SAN PEDRO MURDER

Two Men Were Killed Yesterday.

W. W. Atchison Fired the Shots.

James O'Meara and Will Thayer Were Both Killed.

ATCHISON ESCAPED.

Special to The Citizen.

Cerrillos, N. M., June 16.—A shooting occurred yesterday morning at San Pedro, in which Pedro O'Meara, the bookkeeper for the Santa Fe Gold and Copper Mining company, was killed and Will Thayer fatally wounded by W. W. Atchison.

There was a dance Saturday night and several people were in the saloon belonging to Atchison. He had been drinking and flourished a revolver which O'Meara took away from him. There had been slight difficulty between them before and now they had words.

Atchison went home for his rifle and waited for O'Meara.

Will Thayer and several others were going home with him about daylight when they were fired upon several times.

O'Meara was killed instantly and Thayer was dangerously wounded and died last night.

Thayer's parents reside in Santa Fe and the body of O'Meara, whose home was in New York, will be sent east.

Well Known Here.

Atchison, who did the shooting was well known here, as he has been here frequently. He was a saloon man and had been drinking heavily all of Saturday night.

He was flourishing a revolver around and O'Meara took the gun away from him. Atchison began to upbraid O'Meara for having accepted an invitation to a dance that evening when he had declined to attend one he had given before. Words followed and O'Meara went to the dance.

Atchison went home, secured a loaded rifle, and lay in wait for O'Meara as he came from the dance. He fired several shots and O'Meara was instantly killed.

Thayer was shot in the arm and it was not thought at first that his wound was serious, but his condition grew rapidly worse.

So far as known Thayer never had any trouble with Atchison, and it is supposed the bullet which struck him was intended for O'Meara.

Atchison disappeared at once and the officers of adjoining counties have been notified to be on the lookout for him.

The blood hounds from the penitentiary were sent down last night. O'Meara was from New York and his body will be sent back there for burial. He was very popular in the camp, while Atchison was quarrelsome when drinking.

Will Thayer was well known in this city, having played ball here with the Santa Fe team. He was a son of Charles Thayer, Sr., of Santa Fe, who is an old time gambler, and a brother of Charles Thayer, Jr., who was an employee at the White Elephant and who is now in Mexico. He was a quiet boy and was only about 19 years of age. A great deal of trouble has befallen the Thayer family the past two years.

Sheriff Hubbell was advised of the murder by telegram.

KILLED SOME WOMEN.

An Exchange of Shots in the Venezuelan Trouble.

Willemstad, Isle of Curacao, Monday, June 9.—Advices received here today announce the Venezuelan revolutionists attacked LaGuaira, Port of Caracas, on Saturday, June 7. The government forces answered by shelling Malmiquella, a suburb of LaGuaira, from the forts ashore, and from the Venezuelan warship Miranda. Only peaceful women were killed.

The situation on the Venezuelan question is an indication a crisis is at hand.

ROOT RESPONSIBLE.

Payment of Money to General Gomez Was Necessary.

Washington, June 16.—Secretary Root has assumed full responsibility for the payment of money to General Gomez by General Wood during the American occupation of Cuba and if congress asks for an explanation of the matter, he stands prepared to furnish what he regards most convincing proofs the payments were dictated by the wisest statesmanship.

ITEMIZED STATEMENT.

Want to Know What Was Paid for Reciprocity.

Washington, June 16.—To furnish more time for the consideration of the Istman canal project the senate session today began at 11 o'clock. On the conclusion of routine business, Mr. Teller, of Colorado, offered a resolution directing the secretary to send to the

senate full itemized statements of all payments made out of Cuban funds to any person or corporations, if any, for the purpose of promoting "reciprocity" between the United States and Cuba at any time during the military occupation of Cuba by the United States; and whether such payments were authorized or approved by the secretary of war. Mr. Keam, of New Jersey, objected to immediate consideration and the resolution went over. Consideration was then resumed of the London dock charges bill. Pending the disposition of the bill, the senate agreed to the conference report on the bill for the protection of the president.

TIED THE FARMER.

The Two Escaped Convicts Helped Themselves to Food.

Portland, Ore., June 16.—Tracy and Merrill, the escaped convicts, took breakfast this morning about five miles from Vancouver at the house of a farmer named Peedy. The farmer refused to feed them, and they tied and gagged him and took what food they wanted and started out again.

Enjoined the Trust.

Newark, N. J., June 16.—Vice Chancellor Emery today gave an oral opinion making the temporary injunction secured a week ago by William Berger, permanent. The injunction restrains the United States Steel corporation from retiring \$200,000,000 preferred stock and issuing \$250,000,000 bonds instead.

PUBLIC BUILDINGS.

Circular as to the Method of Securing Sites for Federal Buildings.

A FEW FACTS.

Postmaster R. W. Hopkins, when seen this morning, stated that he knew nothing of the published item to the effect that bids for the proposed public building in Albuquerque would be opened on July 15. The postmaster then handed in for publication the following statement of the method of securing sites for federal buildings:

Treasury Department, Office of the Secretary, Washington, June 10.—In some cases where a public building has been authorized by law a site is donated, but before such donation can be accepted the government ascertains whether the lot is suitable in all respects for the purpose intended, with clear title, etc.

When a site must be purchased, however, proposals to sell the necessary land are invited by the publication in the local paper of an advertisement which gives the approximate size of the lot required (being a corner lot—feet in the case of the building in your city); states that the site must be on a corner centrally and conveniently located; that the vendors of the site chosen must furnish at their own expense all abstracts, official certifications, evidences of title, etc., deemed necessary by the attorney general, and must remove any improvements that may be on the land whenever required to do so; and gives such other points as it may be considered necessary to have covered in the bids. The proposals are opened on the day set in the advertisement, and as soon as possible an agent of the department is sent to make a personal examination of the properties offered. When his report has been submitted the department makes the selection, and the proposal of the owner of the land selected is formally accepted, upon the conditions named in the advertisement and, further, that the attorney general shall give a favorable opinion as to the validity of the title to the property. Generally, the notice to remove improvements is not given until some time after the purchase has been consummated. When the owners of the land chosen are unable to make good voluntary conveyance, or if it is not possible to agree upon a reasonable price for the site selected, the land may be condemned. After the state shall have acquired the United States exclusive jurisdiction over the land (if such cession has not already been made), and the title to the site has become vested in the United States, the plans for the building—based upon reports from local and Washington officials as to the accommodations necessary to be provided—are taken up in due course, the work placed under contract and the building erected as speedily as the circumstances of the case permit.

Class Day Exercises.

Chicago, Ill., June 16.—Class day exercises were held today at Northwestern university and an interesting program carried out. The class poem was read by G. C. Stewart, the prophecy given by Grace E. Shuman, and the class history by Harriett D. Ely. Mary Wadden was the ivy orator and Louis Clements presented the class gifts. Frank H. West delivered the class oration, and George H. Parkinson presented the memorial to the university, a large stone drinking fountain.

A Tidal Wave.

Bombay, June 16.—A bad cyclone accompanied by a tidal wave swept over Kurrachee, the principal seaport town in the province of Sind.

Major W. H. H. Llewellyn, the popular district attorney of southern New Mexico, passed up the road for the northern towns this morning. He will extend his trip to Washington and while there will ask the president to visit the southwest, taking in the territorial fair here in October.

STRIKE SITUATION

Trouble Predicted in West Virginia.

A White Woman Killed Five Children.

King Edward Much Better and Went to Windsor.

FAST TRAIN SERVICE.

Scranton, Pa., June 16.—Nearly 100 fire bosses in mines in Lackawanna region refused to make the usual inspections today in compliance with the order from strikers' headquarters asking them to quit and thus assist the strikers in winning their fight. This is claimed to be more than half the force of these workmen in this region and the result cannot be otherwise than disastrous to mining property, for with the accumulation of gas, pump runners cannot keep at work. There is also danger of explosions which only the greatest precautions can prevent. Those fire bosses who did not quit today are confidently expected to do so tomorrow. The companies will find it impossible to fill the places of these men, as it requires much experience to become expert in this work. Robinson, a Delaware & Hudson deputy, who was shot through the right lung at Oilphant late Saturday night by some unknown person alleged to be a striker, is still alive with the chances against him.

