VOLUME 16

ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, JUNE 20, 1902

NUMBER 177

WOOD IS WRATHY

Hill Didn't Know Or He Lied.

Thaddeus Claypoole President at Alamogordo.

Statehood Bill Was Not Considered in the Senate.

YALE DEFEATED HARVARD.

Washington, June 20.—General Wood, former military governor of Cuba, today authorized the following statement in regard to the criticism of his administration made by D. B. Hill at the Alden club reunion in New York last night:

"The statement made by Mr. Hill shows either the most profound ignorance of the subject to which he refers or an absolute disregard for truth. If he had ascertained the facts and desired to state the truth, he would not have made the statement which he is credited with having made."

CLAYPOOLE ACCEPTED.

New President of the Baptist College at Alamogordo.

New Haven, Conn., June 20.—Thaddeus H. Claypoole, a student at Yale graduate school, has accepted the presidency of the New Mexico Baptist college at Alamogordo, N. M. He was graduated from the academic department of Yale in 1898.

NOTHING ABOUT STATEHOOD.

Bill Was Not Called Up in the Senate Today.

Washington, June 20.—The senate decided today when it adjourned it will be until Monday next. A partial conference report on the sundry civil bill was presented by Mr. Allison and agreed to. The senate insisted upon its amendments still in disagreement and named the conferees. It agreed to the conference report on the military academy bill, thus finally passing the measure. At 1 o'clock it went into executive session.

The nomination of General Crozier to be chief of ordnance was confirmed. At 3:10 the senate adjourned.

Harvard Was Defeated.

Cambridge, Mass., June 20.—Yale base ball team defeated Harvard today by 7 to 2.

HIGH JUMPERS.

Effort to Break the Worlds Standing Jump Record.

New York, June 20.—A feature of the games to be held at Celtic park tomorrow by the Knights of Columbus will be the ten standing jumps scratch. The best man entered and the one looked on by students of form to win this event is Ray C. Ewry, of the New York Athletic club, the greatest standing jumper the world has ever known. The event was put on the program practically to give Ewry a chance to beat the present worlds record of 11 feet, 5 1/2 inches.

Saengerfest at Calumet.

Calumet, Mich., June 20.—Calumet is in holiday attire for the fourth annual saengerfest of the Upper Peninsula Saengerbund, which began today and continues through tomorrow. The visitors, including representatives of all the German singing societies of Upper Michigan, began arriving last evening and at noon today the city was thronged.

UP FOR LIFE.

Joseph Wiggins, of Socorro County, Goes to the Penitentiary.

VINCENT FOR BURGLARY.

Sheriff C. F. Blackington and "Me" passed up the road for Santa Fe this morning, taking along with him his famous German-made rifle, as a persuader, and Joseph Wiggins and Toney Vincent for the penitentiary.

Wiggins pleaded guilty to murdering Eracilio Jaramillo, at old San Marcial, on October 12, 1901, and Judge McMillan sentenced him to the penitentiary for life.

Vincent was convicted of burglary and received a sentence of two years. Wiggins was asked why he pleaded guilty, and remarked:

"I did not want to hang. The only witness to the crime was a man who was not my friend, and fearing he would swear against me, I pleaded guilty to committing the murder, which I did, but was compelled to do so in order to save my life."

Wiggins says that on the day of the murder he was drinking a little, and asked Jaramillo to take a drink. Jaramillo refused, and in order to show his dislike for him, cut him in the arm with a knife. "It was then," continued Wiggins, "that I pulled my gun and shot Jaramillo."

Wiggins was, a few years ago, a dep-

uty sheriff of Socorro county. His father was lynched in that county years ago.

COMBINE OF CAPITALISTS.

Chicago Merchants Organize Against Demands of Labor Leaders.

Chicago, June 20.—It is reported today that the plans for the formation of an association of merchants for the purpose of protection against unreasonable demands of labor are nearing completion and within another week it is expected to have every store owner of prominence in the city enlisted in the movement. The demands made upon merchants in the past, especially in the course of the recent strike of department store wagon drivers, are said to be the chief course that has caused the businessmen to get together for mutual protection. Organized labor threatens to retaliate with a general boycott of all the stores that may become members of the new organization.

WESTERN DEVELOPMENT.

Meeting of Western Representatives Today in Galveston.

Galveston, Texas, June 20.—Representatives from the northwest and west as well as Texas, Louisiana and other states and territories of the southwest are attending the convention of Southern Pacific land and immigration agents, which began in this city today. The meeting continues three days, during which time ways and means for promoting western immigration and aiding in the development of the trans-Mississippi country generally will be exhaustively discussed.

STATEHOOD WAR.

Measures to Get Admission of Territories Under Consideration.

QUAY IN THE FIGHT.

A special telegram to the Denver News from Washington, dated June 18, says:

Senator Quay will undoubtedly raise some dust in the senate tomorrow on the subject of statehood for New Mexico, Arizona and Oklahoma. Yesterday he gave notice that immediately following the vote on the canal bill he would ask the senate to discharge the committee on territories from consideration of the omnibus statehood bill and take the bill up without report.

Delegate Rodey, of New Mexico, and other statehood advocates of the house have been principally engaged today in carrying data on the statehood issue to Senator Quay's committee room. Senator Quay was principally engaged during the day in absorbing this data. He will no doubt deliver an address of some magnitude and importance when he obtains the floor to make his motion tomorrow afternoon. What the results of his plea will be is hard to predict.

The statehood people claim a safe majority for their measure on the floor of the senate, that all of the democrats and some twenty-five of the republicans feel like standing by Senator Quay. The question is whether they will vote to snub the committee on territories by taking the bill away and discussing it without their report. This sentiment, even if Quay has the supporters that are claimed for him, may cause his motion to fail, but it may at least have the effect of smoking out some of the republican members of the territories committee who are holding the measure in check and who do not desire to have it come up this session.

Senator Quay is said to be totally uninterested in the territories in a financial way, personally, but has a number of constituents whose interests demand that the territories be made into states. He is prepared to make a sturdy fight for the measure, and the house delegates from the territories are confident that his strength will bring about a winning.

The urgent deficiency bill, which was passed by the house today, contains an item appropriating \$31,500 for the survey of the boundary line between Colorado and New Mexico.

TO CONFERENCE.

Probably the Canal Bill Will Be Sent Direct.

Washington, June 20.—The house committee on interstate and foreign commerce today decided to recommend the Isthmian canal bill, which passed the senate yesterday, go to conference without the preliminary of further reference to the committee or consideration of the house. If this recommendation is approved by the house the future struggle over the canal bill will be in conference.

AGAINST THE STATE.

Supreme Court Decision Adverse to State of Texas.

Austin, Texas, June 20.—The supreme court has decided the shipper's compress case against the state. The decision is based on facts, the court holding that competition has not been destroyed because there was none in the first instance. As to the constitutionality of the anti-trust law the court held that the state may annul charters under it, but that it cannot collect penalties.

There is now no water in the Rio Grande. The ditches above the city have taken all the water for irrigation purposes.

CHINAMAN KILLED

Silver City Has Another Shooting Affray.

Frequent Fires Disturb People of Silver City.

British Naval System Declared to be in Rotten Condition.

AMERICAN DERBY AT CHICAGO.

Special to The Citizen.
Silver City, N. M., June 20.—A fight took place in one of the Chinese joints in the China section the other evening and one of the Chinamen was shot twice with a six-shooter, once in the leg and in the chest. He died this morning from his wounds. It is almost impossible to get the facts in the affair, as the Chinks will not say anything definite about it. As near as can be learned the Chinaman who was shot was one who was trying to stop the trouble between two others, and when the shots were fired he was between them and stopped both the bullets. The particulars are a Chinese puzzle, and it is very doubtful if it will ever be unraveled. The Chinaman, who it is claimed did the shooting, has been arrested and is now confined in the county jail.

Special to The Citizen.
Silver City, N. M., June 20.—People here are getting rather suspicious of the numerous fires that have been started in this city in the past two or three days, which now reach the number of four. They have so far not done much damage except in one case. The mayor has put a night watchman on who is patrolling the business portion of the city all night, and if any one is caught doing any such deeds as starting fires it will go hard with him.

ENGLISH NAVY.

It Is Denounced as In a Rotten Condition.

London, June 20.—During a discussion of the navy estimates in the house of commons today, Rear Admiral Boreford, conservative, scathingly criticized the deficiencies of the navy. He declared the whole admiralty system rotten and led to great extravagance and there was a general want of efficiency in the navy, on which depended the existence of the empire.

AMERICAN DERBY.

Large Field of Fine Horses Will Race at Chicago.

Chicago, June 20.—The American derby, the classic event of the Washington Park Jockey club's summer meeting, will be run off tomorrow and horsemen throughout the country are intensely interested in the outcome. The field which will go to the post is not only larger than ordinary derby fields, but it is made up of a class that cannot be beaten anywhere. All of the candidates were on the track for practice today and were watched by throngs of rail birds anxious to get a line on the probable winner of the \$20,000 purse. From present indications Heno will go to the post a favorite at about 5 to 1, with Cruzados as second choice.

APPLICATION DENIED.

The Territory Will Not Permit its Name to be Used Against College Regent.

THE PRINCE CASE.

In reply to the application of ex-Governor L. B. Prince for permission on the part of the territory of New Mexico to bring quo warranto proceedings to test the legality of the appointment of Rev. W. A. Cooper, as a regent of the New Mexico College of Agriculture at Mesilla Park, to succeed Mr. Prince, who failed to qualify for the position, Solicitor General E. L. Bartlett made the following answer:

Santa Fe, N. M., June 18, 1902.
Hon. L. Bradford Prince, Santa Fe, N. M.—Dear Sir: Your favor of the 17th enclosing information for a writ in the nature of a writ of quo warranto on the relation of yourself against W. A. Cooper, is received, and in accordance with your request, I return the same, for the reason that in my opinion, it does not state sufficient facts to warrant the interposition of the territory on your behalf. I do not consider the position of regent of the Agricultural College such an office as was contemplated in the organic act.

It does not appear that you ever qualified as such regent by taking the oath

required by law and filing the same in the office of the secretary of the territory, before you entered upon the duties of your position; and the verification to the information is not in the form required by law, for which reasons, as stated to you before, I am of the opinion that if the writ were to issue, it would be quashed by the court upon the hearing. Very respectfully,
EDWARD L. BARTLETT,
Solicitor General.

WRESTLING MATCH.

Champion Wrestlers to Meet in St. Louis Tonight.

