ALBUQUERQUE, NEW MEXICO, WEDNESDAY AFTERNOON, JULY 2, 1902

NUMBER 187

WHAT THE MEN SAY

Union Pacific Strikers Make Statement.

Another Disturbance Among the Miners.

Kansas River Overflowed Its Banks and Still Rises.

SHOT BY BURGLAR.

Omaha, Neb., July 2.—Thomas L. Wilson, vice president of the Machinists' union, today made a statement to the public in answer to that made by President Burt, of the Union Pacific road, touching the merits of that road. Mr. Wilson admits the road has been paying the highest scale of wages during the past, but says other roads raised the scale of wages July 1, and the demands of the Union Pacific machinists was "strictly in line with the general movement of all mechanics to get a fair share of the existing prosperity in the United States, and to which we are justly entitled."

On the refusal of the machinists to accept piece work, Mr. Wilson says the machinists are not to be compared with the trainmen, who do not come into competition with each other. He says such a system would tend to bring them into competition with sweat shop workmen and prevent them from treating as a body with the company. He sums up as follows: "I do not hesitate most emphatically to say this trouble was brought about by the arbitrary actions of the Union Pacific road. They wanted a strike; they got it, and apparently are glad of it. Since we are forced to it, we will see the men's demands are granted or we will go down in defeat like one man."

GENERAL FUSSILADE.

Foreign Miners Threw Stones and the Surveyor Shot.

Wilkesbarre, Pa., July 2.—There was a serious disturbance at the William A. Colliery at Old Forge shortly after noon, when a member of the surveying corps coming out of the barricade was stoned by about 1,500 foreign miners. The surveyor pulled a revolver and fired in the direction of the crowd. The crowd and police took a hand and began firing. The surveyor jumped into a wagon and made his escape. So far as can be learned no one was hurt in the firing.

HIGH WATER AGAIN.

The Kansas River Has Again Overflowed Its Banks.

Topoka, Kan., July 2.—The Kansas river at this point overflowed its banks and was running over City Park by noon and still rising two inches an hour. A telegram from Manhattan, Kan., says the river is rising a foot an hour and great damage is feared when the additional volume of water reaches this vicinity tonight.

The Wolff Packing house is compelled to suspend operations owing to the flood. One of three smokestacks, 100 feet high, has fallen. The City Street Railway people are fearful their bridge over the Kansas river is going out and they are anchoring it as best they can.

Shot by a Burglar.

New York, July 2.—Albert C. Latimer, a wealthy stationer of this city, who lives in Brooklyn, was fatally shot early today at his home in a struggle with a burglar. The burglar escaped, leaving his shoes and cap behind.

NO PLACE TO FIGHT.

Illinois and Missouri Units to Prevent the Match.

St. Louis, Mo., July 2.—The board of police commissioners at their meeting decided the prize fight scheduled for Thursday night between Young Corbett and Dave Sullivan cannot be held, as it comes under the statutes prohibiting such exhibitions.

Barred From Illinois.

Springfield, Ill., July 2.—Governor Yates is determined to prevent Young Corbett and Dave Sullivan from fighting in Illinois. He wrote the sheriff of St. Clair county, opposite St. Louis, and also of Cook county, directing them to prevent the fight at all hazards and informing them the state military forces will aid them if necessary.

STRONG CYCLONE.

Blew an Entire Railroad Train down an Embankment.

Bombay, July 2.—A train on the East Indian railroad near Rampurepa was blown down an embankment by a cyclone today. Thirteen persons were killed and fifteen injured.

Manual Training.

Pittsburg, Pa., July 2.—There was an increased attendance today at the second day's session of the annual meeting of the Eastern Manual Training association. During the day papers were presented as follows: "Relation of Manual Training to the Industrial Situation of the Country," Dr. P. H.

Holbrook: "Development of the Individuality of the Child Through Sloyd," Dr. Gustaf Larson, of Boston; "Textiles and So Forth in Primary Grades," Miss Mitchell of the University of Chicago; "A Craftsman View of Manual Training," Charles Rablitz, of Buffalo; "The Functions of High School," E. P. Chapin, of Muskegon, Mich.

KILLING AT RATON.

Harry Ball Shot and Killed by a Cripple. Walter Wade shot and killed Harry Ball at Raton Monday night. Wade is a cripple, having but one leg. He is about 25 years old. He escaped and is supposed to have made his way to Colorado. Ball recently came here from Pueblo, where he worked in the Denver & Rio Grande shops. He was about 28 years old. No reason can be found for the murder and it is believed that Wade shot Ball without any provocation.

Big Fire in Cleveland.

Cleveland, Ohio, July 2.—Fire broke out this afternoon in the Kirk-Christie lumber yards on Seneca street and spread quickly to the adjoining yards and factories. The flames are apparently beyond control and a destructive conflagration seems imminent.

Eight cars of rails consigned to Chihuahua, Mexico, came in over the Denver & Rio Grande railroad at Santa Fe and were transferred to the Santa Fe railway.

A HEARING.

Arguments Presented by the Territorial Delegates.

WORK DONE BY CONGRESS.

A special dispatch to the Globe-Democrat from Washington, under date of June 28, says:

The senate committee on territories met today to hear the delegates from the territories named in the omnibus statehood bill present arguments on the subject of admission. The witnesses heard today were Delegates Rodey, of New Mexico, and Smith, of Arizona, and District Attorney Llewellyn, of New Mexico. All of them made a strong plea for statehood, giving many facts in regard to schools, population, etc., and making comparisons with existing states. Delegate Rodey gave as one of the reasons why New Mexico desired admission to the union the opinion that such admission would be of assistance in financing corporate enterprises in the territory. He mentioned a railroad which would be enhanced in value if the territory should become a state. Such was also true of certain land interests. He admitted, in reply to questions put by Senator Beveridge, that interpreters were necessary in conducting most of the public business, as a majority of the people were unable to speak the English language. Mr. Smith dwelt especially upon the long delay the two territories of New Mexico and Arizona had been subjected to in their efforts to secure statehood and made a strong plea for favorable action during the next session of congress.

Work Done by Congress.

Up to noon last Saturday the president had signed 982 private bills and 203 public bills and resolutions sent to him by the congress at this session. Of the private laws, 632 originated in the house and 350 in the senate. During the session there have been reported to the house 2,526 bills. Of these 1,903 have been passed, leaving 623 on the calendar. Of the public bills and resolutions originated and passed by the house 53 have not become laws; of the senate public bills and resolutions amended and passed by the house 22 have not become laws, and of the private bills, house and senate, passed by the house, 67 have not become laws.

A GREAT DAY.

Dodson's Motorcycle to Go an Exhibition Mile Against Time.

One of the grandest programs ever given in Albuquerque, except during the fair, will be that of next Sunday at the benefit for Johnnie Haberle, who is a very sick lad as a result of pitching ball for the Albuquerque Browns in the high altitude of Santa Fe.

At 1:30 p. m. the Italian band will appear on the streets clad in their new uniforms for the first time and will play two or three times before proceeding to the fair grounds, where they will play during the afternoon between events.

The Gentleman's Driving association have volunteered to give races and the crack horses of this city will appear. Lady Marguerite, Bonnie Treasure, Bob Collins, Deck, Boone, Navajo Bill, Shinnick's Kentucky thoroughbred and others will enter the different events.

The base ball game will be between the Old Town Reds and the Browns. The teams are evenly matched and a good game can be expected.

R. L. Dodson will go a mile on his motorcycle against time and expects to do the clip in two minutes flat. This is an event that has never been seen in this part of the country and will be a great drawing card.

Taken all the way through, aside from the worthy cause, the program is worth twice the price of admission, 50 cents, and there is going to be an immense crowd present. The first feature on the program will be pulled off promptly at 2:30.

UNUSUAL SUICIDE

Friends and Newspapers Were Notified.

New Sugar Refining Company Organized.

Georgia Democrats Ratify Nominations Made at the Primaries.

COLOFADO NOMINATION OVERLOOKED.

Denver, Colo., July 2.—After addressing letters to friends and to a newspaper saying her contemplated action was about the only way she could make herself notorious, Miss Pauline L. Davidson, an apparently refined and cultured young lady, committed suicide by taking chloroform. The body was found in a room of the house where she had been employed as a domestic. She had an ambition for a stage career, but the lack of opportunity discouraged her. Her only known relatives live at Lawrence, Kan.

CAPITAL INCREASED.

New Sugar Refining Company Now Capitalized at \$5,000,000.

Trenton, N. J., July 2.—The Federal Sugar Refining company which was incorporated here recently with an authorized capital of \$100,000, today filed papers increasing the capital to \$5,000,000.

A Spreckels Company.

New York, July 2.—It was learned here this afternoon the business of the Federal Sugar Refining company, as specified in the certificate, is principally the refining of sugar. The company was organized recently by C. A. Spreckels and his associates for refining sugar by a new process.

GEORGIA DEMOCRATS.

Ratify All the Selections Made at the Primaries.

Atlanta, Ga., July 2.—The democrats of Georgia met in state convention here at noon today to nominate a full state ticket. All the nominees, headed by James M. Terrell, of Greenville, for governor, were determined upon in a primary election held on June 5, though the names of Col. James R. Estill, of Savannah, and Dupont Guerry, of Macon, will probably be presented for the gubernatorial nomination. It is practically certain, however, the convention will ratify the primary selections and will endorse United States Senator Alexander S. Clay for reelection.

The convention ratified the results of the primaries. The ticket is as follows: Governor, Joseph M. Terrell; secretary of state, Phil Cook; treasurer, Robert E. Park; comptroller, Gen. William A. Wright; attorney general, John C. Hart; prison commissioner, Thomas Eason; commissioner of agriculture, O. Stevens; state school commissioner, W. B. Merritt; associate justices of the supreme court, A. J. Cobb and Samuel Lumpkin; United States senator, A. S. Clay.

The platform will deal mainly with state issues, and there is considerable doubt whether either Bryan or the Kansas City platform will be mentioned.

Overloaded the Marshal.

Washington, July 2.—Among the list of presidential appointments to office during the last session of congress upon which the senate failed to act was Dewey C. Bailey for marshal, District of Colorado.

CATTLE SUFFER.

Stockmen of Southern New Mexico Becoming Alarmed at Continuing Drouth.

A telegram from El Paso to the Denver News, says:

Dry weather in the southwest and in Mexico is causing no little concern among cattlemen.

"The drouth in the southwest is growing alarming," said J. G. Hall, of the live stock commission firm of Cox & Hall.

