HOTEL COLLAPSED

Thirteen Men Were Hurlled Down.

The Mills at Paterson Are Open.

Toronto Street Railroad Strike May Be Ended Today.

GIRLS ON STRIKE.

Dallas, Texas, June 23.—At 2:05 o'clock this morning, the center section of the St. James hotel, a three-story building, collapsed without warning and thirteen men were carried down with the debris without a single fatality. For a few minutes after the crash it was thought several lives were lost, but by quick work, the firemen and policemen rescued all who had not escaped through their own efforts. The escape of those taken from the debris was marvelous, as there was tons of brick, mortar and woodwork piled in above where they were found. Three men seriously injured are: F. Fife, J. F. Hoffman and J. Ross, internally. No deaths resulted from the collapse of the hotel building. All the injured are doing well with the exception of John Ross, a tailor, who may die, his back being severely wrenched and a leg broken.

MILLS ARE OPEN.

Less Than a Third of Employees Reported for Work.

Paterson, N. J., June 23.—Although many of the mills are open this morning, it is estimated less than one-third the regular number of employees reported for work. A meeting of strikers will be held today, but it is not expected any definite action will be taken. Details of infantry and cavalry are on duty at the mills today.

SETTLEMENT POSSIBLE.

Toronto Street Railroad Strike May Be Ended Today.

Toronto, June 23.—Business Manager McDonald, for the striking employees, stated this morning that after a conference of twelve hours with the officers of the street railway company, the question of wages and recognition of the union has practically been settled. President Ames, president of the board, is authority for the statement the strike is about settled and cars may be run this afternoon.

The company made an attempt to run cars this morning. A number of militiamen arrived here today and are quartered at the armories. Manager Keating, of the company, in an interview, said:

"There is a possibility of settlement. That is all I can say. The strike is not yet over."

A compromise has been arranged and an agreement signed on both sides. The strike is practically over.

Girls Still Out.

Des Moines, Iowa, June 23.—The strike of the telephone operators shows no signs of settlement. The Electrical Works and Lines union will go out in sympathy when authorized by the trades assembly. Several wires of the Bell and Independent systems have been cut by strike sympathizers. Despite the importation of a number of operators, the service on both lines is still demoralized.

CORONATION WEEK.

All Preparations for England's Great Event Are Completed.

London, June 23.—The opening of coronation week finds the metropolis rapidly filling with visitors. The decorations have put the finishing touches to their work and the city has blossomed out in a mass of gorgeous color. Princes and other titled visitors sent to represent their respective rulers have been arriving at short intervals throughout the city and the attaches delegated to receive them have been kept busy. Prominent among those now here are Prince Henry, of Prussia, the Grand Duke and Grand Duchess Sergeus, of Russia, Crown Prince and Princess, of Roumania, the Duke and Duchess of Aosta, the Princess of Asturias and her husband, Prince Albert, of Sardinia, and the Crown Prince of Sweden. A few of the more important personages have been quartered at Buckingham and St. James palaces, while provision has been made for the others at the Hotel Cecil, Claridge's and elsewhere. Great preparations have been made for the dinner to be given at Buckingham palace tonight in honor of the foreign envoys, and which will be the first of the grand state functions preceding the coronation.

Tonight will be a gala night also for the American colony. The Bradleys-Martins gave a very elaborate dinner at their house, in Chesterfield Gardens, which is likely to out rival in luxuriance the famous Bradley-Martins ball. Mrs. John W. Mackay's Carlton House Terrace mansion is to be the scene of another big dinner, while also Reginald Ward gives a dinner of eighty covers.

The king and queen interrupted

their work of preparation for the coronation today long enough to take part in a little gathering in celebration of the eighth birthday anniversary of the Prince Edward, of York. The British public is only just beginning to look upon the little prince in the light of the future king. The coronation has served to draw attention to the importance of the little fellow's place in the machine of state.

According to present plans Prince Edward will be a sailor, like his father, and within a few years he will go upon the training ship Britannia to get his first taste of sea life. His present education consists of a few short lessons daily, given by Mlle. Briolu, for many years companion to the late Duchess of Teck. The king is said to be strongly opposed to "stuffing children with too much knowledge. His recollection is keen of how unpleasant it was to be a "walking dictionary" at twenty.

SOCORRO POSTMASTER.

L. E. Kittrell Was Named by the President.

Washington, June 23.—The president today sent the following nominations to the senate:

Postmasters—New Mexico: L. E. Kittrell, Socorro. Texas: Charles K. Miller, Athens; George B. Zimbleman, Austin; Thomas D. Ward, Corpus Christi; Walter S. Yates, Forney; Richard O. Miesener, Hamilton; Hal Singleton, Jefferson; Thomas Breen, Mineola; J. D. Burns, Tyler.

SHORT SIGHTED.

Gov. Otero Laments Policy Which Deprives Territories of Statehood

HIS INTERVIEW.

Governor M. A. Otero, of New Mexico, is at the Brown hotel, in company with Mrs. Otero and Miss Julia B. Freeman, of Washington, D. C., says the Denver News. The governor will remain several days in the city, upon private business. He speaks in emphatic terms concerning the opposition of eastern members of congress to the admission of New Mexico as a state.

"We made the most vigorous fight possible," said he, "but the prejudice of eastern leaders overcame our arguments, and New Mexico remains a territory. We believe, however, that the time is very near at hand when New Mexico will receive justice and will no longer be handicapped by being in the list of territories. Why, new Mexico has a greater population now than New York had when the colony was admitted into the federation as one of the thirteen original states. The area of New Mexico is greater than that of all the New England states combined and several of the neighboring states added. We have as law-abiding and patriotic people in New Mexico as are found in the United States."

"The question of admission of New Mexico to the union," continued the governor, "is not a political question. We have kept it entirely separate from politics, and recently I had the satisfaction of appointing a committee of thirty leading citizens of the territory fifteen of them republicans and fifteen democrats—to go to Washington, next winter and assist in carrying the battle for New Mexico. We all stand together in the desire to see this act become a law, and I would gladly retire from the position of governor of the territory if the act of resignation would make New Mexico a state. We rest under a cloud which nothing can remove but the acceptance of New Mexico into the sisterhood of states. The feeling is unanimous in our territory, and we feel that it is a rank injustice for this great country to send school teachers to the Philippine islands and to extend so many privileges to Cuba, and at the same time neglect a duty to a territory right at home which is one of the most promising regions of the United States."

The governor speaks in high praise of the assistance given in both branches of congress by the delegation from this state in the fight for admission.

Des Moines Carnival.

Des Moines, Iowa, June 23.—The Elks' summer festival was opened today by the blowing of whistles, ringing of bells and playing of bands. The keys of the city were turned over to King Carnival by Governor Cummins, who headed the opening parade and afterward delivered the address of welcome at the park. Des Moines is dressed in gala attire. From every telegraph pole hang streamers of purple and white, the Elks' colors, and the city is ready to entertain her thousands of visitors who will be here guests this week, many of whom already have arrived. All the Bostock Perari shows are open, and men have been busy all day putting up their paraplernalia. The hotels and boarding houses are filling with guests, and every train brings more strangers. Fourth street and other downtown thoroughfares have the appearance of a huge fair grounds and with favorable weather the week will be one of the most notable in the history of Iowa's capital.

Oklahoma Wheat Crop.

Guinard, O. T., June 23.—Just now the outlook for the wheat crop of Oklahoma is very good. Reliable reports coming in from various sections of the territory indicate that the crop will run 80 per cent of last year's phenomenal crop, which was the largest ever known in Oklahoma.

VERY MYSTERIOUS

Matron Lowe Was Fatally Shot.

Delegates Are Gathering in Nebraska.

No Foundation for Rumors That the Miners Are Breaking.

DANGER IS PASSED.

Topeka, Kan., June 23.—Matron Lowe, of the Reform school, lies at Stormont hospital with two bullet wounds through her abdomen, unconscious and with no hope of recovery. Her husband, J. C. Lowe, is in prison charged with the crime and has a slight bullet wound in his head. When shots were heard Sunday by the watchman he rushed to the scene and found Mrs. Lowe writhing on the floor exclaiming: "It was an accident." She declared the shooting was accidental. Nearby lay a revolver with four empty chambers. Passing the medical ward, Lowe seized a quart can labeled "carbolic acid," and swallowed it, but the contents proved a weak solution and had no injurious effect. There had been no quarrel between them that is known of and the entire affair is enveloped in mystery. Lowe is a school teacher well known in Kansas. His father is a wealthy stockman of Prescott, Kan.

DELEGATES GATHERING.

Bryan Can Have the Nomination If He Wants It.

Grand Island, Neb., June 23.—Delegates to the democratic and populist state conventions to be held here today began to arrive today. Nobody who is here is able to predict the result of the conventions, but all agree it will be clear sailing if Bryan accepts the nomination for governor. If he continues to oppose the nomination there are nearly a dozen avowed candidates ready to enter the struggle and some think such a refusal will result in the failure of fusion forces to get together on the ticket.

STRIKE IS QUIET.

Rumors the Miners Will Break Not Borne Out.

