Treat Your Kidneys for Rheumatism.
When you are suffering from rheumatism, the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Alvarado Pharmacy.

HIS PRAYER ANSWERED.

Evangelist Sunday Tells How the Lord Helped Him to Win.

William M. Sunday, the ex-ball player, is doing evangelistic work in the Indiana gas belt and is addressing large crowds wherever he goes. He has been preaching at Winona recently and in one of his discourses he said it was in a ball game that he got his first convincing faith in prayer.

"It was the final bout with Detroit," said he, "and the score was close. The last half of the ninth inning was being played. Two men were out, and Detroit, with Charley Bennett at bat, had one man on second and another on third. He had two strikes on him and three balls called, when he fell on the ball with terrific force. It started for the club house. Benches had been placed in the field for spectators, and as I saw the ball sailing through the air in my section, I realized that it was going over the crowd, and I called out 'Get out of the way.' The crowd opened, and as I ran and leaped those benches I said one of the swiftest prayers I have ever offered. It was: 'Lord, if you ever helped a mortal man, help me get that ball.'"

"I went over those benches as though wings were carrying me up. I threw out my hand while in the air and the ball struck and stuck. The game was ours. Though the deduction is hardly orthodox, I am sure the Lord helped me catch that ball, and it was my first great lesson in prayer."

"A. Johnson, brother of Tom Johnson, the present mayor of Cleveland, ran up to me and handed me a \$10 bill, exclaiming: 'Buy a new hat, Bill. That catch won me \$1,500.'"

Sound kidneys are safeguards of life. Make the kidneys healthy with Foley's Kidney cure. Alvarado Pharmacy.

BASE BALL WITH ALBUQUERQUE

H. B. Charman receives a Proposition to Furnish El Paso with a Good Team.

Harry B. Charman, who is in charge of the El Paso end of the proposed Albuquerque-El Paso base ball games for October, is in receipt of a letter from Dale D. Gear, of Kansas City, a well known attorney there and manager of the Kansas City Blues, who offers to furnish El Paso with a

team that will put up some extraordinarily good ball in the match mentioned, says the El Paso News.

Mr. Gear says he will furnish a team composed of two pitchers from the American league, an infielder from the National league and the remainder from the American association that will do splendid work on the diamond. The league season will be over then and it will be no trouble to get good men. He offers to get this team together and bring it for the seven games at Albuquerque and two here if El Paso will guarantee expenses. The backers to be reimbursed out of a liberal percentage of the gate receipts.

Mr. Charman wants to have a meeting in the next day or two of those who are willing to assist in getting the team up and who feel an interest in giving El Paso some real good base ball this fall.

A Good Reputation.

The way to gain a good reputation is to endeavor to be what you desire to appear. That is precisely the way in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by all druggists.

Will Race in Canoes.

Cleveland, Ohio, July 12.—During the coming two weeks the annual meeting and regatta of the western division of the American canoe association will be held at Ballast Island.

Already the canoeists have arrived in considerable numbers, 150 being now in camp and fifty more are expected tomorrow. Many of the last paddlers are in camp training for the races which promise to be of more than ordinary interest this year. The regatta program has been carefully arranged, and consists of more than a score of events, including all varieties of sailing and paddling, with the usual upset, hurrying-scurry, club four paddling, war canoe, and swimming events. A new prize is a handsome silver loving cup offered by Commodore George W. Gardner, of this city. The location of the camp this year is particularly well adapted for canoeing purposes, and especially convenient for the canoeists. Among those already in camp are canoeists from Milwaukee, Chicago, Peoria, Pittsburg, Detroit, Dayton, Toledo, Cincinnati, Sandusky, Cleveland, Buffalo, Rochester and Toronto.

Don't Fail to Try This.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cure kidney and liver troubles, stomach disorders, nervousness, sleeplessness, rheumatism, neuralgia, and expels malaria. Satisfaction guaranteed by all druggists. Only 50 cents.

To Study in Europe.

New York, July 12.—Among the passengers bound for Europe today was Miss Lillian Solomon, the 18-year-old daughter of Lillian Russell, the well known actress. Miss Solomon, who promises to possess all the beauty of her mother, is going to Paris to continue the study of music. Last month she was graduated with high honors from the Institute of the Holy Angels at Fort Lee, N. J. Before quitting the school she embraced Catholicism and was formally received to the church.

Acts Immediately.

Colds are sometimes more troublesome in summer than in winter. It's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Cycling's Silver Jubilee.

New York, July 12.—It was just twenty-five years ago that the first bicycles were manufactured in America, and in celebration of the silver jubilee cycle enthusiasts, manufacturers and others interested in wheeling held a mammoth cycle parade in New York today. It was the largest affair of its kind ever seen in the metropolis. Scores of clubs and hundreds of indi-

I Can do all my own work

"I feel it my duty to tell you what your medicines did for me," writes Mrs. Blanche Marshall, of Whiting, Jackson Co., Kansas, Box 139. "I was severely afflicted with kidney trouble and female weakness. In less than three months the trouble became so bad I could hardly walk around the house. I suffered almost everything. Seeing your advertisement in our paper concluded to write Dr. Pierce. After receiving your kind advice I immediately began taking your medicine. After taking two bottles of 'Favorite Prescription' alternately with two of 'Golden Medical Discovery,' and using one box of 'Lotion Tablets,' I am entirely cured. I can do all my own work without any trouble. I take great pleasure in recommending Doctor Pierce's medicines to all suffering women."

vidual wheelmen were in line and manufacturers and dealers were represented by elaborate and varied displays. The route was from Washington square up Fifth avenue to One Hundred and Tenth street and the line took several hours in passing a given point. Colonel Albert A. Pope, the father of the cycling industry, was grand marshal and his staff was made up of former presidents of the L. A. W. and other cycling veterans.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this remedy in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by all druggists.

Passionists' Golden Jubilee.

Pittsburg, Pa., July 12.—A notable celebration was begun in Pittsburg today of the fiftieth anniversary of the establishment in this country of the Passionist Fathers, one of the ascetic orders of the Catholic church. The event has attracted noted prelates from all over this country and Canada, among the number being Archbishop Ryan, of Philadelphia, Archbishop Katerer, of Milwaukee, Mgr. Falconio and others. The celebration consists for the most part of religious exercises of an extremely impressive character.

The Passionists were founded in 1720 and have been renowned from the first for their missionary work and their hospitality. With the exception of the benedictines, the Passionists are the only monks who maintain guest houses where the needy are received and temporarily cared for without reference to their means or faith. The seat of the order in this country is located at Hoboken, N. J.

Bronchitis for Twenty Years.

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." Alvarado Pharmacy.

Boyne Battle Recalled.

Belfast, July 12.—The Orange societies of Belfast and vicinity had their customary parade and speech-making today in celebration of the anniversary of the battle of the Boyne. While there were some small clashes between Orangemen and nationalists, there were no serious disturbances owing to the fact that the police were out in more than ordinary force.

MID SUMMER GOWNS.

Individuality the Distinguishing Feature of an Unusual Display.

WHAT IS BEING WORN.

New York, July 12.—Individuality is the distinguishing feature of mid-summer gowns and the season this year is enlivened by an unusual display of smart frocks.

Combined with individuality must be grace for everything is designed with a view to accentuating this subtle attribute of womanhood. Materials that are a la mode are of the sheer, soft, willowy variety, accommodating the demand for draped effects; and these draped effects, while arranged with a studied freedom suggestive of classic art and beauty, fit faultlessly and at no time is the contour of the figure completely hidden.

The ultra smart skirt of diaphanous material is sheath-like, expanding at the foot and requiring a soft billow effect of undulating frills to produce the graceful flare that is absolutely necessary on every style of summer gown. These frills are made of many different materials and some of them are placed on the drop skirt, but often they are seen as well on the inside of the dress itself.

There is a very general use again among the fashionable modistes of Gotham of the balayouse, formed variously of lace entire, of platted silk, organdie, mull, batiste or fine Swiss muslin, narrowly tucked, and finished with an edge of insertion and lace or embroidery.

In some of the skirts the hip-yoke effect is gained by a group of tucks set in around the circular skirt. This is easy to accomplish, if one begins with the tucks at either side of a narrow front breadth, which may be finished down either seam with two or three tucks.

A feature of dress upon which great emphasis is being laid is the lace coat. This is distinguished for three things besides its wonderful beauty—its flimsiness, fragility and cost. These coats are really ornaments to add to the confusion of the summer woman's attire, for of warmth they have none and substantiality very little more.

One of the daintiest effects imaginable is in soft colored gowns lined with a pale blue painted muslin. Another model suitable for the woman to whom black is indispensable—and this means every well dressed woman—is a long black lace coat lined with cherry-colored chiffon.

It really seems impossible to imagine a higher attainable perfection in shirt waists, for they are all that the human heart could wish this season in variety, material and price. A style of blouse which is varied in a number of ways is made of squares and lace and batiste, the latter tucked crosswise from side to side and corner to corner, one tuck in each line. Lace and embroidered squares are used in this way, the neck like the front. Lace and silk, and batiste embroidered squares with silk or chiffon are also used. Any fancied combination is admissible, but the squares in smaller numbers are a useful trimming, set in detached motifs in any form that one may like.

The greatest variety is afforded in pongee waists and these are shown in black, dark blue, red and ecru. The latter, however, are the most favored, because they combine so prettily with other colors. These blouses are unlined and almost invariably cut with low neck and elbow sleeves.

Necessity has proved the mother of invention in fashions as well as in trade, for the herringbone decoration so much used, and so expensive when done by hand can be purchased all ready for use in the shops for a reasonable sum. It is machine made, of course, but it answers every purpose and reduces the expense of a gown considerably.

The French knot in embroidery is en vogue and one of the most effective trimmings seen. It is displayed to greatest advantage on collars and bands used on silk gowns. The embroideries this season are so delicate and beautiful that the gowns of sheer materials are daintier than ever.

A novelty to be worn with shirt waists is the kid necktie. Then to match this are cunning little kid neckties which hang on the belt and kid stocks consisting of a high, straight band fastened with a buckle. Kid is in fact an important factor in the modes of summer, both in suede and enamel.

A striking mode which was revived especially for the coronation gaities in London and which has become popular in spite of the postponed ceremonies, is the Rubens hat which is charming and very "seamy" as the French milliners on Fifth avenue say. It is a change from the Gainsborough and though the latter will never go out of fashion with certain types of beauty, it must be discarded temporarily, for the Rubens is the only product of the old masters that holds a place in the modish warren.

As a compromise for the loss of the Gainsborough, an ideal summer hat is shown in pique. It is tall, with flaring, indented brim, but instead of an ornithological decoration, the trimming is confined to a chiffon veil scattered with black polka dots.

In fashionable millinery, however, the maneuvering of long feathers plays an important part and smart hats seem to have a flatter and more downward tendency than ever. Many women will hail the entree of the tilted hat, for it is exceedingly becoming to plain faces. It is only the possessor of regular features and other charming advantages that can afford to wear her hair low on the nape of her neck and a pan-cake hat over her eyes at the angle Madam Mode commands at present.

Green has the lead among the colors just at the moment and it is charming in the delicate, transparent fabrics made over white, or silk and chiffon of the same tint.

