ALBUQUERQUE, NEW MEXICO, WEDNESDAY AFTERNOON, JULY 9, 1902

NUMBER 191

## DOGS OUTWITTED

### Tracy Escapes Bloodhounds and Officers.

### Democratic Candidates for Judges Selected.

### Unsuccessful Efforts to End Freight Handler's Strike.

#### IMPROVEMENT CONTINUES.

Seattle, Wash., July 9.—Harry Tracy, the fugitive Oregon convict, again has evaded the officers of the law, after practically being surrounded at close quarters and when his capture seemed certain. It is now known he spent Sunday hiding in a ravine near West Seattle, in company with the man Anderson, who he treated as a veritable galley slave. Yesterday afternoon word came he was at the home of a man named Gerrala, a mile from the town of Renton. Deputy sheriffs went to the scene and stationed themselves at various points around the house. Tracy became aware of their presence, slipped out of the house, and plunging into the brush, was soon lost to view. The bloodhounds got his trail and followed closely until they ran into a quantity of red pepper strewn in his tracks by Tracy and had to be relieved of their sufferings before they could proceed on the scent. Tracy crossed and re-crossed the river, doubled on his tracks and finally succeeded in outwitting both the sheriffs and bloodhounds. Anderson, who Tracy had bound to a tree near the house, was rescued in a pitiable condition and when able to talk made known the fact that Tracy in being assisted by Anderson in his efforts to escape to the country.

Mr. Senger, from Black River Junction, ten miles from here, said Tracy was seen in a hop drying house near there just before 8 o'clock today. Hundreds of armed men are in the vicinity. At 10:30 a. m. Tracy was driven from the hop house near Black River Junction and is going in the direction of Southern Point Lake, Wash. A posse is close after him. Guard Carson with the hounds and three men left Renton to intercept him.

Officers from the sheriff's office have put under arrest, Thomas Madden, Philip Richtie and Andy Nelson on the charge of aiding and abetting Tracy in his escape. The authorities claim to have strong evidence to show the men were those who, with Merrill, as the fourth, visited Tracy Monday night as told by Anderson.

All trace of Convict Tracy has been lost.

#### Merrill with Him.

Oreilla, Wash., July 9.—10:45 a. m.—It is now known definitely that Merrill is with Tracy. He joined him last night in the vicinity of Renton. It has been learned Anderson's story regarding the four men whom Tracy met Monday is absolutely correct. Merrill was one of these four men.

#### CANDIDATES SELECTED.

Democrats of Missouri Were in Session All Night.

Springfield, Mo., July 9.—The democratic state judicial convention completed its work at 7 o'clock this morning after a continuous session since 9 o'clock last night, by selecting the following justices of the supreme court: Gavon D. Burgess, of Chillicothe; chief justice; Leroy B. Valliant, of St. Louis, and James D. Fox, of Fredericktown. In all eight ballots were taken.

#### Progress Uninterrupted.

London, July 9.—The following was posted at Buckingham Palace at 10 o'clock this morning: "The king's progress is uninterrupted. His majesty sleeps well and is gaining strength. The wound is slowly healing."

#### SETTLEMENT IMPOSSIBLE.

Men and Officers Failed to Reach an Agreement.

Chicago, Ill., July 9.—It was hoped with considerable assurance the summation of the freight handlers' strike which has almost paralyzed railroad shipping since Monday, will be called off by tonight. Pursuant to a plan laid out by the state board of arbitration yesterday and accepted by the parties to the controversy, a meeting of strikers was held this morning for the purpose of appointing committees from the various roads to visit the officials of the respective roads. It is believed these committees and the railroad managers will be able to compromise as their views on the wage question have been very near similar. At noon today the indications were the conference of railroad men and committees from the warehousemen would fail to bring about peace in the freight handlers' strike. The Rock Island, Lake Shore, St. Paul and Monon officials refused to treat with the men because they are not empowered to make a final settlement.

President Curran, of the Freight Handlers' union, said at 2 o'clock the

conferences failed to bring about a settlement of the strike. He said he would prepare another plan.

#### DIDN'T ROB HIS WIFE.

He Married a Dance Hall Girl and Regretted the Steps. John Peters, the Captain mining man whose wife claimed that he had deserted her at the New Commercial hotel in this city several weeks ago and had gone to Mexico, showed up at the hotel yesterday.

He stated to the clerk that he had not been in Mexico but had gone to California as soon as he found he had made a mistake in marrying the woman. He denied emphatically the story that he had robbed her of \$400 or anything like that sum, and said the woman only had \$25 to her name when he married her.

It is said the woman was a dancing girl at the Monte Carlo before Peters married her, but had gone to Captain to live a short time previous to their wedding.—El Paso Times.

#### Coming to New Mexico.

Prof. Newell who will make the preliminary exploration regarding sites for government reservoirs under the recently passed irrigation bill, left Washington for Colorado the other day. His first stop will be Sterling, Neb., to examine the Pawnee Buttes reservoir site. He will make his headquarters at Denver, and from that city make expeditions to Wyoming, New Mexico and Arizona.

#### Otis Thompson Killed.

News reached Clayton that little Otis Thompson, the youngest child of A. C. Thompson who resides in Apache canyon, was killed by having a horse fall on him. Otis is very sad intelligence and the entire community extends its sympathy to the sorrowing family.—Clayton Enterprise.

#### PRIMROSE HERE.

Joe Barnett's New California Racer Arrived Last Night.

#### A LIST OF GOOD ONES.

Last night, by fast freight, Colonel Mablin, in charge of Primrose, a thoroughbred California racing mare, arrived from Los Angeles, and today the handsome piece of equine flesh is greatly admired by many who called at Trimble's red barn.

Primrose was bred and reared by Milo Potter, a well known horse breeder of California, and about a year ago he sold the mare, with other thoroughbred animals, to a Mr. Taylor. The latter's health failing and desiring to go out of the horse business, he offered his string of horses, sulkies, buggies, etc., for sale. The sale, according to a Los Angeles paper, took place a few days ago, and Mr. Barnett, anxious to purchase the fastest pacer on the Pacific coast, attended the sale. Milo Potter was also present. He regretted when he parted with Primrose a year ago, and he wanted the animal back. When the animal was put on the block, lively bidding was indulged in between Messrs. Barnett and Potter, but Joe had the longest pole and the fastest purse, and he secured the prize.

Mr. Barnett was seen this morning and was congratulated by The Citizen representative on his new acquisition to his stable of fine horses. He is reticent as to what the animal cost, but the price was published in the Los Angeles paper at \$1,500. Mr. Barnett will not say positively the time heretofore made by his speedy California pacer, but did say that Primrose has no official mark, although she can go the whole mile half a dozen seconds faster than Lady Margaret and the Lady is considered the fastest pacer in the territory. Primrose is a fine bay animal, standing a little over fifteen hands high, and, besides being considered by Pacific coast horse breeders the most promising 7-year-old pacer on the coast, is perfectly gentle and easily handled. With Primrose and Lady Margaret as pacers, and St. Elmo as a trotter, Joe Barnett will be heard from at the fair races.

At the red barn besides these horses, there is a stable of Dr. Gordon, a pacer, owned by M. W. Flournoy, the banker, and Doc will let himself be known in the fall races.

Bonnie Treasure, Bob Collins and William T. are three speedy pacers owned and personally looked after by W. L. Trimble.

Great work is expected at the approaching fair from Black like, the handsome pacing stallion recently presented by Sheriff Hubbell to his chief deputy, C. E. Newcomer. Black like has great speed when developed.

The other pacers, from whom good work is expected, are Ike, owned by George Fraser.

#### Foot Amputated.

At St. Joseph's sanitarium yesterday afternoon Dr. Wroth, assisted by Dr. Carns, amputated the right foot of Jesus Villa, the native of Durango, who met with an accident at Isleta. He stood the operation well and is reported as getting along nicely.

## HEAT AND STORMS

### Many Deaths and Prostrations Reported.

### Serious Flood Situation in Iowa.

### Many People Killed in a Storm in Minnesota.

#### CLOUDBURST IN PENNSYLVANIA.

Pittsburg, July 9.—The mercury is still hovering in the nineties but thunderstorms and colder weather are predicted for Thursday. Six deaths from the heat and ten serious prostrations have been reported since yesterday. In nearly all prostrations the condition of the patients is serious and some are in critical shape. Mill workers are the greatest sufferers and many are obliged to stop work.

#### Serious in Iowa.

Des Moines, Iowa, July 9.—The flood situation in Iowa today is more serious than at any time in ten years. The Des Moines, Iowa, Racoon, Cedar and Skunk rivers are from 7 to 15 feet above low water mark and the low lands are submerged. Hundreds are made homeless. Rain has fallen continuously for 24 hours in central Iowa and a number of bridges have gone out.

The half of Exira is inundated and Barrytown is in similar condition. Onawa, on the Illinois Central, experienced a rain almost amounting to a cloudburst in consequence of which trains can neither enter nor leave Sioux City from the south. Many persons are being removed from their homes in small boats at Marshalltown and elsewhere.

#### Many Were Killed.

St. Paul, July 9.—A terrific storm prevailed south and west of Waseca, Minn. The barn of Adam Bishman, Jr., was wrecked and a heavy mass of farm machinery and hay fell upon the inmates. One of the daughters was killed instantly and Adam, Jr., so crushed he died from the injuries. The others were rescued from suffocation only after long hours of work.

At Wanda the damage from the storm was very heavy and at Perham the wind levelled a circus tent which caught fire. Several people were burned and bruised but none fatally injured.

#### Wheat and Oats Injured.

Ahlene, Kan., July 9.—Steady rains continued most of the night and this forenoon in this section. Wheat in shock and oats are injured and streams are rising.

#### Cloudburst at Bushkill.

Easton, Pa., July 9.—A cloudburst in the upper Bushkill district, Northampton county, last night did a vast amount of damage. Only meagre details are obtainable at this time owing to washouts and the destruction of telegraph and telephone lines. Charles Abel a farmer was struck by lightning and killed. Bushkill creek overflowed its banks and many fields of grain are almost wholly destroyed.

#### Swept Over Peoria.

Peoria, Ill., July 9.—A terrific electric and rainstorm swept over Peoria and adjacent country last night. Rain fell in torrents for several hours and the damage wrought was extensive. All railroad lines entering the city are affected. The Lake Erie & Western freight went through a bridge at Harndale, six miles from here, and the engine and several freight cars are piled in the bottom of Farm creek. The engineer was fatally injured and the fireman lies beneath the engine. It will be several days before traffic is restored. The Toledo, Peoria & Western passenger train due here last evening struck a landslide and the engine was derailed. The damage to timothy and the oats crop is very heavy.