Wilkesbarre, Pa., June 23.—The seventh week of the anthracite coal miners' strike began today very quietly. Interest centered today in President Mitchell's address to the public issued yesterday. The address gives the anthracite miners' side of the strike controversy. It depicts the unbearable conditions in the coal fields and declares the real object of the operators' fight is to break up unionism in the field. He says such a result is not likely, but should that occur, another organization will be formed to take up and continue the fight for living wages. Rumors the coal companies expected a break in the ranks of the men are not borne out by the actions of the men. Here and there a few men may be ready to go back, but they cannot be found.

All Danger Passed.

Tacoma, Wash., June 23.—All danger of forest fires in the region of Hot Springs seems to be passed. The fire is near the summit and burning out.

Knights of St. John.

Rochester, N. Y., June 23.—Every part of the United States and Canada is represented at the twenty-fourth annual international convention of the Knights of St. John which opened here today to continue until Friday. Large delegations are here from Toronto and other cities of the Dominion. California, Colorado and New Mexico have sent commanderies to enter the competitive drills for the world's championship. Detroit, Erie, Buffalo, Cincinnati, Cleveland, Syracuse and other cities of the east and middle west are represented by delegations numbering several hundred each.

The gathering was formally opened this morning with a mass, celebrated in St. Patrick's cathedral, and an address delivered by Rt. Rev. Bishop McQuaid. Conspicuous among those in attendance were the supreme president of the order, Henry J. Fries, of Erie; supreme second vice president, Thomas McFarland, of Philadelphia; supreme secretary, M. J. Kane, of Buffalo; supreme treasurer, John B. Todhunter, of Detroit, and adjutant general, T. H. Lienesch, of Dayton, Ohio.

Jeffersonville's Centennial.

Jeffersonville, Ind., June 23.—This city kept holiday today in celebration of its 100th birthday. The preparations for the event, which have been in progress for nearly a year, were completed last evening and when the citizens were awakened at daybreak this morning by the firing of cannon, the ringing of bells and the screech of whistles, they found the city decked out in gala colors. During the early morning hours visitors poured in from all quarters and long before the centennial parade had started the downtown streets were crowded as seldom before. The parade was the most notable demonstration of its kind ever seen here.

There were more than a dozen divisions, comprising the fire and police departments, state militia, secret and patriotic orders, fraternal organizations and hundreds of private conveyances elaborately decorated with flags and flowers. The parade was followed by formal exercises of an historical nature. There was a program of music and speeches by Hon. Frank B. Burke, Hon. John Griffiths, of Indianapolis, and Col. James Keigwin, of Louisville.

Considering Appropriation.

Washington, June 23.—When the senate convened today a partial report on the naval appropriation bill was agreed to. The senate insisted upon the amendments still in disagreement and asked a further conference. The army appropriation bill was laid before the senate.

Kentucky at Denver.

Louisville, Ky., June 23.—Bound for Denver to attend the International Sunday School convention a party of Kentucky delegates leaves Louisville tonight in a special car. The party numbers nearly 100 members and includes all the officers of the Kentucky State Sunday School association.

In Thirteen Subjects.

Ann Arbor, Mich., June 23.—The summer session for 1902 of the medical department of the University of Michigan opened today and will continue until the second week of August. Courses are offered in thirteen different subjects and are designed for graduates and advanced students.

MR. QUAY MOVED.

He Asked That the Statehood Bill be Considered.

PRESENTED STATISTICS.

Washington, D. C., June 23.—Mr. Quay, of Pennsylvania, formally entered a motion to discharge the committee on territories from further consideration of the bill to admit as states the territories of Oklahoma, New Mexico and Arizona. He made arguments in support of the motion, urging that in making it he had no motive to embarrass the committee on territories. He cited several instances in which the senate had acted upon similar motions. He said five of the eleven members of the committee desired to be discharged from further consideration of the bill, and pointed out that both the republican and democratic parties, in their national platforms, declared in favor of the admission of the territories as states. He said a promise to that effect had been broken. He quoted the resolution of the republican national platform of 1900 in favor of the admission of the territories as states and declared the republican congress must carry out this promise or stand self-condemned of treachery. The republicans of the house had acted, he said, and it remained for the republicans of the senate to make good their party promises. He declared that if action upon the bill be postponed until next session nothing at all will be accomplished. Mr. Quay then presented statistics concerning the three territories affected by the bill, showing they are remarkably well equipped to become states. Mr. Beveridge, of Indiana, chairman of the committee on territories, said the subject had gone over until the next session, when it was to be taken up early and fully considered. In answer to inquiries by Mr. Quay, Mr. Beveridge said the bill has not been considered by the committee, that it had been before the committee only five weeks. He remarked that Mr. Quay had attended only one meeting of the committee in that time. He said the committee expected to consider the bill at the next session, it being impossible for the measure to receive such consideration at this session as it ought to have.

Is a Success.

The combination of sand and gravel forced into artificial building stone by compressed air, according to the method of Charles F. Whittlesey has proved to be a success. Mr. Whittlesey has taken out a patent on it and has a contract to furnish enough for a three-story hotel in El Paso. Mr. Whittlesey is now designing a machine to make the blocks.

T. C. Highley and wife, a newly married couple of St. Louis, Mo., after their honeymoon in southern California, are here as the guests of Mr. and Mrs. Robert Branaugh. They will remain a few days and then continue north to St. Louis, where they will reside in the future.

Darby E. Day, the efficient and worthy general agent of the Mutual Life Insurance company of New York, is introducing around P. H. Schlager, who is from Tucson and who is also interested in the above excellent company. Mr. Schlager will remain in the city for a short time on life insurance matters.

FIRE THE MAYOR

He Was Ejected From Police Court.

There Will be No Reciprocity at This Session.

House is Still Discussing the Philippine Government Bill.

ENGLISH YACHT WON.

Zanesville, Ohio, June 23.—Mayor James J. Holden was forcibly ejected from the court of Police Judge Reed here today. The mayor asked an affidavit against a woman charged with intoxication be withdrawn and when the judge refused, insisted so strongly the judge ordered Chief of Police Tracy to eject him. The mayor resisted and Tracy's brother and others went to the chief's assistance. During the melee the mayor struck the chief on the jaw and the chief landed on the mayor's head with a club.

NO RECIPROCITY.

Will Not Be Presented at This Session of Congress.

Washington, June 23.—It has been determined no reciprocity treaty with Cuba can be submitted at the present session of congress. It was first planned that in the event of the failure of administration managers in the senate to secure favorable action on the Cuban sugar bill, a treaty would be drafted at once. This was with the understanding that Senator Quay, the Cuban minister here, had full powers and a treaty could be drawn in Washington entirely. It is stated now, however, this cannot be done and any draft of a treaty must go to Havana and be returned before it can be submitted to the senate. This cannot be accomplished in the short space of time intervening before adjournment if the estimates of the leaders that congress will adjourn by July 4, is correct. No confidence is felt in administration circles of the ability of senate managers to secure a ratification of the treaty even if one be drawn, and while the president may feel called upon to put the matter to a test, it will be rather with the idea of demonstrating his own purpose to do everything possible for Cuba, and not that he has any expectation the two-thirds vote for ratification could be received.

PHILIPPINE BILL.

The Minority Measure Would Disgrace the American People.

Washington, June 23.—In the house a resolution was adopted calling upon the secretary of war for information of any payments made by Governor General Wood to F. B. Thurber and any other persons or corporations, together with the dates and amounts of such payments, for advocating reciprocity with Cuba. Consideration of the Philippine civil government bill was then resumed and Mr. DeArmond, of Missouri, made a speech on the general policy of retaining the islands. He repudiated utterly the charge of opposition to the present Philippine policy in that criticising some of the acts of army officers in the Philippines was slandering and assailing the army.

Mr. Olmstead, of Pennsylvania, summed up the situation in these words: "The bill proposed by the minority motions is a complete renunciation by the United States of the duties and responsibilities which in the province of God have been cast upon us. It would mean a cowardly retreat. It means we shall be degraded and disgraced in the eyes of all the world. On the other hand the bill which we present and propose to pass, maintains the honor and dignity of the American people, and enables the Philippines to participate as fully as possible in the blessings of our republican form of government."

Mr. Grosvenor, of Ohio, under the latitude allowed in general debate, discussed the criticism of the rules of the house recently indulged in by Mr. Cushman, of Washington, and others. Through the operation of old rules and methods previous to the Fifty-first congress, he said, the house had become powerless to transact business. He pointed out in the Fifty-sixth congress, Mr. Cushman, as well as others who criticised the rules, had voted to continue them in force.

The Cicely Won.

Island of Heligoland, Germany, June 23.—The English schooner-yacht Cicely, owned by Cecil Quentin, which left Dover at noon on June 21, in a race for this port, arrived here at 6:40 o'clock this evening and won the Empress cup. Cecil Au Vent, the second yacht to reach here, arrived at 7:09 p. m.

Royal Arcanum Celebrates.

Boston, Mass., June 23.—Throughout the United States and Canada members of the Royal Arcanum are today engaged in celebrating the twenty-fifth anniversary or silver jubilee of the order. The society was organized in this city June 23, 1877, with nine members. Today it has grand councils in every

state and territory of the United States and in several of the Canadian provinces, its aggregate membership reaching 260,000. During the twenty-five years its order has paid to beneficiaries \$75,000,000. The order is in a most flourishing condition and during the past three years it has accumulated an emergency fund of \$1,000,000, besides which there is a balance of \$600,000 subject to check.

Whist Players.