New York, June 20.—In sporting circles considerable interest is manifested in the wrestling match before a club tonight between Max Lutberg, of St. Louis, and Harvey Parker, who claims the world's championship. The articles of agreement provide for a catch-as-catch-can bout, best two out of three falls, at 140 pounds. Both men have been training hard since the match was made and an interesting contest is expected to be the outcome.

LANDS OF THE FRIARS.

Pope Accepts Proposition of Judge Taft of the Philippines.

Rome, June 20.—The papal secretary of state, Cardinal Rampolla, today assured Bishop Ogarman, of Sioux Falls, S. D., that the vatican accepts the proposition of Judge Taft, governor of the Philippines, regarding disposition of friars' lands, on all main points, but dissents on minor points. An official document is being prepared at the vatican and will be delivered to Taft today.

TO BEGIN SOON.

Santa Fe Said to be Planning to Start on Cut Off.

ANOTHER CONFIRMATION.

Yesterday, The Citizen published a dispatch, dated from Fort Worth, partially confirming an article previously published in this paper regarding the Rock Island and its Choctaw extension to this city.

The subjoined article, clipped from the Wellington, Kan., News, substantiates this paper's recent article regarding the early commencement of work on the Santa Fe Albuquerque-Portales cut off. The News item is as follows:

A prominent railroad man, who generally keeps well informed as to what is going on, proposed to tell this morning about the cut off if he should not be mentioned. This was promised, of course. "Well," said he, "the cut off is going to be built, and when it starts it will be rushed. The work on the roadbed will begin at both Albuquerque and Portales, and the steel will be laid in the same way."

"Why are they not at it now?" was asked. "Well, there have already been two complete surveys, but the engineers say they believe they can find a little better line than has been found, and the matter is now waiting for the new line to be run. As soon as this is done a route will be selected and work will begin at both ends of the line. It will be about the fastest piece of tracklaying ever accomplished, and the most modern appliances known to railroad building are now being gathered up by the company."

"When will the real work of building their road begin?"

"That is hard to tell exactly, but not later than August or September, possibly next month."

"Then," said the newsgatherer, "this will be the through line for all passenger and freight business?"

"No, not for several years. It will be used at first for through freight only. The track is not in condition down this way for through passenger business. But during the next few years, all of the track down through this way will be put in shape, and all of the old steel taken up and new, heavy steel put in its place. That will take time and it will be a year or two, at best, before this will be used for through passenger business."

Boston Copper.

Boston, June 20.—The continued steadiness of A. C. P. caused some further selling pressure in other coppers. Offerings were all taken and there was no feature of especial weakness on the list. A. C. P. interests are said to be offering a lot of copper at 12 1/2¢, others are selling it at 12 3/4¢. The bearish operations in the metal led many to believe that the operators are buying copper stocks. There has recently been some buying of coppers in this market on reactions for New York account. We think all good coppers are a buy.

In Police Court.

Judge Crawford was able to be at police court this morning and Hodgkin, the proprietor of the merry-go-round was fined \$10 for disturbing the peace. He was first charged with striking his wife but denied that and entered a plea of guilty to the above charge. Two vagrants were given ten days each as it was alleged that they fired a revolver at a Santa Fe brakeman. A third was given five days.

Snook Named for Second Term.

Van Wert, Ohio, June 20.—Congressman John S. Snook has been nominated for a second term today by the democratic convention of the Fifth district.

IS RESTRICTED

Soft Coal Being Shipped East.

Employees of the Mills Are Armed.

Fatal Accident on Northern Pacific Road in Minnesota.

GOOD CROP PROSPECTS.

Clearfield, Pa., June 20.—Patrick Gilday, president of the district miners union, issued an official order today reciting that bituminous coal is being shipped to points east to aid in breaking the strike in the anthracite region. In order to prevent this, it is ordered the output in northern and central Pennsylvania be restricted and the miners are notified not to work more than four days a week.

EMPLOYEES ARE ARMED.

Mills are Operating at Paterson Under Heavy Guard.

Paterson, N. J., June 20.—A number of silk mills opened this morning with policemen, firemen or deputy sheriffs on guard. The crowds at the plants were also opened with non-union dyers helpers. The employees of the mills are armed.

TRAINS COLLIDE.

Fatal Accident on the Northern Pacific Railroad.

Staple, Minn., June 20.—Two Northern Pacific passenger trains collided at 2 a. m. Five persons were killed and 29 injured. Following are the names of the killed as far as known: Conductor Noble, Fireman George Rasmusson, Engineer Walter Scott, Baggage-man Moeller and an unknown tramp. Harry Seigler, of Hammond, Ind., was the only passenger injured. He is hurt internally. The others injured are Fireman W. H. Montgomery and Express Messengers Gibson and Patrick.

GOOD CROP PROSPECTS

Favorable Reports from All Northwestern States.

St. Paul, Minn., June 20.—Reports of crops of all kinds that have been coming in from all sources during the present week never have been more favorable at this time of the year. Every part of the northwest, except the west region in the Red river valley, where seeding was delayed, is showing in bright prospects. The outlook in northern and southwestern Minnesota is exceptionally bright. Reports from every place on the line of the Minneapolis & St. Louis railway show a prospect that could hardly be improved upon. Corn, in which there is an increased acreage, is growing fast. Many points also report an exceptionally good prospect for a heavy hay and potato crop.

ROYAL COLONIAL INSTITUTE.

Interesting Meeting of Distinguished Men in London.

London, June 20.—The annual conversation of the Royal Colonial Institute took place today at the National History museum and was of unusual interest. The attendance included many distinguished visitors from the colonies of India here for the coronation, colonial premiers, privy councillors and officers commanding colonial troops being among the number.

IRRIGATION BILL.

Delegate Rodey Acknowledges Congratulations on Passage of Bill.

ONE OF THE GREATEST HELPS.

The other day, Mayor C. F. Myers telegraphed congratulations to Delegate B. S. Rodey over the passage of the irrigation bill.

Today the mayor received the following from Mr. Rodey:

Hon. C. F. Myers, Albuquerque, N. M.—Dear Sir: I am in receipt of your telegram extending congratulations on the passage of the irrigation bill in the house. The passage of the bill is one of the greatest helps to New Mexico that ever occurred, and it was only passed after a hard fight.

Now, if we can get the statehood bill through, New Mexico will be right in line.

I thank you sincerely for the telegram, and it makes a person feel that his efforts are appreciated to receive such kind words. Very sincerely,
B. S. RODEY.

Yale Commencement.

New Haven, Conn., June 20.—Many visitors are here for commencement week at Yale which was ushered in today with the annual Townsend prize orations in Battell chapel. Sunday President Hadley will deliver the bac-

calaureate address and the week will come to a close next Wednesday with the graduation exercises proper.

TROUBLE ADJUSTED.

Senator Hanna and Representative Burton Reach an Agreement.

Washington, June 20.—Senator Hanna and Representative Burton today held a conference this afternoon over the controversy about Burton's accepting the nomination from the Cleveland district. After the conference it was stated that a satisfactory adjustment is assured and Burton would remain a candidate. Although another conference is to be held, it is expected the basis of settlement will be the county committee will conduct the county campaign and that Burton will organize a congressional committee and conduct his own campaign.

WAR SOCIETY.

Meeting of the Society of the War of 1812.

Boston, June 20.—The General Society of the War of 1812 began its annual meeting in Boston today with delegates present from Illinois, Ohio, New York, New Jersey, the District of Columbia, Pennsylvania, Maryland, Massachusetts and Connecticut. The gathering was called together by the president general, John Cadwalader, of Philadelphia, and the opening prayer was by Bishop Coleman, of Delaware, chaplain general of the society. The sessions are to continue through tomorrow, the business meetings being interspersed with short trips to places of historic interest in and about Boston.

OFFICIAL MATTERS.

Land Office Transactions--Territorial Funds Increasing.

NEW INCORPORATION.

Candelario Martinez, Esq., of Santa Fe, has been admitted to practice before the interior department.

Land Office Business.

Homestead Entries--Jerry F. De Long, Raton, 160 acres, Colfax county; Jose G. Alarcon, Casaus, 160.13 acres, San Miguel county; Simon Gurule, Watrous, 80 acres, San Miguel county; Jose Manuel Yappa, Jemez, 160 acres, Bernalillo county; Agustin Alfaro, Escobosa, 160 acres, Bernalillo county.

Territorial Funds.

Chaves county comes to the front with \$14,556.61 of 1901 taxes collected in May and which were turned over to Territorial Treasurer J. H. Vaughn by Mark Howell, treasurer of the county. This beats the Grant county collections for May and is exceeded only by the collections of San Miguel county for that month.

Incorporation.

The New Mexico Oil & Development company filed incorporation papers, the incorporators and directors being W. A. Melvers, W. W. Woodward, Samuel Compton, of Nogal; C. R. Martin, John A. McKay and James A. Pierce, of Battle Creek, Mich.; and Allen Havens, of Bellevue, Mich. The officers of the company are Charles R. Martin, president; H. A. Hodgman, vice president; W. W. Woodward, secretary and treasurer; W. A. Melvers, general manager, and H. B. Ferguson, counsel. The headquarters of the company are at Nogal, Lincoln county. The capital is \$300,000, divided into 300,000 shares.

HOUSE DISAGREED.

Senate Amendment to the Canal Bill Non-Concurred In.

Washington, June 20.—Consideration of the Philippine civil government bill was resumed in the house today. Mr. Jones, of Virginia, resumed his speech. He declared it would be better for the Filipino people to live under the present hybrid rule than to have imposed upon them the civil government proposed by the pending measure which would enable that civil government to dispose of all the valuable franchises in these islands, strip the forests of their timber and sell the agricultural lands to corporations and syndicates.

The house non-concurred in the senate amendment to the Nicaragua canal bill and agreed to the conference asked for by the senate. Messrs. Hepburn, Fletcher and Davey were appointed conferees on behalf of the house.

Pays Penalty for Murder.

Brandon, Manchester, June 20.—The execution of Walter Gordon took place this morning. Gordons crime was the murder of two men named Daw and Smith at Whitewater in 1900. The crime resulted from a dispute over a farm which Gordon was negotiating to buy from Daw.

A Card of Thanks.

The young ladies of St. Vincent's extend their sincere thanks to Mr. Manus and his corps of young gentlemen who acted as ushers at the closing exercises last evening, and for the beautiful way in which they decorated the stage. And for the many acts of courtesy extended to our friends.

CLASS '02.