The poppadour sleeve, close fitting to the elbow, where it is finished with may little frills, is very popular for flowered muslin gowns. The little wristband is a feature of many of the long thin sleeves, and the fuller, more pouchy and transparent the sleeve, the narrower and tighter the wristband is.

A little trick of the trade which lends a beautiful transparency to the skin is to line sleeves of black net with

the finest of white tulle. This gives the skin a firm, marble-like appearance that is positively classic.

The Eton effects of heavier gowns have been replaced with an independent ruffle which hangs unconfined from the bustline to the upper edge of the belt, much after the Eton outline, but much fuller. The ruffle is laid on in plaits and these are stitched upon either side, then applied with medallions of lace or embroidered. The fashion is far more becoming for summer than the close-fitting Eton, and suggests comfort and luxury in the most subtle manner. Certainly nothing is daintier.

MAUDE GRIFFIN.

"I am using a box of Chamberlain's Stomach and Liver Tablets and find them the best thing for my stomach I ever used," says T. W. Robinson, justice of the peace, Loomis, Mich. These tablets not only correct disorders of the bowels but regulate the liver and bowels. They are easy to take and pleasant in effect. Price 25 cents per box. For sale by all druggists.

SHIP OF THE DESERT.

Revival of the Arabian Camel Story for the Arid Plains.

BEAST OF BURDEN.

The story of the experiment made nearly fifty years ago to utilize the Arabian camel as a beast of burden on the arid plains of Arizona, New Mexico and the desert plains of Colorado, is one of the many interesting chapters in the history of the southwest. The originator and chief promoter of the project was Jefferson Davis. During the last days of the session of congress in 1851, when the army appropriation bill was under consideration, Mr. Davis, then senator from Mississippi, offered a bill providing for the purchase and introduction of thirty camels and twenty dromedaries with ten Arab drivers and the necessary equipment.

In December, 1854, Major C. Wayne was sent to Egypt and Arabia to buy seventy-five camels. He bought the first lot in Cairo and taking these in the naval store ship Supply he sailed to Smyrna, where thirty more of another kind were bought. These had been used on the Arabian deserts. They cost from \$75 to \$300 each, somewhat more than had been paid for the Egyptian lot. The ship Supply, with its load of camels, reached Indianola, Texas, on the Gulf of Mexico, February 10, 1857. Three had died during the voyage, leaving seventy-two in the herd. At first the mild submissiveness of the camels provoked the drivers. They could appreciate the vigorous kicking of an army mule in its protest against abuse, but the spiritless dejection and the mild-eyed pensiveness of the Arabian burden-bearer was exasperating. They soon learned that in pure meanness one lone camel could discount a whole herd of mules.

The camel could travel sixteen miles an hour, which was a virtue, but when camp was struck in the evening and it was turned loose to sup off the succulent sage brush, either to escape the noise and profanity of the camp or to view the country, the beast was always seized with a desire to take a tramp of twenty-five or thirty miles before supper. While this only took an hour or two of time, it involved upon an unfortunate driver the necessity of spending half the night in camel chasing, for if it was not rounded up there was a delay of half the next day in starting the caravan. The animal could carry a ton—this was a commendable virtue—but when too heavily loaded the ships of the desert collided on a narrow trail, as they always did when an opportunity offered and tons of supplies were scattered over miles of plain. As the unfortunate camel pilots had to gather up the flotsam of the wreck, it is not strange that the mariners of the arid wastes anatomized the whole camel race from the beast the prophet rode down to the smallest imp of Jefferson Davis' importation.

Whenever one of the hump-backed burden bearers of the Orient came trotting along past a corral of horses and lifted its voice in an evening orison to Mohammed or some other Turk every horse of the caballada was seized with fright and broke loose and stampeded. At the breaking out of the civil war some thirty-five or forty of the camel band were herded at the United States forts—Verde, El Paso, Yuma and some of the smaller posts in Texas. When the eastern forts were abandoned by the government the camels were turned loose to take care of themselves. Those at Yuma and Fort Tejon were taken to Benicia, condemned and sold at auction to the highest bidder. They were bought by two Frenchmen, who took them to Reese River, Nevada, where they were used in packing salt to Virginia City. Afterward they were taken to Arizona and for some time used in packing ore from the Silver King mine down the Gila to Yuma. Even the Frenchmen's patience gave out at last. Disgusted with their hump-backed burden bearers they turned the whole herd loose on the desert near Maricopa Wells. The descendants of these camels are still running wild on the deserts of southern Arizona.

Cooling Delights.

A ROYAL WEDDING.

Prince of Montenegro Weds a Serbian Princess.

POLITICS IN IT.

Vienna, July 12.—A dispatch from Cetinje says: The simple folk of the Black mountains are rejoicing greatly today after their own peculiar fashion, and the welkin is resonant with the sharp and stunning reports of rifles, muskets and revolvers. Old and young, men and boys, gather in streets and villages, and on the mountains, and by the crack and pink of firearms give expression to their joy as long as ammunition lasts. In the afternoon and evening, when the cartridges are spent, they will gather in front of the royal palace, a term which gives an inadequate idea of the sedate farmhouse occupied by the Montenegrin royal family, and there they will shout their zivios, and even plunge into the measured excitement of the national dance, the kolo.

The cause of these popular rejoicings is to be found in the fact that tomorrow Prince Mirko, second son of the Montenegrin ruler, will marry Mile, Natalie Constantinovitch, Prince Mirko has inherited the beauty of his mother, considered, not only in her youth, but even now, the handsomest woman in the land. He is a tall young man of 24, a typical Petrovitch, and very accomplished. His tastes run to music (the composes and plays well) and bacteriology. He has a large palace near Podgorica in the fertile valley of the Zeta, of which province he is the vojvoda or duke.

His bride is just 17, tall, slender and a blonde. At home she is known as Lily. Prince Mirko met her only a few months ago in Vienna, and fell in love at once. Her father, Col. Constantinovitch, saw much service under Prince Alexander of Battenberg.

Marriage is a peculiar institution in Montenegro and it is to be hoped that the fair bride will not be subject to the same humiliating customs as are the rest of her sex in the little mountain principality. When married, a woman may not sit at her husband's table when he has guests, but must take her meals in the kitchen. If he met her in the street, he passes her by as a stranger, or, if, after some days of separation, they meet in public, she will not dare to greet him with a kiss on the mouth, but in token of submission she will kiss twice above and below the elbow the arm he thrusts out to her in condescension. It is true, however, that the position of women of the better classes is improving, for there is already a college, presided over by a Russian lady, in Cetinje, and here the daughters of the rich attend. But they are few and their privileges without precedent.

Politics in the Wedding.

Paris, July 12.—Much interest is manifested here in the marriage of Prince Mirko of Montenegro and Mile, Natalie Constantinovitch, which is to take place tomorrow.

It was believed at one time that the young prince would persist in his desire to wed Lettie Bonaparte, widow of the duke of Aosta. But reasons of state prevailed and the handsome young prince was induced to give up the duchess, who, by the way, was fifteen years his senior.

From a political point of view his union with Mile, Constantinovitch is a far better match. In fact, the marriage tomorrow will mark a definite point in the history of the race of the Balkan peninsula. There are five states which have in this century been carved out of the Ottoman empire, and of them Roumania, Greece and Bulgaria are governed by foreign dynasties closely connected with the great reigning families of Europe. Only Serbia and Montenegro are governed by native dynasties, neither of which was related to the imperial families of Europe until the comparatively recent wedding of the Princess Helene of Montenegro with the young king of Italy, and of the crown prince of Montenegro with the duchess of Mecklenburg-Strelitz. Having strengthened his position by these alliances the astute Prince Nicholas, ruler of the principality, looked out for a consort for his second son and at the same time with an eye on the future prosperity of his country. During recent years he has often cast an eye across the barren mountains of his own principality to the fertile plains adjoining. He would like nothing better than to see his son Mirko ruling over a neighboring kingdom so desirable as Serbia.

Circumstances strengthened Prince Nicholas' hopes. For is not Serbia unaccountably cursed as regards an heir to its throne? Queen Draga is childless. The principal Serbian pretender, Karageorgevitch, an old man and a bookworm, prefers not to leave his quiet library in Lucerne to rule over chaotic Serbia. His two sons have been educated for a military career in Russia. Still another pretender is Prince Alexander Karageorgevitch, prefers Paris to Belgrade. Therefore Prince Nicholas believes, not without apparent reason, that day is approaching when there will be a greater Serbia controlled by two of his sons. The alliance of Prince Mirko with a daughter of one of the most popular families of Serbia certainly seems to strengthen the situation. The young Montenegrin prince, indeed, may find the future made for him in less time than his father has dared to think for the report comes that King Alexander's throne even now is tottering and Serbia may soon be searching for a new and more popular ruler.

such articles are copied by other papers at a distance and believed to be true," when they are in fact false.

Johnston's Stage Line.

Will leave every Tuesday morning for the Jemez Hot Springs and return on Thursdays. One regular trip a week and extra trips when ordered. Leave orders at Sturges European hotel. J. A. T. JOHNSTON.

Messrs. Quicquel & Bothe, proprietors of the Zeiger Cafe, extend a cordial invitation to their many friends to attend the grand free lunch at their popular resort tonight. The chef of the establishment says the spread will be ready about 8:30 p. m.

Green is the Color.

Our semi-annual green tag sale is again on. We are determined that all of our summer goods must be sold before the season ends and we have scaled down prices to such an extent that we are bound to attain our end. Every green tag means a saving to you of 10 to 30 per cent. See our windows—St. Simon Stern, the Railroad avenue clothing store.

Attend a specially prepared free lunch at the White Elephant tonight. Everybody invited.

Remember the Store.

The store with the white front—The Lion Store—offers you such goods at such prices which will not be met in any direction.

Our store is crowded, and we are very busy, but we will take time to sell you one of those handsome Automatic refrigerators, which we offer at cost—E. J. Post & Co.

Free lunch tonight at the White Elephant.

Statehood cigars, two for 25 cents.

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades. As to teas. Everyone knows that we keep the very best to be had in the territory.

A. J. MALOY, 214 W. Railroad Ave

FROM SILVER CITY.

City Council Complaints—Commissioners Asked to Help Pardon a Brutal Murderer.

PROPERTY OWNERS KICKING.

Special Correspondence.
Silver City, N. M., July 11.—Dr. Bullock, who has charge of the Sisters' sanitarium in this city, which was just recently finished, states that the buildings have been complete, and furnishing will be commenced right away. They now have seven consumptive patients in the sanitarium.

Rev. Sawyer, pastor of the Baptist church, returned yesterday from a trip east, where he had taken his sick wife.

Henry Rosenberg, wife and children, who have been visiting friends in Silver City for some time past, will in a few days leave on quite an extended trip to the Pacific coast. They will return to their home in New York about the last of September.

Thompson and Copp, who own the Virginia, in the Burro mountain mining district, will in a few days make a carload shipment of high grade copper ore taken from their mine to the El Paso smelter. They are at the present time into some very large bodies of rich copper ore in their mine and a good outlook ahead of them to clean up money at even the present low price of the metal.