New York, June 23.—The twelfth annual congress of the American Whist League began today at the Oriental hotel, Manhattan Beach, with more than 300 delegates in attendance. Boston, Chicago, Detroit and Baltimore are the cities most numerously represented, but every city of the east and middle west has whist enthusiasts present, and there are many from the south. California is also in evidence, despite its distance. The playing this year is for the Hamilton Club trophy, the American Whist League Challenge trophy, the Minneapolis Pair trophy, the Brooklyn trophy, the Associate Members' trophy, and the Milwaukee Mixed Four trophy. Additional prizes of value are also offered. The business meetings of the league, which begin tomorrow, promise to be of more than ordinary interest owing to the movement set afoot some time ago looking to a secession of the western clubs and the formation of a new association. A majority of the members appear to oppose the movement and steps probably will be taken to prevent its coming to a head.

STATEHOOD NOTES.

Senator Quay Opens His Fight for Admission of the Territories.

ANDREWS AT THE CAPITAL.

A special telegram to the Denver Republican from Washington, under date of June 19, says:

Senator Quay, at the conclusion of the vote on the canal bill in the senate this afternoon, asked consent, which was granted, to have his motion discharging the committee on territories from further consideration of the omnibus statehood bill go over until Monday afternoon. It is the intention of Senator Quay to push the motion to vote at that time.

It was considered for the pending nomination of General Crozier, which Senator Quay did not desire to obstruct, that induced him to defer action until next week.

Delegate Rodey, who is acting in conjunction with Senator Quay on the statehood measure, said this evening that the bill has sufficient strength in the senate to enable its friends to pass the Quay motion, and when the bill is thus brought before the senate, to pass it also. W. H. Andrews, formerly a state senator in Pennsylvania, and now a mining man in New Mexico, who is helping in the statehood fight, and is the active lieutenant of Senator Quay, said tonight:

"Quay is going to succeed in the fight for statehood, and New Mexico will be admitted at this session." Delegate Rodey is also hopeful of success.

Did Quay Wobble.

A special telegram to the Denver News from Washington, under date of June 19, says:

As he had given notice he would do so, Senator Quay arose immediately after the vote had been taken on canal bill, in the senate today, and made the motion that the omnibus bill for the statehood of New Mexico, Arizona and Oklahoma be withdrawn from the committee on territories and considered by the senate without report. He followed this with a remark which has left the statehood people in some doubt as to whether Quay is really going to push the measure or not.

"I make this motion now," said Senator Quay, "and request that its consideration go over and be considered on Monday—unless it is withdrawn." The words "unless it is withdrawn," brought Senator Bailey and Senator Bates, two democratic members of the committee on territories, to their feet. Senator Bailey asked Senator Quay if he had understood him. Quay, after an exchange of remarks which were not audible to the galleries, nor to many senators on the floor, assured Senator Bailey that he had heard aright.

"I want to give notice in the senate right here," said Mr. Bailey, "that if the senator from Pennsylvania does not offer the motion, the senator from Tennessee (Mr. Bates) will."

That was the end of the colloquy, but it has left certain senators with the firm belief that Senator Quay is crawling out of the campaign for the territories which he had appeared to be so ardently carrying on during the last few days.

The motion will be called up Monday, if not withdrawn by Mr. Quay and if it is withdrawn, it will be promptly offered by Mr. Bates.

Western Writers Meet.

New York, June 23.—Members of the Western Association of Writers are gathering at W. L. A. for their seventeenth annual meeting, which will be in session during the next four days. The program this year is one of the best ever arranged by the association and calls for original papers, essays, stories and poems by a number of well known writers of the middle west.

J. S. Horton, who has been in El Paso for the past two months, returned home yesterday morning.

Senator Beveridge is proving to be a
bitter enemy of the west.

Pueblo, Colo., had a remarkably suc-
cessful Elks carnival last week.

There are over 500 members of the
society of Elks in this territory.

The most energetic people in this
territory are the successful trout fish-
ers.

New Mexico and Arizona would wel-
come the water cure for their many
arid hills.

If congress really adjourns on July 1
the glorious Fourth can be celebrated
with all the more enthusiasm.

Colorado and Utah have started out
to get \$2,000,000 of the \$6,000,000 ap-
propriated for irrigation purposes.

King Edward will be crowned on
June 26, and all the world will be there

Cuba starts out with four political
parties and will not go far until it
has another. The new one will be the
annexation party.

An advance in the price of coal oil
and gasoline is about due. Mr. Roche-
feller has given another \$750,000 to
Chicago university.

One of the reasons advanced
against the admission of Arizona as a
state is that there are thirteen coun-
ties in the territory.

"I have always noticed," says the
Alfalfa Sage, "that a man brags more
about what he is going to do than
about what he has done."

The newspapers of Arizona charge
congressional candidates \$25 for an-
nouncements. This looks like a hold-
up. Why should a newspaper charge
anything for such mention?

In the Guatemala city destroyed by
an earthquake all was over in ninety
seconds. The notice given was shorter
even than St. Pierre, but the differ-
ence was on the side of mercy.

Government receipts for May ex-
ceeded expenditures by over \$10,000,000.
But this month ends the war taxes,
and the surplus revenue will be great-
ly reduced during the next fiscal year.

Democratic conventions one after
another are giving assent to the propo-
sitions that free silver shall be shoved
into the political garret. Democracy's
"living issues" rarely outlast one pres-
idential campaign.

Carroll D. Wright, the labor statisti-
cian, estimates that the coal trust
made \$6,000,000 net profit out of the
last strike in the eastern coal fields
by the simple operation of advancing
the price of coal while the miners were
out. The same process is at work dur-
ing the present strike in the anthracite
fields.

About thirty million gallons of mixed
paint were sold in the United States
in 1901. The greater portion of this
was not used in the large cities, but
in the towns and villages, where struc-
tures are of wood. In no country is so
much paint made as in the United
States of America, and the bulk of that
paint is composed of lead, zinc and un-
seed oil, and only the darker shades
are made of oxides of iron and other
pigments.

MIGRATION STATISTICS.

A census bulletin, recently issued,
presents some striking and interest-
ing figures in regard to immigration
into this country. The number of im-
migrants from 1821 to the census year
1900 was rather more than 19,000,000.
Germany has contributed more than
any other single nation, sending
from 1821 to 1900 a little over 5,000,000
persons to the United States. Ireland
stands next on the roll, with 3,869,268.
Then comes Great Britain, with
3,026,207, the Scandinavian union of
Sweden and Norway with 1,246,312.
And Canada and New Foundland with
1,049,939. Two other countries, Aus-
tria Hungary and Italy, each also
contributed a little over 1,000,000 to

the total. Russia gave almost as
many, while the other countries made
smaller contributions to the sum of the
United States' inhabitants.

APACHE RATIONS.

The proposed discontinuance of the
issuance of rations to the Apaches on
the San Carlos reservation is threat-
ening to result in an outbreak. It was
intended to enforce the order on the
1st of July, but the report of General
Funston, giving warning of probable
trouble, which is based upon the rep-
resentations made by Colonel Lebo,
who is in command at Fort Grant, has
influenced the interior department to
suspend action pending the result of
a special inquiry.

WON THEIR CASE.

Two women school teachers in Chicago
had their salaries reduced because
of the shortage in the city revenue.
The two undertook to demonstrate the
cause of the shortage, and it resulted
in suits for the recovery of additional
taxes from the street railway corpora-
tions. These suits have now reached
a final judgment in the courts, and the
city treasury is enriched by an award
of \$597,000, one-half of which goes in-
to the educational fund of the munici-
pality. The incident illustrates what
two intelligent and determined women
can do when they set their minds to
work in the right direction.

THE HE GOSSIP.

It is the fashion to knock consid-
erably on the gossiping tongues of wo-
men; but Lord help the town that is af-
flicted with a he gossip. One perky
nosed, snooty he gossip, can do more
damage than an old fashioned sewing
society; and isn't it a fact that most of
us are a bit prone to help in shoving
along an off-color "story"? Doesn't it
seem to come more natural for one to
whisper something shady about a
neighbor than to get out in the open
and loudly proclaim something to his
credit? Maybe this isn't a fair posi-
tion to take, but anyway people talk
too much.

NATIONAL IRRIGATION.

The national irrigation bill, over
which there has been such a protracted
and determined fight, has at length
become a law, having been signed by
the president on Wednesday. Under
the provisions of this law, the receipts
from sales of public lands in the arid
states and territories, amounting to
about \$2,000,000 per annum, are imme-
diately available. The three irrigation
projects upon which work will first
commence, according to the program,
are those upon the Gila river in Ariz-
ona, on the Truckee river in Nevada,
and on the St. Mary's river in Mont-
ana.

IRRIGATION CONVENTION.

The people of this territory should
hold an irrigation convention and for-
mulate plans to secure some of the
benefits of the national irrigation law.
At the time of the territorial fair in
this city next October would be a good
time to hold such a convention. Ariz-
ona should be invited to participate in
this important convention. Governor
Otero would no doubt give his official
sanction to such a necessary gathering
of the leading irrigators of the two
territories.

Such a convention would help call
the attention of the nation to the vast
possibilities of the two territories if
developed by modern irrigation sys-
tems.

MAKING A MISTAKE.

The Denver Republican says that the
republican senators who oppose state-
hood at this time are making a mis-
take. They do not seem to appreciate
its bearing upon the future political
status of the proposed states. There
is nothing in the principles of the party
to cause them to take this position.
Both political parties are agreed that
as soon as a territory is qualified for
statehood its people should be given
the right to erect a government of that
kind.