It is gratifying to know that some of our people, who are seeking recreation abroad, have paid their monthly bills before departing, but there are others--well, they only forgot to settle before leaving, preferring to spend their money elsewhere.

week, or for a cents per month, when
paid monthly. These rates are less than
those of any other daily paper in the
territory.

This territory needs a fish hatchery.

The Denver strike is to be settled by
arbitration.

The Pecos forest reserve must and
shall be preserved.

It is said that 100,000 children in the
Indian Territory are growing up with-
out public schools.

If New Mexico ever gets admitted to
statehood we shall certainly try in
every way possible to get even with
California.

"Next to knowing what you're talking
about," says the Alfalfa Sage, "it is
the most essential to know whom you
are talking to."

Tammany is in the democratic fash-
ion for 1902. It is split through the
middle, with a prospect of numerous
other divisions.

The Indian Territory is something
besides a place of teepees and roving
gangs. Census reports just issued
show that it has 45,500 farms, valued
at \$46,800,000.

Mr. Chamberlain estimates that the
expenditure of \$1,140,000,000 for the
Boer war is only one-fifth of the capital
of the British empire, and only one-
sixth of its annual income.

Africa contains 11,514,000 square
miles; North America, 6,446,000; South
America, 6,837,000; Asia, 14,719,000;
Australia, 3,288,000; Europe, 3,555,
000; Polar regions, 4,880,000.

President Roosevelt has signed the
irrigation bill. That great measure
now goes to the secretary of the in-
terior for action, and the more quickly
it can be put into effect the better.

After sending our boys to Cuba and
freeing that country from Spain and
making it an independent republic it is
the general opinion that the United
States has done more than enough for
that island.

If all the Panama partisans say of
the Nicaragua route is true, and all
that the Nicaragua partisans say of the
Panama route is true, it will be the
height of folly of this country to ac-
cept either.

Since August 1 last the German beet
sugar factories have turned out 1,999,
799 tons of raw sugar, as against 1,
705,030 tons during the preceding year.
Two-thirds of the German sugar prod-
uct is exported.

The Civic Federation organized for
the purpose of arbitrating labor strikes,
of which Senator Hanna and ex-Presi-
dent Cleveland are members, is pre-
sented an unqualified failure. It has
not been able to arbitrate anything.

What manufacturing under a protec-
tive system can do for a state is seen
in Pennsylvania with 52,000 manufactur-
ing and mechanical establishments, a
capital of \$1,500,000,000, products of
\$2,000,000,000 and annual wage pay-
ments of \$38,000,000.

The annual report of the agents of
the United States bureau of Indian af-
fairs in 1900 showed that the Indian
population was 270,544, distributed as
follows: Arizona, 40,189; California,
11,431; Colorado, 995; Florida, 575;
Idaho, 3,557; Indian Territory, 86,265;
Iowa, 385; Kansas, 1,211; Michigan, 7,
357; Minnesota, 8,952; Montana, 10,
76; Nebraska, 3,854; Nevada, 8,321;
New Mexico, 9,480; New York, 5,354;
North Carolina, 1,435; North Dakota,
8,276; Oklahoma, 13,926; Oregon, 4,
062; South Dakota, 19,212; Texas, 290;
Utah, 2,115; Washington, 9,827; Wis-
consin, 10,726; Wyoming, 1,642; mis-
cellaneous, 849.

WHY THEY STRIKE.

The strike of 140,000 miners in the
anthracite coal regions of Pennsyl-
vania and the Virginias, which began a
month ago, has for its object the
forcing of three concessions from their
employers: First, an increase of 20
per cent for men paid by the ton; sec-
ond, a decrease of 20 per cent in the
working hours of those paid by the
day; and third, the weighing of the
coal at the pit's mouth. In these points

of difference it will be seen that no
principle is involved. The contest is
between three or four coal carrying
railroads, who own all but about 5 per
cent of the anthracite coal mines, and
the United Mine Workers' organiza-
tion.

THE STATEHOOD BILL.

A dispatch to the St. Louis Globe-
Democrat says that the action of Sen-
ator Quay in practically taking the
consideration of a bill out of the hands
of a committee is unusual, but not
without precedent. The effect of it will
be to produce a test vote at least upon
the statehood question. The refusal
of the senate to adopt his motion for
the discharge of the committee on ter-
ritories from further consideration of
the bill would not affect the status of
the measure, but would leave it in the
hands of the committee for considera-
tion and report at the next session of
congress. The adoption of his motion
would place the bill before the senate
for immediate consideration. Friends
of the measure claim that they have
assurances that at least fifty members
of the senate will vote to pass the bill
at the present session.

PECOS FOREST RESERVE.

The Las Vegas Optic copies an ar-
ticle from a recent issue of The Citizen
concerning the destruction of the tim-
ber on the Pecos forest reserve, and
says:

The Citizen calls upon the people and
press of Santa Fe and Las Vegas to
give more attention to the protection
of this great reserve. With that end
in view on May 25, in an editorial the
Optic sounded a note of warning. It is
glad to know that it reached Albuquerque,
and finds an echo in this vigorous
editorial of The Citizen, and hopes The
Citizen will give all the facts within its
knowledge at the Albuquerque end of
the line. The Duke City as well as the
cities of Las Vegas and Santa Fe, is in-
terested in the preservation of the
grand forests of the head waters of the
Pecos. The fine club houses main-
tained by enterprising citizens of Albu-
querque on the Rio Pecos on or near
the edge of the Pecos park, derive
their chief attraction from the fine
scenery of the Pecos around and above
them.

Both Santa Fe and Las Vegas should
join their southern neighbor in making
for all three cities, from which excu-
sions to Beaty's Cabin, Truchas Peaks
and other points of interest could be
made. Soon New Mexico will be con-
nected by rail with central Texas, and
the cities of Louisiana and the south.
The people of these localities will find
in the Pecos park a summer resort,
which will grow more and more in
favor. This, however, is only a sec-
ondary consideration. The conserva-
tion of the waters of the Pecos is the
primary and most important interest.

Not another stick of timber should
be cut. Instead of permitting the for-
ests to be destroyed, the government
should make appropriations to con-
struct roadways into a region as beau-
tiful as can be found on this continent.
Let the light shine in on this whole
Pecos park question.

Cures croup, sore throat, pulmonary
troubles—Monarch over pain of every
sort. Dr. Thomas' Electric Oil.

A party of St. Louis and other east-
ern capitalists, who have purchased
the controlling stock of the Cimarron
River & Taos Valley Railroad com-
pany, have arrived in Raton and will
make a personal inspection of the pro-
posed route of the new road. If they
find the project as represented to them
the new road is assured. This road
will open up one of the richest mineral
sections of the territory.

Tax on Babies.

Extreme hot weather is a great tax
upon the digestive power of babies;
when puny and feeble they should be
given a few doses of White's Cream
Vermifuge, the children's tonic. It will
stimulate and facilitate the digestion
of their food, so that they soon become
strong, healthy and active. 25c at Cos-
mopolitan Pharmacy, B. Kupper.

The New Mexican says: A freight
train was wrecked at Sands, between
Glorieta and Las Vegas, shortly before
noon, blocking the track for No. 2,
bound east, and for Nos. 1 and 7, bound
west. It is not known when the tracks
will be clear for the passenger trains to
pass, but it is understood that the
wreck is quite a bad one. At 5 o'clock
this evening it was reported that No. 1
from the east is two hours late, but the
Lamy branch train having no orders to
the contrary, will go out on time.

Cholera Morbus a Dangerous Disease.
In many instances attacks of cholera
morbus terminate fatally before medi-
cine can be procured or a physician
summoned. The safe way is to keep
at hand a reliable medicine for use in
such cases. For this purpose there is
nothing so sure as Chamberlain's Colic,
Cholera and Diarrhoea Remedy. W. E.
Bosworth, of Lafayette, Ala., says: "In
June, 1900, I had a serious attack of
Chamberlain's Colic, Cholera and Diar-
rhea Remedy gave me relief in fifteen
minutes." For sale by all druggists.

VELVET RIBBONS, VELVET RIB-
BONS, VELVET RIBBONS—ROSEN-
WALD BROS.

Use Allen's Foot-Ease.

A powder to be shaken into the shoe.
Your feet feel swollen, nervous and hot
and get tired easily. If you have smart-
ing feet or tight shoes, try Allen's
Foot Ease. It cools the feet and makes
walking easy. Cures swollen, sweat-
ing feet, ingrowing toe nails, blisters
and callous spots. Relieves corns and
bunions of all pains and gives rest and
comfort. Try it today. Sold by all
druggists and shoe stores for 25c.

fresh meats in the city.

We are sole agents for Wheeler &
Wilson sewing machines.—Albert Faber,
395 Railroad avenue.

Why buy high priced lots when you
can get them cheap in Deming now,
with certain advance assured?

We carry the largest variety of lin-
oleums and oil cloths in this city.
Albert Faber, 305 Railroad avenue.

Deming needs one hundred new
houses to supply the demand, and
needs them now. This demand con-
tinues to grow.

Mrs. Bambini, at her parlors, No.
205 South First street, over the
Hyde Exploring Expedition store,
is prepared to give thorough
scalp treatment, do hair dress-
ing, treat corns, bunions and in-
growing nails. She gives massage
treatment and manicuring. Mrs. Bam-
bini's own preparations of complexion
cream builds up the skin and improves
the complexion, and are guaranteed
not to be injurious. She also prepares
a hair tonic that cures and prevents
dandruff and hair falling out; restores
life to dead hair; removes moles,
warts and superfluous hair. Give her
a trial. She also has a very fine tooth
powder, which she guarantees to be
free from all metallic substances. It
perfumes the breath, hardens the gums
and makes the teeth clean and white.
It is highly recommended by all first
class dentists. Also a face powder, a
freckle cure, and pimple cure, and pile
cure. All of these preparations are
purely vegetable compounds. Give her
a trial. Automatic telephone 490.

CLOUDCROFT

The Roof Garden of the Southwest.

The season at Cloudcroft will open
on June 1, the lodge, dining hall and
lunch counter having been placed un-
der the able management of the popu-
lar hotel proprietor and manager, Geo.
Waterman.

The fame of Cloudcroft as the pre-
mier summer resort of the southwest
has been heralded far and wide, and
patrons may rest assured its reputa-
tion will not be allowed to suffer this
year. Extensive improvements have
been made in the way of accommo-
dations and out door as well as indoor
amusements and entertainment.