"The situation on the ranges south of Lordsburg, N. M., is worse than in any other portion. Cattle are beginning to die and unless rain comes pretty soon there will be heavy losses. I was down at Colonia Juarez, Mexico, a few days ago, and found cattle in bad shape, but the trouble is that the ranges were overstocked in the winter."

Pennsylvania Teachers.

Pittsburg, Pa., July 2.—More than fifteen hundred teachers are here attending the forty-seventh annual session of the Pennsylvania State Educational association. Nearly every city and town in the state is represented, and it is said to be the largest meeting ever held by the association.

The opening session in the Alvin theatre this morning was begun with a prayer by the Rev. H. H. Harlin, of the Fourth United Presbyterian church. Recorder J. O. Brown, W. H. McKelvy, president of the Central board of education, and Samuel Andrews, superintendent of city schools, delivered addresses of welcome. Responses on be-

half of the visitors were made by Dr. D. L. Waller, principal of the Indiana State Normal school; Superintendent L. E. McGinniss, of Steelton, and President Henry T. Spangler, of Ursinus college. Following these formalities there were papers and discussions in which leading educators from various parts of the state took part.

The program for the evening session includes the presidential address by Dr. J. R. Flickinger and an address by President Chas. F. Thwing, of Western Reserve university.

Yesterday's Fire.

The fire which occurred yesterday afternoon on South First street, has proven to have been a narrow escape from a big fire. The Lindell property, of which the burned building was a storehouse, is not insured, as it was considered too great a risk and the rate was put so high no policy was ever taken out. The buildings were filled with furniture owned by W. V. Furelle. The Lindell was saved by an adobe wall which stood in the rear of the building and it was only by good work of the department that the Harwood building was saved.

Town Wiped Out.

La Grange, Ind., July 2.—The town of Shipshewna in the northwest corner of this county, was nearly wiped out by fire early today. Seven business places, a bank and the postoffice being destroyed. The loss is heavy and only partially insured.

WITHOUT BAIL.

The San Pedro Murderer, Atchison, Goes to Jail.

The preliminary hearing before Judge McFie, who sat as committing magistrate, of William W. Atchison for the killing at San Pedro of James O'Mara and William Thayer, was concluded yesterday afternoon at Santa Fe, the argument being made for the defense by Robert C. Gortner and for the territory by District Attorney E. C. Abbott and Judge A. J. Abbott. Only three witnesses had been examined altogether, and these were for the prosecution, none of the defendant's witnesses being called. Those who testified were Dr. N. D. Graham, Arthur G. Wilkes and George Adriano. Their testimony was very damaging against the defendant and agreed virtually with the account of the shooting published at the time by The Citizen, except that no extenuating circumstances were brought out.

Atchison was bound over for the next grand jury and the court refused to accept bail.

A suit was also filed at Santa Fe in the district court for San Juan county by the Smelter City State Bank of Durango vs. R. C. Prescott et al., to recover on a note for \$1,000, which, with interest, etc., now amounts to \$2,000, that being the amount sued for.

A general judgment was entered by Judge McFie against all the delinquent tax payers of Rio Arriba county for the years 1899 and 1900. The judgment will be turned over to the county treasurer and collector for collection.

BOUND OVER.

William A. Anderson is Charged With Attempted Assault.

This morning the employe of the Santa Fe Pacific shops who was arrested as John Doe yesterday for assault, was bound over to the grand jury by Judge Borchert under \$200 bond. The warrant was sworn out by Maria Garcia and charged an attempted assault on her niece, Lucia Garcia, who is 14 years old.

The man gave his name as William A. Anderson. The story of the attempted assault was told by the girl and her aunt and in default of bond, Anderson was sent back to jail.

ENGINE EXPLODED.

Fire at the Stock Yards Too Great a Strain.

The gasoline engine which was used to pump water at the stock yards fire was worked overtime so that just as the flames were dying out, it exploded with terrific force. Fortunately Engineer Haynes escaped without any injury. The explosion set fire to the oil house, the pump house and the wind mill. There were two five-gallon cans of gasoline in the oil house and Mr. Haynes plunged in and removed them in safety. While the cans did not explode, the gasoline fumes made Mr. Haynes ill for several hours.

There was absolutely no way of getting water on the flames and the buildings were destroyed. The yards and buildings will be rebuilt at once.

The engine had been condemned for service on another part of the system and sent here, where the work was only occasional.

Will Rebuild.

J. A. Harlan, the popular superintendent of bridges and buildings on the Rio Grande division of the Santa Fe railway, is in the city today, and he states that the company will soon begin to rebuild the stock yards south of the city, which were destroyed by fire the other day.

Dr. J. A. Henry, the capitalist, who spends his summer months at the home resorts, came in from Camp Whitcomb yesterday. He will return to the mountains tomorrow.

RAINED MONEY

Prohibitionists Go Wild Over Contributions.

Telephone Company Forced to Sell.

King Continues to Improve and the Queen Reviews Troops.

FIGHTING PRIZE FIGHTERS.

Peoria, Ill., July 2.—The convention of Illinois prohibitionists today was a most exciting affair. When a call was made for voluntary contributions, the delegates went wild with enthusiasm and crowding to the stage showered offerings upon it. The chairman and secretary were compelled to retreat. Almost \$5,000 in cash was heaped upon the stage. The committee on platform split in conference and two platforms were submitted to the convention for adoption. One touches on all leading national issues and the other confines itself strictly to prohibition and suffrage. A bitter discussion on the two platforms ensued and the convention finally adopted the minority report, which holds the prohibitionists to the two issues, the liquor question and woman suffrage, and then adjourned.

BROKE IT UP.

Striking Telephone Girls Caused the Company to Sell.

Des Moines, Iowa, July 2.—The Mutual Telephone company of the independent system, having nearly 2,000 subscribers, is no longer a mutual exchange. Most of the stock has been purchased by a private company. Hereafter, each subscriber was a stockholder, the company having been organized to compete with the Bell system. The sale was occasioned by the strike of the central girls, electricians and linemen. The new management has issued an ultimatum to the strikers and the latter announce the fight will be waged with greater exertion than before.

CONTINUES TO IMPROVE.

East Indian Troops Were Reviewed by the Queen.

London, July 2.—The review of East Indian troops today was largely a repetition of yesterday's function, but the varied coloring of the uniforms of representative corps from all parts of Hindustan formed an altogether more picturesque spectacle. Queen Alexandra was again the central figure of proceedings and the public welcomed the opportunity to testify once more its sympathy with her on account of the recent anxiety and its congratulations on the good news regarding King Edward's condition.

At Buckingham Palace the following was issued at ten this morning: "The king had another excellent night and is making steady progress in all respects. The wound is much less troublesome and is beginning to heal." The following was issued from Buckingham Palace at 7 p. m.: "The king maintains steady progress, the local pain being less and the day passed with greater comfort."

Fire Subdued.

Christiania, Norway, July 2.—A fire which broke out yesterday at Laurvig, Province of Jarsberg, was subdued this morning. About 150 buildings were destroyed. The estimated loss is over a million kroner, (about \$250,000.)

A Railroad Wreck.

Bennington, Vt., July 2.—As the result of a wreck of the Dearing Troy-Montreal express on the Rutland road, at a switch at Hoosick, N. Y., near this city, today, about twenty-five people were injured, five seriously, and one probably fatally. Allen Huckensius, of Philadelphia, 14 years of age, was injured in the back and will probably die.

DOWN SOUTH.

Good Values Reported From Mines Near Stein's Pass.

A correspondent, writing from Silver City, to the Denver News, says: "R. Lee, the recent inventor of a successful concentrator, has gone on a trip to Old Mexico."

The Mammoth mill, at Pinos Altos, has been started up again by Walter Brandis, for the handling of custom ores.

An excellent strike of high grade ore was made on the Arizona mine last week, in the bottom of the new working shaft, as well as the drifts and slopes connecting the shaft.

J. R. Walls, an experienced mining man from Calumet, Mich., arrived in this city Sunday, to take charge of the operations at the Arizona mine.

Gold values at Stein's pass are as saying from \$8 to \$16 and \$19, at a depth of less than fifty feet, and in silver as high as 142 ounces. Also copper ores are carrying 49 per cent copper.

per and 100 ounces in silver at the same depth. The lead ores carry 5 to 10 per cent lead, and have \$300 in silver values.

The granite Lead mine, at Stein's peak, has been purchased by a New York syndicate, the consideration being \$30,000.

A large output is ready for shipment by the Alessandro Mining company, operating in the Burro mountains. The new shaft of the Gettysburg mine is down now about 150 feet, and an average of five tons per day of good sulphide ore is being taken out. A contract for a 1,000-foot tunnel has been let on the Victoria mine, and this has also reached a depth of fifty feet. A new force of men has been employed, and work is being pushed very energetically.

The rich veins of gold ore in the Mountain Key properties are being opened up with a view to speculation. A large force will be employed directly, and more prosperity added to the camp at Pinos Altos.

H. W. Winn arrived in Stein's pass this week, to superintend some work on the Hoisting Works' lead properties, and on the Beck group of gold and silver properties.

The ore bins of the Wilson Mining company are stocked to their utmost capacity with \$25 ore values, ready for shipment, and a second brick of gold-silver bullion was shipped this week by the company.

The Santa Fe people are boring for water at Manila, west of St. Joseph.

LOVE'S YOUNG DREAM

Rudely Shattered in Police Court This Morning.

STORY OF DEVOTION.

Andrew Dillard, a young man of color from El Paso, appeared in police court this morning in high collar, white tie, closely buttoned coat, creased trousers and immaculately polished shoes. He was charged in common terms with being a "masher" and the two objects of his undesired attentions were in court. They merely said they wanted him to let them alone. Dillard then began his defense. With many flourishing gestures he related his love story to Judge Crawford and told how he had come from El Paso to see one of the prosecuting witnesses, who is from El Paso, and of how she made him stand in the alley and talk at long range, much to his disgust in thus being required to take the public into his confidence in what he wanted to be heart to heart talks.

"Dillard, are you a cake walker?" asked Marshal McMillin after critically watching his gestures and motions for several minutes.

"No sah, I'm a saloon porter," he answered with a sweeping gesture.

"Well, by thunder," said the marshal, "it would have thought you were a cake walker."

"But I can walk for a cake if you want me to."

He resumed his love story when Judge Crawford interrupted him:

"Dillard," said he, "time is valuable in this country and we can't wait for you."

"But I have a bottom to it, judge."

"It's too far away," said the court.

