## IN GREAT DANGER

### Des Moines is Seriously Threatened.

### The Great Flood of 1851 is Surpassed.

### Des Moines River Still Rising as Are Tributary Streams.

### HOT WAVE BROKEN.

Des Moines, Iowa, July 10.—The flood situation reached the most alarming stage in the history of the city early this morning. The Des Moines river was 21 feet above low water mark at 7 o'clock, having risen three feet in less than ten hours. It is still rising at a rapid rate. The Racoon river, which empties into the Des Moines at this place, advanced four feet between 3 and 7:30 this morning and is still going up. The flood at its highest point since 1851, when the river was six feet deep over what is now occupied by thousands of residences, business houses and factories. At that time the river was but a foot higher than at present and it is evident the old record will soon be broken. Nothing but levees protect all this district and in two score places they have either broken or given way. Hundreds of men are working desperately along the levees to save their homes and property, but the water is slowly driving them from their positions. Residents of South Des Moines kept anxious vigil all night and at 4 o'clock, owing to the breaking of a large section of the levee, they were forced to flee. Many thrilling rescues are reported. South Des Moines is practically cut off from the rest of the city. Four feet of water is rushing through a district of twenty blocks occupied by residences. In North Des Moines a wide breach in the levee occurred at 8 o'clock and 400 residents were forced to abandon their homes. The situation is intensified by the necessity of closing down the water works if the river advances another foot and the city will be absolutely without water for domestic consumption. Factory use or fire protection. Hundreds of men are constructing a temporary levee about the water works, but the water rises almost as fast as they work. Street car traffic is abandoned on a number of lines and will have to be abandoned all over the city in a short time owing to the water putting out the fires under the boilers in the power house. It is reported from Adel, Fort Dodge and other places above, the Des Moines river is still rising, which is a greater menace to this city.

Another span of the Great Western bridge at this place went out this morning. The bridge is now a total wreck. The Des Moines race track is submerged and the race meeting is abandoned.

At 10 o'clock the Des Moines river ceased to rise and by noon it had receded three inches. Heroic work on the levees in North Des Moines repaired the breaks and saved many valuable residences. Racoon river, however, continued to rise and spread out over an enormous territory. At noon it invaded the factory district and nothing but the roof of the Keith furnace factory and McCormack Manufacturing company could be seen. Thousands of dollars worth of machinery in these places were destroyed. The Keokuk and Western tracks constitute the levee of this district on either side of which the biggest factories in Des Moines are located. The river was within six inches of the top of the levee at noon and beginning to break through. The level of water was then six to eight feet above the factories, which will suffer a loss exceeding half a million dollars whenever the levee gives away.

**Topeka in Trouble.**  
Topeka, Kan., July 10.—The flood situation here is more serious than at any time since 1852. The Kansas river is still rising. The inhabitants of "Little Russia," a northwest Topeka suburb, abandoned their towns or have taken to the upper stories. Portions of the city railway tracks are under water.

**Republican River Rising.**  
Topeka, Kan., July 10.—A special to the State Journal from Concordia says: "The Republican river is still rising and hundreds of acres west and north of the city are under water. A house went down the river today. Many farmers lost their cattle and hogs. At Rice the river is four miles wide."

**Missouri Going Up.**  
Kansas City, Mo., July 10.—The Missouri river at Kansas City was seven-tenths of an inch above danger line at 10 o'clock this morning with a probability of a further rise at this point of a foot within the next twenty-four hours. However, no serious damage has resulted so far.

**Hot Wave Broken.**  
Pittsburg, Pa., July 10.—Copious showers and thunder storms last night and today have broken the hot wave

and the mercury is down to 68 degrees. Four fatalities and eleven prostrations are reported since yesterday.

### Kaw Coming Up.

Lawrence, Kas., July 10.—High water in the Kaw river here caused the flood gates to weaken. Fears are entertained of a break in the dam and a big force of men is at work strengthening the vital places as fast as they appear. The river is now nine feet deep over the dam and the water is still rising.

### Coronation August 9.

London, July 10.—It is said on good authority, subject to the approval of King Edward's physicians, the coronation will occur August 9.

### MADE A FAILURE.

### Two Men Attempted to Take Possession of a Boat.

Davenport, Iowa, July 10.—Christopher Leonidas and his son, long haired medicine men, wearing sharpshooters medals and heavily armed, boarded the Diamond Jo steamer Dubuque at Rock Island, Ill., today and attempted to take possession. Mate Dan Green shot and killed both when the boat was opposite Davenport. The bodies were taken off here and the boat officers held.

### Did Not Wait.

Washington, July 10.—The state department has received a cablegram from Minister Bowen, at Caracas, dated today, saying: "The president has arrived at Barcelona to attack the enemy there instead of waiting here to be attacked."

### SURVEYING PARTY.

### It Will Leave This City Well Equipped Tomorrow.

### MAY MEAN A NEW ROAD.

A surveying party will begin work on a line toward the northwest tomorrow. Its destination is not known, but the information is given out by those in charge of the surveying party that if a good grade is found it may mean a new railroad for Albuquerque in the near future, possibly to Durango.

This city had a survey of a proposed line to Durango, made several years ago. The cost of the survey was met by the people of the city, and it might save this surveying party considerable work if they were presented with the field notes and maps made at that time. It would be a courteous act, and one that might be appreciated. Anything that can be done by this city to secure a railroad to the northwest will be done most cheerfully.

### THOREAU PORCUPINES.

### A Man Out West Wants to Dispose of His Stock.

A gentleman, writing under the name of John H. Wood from Thoreau, to B. Ruppe, says:

"Could you find out the doctor that buys porcupines; how many he wants and all the particulars. Let me know at Thoreau, N. M."

Here is an opportunity for some one wanting porcupines. It is surmised from Woods' letter that porcupines are so thick at and near Thoreau that they are hanging on every pinon tree, and are shooting their dangerous darts in every direction, damaging passenger trains and even hurting passengers on the inside of the cars.

As the local Elks have a Bengal tiger, which will accompany the herd to the big gathering at Salt Lake City, Utah, in August. The Citizen suggests that they enlarge their menagerie by securing from Wood at Thoreau half a dozen of his porcupines.

### Death of an Infant.

Raymond Louis Murphy, infant son of Conductor F. A. Murphy and wife, died yesterday afternoon at the home on South Arno street, of infantile trouble. The funeral was held from the church of Immaculate Conception this afternoon at 4:30 o'clock. Interment will be made at Santa Barbara cemetery.

### Train Master Gibson's Version.

E. J. Gibson, train master at Winslow, who has been spending a couple of days in the city visiting with his family, went west this morning on train No. 33. Mr. Gibson says that business on his division is very good considering that this is the dull season for this part of the road. When asked who he thought would be the next train master at Las Vegas, Mr. Gibson replied that it was pretty hard to tell, the chief operator is generally considered to be the man in line, but that line of promotion was not always followed out.

### Decorations Fell.

London, July 10.—Shortly after Queen Alexandra passed on her way to open the coronation bazaar, the decorations across Langham Place, heavy and sodden with rain, caught in a squall of wind and fell, dragging down a mass of coping from the top of All Souls church. Miss Steady, believed to be a Canadian, was killed and several persons were injured.

### Shot Himself.

Florence, Colo., July 10.—Angus M. Ward, a Chicago attorney who is visiting in Canon City, committed suicide by shooting this morning on account of nervousness bordering on insanity.

## OFFICERS CHOSEN

### Educational Association Adjourns Tomorrow.

### Six Hundred Men Were Buried Alive.

### Five Firemen Were Killed in a Fire at Toronto.

### THE QUEEN ESCAPED.

Minneapolis, Minn., July 10.—Today was another busy day for the members of the National Educational association whose convention here will be finished tomorrow. The morning was given up to a general session of the association, while the afternoon was devoted to meetings of the various departments.