The company offered \$1,000 reward for the arrest and conviction of the assassin.

Trouble is Predicted.

Bramwell, W. Va., June 16.—Several hundred more strikers returned to work today in the Flat Top and Tug River coal fields, and probably a half of the number who struck a week ago have now returned to work. The remainder now out are becoming desperate. This morning, probably 100 of the strikers, heavily armed, left Simmons, where there are three collieries, and started on a march to Pocahontas, they allege they will stop all work there. Many believe troops will soon be necessary in this field as serious trouble is predicted.

KILLED HER CHILDREN.

A White Woman Shot Five to Death in Mississippi.

Jackson, Miss., June 16.—Mrs. L. Westport, a white woman, living near Martin, last evening killed five of her children by shooting them to death in an outhouse and afterward burning the structure over their bodies. The woman escaped.

KING IS BETTER.

He Went From Aldershot to Windsor This Afternoon.

London, June 16.—Lord Farquhar, master of the household, who is at Windsor Castle, said this afternoon that King Edward, who has been suffering from lumbago, is much better and would arrive at the castle this evening from Aldershot, in accordance with his previous arrangements.

When questioned regarding the alarmist reports circulated about the health of King Edward, his majesty's private secretary, Sir Francis Knollys said: "The best answer I can give is the king is going to Windsor this afternoon."

Started to Windsor.

Aldershot, Eng., June 16.—King Edward and Queen Alexandra started for Windsor at 4:15 o'clock this afternoon in a motor car. The king showed little trace of his recent illness.

Arrived Safely.

Windsor, Eng., June 16.—King Edward arrived here at 6 p. m. from Aldershot.

Fast Trains.

Chicago, June 16.—New York to Chicago in nineteen hours and fifty-seven minutes—that is the record time made by the new fast trains put into service by the Pennsylvania and Lake Shore railroads yesterday. The twenty-four hour schedules over both were more than equalled.

A LAND RACE.

Large Tract Will Be Thrown Open for Settlement.

Pocatello, Idaho, June 16.—Tomorrow the rush for lands on the Fort Hall Indian reservation will be made. The boundaries of the reserve are lined with people ready to make a dash for the land, while some have gone so far as to squat right on the reservation, determined to hold the ground at all hazards. This is the result of the decision of the general land office to open the lands under the old rush system, instead of under the lottery plan as was adopted at the last land opening in the Indian Territory. The entries have all been made at the Blackfoot land office and the start will be made at noon tomorrow.

The opening involves nearly 400,000 acres ceded to the government by the Shoshone and Bannock Indians. It is estimated that about 300,000 acres are

agricultural or grazing lands, which will be entered under homestead, lumber, stone and mineral laws, and all of these lands will be for persons who are first in the rush. That part of the reservation lying within five miles of this place is exempted from the general opening tomorrow, and will be sold at public auction at noon July 17.

THE PRESSMEN.

Several Important Questions Will Be Acted Upon.

Baltimore, Md., June 16.—Several important questions are to be considered and acted upon by the convention of the International Pressmen's union, which began in this city today, and will continue in session through the week. The most important relates to press feeders and assistants, who are now affiliated with the union, and the formation by them of a distinct press feeders and assistants' union. The question of the Allied Printing Trades label will also receive attention. There is some friction at present between the pressmen and the International Typographical union, and the position of the pressmen will be defined at the convention.

Over 500 delegates from all parts of the United States and Canada responded to the roll call when the convention was formally opened today. The officers in charge are: President, Martin P. Higgins, Boston; vice president, Edward Baudeker, Washington; secretary, treasurer, William J. Webb, New York.

FOURTH OF JULY.

The Old Town of Albuquerque Will Celebrate in Royal Manner.

THE PROGRAM.

The old town of Albuquerque will celebrate the great holiday in a royal manner. The following invitations have been sent out by the committee in charge:

To Hon. Frank A. Hubbell and E. A. Miera:

The undersigned committee for the celebration of the Fourth of July in the old town of Albuquerque, N. M., beg leave, in the name of the people of said town, to request your presence on said occasion for the purpose of delivering a speech based upon the eternal principles of the great republic as founded by our forefathers, or upon any other theme appropriate to the national occasion. The people of the old town of Albuquerque will feel greatly honored by your acceptance of this invitation. We remain very truly yours,

JESUS ROMERO,
HERMANN BLUEHER,
NESTOR MONTOYA,
CHARLES HEISCH,
TOMAS WERNER,
Committee on Celebration.

Hon. Frank A. Hubbell will deliver the address in English, and Hon. Epimeno A. Miera, of Cuba, N. M., in Spanish.

5 a. m.—Salute of 21 guns by Colonel Ruiz's old battery. Raising of flag by life and drum corps.

9 to 10 a. m.—Concert by First Regiment band, plaza square.

2 p. m.—Sack races, wheelbarrow races, foot races, pulling the rooster, etc.

7 p. m.—Band concert, plaza square. Singing of "Columbia" and "Stars and Stripes." Reading Declaration of Independence by Major H. R. Whiting.

7:30 p. m.—Address, English, Hon. Frank A. Hubbell. Address, Spanish, Hon. Epimeno A. Miera.

Display of fireworks and salvoes of artillery.

Immediately after closing of ceremonies all are invited to the grand Fourth of July ball at the Society hall.

NESTOR MONTOYA,
Master of Ceremonies.

ILLINOIS DEMOCRATS.

Are Gathering at Springfield for the Convention Tomorrow.

Springfield, Ill., June 16.—A majority of the 1,259 delegates, together with a large number of other visitors, have arrived for the democratic state convention, which will be called to order at 10 o'clock tomorrow morning in Machinery hall at the state fair grounds. The election this year is for minor state officials only, and interest in the convention centers not so much in the nominations as in the attitude to be taken regarding state and national campaign issues. Unless the expressed opinions of prominent party leaders count for naught the resolutions will be confined to a denunciation of the Philippine policy of the present administration and other questions which have come to the front since the Chicago convention.

School in Philanthropy.

New York, June 16.—The summer school in philanthropic work conducted by the Charity Organization society began its fifth annual session today. The object of the school which is the pioneer of its kind in the United States is to give an introduction to actual conditions as met by philanthropic workers and also in introducing to the organization any technical knowledge which are brought to bear upon such conditions.

Ben Hellwegg, after a sojourn of about four months in El Paso, has returned to Albuquerque and accepted a position with the McSpadden Transfer company.

AGAINST REBATE

President Palma Opposed to it.

Five Persons Killed in a Railroad Wreck.

Philippine Government Bill Was Made a Special Order.

PRESIDENTIAL APPOINTMENTS.

Washington, June 16.—President Palma of Cuba has indicated to President Roosevelt his conviction the rebate proposition relative to Cuban sugar will be not only very objectionable in itself, but will be expensive and almost impossible to carry out in distribution.

Should it become apparent there is no possibility of an agreement between the senate and house upon the pending reciprocity proposition, then the president probably will endeavor to simplify the problem by dropping the house out of all calculations and negotiating directly with President Palma. It is true such a treaty would require the approval of two thirds of the senate, but it is believed under the changed conditions this will not be impossible of attainment.

FIVE MEN KILLED.

Freight Train Ran Into a Washout in Vermont.

Barre, Vt., June 16.—In addition to property damage caused by a cloudburst over this section late last night, five railroad men lost their lives by a freight train on the Central Vermont railroad running into a washout at Middlesex. The Winoski river rose to spring freshet heights and several bridges were washed away.

A SPECIAL ORDER.

The House Will Consider the Philippine Government Bill.

