## SYMPATHY STRIKE

### May Call Out Topeka Boilermakers.

### Revolutionists Were Successful in Venezuela.

### Salvador in a Frenzy Over the Arbitration Decision.

### MAY ACCEPT ALFONSO.

Topeka, Kan., June 18.—The Santa Fe boilermakers at Topeka expect to be called out on a sympathy strike at any moment. Sixty-five workers here say they will go out if the call is made. H. J. Thompson, a delegate from the union at the Needles and San Bernardino reached Topeka last evening and addressed the workmen here, explaining the situation. He says there are forty-five boilermakers and fifteen apprentices out at the Needles and San Bernardino, who will not go back until they are given their old places. Manager Henderson, of the Santa Fe, says the men will not be given their old places and only twenty-five are out.

### CAPTURED A TOWN.

### Government Troops Were Defeated by Venezuelan Revolutionists.

Willemstad, island of Curacao, Friday, June 13.—News reached here today of important success by the Venezuelan revolutionists. After five hours' fighting on June 11, 1,000 revolutionists captured La Vela de Coro, a seaport town on the Gulf of Coro. Of the government forces, 27 men were killed and 128 men were captured. Coro, the capital of the state of Falcon, is besieged by the revolutionists, and is expected to surrender at any moment.

### SALVADOR IS WILD.

### Decision of the Washington Court of Arbitration Disappointing.

New Orleans, La., June 18.—The latest news from the republic of Salvador, via Guatemala, indicates a state of frenzy aroused by the recent decision of the Washington court of arbitration in the Burrell case. The president of the little republic and most of the members of the national assembly, have signed a pronouncement to the public, declaring the decision of the court a scandal and a crime; that the judges were bribed; that the Salvadorean representatives were treated in a scandalous fashion; and that Dr. Zaldivar, one of the Salvadorean representatives, was recalcitrant to his trust and is now in Europe to escape the results of his actions.

### May Accept Alfonso.

London, June 18.—A dispatch to the Daily Express from Madrid says that the Carlist chiefs will shortly meet at Barcelona, and that it is expected they will decide to recognize Alfonso as the lawful king of Spain and renounce further attempts to bring about an uprising.

### AGAINST AN INCREASE.

### Mr. Loud Thinks Letter Carriers Are Paid Enough.

Washington, June 18.—The house today considered the general deficiency appropriation bill. Mr. Loud, of California, opposed an increase in the pay of letter carriers. He declared, all circumstances considered, the pay of letter carriers is the highest for the service performed in any branch of government service.

### VOLUNTARILY ADVANCED.

### Increase of 10 Per Cent for Over 8,000 Men.

Pittsburg, Pa., June 18.—Jones & Laughlin, iron and steel manufacturers, voluntarily advanced the wages of all employees excepting the tonnage men. The increase will average 10 per cent and affects over 8,000 men. The furnace employees of the Carnegie Steel company have been advanced during the present week and it is understood all the day laborers in the mills of this company will be advanced.

### Contest in Vermont.

Montpelier, Vt., June 18.—The advance guard of delegates and visitors has arrived for the republican state convention which meets here tomorrow. Indications point to the nomination of Gen. J. G. McCullough of Bennington for governorship. Gen. McCullough's opponents in the race for the head of the ticket are Percival W. Clement of Rutland and Fletcher Proctor, son of Senator Proctor.

### Foster Renominated.

Burlington, Vt., June 18.—The first district republican convention here today resulted in the renomination of Congressman D. J. Foster.

### Ex War Prisoners.

Clyde, O., June 18.—The citizens of Clyde extended a royal welcome to the veterans and their friends who are attending the annual reunion of the Ex-Prisoners of War association of Ohio. The gathering was called to order today by Col. W. L. Curry of Marysville, who responded to the cordial address-

es of greeting made on behalf of the city and the local veterans' association. The business sessions, which continue two days, will be interspersed with interesting features of entertainment.

### NOTABLE WEDDING.

### Newton Booth Tarkington, the Noted Author, Married Today.

Indianapolis, Ind., June 18.—The wedding of Miss Louise Fletcher, daughter of Stoughton J. Fletcher, and Newton Booth Tarkington, the well-known author, took place at noon today at the home of the bride's father in East Ohio street. Only the members of the two families and a few intimate friends were present.

### "MOTHER MECCA."

### An Excursion of Mystic Shriners Pass Through the City.

A special train of ten coaches, loaded with New York and New Jersey Mystic shriners, with their wives and sweethearts, came in from the San Francisco meeting this morning, and for an hour or two the jolly party enjoyed themselves inspecting the Alvarado hotel and purchasing Indian and Mexican curios. A majority of those on the train are from the famous "Mother Mecca" temple of New York city, and Dr. Ellison, who was the spokesman of a group of Shriners, stated that they had a royal good time while on the Pacific coast. This train was in charge of James McGee, and he reported 210 on board.

### SHOOTING SCRAPE.

### A Peace Officer of Silver City Uses His Gun.

### LIVELY WAREHOUSE FIRE.

### Special Correspondence.

Silver City, N. M., June 17.—This city was the scene of a peculiar shooting scrape last evening, about 9:30 o'clock, in front of the Club House saloon. The shooting was done by Perfecto Rodriguez, a peace officer of the city and night watchman, and was a disgraceful affair. It seems from the facts to be gathered that a young man by the name of Louis Payne and some of his friends, who are of Mexican descent, were out having a good time and got to making too much noise and City Marshal Brent was going to lock them up when Perfecto Rodriguez, "the city peace officer," took a hand in the affair and informed the city marshal that he could not arrest Payne, as he was a friend of his. Marshal Brent got out his gun to enforce his duty and Perfecto, who would be supposed to help the marshal keep the peace, got out his six-shooter and shot once at the marshal, hitting Payne, who was standing between them, in the hand and also making a flesh wound in his leg. Sheriff Goodell and Deputy Conant appeared on the scene and disarmed Perfecto and locked him in the county jail. Rodriguez has always been ready and willing with his gun and has used it on several occasions when it was unnecessary. From the facts in the case this little gun play will undoubtedly go hard with him. He will have his preliminary hearing before Judge Newcomb tomorrow at 1 o'clock.

A fire broke out in a warehouse on Main street last Saturday evening, which was being used to store hay in and while it was not a very big fire and the building was not worth very much, it gave the fire boys quite a stubborn fight to get it out. Water was played on it most of the night. The correspondent of the Journal-Democrat informed the people of this section through that paper that owing to the poor pressure of water, etc., it was unable to do any good work on the fire, which was not the case. The Silver City Water company has been able this year to furnish all the water necessary for all purposes and had a good pressure on that night. The entire loss will not reach a very high figure.

The base ball game between the Deming and Silver City teams at Athletic Park last Sunday afternoon resulted in a victory for the Silver City team by a score of 19 to 9.

Residents of this end of the territory are awaiting anxiously for the rainy season to start in as everything is drying up and the cattle ranges are getting in bad shape.

Captain Bert Gilbert, a Silver City boy, and a graduate of West Point, came in on today's passenger train on a visit to his parents in this city. Captain Gilbert has for the past year been stationed at West Point as an instructor.

Eugene Cosgrove and family left for a two months' pleasure trip to the Pacific coast last Sunday evening.

### A New Church.

An African Baptist church has been organized here by Rev. George H. Brewer, superintendent of missions for New Mexico and Arizona, assisted by Rev. N. W. Alger and M. W. K. Preston. The meeting took place at the home of Mrs. Tabitha Watson, 407 West Copper avenue. The membership is fifteen and a call was extended to Rev. James Hudson, formerly of Gainesville, Texas, but now living here, as pastor. It is expected to build a church which will be known as Mount Olive Baptist church and Mrs. Annie Hudson was elected clerk of the congregation. The following finance committee was elected: Green Watson, Stoney Ball, Mrs. Brown, Mrs. Annie Watson, Mrs. S. Ball and Mrs. Tabitha Watson.

