ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, JULY 11, 1902

NUMBER 193

HIT ON HEAD

Engineer of Pile Driver Injured.

Strikers Are Threatened With Discharge.

General Anderson Says He Knew of No Understanding.

KING IS IMPROVING.

Special to The Citizen.
Kennedy, Mr. July 11.—George Treuden, of St. Paul, engineer of pile driver, and working in the Galisteo river bottoms a mile from the camp, was seriously injured and perhaps fatally injured at 7:30 this morning by being struck on the head with a steel bar. He was using the steel bar to loosen the driver in lifting the weight when it suddenly started, throwing the bar in such a way as to strike him on the top of the head, perhaps fracturing his skull. He was at once removed to Dr. Norris' quarters in this camp, when everything was done to make him comfortable. The exact result of his injuries will not be known for some hours, but hopes are entertained for his recovery. No blame is attached either to Mr. Treuden or machinery, as it was one of those unforeseen accidents which so often occur in work of this kind.

DISCHARGE THREATENED.

Striking Shop Men are Notified to Return to Work.

Omaha, Neb., July 11.—The Union Pacific company this morning gave formal notice to its striking shopmen to return to work at once or forfeit their positions. Vice President Wilson, of the Machinists' union, said the notice would have no influence with his men.

DISPUTE DEWEY.

General Anderson Says He Knew of No Understanding.

Chicago, Ill., July 11.—In a letter to the Record-Herald General Thomas M. Anderson, who was in command of the Eighth army corps during the attack on Manila, refutes the statement made by Admiral Dewey that the attack was in the nature of an opera bouffe demonstration. He says he knew of no agreement between the Spanish and American commanders to the effect that there would be a mere demonstration for the honor of Spain. Referring to the admiral's statement between the two sides that the city surrendered, he points to the fact there were 122 American soldiers killed and wounded, and he asks how definite was the understanding.

KING IS IMPROVING.

London, July 11.—The following was posted at 10 o'clock this morning: "The king continues to sleep well and improve in every respect."

Coronation Date.

London, July 11.—It was officially stated today the coronation of King Edward will take place between August 8 and August 12. The proposed procession has been abandoned.

WOOL MOVEMENTS.

Large Amounts Were Purchased at Top Market Price.

Another big consignment of wool has come in. Angus and Duncan McGillivray, of Chilli, disposed of their clip, amounting to 25,000 pounds, to Gross, Kelly & Co., at a high figure. Today the wagons of William McIntosh began to come in. He has 170,000 pounds which goes to Gross, Kelly & Co.

Mr. Arnot, manager for the company, has purchased a million and a half pounds of wool, as stated in The Citizen a few days ago. This season and he is not done yet. The wool movement here has been so great this year as to make this the wool center of the territory.

Messrs. Barrup, Wilkinson & Edie of the wool scouring mills purchased a quarter of a million pounds from the Hildes and moved it to the plant. A good price was paid.

Albuquerque Yachting Club.

An important step was taken this morning toward the success of the fair this fall in the organization of the Albuquerque Yachting association and, if there is water in the river, a regatta will be given in the fall. The officers elected were L. Fred Klooz, president; Thomas Hubbell, secretary and treasurer; Joseph E. Berland, corresponding secretary. The members of the executive committee are Governor M. A. Otero, W. H. H. Llewellyn, Judge B. S. Baker, Solomon Luna, E. W. Dobson and T. N. Wilkerson. It is expected a fine series of races may be given during the fair. In the event the races are given it has been decided

that W. E. Dame shall be clerk of the course. C. E. Newcomer will be official scorer and Thomas Hughes shall be referee. Other members of the club are Frank Myers, Fred Fisher, Dan McPherson, B. S. Rodey and F. H. McElroy.

Quite a sprinkling of city people enjoyed a refreshing bath at the Albuquerque Natatorium company's new plunge on North First street yesterday afternoon and last night. Mr. Hawks, manager for the company, expressed himself well pleased with the attendance at the pool the first day, considering that a person could get a good cool bath by standing out in the rain.

Rev. Henry W. Moore, brother of Rev. W. Hayes Moore of Santa Fe, was united in marriage at El Paso Wednesday evening to Miss Lila Trumbull. The ceremony was performed by the Santa Fe brother and minister. The happy couple came on to this city and left last night for the southern California resorts, where they will enjoy their honeymoon.

The contractor doing the work on the foundation of the new Barnett building is having trouble of his own. During the rain yesterday afternoon the cement sidewalk on the east side caved into the basement.

City Engineer Pitt Ross and wife have returned from a few days' outing at Camp Whitcomb.

Much Needed Rain.

Yesterday afternoon the rain for which Albuquerque has been longing came and for a short time it seemed as though the clouds had turned upside down. It was only for a few moments, however, and for a part of the time hail fell. The weather man says only 1/4 of an inch fell but it is probable the rainfall in town was greater than at the university where the register was kept. The rain was general through the eastern section of the county.

BOUNDARY SURVEY.

Line Between New Mexico and Colorado to be Re Established.

THE CONTRACT LET.

The general land office on Tuesday entered into a contract with H. B. Carpenter for the re-survey and re-establishment of the northern boundary of New Mexico, which was provided for by congress in the deficiency appropriation act.

This line, 387 miles long, was originally surveyed in 1868, when the territory through which it runs was difficult of access on account of the absence of railroad facilities and was also infested with hostile Indians, making the survey one of exceptional difficulty.

The corners used to mark the line in that survey have almost entirely disappeared, while on the mountainous portions of the line there are many places where it was found impracticable to establish any corners at all, at one place there being a distance of twenty-four miles upon which no corners were ever set.

The means used for determining the latitude in that survey were very imperfect as compared with the methods which are employed at the present day and on that account there has been great uncertainty as to the original survey having been upon 37th parallel of north latitude which forms the boundary line. Two examinations of this line have been made by the general land office at different times in an endeavor to determine some disputed locations and the conclusion was finally reached that it would be impossible to patch up the old line and make it in any manner satisfactory or correct.

The contract with Mr. Carpenter provides for the re-survey of this degree of latitude from the 25th to the 32nd degrees of longitude west from Washington by the most modern methods. The location of the line is to be determined by astronomical observations at frequent intervals, which astronomical points are to be marked by stone monuments.

The line between these astronomical points will be fixed by the geodetic survey, that is, the curvature of earth is taken into account and will be marked at intervals of one mile with iron posts surmounted by brass caps, upon which proper inscriptions will be molded or stamped.

Mr. Carpenter has had large experience in government surveys, having been employed upon them for the last twenty-five years in several of the western states and territories. His latest work was the survey of the boundary line between Arizona and Utah, completed in July last. This line was the most difficult ever surveyed in this country. It ran through an entirely unsettled country, containing little water or food for stock, far removed from any railroad transportation, while the line was broken by numerous mountain ranges and also by the Grand Canyon of the Colorado. Notwithstanding these obstacles the line was surveyed within the time prescribed in the contract and to the entire satisfaction of the department. Mr. Carpenter will begin the survey of the New Mexico boundary at once and the department believes that the survey will be completed as rapidly as conditions will permit and in a satisfactory manner.

The survey will probably require two seasons' work.

ESCAPED AGAIN

Tracy Slipped Through the Guards.

Missouri Representative Shot by an Attorney.

Great Damage by Floods in Iowa and Missouri.

HEAVY LIABILITIES.

Covington, Wash., July 11.—Tracy has performed the marvelous again and slipped like a phantom through the cordon of guards at the mouth of St. Louis creek. He fought a battle with deputies a mile west of here, and escaped into the timber. In the fighting no one was hurt, though when the outlaw fired twice at T. E. Crowe he was so close the deputy could feel the burning powder as it was blown from the gun. When darkness fell Tracy was thought to be securely penned on Point Bluff, where he had lain concealed all the afternoon. Though guards were stationed every fifty feet, he successfully evaded them and traveled up the rounded five miles distant to the Covington Lumber company's saw mill, where he had a battle with the deputies. Later Tracy attempted to board a moving freight train but was not successful. A man thought to be Merrill appeared yesterday at the home of a farmer near here and asked for food. He remained in the vicinity all day.

Sheriff Still After Him.

Seattle, Wash., July 11.—Sheriff Cuddehe and Guard Carson with the bloodhounds and a small posse left Auburn at 6 o'clock this morning for the place where Tracy was last seen.

Another Posse Arrives.

Tacoma, Wash., July 11.—At 8 this morning Sheriff Cuddehe and numerous posses arrived at Covington, about twelve miles from Tacoma, where Tracy eluded the posse at midnight. Every train going toward the Northern Pacific tunnel through the Cascades was stopped and searched. The location of the country is such that Tracy may be said to be naturally cornered in Point Triangle, and therefore disappointments are momentarily expected.

Trail Picked Up.

Tacoma, Wash., July 11.—At 11:45 o'clock a m. Tracy's trail was picked up leading from Covington to Wick's Lake Tappes.

REPRESENTATIVE SHOT.

Business Transactions Caused Trouble in Which Clay was Shot.

Mexico, Mo., July 11.—Rhodes Clay, a representative in the Missouri assembly and recently nominated for the second term, is dead as the result of pistol wounds inflicted by C. A. Barnes, a young attorney. Five shots were fired during the fight, which took place in front of the postoffice, Clay being shot through the breast, and Barnes having his wrist shattered. The shooting grew out of business transactions involving the principals.

HIGH WATER YET.

Damage at Des Moines Amounts to a Million Dollars.

Des Moines, Iowa, July 11.—Hundreds of homeless flood sufferers spent the night in school house yards and down town parks without so much as a blanket to cover them. Some had to beg for food, although every possible effort is being taken to provide for them. Neither the Des Moines nor the Raccoon rivers have receded perceptibly. It is believed the situation in the flooded district cannot be materially relieved for several days and when the water finally reaches its former channel an epidemic of malaria and typhoid fever will prevail. To estimate the damage is practically impossible. It is expected to reach a million dollars.

Rising at Kansas City.

Kansas City, Mo., July 11.—The Missouri and Kaw rivers here are nearly a foot higher than yesterday with indications they will continue to rise gradually for another twenty-four hours at least. The worst damage is at the railroad town of Armourdale, on the Kaw, where several streets are under from one to four feet of water.

Topeka Under Water.

Topeka, Kan., July 11.—The Kaw river is still rising and the low lands all along both banks are flooded. Four feet of water flows through the basement of the Wolff packing plant. Several homes in North Topeka are abandoned. Water is running over both Garfield and City parks of this city.

Broke Through Banks.

Lawrence, Kan., July 11.—The Kaw river broke through the banks at Lake View early today, and began rapidly filling the lake at that resort. Efforts were made to stop the break and prevent the overflowing of the country. The river continues to rise and a large force of Union Pacific railroad hands is kept busy preventing the high water

from breaking through into the old river channel of the city.

Heavy Liabilities.

Paris, July 11.—The tribunal of commerce today declared the Caisse Generale des Familles to be insolvent. The liabilities are said to be 40,000,000 francs.

Col. James W. Willson, superintendent and professor of mathematics of the Territorial Military school at Roswell, came in from the south this morning and called at The Citizen office this afternoon in company with Jacob Weismann. The colonel will be here for a few days in the interest of his school.

Father DiPalma, procurator of the Jesuit society of this district, has been transferred to Trinidad, Col., and left this morning for that place to take up his new duties.

On account of the threatening rain, only a small crowd appeared at the Commercial club last night to hear the report of the committee appointed to investigate the smelter proposition and the hearing of the report was postponed until this evening. All citizens interested are requested to be present.