Washington, June 16.—The house today adopted a resolution to make the Philippine government bill a special order from June 19 to June 26 inclusive. The resolution provided for five days' general debate beginning at 11 o'clock each day and night sessions from 8 to 10:30 p. m. for two days' consideration under the five-minute rule and a final vote at 4 o'clock on Thursday, June 26. Mr. Gillett, of Massachusetts, chairman of the committee on reform of the civil service, reported back the resolution calling upon the secretary of war for the reasons for the dismissal from her position in the classified service of the war department of Rebecca J. Taylor and moved the resolution be laid upon the table. Mr. Shellenbarger, of Nebraska, demanded an aye and no vote and the roll was called. The motion prevailed by 109 to 84.

Presidential Appointments.

Washington, June 16.—The president today sent the following nominations to the senate:

Captain Charles E. Clark, advance of seven numbers to the rank of rear admiral in the navy.

Joseph E. Proffit, of West Virginia, consul to Pretoria.

WHITE SLAVES.

Concerted International Movement to Suppress Traffic in Women.

Paris, June 16.—It is believed that a concerted international movement to repress the iniquitous traffic in women will result from the conference which opened in Paris today. The first conference to this character, held at London three years ago, expressed the desire that an international agreement might be effected in order to influence as far as possible the same degree of punishment for the enticement or kidnapping of women or girls by fraud, abuse of authority of violence and for their admission and retention in houses of ill repute and to permit the extradition of guilty parties by international treaties. As hundreds of girls are deceived and sent to the United States under false pretenses each year that country is particularly interested in the progress and results of the movement looking to the repression of the traffic.

Commencement at Kalamazoo.

Kalamazoo, Mich., June 16.—Commencement week at Kalamazoo college was inaugurated auspiciously today with the dedication of Bowen Hall, a handsome new addition to the college buildings which has been in progress of construction for several years. The dedication was accompanied by interesting exercises in which the faculty, students and a large body of alumni participated.

The class day exercises will be held tomorrow and the commencement exercises Wednesday.

The Running Scale.

Bessemer, Ala., June 16.—The Alabama division of the United Mine Workers of America met in delegate convention in this city this morning at 10 o'clock and was called to order by

President Edward Flynn. The gathering is the second annual session for the discussion of the wage scale. The convention probably will be in session until next Monday, when miners and operators meet at Birmingham to decide upon the scale. Officials of the union are extremely reticent in regard to the scale matter and it is not publicly known what demands, if any, are to be made of the operators.

TABLET UNVEILED.

It Was Erected by the Peabody Historical Society.

Peabody, Mass., June 16.—The semi-centennial of the endowment by George Peabody, of the well-known institute bearing his name, was signaled today by the unveiling of a tablet marking the birthplace of the famous banker and philanthropist. The tablet is of bronze, and bears the following inscription: "Birthplace of George Peabody, February 18, 1795. Placed by the Peabody Historical Society, June 16, 1902." The tablet is bolted to a rough stone post which occupies a conspicuous position directly in front of the old part of the house in which Mr. Peabody was born. The unveiling was attended by brief addresses appropriate to the occasion.

Wanger Renominated.

Philadelphia, Pa., June 16.—Republican of the Eighth district met at Quakertown today and renominated Congressman Irving P. Wanger, of Norristown.

GREAT ROCK ISLAND.

It Is Rechristened and Now Called the "Rock Island System."

INVOLVES MUCH WORK.

The "Great Rock Island Route" ceased to exist in name last Saturday. In its place was born the "Rock Island System." The change in name is the result of an order issued by President Leeds, which has been made necessary on account of the numerous tributary lines acquired by the Rock Island. It is not a "route" now but a "system." The Rock Island system is composed of the Chicago, Rock Island & Pacific; Chicago, Rock Island & Texas; Chicago, Rock Island & El Paso; Burlington, Cedar Rapids & Northern; the St. Louis, Kansas City & Colorado; Chocoma, Oklahoma & Gulf; Chicago, Rock Island & Mexico; Rock Island & Peoria, and Choctaw & Northern lines.

In addition to these lines it seems likely that the Rock Island will acquire several more roads and at the same time build several hundred miles of new road that will be merged into this system within the coming year.

The Kansas City & Southern, the Maple Leaf and the Frisco system are three roads which report says will soon belong to the Rock Island. A new line from Fort Worth through Dallas to Houston and the Gulf of Mexico will be completed within the year and trains will be running over the Kansas City-St. Louis line before 1903. Report also says that the Rock Island is to have its own Pacific coast line from El Paso.

The work of changing the trade mark of the Rock Island over its entire system will be a work of greater magnitude than most people act initiated into railroad work will be able to comprehend. Every sign in the ticket office windows from one end of the country to the other must be changed, and there are over 700 stations on the main line alone. Every sign at every commercial agency of the road of which there are at least a hundred or two all over the United States, must be changed, and every sign on every billboard, every coach, freight car, switch engine and locomotive and every piece of property of the road must be changed. Every piece of printed matter, from letter heads, envelopes, blanks and folders to the advertising pamphlets, maps, etc., must be changed.

The change will necessitate painting out the old trade mark that has become so familiar to the traveling public on over 20,000 freight cars, 500 passenger cars, and nearly 700 engines, and the substitution therefor of the new trade mark. It will be difficult to estimate how long it will take to complete the work of changing the trade mark of the company.

Fair Posters.

Gigantic fair posters announcing the base ball games and horse racing at the territorial fair, were received this morning at the secretary's office, and they are dandies.

Scott Knight, who is well known, and a thorough authority on sporting literature, says the posters are the finest he ever saw, especially the base ball game illustration, and says that they will show out prominently when put on the bill boards.

All Day Picnic.

A jolly party went out to Coyote singing yesterday for an all day picnic. Those in the party were Miss Bell, Anita Arnijo, Medames Bullard and Hunt, Messrs. Hahn, Harry Bullard, Duncan Bell, E. A. Hunt, R. Jackson, Thos. F. Morrill, E. M. Bullard, Thomas Seward, McRae and C. E. Burg.

S. C. Berry, who was clerking in Socorro, came in from the south Saturday morning. He informs The Citizen today that the husband of his sister, Edgar Suddain, died at Coronado Beach, Cal., the other day of Bright's disease.

It is claimed that work will begin on the Albuquerque Eastern railroad in a short time.

The crops in the Rio Grande valley will be immense this season. The second cutting of alfalfa is almost matured, and all sorts of fruit will be plentiful.

The British war office states that the total number of Boer prisoners was 25,565. Reports of captures during the war gave the impression that the number was far in excess of these figures.

It was the republican party that gave the people the homestead law, and it was the republican party, if any party, that has at last given us the decision in favor of government aid for irrigation in the west.

A year ago the Boers were offered \$5,000,000 to restore their farms if they would agree to terms of peace. By waiting twelve months they obtained \$15,000,000 and a big lot of British commissary supplies.

The west is going to be the best of the country. It has the best climate, the best weather, the best and surest resources, the best protection from European competition, and now the government is going to aid in developing its magnificent agricultural resources which will support many additional homes.

During the past twenty years tourists have almost destroyed the old Pecos church, and now little more than the bare adobe walls remain. This building is undoubtedly the oldest human structure in the United States. Coronado camped at this Pecos Indian village in 1540 and he makes no mention of the existence of a town at Santa Fe.

Five years ago, when the republican party succeeded to the control of national affairs, business was stagnant, credit impaired, currency disordered, and industries prostrate. After the task of putting the national house in order was accomplished the party not only brought the country to the highest point in its prosperity but to the highest point of prosperity in the history of the world; and this in spite of three wars in two hemispheres, Cuba, China and the Philippines.

PECOS FOREST RESERVE.

This government reservation contains the watershed of nearly all the streams of New Mexico. The Pecos river heads on this reserve; also the Rio Santa Fe, the Mora and several other small streams. It is to the interest of the people of New Mexico to protect this forest reserve. Without the water from that region New Mexico would be a desert.

The general government is doing very little to protect the forest. Last year, it is openly charged, the supervisors or farmers on certain portions of the reserve to sheep, putting the money in his own pocket. Last week 3,000 sheep from Canon Blanco were driven upon the reserve and they are now in the vicinity of Cow creek. The supervisor of the reserve makes his headquarters at El Porvenir, whose owner operates a big sawmill on the reserve. Last week several carloads of sawed timber were shipped from the Cow creek mill. The range riders on the reserve have cut no trails during the past year; at least, if any were opened we could hear of them in a trip to the reserve.