For a booklet regarding Cloudcroft,
or further information regarding this
summer resort, call on nearest coupon
ticket agent, or address,

Constipated Bowels.
 To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 North Main street, Wichita, Kan., writes: "I have used Herbine to regulate the liver and bowels for the past ten years, and found it a reliable remedy." 50c at Cosmopolitan Pharmacy, B. Ruppe.

BIG COPPER FIND.

It Was in an Old Sheep Corral Near San Acacio, in Socorro County.

More particulars about the copper strike near San Acacio, first told in The Citizen the other day, are found in the following letter to the New Mexican from Socorro:

The greatest copper strike made in many years is reported by Prof. F. A. Jones, who visited the place where the strike was made to make an expert examination of the property. The strike was made west of San Acacio and seven miles north of the Lincolnton range, the first discovery being made in a sheep corral, on one side of which is a bluff, but in reality a big mass of copper ore. The ore is native and carries good values in gold and silver. The property belongs to Mark Thomas, James Wilson and M. Johnston, of Albuquerque. Prof. Jones says that it shows every evidence of becoming one of the greatest copper properties in the territory. For many years past rich copper float has been found in that section by natives and by prospectors, but the vein was not found until this week. No one, of course, had any idea that the vein formed part of an old abandoned sheep corral. The find has caused considerable excitement in Socorro county, and many miners have gone to make locations.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

A BIG ENTERPRISE.

Iowa and Michigan Men Who Will Do Considerable for the Development of Lincoln County.

W. W. Woodard, secretary and treasurer of the New Mexico Oil and Development company, was in Santa Fe yesterday on business for his company. Mr. Woodard recently came from Iowa and is so delighted with New Mexico's climate and the opportunities that the territory presents for investments that he has decided to build himself a home at Nogal, Lincoln county, and will live there with his family. He has also persuaded thirty-seven other Iowa people to settle in that part of Lincoln county, and expects seventeen others to come within a week or two. The men who are located with him have secured forty-three oil locations on the Flat Top Mountains near the Mal Pais, which cover about 1,000 acres and which Prof. C. L. Herrick has pronounced most promising oil land. A well is being drilled now. Water has been struck at a depth of 110 feet, the water rising seventy feet in the well

and is apparently inexhaustible by pumps and is of the purest quality. Other wells will be sunk. These same men also control the American mine near Nogal and the Vera Cruz placers which give promise of becoming great gold producers. In the American mine the vein of copper has enlarged from a few inches on the surface to two and a half feet at a small depth, the ore assaying 47 per cent copper and existing in large quantities. The New Mexico Oil and Development company is capitalized at \$300,000, of which \$100,000 has been paid up by the promoters who include, Iowa, Michigan and Chicago men, several officials of the Grand Trunk railway as well as several employees of the Rock Island railway, which passes near the company's properties.

Filthy Temples in India.
 Sacred cows often defile Indian temples, but worse yet is a body that's polluted by constipation. Don't permit it. Cleanse your system with Dr. King's New Life Pills and avoid untold misery. They give lively livers, active bowels, good digestion, fine appetite. Only 25c at all druggists.

HORSE THIEF AND CRAZY.

Rather Bad Combination in William Thomas Drake.
 Judge Lea has had to deal with some pretty tough propositions in his time but he met his Waterloo last Friday in the person of a man who is a horse thief and has a large colony of bats in his garret, say the Roswell Record. One night last week a good horse, saddle and bridle were stolen from the L. F. D. stock farm. The next morning the thief stopped at Gransky's sheep camp, fifteen miles north of Roswell, and asked for breakfast. It was freely given him and it was eaten in silence and then rode on to another camp for dinner, where he abandoned his mount and struck out on foot. Rip Van Winkle was on his trail, however, and about this time arrested him, and brought him to town.

The thief was arraigned before Judge Lea Friday morning and for an hour his honor tried to get some sense out of the culprit, who would not plead or even speak, showing symptoms of either insanity or idiocy, the court being unable to tell which. Finally the fellow was induced to write his name, William Thomas Drake, on a slip of paper, and that was the best that could be done. Whether crazy or idiotic, there was no doubt that he stole the horse and the judge bound Mr. Drake over to the grand jury in the sum of \$400, and he is now saddling pink gaffs in the county jail, with a certainty of a trip to Santa Fe or Las Vegas in the fall.

Spring Fever.
 Spring fever is another name for his loss of energy. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Mountville, W. Va. "They do me more good than anything I have ever tried." J. H. O'Reilly & Co., and B. H. Briggs & Co.

HEARING AT DEMING.

Two Important Cases to Be Heard by Judge Parker.
 Judge F. W. Parker passed through this city last night for Deming to hear in chambers on Saturday the injunction case of the Southern Pacific vs. El Paso — Southern railway, in which the entrance into El Paso from the New Mexico side is involved.

He will also hear the case of the United States vs. The Rio Grande Dam and Irrigation company, or the celebrated Elephant Butte dam case, remanded for the third time to the district court. Solicitor General Bartlett has filed a petition of intervenor to permit the territory of New Mexico to be a party defendant in the case on account of the vast and essential interests of the people of the territory in

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement. We regard it a great tonic and blood purifier."—J. F. Duff, Princeton, Mo.

SSS is the greatest of all tonics, and you will find the appetite improved at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system. S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Good Health

Can only be obtained by keeping the blood pure and the digestion perfect. For this purpose Hostetter's Stomach Bitters was introduced fifty years ago, and today it is recognized as the leading health restorer in the world. It will cure Dyspepsia, Biliousness, Flatulency and Malaria, Fever and Ague, try it.

HOSTETTER'S STOMACH BITTERS

general involved in the suit, Judge Parker will hear this intervening petition at the same time.

Read It in His Newspaper.
 George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that his paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by all druggists.

THE HARWOOD HOME.

The Lead Avenue Church Methodists Were Out in Force.

The social held by the Lead Avenue Methodist church at the Harwood Home last evening was a decided success. A great throng was in attendance; so many, indeed, that it was impossible to give people suitable individual attention. Many drove out in carriages or went on their wheels, while the wagonette was loaded down each trip. Mr. Trimble furnished a large open car which ran between the other cars, dividing the time. The church had conductors on all cars to sell and collect tickets. At the home Mr. Houghton and his assistants rendered a very interesting program and hundreds sat down at the tables to refreshments. The spacious dining rooms, school rooms, parlors, porches and grounds furnished elegant opportunities for entertaining the guests, and Miss Apperson, the superintendent, and the young ladies remaining at the home during the vacation, devoted themselves most heartily and earnestly to the success of the enterprise. Everybody was well pleased, while the financial results were up to the highest expectations.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

den has swings and nice shade trees.
Everybody invited and good order pre-
served.

Ruppe's drug store open all night,
every night.

ST. VINCENT'S ACADEMY.

Twelfth Annual Commencement Ex-
ercises Held Last Evening.

A DELIGHTFUL PROGRAM.

The twelfth annual commencement
of this justly famed institution of
learning brought the elite of our city
to Colombo hall last evening, where
the exercises took place. The hall was
filled to its utmost capacity—not a vac-
ant chair remaining.

Promptly at 8 o'clock the curtain was
raised, and a class of winsome young
ladies and intelligent gentlemen greet-
ed the audience. A finely rendered
overture, "Poet and Peasant," on two
pianos by Misses Margaret Ingram,
Lorraine Sheehan, Rose Girard and An-
gelus Powers was a delightful feature.
Miss Powers then stepped to the front
of the stage and in her own masterful
style delivered a brilliant production,
every word of her fine address being
distinctly heard to the farthest limits
of the auditorium. Most beautiful she
appeared in her dainty graduation
gown of shimmering silken material.

A ringing chorus, "Awake, the Night
Is Beaming," by the young ladies of St.
Vincent's music school, was well re-
ceived.

A fine oration on "Patriotism," by J.
Brennan, was a noted number. The
young gentleman handled his theme in
an admirable manner, and The Citizen
predicts for him a brilliant future in
the fields of oratory. A violin solo by
Adele Girard, accompanied by Stella
Boatright, on the piano was received
with rounds of applause.

A fine recitation with piano accom-
paniment by Miss Esther Herron, one
of the fair young graduates, was one
of the most noted features of the pro-
gram. The young lady was grace and
beauty personified as she went through
them any gradations of this difficult
recitation and held the attention of the
immense audience to the last word. St.
Vincent must be truly proud of this
promising young lady.

A well executed piano duet, "La Bal-
adine," by Misses Marie Wincheck and
Mary Tierney, was listened to with
the utmost attention.

A class recitation, "The Bells," was
thoroughly enjoyed. It was enhanced
by beautiful music played back of the
scenes and the graceful posing of the
young ladies and fine facial expression
all rendered. The recitation is a pic-
ture to be long remembered. Our young
friend, Joseph Armijo, then stepped to
the front of the rostrum and in truly
eloquent style rendered "Cataline's De-
fiance." In future years may we have
the pleasure of frequently listening to
him. A violin trio by Misses Adele
Girard and Angelus Powers and Mas-
ter William McClellan, accompanied by
Miss Rose Girard on the piano,
was received with acclamations
of applause and was appreciated
highly by the music loving members
of the audience.

Miss Marie Wincheck then gave evi-
dence of rare elocutionary talent in the
portrayal of the scenes called forth in
her recitation, "Dead—Name Un-
known." She was in good voice and
gave evidence of careful training and
earnest study and fully comes up to
the high standard required of St. Vin-
cent's pupils in this department. The
young lady gracefully took her place
amid rounds of appreciation.

A beautiful piano solo, "Rigoletto De
Verdi," by Miss Stella Boatright, shows
that she will make her mark as a skill-
ful musician.

Miss Mary Tierney, in her sweet,
graceful girlish manner, delivered an
original poem, "Our Gifted Girls and
Noble Mothers." Her production
teemed with noble thoughts and was
clothed in beautiful language.

The valedictory by Miss Herron was
the gem of the program. The composi-
tion was filled with thoughts clothed
in elegant diction. She spoke as only
one can speak who is about to leave
happy school days forever. Her deep
pathos was her principal feature and
she did not fail to impress her own
feelings upon the audience. The heart-
felt appreciation she received was am-
ple proof that her labors had not been
in vain and that her abilities are far
above the ordinary. May success
crown the efforts of the class of '02,
voices its many friends.

The diplomas were then awarded by
Rev. Father Mandalaria. Judge B. S.
Baker gave a fine address to the grad-
uates. The honorable speaker was fre-
quently interrupted with generous ap-
plause. His address contained the ele-
ments which make life and fellow-man
the better for having lived up to the
high ideals he set forth.

