## SETTLED STRIKES

### Employers and Employees Get Together.

The Coronation Will be on August 9.

Earthquake Shocks in Persia and New York.

THREE HOTELS BURNED.

Chicago, Ill., July 18.—The officers of the Teamsters' National union put a quietus upon a strike of 1,000 lumber teamsters last night. The union had voted to strike to support their demand for an increase of 10 per cent in wages, time and a half for overtime, and a recognition of the organization. Their intention was to walk out this morning.

President Albert Young and Vice President Johnson learned of the intended action and called upon the officials of the Illinois Lumber Dealers' association. They were informed the lumber dealers were willing to pay the advance asked, which amounts to a little more than \$1 a week.

Ten hundred girls and 1,500 men will return to work today at the plant of the McMahon Cracker & Bakery company, after having been on strike since Monday. They were granted everything demanded.

Chairman F. W. Job, of the State Board of Arbitration, succeeded last night in settling the strike of box-makers at the National Box company, which began May 30. Under the terms of settlement the 225 men who quit will return Monday without discrimination. They will receive straight time for all overtime with the understanding there shall be no overtime after January 1. They will not work Sunday or Labor Day and will be paid the following wage scale: Rip sawyers and hand nailers, 25 cents an hour; bottom and top nailers, 20 cents; printers, 22½ cents; framers, 28½ cents.

DATE IS FIXED.

King Edward Determines on August 9 For the Coronation.

London, July 18.—Official notification was issued this morning that by the king's command the coronation of King Edward and Queen Alexandra will take place August 9. Two rehearsals of the procession from Buckingham Palace to Westminster Abbey took place this morning and officials of the various state departments concerned in the Abbey ceremony are again busy in preparations for the crowning.

EARTHQUAKE SHOCK.

Severe in Persia and Slight in New York.

Bombay, July 18.—A severe earthquake shock was experienced at Bunder Abbas, Persia, July 9. All the chief buildings suffered. The governor's house partly collapsed and the custom house was destroyed. Only one fatality was reported. The shocks are believed to have originated at Kishman Island, whence loud detonations are distinctly audible. At Bunder Abbas it is feared the destruction of Kishman has been heavy.

One in New York.

Malone, N. Y., July 18.—A distinct earthquake shock was felt at Malone this morning at 5:25. It lasted about ten seconds. Many persons were awakened by the rumbling and rattling of windows.

Destructive Fire.

Block Island, R. I., July 18.—In a fire here last night that destroyed the buildings on one side of the main business street the Naragansett Cafe, Naragansett hotel, National Hotel, Naid hotel and telegraph office were burned to the ground. No estimate of loss has yet been made.

HIBERNIANS ANGRY.

Charged the Promise to Ireland Was Not Kept.

Denver, Colo., July 18.—The delegates to the biennial convention of the Ancient Order of Hibernians had their anger somewhat aroused today by a statement contained in a printed circular distributed at the door of convention hall to the effect the order had not kept its promise to Ireland. The statement was to the effect the rank and file had been duped and misled by its leaders on the instruction of the Clan na Gael. It was freely circulated. It was the product of the head officials of the United Irish League, although the members admitted they had no positive proof on which to base the assertion. A resolution introduced by Delegate E. J. Slattery, of Massachusetts, is now in the hands of the resolutions committee, endorsing the United Irish League. Stephen J. Donlevy, of Denver, was chosen to lead the fight against this resolution on the floor of the convention and he expressed confidence it will be overwhelmingly defeated when the matter came to a vote. The convention received reports

of several committees this morning. The insurance committee reported recommending the plan of insurance now in use in the Illinois branch of the order was a safe one to adopt by any other states wishing to branch out in this particular.

Majority and minority reports on the question of systematic organization were presented to the convention by the committee having that matter in charge. The former recommended four organizers with a salary of \$150 each and expenses and an additional fee of \$1 per new member be appointed and the latter reduced the number of organizers to one without any fees other than the monthly salary. A compromise proposition was submitted providing for two organizers with a monthly stipend.

Friends of the military branch of the order are agitating the appointment of an official head with the title of adjutant, who will be intermediary between the uniform division and the president of the order in a settlement of all matters affecting the military.

Driving Association.

There will be a meeting of the Driving association this evening over Ziegler's. Business of importance will be considered and a full attendance is desired.

Financial Statement.

The Citizen publishes in another column the financial report of the condition of the First National bank, of which Joshua S. Reynolds is the president. It is one of the best reports ever presented to the public by this first class banking institution, and this paper calls particular attention to its array of figures.

WILL BE INTERESTING.

Newly Married Man and Friend Pulled for Beating Roulette Wheel.

ATTORNEY DOBSON TO RESCUE.

L. E. Fugate and wife, and L. Troth, compose a party of three people who came in from the west yesterday morning and registered at Sturges' European hotel, expecting to spend a day in the city. Mr. Fugate and wife registered from Denver and L. Troth from Tacoma, Wash. Mr. and Mrs. Fugate have only been married a few weeks and have been spending their honeymoon on the Pacific coast. Mr. Troth is going to Galesburg, Ill.

The two gentlemen were out last night seeing the city by gas light. They dropped into the Horse Shoe club and several other downtown resorts and played the wheel for amusement. They were lucky and hit the red and the black with such regularity that they were several hundred dollars to the good when bedtime came.

About 5 o'clock this morning they were hauled out of bed and taken to the city building. A bond of \$100 was put up for their appearance at court this morning at 9 o'clock to answer to the charge of vagrancy, made by the marshal. The complaining witnesses were not present and the case was continued until 11 o'clock. The witnesses summoned were not present and the case was again postponed until 4 o'clock this afternoon. The real charge against these men, as told by men interested in the case, is that they were beating the roulette wheel by using a needle in blocking the ball. One of them would lean on the table close to the wheel and when the ball came around he would drop the needle which was supposed to be located in the sleeve of his coat, and block it. The other man would play half of the numbers and by so doing catch a stack every time.

Attorney E. W. Dobson is employed to represent the defendants.

CONCERNING MR. RESSEGUIE. Nothing Reflecting on His Character or Ability.

President Ripley, of the Santa Fe, in referring to the recent change in the office of general superintendent, says: "General Manager Mudge and Superintendent Resseguie not being in harmony as to certain matters of policy the former requested the latter to resign and as Mr. Mudge is held responsible for the operation of the road neither Mr. Kendrick or the president interposed any objections. It is not true that Mr. Kendrick especially favored or that the president especially opposed the change, because both felt that it was a matter entirely within the province of the general manager and one with which they should not interfere. There is nothing in the whole matter which in the least reflects upon the character or ability of either Mr. Mudge or Mr. Resseguie. A resolution introduced by Delegate E. J. Slattery, of Massachusetts, is now in the hands of the resolutions committee, endorsing the United Irish League. Stephen J. Donlevy, of Denver, was chosen to lead the fight against this resolution on the floor of the convention and he expressed confidence it will be overwhelmingly defeated when the matter came to a vote. The convention received reports

Oldest Man.

Portales can boast the oldest man in Chaves county and, possibly, in the territory of New Mexico. Wm. Lavelly was born January 7, 1802, and was therefore 100 years old last January. He has used tobacco all his life but never drank anything stronger than coffee. He has a poor opinion of politicians, but speaks in the highest terms of newspaper men.—Portales Herald.

McCauna's Return.

Secretary P. F. McCauna, of the fair association, will return here July 25. Preparations for the fair are well under way and the display advertising has been ordered.