The nominating committee today settled on a list of officers to be presented to the association. It was duly ratified later on. President Charles W. Elliot, of Harvard, was unanimously selected president. W. N. Davidson, of Kansas, was selected treasurer and according to custom, the outgoing president, W. M. Beardshear, of Iowa, was named as first vice president. Among the remaining vice presidents is Mrs. Helen Grenfell, of Colorado.

### HORRIBLE EXPLOSION.

### Six Hundred Men are Entombed in a Mine.

Pittsburg, Pa., July 10.—An explosion occurred in the Cambria Coal company's mine near Johnstown, Pa., this afternoon, and 600 men are entombed. They are about two miles from the opening of the pit. Three men who escaped report seeing many dead. One report says 100 to 250 are dead.

### FIREMEN KILLED.

### Five Met Death in a Disastrous Fire in Toronto.

Toronto, Ont., July 10.—Five firemen were killed in a disastrous fire which started in buildings occupied by P. McIntosh & Sons and spread to the whole hay and straw warehouse of Gadsby & McCann. These establishments were destroyed. David See, Harry Clark, Adam Kerr, Walter Collard and a man named Russell, firemen, were buried by the brick wall. They were dead when extricated.

### Religious Establishments Involved.

Paris, France, July 10.—The premier, M. Combes, has instructed the prefects of all departments to notify the religious orders who have not complied with the law of associations, unless they dissolved within a week, their establishments will be forcibly closed. Two thousand establishments are involved.

### Regatta Closed.

Henley, July 10.—Unsettled weather somewhat marred the spectacular features of the closing day of the regatta, but in no way diminished the attendance. In the final heat for the grand challenge cup Third Trinity of Cambridge beat the Leander Rowing club

by a length and a half. Time, 7:17. In the final heat for diamond sculls, F. S. Kelley, of Balliol college, Oxford, beat R. B. Etherington Smith, of the Leander Rowing club, by two and a half lengths. Time, 8:59.

### Serious Fire.

Beatrice, Neb., July 10.—A fire that started early this morning in Boddy's grocery was coming under control at 6 o'clock, after it destroyed three two-story brick buildings and badly damaged the Masonic Temple. The loss is \$125,000.

### Continues Satisfactory.

London, July 10.—The following was posted at 10 o'clock this morning: "The king's condition continues satisfactory."

W. B. Gilman, manager of the Gilman Employment agency at El Paso, is in the city and will locate in Albuquerque. He is going to put in an agency here, has rented office rooms at Joe Richard's cigar store and will move his family to Albuquerque for the summer. Mr. Gilman says that El Paso is a little too warm for him in the summer.

D. B. Burges, president of the Copperport Copper company located at Copperport, N. M., and wife are in the city buying supplies. Mr. and Mrs. Burges are quite well known in the city and last night entertained a few friends at dinner at the Alvarado hotel. Those present were Mr. and Mrs. David A. Bittner. Mr. and Mrs. Burges will leave tonight for their home at Copperport.

### HERBERT PARKER KILLED.

### Was Run Over by the Cars This Afternoon.

### BODY HORRIBLY MANGLED.

This afternoon, a few minutes before 3 o'clock, the body of Herbert Parker, horribly mangled, was discovered on the new track, south of the main track in the lower part of the Santa Fe Pacific yards. The lower limbs and the hands were ground to pieces. Engine 2316, in charge of engine foreman Tug Wilson, had just passed down the track, pushing a string of cars. It seems that nobody saw the accident. Some small boys were seen playing with the unfortunate boy in the early part of the afternoon, but a few minutes before the body was discovered, he had left them and gone over among the cars. The body was lying between the rails, with the head lying from the engine that passed over it. On the south of the track is a loose pile of cinders, with the foot prints of a small shoe on it. The supposition would be that the boy had attempted boarding the train while moving and running into the soft cinders had stumbled and rolled onto the track under the wheels. The body was removed to O. W. Strong & Sons' undertaking parlors.

Mrs. Ida Parker, the unfortunate boy's mother, came to Albuquerque about six months ago from Topeka and has since been living at 803 South Arno street. Mrs. Parker acted as trimmer in Miss F. C. Fleming's millinery store. The father has been dead several years.

### VISITORS INVITED.

### The Albuquerque Natatorium Company Ready for Business.

This evening for the first time the Albuquerque Natatorium company's plunge, the finest between Kansas City and the Pacific coast, located on North First street directly in front of the Crystal Ice company's plant, will be opened to the public for bathing.

It is to be run in connection with the ice plant, from which the water is to be furnished. The water comes from the company's wells, is to be warmed by steam and is exceptionally pure. It is constantly changing, running in at one end of the pool and out the other, thus a supply of fresh water is always to be enjoyed.

No expense has been spared by the company to furnish the necessary conveniences of a modern plunge. A sufficient number of new bathing suits, all sizes, have been bought. Toilet and dressing rooms have been conveniently arranged in both the ladies' and gentlemen's wards. The ladies' ward is in the north end of the building and the gentlemen's is in the south end. The dressing rooms are neat and convenient. Private boxes will be arranged for patrons who have bathing suits and care to leave them at the natatorium. The large pool is 50 feet long, 30 feet wide and slopes to the depth of 9 feet. The children's pool is quite shallow.

A spring board, swinging rings, trapeze and cork floaters are furnished for the amusement of the bathers.

F. W. Campbell of Kansas City, Mo., has been secured to manage the new pool and will make a success of it, as he is an old timer at the business. The admission to bathers will be 25 and 35 cents. Visitors are invited.

### W. H. Dougherty, wife and three children, of Gainesville, Tex., passed through the city on the limited today for a sojourn of a few weeks in southern California. G. W. Green, of Sturges' European restaurant, worked for Mr. Dougherty years ago in Texas, and of course Green was telegraphed to and was at the depot to pass a few words with Mr. Dougherty, wife and the children, all being glad to see Green.

## WILL FIGHT ALONE

### Freight Handlers Will Stand Together.

### Teamsters Are Strongly Inclined to Help Them.

### No Trace Can be Found of Tracy, the Fugitive.

### ROCK ISLAND INTO DALLAS.

Chicago, Ill., July 10.—The striking freight handlers voted this morning to refuse the railroads' terms presented last night and to continue the strike despite the official refusal of the Chicago Federation of Labor to help them. This action was taken by the Polk Local union and 1,000 members were present at the meeting. The meetings of the other two locals was scheduled for 9:30 a. m. President Curran, of the Freight Handlers' union, advocated accepting the terms offered by the railroads and returning to work to await an opportunity to retaliate upon the Teamsters' union and the Chicago Federation of Labor. His proposition was entirely lost in the excitement that followed and by a standing vote the strikers not only decided to stay out, but to fight to the last ditch without seeking co-operation or support.

At a meeting held later, Healy local union voted to continue the strike. Five strikers were arrested today in connection with the alleged murder of John Landers, also a striker. Landers is said to have been killed during an excited argument over the strike. Following the meeting of locals, a delegation of thirty strikers visited the Burlington yards and persuaded all the teamsters delivering or receiving freight except those of Marshall Field & Co. to drive away with the work uncompleted. The delegation then started for the Rock Island yards. The action of the teamsters is contrary to the orders of officials of the union.

At 10:30 the Northwest local voted to continue the strike, making the action complete. Vice President Brown, of the Lake Shore, issued an ultimatum declaring if the men are not back at work by tonight the non-union men will be recognized as "old employees."

President Curran is making another attempt to secure the aid of officials of the Chicago Federation of Labor and the Chicago teamsters.

Hugh McGee, president of the Truckmen's union, gave utterance to the most serious statement today. He said:

"We have not given our men authority to strike and are declaring against such action, but they will not listen to us and I believe 4,000 teamsters will be mixed up in the struggle before night."

If what McGee fears reaches a consummation the worst strike since the great railway strike will be in progress in Chicago.