All three of the proposed states are
fully capable of maintaining state gov-
ernments. They have sufficient popu-
lation and taxable wealth, and their
people desire to be admitted. More
than this congress should not ask. Sen-
ators from east of the Mississippi
should not permit any little local pre-
judice to cause them to throw obsta-
cles in the way of progress and devel-
opment of western communities. There
is not one of the three territories named
which is not better qualified for
statehood than even Ohio was when it
was admitted.

Tax on Babies.

Extreme hot weather is a great tax
upon the digestive power of babies;
when puny and feeble they should be
given a few doses of White's Cream
Vermifuge, the children's tonic. It will
stimulate and facilitate the digestion
of their food, so that they soon become
strong, healthy and active. 25c at Cos-

Concerning Trade Tricks.
The old saying that there are
"tricks in all trades" has outlived
its truthfulness, if there ever was
any truth in it. This store does
not countenance tricks of any
sort to catch the unwary. The
plain, simple policy of buying
good merchandise and selling it
at a just profit is what has gained
for us the public confidence. What
you read in our "ads" you can
tie to. People with money to
spend naturally go to the safe
trading place.—Golden Rule Dry
Goods Co.

you they will take you just as quick
as the stage, for they won't. Nobody
else has any change of stock on the
route. Tickets for sale at Trimble's.

Disappointment Yesterday.
With perfect weather for base ball
there was great disappointment yester-
day in Albuquerque that there was no
game. The fans are beginning to wake
up to the fact that in order to conduct
a ball team some funds are needed.
Not one cent has been solicited and
all the boys ask is patronage. There
are a number of cranks in this city
who are always boosting games along
and when visiting teams are brought
in are contented to remain up town
and learn the result of the game and
hear of this and that play as told by
some one who had purchased a ticket
and witnessed the game. The players
do not make one cent out of their play
and simply do it for the exercise there
is in it and to demonstrate their pro-
wess on the diamond. A good ball team
is a splendid advertisement for a city
and brings many dollars into the city,
but in order to have a good ball team
what is now here must be patronized.
Albuquerque has always had the reputa-
tion of having the best ball team in
the southwest, and one year won twenty-
seven games without a single loss.
This can be done again and will be
with proper encouragement.

Constipated Bowels.
To have good health, the body should
be kept in a laxative condition, and the
bowels moved at least once a day, so
that all the poisonous wastes are ex-
pelled daily. Mr. G. L. Edwards, 142
North Main street, Wichita, Kan.,
writes: "I have used Herbine to regu-
late the liver and bowels for the past
ten years, and found it a reliable rem-
edy." 50c at Cosmopolitan Pharmacy,
B. Ruppe.

Las Cruces Base Ballists.
A meeting was held in the office of
R. L. Young of those interested in
forming a Las Cruces base ball club.
A goodly number were present and T.
Rouant, Jr., was elected as manager and
W. M. Danburg as captain of the
team. There is plenty of good materi-
al available and the prospects are
good for a first class team. A diamond
will be laid out on the vacant lot back
of the depot and practice will begin at
once. It is hoped to arrange for a
game for the Fourth.—Progress.

Had Good Bait.
The drying up of the Rio Grande has
left numerous fish in deep holes along
the river, and fishermen are busy with
hook and seine, catching many big cat-
fish. One day early in the morning
last week Jack Chambers and Billy
Reed begged some liver and fat bacon
from one of the butcher shops to be
used as bait, and started down the
river just as the sun was creeping up
over the Sandia mountains. Their first
mishap was the losing of their hooks
in a pile of brush, and then wet, foot-
sore and hungry and several miles
from home they sluit a ure and made a

A BALD NEWSPAPER MAN.

**Getting a New Crop of Hair and Has
No More Dandruff.**
Everybody in the northwest knows
Colonel Daniel Searles, the veteran
journalist and publisher of Butte. Janu-
ary 10, 1900, the colonel writes:
"I used a couple of bottles of New-
bro's Herpicide with marvelous re-
sults. The dandruff disappeared; a
new crop of hair has taken root and
the bald spot is rapidly being cov-
ered." Herpicide is the only hair
preparation that kills the dandruff
germ that digs up the scalp in scales
as it burrows its way to the root of
the hair, where it destroys the vitality
of the hair, causing the hair to fall
out. Kill the dandruff germ with
Herpicide.

SOCORRO COURT.

**Proceedings of Court Last Week Be-
fore Adjournment.**

Sentence was suspended on pay-
ment of costs in the case against
Francisco Bargas for violation of the
Sunday law. A second case of the
same sort against the same defendant
was dismissed at cost of the territory.

The jury in the case of Benjamin H.
Dye et al. vs. H. Creary et al., which
is the Compromise mine case, found a
verdict of "not guilty," and a motion
was made for a new trial.

Acheson McClintock vs. Cynthia A.
Bruton was dismissed at cost of the
plaintiff.

A peremptory writ of mandamus was
ordered in the case of the territory of
New Mexico, ex rel George Parker, vs.
the Mayor and City Council of the City
of Socorro, for a special tax to pay
interest and sinking fund on the city
water bonds issued in 1887.

Samuel Hale, indicted for stealing
cattle, did not respond when called to
trial and a writ of scire facias was
ordered to issue against said Samuel
Hale and his bondsmen, Mrs. Francis
L. Backer and C. F. Blackington, com-
manding them to appear on the first
day of the next term and show cause
if any, why execution should not issue
on judgment rendered. The same ac-
tion was taken in the case against T.

Watkins for obtaining money under
false pretenses. Sam Chisum and Milt
Craig being bondsmen in the sum of
\$500; also in the case against A. A.
Sheppard, larceny, D. B. Sorrells and
J. N. Broyles being bondsmen in the
sum of \$500.

An appeal to the supreme court of
the territory was granted in the case
of the Territory of New Mexico ex rel.
George Parker vs. the Mayor and City
Council of the City of Socorro.

Court adjourned until August 1,
1902.

For Over Sixty Years.

An old and well tried remedy.
Mrs. Winslow's Soothing Syrup has
been used for over sixty years by
millions of mothers for their children
while teething with perfect success.
It soothes the child, softens the gums,
allays all pain, cures wind colic, and
is the best remedy for diarrhoea. Is
pleasant to the taste. Sold by drug-
gists in every part of the world.
Twenty-five cents a bottle. Its value
is incalculable. Be sure and ask for
Mrs. Winslow's Soothing Syrup, and
take no other kind.

Machinery on the Road.

Mr. Remington, one of the parties
who recently purchased the Onstott
mining property on the west side of
Cook's Peak, was a visitor in Deming
last Monday, says the Headlight. Mr.
Remington was direct from New York
and states that the machinery for the
concentrator had been shipped and
was expected now daily, and that soon
after its arrival would be in place and
operating. This company intends to
build either a tram or railroad from
the property to the valley below,
where the concentrator will be placed.
There is an unlimited supply of ore in
sight and consequently we may soon
look for another producer at Cook's.

Kodol

Digests
what you
Eat

Dyspepsia Cure

You need all kinds of food to maintain the body. Curtail this variety and some organ is underfed. It is for this reason that a diet is injurious. If you cannot digest good food your stomach is out of order and needs rest. You cannot go without food for that would mean starvation. Kodol Dyspepsia Cure will digest what you eat without the stomach's aid. Take it and you can rest your stomach without interrupting digestion. It is nature's own remedy. Never fails. Anderson Riggs, Sunny Lane, Tex., says: "I was troubled with indigestion ten years and tried many things and spent much money until I tried Kodol Dyspepsia Cure. I am now feeling better than in five years and more like a boy than in twenty."

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size. When you need a soothing and healing application for piles, sores and skin diseases, use **DeWITT'S Witch Hazel SALVE**. Beware of counterfeits.

DEFENDS THE WEST.

Rodey Answers Resolutions Against
Statehood for Territories.

A HOT LETTER.

The New England Shoe & Leather
association of Boston recently adopted
resolutions appealing to congress to re-
ject the bill granting statehood to Ok-
lahoma, New Mexico and Arizona. A
copy of the resolutions was sent to
Delegate Rodey, of New Mexico. He
has replied to the association in a let-
ter in which he says:

"On behalf of the people of the great
territory of New Mexico I most em-
phatically invite your association to
mind its own business. If it would
only tell the truth, there could be no
objection to anything it might say.
Your slanderous letter is but a tissue
of falsehoods from beginning to end.
What have the territories ever done to
your association that you should take
it upon yourselves to attempt to have
denied to them their rights as
citizens of the United States? The
only thing we have ever done to your
city of Boston is that we have been
guilty for from a dozen years to half
a century and more of buying millions
of dollars worth of shoes, rattan furni-
ture, drugs, cottons, ducks, crockery
and other merchandise from you. Is
this a crime? Don't you want us to
increase and progress so that we can
buy more of your goods?"

"New Mexico has an area as large
as all of New England, New York and
New Jersey combined. Your whole
state is not as large as one of our
counties. We have, in New Mexico,
tracts of coal land three times as big
as your whole state, and tracts of lum-
ber land bigger than your whole state.
What a blessing it is that your con-
gressmen are not as ignorant as your
association is. Every last one of them
voted for our statehood bill in the
house, and they acted honestly and
right under their official oaths. They
were honest men, God bless them, and
no narrow-minded bigots like your
board of directors."