## KILLED THEM BOTH

### Drunken Relatives Mistaken for Burglars.

Angry Father Killed the Doctor.

Another Night of Wind, Rain and Electric Storms.

TRAIN ROBBERS ESCAPED.

Murphyboro, Ill., July 18.—About 2 o'clock this morning Mrs. George Joubert shot and killed her husband and her brother-in-law, Moses Joubert, whom she took for burglars. They returned home intoxicated and proceeded to break down the door. The woman became frightened and fired with a revolver, killing both men.

SHOT THE DOCTOR.

Had Chided His Son, Who was the Cause Boy.

Houston, Texas, July 18.—Dr. Delipsey, an optician, was shot and killed by D. E. Williams, whose son, while acting as office boy for Delipsey, had been chided for some inattention to business. Williams and two men, it is said, went to Delipsey's office to wait for him, and when he appeared the quarrel began that ended in the shooting.

WHERE STORMS WERE.

Three Were Killed by Lightning Near Millstadt, Illinois.

St. Louis, Mo., July 18.—Fred Weichbrod, 30 years old and the son and daughter of Jacob P. Muskopf, aged 14 and 15 respectively, were struck by lightning near Millstadt, Ill., today and killed.

Storms in Iowa.

Des Moines, Iowa, July 18.—Reports of heavy wind and rain storms all over the state were received at the weather bureau this morning. Near Edgelyville, five inches of rain is reported. The Des Moines river is rapidly nearing the danger point.

Illinois was Swept.

Peoria, Ill., July 18.—This region was swept by a terrific electric and rain storm last night. Telegraph and telephone service is badly interfered with. Several lines of railways are laid out with washouts.

Three Inches of Rain.

Galesburg, Ill., July 18.—Over three inches of rain fell in fifteen hours here. The western section of the city is flooded.

ELUDED THE POSSES.

Marshall Pass Train Robbers Ahead of the Officers.

Gunnison, Colo., July 18.—The Marshall Pass train robbers have eluded the posses in pursuit of them. The latest advice are the fugitives are from twenty to fifty miles ahead of their pursuers, with a good chance of crossing the line and getting into the fastnesses of the La Salle mountains. It is believed the officers are on the wrong trail and the robbers have doubled back and are going in a westerly direction.

Short Cut Highway.

Atlantic City, N. J., July 18.—Prominent automobilists, bicyclists and good roads crusaders took part in a conference here today to discuss the building of a short cut highway to Chicago from New York, which will reduce the distance of the present roundabout route between the metropolitan cities of the east and west from 987 to 850 miles. The promoters of the project, including Col. Albert A. Pope, of Boston, and others, outlined their plans at considerable length and dwell upon the benefits to be derived from the completion of the highway. It was pointed out that fully 400 miles of the proposed route already has been equipped with good roads. Much of it has been macadamized, and it is estimated that the other portion can be put in good shape at a cost of about \$5,000 a mile. The scheme is to connect the highways already in existence by new ones to be built by the states, counties and municipalities on the line of the proposed highway. Local organizations are to be formed, which, backed by the national association, are to be relied upon to build the connecting links that will complete the through direct line. It is intended that the road shall begin at Fort Lee and run through New York state by way of Newburgh, Binghamton, Elmira, Corning, Olean and Jamestown to Conant, Ohio, on Lake Erie. In Ohio it will pass through Cleveland, Elyria and Sandusky, thence through Indiana by way of South Bend and Hammond to Chicago.

In support of the project it is urged that, aside from the road's commercial value, it would be a big object lesson to other parts of the country. It is believed that the local authorities in all parts of the country could not but recognize the success of the project and the profits paid on the investment, and would follow the example. It is believed that the local authorities in all parts of the country could not but recognize the success of the project and the profits paid on the investment, and would follow the example. It is believed that the local authorities in all parts of the country could not but recognize the success of the project and the profits paid on the investment, and would follow the example.

roads suitable for automobiles, bicycles and road horses many city men of wealth would make country seats of farms which are not profitable at the present time because it is too difficult to get to them. Better schooling for the children of farmers would be another result of better roads, and still another benefit to the farmer would be the greater frequency of the rural free delivery of mails. In short, the promoters believe that people of all classes will be interested in the great highway from the east to the west and that notwithstanding the difficulties to be encountered that the road will be built in the near future.

Miss Gilmore Memorial.

Many people have expressed cordial appreciation of the action the Congressional church has taken in issuing in permanent form a memorial tribute to Miss Gilmore's beautiful life, which was so well known and so highly esteemed in this city.

The first intention was to give the books to the large number of friends and acquaintances, but the cost has more than doubled what was originally planned, because of the excellent material used, and the artistic work done, so it has been decided that those who wish the memorials yet remaining, will be given the privilege of contributing to the expense, the small amount of 25 cents a copy. The memorial is not for sale, in the sense that any pecuniary gain will be derived. This action of the trustees, taken yesterday, merely gives opportunity for others to assist in the expense and at the same time simplifies the difficult task of distribution. The booklets may be secured of Prof. C. E. Hodgkin.

FROM OIL FIELDS.

A Developer of the Beaumont, Texas County Was Here.

WAS A NORTH PASSENGER.

C. C. Denson and family, of Beaumont, Texas, who have been spending several days in Albuquerque, left this morning for Denver, Colo. Mr. Denson is president of the oil development company that made the first investments in oil lands in the Beaumont country and put down the first well to strike oil. The gentleman, who is a very entertaining talker, tells an interesting story about how the discovery of oil was made. That part of Texas is one immense rice field and is settled with French and Creoles. It is a very peculiar strip of country and because of its peculiarity, the natives have called it "Placqueren," meaning "a queer place." If the grass on certain parts of the land should be burned off, the fire would continue to burn for several days after the grass was all gone. The fire would run in streaks and at night was beautiful. The natives became superstitious of the place, hence the name, Placqueren.

"Our largest well," said Mr. Denson, "is a six-inch hole and will gush oil 150 feet into the air." When asked if it was true, as stated in some of the eastern papers, that about the time of the Martinique disaster, the oil wells of Beaumont lost force and volume, he replied that it was all a myth, a speculator's scheme. The wells are as strong, if not stronger, than they were six months ago. After visiting Denver and Portland, Ore., Mr. Denson will return to Albuquerque and will investigate the possible oil resources of New Mexico. He is an old friend of Mike Mandell. Mr. Mandell was at the train this morning to see his friend off.

## WILL NOT STRIKE

### Suggestions of Mitchell Accepted.

Teller of the Riverside Bank Sentenced.

Receiver Asked for Oil Companies in the Veatch League.

BALL WAS RENOMINATED.

Indianapolis, Ind., July 18.—This morning the sentiment among the delegates to the miners' convention was fully as strong as ever against the strike and all danger of such an event is now passed. The anthracite men favoring a strike admitted there is no chance of a walk out and this morning they came into the convention determined to stand as a unit by the recommendations of President Mitchell. The question whether the assessment recommended by President Mitchell for the relief of anthracite miners be used also for the benefit of striking bituminous miners in different parts of the country was the only thing before the mine workers today. The debate grew so energetic it was determined to hold an executive session during the afternoon. Nothing was determined regarding the distribution of assessments.

TELLER SENTENCED.

He was Convicted of the Theft of \$20,000.

New York, July 18.—Harry G. Bell, receiving teller of the Riverside Bank, convicted of thefts of \$20,000, was today sentenced to not more than six nor less than four years in the state prison.