While it is to the personal interest of every inhabitant of New Mexico to insist upon the protection of this reserve from timber and game vandals, it is of special interest to the people of the cities of Las Vegas and Santa Fe to demand that the Pecos forest reserve should be protected and improved. The reserve is midway between these cities and in sight of each place. If the reserve is denuded of forest trees there will be a drop of water in the Santa Fe and Gallinas creeks. If the fish is not better protected and the streams restocked there will not be a trout left in the accessible portions of the reserve within a period of five years. No attention is paid to the game laws of the territory and trout is taken from the streams at all seasons of the year. During the past two years deer and grouse have increased in number, in spite of the

numerous bear hunters who visit the reserve. The Citizen calls upon the people and press of Santa Fe and Las Vegas to give more attention to the protection of this great reserve. The government did not establish it for the special benefit of a few timber contractors, who if allowed to continue their work will make it a desert region similar to the Sandia mountains east of this city. A herd of sheep on the forest reserve can make a desolate region of several thousand acres in one season. They destroy all the small vegetation and are a blight to any country.

STATEHOOD.

The senate committee on territories has finally agreed to report the bill to the senate for action at the short session in next December. It is almost certain that the bill will pass the senate, and that New Mexico, Arizona and Oklahoma will become states next year. The fight to secure statehood for these territories has been active during the whole of the present session of congress, and Delegates Rodey, Smith and Flynn of the three territories made an earnest effort to secure admission this year. This was defeated by the republican members of the committee on territories, who conceived the idea of opposition from the erroneous belief that all three of the territories would be democratic states. While the delay is a great disappointment to the people of the territories, the assurance that admission is certain in the near future, gives the people renewed hope of securing self-government. However, the friends of statehood should not relax their efforts. At the time of the territorial fair in this city next October, when it is expected that President Roosevelt will be present, a big statehood convention should be held. Arizona should be invited to attend that convention, and a strong delegation of leading citizens should be appointed by the governor to visit Washington next December to urge upon the senate the passage of the bill of admission.

Tax on Babies.

Extreme hot weather is a great tax upon the digestive power of babies; when puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. 25c at Cosmopolitan Pharmacy, B. Ruppe.

DEATH OF MISS WARDWELL.

It was Caused From Rheumatism of the Heart.

In addition to what The Citizen has already published regarding the death of Miss Adelaide Wardwell, the Deming Headlight says:

On last Thursday morning at 1:30, Adelaide Blanche Wardwell, aged 23 years, daughter of Mr. and Mrs. Lewis C. Wardwell, of this city.

Funeral services were held Friday afternoon at 3 o'clock at the residence of the parents after which the remains were interred in the cemetery of this place. The Wardwells are almost strangers in this community, having come here from Albuquerque during the past winter. The young lady has been a great sufferer from rheumatism for a long time past and the disease having attacked the heart was the immediate cause of her sudden death.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

Will Leave July 1.

W. A. Sutherland will leave about the first of July for the Philippine islands, where he has a position as translator of state papers. In the civil service examination which he took he received one of the highest averages. Everyone dislikes to have Mr. Sutherland leave, as he has given entire satisfaction in his position as professor of Spanish and Latin at the college, but it is hoped that he will return to Manila has expired.—Las Cruces Republican.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for hotel complaints, both for children and adults. No family can afford to be without it. For sale by all druggists.

The Torpedo Again Flooded.

Last Friday while the employees in the Torpedo mine were working in the face of the drift from the new shaft water broke into the drift behind them through the side wall in such volume that the men had to hurry out of the mine to save their lives. Both of the two new Noyes pumps were put to work at their full capacity and though throwing a good stream of water, in four hours' time were drowned and are now under eighty feet of water. The flood into the new workings reduced the water in the old workings about thirty inches.—Las Cruces Progress.

MAURICE CROWLEY DEAD.

Well Known Citizen Passes Suddenly
Away This Morning.

Intelligence of the sudden death of
Maurice J. Crowley, at his home on
Railroad avenue, at 11:25 o'clock this
morning, was received as a shock by
his hundreds of friends. Mr. Crow-
ley was on the street yesterday and
spoke of his health in a most hopeful
manner. He had been in perfect
health up to about four months ago
when he suffered an attack of heart
trouble. He had rallied nicely and
when speaking of his illness to friends
while up town yesterday, he stated that
he had entirely recovered, or
practically so, and did not anticipate
any further trouble. Last night at
11 o'clock he was again taken sudden-
ly ill and remained quite sick. His
family did not realize how serious it
was with him until after 11 o'clock
this morning, when he had a second
seizure. About 11:25 o'clock he raised
himself slightly and to his wife who
was bending lovingly above him he
whispered, "Mother, I'm going," and
with that he fell back in a death so
peaceful it reminded one of Shelly's
lines.

"How beautiful is death,
Death and his brother, Sleep."
Maurice Crowley was one of the best
known citizens of Las Vegas. He came
here in 1881 and was a friend to every-
one. He worked for H. C. Crowder, or
twenty years. Last July he left Mr.
Crowder to go into the sawmill business
for himself. He was an ardent, con-
sistent Catholic and a prominent mem-
ber of El Dorado lodge No. 1, Knights
of Pythias, of this city, the A. O. U.
W. of the local chapter. Of this lodge
he was at present master workman, a
post of honor which he occupied with
credit to himself and the order. He
leaves a wife and six children. All of
the children were born in this city.
He, himself, was a native of Ireland.
He leaves his family in comfortable
circumstances. No arrangements have
as yet been made about the funeral.
Hundreds of people will deeply sym-
pathize with the bereaved family.
Funeral services will be held Sunday
afternoon at 3 o'clock.

The above from the Las Vegas Optic,
referring so touchingly to Maurice J.
Crowley, will be read with much sad-
ness by the old volunteer fire fighters
of this city, for Crowley, the old chief
of the Las Vegas fire fighters, was well
known here. It was Crowley, with
three other fire chiefs of the territory,
that first conceived the idea of a united
territorial organization of New Mexico
volunteer fire fighters, and he was here
when that first convention meeting
was held, years ago, in the Ferguson
Hook and Ladder company quarters
on South Second street—the room now
occupied by F. G. Pratt & Co., grocers,
and his photo with the other chiefs
of the convention delegates, now hold
a prominent position in the home of an
ex-volunteer fire fighter. It was then
during the days that volunteer fire
fighters were known, and pardon The
Citizen when it refers to the fact that
Knight, Farr, Ricke, Stern, Cundiff,
McLaughlin, McCanna, Mason, Hud-
son, Gainsley, Tierney, Jacoby, Wen-
dell, Shannon, Montgomery, Snell and
others, in those days, were some of
the best fire fighters this city has
or ever will know.

Virulent Cancer Cured.

Startling proof of a wonderful ad-
vance in medicine is given by druggist
G. W. Roberts, of Elizabeth, W. Va. An
old man there had long suffered with
what good doctors pronounced incur-
able cancer. They believed his case
hopeless till he used Electric Bitters
and applied Bucklen's Arnica Salve,
which treatment completely cured him.
When Electric Bitters are used to ex-
pel bilious, kidney and microbe poisons
at the same time this salve exerts its
matchless healing power, blood dis-
eases, skin eruptions, ulcers and sores
vanish. Bitters 50c, Salve 25c at all
druggists.

CAN RECOVER FEES.

Collector Sandoval Won His Suit for
McKinley County Fees.

Judge Baker heard the suit of Jesus
Maria Sandoval, collector, against Mc-
Kinley county for assessors commis-
sions upon collections made by McKin-
ley county since the organization of
the county on delinquent taxes for 1899
and 1900. The court held he was en-
titled to the commissions and the
amount will be computed hereafter.
The case of Andres Romero vs. Vi-
turbo Anaya was heard. The suit is
for the recovery of the value of 350
lambs, agreed to be redelivered in 1899,
upon which contract defendant failed
in performance. The defendant pre-
sented an offset, claiming by reason
thereof nothing due. The offset con-
sisted of charges for taking care of a
herd of sheep of plaintiff at \$2 per day,
dipping 1,500 sheep at 2 cents per head
and services of bucks to plaintiffs
sheep. The court held that the offset
was not established, and gave judg-
ment in favor of plaintiff for \$612.50,
with interest at 6 per cent from Octo-
ber 1, 1899.