Druggist B. Ruppe is gradually getting in shape for business again. He expects to have his soda water fountain ready to serve drinks by the first of next week. A new electric piano has been ordered to fill the place of the one destroyed in the late accident.

Roger Gatlin, who spent the past two months on the William McIntosh sheep ranch in the Manzano mountains, returned to the city yesterday afternoon. Roger has a healthy look in his face, showing that range life agreed with him.

Dr. and Mrs. J. P. Kaster expect to continue their journey toward California this evening. The lady is receiving her many lady friends at the home of Mrs. J. F. Luthy, East Road avenue this afternoon.

M'KINLEY COUNTY COURT.

First Special Session Convened at Gallup July 7.

THE PROCEEDINGS.

The first special session of McKinley county court was convened by the associate justice, B. S. Baker, at Gallup on July 7, the legislature having omitted in the creation of the county to fix regular terms of court.

The court officials present were District Attorney F. W. Clancy, Sheriff Wm. Smith, Deputy Clerk G. V. Crosby, Stenographer H. P. Owen and Interpreter Nestor Montoya.

Both grand and petit juries were promptly organized and the work of the term commenced. F. W. Myers was appointed foreman of the grand jury.

After a week's work the grand jury returned twelve indictments. The first important case tried was that of the Territory vs. Mexico vs. Hattie Beasley, charged jointly with one Valentine Scanmish, the latter not apprehended, for the murder, on January 23, 1903, of one Fred Merryweather. The evidence showed that both defendants fired shots at deceased, Merryweather, and the strong probability that the man's shot was the effective one. The jury took the most lenient view possible under the court's instructions, and returned a verdict of guilty, according to the crime of murder, in the third degree. L. L. Henry ably defended the case.

Another important case tried was that of the Territory vs. Charles Kiddle and Windy Wells, charged with assault to commit great bodily injury on one Cipriano Garcia last June a year ago. The evidence showed that the quarrel grew out of ill feeling between the participants, the defendants being charged as strike sympathizers and the prosecuting witness a scab. It appeared that the assault was an aggravated one, and that the man Garcia was much used up by being kicked in the face. The jury retired to deliberate at 9 o'clock p. m. and at 12 midnight were still out. K. K. Scott and Horton Moore appeared for defendants.

In the case of the Territory vs. Henry Moore, indicted for assault with intent to murder, the defendant pleaded guilty of assault and battery and to pay of fine of \$30 and costs.

The court expects to complete its labors today (Friday), and Judge Baker, court officers and Attorneys Moore, Clancy, Owen and Ortiz to return to the city tonight.

In the case of the Territory vs. Chas. Jones, charged with having on May 7, 1901, assaulted his mother in law, Mary Kennedy, with intent to kill, the judgment of the court was that defendant be sentenced to 100 days imprisonment in the county jail and to pay the costs of suit.

Michael O'Donnell and Joseph Razolski were made citizens of the United States.

A number of civil cases, local to McKinley county, were tried and the court working from early morning till late at night.

W. W. Clark, brother to the mining engineer, V. J. Clark, arrived in the city this morning from the Organ mining district. Mr. Clark is on his way to Woodbury, where he will accept a position with the Woodbury Milling company.

EIGHTY-SEVEN

Bodies Taken Out of the Mine.

Last Day of the Educators' Meeting.

Freight Handlers' Strike in Chicago Will Probably Be Settled.

VILLAGE WIPED OUT.

Johnstown, Pa., July 11.—It will be some time before it is known as to the exact number that perished in the awful disaster in the rolling mill mine of the Cambria Steel company, yesterday. Up to 9:30 o'clock this morning, when the searching party of forty, headed by Superintendent Robinson, entered the mine, eighty-seven bodies had been recovered. Most of these were burned to a crisp, badly contorted and some were headless. Sleepless mothers and wives waited all night for news from missing ones and crowded around the entrance of the improvised morgue in the city as the dead were being unloaded from the wagons. The condition of the bodies is such as to render identification difficult and it may be a complete list of dead will prove impossible. Outside of the property loss the catastrophe will cost the company a large sum. The company has for many years past paid the family of every person killed in its employ \$1,000 out of what was expended in medical purposes and has paid every man who lost an eye, limb or became otherwise partially disabled the sum of \$500. It is understood the rule will not be deviated from.

At 3 o'clock this afternoon eight living men were brought out of Westmont slope. They were lying on their faces when the rescuing party reached them.

A searching party that entered the mine this afternoon penetrated to the four left headings, which they were unable to reach last night. They found in one group twelve bodies. They believed six were living and sent out for medical assistance.

THE LAST DAY.

The Ardor and Enthusiasm of Educators was Unabated.

Minneapolis, Minn., July 11.—The same ardor and enthusiasm that was manifested early in the week marked the closing sessions today of the National Educational association's convention. In many respects the convention has been the most notable ever held by the association. In the various departments more than 100 sessions have been held during the week and in all the discussions have been marked by intelligence and animation and have drawn forth a free interchange of views tending to the general enlightenment of the educators in their art.

Before the general session this morning the principal speakers were Hon. William T. Harris, United States commissioner of education; Charles Payson Gurley Scott, editor of the Century Dictionary; Prof. Thomas Clarkson Trueblood, of the University of Michigan, and Superintendent Carroll Gardner Pearce, of Omaha.

"The Use and Danger of Method" was the subject of an interesting paper read before the department of elementary education this afternoon by Supt. W. A. Mills, of Crawfordsville, Ind.

Three Shocks.

St. Thomas, July 11.—Advices from the island of St. Vincent say three earthquake shocks were experienced there Tuesday within four hours.

MAY SETTLE STRIKE.

Board of Arbitration Has Renewed Its Efforts.

Chicago, Ill., July 11.—The board of arbitration is making vigorous efforts to bring about a meeting of representatives of the railroads and the striking freight handlers, but it is not likely they will be successful. A meeting of the railroad managers is set for 2 this afternoon and the arbitration committee will be informed, it is said, of their willingness to accept the settlement outlined by the committee. The committee will present the terms of the officials of strikers, who, it is also said, will accept them and then the strike will be called off by President Curran. The following are the points to which both sides are said to be willing to agree.

New wage scale to be effective at once.

Straight time for overtime instead of time and a half.

Freight handlers to receive 17 1/2 cents an hour instead of 15 asked, and 17 previously offered.

Recognition of the union is waived, although this is merely to facilitate the settlement of other questions in dispute.

Fifty or sixty striking teamsters today took possession of a wagon loaded with coffee and after cutting open the sacks, strewed the contents along the street. No arrests were made.

The railroad general managers are now in session with that section of the

arbitration committee representing the team owners' association. All indications are regarded as still favorable to an early settlement of the strike.

Village Burned Out.

Appleton, Wis., July 11.—The village of Bear Creek, thirty miles northwest of this city, was destroyed by fire today. The loss is \$100,000.

Sammy Bass and His Gang.

It is likely to go hard with the members of the Sam Bass gang, recently captured in New Mexico and Arizona, says the El Paso News.

Papers in the Fort Sumner case are being prepared by C. L. Doran to send to Pueblo de Luna, where in October the case will be turned over to the territorial authorities, who will push the murder case.

George R. Massagie and George Cook are in jail here. Will Niel and Sam Bass are incarcerated at Solomonsville, Ariz., where they are in small pox quarantine.

It will require a young regiment to get the prisoners in safety to Pueblo de Luna as they have many friends. They are held for robbery both of Fort Sumner and Rivelto postoffices, but the murder takes precedence and an effort will be made to give Massagie a life sentence and hang the other three.

Two of the gang are yet at large.

Department Commander J. W. Edwards is in receipt of a couple of letters from the east in regard to the rates to the National Encampment to be held at Washington, D. C., October 6. One is from Senator Mason, of Illinois, stating that he had made a request of the railroads for special rates, and also that Delegate Rodey had promised that he would do so. A second letter is from the Pennsylvania railroad, stating that they had decided to make the exceedingly low rate of one cent a mile, for the occasion. Quite a delegation will go from Albuquerque.

GENERAL FUNSTON.

The Captor of Aguinaldo Passes Through the City.

WILL ATTEND TERRITORIAL FAIR.

General Funston, accompanied by Charlie Glead, of Kansas, and Gov. N. O. Murphy, of Arizona, arrived in the city this morning at 8 o'clock from Prescott, Arizona, where he spent several days inspecting Fort Whipple and enjoying the hospitality of the people of Arizona.

Gen. Funston's arrival was not known in this city, and a Citizen representative was the only caller at his private car during his short stay of half an hour.

The general was invited to remain over a day to accept the hospitality of the people of this city, but he was compelled by a press of business to return to his headquarters at Denver. He will spend the afternoon at Las Vegas and go to Colorado tomorrow.

In October General Funston and staff will attend the territorial fair in this city, and all the troops of the territory will be ordered here for annual drill and inspection. It is expected that Gen. Funston and staff will be an escort of President Roosevelt at the territorial fair.

It regard to the military post, Gen. Funston stated that there were no new developments.

General Funston sent his regards to Prof. M. E. Hickey and several other school mates of his who reside in this city.

TEACHERS' INSTITUTE.

The Presbyterian Mission Teachers to Meet in Santa Fe.

Rev. R. M. Craig, superintendent of Presbyterian mission schools in New Mexico and Arizona, has just issued a circular appointing a Teachers' Institute to be held in Santa Fe in connection with the Santa Fe county Teachers Institute, commencing August 22, 1902.

Prof. C. E. Hogan, of the University of New Mexico, has been engaged to take a leading part in the institute work and a large number of experienced teachers will read papers and present their methods of teaching subjects previously assigned to them. Full discussion will be given all subjects.

During the afternoon Rev. H. C. Thomas, D. D., of the Albuquerque Training school, will deliver lectures on Bible subjects, and an interesting course of evening lectures is being arranged for.

It is expected that almost the entire staff of Presbyterian Mission teachers, now number fifty-five and representing a school attendance of over 1,500 pupils will be present and take part in this institute work.

The Claim Paid.

Through the efforts of B. Ruppe, the Knights of the Macabees have recovered the sum of \$231.50 which it was feared was lost through the defalcation of H. D. Johnson. The property which Mr. Johnson owned on North Eighth street and which was security for the amount was sold and the claim was satisfied in full.

M. Dragole, the North Broadway merchant, who has been dangerously ill with pneumonia, is slowly recovering.

The Las Vegas Optic, a democratic newspaper, does not carry much water in telling the republicans of this territory what they should do.

The boundary line between New Mexico and Colorado is to be surveyed. The original line was surveyed thirty-four years ago, and it is found to be inaccurate.

The Tucson Citizen gravely asserts that Senator Bailey, of Texas, is a prohibitionist. If this is so, the wonder grows how he could get elected to the senate from that state.

According to the New York bureau of labor statistics, the amount of idleness among the members of New York labor organizations in the first quarter of 1902 was far smaller than it has been in the months of January, February and March in any recent year.

The republicans of this territory are thoroughly organized and ready for the fall campaign. Four years ago the republicans carried the territory by over 2,000 majority, and two years ago they had nearly 4,000 majority. This fall they expect to sweep the territory with at least 5,000 majority.

When you swear, ever notice how guilty you feel? If you do not feel ashamed when you swear you are not a decent man. Still, there are men who swear in the presence of women and children and seem to think it "smart." Men of this sort never amount to anything; they never learn.

HISTORIC WHITE HOUSE.