### HUNTING FOR HIM.

### Men and Dogs are Trying to Find Tracy.

Seattle, Wash., July 10.—With the break of day this morning a determined effort to pick up the trail of fugitive Tracy was made by men and dogs. Tracy had again been mysteriously covered up his tracks and the numerous posters are completely baffled. Guards are posted in a very thorough manner around Lake Union, where the convict was last seen and it is thought every inch of ground is covered. The first move of Tracy ought to make his whereabouts known to his pursuers.

Tom Crow, of Kent, a thoroughly reliable man to whom Sheriff Cuddehe today that Tracy yesterday noon visited the home of a former named Johnson, living a mile and a half from Kent. He gave Johnson money and told him to hitch up his horses and drive to Tacoma and there purchase him two revolvers and some cartridges. He told Johnson if he did not return without giving an alarm he would kill his entire family. Johnson went to Tacoma and received the revolvers and cartridges and returned to the house last night. Tracy then left on foot. A special train carrying a large posse will leave soon for Auburn.

### Rock Island Contract.

Dallas, Texas, July 10.—Contracts were signed here by a citizens committee and the Rock Island company, by which that road is guaranteed a bonus of \$50,000 for right of way into the city. The road is expected to begin service into Dallas via Fort Worth within three months.

### LOCAL PARAGRAPHS.

Mrs. George H. Frost and Miss May McDonald returned last night from a two weeks' outing at the Grand Canyon of Arizona. They report having had a fine time. Mr. and Mrs. L. H. Goodrich, who were with the party, stopped at Gallup for a few days' visit with their son, Alfred Goodrich. They will return to Albuquerque the last of the week.

The enterprising firm of Page & Voorhees, druggists, are arranging another guessing contest. This time a large glass globe is filled with corks.

The guessing is free. Any person who will go into the store and write their name and the number of his guess is entitled to a chance for one of the ten different prizes offered. The prizes will range in value from \$2 down.

Fred B. McKeehan and wife will leave tomorrow night for Hillsboro, Ohio, where they will spend a vacation of a few weeks. Yesterday, The Citizen announced that Mr. McKeehan was going back to visit his people in Missouri. The declaration that McKeehan was from Missouri, this meaning was vehemently denied, and Mac declared that no one had to "show him"—he was smart enough to show other people. In any event, Ben Bothe has the gentleman in tow, and it is thought that Mac will be "shown" a few things before he leaves on his vacation.

Otto Berger and Theodore Muensterman sent word to their wives that they had enjoyed themselves immensely at the Jemex hot springs and were about ready to return home. They are expected to reach Albuquerque some time late this afternoon or tonight.

Mrs. J. F. Pearce and daughter, Miss Rebecca, family of Mr. Pearce, will leave tonight for southern California, where they will sojourn for a few weeks.

Mrs. E. V. Chaves and children, family of Attorney Chaves, left last night for Colorado Springs, Col., where they will sojourn for several weeks.

Capt. A. B. Fitch, of the Graphic smelter and mine, is here today on business. He will return to Magdalena tonight.

The Santa Fe Central Railway company filed a plat for the San Pedro branch of the Gallisteo cut off of the company. The branch is to be 13.02 miles long and runs to the smelter at the town of San Pedro.

### DELEGATE SMITH.

### Says He Will Not be a Candidate for Re-election.

Delegate Mark Smith, of Arizona, announces that he will not be a candidate for re-election, but that he will do all in his power to elect a democrat from that territory. Smith is a popular man in Arizona and is generally elected when he is a candidate. It is believed he has taken a tip from some Arizona people who are anxious to see the territory admitted, and has decided not to run in order that Arizona may go republican this fall, and increase her chances of admission as a state in the omnibus bill pending in the senate. If Arizona should join the other two territories in the republican column, it would make the admission of the three almost certain.

### TREATED TO SODA.

### Miss Mae Muggley and the Ruby Seal Club.

Miss Mae Muggley, who won first prize in the word contest at Page & Voorhees, treated the members of the Ruby Seal club to soda at the store of the above named firm yesterday afternoon. After this they adjourned to the home of Miss Mae Muggley, where business of importance was transacted. They spent the remainder of the afternoon in having a good time. Those present were Anita Meade, Madonna Rankin, Bertha Dinwiddie, Ethel Fish, Cora Myers, Juanita Rankin, Lulu Palmer, Grace Fish, Lena Faber and Mae Muggley. Next week the meeting will be held at the home of Miss Lulu Palmer, on North First street. All members are requested to be present.

Once more is the temple of Janus closed. Peace prevails throughout the world.

Five state conventions have already declared for Roosevelt for president in 1904.

The socialists in this county intend to nominate a county ticket and expect the democrats to endorse their nominees.

Ex-Senator S. W. Dorsey is now a resident of Los Angeles, Cal. He was married a few days ago to a young lady in New York. The ex-senator is 62 years old and may make and lose several more fortunes before he retires.

The statehood bill has plenty of friends in the far east. The News, of Bangor, Maine, says: "Arizona, Oklahoma and New Mexico would be highly and justly indignant if Cuba were admitted to the Union before they are."

If President Roosevelt should be successful in securing effective anti-trust legislation at the coming session of congress, the democratic party will be without an issue in the approaching presidential campaign. More than half of the party has already admitted the error of 1896 and 1900, so that we will hear no more of silver. Nor will the slogan of anti-imperialism awaken the echoes next year. That issue will be placed on the shelf long before the holding of the democratic national convention, by the various democratic state conventions this year and the next.

### INCREASE OF GOLD.

In the calendar year 1899 the world's gold production was about \$307,000,000, the largest single contributor to that total being South Africa. The war which set in in the closing part of that year, and which has lasted until a few weeks ago, brought the output down to about \$225,000,000 in 1900, and it was around the same mark in 1901. It will be larger than that in 1902, but 1903 will probably be here before the South African field reaches the figure of just previous to the breaking out of hostilities. As soon as the mines in that quarter fully recover from the effects of the war, work will be pushed on a bigger scale than before, for the transfer of the country to the British will send in additional capital and there will be a generous expansion in its activities.

### ALCOHOL LESS POPULAR.

The census bulletin on the manufacture of alcoholic liquors is an exceedingly interesting statement, not only on account of its statistical presentation, but also in consequence of the social deductions which may be drawn from its tables. From this it appears that, while in this country the production of alcoholic liquors is on the increase, the tendency of the gain is on a declining scale, showing that with each decade the amount of alcohol consumed as a beverage tends to decrease when judged of on a basis of our population. This is more markedly shown in the statement made respecting distilled liquors. Thus, the entire value of products of this kind for the census year of 1900 was \$96,798,000, against a production of \$104,197,000 in the census year of 1890; in other words, while there was a gain of more than 10 per cent in production in the decade between 1880 and 1890, from 1890 to 1900 the difference represented a decline in the value of the product equivalent to rather more than 7 per cent.

### TRADE FOLLOWS THE FLAG.

Commerce between the United States and its newly acquired territory is growing with remarkable rapidity. In 1897, the year preceding that in which Porto Rico, Hawaii and the Philippine Islands came under the American flag, the shipments to those islands were, according to the figures in the treasury bureau of statistics, \$6,773,560. In 1901 they were over \$30,000,000, and in the fiscal year just ended they will be, according to the best figures that the bureau of statistics can obtain, fully \$35,000. To this may be added the estimate of \$15,000,000 of

shipments to Alaska in the last year. This would bring the total sales of American goods in the non-contiguous territory of the United States up to about \$50,000,000 in the last fiscal year against about \$10,000,000 in the same territory in 1897.

Considering the figures in detail the bureau of statistics finds that the exports from the United States to Porto Rico, which were in 1897 \$1,988,883, were in 1900, 4,640,499; in 1901, \$6,191,917, and as they were \$9,651,000 in the eleven months ending with May it is safe to assume that the figures for the fiscal year will show a total of over \$10,000,000 of shipments to Porto Rico for the year ending June 30, 1902.