The case of James McLeod vs. H. E.
Fox, was dismissed by plaintiff without
prejudice.

The court is engaged this afternoon
upon the trial of the case of Futrell
vs. Brown.

The case of the Germania Insurance
Company vs. Percy Lockhart was con-
tinued until June 30, 1902.

FRED BELL DEAD.

He Was Unable to Throw Off Typhoid
Pneumonia.

Fred Bell, one of the most popular
young men in Albuquerque and a son
of Mr. and Mrs. L. S. Bell, died last
night at 11:45 of typhoid pneumonia.
He was 18 years old and was a machin-
ist apprentice in the shops, where he
was making a fine record. He was phy-
sically robust and it was hoped he
would be able to throw off the disease.
Everything medical skill could do was
done.

Fred grew up here, and was always
good natured, cheerful, courteous and
obliging. A large circle of friends will

miss him and much sympathy will be
felt for his family. The funeral will
be held at 10 o'clock tomorrow morn-
ing.

It will be held at the Lead avenue
Methodist church and Rev. Bunker will
officiate. The burial will be in Fair-
view cemetery.

The pall bearers will be Robert Bar-
rett, Matthew Donahue, Thos. Welsh,
Robert Patterson, Thomas McElvain
and Charles Gehring.

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades.

As to teas. Everyone knows that we keep the very best to be had in the territory.

A switchman named Baker, it is stated, assaulted the little son of John Sheehan late yesterday afternoon. It is also understood that the assault was unprovoked. The matter needs investigation.

Yesterday, Mrs. R. W. Hopkins, proprietress of the Hotel Columbus, met with the misfortune to have one of her fingers badly cut. It will be several days before she can conveniently use her hand.

"Topsy" Hartsell, who played with the Albuquerquees in the base ball tournament at the fair grounds last year, writes to Secretary McCanna that he "wants to be booked for this fall." Topsy was a favorite last year, and will prove a great drawing card this fall.

F. D. Loughrin, a visitor, was over in the old town yesterday, and he says he had an unexpected experience, he met a native who commenced cursing and damning the men who wore the blue, and as he had fought in the Philippines and considered the man's talk uncalled for, he struck the fellow a good right handed blow in the face, felling him to the ground. He was arrested and this morning paid a fine of \$2 and costs.

A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant, of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. J. H. O'Reilly & Co., and B. H. Briggs & Co.

WILL MERGE.

The Plant System and Atlantic Coast Line Unite.

Richmond, Va., June 16.—A special meeting of the stockholders of the Atlantic Coast Line railroad is being held today at the company's offices in this city and it is expected that before adjournment is taken the final details of the merger of the plant system with the Atlantic Coast Line will have been perfected. The principal business of the meeting is to authorize an issue of consolidated bonds, which will be used to retire certain underlying mortgages at once and the remainder of the underlying mortgages as they mature, and also to furnish what money is required to carry into effect the terms of the consolidation. The issue is expected to amount to about \$70,000,000.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

The Mirage.

Tomorrow the commencement number of The Mirage will be on sale at the leading stationery stores at 20 cents per copy. PUSHING THE WORK.

Grading on the Santa Fe Central Being Rapidly Completed.

Work on the grading of the Santa Fe Central is progressing rapidly and the party of Albuquerque men who went to Kennedy Saturday are greatly pleased. For several miles on either side of the new town the work is progressing and, while seventy-five teams are now at work, over 200 are expected with a week. Senator Kennedy has returned from Pennsylvania and is greatly pleased.

The preliminary work on the Albuquerque Eastern has been completed and the estimate is so satisfactory that work on the line will be commenced early in the fall and pushed to early completion.

"The work is all right," said Mayor Myers, who was one of the party, "and the road will be pushed."

Read It in His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that his paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by all druggists.

Chief Hubbs' Fire.

Early yesterday morning Acting Fire Chief Hubbs had a surprise. While he was enjoying his Sunday morning sleep, there was a telephone alarm of fire. When Mr. Hubbs arose an hour or two later, he heard the fire department had been out. His indicator showed no alarm and Mr. Hubbs went after the fire boys to see where the fire was and why he knew nothing about it. He was amazed to find it was the coal shed in the rear of his own laundry, but the loss was small. Now the acting chief wonders why he should be called for other fires when he slumbers through a fire on his own property.

STERILIZED BARBER SHOP.

A Famous Shop in the Carrollton Hotel at Baltimore, Md. The barber shop in the Carrollton hotel at Baltimore sterilizes everything it uses in the shop. The sterilizing is done by heat. The towels, the razors, the strops, the soap, the combs and brushes are all sterilized before being used on a customer. Where there is no sterilization, have the barber use Newbro's Herpicide. It kills the dandruff germ and it is an antiseptic for the scalp and for the face after shaving. All leading barbers everywhere appreciate these potent facts about Herpicide and they use it. "Destroy the cause, you remove the effect."

Many Grafters.

Howe's show gave two performances Saturday to big crowds. The show is followed by many grafters and short change men. Several were arrested, but they were released to go on with the show.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Evers, Moundville, W. Va. "They do me more good than anything I have ever tried." J. H. O'Reilly & Co., and B. H. Briggs & Co.

NEW MEXICO TOWNS

SOCORRO.

From the Chieftain.

Charley Cooney came home from a sojourn on the sheep ranches.

Mrs. Seferino Abeyta left for a month's visit with relatives in Sabin. Miss Pearl Berry left for Deming, where she will visit a month with her sister, Mrs. Cipriano Baca, and family. She was accompanied by her nephew, Willard, son of Mr. and Mrs. Homer Hill.

D. J. Cloyd, a former student of the School of Mines, spent a day in town on his way east from Aguas Calientes, Mexico, where he is employed at an excellent salary as chemist for a big mining company. Young men who equip themselves thoroughly at the School of Mines always do well.

A. D. Coon entertained a number of his gentlemen friends at high five in a manner they will long remember with pleasure. After the games were finished a luncheon was served to which the highest possible tribute was paid. Mrs. Gladys acted as hostess for the evening, entertaining the guests with several well rendered selections on the piano. The guests present were Messrs. Greenwald, Rouiller, Griffith, Dougherty, Kittrell, Hammel, Collins and Drake.

Hot Weather Weakness.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegard, proprietor Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at Cosmopolitan Pharmacy, B. Ruppe.

SANTA FE.

From the New Mexican.

One of the two Gila monsters kept securely caged in the office of the Wells-Fargo Express company in the Catron block, managed to escape last Friday. There was considerable fear for a time and an hour elapsed almost before his monstrousness was discovered running at full speed up Palace avenue, headed for the sanitarium grounds. He showed fight at first when an attempt was made to pick him up. Manager T. A. Herlow, however, managed to get him into his cage.

Sheriff Cleofes Romero and deputies will arrive in Santa Fe with nine candidates for the penitentiary recently sentenced by Chief Justice W. J. Mills. The prisoners are: Indalecio Sena, to serve ninety-nine years for wife murder; Adolph Weiss and Simon Maes, one year for the larceny of a horse; Jose Martinez, two and a half years for larceny of sheep; Desiderio Barros, two years for larceny of sheep; Elmer Calvin and Charles Rivers, one year each for burglary; Antonio Castillo, one year for assault with a deadly weapon. This will increase the number of convicts at the penitentiary to 252. This is the largest number on record.

A drunken man tried to force an entrance into the house of District Clerk A. M. Bergere. Mrs. Bergere and children were greatly frightened. The intruder was apparently as much frightened when he saw a light in the house and heard voices and ran down the street. He was found later on the Presbyterian church premises and was taken to the county jail. He paid his fine and costs imposed by Justice of the Peace C. M. Conklin. He excused himself by saying it was another house he was trying to enter and not Mr. Bergere's place, but Mr. Bergere intends to have him held for the grand jury on the charge of attempting to break into a house.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

DEMING.