For more than a quarter of a century the white house has been inadequate for the accommodation of the president as a residence and place for the transaction of public business. For one or the other it was sufficient, but not for both.

Nevertheless congress refused term after term to make appropriations for the enlargement of the mansion or for the erection of an additional building that would give the accommodations demanded. It required the coming in of a president with a large family to force congress to take action. A president with a growing family had never been thought of before. The greater proportion of our presidents have come to the office in advanced years when their children, if they had any, were grown, and none of them had the felicity of a large family.

The present plan of erecting a building for the executive offices and maintaining the white house as a presidential residence and for all social functions is a good one and will be generally approved by the people. It is a historic mansion associated with our national beginnings and growth.

President Washington laid the corner stone, though he did not live to see its completion. All of our presidents save Washington lived in it, and made history there.

DESERVE STATEHOOD.

The San Francisco Call, one of the staunch and influential friends of the territories, speaks in this sanguine language concerning the outlook for the omnibus statehood bill:

While Arizona, Oklahoma and New Mexico did not succeed in gaining statehood in time to have their symbolic stars blazoned on the national banner for this Fourth of July, they have bright prospects of accomplishing their desire next year. Arrangement has been made for taking the statehood bill up for consideration in the senate as soon as that body meets in December. The forces in favor of admission are known to be strong, and it seems like a sure thing that admission will be granted.

The objections which were urged against the measure so strongly at one time have been well nigh dissipated. Now and then we note in our eastern exchanges some revival of the old cry against western mining camps, "but it is evident there is no longer any force in the phrase. Eastern people have learned something of the west. They are no longer so ignorant of western conditions nor so prejudiced as they were. The campaign of education carried on by the people of the three territories has made known the real facts of western development and there is now in the east a well nigh overwhelming sentiment in favor of admission to statehood.

It is to be noted that two of the

ablest republicans in the senate, Quay and Elkins, have taken the lead in making the fight for the territories before that body. But for the prolonged wrangle over the Philippines and the Cuban reciprocity bills it is probable the statehood bill would have been enacted at the late session. As it is, the friends of the measure have procured for it right of way next winter, and it may possibly be enacted before Christmas.

The prospect, at any rate, is encouraging. The three territories are well deserving of the rights of states. When admitted they will not be the least of states in population, resources, wealth, extent or possibilities of development. In fact, they will hold a good rank at the start, and no doubt send to congress men well worthy of legislating for the nation.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores encircled my body. I seemed beyond cure. B. B. B. has made me a perfectly well woman." Mrs. Charles Hutton, Berwick, Mich.

KILLED BY OLD HUSKIE.

Explorer Andree and Party Fired at Eskimos and were Killed.

A special to the Chicago Record-Herald from Winnipeg says: Rev. Dr. Ferlies, a Church of England clergyman, arrived from York factory, Northwest British territory, today, and brings authentic information of the fate of the explorer, Andree and his companions.

Two years ago, 1,800 miles north of York, a party of Eskimau, under the leadership of "Old Huskie," saw the Andree balloon alight on a plain of snow in that vicinity, which is about two miles north of Fort Churchill. Three men emerged from the balloon and some of "Old Huskie's" people approached them out of curiosity.

As they did so, one of Andree's companions fired off a gun. This is a signal to uncivilized natives for battle. It was regarded as a challenge, and almost instantly the natives fell upon the three explorers and massacred them. Everything pertaining to their outfit was carried to the homes of the natives on the borders of the Arctic region.

"Old Huskie" himself gave this information to Ralph Alstine, agent for the Hudson Bay company, and the story, after being investigated by Dr. Ferlies, was told by him today. He says that there is little room for doubt as frequent reports have since come of the strange implements which the northern natives have in their possession, the telescope being particularly described.

The Hudson Bay company has recently offered a reward for the recovery of any portion of the outfit belonging to Andree, and though natives have gone on the search for them, they have never returned, believing as Rev. Dr. Ferlies says, that they will in some way be punished, for they now understand that it was not an attack upon them, but an accident by which the gun was discharged that precipitated the massacre.

Rev. W. L. Riley, L. L. D., Cuba, N. Y., writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment, the first application giving me first relief, and the second, entire relief. I can give it unqualified recommendation. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

JEMEZ HOT SPRINGS STAGE LINE.

Stage leaves Trimble's stable on Second street, every Tuesday, Thursday and Saturday at 6 a. m.; quick time. A relay of stock is kept at Zia. Arrives at Jemez Springs in time for supper. Don't be deceived by people who tell you they will take you just as quick as the stage, for they won't. Nobody else has any change of stock on the route. Tickets for sale at Trimble's. J. B. BLOCK, Proprietor.

Deming, the seat of the n. w. county of Luna.

[Homestead Entry No. 4737.]

Notice for Publication.

Department of the Interior, Land Office at Santa Fe, N. M., July 8, 1902. Notice is hereby given that the following named settler has filed notice of his intention to make final proof of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on August 19, 1902, viz.: Francisco Gomez, for the W¹/₂ SE¹/₄, SE¹/₄ SW¹/₄ of Sec. 10, NE¹/₄ NW¹/₄ Sec. 15, T. 8 N. R. 11 E.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Maurice Gomez, of Gallisteo, N. M.; George Davis, of Gallisteo, N. M.; Antonio Gomez, of Gallisteo, N. M.; Donaciano Angel, of Gallisteo, N. M. MANUEL R. OTERO, Register.

Have you seen that blue enamel steel ware at the Albuquerque Hardware company's store. It is the most beautiful and ornamental ware ever seen in Albuquerque.

Investments in Deming lots will double and treble in one year.

Use Allen's Foot-Ease.

A powder to be shaken into the shoe. Your feet feel swollen, nervous and hot and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot Ease. It cools the feet and makes walking easy. Cures swollen, sweating feet, ingrowing toe nails, blisters and callous spots. Relieves corns and bunions of all pains and gives rest and comfort. Try it today. Sold by all druggists and shoe stores for 25c. Don't accept any substitute. Trial package free. Address Allen M. Olmstead, Le Roy, N. Y.

BUSINESS LOCALS.

Economize by trading at The Economist.

Copper, tin and galvanized iron work.—Whitney company.
No tuberculosis preservative or coloring in Matthews' Jersey milk.

Kleinwort's is the place to get your nice fresh steak. All kinds of nice meat.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent. on the investment.

Orders taken for every known make of stoves and ranges. Albuquerque Hardware company.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Look into Kleinwort's market on North Third street. He has the nicest fresh meats in the city.

We are sole agents for Wheeler & Wilson sewing machines.—Albert Faber, 305 Railroad avenue.

Why buy high priced lots when you can get them cheap in Deming now, with certain advance assured?

We carry the largest variety of linoleums and oil cloths in this city. Albert Faber, 305 Railroad avenue.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream build up the skin and improve the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

MONUMENTS.

All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO.

CLOUDCROFT

The Roof Garden of the Southwest. The season at Cloudcroft will open on June 1, the lodge, dining hall and lunch counter having been placed under the able management of the popular hotel proprietor and manager, Geo. Waterman.

The fame of Cloudcroft as the premier summer resort of the southwest has been heralded far and wide, and patrons may rest assured its reputation will not be allowed to suffer this year. Extensive improvements have been made in the way of accommodations and out door as well as indoor amusements and entertainment.

For a booklet regarding Cloudcroft, or further information regarding this summer resort, call on nearest coupon ticket agent, or address:

Deming has a magnificent school system.

Statehood cigars, two for 25 cents.

[Small Holding No. 3215.]

Notice for Publication.

Department of the Interior, United States Land Office, Santa Fe, N. M., July 6th, 1902.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim under sections 16 and 17 of the act of March 2, 1891, (26 Stats., 854), as amended by the act of February 21, 1893, (27 Stats., 470), and that said proof will be made before Clerk Probate Court at Albuquerque, N. M., on the eleventh day of August, 1902, viz: Fernando Armijo for the N¹/₂ SE¹/₄, and the N¹/₂ SW¹/₄ Sec. 5 T¹/₂ P. 13, N. R. 1W.

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz: Jesus M. Sandoval, of Sandoval, N. M.; Melquiades Martin, of Sandoval, N. M.; Elias Garcia, of Albuquerque, N. M.; Francisco Romero, of Sandoval, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the Interior Department why such proof should not be allowed will be given an opportunity at the above-mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

The Same Old Story.

J. A. Kelly relates an experience
similar to that which has happened in
almost every neighborhood in the United
States and has been told and retold
by thousands of others. He says:
"Last summer I had an attack of dys-
entery and purchased a bottle of Cham-
berlain's Colic, Cholera and Diarrhoea
Remedy, which I used according to di-
rections and with entire satisfactory
results. The trouble was controlled
much quicker than former attacks
when I used other remedies." Mr.
Kelly is a well known citizen of Hen-
derson, N. C. For sale by all drug-
gists.

RESERVE SURVEYORS.

Bids Received for Surveying San Fran-
cisco Mountains.

Hugh H. Price, United States sur-
veyor general, let the contract for the
survey work which the government
will do during the coming six months
on about 260,000 acres of land within
the San Francisco mountains forest re-
serve. The bids awarded call for near
\$42,000 worth of work, which is to be
completed prior to January 1, 1903.

Thirteen bids were received by Mr.
Price, but only six of the bidders re-
ceived contracts, the other seven over-
bidding the maximum offer of the gov-
ernment. It was necessary for Mr.
Price to examine into the ability and
proof of the claims of each bidder be-
fore letting the contracts. The suc-
cessful bidders were F. B. Jacobs, of
Phoenix; J. B. Girard, of Prescott;
J. A. Lampert, of Flagstaff; Caudle &
Caudle, of California, and C. O. Secor,
of Los Angeles. All of the successful

ones will have to furnish bonds for
double the amount of their contracts.
—Phoenix Gazette.

"I am using a box of Chamberlain's
Stomach and Liver Tablets and find
them the best thing for my stomach I
ever used," says T. W. Robinson, jus-
tice of the peace, Loomis, Mich. These
tablets not only correct disorders of
the bowels but regulate the liver and
bowels. They are easy to take and
pleasant in effect. Price 25 cents per
box. For sale by all druggists.

SPECIAL CORPSE CAR.

The Santa Fe will put on Car to Carry
Dead Bodies from Las Vegas.

The Rocky Mountain News' cor-
respondent at East Las Vegas says that
deaths are so prevalent in that town
that the Santa Fe Railway company
will put on a special car to carry the
dead bodies away. The special dis-
patch in question, under date of July
9, says:

"On account of the many sick people
who come here it is reported that the
Santa Fe will put on a special corpse
car. This will be the only special
carriage service of these pretensions in
the world. This service will be a san-
itary precaution, as well as a method
which will facilitate the handling of
bodies to be shipped east.

"In Germany the railroads have a
special car for dead bodies and the car
is carefully disinfected after use."

Death Column Abandoned.

Owing to the many deaths, which
have occurred at Santa Fe the past
week or ten days, the interesting death
column in the New Mexican has been
abandoned temporarily. As soon as
there is a lull in deaths at the terri-
torial capital, the columns will be re-
newed with vigor, and all the deaths
that have occurred in the Rio Grande
valley in the interim will be published
and of course credited to this city.

The Perfect Liver Medicine.

