a forty-foot bridge on the Denver & Rio Grande railroad and there will be no train until tomorrow morning.

This forenoon between 200 and 300 children above the age of 7 years were confirmed at the cathedral by Archbishop Bourgade. The stately edifice was crowded with parents and other relatives of those confirmed.

Real Estate Agent Elias Brevoort says that within the past few days he had inquiries for twenty to thirty modern cottages such as the Hincley cottages on Johnson street that rent from \$20 to \$25 a month. Not being able to supply them, all of those people left for other parts of the southwest.

F. B. Barbee and sister, Miss Mary Barbee, of Auburn, Ill., are the guests of Mr. and Mrs. Alan McCord. Miss Barbee comes here for her health and her brother will locate here if he finds a business opening. He was a resident of the territory at Fort Wingate, Gallup and Albuquerque three years ago.

Prof. W. G. Tight, president of the New Mexico university at Albuquerque, was in Santa Fe yesterday afternoon to meet Professor McNary, of the Normal university at Las Vegas. President Tight made Professor McNary an offer to come to Albuquerque to take charge of the conservatory of music which is to be established in connection with the New Mexico university, but it is understood that Professor McNary declined.

FEED THE CHILDREN.

Learn What to Give Them.

People with weak children should look to food for making the youngsters stout and healthy. Scientific selection of food is the true way to health.

A mother speaks of her experience in feeding children. She says, "About two years ago our little 2 year old Isabella was taken with stomach and bowel trouble. She was so very low at times that we despaired of her ever recovering."

She could not digest the lightest kind of food. She lingered along from August to November in that condition when I decided to try Grape Nuts in small quantities three times a day. I poured boiling water over them and let them stand five minutes to soften, then added sweet cream and a very little sugar.

Well, from that day, the 15th of November, 1898, until now we have never had to give her a drop of medicine and she is the picture of health. So also is my little boy now 2 years old. He has lived on Grape Nuts ever since he was 1 year old and is the stoutest little fellow you nearly ever saw."

Nearly everyone asks what I feed the children for they are so big and healthy.

Our 12 year old daughter began to have headaches about last Christmas and we put glasses on her. She got some better but was still very poorly. Finally I took away most of her food and put her on Grape Nuts. She steadily improved and is now able to go to school regularly and is quite well. Name given by Postum Co., Battle Creek, Mich.

Look for free recipe book in each package of Grape Nuts.

SAN MARCIAL.

Nice Party at Home of J. E. Nichols—Local Paragraphs.

San Marcial, N. M., July 16.—A party was given in honor of Misses Mabel and Maggie Tweed at the home of J. E. Nichols. Those present were Misses Bessie Hitecheck, Minnie McConch, May Watkins, Della Barton, Edna Manning, Rhea Price, Katie Horn, Lizzie Hockett, May Crawford, Rosa Pelton, Mabel and Maggie Tweed, Louis Friend, Luin Nichols, and Messrs. John Barton, Mr. Love, Jay Watkins, Sidney Hockett, Charles Hanna, John Gallagher, George Lyle, Lawrence Broyles, Misses Mabel and Maggie Tweed will leave here next week for their future home at Alamogordo.

Yesterday evening we got a little sprinkling, but as usual not too much to hurt the ground.

Henry Russell came in from his ranch this morning and this evening such quick trips as this is what Mr. Russell pays to San Marcial.

The Santa Fe pay checks arrived here today.

The Indian fountain at Albuquerque has been brought down here and will be put in the park.

Charles Owings, head miller of Belen roller mills, came down yesterday morning and returned to Belen this morning with his wife and family.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of the scribe. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this remedy in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by all druggists.

Insanity Due to Nervous and Mental Troubles.

Paine's Celery Compound.

The Great Tower of Safety and Rock of Health in the Hot Weather.

Nervous diseases when aggravated by mental disturbances produce more causes of insanity in the hot weather than at any other season of the year. Nervous headache, nervous dyspepsia, sleeplessness and chronic constipation induce depression of spirits, extreme weakness, morbid fears, despondency and languor; from these dread insanity comes slowly and surely.

Nervous sufferers have a dread of hot weather. Finding themselves deeper in the pit of misery than they were in the spring and early summer, they are in utter despair.

There is hope for you, dear reader, if you are one of the sufferers. You stand in need of Paine's Celery Compound, that great builder of the nervous system. Its vitalizing action commences with the first bottle you use. The volume of blood immediately increases in the arteries, and the body is fully fed and nourished. Your appetite becomes regular and natural, the nerves and brain are strengthened, and you have impulses of health that cheer the soul.

This remarkably remedy will truly meet your case and give you a new life; it will lay the foundation for happiness and long years. We counsel you to try this marvelous summer health restorer at once, and enjoy the blessings of health.

Sound kidneys are safeguards of life. Make the kidneys healthy with Foley's Kidney Cure. Alvarado Pharmacy.

SILVER CITY.

Improvements Going On—Miss Ollie Whittehill Married—Other Items.

Silver City, N. M., July 18.—The contracts for the improvements that are going to be made on the Tinney house which was recently purchased by parties in this city to be converted into a sanitarium, have been let and the work will be commenced right away. Nearly \$10,000 will be spent in improvements on the property by the new owners. The property was bought by Mrs. O. S. Warren and some associates.

James Gillett returned from California on today's incoming passenger train. It is reported that Mr. Gillett will make a run for a county office on the democratic ticket this fall.

Charles Merrill has accepted a position with E. Cogrove, the hardware merchant.

Joan Card, who has been in the employ of E. Cogrove for several years, left last evening for St. Louis, where he will take a position as traveling salesman for a large wholesale hardware company. He will make New Mexico and Arizona.

The many friends of Eugene Mitchell who is now located in El Paso, will be pleased to hear that he will in the near future return to this city and has accepted a very fine position here.

The Silver City baseball team will go over to Fort Bayard to play the Fort team on next Sunday.

The wedding of Miss Ollie Whittehill and Robert Bell took place at the home of the bride's parents in this city last Wednesday evening. The bride is well known in this city, having been born here. As a test for her popularity and the numerous friends she possesses in this city, she was elected queen of the Elks' carnival held here on the Fourth and fifth of July. The groom is a young man who has been raised from childhood in Silver City and has many friends.

