NO. 23

## IN HIS LAST RESTING PLACE.

Not Less Than 15,000 People Attended the Funeral of Ex-President Benjamin Harrison.

## SERVICES AT THE CHURCH.

There Were Marked Manifestations of Mourning—The Cemetery Was Reached in the Rush of Early Evening—President McKinley Present.

Indianapolis, Ind., March 18.—The burial of General Harrison on Sunday afternoon was notable for the large attendance and marked manifestations of mourning. Private services at the Harrison home were followed by services in the church, which was crowded, while thousands, unable to gain admittance, stood in the streets. The services were conducted by Rev. M. L. Haines and Rev. Samuel J. Nichols, of St. Louis. It was nearly 5 o'clock when the cortege reached Crown Hill cemetery. Close by the grave were the members of the family, President McKinley, other visitors of distinction, and the more intimate friends of General Harrison. Back fifty yards stood with uncovered heads the great multitude.

**Coming Home.**  
Shanghai, March 18.—United States Minister Conger sailed today.

**Explosion Wrecks Building.**  
Cleveland, March 18.—A terrific explosion of chemicals in the laboratory of the National Carbon Works which occurred early today, partially wrecked the large brick building. Loss \$7,000.

**Governor Odell Signs Bills.**  
Albany, N. Y., March 18.—Governor Odell today signed the bills passed by the legislature imposing a tax on surplus earnings savings banks and a premium on receipts of insurance companies.

**Rockefeller Joins Steel Trust.**  
New York, March 18.—A report is being circulated that all the interests of John D. Rockefeller in the iron business, including mines, railway and lake transportation lines are to go into the United States steel corporation.

**The President in Canton.**  
Canton, Ohio, March 18.—President McKinley arrived from Indianapolis this morning and leaves for Washington tonight. Mrs. Harriet Saxton, wife of Mrs. McKinley's uncle, died last night. It is understood that official business will prevent the president from remaining to attend the funeral.

**Opened to Settlers.**  
Phoenix, Ariz., March 18.—The Algodones tract, containing nearly 50,000 acres below Yuma, will be opened to settlers today. It contains much land that is very valuable and most of it has been filed upon.

**Factory and Exposition Building Destroyed.**  
Pittsburg, March 18.—Hiram W. French and Co's hair & felt factory was destroyed by fire Sunday. The flames jumped across the street to the exposition building which was also destroyed. Fireman William Miller, was killed, and three other firemen injured by live wires. The property loss will amount to one quarter of a million.

**Will Take a Recess.**  
Washington, March 18.—No cases of great importance were decided by the supreme court today. Chief Justice Fuller announced that the court would take a recess from next Monday for a fortnight. The opinion is quite general that a decision on the Porto Rican and Philippine question will not be announced until after the conclusion of that recess.

**New Railroad Opened.**  
Bekin, March 18.—The railroad between Pekin and Chan Sing Ou was opened Saturday in the presence of the French and Belgian ministers. There was review among troops as a feature of celebration.

## MARKET REPORT.

**In District Court.**  
The following constitute the list of petit jurors for the March term of the district court:

Antonio Martinez y Jaramillo, Valentin Montoya, Reduendo Trujillo, Hilario Apodaca, Marcelino Garcia, Elias Romero, Narciso Maestas, Garcia, Bartlett, Marcelino Lucero, Ramon Jimenez, Manuel Rodriguez, Pablo Seidner, Juan Jose Lujan, Patricio Martinez, Jose Garcia, Antonio Martinez, Henriquez Barcia, Antonio Lopez, Dolores Tofaya, Constanza Barcia, Reyes Rolbal, Manuel Casados, Jose L. Delgado, Arnaldo Alarid.  
The grand jury reported one true bill and four cases in which no true bill was found.  
The case of the territory vs. Francisco Romero, for assault with intent to kill, was dismissed at the cost of the plaintiff. In case 3228, against the same man for carrying arms, he pleaded guilty, and was assessed a fine of \$50 and costs.  
Case 3021, against T. P. Gabel for giving away intoxicating liquors, was dismissed.  
Case 2638, the territory vs. Juan B. Martinez for assault with deadly weapons, was dismissed.

## PACIFYING THE FILIPINOS.

Romblon Is to Be the Capital of a Newly Organized Island Province.

## A RECONCENTRADO ORDER.

Only Three Hundred Insurgents in the Island of Mindanao—All Natives Must Live in the Five Towns Occupied by the Americans.

Romblon, Island of Romblon, March 18.—This port will be the capital of the newly formed province composed of the adjacent islands. Maj. Evan M. Johnson, Jr., of the 29th volunteer infantry, will be governor, and Capt. T. S. Williams, of the same regiment, treasurer of the new province.  
**A RECONCENTRADO ORDER.**  
There are 300 insurgents still in the mountains of Marinduque, but otherwise the inhabitants are anxious for the pacification of the island, and to accept American sovereignty. Major Smith, commanding the American garrison, issued an order requiring all natives to live in the five principal towns where American troops are stationed. The natives who continue to live in the country will be considered insurgents.