From the Headlight.

A rather lively scrap occurred at the Bull's Head saloon that came near terminating the existence of a one-legged man named Johnson. As both parties engaged in the fracas were drunk at the time there is not much to say about it, more than there was too much whiskey and too little sense about the whole matter.

Mrs. J. B. Pease left for Seattle, Wash., where she will spend the summer with her parents, whom she has not seen for the past nine months. Mrs. Pease was accompanied on her journey by Mrs. Thomas Word and Mr. and Mrs. W. H. Greer, who then went on to Santa Fe, Las Vegas and other points of interest in New Mexico.

Miss Ione Hodgdon, who has been spending the past two weeks at the home of her school friend, Miss Florence Hall, returned and was accompanied by Miss Florence. The home of the Halls during the summer is at their ranch twenty-two miles east of the city. They will take up their residence in town again in time for the next term of school. Mrs. Hall came in with the young ladies.

Ralph Byron, son of J. P. Byron, who has been absent attending the St. Louis college of pharmacy for the past year or two arrived home. Although his home coming was expected none knew just when he would arrive and Ralph surprised his parents as well as all his friends. Young Byron was a graduate from the above mentioned college at the close of the May term and will now take a position in the store of his father. Ralph graduated with the highest honors and was tendered several good positions in St. Louis, but decided to return home.

D. D. Moss, mother and brother, Columbia, Mo., arrived in the city the other day. The party are here seeking health for the brother, who is quite sick. The father of D. D. Moss was at one time president of the 30 Cattle company, whose property was held south of this town, and the brand of which company is still kept up. Mr.

Moss is also the owner of Columbia vaccine farm, from where the most of the first class vaccine points used in this country now come. If the party can find the required spot they will establish a camp of tents, as they are satisfied this is the only way to live.

A decree was rendered in chambers by Judge Parker granting to Isabelle Brown, of this city, an absolute divorce from Gilbert Ray Brown. Cause: Cruelty and inhuman treatment and non-support. This is the culmination of a case that has in former days attracted considerable attention and caused, at one time, a great deal of notoriety to the parties concerned.

Whooping Cough.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup. —H. J. Strickfaden, editor World-Herald, Fair Haven, Wash. For sale by all druggists.

LAS CRUCES.

From the Progress.

Mrs. A. Goss left for Indiana to spend the summer.

Major W. H. Llewellyn has been appointed the New Mexico agent of the O. K. Crude Oil company of Newport, R. I.

Prof. F. E. Lester left for Chihuahua, Mexico. While there he will attend the gathering of his former stenography students.

The litigation between Numa Raymond and Martin Lohman was settled by a compromise this week at Deming. This compromise settles all existing litigation between them.

Miss Lottie Sweet, one of the public school teachers, has been elected to the office of recording secretary and treasurer of the territorial society of Christian Endeavor to fill the vacancy by the removal from the territory and resignation by Mrs. Donnelly, the former incumbent.

High in the cliffs of Fillmore canyon are several caves that have the appearance of being excavated by some unknown human agency. There is no record of their ever being visited but all that is necessary for their exploration is a long rope and someone with nerve to use it. There are many other interesting things near Modoc which make that region worthy of a visit.

Word was received in Las Cruces of the death of Sam French, formerly a resident here, in Old Mexico. Details are lacking and it is not known how his death occurred. He was a railroad man and his father was engaged in railroad work below the City of Mexico. Sam has a sister in El Paso and is a brother of Mrs. Christy, of this place. His mother is also in Las Cruces.

From the Republican.

Walter Danburg and Theo. Rouault, Jr., were around taking the census of the proposed part of Las Cruces to be incorporated.

C. W. Coker was arrested for carrying concealed weapons. He was brought before the justice of the peace this morning and fined \$50 and costs.

Miss C. A. Baker, librarian of the College of Agriculture and Mechanic Arts, will leave soon for California, where she will spend a few weeks. Miss Annie Ford will have charge of the library while Miss Baker is away.

Prof. E. O. Wootton, professor of biology, has secured a private collection of New Mexico birds from Albuquerque, which will be used as the basis for the thesis of Miss Fannie Ford, who will graduate next year. This collection is the finest and most complete in the territory.

R. L. Young and Henry Stoes and Donald Young left for the Ruidoso. Messdames Young and Stoes left by rail for Alamogordo, where they will join their husbands and continue overland to the Ruidoso, where they will spend about three weeks.

BADLY BITTEN BY A DOG.

Thornton Victory Had a Limb Lacerated by a Vicious Dog Last Evening. Thornton Victory, son of Mr. and Mrs. J. P. Victory, last evening had his left leg badly lacerated by a dog belonging to H. S. Kaune, says the Santa Fe New Mexican. Thornton called on his playmates, the sons of Mr. and Mrs. Kaune, and did not notice that the watch dog usually chained had broken his chain. The Kaune boys cried to him after he had come into the gate, but Thornton could not make his escape and the dog sank his teeth deeply into his leg four times, one of the wounds being two inches deep. In about twenty minutes the injured boy was at the office of Dr. Knapp, who cauterized the wounds. It is not probable that any serious results will follow from the wounds as the dog is not rabid. He was not shot, in order to make quite certain that he is not suffering from distemper.

CATCHING.

The Coffee Habit Breeds Trouble.

It is quite commonly the case that both husband and wife are somewhat similarly troubled with coffee drinking. A lady writes and, after giving description of her husband's relief from coffee dyspepsia and general nervous trouble, says: "I was almost as bad as he, having the headache nearly every day and was nervous and weak, did not sleep well, was pale and thin and had a bad complexion."

"When I found how much good Postum Coffee was doing husband I concluded to use it and I tell you life is altogether a different thing. I eat and sleep well and look like a different woman. My usual weight for years was from 98 to 100 pounds. I now weigh 108 pounds and everyone tells me how much better I am looking."

"I had some friends who did not like Postum, but knowing it was because they did not boil it long enough I made some at their house one day, and they agree with me that Postum is a delicious beverage, and while, of course, the flavor and taste is pleasing and we are glad Postum does suit us that way, the great advantage is in the wonderful, bounding health that we have recovered." Name given by Postum Co., Battle Creek, Mich.

LAS VEGAS.

Thieves Burglarize Castaneda Sample Room—Money Has Returned.

INTERESTING LOCAL NOTES.

Special Correspondence.

Las Vegas, June 15.—Mrs. D. C. Winters and daughter pleasantly entertained a number of friends Saturday afternoon.

The Sisters of Loretto will hold their commencement exercises at the academy on June 18. The program is a very interesting one.

Marshal Courtright has served sidewalk notices on about twenty-five residents of the city, and constructing new sidewalks will be a general industry soon.

The electric light company is experimenting with some new patent lights, and has installed three of them in Mrs. Waring's. They are quite an attraction, and a great improvement over the small incandescent light.

Sheriff Romero, with Ateliano Ullbarri, J. L. Weiser and Zacarias Valdez as deputies, took the eight prisoners convicted at the present term of court, to the penitentiary at Santa Fe this afternoon.

On the eve of his departure for a trip to Europe, the clergy and press of the city were invited to partake of the hospitality of Rev. Dr. Bonheim Saturday morning at a luncheon, and it was a most enjoyable affair.

Dr. Bonheim's relations with the clergy of Las Vegas have been very cordial and they wish him a very pleasant visit to the scenes of his boyhood days in Germany.

The funeral of M. J. Crowley took place today from the east side Catholic church, at 2:30. The interment was in the new Catholic cemetery, near upper town. The funeral was largely attended.

The board of county commissioners will meet Monday as a board of equalization, to hear appeals from the action of the county assessor in regard to raising assessments on property.

Charles Rivers and Elmer Gavin, convicted of burglarizing the Castaneda sample room about two months ago, and sentenced at this session of court to one year, each, in the penitentiary at Santa Fe, attempted to saw their way out of jail Friday night about midnight, and thus evade being taken to Santa Fe Sunday by the sheriff.