## NATIONAL ACTION

### All the Miners May Go Out.

### Gloomy Crop Outlook in State of Texas.

### New Light on the Trial of the Naval Officers.

### HIGH TIDES ABATING.

Wilkesbarre, Pa., June 18.—President Mitchell has called a national convention at Indianapolis for the earliest possible date, to consider the advisability of calling out all the soft coal miners in the United States. Mr. Mitchell says he cannot give the exact date when the convention will be held. President Mitchell is extremely uncommunicative as to probable action of the convention. If it should decide to inaugurate a national suspension of coal mining, everybody at strike headquarters believes it will have a disastrous effect upon the industries of the country. If the supply of coal should become so short, large and small industrial establishments will be compelled to suspend operations and many railroads will also seriously suffer.

### OUTLOOK IS GLOOMY.

### Prospects for Good Crops in Texas are Not Good.

Dallas, Texas, June 18.—Rains are reported from only a small portion of northeast Texas, where the corn and cotton crops are said to have been in better condition than in any other portion of the state. Outside of this limit the outlook for any crop in Texas this year is gloomy. The protracted drouth, aided by scorching breezes, made the destruction almost complete. Cotton is said to be in fair condition in north Texas and rains within the near future will save the crop.

### SEVERE COMMENTS.

### New Light on the Imprisonment of Naval Officers.

London, June 18.—The text of the findings of the court of inquiry in the case of the United States naval officers imprisoned in Venice throws new and important light on the affair. It now appears the United States consul at Venice, Henry A. Johnson, and a lawyer provided by him for the defense, urged the officers to plead they were violently drunk. This they declined to do. Rear Admiral Crowninshield, commander of the European squadron, in reviewing the findings of the court, severely censured Captain Dayton, commander of the Chicago, for not personally attending to the defense of his officers and comments on the "revolting indignities" suffered by the officers while confined in Venice. Under the circumstances Admiral Crowninshield holds a "court martial would be a farce."

### High Tides Abating.

Kurachee, India, June 18.—The high tides which accompanied the recent cyclone are abating. A number of warehouses, wharves and railroads were wrecked by the cyclone and tides. Most of the craft in the harbor at the time the storm broke, were sunk. Napier, Mole, which connects the former island of Klamari with the mainland, is partially destroyed.

### GOING TO SANTA FE.

### W. H. Greer Here This Morning—Josephine Mahoney's Death.

W. H. Greer, the well known and popular manager of the Victoria Land and Cattle company, came in from Deming this morning, and continued north to Santa Fe. During the wait of the train here, Mr. Greer, with Messrs. Holt and Baird, called at The Citizen office. He gave this paper the best information of the death of pretty little Josephine, the four year old daughter of Hon. and Mrs. J. F. Mahoney of Deming. The little cherub was sick one week, death resulting on the fifteenth with burial on the day following.

### Boston Copper.

Boston, June 18.—A decline of about one pound in London for copper over the holiday made mining stocks slightly heavier today. There was selling pressure in only two or three stocks, however, and in these good buying orders were found on slight recessions. Copper situation is all right. We continue to believe we are to have a more active market and higher prices in copper.

### Card of Condolence.

In the sickness and subsequent death of our son and brother, Frederick Bell, we take this method to publicly thank our many friends for the sympathy shown in our affliction and bereavement; also to Dr. Saylin and Miss Bishop, the nurse, who did all in their power to prolong life and to prevent death, and to his associates in the

shopes who were solicitous about his condition and after death showed their appreciation by attending his funeral in a body.

Signed—L. S. Bell and wife, and brothers, John and Jeff Bell.

### SIXTY ARE HOMELESS.

### An Entire Block in Upper Creede was Burned.

Creede, Colo., June 18.—Fire this morning destroyed one whole block in Upper Creede, causing \$200,000 damage. Sixty families are homeless. William Stewart and Fritz Lint are missing, and are supposed to have perished. A number of persons were injured in fighting the fire. The flames started in a vacant saloon and are supposed to have been of incendiary origin.

### FOR THE PENITENTIARY.

### A Batch Taken to Santa Fe by Sheriff Baca.

Sheriff Baca, with Otto Smith and Severo Gallegos, came in from Deming this morning and left on the delayed No. 2 passenger train with the following convicts for the territorial penitentiary at Santa Fe: Jack Harris, for horse stealing, three years; Ed Wilson, burglary, three years; Jack Lewis, forgery, one year; Frank Clark, discharging deadly weapons, one year; Solome Hernandez, for assault with intent to kill, three years.

Mayor C. F. Meyers left this morning for Santa Fe on business.

### PROF. RAMSAY'S CASE.

### His Mind Ruined by Disease and Hard Work.

### VERY PATHETIC AFFAIR.

A few days ago The Citizen briefly told of the insanity of Prof. G. S. Ramsay, formerly of this city, but of late years in charge of a school at Fresno, Cal. The Los Angeles Times of a recent date contained the following account of his case:

With a little bunch of flowers huddled in one hand, Prof. G. S. Ramsay, once a prominent educator of the southwest, was brought into court to be examined for insanity.

Disease and hard work have ruined his mind. A few days ago he was found wandering around a vacant lot on Seventh street. When a police officer spoke to him he tried to climb a tree. Afterward he told the officer that he was bound to the lot by some mysterious tie which he could neither explain nor break.

When they got him to the station, he would not lie down nor eat. He said that he was growing solid inside and that he could only rest by squatting on his heels in bed, like a Chinaman.

During his examination he said that he had eaten some doughnuts two years ago and they were still undigested inside of him.

He talked rationally, for the most part. He said he had suffered agonies from indigestion.

"No one can know how I have suffered," he said. "Time seems an eternity. The hours go so slowly that it seems as though they would never end. I have only my voice and memory left."

He has a wife and children somewhere. He says they are at Long Beach. The officers are unable to find them there. He says he has ruined their lives and his own.

One of the teachers who served him years ago in New Mexico, learned of his plight and came to the examination. He recognized her and asked her if she could see any change in him.

The woman was so distressed she could hardly keep back the tears.

Professor Ramsey was committed to the asylum.

### KNIGHTS OF PYTHIAS.

### Session of Arizona Grand Lodge Held in Williams—New Officers.

The annual session of the Arizona Grand Lodge, Knights of Pythias, was held in Williams on Wednesday and Thursday of last week. The meeting was fairly attended, every lodge in the domain being represented.

The following officers were elected for the ensuing year: J. M. Aitken, G. C.; Gus A. Hoff, G. C.; J. C. Evans, prelate; J. D. Loper, G. K. of R. and S.; Jacob Salzman, G. M. of E. E. I. Gale, I. G.; Kelly, O. G.; J. J. Gowen, M. A. T. H. Sabin, E. W. Beitzel, A. E. Ealy, trustees; Judge Webster Street and G. H. Schureman, representatives to the supreme grand lodge.

The members of the grand lodge were royally entertained by Grand Canyon lodge, No. 14, assisted by the citizens of Williams. A banquet was tendered the visitors on Wednesday night. On Thursday night the Order of Knights of Korassan held high revelry.

## RIOT AT PATERSON

### Policeman and Striker Were Wounded.

### There Will be No Prize Fight in Denver.

### Senator Carmack Thinks Civil Service Rules Were Violated.

### CORN FLUCTUATED.

Paterson, N. J., June 18.—A meeting of striking dyers, held here today, was followed by a riot in which a policeman and one rioter were shot. The wounded policeman, Charles Robinson, received a bullet wound in the arm. The wounded striker was shot in the neck. He was carried away by his comrades and the police have not learned his name. The trouble did not last long and the mob soon dispersed and quiet was restored in the city.

There were two more outbreaks later in the day and several rioters are reported wounded. A mob attacked the Augusta silk mill and the police charged the crowd repeatedly before it could be dispersed. Another outbreak occurred at the Empire mill and a number of shots were fired. It is reported at least two or three rioters were wounded. The situation has become so grave it is believed the militia will be called out before night.