To Hawaii, the exports in the fiscal year were \$4,690,075; by 1899 they had reached \$9,305,470; in 1900, \$13,509,148. Subsequent to that time the statistics of shipments to Hawaii are based upon estimates supplied by collectors of customs at San Francisco and Honolulu, and are put at \$20,000,000 as a conservative figure.

To the Philippines the exports in 1897 were \$94,597; in 1899 they were \$404,193; in 1900, \$2,640,443; in 1901, \$4,027,064, and in the fiscal year 1902 will be fully \$5,000,000.

To Alaska the shipments in 1894 were according to the best statistics that the bureau of statistics has been able to obtain, \$3,924,000, and for the calendar year 1901, \$4,500,000, and for the fiscal year just ended, will probably be \$15,000,000.

### Heavy Rain Near.

There was a hard rain yesterday between here and Chilli and in the canyon the water fell in such quantities that it was four feet deep in gullies. Those coming in from Chilli had some trouble getting through. It rained within thirteen miles of Albuquerque.

Cut this out and take it to all druggists and get a box of Chamberlain's Stomach and Liver Tablets. The best physic. They also correct disorders of the stomach. Price 25 cents.

### Photograph of a Leper.

Immigration Inspector Mehan today received a photograph of Suh Wah, the leper now confined in a box car in Albuquerque. It was made by a photographer of that town. The photograph plainly shows the ravages made by the disease on the leper's face. One foot, which is almost gone, is wrapped in bandages and the leg is swollen to twice its normal size. Several fingers are eaten off.—El Paso Herald.

## DON'T GET IN A SWEAT

Perspiration—"sweat" is what the Bible and we common people call it—is a way nature has of driving out of the body refuse that has no business there. We sweat more in summer, because, in the overheated bowels, undigested food ferments more quickly than in winter and produces irritating acids and gases. The bowels, overworked, try to relieve themselves by violent convulsions, causing terrible gripes and colics, and diarrhoeal discharges so acid as to make you sore, and leaving the intestines weak and worn out. Nature assists body-cleaning by sending the filth out through the pores of the skin. It is not safe to stop perspiring altogether but most of the impure matter should be sent out by natural movements of the bowels, and the offensive, ill-smelling, linen-staining sweat done away with. Keep your bowels strong all summer with the pleasant, candy cathartic CASCARETS, that clean the system and don't allow the excrement to be sweated out through the pores. Take a tablet every night, before going to bed. They work while you sleep and make you feel fine and cool all day.

**Cascarets**

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Sterling Remedy Co., Chicago or New York. 545

### THE FIRST STRIKE.

The Fight Between Labor and Capital Began in 1712.

#### A BIT OF HISTORY.

As strikes and dissensions among wage earners seem to be the order of the day, in these strenuous times of gigantic combinations and trusts, the following article relative to the first strike will prove interesting reading:

The first strike on record was that of the Palatines in New York in 1712. These people, brought to this country under contract by Governor Hunt, of New York, were sent 100 miles up the Hudson and placed upon royal lands to produce tar and turpentine. The British government had issued a subsidy of \$50,000 in aid of the project and the immigrants were under contract for a series of years. Governor Hunt left the management to Robert Livingston and a bevy of overseers. Of 4,000 who left England under the subsidy, 2,227 actually went up the Hudson and settled in five separate villages. The governor furnished bread and beer through Livingston for the workers. Soon a strike for food occurred. The governor, who was also employer, went up with the militia to the scene of conflict. Food was shut off except to those actually at work, and bullets in a mode were served to those who were dissenters from the established order. Governor Hunt proposed to enforce his contracts by the power of the militia. Appeals to England were in vain. The argument used was that the common laborers could earn 37½ cents and skilled laborers 62½ cents a day anywhere in New York. The tally was, of course, that these people were under contract and could not be judged by the standards that controlled free people. In fact, the strike was for the abrogation of a contract that the governor's agents had violated. The Indians offered free lands to the malcontents and finally the governor permitted those who could not be subjugated to leave the turpentine plants, but not to leave the province.

The takers of New York city struck in 1741 for an increase of wages. There seems to have been a union or combination of some sort, as all the bakers were tied up. An indictment against the bakers was secured and they were found guilty of conspiracy "not to bake except on certain terms," but no sentence was ever passed upon anyone.

The colonial period ended with the inauguration of Washington in 1789, so that so far as known, only two colonial strikes occurred.

The shoemakers of Philadelphia formed a union in 1792, and in 1796 ordered a strike in all the shops in the city for an increase of wages. The strike was successful. The same union struck again in 1798, with like results. In 1799 the masters ordered a reduction and again the shoemakers struck. This strike lasted ten weeks and was compromised. There were 100 members of the union at that time.

The sailors of New York city struck in November, 1802, for an increase of wages from \$10 to \$11 a month. As the result of a street parade, the constables arrested all the leaders and the strike failed.

A strike occurred in New York city in 1809, which is of interest as showing that nearly all the methods and terms supposed to be peculiar to recent years suspension of work was called a "turnout." The word "strike" was now applied to a "turnout" in a single shop. The cordwainers "struck" in the shop of Corwin & Almes, but this firm defeated the strikers by taking their work privately to other shops. Then came the sympathetic strike, or what was called a "general turnout," and in November, 1809, 200 men were on strike, every shop in the city being affected, to aid their brethren in the Corwin & Almes shop. Here, too, for the first time, a member of the organization who returned to work was termed a scab.

The first of the ten-hour strikes began in 1825, and from that time until 1850 they were quite numerous. In 1825 there were eleven and in 1836 nine strikes against working from "sun to sun," or rather, for a ten-hour day. In many places where ten hours had been secured there was a reactionary movement, beginning in 1847, especially at Bath, Me., and the ship yards along the coast. The proprietors tried to return to the old days from "sun to sun," and strikes to retain the ten-hour day were frequent and usually successful.

From 1850 to 1859 the strikes were mostly for increase of wages. The years 1853, 1854 and 1858 furnished the greatest number, the two former years thirteen each, the latter nine. It is only in recent years that newspapers have considered strikes as news; hence unless a strike came up for review before a court, no mention of it is to be found. The idea of making a newspaper act as historian on the spot did not formerly prevail, greatly to the loss of history.

B. Y. P. U. in Session. Providence, R. I., July 10.—With a season of praise and prayer, participated in by nearly 10,000 men and women, the twelfth international convention

of the Baptist Young People's Union of America, was formally opened today. The rally took place in the auditorium, which was decorated with the flag and banners of the various societies. The attendance was representative of every section of the country and the provinces of Canada, and most of the leading divines of the denomination and laymen and laywomen of national reputation were recognized upon the platform and through the audience. The Baptists of the city were out in force, and so thoroughly had the local committee performed their task that the preliminaries and program moved like clock work. Conspicuous among the participants of the opening session, which consisted of welcoming addresses and responses interspersed with song and praise services, were Governor Kimball, of Rhode Island; Mayor Granger, Dr. J. W. A. Stewart, of Rochester; Dr. Russell H. Conwell, of Philadelphia; Rev. J. D. Freeman, of St. Johns; Dr. J. S. Kirtley, of Kansas City; Dr. J. O. Rust, of Nashville; Dr. G. W. Truett, of Dallas, and Dr. Galusha Anderson, of Chicago.

### HIS LETTER ANSWERED.

Stephens' Statement Regarding Poor Treatment in Beet Sugar Fields Denied.

#### OTHER WORKMEN SATISFIED.

A short time ago El Indito, a small Spanish weekly, published a letter from John Stephens, dated from Rocky Ford, Colo., telling his friends here to keep away from the beet sugar fields. An extract of the letter was translated, and was given publicity in The Citizen.