Evidently the burglars are old crooks who understand their business. They secreted one of the knives sent in with their meals and filed a saw edge on it. They then attached it to a stick, and after the guards had retired, they in some way managed to break out of their cells, and once in the corridor, made for the massive stone wall and began sawing the cement between the large stones. They had one large stone about half sawed out, and were working it with an iron bar, secured from their cells, when the guard awakened to make his rounds. He immediately called the other guard, and the prisoners were taken back to their cells. A couple of hours more and the burglars would have been at liberty, as the stone they were working was more than large enough to let a man get through the hole it would leave in the wall.

Beatrice Lobato and Teresita Sacoman, a couple of misses of about 17 and 15 years, respectively, and Miguel Rimbart and Elario Martinez, a couple of young men of about 20 and 23 years, respectively, all old enough to know better, took a notion they would fly from the parental mansions and walk through life's pathway together in the future. Consequently, they started for Colorado on foot early yesterday morning.

They got as far as the park at Hot Springs yesterday, where the officers caught them last night and brought them to town, landing the girls at their homes and the young men in jail. It was first decided to bring a charge of abduction against the young men, but as the girls seemed to have been willing, the charge was changed to a penalty of marriage, and a double wedding took place yesterday afternoon for the two couples, to square matters in the eyes of society.

George P. Money returned from his eastern trip last evening looking well and happy. He said he had a fine time on his Cuban trip and that he was with a party consisting of Senators Money, Thurston, Jones and Mason and Representative DeArmond. He was very much pleased with Havana and was present when Old Glory was hoisted down and the emblem of Cuba Libre went up in its place.

A general change on the Santa Fe is being planned, promotions being rendered necessary by the resignation of J. W. Kendrick, third vice president of the road. It is rumored that H. U. Madge, general manager, will succeed Kendrick. J. J. E. Hurley will succeed Madge. F. C. Fox will succeed Hurley, and possibly Trainmaster Street, of Chicago, will succeed Fox. It is also rumored that Trainmaster Bristol will be in line for promotion somewhere on the line east of here.

Mrs. Charles A. Spiess gave one of the most enjoyable parties of the season Friday afternoon, at her home on South Pacific street, in honor of Mrs. H. M. Yeakle, of Louisville, Ky., who will be her guest for a few weeks. There were sixty guests present and the amusement was six-handed euchre. Mrs. L. Rosenwald took the first prize, Mrs. C. C. Gise the prize for the ten hands, Mrs. E. Moore the prize for the twenty hands and Mrs. Wheeler the consolation prize. Delicious refreshments were served and a most pleasant afternoon was spent by the congenial crowd present. As a charming entertainer Mrs. Spiess excels.

The road supervisors of the county will not have very much money to spend on the Fourth, as the county will be able to pay them only 50 per cent of their salaries. The taxes have been coming in rather slowly, and that accounts for the failure.

The three months' old infant of Mrs. Frank Alexander died. Mrs. Alexander is very poor and this morning went to one of the grocery stores and secured a box in which to lay her infant to rest; she not being able to buy a coffin. The case is a particularly pathetic one.

The postoffice is to run on wheels after the first of July. All the mail carriers have invested in new wheels, so have the assistant postmaster and the messenger boy, and things will be expedited all around the office. Postmaster Blood says he does not propose to work; he is waiting for an automobile.

The sham battle between the two military companies on the fourth will take place on the plaza. A large supply of ammunition has been ordered and there will be fun and noise in abundance.

Miss Sara May Reynolds, who had been attending school in Boston, is expected home this evening, accompanied by her sister, Mrs. Dudley P. Dean, also of Boston, who will spend summer here.

W. B. Bunker has been reappointed United States commissioner.

Mrs. Matt Treverton appeared before Judge Wooster this afternoon and made a complaint against her husband. She charges that he has been abusing her shamefully and that he is decidedly recreant to his marriage vows, despite the fact that they have been married only two months. He has left his wife for the second time and she charges that he spends most of his spare time associating with low women. Yesterday he nailed the doors and windows of their home, after driving his wife out, and he told her he would not return any more.

"LUCKY"

Is often the name given by careless and thoughtless people to those who are careful and thoughtful. "What a lucky woman," is said of one whose health and beauty proclaim her free from womanly diseases. The luck often consists in her having thoughtfully considered the merits of Dr. Pierce's Favorite Prescription and proved its ability to cure the diseases peculiar to her sex.

"Favorite Prescription" is a reliable medicine for the cure of womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"Had poor health for nine years," writes Mrs. Armistic Watkins, of Azusa, Kanawha Co., W. Va. "Had female weakness, was very irregular and would suffer untold misery. Our family doctor did not do me any good and I concluded to write to you. When I wrote I had no idea that I would ever get well, but when your letter reached me I began to have hope. I commenced taking Dr. Pierce's medicines as directed and began to improve in strength. I was soon able to do the work for my family of six. I took eight bottles, three of 'Favorite Prescription' and five of 'Golden Medical Discovery' and two vials of 'Pellets'."

The sham battle between the two military companies on the fourth will take place on the plaza. A large supply of ammunition has been ordered and there will be fun and noise in abundance.

Miss Sara May Reynolds, who had been attending school in Boston, is expected home this evening, accompanied by her sister, Mrs. Dudley P. Dean, also of Boston, who will spend summer here.

W. B. Bunker has been reappointed United States commissioner.

Mrs. Matt Treverton appeared before Judge Wooster this afternoon and made a complaint against her husband. She charges that he has been abusing her shamefully and that he is decidedly recreant to his marriage vows, despite the fact that they have been married only two months. He has left his wife for the second time and she charges that he spends most of his spare time associating with low women. Yesterday he nailed the doors and windows of their home, after driving his wife out, and he told her he would not return any more.

Saved From An Awful Fate.
"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by hay fever and asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for consumption, used it, and was completely cured." For desperate throat and lung diseases it is the safest cure in the world, and is infallible for coughs, colds and bronchial affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

Fred Fowler and H. H. Murray, well known Santa Fe Pacific firemen, are taking a lay off.

G. W. Closson, the fuel and ice inspector of the Santa Fe, is in the city from his Topeka headquarters.

J. L. Sampson, of the Santa Fe electrical department, is in the city from Topeka. He will place the fire alarm system in the Alvarado hotel.

J. E. Hurley, general superintendent and C. W. Kouns, general superintendent of transportation, of the Santa Fe main line, passed through the city last night for El Paso.

Tomorrow evening, at Winslow, the new railway hospital will be thrown open to the public and in honor of the event a grand ball will be held. Dr. O. S. Brown is the superintendent.

J. F. Shepherd, general superintendent, and I. L. Hibbard, division superintendent, of the lines west of Albuquerque, are in the city from the west, arriving here on their gasoline motor.

G. P. Tilson, the Santa Fe air brake inspector in the field, who quit two months ago on account of lung trouble is now at Las Vegas, N. M., and from a letter received there is no change in his condition. When at Topeka it was supposed that one lung was affected, but since going west it was found that the trouble was with the other.

The San Bernardino Sun says: The big decapod, No. 989, which has been doing all kinds of stunts up the Cajon grade of late, and incidentally handling the largest freight trains that have ever gone over the hill, is in the back shop for a general overhauling and it will be at least thirty days before her pilot will again cut the breeze.

Three or four carloads of scrap iron from the Flagstaff, Arizona, wreck in which the limited went through a burned bridge a few weeks ago, were taken to Topeka and a gang of truck workmen were busy with the wrecking crane all day unloading the tangle mass. Some of the trucks were in fairly good condition, but otherwise the wreckage was in almost as bad shape as it could be.

The Roswell Register has positive information from a reliable source that the Santa Fe will build a line between the Pecos valley and Albuquerque. Its informant is unable to say how soon or to give the exact route, but it will be built and no aid will be asked of the people of the valley. The information comes from an official of the road who is in a position to know what he is talking about, and can be accepted as authentic.