"I have sent you our governor's last
report and a lot of literature regarding
our territory, which I commend to your
association to read so that you will
know what you are talking about be-
fore you begin slandering a million
citizens of the United States. I send
you several copies of the report on the
statehood bill by that able and honest
statesman, Hon. W. S. Knox, of Massa-
chusetts, and it may do your associa-
tion some good to read it. You will
learn something about the territories."

"Does your association think it is in
a better position to judge of the fitness
of our people to come into the union
than men like Congressman Knox,
Congressman Tirrell, Congressman
Powers and the rest of the Massachu-
setts delegation in congress?"

"I won't believe that any considera-
ble number of the people of the great
city of Boston, of which I once had the
honor of being a citizen, are so lib-
eral and bigoted as to believe as your
narrow-minded association does. I
will not think that the people who
boast of a Faneuil hall, Bunker hill
and Harvard could entertain such sen-
timents. I will not admit that a state
that produced a Winthrop, a Warren,
a Sumner, a Wendell Phillips and a
Hoar voices its sentiments through
any such body as your association."

"The three delegates from the three
territories attacked resolved this after-
noon to circulate your slanderous cir-
cular in their territories, and then the
people, perhaps, will cease to purchase
millions of dollars worth of goods from
your merchants since you deny us our
rights. If you want to do us justice,
then reconvene your association and
retract this libel and false and imperi-
tent piece of impudence you have
put upon us. Very truly yours,
"B. S. RODEY,
"Delegate in Congress from New
Mexico."

IN GOOD SHAPE.

Annual Report of the Elks of New
Mexico.

The annual report of B. Ruppe, dis-
trict deputy of the Elks, shows the or-
der to be flourishing with a total mem-
bership in New Mexico of 535.
The Las Vegas lodge, No. 408, comes
first with a membership of 186. Albu-
querque, No. 461, is second with 163
members. Silver City, No. 413, has 100
and Santa Fe, No. 460, boasts 86 mem-
bers. The financial condition of the
four lodges is on a par with the mem-
bership, since the report shows a total
balance in the treasuries of \$6,710.17.
Here Albuquerque heads the list with
a balance on hand of \$2,800.

A skeleton program of the Salt Lake
City meeting has been received.

On the first day the opening exer-
cises will be held in the great taberna-
cle with the usual addresses and re-
sponses. Prof. J. J. McEllan will
preside at the famous organ. In the af-
ternoon comes the grand civic parade,
and the opening of the band contest,
in which the best musical organiza-
tions in the United States will com-
pete. The music in the competition list
includes overtures by Wagner, Beetho-
ven, Weber, Mendelssohn and Liszt.
The two days following are to be made
up of a whirl of contests, entertain-
ments and excursions to various points
of interest. On the third day comes
the drill contest, in which the "Queen
Sabe" club is entered. With the con-
test goes \$750 in prizes and to the win-
ner of the Elks parade goes a prize of
\$1,000. The most unique display in the
parade will receive a prize of \$350.
It is in this contest that the "Queen
Sabe" club expects to take a prominent
place.

Fishermen Returned.

R. H. Greenleaf, who is the acknowl-
edged champion fisherman of central
New Mexico, returned to the city last
night from a trip to the upper Pecos,
where he easily caught several hun-
dred trout. He brought a box loaded
with the speckled beauties to this city,
and today was noticed busily engaged
in giving a mess or two to his particu-
lar friends. Mr. Greenleaf says that
there are plenty of trout in the Rio
Pecos streams, but it is not everyone
who knows how to catch them. He
reports John and Fred Greenleaf get-
ting along nicely. The "old man" ex-
pects to return to the upper Pecos
country next week.
Louis C. Rucker, Dr. E. J. Alger and

C. C. Aimes, who are known as some
of the best youngsters in the fisher-
man's trade, returned to the city last
night, after several weeks stay on the
upper Rio Pecos. They were accom-
panied back to the city by Mr. and
Mrs. Merritt, Misses Edith Stevens
and Mabel Fitch. This party report
having had a fine time.

Fair President O'Reilly.

The president of the fair association,
J. H. O'Reilly, was at Flagstaff the oth-
er day, and the Sun says: "J. H. O'
Reilly, general manager of the Wash-
ington Life Insurance company for
New Mexico and Arizona, with head-
quarters at Albuquerque, is in town.
Mr. O'Reilly is also president of the
Albuquerque fair and is incidentally
booming the big fair to be held in that
city from October 14 to 18."

DETROIT CAPITALIST.

He Will Examine Timber Lands in Western New Mexico.

Ira B. Bennett, of Detroit, Mich., arrived in Albuquerque last Saturday night. Mr. Bennett's object in visiting this city is to examine the enterprise of the American Lumber company, and personally ascertain what kind of timber is grown in New Mexico, and the quantity and quality of same, and last but not least, to find out whether it can be successfully and profitably manufactured, and generally to obtain a clear insight into the enterprise, and the feasibility of locating the mills upon the company's lands or to locate same at Albuquerque, and to find out how the citizens feel toward the enterprise, and what, if any, inducements they may be disposed to offer in order to locate same at Albuquerque.

Mr. Bennett says that if the company should conclude to locate its mills and factories at Albuquerque it would consist of two large double cutting saw mills, each having a capacity of 50,000, 000 feet, one large planing mill and one large box factory and sash, door and blind factory, costing for building same about \$300,000. He says it will require from twelve to fifteen hundred employees to successfully carry on an operations of the company, in operating its mills, factories, railroad and logging outfits.

Mr. Bennett is a large wholesale dealer in all kinds of lumber and also in the manufacturing of same in Michigan. The gentleman will leave this evening for the lumber lands and will spend several days in examining the same.

A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant, of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. J. H. O'Reilly & Co., and B. H. Briggs & Co.

DEATH OF FATHER M'DONALD.

He Succumbed to Consumption at the Sanitarium Yesterday Afternoon.

Rev. K. S. McDonald, of Cynthiana, Ky., died Friday afternoon at the sanitarium, in Santa Fe, of consumption. He had made a brave fight against the dread disease, having spent the past two years in the west to seek relief, almost a year of which was spent at Santa Fe, but he had come too late and all that could be done was to prolong life for a little while. He was 30 years old and had charge of a parish at Covington, Ky., before coming to the west. He was a popular priest at his home and made many friends in the west. He leaves a sister in Kentucky. Mother Sebastian, superioress of the order of the Sisters of Charity, is his cousin. The remains were sent east for burial. The brother of the deceased priest, Thomas McDonald, who has been in Santa Fe some time, accompanied the remains.

Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c at all druggists.

INJUNCTION MADE PERPETUAL.

The El Paso & Southwestern Railway Restrained From Entering El Paso Over the Southern Pacific Right of Way.

Judge F. W. Parker Friday afternoon at Deming made perpetual the injunction against the El Paso & Southwestern Railway company as to the right of way into El Paso claimed by the Southern Pacific Railway company, reserving the right to the El Paso & Southwestern to apply for crossing which may be necessary in building over the new right of way selected by the El Paso & Southwestern.

The application of Solicitor General E. L. Bartlett on behalf of the territory of New Mexico to intervene in the case of the United States vs. the Rio Grande Dam and Irrigation company, was taken under advisement by Judge Parker.

Leads Them All.

"One Minute Cough Cure beats all other medicines I ever tried for coughs, colds, croup and throat and lung troubles," says Dr. D. Scott Currin, of Logansport, Pa. One Minute Cough Cure is the only absolutely safe cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Annual Italian Picnic.

The C. Colombo Benevolent society—one of the best lodges of its kind in the city—will give its annual picnic on Sunday, July 20, and President L. Gradi and a committee of lodge members have selected the grove of trees, this side of the Baretas bridge, as the place for holding the picnic. The rustling committee expects to be out and among the people with tickets for sale, in a few days. No one should turn the committee down, but all should purchase a ticket or two.

From this day on we will sell Ham-mocks at cost. We have too many and will sell at cost rather than carry over. Hawley on the corner, Gold and Second street.

LOCAL PARAGRAPHS.

A number of Mexican laborers, direct from Mexico, passed up the road for the sugar beet fields of Colorado this morning.

Mrs. F. E. Crane left this morning for Chicago, where she will place her son and daughter, Charles and Juanita Rubendale, in school. She will then return here.

Mrs. Charles Gruner, of the Metropolitan hotel, returned home yesterday morning from a pleasant two months' visit in Los Angeles and southern California towns.

G. B. Dolan, the day ticket agent at the local depot of the Santa Fe, is enjoying a visit from his sister, Miss Margaret Dolan who arrived last night from Chicago.

Walter Downs, of the postoffice, will leave tonight for Pueblo, Colo., where, rumor has it, he will soon be united in marriage to Miss Elizabeth Kellogg, formerly of this city.

Barney Sheridan, of St. Joseph, Mo., a brother of J. J. Sheridan, arrived here last night and will remain here permanently. The two brothers had not met for twenty years.

L. B. Smith, of Winslow, where he is in the employ of the Santa Fe Pacific, came in from the west yesterday morning accompanying his mother, Mrs. W. A. Smith, of Gallup, this far on her way to Santa Fe. Mr. Smith promised to call at The Citizen office today and give this paper a batch of interesting notes about Gallup and Winslow, but up to press hour he failed to put in an appearance. He will return to Winslow tonight.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Mountville, W. Va. "They do me more good than anything I have ever tried." J. H. O'Reilly & Co., and B. H. Briggs & Co.