The fruit growers of the surrounding country have, during the past week, been bringing in large quantities of different kinds of fruit to sell. From the present appearance the crop will be exceptionally large this season.

Capt. Bert Gilbert and mother left this week for a pleasure trip to the Pacific coast.

Louie Abraham, who owns the Southern hotel in this city, states that the news item sent to The Citizen by your correspondent in regard to the 'limer house being purchased by several parties here to be made into a sanitarium for the treatment of pulmonary troubles did not include the Southern and that no negotiations have been opened for its sale. Therefore the statement that the deal would perhaps include that property was a mistake.

At a recent meeting of the city council several complaints were made by the owners of property near the depot, that the old sampling works owned by the Silver City Reduction works, was a menace to their property as it was liable to catch fire at any time and asked that it be ordered torn down. The council passed an order to this effect, but it seems that the smelter people are not of that opinion and will refuse to allow it to be torn down.

The Grant county board of commissioners met this week to hear the numerous kicks to be registered by property owners, whose assessed valuation on their property was recently raised. Quite a large number of raises were sustained. The board also ordered that a survey of the boundary line between Grant county and Socorro be made. The survey of the lines between Grant and Luna counties has been completed by Surveyor George R. Brown and the board ordered the bills paid for the work. The board was also asked to pardon a man named Murray, who is serving a life sentence in the penitentiary at Santa Fe, stating that he had tuberculosis. They refused to do so as the crime for which he was convicted was the most terrible ever committed in this county. He was convicted of placing a stick of giant powder between his two little boys while asleep at their home in Pinos Altos in the latter part of 1899 and setting it off. When the citizens rushed to the scene they found the two little fellows torn almost to pieces and both dead. One of them had a short time before received \$1,500 for damages from a railroad and by his death he received this money for which he committed the horrible crime.

Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, of Swift, Texas. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Free Concert at Robinson Park.

INDIGESTION

is the cause of more discomfort than any other ailment. If you eat the things that you want and that are good for you, you are distressed. Acker's Dyspepsia Tablets will make your digestion perfect and prevent dyspepsia and its attendant disagreeable symptoms. You can safely eat anything at any time, if you take one of these tablets afterward. Sold by all druggists under a positive guarantee. 25 cents. Money refunded if you are not satisfied. Send us for a free sample. V. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

GRAND ANNUAL PICNIC.

C. Colombo Benevolent Society Will Hold Forth Sunday, July 20.
The grand annual picnic of the Christopher Colombo Benevolent society will be held at the grove near Barelas bridge on Sunday, July 20, commencing at 8 a. m. Every arrangement has been made by the society to make this the big event of the season.

The program of events will include a laughable sack race, from 3 to 4 o'clock. Grand prize to the winner. A foot race for little girls at 4 o'clock. Grand prize to the winners.

Dancing. A fine platform has been erected in the shade, for this amusement. First class orchestra will furnish music. No extra charge for dancing to those holding tickets.

Refreshments of all kinds will be served at reasonable prices. The bar will be supplied with first-class beer, liquors, cigars and all kinds of soft drinks.

You will not have to bring your baskets, as all kinds of cold lunches will be provided at reasonable prices.

A grand display of fireworks will be given in the evening, with a Balloon Ascension

by the famous Prof. Bronco at 8:30 o'clock.

The Italian band will play in town at 8 a. m. and will furnish music at the grounds during the day and evening.

The grounds are well shaded and every arrangement will be made for the comfort and enjoyment of the guests.

Dancing will commence at 10 a. m. and last all day.

Do not fail to attend the biggest picnic yet. Everybody invited and a good time guaranteed.

Climbing greased pole.

Girls' egg race.

Catching greased pig.

Whoever catches the pig will own it.

L. GRADY.

C. GRANDE.

Committee.

This evening, at the White Elephant, a fine free lunch will be served, to which everybody cordially invited to partake. The White Elephant is one of the city's nicest resorts.

Values That None Others Equal.

Read our ad on page 2 today and be sure to call at our store Monday. Read the amazing list of simon pure values—prices have been ripped, cut, slashed and reduced to such a low level that the question of profit, and in many instances original cost, has entirely been lost sight of.—The Lion Store.

Hot lunch, free to everybody, at Zeiger's Cafe tonight. Don't forget.

Liquid Veneer, makes old furniture new. Will put a brilliant, elastic, transparent finish on any article of wood or metal. For sale by Whitney Company and other Albuquerque dealers.

A lunch, fit for royalty, will be served by Quickel & Bothe at Zeiger's Cafe tonight. Everything eatable free.

NEW MEXICO TOWNS

SANTA FE.

From the New Mexican.
Window smashers last evening broke a large pane of glass at Kerr's barber shop on the west side of the plaza.

William Vaughn, proprietor of the Palace hotel, has constructed a good brick sidewalk in front of the hotel. It is 170 feet long.

Hon. I. B. Hanna, superintendent of forest reserves in New Mexico and Arizona, is on an inspection trip to Arizona. He will return to Santa Fe about August 1.

City Engineer Wendell V. Hall is at Raton at present finishing up the work he has been engaged on for the Maxwell Grant company. He will return to Santa Fe on July 20.

Leo Hersch has been awarded the contract to furnish fifty-five tons of hay to the United States Indian school in this city and Gavino Ortiz the contract to furnish the school with 400 cords of wood at \$2.47 1/2 a cord.

County School Superintendent John V. Conway writes from Jemez that he and William Farah had a hard trip over to the Jemez springs on Monday, but made the trip safely and that they are enjoying their stay immensely. They will also visit the sulphurs at the San Antonio springs.

Major H. B. Hersey, at one time a well known resident of Santa Fe and at present section director in charge of the United States weather bureau at Louisville, Ky., has been appointed one of the two inspectors of weather bureaus in the United States. This will undoubtedly bring him to Santa Fe at times. The Louisville Post says: "The appointment of Major Hersey came unsolicited. His rating is among the best in the country and the Louisville office has shown such marked improvement since he took charge in 1898 that when it came to seeking a good man to take the inspectorship the department of agriculture could not get away from Major Hersey." The position carries with it a salary of \$2,100 and traveling expenses.

Need More Sleep.

Often the over-taxed organs of digestion cry out for help by dyspepsia's ails, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure 25 cents at drug stores.

RATON.

From the Range.
Mrs. P. A. Fanning, who has been quite sick, is reported to be improving.

John Majors has accepted a position as cashier in a store at Dawson City.

Mr. and Mrs. James Gillespie came in from the ranch and spent the Fourth with Mr. and Mrs. Thomas F. McAuliffe.

Last Saturday night Johnson's mesa was visited by a frost which damaged potatoes considerably and did some injury to other garden truck.

Miss Lula Perry, after a pleasant visit with her aunt, Mrs. Tucker, went on to Elizabethtown, where she will spend the summer with her parents.

Judge F. D. Morse, wife and son left for Santa Rosa, where they will make their home in the future. The judge has invested in property in that place, which he confidently believes will become one of the important towns of the territory.

The organization of the Citizens' National bank of Raton has been effected, with the following officers: J. B. Dawson, president; S. W. Clark, vice president; M. M. Dawson, cashier. The directors are the above together with Albert McCready, Oscar Troy and G. E. Lyon.

George W. Keck and Miss Katie M. Butt were married at the Catholic church by Rev. Father Cooney. The bride is an attractive young lady who lives on Johnson's mesa and the groom an estimable young man recently from Ohio. A reception was given the newly wedded couple at the home of the bride's parents and they left for Las Vegas, where they will reside.

GALLUP.

From the Republican.
The new hose cart, with 500 feet of hose, ordered by the town board some months ago, has been received.

J. B. Moore has gone to visit relatives in Texas. He has put off his trip to Africa until next fall.

Misses Nellie Donahue and Eva Dixon, of Albuquerque, were here visiting with Miss Helen Hogan.

H. J. Seis, of Wingate, was in town on business. Mr. Seis conducts an Indian trading store a few miles from Wingate station.

The game of ball at Fort Wingate, between the soldiers and Gibson Grays resulted in a victory for the soldiers, score 13 to 6.

J. H. Owen, the contractor, was here a couple of days. He will commence work next week on the Moqui buildings. F. W. Meyers and Mr. and Mrs. John Mulder will go out there on Monday next.

Assessor Canavan has returned from a two weeks' trip to the mines of southern Arizona and northern Mexico. He ran across several Gallinipites in Douglas, Ariz., among them being Pat Kennedy, Harry Simpson, Bob Dolan and Jim Shorten.

The other day the tippie and scale house at the Union mine caught fire and burned to the ground. There was no insurance on the property and the loss is total. So soon as possible the tippie and scale house will be rebuilt. The company will have by the time the fall trade opens up sufficient orders on hand to keep the mine running steady during the winter.

CERRILLOS.

From the Register.
Miss Warren Graham and Miss Jennie Kirkland, of Albuquerque, were visiting friends in Cerrillos this week.

Ross C. Uptegrove has shipped his household goods and has gone to Los Lunas, where he has a position in a flour mill.

M. R. Derig and family, who have been teaching the school at San Domingo are visiting here.

John Jones and family have moved

to Buckman's mill. J. M. Rogers went with them to assist in moving their household goods.

Miss Bessie Jones returned from an extended visit to Albuquerque. Her sister, Mrs. Anna Bambrook, accompanied her for a visit with the old folks.

Mrs. G. R. Bailey was the organizer of a very lively picnic party who went out to Bonanza and spent the day. The members of the party were Mesdames Bailey, Palmer and families, Mr. and Mrs. Ede and little son, Misses May and Cynthia Harney, Ethel Eaton and Ruth Buell, Messrs. Fred North, Henry Wesley and Lloyd Buell. A splendid patriotic time was reported by all.

Last Tuesday evening J. P. McNulty was badly bitten in the right hand by a rattlesnake. Along in the evening the dogs made a disturbance around the house when Mrs. McNulty and family went out to see what the trouble was. They found a large rattlesnake. Mrs. Kohler threw a rock and struck the snake which coiled ready for fight and as Mr. McNulty reached for the rock to throw it again the snake struck him between the thumb and forefinger of the right hand, inflicting a very painful wound. He was brought to Cerrillos at once and is doing quite well under the care of Dr. Palmer.

A household necessity. Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, croup, catarrh, asthma; never fails.

MADRID.

From Cerrillos Register.
Mrs. E. A. Maddux returned from her Albuquerque visit.

C. W. Rose and wife, of this place, and Attorney N. S. Rose, of Cerrillos, visited at Santa Fe.

Miss Anna Archibald, of Trinidad, Colo., came in for a two weeks' visit with her brother.

Mr. and Mrs. Decker and Mrs. Doli left for Mexico this week, where they will reside in the future.

Frank Chown, boiler-maker, left for La Junta, Colo., being called there to the bedside of his mother, who is very sick.

Miss Lillie Wood, postmistress, has gone to Raton for a short visit. Her father, James Wood, is tending the postoffice during her absence.

Glass Workers' Carnival.