It is reported a woman who took a prominent part in the riot was shot and killed. Four wounded persons have been taken to the general hospital. One of these, Harry Harris, a reporter for the Morning Call, was taking a snap shot with a kodak at one of the scenes of disturbance when a bullet entered his chest.

### FORBID THE FIGHT.

### Corbett and Sullivan Can Not Fight in Denver.

Denver, Colo., June 18.—The fire and police board today instructed Chief of Police Armstrong not to permit the fight scheduled to occur tomorrow night at the Colorado Athletic club between "Young" Corbett and Dave Sullivan.

### VIOLATED THE RULES.

### Senator Carmack Tells Why Miss Taylor Was Discharged.

Washington, June 18.—The senate adopted the house resolution that the conference committee on the sundry civil appropriation bill be authorized to include the necessary appropriations to carry out the several objects authorized in the omnibus public buildings bill.

Mr. Carmack, speaking to his resolution offered several days ago, directing the civil service committee to inquire into the discharge of Miss Rebecca J. Taylor from the war department (for the publication of articles in newspapers criticizing the president), maintained that the civil service rules were flagrantly violated. He intimated she was discharged "because she took the wrong side of the Philippine question from the administration point of view."

The Isthmian canal bill was then taken up. Mr. Jones, of Arkansas, saying he believed it the duty of every senator to vote for the canal of the best location. Personally he would not vote for a proposition that would impede the progress of construction. He favored the Panama route.

Mr. Teller said as between the two routes, the Panama is better and he would vote for the Spooner amendment. Mr. Hanna then began his closing argument in favor of the Panama route.

### Corn Again Soared.

Chicago, June 18.—The corn pit was again the scene of a turbulent mob of grain speculators today. Prices soared skyward under the manipulation of the crowd that cornered July options and as quickly dropped with a thud. With the first two sales made at 68 and 69 cents, there was a rapid decline brought about by the whip-sawing of bulls, until July touched 66 cents.

### Congressman on Wed.

New York, June 18.—Arrangements have been completed for the wedding here tomorrow of Congressman A. F. Fox, of the Fourth district of Mississippi, and Mrs. Annetta S. Brandon of Washington. The bride elect is related to several prominent southern families. The couple will spend the summer in Europe and will return in the autumn to West Point, Miss., where they will make their future home.

### Kehoe Gets Renomination.

Maysville, Ky., June 18.—Congressman James N. Kehoe received a renomination today at the democratic convention of the Ninth district.

### Al. Anderson Again Injured.

That Al. Anderson is a very unlucky young man his numerous accidents would seem to indicate, but in each one of them he slipped out with a very few scars. On the third of this month he was being hauled to the surface on the skip at the Burson Homestake mine, near Wickenburg, in company of

other men, when the front wheel of the skip came off, throwing Anderson against the timbers of the shaft and severely crushing him. The engineer finally got the engine stopped and Anderson was taken out. At first it was thought that he was fatally injured, but an examination by the doctor disclosed the injuries to be superficial. A great gash was cut in his head that required about a dozen stitches to close, and his nose was split from the point to the forehead. He was taken to Wickenburg and is now getting along very nicely. About a month ago he was very badly injured and his mate was killed by a pump falling on him. At the Empire mine, in this county, some few years ago, he was badly injured by a cave. Al. had better give up mining and devote his future years to alfalfa raising.—Kingman Miner.

### The Mirage.

The college paper issued by the students of the University is from the press, and makes a fine appearance. It contains an article on "The Structure of the Air," by Prof. Magnusson; one on "New Mexico Climate," by Prof. Weinzierl; a number of original stories by students; the report of commencement week exercises, and the usual college news and notes. The illustrations are good and the original design of the cover page as it appears in cherry and silver, the University colors, is especially fine and is the work of Miss Hickey.

This number of the Mirage surpasses any previous issue and can be purchased at the book stores for 20 cents a copy.

Assessor Andrew Kelly, of Hillsboro, calls attention to the fact that J. C. Plemmons, collector of Sierra county, has paid into the territorial treasury this month \$3,269.33 of 1901 taxes, which is a splendid showing for this county, which has but a comparatively small population. Credit where credit is due, even though Mr. Plemmons is a democrat.

### Delegates to the Mining Congress.

The town of Las Cruces is to be incorporated.

Senator Hanna has written a letter positively declining to be a candidate for president in 1904.

During the last year 8,507,257 letters were sent to the local letter office at Washington. Of this total 47,532 contained money the total being \$42,854.

If Senator Quay forces the statehood bill to a vote in the senate this session he will have the solid friendship of the three new states for all time to come.

Senator Quay will try to force a vote in the senate on the statehood bill on Thursday. May he succeed in his effort is the earnest hope of the people of New Mexico.

President Roosevelt has received as a gift from Cuban veterans the Cuban flag which first floated beside the American flag originally planted in Cuba. This was at Guantanamo, June 12, 1898, when the American marines first landed.

In the museum at the University of Arizona at Tucson, a skeleton of a very large whale found in the desert south of Yuma has been mounted. Other finds of rare value have been made in the same region. In the university museum are the tusks and lower jaw of an elephant found in the Yuma desert.

### WHERE WATER IS PRECIOUS.

"As in New Mexico and Arizona," writes W. E. Curtis from Jericho, "water is the most precious thing in Palestine, and the laws which protect wells and springs are very severe." Only a few weeks ago we had occasion to note what Mr. Curtis wrote regarding the antiquity of irrigation, and the canals of Palestine, along which Christ and the apostles must have traveled, says the Denver Rocky Mountain News, for these water courses had existed long before they were on the earth. Now he turns the analogy between the deserts of the holy land and those of the new world. Most of the wells and drinking fountains in Palestine are artificial, and have been made at great expense by wealthy sheiks, who in this manner have created a reputation for munificence. These wells and drinking fountains are "monuments to their fame more enduring than palaces or temples or shafts of granite. The temple of Solomon has vanished forever, but the pools which he walled up with masonry and filled with water still remain. The wells that Abraham and Jacob drilled in the rocks as acts of piety as well as power are as immortal as their names, and will live forever, as long as men feel thirst." According to just custom of the country, Mr. Curtis continues, water rights can never be forfeited. "No man who owned a well might refuse his neighbor water for his family or his flocks, but the lord of the spring was inviolate; no creditor or enemy could take his water rights away from him. To injure or fill up a well was an unpardonable crime." While there are those who regard water laws in some of the states and territories of this country as somewhat arbitrary they do not seem to approach in severity laws and customs of a people who have been compelled to conserve water rights and privileges from the very beginning of civilization.

### THE STATEHOOD BILL.

The republican members of the senate made a mistake in postponing until the winter session all consideration of the bill which has passed the house providing for the admission of New Mexico, Arizona and Oklahoma, says the Denver Republican. The bill should have been considered and passed without delay.

But as the matter has been disposed of for the present, the thing for the friends of statehood to do is to secure as large a republican vote as possible in all three of the territories. Thus they may make the republican members of the senate appreciate that they will make no mistake from the standpoint of partisan politics if they let the proposed three states come in. Of the three, Arizona is the only one that can be considered democratic. The republican majority in Oklahoma is very large and ordinarily the republicans carry New Mexico. The prompt admission of the three by congress at this session would have strengthened

the republican hold upon both Oklahoma and New Mexico, and possibly it would have made Arizona doubtful. Coming in as republican states they would in all probability remain so for many years unless some particular issue should arise throwing them out of line with the politics of the republican party.

There is some satisfaction in the assurance that the senate committee on territories will take up the consideration of this bill early in the winter session, for if this is done its passage before the expiration of the present congress may be achieved. There is little doubt that the president would sign it were it to come to him. It is so clear that these territories are entitled to admission that there ought not to be any opposition to the passage of the bill enabling act as soon as it reaches a vote in the senate.