## HILL CONTROLS THE BURLINGTON.

He Will Now Run Opposition to the Canadian Pacific.

Chicago, March 18.—The Tribune says: The reported arrangement for the leasing of the Chicago, Burlington & Quincy system to the Great Northern and Northern Pacific Railroad companies places the Hill combination in a position to compete in the oriental freights with the Canadian Pacific railroad. According to present advices, James J. Hill will operate the Burlington as an independent basis, but as a part of the continuous link system from Chicago to the Pacific ocean, and north-west with the New York connections over the Pennsylvania lines.

## AN UNLUCKY TRIP.

Two Accidents on Board of the Steamship New York During Her Trip.

New York, March 18.—Two accidents occurred on the last voyage of the steamship New York, which arrived last night, one of which caused two deaths. Last Friday the ammonia tank connected with the refrigerator plant exploded. Fifteen were overcome by the fumes. John Kent, steward, and Carl Englehart, a stowaway passenger, died from the effects. Next day one of the shafts broke, but did no damage.

## KILLED BY HER DOG.

A Fox Terrier Tears a New York Woman's Throat.

New York, March 18.—Mrs. Carrie Cobus, living at West Eighteenth street, was killed last night by her fox terrier. She fell into an epileptic fit, the dog pounced upon her and tore her throat in a frightful manner. She bled to death.

## THE INTEROCEANIC CANAL.

The Panama Canal People Are Again in a Sanguine Mood.

New York, March 18.—A dispatch to the Herald from Washington says: In view that the administration is supported by the next congress, the president will obtain discretionary authority to acquire either the Nicaragua or the Panama canal routes. On this account, the stock of the Panama canal has risen since the adjournment of congress.  
**REOPENING OF NEGOTIATIONS.**  
Washington, March 18.—Secretary Hay had a long conference to-day with Senator Morgan respecting isthmian canal matters and the advisability of reopening negotiations for a treaty with Great Britain on the subject.

## CITY ON FIRE.

Twelve Blocks Already Burned and the Fire Still Raging.

St. Louis, Mo., March 18.—A fire that started at the foot of Cherokee street shortly after 1 o'clock, fanned by a strong south wind, spread over the territory bounded by Zepp street on the south to Arsenal on the north, DeKalb on the west, and the river on the east, a territory of six blocks long and two wide, and covered by dwellings, lumber yards, repair shops, etc. At 2:30 p. m. the flames still seemed to be spreading, but because of a heavy smoke and intense heat, which kept the firemen at a distance, it is impossible to tell how much damage will be done. The following buildings have been destroyed: The ice houses of W. J. Lemp and the Anheuser-Busch Brewing Company; the American Car and Foundry Company; the shops of the Standard Barrel Company; Studt Pickle and Vinegar Company's plant; three two-story dwellings, and five scattered cottages; the buildings of the United States engineering department used; the old stone arsenal used for storage of United States army quartermasters' supplies; several boat houses. Joseph Keap and Tony Gleitz, laborers employed by the American Car and Foundry Company, were injured while trying to escape from the burning building.

## THE CHINESE SITUATION.

The Danger Point Is in Manchuria and Not in the Vicinity of Tien Tsin.

## RUSSIA MUST BACK DOWN.

Great Britain, Germany and Japan Will Not Acquiesce Without Protest in the Annexation of One Third of China by Russia.

New York, March 18.—According to advices received by the Herald from Washington, the diplomats there say that Manchuria and not Tien Tsin is the danger point to the Chinese situation. These gentlemen assert that Great Britain, Japan and Germany have given Russia to understand that they will regard with disfavor the signing of the Manchurian convention, and if the convention is signed will make a vigorous protest. Should this be not effectual, more aggressive measures will be taken.

**A GOVERNOR DISMISSED.**  
Berlin, March 18.—A dispatch from Swatow says that on the demand of the German consul at Swatow, the district governor of Hsi Ning (See Ning) will be dismissed on account of his anti-Christian attitude and dilatoriness in dealing with the German claims. Two Chinese participants in the anti-German riots have been beheaded at Ho Ping.

## DISPUTE UNCHANGED.

Tien Tsin, March 18.—The Anglo-Russian dispute is unchanged. The French troops are quieter. Over forty arrests have been made.

## BRITISH AND RUSSIAN COMPROMISE.

London, March 18.—On the highest official authority the Associated Press is authorized to announce that the difficulty in Tien Tsin between the Russians and the British over the construction of the railroad siding in the territory claimed by both will probably be solved by the withdrawal of both British and Russian troops from the ground in dispute.