Hartford City, Ind., July 12.—French and Belgian window glass workers from all over the glass making districts of Indiana and Pennsylvania have rounded up here for their annual carnival week. A dancing pavilion, covering several acres, has been constructed, on which all-night dances will be held. Several French plays will be produced during the week, and \$500 in prizes will be awarded.

CECIL RHODES' WILL.

Provides for Proper Food for Students.
Cecil Rhodes in his late will left a bequest of \$50,000 for the improvement of the high table for resident fellows and tutors at Oriel College, Oxford.

"I am rejoiced to find that one millionaire has at last given some thought to the question of dietetics in educational institutions," says Elizabeth Cady Stanton in the New York Journal.

"One of the crying evils in our schools, colleges and universities is the bad system employed in feeding growing boys and girls.

Students, above all other classes, need plenty of good, well-cooked food and a happy state of mind in anticipation of their various meals.

"Dyspepsia is one of the common ailments among the literary classes, and the foundation for this prevalent ailment is laid in our colleges and seminaries. Of what avail is a knowledge of art, science, philosophy and government when health is seriously undermined?"

All this comes from ignorance as to the kind of food element the body must have to supply the daily loss from brain work. Bacon, meat, potatoes, white bread and coffee absolutely will not keep a hard brain worker well. A food expert perfected a perfect food for brain workers.

Not only in the schools but in the home should the food be looked after. The necessity of selecting food to supply proper nutrition to replace the daily waste of tissue of brain and nerves is of the greatest importance.

Grape-Nuts is the ideal food for young and old who use the brain actively; the disease of the grains being perfectly developed and the starch transformed into grape sugar in the most perfect manner.

In this condition, Grape-Nuts is ready to be quickly absorbed into the blood and tissue without taxing the intestinal digestive machinery. The phosphate of potash found in the cereals is retained, and this with albumen, supplies the elements required to build the gray matter in brain and nerve centers.

Dr. Max Grossman, of New York city recently called the attention of the Board of Education to the fact that "pupils of the defective class are apt to be weak physically. Temporary aberrations are often mistaken for real defects, when they are only symptoms of physical growth, of indigestion or other maladies. Indigestion has been responsible for more than one falsehood, and its cure has often been followed by a return to truthfulness."

In its predigested form, the daily use of Grape-Nuts for the cereal part of the meal, aids digestion, nourishes the body, tones up the nervous system and quickens the mental faculties.

Coffee should also be banished, for it unnaturally stimulates the brain and nerves so that proper nutrition is interfered with and they cannot get sufficient rest to take the food needed for the work they must do from day to day. For the morning beverage, Postum Food Coffee should be used in place of coffee.

Let the daily breakfast, particularly at this time of the year, consist of Grape-Nuts and cream, some whole wheat bread and possibly one or two soft-boiled eggs. It is impossible to make one believe what a wonderful change in health, strength, comfort and ability comes in ten days after quitting wrong food and living on scientifically selected food.

GENERAL FUNSTON.

Entertained Yesterday by Las Vegas Citizens—Gun Club Shoot.

NEW LODGE OFFICERS.

Las Vegas, N. M., July 11.—The appointment of Conductor J. D. Notgrass as trainmaster here was made public last evening by a circular from the superintendent's office, the appointment to take effect from July 6. Mr. Notgrass will be down from the hospital tomorrow if able, but will not begin his active duties until next week. Mr. Notgrass was formerly the trainmaster from Dodge City to Raton and La Junta to Canyon City. He has been on this division for fifteen years and is fully acquainted with the road and his work. The appointment was exclusively forecasted in the Record of Wednesday, and we are glad to note the appointment of so popular and able a man.

Mrs. G. P. Tillson and baby arrived here today from Topeka to see her husband, who has been staying at the Santa Fe hospital for some time.

T. B. Catron came in from the north today and stopped off to see some of his friends here before proceeding to his home at Santa Fe.

A. A. Senecal returned this afternoon from an extended visit in New York.

A good rain has at last soaked the country in the neighborhood of Santa Rosa. The rain began there Wednesday night at about 8 o'clock and kept up most of the day yesterday. The stage reports rain almost all the way to Las Vegas. In the vicinity of Juan Palz the rain was exceedingly heavy. Mora, also, enjoyed a visit from Jupiter Pluvius and everybody is happy.

John Pendaries, of Rociada, took quite sick yesterday and Dr. Cunningham made a quick visit to see him.

The board of education held a meeting last night and transacted a lot of routine business. The fence question was up for consideration. There are 1,029 feet around the new high school building that is contemplated being fenced, but some of the members are in favor of waiting awhile on the matter; especially as the best price they have yet received was 75 cents a lineal foot, making the expense inordinately high.

Captain A. R. De Costa has sent in his resignation as captain of company K to Adjutant General Whiteman at Santa Fe, to take effect as soon as a new captain can be found. Captain De Costa feels that attending to the duties takes too much time from his professional work, and he cannot afford at present to make the sacrifice.

Hon. Charles A. Spiess returned last evening from his trip to Santa Fe. He was there on the suit of the Dawson Railroad Company vs. The Red River Valley Company.

Yesterday's maximum temperature was only 77, minimum 55. The mean humidity was 65, and a rainfall of .03 is reported.

Mrs. Hattie M. North, residing in Las Vegas, has entered suit for divorce against her husband, John D. North, on a charge of abandonment and non-support.

Potatoes have taken a raise of 20 cents per hundred pounds. There is only one source for good spuds now, and that is the reason.

At a mass meeting held last night at St. John's hall on the west side to appoint commissioners to attend to the work of raising money to repair the fences around and put in general order the Catholic cemeteries of both the east and west side, the following were appointed: The Rev. Paul Gilberton was made president and Pablo Jaramillo secretary, the other members of the board being Benigno Romero, E. Chacon, Filidelfio Baca, Chas. Blanchard, Fred Desmarais and Gregorio Varela. The deeds of the cemeteries are also to receive attention as it is known there are encroachments on the ground belonging to the cemetery.

Hon. Gregorio Varela has gone to San Geronimo to look after his alfalfa crop and also to look after his cattle interests.

The county commissioners will meet tomorrow and attend to the tax levy for 1902.

The county prisoners were put to work cutting the court house lawn today.

The joint installation of officers of the Odd Fellows and Rebecca lodges last night was a most pleasant affair. There were about sixty present to enjoy the evening and the good refreshments served after the installation was over. The two lodges have a good membership here, and many of our best citizens are on the membership rolls.

The Rebecca came first and installed the following officers: Noble grand, Mrs. Arthur Langston; vice grand, Mrs. J. W. Roberts; secretary, Mrs. A. J. Wertz; treasurer, Mrs. J. N. Shirley (Mrs. Shirley was elected but not installed, as she is away). The appointive officers were installed as follows: Conductor, Mrs. C. W. Hedgecock; warden, Mrs. F. W. Jones; outside guardian, C. V. Hedgecock; and chaplain, Mrs. E. P. Chapman.

The Odd Fellows only installed their elective officers last night, as it was late when the ladies got through with their program. Their officers installed were: Noble grand, T. M. Elwood; vice grand, J. H. York; secretary, T. M. Elwood; treasurer, W. E. Crites. The appointive officers will be installed Monday night at the regular meeting.

At the gun club shoot yesterday Al Quinley won the badge for breaking fifteen birds out of twenty. The other members of the club made the following scores: Dearth, 13; Collins, 14; Kammer, 13. Engineer Collins got up a little match shoot for \$10 a side with Quinley and lost. Mr. Quinley making 16 birds out of twenty to his 13. He came up game for a second round at \$5 a side to shoot five birds. He lost again by Quinley breaking five straight to his four. There is talk now that Mr. Collins is still game and is looking for a match for \$50 a side.

William Locke is suffering with the tonsillitis.

Amos Kline is not able to be around today. He is suffering from an attack of tonsillitis.

Mrs. B. F. Floyd will leave today

"Let the GOLD DUST twins do your work."

GOLD DUST

will take every particle of dust and dirt from your floors and woodwork—makes them as clean as a whistle, neat as a pin. Nothing so good for washing clothes and dishes.
Made only by THE N. K. FAIRBANK COMPANY, Chicago, New York, Boston, St. Louis.
Makers of OVAL FAIRY SOAP.

with her family for Rincon for a visit there with relatives.

Everett West left today for a ten days camp on the Pecos river.

Amid a light shower of rain General Frederick Funston, accompanied by Charles S. Glead, of Topeka, a prominent attorney and Santa Fe director, and Professor Blake, professor of electrical engineering in the Kansas university and inventor of the water telephone, arrived here today on No. 2 from their trip to Fort Whipple and stopped off until train No. 8 tonight.

A committee of citizens met them at the train and escorted them to the Castaneda, from where the party and a committee consisting of M. W. Browne, G. P. Money, A. H. Whitmore, R. C. Rankin and A. A. Jones took a couple of carriages and left to show the general the available military sites. The horses drawing the general and party were gaily decorated with flags (four of them) and the program was as follows: Over the mesa to Sanjuela, apast the proposed post sites and to Hot Springs. There the party will be joined by another party from here who will go up on the train and there will be a dinner party at the Montezuma at 7 o'clock. Ehler's orchestra will go up to discourse patriotic music during the dinner and then the party will return here at 8:30 by special train and go to the Montezuma club, where a formal reception will be given the general, and to which all our business men are invited to attend. Ehler's orchestra will serve up more melody at the club and a general good time will be the program from 9 until 10:30. This will give our citizens an opportunity to meet the famous, round and pleasant capturer of Aguinaldo. The general was at Prescott to look after the reestablishment of old Fort Whipple, and spent yesterday in the Grand Canyon. He came from the canyon direct to Las Vegas, not stopping off elsewhere en route as he expected to do. It was his intention when he went down to give Albuquerque and Santa Fe, possibly, a day, but being pressed for time he came direct here. It was the intention of the committee to give a big ball and reception to him had more notice been given, but it had to be called off on account of the general's brief stay.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixir, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cents and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

Celebration at Toronto.
Toronto, Ont., July 12.—Orangemen from all over the province celebrated the anniversary of the battle of the Boyne here today. There was a monster procession through the principal streets, followed by an open air meeting and speeches.

If a Man Lie to You,
And say some other salve, ointment, lotion, oil or alleged healer is as good as Bucklen's Arnica salve, tell him 30 years of marvellous cures of piles, burns, boils, corns, felons, ulcers, cuts, scalds, bruises and skin eruptions prove its the best and cheapest. 25c at all drug stores.

The Prevailing Fad.
For the occult, the mythical and the astrological, has inspired a clever designer to utilize the idea by producing a series of twelve unique and beautiful designs for birthday pillows. Zodiacal sign, the ruling planet, the gem to be worn, the appropriate flower, the astral colors and a jingling rhyme referring thereto, all well arranged and tinted in colors, ready to embroider. Price for top and back, 65 cents, at the Economist.

Jemez Hot Springs.
The public is invited to visit the famous health giving springs. First class accommodations can be found at the Stone hotel. Bathing, good trout fishing and beautiful scenery are only a few of the attractions of this delightful resort.

MRS. OLIVE CORCORAN, Stone Hotel.

Rubber in Your Dollars.
If there's any time in the year when you can stretch your dollars out, it's now.—The Lion Store.