The class song terminated the exer-
cises, which were instructive, cultured
and pleasing.

Do you use Meadow Gold Butter?
Sold only in sealed packages. A per-
fect butter in a perfect package, to be
had only from The Jaffa Grocery com-
pany.

WM. KIEKE, Prop.

We have for tomorrow:

Strawberries
Blackberries
Logan berries
Fresh pineapples
Apricots
Peaches

Everything good to eat all the time
at the Jaffa Grocery company.

A rare musical treat. Benefit to Miss
Ida McCune. The seventh popular
concert will be given June 24 by the
Lead Avenue M. E. church choir, as-
sisted by the best local talent.

In Deming the demand for rental
houses is five times in excess of the
supply.

INDIGESTION

is the cause of more discomfort than
any other ailment. If you eat the
things that you want and that are good
for you, you are distressed. **Acker's
Dyspepsia Tablets** will make your di-
gestion perfect and prevent dyspepsia
and its attendant disagreeable sym-
ptoms. You can safely eat anything at
any time, if you take one of these tab-
lets afterward. Sold by all druggists
under a positive guarantee. 25 cents.
Money refunded if you are not satis-
fied. Send to us for a free sample.
W. H. Hooker & Co., Buffalo, N. Y.
J. H. O'Reilly & Co. and B. H. Briggs
& Co.

During the absence of the regular
driver for the Imperial laundry, E. R.
Edgar, detained from duty by the
death of his little child, any customer
who may be overlooked by the new
driver will confer a favor on the man-
agement by notifying the office by tele-
phone.

Don't bother making ice cream this
hot weather. Order from the New
England bakery and get the best.

At the No Name store you can buy
tin, granite, glass and dishware at
money saving prices.

Owing to our limited floor space and
our large stock of pianos, we propose,
during the coming week, to offer ex-
ceptional inducements to prospective
piano purchasers. Hall & Larnard.

Trunks; when you need a good sty-
lish well constructed trunk, with all
the modern improvements, come to the
Golden Rule Dry Goods Company for
it. We will save you money on its
cost. Come in and see them.

LOCAL PARAGRAPHS.

Mrs. K. Cole and her little niece, Lottie Lemke, arrived last night from Bland.

The old town patriots are making big preparations for Fourth of July celebration.

Carlos Baca, sheriff of Valencia county, was a passenger from Santa Fe this morning.

Louis Trauer and Fred Otero were noticed at the depot last night. They went north on business.

Norman Kemmerer, of the First National bank, and wife are at Winsor's ranch on the upper Pecos.

Word comes from a party of fishermen on the upper Rio Pecos that fishing is better now than several weeks ago.

Mrs. Joseph Lewis and children will spend their vacation at Long Beach, Cal. They were west bound passengers last night.

There will be a meeting of Adah chapter, O. E. S., this evening at 7:30. By order of worthy matron, Laura Fluke, secretary.

R. J. Turnbull returned last night from Gallup. He says drilling has ceased for the time being on the Manuelito Oil company's well.

W. C. Wynkoop and wife, of the town of Woodbury, in the Cochiti district, have gone to southern California to remain a few weeks.

Shelving is being put in at the new store of E. J. Post & Co., hardware merchants. They expect to be in their new quarters by July 1.

Judge D. H. McMillan, of the Socorro judicial district, has gone to Washington. He will be absent from the territory for several weeks.

A number of discharged soldiers, who saw service in the Philippines, passed through the city on their return to their eastern homes last night.

Mrs. Peter Stewart, wife of a machinist in the local railway shops, left last night for Los Angeles. She will be absent until about the middle of August.

Mrs. H. B. Fergusson and children, family of Attorney Fergusson, and Miss Emma Hunning expect to leave in a few days for the coast resorts of southern California.

George E. Roe, who was east on railroad business, is in the city today. Mr. Roe is the district freight and passenger agent for the Santa Fe with headquarters at El Paso.

Mrs. Solomon Luna, of Los Lunas, left last night for Los Angeles, Cal. Before returning to the territory Mrs. Luna will visit all the principal summer resorts down there.

Frank Hall, deputy United States marshal, arrested a woman this morning charged with adultery. At 3 o'clock this afternoon he was out looking for the married man in the case.

George P. Learnard, of the music and piano firm of Hall & Learnard, has lost by arsenic poisoning his faithful Irish setter, Ben. The dog got the poison, so thinks Mr. Learnard, some where on the Highlands.

A California gentleman who was at El Paso on business, came in from the south this morning and will leave tonight for the west. He says that it is so dry and hot in El Paso that for two days this week no baths could be had at the Sheldon hotel, the biggest hotel in that city.

S. Vann, the Santa Fe watch inspector for the Rio Grande division, returned to the city this morning, after an inspection of railroad watches at Silver City, Deming, El Paso and other southern points. At Silver City he met several Elks and they are making great preparations to entertain visiting Albuquerque Elks on July 4. He reports no water in the Rio Grande from San Marcial south, and says the country looks and is dry.

St. Louis Wool.

St. Louis, June 20.—Wool—Steady; territory and western medium, 14½¢; 16½¢; fine, 11¢; coarse, 11¢; 14½¢.

Kansas City Live Stock.

Kansas City, June 20.—Cattle—Receipts, 1,000 head; market steady; native steers, \$15.00@17.50; Texas and Indian steers, \$2.50@5.95; Texas cows, \$2.10@4.50; native cows and heifers, \$1.65@5.65; stockers and feeders, \$3.00@5.75; bulls, \$2.15@4.80; calves, \$2.50@5.35.

Sheep—Receipts, 1,000 head; market strong; muttons, \$4.00@5.30; lambs, \$4.50@7.75; range wethers, \$4.00@4.95; ewes, \$4.15@5.05.

Chicago Live Stock.

Chicago, June 20.—Cattle—Receipts, 2,000 head; choice strong; others steady; good to prime steers, \$7.50@8.75; poor to medium, \$4.75@5.25; cows, \$1.40@3.75; heifers, \$2.50@6.25; canners, \$1.40@2.40; bulls, \$2.25@5.50; calves, \$2.50@6.

Sheep—Receipts, 5,000 head; market steady; lambs steady; good to choice wethers, \$4.00@4.75; fair to choice mixed, \$3.75@4.50; western sheep \$2.50@4.75; native lambs, \$6.00@7.75; western lambs, \$6.00@7.75; spring lambs, \$7.25.

It takes years of experience, fine figuring and shrewd manipulation of the market supply to provide the highest grade furniture and carpets at the lowest prices, as well as years of honest endeavor and straightforward business methods to establish our reliability and superiority as we have done. Furniture company, west end of viaduct.

The requirements for your Sunday dinner are easily supplied when you trade at the Jaffa Grocery company.

Order your ice cream from the New England bakery. Delivered to any part of the city.

There is no more amusing summer game than croquet and you can get a four ball set for only 85 cents at the No Name store.

From this day on we will sell Ham-mocks at cost. We have too many and will sell at cost rather than carry over. Hawley on the corner, Gold and Second street.

We are prepared to quote figures that will interest buyers. Hall & Learnard.

Statehood cigars, two for 25 cents.

THE SURE WAY

to prevent pneumonia and consumption is to cure your cold when it first appears. Acker's English Remedy will stop the cough in a night, and drive the cold out of your system. Always a quick and sure cure for asthma, bronchitis and all throat and lung troubles. If it does not satisfy you the druggist will refund your money. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

BACK FROM MICHIGAN.

John A. Lee Has Returned—What He Has to Say.

John A. Lee, the North First street lumber merchant, who visited Chicago and his old home at Muskegon, Mich., returned to the city last night. He called at The Citizen office this morning and stated that he was disappointed in not seeing, as he wished, one of the principal members of the American Lumber company, the gentleman having left Chicago a few days before his arrival for New York, but saw and conversed with several of the promoters and received encouraging news to the effect that the big lumber company will undoubtedly, in a very short time, erect extensive saw mills at or near this city. Regarding his visit, Mr. Lee says he had a fine time and met many of his old former friends during his stay in Michigan.

Miss Thomas Home.

Miss Anna Thomas returned last night from Chicago, where she has just completed a training course at the Chicago Institute of Technology, a school affiliated with the Chicago university. Miss Thomas has been gone for two years and is the first lady to graduate in that time. She is the daughter of Mrs. Louise Thomas, of West Lead avenue, and is well known here. Next week Miss Thomas will leave with Mrs. Thomas S. Hubbell and children for Long Branch, Cal. Next year she will serve as one of the teachers in the schools here.

CLEANLY WOMAN.

Erroneously Thinks By Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide killing the dandruff germ, leaves the hair free to grow as healthy as Nature intended. Destroy the cause, you remove the effect. Kill the dandruff germ with Herpicide.

For Lunches and Picnics a Few Suggestions.

Canned chicken tomatoes
Canned luncheon tongue
Canned chipped beef
Chipped beef in glass
Potted and deviled ham,
Chicken, turkey, etc.,
Sardines in oil, tomatoes, mustard, etc.

Canned soups
Brook trout
Mackerel prepared with tomato sauce
Pickled mackerel

Every article guaranteed to please
THE JAFFA GROCERY CO.

Notice.

Owing to the necessity of economizing in the city's finances it is impossible to expend the amount of money required in hiring a wagon and employing labor for the purpose of watering trees. We therefore call upon citizens who have the welfare of the city at heart and who have trees in front of their homes to see that the same are properly watered until such time as the city can again take charge of the work.

Very respectfully,
C. F. MYERS, Mayor.

No Name Store.

Headquarters for Carpets, Linoleum, Matting, Curtains, Blankets and House Furnishing Goods.

Carpet Characteristics

May enhance or lessen the beauty of a room. Those rich patterns, produced in many but delicately harmonized colorings, those real works of art for the floor, shown in our display of the best productions of the year, are the wonder of all who see them. These patterns come in every material, at prices that are easy grounders.

Ingrain carpets, 25 cents per yard and upwards.

Brussels carpets, 60 cents per yard and upwards.

Velvet carpets, 90 cents per yard and upwards.

NEW MEXICO TOWNS

ROSSELL.

From the Record.

William Tipton and W. R. Pilant were having their new artesian well shut off this week and in the opinion of the plumbers they have perhaps the strongest flow as measured by the pressure of any well in town.

Land Inspector J. A. Hobbs, after having straightened out all of the crooked doing in the public land business in this part of Uncle Sam's domain, left Wednesday for the northern part of the territory and points in the Indian Territory.