The quarterly statement of the treasurer of Grant county just published for the quarter ending June 30, 1902, shows a balance on hand of over \$42,000. It shows a total collection for the quarter of \$33,273.56.

BAD BABIES

Are often only hungry babies. They cry and fret because they are ill-fed. The healthy mother is sure to have good babies; babies that coo and sleep and grow. Mothers who use Doctor Pierce's Favorite Prescription, are generally healthy and happy, and have healthy, happy children.

"Favorite Prescription" prevents nausea, soothes the nerves, promotes the appetite and causes sleep to be sound and refreshing. It gives a great physical vigor and muscular elasticity so that the baby's advent is practically painless. It is the best tonic for nursing mothers, restoring strength and promoting an abundant flow of nutritive secretions.

"I can cheerfully recommend Dr. Pierce's Favorite Prescription as one of the best medicines for women," writes Mrs. Mary Murdock, Murdock, of 105 Woodland Ave., Topeka, Kan. "I consider it the best medicine made. I know it has no equal. I am the mother of ten children and only one living—the tenth one. She is one year old and is as well and hearty as can be. She is a beauty. Of my other babies, one lived to be one year old, but she was always feeble. I tried different doctors, but none of them could tell me what my trouble was. They said I was well and strong. I was examined by surgeons but they found nothing wrong, and they were puzzled to know what my trouble was. I did not know what to do, so I thought this time I would try Dr. Pierce's Favorite Prescription. I took it the entire nine months and now have a fine baby girl, and I cannot praise your medicine enough for the good it did me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are easy and pleasant to take. A most effective laxative.

The Prevailing Fad.

For the occult, the mythical and the astrological, has inspired a clever designer to utilize the idea by producing a series of twelve unique and beautiful designs for birthday pillows. Zodiacal sign, the ruling planet, the gem to be worn, the appropriate flower, the astral colors and a jingling rhyme referring thereto, all well arranged and tinted in colors, ready to embroider. Price for top and back, 65 cents, at the Economist.

Jemez Hot Springs.

The public is invited to visit the famous health giving springs. First class accommodations can be found at the Stone hotel. Bathing, good trout fishing and beautiful scenery are only a few of the attractions of this delightful resort.

MRS. OLIVE CORCORAN, Stone Hotel.

Rubber in Your Dollars.

If there's any time in the year when you can stretch your dollars out, it's now.—The Lion Store.

Deming will be the great smelter center. Two large plants will be installed within the year.

Deming has increased 50 per cent. in population in four years.

We are sole agent for Wheeler & Wilson sewing machines, the best on the market. Albert Faber, 305 Railroad avenue.

Statehood cigars, two for 25 cents.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the south west and cattle men all know this.

In Deming the demand for rental houses is five times in excess of the supply.

Deming! Have you been there? If not, you should get there for the big sale of lots on the 17th of this month.

Deming is the great mining center of the southwest.

Just received a large shipment of Japanese and Chinese matting. Albert Faber, 305 Railroad avenue.

UNIQUE DISTINCTION.

New York Now Has the Temporary National Capital.

SCHWAB'S NEW HOME.

New York, July 19.—New York enjoys the unique distinction of having the capital of the nation temporarily situated in the state since President Roosevelt is spending his vacation at Oyster Bay. It does not seem, however, as if Mr. Roosevelt is having much rest, for his vacation is pretty well sandwiched between business, and the staff of assistants seems not only as busy as ever, but has been increased by several members since the president arrived at Sagamore hill the first week in July.

Politicians are wondering if wonders will never cease in New York. The latest sensation is the reported intention of ex-Chief of Police William S. Devery, by his friends, to become the leader of Tammany hall. This seems all the more surprising from the fact that Tammany owes its defeat at the last mayoralty election largely to Mr. Devery. Old timers laugh over the matter, and new broom men shake their heads, but admirers of the ex-chief say that "touchin' on and appertaining" to the leadership, to use a famous phrase of Mr. Devery's, he will get it, for the big fellow never went after anything he didn't get. He is going to qualify for the shoes of Richard Croker by capturing the leadership of the Ninth Assembly district, then he is going to make things hum. The outcome will be watched with interest.

If credence can be given to the various reports the democrats are going to have a more distinguished number of stump speakers this year than they have had before in many years. From a source supposed to be reliable and trustworthy it is stated that Edward S. Shepard, who ran against Mayor Low at the last municipal election, has promised to make several speeches in the interest of the democratic state ticket. Lewis Nixon is also included in the list and while no itinerary has yet been considered for the former Tammany chieftain, it is said that he will probably address gatherings in all the large cities of the state.

It is the present plan of the city to build at once, at the foot of East Twenty-third street, an immense public floating bath to accommodate at least 18,000 at a time. The dock department owns a block of property at this point and an immense floating dock would be a great improvement to the property. The appropriation required for this undertaking would be about \$200,000. Hitherto the average amount the city has paid for its floating baths has been about \$18,000.

Plans are running along nicely for the construction of Chas. M. Schwab's palatial residence, which will be the finest in New York. This is saying a great deal, when one considers the magnificence of such mansions as those of Andrew Carnegie, John Jacob Astor, the Vanderbilts, Gery's and others. Mr. Schwab's residence will be notable also for the reason that it will not be along Fifth avenue, where the majority of the show houses of the city are situated. It will be in the style of the French Renaissance and the Chateau de Blois, and the Little Trianon, both palaces of French kings, are to be its patterns. The cost will be about \$3,500,000. The grounds will be laid out in drives, walks, fountains and an Italian garden. On the interior will be lavished the best that can be found in the architecture of Europe, several artists and sculptors now being abroad at Mr. Schwab's expense, studying various famous models for the purpose. In the basement will be swimming pools, auto rooms, pool rooms and electric and refrigerating plants.

Through Ellis Island, the "gateway of America" more immigrants passed during the fiscal year just closed than have entered this country in any previous year. In all 493,343 foreigners were allowed to enter the port, and from thence allowed to scatter through the land. This is an increase over the previous year of nearly 27 per cent.