Deming will be the great smelter center. Two large plants will be installed within the year.

Deming has increased 50 per cent. in population in four years.

Statehood elgars, two for 25 cents.

ARIZONA TOWNS

WINSLOW.

From the Mail.

Mr. and Mrs. Thomas and daughter and Mrs. Hawkins have returned from their trip to Colorado.

Fletcher Bly, who came in from the ranch last week, suffering with pneumonia, is reported as rapidly recovering.

A. G. Farr, of Albuquerque, passed through Winslow on his way to Phoenix, where he expects to purchase several car loads of fine beef cattle.

H. A. Larson, more familiarly known among the better element as "Hoke," arrived in Winslow from Youngs Jila company, and is around mingling with his numerous acquaintances.

Mr. and Mrs. G. R. Baurbach and Mr. and Mrs. F. F. Fieckinger left for a trip to the mountains. They expect to be absent at least a month, and during their journey they will take in the Natural Bridge and may possibly visit Fort Apache.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

ST. JOHNS.

From the Snips.

It is stated on good authority that the diphtheria is raging in Concho.

Sheep men are coming in from the mountains quite frequently. They report sheep doing well so far.

Hon. Solomon Barth has gone to Safford overland. He will return accompanied by his daughters, Lottie and Addie and their husbands, Messrs. Taylor and Backstein.

Sherin Ortega is back from Concho, where he went to the bedside of a dying son. He says he has two more quite sick with diphtheria.

Prof. W. D. Rencher is surveying for the St. Johns irrigation company. In settling a dispute over water rights, it was determined that a survey should be made which should determine how many feet of the new dam would be required to hold sixteen feet of water in the old Salado reservoir. Owing to the irregularity of the country above each of the dams, it renders the above problem high to impossible of a perfectly correct solution.

Foley's Kidney Cure purifies the blood by straining out impurities and tones up the whole system. Cures kidney and bladder troubles. Alvarado Pharmacy.

HOLBROOK.

From the Argus.

The farmers are hauling their first cutting of hay.

Diphtheria is quite prevalent at Concho, and we are sorry to learn of several deaths.

W. C. Ten Eyck is taking a thirty day vacation, and is spending the time in California.

About forty recruits came in from San Francisco this morning for Fort Apache. Six wagons from the Fort met them here.

H. J. Ramer came in from Albuquerque Thursday morning. Mr. Ramer will make another shipment of stock in about ten days.

Will Scorse left for Portland, Oreg., Friday morning where he will meet his brother James. From there the boys expect to go into Alberta, Canada.

Indian Agent C. W. Crouse and Miss Lester, from the White river school, left here Wednesday for Indianapolis, where they go to attend an institute of Indian teachers.

Levi Savage has accepted the position of pumpman for the Santa Fe Pacific at this place. Dan Divilbess, who has held the position for some time, has taken a place with Wetzler brothers, as bookkeeper.

Sixty Years of Popularity

is the record of Painkiller (Perry Davis'), but the shops are full of imitations made to sell upon the great reputation of the genuine; be cautious, therefore, when you ask for a bottle to see that you get the genuine. An unfailing remedy for coughs, colds, bronchitis.

FLAGSIAFF.

From the Sun.

Mr. and Mrs. Devine, of Kansas City, are visiting their son, Thomas Devine. Invitations are out announcing the marriage of Miss Mary Loge and Mr. F. C. Reid. The ceremony will be performed on July 15.

Mrs. C. M. Funston left for St. Louis to visit her mother, who is in failing health. She expects to return about the middle of September.

B. B. Custer and wife, of Phoenix, arrived and will spend some time here. Mr. Custer is disciplinarian of the Phoenix Indian school and has been connected with that institution for the past six years.

William Carroll came in from the head of the water works. He has charge of the camp for the gang of men employed in putting in the extension pipe line. There is frost every night in that portion of the peaks.

The fire in the Grand Canyon forest reserve has burned itself out, after burning over a strip of timbered country five miles wide by twenty miles long. A large amount of timber was destroyed and the young growth killed. There is but one ranger on that portion of the reserve, and at this season of the year there should be at least fifteen rangers to patrol the reserve to prevent the spread of fire. The fire of last week was caused by lightning.

A. R. Bass, of Morkantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. Alvarado Pharmacy.

KINGMAN.

From the Miner.

The celebration of the Fourth of July in Kingman was one of the most enjoyable of all the similar occasions in recent years.

A successful surgical operation was performed on Jeff Lane in San Francisco Thursday last, from which he is rapidly recovering.

At the San Francisco mine there are ten men at work and good progress is

being made. The mine is improving with every foot of work.

A survey will be made in a few days for a road from the mining forces in the Gold Road country, but the mines are preparing to make things lively in the early fall months.

Robbins & Walker, who have a bond on the Cyclopic and other mines in the Gold Basin mining district, are advertising for proposals for the boring of a well for water in the vicinity of the mines.

Owing to the intensely hot weather the mines of the Bill Williams Fork will not be worked by any large force of men until the weather moderates. The mines are rich in gold, silver and copper and will become large producers under favorable conditions.

It is reported that the Keystone mine, at Mineral Park, has been bonded to the Val Verde Smelting and Development company. This company has a smelter plant on the Verde river and has been operating it for some time past. The mine will be unwatered and work started in developing its ore resources.

No False Claims.

The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. Alvarado Pharmacy.

WILLIAMS.

From the News.

William Rose, a prominent sheepman of Seligman, accompanied by his wife and baby, were among the visitors in the city.

The mill of the Saginaw & Manistee Lumber company was closed down for a couple of weeks in order to make needed repairs after a protracted run.

D. A. Ford and wife and Miss Iona Snaw, of Seattle, are recent arrivals in the city. Mr. Ford will return north in about two weeks, but the ladies expect to remain here some time.

Mrs. C. E. Boyce, accompanied by her son and daughter, Jesse and Ethel, arrived in the city from Los Angeles. The two ladies will visit here for a couple of weeks, but Jesse expects to spend his entire vacation on the range.

Mrs. Martin Buggeln and daughter, Diletta, accompanied by Miss Ruth Hayward, arrived in the city and proceeded on to Bright Angel. Ruth will visit in this section a few weeks before returning to her home in Los Angeles.

S. S. Derbyshire, having disposed of his interest in the Williams Hardware & Stationery company to his partner, Joseph Johnston, left for Newton, Iowa, where he will visit for some time with his children. Later on he will return to New Mexico and look up a business location.

Another real estate deal was closed the first of the week, Albert Lebesch having purchased the two east lots of the Hayward hotel group of three. Work has already commenced for the erection of a new business block on the property, which will add another stone to the already substantial foundation of Williams.

At the trial of the Territory vs. T. F. Holden, charged with making an assault upon the person of one C. J. Goldthwaite, the defendant pleaded guilty to the charge, at the same time remarking that under the circumstances he was justified in his action. Judge Johnston stated that while the defendant might feel that his action was perfectly justifiable, the law could not uphold him, as there were other means of redress than those employed, and accordingly fined Mr. Holden \$25, which was promptly paid.

LISTEN TO THE TALK.

It Comes from Pueblo, Colo.—It Comes From the Back.

Did you know it? Know the back could talk? Tell its troubles like a child? Tell you why it aches and pains? Tell you why it's lame and weak? Warn you of the kidneys' ills? Kidneys have too much to do, Can't be sick and filter, too. Listen to them when they speak. Relieve the kidneys; cure the ache. Keep the filters free at work. Keep the kidneys well and strong. Then the back is silent. It does not ache; it does not pain; It is not weak, nor is it lame. It's healthy like the kidneys; All backache pains and kidneys ills Are quickly cured by Doan's Kidney Pills.

Here's proof of it: Mr. Wm. Gower, of 310 Santa Fe avenue, Pueblo, Colo., proprietor of the barber shop at 310 Union street, says: "I was mining up in the hills when my back first began to trouble me. This was four or five years ago and since then my back had aches more or less and while at work it caused me considerable misery. If I caught cold it settled in my kidneys and a severe back ache would be the result. I read a little book advertising Doan's Kidney Pills and being favorably impressed I got a box of the remedy. The treatment removed the trouble with my back and invigorated my whole system."

Just such emphatic endorsement can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask what their customers report.

Sold by all dealers. Price 50 cents per box. Foster-McIlburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

COLORING OLEO.

Government Cannot Prevent an Evasion of the Law by Consumers. Notice has been served by the manufacturers of oleomargarine that they propose to evade the law by selling uncolored oleo and furnishing each customer with a package of coloring matter and instructions as to how to use it. This will save the tax of 10 cents per pound provided by the law recently passed for the manufacturer of colored oleo. The internal revenue

commissioner will make a test case, but it is not believed that he can prevent or punish this evasion of the law and the oleo bill just passed by congress will become a dead letter.

The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entire satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by all druggists.

BUSINESS LOCALS.

Economize by trading at The Economist.

Copper, tin and galvanized iron work.—Whitney company.

No tuberculosis preservaine or coloring in Matthews' Jersey milk.

Kleinwort's is the place to get your nice fresh steak. All kinds of nice meat.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent. on the investment.

Orders taken for every known make of stoves and ranges. Albuquerque Hardware company.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Look into Kleinwort's market on North Third street. He has the nicest fresh meats in the city.

We are sole agents for Wheeler & Wilson sewing machines.—Albert Faber, 305 Railroad avenue.

Why buy high priced lots when you can get them cheap in Deming now, with certain advance assured?

We carry the largest variety of linoleums and oil cloths in this city. Albert Faber, 305 Railroad avenue.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

CLOUDCROFT

The Roof Garden of the Southwest. The season at Cloudcroft will open on June 1. The lodge, dining hall and lunch counter having been placed under the able management of the popular hotel proprietor and manager, Geo. Waterman.

The fame of Cloudcroft as the premier summer resort of the southwest has been heralded far and wide, and patrons may rest assured its reputation will not be allowed to suffer this year. Extensive improvements have been made in the way of accommodations and out door as well as indoor amusements and entertainment.

For a booklet regarding Cloudcroft, or further information regarding this summer resort, call on nearest coupon ticket agent, or address:

Flesher & Rosenwald, MAKERS.

HE WAS ARIZONA'S SAINT.

The Lonely Death at Phoenix of Col.
Charles D. Poston.

FIRST DELEGATE TO CONGRESS.

One of the most notable men of the southwest died in Phoenix, Ariz., the other day—died in squalor and alone, after a career that had had the earth within its range and after honors in number rarely bestowed upon a single man. Charles D. Poston, pioneer, traveler, poet, author, diplomat, breathed his last upon the earthen floor of an adobe-built hut wherein he had made his home during the latter years of his life. He had nearly attained his 80th anniversary. For twenty years his life had been a solitary one, though his bent figure was well known in Phoenix. He was surely Arizona's saint, nor is it probable that the church will canonize him, but Arizona cannot afford to be exacting in such matters.