William Hamilton, father of the Hamilton brothers, James and Harry W., arrived from Pittsburg, Pa., and will spend a few weeks visiting in the valley. He says that Pittsburg is making elaborate preparations for July 4, at which President Roosevelt and the Rough Riders will be special guests. They wish all the Rough Riders to know that if they attend they will be royally treated by the people of that place. One special feature of the program which will be new to the down easterners will be a genuine roping contest.

A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant, of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. J. H. O'Reilly & Co., and B. H. Briggs & Co.

TULAROSA.

From the Democrat.

Attorney Young and family were here from Las Cruces on their way to the Rio Grande.

Rev. R. P. Pope, who has been engaged in evangelical work for the Baptist denomination in this portion of New Mexico since 1892 leaves with his family for other fields. His first destination will be Delhart, Texas, but he does not know where he will locate permanently.

The recent experiments with lithographing stone from this county have been highly satisfactory. The tests were made only on small sized stones. A carload of large stone, entirely free from small quartz specks and discolored veins, has been shipped for experimental purposes. In this case some slabs as large as a door and it is expected that this shipment will establish the reputation of Otero county lithographic stone.

Saved From An Awful Fate.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by hay fever and asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for consumption, used it, and was completely cured." For desperate throat and lung diseases it is the safest cure in the world, and is infallible for coughs, colds and bronchial affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

SAN JUAN FE.

From the New Mexican.

Dr. and Mrs. Quine, of Chicago, are guests at the sanitarium. Dr. Quine is credited with being the leading lung and throat specialist of Chicago. Mrs. Quine will remain at Santa Fe to recover her health.

Miss Nona Murphy, of Hillsboro, a graduate of the Loretto academy in this city, this week graduated from the Denver conservatory of music. Miss Murphy is the possessor of a splendid soprano voice and sang frequently with the cathedral choir.

Staff Captain Amelia H. Benjamin, of the Salvation Army Children's home at Amity, Colo., makes graceful acknowledgment of the sum of \$16.95 subscribed to the home during her short stay in this city.

The board of county commissioners adjourned to meet again as a board of equalization on July 7. The sound of lamentation is heard from many quarters where notices have been received of raises in assessment by the board of county commissioners.

Before United States Commissioner John P. Victory charges against Felipe Garcia and Dolores Aguilar of transgressing the Edmunds law were heard. Both of the accused were discharged because it appeared that jealousy and spite led the prosecuting witness to make the complaint. He acknowledged on the stand that he had illicit relations with the defendant female. The case against Francisco Pino de Easton, charged with unlawful use of the mails by sending lewd letters to the prosecuting witness, was also heard and the defendant discharged. It appearing that in all probability the prosecuting witness had himself written the letters in question.

BERNALILLO.

Special Correspondence.

Bernalillo, N. M., June 18.—Prospecting and development work on the north end of the Bandejas (Las Placitas district) is being pushed at a lively pace.

Messrs. Blundin and Kemp have a group of three claims on the surface of which they come very nice copper. At present they have men running a tunnel to cut the ore body about sixty feet below the surface. Without accidents to retard them, they should tap the ore body by July 15. These parties are energetic and are pushing their development work with knowledge and determination to expose some of the mineral that is known to be in those hills.

Mr. Given's claims are idle at present, but it is understood that work will be resumed shortly.

Messrs. Eckert and Armijo are quietly waiting developments, expecting the Algodones smelter to give them a chance to realize.

Messrs. Bibos have a new expert (?)

the irrepressible Jack Myers, advising the manner of doing the work on their Cave Canon claim. Some very good copper was found on the surface.

E. Welsch, of Colorado, is doing his assessment work in Apache Canon.

A blessing alike to young and old;

Fowler's Extract of Wild Strawberry;

nature's specific for dysentery, diarrhoea and summer complaint.

A Brutal Brakeman.

George Tripp, a brakeman on the Waldo branch of the Santa Fe railway, was arrested at Madrid and taken to Cerrillos and there held under bail for his hearing on tomorrow. He is charged with slapping and kicking the 11 year old daughter of William Atkins. He also pulled the child's ears so that her hearing has been affected. The father was working in the mine at the time and the child was alone, the mother of the child being dead.

Leads Them All.

"One Minute Cough Cure beats all other medicines I ever tried for coughs, colds, croup and throat and lung troubles," says Dr. D. Scott Currin, of Logan, Pa. One Minute Cough Cure is the only absolutely safe cure remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Chaves County Democratic Ticket.

The Chaves county democrats have placed the following county ticket in the field:

For Sheriff—Fred Higgins.
Treasurer—Mark Howell.
Probate Judge—J. T. Evans.
Probate Clerk—F. P. Gayle.
Assessor—John C. Peck.
County Superintendent—J. McL. Gardiner.

Commissioners—W. M. Atkinson and A. B. Robertson.

Hot Weather Weakness.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegard, proprietor Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton. Newton, Kan." 50c at Cosmopolitan Pharmacy, B. Ruppe.

COFFEE SENSE.

To Drink, or Not to Drink, the Question.

A prominent St. Paul woman comments on coffee as follows:

"While I was drinking coffee I was troubled with sleeplessness and palpitation of the heart. I began to feel suspicious of coffee poison and having no desire to drug myself, realized how inconsistent it was for me to continue the use of anything that helped to break me down, so I quit coffee and began using Postum Coffee.

"Now I sleep well and consequently feel refreshed, and am much strengthened. Palpitation of the heart has ceased and altogether life seems worth living.

"Some of our family like a little coffee mixed in with the Postum; that, of course, is much healthier than the old fashioned coffee alone."

It is true that very strong coffee of the best flavor has a little more fascinating taste to some palates than pure Postum. On the other hand, there are thousands of people that prefer the flavor of Postum, pure and simple. If coffee agrees perfectly, and people are not ill in any way, there seems no good reason why coffee should be discontinued unless there is a fear of disease finally setting up from the continued use of a drug. On the other hand, if any member of a family is ailing in stomach, bowels, kidneys, eyes, or the nervous system, such a one should immediately quit ordinary coffee and take Postum Food Coffee. A sure result can be depended upon and a gradual feeling of health and strength will come from the change. Health, of course, is worth almost everything on earth.

Some people are so constituted that it is hard for them to give up a habit even if good health is the reward, but it is perfectly easy to leave off coffee when one can have a well boiled cup of Postum in its place.

LITTLE SMASH UP.

Freight Wreck at Dillon—Death From Injuries Received.

LORETTO ENTERTAINMENT.

Las Vegas, June 19.—The Santa Fe had a little smash-up about 9:30, the freight, No. 95, getting three cars of ore in the ditch at Dillon. A Journal on one of the cars loaded with ore broke and played havoc with things in general. Engineer Hackworth was at the throttle and Conductor Thomas in charge. The wrecker was sent up from here to clear the track immediately upon receipt of the news.

Paulin Crespin, the young man injured up in Colorado about two weeks ago by falling from a work train on which he was working, died this morning at his home in upper town. He was 24 years of age. The funeral will be held tomorrow.

Capt. J. G. Clancey, the owner of the big Alamogordo ranch near Puerto de Luna, left this morning for his ranch after a couple of days in town.

Mrs. V. V. Long left today for Raton, where she goes as the delegate from here to the Epworth League convention. Her husband will leave tomorrow for Denver.

Francisco Coyote returned this afternoon from Atchison, Kas., where he has been attending school at St. Benedict's college.

Juan Bruno is on today's sick list.

J. E. Johnson writes from the H. O. W. ranch that they had a regular cloud burst at Naravisa a few days ago and that a couple of bridges on the Rock Island were carried away and considerable trackage. At the ranch, though, everything is still dry.

Miss Marion Kenderine, of Topeka, is expected here tomorrow to visit with Mrs. T. B. Mills.

In the divorce suit of Vicente Martinez against his wife, Josefita Padilla, the wife has filed a reply saying that her husband is trying to get away her property and that he has done nothing to support her and the family of six children since 1899, and as she is poor she asks the court to make her husband pay her attorney's fees in the case.

The people always look for something particularly fine when the Sisters of Loretto give any kind of an entertainment, and last night's closing exercises of the academy surpassed anything of the kind given in a long while. The program was a long one and of particular merit all the way through. It consisted of good music, both instrumental and vocal, and "The Heirs of Rockford," a laughable little play was presented by the pupils of the academy. Their acting was good and was really a very enjoyable affair.

Rev. Father Gilbertson conferred the honors on the five graduates of the grammar department, and also awarded the gold medals given for good attendance, record in studies, etc.

After the concert, ice cream and cake was served to the large crowd present, and dancing was enjoyed after the refreshments were cleared away.

The city engineer gave the grade for a sidewalk on Fourth and Fifth streets today for the laying of a sidewalk out to the new high school building.

The superintendent of some unpronounceable Indian school in the Indian Territory has written here for a date for a ball game. The superintendent is headed for California with a bunch of his Indians and they want to stop here and give the local team a twist.

The team cannot play here on any day except Sunday and the base ball park seemingly cannot be procured for any Sunday games, despite the fact that the money raised with which the accommodations were erected on the grounds was largely raised by subscriptions around town, so the offer of a game will most probably have to be turned down.

E. C. Olsbaugh is on the indisposed list today.

Walter Bramlett, the shortest man outside of a side show, has been in town for several days seeing the town. He is 4 feet 2 inches high, weighs 38 pounds and is about 32 years of age.

Bramlett is a telegraph operator and is looking for an opening. When asked where he was from he waved his hand over his head and said everywhere.

Then he asked the reporter to come and have one with him.

Ernest Franks, one of Superintendent Fox's stenographers, asked for a lay off yesterday afternoon on account of sickness and then he took a notion to jump the town and leave a number of creditors in the lurch.

He was caught at the train by his landlady and Mr. Pope took his grip for money owed him. When he left he was fairly shorn. There are a number, though, who are mournfully looking at an account on the debit side.

Mrs. L. J. Marcus has gone to Tucumcari with her family to join her husband, who is employed with Gross, Richards & Co. at that town.

Governor Otero and family went through here today en route to Denver for a visit of several days.

W. C. Cowens, of Topeka, master of transportation, is in the city looking up the damage done to the El Paso & Southwestern cars that were in the Sands collision.

Mrs. M. E. Twomey, the matron of the Insane asylum, returned this afternoon from a visit to Albuquerque.

Miss Bertha Chapman, of Oakland, Cal., is here visiting her brother, J. N. Furlong.