"Keep away from these women and if you bother them I'll lock you up. Of course if you want to spark this El Paso young woman and she wants to be sparked."

"Not by him, judge. Not by him," she broke in excitedly.

She was taken at her word and the warning was unqualified. All were dismissed.

J. E. Thompson was arrested and charged with the theft of a pistol from the Palace saloon. His wife appeared and charged him with having beaten her, so the case went over.

Juan Parela, for being drunk, was given \$5 or five days.

Cases This Afternoon.

When Policeman Salazar was on his way to dinner at noon today, Frank Fracoroli called him in to his saloon and lodged complaint against a certain man of South Second street, charging the latter with attempted rape and indecent exposure of his person toward his (Fracoroli) 10-year-old daughter. The man was brought up town and lodged in the city jail. He will have a hearing before Judge Crawford tomorrow.

A fellow, giving his name as John Russell, will also have a hearing before Judge Crawford this afternoon at 4 o'clock. He obtained \$25 from Mrs. Mike Dracoe, who resides on North Broadway street, under false pretenses. He claimed that he was a mail carrier and received a salary of \$150 per month. He gave a check on the First National bank to Mrs. Dracoe, and he had no money in the bank.

Grand Canyon Fires.

Howard Towne of St. Louis, who has been at the Grand Canyon, passed through last night and says serious fires have been raging there. During a recent storm lightning struck trees in several places and started fires which were extinguished by rangers with great difficulty. The night he left another big fire was raging.

Still No Word.

Up to late this afternoon no word had been received by Marshal Foraker as to what to do with the leprous Chinaman and he still occupies his furniture car.

THE DAILY CITIZEN will be delivered in the city at the low rate of 20 cents per week, or for 25 cents per month, when paid monthly. The rates are less than those of any other daily paper in the territory.

The El Paso Elks will build a \$30,000 lodge hall.

Congress has adjourned till the first Monday in December.

A railroad from this city to Durango would be a paying proposition.

It will pay this city to extensively advertise its many advantages.

The president has signed the Isthmian canal bill, and the big ditch will be dug at Panama.

The Minnesota state republican convention endorses the administration of President Roosevelt.

The people of this city will give Delegate Rodey a big reception on his return from Washington.

It now looks as though the services of Pierpont Morgan would be needed to get the democratic party together.

The idea that the Missouri river commission has had nothing to do is erroneous. It has spent \$7,000,000 dollars since 1884.

Col. Max Frost is totally blind and his body is paralyzed, yet he is mentally active, and appears to control the political situation in Santa Fe.

"Sometimes a man imagines the world has a grudge against him," says the Alfalfa Sage, "when in truth the world does not know he is on earth."

The Silver City Independent publishes a call of the Grant county democratic committee, and appropriately surrounds the notice with a black border.

Eight hundred and sixty-nine novels were published in the United States last year by 467 authors. Only fifty of those wrote more than one book. Of the writers, 309 were men and 153 women.

Humane people should emphatically protest to their senators and members of congress against the passage of a bill which has been reported from the house committee on commerce. The bill proposes to make it possible to detain cattle in transit on the cars without rest, food or water for forty hours at a stretch. The present law limits this torture to twenty-eight hours.

Secretary Root's recent communication to the senate contains a significant statement of the gradual reduction of the military forces in the Philippines. In 1891 there were 70,000 American troops in the islands. Today there are but 23,000 and orders for the return of 5,000 more have been issued. No better evidence of the pacification of the islands could be desired.

George A. Croft, a Colorado pioneer, has invented a device for raising water from a well by a screw operated by electricity and will attempt to put it in operation to redeem the arid lands of Colorado. His idea is to operate the screw in an airtight case and force the water to the top of the well. A company known as the Colorado Electric Irrigating company has been incorporated with a capital of \$100,000 to exploit the invention.

The Durango Democrat says: "New Mexico voters should gather in mass convention and renominate and elect Delegate Rodey without any frills or hot air. His fight for statehood is the grandest in history of all the territories, and while Mr. Rodey may be politically objectionable to many in New Mexico, he has the ability, aggression, and staying qualities that render him more desirable than any New Mexico democrat we know of. The duty of New Mexico voters is plain."

The Fourth of July, 1902, is destined to be a memorable day in the annals of the Philippines. On that day a proclamation will be issued by President Roosevelt granting amnesty to all political offenders in the archipelago, including Aguinaldo, and also in the island of Guam, on certain conditions, which it will be easy for the persons affected to carry out. It will be set

forth in the proclamation that peace has been restored in the islands and that the military is to be made subordinate to the civil authority.

BETTER MAIL SERVICE.

In Texas, New Mexico and Arizona an improvement in the mail service on the star routes has been inaugurated. Any person living on or near a route and not within the corporate limits of any town, and who provides a suitable and convenient receptacle for the carrier, can have mail delivered. The carrier is not required to collect mail from the boxes, but there is no objection by the postal department to his doing so, if it does not interfere with his making the schedule time.

ALBUQUERQUE O. K.

The El Paso News says: A gloomy cloud that has made Albuquerque people timorous about the future of their city, for several months, was happily dispelled yesterday by an official of the Santa Fe Railway company who gave it out that work would be at once begun on the proposed 200-mile cut off to hold Mexico, California and Orient traffic, the loss of which was impending through the coming of the Rock Island across the New Mexico, Texas and Kansas plains, and plans of other lines to cross Utah and Nevada from Denver to Los Angeles. Albuquerque has been essentially a railroad city and the loss of the coast traffic by reason of excessive grades and mileage handicapping in competition with a shorter and easier line, would have hurt the biggest city in New Mexico seriously. As the Santa Fe will be put on an even footing, improved service and competition will benefit the southwest, increase traffic and draw business from northern lines with mountains and prairies to cross that are often buried in snow, impassable at times and kept open only at great expense, from which southern lines are exempt. In the plenty of her prosperity in the railway sense, El Paso may well congratulate Albuquerque that although the advent of the Choctaw railway was headed off through the purchase of the line by the Rock Island, the Santa Fe's energy will be exerted in a way to preserve the place as a center of travel. With California, Orient, Arizona, Mexico, New Mexico and Texas traffic going forward by leaps and bounds there is going to be business enough to make both Albuquerque and El Paso lively railway centers. If, as reported today, Albuquerque is also to have a line to Durango as an extension of the Santa Fe Central that taps the Rock Island at Torrance, all the better. This will put the Durango country in direct touch with this city, via the Santa Fe from Albuquerque or the Santa Fe Central and Rock Island from the New Mexico city.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

Texas Bar Association.

Dallas, Texas, July 2.—The annual meeting of the Texas Bar association in session here today is attended by scores of prominent lawyers and jurists from all parts of the state. Prominent among the participants are Judge T. J. Brown, of the supreme court; Hon. C. H. Miller, of Austin; Hon. George E. Miller, of Fort Worth; Hon. Maco Stewart, of Galveston; Hon. Yancey Lewis, of the University of Texas; Hon. John C. Harris, of Houston, and Hon. R. W. Hall, of Vernon.

H. P. Kumpke, druggist, Leighton, Ala., writes: "One of my customers had a child, which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 118 worms from the child. It's the best worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at Cosmopolitan Pharmacy, B. Ruppe.

Bennett Will Contest.

Long Branch, N. J., July 2.—The contest over the will of Henry M. Bennett which involves property approximately worth \$1,500,000, was taken up in the courts here today. Relatives of the decedent are endeavoring to break the will, which was brought to bear upon him by Miss Laura Bigger, the actress, to whom the whole of the property was left.

The Thrust of a Lance

is scarcely more agonizing than the recurrent pains in the abdomen, which follow the eating of improper food or too free indulgence in ice water. The immediate cause of cramps and colic is often the distention of the bowels by gas. Quick relief follows the use of Perry Davis' Painkiller. Careful housekeepers give it the place of honor in the family medicine chest.

Deming water is chemically pure—equal to Polan Springs.

Deming has a magnificent school system.

Mother Gray's Sweet Powders for children. Mother Gray, for years a nurse in the Children's Home in New York, treated children successfully with a remedy, now prepared and placed in the drug stores, called Mother Gray's Sweet Powders for Children. They are harmless as milk, pleasant to take and never fail. A certain cure for feverishness, constipation, headache, teething and stomach disorders and remove worms. At all druggists 25c. Don't accept any substitute. Sample sent free. Address Allen S. Olmstead, Le Roy, N. Y.

BUSINESS LOCALS.

Economize by trading at The Economist. Copper, tin and galvanized iron work.—Whitney company.

No tuberculosis preservative or coloring in Matthews' Jersey milk.

Kleinwort's is the place to get your nice fresh steak. All kinds of nice meat.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent. on the investment.

Orders taken for every known make of stoves and ranges. Albuquerque Hardware company.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Look into Kleinwort's market on North Third street. He has the nicest fresh meats in the city.

We are sole agents for Wheeler & Wilson sewing machines.—Albert Faber, 305 Railroad avenue.

Why buy high priced lots when you can get them cheap in Deming now, with certain advance assured?

We carry the largest variety of linoleums and oil cloths in this city. Albert Faber, 305 Railroad avenue.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

CLOUDCROFT

The Roof Garden of the Southwest. The season at Cloudcroft will open on June 1, the lodge, dining hall and lunch counter having been placed under the able management of the popular hotel proprietor and manager, Geo. Waterman.

KENTUCKY LAWYERS.

Annual Meeting of the Bar Association at Lexington.

Lexington, Ky., July 2.—About 200 Kentucky lawyers were present today at the opening of the first annual meeting of the State Bar association. The session was held in the circuit court room at the court house. President W. H. Mackoy, of Covington, called the gathering together and delivered the opening address. Reports showing the progress and growth of the association since its organization at Louisville a year ago was presented by Secretary Bernard Flexner and Treasurer Kennedy Helm. With the exception of a paper by Malcolm Yeaman, of Henry, the remainder of the opening session was occupied by the transaction of routine business. This evening former United States Senator William Lindsay addressed the association, taking "The Lawyer in Kentucky and Elsewhere," as his subject. The convention will conclude its sessions tomorrow and conclude with a banquet in the evening at the Phoenix hotel.

Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at Cosmopolitan Pharmacy, D. Ruppe.

Tea in Texas.