### PHILIPPINE BILL.

The senate has passed the bill for the government of the Philippine islands, after seven weeks of jarring debate, largely devoted, on the democratic side, to abuse of the American army. The measure now goes to the house of representatives, where it may be expected to receive more or less amendment. Its vital feature is a formal establishment of civil government in the islands by congress, instead of the president, as has been the case since the islands passed into our possession.

The bill approves the action of the chief executive in creating the Philippine commission and continues the governor and vice governor in office, future appointments to these positions being vested in the president, with confirmation by the senate. The bill provides similarly regarding the supreme court of the islands, and the minor courts already established. The action of the president in levying and collecting taxes is approved, and the present tariff is continued.

The people of the islands are declared to be citizens of the Philippines and under the protection of the United States. The bill of rights of the United States constitution is guaranteed to the people, except the right to bear arms and that of trial by jury. It is not wise to grant the first under present conditions. As to trial by jury the mass of the people are unfitted to exercise its privileges and responsibilities, especially as they have never had the jury system, and are entirely unacquainted with it. The commission is authorized to continue the establishment of provincial and municipal governments, upon the popular representative plan, as rapidly and as far as the different communities are shown to be fitted for the same.

### BOSS BUSINESS.

The New Mexican should explain its paragraphs. For several weeks it has been publishing squibs which need interpretation to be intelligible. Here are a couple of samples copied from the New Mexican of yesterday:

"There are a few alleged leaders and self styled statesmen who are maneuvering around to put a horse on the voters of New Mexico in the campaign this fall and in the statehood campaign during the coming spring."

"Political dictatorship in New Mexico in the future will be found rather a tough proposition. There are many men in both political parties these days, who will do their very best to smash the dictatorship proposition."

## DENIES THE ALLEGATION.

Forest Supervisor Langenberg Says  
 Timber is Not Being Cut  
 on Reserve.

Regarding the report that timber  
 was being cut on the Pecos river forest  
 reserve, the forest supervisor, George  
 Langenberg, writes as follows to the  
 Las Vegas Optic:

Las Vegas, N. M., June 13, 1902.—  
 I am this day in receipt of letter from  
 the honorable commissioner of the  
 general land office, stating that "in  
 case of this kind, where there is a  
 mistake, it would appear desirable  
 that a supervisor should enlighten the  
 press by correct and reliable state-  
 ment, to avoid mischievous confusion."  
 The above has reference to an article  
 which appeared in your daily of  
 May 6, 1902, wherein you charge me  
 with connivance in allowing timber  
 depredations on the Pecos river forest  
 reserve, of which I am at present in  
 charge.

The timber that you refer to, within  
 the Gallinas canyon, and within the  
 said reserve, as having been unlawfully  
 cut, was purchased legally from the  
 United States government by Margar-  
 ito Romero. All of the ties that have  
 been hauled to the Hot Springs branch  
 of the Santa Fe Railway company have  
 not been cut from the reserve, but in-  
 stead a great many of them have been  
 cut from the Las Vegas grant.

I would be pleased to have you make  
 this correction of misstatements in  
 your paper. If you care to do this, I  
 would be glad to have a copy of the  
 paper, that I may forward same to the  
 honorable commissioner.

Very respectfully,  
 GEO. LANGENBERG,  
 Forest Supervisor Pecos River Forest  
 Reserve.

## Constipated Bowels.

To have good health, the body should  
 be kept in a laxative condition, and the  
 bowels moved at least once a day, so  
 that all the poisonous wastes are ex-  
 pelled daily. Mr. G. L. Edwards, 142  
 North Main street, Wichita, Kan.,  
 writes: "I have used Herbine to regu-  
 late the liver and bowels for the past  
 ten years, and found it a reliable rem-  
 edy." 50c at Cosmopolitan Pharmacy,

**Washington Bankers.**  
 Seattle, Wash., June 18.—Every in-  
 coming train today has brought large  
 parties to the annual meeting of the  
 Washington State Bankers' associa-  
 tion, which convenes tomorrow morn-  
 ing. At the headquarters of the local  
 secretary there was a busy scene to-  
 day. The registers were the objective  
 point of a large crowd of bankers and  
 visitors from abroad, who had to wait  
 and take their turn at registering and  
 receiving official credentials. The pro-  
 gram is the most notable ever arrang-  
 ed for a meeting of the kind in the

Pacific Northwest. Besides leading  
 bankers from all parts of this state the  
 participants will include prominent  
 capitalists and financiers from other  
 parts of the country.

## Leads Them All.

"One Minute Cough Cure beats all  
 other medicines I ever tried for coughs,  
 colds, croup and throat and lung trou-  
 bles," says Dr. D. Scott Currin, of Lo-  
 ganton, Pa. One Minute Cough Cure  
 is the only absolutely safe cough rem-  
 edy which acts immediately. Mothers  
 everywhere testify to the good it has  
 done their little ones. Croup is so sud-  
 den in its attacks that the doctor often  
 arrives too late. It yields at once to  
 One Minute Cough Cure. Pleasant to  
 take. Children like it. Sure cure for  
 grip, bronchitis, coughs. J. H. O'Reilly

## ON THE DESERT.

J. A. Adams Wandered Away from the  
 Camp and Perished.

J. A. Adams, a grandson of old John  
 Brown, whose "soul goes marching  
 on," wandered away from his camp on  
 the Colorado desert last month and  
 perished for want of water. The story  
 of his disappearance is graphically  
 told by Charley Fay, one of the party,  
 in the Yuma Sentinel.  
 "We were out on the desert prospect-  
 ing for gold," said Fay. "An Indian,  
 whom we had employed to show  
 us where to find water on the desert  
 caught his foot in the stirrup while  
 mounting his horse and fell on his  
 back. The horse started to run, drag-  
 ging the Indian by one foot. As the  
 ground was covered with jagged rocks  
 the Indian would have been killed had  
 not Adams run up and seized the horse  
 by the bit. The animal, wild with  
 fright, reared and plunged. Adams  
 was twice thrown upon the rocks and  
 his arm broken, and once the horse's  
 hoof struck him, but he still gripped  
 the bit until Mr. Lamere and I succeed-  
 ed in releasing the Indian.

"At dusk we camped for the night  
 and within an hour Adams was delir-  
 ious and raving like a maniac. Some  
 time during the night he left camp. As  
 soon as we discovered that he had  
 gone we made every effort to find him,  
 but could not do much until daylight,  
 when we found his tracks in the sand.  
 We followed his tracks all that day and  
 until about 9 o'clock the next day,  
 when we came to a hard rocky place  
 at the foot of some rock hills. Here  
 we lost the trail, and try as we might  
 we could not find it again.  
 "For three days we searched the  
 hills, but not a trace of the man could  
 we discover, though we all knew that  
 somewhere within a radius of twenty  
 or thirty miles lay the body of one of  
 the bravest men that ever lost his life  
 in that great death trap, the Colorado  
 desert."

## How to Avoid Trouble.

Now is the time to provide yourself  
 and family with a bottle of Cham-  
 berlain's Colic, Cholera and Diarrhoea  
 Remedy. It is almost certain to be  
 needed before the summer is over, and  
 if procured now may save you a trip  
 to town in the night or in your busiest  
 season. It is everywhere admitted to  
 be the most successful medicine in use  
 for bowel complaints, both for children  
 and adults. No family can afford to be  
 without it. For sale by all druggists.

## Rheumatism

Rheumatic pains are the cries of protest  
 and distress from tortured muscles, aching  
 joints and excited nerves. The blood has  
 been poisoned by the accumulation of  
 waste matter in the system, and can no  
 longer supply the pure and health sustain-  
 ing food they require. The whole system  
 feels the effect of this acid poison; and  
 not until the blood has been purified and  
 brought back to a healthy condition will  
 the aches and pains cease.