Died at the asylum yesterday, Mrs. Manuella Baca de Stockton, wife of a prominent stockman of Belen, Valencia county. The deceased had only been here a few days and was very ill when she came.

Engine 1080 that was in the wreck at Sands, had to be sent to the Raton back shops for repairs.

Dan Stern and Sig. Nahn have returned from a trip to the lower country and reports things very dry and dusty.

William Frank went down to Santa Fe this afternoon to meet his brother who has been in school at St. Michael's college there.

The diamond drill for the El Porvenir Coal company has arrived and will be put to work on the mines at once.

He Was Not Dead.

The report from Golden that another

A Thing of the Past.

The town crier is a thing of the past, but medical methods as old and as obsolete as the town crier are still practiced in many a country town. Women suffering from womanly diseases shrink from the offensive examinations, inde-

licate questionings, and obnoxious local treatments, still in vogue with some local practitioners. Any sick woman is invited to consult Dr. Pierce, by letter, free, and so avoid methods which are offensive to her modesty. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N.Y.

Dr. Pierce's Favorite Prescription is peculiarly a medicine for the cure of womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"You have my heart-felt thanks for the kind advice you sent me," writes Mrs. Florence Archer, of Essex, Mass. Co. Teun. "Words fail to express what I endured for about eight years with female trouble. The awful pain that I had to endure each month, no tongue can express. These bearing-down pains, backache, headache, distress in my stomach and sores in my breast, cramp in limbs—they have all left me and health has taken the place of these distressing troubles. What caused them to leave? It was the best medicine on earth—Dr. Pierce's Favorite Prescription. In one week's time I began to feel better. After taking six bottles of the Favorite Prescription and using the local treatment you advised I felt like a new woman."

Dr. Pierce's Pleasant Pellets should always be used with "Favorite Prescription" whenever a laxative is required.

man was found murdered there day before yesterday proves to be erroneous. It arose from the fact that Pablo Aranda saw a sheep herder lying on the ground with his face downward and brought the report into the camp that he was dead. The man was only sleeping, however.—New Mexican.

Whooping Cough.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.

—H. J. Strickfaden, editor Worland-Herald, Fair Haven, Wash. For sale by all druggists.

SAVED HIS OWN LIFE.

But in Doing so He Broke the Leg of a Fellow Miner.

While engaged in sinking a shaft in the Black Hawk district, Grant county, a peculiar accident happened to the three men at work. One of the men by the name of Lynch, feeling the effects of the bad air, started for the surface. When within about ten feet from the top of the shaft, he became unconscious and fell to the bottom, striking one of his comrades on the leg, breaking it. In falling on the leg of the man Lynch perhaps saved his own life, he escaping with only a few slight bruises. The man with the broken leg was taken to Silver City for medical aid.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by all druggists.

Deming is the great mining center of the southwest.

Deming, the coming city of New Mexico.

Railroad Topics

The new freight depot is assuming immense proportions, and it won't be many weeks before it will be ready for occupancy.

C. L. Fountaine was in the city yesterday. He is district freight agent for the Missouri, Kansas & Texas, with headquarters at El Paso.

A surveying corps of the Rock Island railway has just surveyed a line through Durant, Indian Territory, from Oklahoma City to Denison, Texas. Work will begin on the grade soon.

W. P. Nott, the ex-Harvey house superintendent who was arrested in Los Angeles for sending obscene letters through the mails and jumped his bonds, has not yet been captured, but officers are on his trail and hope to land him, where he belongs, in a short time.

The Tularosa Democrat says: Geo. W. Harbin, land and immigration agent of the Chicago, Rock Island & El Paso, came from Waterloo, Iowa, bringing with him ten prospective settlers along the Rock Island. Three go to Carrizozo, five to Alamogordo and two came to Tularosa.

Hon. W. S. Hopewell, W. A. Bayer and J. E. Saint have returned to Santa Fe from a trip to Kennedy. Mr. Hopewell reports that the wire for the telegraph line arrived at Torrance and that the cross bars have also been received. The holes for the telegraph poles have been dug and the line will now be completed in a short time. Wire will at once be sent up to Kennedy from Torrance so that the line between Santa Fe and Kennedy can be completed first.

James Sheets, millwright in the water service at Topeka and for twenty years on the Santa Fe pay rolls, has quit the company and will go to Fort Worth, Texas, where he has a job with the Fort Worth & Denver road. Mr. Sheets was in Topeka for a long time until a few years ago, when he removed to this city, in the hope of getting relief from asthma which bothered him a great deal. A few weeks ago he returned to Topeka, thinking that the ailment had been cured, only to find since that he was mistaken. He has been unable to work on account of its recurrence for about two weeks.

The Topeka State Journal says: Locomotive 987, the big decaop, which went out for a trial trip Monday, acquitted itself honorably, getting off the track before it had left the yards. This was not due to its weight but to some obstruction on the rail, and without great difficulty it was replaced. Tuesday the machinists were swarming over it, giving the final touches preparatory to its going west today. Its destination for the present is Eaton, N. M., where it will do duty for the present. The whistle, which originally in a vertical position, has been changed to an angle of about 45 degrees. This was done because its sound was not loud enough when in the first position and when the valve was opened the steam blew back in the cab.

The Topeka State Journal has the following which hits the nail on the head, for every blacksmith shop in the world is a hot place either winter or summer: "There are plenty of hot places in Topeka these June days, but most of them are as cold storage rooms to the midday sunshine, as compared with the temperature of the Santa Fe blacksmith shop. There is no thermometer down there, and nobody would pay any attention to it if there was, so it is hard to tell just where the temperature goes. It is safe to say that the mercury climbs pretty well to the top of the tube. But the veterans over the fires work steadily along in the same begrimed overalls and leathern aprons, that they wore last January and the place that to an outsider seems like a border to the infernal regions, does not worry them a whit."

Sick headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25c and 50c. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample. J. H. O'Reilly & Co. and B. H. Briggs & Co.

WINSLOW HOSPITAL.

It Was Formally Opened to the Public Tuesday Night.

The Santa Fe railway company has been turning its attention to hospital accommodations for its sick and injured employees. On Tuesday night, the hospital at Winslow was formally opened and is now ready for use. The reception was largely attended, not only by railroad men and their wives, but by the citizens of Winslow, and all enjoyed a fine program of vocal and instrumental pieces. Dr. Robert Morrison, chief surgeon of the coast line, with headquarters at Los Angeles, was unavoidably detained from attending. Dr. Brown, the superintendent of the new hospital, was the recipient of a handsome gold pen and ink stand, with sterling silver mountings, as a present from the Winslow lodge of Brotherhood of Locomotive Firemen. The banquet supper was served at the Harvey eating house.

Happy Time in Old Town.

"We felt very nappy," writes R. N. Beville, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for cuts, corns, burns, bruises, boils, ulcers, eruptions. Infallible for piles. Only 25c at all druggists.

Wouldn't Stand For It.

Machinists McFall, Jones, Thompson, Goodman, Peters, Shaw and Jones, who have been working at Needles, have grown weary of waiting for the strike to end and have left for San Francisco. They are but following in the footsteps of nearly all of the men who were laid off at the desert town nearly two weeks ago on account of the strike among the boiler-makers at that point. The extreme heat, which is at present making itself felt along the Mojave, combined with the fact that there is no work, nor any prospect of work in the immediate future,

causes the men to become discouraged and they are taking advantage of the company's proffered transportation and leaving the site of trouble.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

THAT KISSING BUSINESS.

Rock Island and Santa Fe Officials Talk About It.

The Chicago papers print interviews with some of the principal railroad officials concerning the recent order of the Pennsylvania lines instructing their representatives to prohibit kissing at the Chicago depot. The following are of interest:

"No, indeed, such an order is not likely to be issued in Chicago," said C. A. Goodnow, general manager of the Chicago, Rock Island & Pacific. "There are no conditions here that would justify the prohibition of kissing. But the Jersey City station of the Pennsylvania handles enormous crowds of suburban passengers, and it may be that there has been complaint from some passengers that they have been annoyed by effusive or too prolonged greetings and farewells. The order may justly apply there. Where it is necessary to load or unload trains within three or four minutes every measure must be adopted that will facilitate handling of passengers. The Rock Island has found no serious trouble from demonstrations of affection on the part of passengers."

"What, cut off kissing?" exclaimed A. P. Morrison, assistant to G. T. Nicholson, passenger traffic manager of the Atchafalaya, Topeka & Santa Fe. "Not on your life! There isn't enough of it in the world, anyway. Passengers on our line can hug and kiss as much as they please; no one will ever stop them at the Dearborn street station. We have never found any trouble from that sort of thing and never expect to find any."

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixer, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cents and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

SPECIAL APPRENTICES.

Santa Fe Takes Some University Men in Mechanical Department.

Arrangements have been made that the following special apprentices shall be taken on by the Santa Fe mechanical department within the next two weeks: George J. Hood and H. L. Shipman, graduates of the state university; Clarence Lesells and Claude Schrott, of Cornell university; H. P. Richards, Kansas State Agricultural college; George F. Bean, Edward Davis and E. A. Leamanns, of Purdue university. Part of this number will enter the service of the company in Topeka and the remainder at other points wherever needed. Special apprentices have had some previous technical training before entering railroad shops, and their opportunities are usually a little better than those of ordinary men who begin serving their time. They also receive a larger compensation for their services, at the start which is increased from time to time the same as that of the ordinary apprentice boy.

Ready to Yield.

"I used DeWitt's Witch Hazel Salve for piles and found it a certain cure," says S. R. Meredith, Willow Grove, Del. Operations unnecessary to cure piles. They always yield to DeWitt's Witch Hazel Salve. Cures skin diseases, all kinds of wounds. Accept no counterfeits. J. H. O'Reilly & Co., and B. H. Briggs & Co.

ITEMS FROM EASTVIEW.

Will Celebrate Fourth of July—United States Commissioner Appointed. Special Correspondence.

Eastview, N. M., June 17.—Eastview will celebrate the glorious Fourth in the cool old fashioned way. A program in the forenoon, a basket dinner and sports in the afternoon for the younger folks will be the features of the day. The local orators will be assisted by Hon. Martin Sanchez, of Punta de Agua and the echo of the eagle's screams is expected to ring through these woods as it never did before.

The youngest child of Mr. and Mrs. H. C. Moseley has been quite sick for some time but is reported better.

Green Hicks, of Lincoln county, is here with his family looking for a ranch location.