Mrs. M. A. Jolley, Noble, O. T.,
writes: "I have used Herbine for a
number of years, and can cheerfully
recommend it as the most perfect liver
medicine, and the greatest blood
purifier. It is a medicine of positive
merit, and fully accomplishes all that
is claimed for it." Malaria cannot find
a lodgment in the system while the
liver is in perfect order, for one of its
functions is to prevent the absorption
of fever producing poisons. Herbine is
provided those Indians who lay down
arms and return to work.

Amnesty Granted.

A telegram from Tucson, Arizona,
says: General Torres has abandoned
the inhuman policy of exterminating
all Yaqui men found carrying arms,
and has issued an order granting am-
nesty to all Yaquis who will surrender
to Mexican authorities and lay down
arms. Yaqui runners who have ac-
cepted amnesty have been sent out to
urge their companions to do the same
and adequate safeguards have been
provided those Indians who lay down
arms and return to work.

If you are troubled with impure
blood, indicated by sores, pimples,
headache, etc., we would recommend
Acker's Blood Elixer, which we sell un-
der a positive guarantee. It will al-
ways cure scrofulous or syphilitic po-
isons and all blood diseases. 50 cents
and \$1. J. H. O'Reilly & Co. and B. H.
Briggs & Co.

Jemez Hot Springs.

The public is invited to visit the
famous health giving springs. First
class accommodations can be found at
the Stone hotel. Bathing, good trout
fishing and beautiful scenery are only
a few of the attractions of this delig-
htful resort.

MRS. OLIVE CORCORAN.

Stone Hotel.
Deming will be the great smelter
center. Two large plants will be in-
stalled within the year.

Deming water and pure ozone make
strong and healthy people.

Let us figure on your plumbing. Al-
buquerque hardware company.

More Harmful
Than Alcohol

Overeating Worst Form
of Intemperance.

If your food is undigested, you are un-
derfed, no matter how much you eat.
And the underfed man is, to the extent
of the underfeeding, crippled for the
battle of life. On the other hand,
there is such a thing as overeating.
The harm done by indigestion caused
by overloaded stomachs exceeds that
from the increased heart beats caused
by the use of alcohol or whiskey.
Eat as much good food as you need
but don't overload the stomach. If
your stomach is weak it may refuse to
digest what you eat. Then you ought
to use a good digestant like Kodol Dys-
pepsia Cure, which digests what you
eat without the stomach's aid. This
rest and the wholesome tonics con-
tained in Kodol Dyspepsia Cure soon
restore health. You don't have to diet.
Don't eat too much. That's harmful.
But eat enough and of sufficient vari-
ety. Kodol Dyspepsia Cure will digest
it. It quickly relieves the sensation
of fullness and bloating from which
some people suffer after meals. It
prevents belching and absolutely cures
indigestion and other stomach troubles.
Equally good for children.

Lemuel James, Marysville, O., says: "I suf-
fered from dyspepsia for thirty years but a
few bottles of Kodol Dyspepsia Cure com-
pletely cured me and I heartily recommend it to
all sufferers from this disease."

Kodol Dyspepsia Cure
Cures all Stomach Troubles.
Prepared only by E. C. Dewitt & Co., Chicago.
The \$1. bottle contains 2 1/2 times the 50c. size.

Dewitt's Little EARLY RISERS
The famous little pills for constipation.
J. H. O'Reilly & Co. and B. H. Briggs
& Co.

HOSTETTER'S
CELEBRATED
STOMACH BITTERS
No other medicine can show a record of cures of stomach ills equal to the Bitters. This is the best evidence of its value. It will cure
Heartburn, Belching, Indigestion, Dyspepsia and Liver and Kidney Troubles.
BE SURE TO TRY IT.

Cruel Oklahoma Editor.

Oklahoma has an editor who has
fixed the following table of rates for
publishing things "not as they seem":
For telling the public that a man is a
successful citizen when everybody
knows he is as lazy as a government
mule, \$2.75; referring to a deceased
citizen as one who is sincerely mourn-
ed by the entire community when we
know he will be missed only by the
poker circle, \$1.08; referring to some
gallivanting female as an estimable
lady whom it is a pleasure to meet,
when every business man in town
would rather see the devil coming,
horns, hoofs and all, than to see her
coming toward him, \$3.10; calling an
ordinary pulpit pounder an eminent di-
vine, 60 cents; sending a tough citizen
to heaven with poetry, \$5.

"My mother suffered a long time
from distressing pains and general ill
health due primarily to indigestion,"
says L. W. Spalding, Verona, Mo. "Two
years ago I got her to try Kodol. She
grew better at once and now, at the
age of 76, eats anything she wants, re-
marking that she fears no bad effects
as she has her bottle of Kodol handy."
Don't waste time doctoring symptoms.
Go after the cause. If your stomach is
sound your health will be good. Kodol
rests the stomach and strengthens the
body by digesting your food. It is na-
ture's own tonic. J. H. O'Reilly & Co.;
B. H. Briggs & Co.

Statehood cigars, two for 25 cents.

Deming ships over 100,000 head of

**How We are Going to Make Dull
Months Bright**

The next two months are ordinarily dull ones for the dry goods man; he is between seasons. These months have never yet been dull with us. We have always induced people to buy in July and August and we are going to do the same thing this Season. We are going to offer values that will clean up our stock. There is no profit in carrying goods over. To make a dull Season lively merchandise has got to be put down to low figures—in fact the lowest figures of the year. Look over your effects and see what you need. You won't have a better opportunity this year of stocking yourself up on Seasonable Dry Goods. Now for the goods and prices.

Important Sale of Shirt Waists
See Window Display.
Divided into 4 lots, as follows:

at Socorro—Fine Drill Grounds.

POLITICS GETTING WARM.

Special Correspondence.

Socorro, N. M., July 11.—Subscribe for the Daily Citizen. It gets to Socorro one day ahead of all the other dailies.

Socorro has been blessed with frequent showers this week and our people have reason to hope that the long dry spell is broken.

Hon. F. A. Hubbell and family were visitors at Socorro this week, his family being the guest of Collector Abran Abeytia, while he went on west to look after his ranches.

A. Schey, ex-chairman of the board of county commissioners and one of San Marcial's staunchest businessmen, was a visitor to the Gem city this week.

M. Contreras, La Joya's heavy-weight, and A. Roullier, of the south part of the county, members of the board of county commissioners, are in the city this week attending the meeting of the board.

Wm. Farr and Emil Kleinwort, butchers of Albuquerque, are visiting the ranches of this county this week, looking up fat cattle for their respective markets.

A. Levy, for many years a merchant at Sabinal, and well and favorably known over the territory, can be seen loitering around the lobby of the Windsor hotel nowadays, taking life easy, always ready with a good story and a cheerful smile for his many acquaintances.

Manuel S. Pino, the big sheep man of Mangus, western Socorro county, was a visitor to the city this week. He reports the district in need of rain but stock holding up well.

Mrs. O'Garra, an accomplished pianist of this city, will give an entertainment at Magdalena on the 17th assisted by a number of our young people. Cheap rates have been secured and a large number of our people will no doubt take advantage of the occasion to visit our sister city.

Messrs. May & Yunker, our lively men, have just received a car of fine new rigs for their business here, which will add largely to the already popular stable.

Our guard company have arranged a beautiful drill ground and have it brilliantly lighted, and now entertain our citizens with evening drills and band concerts. The company is a bright, active organization composed of our best young men, and our people feel very proud of them.

Much fine fruit is coming into the markets from the large orchards in this vicinity now and harvesting is well under way. A visit to this part of the Rio Grande valley just now will be a treat.

C. T. Brown, the mining man, has just completed one of the finest assay offices in the west and has associated with him in the office Dr. C. M. Meyer, of New York City. Mr. Brown finds such a move a necessity to accommodate his large mining interests, and at the same time he furnishes a long felt want in our vicinity.

Politics, like the weather, is warming up. Already we hear various names mentioned for the offices in the gift of the people. Prominent in the list are those of Dr. Cruickshank, of San Marcial, and Capt. M. Cooney, mayor of this city, for the legislature. For sheriff, it will be pretty hard to turn down the present incumbent, owing to the fine record he has made, if he wishes it again. The doctor, in refusing to allow the district attorney to use the sheriff's office for an information bureau in the gambling cases, has made many friends in the county, regardless of party, and yet has shown by the following figures the school fund is well taken care of. We learn his collections for games and liquors for six months ending June 30 amounts to \$4,800, a record never before made. A strong fight is on for collector, but the present incumbent is a candidate and is a strong man.

WEEKLY CROP BULLETIN.

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico Section.

Santa Fe, N. M., July 8.—The severe drought, with high, drying winds, continues over the greater part of the territory, being slightly relieved in southern sections by light, scattered showers on the 30th. In the extreme southeast and northeast stock is still looking fairly well, and on some southeastern sections are showing considerable improvement, but over by the greater part of the territory, especially in central and southwestern counties, there is little or no grass, the water holes are generally dried up, and the condition of stock is very poor. Wherever it is possible stock has been driven to the mountains where there is still some grass. In some sections the present conditions are almost unprecedented, springs, wells and streams being entirely dry. It is claimed by some that the Rio Grande and Pecos have less water than for many years at this season. The Rio Grande is dry from above Albuquerque south.

The hot, dry winds have checked the growth even of such crops as may still secure irrigation, while in those localities where water has failed the fields are generally badly damaged—in some places seemingly beyond recovery. On temporal lands the little planting done has generally dried up. Some alarm is felt for the general fruit crop. That ripening at present, such as apricots and early peaches, are somewhat withered and undersized on account of the drought. The high winds also are causing apples to drop badly. Corn seems to be making the best progress of any of the field crops, although its present growth is slow owing to the dry winds during the day and the cool nights. Second alfalfa is being harvested generally, with a fair yield in the north and a short crop in the south. A feature of the season is that the cutting of this crop is nearly simultaneous in northern and southern sections. In the southern Rio Grande valley wheat generally has been harvested under most favorable conditions,

and threshing is in progress. The yield is about average. Apricots and early peaches are being snipped from southern orchards.

The following remarks are extracted from the reports of correspondents: Albert H. M. Hannon: Dry and rather windy; rain is badly needed. Live stock, however, is doing well. Shearing in full progress and will probably be over in another week. A fair second cutting of alfalfa is in stack. Grasshoppers are beginning to appear, and unless we have a good soaking rain to start a quick growth they will keep back the third crop to a great extent. Highest temperature, 95; lowest, 58; no rain.

Arabela: A. M. Richardson: Extremely hot and dry, and crops greatly injured. Highest temperature, 107; lowest, 48; rain, trace.

East Las Vegas: John Thornhill: All crops suffering greatly from the continued hot, dry winds; wheat and oats are drying up and corn looks badly. Grass on the range is very short and water holes are dried up. Cattle looks very poorly. The river and ditches are dry.

Folsom: Jackson Tabor: Dry with heavy, drying winds. Good showers, with heavy hail on the 27th. Hail killed 138 ewes and 30 lambs out of one flock. No crops in the path of the hail, and grass will be greatly benefited by the storm. Highest temperature, 84; lowest, 48; rain, 0.43.

El Rito: P. Lopez: No rains and strong winds, with a severe dust storm on the 26th and 27th.

Hobart: W. H. Hough: High, drying winds, and water is getting low. Corn and wheat doing well but grasshoppers doing considerable damage to alfalfa and fruit trees.

Gallinas Springs: James E. Whitmore: Grass for cattle getting very short, and many herds are short of water although there is plenty at my ranch. The high winds causing apples to fall badly. Notwithstanding the drought all vegetables are doing well. Temporal corn not yet planted, but will plant before the 15th if rain comes. Highest temperature, 100; lowest, 59; rain, 0.18.