WANT A RECEIVER.

All Lands and Wells in the Veatch League Concerned.

Houston, Texas, July 18.—Application has been filed in the United States court for a receiver for the oil companies that have lands and wells in the Veatch League in the Beaumont field. Anna Trench and Fred Trench, of England, are the applicants. They heretofore have filed suits to test the title and now allege the oil is being removed to their great loss. The hearing will be had on July 28.

For a Fourth Term.

Houston, Texas, July 18.—The democratic convention of the Eighth congressional district renominated Thomas H. Ball for a fourth term.

HENRY FISHER DEAD.

The Funeral Services Will Be Held Tomorrow Afternoon.

Henry Fisher, the switchman, who was injured in the Santa Fe yards yesterday morning, died at 5 o'clock in the afternoon. His leg was amputated by Dr. Wroth, assisted by Dr. Saylin, Dr. Cornish and Dr. Scott, chief surgeon of the Gulf, Colorado & Santa Fe. With the reaction from the operation he weakened rapidly until he died. The funeral services will be held at 2 o'clock tomorrow afternoon at the chapel of Strong's undertaking parlors. The remains will be taken to the house, 215 South Broadway, and will be there until 1:30, when they will be taken to the chapel. Interment will be in Fairview cemetery. The A. O. U. W. will have charge of the services and Rev. Robert Renison, of St. John's Episcopal church, will officiate. The engine of Fisher's crew, No. 2313, was draped in black today. Switchmen Kelly and Hill, who were with Fisher, had narrow escapes from death. They, too, were leaning against the end of the train when the engine struck the cars. They were thrown outside the rails while Fisher was thrown between them.

Notice.

All members of Benefit lodge No. 2, A. O. U. W., are requested to meet at the lodge room at 1:30 sharp Saturday, July 19, to attend the funeral of Brother Henry Fisher, Thos. Melvain, master.

Hospital Changes.

On August 1 a number of changes will become effective at the Santa Fe Pacific hospital. Dr. Saylin will remain as superintendent, but C. M. Richardson, of San Francisco, will become first assistant and Dr. Alfred Saylin, a brother to the superintendent, second assistant. Mrs. Richardson will be added to the force of trained nurses.

Yacht Club Meeting.

L. Fred Klooz, president of the Albuquerque yacht club, and Gov. M. A. Otero, who is chairman of the executive board, concluded to hold a meeting of the entire board on Saturday evening, July 26, on the roof garden of the Alvarado. At this meeting the course and distances will be decided on. Col. Sol. Luna, who objected to the schooner proposition, has been given a cruiser, and Judge Baker is undecided whether he wants a cruiser or battle ship. All of these matters will be decided at the next regular

meeting. Col. Tom Hubbell, being out of town, is not in a position to collect fines, so the president appointed Col. Dobson, who is counsel for the body, to act in his stead.

RAILROAD OFFICIALS.

General Superintendent Cain and Others Here This Morning.

D. E. Cain, the recently appointed general superintendent of the Atchison, Topeka & Santa Fe, in special car 215, and F. C. Fox, the superintendent of the New Mexico division, in car 210, came in from the south this morning, this being Mr. Cain's first trip over his jurisdiction to El Paso. He found the main track in fine condition, and especially complimented the branch lines in the southern section of New Mexico. While here, Mr. Cain had the pleasure of meeting for the first time General Foreman Barnes of the local shops, and also Assistant Storekeeper Rice. The two special cars were attached to train No. 2 and proceeded on north.

In the Cain-Fox party, besides these two well known railroad officials, were the following: C. M. Taylor, mechanical superintendent, and C. A. Morris, assistant chief engineer, both of La Junta; W. K. Etter, acting chief clerk at Las Vegas, and John Ayer, of Marysville, Ohio, the latter being a particular friend of Division Superintendent Fox.

It was understood, in a conversation with Mr. Fox, that Mr. Etter, who has been acting chief clerk at Las Vegas, would soon be promoted to Topeka and would again accept the position of private secretary and stenographer to J. E. Hurley, the superintendent of the western grand division.

A STRANGE RULING.

Government Declines to Pay William Norris for Time Wounded.

DEDUCTED FROM BOUNTY.

William Norris, of 309 South Broadway, has a grievance against the government. He has just received notice of action on a claim which has been pending since 1867. Mr. Norris made claim for the bounty of \$50 under the act of July 28, 1866, and the notice received informs him it has been allowed less pay from May 26 to August 17, 1863, amounting to \$35.53, giving him a balance of \$14.47. Mr. Norris' kick is that the government declines to pay him for the time he lay wounded. He was a private in company D, First New York volunteers and enlisted on June 1, 1861, at Fortress Monroe. He was discharged August 17, 1863, in New York city, but his regiment was discharged May 25, 1863. Mr. Norris was not discharged at the time the regiment was because of his wounds. He was wounded at Chancellorsville on May 3, 1863, and was taken prisoner. He lay in the woods from May 3 until May 14 before he was found and was thus eleven days without treatment. He was paroled and sent to the hospital at Elm Creek and from there to Alexandria. He was then moved to Chestnut Hill hospital, Pennsylvania, and from there to the hospital in New York. He was wounded until death. The government, however, claims the amount of bounty for the time the regiment was discharged on May 25, 1863, to the date of his discharge, August 17, 1863, thus refusing to pay him for the time he was recovering from wounds after the regiment was discharged. The claim is made he was only entitled to pay to the date his company was mustered out. Mr. Norris believes the government should be willing to pay a man wounded in the service for the time he was incapacitated.

Bearing Fruit.

The mineral display from Chloride and Grafton, Sierra county, which was sent to the territorial fair at Albuquerque last fall and was awarded first prize by being by far the best exhibit from any county in New Mexico, is bearing fruit. The Socorro Chieftain says:

"At the close of the territorial fair last October, C. T. Brown sent a portion of his Black Range exhibit to the Charleston Exposition. He received advice this week that Kingsbury & Brown had been awarded a bronze medal on their gold and silver ores. The ores drawing the medal came from the Keystone mine in the Black Range (Grafton) district. The exhibit, no doubt, has drawn attention to the Black Range and New Mexico generally."

How Watterson Writes.

"When I have anything to say," remarked Henry Watterson, the famous editor of the Louisville Courier-Journal, the other day, "I write it; then I put it in my pocket. After a while I take it out, read it and write it again. Once more I put it away; then I write it again and send it down to the printer and have it put in type. When I get the proof I run over it closely and write it again, and again it goes to the printer. Afterwards it is sent to me again in the revised proof; then I make the last corrections and send it down again. And then," continued Mr. Watterson, with a heavy sigh, "the confounded printer gets it wrong."

Mrs. Robert Renison, wife of Rev. Renison, of the Episcopal church, left last night for a visit to southern California.

The St. Louis World's fair will be approximately twice as big as any former international exposition. The Centennial exposition at Philadelphia covered 236 acres, the Paris exposition of 1889-1900, 336 acres, the Columbia exposition at Chicago 633 acres, the Pan-American at Buffalo 350 acres. The St. Louis World's fair will cover 1,200 acres.

Jessie Morrison, the Eldorado murderer, now realizes the folly of discontent. She had been sentenced to the penitentiary for five years on a conviction of murder in the second degree. This was well enough, but she could not let it stand. She applied for another trial and got it, whereupon she was a second time convicted and her sentence was increased from five to twenty-five years.