## Opposition to Reform Movements.

London, March 18.—The Vienna Neue Freie press reports a serious rising in Tehran and Persia, because of reforms attempted by the Shah.

## CITY POLITICS.

Republican City and Citizen's Central Committee Meet and Unite—Vacancies Filled.

On Saturday afternoon, pursuant to call, the regular Republican city central committee held a meeting at the office of the New Mexican. There were present E. L. Bartlett, chairman; D. M. White, Jose D. Sena and John V. Conway, members; R. C. Gortner, treasurer, and Marcelino Ortiz, secretary. The citizens' central committee of the last campaign had a meeting in the afternoon also. At that meeting it was resolved that it would dissolve and transfer all its powers to the regular Republican city central committee. Hilario Ortiz was chairman of that committee. Mr. Ortiz appeared before the regular Republican city central committee and resigned. After discussing the situation in general, E. L. Bartlett resigned as chairman of the regular Republican city central committee, and Samuel G. Cartwright was elected to take his place. Amado Chavez was elected to represent ward 4 on a committee to fill a vacancy caused by the departure of G. L. Solignac.

It is believed, judging from the action above described, that there will be but one Republican city ticket in the field. If that is so, and it is composed of good men, there is no reason to doubt that it will be elected. As far as the New Mexican is concerned, it hopes that such will be the case, and will support any man who is a Republican and a good and respectable citizen for city office. It asks nothing but that a clean and decent ticket be nominated, and will do its best toward the election of such.

## OFFICIAL MATTERS.

**A REPRIEVE FOR KETCHUM.**  
Governor Otero has granted a reprieve until April 26 to Tom Ketchum, the train hold-up sentenced to be hanged at Clayton, Union county, on March 21.

The mean temperature for the 24 hours was 42 degrees; mean daily humidity, 39 per cent. Yesterday the thermometer registered as follows: Maximum temperature, 58 degrees, at 4:10 p. m.; minimum, 32 degrees, at 5:30 a. m. The mean temperature for the 24 hours was 45 degrees. Mean daily humidity 38 per cent. Temperature at 6:00 a. m. today, 34.

## LEGISLATIVE PROCEEDINGS.

### HOUSE—MONDAY FORENOON.

Before getting down to business, a complaint by Chief Clerk R. L. Baca against Jose Valdez, an assistant translator, for not observing the rules of the house, was read and caused some discussion.

The complaint was laid upon the table, 12 to 8.  
House joint resolution No. 17, with the council amendments, was taken up. The resolution as amended provides for an appropriation of \$600 in payment for translating the message of Governor Otero, and the accompanying documents. The resolution as amended passed, 13 to 5.

House bill No. 97, as amended by the council, was taken up. The bill provides for the condemnation of land in the city of Santa Fe for capital ground purposes. The council amendment was concurred in, and the bill passed. The bill had been introduced by Speaker Read.

House bill No. 98, by Mr. Dalles, providing for the licensing of saloons by the year, was taken up. The amendment of the council to the bill was concurred in. The bill then passed after a fierce debate and considerable parliamentary wrangling. It is meant to do away with the cantenets which spring up around election time.

**Afternoon Session.**  
Council bill No. 40, a jury bill, was taken up by the house. It was introduced by Mr. Navarro in the council, and after consultation with him, Speaker Read offered an amendment striking out the property qualifications for jurors. The original bill strikes out also the age limitation of 60 years for jurors. Speaker Read made a powerful plea for the passage of the act and his amendment. Mr. Valdez being in the chair at the time, Mr. Barnes spoke eloquently in favor of the bill, but against the amendment. Mr. Bateman spoke in favor of the bill and the amendment with great earnestness. Mr. Sanchez of Valencia was in favor of the law and the amendment, and Mr. Gutierrez made strong arguments in favor of the present law.

The bill passed with above amendments.  
The house passed the bill making an appropriation for an exhibit at the Louisiana purchase exposition in St. Louis with some amendments.  
**COUNCIL—MONDAY FORENOON.**  
Mr. Fielder introduced council bill No. 121, relating to the disposal of the proceeds of forfeited appeal bonds in criminal cases. The bill passed unanimously under suspension of the rules.

Council bill No. 119, requiring life and accident insurance companies to make deposits of \$10,000 each with the territorial treasurer, the same as fire companies, was passed.  
House bill No. 45, an act to punish the defacing of tombs and monuments, was passed unanimously.

Council bill No. 117, an act to validate certain bonds issued by the boards of county commissioners, applying more particularly to Union county, was passed, 8 to 4. Messrs. Easley, Hinkle, Hughes and Springer being in the negative.