The interest which W. A. Street has taken in the Chicago corn market has been rather the interest of an observer than of a participant. The street wonders whether the powerful and daring speculating prominent in the engineering of the corn movement will be able to repeat their former successes in stocks. The history of speculation shows that, while it is possible to make a profitable corner in a stock, the total issue of which is known and registered, it is quite another thing altogether to engineer a profitable corner in a food product, the supply of which cannot be definitely determined.

Some of the handsome new public buildings, of which so much has been written are nearing completion, to the delight of New Yorkers, who rejoice in nothing more than to show their great structures to visitors to the metropolis. The new stock exchange and the new chamber of commerce are now practically completed, so far as their exteriors are concerned, and they will be notable additions to the Wall street district. The foundation of the new custom house building is now virtually completed, and a part of the Fifth avenue front of the public library building is now in place, so that some idea may be formed of what will be the surpassing beauty of this great structure. The extraordinary horse shoe building on the triangle at the junction of Broadway and Fifth avenue now looms up over Madison square and has become one of the sights of the city.

New Yorkers were no sooner startled with the grateful intelligence that John Masterson Burke had contributed \$4,000,000 to found a home for convalescents than it learned that he has been driven by impotent mendicants to seek health and quiet at Nantucket, Mass. Mr. Burke is 90 years old, and as a cold which he recently contracted has been aggravated by the visits of beggars, cranks and others, it was deemed wise to remove him from his city home.

It has been decided by organized labor here to "unionize" Coney Island

this season. A large number of the hundreds of thousands of New Yorkers who visit the resort every summer are members of organized labor and for years Coney Island has swarmed with non-union waiters, bartenders, chorus girls, and other workers. A campaign has at last been decided on, and committees will visit the resorts and organize the waiters, waitresses, singers, etc., until Coney Island is a union place.

The social influence of New York, it seems, is being extended over to the capital, where all things are considered to be comme il faut. It is reported that the postoffice authorities there, following the plan of some New York social leaders, will issue a series of small 2-cent stamps to be used on envelopes containing visiting cards and petite notes. These miniature stamps will no doubt be very popular on account of the prevailing custom all over the country of sending cards of congratulation, condolence, farewell, etc., but New York claims the credit for the innovation.

K. G. M.

EVERY WALK IN LIFE.

Albuquerque Citizens Appreciate "The Little Conqueror."

Every class of citizen has sick kidneys. The busy business man rushing through life on the run fails to realize the constant strain he daily puts upon the kidneys. The mechanic forced to assume unnatural positions, stooping and straining at his work, does not know that his backache is simply kidney ache. The clerk on his feet continually, leaning over a counter or desk; railroaders, conductors, engineers, street car men subject to constant jarring, all have backache from the kidneys. Women at their household duties, boys and girls at play overtax their kidneys and give them more work than they can do. 'Tis a fortunate thing the kidneys warn you when in trouble; that they cry out for help; don't neglect the warning; don't neglect a bad back. A lame, weak or aching back, if neglected means future trouble. Doan's Kidney Pills kill every form of kidney ill, cure a bad back and make sick kidneys well. Doan's Kidney Pills are endorsed by people you know. Read what a Kansas City citizen says:

Mr. H. T. Hazen, of 1007 Grand avenue, Kansas City, blacksmith employed at the Urie Mining and Machinery Co., says: "I suffered from most depressing pains in my back, so much at times that I could scarcely attend to my work, could hardly get out of bed mornings and could not ride on street cars, for the least jar meant excruciating pain. There was also a weakness of the kidneys, which caused me inconvenience and distress, besides breaking my rest at nights. I saw Doan's Kidney Pills advertised, and tried them. The treatment effectively and promptly relieved me of the pain in my back, and the other annoyances entirely disappeared. There has not been the slightest recurrence since."

Just such emphatic statements can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburg Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Strikers' Side of the Strike.

The Santa Fe striking boilermakers have even a bigger story to tell over the quitting of the three boilermakers, says the San Bernardino Transcript. Instead of being incompetent, as is rumored, the strikers claim that the men were among the very best of the present force engaged in patching boilers. One of the men a union man. He claims that he was loaded into a car at Sacramento while under the influence of liquor and never came into his right senses until he found himself in the box car hotel in the local yards. He concluded to work the week out. When he got ready to quit yesterday one of the officials stood him up in the corner and told him numerous things. Among them he said that the boilermaker was a traitor. The other two men who quit are not union men, but they are going to join the union. The strikers claim that they will have cards before they leave the city.

Cut this out and take it to all druggists and get a box of Chamberlain's Stomach and Liver Tablets. The best physic. They also correct disorders of the stomach. Price 25 cents.

The Texas Strike.

The strike of the machinists on the Gulf, Colorado & Santa Fe system in Texas is general and may result in a complete tie up of the system in this state. Not only have the machinists and their helpers struck, but the boilermakers and blacksmiths, with their helpers, have quit, refusing to work with nonunion machinists. At every point on the main line and branches the men are out. The managers declare that they do not intend making any concessions and have ordered that all the strikers be given checks for their time. The men are equally determined, and there is little chance of any immediate settlement.

400 Men Out at Cleburne. At Cleburne a few more men went out on Wednesday and some were brought in by the Santa Fe company to take the place of the strikers. The situation is as follows: Four hundred

Low Coughs

At first a high cough, all in your throat. You neglected it. Now it is down deep in the chest. That means a low cough, a lung cough, bronchitis. Ayer's Cherry Pectoral controls the inflammation, heals the torn membranes. Talk this over with your doctor.

"Only half a bottle of Ayer's Cherry Pectoral cured me of a dreadful cough which had lasted for over four years." —Mrs. J. L. Johnson, Winnie, Va.

25c, 50c, \$1.00. J. C. AYER CO., Lowell, Mass.

men out and forty men taking strikers' places. The local officials have been forced to kindle fires in engines, due to the fire builders joining the strikers. The men say they will not work with "scabs." It is understood that other orders will go out. The company has a strong guard of men about the shops.

No False Claims.
The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. Alvarado Pharmacy.

NEW MEXICO MINING.

Camps Near Silver City are Doing Well This Year.

The Denver News correspondent, writing from Silver City, says: The Michigan-New Mexico Copper company is working a new force of men on their properties in Lordsburg and at a very slight depth in the hillsides have struck large ore bodies. The hillsides surrounding the mines are covered with piles of ore of good grade.