Geronimo: N. M. Nelson: Dry and windy; corn only shows any signs of growing. Creeks and most springs are dried up.

Laguna: Gus Weiss: Good showers on the 29th and 30th, but the good effects spoiled to a great extent by the hot, dry winds since. Nights quite cold. Dryest summer for six years. Natives offering prayers for rain.

La Luz: Ernest S. Swift: Slight sprinkle on the 30th. Crops not yet injured by the drought, but grazing getting poor. Water supply is decreasing, and gardens are beginning to suffer.

Los Alamos: William Frank: Conditions remain unchanged and the drought is accentuated by high, drying winds. Grass is fast drying up, and reports from sheep camps getting desperate on account of the scarcity of water.

Lower Penasco: H. W. Cresswell, Jr.: Good showers on the 30th. Corn doing well and growing fast. Peaches and apricots are ripe. Cattle looking much better.

Medilla Park: R. H. Hart: Some rain but not enough to do any good. Threshing shows a good yield of wheat. Second alfalfa being secured, but a poor crop. A good crop of peaches but undersized on account of the drought. Highest temperature, 100; lowest, 54; rain, 0.07.

Ojo Caliente: Antonio Joseph: The terrible drought continues, and streams that have not been dry in a hundred years are dry now. Wheat and oats are badly damaged and will not average 50 per cent. Corn is more promising. Fruit will be about half a crop. All stock has been taken to the mountains where there is some grass. Highest temperature, 92; lowest, 60; no rain.

Miera: Francisco Miera: Hot and dry but grass is still good although beginning to dry up somewhat. The little farming here is doing nicely. Shearing in progress, with a light clip.

Mimbres (Grant county): C. Dennis: Good showers on the 30th, but not enough to raise the river. In many places crops are suffering for water. Cattle are still in fair condition and if we get rain soon all will be well, but there is no grass now. Also crops and fruit is dry here; cattle men are cutting ditches to water the stock.

Santa Fe: United States Weather Bureau: Cool, with high, dry winds. Second crop of alfalfa growing well, corn is now growing slowly on account of the cold nights and dry, day winds, and some fields are slightly curled. Ripening peaches and apricots would be greatly benefited by rain. Wheat and oats growing fairly well. Irrigation water generally still sufficient, but the river and reservoir quite low. Highest temperature, 80; lowest, 48; rain, 0.05.

Socorro: Prof. A. Jones: Very dry and crops beginning to suffer for want of rain, and fruits to wither. Wheat all harvested and threshing in progress. The yield will be about average. Second crop of alfalfa rather short. Highest temperature, 97; lowest, 52; rain, 0.09.

Teel: Hugh A. Teel: Light showers on the 30th, but of very little benefit, and drought getting serious. Many ditches are dry. There is no grass and stock water is short in many places.

Woodbury: A. J. Woodbury: Highest temperature, 90; lowest, 52; no rain.

R. M. HARDINGE,
Section Director.

Statehood cigars, two for 25 cents.

Cooling Delights.

Page & Voorhees, the eastern druggists have a brand new up to date soda fountain. They mix drinks that tickle your palate. Their ice cream sodas are unequaled. South Second street, next to postoffice.

Statehood cigars, two for 25 cents.

Deming has now a large ice plant and electric light system under contract.

Ruppe's drug store open all night, every night.

THE PARKER ACCIDENT.

The Remains of Delbert C. Parker
Will be Taken to Topeka.

FEW LATER FACTS.

The body of Delbert C. Parker, the little boy mangled to death in the local yards late yesterday afternoon, and whose death was chronicled in last evening's Citizen, will be shipped to Topeka this evening on passenger No. 8. The mother, Mrs. Ida Parker, and grandmother, Mrs. O. Tulp, will accompany the remains to their last resting place at Topeka, where the father of the unfortunate boy died and was buried about a year ago.

The theory, expressed in last evening's Citizen, as to how the accident occurred, was found to be partly correct, inasmuch that the cinder pile along the track was the real cause of the boy's death. Some boys who were with young Parker when he was killed, have been found. They say that he was riding on the train and jumped off, striking the cinder pile. The cinders were soft and the struggling boy could not get a footing and rolled under the cars. About twenty cars and the engine passed over the body. He was 11 years old and the only child of the bereaved mother. The coroner's inquest was held yesterday afternoon in Justice Borchert's office.

The Coroner's Verdict.

The coroner's jury returned the following verdict:

We, the undersigned, the jury sitting on the investigation of the killing of Delbert Parker, aged 11 years old, a resident of the city of Albuquerque, N. M., do find after hearing all of the evidence in the case, that the deceased came to his death by being run over by a train of cars and engine in the switch yards of the Atchison, Topeka & Santa Fe road, and that his death was due to an accident, and that we censure the said railway company for not having a watchman to keep watch of said tracks.

Signed—Wm. Borchert, justice of the peace, precinct 26; Fred E. Hiller, foreman; J. H. Bennett, David Donham, W. W. Sleight, R. E. Waite, T. W. Seelover, jurors.

Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds, "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, of Swift, Texas. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. J. H. O'Reilly & Co.; R. B. Briggs & Co.

GRAND ANNUAL PICNIC.

C. Colombo Benevolent Society Will Hold Fourth Sunday, July 20.

The grand annual picnic of the Christopher Colombo Benevolent society will be held at the grove near Barajas bridge on

Sunday, July 20, commencing at 8 a. m. Every arrangement has been made by the society to make this the big

Event of the Season. The program of events will include a laudable sack race, from 3 to 4 o'clock. Grand prize to the winner.

A foot race for little girls at 4 o'clock. Grand prize to the winners.

Dancing. A fine platform has been erected in the shade, for this amusement. First class orchestra will furnish music. No extra charge for dancing to those holding tickets.

Refreshments of all kinds will be served at reasonable prices.

The bar will be supplied with first-class beer, liquors, cigars and all kinds of soft drinks.

You will not have to bring your baskets, as all kinds of cold lunches will be provided at reasonable prices.

A grand display of fireworks will be given in the evening, with a

Balloon Ascension by the famous Prof. Bronco at 8:30 o'clock.

The Italian band will play in town at 8 a. m. and will furnish music at the grounds during the day and evening.

The grounds are well shaded and every arrangement will be made for the comfort and enjoyment of the guests.

Dancing will commence at 10 a. m. and last all day.

Do not fail to attend the biggest picnic yet. Everybody invited and a good time guaranteed.

L. GRADY,
C. GRANDE,
Committee.

Full cream cheese, 20c lb.—San Jose Market.

SOFT, GLOSSY HAIR.

It Can Only be Had Where There Is No Dandruff.

Any man or woman who wants soft, glossy hair must be free of dandruff, which causes falling hair. Since it has become known that dandruff is a germ disease, the old hair preparations that were mostly scalp irritants, have been abandoned and the public, farbers and doctors included, have taken to using Newbro's Herpicide, the only hair preparation that kills the dandruff germ. E. Dodd, Dickinson, N. D., says: "Herpicide not only cleanses the scalp from dandruff and prevents the hair falling out, but promotes a new growth. Herpicide keeps my hair very glossy."

Iced melons.—San Jose Market.

Our store is crowded, and we are very busy, but we will take time to sell you one of those handsome Automatic refrigerators, which we offer at cost.—E. J. Post & Co.

Luncheon Goods.

For this season of the year you want an article that is quickly prepared with little trouble. We have just what you want in canned meats, fish, soup, preserves, pickles, etc. Call and see what we have. No trouble to show goods.—The Jaffa Grocery company.

Fresh shrimps.—San Jose Market.

SPRINGS

Fresh dressed broiling chickens, dressed hens, spring lamb, tender young veal, fresh pork, mutton, prime corn fed beef, boiled hams, chipped dried beef, pickled corned beef, fresh and pickled tongues, beef brains, fine fresh berries, iced melons and fruits of all kinds.—San Jose Market.

Green is the Color.

Our semi-annual green tag sale is again on. We are determined that all of our summer goods must be sold before the season ends and we have scaled down prices to such an extent that we are bound to attain our end. Every green tag means a saving to you of 10 to 30 per cent. See our windows—St. Mon Stern, the Railroad avenue clothier.

Swiss cheese, 20c lb.—San Jose Market.

Woman's Exchange, 212 South Second Street, Saturday.

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trader.

As to teas. Everyone knows that we keep the very best to be had in the territory.

A. J. MALOY, 214 W. Railroad Ave

THE BOILERMAKERS.

They Are Still on a Strike and Con-
 fident of Winning.

THE OTHER STRIKES.

While there is apparently "nothing doing" in the strike of the Santa Fe boiler-makers on the coast lines, it is claimed by the Boilermakers' union that the strikers are pursuing a policy which is certain to win, and which is simply to wait for the water used on the coast lines to do its worst to the boilers and get them in such bad shape that all the locomotives are put out of service.

The boiler-makers are working on the theory that the places of the strikers have been filled by men who are incompetent to make the necessary repairs to the boilers, and that the deterioration is going on rapidly. They say that it is only a question of time when the Santa Fe will be forced to appeal to the old boiler-makers to help make the necessary repairs.

One of the chief points of vantage which the strikers occupy is the scarcity of skilled railroad boiler-makers. The big strike of boiler-makers on the Union Pacific has increased the demand for this class of labor. The officials of the Santa Fe have not claimed that the men secured to take the place of strikers are workmen of very high order, but they insist that they are getting the work done in such shape that the trains can be operated indefinitely.

The water which is used in the boilers on the coast lines is said to be very bad. It is hard on the boilers and makes constant watchfulness and repairing necessary to keep the machinery up to the proper standard. This fact the strikers consider strongly in their favor. The men claim that the company has over 100 dead engines lying in the shops at San Bernardino and twenty-five at Needles, waiting to be repaired.

In the meantime, however, the Santa Fe trains are running on schedule time and while there is said to be considerable trouble in handling freight, the company is certainly doing well under the existing conditions. The locomotives are being kept in service better than the strikers predicted they could be some weeks ago.

A dispatch from San Bernardino says: "The striking boiler-makers of this city have not heard of any prospective conference with General Manager Wells, as has been reported, nor have they heard from their grand council for three days. They have been assured the grand officers are working on their case and a settlement will be reached as soon as possible."

There have been no violent demonstrations in the Santa Fe strike, and the general feeling seems to be now that the struggle has developed into a simple test of whether or not the Santa Fe can find enough skilled boiler-makers who will work for them to keep the trains running until the strikers have exhausted their resources.

Pinkertons at Denver.

A dispatch from Denver, dated July 9, says: "The situation at the local Union Pacific shops is more critical than at any time since the strike commenced. A force of Pinkerton detectives were put in charge of the shops and the city has supplied four policemen for protection. Trouble is not expected from the strikers themselves, but from sympathizers who work in the thirty or more shops of this city. Since one of the workmen was assaulted on Sunday night the crowd that gathers at night is continually on the increase, and the steps for protection have been taken as a precautionary measure."

The strikers now claim that they have all the experienced machinists but three and all of the boiler-makers, blacksmiths and copper-smiths have stopped work. The strikers continue to patrol the lines outside of the Pinkerton lines.

Will Be Long Struggle.

James O'Connor, president of the International Association of Machinists, spent the day in the city with the Union Pacific strikers and had a short talk with President Burt, says a dispatch from Omaha.

He says the strike has settled down to a long drawn out contest and that it will be fought out on its merits.