#### Great Damage Done.

Atchison, Kas., July 9.—The unprecedented rains in northern Kansas the past few days have paralyzed railroad traffic and damaged wheat irreparably. The Republican river is out of its banks in many places and farms are submerged.

#### Tracks Washed Out.

Omaha, Neb., July 9.—The rain that began falling last evening continued up to noon today. Reports received show the conditions of the flooded districts are worse than first reported. The morning trains are from one to five hours late into the city and some are stopped entirely.

At Superior, Neb., the Burlington railroad had 1,000 feet of track washed bodily into the Republican river and the Santa Fe was blocked last night by a foot of water running over the roadbed for a mile west of town. At Blair, a quarter of a mile of Northwestern's track is washed out and the town of Herman is still in the midst of a lake of water. At Kennard, 600 feet of the same road was carried away and the filled approach at the Missouri river

or bridge east of town began to slide away.

The people of Silver City and especially the members of the local lodge of Elks, very much appreciated the visit of the Albuquerque Elks last week on the occasion of the big celebration. The Albuquerque visitors were all royal good fellows, and their presence added a great deal to the success of the day or rather days. The people of Silver City will reciprocate by attending the territorial fair this fall in large numbers.—Silver City Independent.

#### THAT FAMOUS TIGER.

At Zeiger's Cafe Has a Sister With More Rubber in Neck.

The tiger at Zeiger's cafe, which is on exhibition but from all danger by being caged, is attracting wide spread interest, and yesterday, Fred B. McKeehan, wired George Ogden at El Paso for its mate. The telegram to Mr. Ogden reads as follows: Albuquerque, N. M., July 8. George Ogden, El Paso, Tex. Sheridan wishes to know if you can duplicate, within two days, the tiger you gave him and at what price. Answer FRED B. McKEEHAN.

The answer came as follows: El Paso, Tex., July 9. Fred B. McKeehan, Deputy United States Marshal, Albuquerque, N. M. Wire Sell brothers' circus. They have a sister of the tiger given Sheridan. The only difference she has a little more rubber in her neck. GEORGE OGDEN.

Mr. McKeehan is somewhat disappointed. He was under the impression that Ogden had the mate of the tiger presented to Sheridan, and was anxious to secure it and take it back with him to Missouri. Mr. McKeehan leaves tomorrow, but will go without his tiger.

#### POSING AS SCHLATTER.

Impostor in El Paso Claiming to be the Healer.

#### HE IS A CHEAP FRAUD.

An individual with long hair and whiskers wearing a priestly gown of black and purple satin, and which looked decidedly the worst for wear, strode into the El Paso Times office and introduced himself as "August Schrader, the Divine Healer." He assured the reporters that he was the "only original Schrader" who was reported to have died in the mountains of Old Mexico, after having left Denver in 1895.

The man proclaims himself a fraud when he claims to be the original Schrader, of Denver, who, with his white mule and long brass rod, passed through New Mexico in 1896, went into Mexico and died near old Casa Grandes, where the writer inspected his remains, saw the long brass rod and the Bible with Schlatter's name written on the flyleaf. The original Schlatter, the divine healer, died of hunger on the plains of Mexico, and parties from Denver sent to Mexico to secure his belongings, identified the Bible and several articles of clothing.

The man who created such a sensation in Denver and who journeyed through New Mexico to die in Mexico near Casa Grandes called himself Schlatter and not Schrader. Nobody ever accused the man Schrader of dying in Mexico, and yet he claims to be the man reported as having died there. He may be the original Schrader, but he is not a very original fraud or he would have changed his name to fit the man who did die in Mexico. Evidently Schrader thinks Denver and the grave of Schlatter are so far from El Paso that the people here are not familiar with the stirring career and sad death of Denver's divine healer.

The impostor, who called at the Times office yesterday arrived here from San Marcial and leaves today for Bisbee, from which point he intends to return to San Francisco, his home. He expects, however, to return to El Paso in a short time when on his way to Mexico. He says that he is the leader and bishop of the Divine church, which now has a membership of 35,000 souls. He states that he is the man who fasted forty days and nights near Socorro, N. M., and adds that he has found many impostors who call themselves Schrader all over the country and who claim to be endowed with the divine power that he alone possesses. "Bishop Schrader" says that while at San Marcial he erected an immense white cross of stone that can be seen from all points of view. Since he was 13 years of age he maintains that he has possessed the miraculous power which enables him to heal the sick and suffering.

With his long beard, flowing hair and black and purple robe that reaches to his feet the man attracted much attention yesterday, and quite a crowd followed him as he walked up and down the streets.

Judge H. H. Ribble, who was sojourning in southern California the past month or six weeks, returned to the city this morning. The telegram sent to him, announcing the sad death of his relative, E. C. Weidner, finally reached him, but after the body had left here for Union City, Ind., with the bereaved wife. The judge, however, came on to this city, but he is unsettled and cannot say at present how long he will remain here.

Edwin Burbage, a representative citizen of Winslow, is in the city.

## PROMPT ACTION

### City of Tien Tsin Will be Evacuated.

### St. Joseph Prisoners Dynamited the Jail.

### Indictments for Bribery Returned Against Minneapolis Officers.

#### FIRE AT DALLAS.

Washington, D. C., July 9.—Secretary Hay's prompt action upon the appeal of the Chinese government through Yuan Shi Kai and Minister Wu relative to the evacuation of Tien Tsin, met with success. The foreign generals who stood in the way of evacuation will receive instructions from the home governments, and although one or two minor points remain to be adjusted, it is believed Tien Tsin will soon be turned over to the Chinese authorities.

#### DYNAMITED THE JAIL.

Deputies with Winchester Kept the Prisoners in Check.

St. Joseph, Mo., July 9.—Prisoners in the St. Joseph jail dynamited the structure today, wrecking the rear wall and shattering the windows of the court house adjoining. None of the prisoners escaped. Pandemonium reigned in the jail and deputies with Winchester kept the prisoners back.

#### THREE INDICTED.

Grand Jury Returned Indictments Against Minneapolis City Officers.

Minneapolis, Minn., July 9.—The grand jury returned indictments against A. A. Ames, mayor of the city; Fred W. Ames, superintendent of police, and Joseph (Reddy) Cohen, charged with accepting bribes. The charges are based on the alleged collection of a bribe from abandoned women, in which it is charged Cohen acted for the mayor and chief.

#### Serious Loss by Fire.

Dallas, Texas, July 9.—Fire today completely destroyed the wholesale drug house of Patton, Worsham & Co., the Texas Company Drug company; J. W. Crow Drug company, and H. W. Williams & Co. Paul Metcher, a fireman, was overcome by poisonous fumes from burning drugs and is in a critical condition. The loss is \$250,000 and insurance \$175,000.

#### CATTLE INFECTION

Said to Be Found in Southern New Mexico.

A telegram from Guthrie, Oklahoma, says: The jurisdiction of L. J. Allen, the federal cattle inspector for Oklahoma, Arizona and New Mexico, has been divided by the appointment of Dr. Wallace, of Phoenix, Ariz., to look after sanitary matters in New Mexico, where for the first time in its history infection among cattle has been discovered. Several counties have been quarantined in the southern part. Dr. Allen has just announced the change.

#### CHORAL SOCIETY.

Meeting of Musicians to Consider Such An Organization.

A meeting of about twenty musicians was held last evening at the home of Miss Helen M. Pratt to discuss the organization of a Choral society here. It was decided that such an organization will be effected and a meeting will be called in the near future to perfect a permanent organization, select a director, etc.

The local musicians have been stirred to activity by the probable coming here of Prof. J. G. McNary, now with the Normal school at East Las Vegas who has been tendered a position with the University of New Mexico. While Prof. McNary has sent no final answer to the tender, it is believed he will accept. He is one of the most successful directors in the southwest and the present high standing of the Las Vegas Oratorio society is due to his efforts. But whether he comes or not, the Choral society is an assured fact. Those present were Mesdames Hubbs, Carnes, Fish, Snyder, Downs, Booth, Watson Downs, Misses Renison, Gehring, Gertig, Dinwiddie, Pratt, Munson, Borden; Messrs Nettleton, Hall, Snyder, Gilman, Anderson, Metzger and Maynard.

#### DELIGHTFUL ENTERTAINMENT.

Mrs. and Miss Saint Entertained Friends at Cards.

Yesterday morning Mrs. J. E. Saint delightfully entertained a number of friends at progressive euchre. The guests gathered in the cool of the morning and for two hours played the game.

The first prize, a handsomely embroidered center piece, was won by Mrs. S. Burkhardt; and the second prize, a bon-bon dish, by Mrs. J. S. Easterday. At noon a lunch was served. Those present were Mesdames

Brooks, Wilson, Maoy, Edgar, Childers Burkhardt, Parsons, Wroth, Lester, Merritt, Pearce, Dobson, Harry Lee, E. L. Medler, Nones, J. L. McLaughlin, B. S. Baker, Kearn, Keen, Wisner, Strickler, Nelson, W. J. Johnson, O. A. Matson, Himos, Easterday, F. H. Strong, Dame, Burk, Kent, Walton, Hall; Misses Parsons L. and B. Willey, Nellie Hazeldine, Hunt, Walton, Nelson, Julia and Lou Lee, Stevens, Lewinson, J. and A. Rosenwald, Huning.

#### Miss Saint Entertained.

Miss Louise Saint last evening entertained a few of her friends at high five in honor of her cousin, Miss Lemon, of Santa Rosa, Cal. The prizes were won by Misses Lemon and Walton and Messrs Summers and Hunt. Cake and iced fruits were served. Those present were Misses Lemon, Jeannette Walton, Lella Buchanan, Mabel Hunt, Irene and Louise Saint; Messrs. Louis Bennett, Charles White, Mel Summers, Tom Keleher, Ralph Hunt.

#### Card of Thanks.

On behalf of the Albuquerque Browns and John Haberle, I wish to thank all those who contrived to ward the success of the Haberle benefit, especially the newspapers who generously donated space, the Italian band, the Old Town Reds, the Gentlemen's Driving association and R. L. Dodson. The net receipts were \$106. HARMAN WYNKOOP, Manager.

#### Horsemen to Meet.

The Gentlemen's Driving club will hold a meeting over Zeiger's cafe this evening. All members requested to be present, as matters of importance will be under discussion. By order of the president, J. F. Pearce, W. V. Wolvi, secretary.

#### SULPHUR RESOURCES.

Immense Beds in This Country to be Thoroughly Developed.