House bill No. 187, the coal oil inspection bill passed by the house, was passed by the council, and will now go to the governor for signature.

Council bill No. 122 was introduced by Mr. Martinez. The bill provides that sheriffs be allowed 5 per cent for the collection of licenses instead of 4 per cent, as at present provided.

The council then went into executive session.  
**Afternoon Session.**  
The session was short. Council bill creating an insurance department and providing for an insurance commissioner was passed.

House bill relating to salaries of probate judges, passed by the house, was non-concurred in.

The president's table being clear, the council adjourned at 3:40.

**HOUSE—SATURDAY AFTERNOON.**  
House bill No. 165, an act to provide for the exemptions of taxes and obligations to widows, failed to pass, 12 to 6.

House bill No. 186, an act providing for the payment of outstanding indebtedness in the various counties of the territory, passed, 13 to 6.

House bill No. 204, by Mr. Dalles, an act providing for the sale of public lands for the establishment and maintenance of a reform school, was reconsidered and passed, only Mr. Martinez voting against the measure.

House bill No. 189, an act to amend section 1733 of the Compiled Laws of 1897, relating to the collection of taxes, was killed, 14 to 5.

House bill No. 179, an act repealing the provision for certification of the secretary of the territory to certain incorporation papers, failed to pass.

House bill No. 177, an act to amend section 3753 of the Compiled Laws of 1897, was defeated. The bill relates to the taking possession of public lands.

Council bill No. 27, an act providing for a geological survey in the territory, introduced by Mr. Cruickshank, was taken up, but an amendment made by the council was found missing, and action on the bill was deferred for the present.

**HOUSE—SATURDAY AFTERNOON.**  
Council bill No. 54, an act repealing sub-sections 31 and 32 of section 2403 of the Compiled Laws of 1897 passed unanimously. It relates to the fire limits of municipalities and building regulations.

House bill No. 200, an act providing for a capitol custodian committee, and repealing sections 3468, 3469, 3471 and 3472 of the Compiled Laws of 1897 passed, 17 to 1. It provides for a custodian board consisting of the commissioner of public lands and two others appointed by the governor.

House bill No. 239, an act providing for the compensation of the district attorney of McKinley county, and for other purposes, passed, 16 to 1.

The house ruled, upon motion of Mr. Abbott, that all council bills which

may hereafter be brought from the council be considered as having been read first and second time by title and be referred by the speaker to the proper committee at once.

### THE LUNA COUNTY BILL.

The following is a resume in brief of council substitute for council bill No. 33, an act to create the county of Luna, which has passed both branches of the legislature, was signed by Governor Otero on Saturday.

The boundaries of the new county are as follows:  
Commencing at the northwest corner of township 21 south, range 13 west, of the New Mexico principal base and meridian; thence east along the north boundary line of township 21 south, to the southwest corner of township 20 south, range 10 west; thence north along the west boundary line of range 10 west, to the northwest corner of township 20 south, range 10 west; thence east along the north boundary line of township 20 south, to the northeast corner of township 20 south, range 5 west; thence south along the east boundary line of range 5 west to the international boundary line of the United States and the republic of Mexico; thence west along said international boundary line to the range line between ranges 13 and 14 west; thence north, on said range line between ranges 13 and 14 west, to the northwest corner of township 21 south, range 13 west, the place of beginning.

The county seat is to be at Deming. Governor Otero is to appoint the county officials on April 1, of this year, and these are to serve until the officers to be elected at the next regular election have qualified. The county is to be of the fourth class, and the county commissioners are to divide the county into precincts and districts.

A most important provision of the act is that the citizens and property in that part of the new county which had been a part of Grant county prior to the passage of the act are liable for the present indebtedness of Grant county to the same extent as the citizens and property remaining in the county of Grant. The county commissioners of Grant county shall levy a uniform tax for the purpose of paying the obligations incurred on account of the present debt, and it shall be collected from the citizens and property of that part of Luna county which was a part of Grant county, the same as from the citizens and property remaining in Grant county. Bonds may be issued for the purpose of refunding the debt of Grant county, pledging as security the property within the limits of Grant county prior to the creation of Luna county for their payment. The collector of Luna county is to turn over to the collector and treasurer of Grant county he has collected from the citizens and property within that part of Luna county formerly included in Grant county for the purpose of paying the interest or principal of the Grant county indebtedness.

On or before the first day of May this year, the board of county commissioners of Dona Ana county shall certify to the county of Luna the total amount of legal indebtedness of Dona Ana county, less the cash on hand, and the county of Luna shall assume such proportion of the indebtedness of the county of Dona Ana as the assessed value in 1900 of the property situated in that part of Dona Ana county included in Luna county bears to the total assessed valuation of property in Dona Ana county.