Mrs. James Bell, of 209 Ninth street, N. E.,  
 Washington, D. C., writes as follows: "A few  
 months ago I had an attack of Sciatic Rheuma-  
 tism in its worst form. The  
 pain was so intense that I  
 became completely pro-  
 strated. The attack was an  
 unusually severe one, and  
 my condition was regard-  
 ed as being very danger-  
 ous. I was attended by  
 one of the most able doc-  
 tors in Washington, who is  
 also a member of the fac-  
 ulty of a leading medical  
 college here. He told me  
 to continue his prescrip-  
 tions and I would get well.  
 After having it filled  
 twelve times without receiving the slightest  
 benefit, I declined to continue his treatment any  
 longer. Having heard of S. S. S.'s specific  
 recommended for Rheumatism, I decided, al-  
 though in despair, however, to give the medicine a trial  
 and after I had taken a few bottles I was able to  
 hobble around on crutches, and very soon there  
 after had no use for them at all. S. S. S. has  
 cured me sound and well. All the distressing  
 pains have left me, my appetite has returned  
 and I am happy to be again restored to perfect  
 health."

**SSS** the great vegetable  
 purifier and tonic, is  
 the ideal remedy in all  
 rheumatic troubles.  
 There are no opiates or  
 minerals in it to disturb the digestion and  
 lead to ruinous habits.  
 We have prepared a special book on  
 Rheumatism which every sufferer from  
 this painful disease should read. It is the  
 most complete and interesting book of  
 the kind in existence. It will be sent free

 cians fully and freely about your case. We  
 make no charge for medical advice.

## Whooping Cough.

My little son had an attack of whoop-  
 ing cough and was threatened with  
 pneumonia; but for Chamberlain's  
 Cough Remedy we would have had a  
 serious time of it. It also saved him  
 from several severe attacks of croup.

## WANTS A DEED.

Land South of Town Involved in the  
Suit.

The attention of the district court was  
this morning given to the trial  
the case of Joseph L. Johnson against  
the city of Albuquerque.

The case arose by reason of the re-  
fusal of the mayor to give applica-  
tion of Johnson a deed to the tract of  
land south of the city claimed by plain-  
tiff in this case. The plaintiff brought  
the action to require the mayor to ex-  
ecute a deed and to restrain the city  
and others from removing clay from the  
lands. The plaintiff attempts to  
show by his evidence that he has been  
in open, peaceable and exclusive pos-  
session of the tract for more than ten  
years prior to the passage of the act  
of congress and in support of his case  
introduced evidence tending to prove  
that in 1887 he and one Wesley Martin  
went into possession and that they  
built a house and fence, all the tract  
except that part touching the foothills,  
and that they attempted to make a  
filing in accordance with the tenement  
laws pay taxes and holds tax  
deeds to date. On cross ex-  
amination it appeared that the  
fence they had now erected was  
not maintained nor that the possession  
had by any means exclusive. Plain-  
tiff later admitted that divers  
persons had taken dirt, sand and  
ground away, that cattle ranged over  
the land and that the boundary of the  
land facing the foothills had never  
been fenced.

The case was not concluded at the  
time of adjournment at noon.

Three judgments were given against  
the Coca-Cola and Mining company.  
One was in favor of the Peabody Pro-  
duce company for \$166.70; one for the  
Simmons Hardware company for \$341.  
59; and one for the C. S. Morey Mer-  
cantile company for \$1,645.89.

Hurley of the Santa Fe conferred yes-

dians gave a lease on the depot  
grounds, but the company has sublet  
part of it to store keepers, to which  
the Indians object on the grounds that  
their own trading is injured.

### CARS PILED UP.

An Incoming Freight Wrecked at the Brewery Switch.

BRAN WELL SCATTERED.

At 3 o'clock this afternoon a freight train coming into the city from the north was wrecked at the brewery switch. The engine passed over the switch in safety, but the wheels of the tender struck the point of the switch, throwing the tender directly across the track. The next car was loaded with bran and it was thrown at right angles to the track, headed due east. Bran is scattered all over the ground. The second car was loaded with wool and was thrown in the same position on the other side of the track. The third car was pounded to pieces and several other cars are off the track. No one was injured. The crew in charge was composed of Engineer Langston, Fireman McCabe, and Conductor Hook.

### CONCERTED ACTION.

Governor Otero and President Luna

Discussed Sheep Matters. Governor M. A. Otero returned to Santa Fe this morning after having spent the night here. Nearly all of last evening he was in consultation with President Sol Luna of the Sheep Sanitary Board, regarding the prevention of further spread of sheep scab. Governor Otero has just returned from his sheep ranches in Judalupa county and the shepherds of northern and eastern New Mexico will combine with the board to enforce the regulation requiring dipping of all sheep moved out of the territory.

It is thought concerted action and the appointment of special inspectors will stamp out the trouble.

The governor went north on Mr. Hurley's special train.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Moundsville, W. Va. "They do me more good than anything I have ever tried." J. H. O'Reilly & Co., and B. H. Briggs & Co.

University Circular.

The neat circular of forty pages, printed by The Citizen, contains much information desired by those interested in our university, and it is now ready for distribution.

That there is an upward tendency in university affairs, seems evident on every side, and the outlook for good work and advantages next year is better than ever, and there are indications of a much larger attendance.

The circular mentions the arrangements for dormitory, the new members of the faculty, the changes in the course of study, the organization of the School of Music and other matters of interest.

Those who wish copies of this circular of information for themselves, or for others interested, should make the fact known by postal card addressed to W. G. Tight, president, or C. E. Hodgins, registrar, Albuquerque, N. M.

He knows that his paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by all druggists.

Mrs. Frank Dettelbach left for Lamy to join her husband and to make her future home at that place.

The exterior brick work on the hall being built by the Sisters of Loretto in the rear of Loretto academy is almost completed.

The closing exercises of the United States Indian school will take place on Friday evening in the chapel at the school. The public is invited to these exercises.

The roof of the new Catholic parochial school on Water street has been completed as has also the greater part of the other exterior work on the building.

Mrs. Mary E. Thompson, matron of the United States Indian school, fell off a step ladder and broke both of her ankles. She will be confined to her room for several weeks.

Gov. M. A. Otero and son, Miguel, returned from Governor Otero's sheep ranch in Guadalupe county. Mrs. Otero went to Las Vegas to meet them also to meet Miss Julia B. Freeman, of Washington, who will be a guest at the executive mansion.

The funeral of William Thayer, who was shot at San Pedro last Sunday, took place Tuesday afternoon from the cathedral and was attended by a large number of people. Vicar General Anthony Fourchere celebrated mass. Interment was made in Rosario cemetery. It was found that Thayer had been shot twice in the stomach, one of the bullets also piercing his hand.

Chancellor H. C. Buchtel, of the University of Denver, has canceled his engagement to lay the cornerstone of the new church of St. John's Methodist Episcopal congregation in this city. He does so regretfully, but is compelled to do so by the determination of Denver university to make a special effort this summer to liquidate its indebtedness, and this will require the work of twenty-five prominent men, including Chancellor Buchtel every day excepting Sundays this summer.

A blessing alike to young and old; Fowler's Extract of Wild Strawberry; nature's specific for dysentery, diarrhoea and summer complaint.

### TAOS.

From the Cresset.

The Fraser Mountain Copper company has commenced the making of 350,000 brick. Twenty men are employed on the job.

Many individual prospectors are now in the hills, all the way from Twining to La Bete. In addition to what the companies are doing much work is in progress.

The Fraser Mountain Copper company turned on the water for a test of its machinery on Monday. Everything so far completed runs nicely. A finer body of ore than has ever been struck before in the mine was encountered this week.

Judge N. B. Laughlin and his stenographer, Mrs. Leeson, left this morning for Santa Fe. They have been here this week on business in connection with the Juan Santistevan assignment case, he being the attorney for A. R. Manby, the assignee.

L. Rodgers, of Waco, Texas, and Luce, of Baldy, arrived in camp yesterday to look after their mining interest on Black Mountain. They are interested with G. B. Crow in the Homestead and other properties on that valuable mountain.