#### FEW INTERESTING FACTS.

The sulphur deposits of the famous sulphur hot springs are attracting considerable attention. Men with money to invest are investigating their possible resources, as sulphur producers. Hon. M. S. Otero, on whose land the springs are located, is at present devoting much time and money to their development. About ten days ago, Mr. Otero brought 600 pounds of the ore to this city for reduction. A small temporary steam reduction plant was built at the Albuquerque foundry for that purpose. There are several processes of reducing sulphur—baking, steaming and smelting. The process differs according to the class and quality of the ore. The ore at the sulphur hot springs is of artesian water sedimental formation, is porous and the sulphur is easily extracted. The steam process of reduction is very simple and inexpensive. The ore is placed in a crude retort. Steam is forced through the ore and the sulphur, which is softer than the limestone, melts and runs through the bottom of the retort into any receptacle, or mould, placed to receive it. The few sample pounds of ore reduced at the foundry, run out about 50 per cent sulphur. The average ore at the springs runs from 30 to 50 per cent sulphur. Some few samples have run as high as 65 per cent of the yellow product.

The Jemez springs sulphur is not the first quality, used by druggists in medicines and brings 8 and 10 cents a pound, but is of the second quality and is used in manufacturing steel and in smelting processes, and is worth from 2 to 2 1/2 cents per pound. New Mexico is rich in this kind of mineral, probably richer than any other state or territory in the union. Besides the large sulphur deposits of the Jemez and sulphur hot springs, there is a lake of sulphur in the east end of Valencia county, on the route of the Santa Fe Central. The sulphur from parts of this lake is so pure that it can be ignited with a match. The Santa Fe Central Railroad company realized the value of the sulphur deposit of this lake and now owns it. More than one-half of the sulphur used in the United States is imported from Italy and the island of Sicily. The mines of Utah, Idaho and Montana supply the larger part of the sulphur produced in the United States.

#### CIVIL SERVICE.

Opportunities Offered for Government Positions.

The United States civil service commission announces an examination on August 12, 13 for the positions of interpreter (Arabic, Turkish, Persian, Greek, Levant and French languages) in the office of commissioner of immigration, Ellis Island, N. Y., at a salary of \$1,000 per annum; on August 12, 13, for the positions of hydrographic surveyor (male) United States ship ranger, at a salary of \$1,600 per annum; on August 12, 13, for the position of miscellaneous computer at the Naval Observatory, at a salary of \$900 per annum; on September 19, for the position of Japanese interpreter (male) in the immigration service at Honolulu, Hawaii, at a salary of \$4 per diem.

Persons who desire to compete should at once apply either to the United States civil service commission, Washington, D. C., or to the secretary of the local board of examiners for application forms.

THE DAILY CITIZEN will be delivered in the city at the low rate of 20 cents per week, or for 12 cents per month, when paid monthly. These rates are less than those of any other daily paper in the territory.

No rain has fallen in this city since last October, and if it doesn't rain soon it will certainly be a long dry spell.

Delegate Rodey will remain some time in Washington attending to matters before the various departments beneficial to New Mexico.

The total coinage at the mints of the United States for the fiscal year ended June 30, 1902, was \$94,526,578, as follows: Gold, \$61,980,572; silver, \$30,116,369; minor coins, \$2,429,736.

Colonel Campbell, late postmaster at El Paso, has given convincing proof that he is an unfit man for the position. He and his son tried to assassinate a political opponent of the street.

During the past year 101,325 acres of government land were entered upon by settlers in the Santa Fe land district. There remains open to settlement in this district 13,000,000 acres of public domain.

Bailey and Tillman are talked of as candidates for president and vice president on the democratic ticket. These two swashbuckler senators appear to have all the necessary qualifications to fire the democratic heart.

It is reported from Washington that the charges made against Judge McManis of this territory will be dismissed by the attorney general, it being decided that it is necessary in certain cases for people to stand together.

A prominent psychologist says that men's memories do not fail while health remains except from lack of use. He asserts that if men, irrespective of the necessity for so doing, would continue to tax their memories with certain facts, etc., they would not fail them.

### ASSOCIATED PRESS.

The Associated Press, of which The Citizen is a member, now has about 700 members, more than half of which are afternoon dailies and serves about 2,500 daily and weekly papers in addition. Most of the papers served are in the United States, but there are fifty or more in Canada, Mexico, Cuba and Porto Rico. In its regular news service the Associated Press now uses 3,245 miles of leased wire by day and 20,467 miles by night. The annual revenues derived from assessments levied on the newspapers served exceed \$1,200,000, and the number of words daily received and transmitted at each of the more important offices is now over 50,000.

### STATEHOOD ALMOST CERTAIN.

The Citizen is informed that the friends of the omnibus statehood bill held a meeting in Washington after the adjournment of congress and determined to push the bill for passage next December. The meeting showed that a majority of the senate was in favor of the bill, and this makes it almost certain that New Mexico, Arizona and Oklahoma will be admitted into the Union before the Christmas holidays. In fact, it has developed that there is very little active opposition to the bill, and the chances are good that the measure may pass by a unanimous vote. In the meantime every effort should be made by the friends of these three great territories to work up a favorable sentiment in the senate. If the present bill is defeated it may be a generation before New Mexico and Arizona is admitted to statehood.

### NATIONAL IRRIGATION.

Delegate Rodey is urging the secretary of the interior to construct one of the first national irrigation reservoirs in this territory. At a recent meeting with the secretary Mr. Rodey made a ten-minute argument, and that official listened to him with very serious attention, and promised to give the matter attention. Mr. Rodey presented views of the subject, which, perhaps, the secretary had not heretofore had called to his attention.

Before the director of the geological survey, and Professor Newell of that bureau, Mr. Rodey had a sort of a joint hearing together with Congressman Newlands, of Nevada, and Mondell, of Wyoming, and argued the question out. Congressman Newlands suggested that it would be better for the department to start the first enterprise in places where people were already

living, and where water had failed, and where large amounts of property would be lost unless the government came to their aid. Mr. Rodey admitted this was a good point, and stated that if that should govern, that then New Mexico was entitled by all odds to the first enterprise, because the Rio Grande valley was thickly settled from the Colorado line south, and had been so settled for more than 300 years, and that now the river was dry from Albuquerque down to the mouth of the Concho below El Paso for many months each year, and that a big dam at White Rock canyon near Pena Blanca, or one farther down the river, would be of immense benefit at the present time, and could be finished without interference of any sort in a very short time. Mr. Rodey contended that New Mexico and Arizona, being still territories, the government had most control there and would not be hampered by intricate state laws or regulations, or state irrigation engineers, etc. That there was more unappropriated public domain in these territories than elsewhere, that they had larger tracts of arid lands that were particularly available.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. B. has made me a perfectly well woman." Mrs. Charles Hutton, Berwick, Mich.

### Col. Meadors Dead.

Col. James G. Meadors, for several years superintendent of the New Mexico military institute in this city, died at Warren, Ark., on the 22nd ult., of a complication of diseases. Colonel Meadors did much for our great school for boys and he will not soon be forgotten in Roswell on that account.—Record.

Rev. W. L. Riley, L. L. D., Cuba, N. Y., writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment, the first application giving my first relief, and the second, entire relief. I can give it unqualified recommendation. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

### They Are Everywhere.

We were struck with the remark of one of our citizens this week that "one evil-minded, meddling, gossiping woman could cause more trouble in the family of another in one month than six well disposed, good women could undo in a lifetime, if they were to devote all their time to the task." And in the light of recent events in this city, we are disposed to think that every good citizen will acquiesce in the statement.—Deming Headlight.

### Will Cure Stomach Ache in Five Minutes!

This is just what Painkiller will do; try it. Have a bottle in the house for instant use, as it will save you hours of suffering. Watch out that the dealer does not sell you an imitation, as the great reputation of Painkiller (Perry Davis'), has induced many people to try to make something to sell, said to be "just as good as the genuine."

### Y. P. C. U. Meeting.

Portland, Me., July 9.—Scores of delegates are arriving for the annual national convention of the Young People's Christian Union of the Universalist church. The gathering will be formally opened in the Congress Square church this evening with an address of welcome by Governor Hill.

Cut this out and take it to all druggists and get a box of Chamberlain's Stomach and Liver Tablets. The best physic. They also correct disorders of the stomach. Price 25 cents.

### JENEZ HOT SPRINGS STAGE LINE.

Stage leaves Trimble's stable on Second street, every Tuesday, Thursday and Saturday at 6 a. m.; quick time. A relay of stock is kept at Zia. Arrives at the Springs in time for supper. Don't be deceived by people who tell you they will take you just as quick as the stage for they won't. Nobody else has any change of stock on the route. Tickets for sale at Trimble's. J. B. BLOCK, Proprietor.

## AT SILVER CITY.

## Albuquerque Elks Took Part in the Big Celebration.

## SKETCH OF THE BALL GAME.

The visit of the delegation from the Albuquerque lodge of Elks was one of the most enjoyable events of the celebration and was thoroughly appreciated, not only by the members of the local order, but the people of Silver City generally. The Albuquerque boys did not reach here until the afternoon of the fourth, on account of the train being late, but the Silver City herd was on hand at the depot, with the band, and gave them a rousing welcome. The visitors were all in costume. A line of march was formed, and preceded by the band and accompanied by the Silver City Elks, the Albuquerqueans were escorted up Bullard street to the lodge room in the Silver City National Bank building, where a lunch had been provided.

From the time of their arrival until their departure, the Albuquerqueans proved themselves royal good fellows, full of fun, and assisted very materially in making the celebration the success that it was. They entered into the spirit of the occasion and took as much interest in seeing to it that everybody had a good time as did the Silver City boys. "Spot" Moore was especially happy in his character sketches, and furnished much amusement on several occasions.

The visitors left Saturday evening, the members of the Silver City lodge accompanying them to the train and inviting them to come again and that soon. The visitors had a private Pullman car at their disposal, and fully maintained the reputation of the order as being composed of the "best people on earth."

## The Base Ball Game.

The only piece of literary fiction extant that will serve as a parallel to the description of the ball game is the celebrated conundrum found graven on the cap stone of the arch of the old Corinthian Temple, excavated by a party of explorers sent out by the London museum in 1846. This is as nearly as it can be translated. Why is the stroke of Cleopatra's barge like a man who has lost his collar button? The answer is because the older you grow she is still your mother. All the wise heads of the world have been trying to find some sense in this and because they have decided that it is not possible to do so is the reason that it affords a parallel for the description of the game. An accurate description without the aid of a kinesthetic apparatus with phonograph attachment would be impossible and even with this aid it is scarcely possible there is a man alive with bumps enough in his cranium to absorb it without at once giving renewed force to the demand for increased hospital facilities in this territory for the proper care of the insane.