Today the following letter was received from Frederick Wietzer, manager of the American Beet Sugar company, Rocky Ford, Colo., giving the other side of the story:

Rocky Ford, Colo., July 7. Editors Albuquerque Citizen, Albuquerque, N. M.: Gentlemen—The Press Clipping Bureau forwarded to our office your article of June 26, 1902, "Keep Away." We have no doubt that the parties made the statements you refer to, but we can assure you that they are not justified.

Any party willing to work, has not had the slightest difficulty to secure work at 15 cents per hour, or if the work was done per acre, the men have made as high as \$2 and \$2.50 per day. In explanation of the facts you mention under feast days, we wish to inform you that all the men boarded themselves and were never promised otherwise. You can judge this from the amount of wages paid. You are aware that when a farmer pays 15 cents per hour, he does not board the men. The parties boarded themselves and are, consequently, entirely responsible for the quality and quantity of their food. If they did not eat anything else than beans and corn, they must have had a special liking for this. Certainly none of the beet growers insisted that they should do so.

The facts are that the contractors brought to the valley some unreliable and irresponsible parties, who would not be satisfied at any place. When ever parties have had just complaints, and called our attention to same, we have been always ready to give them our assistance and rectified matters. Stephens' statements cannot hurt the beet growers of the valley, who use this labor, as there are too many good men from your district employed in the valley, who have made good wages and are entirely satisfied with the treatment which they have received from the beet growers. The results are such that the Arkansas valley farmers will have no difficulty in the future to secure all the men needed in the fields.

We regret when newspapers publish articles which are not justified, but are fully aware that this cannot be entirely prevented.

Should you in future have similar complaints, we would be pleased to have you advise us of the fact, and we will then investigate matters and give you actual facts. Yours truly, AMERICAN BEET SUGAR COMPANY.

### ALASKAN RAILWAYS.

One Will Reach Inland Over Five Hundred Miles.

#### VERY COSTLY ROADS.

The attention of railroad men has been attracted to far away Alaska by the announcement almost simultaneously of two railroad building plans that are said to be well backed and which will involve some of the costliest construction work of recent times.

One of these projects is that of the Alaskan Central, which will extend from the coast of Resurrection bay northward for about 500 miles to Ramparts on the Yukon river. Several parties of surveyors are now going over the preliminary route and marking out the line which the graders and track layers are to follow.

The Alaskan Central is being pushed largely by Montana men, and it is now announced that F. August Heinze, one of the millionaires of the copper crowd of Butte and the president of the United States Copper company, has taken a large interest in the company. He has been known to the world as the leader of the fierce fight with the Amalgamated Copper trust. He is credited with the possession of a fortune of \$20,000,000. He is only about 30 years of age and has made his own way in the world.

Another Alaskan railroad project is the Yukon railroad, which is to be a belt line of eighty-five miles and connect Dawson City with a number of the richest mines in that section. On the latter road the passenger service will be a matter of minor importance and the equipment will be designed for transporting the ores from the mines and carrying in the supplies that the miners need.

This Yukon road will be a costly piece of property, and the building, it is estimated, will require about \$4,000,000. If the much longer Alaskan Central is to require anything like a proportionate expenditure the Montana capitalists will find a place for an immense amount of money before they are through. The cost of transporting freight and passengers into and out of the mining country of the interior of Alaska, however, is so great that railroad tariffs that would be considered ruinous in the states will be hailed as a heaven-sent blessing by the residents of that section.

This activity in railroad construction in the gold fields of Alaska has given to that section a standing as the basis of permanent and profitable business that it has not had heretofore. The Alaskan Central not only proposes to tap the gold fields and bring these and their products into close touch with the markets of the states, but it will open out for profitable working the coal and timber lands of the region to be traversed.

### GRAND ANNUAL PICNIC.

C. Colombo Benevolent Society Will Hold Forth Sunday, July 20. The grand annual picnic of the Christopher Colombo Benevolent society will be held at the grove near Barelas bridge on Sunday, July 20, commencing at 8 a. m. Every arrangement has been made by the society to make this the big event of the season.

The program of events will include a laughable sack race, from 3 to 4 o'clock. Grand prize to the winner. A foot race for little girls at 4 o'clock. Grand prize to the winners. Dancing. A fine platform has been erected in the shade, for this amusement. First class orchestra will furnish music. No extra charge for dancing to those holding tickets.

Refreshments of all kinds will be served at reasonable prices. The bar will be supplied with first-class beer, liquors, cigars and all kinds of soft drinks.

You will not have to bring your baskets, as all kinds of cold lunches will be provided at reasonable prices. A grand display of fireworks will be given in the evening, with a Balloon Ascension by the famous Prof. Bronco at 8:30 o'clock.

The Italian band will play in town at 8 a. m. and will furnish music at the grounds during the day and evening. The grounds are well shaded and every arrangement will be made for the comfort and enjoyment of the guests.

Dancing will commence at 10 a. m. and last all day.

Do not fail to attend the biggest picnic yet. Everybody invited and a good time guaranteed.

### IN A SOCIAL WAY.

Ladies' Guild Entertainment at Las Vegas Opera House.

### SPECULATION ON TRAINMASTER.

Special Correspondence.

Las Vegas, N. M., July 9.—The entertainment at the opera house last night given under the auspices of the Ladies' Guild of the Episcopal church, and under the direction of Mrs. Charles L. Kohn, was one of the finest, as well as most successful entertainments ever given in our city. Everywhere today those who attended are speaking in admiring terms of the ability and training observed by those who took part. The program began with a curtain-raiser, entitled, "Place Aux Dames," or "The Ladies Speak Last," being a burlesque on four Shakespearean ladies after marriage. Miss Irene Whitmore acted Juliet, Mrs. W. G. Haydon, Portia; Mrs. Charles Kohn, Ophelia; and Mrs. H. Reynolds, Lady Macbeth. The ladies were splendid, and the burlesque very funny. This was followed by a two-act operetta, "Cinderella at School." The argument of the play is, Miss Jones, the principal of the academy, allowed the girls to give a "charade" on the last day of school in the belief that "Cinderella" is a Shakespearean character. After many odd interruptions and absurd situations, all is explained and Cinderella is considered a great success, which it certainly was from the point of view of the audience.

Harry Roseberry came down from Raton yesterday and went out to Gascon in response to word saying that he was a father. It is a big fine boy, and all concerned are happy over the heir. Barney Higgins and Dan Cassidy came down from Mora yesterday and are seeing the sights in the Meadow City today.

H. B. Smith and party returned last evening from their camping trip above El Porvenir. They report a fine time.

There will be a mass meeting to-night at St. John's hall on the west side, to see about taking steps for erecting a new fence around the Catholic cemetery near the asylum.

Little Bortha Kohn took sick last night at the ladies' show at the opera house. She is not seriously ill, however.

A cablegram was received yesterday from Bremerhaven announcing the safe arrival of Dr. Bohnheim and family on German shores.

Yesterday's temperature record was: Maximum, 80; minimum, 58; mean, 69. The mean humidity was 54. Precipitation, slight.

Juan Guerin and family and Francisco Chavez left today for Concho, Ariz., where the gentlemen will go into business.

Twenty-five ladies yesterday made a pilgrimage to Agua Zarea afoot, to pray for rain, and the rain came, too. The distance there and back is about ten miles.

Probate court has adjourned until next Monday.

B. T. Mills came back last evening, brown and sunburned. He had been out running wild in the sunshine and watching a hobbling cork on the placid surface of the wampling Gallinas for several days.

The district clerk's office is to undergo a thorough overhauling. The wall will be re-papered, a new carpet put down, and the disciples of Blackstone will have to wipe their goloshes when they come into the sanctum sanctorum in the future.