Port Lavaca, Texas, July 2.—Active preparations are being made for experimenting in tea culture in this section of Texas. The conditions of soil and climate in this vicinity are believed to be well adapted for tea raising; better in fact than in South Carolina, where the cultivation of the plant has passed the experimental stage and is now being grown for market. The Carolina coast has the advantage of a more plentiful rainfall, but this difficulty can be overcome here through the medium of irrigation works already constructed. Negro women and children together with Mexicans from across the border, will furnish an inexhaustible supply of cheap labor.

The experiment will be watched with close interest over the state, for its success will mean a new and highly profitable crop added to the list and a big increase in the land values of the coast country.

Acts Immediately.

Colds are sometimes more troublesome in summer than in winter, it's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles. J. H. O'Reilly & Co.; B. H. Briggs & Co.

School Workers Meet.

Helena, Mont., July 2.—There is a large attendance at the convention of county superintendents and other officials of the state, which began in Helena today, and the meeting promises to be an interesting and profitable one. The gathering was called to order shortly after 9 o'clock this morning and the delegates listened to an address of welcome by ex-Governor P. H. Leslie. After the transaction of routine business the convention took up the discussion of teachers' institutes, school supervision and other educational subjects. The convention will conclude its sessions tomorrow.

When strong and healthy, filter the blood and remove all poisons and impurities from it, but if weak or diseased these impurities are allowed to remain and sickness follows. Stimulate the kidneys with Hostetter's Stomach Bitters. It is the best known remedy for them and never fails to cure. It will also cure stomach complaints. Try it. Our private stamp is over the neck of the bottle.

The Kidneys

When strong and healthy, filter the blood and remove all poisons and impurities from it, but if weak or diseased these impurities are allowed to remain and sickness follows. Stimulate the kidneys with Hostetter's Stomach Bitters. It is the best known remedy for them and never fails to cure. It will also cure stomach complaints. Try it. Our private stamp is over the neck of the bottle.

HOSTETTER'S STOMACH BITTERS

Child Accused of Murder.

Clare, Mich., July 2.—Intense public interest has been aroused in the case of 12-year-old Anna Curtis, whose examination on a charge of murder was begun today before Justice Maynard. The girl is charged with administering carbolic acid to the infant son of George Pardee at the Curtis home, in which the Pardees lived. The little girl was in the room alone with the babe and nothing was known of the affair until its mother heard the child screaming and investigation showed it to have been poisoned.

The Best Liniment for Strains.

Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by all druggists.

Indianapolis Race Meeting.

Indianapolis, July 2.—The Businessmen's Driving association has everything in readiness for the race meeting which will be opened at the state fair grounds tomorrow and continue on through the week. The stables are well fitted with fast horses from all parts of the country and from all indications the meeting will be one of the most successful held hereabouts in recent years.

Cut this out and take it to all druggists and get a box of Chamberlain's Stomach and Liver Tablets. The best physic. They also correct disorders of the stomach. Price 25 cents.

Statehood cigars, two for 25 cents.

Plumbing.

We have added a plumbing department and tin shop to our business. When you have anything in this line to be done see us about it before placing your order. Albuquerque Hardware company.

Trunks; when you need a good stylish well constructed trunk, with all the modern improvements, come to the Golden Rule Dry Goods Company for it. We will save you money on its cost. Come in and see them.

Have you seen that blue enameled steel ware at the Albuquerque Hardware company's store. It is the most beautiful and ornamental ware ever seen in Albuquerque.

Statehood cigars, two for 25 cents.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattle men all know this.

Deming has just been incorporated.

Deming has increased 50 per cent. in population in four years.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size. Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

MANDELL & GRUNSFELD.

SCHOOL TRUSTEES.

Another Lady Teacher Elected by the Las Vegas Board.

SEQUEL OF A MARRIAGE.

Special Correspondence.

Las Vegas, July 1.—Miss Murray, one of the Methodist missionaries, left yesterday afternoon for Albuquerque.

Wynne Glassford left this afternoon for Annapolis where he will enter the naval academy next September. In the mean time do some preliminary work.

Dr. N. W. Judd, of the Montezuma, left yesterday afternoon for Kansas for a few days, and will later return to Colorado, where he will be met by W. C. Sturges, professor of botany in the Yale university, and his family, all of whom have been staying at the sanitarium for the past six months, and they will take a two months' camping trip in Colorado.

Miss Jessie Lawton, one of the nurses at the Montezuma, left yesterday afternoon for a visit in Chicago. She has resigned at the Montezuma and on her return will locate in Las Vegas.

Word has been received from Dr. B. D. Black, from Chicago, that he will return here next Thursday and that he will bring his mother with him, who will make her home here.

All our merchants today that handle tobacco are taking an invoice of the stock on hand so as to avail themselves of the rebate the government allows on stock left over on which there has been paid a war tax. All over 289 pounds on hand the revenue collector will refund the war tax paid on the same at the rate of 3 and 6-10ths cents per pound, the tax having been repealed by congress.

Colonel R. E. Twitchell returned from his trip down the road yesterday.

Dr. Shaw has returned from Buelah and reports Prof. Cockerill much better. The cause of the professor's sickness was from being overheated from a long and arduous walk.

Mrs. Mason and Miss Ruse, who have been spending several months in our city from Minneapolis, left yesterday evening for Roswell, where they will spend the summer.

Brakeman J. L. Wiser has a lay off for a few days and will take to the mountains.

The board of education held a meeting last night and transacted considerable business. The other high school teacher was appointed, Miss Coffey, of Herrington, Kas., being the appointee. She is a graduate of the Kansas normal and comes well recommended. She will receive a salary of \$70 per month. There was quite a little fight on the advisability of putting another woman in as teacher, and the vote was close, three to four. Some of the members object to the public schools being an entirely Adamless Eden, and thought a man should be put in the high school. Antonio Lucero was employed to teach Spanish one hour each day in the high school. The Spanish will be in the freshmen year, and it is expected to add another year of the language later on.

The building committee report on grounds was accepted, and a cement walk will be put down on Baca avenue in front of the grounds. Gravel walks will be put inside of the grounds and up to the building.

Two closets were ordered constructed, with a cess-pool. The closets will be temporary only, as the board figures on other arrangements when the sewerage system is put in.

Mrs. E. G. Austin will entertain a number of friends tomorrow afternoon at cards at her home.

The practice sham battle last night by the two military companies on the plaza promises a good entertainment on the Fourth. The companies are getting the work down fine, and charge and retreat, and execute difficult maneuvers with fairly good precision.

A "Mollie-go-crazy" is being erected on the northeast side of the plaza for the youngsters on the Fourth. They have a steam engine and will give a lively swing. There is going to be fun galore.

R. G. Head, of Watrous, has brought suit against the Las Vegas Meat and Supply company to recover judgment for \$333, amount claimed to be due for a contract given him for the purchase of 250 head of cattle, and which, it is alleged, were not accepted.

Maria J. D. de Alarcon has transferred to Ines Plon for the sum of \$1 certain land near the plaza at Chaparral.

The second chapter of a marriage which parents urged a daughter into entering, is now filed in the nature of a suit for divorce on the part of the husband on account of his wife abandoning him, for no other reason, so the girl claims, that she does not want to live with him and married him against her will.

Jose Maria Montoya and Josefa Benavides de Montoya were married January 8th of this year. The husband now prays for a divorce, and his wife left him on June 12 and went to the house of Epitacio Montoya, where she remained six days and would not return home to him. The parties to the suit live at Los Olivos, this county.

Yesterday's temperature record was, maximum, 84; minimum, 56; mean, 60. The mean humidity, 53. The precipitation hardly enough to note.

Canito Martinez, of Rociada, has taken out a license for a third parlor at that burg, and "family disturbance" will be meted out at 10 cents per disturbance.

One of the native section men got a finger mashed up at Onava this morning by getting it between cars. He came down here this afternoon for medical attendance.

George Neman and wife, of California, are here visiting the family of A. S. Moye. They are relatives.

Mrs. Frank and son, who have been staying out at the sanitarium for some months, left this afternoon for their home at Bushton, Kas.

Mrs. J. J. Dunham, of Chicago, returned this afternoon after visiting her husband in the city, who is here for his health.

A. E. Sweet, the new trainmaster, came up yesterday from San Marcial, where he has been visiting his parents before going on duty here.

Mrs. Donald Tyler, of Owensburgh,

Ky., will arrive here tomorrow to visit her sister, Mrs. F. H. Pierce.

Frank Kennedy, the check boy at the trainmaster's office, resigned this noon. The boy has to walk from the Santa Fe hospital every day and it was too much.

The changes billed to take place in the Santa Fe dispatcher's office here will not go into effect for a couple of weeks yet, it is thought. The change is in the nature of a reduction of the force from thirteen men to four men, the other nine going to La Junta. It is made on account of a change in the relay offices, the dispatches being relayed from La Junta to Los Angeles under the new way, instead of from Topeka here and then to Los Angeles.

The new system of duplex and quadruplex wires make the change advisable and more economical. The oldest men here will be given the preference in the change, and it is not known who will be the ones to go yet. The men left will divide the twenty-four hours into an eight hour shift, and the extra will work when the work is heavy.

Miss Fitzhugh, one of the normal teachers, left this afternoon for her home in Los Angeles, where she will spend the summer.

Mr. and Mrs. T. G. Mernin will entertain tonight a number of friends at cards.

In Judge Wooster's court yesterday the case of Leonor Uriarte, who was charged with disturbing a religious meeting by Mrs. Tooms, was settled by the complaining witness letting the man off with only the payment of costs he being poor and promised to behave himself in the future.

Another case was Mrs. George Markham's complaint against her husband for non-support. The matter was settled by the husband signing a contract to pay his wife \$5 every Monday.

Miss Wheelan, one of the attendants at the asylum, is laying off a few days on account of being indisposed.

A deposition of the evidence of C. W. Givens was taken before Commissioner Bunker this morning in the divorce case of Eliza H. Freeland vs. Albert N. Freeland, her husband. A number of our citizens will remember the man, Freeland. He was here about a year ago, and was noted as a rather worthless cuss. He, it is claimed, has four wives in different parts of the country and one of them living in New York is trying to get shed of her part of the bargain by divorce.

OFFICIAL MATTERS.

Notary Public Appointed—County Commissioner Resigns.

LAND OFFICE BUSINESS.

Governor Otero appointed Joseph Boone, of Fierro, Grant county, a notary public.

Pension Granted. The following pension has been granted: Juanita Rine, Socorro, N. M., \$12 per month.

County Commissioner Resigns. James Reay, a member of the board of county commissioners of Sierra county, has resigned, owing to his removal from the territory. Governor Otero will fill the vacancy in the course of a few days.