It was fierce. It was a wonder. Anything like it or even nearly like it, unless the people knew that they had the whole of the Great American desert to escape in, would have led to a riot. Maybe it is a cause of sorrow that it did not lead to a riot; for then it might not have happened. If it had not happened there would have been less to regret, though it must be mentioned as a fact that there are some who do not remember it, at least that is what they say. The only thing real about the game was the ball and the bat. There was some mention of other bats on the field, but the real one was that used in a non-committal inoffensive way to hit the ball.

Pretty nearly every player put on by Albuquerque was a ringer. They showed they had had long practice, daily practice. This gave them all the edge. The first incident of the game was when Frank Jones hit a corker to left. It went up about 100 feet and somebody in the stand called out "there goes a high ball," and the entire Albuquerque team made a dash for the bleachers, recognizing their bounden duty to go after all the high balls in sight. — was a great display of team work; only they thought they had to go down town to get it.

After this they settled down somewhat and the game was going very well until O'Reilly caught a fly ball and the game had to be stopped while he wrote an explanation of how he did it. Space forbids a full detail of all of the incidents and space is a great savior of the newspaper man when he is trying to write something he doesn't know anything about. The Silver City team played a sort of come and go game. That's as near as anyone can get to it. Ashenfelter saved the day by a great run and slide to the home plate. It has not been made clear why he saved it or what he saved it for, but it is the proper thing to say that he saved it even if Silver City did not win. Al Card's figure was a revelation. No one ever guessed it before. Ed Layne missed the chance of a great play by stopping to laugh and the lack of support caused Bob Golding to get out of the box. From all that is said about it the pitcher who succeeded him needed more support than Bob. Yet all he got was a safety pin from Major Apple. He needed that, too.

The players were in costume. Some more so than others, which by the rule of deduction means some less than others. That's a very good way to leave it. To make matters worse they were photographed. It is a wise provision of nature that man forgets, yet though there is a great deal of a negative proposition about a photograph, it is not an aid to forgetting. Simon Casey umpired the game and they mobbed him in the fifth inning. Everybody wondered why they didn't do it in the first. These were the players and their positions:

Silver City—Al Card, 1b. rf: Frank Jones, 2b. rf, p. ss; Ed Layne, 1b. c; John Wiley, c, 2b. cf; Ashenfelter, if, ss and the bench; Bob Golding, p, ss.

3b, c; H. Niles, 3b, p, c; Bill Rose, 2b, ss, and C. W. Marriott, ss, if, c.

Albuquerque—Thomas Hughes, J. H. O'Reilly, D. J. Abel, Mike Mandel, W. R. Moore, Tom Hubbard, Frank Hubbard, J. J. Sheridan, L. A. Sawyer, H. M. Dougherty, A. A. Keen, Abran Abeytia, George Albright, R. W. D. Bryan.

## The Baby Show.

The baby show took place in Newcomb hall Friday afternoon at 4 o'clock, and contrary to predictions, did not precipitate a general riot. There were babies galore—babies of all ages, kinds, sizes and descriptions. Some were pretty and others were ugly, but the anxious mother accompanying each was thoroughly satisfied in her own mind at least that her darling was the only one entitled to consideration. The judges were Thomas Hughes, A. A. Keen and M. Mandell, of Albuquerque, and their first move was to call upon Sheriff Goodell for protection, which was at once furnished in the persons of twenty-five special deputy sheriffs. There were three classes, the first being limited to babies under 6 months; the second to those from 6 months to 1 year, and the third to those from 1 to 2 years. The gold medal for the first class was awarded to the little son of Dr. and Mrs. W. H. White; the gold medal for the second class to the son of Mr. and Mrs. J. E. White, and the solid silver cup for the third class to the daughter of Mr. and Mrs. George T. Schmelzel. As soon as the awards were announced, the judges left the hall through a rear door, accompanied by the police escort, and escaped injury.—Silver City Independent.

## Dawson is Booming.

C. M. Reed, of Wichita, Kas., a superintendent of the railway mail service, was here for a few hours last night. He had just come in from Dawson. He says that Dawson has outgrown the camp days and is becoming a prosperous little town. The coal company is putting in one of the finest plants in the southwest.

## FEDERAL LAND OFFICE.

## Big Business Transacted During the Past Fiscal Year.

## ACRES UNAPPROPRIATED LAND.

The following is a detailed statement of the business transacted at the United States land office at Santa Fe, during the fiscal year ending June 30, 1902: Area in acres entered under the homestead laws, 96,874; under the desert land laws, 4,805 acres; mineral entries 189 acres; coal lands sold 515 acres; lieu selections 933 acres. The following have been the entries by counties: Bernalillo, homesteads, 5,427 acres; desert lands, 240 acres; coal lands sold, 155 acres; mineral lands, 35 acres, a total of 5,856 acres.

Colfax county, homesteads, 9,343 acres; desert lands, 80 acres; total, 9,423 acres.

Guadalupe county, homesteads, 26,582 acres; desert lands, 280 acres; lieu selections, 373 acres; total, 27,235 acres.

McKinley county, homesteads, 729 acres; coal land sold, 280 acres; total, 1,009 acres.

Mora county, homesteads, 4,343 acres; desert lands, 726 acres; total, 5,069 acres.

Rio Arriba county, homesteads, 3,039 acres; mineral lands, 106 acres; total, 3,145 acres.

San Juan county, homesteads, 3,482 acres; desert lands, 2,920 acres; coal land sold, 80 acres; lieu selections, 40 acres; total, 6,522 acres.

San Miguel county, homesteads, 19,742 acres.

Santa Fe county, homesteads, 4,298 acres; desert lands, 524 acres; mineral lands, 40 acres; lieu selections, 160 acres; total, 5,022 acres.

Socorro county, homesteads, 1,240 acres; lieu selections, 120 acres; total, 1,360 acres.

Taos county, homesteads, 519 acres; mineral lands, 17 acres; total, 536 acres.

Valencia county, homesteads, 8,410 acres; lieu selections, 240 acres; total, 8,650 acres.

Cash receipts, fees and commissions, \$29,062.91.

Area in the district of unappropriated and unsurveyed lands, 10,443,287 acres; unsurveyed, 5,562,300 acres; reserved, 5,884,987 acres; area appropriated, 13,098,541 acres; total area in district, 31,468,590 acres.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of 76, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. J. H. O'Reilly & Co., R. H. Briggs & Co.

## Defeat of Braddock.

Pittsburg, Pa., July 9.—It is interesting to note on this, the one hundred and forty-seventh anniversary of the defeat of the English general, Braddock, by the French and Indians, that definite steps have been taken to erect an appropriate monument to mark the scene of the engagement, where Washington first displayed the superb military genius and valor which resulted in his afterward being chosen to command the American forces in 1776. The monument is to stand in Kenneywood Park, on a site commanding an extensive view of the battlefield.

## For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Carpenters' and machinists' tools of all kinds. Albuquerque Hardware company.

## SOCIAL PARTY.

## Pleasant Gathering at Las Vegas—Asylum Board Hold Meeting.

## INTERESTING LOCAL NOTES.

## Special Correspondence.

Las Vegas, N. M., July 8.—Tom Walton came down from Mora today and says that the old Overton mine at Guadalupe, which is being worked by John Hayes and in which several of our prominent citizens are interested, is going to be a little bonanza. The mine was worked about fifteen years ago, but in the interim nothing has been done on account of the uncertainty of the title. The title has now been cleared up, new surveys made and there is quite a large force of men at work on the mine, which has developed as high as 90 per cent copper in some assays. The mine is located about twelve miles from the mines in the Rociada district.

S. E. Rogers, the superintendent of the Crystal Ice company, who is very ill with heart trouble, was yesterday moved to the sanitarium.

The thermometer did business around the 90 point yesterday and got as low as 46. The mean humidity was 26.

The party given by Miss Marion Winters, last night at her home in honor of Mr. and Mrs. Theodore Hookmeyer, was one of the most pleasant of the year. The guests assembled about 9 o'clock and held sway until a late hour. There were about thirty-five young people who sat down to try their prowess at six handed euchre, with the result that Miss Etta Head captured the prize for the most games for the ladies, Edward McWenle, the game prize for the gentlemen and Arthur lifled the prize for the ten hands. The ladies' prize was a fine fruit plate, the gentleman's game prize a fine carved leather cigar case and the ten hand prize a beautiful book.

Delicious refreshments were served and a delightful evening spent by the young society people.

This was fish day, even though it was not Friday. Green opened Hooklake to all comers and the youngsters carried the fish off by strings, as all one had to do was to walk in and pick them up, the water having been let off.

William Burgess came up from Albuquerque today to take care of the sickness of Mr. Burnett.

The rain is here at last, and a good sprinkle it was. Mora and La Cueva got a little, but Rociada had a regular gully washer. The chances are for considerable more.

S. R. Dearth has been appointed administrator for the estate of Jesse R. Shockey, deceased, and formerly a train dispatcher here. Bridget Young was also appointed administratrix for the estate of James Young.

C. E. Funnell, wife and daughter returned this afternoon to their home at Lawrence, Kas., after a pleasant visit with W. G. Anderson and wife.

Today has been the record breaker for the season so far in the amount of wool that came in. The wagons were lined up everywhere, at every market, and the merchants no doubt felt the effect of the large sales, in increased sales. The average price is around 13 cents.

The asylum board held a meeting today and transacted the routine business of hearing the reports of the various officials. This was the first meeting for Dr. T. B. Hart, of Raton, who was appointed last month to take the place of Benigno Romero, who had resigned. The affairs of the institution are in splendid condition and reflect credit on the management. The institution needs more room now and a large amount of money to run it. Several plans have been suggested for raising the amount. Some of the members feel averse to asking a large appropriation from the legislature, for the reason that all the other institutions in the territory would request a raise likewise, and that would raise taxes too much. Hon. Jefferson Reynolds thinks it advisable to get the title to a large amount of public domain, and the money from the sales of that to revert into the asylum treasury.

Mrs. Charles Hanford is suffering from an attack of appendicitis. She is quite ill, and it may be an operation will have to be performed.

Bartolo Vigil has been granted an injunction against Agapito Abeytia, Sr., to restrain him from closing a passageway, or road, obstructing the way of the plaintiff in going from his house to his fields at Mora.

William Prager has filed suit against the Hot Springs Co. to acquire title to lots 12 and 13 in block 5, at the hot springs.

Fernando J. Allemand has been given title of possession to 160 acres for homestead, at Canon de la Verbea Blanca.

George H. Pogram, of New York, has transferred to Frank R. Pogram, of Cohasset, Mass., a number of lots in this city. Consideration, \$7,000.

C. D. Watson and F. E. Zammack have made entries for Consolidated mines Nos. 2, 3, 4, 5 and 6, in the Rociada mining district. They also have entered four acres for a group mill site on non-mineral land and water rights on a mile of waterway on Sparks creek for milling purposes.