"We want to make this a clean fight," said President O'Connor. "We wish to proceed without violence, no bragadocio, and with the best of feeling on our part. It can be hardly said that the strike has yet commenced, so far as we are concerned. It has been merely a cessation of work on our part. We have been careful in a financial way, and are prepared to support the Union Pacific machinists for months to come."

A new batch of strike breakers was put to work in the local shops today. They are being quartered in boarding cars in the shop yards.

Saves a Woman's Life.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from coughs, colds, throat and lung trouble need this grand remedy, for it never disappoints. Cure is guaranteed by all druggists. Price 50 cents and \$1. Trial bottle free.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

San Jose marketing is satisfactory marketing. Try it.

Try Meadow Gold butter, sold only in sealed packages at the Jaffa Grocery company.

FROM LAS VEGAS.

Fire in a Shop—Reserve Trespassers
—Wool Prices Good.

BRAVERY OF YOUNG LADY.

Special Correspondence.

Las Vegas, N. M., July 10.—George Langenburg, inspector for the Pecos river forest reserve, has filed five complaints against different parties for trespassing on the reserve. The complaints were filed before United States Commissioner Bunker.

The fire alarm brought the company to Young & Biehl's shop this afternoon about 3 o'clock, they having sounded the alarm on account of a blaze that had started in their shop. The horses were up in the north part of town so the wagon could not turn out. The horse was pulled across the alley, but the water was not turned on as the fire was extinguished quickly. Damage of about \$15 was done. The fire is supposed to have caught by a bottle of gas being turned over, though it is a mystery how it ignited.

John O. Sullivan and sister, who have been here several weeks, will leave tonight for Louisville.

Miss Helen Kelly entertained a number of her little friends with a party this afternoon in honor of Miss Hildegarde Hurley, who has been visiting her for some time. The little folks had a good time.

T. Ortiz and niece came up from Santa Fe today to visit his father.

Chris Christensen left this afternoon for Old Wayne, Iowa, on the receipt of the news that his wife is quite sick.

Celso Baca and wife have transferred to Sosteno Montoya de Garcia two lots on the west side of precinct 26. Consideration, \$50.

Los Conchos reports a good rain yesterday afternoon. The rain is the principle topic with the people these days as it means much in a financial way to everybody concerned.

The Thursday afternoon Whist club was pleasantly entertained this afternoon by Mrs. Charles Sporleder.

M. S. Charles life had cards out for a dancing party on the night of July 12 in honor of Miss Florsheim, who is visiting Mrs. Lucien Rosenwald.

Dr. A. P. Morrison and wife arrived here today from El Paso for a week's stay. Dr. Morrison is superintendent of the Methodist missions for the territory.

The price of wool reached the 13 1/2 cent point this morning, and there is not a great deal coming in today that. The wool growers claim the price is still too low, and the larger buyers say they do not know how they can come out square by paying such prices now paid. There you are; take your choice. It is estimated that there will be 8,000,000 pounds of wool disposed of in Las Vegas during the year.

Miss Ethel Bugbee, accompanied by Miss Vera Chapman, whom she has been visiting here, left today for Santa Fe, Ind.

Charles A. McNair, a brother of T. B. McNair, arrived this morning from St. Louis and went on out to the Montezuma, at the springs, where he will remain a month or so.

A number of the colored society lights gave a dance at Monte Carlo hall last night. They had a regular cake walk of a time.

Theodore Hockmeyer left this afternoon for his business trip south. Mrs. Hockmeyer will remain a month with her parents here for a visit.

J. R. Smith, the miller, is feeling unusually happy today. It was a boy last night, and it makes a lively, healthy trio at his house.

Amos Kline is a bit under the weather today, but is still able to be about.

J. K. Williamson, who had an eye badly injured on the Fourth, will not lose the sight as was at first thought. He is to be congratulated on his narrow escape.

The young Martinez boy who had a hand nearly blown off on the Fourth by holding a cannon cracker, is getting along well, and the doctor says the wound is doing nicely and will soon be well.

Little Miss Mary, the daughter of W. L. Thompson, entertained a number of little friends at the family home on Eighth street this afternoon. The occasion was her 5th birthday and the little folks had a big time.

E. L. Hamblin has returned from his business trip to Santa Fe, where he picked up a little business.

Miss Mary Kilgore left this afternoon for her home in Salida, Colo., after spending some time in this city.

Invitations are out for a party by Mrs. F. H. Pierce next Thursday, in honor of her visiting sister, Mrs. Donald Tyler, of Owensboro, Ky.

James G. Fitch, of Socorro, a prominent attorney, went through today en route to Chicago, where he will meet his wife and they will enjoy an outing on the lakes.

Miss Regina Rosenwald, daughter of Edward Rosenwald, of Albuquerque, arrived today for a visit with relatives here. She will stay with Mrs. Cecilio Rosenwald, and will remain some time.

Mrs. Mollie Wilson, of Deming, was brought here today to be incarcerated in the asylum for the insane. Mrs. Wilson is about middle aged and is not violent.

Joe Larrazole has accepted a position with Dick as delivery boy. Howard Ireland is now employed at the ice plant.

Miss Cora Wells, daughter of J. H. Wells, out in the suburbs northwest of town, wears the local medal for pluck and bravery. It has just come to light that she chased a bold, bad burglar away from the family larder with a big gun last Sunday. It seems the Wells' have been missing things from their smoke house in the way of provisions of late. Last Sunday Mr. Wells and wife left in the afternoon, leaving Miss Cora up stairs to keep a watch for the thief. The thief had evidently seen Mr. Wells leave, so soon after he calmly maneuvered over, taking a boy with him. He went to the larder and proceeded to load up with a choice lot of grub. Just as he was getting ready to leave with plunder Miss Cora appeared on the scene with a gun and nearly scared the fellow, who was a native Mexican, to death. He dropped the stuff and ran like a scared deer, and it is only owing to the fact that Miss Cora got a wrong cartridge in the gun that he did not get his trousers perforated with a little lead. It was

quite a brave thing for the young lady to do, to boldly face the thief, and her friends are extending her congratulations now.

A household necessity. Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of all sort; cures sore throat, croup, catarrh, asthma; never fails.

CLIFF DWELLER'S RELICS.

A Denver Man Returns Home from a Trip to Cliff Dwellings.

Cecil A. Deane, custodian of war relics in the state house, returned yesterday from a short trip to New Mexico and Arizona. While there he secured nearly 200 relics of the cliff and mesa dwellers, including a large number of stone axes, hammers, arrow heads and bone awls. In the pottery collection are bowls, cups, pitchers and jars. On a large number of the articles are paintings of beasts and birds that are not now known in this country.

Mr. Deane also came into possession of four slabs of sandstone which are covered with hieroglyphic and pictograph writings of the ancient people. These same writings may prove to be of great value in the future when some one is found who will be able to decipher them. The collection will arrive in Denver in a few days. Mr. Deane secured these relics near Chaco, in the northwestern part of New Mexico.

One of the specimens which Mr. Deane secured was a jar about twelve inches in diameter and of about the same height. It is considered by archaeologists as a rare specimen. The entire collection will ultimately be sent to the Brooklyn (N. Y.) institute of arts and sciences, which has been negotiating with Mr. Deane for some time in regard to securing such a collection.—Denver Republican.

Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at Cosmopolitan Pharmacy, B. Ruppe.

Indiana Epworth League.

Indianapolis, Ind., July 11.—Delegates to the biennial convention of the Indiana Epworth League were up with the lark this morning and spent a busy forenoon listening to reports which showed the flourishing condition of the organization and to addresses by eminent divines and others who pointed out the grand results attained in the past and the necessity for greater activity in the future.

The auditorium of Roberts Park Church, spacious though it is, could scarcely accommodate the immense throng assembled when the gathering was called to order at 9 o'clock. After a preliminary service and prayer and the appointment of committees on resolutions, resolutions and next convention, the gathering listened to a number of stirring addresses dealing with the league work. The speakers included Rev. Horace M. Ogden, president of the Northwest Indiana Conference league; Rev. George S. Henning, president of Indiana Conference league; H. H. Dean, president of the North Indiana Conference league; Chancellor W. H. Hickman of De Pauw University and Dr. L. W. Munhall, of Philadelphia.

After luncheon the convention divided into conferences for the consideration of various departments of league work. Among the interesting sessions, all of which were well attended, were those of the literary department, mercy and help department, junior department and spiritual department. This evening the delegates reassembled in open meeting to listen to a lecture by Bishop E. E. Hoss, of the Methodist church south.

A Good Reputation.

The way to gain a good reputation is to endeavor to be what you desire to appear. That is precisely the way in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by all druggists.

Wedding in Washington.

Washington, July 11.—A wedding of note here today was that of Miss Mildred Williams and Walter Farwell. The bride is a daughter of the late Gen. Robert Williams, U. S. A., and the bridegroom a son of former United States Senator Charles B. Farwell, of Illinois.

If a Man Lie to You,

And say some other save, ointment, lotion, oil or alleged healer is as good as Bucklen's Arnica salve, tell him 30 years of marvelous cures of piles, burns, boils, corns, felons, ulcers, cuts, scalds, bruises and skin eruptions prove its the best and cheapest. 25c at all drug stores.

Mississippi Baptists.

Water Valley, Miss., July 11.—More than 500 Baptists of Mississippi, including both ministers and lay members, are here for the annual state convention of the denomination which will be in session during the next few days. The presiding officer is Judge Conn, of Hazlehurst, and the participants include a number of speakers of note.

Need More Sleep.

Often the overtaxed organs of digestion cry out for help by dyspepsia's ains, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure 25 cents at drug stores.

Democrats After Hepburn.

Osceola, Iowa, July 11.—Influential democrats of the Eighth district met in caucus here today to formally discuss the matter of selecting a candidate to make the race against Congressman Hepburn this fall. Opinions were expressed by the district leaders indicating their belief that with a candidate of unquestioned

strength they could win out. Among the names mentioned in connection with the nomination were those of V. R. McGinnis, of Leon; Senator Claude Porter, of Centerville, and J. B. Sullivan, of Creston.

Acts Immediately.

Colds are sometimes more troublesome in summer than in winter, it's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles. J. H. O'Reilly & Co.; B. H. Briggs & Co.

OFFICIAL MATTERS.

Governor Otero appointed Juan Van Houten, of Raton, an aide de camp on his staff with the rank of colonel.

Territorial Funds.

Territorial Treasurer J. H. Vaughn received from James P. Mitchell, clerk of the Third Judicial district, \$594.60 of fees for the quarter ending June 30.

Land Office Business.

Homestead Entries—Peter Schubert, Chilli, 173.67 acres, Valencia county; James R. Crouch, Trinidad, 169 acres, Colfax county.

Final Homestead Entries—Celso Rael, Santa Rosa, 175.66 acres, Guadalupe county; Telesfor Chaves, Santa Rosa, 175.66 acres, Guadalupe county.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this remedy in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by all druggists.

Land Boom in Northwest.

Minneapolis, Minn., July 11.—In order to convince farmers that corn can be grown successfully in the northwest, Minnesota and North Dakota land men and railway industrial agents are promoting a large number of experiments in the Red River valley and various sections of North Dakota. This has resulted in a considerable increase in corn acreage in the valley, 500,000 acres being the estimated corn acreage in North Dakota this year. The experiments are progressing satisfactorily and the indications are that the coming year as a result will witness the largest land movement in the history of the northwest.

Don't Fail to Try This.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cure kidney and liver troubles, stomach disorders, nervousness, sleeplessness, rheumatism, neuralgia, and expels malaria. Satisfaction guaranteed by all druggists. Only 50 cents.