New Clerk in Postoffice. From July 1 on the Santa Fe post-office is allowed an additional clerk. Postmaster Simon Nushbaum has appointed Mrs. Frank Andrews to the position until the arrival of H. U. Blake, of Washington, who is expected here on August 1, from Washington, to take the position.

Land Office Business. Homestead Entries—Frank H. Roberts, Farmington, 120 acres, San Juan county; Meliton Madrina, Monero, 160 acres, Rio Arriba county.

During the month of June, homestead entries were made in the Santa Fe land district on 7,176.95 acres, for which \$445 in fees were paid and \$269.13 in commissions. Final homestead entries were made on 1,849.51 acres, for which several hundred dollars in commissions were made. Desert land entries were made on 410 acres, for which the purchase price was \$500.

TWO INJUNCTIONS.

Another Move Made in the Brewery Company Cases.

Another suit was brought this morning in the case of Harry Rankin et al. to enjoin the Southwestern Brewery & Ice company. The first injunction asked is to restrain the company from making any purchases of ice machines which will cause the indebtedness of the company to exceed the amount of paid in capital stock. An order is also asked to restrain the majority of directors from holding a meeting to complete any such contract. The court will hear arguments later.

A suit was also filed by Mary A. Carlin, widow of James S. Carlin, who died in Denver, June 1, 1901. She now lives in Spokane, Wash., and her other heirs are her two daughters, Margarita A., aged 13, and Ruth, aged 10. A part of the estate consists of two lots in this city and a tract of land in San Diego canyon, near Jemez Hot Springs. These she wants to sell.

"I am using a box of Chamberlain's Stomach and Liver Tablets and find them the best thing for my stomach I ever used," says T. W. Robinson, justice of the peace, Loomis, Mich. These tablets not only correct disorders of the bowels but regulate the liver and bowels. They are easy to take and pleasant in effect. Price 25 cents per box. For sale by all druggists.

Notice. Notice is hereby given that the firm of Hopping & Vorhes, job printers, has this day been dissolved by mutual consent, George L. Hopping retiring. Jas. W. Vorhes will continue the business and collect all accounts due the firm, and pay all outstanding indebtedness. GEO. L. HOPPING, JAS. W. VORHES.

Notice. To all whom it may concern: I will not be responsible for any debts contracted by Frank De Lucchi after this date. MRS. ROSE DE LUCCHI.

Fresh tomatoes and asparagus.—San Jose Market.

JUDGE M'MILLAN.

He Was at Washington and Will Answer Charges.

OTHER WESTERN NOTES.

A special dispatch to the Denver Republican from Washington, under date of June 30, says:

Friends of Judge McMillan, of New Mexico, who is now at his home in Buffalo, N. Y., state that he will return here this week to answer charges which have been filed against him in the department of justice and which involve his moral character while performing the duties of his position in New Mexico. Judge McMillan's friends assert that the charges are without foundation and that they were made so that political opponents in New Mexico will be able to secure the position he now holds.

Argues for Statehood.

The senate committee on territories held a meeting this morning for consideration of the statehood bill, at which Delegate Flynn, of Oklahoma, spoke in behalf of the omnibus measure for the admission of Oklahoma, New Mexico and Arizona. The next meeting of the committee will be during the recess and at Indianapolis, Ind. The time for the meeting has not been definitely fixed, but will be made to suit the convenience of the various members of the territories committee.

Timber Lands.

In the senate today Patterson objected to consideration of the house bill granting authority to the interior department to sell timber land in New Mexico in tracts of 25,000 acres, and granting Maricopa county, Ariz., authority to issue bonds for an irrigation project. Patterson, speaking of the objection later, said that as the territories would undoubtedly be admitted as states early next session, the questions involved in the bills objected to should be held for settlement by them.

The senate today passed the house bill adjusting the rights of settlers on the Navajo Indian reservation, and providing that patents shall be granted settlers for lands occupied by them on the reservation prior to the executive order of January 6, 1880, extending the boundaries of the reservation.

A GOOD BOY SUICIDES.

Samuel Martinez Was His Name and He Blew Out His Brains.

The young man, about 20 years old, named Samuel Martinez, who disappeared from his home at Holman on the 17th inst., committed suicide at Taos, N. M., on the 19th by blowing out his brains with a 35 calibre revolver. His motive for taking his own life is not known by his parents. He was a good boy, of a very quiet disposition and nobody ever dreamed he would do such a rash act. His father, Antonio Martinez, his mother and two married sisters live at Holman and are well known and respected people. Samuel was the youngest of the family and unmarried.

Delegate Rodey's Return. Hon. Frank A. Hubbell has telegraphed to Delegate Rodey to ask the exact date of his return with the idea of giving him a reception. Mr. Rodey sent the following telegram to Mr. Hubbell yesterday:

"Congress adjourned today. The nation knows the territory better than it ever did before."

HOTEL ARRIVALS.

Metropolitan. W. A. Ryan, Los Angeles; R. H. Wylie, Burley, N. M.

Grand Central. J. D. Denison, Detroit, Mich.; Mr. and Mrs. L. Jackson, New York.

STABBED WITH SHEARS.

Sensational Suicide and Attempted Murder at Juarez.

Crazed by jealousy Jose Velasquez yesterday attempted to kill his wife and then killed himself.

The tragedy occurred in Juarez in the rooming house of C. Comedero, situated in the rear of the customs house. The weapon used was scissors. Velasquez stabbed the woman in her right arm. Her cries attracted people in the vicinity. When he saw that his murderous attempt would be frustrated he plunged the scissors in his breast ten times.

A policeman arrived on the scene, seized him and started with him to the carcer. Before they had gone many steps Velasquez fell upon his face, blood gushing from his wounds. He expired within a few moments afterward.

His funeral took place at 4 o'clock this afternoon.

The suicide was a photographer and recently came from Chihuahua to Juarez to engage in the photograph business. He was a man of about 40 years and of prepossessing appearance. Gossipers, it is alleged, aroused his jealousy by telling him that his wife was receiving attentions from other men. She was taken to the Juarez hospital, and is not seriously injured.

We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades.

As to teas. Everyone knows that we keep the very best to be had in the territory.

A. J. MALOY, 214 W. Railroad Ave**RAILWAY MILEAGE.**An Interesting Article Showing Rail-
road Progress.

NEW MEXICO TO FRONT.

The Citizen has received the advance sheet from the Railway Age, of Chicago, giving some interesting data regarding railroad building in the United States. The following is of general interest, showing New Mexico to be up among the big leaders:

"The railway mileage of the United States has passed the 200,000-mile mark. The figures at the close of 1901 were approximately 199,525 miles, and the construction for the first six months of 1902 brings the total up to 201,829 miles, the track laid during the first half of this year on 155 lines aggregating 2,314 miles. This is nearly 500 miles in excess of the new mileage for the first six months of 1901, when 1,917 miles were built. The total for the twelve months last year was 5,222 miles, and if the same ratio is maintained this year it will readily be seen that the construction for the year 1902 will easily exceed 6,000 miles. Track laying thus far this year has been distributed throughout forty-one states and territories, the following states reporting no new mileage, although lines are under construction in all of these with the exception of two or three New England states: New Hampshire, Massachusetts, Rhode Island, New Jersey, Delaware, Wyoming, Nevada and Idaho.

"Texas shows the largest new mileage with 236 miles; Oklahoma and the Indian Territory are tied for second place with 211 miles each, and New Mexico is fourth with 190 miles. Other states showing 100 miles or over are: Arkansas, 136 miles; Georgia, 125 miles; Louisiana, 102 miles, and Illinois, 100 miles, Florida being near the 100-mile mark with 97 miles to her credit.

"While the new mileage is widely distributed, the greater portion of it is located in the southwest, the five states and territories of Arkansas, Texas, New Mexico, the Indian Territory and Oklahoma Territory contributing no less than 984 miles. The eight states and territories which are usually classed as southwestern states, have built 1,143 miles of new line, which is nearly half of the mileage for the entire country. Other groupings are as follows: New England states, 21 miles; Middle states, 121 miles; Central northern states, 196 miles; South Atlantic states, 287 miles; Gulf and Mississippi Valley states, 191 miles; Northwestern states, 183 miles; Pacific states, 172 miles. The states west of the Mississippi river have built 1,613 miles, and states south of the Ohio and east of the Mississippi 380 miles, making a total of 1,993 miles of new line completed in the states south of the Ohio and west of the Mississippi river.

"The work of grading is being pushed on several thousand miles of new lines in various sections of the country, and track laying is just commencing or will begin during July in many places. A good many lines report difficulty in securing rails and this is the only thing that will prevent the completion of 5,000 miles or over of new road during the calendar year 1902."

LOCAL PARAGRAPHS.

Ten men are now working in the Flesher & Rosenwald cigar factory. As the Fourth of July is near at hand, Mayor Myers asks the citizens to clean up their premises of all inflammable stuff.

Tomorrow morning, attorney A. B. McMillen, wife and children, accompanied by Mrs. E. P. Nelson and daughter, Miss Euphemia, will leave for an outing of a few weeks on the Rio Pecos.

It is stated today that Joe Barnett is expected home from California either tonight or tomorrow morning, when it is thought the difficulty arising out of the wreck of the B. Ruppe drug store will be amicably settled.

Yesterday, Gus Thelin, of Thelin brothers, sheep raisers, sold to the Albuquerque scouring mills a little over 12,000 pounds of wool. W. H. Hahn, of George A. Kaseman & Co., sheep raisers also negotiated the sale of 20,000 pounds of wool to Gross, Kelly & Co. These clips brought good prices.

July 4th the W. C. T. U. will hold a basket picnic for members and friends at the home of Mr. Pitt Ross on Barelas road. McSpadden's wagon will stop at the corner of Coal and Arno and at the west end of the viaduct from 9:30 till 10 to convey all who desire to go, returning there in the evening.

Jerome Malette, the efficient pharmacist of the B. Ruppe drug store, finished his week's lay off in time to put in some extra hours. Half an hour after the drug store was wrecked, Jerome was noticed busily engaged in assisting Mr. Ruppe to get things in some shape for the reopening of business.

Luke Walsh has assumed charge of the Metropolitan saloon, corner of Railroad avenue and First street, as proprietor. David E. Strachan, who is also well known, will be one of the mixologists of the place. Mr. Walsh will conduct one of the best resorts in the city, and he will furnish regular free lunch.

L. M. Fee, the manipulator at the soda water fountain of J. H. O'Reilly & Co., expects his wife and three children, and other relatives to arrive tomorrow night from Springfield, Ill. Mr. Fee has rented a nice residence on the Highlands, and this city, for the time being at least, will be their home in the future.