The county of Luna is authorized to issue bonds to the amount of \$25,000 for court house purposes; \$5,000 for jail purposes, and for current expenses until taxes are collected, \$5,000. Also bonds to pay Luna county's proportion of the indebtedness of Dona Ana county, and until such issue is made Luna county is to pay its share of the interest on that indebtedness. The bonds are to be twenty-year bonds, bearing interest not to exceed 6 per cent. A tax is to be levied after 1908 to create a sinking fund for the purpose of paying the principal of the bonds issued under this act. All delinquent taxes of the years before 1899 shall be turned over to the counties from which Luna county is created.

The new county is attached to the third judicial district. District court is to be held at Deming, beginning on the second day of June, and the second Monday of December of each year. The district attorney of Grant county shall also be the district attorney of Luna county. The latter county is to pay the district attorney \$300 per annum. For legislative purposes the county of Luna is attached to the county of Grant. Until the appointment and qualification of the peace officers of Luna county the present peace officers shall have jurisdiction. The act is to take effect immediately upon its passage.

### A CADET APPOINTED.

Representative E. L. Gutierrez, of Bernalillo county, has appointed Celestino Baca, the son of Hon. Esquivala Baca, justice of the peace at Pena Blanca, cadet to the New Mexico Military Institute at Roswell.

### APPOINTMENTS BY THE GOVERNOR.

Governor Otero to-day sent the following nominations to the council, which were confirmed in executive session: New Mexico board of health—Dr. J. H. Sloan, Santa Fe; Dr. W. R. Tipton, Las Vegas; Dr. G. C. Bryan, of Alamogordo; Dr. T. P. Martin, of Taos; Dr. W. G. Hope, of Albuquerque; Dr. John Tascher, of Albuquerque, and Dr. William Radcliffe, of Belen. Also, the vacation appointment of Dr. D. W. Manley upon the board of dental examiners to succeed Dr. James Brady, removed from the territory.

### Legislative Pointers.

C. W. Allen, of the Las Vegas Optic, was a visitor on the floor of the house to-day.

Mrs. E. L. Gutierrez to-day occupied a seat by the side of her husband in the house.

During the memorial services yesterday afternoon the flag on the capitol dome was at half-mast.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the southwest.

MONDAY, MARCH 18.

For Governor of New Mexico from June 7, 1901, to June 7, 1905, or until statehood is attained, Miguel A. Otero.

Three more days of the assembly. Although the time is short, gentlemen, still make haste slowly. Such action will prove a great safeguard against the passage of improper measures.

It is beginning to look as if none of the numerous bills passed by the house for the location of the miners' hospital, asylum for the blind and reform school will become law. This is not a bad idea. It will do no harm to keep the location of these institutions for two years hence.

The bureau of immigration appointed by Governor Otero on Saturday last and unanimously confirmed consists of good and strong men. It is a non-partisan body, and judging from its membership intelligent, telling and successful work will be accomplished in securing immigration to New Mexico.

The prohibitionists of Denver have nominated a municipal ticket composed altogether of women. Just in the light of an experiment it might do no harm to elect that ticket of twenty-seven women. Denver would probably never again feel with such a manifestation of political crankism.

Col. G. W. Prichard appointed and confirmed unanimously as district attorney for the district composed of the counties of Socorro, Lincoln, Chaves and Eddy is one of the best-known lawyers of the territory, and fully competent to perform the duties of the office energetically and efficiently.

Hon. W. B. Walton, the representative from Grant county, fought hard against the passage of the Luna county bill during six weeks. It was a losing but a gallant fight. Voters of Grant county should give Mr. Walton due credit for his courageous and manly fight in their behalf.

Municipal reform should be the rallying cry among the Republicans of New Mexico at the April election. There isn't a town in the United States that cannot stand a dose of that medicine, and New Mexico will not suffer if its people on April 2 elect city officials who will give the cities of the territory a clean, progressive government.

Great Britain is gradually coming into the camp of the protectionists. The government will propose a protective tariff on sugar in order to aid British refineries. Thus the American protective tariff is justified by the very nation whose adherence to free trade has encouraged the free traders in this country.

The bill to detach the northern part of Santa Fe county and attach it to southern Rio Arriba county may pass the house, but it will get scanty support in the council. This seems to be the indication. Indeed, the council will do well to promptly kill the measure should it reach it. This is neither the time nor the place for a bill of that kind to pass.

Mr. W. H. H. Llewellyn has been appointed district attorney for the district composed of the counties of Dona Ana, Otero, Sierra and Grant. His district will also include the new county of Luna. His nomination was confirmed unanimously. Major Llewellyn is one of the best-known citizens of the territory, and fully deserves the appointment. He will make a first-class prosecuting officer.