Mrs. Harmer, who has been visiting R. B. Schoonmaker and family has left for Garden City, Kas., to visit her sister, and will later return on home to Chicago.

Romulo Urbaldo gave a dance at Martinez hall last night to about fifty of his friends. It was a pleasant affair.

The probate court yesterday granted letters of administration to Marzario Romero for the estate of Juan Leyba, the native that was killed by being knocked off a freight car and run over, and to Marcos and Carmen Gonzales for the estate of Luciano Gonzales. Macario Chavez was also appointed guardian for the minor, Aurelio Crespin by the court.

Elmer Veeder has returned from his trip down the lower country. He was gone about two weeks.

Rev. George Selby and wife will leave the first of next week for their vacation and will go to San Diego, Cal., to be gone several weeks.

Statehood cigars, two for 25 cents.

## THE SURE WAY

to prevent pneumonia and consumption is to cure your cold when it first appears. Acker's English Remedy will stop the cough in a night, and drive the cold out of your system. Always a quick and sure cure for asthma, bronchitis and all throat and lung troubles. If it does not satisfy you the druggist will refund your money. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

## Green Tags.

on our goods incur that we have made material price reductions on all goods so designated. Our suits, shoes, hats and shirts are offered at 10 to 30 per cent off from former prices. If in need of anything in our line, it will pay you to get our prices first.—Simon Stern, the Railroad avenue clothier.

## Cooling Delights.

Page & Voorhees, the eastern druggists have a brand new up to date soda fountain. They mix drinks that tickle your pallet. Their ice cream sodas are unexcelled. South Second street, next to postoffice.

Bring in your tinware and have it repaired. Albuquerque Hardware company.

### EXPLORING TOUR.

Congressman Lacy Will Visit Homes of Ancient Cliff Dwellers.

#### TO EXPLORE NEW MEXICO.

A special dispatch from Washington, under date of July 5, to the St. Louis Globe-Democrat, says:  
 Congressman John F. Lacey, of Iowa, has gone on a tour of recreation in the far southwest. "I want to get a few days' rest," said he, "before starting in on my campaign. Last year I visited the grand canyon of the Colorado and the petrified forest of Arizona. Now I am going to get a few days' recreation looking over the region of the cliff dwellers, containing prehistoric caves and ruins and other works and relics, some thirty-four miles northwest of Santa Fe, N. M. These ruins are of a wonderful character, some of the communal buildings containing as many as 2,000 rooms. An excellent description of them is given by Bandelier in his book, 'The Delight Makers'."

"In the last congress," added Mr. Lacey, "there was an effort to have this section set aside as a national park, to be known as the Parjito national park. Such legislation was recommended by the house committee on public lands. The section is of great scientific and historic value, and was widely exploited two or three years ago. The great aridity of the climate and the remote section in which they are situated, have preserved these ruins far beyond the time they would have survived a more humid climate. It is estimated that they must have housed at one time nearly 200,000 people. The dwellings are built on terraces, cut into the perpendicular faces of cliffs, and often accessible only by means of ladders. From one point of observation, I am told, one can see the doors of more than 2,000 of these dwellings. The doors open generally into a large living room, back of which there are other rooms."

"The reports of officers of the interior department also tell of numerous wonderful communal houses, built on commanding sites, the material of construction being cut stone, rudely dressed. There are also ruins of defensive outposts, burial mounds and crypts, and many designs carved in stone, which I anticipate will prove very interesting to observe. I shall go to a little town, called Espanola, whence, I understand, it is an easy journey to the cliff houses. The region is divided by numerous canyons, some of which I want to see. The land, so people who have been there tell me, lies at an altitude of from 6,000 to 8,000 feet above the sea, and the climate for a summer outing is as delightful as any in the world."

As soon as Mr. Lacey returns from his sojourn among the residences of ancient cliff dwellers, he will plunge into his campaign. "I do not see how the democrats have much to talk about this far," said he. "The campaign for them appears to me barren of any valid issues."

### SECOND PROPOSITION.

Commercial Club Will Decide About the Smelter Tomorrow.

A short meeting of the Commercial Club was held last evening to consider the report of the committee on the smelter proposition submitted by Lyman J. Cook of Denver. An amended proposition was submitted by Mr. Cook under which he agrees to erect and operate here a smelter of 250 tons capacity daily, to cost \$100,000. Albuquerque is to put up a bonus of \$20,000 to be paid after the smelter is in operation and 1,000 tons of ore have been treated. A bond of \$25,000 will be given that the smelter will be kept running for five years continuously but allowances are to be made for shut downs when good and sufficient reasons can be shown. The members of the club were in doubt as to what would be a good and sufficient reason and referred the whole matter back to the committee to investigate further. The legal phase will be investigated by E. W. Dobson and a special meeting will be held on Thursday night when the committee will make a final report.

### Missed His Train.

Capt. William French was here last night but he did not want to be. He came in from the north with his baby and nurse en route to Silver City and had wired a friend here to meet him. He put them on the south bound train and then left for a few moments, thinking the train left at 11:45 as it formerly did instead of at 11 as under the present schedule. When he arrived at the station he found the train had been gone half an hour. He tried to charter a special train but motive power was short and he could not get any. He caught a freight to San Marcial and there an engine was awaiting him on which he rushed to Silver City.

### AN OLD TIMER.

A Wheel, With a Record, Now Owned by "Spot" Moore.

The man who made such a hit at Silver City is in possession of a bicycle that might be termed an ice wagon. It was made in St. Louis in the age of velocipedes and brought to Albuquerque on a freight wagon by Franz Huning long before the railroad came to New Mexico. Mr. Huning gave it to H. B. Ferguson, and he gave it to its present owner, "Spot" Moore. The wheel is on exhibition at the store of Brockmeier & Cox.

#### Sad Death.

Mrs. Martha M. Wainwright died at her home on South Arno street yesterday, from a complication of diseases. She was 26 years old and had been married about two years. The deceased came to Albuquerque from Humphries, Mo., about three months ago, accompanied by her husband, father, mother and a sister. The body was removed to J. W. Edwards' undertaking parlors where it rested until this morning, when it was shipped to its last resting place at Humphries. The family accompanied.

### BADARACCO'S SUMMER GARDEN

 Statehood cigars, two for 25 cents.  
 Statehood cigars, two for 25 cents.  
 Deming has just been incorporated.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 56 Warren St., N. Y.  
 The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed just Nasal Catarrh and Hay Fever.

## NEW MEXICO TOWNS

### TUCUMCARI.

From the Pathfinder.  
Laborers are wanted on the Dawson railway, between Tucumcari and Spring. The Fourth of July celebration at Tucumcari was, to say the least, a complete success.  
Much work will have to be done on the Pecos valley line before it will be in shape to carry mail line passengers.  
The celebration of the Fourth at Tucumcari closed with a grand ball. The ball was largely attended and the music good.  
Dr. Tomlinson has most of his goods in his store room at Tucumcari, but carpenters are so scarce in the burg it is almost impossible for him to find a man to put up shelving.  
One of the most elaborate social functions of the season was that given by Messrs. William Thompson, Augustus Thompson and Robert Gray, of the C. A. ranch, complimentary to Misses Payne and Shelton, of El Paso, Texas, and Miss Portevan, of Grand Rapids, Mich. The spacious rooms, the floral decorations, the toilettes of the ladies and the hospitality of the hosts, combined to make the occasion a notable one in Arterque canyon.

A household necessity. Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, croup, catarrh, asthma; never fails.

### RATON.

From the Gazette.  
Mrs. Geo. Hobb was seriously ill the first of the week.  
J. R. Givens is able to be around again after several days lay off.  
Mrs. Anna Knox of Raton, has been granted a pension of \$2 per month.  
B. Houchins, a well known fireman, here, has resigned and gone east to remain.  
Joe Fowler, of Catskill, has purchased the Gem saloon, taking possession July 1.  
Mrs. J. J. Shuler returned from a two weeks' visit with her sister, Mrs. Hayden, of Colorado Springs.  
Mayor C. M. Payne left immediately after the Fourth for his annual eastern trip. He will be gone about sixty days.  
Judge F. D. Morse and family will leave for Santa Rosa this week, where they will make their future home. The judge will engage in the law and real estate business.  
M. Mendenhall and Wm. Jearls, the cement sidewalk builders, are again in the city and will begin work in the residence portion of the city this week. Raton will soon have more cement sidewalks than any other town in the territory.

### Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at Cosmopolitan Pharmacy, B. Ruppe.

### LAS CRUCES.

From the Citizen.  
The telephone consolidation don't seem to prosper under the new management.  
Mrs. Preston intends to leave next week for England, where she will reside in the future.  
Attorney R. L. Young and Henry Stees returned with their families from the Ruidoso.  
We have demanded statehood until we are hoarse and congress didn't even vote us a lozenge.  
Charlie French left for Arizona on Thursday, where he is employed as conductor on the Southern Pacific.  
Misses Elizabeth and Annie, the charming daughters of Hon. P. F. Garrett are with us for a few days.  
V. E. Baker's electric light plant is about completed, and Cruces will get a little light on the subject.  
Hon. W. R. Ascarate and bride passed through on their way to California by the way of Albuquerque Tuesday night.  
Thirty is the number of applicants so far that have filed their papers with the clerk of the school board that wish to teach in the Las Cruces public schools.

Sick headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25c and 50c. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample. J. H. O'Reilly & Co. and B. H. Briggs & Co.

### SANTA FE.

From the New Mexican.  
Probate Clerk Manuel Delgado has recorded a deed by E. H. Bierman and Josephine Bierman to G. L. Brooks and W. S. Strickler for a parcel of land at Golden, area four and one-third acres.  
Judge McFie signed the final decree in the case of the Acquia del Cano et al vs. Acquia del Cano et al, providing for the distribution of the waters of the Nambé river in and around the Indian pueblo of Nambé.  
Isaac Van Arsdell, of Velardona, in the state of Durango, Mexico, is visiting his brother, James Van Arsdell. Mr. Van Arsdell went to Mexico from Santa Fe seven years ago and has been prospering in the republic.  
It is reported that the Santa Fe river has been turned out of its course near its head in order to catch the trout which are plentiful this year in the river. The water of the stream is rather low and it is not difficult to turn it out of its course for quite some distance.  
The Santa Fe Hook and Ladder company held an interesting meeting. The following officers were elected: Foreman, Mauricio Duran; assistant foreman, Henry Pacheco; treasurer, A. M. Dettelbach; secretary, R. Tenorio; representative on the fire board, Joaquin Martinez.  
Mrs. G. Wilson died of pneumonia at

the home of Samuel Fallor on the south side. Mrs. Wilson came here from Mitchellville, Iowa, some time ago for the health of her three daughters who were with her when death came. She was aged 64 years. The remains are being embalmed preparatory to sending them to Mitchellville for interment.