Ed. S. Gleason, who, with others, recently secured a franchise for an electric street railway system in this city, writes to F. H. Mitchell that he will be here, accompanied by a well known New York civil engineer and surveyor, in a few days when work will be commenced on the street railway as soon thereafter as possible.

J. R. Abner, who was the engineer at the government Indian school at Phoenix, Arizona, came in from the west this morning. He has been transferred to the Chilocco Indian school at Arkansas City, Kas., as the engineer at

that school, and after a visit of a week or ten days at the local school he will go to Kansas. Mr. Abner is one of the best employees in the government Indian service in the southwest, and The Citizen is pleased to note his gradual advancement in the service.

Seventy-five native laborers, picked up in the valley, left this morning to work on the Santa Fe railway on the section north of Trinidad.

Judge T. C. Gutierrez is in the city from his ranch home a few miles up the river. When asked regarding the report of the terrible treatment of Manuel D. Gonzales by a party of San Felipe Indians and his subsequent death, Mr. Gutierrez stated that he had heard the report but could not, personally, substantiate the report as correct. He believed, however, that there must be something in the report, for the reason that the first rumor to reach him came almost direct from the San Felipe Indians.

STENOGRAPHY CLASS.

Of the Agricultural College Are in Demand.

Miss Kittie Fountain, of Mesilla, who completed the work in English and Spanish stenography at the college during the past year, left last week for Cananea, Sonora, Mexico, to take a position as English-Spanish stenographer with the copper company there at a salary of \$100 a month, gold, says the Las Cruces Progress. Nearly all the students of the stenography class of the year just closed have already taken positions, including the following: Miss Alice Stanley, with the American bank, Mexico City; Miss Florence Dennis, with the Mexican Central railroad, Mexico City; Miss Laura Davis, in Santa Fe, N. M.; George Horton, at Zacatecas, Mexico; George V. Howard, with the Packing house at Chihuahua; Rafael Calderon, a stenographer to the superintendent of the Mexican Central railroad, Chihuahua; Ricardo Hernandez, with Ketelsen & Degetau, Parral, Mexico; Charles Everist with the same railroad at Jimulco, Mexico; S. C. Huse, at Orizaba, Mexico; Lawson Lowe, with the Santa Fe railroad at El Paso; N. C. Flint, with Mr. Clapp at Hatch, N. M.; Miss Johnson will leave in a week or two for a position in the City of Mexico, and others are expected to take positions within a few days. The stenography department is doing a good work in placing these young people on the high road to a successful business career.

Odd Fellow Officers.
The Odd Fellows last night enjoyed a banquet, good stories and a pleasant evening. It was to celebrate the installation of the following elective officers by Deputy S. Vann: Harry Strong, N. G.; H. E. Fox, V. G.; O. W. Pillsbury, secretary; H. Brockmeier, treasurer; S. T. Vann, S. P. G.**Acker's Blood Elixir** positively cures chronic blood poisoning and all scrofulous affections. Kodol

Digests what you Eat

Dyspepsia Cure

You need all kinds of food to maintain the body. Curtail this variety and some organ is underfed. It is for this reason that a diet is injurious. If you cannot digest good food your stomach is out of order and needs rest. You cannot go without food for that would mean starvation. Kodol Dyspepsia Cure will digest what you eat without the stomach's aid. Take it and you can rest your stomach without interrupting digestion. It is nature's own remedy. Never fails. Anderson Riggs, Sunny Lane, Tex., says: "I was troubled with indigestion ten years and tried many things and spent much money until I tried Kodol Dyspepsia Cure. I am now feeling better than in five years and more like a boy than in twenty."

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The 21¢ bottle contains 2 1/2 times the 50¢ size. When you need a soothing and healing application for piles, sores and skin diseases, use DeWitt's Witch Hazel SALVE. Beware of counterfeits.

J. H. O'RIELLY & CO., AND B. H. BRIGGS & CO

NEW MAINE.

Uncle Sam's Trial Trip of the New Battleship.

Philadelphia, Pa., July 2.—About 10 o'clock tomorrow morning the Maine, one of the most powerful battleships ever built for the United States navy, will leave her dock in Cramp's shipyard for her builders' trial trip. She will be under the general supervision of Edwin S. Cramp, with James A. Clappitt as pilot. The trial spin will be over the builders' course, which extends twenty-one miles from the Delaware capes to the Southwest lightship, eleven and one-fourth miles from the Southwest lightship to the Northeast lightship, eleven and one-fourth miles from the Northeast lightship to the Southwest lightship, and twenty-one miles from the Southwest lightship back to the capes.

Her trial will be made to determine how well she steams, whether her machinery works smoothly and approximately what her speed is. That she will meet and exceed the requirements of the contract is regarded as a certainty by naval experts who have closely watched her progress from the time her keel was laid. During the trip she will be manned by a crew of 250 picked men from Cramp's yards. The conditions under which this trial will be made will differ to some extent from her government trial this fall, inasmuch as she is not now in a finished condition. She is designed to have a speed of eighteen knots an hour, which is considerably in excess of the speed of the Alabama and other crack battleships of the navy. That she will do even better than her contract speed there is no doubt. In fact, it is believed that she will have plenty to spare along this line.

Much sentiment is attached to this huge fighting machine, named after the original Maine, which was destroyed in Havana harbor more than four years ago. The keel was laid February 15, 1898, one year after the destruction of her namesake. In size and armament the new vessel is vastly superior to the old. The old Maine was a second class battleship, built in the New York navy yard. The new one is a first class battleship of 12,500 tons displacement. Her main battery will consist of four twelve-inch guns, and her secondary battery will be twelve six-inch guns. The new ship is fifty feet longer than the old Maine, her engines will have an indicated horse power of 16,000 as against 9,293 of the old ship. Her armor is twelve-inch "Kruppized" as against the twelve-inch Harveyized steel used on the old ship, and her coal bunkers carry 2,000 tons, giving a steaming radius of 10,000 knots at a cruising speed of ten knots an hour.

The Same Old Story.

J. A. Kelly states an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entire satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by all druggists.

SANTA FE.

From the New Mexican. A letter addressed to A. M. Bergere is held at the postoffice for postage, and a letter addressed to Mrs. Guillermo is held for more explicit address.

Several families are employing girls from the government Indian school in this city as house servants. The girls are docile, quiet and learn housework rapidly.

A petition is being circulated and is being extensively signed, asking the board of county commissioners to place the bridge over the Santa Fe river on Bridge street in good repair. Miss Doyle, Eduardo M. Otero and four children of Mr. and Mrs. Bergere, left for the Pecos to camp. They will be followed by Miss Nina Otero, Miss Freeman and Manuel Otero.

Hon. Matthew G. Reynolds, United States attorney of the court of private land claims, arrived from St. Louis with his son, Matthew G., Jr. Mr. Reynolds will study up some of the details in the office of the court formerly attended to by W. H. Pope, who has left for the Philippines. On Thursday, he will leave with a party for the Conchos river on a fishing trip. Mr. Reynolds says that owing to the fact that the business of the court of private land claims is very nearly all disposed of and the existence of the court expires next year, no assistant United States attorney will be named in Mr. Pope's place.

The two-horse team of Hon. E. F. Hohart ran away from in front of the public library. The horses dashed out to the rear building and back to the Plaza, where Guard Sturgess of the penitentiary, by a dexterous movement stopped the team which was running at a high speed. At the same time, a porter of the Palace hotel had climbed into the wagon to stop the horses if possible. Several people were thrown in trying to stop the team and little Helen Winters occupied the wagon, but all escaped without injury. A moment later there would have been a collision with another team and the little girl in the wagon would have

been seriously injured, if not killed. The wagon was slightly damaged.

Rev. W. L. Riley, L. L. D., Cuba, N. Y., writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment, the first application giving me first relief, and the second, entire relief. I can give it unqualified recommendation. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppel."

DANGERS OF BASE BALL.

Two Players Collide and Both Seriously Injured.

While playing ball Sunday at Fort Collins, Colo., "Bud" Schell had his right leg broken and Charles Stewart suffered a fracture of the jaw. The boys were running at full speed to catch a fly and collided with such force that they were knocked to the ground sustaining the injuries. They are about 18 years of age and reside in that city. The game was played for practice by "scrub" nines.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every scribe. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this remedy in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by all druggists.

Georgia Democrats.

Atlanta, Ga., July 2.—Interest in the democratic state convention centers altogether in the platform to be adopted. The convention was called to order in the house of representatives shortly after noon by Chairman E. T. Brown and after roll call and the appointment of the usual committees the perfunctory work of nominating candidates for state officers was taken up. This was merely a ratification of the ticket chosen at last month's primary and consequently was of a purely routine nature.

The resolutions to be reported to the convention late this afternoon are a subject of lively discussion among the delegates and other politicians in attendance. If the opinions expressed by well known party leaders are any indication of the feeling of a majority of the delegates the Kansas City platform will be ignored. The opinion of the majority appears to favor the adoption of an entirely new platform with new issues. There is a disposition to relegate free silver to the rear and come out squarely for Cuban reciprocity and other things of national importance.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of 76, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy. Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. J. H. O'RIELLY & Co.; B. H. Briggs & Co."

New York Teachers.

Saratoga, N. Y., July 2.—Convention hall was filled to overflowing at 10 o'clock this morning when the forty-seventh annual meeting of the New York State Teachers' association was called to order by the president, Henry P. Emerson of Buffalo. After the address of welcome and responses had been delivered the convention listened to addresses by Prof. Paul H. Hauser of Harvard university, on "Some Essential Characteristics of Good Teaching," and by Mrs. Anna Eggleston Friedman, of Buffalo, who took as her subject "The Life and Work of Col. Francis W. Parker." This afternoon the convention divided into sectional conferences for the consideration of matters pertaining to various lines of educational work. Professor Edmund J. James, of the University of Chicago, is one of the prominent educators on the program. This evening officers for the coming year will be chosen tomorrow.

If a Man Lie to You.

And say some other false, ointment, lotion, oil or alleged healer is as good as Bucklen's Arnica salve, tell him 30 years of marvelous cures of piles, burns, boils, corns, felons, ulcers, cuts, scalds, bruises and skin eruptions prove its the best and cheapest. 25c at all drug stores.

Coming School Teachers.