An analysis of the appointments made by Governor Otero on Saturday and confirmed by the council shows them to be first-class in every respect. The men appointed are not only respected citizens of the territory, but they are especially fitted for the work to which they have been assigned. Only credit can come to Governor Otero and to the territory of New Mexico by appointments made with so much forethought and wisdom.

There is every reason to believe that Luna county will do well. It is compact, and therefore its affairs can be administered efficiently and cheaply. It contains but three precincts to start on, but will increase in time in wealth, population and prosperity. It has sufficient taxable property to maintain itself decently. The first set of county officials will be appointed by the governor on April 1, and will consist of as good men as can be found within the county.

New Mexico is to receive some form of rural mail delivery. The star route mail carriers are to deliver mail in houses which they pass and in boxes prepared for them by residents in their district, providing the boxes are placed in convenient places along the routes which they travel. This is not the real thing that Colorado and other states enjoy, but it is an approximation to it and a forerunner of the better things to come when New Mexico is received into the family of states.

Grant county ought to be pretty well satisfied. It loses a portion of its territory, but the fifteen-year-old fight for the creation of a new county out of part of it has been settled. This in itself is a very good thing all around. Indeed, the people of Grant county ought to congratulate themselves, and say it might have been a great deal worse.

President Diaz is declared in bad health, in good health, or to be dying, just as it suits a certain newspaper correspondent at El Paso. The Press City is the home of more newspaper fakes than any other city twice its size in the United States. They cover all of Mexico, New Mexico, Arizona and the region beyond with their imagination, and the grapevine telegraph is not in it with their wonderful productions of imaginary events.

France shows a decrease in exports during the year 1900 amounting to \$14,000,000. German exports in the same time increased \$49,000,000; England's \$50,000,000 during the last seven months of the year, and those of the United States \$100,000,000 during the same months. Other nations have increased their exports at a much lesser rate than Germany, and those of several nations including France have decreased. Uncle Sam is therefore still on top.

An Indiana grand jury is investigating to ascertain who scratched out words in a pure food bill that became a law before the Indiana legislature adjourned. The bill defined stuffs that should not be used in baking powder. The words cream of tartar were scratched out by some unknown person after the measure had been passed by the legislature. The legislatures of the states are bad examples to territorial legislatures.

The appointments made by Governor Otero on Saturday for the various commissions were very good considering all points. The territorial board of equalization, a very important board, is composed of excellent men. viz, Messrs. Venecio Jaramillo, first district; J. M. Sandoval, second district; J. A. Mahoney, third district; James Duncan, fourth district, and J. F. Hinkle, fifth district. These gentlemen are well known. Even-handed justice will be administered by them in matters of taxation.

Carnegie will die poor if he keeps on giving on the munificent scale he did last week. His benefactions the past seven days amount to \$3,500,000. Surely, no man before him has ever given so lavishly as he has done. To Pittsburgh go \$25,000,000 for a technical school; to New York \$5,500,000 for public libraries; to the aged and disabled employees of the Carnegie works a trust fund of \$5,500,000, and to St. Louis \$1,000,000 for a public library. The world will forgive a generous man all his shortcomings, especially when it is certain that many of the alleged shortcomings will some day be considered virtues.

The Colorado legislature last week lost an important resolution somewhere in the committee rooms. Important bills have a way of disappearing or of being changed after passage. Speaker Montgomery has seen fit to make a public assertion that boodle is being used liberally to defeat reform legislation. If the Denver papers tell the truth, quite often resemble a fight in a bear garden. The New Mexico legislature is very respectable compared with legislative manifestations in the so-called states. And yet there are some people in New Mexico who assert that New Mexico is not deserving of statehood because its legislature does not consist of long-haired reformers.

**Legislative Employees.**  
The greatest howl against the present legislature is that it has a certain number of employees upon the pay-roll. Those not cognizant with legislative work, the immense amount of clerical work in the brief number of legislative days, cannot see why the legislature does not do without all legislative employees excepting perhaps a clerk in each house and a sergeant-at-arms at the door. But those who have followed the business of the legislature the past fifty-six days know that the present legislature is rather short-handed than overburdened with employees. They know that it is only by evening and night work that the clerks keep up with their work. They know that the engrossing clerks find it impossible to engross in time all the bills that have been and will be passed, for it has become necessary to pass a resolution to consider typewritten bills as engrossed. They know that minute care must be exercised in transcribing and comparing bills, and that mistakes have been made just because of lack of clerical help to give close scrutiny to all documents. Committees work has been delayed for lack of committee clerks, and there is work at the capital for every legislative employee and more, too. At times, the visitor may see a sweeper or a page idling, but the hour comes every day when every one of these employees is at work, hard at work, doing work of the utmost necessity. Colorado, though bankrupt, unable to pay its current expenses, employs four times the amount of legislative help that New Mexico does. Missouri, Pennsylvania, Wyoming and every other state employs a greater amount of legislative help, and would wonder at the penuriousness of a legislature like that of New Mexico, which is carefully disposing of over 400 bills, and an immense amount of public business in sixty days, with a pay-roll amounting to less than \$15,000, while in other states \$150,000 is thought too much to pay legislators and legislative employees in a single session.