### Saves a Woman's Life.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from coughs, colds, throat and lung trouble need this grand remedy, for it never disappoints. Cure is guaranteed by all druggists. Price 50 cents and \$1. Trial bottle free.

### TULAROSA.

From the Democrat.  
Mrs. Grizmacher returned home from El Paso, where she had been visiting her mother.  
J. F. Milner, who resides in La Luz with his family, has taken his wife to El Paso and placed her in the Hotel Dieu, where she will be treated for tumor in the stomach. She is a very sick woman.  
Clovie Aguilar, son of Pedro Aguilar, at this place, returned from Santa Fe, where he has been attending the St. Michael's college. He passed an excellent examination and returned full of honors.  
There are more "promoters" to the square foot in and around Tularosa than any town in the territory and still they accomplish nothing. Parties come here to purchase homes and leave the town disgusted. Citizens of this place should give no option on their property to Tom, Dick and Harry unless they put up to hold the same, as it often prevents them from making an advantageous sale.

### If a Man Lie to You.

And say some other salve ointment, lotion, oil or alleged healer is as good as Bucklen's Arnica salve, tell him 30 years of marvelous cures of piles, burns, boils, corns, felons, ulcers, cuts, scalds, bruises and skin eruptions prove its the best and cheapest. 25c at all drug stores.

### SANTA ROSA.

From La Voz Publica.  
Hon. Andres C. Aragon, late of Chaves, is in town and will remain until next October.  
Dr. J. Addison Jackson, of this town, has been appointed by the county superintendent of schools as one of the members of the school board in this district, the other two being Cres. Baca and Luciano Serrano. Dr. Jackson's appointment is a good one.  
Placido B. y Baca has returned home accompanied by his two children, Miss Pelagia and Pablo, who have been attending school with the Sisters of Charity at San Miguel. Mr. Baca reports the commencement exercises of that institution to have been a great success. Miss Pelagia was awarded a gold medal for efficiency in translation.

### Don't Fail to Try This.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cure kidney and liver troubles, stomach disorders, nervousness, sleeplessness, rheumatism, neuralgia, and expels malaria. Satisfaction guaranteed by all druggists. Only 50 cents.

### PORTALES.

From the Herald.  
J. D. Hurley and son-in-law have returned home after several days absence. This return was hastened by the sickness of Mr. Wood, who is thought to be alkali.  
Fred Atkinson met with a very painful accident this week. He was thrown from his horse and his collar bone broken. The break is of such a nature that his physician finds it difficult to hold it in place, and it may cause him serious trouble.  
Dr. T. C. White has purchased the vacant lot adjoining India Humphrey's hardware store, and will begin at once to build a two story business house, the lower floor of which will, when completed, be used for a drug store by the doctor and the upper floor will be used for offices.  
R. L. Wood was in town this week and informs us that he has taken down about twenty miles of fence and is still at work. Wood is a rustler, but we see no cause for haste in this matter, as the cow men have virtually won a victory, as it has been decided to test the validity of the order removing drift fences in the federal courts. Mr. Wood can rightly claim a part of the victory, as he worked hard to have the fences stand.

### A Good Reputation.

The way to gain a good reputation is to endeavor to be what you desire to appear. That is precisely the way in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by all druggists.

### Threatened Strike Settled.

The stonemason's strike was averted this week by an amicable settlement by Contractor Rasmussen, who agreed to give them \$3.50 for eight hours work, says the Roswell Register. The difference between the stonemasons and Mr. Rasmussen dates back to last week, when the organization of a union was effected among the men under his employ. Mr. Rasmussen says that he made a contract with the men,

before the organization of the union, at \$3.50 for nine hours, and notwithstanding this contract the organization of the union brought out a demand for \$4 for eight hours. A strike was planned to take place on last Monday; but Mr. Rasmussen got wind of it and let all his men out on the preceding Friday and shut down work. Saturday they offered to compromise, and he did so, with the result stated above, and all of them returned to work this week.

### Acts Immediately.

Colds are sometimes more troublesome in summer than in winter, it's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles. J. H. O'Reilly & Co.; B. H. Briggs & Co.

### THEY MAY COME.

Senators Elkins and Quay May Attend Territorial Fair.

Delegate Rodey writes The Citizen as follows:  
"I received your wire about inviting Quay and Elkins to New Mexico. I met Senator Elkins in the new White House (you know the old White House is being fixed and the president has a house on the west side of Lafayette square.) Elkins is tremendously enthusiastic for statehood, and when I showed him the telegram I had in my pocket from you, he asked me to write him a letter about it and he would give me an answer in a few days. Senator Quay, good friend of ours that he is, does not know that he can come out, but I think that Andrews will bring him out any way about fair time."

### Need More Sleep.

Often the over-taxed organs of digestion cry out for help by dyspepsia's pains, nausea, dizziness, headaches, indigestion, complaints, bowels. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure 25 cents at drug stores.

### Socorro Guards.

Arrangements are being made to make the coming encampment of company H an attraction to the people of Socorro and surrounding country, says the Chieftain. One of the features will be a sham fight representing the attack of the Apaches on Lake Valley in 1879, and the gallant defense made by frontiersman Sligh as he retired to the rocks and covered the retreat of his boy and brave wife from their burning home. A number of prominent citizens and old veterans will represent the Apaches and company H, under Captain Matthews, will represent the United States troops. A beautiful site for the camp has been chosen in the park northwest of the depot.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this remedy in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by all druggists.

### FIRE AT ROSWELL.

New Fire Engine Saves Rest of Roswell from Following Business Block.  
At 3 o'clock last Friday afternoon flames were seen to pour out of Fridenbloom's barber shop, Roswell. By the time people in nearby stores got into the store both barber shop and Amoret's saddle shop were a mass of flames. The wind was blowing a gale and in twenty minutes Jones' meat market, Bonney's livery stable, Tannehill & Stringfellow's hardware warehouse, Wilson's millinery store and E. K. restaurant were in flames. The new fire engine was tried for the first time, saving the rest of the town, which otherwise would have been burned. The loss will be \$50,000, with insurance of \$28,200. The Roswell Register office was damaged by smoke and water. The burned building will be replaced at once.

### Poison Oak Poison Ivy

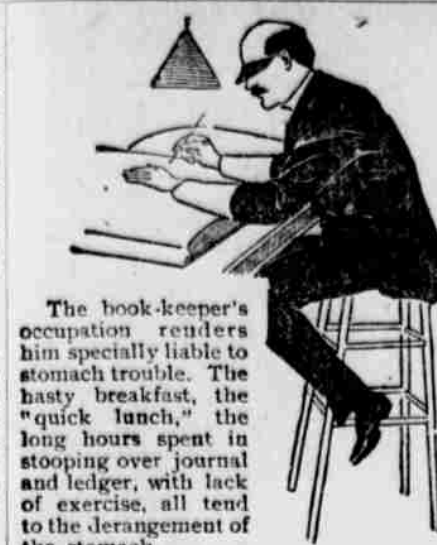

are among the best known of the many dangerous wild plants and shrubs. To touch or handle them quickly produces swelling and inflammation with intense itching and burning of the skin. The eruption soon disappears, the sufferer hopes forever; but almost as soon as the little blisters and pustules appeared the poison had reached the blood, and will break out at regular intervals and each time in a more aggravated form. This poison will linger in the system for years, and every atom of it must be forced out of the blood before you can expect a perfect, permanent cure.

### SSS Nature's Antidote

FOR Nature's Poisons, is the only cure for Poison Oak, Poison Ivy, and all noxious plants. It is composed exclusively of roots and herbs. Now is the time to get the poison out of your system, as delay makes your condition worse. Don't experiment longer with salves, washes and soaps—they never cure. Mr. M. M. Mendenhall, bookkeeper of the Atlanta (Ga.) Gas Light Co., was poisoned with Poison Oak. He took Sulphur, Arsenic and various other drugs, and applied externally numerous lotions and salves with no benefit. At times the swelling and inflammation was so severe he was almost blind. For eight years the poison would break out every season. It was much improved after taking one bottle of S. S. S., and a few bottles cleared his blood of the poison, and all traces of the disease disappeared.

People are often poisoned without knowing when or how. Explain your case fully to our physicians, and they will cheerfully give such information and advice as you require, without charge, and we will send at the same time an interesting book on Blood and Skin Diseases.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

The book-keeper's occupation renders him specially liable to stomach trouble. The hasty breakfast, the "quick lunch," the long hours spent in stooping over journal and ledger, with lack of exercise, all tend to the derangement of the stomach.

When the stomach is in a healthy condition the feeling after a meal is one of satisfaction and comfort. Whenever there is discomfort after eating, it is a sign of stomach derangement or disease. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition perfectly and permanently. The cures effected by this medicine are almost countless.

"I have taken one bottle of Dr. Pierce's Golden Medical Discovery for indigestion and liver complaint," writes Mr. C. M. Wilson, of Yankin College, Davidson Co., N. C. "I have had no bad spells since I commenced taking your medicine—in fact have not felt like the same man. Before I took the 'Golden Medical Discovery' I could not eat anything without awful distress, but now I can eat anything I wish without having unpleasant feelings."

Don't be fooled into trading a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery" is a shadow of that medicine. There are cures behind every claim made for the "Discovery," which no "just as good" medicine can show.

Dr. Pierce's Pleasant Pellets cleanse the bowels and regulate the liver. They produce permanent benefit and do not react on the system.

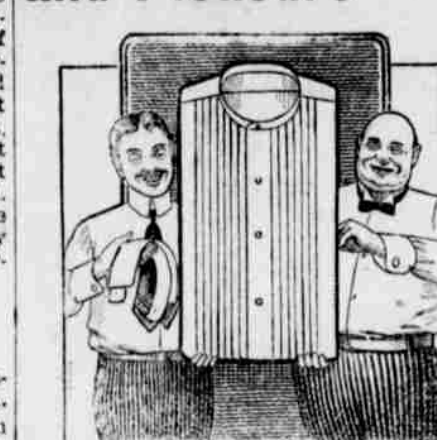

### The Prevailing Fad.

For the occult, the mythical and the astrological has inspired a clever designer to utilize the idea by producing a series of twelve unique and beautiful designs for birthday pillows. Zodiacal sign, the ruling planet, the gem to be worn, the appropriate flower, the astral colors and a jingling rhyme referring thereto, all well arranged and tinted in colors, ready to embroider. Price for top and back, 65 cents, at the Economist.

Trunks, valises, hand bags, suit cases, telescopes, largest variety in city to select from.—Golden Rule Dry Goods Company.