The Prevailing Fad.

For the occult, the mythical and the astrological, has inspired a clever designer to utilize the idea by producing a series of twelve unique and beautiful designs for birthday pillows. Zodiacal sign, the ruling planet, the gem to be worn, the appropriate flower, the astral colors and a jingling rhyme referring thereto, all well arranged and tinted in colors, ready to embroider. Price for top and back, 65 cents, at the Economist.

Notice.

Owing to the necessity of economizing in the city's finances it is impossible to expend the amount of money required in hiring a wagon and employing labor for the purpose of watering trees. We therefore call upon citizens who have the welfare of the city at heart and who have trees in front of their homes to see that the same are properly watered until such time as the city can again take charge of the work.

Very respectfully,
C. F. MYERS, Mayor.

Annual Italian Picnic.

The C. Colombo Benevolent society—one of the best lodges of its kind in the city—will give its annual picnic on Sunday, July 20, and President L. Gradi and a committee of lodge members have selected the grove of trees, this side of the Baretas bridge, as the place for holding the picnic. The rustling committee expects to be out and among the people with tickets for sale, in a few days. No one should turn the committee down, but all should purchase a ticket or two.

NEW MEXICO TOWNS

SAN MARCIAL.

From the Bee.

It is reported that Joseph McQuillin has purchased the W. H. Kremls residence.

G. H. Sweet is visiting points in Kansas and expects to be absent about two weeks.

The flour mill is grinding a few thousand pounds of wheat lately delivered.

Chas. E. Owings is figuring on moving to Belen, to take charge of John Becker's flour mill, about the first of the month.

San Marcial lodge No. 5, A. O. U. W., selected its present leading officers for another term. They are Francis Wilson, recorder; H. H. Howard, financier; W. G. Lane, receiver.

Park Phillips, a Chicago attorney, and C. B. Willard, a member of the synchroite that now controls the Armerian gran, were here looking over the grant. Improvements are contemplated and the first move may be the fencing of the entire grant.

The Armstrong Bros. have purchased the lots adjoining their business block. The long row of adobe rooms in the rear of the building occupied by the Drs. Cruickshank as an office are to be put in good shape and partially used as a liquor warehouse. Other improvements will follow. This purchase places the Armstrongs in the lead as large holders of real estate in San Marcial.

Hot Weather Weakness.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegar, proprietor Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at Cosmopolitan Pharmacy, B. Ruppe.

LAS CRUCES.

From the Progress.

The little daughter of Mrs. L. C. Woodson is ill with a light attack of typhoid fever.

W. S. Gilliam and family have removed from Mesilla Park to their ranch near Earliman, where they will spend the summer.

Mrs. O. H. Brown and little daughter left for Modoc to spend a few weeks at that resort.

F. H. White, accompanied by his mother and the family of D. A. Creamer, left for a camping trip to the White mountains.

Mrs. A. Jacoby, accompanied by her daughters, Misses Clara and Lydia, left for southern California, where they will spend the summer.

P. H. Bailey killed a large wild cat on his ranch near Anthony, which is being mounted by Charles Wilkinson. The cat is one of the largest that has ever been seen in this part of the country.

The married men of Las Cruces have challenged the boys for a game of baseball on the Fourth of July, which will in all probability be pulled off if the married men can get up enough "Ginger."

Miss Lulu Weiss left for Chicago, where she will visit for several weeks before returning to her home in Clinton, Michigan. The boys in the valley are evidently pretty slow or they would never have let her go back. But there are rumors that the lucky man lives in Michigan, so that gives some excuse to our boys.

SOCORRO.

From the Chieftain.

J. Leon Knapp returned from a trip to Albuquerque.

F. C. Williams went up to Cerrillos the first of the week to work in the smelter.

Prof. F. A. Jones left for a sojourn or ten days in the Oscura mountains.

A. D. Coon says that he will have a good crop of fruit from his orchard south of town.

F. Fisher has just sold sixty-two head of stock horses to Cripple Creek, Colo., parties at a good price.

Will Fullerton was in town on his way home from Albuquerque where he went to sell his wool.

Mrs. C. L. Herrick, of Albuquerque, is a guest at the home of Mr. and Mrs. John W. Terry on Fischer avenue.

Socorro has experienced decided summer weather for several days, the temperature going as high as 102 degrees.

There were 1,200 sacks of wool in Magdalena the first of the week. Most of it was purchased by the Becker-Blackwell Co.

The first crop of alfalfa in this vicinity was a fine one and the prospect is good for the second crop.

Dr. C. G. Duncan has moved into a new office on California street, first door north of his residence.

Prof. F. A. Jones has bought a comfortable home in Albuquerque and he and family will take up their residence there in the near future.

Albuquerque, came down to visit Messrs. M. Loewenstein and Jos. Price and families.

W. A. Cozine, while sleeping in the open air in Water canyon one night last week, was bitten through the nose by a skunk. Mr. Cozine is under Dr. Kornitzer's care and it is hoped that no bad results will follow the bite.

Haynes Howell went to Cerrillos and immediately entered upon the duties of assayer at the smelter. This is another illustration of the fact that young men with a diploma from the School of Mines are always in demand.

The Albuquerque Citizen recently announced that "Mrs. Doctor Kittrell" departed Monday morning for her home in Socorro. The only Doctor Kittrell known in Socorro avows that there must be some mistake abroad, that he is still a bachelor and that he has not even declared his intentions to be otherwise.

Cholera Morbus a Dangerous Disease.

In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of Lafayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." For sale by all druggists.

RINCON.

From Las Cruces Progress.

Everybody is back from the hot springs, greatly benefited by the baths.

Professor Jordan is here visiting relatives. He is the guest of Dr. C. A. Brown.

There is not a drop of water in the river and below Colorado the water is turned into their ditch. Wharfing's fees will be light here this season.

There are posters up about town announcing a big time on the Fourth of July, and inviting everybody and his wife. Mothers-in-law not barred.

Fishing parties are the "just right" thing now. A little water, a few fish, plenty of heat, well filled lunch baskets, and a merry time—so they say.

Mrs. William Palmer was in town the fore part of the week with produce from her ranch. Mrs. William Palmer, Jr., is residing with her mother in Colorado.

A. Sangre, the prospector, is daily looking for mineral in the hills north of this place. He has great hopes of making a rich discovery. His faith, hope and perseverance ought to be rewarded.

Improvements to real estate are the order of the day here now. W. R. Lawrence has contracted to repair the school house and other buildings. We are going to put on our store clothes and try to look nice and pleasant when the maw with the dough comes to invest in real estate.

Energy all gone? Heachache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

DEMING.

From the Headlight.

James Kelly, who for the past year has been assistant postmaster at this place, left for his home in Indiana.

F. R. Pollard, who recently took a position with W. J. Wamel as bookkeeper left for Portage, Wis., having been offered a much more lucrative situation as cashier of a large lumber concern at that place.

Harry Harris, who for so long a time has been employed as a bartender at the Aquarium has resigned and gone to work at his trade, carpentering, for the Bisbee road. Mr. Harris' health was not good and he thought that out of door employment might be beneficial.

Sheriff Higgins, of Roswell, was a visitor in Deming this week. Mr. Higgins came here for the purpose of talking Walter McGonigal over to Roswell for trial there. McGonigal is charged with the same offense there as that he stood trial in this county: Obtaining money under false pretenses.

John Corbett, James Irvine and J. B. Hodgdon have during the past week had a cement sidewalk placed in front of their residences and now that part of Deming looks a whole lot better in consequence. Mr. Corbett had a walk laid on the south side of his lots, 142 feet in length.

There has been within the past two months, over fifteen hundred feet of cement sidewalk laid in different parts of this city. It must be admitted by all that this is a pretty good showing for our town. And in addition to this amount placed there is about half as much more contracted for that will be put down late fall.

Henry Nordhaus met with more luck last Tuesday than falls to the lot of an ordinary mortal usually in one day. First, he received a telegram announcing that he was a "grandpa," and then he succeeded in purchasing the lot just south of the one where he is at present doing business. Mr. Nordhaus has wanted this lot for a number of years, and only last Tuesday succeeded in making satisfactory arrangements with Otto Smith, the former owner. The telegram referred to stated that on the morning of the 17th Mrs. Frank Ward, nee Nordhaus, had become the mother of a fine twelve pound girl, at her home in Kirkville, Mo. And now boys, don't forget that Morris is now "Uncle Morris."

Happy Time in Old Town.

"We felt very nappy," writes R. N. Beville, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It destroys all who use it for cuts, corns, burns, bruises, boils, ulcers, eruptions. Infallible for piles. Only 25c at all druggists.

A Curious Find.

It was reported in town this week that some buried coin had been found at the head of Fillmore canyon. A party of wood shoppers, while getting wood for the concentrator at the Modoc mine, unearthed some Mexican dollars about fifty years old. The coins were all standing on edge and

were placed in the form of a cross with the head pointing to the east. There were fourteen coins in the main piece of the cross and twelve in the pieces forming the arms. Eighteen inches from the head were found two coins standing by themselves. Sam Geck has two of the coins and has exhibited them to several of our citizens. There are many stories of hidden treasure and lost mines in these mountains and it is thought by some that these coins would furnish a clue if their significance could be rightly interpreted.—Las Cruces Progress.