F. C. Fox returned yesterday evening from his trip up the road, having dropped Mr. Sweet on the way to proceed to his new post at Topeka. The trainmastership is still vacant here, and it is not known who will get the plum. The name of Conductor J. D. Notgrass is mentioned in connection with the office, he being an old and efficient railroad man, and having had experience as trainmaster at Dodge City, but it is nothing more than a rumor. Mr. Notgrass is at present at the Santa Fe hospital, having undergone a slight operation. Edward Dowling, the chief train dispatcher, is keeping an eye on the trainmaster's office during the absence of a regular man. Mr. Notgrass is a very popular man, and many of his friends are hoping the connecting of his name with the office will prove more than a rumor, though it is not definitely known whether he would accept the position if it was tendered him.

Gallup is having its first term of court now, and starts off with a couple of murder cases.

Judge H. L. Valdo left today for Colorado Springs on business and pleasure.

Twenty of the guests of the Montezuma today took a lot of well filled lunch baskets and went to Trout Springs for an outing.

Manuel Manzanarez will leave for Taos overland tomorrow to visit his aunt, and will spend the summer there. John Schoen is able to be up and around today, after a siege of sickness.

Mrs. Homer Unsell entertained the Young Ladies' Whist club this afternoon.

Eugene Fisk, one of Santa Fe's leading legal lights, was here today. He came in on No. 2.

A. C. Cooper was up from the Duke City today enjoying metropolitan life. There seems to be quite a little building boom going on around town. There are about twenty houses in the course of construction, and many more contemplated. There cannot be too much; let the good work go on.

A crowd of sixty Mexicans went through from El Paso this afternoon to Raton, where they will work on the railroad.

L. A. Hughes, of Santa Fe, is seeing the Meadow City today.

Charles Hainlen is a new wiper at the shops, taking the place of E. Rae. The Thelma Mining company case was heard this morning by Judge Mills and he now has the petition for receivership under consideration. Judge Baker represented the plaintiffs and W. B. Bunker the defendants.

There was a whole car load of Navajo Indians went through south this afternoon. There were sixty in the party and they are bound from Rocky Ford to their reservation near Gallup. They were a hard looking lot, but different from the crowd one of the conductors brought down some time ago, when they were all "billin' full" and on

the warpath. At that time they would not be quiet until one of the fat little squaws got tired of the noise and pitched in and knocked out several of the bucks. Today's crowd had been working on the sugar beet farms in Rocky Ford.

H. C. Longwell, of the territorial capital, is in the city today on business.

There was a large crowd of Elks went up to Springer this afternoon to attend the funeral of a brother member, John Eschenour, of that city. Mr. Eschenour had not been sick a very great while, and was only considered seriously sick a few days ago. He died during last night of paralysis, and the funeral was held this evening by the B. P. O. E. lodge, that being his request. A number of the members came down from Raton to attend the funeral also. The members who went from here were Messrs. Bunker, Landis, Clay, Maloney, Miller, Laubach, A. F. Smith, Schuester, Fidel Ortiz, Stoffer, A. Gonzales, D. Silva and E. French. The crowd from here expect to get back on a freight about 10 o'clock permission having been given them.

## NEW MEXICO TOWNS

### SANTA FE.

From the New Mexican.

County Commissioner W. H. Kennedy is circulating a petition for the building of a bridge across the Galisteo at Cerrillos, said bridge to cost \$3,000.

M. S. N. E. Stevens arrived from Albuquerque to join her husband, who is spending a few days in this city, and from here will go north on a business trip.

E. F. Davis was arrested by City Marshal Cicero Weidner for drunkenness and fighting on streets. Police Judge C. M. Conklin gave him twelve hours in which to leave the city.

Preparations are being made for the proper entertainment of the grand lodge of Knights of Pythias of New Mexico at Santa Fe in September. Over a hundred delegates and other knights will attend this session. Special rates will be secured from the railroads and it is believed that several hundred people will take that opportunity to visit the territorial capital.

Ex-Governor L. B. Prince returned from Los Lunas, where he was in attendance upon a meeting of the board of county commissioners, representing several owners of the Cebollita land grant. He reports that it is very dry and that there is no water in the Rio Grande south of Bernalillo. In fact the bed of the Rio Grande opposite Los Lunas looks as if it had never known any water.

A household necessity. Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, croup, catarrh, asthma; never fails.

### ALAMOGORDO.

From the News.

Lee & Richardson have sold their butcher business to Wayland Bros.

The Alamogordo Improvement company has desirable garden tracts with abundance of water and will now make leases for the year 1903.

Two women in Alamogordo recently saturated a cloth in oil and bound it to a small dog and set fire to same. They were fined in justice court.

The tie and timber preserving plant at Alamogordo has more orders than it can fill. The process employed is known as the zinc tanning process.

The 5 year old son of Mr. Conings, head engineer at the saw mill, died late Saturday night and was buried on Sunday afternoon. The cause of death was typhoid fever.

The board of education has called a special election for July 14. A proposition to issue bonds to the amount of \$8,000 will be submitted to the taxpayers. The money will be used in building a new school house.

### DEMING.

From the Herald.

Hon. J. Mahoney is the biggest taxpayer in town. He pays on \$17,000 worth of property.

J. B. Pease will take a trip to Pennsylvania and during his absence Oakley Clifford will be clerk at B. C. N's.

After boring 400 feet for water on this ranch at Auen and failing to find it, Henry Brock will pull up his drills and start a new hole.

Mack W. Mayfield had a fine \$75 Hereford bull killed by a Southern Pacific train yesterday. The animal lies close to the track about six miles east of the city.

John A. Allison has disposed of his livery stable to E. W. Lewis, and the new purchaser contemplates many improvements in the same. He is a first class livery man and will succeed.

The lumber firm of Merrill & Clemment have dissolved partnership. Mr. Clemment retiring. Mr. Merrill will continue the business and welcome all old patrons and as many new ones as will favor him with their patronage.

A couple of mines investors from Dallas, Texas, have been examining the Hancock mine in the Tres Hermanes district with a view to purchase. It is reported that they are much pleased with it and that a deal is on.

Consul Mallen, of Mexico, proposes to use his good offices with the Mexican state department toward preventing leprosy Chinamen from coming into El Paso and Deming from the Mexican border towns in the future.

### Need More Sleep.

Often the overtaxed organs of digestion cry out for help by dyspepsia's ains, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure 25 cents at drug stores.

### EDDY COUNTY DEMOCRATS.

They Held a Convention and Selected Various Delegates.

The democrats of Eddy county held a convention on the evening of the 3d of July at Carlsbad for the purpose of selecting delegates to represent their county at the district convention to nominate candidates for members of the council and of the house of representatives in this year's campaign. The following were elected: To the council convention, Peter Corn, N. W. Weaver and J. E. Laverty; to the house of representatives convention, J. O. Cameron, J. S. Crozier, S. R. Bittling, M. C. Stewart and John A. Beckett; to the territorial delegate convention, C. C. Emerson, J. D. Cantrell, J. O. Cameron, A. D. Greene, S. B. Smith and N. Cunningham. The delegates to the council convention were instructed to vote for G. A. Richardson as the democratic nominee for their council district. The delegates to the house of representatives convention were instructed to vote with Lincoln county for a candidate.

The friends of W. W. Gatewood endeavored to have the delegation to the territorial delegate convention instructed to vote for the latter as the democratic candidate for delegate to

congress, but the motion was voted down and the delegation goes unimpaired. J. L. Emerson was elected chairman of the democratic county committee, and Charles Klander secretary of the same.

### Saves a Woman's Life.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from coughs, colds, throat and lung trouble need this grand remedy, for it never disappoints. Cure is guaranteed by all druggists. Price 50 cents and \$1. Trial bottle free.

### Virginia's New Constitution.

Richmond, Va., July 10.—The new constitution of the state of Virginia, which is expected to disfranchise nearly all the negroes of the state, went into effect today and shortly after noon numerous state officials, militia officers and those whose allegiance to the state is required appeared at the capitol to take the oath. In accordance with the provisions of the new instrument the state legislature will convene in extra session next Tuesday.