His support for several years had been from a pension of \$35 a month, conferred upon him by the legislature of Arizona, he being the only beneficiary of that nature. The last legislature saw fit to enumerate the reasons for the bestowal of its bounty. The act recites: "Charles D. Poston, January, 1854, prospected the Ajo mines, in what is now Pima county, Ariz., and in the same year organized on said mines the first mining company to invest capital and to do development work on mines in what is now Arizona, after its transfer to the United States under the Gadsden purchase, and was, from 1856 to 1861, deputy clerk and recorder of Deza Ana county, that then embraced all Arizona, and in 1863 gave Arizona her name and obtained President Lincoln's signature to the act that, together with the then delegate to congress from New Mexico, he had drawn; and obtained congressional enactment thereof, creating the territory of Arizona; and in 1864 was elected the first delegate to congress from Arizona; and from 1867 to 1889 was registrar of the United States land office of Arizona, and, from the above, and many other well known facts, Charles D. Poston, among all other pioneers, was pre-eminently the moving spirit, and, in fact, may truly be said to be the father of Arizona."

The last check from the territorial auditor was found in the pocket of the dead pioneer, so it cannot be said that he died in want. Yet the scene was one of destitution. Of furniture there was almost none, and the wardrobe of a man who had been one of the exquisites of Washington in his day would have illly satisfied a tramp. Yet there were evidences of a time of mental vigor and ability. There were heaps of papers, mainly comprising matter descriptive of Arizona's early days, and evidently prepared for the Arizona Historical society, of which he had been founder and the first president.

ident. There were a few copies of his published writings, inclusive of a volume of really excellent poems, several small volumes he had written upon his travels in Europe, and in the Orient, and many references to magazine and newspaper articles, one of them, of considerable length, on "The Building of a State in Apache Land," having been published in the Overland monthly. He had written voluminously as well upon philosophical and religious subjects. He had his own modified form of theosophy and had conceived the idea that it was the same form of religious worship practiced by the prehistoric Toltec inhabitants of Arizona. Near Florence, Ariz., rises a conical hill of considerable height, solitary on the plain, not far from the ruins of Casa Grande, and itself covered with potsherds and with outlined ruins left by a forgotten people. For more than thirty years this hill has been known as "Poston's Butte." Around and up the butte, at considerable expense, Poston had built a road. Upon the summit it was his dream to erect a temple, wherefrom the deity should be worshiped, with solemnity on the uprising of the sun, to him the glorious manifestation and representative of celestial omnipotence.

Poston was a native of Harden county, Kentucky. At 22 he was admitted to the bar and practiced for several years in his native state, and in Washington. He outlived the wife and several children of an early union. A daughter married Dr. Benjamin F. Pope, of the regular army. Pope won distinction as chief surgeon of the Fifth army corps in the advance on Santiago, and died at his post in the Philippines, with the rank of deputy surgeon general. Mrs. Pope died on the Pacific while returning home with the body of her husband.

After several years in Washington, Poston went to California as a gold-seeker, later, from Guaymas, heading a party into the land acquired through the Gadsden purchase. He was back again soon, conducting mining operations for a company he had organized in New York. At the outbreak of the civil war, the Union forces abandoned the southwest. Poston was compelled to leave mining property on which \$1,000,000 had been spent, and joined the federal army as an aid on the staff of General Heintzelman. A few years later he was sent back to the southwest, with a commission from President Lincoln as superintendent of Indian affairs. At the same time he served as recorder of the region now embraced within Arizona. After securing the organization of the new territory, and serving as its first delegate in congress, he toured abroad. For a while he was associated with several New York papers. One of his experiences was a trip to China with his friend, J. Ross Browne, as an accredited agent of the Chinese emperor. Again he turned toward the sunset land to take charge of the United States land office at Florence. Later he had appointment as special agent of the government along the Mexican border. His last official place was that of agent of the Agricultural bureau of the interior department in Arizona.

His experience, his personality and

his old age combined to make him an object of affection and veneration to all Arizona.

It was Poston's wish that his last resting place be the summit of the butte that bears his name. It is not improbable that the Historical society will, some day, reinter his bones on the site of the projected Temple of the Sun.—Los Angeles Times.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of 76, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. J. H. O'Reilly & Co.; B. H. Briggs & Co.

An Assured Leprosy Cure.
According to a St. Louis dispatch to the Cincinnati Enquirer, a Chinese leper has been cured by the administration of "chaulmoogra oil," the product of an East India tree. Commencing with five drops of oil a day, the dose was increased to forty or sixty drops, three times a day, administered in capsules. The oil is said to be the product of the seeds of a tree known as gynocardia odorata, which has no counterpart among American trees.

"I Never Knew Painkiller to Fail before, what can the matter be Where is the bottle? There, I thought so; it is not Perry Davis' Painkiller at all, but something the druggist must have made himself and I did not notice it; I have used Painkiller for years for diarrhoea, cramps and stomach aches and it never failed."

Best Daily.
The Albuquerque Citizen is a welcome addition to our exchange list. It is the best New Mexico daily published in the territory; being always up to date on the events of the day, and is an able advocate of the republican faith.—Las Cruces Citizen.

Two Bottles Cured Him.
"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Alvarado Pharmacy.

Notice for Publication.

Department of the Interior, United States Land Office, Santa Fe, N. M., July 5th, 1902.
Notice is hereby given that the following-named claimant has filed notice of his intention to make final proof in support of his claim under sections 16 and 17 of the act of March 3, 1891, (26 Stats., 854), as amended by the act of February 21, 1893, (27 Stats., 470), and that said proof will be made before Clerk Probate Court at Albuquerque, N. M., on the eleventh day of August, 1902, viz: Fernando Armijo for the N½ SE¼, and the N½ SW¼ Sec. 5 TP 13, N. R. 1W.

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz: Jesus M. Sandoval, of Sandoval, N. M.; Melquiades Martin, of Sandoval, N. M.; Elias Garcia, of Albuquerque, N. M.; Francisco Romero, of Sandoval, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the Interior Department why such proof should not be allowed will be given an opportunity at the above-mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

Railroad Topics

A. F. Eames, of the Waldo branch, left for Santa Fe to take the run on the Santa Fe branch.

Passenger trains are now running regularly over the Dawson branch of the Rock Island from French to Dawson.

Fireman Brittenstein is shoveling coal on the Waldo branch in place of Fireman Gristwood, who is visiting in Missouri.

Engineer Talbot has the run on the Waldo branch until the oldest engineer is assigned to the run. The engineer will be W. A. Shaw.

The boys at the Gallup round house have organized a base ball club and expect to beat any club in McKinley county by the first of August.

D. E. Cain, newly appointed general superintendent of the western grand division, left Topeka for La Junta, Colo., his future headquarters. Mr. Cain occupied private car 215, that formerly used by C. F. Resseguie, attached to train No. 1.

Hubert A. Dodge, who has been appointed superintendent of telegraph of the Santa Fe Central railway, has arrived at Santa Fe from Denver. Mr. Dodge has been in Santa Fe before as chief operator for the Western Union. He is a skilled operator as well as wire man.

Harry Evans, of St. Joe, Mo., who with his wife and daughter, has been visiting friends in the city for some time past, left last night for St. Joe, to resume his duties as chief clerk in the auditor's office of the Burlington Route. Mrs. Evans will remain in Albuquerque indefinitely.

The Topeka Journal says: Mrs. G. P. Tilson, wife of a former car shop employee, expected to leave today for Las Vegas, N. M., where her husband is in the Santa Fe hospital for lung trouble. Reports from Tilson indicate that he is worse than he has been, there being frequent hemorrhages of the lungs.

Contracts have been signed at Dallas, Texas, by a citizens' committee and the Rock Island company by which that road is guaranteed a bonus of \$50,000 for a right of way into that city. The survey has already been made and the road is expected to begin its service into Dallas, via Fort Worth, within three months.

The Santa Fe Railway company has asked the Santa Fe Central Railway company to remove its telegraph poles from the Santa Fe company's right of way wherever they encroach upon it. This will be done by the Santa Fe Central people. New difficulties have also arisen over the crossing of the Santa Fe Central over the Santa Fe tracks at Kennedy.

A double-header freight train was wrecked in a small washout on the Denver & Rio Grande railroad Thursday night, about eight miles from Santa Fe. There were twenty-five cars in the train. The wreck was not a serious one and by yesterday afternoon the derailed cars were on the track again and the train from Santa Fe for Denver was able to pass through.

J. P. McMurray and wife, of San Marcial, are in the city, having stopped over on their return home from an extended visit at different points in the east. Mr. McMurray is an engineer on the Rio Grande division and while in the east attended the national convention of the Brotherhood of Locomotive Engineers, which was held at Norfolk, Va. They will continue their journey to San Marcial this evening.

Important Plot Filed.—The Santa Fe Central Railway company yesterday filed in the office of the territorial secretary a plat of the Santa Fe railway from Torrance, Lincoln county, to the boundary of the Santa Fe grant.

Bill Clerk at Dodge City Killed.—The trainmen from the north report that one of the Santa Fe bill clerks at Dodge City got the top of his head blown off Thursday night about 9 o'clock. He and a friend were helping to make a big noise with a gas pipe and anvil when the gas pipe exploded and tore the top of his skull off, killing him instantly.

A New Division Made.—The Atchison, Topeka & Santa Fe has purchased 80 acres of land in addition to property in Paul's Valley, I. T., the alleged purpose being to establish a division in the new eastern Oklahoma. The Atchison has bought the Gulf, Colorado & Santa Fe tracks from Purcell to Paul's Valley, making Paul's Valley a center for the main lines.

Rock Island Changes.—The Rock Island system announced the following changes:

A. L. Studer, formerly assistant superintendent of motive power, to be master mechanic of the Kansas division.

E. O. Cole, master mechanic of the Nebraska division.

W. E. Anderson, master mechanic of the Colorado division. With the latter's appointment the office of general foreman is abolished.

A. C. Adams is appointed master mechanic of the Chickasha and D. D. Robertson, master mechanic of the El Paso division.

New Sprinkler and Weed Burner.—The Gulf, Colorado & Santa Fe has a new machine for sprinkling its tracks with oil and at the same time destroying the weeds growing between the rails. It is rolled along by an engine at the rate of about four miles per hour and the burning oil forced downward destroys all weeds and foreign material not desired between the tracks. As soon as the oil drops upon the ties, ballast, etc., it becomes extinguished, thus sprinkling the tracks at the same time the weeds and vegetable growths are destroyed by the heat. The Santa Fe is the only road using this machine.

Heavy Damages Awarded.—The verdict of a jury at Trinity, Texas, in awarding \$15,000 damages to the widow of a man who was run over and killed by a car on the track of the Missouri, Kansas & Texas, has been reversed and remanded by the court of civil appeals at San Antonio, Texas. It was found that the deceased was not at a crossing when killed and was not in the act of crossing a track, but had

stopped to examine a coupler on a car and was in the act of kicking the coupler when the car was moved and ran over him. The court says that he was engaged in gratifying an idle curiosity in regard to an appliance, and the company owed him no duty, as it did not know that he was on the track.

That Cut Off.—The Carlisbad Argus, in its comment on the Santa Fe cut off, says: "It now seems definitely certain that the Santa Fe will soon commence work on the cut off line from Portales to a junction with the Santa Fe Pacific at Albuquerque. This will be a great benefit to the Pecos Valley, for while the line of communication with the northern portion of the territory will still be rather lengthy, it will be a vast improvement over the present route of travel and decidedly of less distance. All that is necessary for New Mexico to be impressed with the resources and wealth of Eddy and Chaves counties is to be put in touch with them. Just now these two counties are virtually strangers in the parental household."