J. W. Barton, who for the last five years has been principal of the public schools of Chillicothe, Mo., has been engaged as principal of the public schools of Deming. The others who will compose the faculty for the coming term will be Prof. U. P. Duff, assistant principal, Mrs. Smith, Ella P. Guiney, Miss Daisy Allen, and Miss Kurtz. The other one has not been named. The school directors will not be able to complete the addition to the school building in time for the com-

mencement on the first of September, owing to not being able to secure the necessary material in time, but they will have it well along toward completion by that time and complete it at as early a date as possible afterward.—Headlight.

Saves a Woman's Life.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from coughs, colds, throat and lung trouble need this grand remedy, for it never disappoints. Cure is guaranteed by all druggists. Price 50 cents and \$1. Trial bottle free.

FAMOUS CAMP.

Chloride, Down in Sierra County, Coming to the Front.

That famous old mining camp, Chloride, in northern Sierra county, is gradually coming to the front, and it is predicted that a vast amount of development work will be substantially inaugurated before the closing of the present year, says the Advocate.

The parties operating the Silver Monument mine have commenced sinking a new shaft, and at the depth of eighty feet encountered a good body of high grade borinite ore, so famous in the history of that remarkable property; the new shaft so far as developed is being timbered and sinking of the same is being continued. The Mines Development association is working the New Era mine, which adjoins the Silver Monument, have recently put in extensive hoisting machinery and are now putting in a double compartment shaft. This property has been a remarkable producer since work was commenced on it some eighteen months ago, and has been a regular producer from the start. The Oliver Mining company, recently organized to work the Oliver mine group of mines on Central Creek, in the Chloride district has, we are informed, commenced active operations. We are also informed that the company will do a large amount of development work, and also that they will open up a general store at Chloride.

A little life may be sacrificed to an hour's delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

After a Knave.

Colonel Shakespeare, of the Deming Headlight, has the following warning in the last issue of his paper: "When a man stops a telegraph messenger boy on the streets and asks him regarding certain telegrams that he is supposed to have in his possession, that man is a knave or devoid of sense. And in this particular instance, as the editor of the Headlight has full charge of the messenger of this city, he being our son, we hereby register a timely warning that any further attempts of this kind hereafter from the party who tried this trick last Wednesday will result rather disastrously to the sneak to whom this article is dedicated."

Need More Sleep.

Often the over-taxed organs of digestion cry out for help by dyspepsia's pains, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25 cents at drug stores.

Sheep Scab.

The Denver Field and Farm says: New Mexico is having all kinds of grief just now over the old question of sheep scab and the officials are on the run in a dilemma as to what can be done to stamp out the greatest pest that ever afflicted the flocks of the territory. Some of the largest sheep owners refused as usual to dip their sheep this year and in consequence scab prevails to such an extent, especially in Guadalupe county that the United States bureau of animal industry threatens to declare quarantine against New Mexico sheep unless a change for the better occurs at once. The officers are in favor of enforcing the law to its fullest extent and prosecuting all sheepmen who fail to comply with it.

CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system. Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. T. A. Williams, a leading dry-goods merchant of Spartanburg, S. C., writes: "For years I had a severe case of nasal Catarrh, with all the disagreeable effects which belong to that disease, and which made life so painful and unendurable. I used medicines prescribed by leading physicians and suggested by numbers of friends, but without getting any better. I then began to take S. S. S. It had the desired effect, and cured me after taking eighteen bottles. In my opinion S. S. S. is the only medicine now in use that will effect a permanent cure of Catarrh."

is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

If you have Catarrh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S., and send for our book on Blood and Skin Diseases and write our physicians about your case.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

When the young mother is allowed to get up for her first meal, even though she takes it alone, it seems good to her to take this one step nearer the family circle, and she counts the days until her strength will be fully restored. But very often strength does not come as expected, and she lingers in languor and weakness.

"Favorite Prescription" is a reliable woman's medicine. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I cannot praise Dr. Pierce's Favorite Prescription too highly as a tonic for tired, worn-out women especially those who are afflicted with female weakness," writes Mrs. Ira W. Holmes, of Cedar Rapids, Iowa. "It has helped me very much and a skilful physician said to me in answer to my question as to its efficacy, 'I know of cases where it has really worked wonders.'"

The Common Sense Medical Adviser, 1008 large pages in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Jemez Hot Springs.

The public is invited to visit the famous health giving springs. First class accommodations can be found at the Stone hotel. Bathing, good trout fishing and beautiful scenery are only a few of the attractions of this delightful resort.

Railroad Topics

John Donnelly, a machinist from the Albuquerque shops, is in El Paso.

Car Foreman O. D. Buzzell, of the local railway shops, has returned after spending a few days in El Paso.

There is a Chinese wiper in the Galveston & Houston shops in El Paso, who has been holding down the job nineteen years.

The El Paso & Southwestern baggage car, which was smashed in the Sands collision, is at the local shops to be repaired.

Railway mileage in the United States has passed the 200,000 mark, which is considerably more than two-thirds of the entire railway mileage of the world.

An eastern railroad company has just been equipped with ten new sleeping cars designed and furnished for the special accommodation of women. The cars are the longest in the service, measuring 40 feet 6 inches.

From the first of January to the first of June this year 190 miles of railroad were actually constructed in New Mexico. It is estimated that between June 1 and the 31st of December of the present year 250 additional miles of railroad will be built.

Circulars have been received here announcing that the Southern Pacific has changed its headquarters from Sacramento to San Francisco, Cal. H. J. Small, who has been with the company for some time, has been made general superintendent of motive power.

Reports from the north say that C. E. Langston, for the last year general foreman of the Santa Fe shops at La Junta, Colo., has resigned to become division master mechanic for the Colorado & Wyoming, with headquarters at Trinidad. No successor to him at La Junta has been announced.

"Picturesque Colorado" is the title of the most attractive publication ever gotten out by a railroad on the subject of scenery and resorts. This handsome book is issued by the Colorado & Southern railway, commonly known as "The Colorado Road," whose lines reach the grandest scenic portions of the state and all the leading health and pleasure resorts.

The Pennsylvania Railroad company has agreed to pay the city of New York \$75,535 yearly during the first ten years for its tunnel franchises under the Hudson river, Manhattan island and East river, and \$114,000 yearly for the following fifteen years. The city will thus receive \$2,478,415 from these franchises during the first twenty-five years of the operation of the tunnels.

While section men were burning grass along the Santa Fe track between Fulton and Northman stations, out west, the flames broke over the fire line and were soon raging through pastures, hay and grain fields, burning everything before them. The range of the blaze was an average of a mile in width and nearly five miles in length, and the loss will be between \$1,500 and \$2,000.

S. B. Grimshaw, formerly chief clerk to General Superintendent Egan, of the Denver & Rio Grande, at Deming, will become trainmaster of the El Paso & Northeastern, with headquarters at Alamogordo, N. M., the appointment being made by Assistant General Manager Greig. While no official announcement has been made, the statement comes from friends of Mr. Greig, who recently spent several days in Denver.

The Topeka State Journal says: George P. Tilson, formerly inspector of air brakes on freight cars in the field, but who was sent west for recovery from lung trouble, is still at the Las Vegas hospital of the Santa Fe. Tilson occupies a small dog house tent on the sanitarium grounds and has for his daily diet tea, raw eggs. He has been told by the doctors that he must raise the number by two before they will permit him to curb his appetite.

Eugene F. Felt and Frances B. Felt filed suit in the district court at Pueblo against the Denver & Rio Grande Railroad company for damages in the sum of \$5,000 on account of the death of Charles R. Felt, a son. According to the complaint, young Felt was killed at Florence last February, and it is alleged that his death was caused from injuries received while coupling cars. They claim the accident was due to the fact that in place of automatic couplers, the cars were provided with the old fashioned link and pin couplers.

The New Mexican says: It is more than likely that the Atchison, Topeka & Santa Fe railway and the Santa Fe Central railway will erect a handsome union depot near the site of the present railroad depot on the south side. This action on the part of these roads will enhance the value of real property in that vicinity and naturally will be of benefit to property owners. Therefore no obstacle should be put in the way of this plan and the lands required by the Santa Fe Central railway for right of way, depot grounds, etc., should be either donated to that road or sold at a low figure.

One of the most beautiful and complete railroad publications ever issued in America is being distributed from headquarters of the Santa Fe road to general passenger agents. The book is a souvenir of the recent annual convention which met in southern California, but numberless interesting views of the people and the country visited en route to the convention. The pamphlet is a striking advertisement of southern California, and the many diversions there presented for visitors. The beauty of the publication has developed an unprecedented demand from all quarters, which it is claimed the railway company will not be able to fill.

Object to Fast Time.—Some of the roads whose mileage is too long to meet the fast time from Chicago to Denver now being made by the Northwestern, Rock Island and Burlington roads threaten to reduce the rates on their trains if the fast trains are not withdrawn. About five or six years ago similar trouble regarding fast trains threatened a rate war. The matter was then submitted to arbitration, B. D. Caldwell, formerly chairman of the Western Passenger association, being chosen arbitrator. He

decided that the roads not able to meet the fast time made by the direct lines were entitled to a differential rate, or, in other words, that extra fare should be charged on the fast trains, as is now being done on the eastern roads. Rather than do this all the roads went back to slow time. Probably the same thing will be done this time after a short fight, as the extra fare principle is not popular with western roads.

Fighting Against Time.—A telegram from San Bernardino says: The striking billmakers are waiting for orders from Kansas City and killing time by arranging for a big dance to be given in the pavilion. A complete record of all the conversation with General Manager Wells at the last conference was sent to Kansas City, where the grand officers of the union will look it over. No further movements in the strike situation are expected for several days.

Buy Two Short Lines.—The Santa Fe has acquired the California Eastern railroad. The line extends from Golfs to Manvel, a distance of thirty miles. It leaves the Santa Fe main line forty miles west of the Needles and runs in a northwesterly direction to important mining camps in the neighborhood of Good Springs.

The Big Four railroad is another line that has lately been added to the Santa Fe system. Notwithstanding its high sounding name it is only eight miles long, running from Poland Junction to Poland, Ariz.

The Perfect Liver Medicine. Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at Cosmopolitan Pharmacy, B. Ruppe.

FACING GREAT STRIKE. The Chicago Railroads and the Freight Handlers. Unless the general managers of the railroads reverse their announced decision in regard to a new scale of wages, 10,000 freight handlers will, in all probability, quit work in all the railroad warehouses and freight sheds in Chicago. If the freight handlers strike, it is highly probable that other unions will be drawn into the struggle through sympathy.