### A Good Reputation.

The way to gain a good reputation is to endeavor to be what you desire to appear. That is precisely the way in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by all druggists.

### Advance on Dairy Products.

Chicago, Ill., July 10.—Freight rates on butter, eggs, cheese and poultry were advanced to normal basis today by western railroads. The advance ranges from 20 to 25 cents per 100 pounds from St. Paul and Missouri river points to Chicago, with comparative increases from intermediate points. It is conservatively estimated that 1,000,000 pounds of butter, cheese, eggs and poultry are received in Chicago daily and about 75 per cent of the traffic goes east. The advance in rates average about \$4 per ton, making a daily increase in the revenue of the railroads from this traffic of \$2,000 a day, or about three-quarters of a million dollars per annum.

### Don't Fail to Try This.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cure kidney and liver troubles, stomach disorders, nervousness, sleeplessness, rheumatism, neuralgia, and expels malaria. Satisfaction guaranteed by all druggists. Only 50 cents.

### NAVAJO INDIANS.

They Are Reported to be in a Famine Condition.

The Navajo Indians on the reservation just to the west of Farmington are in dire need of government aid, says the Hustler. Due investigation has proven the fact that within the past thirty days, thousands of their horses and sheep have died from starvation, owing to the prolonged drought. Even the Indians themselves have passed to the traders, about everything of value they possessed, in order to secure flour and coffee, and unless our government immediately does something there will be much suffering among these poor people, who have heretofore been self-supporting and are well known to be one of the most industrious tribes now living. It is not contributions of food or clothing they ask for or expect, but work. Work that will enable them to earn enough money to purchase such necessities as they will require during the winter.

If an appropriation of \$40,000 to \$50,000 could be secured, canals and reservoirs could be constructed on the reservation by Indian labor, which would enable them to put into cultivation thousands of acres of the finest land along the lower San Juan river, and at the same time enable them to earn enough money with which to purchase food and clothing until their crops would become productive. This would not alone encourage them in a life of industry, but forever dispel the thought of being dependents, as well as to aid in interesting them in educating their children. Uncle Sam should try it.

### EVER THINK ABOUT IT?

Many a Resident of Albuquerque Will Tell You

We are living in a very rapid age. Few of us bother our heads about small things, and so many persons look upon a pain, ache, or lameness in the back as a small thing. They wait for it to pass off, giving no thought to the cause. Remember these important facts, take a mental note of them for future use, and when the time comes use them. The kidneys are the sewers of the system; they carry off the impure matter, but sewers sometimes become clogged up. So do the kidneys. The kidneys are located near the small of the back, hence any stoppage affects the back. This means backache, lame back, weak back and many other distressing symptoms. There is lots more to tell on this subject, but we won't do it here, for we want to show you how to keep the kidneys so the back will have no cause to ache.

Mr. A. S. Sampson, of 1729 Forest avenue, Kansas City, carpenter and painter by trade, says: "It is seven or eight years since I first felt the effects of kidney trouble. During that time I have had some very severe attacks, often being laid up for weeks at a time, not able to work at all. I not only had pains in my back, but my head ached so that I thought at times it would split. I doctored a great deal and used every kind of medicine I knew about, but without relief. I finally tried Doan's Kidney Pills, and I think I owe my life to their use. I continued the treatment until I had taken three boxes, when the pains in my back were relieved, my appetite returned and my whole system was regulated."

### Working for the Fair.

J. H. O'Reilly, president of the territorial fair for the present year, was a member of the Albuquerque delegation visiting Silver City, and remained over until last evening in order to put in some effective work for the fair after the Fourth of July fun had ceased. Mr. O'Reilly says that the fair this year will be "grand, better and bigger than ever," and that Grant county will be represented by a full exhibit and a big crowd.—Silver City Independent.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every scribe. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this remedy in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by all druggists.

### GOES UP A STEP.

Custer's Old Captain Will Soon Receive Another Merited Promotion. Major Charles A. Varnum of the Seventh cavalry, who has been stationed at headquarters in this city for a long time, leaves Denver this morning with his family, on a four months' furlough. The major's family will go to Martha's Vineyard, an island off the coast of Massachusetts, but the major himself goes on even a more pleasant errand. His destination is Washington first, and he goes to receive his promotion to the rank of lieutenant colonel. After that he will join Mrs. Varnum at Martha's Vineyard.

Major Varnum entered the military academy at West Point September 1, 1868. He was assigned to the Seventh cavalry upon his graduation, and gained his first step four years later. He was in the famous Custer fight. During that campaign he was in charge of the scouts.

His next step, to a captaincy, did not come to him until July 22, 1890, and his majority arrived nearly ten years later. Since his coming to Denver he has won a host of friends, who will be surprised to hear of his latest promotion, which he has mentioned to hardly anybody in this city.

The new lieutenant colonel is a native of New York state. He was appointed to the military academy, however, from Florida. He does not expect to return to Denver.—Denver News.

The people of Albuquerque had the pleasure of meeting Major Charles A. Varnum at the MacArthur reception at the Commercial club a few months ago. Friends here will be pleased to read of his forthcoming promotion to the rank of lieutenant colonel in the army.

## Railroad Topics

Mrs. DeBerry is now telegraph operator in the Bismarck railroad office at Deming. She is the agent's wife.

A. Willis, the big railroad conductor and freighter, was in Deming on his way to Raton where he will figure on a big deal.

After twenty years service at the Santa Fe depot in Deming, Ben Larson has resigned the position of baggage master and watchman there.

Suit for damages to the amount of \$50,500 has been filed in the district court of Otero county by Ralph S. Connelley vs. the El Paso & Northeastern or Rock Island.

A. B. Field, chief timekeeper of the Santa Fe Central railway, is at Santa Fe from Kennedy to prepare for pay day which occurs on the fifteenth of every month.

Harry Adams who has served four years in the machine shops at Topeka, secured an honorable release from further duty in that place, and is expected to reach this city in a few days.

Assistant General Manager Greig, of the El Paso-Rock Island, stopped off at Raton and spent the Fourth with Governor Otero and his military family and then proceeded to Chicago and will be gone for some days.

F. K. Lorry of Virginia, was in Santa Fe yesterday and will be employed with the engineering corps of the Santa Fe railway as instrument man. He came to this city last night and from here will go on the line to assume his duties.

During a talk with a Bismarck railroad official the other day the Deming Herald editor was assured that it was the intention of the company to begin work on their new passenger and freight depot in Deming at as early a day as possible.

John C. Rockhold, one of the best known railroad men in the west, who is at the present time employed by the Santa Fe at East Yards, was run over by a work train a few days since. His legs were badly crushed and his recovery is doubtful.

"W. A. Hawkins, attorney for the El Paso-Rock Island railway, arrived in Santa Fe yesterday, to represent the Dawson Railway company in a petition for the appointment of appraisers of right of way for the Dawson railway across the Pablo Montoya grant in San Miguel county, which matter is to come up before Judge McFie.

Word has been received here of the death of Henry G. Murphy, the fireman on the east bound California Limited, near Bazen Creek bridge in Western Illinois. It is supposed that he leaped too far out of the cab window and was struck by the bridge in much the same manner that several engineers and firemen in this section have met death the past few years. Murphy's body fell into the creek and was not recovered for a day.

**Orange Train Wrecked**—The Santa Fe orange local, known in railroad circles as No. 2, had a pile-up and otherwise did things to itself early yesterday morning as it was entering the Colton yards, says the San Bernardino Sun. The train had been traveling at a fair rate of speed, and was just putting down the brakes when the accident occurred. In some unexplainable manner an oil tank car, which was coupled immediately behind the engine, left the rails dragging another car with it. In another moment, according to a train man, the front end of the train looked like a "ham sandwich" and there was nothing left for Conductor Matthews, who had charge of the train, to do but wire for the local wrecking crew. This was at once dispatched to the scene of the wreck and it did not take long to clear the debris, but the morning local for Los Angeles and the "plug" to Riverside were both delayed. A "bad order" truck on the foremost oil tank car caused the trouble.