Topeka Foreman to Go.—There is a well defined rumor that A. R. Davis, general foreman of the Santa Fe shops at Topeka, will resign effective July 15.—Mr. Davis came to the Santa Fe the latter part of last December from the American Blower company, of Detroit, where he held an important position, and took the foremanship of the Topeka machine shop. He continued in that capacity until April 1 when upon the resignation of W. S. Lawless, he took his present place. Mr. Davis is known as an excellent mechanic, having invented a number of labor saving devices since going to Topeka, and has held important places. He is exceedingly popular among the men. For a time he was an inspector of vessels for the British government in the West Indies. No names are mentioned in connection with his successor.

Struck a Cow.—Union Pacific limited train No. 12, pulled by engine No. 890, with Engineer Hockenbury in charge, struck a cow near LaSalle, Colo. The body of the cow passed under the engine, mail car, baggage car, two coaches and the diner, lodging in the rear trucks of the diner. The train was running forty-five miles an hour when it struck the cow. The big engine seemed to rise from the tracks Hockenbury expected that the train would plunge into the ditch. He reversed the lever, applied the air brakes and for 200 yards the train seemed to sail through the air. Then it stopped. So thoroughly was the carcass of the cow lodged in the trucks that it required an hour to get it out. It is considered remarkable that the train was not derailed. It is said by railroad men that this is probably the first time that the carcass of a bovine ever went under half a train without a wheel leaving the track.

Oiled the Desert.—The Santa Fe has been experimenting for several months past with oil as a means to lay the dust along the track, and the results have been most satisfactory. During the winter months the dust has been an obstacle that has frightened travelers, and this particularly applies to the 360 miles of distance between Seligman and Hesperia, practically desert country. The track for this entire distance has been sprayed with oil, and the operation, which began two weeks ago, has just been finished.

The result obtained is all that was desired. There is now an entire absence of dust, and the main objection made by travelers to the southern route in the summer is now removed. Every five or six weeks the spraying will be repeated, and besides removing an objectionable feature of travel the oil will preserve the material of the track in such good condition that the ties will be longer lived than when not treated with oil.

Saves a Woman's Life.—To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from coughs, colds, throat and lung trouble need this grand remedy, for it never disappoints. Cure is guaranteed by all druggists. Price 50 cents and \$1. Trial bottle free.

A Jolly Evening.—An informal dancing party was given last evening at Orchestra hall, in Old Albuquerque, in honor of Mrs. Howard Dillon, of El Paso, who is visiting Mrs. B. Spitz, and Miss Minnie Holman, of Las Vegas, who is visiting Mrs. Simon Neustadt. Two special cars took the jolly party over and dancing commenced at once to music by the orchestra and Miss Hawthorn. A lively game of ping pong was played by those who did not care to dance. During the evening a quartet of colored musicians sang several amusing selections. It was an entirely informal affair and delightful refreshments were served. The party returned about midnight. Electric fans were used to cool the building and added greatly to the pleasure.

When Other Medicines Have Failed.—Take Foley's Kidney Cure. It has cured when everything else has disappointed. Alvarado Pharmacy.

Just received a large shipment of Japanese and Chinese matting. Albert Faber, 305 Railroad avenue.

Statehood cigars, two for 25 cents.

THE SURE WAY to prevent pneumonia and consumption is to cure your cold when it first appears. **Acker's English Remedy** will stop the cough in a night, and drive the cold out of your system. Always a quick and sure cure for asthma, bronchitis and all throat and lung troubles. If it does not satisfy you the druggist will refund your money. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

A DESERTED CITY.

Residence Portion of New York Looks Very Desolate.

THE POLITICAL SITUATION.

New York, July 12.—The end of the second week of July finds New York a rather dismal looking city, if one's observations are confined to the residential section, for people who found it impossible to get away to the country resorts in June, endeavored to leave as early in July as possible. Therefore the stores and fashionable thoroughfares are somewhat deserted. Business in other quarters, however, seems almost as brisk as in the fall or winter and contractors are reaping a harvest of money owing to the demand for handsome new apartments, hotels and business buildings all over the city.

The United States would find the city government a ready purchaser if it would only consent to erect a new and adequate postoffice building up town, as has been suggested. The city needs a new building badly. The present city hall is too small for its needs, and yet cannot very well be enlarged. The city departments, therefore, occupy rented apartments in several office buildings, and the city pays over \$500,000 a year in rent. Mayor Low and Comptroller Grout are figuring the cost of a new building.

The democrats are trying very hard to find a big man to nominate for governor next fall. The democratic governors of New York have almost without exception been men prominent in the public eye, and a small fellow will not do in such perilous times as these. The names of Van Buren, Marcy, Seymour, Tilden, Cleveland and Hill are national possessions. Even the last democratic governor, R. P. Flower, although not a statesman of the same rank as these, possessed a strong individuality and was his own governor. When the democrats have nominated somebody else's man for governor he has always been defeated. The situation this year calls for a candidate of such conspicuous mental and moral strength, that he can carry on an offensive, not defensive campaign.

By the special enrollment certificates filed with the board of elections, Tammany has increased its enrolled membership to 133,000 and the republican organization in Manhattan to 83,000. The special enrollment aggregated 38,000, of whom 6,475 were republicans and the rest democrats.

State Senator Tim Sullivan is undisputed boss of the Bowery and in the opinion of many he is now the strongest individual force in the Tammany organization. The senator is still an advocate of the nomination of Bird S. Coler for governor, and so the ex-comptroller's gubernatorial boom has had a revival.

The savings banks and the state comptroller are having a controversy over the imposition of the 1 per cent tax on surplus. The comptroller contends that undivided profits shall be subject to tax as surplus. The State Savings Banks association will contest the ruling in the courts.

Disputes seem to be popular. One has broken out again in the board of education over the selection of educators from outside of New York city for prominent educational positions in the city school system. New Yorkers object strenuously to having an outsider fill important city positions, claiming that there are enough men in the city from whom to make a selection. No doubt of this, but there is certainly an advantage of getting new blood from outside once in a while, therefore the appointment of D. A. Bardwell, of Birmingham, to be district superintendent in this city has created quite a commotion.

The aquarium at the battery is one of the most popular resorts just now on account of a "real sea serpent" being there. The "sea serpent" has been identified as being a Channomuraena Vittata. It is only four feet long, but it is sufficiently ferocious in aspect to warrant the idea that it is the baby of a sea serpent. It is an exceedingly rare specimen of animal life in the ocean. It is striped with yellowish bands against a background of brownish tint, has a snake-like head, terminating in a bill, has neither scales nor fins and its general box constrictor appearance is only dissipated by an eel-like tail.

Certainly no city in the country has had more attention attracted to it this year than New York on account of the large number of large charitable bequests that have been made by different wealthy persons here. The recently founded "Winifred Masterson Burke Relief Foundation" just given by John M. Burke at a cost of \$4,000,000, for "the relief of intelligent and respectable men and women who in consequence of sickness or discharge from hospitals before they have regained strength sufficient to earn their livelihood, or in consequence of other misfortune, may be in need of temporary assistance" is one of the grandest philanthropies of the decade and has brought forth many touching expressions of appreciation.

Charles M. Schwann's plans for his fresh air charity for children at Richmond Beach, Staten Island, are on so large a scale that it will not be possible to open the place this summer. A steamer is being built to convey the children back and forth, and other elaborate preparations are under construction. Mr. Schwann desires, if possible, to reach the very poor and not to duplicate the work of other charities.

Among other reforms introduced at Ellis Island by Immigration Commissioner Williams is the establishment of an alphabetical index of the names of all immigrants arriving at this port. This will be of immense advantage. It will enable friends of immigrants to find traces of them and will also be of value in naturalization proceedings.

Personally conducted coaching parties are now a summer feature of New York, and may be appreciated by tourists who are in the city. The coaches

leave at stated times during the day and in two hours and a half most of the "sights" of Manhattan Island, including Grant's tomb, Riverside drive, Central Park, Fifth avenue, etc., are visited, each coach having on board an expert guide and lecturer to explain the various points of interest.

Having always had a leaning toward New Orleans during the term of winter racing, the metropolitan turf world will this coming season find its interest in the sport at the Crescent City more keenly alive than ever. Prominent easterners will ship strings of horses there and the greatest season in the history of the place is predicted from this section. K. G. M.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

POLICE COURT.

The Reporter Reports Several Boozes Cases This Morning.

Booze flowed freely yesterday afternoon and last night and consequently there was a rush in police business this morning.

Frank Whitson, who has been doing the town for about a year, received a scolding from Justice Crawford, and was promised a double dose if he ever appeared in that court again.

Tom Dugan, prize fighter, hash slinger and dishwasher, who was arrested for holding a man up for 10 cents, was given one day for each cent, and a farewell parting of "We don't want you hanging around."

James Smith, drunk and disorderly, appeared. Smith is from Gallup and had the dough. He paid \$5.

The spirits in two boozes scaped natives got together yesterday afternoon on Third street. One is in limbo and the other is wanted.

Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. J. H. O'Reilly & Co., B. H. Briggs & Co.

PLACES OF WORSHIP.

St. John's Episcopal church—10 a. m., Sunday school; 11 a. m., morning prayer and sermon on the Apocalypse, subject, "The Mourning Out of the First Vial;" 8 p. m., evening prayer and sermon on "The Bible, What Is It?"

Lead Avenue Methodist church, corner of Lead avenue and Third street.—The pastor will preach morning and evening. All are cordially invited. Sunday school at 9:45; Epworth league at 7 p. m.

Highland Methodist church, South Arno street, M. Hodgson, pastor.—Sunday school at 10 a. m.; Epworth league at 7 p. m.; preaching by the pastor at 11 a. m. and 8 p. m. A welcome for all. Bring your friends with you.

There will be services as usual at the Baptist church tomorrow morning, when the Rev. Geo. H. Brewer will preach. There will be no services in the evening, except Baptist Young People's Union meeting at 7 o'clock.

On account of repairs being made in the Congregational church there will be no Sunday school next Sunday.

A VERMONT LADY'S Desperate Fight for Life.

Mrs. Nathan Beal says:

Paine's Celery Compound.

Saved Me From the Insane Hospital as Well as Cured My Rheumatism.

There never was a remedy so highly recommended as Paine's Celery Compound. There never was a remedy in such universal demand. It is popular and prized in tens of thousands of homes, because it makes sick people well.

Paine's Celery Compound has saved thousands from nervous prostration and collapse; it has effected wonderful cures in kidney and liver complaints; its victories over rheumatism and neuralgia have commanded the attention and admiration of our best physicians. It has cured disease when everything else has failed.