**The Politician.**  
The politician is what the people make him. He does not claim to be an angel of light, nor an impracticable reformer. His success depends upon being with the majority or upon creating a majority. As soon as he offends public opinion or is not diplomatic in treating the majority, his influence and usefulness are gone. Whatever is evil in the present day politician, therefore, is caused by a perverted public opinion. The average politician is not a bad man, but he must be an opportunist and a diplomat in order to succeed. The average American voter expects to be

# CATARRH: FORERUNNER OF CONSUMPTION.

How realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results. The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption. It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

## CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE.

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease. S. S. S. cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Pohl, of Due West, S. C., writes: "I had Catarrh, which became so deep-seated that I was entirely deaf in one ear, and all inside of my nose, including part of the bone, was sloughed off. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonic and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.

It is of the utmost importance that every citizen registers in person before the places of registration close for the municipal election. In ward No. 2, for instance, the registration officers do not have the old registration books, and unless every citizen sees to it personally that he is registered he will probably lose his vote.

Hon. B. S. Rodey, delegate to congress, has returned from Washington, where he attended the inauguration, and is in the capital on business.

Hon. Juan Santesteven, banker, and one of the leading merchants of northern New Mexico, after spending several days here in the interest of some legislative matters left this morning for his home in Taos.

T. J. Dillon arrived yesterday from Helena, Montana, and is the guest of James McCabe of the Dudrow-Taylor Furniture company. Mr. Dillon is on the staff of the Helena Independent, which is Senator W. A. Clark's paper.

Mrs. Alex. Gusdorf, who has been the guest of Mr. and Mrs. Ad. Gusdorf in this city, left for Taos this forenoon. She had been at Roswell, where her son is a student at the New Mexico Military Institute.

Col. Venecio Jaramillo and wife have returned from Buffalo, N. Y., where they have been for the past three months for the benefit of the Colonels' health and will go to their home in Rio Arriba county one day this week. Col. Jaramillo is greatly improved in health, which will be very gratifying to his many friends here and throughout the northern part of the territory.

Apolinario Vigil and the family of Hon. J. P. Martinez, of Guadalupe county, have been in the city since Saturday, and left to-day for San Juan, Rio Arriba county, on a visit. Mr. Vigil is the father-in-law of Hon. J. P. Martinez. They will return from a visit to San Juan and Santa Cruz in three or four days for a further visit with Mr. Martinez.

J. B. Harper and William Day spent Sunday with friends, and returned this morning to San Ildefonso, where they are constructing irrigation works.

A. C. Ireland and wife left Saturday for Denver, where they will spend a few days with friends.

# Legislative Pointers.

The bill creating Luna county was signed by the Governor at 4 o'clock p. m., on Saturday last. It is law.

But three more days of the session and some pocket vetoes by Governor Otero will very likely be the case.

Mrs. W. C. Barnes, a regular attendant in the house, is confined to her rooms at the Palace hotel with illness.

The steering committee, with Hon. E. C. Abbott as chairman, was in session of great use during the coming three days of the session.

Hon. Venecio Jaramillo, who has just returned from a trip to the east, was warmly greeted by his friends in the legislature to-day.

Business is being rapidly cleared off and there is no reason why the 34th legislative assembly should not adjourn some time during Thursday and that before evening.

The Luna county contingent under command of Field Marshal J. A. Mahoney will leave this evening for home with flying banners, drums beating and bands playing.

Hon. B. S. Rodey, New Mexico's delegate to congress, who returned from Washington, D. C., a few days ago, is a visitor in legislative halls.

Mr. Fielder said this morning that Colonel J. Francisco Chavez is an ideal presiding officer and that should he ever come back to the council and be a member thereof he would vote to elect him again to that position.

The Barnes Coal oil bill passed the council this forenoon by a vote of nine to three. The bill cuts down the inspector's fee to one half cent a gallon and contains other good and laudable points. It now goes to the governor for signature.

The house steering committee consisting of Messrs. Abbott, Dalies, Cristobal Sanchez, Martin Sanchez and W. B. Walton, is all right. That this committee will do good work during the remainder of the session cannot be doubted.

Representative Walton is being congratulated by his friends on the gallant fight he made for the interests of his home county. Indeed he did himself proud and did all he could to prevent the creation of Luna county.

Nominations for territorial offices by Governor Otero are being anxiously awaited by some and not so anxiously by others. While there are many conjectures it cannot be said what the executive will do in this matter. It is believed, however, that most of the present territorial officials will be reappointed.