Filthy Temples in India.

Sacred cows often defile Indian temples, but worse yet is a body that's polluted by constipation. Don't permit it. Cleanse your system with Dr. King's New Life Pills and avoid untold misery. They give lively livers, active bowels, good digestion, fine appetite. Only 25c at all druggists.

UNDER THE WHEELS.

Serious Accident in the Railway Yards at Las Vegas.

A serious accident happened Saturday morning about 8:40 on the city track, back of the Santa Fe freight house, in Las Vegas, by which Juan Leyba, a native about 42 years of age, will probably lose his life, says the Record.

Leyba and several other men were unloading a car of machinery for the El Porvenir Coal company, and were in the act of lifting a large derrick apparatus, when the switch engine bumped into the string of cars, of which the car on which the men were working was the end. Leyba was standing on the edge of the car, and the hard, sudden jar threw him backwards on the rail, when two wheels passed over his entire left side, terribly mangle the body from head to foot. The men jumped down immediately and pulled him off the track before the other cars could run over him, but too late, probably, to save the life of their friend, who, without a murmur, soon lapsed into unconsciousness. The injured man was conveyed to his home on the west side and a physician called.

Leyba is a widower, and has a grown daughter who has been keeping house for him. He is in poor circumstances, and if he does live will be maimed for life.

L. H. Jena, a cousin of the injured man, has grieved over the accident, and nonchalantly showed the reporter several small bones which were picked up from the mangled body and which he is carefully preserving in his pockets.

Leyba is well known and worked for Marguerito Romero for a number of years.

A report from the injured man late this afternoon says that it is probable he will live, but one leg and one arm must be amputated.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by all druggists.

SHOT HIMSELF.

A Visitor to Taos Ends His Earthly Career With a Bullet.

A stranger, supposed to be Jose de Jesus Cruz, committed suicide Thursday evening about 6 o'clock by shooting himself through the head. The tragedy occurred on the Pueblo road about 100 yards above the postoffice at Taos. A revolver was used, the bullet entering near the right temple.

Whooping Cough.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickfaden, editor Worla-Herald, Fair Haven, Wash. For sale by all druggists.

Workmen have been engaged during the past week in cutting down the grove, straightening the track, and preparing for the double track on the curve north of the Harvey eating house at Raton.

Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive. Don't be too sure you are cured because all external signs of the disease have disappeared, and the doctor says you are well. Many persons have been dosed with Mercury and Potash for months or years, and pronounced cured—to realize when too late that the disease was only covered up—

Our little book on contagious blood poison is the most complete and instructive ever issued; it not only tells all about this disease, but also how to cure yourself at home. It is free and should be in the hands of everyone seeking a cure. Send for it.

THE SWIFT SPECIFIC CO., ATLANTA GA.

Well Preserved

Women often astonish new acquaintances, who are introduced to a large family of strong boys and healthy girls, who call this young looking woman mother. It is popularly supposed that maternity is the foe of beauty, and the worn and faded face of many a mother seems to warrant the belief. But it is hard to believe that nature should compel a woman to sacrifice the rightful dower of her beauty in order to carry out a natural function of her being. And nature does not. The pains and sufferings incident to motherhood, to a large extent, unnatural. This is proved by the use of Dr. Pierce's Favorite Prescription, which prevents and cures nausea, tranquilizes the nerves, encourages the appetite, induces refreshing sleep, and makes the baby's advent practically painless.

Mrs. Orrin Stiles, of Downing, Dunn Co., Wis., writes: "I have been intending to write to you ever since my baby was born in regard to what your 'Favorite Prescription' has done for me. I cannot praise it enough, for I have not been as well for five years as I am now. In July last I had a baby boy, weight 11 lbs., and I was only sick a short time, and since I got up have not had one sick day. I have not had any uterine trouble since I got up. I was not only surprised myself but all my friends here are surprised to see me so well."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

George Haines, an injured brakeman at the local hospital, expects to report for duty some time this week.

The families of Emery Comstock and Harry Armstrong, of San Marcial, have gone out to the mountains.

The family of Engineer John Gallagher are to join him at San Marcial this month, to become residents.

Reports from the local railway hospital are to the effect that all the patients are slowly but surely getting well.

Miss Teresa Ericson, a trained nurse from Chicago, has arrived, and has taken a position at the local railway hospital.

The steam shovel gang finished the work near Rincon and will now put in a few days at the mesa south of San Marcial.

Henry Bignell has taken a contract from the Santa Fe putting on breakwaters at some of the arroyos in the vicinity of Rincon.

J. E. McMahon, who has been the chief dispatcher for the Santa Fe at Raton, has been transferred to Las Vegas, F. Folger taking his place at Raton.

Engineer Chas. Shepherd and family left Needles for Los Angeles. Mr. Shepherd will return to that town in a few days, after locating his family at the coast.

Thos. Johnson, the faithful night yard foreman, secured a lay off and with his family left last Saturday night for San Francisco and southern California cities.

Dr. David J. Saylin, brother of Dr. I. Saylin, surgeon in charge of the local railway hospital, will arrive tonight from Los Angeles and will remain here in the future.

Lawson Lowe, who was acting as temporary stenographer in the city ticket office of the Santa Fe at El Paso, during the absence of Burt Semple, has returned to Las Cruces.

Mrs. A. M. Warner, wife of the chief clerk of Trainmaster Westcott, of the Santa Fe, has arrived at Raton, from Ottawa, Kas., their former home. Mr. and Mrs. Warner are now at home in Raton.

Engineer F. W. Jackson and family left Needles for Coronado Beach where they will join the dwellers of the rent city for the summer. They expect to remain on the coast for about three months.

Mrs. Mary Clement, of Pittsburg, Pa., sister of Engineer Clement, who has been visiting her relatives in Raton for some days, left for the Danes ranch, where she will make a visit of some days.

Engineer Chas. Ireland, of Needles, left for the north. At Portland, Oregon, he will meet Mrs. Ireland and baby and accompany them to Los Angeles, where they will remain during the summer.

Mrs. H. F. Griffith and children, family of Conductor Griffith, departed yesterday morning for her old home in Michigan. They will be absent several months.

Today the electric transfer table was put in operation here by Electrician Warren Armour. Mr. Armour has the distinction of putting into service the first trolley line in New Mexico. The table is operated by a three face trolley and will carry the heaviest locomotive.

The family of J. D. Thompson, who recently went to Topeka to take a job as foreman of the scrap iron gang, has arrived there from Albuquerque, where Mr. Thompson was in the employ of the company until he lost part of his right hand under a steam hammer a few weeks ago.

The Missouri Pacific is increasing its force at Fort Scott, Kas., on account of good wheat prospects. The Santa Fe policy is to wait until the wheat is in the farmers' wagons and on the way to town before they make any advance. If this rain continues the Santa Fe policy will be the money maker.

Robert C. Short, chief clerk in the Southern Pacific's freight house in Los Angeles, at one time depot agent in San Bernardino, has been appointed to the position of southern California freight agent to the Lake Shore Merchant Dispatch line. He will be under J. A. Gill, general agent for the company in California.

Another contrivance of A. T. Parfitt, foreman of the Topeka boiler shop, is to be put into use there with the result of a great saving on time and labor. It is a furnace for welding locomotive flues and is arranged for the use of oil as fuel. By means of it between 150 and 200 flues an hour can be welded, which is far above that now done.

The Rincon eating house is about

completed. They are furnishing the lunch room and the bedrooms and expect to open in a very few days. This will please the railroad men very much as it is almost impossible for them to get anything to eat at night. As most of the trains pass Rincon at night it will certainly be an accommodation to them.

The Needles Eys says: W. C. Auble, chairman of the general grievance committee of the Brotherhood of Railroad Trainmen, was in Needles last Tuesday. Mr. Auble was on his way to Kansas City, where a general conference of trainmen will be held the latter part of this month. He will visit all the lodges along the Santa Fe route.

The Newton Kansan-Republican says: About thirty miles of the Eastern Oklahoma branch has opened for operation last Sunday by the Santa Fe. When the line is finished it will reach from Newkirk to Paul's valley and will make a double track for the Santa Fe and Gulf, Colorado & Santa Fe between those points.

Agent DeBerry, of the El Paso & Southwestern, informs the Deming Headlight that he has received bills of lading for a lot of new passenger coaches for the above road. These cars were shipped from Wilmington, Del., on the 10th of this month and may be expected any day. This will be a much needed improvement over the cars now in use on that road.

A Splendid Remedy. Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, agent Illinois Central railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Kuppe.

Broke the Record.
Yesterday was the hottest day yet and a record breaker for June, the thermometer reaching 95 degrees. Many went to the mountains. Among those who went to Camp Whitcomb were D. W. Scruggs and family, Mr. and Mrs. J. L. Curd, Mrs. T. B. Clements, Miss Elizabeth Gilbert, Mr. and Mrs. James D. Eakin, Edward Pelletier, Lawrence Dry, Fred McSpadden. The summer people now at home at Camp Whitcomb are Mrs. W. J. Oliver and child, Mrs. Horton Moore, Dr. B. H. Briggs and family, Dr. J. J. Henry, Miss Stingle, Dr. Strauther, Mrs. William Loeb, Mrs. Menzie and son.