The Lena Mining company, owner of the famous Miners' Chest mine, has suspended operation and closed down the mill, owing to a difference among the directors. As this mine is a paying proposition, it is likely the shut down will be of short duration.

A large body of carbonate ore was struck on the Atlantic property last week on the strength of which the management will immediately erect a steam hoisting plant on the Blue Bird mine from which good ore has already been taken. On account of the shortage in the water supply the work of concentrating the ore cannot be done continuously, a source of great trouble to the company.

Several shafts on the property of the North American Mining company are being sunk to a depth of 400 and 500 feet under the supervision of D. W. Briel of Shamokin, Pa., an experienced mining man. T. A. Lister of Williamsport, Pa., president and manager of the company, is well pleased with the outlook and is sparing neither labor nor expense. The property comprises six claims, the ore from the Cobra Negro mine averaging about \$30 per ton in copper and paying values in gold and silver.

At the comparatively shallow depth of fifty feet, W. J. Morris, owner of the Martha mine, has just struck gold ore valued at \$1,000, and it seems to be quite plentiful.

Scarcity of water has caused the closing down of the mill of the Wilson Milling and Mining company at Volcano. As soon as the rainy season sets in operations will be resumed and greater depth will be reached as the values increase accordingly, both in gold and silver.

There is a well defined rumor that Granite Gap has been sold during the past week, the consideration being in the neighborhood of \$50,000. This property has been a steady producer for more than twenty years.

J. F. Graham, the Denver mining magnate, is in the city inspecting the property of the Helen Mining company at Graham.

The Finest Fabric

made by human skill is coarse compared with the lining of the bowels. When this tender membrane is irritated we have griping pains, diarrhoea and cholera morbus. Whatever be the cause of the trouble, take Perry Davis' Painkiller according to the directions with each bottle. Travelers in all climates carry Perry Painkiller in their gripsacks. Large bottles 25 and 50 cents.

Rock Island Appointments.

Effective Wednesday, J. M. Norton, commercial agent of the Rock Island, with headquarters at St. Louis, becomes general agent in direct charge of all freight and passenger business of the "St. Louis line."

The appointment was announced by a circular issued by George L. Sands, vice president and general manager. The "St. Louis line" is the name for the St. Louis, Kansas City & Colorado railroad, recently purchased by the Rock Island.

H. F. White, formerly chief engineer of the Burlington, Cedar Rapids & Northern is to be engineer of maintenance of way for the Rock Island. F. J. Spaford, formerly superintendent of telegraph for the Burlington, Cedar Rapids & Northern, is to be assistant superintendent of telegraph for the Rock Island.

Treat Your Kidneys for Rheumatism.

When you are suffering from rheumatism, the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Alvarado Pharmacy.

A RECORD BREAKER.

Many Fashion Novelties Have Been
Produced This Summer.

WHAT IS WORN.

New York, July 19.—The summer of 1902 will go down in the history of fashions as a record breaker in the matter of producing novelties. In fact with all the beauty of summer modes, it may be said that modistes have depended chiefly upon the little elegances for the smartness of the ensemble. There have not been many types of the summer girl, but she has been versatile, accepting only the original features of fashions and clinging not long to any pronounced style.

The mode which retains its hold upon the popular fancy longest is the short waist suit. This implies not necessarily, a plain skirt and shirt waist, for the bodice, like every other feature of fashion has been elaborated upon until it has developed into a wonderful creation, displaying the intricate handwork and trimming of the most delicate textiles.

Shirt waist gowns in the finer materials have the blooses trimmed with bands of embroidery, or some times, the entire affair is a series of alternating bands of insertion and silk mull.

The skirts, in keeping with the blooses, are embroidered and finished with deep flounces of embroidery. Some very dainty costumes in white organdie built over taffeta have yokes composed of strips of the organdie joined by a fancy stitch, and from the yokes the flange of the skirt depends, gathered or the full all around to hang in bewitching confusion about the feet.

Constantly the modistes are evidencing by the outlines of fashion, the influence of physical culture upon the feminine mind. The very exercises that are practiced to lend grace and dignity to the figure are studied, and the result is an effort on the part of the dressmakers to bring into effect such styles as will emphasize the beauty of this training.

Probably to this fact as to no other may the long, flowing, clinging lines of the past few seasons be attributed.

The greatest novelty of fashions just now is in belts, neck trimmings and such tiny accessories. There are so many ways of arranging ribbons and lace about the throat, that it is possible to wear a single ribbon several consecutive times, and were it not for the color, the trimming would be unrecognizable. For instance with a shirt waist costume of pongee silk, the blouse is embellished at the neck with a "wind" of turquoise blue ribbon. One day the ribbon is brought simple around the throat, tied in a simple bow and the ends allowed to hang unconfined, to the belt. The next day, the order of things is reversed and the ribbon is fastened at the back, all the ends being gathered up into a huge, but dainty choux. Again the trimming is shifted to the front, the ends being simply drawn through a ring at the throat, then tied at the bust-line, and

the ends doubled into small tight knots which are pierced with stickpins and secured to the bodice at all.

With the addition of a tulle or chiffon bow, it is therefore possible to accomplish wonderful results with very scanty material.

Quietly, but to the evident satisfaction of all, the ribbon belt is taking the place of the leather one, except in outing or athletic costumes. There is such a soft beauty about the ribbon affair, so much femininity and grace, that it makes a special appeal to the woman of fashion who this year is eliminating as much of the masculine in dress as she endeavored to take on a few seasons past. On the simplest lawn or the most elegant silk the ribbon belt is en vogue. It is brought around the waist and tied either in a bow and drawn through a gold circle and allowed to fall in studied carelessness to the hem of the gown.

Girdles that are composed both of ribbon and lace are lovely and found in the wardrobe of every well-groomed woman. The lace is applied over the ribbon entirely as it extends around the waist, but on the streamers, there is simply an edge on either side, with medallions at the end.

Hand-painted belts are delicate and pretty. They are worn with more expensive gowns, but embody the elegance which characterizes the season's modes.

Although there is only a little over a month of summer yet before us, many white gowns are being made. These are of heavier materials, however, and will be seen until very late in the fall. In fact it is predicted that light colors will be in greater vogue during the coming winter than they were last season.