A party of nine young men from New York, Chicago and Detroit visited Taos a few days the past week and were very much interested in the Indians and other freaks and oddities, which belong exclusively to Taos. Some of them were also attracted by the subjects of historic interest and part of them have decided to take in the San Geronimo festival this fall.

### ROSWELL.

From the Register.

J. F. Hinkle and Robert Kellahin have formed a copartnership under the firm name of Hinkle, Kellahin & Co., for the purpose of conducting a live stock commission and real estate business. They will do a good business.

Miss Minnie Page went to Los Angeles, Cal., last week, via El Paso and Albuquerque. At the latter place she was agreeably surprised to encounter a school mate, a young lady who is a cousin of Mrs. C. E. Mason, on her way to California.

Clifton Chisholm, proprietor of the Oasis ranch, and H. P. Hobson are having a telephone line put up from South Spring to their ranches, making a line about seven miles long. They are having the wire stretched along J. J. Hagerman's wire fence most of the way. Sam Saunders is doing the work.

While Mrs. J. A. Graham and Mrs. Bess McDonald were out riding Wednesday morning, Mrs. Graham's horse, in a playful (?) mood, went to bucking and threw her, bruising her shoulder and chest badly. Her injuries were not serious, however, and she will soon be out again.

Rev. S. K. Hallam, formerly pastor of the Christian church at this place, now in charge of a church at Denton, Texas, came in last week accompanied by his wife to help take care of their son, J. H. Hallam, who is ill with typhoid fever. Mr. and Mrs. Hallam have many friends here, who are glad to see them.

J. H. Carper struck a flow of water at a depth of 260 feet on Wednesday in the well he is drilling for Williamson & Turner, close to town on the northeast. He thinks it is about 400 gallons a minute. The casing is 5 1/2 inches, and reaches down 165 feet. He has been at the work about four weeks but half of the time was taken up with the work of changing his machine so as to use gasoline instead of old horse power.

Mrs. Bartola Martinez, commonly known as Mrs. Love, filed complaint this week against a Mexican youth about 15 years old named Antonio, surname unknown, for stealing a pistol from her and selling it to a second hand store here in town for \$2. The lad was arrested taken before Justice Lea and fined, and being unable to pay his fine was committed to jail, where

he will have time to meditate over the wickedness of his ways and repent thereof.

Wednesday just after the noon hour a negro named Roy Davis entered the residence of Harry Jaffa and breaking into a trunk relieved it of some \$50 worth of ladies' wearing apparel. The room the trunk is in is back of the residence and used principally as a garret or store room. The doors were left unfastened, as was also the trunk. After stealing the clothes the negro started to run with his booty, when he was first discovered by Mrs. Jaffa, who at once turned in an alarm. The town marshal was notified and soon located his man, arrested him and turned him over to Sheriff Higgins and the county officials.

### A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant, of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. J. H. O'Reilly & Co., and B. H. Briggs & Co.

### SANTA FE COURT.

Judge McFie Grants a Temporary Injunction Upon Petition of the Dawson Railway.

In the district court, in the case of David Martinez et al. vs. David Rodriguez et al., for the partition of the Las Trampas grant in Taos county, Judge McFie today granted the petition of the First National Bank of Santa Fe for an intervenor to set up a claim against David Martinez, Jr., one of the claimants of the grant.

In the case of Felipe Ortiz de Valdez vs. Luciano Valdez, for divorce, in the district court for Santa Fe county, Judge McFie today granted a divorce.

Upon the motion of Solicitor General E. L. Bartlett, the two cases of Edmund Thurland vs. W. J. Hand et al. and John W. Coolidge vs. Edmund Thurland, have been consolidated and A. C. Gromet, of Aztec, San Juan county, has been appointed referee to take testimony. The case involves the ownership of lands and crops thereon in San Juan county.

Upon the petition of the Dawson Railway company, building a branch line of the Rock Island & El Paso railway from Tucuman in Guadalupe county to Dawson, in Colfax county, Judge McFie has granted an injunction restraining the Red River Valley company, owner of the Pablo Montoya grant on which the Bell ranch in San Miguel county is situated, from interfering with the construction of the railroad across the grant. A contract had been entered into some time ago between the litigants by which the defendant company permitted the railway company to enter upon the grant to construct their road, but now on account of a dispute between the two litigants, the manager of the defendant company has ordered the railway company to cease to construct its road across the grant and to remove the construction camps therefrom. He threatens to prevent further construction of the road. The hearing was set for July 19. Chief Justice W. J. Mills is disqualified from acting in the case and therefore it came up before Judge McFie.

### SECRETLY AND QUIETLY.

Coffee Slowly and Steadily Poisons Some Persons.

There is no doubt that coffee secretly and quietly causes an immense amount of misery to the human race, but in the majority of cases the person does not suspect the cause of the trouble.

A Virginia lady had an interesting experiment with coffee poison. She says: "For about five years I was troubled with indigestion, weak stomach and palpitation of the heart so bad that at times I would fall and have to be carried into the house. Finally I began to have spasms and suffered untold misery. I tried all kinds of patent medicines and different doctors, only to get temporary relief."

"I finally gave up all hope of getting well. My stomach was in such condition that everything but stale bread would throw me into spasms. I nearly starved myself but never suspected that coffee was the cause of all the trouble, nor did I have any idea what the cause was."

"One day father told me he had been reading how Postum Food Coffee helped so many people who were sick from coffee drinking and he urged me to leave off coffee and try Postum. I said, 'Oh father, I cannot try it and do not believe it would do me any good,' but he persuaded me to try a package."

"The first making tasted so flat that it made me half sick, but I determined to give it a fair trial so I read the directions carefully and found that it must be boiled at least fifteen minutes. Well I boiled it 25 minutes then added some good cream and I tell you it was delicious. I like it better than the ordinary coffee and, of course, stick to it."

"Well I have been using it since the 15th of July now, quite two months. I have gained about 25 pounds. I gained six pounds in 13 weeks, and can eat anything I want and all that I want. My stomach never hurts me. I have gained strength until now I can do my own work and go to church every Sunday."

"People say, 'You are looking so well, what kind of medicine are you taking?' I tell them I have quit all kinds of medicine and also coffee and am only using Postum Coffee."

"You may be sure I will recommend it and will guarantee a cure where the person will boil it long enough and drink enough of it. I would do without a meal for the sake of one cup of Postum."

"I could tell a lot more but space will not permit. You are at liberty to print this letter and my name also for the benefit of others." Mrs. A. T. Brown, Central Station, W. Va.

### LAVISH DECORATIONS.

London Has Outdone Herself for the Coronation.

### NO EXPENSE SPARED.

London, June 18.—Although it is a week before the coronation, London is already being crowded, and the prices of everything have been advanced. The 7,000,000 people in the metropolis expect to make a great deal of money out of their 1,500,000 guests, and from present prospects they are likely to succeed. The Americans especially are expected to furnish wealth for the Londoners, for while the bulk of the visitors will be from the English provinces, by far the greatest number of foreigners will be from America. Every Atlantic liner that has arrived during the past three or four weeks has brought its full quota of visitors from the United States. At all times Americans are regarded as rich pluckers by the British shopkeepers and hotelkeepers, but this is supposed to be an unusually favorable opportunity for the craft. Interesting accounts are heard at various hotels of the arrangements made for the coronation season. At Claridge's rooms to the value of \$40,000 are now occupied by Americans, and at the Hotel Cecil the Yankee visitors have put up \$25,000 for rooms for the coronation procession.

The decorations of the city have advanced so far as to enable one to form a good idea of the scope and beauty of the general plan. Artists and others capable of judging of such matters unanimously agree that this feature of the celebration will eclipse anything of the kind heretofore seen. A striking feature of the street decorations in Westminster are the triumphal arches at one end of Parliament street. There is a large central arch and two smaller ones in the Gothic style, supported by slender red and white columns, the whole covered with cloth of gold and decorated with the shields and arms of the counties of the United Kingdom and Ireland. On the summit there is an open balustrade of pinnacles on which St. George, St. Patrick, St. Andrew and St. David are grouped around the lion. The balustrade is decorated with flowers.