Read It in His Newspaper.
George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that his paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by all druggists.

LAS VEGAS NOTES.

Special Correspondence.
Las Vegas, June 21.—The Normal band was out serenading last night.

Mrs. Ed Ward and Marshal Curtright returned this afternoon from Denver, where Mabel Bair, Mrs. Ward's daughter, was put in the House of Good Shepherd.

Mrs. M. V. Lubeck returned this afternoon from a six weeks visit in Chicago.

Mrs. Edward Weil and family and Mrs. Samuel Goldsmith returned this afternoon to Ocate, after spending several months here.

Mrs. A. B. Smith and daughter Alice returned this afternoon from Los Angeles.

F. C. Fox came down in his private car from the north this afternoon.

Robert Olinger and W. E. Johnson are here from Mesilla Park on their way to Durango, Colo. They are traveling overland on pack mules and stopped off here to see friends.

The Normal graduating class this year consists of four young men and seven young ladies.

Frank Dollman, one of the switchmen, has gone east. His departure was rather sudden and it is rumored that he left a few merchants holding a bag. He took his brother's trunk and clothes, also.

The Howe show people got a run for their money in Raton, and the Ratonites did, also. The ticket agent got a bullet through his wind pipe for working the short change game and the suckers paid for six shell games that were run.

Norris Cochran, Miss Sophie Gilchrist and Miss Helen Blake contested for the Springer medal for oratory and literature Friday at the Normal. The decision of the judges will not be given until commencement night at the opera house.

Pedro Maestas, an inmate of the asylum, escaped from his room in the third story of the building at midnight. He broke the window and iron guards and descended to the ground by aid of a rope into which he converted the bed clothing. When he skipped Pedro was absolutely nothing—not even a smile of contentment—and it is supposed that he is secreting himself in the mountains. Diligent search is being made, but no trace of him can be found. Maestas was admitted to the asylum from Union county about eight months ago.

Captain Austin, Hon. Charles A. Spiess, H. C. Robinson and Mr. Kelly formed a party to Fort Sumner this morning to attend the sale of the sheep of Juan Santistevan, to satisfy a mortgage held by the National bank of Trinidad. Mr. Santistevan was formerly one of the most prominent ranchmen in the territory, but had bad luck of late, and this sale will probably wind up his affairs. It was also Mr. Santistevan's bank at Taos that failed so heavily a short time ago.

Miss Georgia Murray, who has completed her ten months' term of school at Wagon Mound, returned Saturday afternoon for her vacation.

The solicitors for members of the proposed Y. M. C. A. are doing well, and it seems the success of the venture is assured.

Herbert F. Reynolds, one of Albuquerque's rising young attorneys, was in court here this morning.

In the case of James Conant vs. Charles Clay, et al., the injunction ordering the defendant to turn the \$1,500 winnings at gambling over to the court was dissolved, giving the victory to Mr. Clay.

The new stamp canceling machine was set up in the postoffice Saturday by an expert from Washington, and it grinds out the letters faster than they can be counted.

Mrs. C. C. Gise will entertain a number of friends at cards next Thursday and Friday evenings. Mr. Gise will take a hand in the entertaining.

G. A. Gosser went down to Cerrillos Saturday afternoon to look after some mining business. He thinks he has a good thing in his "Gypsy" claim there.

J. P. Erickson talked groceries to the merchants in Santa Fe Friday.

There were a number of freighters in Saturday, and business from the country has brightened in the last day or two.

Saved From An Awful Fate.
"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by hay fever and asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for consumption, used it, and was completely cured." For desperate throat and lung diseases it is the safest cure in the world, and is infallible for coughs, colds and bronchial affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

Bad Blood

Pimples, rashes, eczema, boils, headache, nervousness, debility—these are some of the results of impure blood. Medical authorities agree that impure blood can be made pure and rich. Your doctor will tell you about Ayer's Sarsaparilla.

Bad blood follows constipation, and constipation follows a sluggish liver. Ayer's Pills are liver pills. They produce natural daily movements in a natural way.

Deming is the great mining center of the southwest.

The Mexican Central Railway Co., Limited

Calls attention to the fact that: It is the only Standard Gauge Route from the United States frontier to Mexico City.

It is the only line in Mexico that can offer the traveling public the conveniences and comforts of Standard Gauge Pullman Drawing Room Sleepers, lighted by Pintsch Gas.

It is the only line by which you can travel without change from Kansas City, Mo., to Mexico City.

It is the only line by which you can travel without change from St. Louis, Mo., to Mexico City.

The lines of the Mexican Central Railway pass through 15 of the 27 states of the Republic. Eight million of the thirteen million inhabitants of Mexico are settled contiguous to them.

The principal mining regions receive their supplies and export their products over it. Chihuahua, Sierra Mojada, Mapimi, Fresnillo, Parral, Guanacavi, Durango, Zacatecas, Guanjuato, Sombrerete, Pachuca, etc., etc.

When You Travel for Business, Go Where Business is Done. There are only five cities of over 35,000 inhabitants in the Republic of Mexico that are not reached by the Mexican Central line. The following ten cities are reached only by the Mexican Central Railway:

Chihuahua 30,098 inhabitants; Parral 16,382; Zacatecas 34,433; Guanjuato 40,580; Leon 63,263; Guadalajara 101,208; Queretaro 38,016; Zamora 12,533; Aguascalientes 37,816; Irapuato 19,640.

It also reaches the cities of Torreon 13,845; San Luis Potosi 60,558; Tampico (Mexican Gulf port) 16,313; Celaya 25,565; Pachuca 37,487; City of Mexico 368,777.

Daily Pullman service between St. Louis, Mo., and Mexico City, also between Kansas City, Mo., and Mexico City, and vice versa.

A new cancelling machine has been installed at the postoffice which, while not one of the rapid machines, is an improvement over the old one.

Mrs. A. D. Chapman left Sunday night for El Paso and from there she will go to her home in Kansas City. The lady was here the past few months.

H. Eichwald, who represents Kohlberg Bros., cigar manufacturers of El Paso, is in the city, and today John Cuneo, of the St. Elmo, showed the visitor courtesies.

Major J. S. Van Doren, the Bluewater farmer and irrigator, who was here yesterday on one of his regular visits to the metropolis, expects to return to the west tonight.

Notice—An important meeting of the U. C. T. will be held Wednesday evening at 8 o'clock, in Odd Fellows' hall. A full attendance is desired. Edward Spitz, secretary.

Judge Crawford this morning gave Juan Derraz and Peter Austin \$5 or five days for being drunk and disorderly and Joe Hill and Frank Allen five days each as vagrants.

The Woman's Relief Corps will meet at the Knights of Pythias hall Tuesday at 2:30 p. m. Initiation. By order of president, Mrs. E. C. Whitson. Mrs. T. A. Whitcomb, secretary.

Paul Liebig, the head baker at the New England bakery, is around today rejoicing over the arrival at his home of a bouncing baby boy, which made his appearance yesterday.

Mrs. Beasie Nelson and daughter, after a few days' visit to her sister, Mrs. Aaron Gray, left Saturday night on a visit to her Ohio relatives and friends. Mrs. Nelson resides at Winslow.

Col. A. W. Harris, of Kingston, came in yesterday. He says stock conditions in Sierra county are promising but rain is needed. He says there is much activity in mining around Hillsboro.

J. F. McNally, the general superintendent of the Rio Grande division of the Santa Fe, is in the city from San Marcial, and is here to investigate the recent wreck at the local stock yards.

H. O. Bursum, who is the efficient superintendent of the territorial penitentiary at Santa Fe, came in from Santa Fe last night and continued on south to his ranch in Lincoln county.

Hon. R. E. Twitchell, who was out in the Grants neighborhood of Valencia county on archaeological matters, came in from the west this morning and continued on to his home in Las Vegas.

The Williams, Arizona, News, has the following of local interest to the town: Miss Susie Johnson, daughter of Judge and Mrs. Joseph Johnson, who has been attending school at Albuquerque during the past winter, returned home Tuesday for the summer vacation.

H. Gleason, deputy tax collector of Valencia county, came up this morning from Los Lunas to see Mrs. Gleason who will start for Wisconsin tomorrow to visit with her father and mother for the summer. Mr. Gleason reports that work on the new flour mill was commenced this morning at Los Lunas.

Capt. Jack Crawford passed through last night on his way back to San Marcial from Colorado, where he was a guest at the Grand Army reunion. He was enthusiastic over the reception given him and says he may go through Colorado on a lecturing tour. He also expects to put a spectacular play on at the St. Louis fair.

Dr. Crosson, who accompanied his patient, Mrs. D. W. Clare, across the mountains in New Mexico as far north as Trinidad, Colo., returned to the city Sunday night. Mr. and Mrs. Clare proceeded on to Montgomery City, Mo., and friends here hope that the invalid wife will be restored to health again. This afternoon Dr. Crosson received a telegram from Mr. Clare from Montgomery City, Mo., which said, "Stood the trip well. Feels better. Arrived on time."

C. H. Young, the division superintendent of the Wells, Fargo Express company, with headquarters at Denver, is in the city, coming in from El Paso. He is on a regular inspection tour and finds the office here conducted in a first class manner by Agent McFerran. Mr. Young called at the Citizen office and to friends stated that the weather was so warm in El Paso that people, who had to sleep, put a chunk of ice in bed before going to sleep. He will leave for the north tonight.