Deming will be the great smelter center. Two large plants will be installed within the year.

## Railroad Topics

J. B. Farwell is here from the Kennedy camp. He is a member of the Santa Fe surveying corps.

The San Bernardino striking boiler-makers held their big ball at the pavilion in that city last night. Judging by the tickets sold, the strikers must have realized more than \$1,000.

A car load of native workmen passed through the city this morning en route from El Paso to Raton, where they will be put to work on the new Santa Fe track running out from that place.

F. M. Pingree, foreman of the paint force at Winslow, who, with his family have been visiting friends in the east the past two months, are now visiting with the family of Joe Richards, on the Highlands. They will go to Winslow tonight.

It is probable that James Davis of the Santa Fe shops at Needles, Cal., will be chosen for the foremanship of the blacksmithing department at San Bernardino. T. A. McNeal having resigned that position to accept a similar one in Los Angeles.

The Santa Fe has completed another line in Indian Territory and opened it for freight and passenger traffic. The new road is known as the Kiowa, Chickasha & Fort Smith railway and runs from Paul's Valley, I. T., to Lindsay, a distance of twenty-three miles.

Ed Quinlan, an old time conductor formerly on the Rio Grande division, is in the city. Mr. Quinlan has been visiting with his father in law at San Marcial. He will leave this evening for Helper, Utah, where he is conductor on the Denver & Rio Grande railroad.

The Topeka State Journal says: Inspection of the Santa Fe hospitals west of Topeka has been begun, the committee appointed for that purpose having gone out Sunday afternoon, after completing the work of looking over the property east of this point. The members of the committee are Dr. J. P. Kaster, Conductor "Dad" Griffith and Engineer James Thomas. They will go as far as Los Angeles, Cal., the trip consuming two weeks. Mrs. Kaster accompanies the party.

**Work at Shops.**—D. A. Shope, superintendent of bridges and buildings on the Santa Fe Pacific, with headquarters at Winslow, came in from the west last night. His mission this trip is to superintend some work which is being done on the turn table at the local round house. When the old table was taken out of the pit it was found that the foundation had moved and a new foundation is being put in.

**Secured the Mules.**—Hon. W. S. Hopewell, general manager of the Santa Fe Central, has received from A. H. Hilton at San Antonio 100 mule teams that will be put to work on the grading outfits on the road. They have been used for hauling coal from Carthage to the railway, but since Beaumont oil has entered the field there has been no use for mules. Word was received that sixty-two men have been engaged from Rio Arriba county and will report at the camps at once. It is expected to double the present force during this month and rush matters. Mr. Hopewell came in from the south this morning, and is here today. He will go north to Kennedy tonight or tomorrow morning.

**Clerks Demand Horizontal Increase in Wages.**—A telegram from Chicago says: Railway clerks are preparing demands for a horizontal increase in wages of \$10 a month, which will be presented to the several roads within a few days. In addition to the wage increase, the men will insist on a workday of eight and one-half hours, instead of twelve and fourteen, as at present.

Already demands have been submitted to the officials of the Chicago Great Western, Walash and Lake Shore railroads, asking for a 20 per cent increase, but these were submitted by the men as individuals, and not through the railway clerks' association. The union officials believe that they were presented at the instigation of the companies, so that they could offer a slight increase to their employees, and head off the demands of the union, which they know will be made.

The railway clerks are now paid from \$45 to \$60 a month, and say they work fourteen hours a day. They also have to contribute for the maintenance of a relief fund, which they assert, is of little benefit to them.

**New Kansas Road.**—A Hutchinson, Kan., dispatch says: The Hutchinson & Arkansas River Railway company was chartered in Topeka last week. Its capital stock is \$50,000, and it is incorporated for the purpose of building a road from Hutchinson to Kechi in Sedgewick county. This would give this city the long desired connection with the Frisco railroad and also with the Fort Worth branch of the Rock Island railroad.

The incorporators and directors of the company are J. P. Tracy, R. W. Barnes and Arthur Griffin, of Chicago; Frederick C. Eakman, of J. C. Baddeley, Frank Vincent, C. Phillips and W. Y. Morgan, Hutchinson. Judging from the Hutchinson directors of the road, the line is probably more in the interest of the salt industry of this city than of any railroad.

However, the road would give the long desired outlet to the Frisco and also connection with the Rock Island's Fort Worth line. Senator Frank Vincent of this city filed the incorporation papers and J. P. Tracy, of Chicago, owns 794 of the 800 shares of stock.

Sensor Vincent is not in the city and the real purpose of the incorporation could not be learned. If one will take a state map, however, he will see that the proposed new line will intersect the St. Louis & San Francisco railroad at Patterson, a small station in Harvey county. From this point to Valley Center the Frisco line would either have to be leased or paralleled. From Valley Center to Kechi on the Rock Island's Fort Worth line it is only eight miles.

The capital stock is ample for the construction of the road, as it lies along the north bank of the river and there are no large streams to bridge. Whether the road is eventually acquired by either the Frisco or the

Rock Island it is a practicable road and will be of great benefit to Hutchinson and especially to its salt industry, as it will give two more outlets for the product of the local plants. The line will be nearly fifty miles long.

### CAUSE OF FALLING HAIR.

**Dandruff, Which is a Germ Disease—Kill the Germ.**

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing in to the root of the hair, causing the hair to fall out, digs up the cuticle in little scales, called dandruff, or scurf. You can't stop the falling hair without curing the dandruff and you can't cure the dandruff without killing the dandruff germ. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair dressing.

### Pure Food Laws Discussed.

Portland, Ore., July 9.—Before the convention of the National Association of State Dairy and Food Commissioners today the following papers were read and discussed: "Adulterated Coffee, Glazed and Otherwise," Hon. J. E. Blackburn, of Ohio; "Antiseptic and Coloring in Foods," Prof. A. S. Mitchell, Wisconsin; "Decisions Affecting Our Food Laws," Hon. R. M. Allen, of Kentucky; "A Review of the Laws and Regulations Relating to Flavoring Extracts," Prof. R. E. Doolittle, of Michigan; "Enforcing the Pure Food Laws in the West," Hon. C. W. Sherwood, of South Dakota. The convention concludes its sessions tomorrow.

### Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Biscuits prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. J. H. O'Reilly & Co., B. H. Briggs & Co.

### Meets at Copenhagen.

Copenhagen, July 9.—Feminine leaders from many parts of the world are gathered in the Danish capital for the annual meeting of the executive committee of the International Council of Women, to be held here during the next three days. The initial session was held today at the home of the president of the Danish council, Froben Hennrichsen. Mrs. Susan Young Gates was present as the representative of the national council of women of the United States.

Among the delegates there is much discussion concerning the next president of the international council. Until the election of the incumbent, Mrs. May Wright Sewall, the honor had always remained in England and it is reported that a coalition is afoot to bring back the presidency to this side of the water at the next election. Two items of business to receive attention at the present meeting are the proposal to form a new co-operative committee on internationalism, and a recommendation that international societies be allowed affiliation with the international council.

### The Best Liniment for Strains.

Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by all druggists.

### Catholic Educators Meet.

Chicago, Ill., July 9.—The Association of Catholic Colleges of the United States, composed of the foremost Catholic educators and divines of America, began its fourth annual meeting in Chicago today with a large attendance. The business sessions held at the Palmer House, were preceded by the celebration of pontifical high mass at the Cathedral by Rt. Rev. P. J. Muldoon. At 12 o'clock the gathering was called to order by Bishop Conaty, president of the Catholic university at Washington, who delivered the opening address in which he reviewed at length the work of the association since its organization. This afternoon the convention took up the discussion of the present non-sectarian educational system, with a view of finding a remedy for the attendant evils.

**Like Daisies Before the Scythe.** Baby lives are destroyed in summer by cholera infantum. The attack of the disease is sudden, its progress is sometimes terribly rapid. Mothers who have given their children Perry Davis' Painkiller can tell how this treatment has checked the diarrhoea and vomiting, and put the little patient out of danger. 25 and 50 cts.

### Rally at Providence.

Providence, R. I., July 9.—Loyal Baptists of the United States and Canada, young and old, but mostly young, are flocking into Providence from all directions. The twelfth international convention of the Baptist Young People's Union of America will be called to order here tomorrow, and already the hotels, boarding houses and private residences are crowded with delegates and visitors, while special trains with additions to the advance guard are still en route from the south and west. Tonight as a preliminary there will be special prayer meetings in the several churches of the city, when supplication will be offered for the divine blessing upon the convention.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhoea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

The telegraph line of the Santa Fe Central Railway company reached Santa Fe yesterday and the wires were placed in the offices of the company in the Catron block by night. The instruments will be placed in a few days and then telegraphic connection will

## WHERE DOCTORS FAIL

To Cure Woman's Ills, Lydia E. Pinkham's Vegetable Compound Succeeds. Mrs. Pauline Judson Writes:

"DEAR MRS. PINKHAM:—Soon after my marriage two years ago I found myself in constant pain. The doctor said my womb was turned, and this caused the pain with considerable inflammation. He prescribed for me for

MRS. PAULINE JUDSON, Secretary of Schermerhorn Golf Club, Brooklyn, New York.

four months, when my husband became impatient because I grew worse instead of better, and in speaking to the druggist he advised him to get Lydia E. Pinkham's Vegetable Compound and Sanative Wash. How I wish I had taken that at first; it would have saved me weeks of suffering. It took three long months to restore me, but it is a happy relief, and we are both most grateful to you. Your Compound has brought joy to our home and health to me."—MRS. PAULINE JUDSON, 47 Hoyt Street, Brooklyn, N. Y.—\$5000 forfeit if above testimonial is not genuine.

It would seem by this statement that women would save time and much sickness if they would get Lydia E. Pinkham's Vegetable Compound at once, and also write to Mrs. Pinkham at Lynn, Mass., for special advice. It is free and always helps.

be had with Donaciano, Vega Blanca and Kennedy, from where the line will be run south to Torrance, the poles already being on the ground and the holes dug for them. That part of the line will be completed in nine or ten days.

### The Perfect Liver Medicine.

Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at Cosmopolitan Pharmacy, B. Ruppe.

\$1.50! \$1.50! \$1.50!!!

### Rare Opportunity.

Offered to those contemplating the purchase of an organ. We will reduce dollar and a half every day, until sold, on one of our popular Victor organs, finished in solid oak with eleven stops, and fully guaranteed for five years. The price being \$75.00; now special price \$67.00, reducing \$1.50 every day until sold.

We have sold six pianos in the last ten days. Is this not satisfactory evidence of the value offered in our special sale?

HALL & LEARNARD,  
The Square Music Dealers.

In Deming good safe loans can be had at better rates than in the old established towns.