The arch at Hyde Park corner has two sets of six columns decorated with the royal arms and those of India and the chief colonies. The columns are linked with wreaths of roses surmounted with winged allegorical figures in gold playing musical instruments. A similar arch in Whitehall street is lined with Venetian masts and decorated shields displaying the rose, and has a portcullis of long streamers showing the king's badges with wreaths, roses and the imperial crown with long tassels. Near Abney row all the white columns bearing the royal arms and surrounded by the garter rise out of a forest of greenery. The columns are surmounted by winged figures standing on blue spheres linked with festoons of roses and bound with white ribbons.

The decorations at Marlborough House are so arranged that after dark it will be possible to use them for illuminations. A beautiful arch of cut crystal, in the form of a branch of laurel leaves, has been erected over the gates. The crystal is of various natural tints, and is, so to speak, jeweled with ruby berries. Rising from the center of the arch is a crystal medallion, beside the garter and the motto of that ancient order. The king's cypher appears in the center of the medallion and is surmounted by the royal crown and lion.

Over the entrance to York House, in Ambassadors' Court, there has been arranged a huge Prince of Wales' badge of cut crystal. Running out from it on either side are scrolls of amber illuminations. An oval cut crystal medallion surmounts the badge and shows the king's cypher and crown in the center. On the western frontage of that part of St. James' palace which is York House, a large crystal shield and crown is displayed. The shield has a border of rich amber color, surrounding the rose, thistle and shamrock as picked out by colored crystals.

Gorgeous as are the decorations and illuminations of public edifices, they are rivaled by the embellishments of business houses and private residences. The decorations of Lady Burdett-Coutts' house are on a grand scale, and scarcely less imposing are the decorations of Lord Rothschild's residence. Other elaborate decorative schemes have been carried out with pleasing effect by H. J. King, in Piccadilly, and M. von Andre, brother-in-law of Mrs. Chauncey Depew. It is conceded that M. von Andre has gone one better than he did at the time of the queen's jubilee, when his green and white decorations were voted the finest in all London. Carlton House Terrace, from one end to the other, presents a very fine appearance. All the big houses have been decorated both in front and back and during the nights of next week they are to be magnificently illuminated. The finest private display of all, however, has been made by Lord Glenesk, at 19 Piccadilly, but it is hardly a cause for surprise, as few have ever surpassed him in festive decorations. In the matter of decorations the question of expense seems next to have been taken into consideration, but what has contributed still more to the success is the fact that a uniform and harmonious plan has been followed out with the result that there are no such eyesores as spoiled the effect of the decorations at the time of the queen's jubilee.

### TO HELP CHILDREN.

Twenty States are Represented at the Annual Convention.

Sioux Falls, S. D., June 18.—Twenty states are represented at the annual convention of the National Children's Home society, which opened here this afternoon with devotional services led by Rev. B. H. Brasted, of North Dakota. Following interesting reports presented by state superintendents the convention listened to addresses by Mrs. P. Quiver, of Nebraska, and O. A. Wright, inspector of Indian schools. The former discussed the question, "How can we manage our older girls?" and Inspector Wright told of ways and means of enlarging the influence and scope of the society. At the open meeting tonight, following an address of welcome by Bishop Hare, Rev. H. H.

### CRASH!!

Goes the crockery and the waitress will probably be called clumsy and careless. Her plea of sudden dizziness is not allowed. "What right has she to be dizzy?" they ask.

Women who are suffering from diseases peculiarly feminine are liable to sudden dizziness and faintness, and it is only by curing the womanly diseases to which they are subject that dizziness and other ills can be entirely relieved.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It cures irregularity, dries disagreeable, weakening discharges, heals inflammation and ulceration, and cures female weakness. When these conditions are cured, backache, headache, dizziness, etc., are also cured.

"I suffered for twelve years with female trouble," writes Mrs. Milton Grimes of Adair, Adair Co., Iowa, "which brought on other diseases—heart trouble, Bright's disease, and at times would be nearly paralyzed. Had neuralgia of stomach. I can freely say your medicines (nine bottles in all, five of 'Favorite Prescription,' four of 'Golden Medical Discovery,' and two vials of Dr. Pierce's Pellets) have cured me. I can work with comfort now, but before I would be tired all the time and have a dizzy headache, and my nerves would be all unstrung so I could not sleep. Now I can sleep and do a big day's work, something I had not done for over eleven years before."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Doctor Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

Hart, L. L. D., of Illinois, delivers an address on "The New Philanthropy." The sessions are to be continued and concluded tomorrow.

### A Splendid Remedy.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, agent Illinois Central railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

### Commencement at Indiana.

Cholera Morbus a Dangerous Disease. In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of Lafayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." ## REIGN OF TERROR.

Nine Men Slaughtered Near the Howry Ranch.

A PAT GARRETT STORY.

John H. Howry, manager of the H. G. W. Cattle company, with his Denver office at 635 Seventeenth street, returned yesterday from the funeral of his father at Kansas City, says the Denver News. Mr. Howry is greatly shocked at the stories telegraphed from Kansas City, claiming that the elder Howry's death was caused by troubles with his son. As father and son were said to have lived in the utmost harmony and the family relations throughout were perfectly amicable. Mr. Howry cannot imagine why the misrepresentations were made.

Mr. Howry is manager of one of the best known cattle ranches of New Mexico, and is widely known throughout the west as a successful manager. The H. O. W. ranch, 150 miles east of Las Vegas, N. M., has recently been the center of numerous shooting frays, and has attracted a great deal of attention since the first of January on account of the murderous gangs infesting the vicinity.

"Since the opening of the year," said Mr. Howry, "nine men have been killed or shot almost to pieces in the region where our ranch is located. When the new Rock Island railroad made its advent in the country it was preceded by some of the most desperate criminals of the west. These men stole cattle and horses, looted stores, shot unfriendly citizens and terrorized the entire community, until the law abiding element could stand it no longer. The governor of the territory gave his assistance to the extermination of the gang, and the United States government sent its deputies to carry on the good work. All the men on our ranch were enrolled as deputy sheriffs, and every man carried a rifle and was obliged to be on the lookout when abroad. Two of the freebooters came to the ranch with the avowed intention of killing myself, Johnson, the local manager of the ranch, and one of our men named Logan. Today all the members of the gang have been killed or imprisoned except one, and he was the leader. Where he is nobody can tell, but it is reported that he is lurking around in the region of his former stamping ground. Until that man is found and placed where he will do no further harm, there will be uneasiness throughout the district."

Mr. Howry says the outlaw's name is Henry Hawkins. He is acknowledged to be one of the bad citizens of New Mexico, and cattlemen will never rest until his retreat is ferreted out, as Hawkins is a fine shot and is fully able to take care of himself under any ordinary circumstances.

Mr. Howry tells a story about the noted New Mexico sheriff, Pat Garrett, which has not been printed. Garrett, according to common interpretation, as never bowed his head to a cattle rustler or asked any favor of an adversary. On one of his expeditions in quest of cattle rustlers, he found himself in close range with a leader, who was known to be a good shot and a man of nerve. The battle commenced, and Garrett soon was seeking cover. He reached a water tank, and then the outlaw changed his tactics. He began oading with steel bullets, and the bullets went straight through the tank. Garrett saw that his end was near unless prompt measures were taken.

"Hello, there!" cried he, without daring to put his head out from behind the tank. "Let's call it a draw."

A bullet flew in close proximity to the head of Garrett, and he raised his voice still higher. The cattle rustler replied that as Garrett had made the proposition he accepted it.

"Will you promise not to shoot me in the back as I am walking away?" inquired Garrett.

The rustler promised, and the next moment the doughty sheriff started and disappeared over a knoll without turning his head. The act required all the self-possession Garrett could summon, but it saved his life. Garrett is now a government officer on the line between New Mexico and Old Mexico.

## MRS. MARY GREGOVICH

Of Phillipsburg, Mont., Tells How She Was Cured of Dandruff.