Mrs. Nathan Beal, a well known lady of Gallup's Mills, N. M., writes as follows: "For ten months before I commenced taking Paine's Celery Compound, I could not put my foot on the first round of my chair, only five inches from the floor. I had nearly lost the use of my left side, and I could not lift a pound weight with the left hand without danger of dropping it. Many times I would sit something at the table, only to drop it. I had a pressure in the top of my head and a pain at the base of the brain, which would leave me so nervous that I used to tell my husband I would surely go crazy. I could not keep still at night, and Sundays were just awful to me. I found my whole system prostrated, and it took a long time to build up my poor, worn-out nerves. I think that Paine's Celery Compound saved me from the Insane Hospital, as well as cured my rheumatism."

Tin, galvanized iron and copper work. Albuquerque Hardware company.

Deming water and pure ozone make strong and healthy people.

LETTER TO YOUNG LADIES

From the Treasurer of the Young People's Christian Temperance Association.

Miss Elizabeth Caine, Fond du Lac, Wis.

The advent of womanhood is fraught with dangers which even careful mothers too often neglect. Some of the dangers are belated and suppressed menstruation. "The lily droops on its stem and dies before its beauty is unfolded." It is well demonstrated in Miss Caine's letter that Lydia E. Pinkham's Vegetable Compound is certain to assist nature to perform her regular duties, and young women who are irregular, or have any ailment peculiar to their sex should hasten to commence the use of Lydia E. Pinkham's Vegetable Compound, and then sit down and write a letter to Mrs. Pinkham telling her all about their illness; she will give the case careful and motherly consideration, and advise just what to do to get well; she considers such letters strictly confidential; she will charge nothing, and thousands of young women owe their present health and happiness to her advice.

Mrs. Pinkham invites all young women who are ill to write her for advice. Address Lynn, Mass., giving full particulars.

MISS ELIZABETH CAINE.

"DEAR MRS. PINKHAM:—I want to tell you and all the young ladies of the country, how grateful I am to you for the benefits I have received from using Lydia E. Pinkham's Vegetable Compound. I suffered for eight months from suppressed menstruation, and it affected my entire system until I became weak and debilitated, and at times felt that I had a hundred aches in as many places. I only used the Compound for a few weeks, but it wrought a change in me which I felt from the very beginning. I have been very regular since, have no pains, and find that my entire body is as if it was renewed. I gladly recommend Lydia E. Pinkham's Vegetable Compound to everybody."—MISS ELIZABETH CAINE, 69 W. Division St., Fond du Lac, Wis.

When the young girl's thoughts become sluggish, when she experiences headaches, dizziness, faintness, and exhibits an abnormal disposition to sleep, pains in the back and lower limbs, eyes dim, desire for solitude, and a dislike for the society of other girls, when she is a mystery to herself and friends, then the mother should go to her aid promptly. At such a time the greatest aid to nature is Lydia E. Pinkham's Vegetable Compound. It prepares the young system for the coming change, and is the surest reliance for woman's ills of every nature.

When you ask for Mrs. Pinkham's medicine at your druggist, do not be persuaded to take something else said to be "just as good." Nothing in the world is so good for women's ills.

\$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing we have deposited with the National City Bank, of Lynn, Mass., \$5,000, which will be paid to any person who will show that the above testimonial is not genuine, or was published before obtaining the writer's special permission.—LYDIA E. PINKHAM MEDICINE COMPANY, LYNN, MASS.

Green Tags. On our goods incur that we have made material price reductions on all goods so designated. Our suits, shoes, hats and shirts are offered at 10 to 30 per cent off from former prices. If in need of anything in our line, it will pay you to get our prices first.—Simon Stern, the Railroad avenue clothier.

Plumbing. We have added a plumbing department and tin shop to our business. When you have anything in this line to be done see us about it before placing your order. Albuquerque Hardware company.

LOCAL PARAGRAPHS.

J. Leonard Knapp, of Socorro, is in the city.

Passenger traffic on No. 2 was unusually heavy this morning.

Silas Alexander, a prominent attorney of Socorro, is in the city.

Bernalillo Bearup, of J. H. Bearup & Sons, wool pullers, is reported seriously ill.

What has become of the Bland Herald? It has not shown up at this office for several weeks.

Dr. G. W. Harrison was a passenger for Bernalillo this morning. He will return this evening.

Dr. John A. Tascher will leave tomorrow morning for a month's visit at his old home in Chicago.

Mrs. Felipe Hubbell, of Pajarito, is enjoying a visit from her sister, Mrs. Sallie Kelly, of Reading, Pa.

To all correspondents of this paper The Citizen has adopted one line as follows: "Special Correspondence."

H. W. Korper, special agent for the John J. Fulton company medicines, is in the city today from San Francisco.

Miss Carrie Bogh, who has been enjoying an extended visit with friends at Macungie, Pa., has returned home.

Fred B. McKeehan, deputy United States marshal, left this morning for a visit at his old home in Hillsboro, Ohio.

Harry and Walter Worrell, who have been spending several days at Angel camp, Coyote canyon, have returned to the city.

C. A. Cavanaugh, traveling salesman for the Gross, Kelly & Co. wholesale grocery house, was a passenger north this morning.

Miss Sarah Ross and her guest, Miss Lida Ward, of Springfield, Ill., are sightseeing at Isleta today. They will return this evening.

Mrs. Annie Becker, widow of H. D. Becker, deceased, will remove from the city, taking up her residence at the Indian village of Isleta.

Allen G. Kennedy, chief civil engineer for the Santa Fe Central, came down from Santa Fe last night and is spending the day in the city.

Rev. George Brewer will preach at the Salvation Army tent, corner of Second street and Lead avenue, on Sunday evening at 8 o'clock.

M. E. Porter, traveling representative for the International Correspondence school, returned last night from a business trip to Santa Fe.

B. F. Fillmore, of the Phoenix dry goods store, is enjoying a pleasant visit from his brother, James Fillmore, troop F, stationed at Fort Wingate.

John W. Lockhart, a health seeker, who has spent several months in Albuquerque, left this morning for a short visit at his home in Kansas City, Mo.

Alfred Grunsfeld will leave tonight for Los Angeles, where she will meet Mrs. Grunsfeld and children, and the whole family will then visit San Francisco.

The Commercial club meeting last night, to hear the report of the committee on the smelter proposition, failed to materialize, there being no quorum present.

Judge B. F. Baker, Deputy G. V. Crosby, Stenographer Harry Owen and Interpreter Nestor Montoya returned last night from Gallup, where court was held all week.

J. H. Bearup, president of the Albuquerque Wool Scouring mills, was at the depot this morning to meet his wife, who returned from a two-months' visit on the Pacific coast.

A number of young people of the city are anticipating a good time at the Berry-Devine dance to be given at Orchestra hall tonight. Quite a large crowd attended last Saturday night.

Miss Nellie Hazledine will leave this evening for Santa Monica, Cal., where she will join her sister, Miss Lucy, in enjoying a pleasant vacation. They expect to return about the first of August.

Mrs. Oscar Goebel and sons, who have been sojourning at Santa Monica, Cal., the past month enjoying the invigorating ocean breezes of the Pacific, returned to the city this morning, and will go to Belen, their home, this evening.

Juan Sandoval, who is in the mercantile business at La Jara, in the Nacimiento valley, is in the city today, around town with his uncle, Hon. Alejandro Sandoval. Juan reports doing a good business, but says La Jara is not near as lively as city life in Albuquerque.

Persons wishing to attend the national encampment of the Grand Army of the Republic to be held at Washington, D. C., October 6, are requested to report to Department Commander J.

W. Edwards, if they wish to secure rates.

F. W. Hamm is reported getting along nicely. He has been seriously ill the past month with pneumonia, and word received this afternoon from his sick chamber gives the cheerful news that he has about passed the danger point.

Louis Baer, the well known wool buyer, formerly of this city but the past year or so of Boston, Mass., is in the city, coming in from Santa Fe, where his wife is visiting, last night. He will return to Santa Fe tonight or tomorrow morning.

The Raton Range says: Rev. Geo. H. Brewer, a Baptist missionary of Albuquerque, was in Raton Tuesday, the object of his visit being to consult with his cousin, Mrs. Engiedow, on matters relating to a large estate in Canada, in which both are interested and which will shortly be settled.

Several Albuquerque people will leave this evening for Santa Fe, from which city they will accompany the Santa Fe Central ball team on their excursion to Antonito, Colo. Five cars for passengers have been chartered. They will leave Santa Fe tomorrow morning at 6:30 and are due to return at 11 in the evening.

There are five sick men at the city building and all of them quite sick. They need delicacies that the city cannot furnish, nor the Benevolent society, for lack of funds. They need milk, butter and eggs, fruit, etc. Will the charitable people of the city leave donations at the city building care of Mr. and Mrs. Jackson. They have kindly consented to care for and distribute the same. By order of Mrs. Ifield, president. Mrs. J. W. Edwards, secretary.

You are invited to attend the social dance at Orchestra hall tonight. Professor Devine and Mrs. Rose Berry will furnish the music.

P. E. Daniel, the local shoemaker, corner Second and Silver avenue, has just received a solidly repairing outfit. He is now prepared to do your shoe repairing on short notice. One trial is all he asks.

Zeiger's Cafe free lunch tonight. Everybody invited.

Dwight Wheeler's carpenter shop is now located at 398 West Copper avenue.

Bring in your tinware and have it repaired. Albuquerque Hardware company.

A Sale That Sells.

There is merit in our green tag prices and that is why our sales never fall flat, for we have the goods with which to back up our price quotations.—Simon Stern, the Railroad avenue clothier.

A fine free lunch at the White Elephant resort tonight.

Notice of Removal.

We are now to be found in our new office at the corner of Coal avenue and First street, south of viaduct. Automatic telephone 266, old telephone, No. 4. JOHN S. BEAVER, Clarkville coal yards.

Standard Paper Patterns.

THE DIFFERENCE!

THERE IS A VAST DIFFERENCE IN SALES. THE PAPERS ARE FULL OF ANNOUNCEMENTS OF SPECIAL SALES OF ALL SORTS AND ALL SORTS OF REASONS ARE GIVEN FOR HAVING THEM.

Our Semi-Annual Green Tag Sale

HAS BECOME A FEATURE OF OUR BUSINESS AND HAS ALWAYS PROVED POPULAR. THE REASON FOR THAT IS EASILY FOUND AND IS: WE DO ALL THAT WE CLAIM TO DO—WE SELL AT THE END OF EACH SEASON ALL GOODS LEFT OVER AT SUCH FIGURES AS WILL SPEEDILY SELL THEM AND WE HAVE ALWAYS SUCCEEDED IN DOING IT. HENCE THE DIFFERENCE BETWEEN OUR SALES AND SOME OTHERS IS THAT

Ours Is a Sale That Sells

WE ARE NOT SELLING \$12.00 SUITS FOR \$8.25, \$6.00 TROUSERS FOR \$1.50 NOR \$2.00 SHIRTS FOR 50 CENTS. WE HAVE NO OLD SHELF WORN GOODS TO UNLOAD, BUT WE HAVE AN UP TO DATE AND NEW STOCK OF SEASONABLE GOODS WHICH WE OFFER AT GREATLY REDUCED PRICES IN ORDER TO MOVE THEM. A LOOK AT OUR GREEN TAG PRICES WILL TELL YOU ALL ABOUT IT.

SIMON STERN, The R. R. Ave. Clothier