Indeed the woman of fashion is going to make a specialty of color, they tell us. It is certainly a most fascinating and interesting study in its complex influences and modistes claim that by encouraging this contemplated fad, they will experience less trouble and fair woman will be better able to understand her physical and emotional idiosyncrasies and be helped to the ways and means of developing these on the highest lines, therefore rendering more subtle the art of perfect dressing.

Very few of the summer fashions will be carried over for fall and winter use. The trend of the times is toward originality and absolute newness, with the display of exquisite taste and absence of eccentricity. Lace gowns, and coats though will be among the few novelties of summer that will rage in winter. This is due to the fact that it is ever possible to find something unique in this line and thus the monotony of already shown designs is avoided. Gowns that are not made entirely of lace are elaborately ornamented with it and the effect is stunning. One very dainty model in twine colored voile de sole, which by the way, is one of the latest and most popular summer fabrics, is laid in many tucks and plentifully appliqued. There is a yoke of lace on the bodice, and below this the fabric is laid in a series of narrow tucks confined under two bands of lace. On the skirt the lace appears again with tucks which end in

a flounce. A sash of flowered ribbon bordered with black is a distinct addition to such a gown.

Lace gowns made upon a foundation of chiffon, which, in turn is built over a lining of taffeta, are very smart. One very smart design had the skirt composed of a tunic effect, the bottom being finished with a deep flounce of plaited chiffon edged with a narrow ruching and falling over a ruffle of silk. There was also a lace flounce overlaid upon the one of chiffon.

The bodice was made quite plain, the three materials of the skirt being used. There was a slight bloused effect at the sides, with a very decided pouce, at the front and the circle was composed simply of canary colored panne velvet finished with a buckle of brilliants. The stock was formed of the velvet and lace, then at the very edge of the collar there showed a piping of pale blue satin sandwiched between two folds of chiffon. Such an effect is always pleasing and ultra-smart and the model may be copied in less expensive materials with splendid results.

The cold, repellent, blue-greys are going out of style and will probably be replaced with some very soft shades of green. Many new tints in blue are also promised for early fall and winter, and a few more weeks will see them among the advanced modes of these approaching seasons.

MAUDE GRIFFIN.

Men Will Be Boys.

In the excitement of a lively exercise like boat racing or ball playing, they will strain their muscles and go home limping and sore. Then they are glad they have Perry Davis' Painkiller on hand to soothe the quivering nerves; to penetrate the muscles with warmth and healing power. It has relieved the pain of two generations of Americans. Large bottles 25 and 50 cents.

CLOUDCROFT

The Roof Garden of the Southwest. The season at Cloudcroft will open on June 1, the lodge, dining hall and lunch counter having been placed under the able management of the popular hotel proprietor and manager, Geo. Waterman.

The fame of Cloudcroft as the premier summer resort of the southwest has been heralded far and wide, and patrons may rest assured its reputation will not be allowed to suffer this year. Extensive improvements have been made in the way of accommodations and out door as well as indoor amusements and entertainment.

For a booklet regarding Cloudcroft, or further information regarding this summer resort, call on nearest coupon ticket agent, or address:

Notice for Publication.

Department of the Interior, United States Land Office, Santa Fe, N. M., July 5th, 1902.

Notice is hereby given that the following-named claimant has filed notice of his intention to make final proof in support of his claim under sections 16 and 17 of the act of March 3, 1891, (26 Stats., 854), as amended by the act of February 21, 1893, (27 Stats., 470), and that said proof will be made before Clerk Probate Court at Albuquerque, N. M., on the eleventh day of August, 1902, viz: Fernando Armijo for the N¹/₂ SE¹/₄, and the N¹/₂ SW¹/₄ Sec. 5 TP 13, N. R. 1W.

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz: Jesus M. A. Sandoval, of Sandoval, N. M.; Melquiades Martin, of Sandoval, N. M.; Elias Garcia, of Albuquerque, N. M.; Francisco Romero, of Sandoval, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the Interior Department why such proof should not be allowed will be given an opportunity at the above-mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

MANUEL R. OTERO, Register.

Office Chief Quartermaster, Denver, Colo., June 16, 1902.—Sealed proposals in triplicate, will be received here and at office of quartermaster at each post below named, until 11 a. m., July 21, 1902, for furnishing forage and straw at Forts Apache, Grant, Huachuca, A. T.; Forts Bayard and Wingate, N. M.; Forts Douglass and DuChesne, Utah; Forts D. A. Russell, McKenzie and Washakie, Wyo.; Fort Logan and Denver, Colo., and fuel, forage and straw at Whipple Barracks, Arizona, during the fiscal year ending June 30, 1903. Proposals for quantities less than the whole required, or for delivery at points other than those named, will be entertained. United States reserves right to reject any or all bids or part thereof. Information furnished on application here or at offices of respective post quartermasters. Envelopes to be marked "Proposals for Fuel, Forage and Straw." J. W. POPE, chief quartermaster.

The Bishbee railroad is daily expecting four more new locomotives.

Contractor Anson, of the firm of Anson & Holman, was a passenger north this morning.

Seven old burning locomotives went west for the Southern Pacific railroad during the week.

H. Lambert is to be the traveling engineer on the El Paso-Rock Island, with headquarters at Alamogordo.

Conductor Silvermail has returned from a trip to Denver and resumed his run between El Paso and Santa Rosa.

Machinist Fred C. Pulson, a round house helper and W. Clark are two of the unfortunates who lost their jobs on pay day.

Engineer Herman Collins and Miss Madge Ruffner were married at the Baptist parsonage in Raton, Rev. Willett officiating.

A sufficient amount of money has been raised by Trinidad citizens for the construction of a \$250,000 electric street railway.

Passenger train No. 2 was forty-five minutes late this morning, caused by being held out by a freight train between Holbrook and Gallup.

Swan Oleson, John O'Brien and John Thorne are machinists of the local Santa Fe Pacific shops who were numbered among those let out on pay day.

The Santa Fe depot at Winona, Arizona, was destroyed by fire the other morning. This fire is supposed to have been caused by sparks from a passing locomotive.

Trainmaster Evans, of the El Paso-Rock Island has returned to Alamogordo from Tucumcari and the Dawson road. He reports heavy rains and washouts beyond Santa Rosa.