"Thousands, tens of thousands of people die because their physicians have not the moral courage to say to them: 'This is tuberculosis, and now is the time to take precautions.'" Such was the statement made by Medical Officer Biggs, of the health department of New York. He says that a third of the people who die in the hospitals there die of consumption. Yet he maintains that it is a preventable and curable disease. "It is simply a question of how early a diagnosis is made. If it can be made at the beginning, 80 per cent, at least, of the cases are curable if placed in a pure atmosphere."

**THE NATIONAL GUARD.**  
 In his Pittsburgh speech President Roosevelt spoke of the reduction of the regular army to 60,000 men as a matter already practically accomplished. While this number of regulars is amply sufficient for all purposes during peace, the fact remains that the regular forces constitute but the skeleton of a military organization in view of the world-wide interests of the United States, and the importance of the national guard is therefore greater than ever before. It is difficult to arrive at the exact strength of the national guard of the country, but the figures recently given out by Adjutant General Corbin may be taken as fairly accurate. General Corbin fixes the total strength of the guard at 90,428 enlisted men, 22,900 non-commissioned officers, 5,536 company officers, 2,475 officers of the regimental and field staff, and 800 generals and general staff officers. Of the total of enlisted men, Massachusetts, New York, Illinois, Pennsylvania and Ohio furnish one-half, or 41,807.

**CENSUS BUREAU.**  
 One of the bills which, after a long period of waiting, became a law at the recent session of congress is that establishing a permanent census bureau. This law went into operation July 1. Naturally the office force is greatly reduced from the proportions it attained at the time of the maximum activity of the bureau. Now that the change has taken place, it is recalled that the office broke all prior records of speed in publishing the figures of population, though the margin over 1890 was slight. It took fourteen months to present the results of the count of 1870, ten months to complete the enumeration of 1880, not quite six months in 1890 and about five months in 1900. As has already been remarked, the results

of the chief inquiries have made their appearance with commendable promptness. It is, we suppose, fair to expect that the work of census taking in the future will be marked by even greater expedition, while, as everybody knows, one of the main arguments in favor of the new departure is that it will result in greater economy.

#### SENATOR ANDREWS.

Senator Andrews has returned to Santa Fe from Washington. To this energetic friend of New Mexico the territory is deeply indebted for his untiring work at Washington for statehood and other beneficial measures. He secured the powerful aid of Senator Quay, who kept the statehood bill from being pigeonholed by the senate committee on territories. Senator Andrews is now a citizen of New Mexico and he will be heard from in the future history of the new state. The people of Albuquerque have a warm spot in their hearts for Senator Andrews, and will prove their friendship whenever the occasion arises.

Builds up the system; puts pure, rich blood in the veins; makes men and women strong and healthy. Burdock Blood Bitters. At any drug store.

**Women's Benevolent Legion.**  
 Saratoga, N. Y., July 18.—Six hundred delegates representing nearly all parts of the state are attending the convention of the Catholic Women's Benevolent Legion in session here. The convention was opened this morning with a high mass in St. Peter's church, Father Flood being the celebrant. Following the religious exercises the delegates adjourned to the town hall, where the business of the convention was begun behind closed doors. The sessions continue through tomorrow. The most important business before the convention is the election of six delegates to the supreme council, to be held at Washington in 1904.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headache. 25c and 50c. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free samples. J. I. O'Rielly & Co., and B. H. Briggs & Co.

**Christian Workers.**  
 Lake Orion, Mich., July 18.—The second annual international Bible conference and Christian workers' institute opened today under favorable auspices. A ten days' program has been arranged, among the interesting features being addresses and papers by speakers of prominence, including Prof. George E. Coe, of Chicago; Rev. J. F. Farson, D. D., of Brooklyn; Rev. Wayland Hoyt, D. D., of Philadelphia; Rev. W. F. McDowell, D. D., of New York; and Rev. Charles E. Bradt, of Wichita, Kan.

**A Good Reputation.**  
 The way to gain a good reputation is to endeavor to be what you desire to appear. That is precisely the way in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by all druggists.

**Wheat Harvest Big.**  
 Spokane, Wash., July 18.—The great wheat harvest of eastern Washington will begin next week, which is three weeks or a month later than usual. The harvest of fall wheat on the rich hill soil and of spring wheat on the low light soil will begin almost simultaneously. The crop this year will not come up to the mammoth yield of last year, but it probably will be in excess of the average, owing to the increased acreage. Some fear is expressed that the supply of labor will not be equal to the demand.

**Saves a Woman's Life.**  
 To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from coughs, colds, throat and lung trouble need this grand remedy, for it never disappoints. Cure is guaranteed by all druggists. Price 50 cents and \$1. Trial bottle free.

**JEMEZ HOT SPRINGS STAGE LINE.**  
 Stage leaves Trimble's stable on Second street, every Tuesday, Thursday and Saturday at 6 a. m.; quick time. A relay of stock is kept at Zia. Arrives at the Springs in time for supper. Don't be deceived by people who tell you they will take you just as quick as the stage, for they won't. Nobody else has any change of stock on the route. Tickets for sale at Trimble's. J. B. BLOCK, Proprietor.

**Forfeited to St. Louis.**  
 Baltimore, July 17.—The base ball game scheduled for today between St. Louis and Baltimore was forfeited to the former club. The St. Louis team took their positions on the diamond and went through the formality of playing the game. Then Umpire Caruthers declared the game forfeited to the visitors. None of the Baltimore players appeared in uniform on the grounds.

H. P. Kumpke, druggist, Leighton, Ala., writes: "One of my customers had a child, which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 118 worms from the child. It's the best worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at Cosmopolitan Pharmacy, B. ## The Oldest and Best.

S. S. S. is a combination of roots and herbs of great curative powers, and when taken into the circulation searches out and removes all manner of poisons from the blood, without the least shock or harm to the system. On the contrary, the general health begins to improve from the first dose. S. S. S. is not only a blood purifier, but an excellent tonic, and strengthens and builds up the constitution while purging the blood of impurities. S. S. S. cures all diseases of a blood poison origin, Cancer, Scrofula, Rheumatism, Chronic Sores and Ulcers, Eczema, Psoriasis, Salt Rheum, Herpes and similar troubles, and is an infallible cure and the only antidote for that most horrible disease, Contagious Blood Poison.

A record of nearly fifty years of successful cures is a record to be proud of. S. S. S. is more popular today than ever. It numbers its friends by the thousands. Our medical correspondence is larger than ever in the history of the medicine. Many write to thank us for the great good S. S. S. has done them, while others are seeking advice about their cases. All letters receive prompt and careful attention. Our physicians have made a life-long study of Blood and Skin Diseases, and better understand such cases than the ordinary practitioner who makes a specialty of no one disease.

We are doing great good to suffering humanity through our consulting department, and invite you to write us if you have any blood or skin trouble. We make no charge whatever for this service.

## DAMAGING RUMORS.

They are Promptly Denied—Pleasant Card Party.