**Mrs. Ritchie Injured**—Mrs. W. J. Ritchie, wife of Boiler Inspector Ritchie of the Santa Fe, met with a painful as well as a peculiar accident shortly before 9 last night, as she was walking along the street in company with Mr. Ritchie, says the San Bernardino Sun. The two had been in the city and were returning home when the accident occurred. They had reached the corner of Fifth street and Mt. Vernon avenue when, as Mrs. Ritchie was stepping forward with her left foot, the ankle turned with a quick snap. It did not take long to ascertain that the twist had either caused a break or a bad sprain, and procuring a buggy Mr. Ritchie at once drove the sufferer to the office of Dr. C. A. Mackenzie. An examination disclosed the fact that the ankle was broken squarely off. Owing to the swollen condition of the joint it was set with splints which will be replaced this morning with a plaster of paris cast. At last report Mrs. Ritchie was resting as easily as could be expected as the break was a very painful one and will keep her in the house for several weeks at least.

**Rock Island Gets Control of Terminals**—Control of the St. Louis, Kansas City & Colorado road and the Gasconade Construction company which is building the western extension of the line, passed to the Rock Island interests, which recently purchased the property for the Francis-Scullin syndicate, says the St. Louis Dispatch. The road is being built to Kansas City and will form a world's fair terminus for the Rock Island.

W. B. Leeds, president of the Rock Island, was elected president of the new road in place of John Scullin, who resigned. Six new directors, all of whom are officers of the Rock Island system, were chosen in place of six of the old board. The new board of

directors is now composed of David R. Francis, John Scullin, George L. Sands, W. B. Leeds, C. H. Warren, assistant to President Leeds of Chicago; H. S. Gable, general superintendent of lines west of Missouri river, of Topeka; M. A. Law, general attorney, of Topeka; W. F. Evans, assistant general attorney, and Robert Mather, second vice president and general attorney, of Chicago.

It is stated by M. A. Law, general attorney of the Rock Island, that Mr. Sands has not been succeeded as general manager of the Colorado line. No important changes will be made in the operating department for the present, it is said, and the name will remain as it is until the road is completed to Kansas City next spring.

**Poisoning the System.** It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dizziness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. J. H. O'Reilly & Co., B. H. Briggs & Co.

### TRINIDAD CASUALTIES.

**Boy Drowned While Herding Sheep—** Stabbed in a Fight.

A special dispatch from Trinidad, Colo., dated July 7, to the Denver News says:

Francisco A. Flores, aged 9 years, was drowned in a water hole in Pine canyon, southeast of this city, late yesterday afternoon. While the boy and a companion were herding sheep in the vicinity of a deep water hole, Flores thought he would have some fun by throwing a shepherd dog in the hole. The dog was wearing a strap around his neck, and other end of which was wound around the boy's wrist. When the dog was thrown into the water the strap did not loosen and the boy was jerked into the hole. Before his companion could get aid he sank to the bottom. The boy is a son of Victor Flores, a well to do sheep raiser.

**Fatally Stabbed.** George Tittsworth, deputy sheriff at Tercio, brought Estemercio Martinez to this city last night and placed him in the county jail, charged with assault to kill. On the evening of the Fourth Remigio Martinez and another Mexican, both intoxicated, engaged in a fight, during which Estemercio took a hand, stabbing the other Martinez in the abdomen several times, seriously, if not fatally, injuring him. The two Martinezes are in no way related. The victim is at a hospital here and is not expected to live.

**The Best Liniment for Strains.** Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by all druggists.

**Deaths at Santa Fe.** Juan Jose Sandoval, aged 2 months, son of Encarnacion Sandoval and Gertrude Benavides de Sandoval, died yesterday. The funeral took place this afternoon. Interment was made in Rosario cemetery.

Albino Montoya, aged 16 years, died last night. He was the son of Domingo Montoya and Maria Duran de Montoya. The funeral will take place tomorrow forenoon from the cathedral. Interment will be made in Rosario cemetery.

Word reached Santa Fe today that Ramon Jaramillo, a respected citizen of Abiquin, Rio Arriba county, died on Monday. He was aged 30 years. He leaves a wife, who came from Santa Fe, and two sons.—New Mexican.

**Bronchitis for Twenty Years.** Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." Alvarado Pharmacy.

**Firecracker Killed Girl.** It is learned that a 11-year-old girl came to her death in a peculiar manner last Friday, as a result of the Fourth of July celebration at Alamogordo. The girl, whose name was Domingo, came up from Alamogordo with her parents to attend the celebration and became totally deaf when some heavy explosives were discharged near her, and her nervous system was so severely shocked that she died before her parents reached their home with her.

**Two Bottles Cured Him.** "I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Alvarado Pharmacy.

### EX-SENATOR DORSEY.

He was Married the Other Day to Miss Laura Bigelow.

Ex-Senator Dorsey, of Arkansas, well known in New Mexico, who at one time he had extensive interests and was a frequent visitor as well as a resident for fifteen years in Colfax county, was married at New York on Monday. Says a dispatch:

Not a single posse adorned Grace church, nor was there a note of music, this evening, when the wedding of Miss Laura Bigelow to former United States Senator Stephen W. Dorsey was celebrated. There were less than ten persons present at the ceremony, which was performed by the rector, Rev. Dr. William R. Huntington.

Without the customary wedding march the bride was escorted to the altar by her mother, who gave her away. There were no attendants except Clayton Dorsey, who was his father's best man.

The bride, who is more than 20 years the junior of her husband, wore a simply made costume of pale gray silk crepe. Her neckband was fastened

with a brooch of turquoise and diamonds and she carried a small cluster of gardenias and white roses. After the ceremony there was a wedding dinner at Delmonico's. Among those invited were Mrs. Powers and Mr. and Mrs. John C. Montgomery, of Denver; Senator John P. Jones and Senator Pettigrew.

After a short trip Senator and Mrs. Dorsey will return to New York and probably sail for Europe Saturday next to spend three or four months. Their future home will be at Los Angeles, Cal.

The bride is the daughter of the late John Bigelow, who was financial agent of the United States in London for twenty years.

Senator Dorsey's first wife was well and favorably known in New Mexico. She died several years ago.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhoea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

## The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

## THE DIFFERENCE!

THERE IS A VAST DIFFERENCE IN SALES. THE PAPERS ARE FULL OF ANNOUNCEMENTS OF SPECIAL SALES OF ALL SORTS AND ALL SORTS OF REASONS ARE GIVEN FOR HAVING THEM.

## Our Semi-Annual Green Tag Sale

HAS BECOME A FEATURE OF OUR BUSINESS AND HAS ALWAYS PROVED POPULAR. THE REASON FOR THAT IS EASILY FOUND AND IS: WE DO ALL THAT WE CLAIM TO DO—WE SELL AT THE END OF EACH SEASON ALL GOODS LEFT OVER AT SUCH FIGURES AS WILL SPEEDILY SELL THEM AND WE HAVE ALWAYS SUCCEEDED IN DOING IT. HENCE THE DIFFERENCE BETWEEN OUR SALES AND SOME OTHERS IS THAT

## Ours Is a Sale That Sells

WE ARE NOT SELLING \$18.00 SUITS FOR \$8.25, \$6.00 TROUSERS FOR \$1.50 NOR \$2.00 SHIRTS FOR 50 CENTS. WE HAVE NO OLD SHELF WORN GOODS TO UNLOAD, BUT WE HAVE AN UP TO DATE AND NEW STOCK OF SEASONABLE GOODS WHICH WE OFFER AT GREATLY REDUCED PRICES IN ORDER TO MOVE THEM. A LOOK AT OUR GREEN TAG PRICES WILL TELL YOU ALL ABOUT IT.