A. S. Greig, general manager of the El Paso & Northeastern, will receive in a few days from the St. Charles Car works at St. Charles, Mo., his new palatial private car "Clouderoff."

R. A. Jackson, of Richmond, Ind., has been appointed general attorney of the Chicago, Rock Island & Pacific railroad, with headquarters in Chicago. The appointment is effective August 1.

F. M. Jones, chief engineer of the Santa Fe surveying corps, doing work on the proposed Santa Fe short cut, passed through the city this morning en route to Las Vegas to visit his family over Sunday.

On a recent visit to the Jemez country a number of railroad men became acquainted with a charming young lady from Illinois. Since their return one of the gentlemen has been talking of how much cheaper it is to live married than single. Bad sign.

The Raton Gazette says: The Cimarron River & Taos Valley railroad is to be built, and the line will be run to Raton if our people will give a sufficient bonus. It is not known what amount our people would be expected to give, but if all the property owners of the city respond as liberally as a few business men will a bonus of \$50,000 can be raised. It is Raton's opportunity.

Car Famine Threatened.—It is said that a box car famine is staring the Atchison, Topeka & Santa Fe in the face at the present time. A railroad man stationed in this city is authority for the statement that a box car was set out at a small siding on one of the branches last week, and the wheels had hardly stopped before three men began loading wheat in it. It resulted in a regular fist fight as to who was the rightful renter of the car. There is an abundance of wheat and with the record breaking corn crop in sight, there is no question but that there will be a shortage of cars in which to transport the grain to market.—Newton Republican.

What a Striker Writes.—One of the strikers at Needles, Cal., writing back to Topeka, says: "The railroad company has as high as eighteen engine failures in twenty-four hours on account of leaking fire boxes on this division. It has frequently occurred since the strike took effect that passenger locomotives died out on the desert, delaying trains, notwithstanding the large force of non-union men trying to do the boiler work here, and the doping of engines with bran, chopped hemp, wood shavings, plaster of paris and iron borings. The locomotives continue to die and the long line of dead ones on the sidetrack is lengthening. Traffic is becoming embarrassed now for lack of motive power and this is only the dull season. There is a busy time coming in a couple of months for the company. Are they going to continue to pay a lot of helpers, wood-choppers, coolies and shoemakers \$5.56 a day and board to ruin their locomotive fire boxes and meet the busy season in that condition rather than pay good boiler-makers \$4 a day to do first class work? The echo in business halls whispers 'No.' The boiler-makers are patient and firm, but reasonable. Everything looks good to them."

Ritchie Out, Madden Will Be In.—Whatever position W. J. Ritchie has held with the Santa Fe of late, he is no longer foreman of the boiler department at San Bernardino, nor is he likely to be in the future, says the Sun.

The man for the place will undoubtedly be Thomas Madden, who formerly held the foremanship in Albuquerque, but who of late has been a temporary boiler inspector of the coast lines. He has been in southern California, more especially in San Bernardino, for over a week, and is reported as having returned.

What Is the Use

of suffering from indigestion if you eat what you want, or of starving yourself to avoid such distress? Acker's Dyspepsia Tablets taken after eating will digest your food perfectly and free you from all the disagreeable symptoms of indigestion and dyspepsia. Eat what you want at any time and take an Acker tablet afterward. Positively guaranteed. Your money will always be refunded if you are not satisfied. Write to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

marked that he "expected to take charge here as soon as the present strike troubles are over." "We are sorry to learn that Mr. Ritchie is to be our forman no longer," said a boiler maker last night, "for of course we all expect to return to our old places some time, and we had hoped that it would be with our old foreman. I can frankly state that I never worked under a man for whom I would do as much as I would for Ritchie. He had a way about him which made all of the boys pitch in and do their best to clear his shop of work, and we were usually abreast of any other department on the branch."

Card Playing on Trains.—Whether the following story is authentic or not, it answers well for a cause as to the recent order issued by the Southern Pacific against card playing on the trains. It was given out by the Lodi, Cal. Sentinel:

The news agent who passes daily through Lodi on the 11:30 train, Jess by name, was vainly trying to make up a game recently. Three jolly drummers were secured to play, but a fourth was hard to find. Just before the train reached Lodi the news agent spied a well dressed man sitting quietly in a seat, and the "peanut" walked up to him, slapped the passenger on the back and asked him to fill out the table, but the unostentatious person demurred, stating that he was not in the habit of playing cards. The news agent was persistent, however, and again slapping him on the back, Jess said: "Come on; be a good fellow; shake yourself and get in the game." This was too much for the quiet passenger. He extracted from his pocket a card and handed it to Jess and that worthy's countenance underwent the many hues of the rainbow as he read the inscription on the card, the general manager of the railroad. And thus it was that the too persistent peanut butcher was the means of curtailing his own cash receipts.

Those New Pullman Tickets.—Beginning with the opening days of this month the Pullman Palace Car company adopted a new style of ticket. The old ticket was simply a piece of pasteboard sold by the agent to the passenger, who in turn surrendered it to the conductor. No one aboard the train figured in the transaction besides these two parties, and the conductor was left a pretty fair show of disproving any charge of embezzlement that might be brought against him. The new plan is to have the ticket in the form of a coupon. When the agent sells the prospective traveler a ticket he tears off coupon No. 1. When the passenger boards the sleeper the first thing he must do before locating his berth, is to look up the negro porter and present him with his ticket. This newly acquired member of the passenger department takes the booklet and tears out coupon No. 2. The traveler is then shown his section, where he awaits the coming of the conductor. When he comes along he extracts coupon No. 3, leaving the porter to put the traveler to bed with the remainder of the ticket as a means of proving to the company that he paid his fare should the porter and the conductor get their heads together and eject him from the train. By this plan the agent keeps tab on the porter, the porter has his "shiny" eye on the conductor, while the traveler watches all three.

Block Signaling System.—The Colorado division of the Atchison, Topeka & Santa Fe, 120 miles long, from Denver southward to Pueblo, has now been operated under the block system for fifteen months. About one-third of the stations are dependent entirely on telephone communication, and the arrangement has given marked satisfaction. The principal stations on the line were, of course, equipped with telegraphic communication before the block system was adopted. To make the block stations sufficiently near together to enable trains to be moved without delay a number of additional stations had to be established, and these new stations are communicated with by telephone. At least every alternate office is a telegraph office, from which telephone offices can obtain any desired information regarding the location of trains when such information is necessary.