Officials of all the railroads replied to the demand of the freight handlers for more wages. The answers were almost uniform, each of the companies submitting an amended scale of wages to go into effect after three months.

The men refused to consider the offers of the railroads, and declare that unless they are granted better terms, they will quit work. From the railroads it was learned that all have determined not to make any further concessions.

An attempt to address the men in the Rock Island freight house by Mr. Hitt, the Chicago agent, met with a rebuff. Mr. Hitt offered the men an increase in wages. President L. J. Curran of the freight handlers' union, stepped forward when Mr. Hitt asked if the men had anything to say. Curran was not allowed to speak and the 200 men in the freight house followed him out of the warehouse.

QUEEN VICTORIA'S HAIR. Its Profusion, at Her Age, Has Always Been a Wonder.

Over 80 years old, Queen Victoria yet had luxuriant hair, which, for years was a marvel. The court physician, following Prof. Unna's discovery, treated her majesty's scalp with a germ destroying preparation, which he has always kept secret. It is now known, however, that the remedy for dandruff, the germ destroying element, is embodied in Newbro's Herpicide, the only hair preparation on the market that does destroy the dandruff germ. Without dandruff hair will grow profusely and falling hair will be stopped. "Destroy the cause, you remove the effect."

Chama River Dry. Word received from Abiquiu, Rio Arriba county, has it that the Chama river has dried up below the Abiquiu ditch for the second time in a hundred years, the other time it dried up having been four years ago. The cutting of timber on the Tierra Amarilla grant is blamed for this. The water in other streams of that section is also lower than it has been ever before and unless heavy rains set in soon there will be many crop failures.

A Good Reputation. The way to gain a good reputation is to endeavor to be what you desire to appear. That is precisely the way in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by all druggists.

Grand Duke Boris Coming. Washington, D. C., July 2.—Preparations are being made at the Russian embassy for the reception and entertainment of the Grand Duke Boris, the first cousin of the czar, who is expected to arrive in this city during the next few days. Upon his arrival the grand duke will come direct to Washington, where a series of fetes are planned in his honor. He will be presented to the president, but will not expect any public functions in his honor, as he is traveling unofficially, though not incognito. While in the United States he expects to devote considerable time to the investigation of the immigration problem and the condition of American citizens of Russian extraction in the United States.

WRITES FROM MEXICO.

War and Drouth Making a Desert of Sonora.

Prof. Edwin Walters, who has just returned from Old Mexico, writes the following interesting sketch of his journey to the Sierra County Advocate:

"On Sunday, the 8th inst., I nooned at the Santa Rosa ranch, about seventy miles south of Ures, and twenty-six miles east of Minas Prietas in the state of Sonora. Within an hour after I started 3,000 Mexicans and 1,200 Yaqui Indians were fighting on my camp ground. Forty-nine Yaquis were killed and about 100 were wounded. Among the slain were twelve or fifteen women and children. One old Yaqui woman 85 years old, whom I fed, was said to be among the killed. The Mexicans lost twenty-four killed and seventy-six wounded and took some 200 prisoners, but I think that most of them were women and children. I stayed all night at the camp of the Greene Consolidated Copper company. At this place there were twelve Yaquis among the miners. Four days after I left the "Rurales" (Mexican militia), stood these twelve Indians up in a row and shot them all. I traveled some 600 miles in the state of Sonora, 400 miles of it on horseback over rough mountain trails. I saw twice as many dead animals as living ones. There were no winter rains last January and February as usual, and there are many places that one cannot see a spear of grass in a whole day's travel, and the buds on the oak trees have not yet commenced to swell. The war and the drouth is making a desert of Sonora; if it does not rain soon, starvation will certainly overtake the majority of the people of the state of Sonora."

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and kidneys strong and active. Burdock Blood Bitters does it.

A Big Land Sale. The Bartlett mesa and the McCann tract in Colfax county, covering 15,273 acres, have been sold by Fred Roth & Co. Dr. William R. Whittier, eye, ear and nose specialist of the Iowa State university; Wilbur J. Teeters, professor of chemistry of the same university; Professor Arthur J. Smith, also of the same university, and William J. Linwood, of Raton. The price paid was \$30,416.79, being \$2 per acre. The land was bought a year ago by Mr. Roth from the Maxwell Land Grant company for \$1 per acre.

For Over Sixty Years. An old and well tried remedy.

Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Very Dry.

Stockmen of the southern counties say that water is scarcer now than it was during the big drouth twelve years ago. The heavy rains of last fall so saturated the ground that the grass crop this spring was above the average, hence the loss of cattle in the counties is not very great up to this time. As a rule cattle are reported to be in good condition.

Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. J. H. O'Reilly & Co., B. H. Briggs & Co.

Concerning Trade Tricks. The old saying that there are "tricks in all trades" has outlived its truthfulness, if there ever was any truth in it. This store does not countenance tricks of any sort to catch the unwary. The plain, simple policy of buying at good merchandise and selling it at a just profit is what has gained for us the public confidence. What you read in our "ads" you can see to the people with money to spend naturally go to the safe trading place—Golden Rule Dry Goods Co.

In Deming the demand for rental houses is five times in excess of the supply.

Keep Cool! Wear a flannel coat and pants—don't need any vest; nice stylish flannel goods, only \$6.50—Simon Stern, the Railroad Avenue Clothier.

Deming, the seat of the now county of Luna.

Attend the special 25 per cent reduction sale on men's and boys' clothing at Golden Rule Dry Goods Company.

Ayer's

You have doubtless heard a great deal about Ayer's Sarsaparilla—how it makes the blood pure and rich, tones up the nervous system, clears the skin, reddens the cheeks, and puts flesh on the bones. Remember, "Ayer's" is the kind you want—the kind the doctors prescribe.

Ayer's Pills are a great aid to Ayer's Sarsaparilla. These pills are liver pills, safe for the parents, and just as safe for the children. Purely vegetable. J. C. Ayer & Co., Lowell, Mass.

PROFESSIONAL CARDS

MINING ENGINEER.

V. V. CLARK, Mining and metallurgical engineer, 108 West Gold avenue, Albuquerque, N. M. Specialties—Reports, surveys and maps; plans and reduction works; mines and mining investments; second hand mining machinery; custom assaying and analysis.

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

LOCAL PARAGRAPHS.

The natatorium will not be open to the general public this evening.

George E. Briggs and wife are here from Barstow, Texas, and will remain a few days.

Grand picnic, ball and celebration at Badaracco's summer garden on July 4. Everybody invited.

After a stay of a few weeks at the Camp Whitcomb resort, Miss Stingle returned to the city yesterday.

The Spanish-American War Veterans, Booth camp, will hold an important meeting this evening over Zeiger's Cafe at 7:30 p. m.

Regular meeting of Degree of Honor at 7:45. All members requested to be present. By order of the C. of H. Etta B. Allison, recorder.

Regular review of Albuquerque test, No. 1, K. O. T. M., will be held this evening in K. of P. hall at 8 p. m. B. Ruppe, commander.

Policeman Frank Rossi and family left this morning for the mountains, where they will rest up from the city heat and dust for a short time.

Rev. Mr. Renison will deliver an address tonight at the Lead avenue Methodist church. All are invited to attend. Service begins at 8 o'clock.

The Elks who are going to the Silver City celebration and Elks carnival will leave this city tomorrow evening at 11 o'clock p. m. in a special sleeper.

After a rest of a week, George L. Hopping, formerly of the job printing firm of Hopping & Vorhes, will take back his old position at the Journal-Democrat.

It is reported at The Citizen office this afternoon that F. W. Hamm, a bookkeeper at the Phoenix store, is better today. He is confined to his bed with pneumonia.

Ten Indian boys and girls who attended the Phoenix, Ariz., Indian school, were brought to the city this morning by J. R. Abner, and from here will go to their various homes.

Judge Benjamin S. Baker will be one of the Elks base ball team at Silver City. He will do the coaching for the team, and will help do all the necessary kicking at the umpire.

Mrs. W. N. Withrow is dangerously ill at No. 115 South Arno street. Last night her brother, Dr. Harvey Spangler, arrived from St. Johns, New Brunswick. The visitor is an osteopath.

Herman Blueher and others, of a party which left here last Friday for the Ellis ranch near Bernalillo, returned to the city last night. Mrs. Korber, Albers and others remain at the ranch.

D. D. Graham, the government farmer at the Zuni village Indian school, came in from the west last night, and left this morning for the east, where he will visit and enjoy a needed recreation for a few weeks.

Capt. A. B. Fitch, of the Graphic mine and smelter, who is thoroughly well known in central and southern New Mexico, came in from the south this morning and continued north to Cerrillos, where he goes to look over the smelter of that town.

News reaches the city that J. Fred Fleischer, formerly of this city, but recently employed in the store house department of the Santa Fe Pacific at Needles, has resigned his position at that place and will return to Albuquerque in the near future.

S. D. Anderson, who spent the past three months as the guest of his sister, Mrs. A. W. Hayden, and husband, left last night for his home in Boston, Mass. It is understood that when Mr. Anderson returns in the fall he will be accompanied by his family. He is a thorough carpenter and contractor.

J. A. Beal, who enjoyed his vacation on the Pacific coast, visiting San Francisco and the resorts of southern California, returned to the city this morning, and he reports having had a fine time. Mr. Beal says the sea atmosphere did him lots of good, and he feels as lively as a young Jayhawker direct from the wheat fields of Kansas.

Mayor Ernest Meyers, one of the Elks' base ball players, who was down to alternate as pitcher and catcher in the Silver City game on July 4, telephoned to The Citizen office at noon today that he cannot make the trip to Silver City, but that his partner, D. J. Abel, who is a world famed pitcher and catcher, has been substituted and will be ready to make the trip to Silver City tomorrow night.

W. Q. Fawcett, a well known contractor and builder of Captain, with his wife and son, arrived here yesterday, overland, and for a few days will be the guests of Mr. and Mrs. O. H. Scott. Mr. Fawcett is driving overland, and on leaving here will proceed

to Trinidad, Colo., where they will visit for a few weeks and then return overland to Captain. En route to this city the Fawcetts have subsisted on game and all have enjoyed the finest kind of health.

To My Patrons.

Owing to my recent illness, I am obliged to take a much needed rest and my millinery parlors will be closed from July 15 to August 15. I have engaged the services of Mr. Reeves, the collector, to attend to the accounts during my absence. Those who wish to settle before July 15 will confer a favor by calling at my place of business.

MRS. M. MC CREIGHT,
No. 210 South Second street.