Mrs. Mary Gregovich of Phillipsburg, Mont., under date of November 26, 1899, writes: "I had typhoid fever this summer, consequently was losing my hair terribly and my head in places was perfectly bald. Newbro's Herpicide had just come into use in Phillipsburg and the doctor strongly recommended it to me. After three or four applications my hair stopped falling out and is coming in again quite thick. I used to be troubled greatly with dandruff, of which I am now quite cured." Kill the dandruff germ with Herpicide.

## John Marshall Memorial.

Charlottesville, Va., June 18.—Commencement day at the University of Virginia was made noteworthy today by the unveiling of a portrait of Chief Justice John Marshall, a gift to the university from John L. Williams of Richmond. Judge L. L. Lewis of Richmond made the presentation address and Prof. W. M. Lile responded on behalf of the university. Another

## Hairlessness

Hairlessness is born of carelessness. Don't be careless with your hair. Use it well, or it will leave you. Ayer's Hair Vigor cares for the hair, makes it stay with you. It always restores color to gray hair, and keeps it soft and smooth.

"I was bothered greatly with dandruff and falling of the hair, but after using only one bottle of Ayer's Hair Vigor my hair stopped falling and the dandruff disappeared."—Miss Lucile Hardy, El Dorado Springs, Mo. \$1.00. All druggists. J. C. AYER CO., Lowell, Mass.

feature of the exercises was the presentation of a loving cup to Col. William E. Peters, who is about to retire from the faculty of the university after over thirty years of service.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

## ELOPING PAIR ARRESTED.

The "Hired Man" and the Heiress Found at Folsom.

Yesterday The Citizen gave an account of A. L. Kirby, a hired man of the Russell family, eloping from La Junta with Miss Amy Russell.

The following dispatch to the Denver News, from Folsom, N. M., under date of June 16, tells of the couple being arrested:

Yesterday evening Deputy Sheriff Joe Napier, of this place, received a telegram from the sheriff of Otero county to arrest A. L. Kirby and Amy Russell, an eloping couple from La Junta. Today the couple drove into Folsom and were immediately arrested and will be detained until the sheriff of Otero county arrives to take them into custody.

Kirby is about 31 years of age and Miss Russell is 15. As the couple had not succeeded in getting married permission was asked over the wire for the performance of the matrimonial ceremony here but was refused, and they are not married yet.

The Colorado sheriff is expected tonight.

## CHARLEY BAIRD MARRIED.

Pretty College Romance was Terminated in Kansas City.

Kansas City, Mo., June 18.—A pretty college romance culminated today in a fashionable wedding in the parlors of the Washington hotel. The contracting parties were Graduate Manager Charles Baird, of the University of Michigan, and Miss Georgia O. Robertson, of this city. The bride is the daughter of J. D. Robertson, a leading business man and capitalist of Kansas City. Mr. Baird has attained fame as graduate manager of the athletic association of the University of Michigan, from which institute he received his degree in 1895. While in college he managed the famous foot ball teams of '93, '94, and '95. Mr. Baird and Miss Robertson first became acquainted while both were students at the university.

## Happy Time in Old Town.

"We felt very nappy," writes R. N. Beville, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head. It delights all who use it for cuts, corns, burns, bruises, boils, ulcers, eruptions, infallible for piles. Only 25c at all druggists."

## POLAR SANITARIUM.

Eminent Russian Physician Will Establish One for Consumptives.

St. Petersburg, June 18.—Dr. Bunge, one of the foremost medical men of Russia, is arranging to establish a sanitarium for consumptives in the Polar regions. The project is based on his personal observations that the members of exploration parties returning from the far north are always in perfect health, owing to the purity of the air and the complete absence of all harmful microbes. In the polar regions bronchitis, laryngitis, influenza and other contagious diseases are unknown.

## Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c at all druggists.

J. T. McLaughlin, of this city, treasurer of the Santa Fe Central Railway company, arrived in the territorial capital Monday evening.

## STRIKE IS BROKEN.

Santa Fe Official Says the Road Has Won Its Fight.

A prominent Topeka official of the Santa Fe road says: "The strike out west is over. That is the information which we receive. Of course the strikers do not admit it, but the fact is that we are operating our shops almost as usual. We have quit sending out men. You will remember that the telegraphers' strike nominally lasted for three weeks, but we had our wires nearly all in operation inside of four days. That is the way it is on the coast lines. I do not think there is any likelihood that the strike will extend to the eastern part of the line."

The San Bernardino Transcript says: There has been no change in the strike situation in San Bernardino. The strikers have passed up the question to the grand officers. Saturday a full history of the trouble was sent by mail to President McNeil. No answer is expected for several days. When the grand council has decided what shall be done the local boilermakers expect a telegram from the east. They are confident that the grand officers will sustain the position which the strikers have taken.

In the local shops the full force of machinists are at work and also the men whom the officials claim are boilermakers. As near as the strikers can ascertain, of the thirteen men two are boilermakers, at least they know how to use a hammer, but helpers can do that. The others are not boilermakers who have served their apprenticeship. Of this the strikers are confident.

The strikers have been advised by the strikers of Needles that six men were imported at that point. Three of the men went to work, but as soon as they learned the situation they refused to work and walked out.

## Impure Drinking Water

Is always a source of danger: dysentery and bowel troubles follow its use, every person should have handy a bottle of Painkiller (Perry Davis'), which will quickly cure these distressing ailments. Be careful and see that the storekeeper does not pawn off some worthless substitute upon you as is sometimes done for the sake of a few cents extra profit. Large bottles 25 and 50 cents.

## Territorial Elks.

The Elks of the territory are making big preparations to go to Salt Lake City. The big powwow takes place there the middle of August, and the city of the saints will be turned inside out. The lodges of New Mexico will have special uniforms and try and carry off the prize drill. El Paso will have a uniformed delegation of about forty, Albuquerque about twenty-five, Silver City about ten and Las Vegas will try and head the list with forty-five. The boys are planning for a big time among the Mormons.—Record.

## Hot Weather Weakness.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Fregard, proprietor Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at Cosmopolitan Pharmacy, B. Ruppe.

Concerning Trade Tricks. The old saying that there are "tricks in all trades" has outlived its truthfulness, if there ever was any truth in it. This story does not countenance tricks of any sort to catch the unwary. The plain, simple policy of buying good merchandise and selling it at a just profit is what has gained for us the public confidence. What you read in our "ads" you can tie to. People with money to spend naturally go to the safe trading place.—Golden Rule Dry Goods Co.

four months, when my husband became impatient because I grew worse instead of better, and in speaking to the druggist he advised him to get Lydia E. Pinkham's Vegetable Compound and Sanative Wash. How I wish I had taken that at first; it would have saved me weeks of suffering. It took three long months to restore me, but it is a happy relief, and we are both most grateful to you. Your Compound has brought joy to our home and health to me."—MRS. PAULINE JUDSON, 47 Hoyt Street, Brooklyn, N. Y. —\$5000 forfeit if above testimonial is not genuine.

It would seem by this statement that women would save time and much sickness if they would get Lydia E. Pinkham's Vegetable Compound at once, and also write to Mrs. Pinkham at Lynn, Mass., for special advice. It is free and always helps.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 50 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

# Kodol

Digests what you Eat

## Dyspepsia Cure

Indigestion affects so many organs besides the stomach, that the nature of the disease is sometimes mistaken. Headaches, giddiness, and so-called heart trouble are usually caused by indigestion alone. In such cases it is the stomach trouble which must be cured. Kodol Dyspepsia Cure restores health by digesting your food while the stomach rests. Dieting doesn't mean rest but starvation. You should relieve the stomach without weakening the system by denying yourself proper food. With a sound stomach your other complaints will soon disappear. "After seven years' suffering from indigestion" writes Mrs. Annie Alcorn of Merleth, Pa. "I was cured by three bottles of Kodol Dyspepsia Cure."

## Cures All Stomach Troubles.