The semaphore arms at each station are placed on a single post, one arm for each direction, and, as on other parts of the Atchison road, the caution or permissive indication is given by inclining the arm up ward 45 degrees. At stations where approaching trains do not have a good view, a distant signal is provided.

For some time the Santa Fe has been carrying on its signal improvements in Colorado and the west. Besides installing the block system on the Colorado division, the company has put into operation a new and unique system of train signaling on Raton mountain. This system was rendered necessary because of the peculiar conditions which exist in that locality.

The Santa Fe telegraph department has been recently conducting some important work on its western lines. Superintendent Gaunt is now in Los Angeles, and is supervising some extensive reconstruction and repair work. The new quadruplex wires from La Junta to Albuquerque are almost ready for use, and when they are opened up it is likely that more important changes will be announced for the coast line telegraph and signal system.

It is rumored that Superintendent Gaunt's tour of inspection has to do with further extensions of the block system of signaling. It is known that Mr. Gaunt is an advocate of telephone service in railroad work and has achieved some distinction as the inventor of a method of telephoning over telegraph lines.

A Miniature Strike.—It seems to be the order of the day for union men employed in railroad work to strike. The most recent strike to be recorded in the press is that of the union carpenters working on the construction of the new Santa Fe shops in Topeka. They demanded the discharge of two non-union men who had been employed by the contractors. The demand was not granted and the fourteen union men employed on the job walked out.

The chief contractor was out of the city and the difficulty has so far not been settled.

If a Man Lie to You,
And say some other salve, ointment, lotion, oil or alleged healer is as good as Bucklen's Arnica salve, tell him 30 years of marvelous cures of piles, burns, boils, corns, felons, ulcers, cuts, scalds, bruises and skin eruptions prove its the best and cheapest. 25c at all drug stores.

PLACES OF WORSHIP.

Lead avenue Methodist church, corner of Lead avenue and Third street. C. A. Bunker, pastor—Dr. Bunker will preach morning and evening. Morning subject, "The Child in the School;" evening subject, "The Gospel in the Great Cities." Sunday school at 9:45; Epworth league at 7 p. m. Seats free. Baptist church—Sunday school at 9:45; preaching service at 11 a. m., conducted by Rev. N. W. Alger. At 8 p. m. the Y. P. S. C. E. of the Congregational and Baptist societies will hold a union service. Special program of music. July 27 Pastor Powell will be on hand and will commence the annual union meetings of the two churches.

Highland Methodist church, South Arno street. M. Hodgson, pastor—Sunday school at 10 a. m.; Epworth league at 7 p. m.; preaching at 11 a. m. and 8 p. m. Good singing and helpful services. A welcome to all. Bring a friend along.

St. John's Episcopal church—7 a. m., holy communion; 10 a. m., Sunday school; 11 a. m., morning prayer and sermon on the apocalypse, subject, "The Congregation of the Dead;" 8 p. m., evening prayer and sermon, subject, "The Bible, What Is It?" continued.

Lutheran Church, 312 North Third street, Rev. R. Richter—Sunday school at 10 a. m.; German services at 11 a. m.; English services at 8 p. m.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

Mining Company Closed Down.
The C. O. D. Mines company has closed down the mill and paid off all employees at the mine. A contract to run 100 feet on the 300 level has been let to Charles Lynch and at the completion of the contract an upraise to the surface, 400 feet, will be made.

This upraise will be used as the main working shaft and will be two-compartment. The close down of the mill and laying off of men is preparatory to the transfer of the property to a new company now in process of organization.—Kingman Miner.

Need More Sleep.
Often the over-taxed organs of digestion cry out for help by dyspepsia's aches, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure 25 cents at drug stores.

Guests at Camp.
Messrs. Benjamin, Drury, Baum, Weinmann, Morey, Albers, Scottie, Yott and Stingle, all members of the Albuquerque Guards, left last night for El Paso. From there they will go to Austin to attend the Texas encampment as guests of the El Paso company.

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

Whist Party.
Mrs. James A. Wroth informally entertained a few friends at whist yesterday afternoon. It was a delightful affair.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headache. 25c and 50c. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free samples. J. I. O'Reilly & Co., and B. H. Briggs & Co.

LOCAL PARAGRAPHS.

Ben Moore, a mining man from Bisbee, Ariz., is in the city.

There will be a free concert at Orchestra hall, old town, tomorrow afternoon. Everybody invited.

Miss Korber and Miss Blucher went to the Ellis ranch this morning, where they will spend a pleasant vacation.

F. McSpadden, of the McSpadden Transfer company, is busy today moving a piano out to Whitcomb springs.

M. M. Dutcher, city circulator of The Citizen, accompanied by Mrs. Dutcher, is spending a few days in the mountains.

Mayor Charles F. Myers, who has been suffering from a severe case of toothache the past week, has about recovered.

A special meeting of the Elks will be held in Dr. Carnes' office tonight at 8 o'clock, to make arrangements for Elks' day of the fair.

Sheriff Cipriano Baca, the popular guardian of the peace of Luna county, is in the city today on official business, arriving from Deming this morning.

Among those who went to Camp Whitcomb this morning were Mrs. G. A. Campfield, Miss Ida Campfield, Miss Hanthorne and Miss Susie Dobson.

Nathan Barth has returned from an extended visit to his sheep ranges in the Zuni mountains. He reports his spring clip of wool satisfactorily and that the pastures are looking fine.

The ball game between the Old Town Reds and Browns has been indefinitely postponed along with the races which were to have been given by the Gentleman's Driving association.

The members of the Woman's Relief Corps and a few old soldiers were entertained at the home of Mrs. J. G. Hutchison last night in a very pleasant manner. Delightful refreshments were served.

J. C. Beaven, proprietor of the Clarkville coal yards, was around yesterday presenting his friends and customers with a handsome and useful advertisement in the shape of a match box and scratcher.