## OTHER INTERESTING TOPICS.

## Special Correspondence.

Las Vegas, July 17.—There have been numerous rumors circulated around the territory and financial centers to the effect that the Santa Fe Central railroad was financially backed and that it was financially weak. We can state on authority that seems worth while that such is not the case, and give the facts regarding where the rumor started. The rumor was given credence by the statement of a son of one of the big and wealthy railway magnates while en route with a party of capitalists to Washington on one of the eastern trunk lines, that the road had no backing and was financially insecure. After the statement was made one of the party turned to the young man and said, "Why, your father is interested heavily in that road and I do not see how you can make that statement." He answered, "Why, I did not know that," showing his presumption and ignorance of the facts in the case. This led to a circulation of the statement made and hence the rumors that have been going the rounds to the injury of the road mentioned. Our information comes from a source that cannot be doubted, and we are glad to note that the Central is really well backed.

Theron Thompson, the senior member of the Thompson Hardware company, is expected here today with his wife, son, Maynard, and daughters, Lola and Gail, to make a six weeks' visit with W. L. Thompson and family. Mr. Thompson comes from Muscatine, Iowa.

The card party given by Mrs. F. H. Pierce yesterday was a most delightful social event. Cards were the amusement and Mrs. H. W. Kelly took the first prize and Mrs. J. A. LaRue, the second. There were fifty ladies present and a most pleasant afternoon spent. The visiting guests were Mrs. M. A. Otero, Santa Fe; Miss Freeman, of Washington, D. C., and Mrs. Donald Tyler, of Owensboro, Ky., the sister of the hostess. Splendid refreshments were served to the guests and the entire afternoon spent in making merry.

A. L. Moon, the deputy territorial organizer of the Fraternal Brotherhood, and his wife arrived here today and will take part in the public installation of officers tonight at the K. of P. hall.

Mrs. R. J. Van Petter and daughter arrived here last night from Santa Rosa and will make this city their future home.

Miss Aileen Rosenthal entertained a few of her little friends with a party today in honor of her birthday.

Mrs. L. E. Trainer and family left today for Los Angeles for a couple of months visit with Mr. Trainer.

Mrs. Frank Manzanarez, Jr., will leave in a few days for Los Angeles to visit her mother, Mrs. Henriques.

Misses Mamie and Bessie Cavanaugh will leave within the next few days for Los Angeles for an extended visit. Tecolote had a very heavy rain yesterday, a regular deluge. El Porvenir also had a good rain.

George Langenberg is down from the forest reserve and reports everything moving along as it should do. He is in attendance at a couple of forestry trespass cases being tried here today.

The Mother Superior of Weatherford Texas, accompanied by Sister Augustine came in today on No. 1 and will make a visit with the Sisters of Loreto.

Mrs. M. A. Otero and Mrs. Freeman, who have been visiting Mrs. F. H. Pierce, left today for Santa Fe.

Volney Kirk, son of Engineer Kirk, left today for San Diego, Cal., for a visit.

The Montezuma club will celebrate their seventh anniversary tonight at the club with a good dancing party.

Mrs. John Robbins has cards out for a party next Tuesday night.

A surprise party was given on Miss Mildred Browne, daughter of M. W. Browne, at the home of Mrs. E. L. Browne this afternoon in honor of her 6th birthday. A number of Miss Mildred's friends were present and her birthday was most delightfully celebrated playing domino whist and partaking of splendid refreshments.

Hon. John S. Clark returned this afternoon from his trip to Albuquerque.

Mrs. W. S. Hill, sister of George P. Money, arrived here this afternoon from Monterey, Mexico, where she has been some time for her health. She will visit with her brother and family a couple of weeks before returning to her home at Menona, Miss. Mrs. Hill had quite an unfortunate occurrence while in Mexico, her home being entered while she was out and a large sum of money taken, together with other valuables.

Mrs. Lee Wright returned this afternoon from her visit with her aunt, Mrs. Thomas Hoggsett, in California.

W. J. Fleming, father of George Fleming, of this city, who has been spending a couple of weeks here, left today for his home in Chicago. Mr. Fleming was very favorably impressed with the Meadow city.

Adolph Vorenburg and wife returned to Wagon Mound today after spending a few days in the city visiting with friends.

The "bad word" case before Judge Wooster turned out different than the prosecuting witness, Higinia de Lucero, figured on, as she got fined a five spot along with the two defendants, Juliana M. Lucero and Margarita Lucero. It seems the plaintiff dug some fence post holes and the defendants filled them up again. Over the proceeding many naughty words were used and hence the complaint. The case was a neighborly small quarrel and both seemed to be the blame, so the judge fined them both. Both sides had lawyers and had a good time in court this afternoon. The attorneys say they are going to appeal the case to the district court. The queer part of the proceeding is that tomorrow before Judge Tafuya, the present defendants are to be plaintiffs over exactly the same case, and there is to be a jury. This sort of "courting" seems

to be great sport to some of the natives.

Mike Grace and Edward Rich leave tomorrow for the Flinn ranch and expect to roam wild among the cactus and sage brush until September.

### PAT GARRETT.

He Astonished Coney Island Shoot-  
 ing Gallery Owners.

HIT BULL'S EYE EVERY TIME.

Patrick Garrett, collector of customs at El Paso, Texas, six feet four in his stockings and afraid of no man who ever drew a gun, will not be made welcome if he makes another trip to the shooting galleries at Coney Island. The tall Texan is in New York, stopping at the Marlborough hotel and will appear before the board of appraisers at a meeting to be held tomorrow in connection with appraisements he made on a lot of western cattle and which were disputed by some Texas cattlemen. To pass the time since his arrival last Saturday he has been visiting adjacent resorts.

He went to Coney Island yesterday and will not be soon forgotten by the proprietors and habitués of at least two shooting galleries there. Accompanied by several friends he first stopped at the one nearest to the boat landing.

Picking up one of the little rifles and examining it with a critical eye, he remarked:

"I reckon I'll try three shots just to keep my hand in."

He took what seemed to be a careless aim at one of the ground targets and fired, but there was no mark to show where the bullet had struck.

With a superior sort of smile, the proprietor reloaded the gun and handed it to the ex-sheriff for a second trial. Again there was no little black speck to make the impact of the bullet on the target, and then it began to dawn on the proprietor that a careful search in the exact center of the bull's eye would reveal one spot where both bullets had struck.

About that time Garrett began to warm up to his work, and the fun began for a crowd that quickly collected when it was noised around that a real western sheriff was giving a free exhibition of the way they shoot in Texas. Within half an hour the ex-sheriff had collected a box and a half of cigars, all there was on hand, after breaking every clay pipe in sight and making a record for bull's eyes that never has been equalled on the island.

During the afternoon he gave the proprietor of another gallery a similar surprise, and when he finished there he had two more boxes of cigars to distribute among the crowd.

"There's a whole lot of nonsense talked about shooting in Texas," said the ex-sheriff yesterday. "I never fired a gun in my life except when there was something for the gun to do, and, except when they are on duty, my deputies don't carry guns. Out there, we have no doubts whether the fellows who race through town blazing away into the air would stand very long on a real firing line, and that sort of business is mostly done away with nowadays, anyhow."—New York Herald.

### "THE BRONCO."

A Magazine issued by Cadets of New Mexico Military Institute.

When Superintendent J. W. Willson, of the New Mexico Military Institute, was here the other day he left at The Citizen office a copy of "The Bronco," a first class magazine, published by the cadets of that institution. The Bronco is one of the neatest publications of its kind received at this office for many months. It is well edited, well printed and appropriately illustrated.

The magazine is dedicated to Capt. Joseph C. Lea, who originated the idea of a military school in Roswell and who has always been the best friend of the school and the cadets.