The Grant county forces under Major General J. W. Fleming and Brigadier General W. B. Walton, have made a gallant and creditable fight against odds but have had to surrender. Luna county is a fact. But to the credit of these gentlemen be it said that certainly they did the best that any men could have done under the circumstances.

Colonel J. W. Fleming of Silver City, lost the fight but he saved Grant county a great deal of territory. He and Mr. Walton worked together and the fact that they held off the Luna county bill for eight weeks and then succeeded in having but a small portion of Grant county taken from it, shows plainly their great ability and political sagacity.

Councilman Basley thinks he has enough votes pledged in the council to prevent any cutting off of Santa Fe county. Speaker Reed is gaining votes in the house upon the same proposition.

It looks as if the several bills for the cutting off of the northern part of Santa Fe county to be added to Rio Arriba county, will be killed. If so these two gentlemen must be given the credit thereof.

# HARRISON MEMORIAL EXERCISES

The Harrison memorial exercises at the capital yesterday afternoon were well attended. The beautiful hall of representatives was well filled with a representative audience. Hon. W. C. Barnes presided over the meeting. Biographical addresses were made on behalf of the house of the legislature by Hon. E. C. Abbott and W. B. Walton.

Both addresses were scholarly, and the points they emphasized in ex-President Harrison's career should be an inspiration to every patriotic American. Rev. W. H. Moore made a most eloquent address, dwelling chiefly upon the character of Harrison as a Christian, a statesman and a man. Rev. J. L. Gay, the venerable chaplain of the council, made an address full of reminiscences, and also referred to the good that the life of a man as clean politically and morally as that of Harrison must have upon the nation. There was a call for an address by Hon. J. Francisco Chavez, president of the council, and he made the blood tingle with a characteristic patriotic address that reflected his great love for New Mexico. One of the speakers also referred to the fact that over the house of the legislature presided a man who was a direct descendant of one of the signers of the Declaration of Independence. The singing was led by a union choir of the churches of Santa Fe. The service was impressive and inspiring, and the committee which had it in charge deserves great credit for its success.

# SIGNED BY THE GOVERNOR.

Governor Otero on Saturday signed the following bills: Council substitute for council bill No. 53, an act to create the county of Luna, and providing for the government thereof, and to readjust the boundaries of Grant and Dona Ana counties.

House bill No. 43, an act granting to municipal corporations the right to prohibit the running at large of animals

# and authorizing the impounding and summary sale of same.

Council bill No. 60, an act to prevent droves, herds or flocks of animals from trespassing upon private lands and waters.

House bill No. 75, an act amending chapter 78 of the session laws of New Mexico of 1899, relating to the issuance of bonds by municipalities.

Governor Otero signed this forenoon the following bills: Council substitute for council bill No. 53, an act to enlarge the boundaries of McKinley county; substitute of the special committee for house bill No. 151, relating to public highways and their maintenance; council bill No. 66, an act to enable counties to compromise and refund their bonded indebtedness, which is applicable in particular to Santa Fe county. Council joint resolution No. 1 was also signed. It provides for the publication in Spanish of Governor Otero's message.

G. A. R. NOTES.

# Resolutions of Respect—The Coming Grand Army Encampment.

At a meeting of Carleton Post, G. A. R., held Saturday night, the following resolutions offered by E. F. Hobart were adopted:

Resolved, That the members of Carleton Post, department of New Mexico, desire to express their deep feeling of personal bereavement caused by the sudden death of Gen. Albert D. Shaw, late commander-in-chief of the Grand Army of the Republic, and their appreciation of his lofty character and noble devotion to the cause of the old soldier.

This was shown by the acts of his life, particularly during the incumbency of his high office, and even more in a marked degree by his untiring energy during the past winter in endeavoring to secure legislation which should do full justice to the disabled veterans, and we believe that his strenuous labors for the accomplishment of this purpose were him out, and that he died a martyr to the cause of the old soldier.

Resolved, That a copy of these resolutions be sent to the family of our deceased commander.

A committee consisting of John R. McFie, George W. Knaebel and W. S. Fletcher was appointed to draft suitable resolutions in reference to the death of ex-President Benjamin Harrison, a member of the order. In connection with the coming encampment of the order, to be held in Santa Fe April 9 and 10, a committee was appointed to make all the necessary arrangements, consisting of John P. Victory, ex-officio chairman; George W. Knaebel, John R. McFie, Valentine Herbert, Adolf Weller, William Bolander, F. P. Crichton, John T. Forsha and W. S. Fletcher.

Letter heads, note heads, envelopes, bill heads, statements, etc., in best possible style and at lowest possible prices at the New Mexican printing office. Call, see samples of first-class work and leave your order.