Eugene Kempenich, the city salesman for E. J. Post & Co., returned yesterday afternoon from a trip to the Jemez hot springs. He was a splendid time, and the baths worked all the rheumatism out of his joints.

Frank Wincheck, son of Charles W. Wincheck, formerly general foreman of the local Santa Fe Pacific machine shops, is enjoying a short visit with his mother and sister. The young man is a student of St. Benedict's college at Atchison, Kas.

Henry Metzgar, the fruit raiser of the Pajarito fruit belt, was here today, and left a few fine peaches. He says Pajarito orchards are in fine condition this summer, the fruit trees being literally bowed down with delicious apples, peaches, pears, etc.

There will be no Sunday school at the Congregational church tomorrow, on account of repairs being made in the church. During the next week, however, the seats will be rearranged, and there will be regular Sunday school service after tomorrow.

Mrs. A. J. Frank and two daughters, family of the gentleman interested in the building of a smelter at Algodones, are expected to arrive tonight from a protracted visit to southern California. They will remain in this city until Mr. Frank prepares for their reception at Algodones.

There was no quorum at the Commercial club last night, hence no action taken on the Cook smelter proposition. Several directors present, however, and others seen today, are considering the Cochiti railway proposition submitted to the club a short time ago by Mr. Stubbs.

Toney Michelbach and son, Lawrence, of old town O. Albuquerque, will leave tonight for Flagstaff, where he will visit his brother and sister. Mr. Michelbach has had bad health the past few weeks, and goes to Flagstaff to recuperate. He will be absent about three to four months.

J. M. Donley and son, C. M. Donley, and J. E. Reynolds, of Wichita, Kas., spent last evening in the city going to El Paso last night. The gentlemen are opening a large planing mill at Wichita, and are buying their lumber supplies in New Mexico. They expect to return to Albuquerque tomorrow morning.

Mrs. B. A. Sleyter, the worthy wife of the well known and popular real estate and insurance agent, was out driving yesterday afternoon, the first time since her severe illness. It is a source of pleasure to announce that Mrs. Sleyter will soon be all right again and that she will be among her many lady friends once more.

The "caged tiger" at Zeiger's cafe this morning caused considerable trouble. A gentleman from the country walked into the resort and, without intending to do any harm, blew his breath. In a twinkling the tiger nodded his head, and trouble commenced. A settlement was effected by the gentleman interested acknowledging his wrong.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both phones.

Go to Zeiger's Cafe tonight and enjoy one of the best free lunches in town.

W. B. Gilman has another order for ten carpenters.

A general invitation is extended to enjoy the free lunch at Zeiger's Cafe tonight.

Dwight Wheeler's carpenter shop is now located at 308 West Copper avenue.

The free lunch tonight at the White Elephant is specially prepared and everybody is invited.

New Blacksmith Shop.
We have opened a first class shop at 205 West Copper avenue. We make horse shoeing a specialty. Give us a call.

W. L. BRACKETT & CO.
One of the nicest free lunches ever served will be at Zeiger's Cafe tonight.

Strange Accident.
S. H. McGraw, a fireman working on the Santa Fe between here and Las Vegas, was struck on the head by a lump of coal in the local yards about 7 o'clock this morning and badly injured.

Fireman McGraw under Engineer D. Stedman, were pulling fast freight No. 34 out of the yard this morning with engine 745. McGraw was shoveling coal from the tender, when without warning a large chunk of coal came tumbling down from above, striking him on the head, knocking the stooping man senseless.

Dr. Wroth was called and it was a good many minutes before he revived. McGraw's home is in Las Vegas and he went to that place on passenger No. 2.

Races Postponed.
The races and ball game which were to have been given at the fair grounds tomorrow afternoon have been indefinitely postponed so as not to interfere with the picnic of the C. Colombo society.

The Saturday night free lunch is a feature of the White Elephant. Everybody is invited to partake in one of the city's best resorts.

Green is the color.
Our semi-annual green tag sale is again on. We are determined that all of our summer goods must be sold before the season ends and we have scaled down prices to such an extent that we are bound to attain our end. Every green tag means a saving to you of 10 to 30 per cent. See our windows—Simon Stern, the Railroad avenue clothier.

Notice.
Strayed or stolen, one sorrel mare 6 years old, left rear foot white, white spot on forehead, branded 57 on left thigh. Reward of \$10 for return of same to J. C. Calhoun's dairy, North Fourth street.

A Sale That Sells.
There is merit in our green tag prices and that is why our sales never fall flat, for we have the goods with which to back up our price quotations.—Simon Stern, the Railroad avenue clothier.

Remember not to forget and don't forget to remember that 212 West Gold is the place where the Model Baking company and Muggley's confectionery is to be found. A choice selection of goods in both lines.

Special preparations have been made for the free lunch at the White Elephant tonight.

THE DIFFERENCE!

THERE IS A VAST DIFFERENCE IN SALES. THE PAPERS ARE FULL OF ANNOUNCEMENTS OF SPECIAL SALES OF ALL SORTS AND ALL SORTS OF REASONS ARE GIVEN FOR HAVING THEM.

Our Semi-Annual Green Tag Sale

HAS BECOME A FEATURE OF OUR BUSINESS AND HAS ALWAYS PROVED POPULAR. THE REASON FOR THAT IS EASILY FOUND AND IS: WE DO ALL THAT WE CLAIM TO DO—WE SELL AT THE END OF EACH SEASON ALL GOODS LEFT OVER AT SUCH FIGURES AS WILL SPEEDILY SELL THEM AND WE HAVE ALWAYS SUCCEEDED IN DOING IT. HENCE THE DIFFERENCE BETWEEN OUR SALES AND SOME OTHERS IS THAT

Ours Is a Sale That Sells

WE ARE NOT SELLING \$18.00 SUITS FOR \$8.25, \$6.00 TROUSERS FOR \$1.50 NOR \$2.00 SHIRTS FOR 50 CENTS. WE HAVE NO OLD SHELF WORN GOODS TO UNLOAD, BUT WE HAVE AN UP TO DATE AND NEW STOCK OF SEASONABLE GOODS WHICH WE OFFER AT GREATLY REDUCED PRICES IN ORDER TO MOVE THEM. A LOOK AT OUR GREEN TAG PRICES WILL TELL YOU ALL ABOUT IT.