The cadet publishers give the following reason for the existence of the magazine:

During the four years of the existence of the institute the cadets have published no paper or magazine in which they could give an account of their progress. This was not owing to indolence or the lack of interest on the part of the corps. The work of organization of the many departments has consumed the time of the entire body of faculty and cadets. It is believed that the time has now come, however, when instead of leaving to outsiders the relations of their achievements, the cadets should themselves make known to the world that they have accomplished in the class room on the drill ground, athletic field and in the society hall.

With this end in view the plan of publishing an annual was placed before the corps late in the present session. The plan was accepted with enthusiasm. An organization was effected and work was begun at once.

It is to be hoped that the reader will be lenient in his criticism, bearing in mind that the book was compiled in less than two months from the time of its inception, and the inexperience of the young riders who have often-times been almost unseated from the editorial saddle by the bucking of the fractious Bronco.

The magazine is from the press of the Roswell Register.

### Judge Crawford's Court.

Jose Ortiz, drunk and disorderly, was given five days on the chain gang. The case of the Hydro-Carbon Light Company vs. City of Albuquerque, in consequence of the city making an ordinance compelling the company to pay a license, which was to be tried this morning, was postponed until Monday afternoon at 4 o'clock.

### LAMB

Fresh spring lamb, native lambs, tender young veal, No. 1 prime roasts and steaks, fresh pork, fresh dressed springs and hens, fresh brains, sweet breads, fresh salmon, fresh shrimps, fine fresh berries and fruits of all kinds at the San Jose Market tomorrow.

### Tree Oils.

We wish to call attention to the fact that we are the sole owners and manufacturers of Tree Oils which we can recommend for catarrh, bronchitis, neuralgia, rheumatism, sore throat, coughs and colds. One size only, 50c per bottle. Page & Voorhees, prescription druggists, next to Postoffice.

### It's Just a Cough

that gets your lungs sore and weak and paves the way for pneumonia or consumption, or both. Acker's English Remedy will stop the cough in a day and heal your lungs. It will cure consumption, asthma, bronchitis and all throat and lung troubles. Positively guaranteed, and money refunded if not satisfied. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

**Apache County's Wool Shipments.**  
 A. & B. Schuster are shipping 30,000 pounds of wool. This makes about 250,000 pounds of wool handled by this firm this year. Other shippers of the town combined have sent out about 150,000 pounds. It is likely that Concho and vicinity has sent to market about 250,000 pounds. Combined all this with a few other smaller places and you have one clip of about 750,000 pounds of wool for Apache county for this year. This is not much, but it would bring at 10 cents a pound, the neat sum of \$75,000.—St. Johns Herald.

### Raton Oil Well.

The drillers at the Raton Oil and Gas company's well are working night and day and are going down at the rate of about 130 feet in twenty-four hours. At 8 o'clock this morning the drill was down 630 feet and in the same character of shale which was struck at thirty-five feet from the surface.

Great interest is manifested by our citizens and crowds of visitors go to the well daily to watch the progress being made.—Raton Reporter.

Mrs. T. B. Clements and children left today for the mountains, where they will enjoy life for a few weeks.

Miss F. S. Heaney, a popular young lady of Tucson, Arizona, is in the city visiting with friends and shopping.

James Melind, of the wholesale liquor firm of Melind & Eakin, has returned from a business trip to the southern towns.

Rev. Father Mandalari, who was at Las Cruces the past week or ten days on religious matters, returned to the city this morning.

**Short in His Accounts.**—General Auditor H. I. Bettis, of the Union Pacific road, and two assistants were busily engaged in examining the books of Cashier Edgar H. Neff, of the Union Pacific freight department in Denver. July 4 it was discovered that the cashier was making use of the company's money, and the shortage, according to reports, amounts to \$8,000. Neff has filled the position of cashier for twelve years and was considered thoroughly honest. No explanation was made of the unexpected departure from the straight path, except that Neff had become involved in gambling or speculation and appropriated the funds of the company in the hope that he might be able speedily to recoup. He resides at 2436 Welton street, and remained at home, having been relieved from duty by the railway company. Neff is bonded in the National Surety company for \$25,000, and the railroad will lose nothing.

## NEW MEXICO TOWNS

### WHITE OAKS.

Pigeon Plentiful—Shooting Rabbits—Col. Prichard and Wife Gone to California.

From the Eagle.

The Old Abe has been short of coal this week at the mines on account of scarcity of haulers.

James and Ed Lee are pigeon shooting in Water Canyon this week. Great numbers are reported over there.

Arthur Green, who is in the service of James E. Cree, developing a group of mining prospects in the Angus country, spent a few days at home.

James Morris says he has seven feet of good clean coal northeast of town. He is opening the property with the hopes that a market will come later.

W. A. McIverson's company have struck oil near Flat Top mountain. Two or three small pockets have been struck and the company is beginning to feel rich.

The White Oaks Gun club had an outing, spending the afternoon shooting rabbits on the Carrizozo flat. Alvin Curtis wears the blue ribbon, having slaughtered the greatest number without a miss.

Col. G. W. Prichard and wife left for southern California. He goes for a much needed rest from long continued court work, and to try the ocean climate of Santa Monica. Mrs. Prichard will visit her mother in Los Angeles. The colonel says the report that he is to move to Socorro north of a state's ment of his that he would probably pass the most of the coming winter there. He regards the Socorro water the finest in the territory, but he has too much interest in Baxter mountain to leave White Oaks for the present.

### Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at Cosmopolitan Pharmacy, B. Ruppe.

### SANTA FE.

Dogs Galore—Wedding Failed—Mrs. Whiteman III—A Virginia Visitor.

From the New Mexican.

City Marshal Cicero Weidner shot six dogs who were parading the streets without the tag which shows that this year's tax had not been paid for them.

R. L. Baca, who was appointed by the board of education to collect the poll tax, has declined the appointment. Camillo Padilla, assistant teacher in the First ward, has been appointed to collect the tax.

Superintendent Miller at the capitol and his son are placing three finely carved doors of special design with translucent and figured glass to divide committee rooms on the second floor of the capitol. The work is difficult and it takes from four to six days to place one door.

According to the assessor's poll tax returns there are 1,132 male persons over the age of 21 years within the city limits of Santa Fe. These are liable to the payment of school poll taxes and were these taxes to be collected in full the sum would make a handsome addition to the city school funds.

The wedding of the 65-year-old ranchman from Galisteo and a 14-year-old girl which was to have taken place yesterday has been indefinitely postponed because no priest or minister could be found in Santa Fe who would marry the couple.

George W. Knoblauch, of New York, who was a Rough Rider in Major Fred Muller's troop, and H. T. Bowles, of New York, returned from a visit to San Pedro and started for their eastern home in the evening.

Adjutant General Whiteman returned from Raton, to which point he had accompanied Mrs. Whiteman, who went to Denver to be the guest of two of her daughters. Mrs. Whiteman left here on account of a severe attack of heart trouble from which she has been suffering for some time.

Mrs. Thomas Gaines Smith, wife of Colonel Thomas Smith, arrived in Santa Fe from California and will remain in this city for some time as a guest at the Sanitarium. Mrs. Smith is always glad to return here where her many friends are happy to welcome her. Colonel Smith could not stop off at Santa Fe this time, but continued on to Virginia. He may visit Santa Fe later in the season to accompany Mrs. Smith home.

### Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. J. H. O'Reilly & Co., B. H. Briggs & Co.