Sioux Falls Fest.

Sioux Falls, S. D., July 11.—Sioux Falls is gay with flags and bunting in honor of the visitors to the great saengerfest of the Northwestern Scandinavian Singers' association. Trains during the day brought large delegations from Dubuque, Chicago, Minneapolis, Fort Dodge, Sioux City, La Crosse, Grand Forks, West Superior, Fargo and other cities of the northwest.

Jack headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25c and 50c. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample. J. H. O'Reilly & Co. and B. H. Briggs & Co.

Monument to French Allies.

Newport, R. I., July 11.—The anniversary of the landing of French troops in America during the revolution was commemorated today by a meeting of prominent citizens of Newport, at which active steps were begun looking to the erection of a suitable

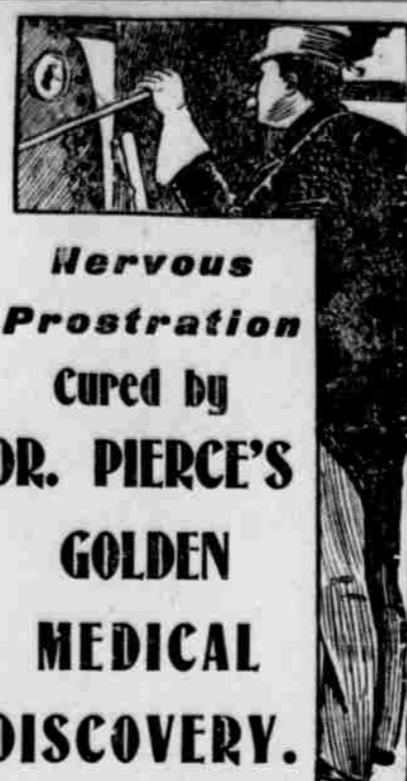

A Bad Disease

There is a certain disease that has come down to us through many centuries and is older than history itself, yet very few people know anything of its nature or characteristics. At first a little ulcer or sore appears, then glands of the neck or groin swell; pimples break out on the breast, back or some other part of the body and fill with yellow pustular matter; the mouth and throat become sore and the tongue is at all times badly coated. Headaches are frequent, and muscles and joints throb and hurt, especially during damp, rainy weather. These are some of the symptoms of that most loathsome of all diseases, Contagious Blood Poison. This strange poison does not affect all alike; some are literally eaten up with it within a short time after being inoculated, while others show but slight evidence of any taint for a long time after exposure, but its tendency in every case is to complete destruction of the physical system, sooner or later.

S. S. S. is a safe and infallible cure for this bad disease—the only antidote for this specific poison. It cures Contagious Blood Poison in every form and stage thoroughly and permanently. S. S. S. contains no Mercury, Potash or other harmful minerals, but is strictly and entirely a vegetable remedy, and we offer \$1,000.00 reward for proof that it is not.

OUR MEDICAL DEPARTMENT, which was established years ago, is doing a noble work in relieving suffering. Give our physicians a short history of your case and get their advice. This will cost you nothing, and what you say will be held in strictest confidence. With their help and a copy of our book on Contagious Blood Poison you can manage your own case and cure yourself at home.

SWIFT SPECIFIC CO., Atlanta, Ga.

Nervous Prostration
Cured by
DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

"I am an engineer by trade and the hard work and worry of running a large engine brought on nervous prostration," writes Mr. Chas. F. Dixon, of Arbuckle, Colusa Co., Calif. "A friend recommended Dr. Pierce's Golden Medical Discovery to me and I bought one bottle; thought that it helped me so continued the use of it until I had taken six bottles. I feel better than ever in my life. Am not a particle nervous, can work hard all day and sleep sound at night. I not only think so but I know that the 'Golden Medical Discovery' cured me and therefore I will recommend it to others."

Dr. Pierce's Pleasant Pellets regulate the bowels and stimulate the sluggish liver.

monument on the south shore of the harbor to mark the landing place. Fort Chastelux, which was occupied by the French troops here, stands at the top of a hill on land owned by Lorillard Spencer, and it was decided to use stone from this fort in the erection of the monument.

The Prevailing Fad.

For the occult, the mythical and the astrological, has inspired a clever designer to utilize the idea by producing a series of twelve unique and beautiful designs for birthday pillows. Zodiacal sign, the ruling planet, the gem to be worn, the appropriate flower, the astral colors and a jingling rhyme referring thereto, all well arranged and tinted in colors, ready to embroider. Price for top and back, 65 cents, at the Economist.

YOU CAN ESCAPE FROM TROUBLE

By taking your linen and colored shirts, fancy vests, duck or linen trousers to a first class laundry, where satisfaction is guaranteed. We launder your shirts, collars, cuffs and also ladies shirt waists in a manner that defies competition by any other laundry in New Mexico. Try our work on your summer garments and it will save you from saying cuss words.

Railroad Topics

Charles Peterson, formerly clerk of the local round house, left last night for Mexico.

G. W. Classon, fuel and ice inspector for the Santa Fe, is making the rounds in the local yards today.

Edgar Strumquist has resigned as requisition clerk at the local shops and will leave today for Durango, Colo.

Mrs. James Hennessy, wife of Engineer Hennessy, is reported seriously ill at her home, 713 South Third street.

Mr. and Mrs. Harry Evans, chief clerk in the auditor's office of the Burlington route, at St. Joseph, Mo., are in the city visiting friends.

John Barr, who as signal inspector for the western grand division, has his headquarters at La Junta, Colo., has gone to Chicago, where he will visit relatives.

C. O. Young, of this city, who was recently designated to go over the Santa Fe lines and inspect the conditions of the Santa Fe fire departments, is in Topeka.

One 150-horse power engine for the new Topeka power house has been received from Chicago. Two small six-horse power vertical engines to be used with the fuel and cinder handling machinery of the same building have also arrived.

F. N. Risteen, mechanical superintendent of the eastern grand division, has been placed on the board of the Santa Fe Hospital association, taking the vacancy created by the withdrawal of John Player, formerly consulting superintendent of motive power, from the service.

The Topeka State Journal says: G. S. Stiles and William Johnston, who look after the electrical equipment of Topeka shops, have been sent to Albuquerque, N. M., by Shops Superintendent Purcell to inspect the new plant of that kind which the company recently put in operation there.

Mrs. G. W. Smith and children came in from San Diego this morning and continued on to Topeka, Kan., where they will meet Mr. Smith, who is now master mechanic with the Illinois Central. They have been in California since Mr. Smith's displacement as master mechanic of the Santa Fe coast lines.

Mrs. L. D. Bartlett, of San Bernardino, and Miss Francis Bigelow, who has been visiting at that place the past month, are expected to arrive in the city tomorrow. Mrs. Bartlett is the wife of L. D. Bartlett, at one time foreman of the paint gang at the local shops, but now with the Santa Fe at San Bernardino.

Elbridge G. Rust, whose death by drowning off Galveston, Texas, was recorded in the telegraphic dispatches of last week, was a cousin of Engineer H. G. Rust, running between Topeka and Marceline, Mo. The two were together much while they lived in Michigan and Ohio, although they had not seen each other since 1881, when Engineer Rust visited Dallas. The death of the unfortunate man came while he was in bathing, and at the same time James N. Davis, night editor of the Galveston News, who was with him, was drowned.

J. D. Notgrass is it—J. D. Notgrass, formerly passenger conductor running between Las Vegas and La Junta, is the lucky man to get the trainmaster's job at Las Vegas. An order to that effect passed over the wires last night. Mr. Notgrass was at one time freight conductor running out of this city. He was promoted to passenger conductor running out of Las Vegas and at one time occupied the position of train master at La Junta.

He was again dropped to conductor and has occupied that position a year. His promotion as train master is a pretty good recommendation of ability. He lives at Las Vegas.

Diamond for Westcott—Last Tuesday afternoon the conductors, brakemen, engineers and firemen of the first district, New Mexico division of the Santa Fe held a joint meeting at I. O. O. F. hall, station, and cited R. C. Westcott, the retiring trainmaster to appear forthwith to answer certain charges. Mr. Westcott was summoned to the hall and presented with a solitary diamond ring. Never has there been an official of the Santa Fe located in Raton toward whom a warmer feeling existed than toward Mr. Westcott and whose departure was more sincerely regretted. He left on No. 2, the same evening for Colorado, where he has been tendered a position by the Denver & Rio Grande Railroad company.

Dawson Railway Right of Way—The case of the Dawson Railway company vs. The Red River Valley company, the latter being the owners of the Pablo Montoya grant, came up before Judge McPhee yesterday afternoon. Chief Justice W. J. Mills being disqualified to hear the case. The hearing was whether a preliminary injunction against the defendants should be made permanent. The injunction had been issued to restrain the defendants from interfering with the construction of the Dawson railway across the Pablo Montoya grant. Hearing will also be had in condemnation proceedings for the right of way across the grant and for the appointment of appraisers unless the contending parties should reach a settlement. W. A. Hawkins, of Alamogordo, and Charles Spess, of Las Vegas, represent the Dawson Railway company, while George P. Money represents the Red River Valley company. Chief Engineer Sumner, of the Dawson railway, and Mr. McDonald, manager of the Red River Valley company, are also in Santa Fe to attend the hearing.

Novel Decorations at Firemen's Ball—The San Bernardino Sun gives the

following description of the decorations at the ball given by the Brotherhood of Locomotive Firemen at that place:

"Laying aside the time-honored hunting with the exception of American flags, than which, by the way, no more beautiful combination and arrangement of colors was ever conceived, the firemen turned to the signal lamps and lanterns and flags that do duty on the locomotives. These are of three colors, green, red and white, and the colors admit of most effective combinations in skillful hands, and skillful were the hands that arranged the decorations for the big ball. Along the balconies clear around the dancing space scores of the colored and white lights were strung, while suspended from the ceiling, just over the center of the dancing floor, was a chandelier made of lamps and lanterns. On the stage, where the splendid Los Angeles orchestra was stationed, the signal lamps were again used to advantage, and added to their twinkling was the dazzling glare of two great regulation headlights whose shafts of light swept over the crowd like the rays of a warship's search light. On either side of the stage were fastened to the wall a crossed coal pick and shovel, beneath which was the letters 'B. of L. F.' On the stage the signal flags, of the same color as the lights, were used and in the center of the stage there was a grouping of flags and bunting in the center of which was a fine photograph of the firemen's pride, Decapod 988."

Headquarters Moved.—President A. A. Robinson, of the Mexican Central, is in Topeka and when seen by a reporter for the State Journal, said:

"We now have our offices in St. Louis instead of Boston and will conduct our business from there in the future. This will not make any difference with my Topeka residence, except that it will make it more convenient for me to reach the headquarters of the road. There are no developments of importance in Mexican Central matters."

Yesterday a circular was issued by President Robinson as follows: Mexican Central Railroad Company, Limited; Office of President, No. 422 Olive street, St. Louis; Notice is hereby given that at a meeting of the board of directors, held in New York on June 30, Gabriel Morton, vice president, was elected controller, and that James Piper was elected clerk of the board, vice J. T. Harmer, resigned. A. A. ROBINSON, President. Vice President Morton issued a circular as follows: Mexican Central Railway Company, Limited; Office of Vice President, No. 422 Olive street, St. Louis; Notice is hereby given that the financial and accounting offices of this company, heretofore located at 70 Kilby street, Boston, are transferred to No. 422 Olive street, St. Louis.