J. W. Cotten, of Pine Springs, Otero county, is here on a business and pleasure trip.

Ed and Arthur Echols, two Texas boys, are here on a tour of inspection and may decide to locate.

Charles White, who has been in the Gallop for some time, is located here temporarily and may decide to remain.

W. R. Green, our big stockman, is now the happiest man in Eastview. His family recently arrived from Kansas. His family and that of John W. Corbett came together, and New Mexico's skies

Young Hair

That means rich hair, heavy hair, no gray hair. Is yours thin, short, gray? Just remember, Ayer's Hair Vigor always restores color to gray hair, all the dark, rich color it had years ago. It stops falling of the hair, also. Has been tested for 50 years.

"About a year ago my hair nearly all came out. I thought I would try Ayer's Hair Vigor. I used only one bottle of it, and now my hair has come in real thick and a little curly."—Mrs. Lizzie M. Smith, Saratoga, N. Y.

50c. All druggists. J. C. AYER CO., Lowell, Mass.

if possible, now look brighter to both of them.

B. B. Spencer and W. H. Osborne are at Galisteo on business with the Santa Fe Central railway officials.

The Sunday school organized at this place last winter is in a flourishing condition and those most interested confidently hope it will prove a source of great good to the community. In connection with the Sunday school we have preaching every month by Rev. James Bolander, of Escobosa.

Eastview now has a substitution of the weather bureau and will soon be able to give the world some authentic data about this favored section which is now attracting so much attention.

August Kayser, who is a hunter as well as a scholar, piloted a party of tenderfeet to the mountains last week on a bear hunt, but luck was against him this time. One of the party caught cold and the rest caught nothing.

The Cornett boys of San Antonio are here with two mule teams hauling logs for Spencer & Co.

F. W. Tricoff has been appointed justice and J. S. Spencer constable for this precinct.

Manzano has a new store started by two Turks who say they intend to carry a complete up-to-date stock of goods. This, with the new stores started by the Santa Fe Central at different points along its right of way, ought to give the people of this vicinity plenty of "good goods at the lowest prices."

Eastview, it is understood, will soon be connected with the Rock Island by mail route, the route having been extended from Pinos Wells to Torrance. The eastern mail will come over this route instead of around by Albuquerque. This will give us our mail from that direction nearly two days earlier.

The appointment of John W. Corbett as United States court commissioner is a great convenience to the settlers on this side of the mountains, who were compelled heretofore to go to Los Lunas or Santa Fe to make their homestead filings. A recent ruling of the department of the interior extends his jurisdiction over the entire Santa Fe land district which will be good news to the Chilli and Escobosa people, as they had much rather come here than to cross the mountains to Albuquerque for that purpose. He has already received nearly twenty homestead applications and one final proof, besides considerable minor land office work. Mr. Corbett has recently purchased a surveyor's instrument and is now prepared to do the whole thing.

Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c at all druggists.

"The crookedest road in the world" is to be built in the mountains of Kentucky. The distance in a straight line from one end to the other is 19 miles, yet there is to be 90 miles of track between these points. The road will cost \$700,000.

Of what does a bad taste in your mouth remind you? It indicates that your stomach is in bad condition and will remind you that there is nothing so good for such a disorder as Chamberlain's Stomach and Liver Tablets after having once used them. They cleanse and invigorate the stomach and regulate the bowels. For sale at 25 cents per box at all druggists.

Mrs. Harris and children, the family of Engineer John Harris, have been visiting with friends in Needles. They are on their way to Indian Territory, where Mr. Harris is running an engine.

A Splendid Remedy.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, agent Illinois Central railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Kuppel.

MADAME PHILIPPS

216 South Second Street.

Singeing, shampooing, hair dressing, facial massage, human hair switches in every shape.

Deming has a magnificent school system.

Jemez Hot Springs.

The public is invited to visit the famous health giving springs. First class accommodations can be found at the Stone hotel. Bathing, good trout fishing and beautiful scenery are only a few of the attractions of this delightful resort.

MRS. OLIVE CORCORAN.

Stone Hotel.

Just received a large shipment of Japanese and Chinese matting. Albert Faber, 305 Railroad avenue.

Have you seen that blue enameled steel ware at the Albuquerque Hardware company's store. It is the most beautiful and ornamental ware ever seen in Albuquerque.

Deming will be the great smelter center. Two large plants will be installed within the year.

Statehood cigars, two for 25 cents. Keep your eye on Deming.

Deming! Have you been there? If not, you should get there for the big sale of lots on the 17th of this month.

Statehood cigars, two for 25 cents.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the incalculable heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Especially good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

Kodol Dyspepsia Cure

Cures all Stomach Troubles. Prepared only by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size.

DeWitt's Little EARLY RISERS

The famous little pills for constipation.

J. H. O'Reilly & Co. and B. H. Briggs & Co.

Concerning Trade Tricks.
The old saying that there are "tricks in all trades" has outlived its truthfulness, if there ever was any truth in it. This store does not countenance tricks of any sort to catch the unwary. The plain, simple policy of buying good merchandise and selling it at a just profit is what has gained for us the public confidence. What you read in our "ads" you can see to. People with money to spend naturally go to the safe trading place—Golden Rule Dry Goods Co.

Pianos.

If you are slightly interested in the purchase of a piano it will pay you to call at Hall & Leonard's.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattle men all know this.

The Mexican Central Railway Co., Limited

Calls attention to the fact that:

It is the only Standard Gauge Route from the United States frontier to Mexico City.

It is the only line in Mexico that can offer the traveling public the conveniences and comforts of Standard Gauge Pullman Drawing Room Sleepers, lighted by Pintsch Gas.

It is the only line by which you can travel without change from Kansas City, Mo., to Mexico City.

It is the only line by which you can travel without change from St. Louis, Mo., to Mexico City.

The lines of the Mexican Central Railway pass through 15 of the 27 states of the Republic. Eight million of the thirteen million inhabitants of Mexico are settled contiguous to them.

The principal mining regions receive their supplies and export their products over it. Chihuahua, Sierra Mojada, Mapimi, Fresnillo, Parral, Guanacevi, Durango, Zacatecas, Guajajuato, Sombrerete, Pachuca, etc., etc.

When You Travel for Business, Go Where Business is Done.

There are only five cities of over 35,000 inhabitants in the Republic of Mexico that are not reached by the Mexican Central line.

The following ten cities are reached only by the Mexican Central Railway:

Chihuahua 30,098 inhabitants; Parral 16,382; Zacatecas 34,438; Guajajuato 40,580; Leon 63,263; Guadalajara 101,208; Queretaro 38,016; Zamora 12,533; Aguascalientes 37,816; Irapuato 19,640.

It also reaches the cities of Torreon 13,845; San Luis Potosi 60,558; Tampico (Mexican Gulf port) 16,313; Celaya 25,565; Pachuca 37,487; City of Mexico 368,777.

Daily Pullman service between St. Louis, Mo., and Mexico City, also between Kansas City, Mo., and Mexico City, and vice versa.

LOCAL PARAGRAPHS.

Capt. Jack Crawford, of San Marcial, is visiting with old friends at Pueblo, Colo.

A. Singer, representing Grunsfeld Bros., and son, after a business trip to the northern towns, returned last night.

Mrs. Mollie Wheat, sister of John Reub, the well known Santa Fe Pacific railroader, left the other evening for southern California, where she will visit friends and enjoy the delightful sea air for a few weeks.

Linus Shields, one of the New Mexico University graduates, is around town these days settling the Mirage accounts, after which he will return to his home at the Jemez hot springs and fish and hunt during the summer.

E. Cramer, of the Equitable Life Assurance society firm of Grunsfeld & Cramer, returned to the city this morning after a few weeks visit with his family in Los Angeles. Mr. Cramer will not remove his family to this city until fall.

E. F. Hoaglin, a polite, accommodating clerk at the clothing store of E. L. Washburn, has secured a leave of absence, and with his wife will leave tonight for the upper Rio Pecos country, where they will go into camp and fish and hunt for several weeks.

G. E. Chapman left this morning for Santa Fe and from there to Denver. After a stay of a few days in the Colorado capital city, he will continue on northward to his home in Canada. Mr. Chapman stated at the depot this morning that he would again be in Albuquerque in the fall.

Secretary Macpherson, of the Electric light company, informs The Citizen that some extensive but needed improvements are being made at the plant, and that, in a very short time, the best lights to be obtained anywhere in the world will be furnished the Albuquerque consumers.

A. J. Otero, a well known citizen of the famous Jemez hot springs, and Mrs. Olive Corcoran, who is proprietress of the stone hotel at the resort, have been in the city the past few days purchasing supplies. They will leave tomorrow morning, via Bernalillo, for the springs.

Aaron Rosenwald and wife, Mrs. B. Flesher, Misses Alma and Bettie Rosenwald, Mrs. H. N. Jaffa and son, and Mrs. David Weinmann and daughter, all well known and popular Albuquerque people, have gone to southern California, to help swell the Albuquerque colony now sojourning at the coast resorts.

Mrs. Henry Thiel, a sister of Mrs. J. H. Bearup, who was at Los Angeles on a visit and stopped over here for a couple of days, continued north to her home at Junction City, Kansas, this morning. Mrs. Bearup and Mrs. Thiel visited Los Angeles together, and the former remained there to prolong her visit for a few weeks.

Rev. Mr. Hodgson will preach the sermon at the People's open air meeting on Sunday next at 3:30 p. m., corner Second street and Lead avenue. The city clergy will take part in the service. A cordial invitation is extended to all. The place is beautifully shaded with cottonwood trees and there are seats for three hundred people.

Juan Santistevan, the banker and merchant of Taos county who failed a couple of weeks ago, is in the city. He says he has much more property than is necessary to meet the claims but at the time of the failure only a fraction of their value was obtainable. He has many friends here who will wish him success out of his present embarrassment.

Last night, at 7:30 o'clock, the handsome N. T. Armijo building, corner of Second street and Railroad avenue, had another close call from a big fire. A pile of rubbish in one of the hallways in the rear of the building, was noticed on fire and a still alarm sent in. The firemen appeared, and soon thereafter had the blaze extinguished from chemical applications.

A letter was received from Jack Holland by Herman Wynkoop in which he says he will likely locate in Albuquerque soon. Jack has been playing professional base ball for the last few seasons with the Western League and was signed this year to play with Des Moines in that league, but owing to a long sickness during the winter has decided not to play again professionally until next season. He feels as though he would be at a disadvantage joining his team this late in the season. He would be a valuable acquisition to the Browns.