### Birthday Party.

The many friends of Miss Bertha Loeb yesterday helped her celebrate her birthday in a most delightful manner. She has just returned from school at St. Louis and her many friends began to gather about 2 o'clock and from then until 10 o'clock enjoyed games and music. Many gifts were made.

"I am using a box of Chamberlain's Stomach and Liver Tablets and find them the best thing for my stomach I ever used," says T. W. Robinson, justice of the peace, Loomis, Mich. These tablets not only correct disorders of the bowels but regulate the liver and bowels. They are easy to take and pleasant in effect. Price 25 cents per box. For sale by all druggists.

Struck by Lightning. An unusual thing in this country occurred when a young man named Martin Sparks was struck by a bolt of lightning and instantly killed, while sitting in his room in a little brick house a mile southwest of Tucuman.

Deceased had worked for Blankenship & Co., contractors, for some time past, previous to which he had been employed at the grading camp on the Dawson railroad. He came to New Mexico from Calhoun county, Texas.—Optic.

### BOSTON'S BARBER REGULATIONS

Board of Health Orders Sterilization of all That Barbers Use on Customers.

A special dispatch from Boston, May 5, 1900, to the New York Sun, gives a new regulation of the Boston board of health as to barber shops. "Mugs, shaving brushes and razors shall be sterilized after each separate use thereof. A separate, clean towel shall be used for each person. Material to stop the flow of blood shall be used only in powdered form and applied on a towel. Powder puffs are prohibited." Wherever Newbro's Herpicide is used on face or scalp after shaving or hair cutting there is no danger, as it is antiseptic and kills the dandruff germ.

### PROF. McNARY TO REMAIN.

He Accepts a Las Vegas Offer and So Informs the Albuquerque People.

When it became definitely known that Prof. J. G. McNary, of the Normal university faculty in this city, was seriously entertaining that Albuquerque proposition, members of the local Oratorio society got together and agreed among themselves to guarantee him \$300 a year, this in addition to his salary as professor of languages and music at the Normal university. This information was wired Professor McNary at Glorieta and yesterday a telegraphic reply came to James A. Dick that the terms would be accepted and he would so inform the Albuquerque people.—Las Vegas Optic.

### For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

### Iowa Editors.

Boone, Iowa, July 18.—Today's sessions of the Upper Des Moines Editorial association's convention opened with an increased attendance of members. During the forenoon papers were presented as follows: "Machine Composition," Allen Harvey, Perry; "Ad. Writing," James E. Downing, Ft. Dodge; "Special Features," G. S. Turritt, Jefferson; "System in Newspaper Business," L. W. Chandler, Fondak; "Clean Advertising," Mrs. Carrie M. Ogilvie, Des Moines. Late this afternoon the convention will choose new officers and select a place for the next meeting, and this evening a fitting wind up to what has been one of the most successful meetings in the history of the association, the visitors will be guests at a banquet to be given by the Business Men's Association of Boone.

### Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, of Swift, Texas. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

### Beloit's Chautauqua.

Beloit, Kan., July 18.—This was national day at the Kansas Epworth Chautauqua assembly and it proved

## Kodol Digests what you Eat Dyspepsia Cure

You need all kinds of food to maintain the body. Curtail this variety and some organ is underfed. It is for this reason that a diet is injurious. If you cannot digest good food your stomach is out of order and needs rest. You cannot go without food for that would mean starvation. Kodol Dyspepsia Cure will digest what you eat without the stomach's aid. Take it and you can rest your stomach without interrupting digestion. It is nature's own remedy. Never fails. Anderson Riggs, Sunny Lane, Tex., says: "I was troubled with indigestion ten years and tried many things and spent much money until I tried Kodol Dyspepsia Cure. I am now feeling better than in five years and more like a boy than in twenty."

### Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The \$1 bottle contains 2 1/2 times the 50c. size. When you need a soothing and healing application for piles, sores and skin diseases, use DeWitt's Witch Hazel SALVE. Beware of counterfeits.

the biggest day in the entire program. Hundreds of visitors were in attendance and genuine enthusiasm prevailed. Governor Stanley presided and the principal speaker was Gen. John B. Gordon, who delivered his celebrated lecture, "The Last Days of the Confederacy."

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of ye scribe. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this remedy in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by all druggists.

### Execution Stayed.

Jersey City, N. J., July 18.—This was the happiest day for George W. Taylor, the colored murderer, since he was first locked up in the county jail. It was to have been his day of execution, but an eleventh-hour stay granted by the court assures him of a further lease of life until October at least. Taylor's crime was the murder of his aunt, Minnie Taylor, in this city last December.

### Don't Fail to Try This.

## My Stomach

"It feels so uncomfortable. Food distresses me. I get blue and despondent. I fear it is my heart. But my doctor says it's my stomach." And what did your doctor tell you to take? Ayer's Sarsaparilla? Quite likely, for he knows.

When the liver is wrong, everything is wrong. The digestion is weak. The disposition is weak. The nerves are weak. Nothing acts well. Just one of Ayer's Pills each night will make these wrong things right.

## HACKING.

That word hacking is expressive to those who have experienced the aggravating constant cough, which is called a hacking cough. Sometimes it is the result of a cold, or of grip, and sometimes it is a consequence of catarrh, which unchecked has gradually involved the lungs in disease. Such a cough finds its cure in Dr. Pierce's Golden Medical Discovery, which cures bronchitis, obstinate coughs, lung disease, hemorrhage, and conditions which, if neglected or unskillfully treated, lead to consumption.

"For twelve years I was a sufferer from catarrh and was treated by one of the best physicians in the State of North Carolina, who said the trouble had reached my lungs," writes Mr. J. M. Patton, of Clobo, Transylvania Co., N. C. "I grew worse every day until I tried Dr. Pierce's medicines. Will say Dr. Pierce's Golden Medical Discovery with one bottle of Dr. Sage's Catarrh Remedy cured me, and to-day I am well and hearty, and I will say further that my former physician, Dr. W. M. Lyday, recommends Dr. Pierce's medicines to me and to others. I am sure your medicines will cure any case of catarrh that exists. I recommend them to all."

If you ask your dealer for "Golden Medical Discovery" because you have confidence in its cures, do not allow yourself to be switched off to a medicine claimed to be "just as good," but which you did not ask for and of which you know nothing.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

### The Prevailing Fad.

For the occult, the mythical and the astrological, has inspired a clever designer to utilize the idea by producing a series of twelve unique and beautiful designs for birthday pillows. Zodiacal sign, the ruling planet, the gem to be worn, the appropriate flower, the astral colors and a jingling rhyme referring thereto, all well arranged and tinted in colors, ready to be embroidered. Price for top and back, 65 cents, at the Economist.

## Railroad Topics

John Player, formerly superintendent of machinery of the Santa Fe, has been given a patent on an ash pan for locomotives.

J. G. Carlisle, of Cameron, Colo., an old Santa Fe conductor, is in Santa Fe and will take a position with the Santa Fe Central railway.

James B. Duffy, city passenger agent for the Santa Fe at San Francisco, spent yesterday in the city and went north last night.

Preparations are being made by the Santa Fe for a big lot of passenger business into and out of Rocky Ford, Colo., August 1 and 2, the date of the old settlers' reunion.

Work on laying the new Santa Fe track between Raton, N. M., and La Junta, Colo., has been started. A train load of horses and machinery with which the job was to be done were recently received at Raton.

The Santa Rosa, N. M., townsite company have offered to give to each engineer or conductor who will build a lot with a fifty foot front within four blocks of the depot. This is done to induce them to make their homes in that place.