The Old Colony Trust company has been appointed transfer agent of the company at No. 1 Court street, Boston, Mass.

Annual meetings of the stockholders will hereafter be held in Boston, as heretofore, at the place designated in the call for the meeting. GABRIEL MORTON, Vice President.

Poisoning the System. It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. J. H. O'Reilly & Co., B. H. Briggs & Co.

Novel Entertainment. Manager L. Fred Klooz, of the Alvarado, entertained a small party of friends in a unique manner last evening. He secured one of the Santa Fe switch engines and at 9 o'clock his guests mounted the footboard and seized the handrail with a light grip. A run was taken up and down the yards for experience and then the engine went north to the Southwest Brewery & Ice company's plant, where a Dutch lunch was served. A flying trip was then made back to the hotel. Those who enjoyed the affair were: Mr. and Mrs. Fred Fisher, Mr. and Mrs. Adams, Mr. and Mrs. Klooz, Miss Hamilton, Miss Colter, Mr. Whitteley, Mr. Mudge.

H. P. Kumpke, druggist, Leighton, Ala., writes: "One of my customers had a child, which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 118 worms from the child. It's the best worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at Cosmopolitan Pharmacy, B. Ruppe.

ANOTHER LINE TO THE COAST. The Cimarron and Taos Valley Railroad has a Surveying Party in the Field.

The Cimarron and Taos Valley railroad has a large surveying party in the field making a survey for a railroad line from Taos to Ojo Caliente and from the latter point going north-west into the Canon Largo, striking the mouth of the canon on the San Juan river, thence west along the river to Farmington, in San Juan county, and thence, in all probability, through Arizona to California. San Diego is believed to be the ultimate point. A railroad built along this route would be the shortest transcontinental line by 150 miles and would develop a section of the very best country on the North American continent, rich in mineral, coal, timber and live stock, containing many excellent stock ranges and many places where water could be developed and great agricultural and fruit raising communities be built up. The Cimarron and Taos Valley railroad would start in the vicinity of the town

THE SURE WAY to prevent pneumonia and consumption is to cure your cold when it first appears. Acker's English Remedy will stop the cough in a night, and drive the cold out of your system. Always a quick and sure cure for asthma, bronchitis and all throat and lung troubles. If it does not satisfy you, druggist will refund your money. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

"Let the GOLD DUST twins do your work."

No Soap, Borax, Soda or Ammonia is needed with

GOLD DUST

With little water and less effort you can clean any thing about the house better, easier and cheaper than with soap or any other cleanser. Once try it, you'll always buy it.

Made only by THE N. K. FAIRBANK COMPANY, Chicago, New York, Boston, St. Louis. Makers of OVAL FAIRY SOAP.

of Maxwell, in Colfax county, now a station on the Atchison, Topeka & Santa Fe railway. Messrs. Haller and Kohler are in charge of the surveying party, which is fully equipped and is evidently out for a long trip.

The Best Liniment for Strains. Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by all druggists.

SANTA FE.

From the New Mexican. Superintendent Miller is hard at work beautifying the capitol grounds.

The Elks have chartered a car for the excursion to Alamogordo Sunday.

The brick walls of the new hall of the Loretto academy are completed and the timbers for the roof are in position.

Judge N. B. Laughlin and A. B. Renahan, Esq., have gone to Taos for the approval of accounts in the assignment of Juan Santistevan.

Next Monday the Cochiti Indians will celebrate the day of San Buenaventura, their patron saint. The dances this year will be very elaborate.

The rainfall in the mountains and towards Lamy was considerable yesterday afternoon. The Santa Fe river was a raging torrent last evening and during the night, furnishing ample water for irrigation at Agua Fria. Today more rain fell in the mountains.

General Agent T. J. Helm, of the Denver & Rio Grande Railway company, will have personal charge of the excursion to Alamosa on Sunday next. A train of six cars has already been ordered. The train will start from this city at 6:30 in the morning, returning at 11 o'clock in the night of the same day.

Miss Clara H. Olsen, secretary in the executive office, left last night for Colorado Springs, where she will spend her annual convention. She was met last evening at Lamy Junction by her sister, Mrs. E. V. Chaves, who also went to Colorado Springs. Mrs. Chaves and Miss Olsen expect to return to New Mexico in about three weeks.

Cut this out and take it to all druggists and get a box of Chamberlain's Stomach and Liver Tablets. The best physic. They also correct disorders of the stomach. Price 25 cents.

Green Tags. On our goods incur that we have made material price reductions on all goods so designated. Our suits, shoes, hats and shirts are offered at 10 to 30 per cent off from former prices. If in need of anything in our line, it will pay you to get our prices first.—Simon Stern, the Railroad avenue clothier.

In Deming good safe loans can be had at better rates than in the old established towns.

Plumbing.

We have added a plumbing department and tin shop to our business. When you have anything in this line to be done see us about it before placing your order. Albuquerque Hardware company.

Trunks, valises, hand bags, suit cases, telescopes, largest variety in city to select from.—Golden Rule Dry Goods Company.

We are sole agents for Wheeler & Wilson sewing machines, the best on the market. Albert Faber, 305 Railroad avenue.

In Deming the demand for rental houses is five times in excess of the supply.

Deming! Have you been there? If not, you should get there for the big sale of lots on the 17th of this month.

Tin, galvanized iron and copper work. Albuquerque Hardware company.

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Just received a large shipment of Japanese and Chinese matting. Albert Faber, 305 Railroad avenue.

Keep your eye on Deming.

Doctors' Bills

Seem large to you? As a rule, they are not. Doctors earn every cent they charge. Trust them. When your doctor says Ayer's Cherry Pectoral is the best thing for that hard cough of yours, believe him. Coughs, colds, croup, bronchitis, consumption.

"I have used Ayer's Cherry Pectoral in my family for eight years, and think it a most wonderful medicine, especially for the coughs and colds of children, and even for pneumonia."—Mrs. W. H. Brymer, Shelby, Ala. 25c, 50c, \$1.00. J. C. AYER & CO., Lowell, Mass.

THE THERMOMETER

is Seldom Higher Than

80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

The Mexican Central

is prepared to furnish you with the best of accommodations to all points in Mexico. Call on or address,

LOCAL PARAGRAPHS.

Attorney S. B. Gillett expects to go to Silver City tonight.

G. W. Schock, druggist of Santa Fe, was in the city yesterday.

M. O'Neil, a prominent mining man of Cerrillos, is in the city buying supplies.

One bum and one lonely drunk were given five days each in Judge Crawford's court this morning.

J. F. Huckel, superintendent of the news department of the Harvey system, and wife, are in the city.

Jaffa brothers are the only people in the town who have a kick coming on the rain—their ducks got wet.

James Merkins has resigned his position with L. B. Stern and will leave this evening for his home at El Paso.

Paul Dallos, one of the well known young gentlemen of Belen, is here today on business. He will return to Belen tonight.

Miss Helen Finch, who has been suffering from an illness contracted while picnicking in the mountains, is reported much improved.

Charles Bottger, of the "Sunnyside Inn," old town, has returned to the city after his visit to New York relatives and friends.

Rev. W. Hayes Moore, who officiated at the Moore-Trumbull marriage at El Paso on Wednesday, returned to Santa Fe yesterday.

Mrs. J. E. Pearce and daughter, Rebecca, left yesterday on the flyer for California. They expect to be absent from the city about a month.

Mrs. E. M. Parsons, accompanied by her daughter, Miss Josephine Parsons, departed yesterday for Santa Monica, Cal., where they will sojourn for a few weeks.

A. J. Loomis, the deputy internal revenue collector, and George Bowman, the gauger, left this morning for the north, the former for Santa Fe and the latter for Farmington.

Henry Kaufner, who accompanied the remains of his wife back to Muscatine, Ill., returned to the city last night, and after a few days' rest will resume his duties at the carriage repository of Jacob Korber & Co.

Street Commissioner Martin S. Tierney is busy today draining a small lake which located itself on Silver avenue yesterday afternoon. He has his force also at work filling the holes in the principal thoroughfares of the city.

Miss Clara Olson, secretary of Governor Otero, joined her sister, Mrs. E. V. Chavez, at Lamy Junction yesterday, and both continued on to Colorado Springs, Col., where they will spend several weeks. Mrs. Chavez was accompanied by her children.

W. B. Gilman, who came here a few days ago from El Paso, has established an employment agency at No. 113 1/2 West Railroad avenue. Mr. Gilman says he likes to do good by the boys, and will get boys, who desire to learn a trade, positions without cost.

Mrs. Jameson and daughter of Las Vegas, passed through the city this morning en route from San Diego, Cal., where they have been visiting the past month, to their home at Las Vegas. Mrs. Jameson's husband is manager of the telephone system of that place.

Hawley's book store is the rendezvous of a number of "old comrades," where was hatched the idea of sending the governor of Oregon a dispatch charges guaranteed that he employed Nick Carter, the hero of many novels, to capture the outlaw Tracy. The governor refused to pay the charges.

Oreste Bachechi has received a letter from his partner, G. Giomi. The letter is postmarked New York, and gives the information that Mr. Giomi and family sailed for Italy on July 5. Mr. Giomi also says in his letter that he and family will return to Albuquerque on January 1, 1903, and that he will personally superintend work on the new building which the firm will erect on the corner of First street and Silver avenue.

Hon. N. O. Murphy, who recently relinquished his title of governor of Arizona to his successor, Col. Brodie, came in from the west this morning with General Funston in the latter's special car, and continued on north to Denver with the general. After a stay of a day or two in Denver, Governor Murphy will continue east to Washington and New York, where he goes on railroad and mining business of general interest to Arizona.

After a ten days outing at the famous Jemez hot springs, Otto Berger and Theodore Muensterman returned to the city yesterday afternoon, reaching here just a few minutes before it commenced raining. They report having had a fine time in camp, but Mr. Muensterman says that he would rather, in the future, take his outing in a little more moderate manner, with a woman as a cook and a paid man to harness and feed the horses.

THE DIFFERENCE!

THERE IS A VAST DIFFERENCE IN SALES. THE PAPERS ARE FULL OF ANNOUNCEMENTS OF SPECIAL SALES OF ALL SORTS AND ALL SORTS OF REASONS ARE GIVEN FOR HAVING THEM.

Our Semi-Annual Green Tag Sale

HAS BECOME A FEATURE OF OUR BUSINESS AND HAS ALWAYS PROVED POPULAR. THE REASON FOR THAT IS EASILY FOUND AND IS: WE DO ALL THAT WE CLAIM TO DO—WE SELL AT THE END OF EACH SEASON ALL GOODS LEFT OVER AT SUCH FIGURES AS WILL SPEEDILY SELL THEM AND WE HAVE ALWAYS SUCCEEDED IN DOING IT. HENCE THE DIFFERENCE BETWEEN OUR SALES AND SOME OTHERS IS THAT

Ours Is a Sale That Sells

WE ARE NOT SELLING \$18.00 SUITS FOR \$8.25, \$6.00 TROUSERS FOR \$1.50 NOR \$2.00 SHIRTS FOR 50 CENTS. WE HAVE NO OLD SHELF WORN GOODS TO UNLOAD, BUT WE HAVE AN UP TO DATE AND NEW STOCK OF SEASONABLE GOODS WHICH WE OFFER AT GREATLY REDUCED PRICES IN ORDER TO MOVE THEM. A LOOK AT OUR GREEN TAG PRICES WILL TELL YOU ALL ABOUT IT.

SIMON STERN, The R. R. Ave. Clothier