The Topeka State Journal says: Let Hensitis, Gus Counter and David Elder, boiler makers, who left Saturday noon for Roswell, N. M., to go to work for the company, have returned and are working on the company's time here. Upon their arrival at that place they were met by the local tradesmen of their class and informed that a strike was on. At that they decided that they would take no hand in the affair and started on the trip home. At Roswell there are only six men out, but it constitutes the entire force of the company, and there are others at Amarillo, Texas, and a number of railroad division points in the southwest. It is understood that nothing is being done at the shops in that section.

Jim Davis was brought before the court charged with stealing sheep. His case was dismissed at the cost of the territory.

William D. Armstrong, Frank Armstrong, Jose Montoya, Jose A. Montoya, Jose Baca, J. M. Allen, and John Hilton pleaded guilty to the charge of violating the Sunday law. Sentence in these cases was suspended on payment of costs. The same charge was brought against Thomas Armstrong, Harry Armstrong, Eliseo Barreras, and Patrick S. Higgins, but the suits were dismissed at the cost of the territory.

Miss Effie Berry was appointed to take testimony in the divorce suit of Dolores Trujillo de Lopez vs. Juan Lopez.

The judgment of the lower court was affirmed in the case of U. S. Grant vs. J. N. Broyles—Chieftain.

A Splendid Remedy.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, agent Illinois Central railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc. in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

HON. W. S. GEORGE DEAD.

Socorro County Loses a Prominent and Honorable Citizen.

News was received in Socorro that Hon. W. S. George was buried at his home at Cooney Monday, June 9. The announcement came as a surprise to the many friends of the deceased in that vicinity, for while it was known that he was not in good health it was not supposed that his case was so serious.

Attorney J. G. Fitch furnishes the following biographical sketch to the Chieftain:

William S. George was reared in Baltimore, Md. In early life he removed to St. Louis, where he accumulated a competency. In 1884 Mr. George came in business. In 1884 Mr. George came to Socorro county in the interest of himself and other large stockholders in the Peacock Mining company, organized to operate in the Mogollons. The company failed utterly, but Mr. George stayed pluckily with the country. He was engaged in various business ventures. He served with credit in the New Mexico legislature in 1891 as representative of Socorro county, was for many years United States court commissioner for the western part of the county and the evidence in many important land contests was taken before him. In former years deceased was a frequent visitor in Socorro and was a valuable acquisition to the social circles of the city. He was widely and favorably known, of affable and pleasing manners and strict integrity. He recently submitted to a severe surgical operation which is supposed to have resulted in his death. Mr. George leaves a widow, Mrs. Susie E. George, to mourn his loss.

Cholera Morbus a Dangerous Disease. In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of Lafayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." For sale by all druggists.

ATTEMPTED ELOPEMENT.

Two Young Couples Who Toyed With Love's Dream.

The west side had a little sensation last night, in the nature of a runaway, elopement, or whatever you may wish to call it, says the Las Vegas Record. Beatrice Lobato and Teresita Sacoman, a couple of misses of about 17 and 15 years, respectively, and Miguel Rimbart and Elario Martinez, a couple of young men of about 20 and 23 years, respectively, all old enough to know better, took a notion they would fly from the parental mansions and walk through life's pathway together in the future. They thought they could not get apliced conveniently here in town, so they concluded to run away.

Consequently, they started for Colorado on foot early yesterday morning. They got as far as the park at Hot Springs yesterday, where the officers caught them last night, and brought them to town, landing the girls at their homes and the young men in jail.

It was first decided to bring a charge of abduction against the young men, but as the girls seemed to have been willing, the charge was changed to a penalty of marriage, and a double wedding is set for the two couples, to square matters in the eyes of society.

The young people are well known among the native New Mexicans here and are of respectable parentage. The young men are employed in one of the woolen mills, and, doubtless, their intentions toward the girls were good, as they had been sweethearts for, lo! these many moons.

Happy Time in Old Town.

"We felt very nappy," writes R. N. Bevil, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for cuts, corns, burns, bruises, boils, ulcers, eruptions. Infallible for piles. Only 25c at all druggists.

FATAL ACCIDENT.

E. B. Chalk Killed in a Mine at Chloride Last Tuesday.

Last Tuesday morning at about 7:30 o'clock, E. B. Chalk, a bucket tender at the Pinkham mine, Chloride, met with an accident that caused almost instant death. He was sitting on the edge of the shaft awaiting the arrival of the

bucket from below, when the gallows frame spread, allowing the heavy to slip from the pin and in falling struck Chalk on the head, arm and leg. His skull was fractured and arm and leg broken. The engineer saw the accident and at once stopped the engine and went to the assistance of the man. At first he thought him dead, but after washing the blood and grime from his face he regained consciousness, in which condition he remained until death came late in the evening.

Deceased came to Chloride about three months ago and during his residence there made many friends. A brother resides in Okla., and a sister in some other part of the west.

Messrs. Schee Brothers, owners of the Pinkham mine, took charge of the remains and the funeral took place Wednesday afternoon. Judge Blakely, of Kingman, conducted the funeral services in the Chloride hall, and many people followed the remains to the grave.

Leads Them All.

"One Minute Cough Cure" beats all other medicines I ever tried for coughs, colds, croup and throat and lung troubles," says Dr. D. Scott Currin, of Logan, Pa. "One Minute Cough Cure" is the only absolutely safe cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs. J. H. SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S. S. S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system all morbid, effeminate matter.

When this has been accomplished the discharge gradually ceases, and the sore closes. In the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Tolbert, Lock Box 99, Winona, Minn., says: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was introduced to S. S. S., and it made a complete cure. I have been a perfectly well man ever since."

S. S. S. is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

Send for our free book and write our physicians about your case. We make no charge for this service.

THE SWIFT SPECIFIC CO. ATLANTA, GA.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

Kodol Dyspepsia Cure

Cures all Stomach Troubles. Prepared only by E. C. DEWITT & Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size.

Concerning Trade Tricks.
The old saying that there are "tricks in all trades" has outlived its truthfulness, if there ever was any truth in it. This store does not countenance tricks of any sort to catch the unwary. The plain, simple policy of buying good merchandise and selling it at a just profit is what has gained for us the public confidence. What you read in our "ads" you can see to the people with money to spend naturally go to the safe trading place—Golden Rule Dry Goods Co.

Jemez Hot Springs.
The public is invited to visit the famous health giving springs. First class accommodations can be found at the Stone hotel. Bathing, good trout fishing and beautiful scenery are only a few of the attractions of this delightful resort.

The Mexican Central Railway Co., Limited

Calls attention to the fact that: It is the only Standard Gauge Route from the United States frontier to Mexico City.

It is the only line in Mexico that can offer the traveling public the conveniences and comforts of Standard Gauge Pullman Drawing Room Sleepers, lighted by Pintsch Gas.

It is the only line by which you can travel without change from Kansas City, Mo., to Mexico City.

It is the only line by which you can travel without change from St. Louis, Mo., to Mexico City.

The lines of the Mexican Central Railway pass through 15 of the 27 states of the Republic. Eight million of the thirteen million inhabitants of Mexico are settled contiguous to them.

The principal mining regions receive their supplies and export their products over it. Chihuahua, Sierra Mojada, Mapimi, Fresnillo, Parral, Guanacevi, Durango, Zacatecas, Guanajuato, Sombrerete, Pachuca, etc., etc.

When You Travel for Business, Go Where Business is Done.

There are only five cities of over 25,000 inhabitants in the Republic of Mexico that are not reached by the Mexican Central line. The following ten cities are reached only by the Mexican Central Railway:

Chihuahua 30,098 inhabitants; Parral 16,382; Zacatecas 34,438; Guanajuato 40,580; Leon 62,263; Guadalajara 101,208; Queretaro 38,016; Zamora 12,533; Aguascalientes 37,816; Irapuato 19,640. It also reaches the cities of Torreon 12,845; San Luis Potosi 60,558; Tampico (Mexican Gulf port) 16,313; Celay 15,565; Pachuca 37,487; City of Mexico 368,777.