Elmer Bryan and wife, who have been visiting Conductor A. H. West and family at Las Vegas, have returned to this city. They have been visiting Mr. B's mother in Kirksville, Mo., and Mr. and Mrs. Edward Ely at Dodge City, Kan.

On Saturday last the Southern Pacific passenger department received a \$2 bill with an unsigned letter, saying: "I rode on the Southern Pacific and didn't pay \$2." The money was credited to the conscience fund and the letter will be framed.

Ira Sackett, of this city, has received the appointment of express messenger on the Santa Fe-Lamy branch. John Bell, who has been on that line for some time, has been promoted to a messengership on the main line between Lamy and La Junta.

Conductor "Dad" Griffith has resumed his old place as ticket puncher on the St. Joseph passenger out of Topeka. Mr. Griffith was out about three weeks inspecting the condition of the Santa Fe hospitals from Fort Madison, Iowa, to Albuquerque, N. M.

At Alamogordo, this territory, there is a timber preserving plant which is rushed almost to death with orders. Railroads recently have begun to recognize the necessity of using some sort of means which shall prolong the life of this part of use material.

The carpenters' strike on the new Santa Fe machine shop at Topeka was settled Wednesday and the men went back to work. L. Boehen, the non-union man who caused the trouble, joined the union and the trouble was consequently adjusted. One union man who refused to quit was discharged.

The Topeka State Journal says: The wife of K. Hanson of the planing mill will leave the latter part of the week for Albuquerque, N. M., where she will visit for some time. A little later Hanson will go as far as Denver to meet her, the two stopping there for a short time and returning to Topeka together.

It is said the firemen on the Rock Island system are looking for trouble. The Topeka Capital says: "There is an unconfirmed rumor to the effect that unless the firemen employed on the Rock Island railway are given relief from wiping engines while on the run, there will be all kinds of trouble. They want the work given to the regular engine wipers."

The Pennsylvania Railroad company has agreed to refund to passengers \$1 for every hour its new twenty-hour train between New York and Chicago is late. The company feels that it can easily make the run on the twenty-hour schedule and has agreed to abide by the consequences if it doesn't. The time limit of refunding is four hours. Later than that the company does not refund.

During the last week a dozen stories have reached Topeka through the public prints that the general offices of the Santa Fe are to be moved from Topeka to Kansas City. This is all a mistake. The Rock Island freight headquarters for lines west of the Missouri are being transferred to Kansas City, but no one so far has started a hot air dream that the Santa Fe was to make any such move as has been suggested.

**Test Engineers.**—The successor to H. B. Gregg, former engineer of tests with the Santa Fe at San Bernardino, will be R. S. Wickersham, of Topeka. He will take charge of his duties at San Bernardino on July 20. It also seems that there is to be a change in the test department of the entire system, the details of which will not be made public until next month. By the change the test department will be given much more prominence than it has had heretofore.

Although the plan has not yet been worked out in detail, it is to have a general engineer of tests located in Topeka with assistants, such as Mr. Wickersham will be, in San Bernardino; in Cleburne, Texas, and another in Topeka. The assistant located at San Bernardino will have charge of the coast lines; the one in Cleburne, of the Gulf lines and the remaining man to have charge of all else east. F. W. Thomas, who was appointed engineer of tests of the system some time ago, will have entire charge of the department. The assistant in Topeka will be T. E. Layden, while the third man, for Cleburne, has not yet been named.

Assistant Wickersham has been in the employ of the Santa Fe for about two years holding a position in the tonnage department at San Bernardino.

### The Perfect Liver Medicine.

Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at Cosmopolitan Pharmacy, B. Ruppe.

### WAR RELICS.

Custodian Deane Receives a Curious Utensil Made From a Piece of Copper.

Cecil A. Deane, custodian of war relics in the state house, has just secured a copper pan. It is hammered out of a solid piece of copper, and was obtained near Santa Fe, N. M. The pan is believed to be 300 years old, and was made by the Pueblo Indians. It is about twelve inches across the top and about eight inches deep. It is fairly smooth and symmetrical and aside from the effects of long use is in good condition.—Denver Republican.

### Need More Sleep.

Often the over-taxed organs of digestion cry out for help by dyspepsia, ains, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure 25 cents at drug stores.

### Jaurez's Name Honored.

Mexico City, July 18.—In the cemetery of San Ferdinand today anniversary memorial exercises were held in honor of the liberal party president, Benito Jaurez. A long procession marched to the cemetery wherein lie the remains of the illustrious soldier, who led the successful struggle against the Maximilian empire. The procession included workmen's societies, members of the federal district and city government, scientific societies, officers of the garrison, surviving signers of the present constitution, and members of the liberal patriotic committees. Orations were delivered by public men of prominence and on the tomb were deposited magnificent wreaths and other floral emblems sent by Masonic lodges and liberal societies throughout the republic.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of 76, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. J. H. O'Reilly & Co.; B. H. Briggs & Co.

### Silk Culture in Georgia.

Atlanta, Ga., July 18.—Plans are nearing completion for the introduction into Georgia of silk culture and manufacture on a large scale. A considerable tract of land near Tallulah Falls has been acquired for the experiments. The land is to be divided into small farms of twenty-five acres each and it is proposed to have these farms tilled by expert Italian farmers from the Piedmont region of Italy, the principal silk growing country of the world. Plans are also being made for the erection of mills for the manufacture of the silk.

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

### American Pilgrims.

Naples, July 18.—The several large parties of Roman Catholics who left America early in the present month, formed a junction here today preparatory to completing the proposed pilgrimage to Rome. An audience has been arranged with the pope for next week. Following this the parties will visit Florence, Venice, Milan, Lucerne, Genoa and Lyons, with a side pilgrimage to Parry le Monial, Marseilles, Toulouse and Lourdes where the pilgrimage ends.

Rev. W. L. Riley, L. L. D., Cuba, N. Y., writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment, the first application giving my first relief, and the second, entire relief. I can give it unqualified recommendation. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

### President's Clemency.

Columbus, Ohio, July 18.—Through the clemency of President Roosevelt, Frank Colbert, a full blooded Cherokee Indian, was released from the Ohio penitentiary today. Colbert was received at the institution from the Indian territory in 1897 to serve ten years for burglary and larceny.

## The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

**THE DIFFERENCE!**

THERE IS A VAST DIFFERENCE IN SALES. THE PAPERS ARE FULL OF ANNOUNCEMENTS OF SPECIAL SALES OF ALL SORTS AND ALL SORTS OF REASONS ARE GIVEN FOR HAVING THEM.

**Our Semi-Annual Green Tag Sale**

HAS BECOME A FEATURE OF OUR BUSINESS AND HAS ALWAYS PROVED POPULAR. THE REASON FOR THAT IS EASILY FOUND AND IS: WE DO ALL THAT WE CLAIM TO DO—WE SELL AT THE END OF EACH SEASON ALL GOODS LEFT OVER AT SUCH FIGURES AS WILL SPEEDILY SELL THEM AND WE HAVE ALWAYS SUCCEEDED IN DOING IT. HENCE THE DIFFERENCE BETWEEN OUR SALES AND SOME OTHERS IS THAT

**Ours Is a Sale That Sells**

WE ARE NOT SELLING \$12.00 SUITS FOR \$8.25, \$6.00 TROUSERS FOR \$1.50 NOR \$2.00 SHIRTS FOR 50 CENTS.