### Plumbing.

We have added a plumbing department and tin shop to our business. When you have anything in this line to be done see us about it before placing your order. Albuquerque Hardware company.

We are sole agent for Wheeler & Wilson sewing machines, the best on the market. Albert Faber, 305 Railroad avenue.

Let us figure on your plumbing. Albuquerque Hardware company.

In Deming the demand for rental houses is five times in excess of the supply.

Deming! Have you been there? If not, you should get there for the big sale of lots on the 17th of this month.

Tin, galvanized iron and copper work. Albuquerque Hardware company.

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming, the seat of the n.w. county of Luna.

Just received a large shipment of Japanese and Chinese matting. Albert Faber, 305 Railroad avenue.

Keep your eye on Deming.

## Throat Rest

Tickling in the throat. Constant desire to cough. You know about it. Feels uncomfortable through the day. Keeps you awake at night. Doctors prescribe Ayer's Cherry Pectoral for this tickling. A dose at bedtime puts the throat at rest.

"I have used Ayer's Cherry Pectoral for 40 years. It is a splendid family medicine to keep on hand for all throat and lung troubles."—Mrs. J. K. Norcross, Waltham, Mass.

## PROFESSIONAL CARDS

**V. V. CLARK.**

## Reasons

For Insuring in the

## Union Central Life... Insurance Company

CINCINNATI, OHIO.

It realizes the highest interest rate; has the lowest death rate; makes only the safest investments; gives the best results.

Its Policy Contracts Combine INVESTMENT, INSURANCE, EDU-CATION, ANNUAL INCOME.

The UNION CENTRAL for several years has paid from its interest Receipts all of its Death Claims, Matured Endowments and Taxes. No other Company has accomplished such results.

## The Twenty-Payment Guaranty Life Policy

THE BEST PROTECTIVE INSURANCE

It is inexpensive. It gives perfect protection. It leaves no chance of loss. It gives several ways of settlement.

EVERYTHING IN THE POLICY GUARANTEED

The Twenty-Payment Guaranty Life Policy is a definite contract to do a specific thing, and the exact cost of carrying the insurance can be known in advance.

## UNION CENTRAL LIFE INSURANCE CO.,

OF CINCINNATI, OHIO

CARTER & NEAL, General Agents, Albuquerque, New Mexico.

## The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

## The Mexican Central

is prepared to furnish you with the best of accommodations to all points in Mexico. Call on or address,

W. D. MURDOCK, W. S. MEAD, C. R. HUDSON,  
A. G. & P. A., Mexico C. A., El Paso. G. F. & P. A., Mexico.

## YELLOWSTONE PARK

That's a good place to spend the summer.

Cool and delightful. The geysers, the colored pools, and the terrace building fountains make the park a real wonder-land.

Folder on request.

### LOCAL PARAGRAPHS.

J. F. McLaughlin has returned from a business trip to Santa Fe.

F. H. Mitchell returned last night from a short business trip to Las Vegas.

T. O. Mason has moved his barber shop to North Third street, near the Masonic Temple.

Neill B. Field, attorney, who was at Santa Fe on some legal matters, returned last night.

L. B. Warren, local manager for the Armour company, was a passenger north this morning.

After a short stay at Camp Whitcomb, A. E. Walker and son returned to the city yesterday.

Mrs. A. D. Whitson, of the Whitson Music company, left this morning for Santa Fe on business.

Hon. Solomon Luna was a passenger for Santa Fe this morning. He expects to return Thursday night.

Mrs. C. A. Hawks expects to leave in a few days for the Jemez hot springs for a few weeks' outing.

Dr. W. G. Grove, the oculist, has gone to the Jemez hot springs. He will be absent a week or ten days.

Louis Hild, who attended a meeting of the penitentiary board at Santa Fe, returned to the city last night.

V. P. Edle, of the Albuquerque wool scouring mills, who was up north buying wool, returned to the city last night.

Hon. F. A. Hubbell left last night for his sheep ranches. Mrs. Hubbell went to Socorro and Magdalena to visit relatives.

A. J. Loomis, the deputy internal revenue collector, came in from the north last night and will spend a few days in the city.

Mrs. Oscar Goebel, of Belen, has returned from a month's visit at Santa Monica, Cal. Her son, Oscar, will return about July 18.

Judge Loughary met at the train Monday night Hon. W. H. Robinson, of Washington, D. C., who passed through for Los Angeles, Cal.

Miss Nettie Skinner, who has been visiting with her sister, Mrs. J. J. Furlong, since last March, left this morning for her home at Baldwin, Kan.

There will be a regular convocation of Rio Grande chapter, No. 4, R. A. M., Thursday evening, July 9, at 8 o'clock. Work. L. H. Chamberlin, secretary.

Hon. James S. Duncan, who was down in Grant county on business, came in from the south this morning, and continued on north to his home in Las Vegas.

Major W. H. H. Llewellyn, district attorney of the Third judicial district, and W. A. Hawkins, attorney of the El Paso-Rock Island road, were passengers for Santa Fe this morning.

F. R. Wendell, who was threatened with appendicitis the past few days, forcing him to remain at home, was up and around this morning. He expects to leave for southern California Saturday night.

Mrs. B. H. Thomas and daughter, Miss Bessie, left last night to spend their vacation in the mountains at Magdalena. Their guests, Mrs. Banks and daughter, of Toledo, Ohio, accompanied them to Magdalena.

Angelo Dutillo, who was at work during the past few months at San Bernardino, Cal., has returned to the city, and hopes to find plenty of work here in the fall and winter to keep him constantly employed. He is a stone mason.

T. S. Austin, wife and daughter, of El Paso, who enjoyed two weeks' outing on the upper Rio Pecos, were here yesterday on a visit, stopping at the Lockhart ranch near the local government Indian school. They will return south to El Paso tonight.

Sergeant Frank Long of the Fourteenth Cavalry ball team has written to the Albuquerque Browns, asking that the ball games scheduled for July 12 and 13 be postponed until July 19 and 20. The request will be granted and on the latter dates Albuquerque will see some good base ball.

Richard Connelly, the champion single handed drifter of the world, passed through the city this morning, en route from Bisbee, Ariz., to Cripple Creek, Col. Mr. Connelly broke the world's record in single hand drilling at the Mid-winter fair at El Paso last January.

F. G. Pratt, the Second street grocer, went up against the real thing this morning. Mr. Pratt got in a car load of melons yesterday. He made a proposition to a young lady that she might have the largest melon in the pile if she would carry it home. That young lady was not game, but this morning

a young lady came along that was, and consequently Mr. Pratt is minus the finest melon in the pile.

Last night, Mrs. J. P. Kaster, wife of the chief surgeon of the Santa Fe main line, arrived and will be the guest of her sister, Mrs. S. E. Newcomer, and friend, Mrs. J. F. Luthy, for a few days. Here she will be joined by the doctor on Sunday, and both will then leave for Los Angeles. The doctor and a committee are on a tour, inspecting the railway hospitals.

Contractor Anson, of the firm of Anson & Holman, is busy these days building the new ice plant for the Southwestern Brewery & Ice company. Mr. Anson says that the work is progressing nicely, and that the plant will be in operation by the last of next week. The capacity of the new plant will be twenty-five tons daily.

A. Didier, an extensive fruit raiser and brandy manufacturer of Belen, is in the city today, meeting here his brother, John Didier, who has just returned from the Navajo Indian reservation, where he was the contractor and builder for a mission school building at Fort Defiance.

The ladies and young men of St. John's Episcopal church are requested to meet at the rectory on Thursday evening next at 8 o'clock. Members of the Guild, the Woman's Auxiliary, and the Daughters of the King are especially invited. Business of importance is to be transacted.

### DEATHS AT SANTA FE.

A Number of Deaths in Santa Fe Since Saturday Evening of Last Week.

Miss Flora R. Hilder, for many years a resident of Santa Fe and well known throughout the territory as a trained nurse, died yesterday afternoon at her room adjoining the residence of Dr. David Knapp on College street. Miss Hilder was a native of England and came of good family. She lived for a while at Denver, having come west for her health. She was a member of the Church of the Holy Faith and is survived by a sister in London. Miss Hilder was much beloved by those who knew her and those to whom she administered during periods of illness will ever hold her in grateful remembrance. The funeral took place this afternoon at 4 o'clock from the Church of the Holy Faith. Interment was made in Rosario cemetery.

Miss Catherine Gillette died yesterday of consumption at her home on the south side, her mother being by her bedside. She was aged twenty years and came here several months ago for her health, but too late. Miss Gillette was a lovable young woman who made friends of all who met her. Undertaker Charles Wagner prepared her remains for shipment to her home at Cedar Rapids, Iowa.

Dwight Wheeler's carpenter shop is now located at 308 West Copper avenue.

### A Sale That Sells.

There is merit in our green tag prices and that is why our sales never fall flat, for we have the goods with which to back up our price quotations.—Simon Stern, the Railroad avenue clothier.

### Notice of Removal.

We are now to be found in our new office at the corner of Coal avenue and First street, south of viaduct. Automatic telephone 266, old telephone, No. 4. JOHN S. BEAVEN, Clarkville coal yards.

Eclipse Hay Presses

MAIL ORDERS SOLICITED.

## THE DIFFERENCE!

THERE IS A VAST DIFFERENCE IN SALES. THE PAPERS ARE FULL OF ANNOUNCEMENTS OF SPECIAL SALES OF ALL SORTS AND ALL SORTS OF REASONS ARE GIVEN FOR HAVING THEM.

## Our Semi-Annual Green Tag Sale

HAS BECOME A FEATURE OF OUR BUSINESS AND HAS ALWAYS PROVED POPULAR. THE REASON FOR THAT IS EASILY FOUND AND IS: WE DO ALL THAT WE CLAIM TO DO—WE SELL AT THE END OF EACH SEASON ALL GOODS LEFT OVER AT SUCH FIGURES AS WILL SPEEDILY SELL THEM AND WE HAVE ALWAYS SUCCEEDED IN DOING IT. HENCE THE DIFFERENCE BETWEEN OUR SALES AND SOME OTHERS IS THAT

## Ours Is a Sale That Sells

WE ARE NOT SELLING \$18.00 SUITS FOR \$8.25, \$6.00 TROUSERS FOR \$1.50 NOR \$2.00 SHIRTS FOR 50 CENTS. WE HAVE NO OLD SHELF WORN GOODS TO UNLOAD, BUT WE HAVE AN UP TO DATE AND NEW STOCK OF SEASONABLE GOODS WHICH WE OFFER AT GREATLY REDUCED PRICES IN ORDER TO MOVE THEM. A LOOK AT OUR GREEN TAG PRICES WILL TELL YOU ALL ABOUT IT.
